

Why Soil Needs Lime

Only a few crops grow well on acid soils because they require calcium and magnesium which are replaced by applications of agricultural lime. This material not only

corrects the soil acidity, but also supplies the plants with the needed calcium and frequently magnesium. Soil pH, which is a measure of the acidity or alkalinity of the soil, affects the availability of all elements which influence crop production. An application of liming material to an acid soil increases the availability of plant nutrients which are important to crop production. Among these are nitrogen, phosphate and others. Liming

reduces luxury uptake of potassium by the plants and reduces the availability of aluminum and iron making them more harmful to plants if they are present in sufficient quantities in the soil. Liming also helps increase the number and activity of beneficial soil bacteria. It helps improve the physical condition of the soil by supplying the calcium needed by leguminous crops to increase their growth. It increases root development and permeability of the soil.

Lime is the most economical product involved in crop production on most soils in the humid areas, as they are acid in varying degrees. The application of needed fertilizers is also one of the most economical factors in crop production. The wise use of water both rainfall and irrigation is still another factor in increasing crop production. However, the one which is most frequently by-passed is the application of agricultural lime. Stone and this is the first step in a sound fertility program on most soils in the humid area. Failure to apply this material limits crop production and wastes fertilizer dollars as well as the producers capital investment in their labor in crop production. To get a better picture of soil needs, a soil test made by an accredited laboratory is recommended.

Where has all the money gone?

It just goes.

You shake your head.

You see it slip out of your hands and you worry.

Instead of worrying, why not do something about your money? Save some. Painlessly.

Join the Payroll Savings Plan where you work.

Your money will add up faster than ever before, because now there's a bonus interest rate on all U.S. Savings Bonds. Now U.S. Bonds pay 5 1/2% when held to maturity of 5 years, 10 months 1/2% the first year. That extra 1/2% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Get a grip on your money the Payroll Savings way. It's an easy way to see your money grow instead of go.

Bonds are sold in \$20, \$50, \$100, or \$500 denominations. They are insured by the U.S. Government. They may be redeemed at any time. They may be redeemed at a premium. They are a good way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

proving its point. American National Enterprises, Inc., of Salt Lake City, produces and distributes outdoor and adventure films. All of its new movies are designed as family entertainment. The most five years this philosophy has been proven sound by increasing numbers of people lining up at the box office.

American National Enterprises' next release, "Cougar Country," is a story based on the first two years in the life of a young mountain lion. Filmed in the mountain wilderness of Colorado, the high country scenery is spectacular. "Cougar Country" takes the viewer into an area untouched by man.

Movie goes fast, sleep and travel with the curious young cougar, "Whiskers," from the time he and his two sisters are born until he is two years old and ready to stake out his own territory.

"Cougar Country" vividly portrays the protective instincts all animals have for their young. While "Whiskers" is growing and learning by experience, his very existence is guaranteed by his mother's presence. She is constantly on watch for danger that would threaten her adventuresome offspring. The dangers are many, ranging from prowling coyotes to powerful eagles and bears. In one of many comical scenes, "Whiskers" learns all about skunk. By the time the animal reaches the age of two, he is a self-sufficient mountain lion and leaves his family to roam "Cougar Country" alone.

The movie's scenes of mountain wildlife were filmed just as they occurred. Viewers see two huge elk as they lock horns in battle; rugged mountain horns in battle; rugged mountain sheep scale rocky ledges with unmatched agility; a grizzly and her cub frolic in a mountain meadow.

Arizona National Enterprises' "Cougar Country" brings to the screen animals

in their mountain homeland. "Cougar Country" is a movie entire families can enjoy.

to thank Dr. Lewis and the hospital staff who were so kind and helpful. Watson Funeral Home, also Bro. Artie Carter, Bro. Arthur Patterson, Bro. J.B. Allen for the message and comforting words. We also wish to thank the pallbearers, those who dug the grave, those who sent food and the beautiful array of flowers. Special thanks to all.

JUST LOOK AT WILD FLOWERS
Unless you are an expert, look at wildflowers, but don't touch because they may be dangerous. Wildflowers are often beautiful, but deadly. There are numerous wild plants which are poisonous enough to cause skin irritations even contacted by man and certain wild plants if eaten by an animal or child.

