Commissioner Dale Farabee
has a hairy problem.
Not just the length of his
own locks, although Dr. Farabee's hair is growing beyond
the usual Nunn administration

he usual Nunn administration image.
But the commissioner of mental health does get plenty of static about some of his long-haired employees.
They include those trying to break new ground in the flight against drug abuse—trying to communicate with the abusers.
And if you don't think there's a problem in Kentucky take a look at the money the federal

And if you don't blick there's a problem in Kentucky take a look at the money the federal government is sending to belp. It's putting several million dollars into a "snotgun approach Dr. Farabee says will attack the drug problem at all levels.

But he knows this means some money simply must be "wasted.

wasted.
The thing is he doubts anyone can say what's waste until Kentucky tangles with something that we'd like to

ignore.
The trouble is that it just

Ignore.

The trouble is that it just won't go avy,

And solutions aren't many.

And solutions aren't many.

And solutions aren't many.

And solutions aren't many.

But Dr. Farabee ("Dear give a ren't many."