Wild plants often contain toxic chemicals in the roots, stems, leaves, fruits or flowers. Children should be warned not to eat berries from wild plants because of the chance of serious illness. In fact, poisonous plants rank sixth as the cause of medical emergencies. So, keep looking, but don't touch.
Flowers for touching are available at our floral shop. They are lovely to look at and completely harmless. We furnish flowers for all occasions. Orders will be delivered locally or over to other cities.

jections about the validity of the policy. It must generally pay off "with no questions asked". Suppose, for example, that a man applying for insurance fails to mention the fact that he has a drinking problem. And suppose, after his death, the insurance company finds out about it. Under the incontestable clause, the insurance company can no longer raise technical objections about the validity of the policy. It must generally pay off "with no questions asked".

After his death, the insurance company tried to cancel the policy on grounds of fraud. But a court ruled that, despite the fraud, the company would still have to pay off—because more than two years had gone by. As one judge explained:

"Even though dishonest people are given advantages under incontestable clauses, still the sense of security given to the great majority of honest policyholders makes it worth the cost. But not even an incontestable clause will help if the fraud involves the very existence of the policy. Thus:

A man suffering from tuberculosis managed to get life insurance by sending a healthy friend to take the medical examination for him. After the man died, the insurance company found out about the trick and denied liability.

The widow tried to rely on the incontestable clause, but a court ruled that there had never been an insurance contract in the first place. The court said that on one basic fact, the identity of the insured person, there was never a "meeting of the minds."

A THOUGHT FOR THE WEEK

By: Billy Dowell

A teacher asked her high school class, "Who, in your opinion, is the most popular man in American history? State your reasons for your choice." The question was well intentioned; no one needed to be tricky. Varied answers were given. Most students selected Washington or Lincoln and gave good reasons. Some selected sports personalities and also gave good reasons. One student surprised the teacher with a stunningly unexpected choice. He chose Christ!

He explained, "While Christ, since His birth, has had world wide prominence and popularity, He occupies a spot in American history unlike that of any other man. Without a Christ, there would have been no need for our birth as a nation for religious freedom. Christ is the ONLY Man in world OR American history to be popularized in the hearts of men. The songs surround His birth, His life, His death, His resurrection, nothing of this sort has popularized ANY other man in world OR American history! As long as these songs are sung by growing numbers in America, no one need worry about a dead God - or an unpopular Christ."

Remarkable reasoning! Wouldn't you say so?....

age in 1971 in Kentucky, Indiana and Tennessee.

FOOD NOTES
Save time—use your pressure cooker to shorten cooking time from hours to minutes when preparing pot roasts, swiss steaks, steams, meat sauces, and dry beans and peas, remind home economists at the U.S. Department of Agriculture.

Save leftovers—cool those bits and pieces of leftover meat, broil and grates quickly, store, well-covered, in the refrigerator. Use them within one to three days after cooking, according to USDA specialists.

Save space—if you're freezing a combination main dish you may want to freeze the casserole in a foil-lined dish. After freezing, lift the food from the dish and wrap for freezing. This leaves your casserole dish free for other uses, and makes the casserole combination freeze in a uniformed style which may be

stacked and ready for use. It allows you to save space in your freezer for those other items.

NEWS SUMMARY
INDUSTRY
Commerce Commissioner Paul Grubbs has called 1970 Kentucky's best year in history in terms of private industrial investment. Nearly 87 per cent of the more than \$504 million in new industry is private taxable investment.

CENSUS
Kentucky's new population total according to Bureau of the Census figures is 3,219,311, or an increase of six per cent over the 1960 figure.

ADULTS
Kentucky Educational Television has adopted a stylized, small-letter "a" as a symbol to be flashed on the screen to warn viewers that certain programs might be considered inappropriate for the entire family to view.

RAIL
Insurance Department officials expect to receive some 100 applications for ball-boosting licenses, as regulation of the ball bond business by the state began Jan. 1.

County (6) industrial development and lack of job opportunities (7) inc: cultural income (8) pollution of streams, pollution by strip-mining and pollution of air from rock quarry operations (9) shortage of medical doctors (10) better utilization of woodlands as source of income (11) rural and urban housing (12) employment and job opportunities for our young people (13) recreational development.

Mr. Colson explained to the group the procedure for operators to obtain permits for strip-mining coal and H. Lee Durham led the group a letter from Dr. John Ragland, Associate Director of Kentucky and Chairman of the Kentucky USDA Rural Development Committee, asking for a list of problems and opportunities as developed by local inter-agency committee. Resources needed along with resources needed by other agencies that are not members of the local committee. Resources needed were named as follows: (1) money for funding grants and loans for developmental purposes (2) assistance from Kentucky Department of Natural Resources (3) additional funding of existing programs to encourage local participation. Example: the newly established REAP cost share program (4) assistance from University of Kentucky Resource Development personnel (5) assistance from RECC Development personnel (6) assistance from Kentucky Utilities Development personnel.

It was also suggested that the agencies RECC and Kentucky Utilities be invited to become members of the local inter-agency committee.

The committee will meet again Friday afternoon, February 26 in the county courthouse.

Before I joined the Payroll Savings Plan all I could save was string.

When it comes to saving money, most of us can use all the help we can get.

Joining the Payroll Savings Plan is one easy way to force yourself to save. When you sign up, an amount you specify is set aside from each paycheck and used to buy U.S. Savings Bonds. It's automatic. Everything is done for you.

And now there's a bonus interest rate on all U.S. Savings Bonds—for F. Bonds, 3½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970.

with a comparable improvement for all older Bonds.

Stick with the plan and before you know it you'll have a bankroll waiting. That's when you'll find you can do a lot more with money than you can with string.

Bonds are safe. If lost, stolen, or destroyed, we replace them. Money invested, there can be called at your bank. Tax may be deferred until redemption. And always remember: Bonds are a smart way to save.

Take stock in America.

Development Assn. Meets

Nineteen persons were present for Monday night's monthly meeting of the Rockcastle County Development Association.

The main business of the meeting was the election of officers for 1971. Those elected were: Roy Brown, president; Clay Colson, vice president; H. Lee Durham, secretary and Sam Ford, treasurer.

During the meeting, a resolution to be presented by the Cumberland Valley Area Development District was drawn up.

This resolution, addressed to the Kentucky General Assembly, requests this governing body to consider legislation that will provide revenue sufficient to care for the state's garbage and solid waste disposal problem and more specifically suggests that companies manufacturing alcoholic beverages and soft drinks in non-disposable containers be assessed to the extent that such revenue is available to cope with the problem.

The group will also reportedly seek the support of the other fourteen development districts in the state.

Letter to the Editor
Mount Vernon Signal
Mt. Vernon, Ky. 40456

Dear Editor:
This letter is written to express our appreciation to County Judge Charles C. Carter and the commissioners which he appointed to carry out the reappointment of the county magisterial districts.

In addition, we would like to take this opportunity to clear up the apparent confusion concerning the change in precinct lines. The Rockcastle County Board did not request that these lines be changed. They did request the Judge and his

Attend Conference

It was "back to school" for nearly 250 area board members, superintendents, other educators attending an "Orientation Conference for New School Board Members" held in Louisville on January 17-18.

The conference participants attended courses in school law, school finance, personnel relations and public relations, and heard addresses by state school officials, including State Superintendent of Public Instruction Wendell P. Butler, Sponsored jointly by the Kentucky School Boards Association (KSBA), Kentucky Department of Education (KDE), the conference was primarily intended to provide a basic background in school management and operation for new school board members elected in last November's general election.

However, a number of veteran school board members and school administrators used the conference as a "refresher course" in school policy-making.

Attending from the Rockcastle County School District were new board member Dr. K.R. Burdette and Supt. Charles B. Parsons.

COMMITTEE MEETS JANUARY 22

The newly organized Rockcastle County Agency Committee met Friday afternoon, January 22 in the county courtroom of the courthouse.

Present for the meeting were: Olin Mason, Chairman; Service, Berse; Clay Colson, Soil Conservation Service; H. Lee Durham, Extension Service; Roger Moreshead, Department of Health, University of Kentucky; Harold Ballinger, ASCS; Roger W. FFA, Stanford; Douglas Hamm, Rockcastle County School; Lloyd Cain, Vocational School; Steve Rilling, Kentucky Department of Education; Director of Extension of Mrs. Abeey, Rockcastle County Library; Aleva Davis, County Library; Ted Ramsey, Vocational Agriculture Teachers; Roy Brown, Production Credit Association. The meeting was called to order by Chairman Mason.

The December 12 meeting were led by Lee Durham.

Chairman Colson explained the reason for organizing an inter-agency committee. He stated that one of the first jobs of the committee will be to list problems that effect the people of Rockcastle County and set priorities for working on solutions to these problems. Examples of problems that may be listed were: Colson were establishing water districts, solid waste disposal, etc.

Each group was asked to list the problems they thought their group should be mainly concerned with. Problems listed were as follows: (1) solid waste disposal (2) rural water systems (3) need for additional funds for operation of county library and bookmobile (4) maintenance and development of Rockcastle County park (5) sewage disposal systems for Rockcastle County.

FEBRUARY IS HEART MONTH

The 1971 Heart Fund Campaign will open here and throughout the state on Monday, February 1 and will continue through February 28. It was announced today by Mrs. Carrie Baker, Heart Fund Campaign Chairman for Rockcastle County.

Campaign highlights will include a bus and district canvass known as "Heart-Days-For-Business" to be conducted from February 15 to February 20, a Heart-Sunday restaurant day scheduled for February 21 and February 28 and all schools in Rockcastle County will be participating in the use of School Coin Envelopes during the month of February.

Please support the 1971 Heart Fund Campaign with your gifts and influence just as you have in the past, and it will be greatly appreciated. Give--so more will live.

Devils Defeat Tigers

The Mt. Vernon Red Devils, out to avenge an earlier defeat at the hands of the Devils, did just that last Friday night as they defeated the Tigers 83 to 69.

From the beginning, the game was never in question. The Tigers couldn't get moving the first quarter and the Devils jumped out to an early eight-point lead with less than half the first quarter gone. The Tigers finally got their second goal with less than two minutes to go in the first quarter and at the end of the first period it was Mt. Vernon 20 and Broadhead 8.

At one time the Red Devils enjoyed a 21 point lead; however, the Tigers got busy and pulled to within ten points. That was the closest it was though as the superb ball handling of Dale Coffey, a performance exceeding any of the season's best, kept the Devils and a hot outside shooting hand from Rudy Burdette and Troy McClure kept the game close.

Attending from the Rockcastle County School District were new board member Dr. K.R. Burdette and Supt. Charles B. Parsons.

After the game, Coach Bill Riddle commented, "I would like to compliment both the Mt. Vernon and Broadhead basketball teams on their fine display of sportsmanship. I only wish I could keep my composure as well as these boys did. The game was a very rough physical battle but there were very few displays of temper by the teams."

Coach Riddle further said, "My team fell behind during the first quarter but played on even terms during the next three quarters. The game seemed fairly well balanced with the team's efforts, they fought until the final horn. A good first quarter could have made things look a little closer. We are certainly looking forward to January 30 when we will play our first game since January was held. Our record is now 8 and 10 but we have played a very heavy schedule thus far and February should not seem to be any easier."

In a game played at Livingston Friday night, the Blue Devils went down to defeat at the hands of Owens 47 to 61. Livingston trailed by only three at the end of the first quarter, 17 to 20, but had dropped behind 34 to 35 at 35:47. Owensides pulled away in the last half for the final score of 47 to 61.

Scoring for Livingston were Mason with 28, McGuire 8, Reynolds 15, Durham 3, Wyatt 4, Smith 4, and Bullock 2.

Monday night, the Red Devils traveled to Berea and came away with a bare-earned 86-59 victory over Berea High School. The game was close all the way and the Devils pulled it out in the last

two minutes when Rudy Burdette put Mt. Vernon on top with two foul shots, Dale Coffey made a rebound and passed to Troy McClure for a fast break grip and with 20 seconds left to go, George Powell made a short jumper to put Mt. Vernon ahead 82 to 80.

Tommy Coffey led Mt. Vernon's scoring with 19 points and was the star of the game. George Powell, scoring an average of 16 points per game, was held to his low-scoring mark in the year with 6 points. Rudy Burdette scored 15, Dale Coffey 10, Don Caley 6 and Troy McClure 11.

Tuesday night, if you didn't see the game between Shopville and Mt. Vernon, you missed a game and a half. The crowd was lighter than usual since the fans probably anticipated a repeat of the first game between these two schools when the Devils won by a big margin. However, in the first match, two of the Tigers top players were off the court because of grades and last night they were back in full strength and raring to go for a shot at the Devils 12 and 2 record.

However, after a few shaky minutes in the first quarter, when at one point the Devils were down 19 to 12, the game was nip and tuck until the final minutes of the fourth quarter.

During most of the game, the fans were never certain which team had the ball. At one point, Shopville took the ball out of bounds, had it stolen by Dale Coffey on the rebound, but then who slipped and lost the ball to Shopville again, who were intercepted by Tommy Coffey and the ball again was stolen by Shopville. The game was fast and furious all night and the fouls were plentiful. Shopville's all-state-candidate fouled out in the fourth quarter, but there had been a total of 34 fouls, George Powell, who was held to two points for the evening, both at the foul line, fouled out in the final minutes and Tommy Coffey got into foul trouble early in the game but managed to keep from getting the final one.

TIM LEE CARTER'S

Report From Washington

In the opening session of the 92nd Congress, the honorable Tim Lee Carter, who's beginning his fourth term as representative for the people of the Fifth District of Kentucky, introduced a number of bills which are of interest to his constituents.

One of the most important bills introduced by Congressman Carter proposes a constitutional amendment to permit voluntary participation in nondenominational prayer in public schools. Each day, the House of Representatives is opened with a prayer. Congressman Carter has stated that he believes this privilege should not be denied to our nation's school children. A second bill he introduced would limit daylight saving time from Memorial Day to Labor Day of each year. During the school months, daylight saving time endangers the lives of children who must walk or stand on dark highways waiting for their school bus. Congressman Carter's proposal is an attempt to remedy this situation.

TOM DUNCAN'S Frankfort Watchline

"I don't intend to be a lame duck." Those words from Gov. Louie Nunn can't be interpreted as his call to the Legislature.

They came long before he told the Kentucky Press Association that the lawmakers should start remapping state House and Senate districts Feb. 25.

And the statement comes with full knowledge there were some who kept on doubting he'd call a special session at all; and many who thought the Republican party would win by a landslide.

But Gov. Nunn is checking it to Democrat's legislative committee to carve out districts, saying he'll veto a plan only if it's manifestly unfair. And he knows Kentucky Democrats usually fight longer than they stay united.

When the lawmakers arrive they'll probably face at least two choices. The tentative Senate majority simply must cut across a few county lines to meet one-man, one-vote rulings.

And there'll be a similar plan for the House—achieving near equality on population but chopping many county lines. Then there'll be a House plan keeping county lines intact and coming as close as possible to equality—which won't be too close.

The choices are loaded—and tused. Gov. Nunn acknowledged his timing was careful. But he denied that anything could coincidence played a role in his restoring the state budget cut on spending. But you might recall I don't intend to be a lame duck."

The text of the governor's KPA address said, "I am well aware of the potential political atmosphere that is beginning to spread across our state this election year."

But as he spoke he said "potential" instead of "potential."

Republican timing calls for Tom Emberton to announce for governor before the special session, and Public Information Commissioner Ken Harpner is ready to run for secretary of state.

It is due, but of knowing of the protection that is there when you retire."

FAIRVIEW

Church services were conducted at Fairview Sunday with a large crowd attending. 100 persons were present for Sunday School. Thank the good Lord, it is so wonderful to be able to be in the house of the Lord. So many people (bless their hearts) are ill or hindered in some way and don't have this opportunity. But again I say God is so good to us. He blesses us in so many ways. Let's never forget to be thankful and appreciate for the blessings we receive.

Deepest heartfelt sympathy is extended to the family of Roscoe (Lack) Lambert of Brindley Ridge who passed away Sunday, January 17. He was laid to rest in the Fairview Cemetery. May God bless and comfort his loved ones in their sorrow.

Mrs. Nancy Durham of Boone has been hospitalized in Lexington for the past few days. May God bless her to return to us.

Mrs. Mary Mullins of Roundstone is a patient in the Berea Hospital. We wish her a speedy recovery.

Mr. and Mrs. John Vaughn and Bertie of Crossville, Tennessee were guests of relatives here over the week end. They visited Mr. and Mrs. Eugene Alexander, Mr. and Mrs. William Alexander, Mr. and Mrs. Hubert Chasteen.

Sunday afternoon guests of Mr. and Mrs. Coddy Saylor and family in Berea were Mr. and Mrs. Tip Reppert, Lonnie and Melody, and Billy Saylor, son of Mr. and Mrs. Irvin Saylor, all of Scaffold Cane.

Mr. and Mrs. Buddy Gabbard and daughter, Gail Lee, and Mrs. Gladys Rose of Fairview spent Saturday with J.P. Callahan in Franklin, Ohio. They were dinner guests of Mr. and Mrs. Ray Callahan, also of Franklin.

Johnny Church visited Mr. and Mrs. Thomas Adams and family of Newby Sunday afternoon.

Mrs. Barbara Ann Peters of Louisville is spending a few days here with her sister, Mrs. Cletus Peters, and family. Her husband, Gerald, spent Saturday night at the Peters' home and returned to Louisville Sunday.

Mr. and Mrs. Hubert Chasteen visited Mr. and Mrs. Clyde Swinford and Mr. and Mrs. C.P. Mullins and Mrs. Annie Thomas of Sunday Wednesday afternoon. May God bless and be very near all our sick folks.

Sunday afternoon guests of Mrs. Lucille Reppert and Mrs. Linda were Mr. and Mrs. Cletus Reppert and Mr. and Mrs. Donald Hale of Berea.

Mr. and Mrs. Harold Powell and family of Crossville, Ohio visited their parents, Mr. and Mrs. Albert Powell and his sister, Mrs. Eugene Alexander, and family Friday night and Saturday.

Mr. and Mrs. Willie Cope and son, Buddy, visited Mr. and Mrs. George Cope of Berea Sunday evening.

Mr. and Mrs. James Seals of Berea visited her par-

ents, Mr. and Mrs. Hubert Chasteen Sunday night.

Oscar Alexander of London spent Wednesday night at the home of Mr. and Mrs. Eugene Alexander.

Irvin and Ed Miller visited the Little Cope Sunday morning.

Saturday guests of Mr. and Mrs. Cletus Peters were Mr. and Mrs. Charles Noland and family of Independence and Stanley Noland and George Kish of Chicago, Illinois. Charles and family also visited the Peters' family on Sunday.

Mr. and Mrs. John Vaughn and Bertie and Mrs. Hubert Chasteen visited their mothers, Mrs. Liddie Reppert and Mrs. Wallace Estes of Eubank Saturday.

Mrs. Lucille Reppert visited Mrs. Mable Reppert and Kathy of Renfro Valley Thursday.

Mr. and Mrs. Dewey Allen and family of Berea visited Mr. and Mrs. Eugene Alexander and family Saturday night.

Please remember church and Sunday School. Pray for and visit the sick and remember the broken hearted and bereaved families. Show concern for other people. Jesus loves everyone. God bless you all.

You And The Draft

On the first workday of the new year, we received a letter from Anthony T. Myhelmer (fictitious name), a registrant of a local board in Walnut, Kentucky. He inquired as to what priority selection group he would be in this year since there was a recent change in his family life. On December 28, his wife was granted a divorce and custody of their two children.

Anthony had been classified III-A because he had been maintaining a bona fide family relationship with his children prior to the granting of the divorce decree and the court's awarding of the custody of the children to his wife. Anthony was born on Dec. 9, 1948, and his lottery number is 43 (Dec. 1, 1969, drawing). Because he was in a deferred status at the time this lottery number was reached by his local board, he was not in the 1970 First Priority Selection Group. This was a group that was available to fill the calls of 1970.

As the action of the court nullified the basis of Anthony's deferred status, he will be reclassified by his local board at their next official meeting. Unless eligible for a lower classification, his new classification will be I-A (RSN) 43 has been reached by his local board. Anthony will be assigned to the 1971 First Priority Selection Group.

Random Selection created this situation, Anthony's cousin, Proctor Myhelmer, a registrant of the same board, born on June 20, 1951, received RSN 43 in the lottery of 1970. On Jan. 1, Proctor

was also placed in the 1971 First Priority Selection Group as he was classified I-A by the local board. Local boards have received authority to order for physical examination registrants in the Extended Priority Selection Group. I.e. whose number has been reached in his local board and registrants in the 1971 First Priority Selection Group with RSNs 1 to 150. They also have received authority to induct registrants in the Extended Priority Selection Group, that is, with the highest number reached, and registrants in the First Priority Selection Group with RSNs 1 to 100.

Q. My birthday was drawn number 87 in the lottery last year and others with this number have been inducted this year. I am in school and will be until June, 1973. Will the 87 number apply when I enter the pool in 1973, and will I be automatically drafted because my number was reached this year?

A. The random sequence number you initially acquired is your number as long as you remain subject to induction for military service. However, it is immaterial whether your number was reached this year. You may be inducted only if your number is reached during the year when you become I-A and enter the available manpower pool.

Q. The lottery gave me random sequence number 280 and I will be in Class I-A in 1971. Can I count absolutely on not being inducted?

A. No, you cannot count absolutely on not being inducted. However, if 1971 calls are about the same as those for 1970, your number probably will not be reached.

Spiced Blueberry Delight

Looking for that "just right" dessert to serve the next time you entertain friends? Blueberry Spiced cake will be perfect! Pancake mix puts it in the easy-to-make category, while assuring light and tender results every time. But you won't be able to keep your success secret long as guests are sure to want the recipe.

This dessert is great any season as the blueberries, sprinkled over the batter before baking, can be fresh, frozen or canned. Lightly spiced with cinnamon and nutmeg, this cake is especially delicious served warm with ice cream atop.

BLUEBERRY SPICED CAKE
Makes 8 servings.

2 eggs
3/4 cup firmly packed brown sugar
1 teaspoon cinnamon
1/2 teaspoon nutmeg
3/4 cup milk
1 1/4 cups pancake mix
1/2 cup butter or margarine, melted
3/4 cup fresh, frozen or canned blueberries, drained
8 scoops vanilla ice cream

Heat oven to moderate (350°F). Place eggs, sugar, cinnamon and nutmeg in small mixer bowl. Beat until well combined. Gradually blend in milk. Stir in pancake mix and butter. Pour into greased 8 inch square baking pan. Sprinkle blueberries over top of batter. Bake in preheated oven (350°F) 30 to 35 minutes. Serve warm with ice cream.

Identical Twins Who Underwent Identical Heart Operations Again The Nation's 'Heart' Symbols

TEN YEARS AGO, in February, 1961, the very first ceremonial reception presided over by the nation's First Lady was one for Debbie and Donna Horst of Chester, Penna., identical twins whose lives were saved by identical heart operations. Starting their second tour of duty as America's Heart Fund twins, they are shown again at a photomural from the White House ceremony. At 16, they're still ardent Heart Fund boosters.

Cooky Jar Cookies

Presbly baked cookies fragrant from the oven are an affectionate welcome to guests as well as family members. Long a favorite of Ray Kellogg's this recipe for Walnut Chews deserves to become a cooky jar tradition in your home. To store leftovers, place in a dookey jar with a loose fitting lid. To freeze, wrap individually in plastic film; then seal in an aluminum foil packet. Nutrition bonus? The inclusion of three cups ready-to-eat high protein cereal.

- WALNUT CHEWS**
- 3 cups ready-to-eat cereal, 1 cup regular butter, softened
 - 1/2 cup protein cereal
 - 2 cups sifted regular all-purpose flour
 - 1/2 teaspoon baking soda
 - 1/2 teaspoon salt
 - 1 cup coarsely chopped walnuts
 - 1/2 cup regular butter, softened
 - 2 cups brown sugar, firmly packed
 - 2 eggs
1. Measure cereal; crush to 1 1/2 cups. Set aside.
2. Sift together flour, soda and salt. Set aside.
3. Measure margarine and sugar into mixer bowl; beat until light and fluffy. Add eggs; beat well. Add sifted dry ingredients, nuts and crushed cereal; mix thoroughly. Drop by level measuring-teaspoon onto lightly greased baking sheet about 2 inches apart.
4. Bake in moderate oven (350° F.) about 16 minutes or until lightly browned. Remove immediately from baking sheets; cool on wire racks.
Yield: 4 1/2 dozen Walnut Chews, about 2 1/2 inches in diameter.

What a Wonderful Place to Live!

Look around and count your blessings. This is a good community filled with lots of good people. A fine place to raise a family. Not perfect, but then, what place is? But by working together, all of us, we can make it better... and better. We pledge to always do our share.

BUICK OPEL AMERICAN MOTORS

Before I joined the Payroll Savings Plan all I could save was string.

When it comes to saving money, most of us can use all the help we can get. Joining the Payroll Savings Plan is one easy way to force yourself to save. When you sign up, an amount you specify is withheld from each paycheck and used to buy U.S. Savings Bonds. It's automatic. Everything is done for you.

And now there's a bonus interest rate on all U.S. Savings Bonds for E Bonds, 3 1/2% when held to maturity over a 10 month (4% the first year). That extra 3/8%, payable as a bonus at maturity, applies for all Bonds issued under June 1, 1970.

With a comparable investment for all other Bonds.

Get the plan and before you know it you'll find you can save a lot more with money than you can with string.

Take stock in America.
New Bonds pay a bonus at maturity.
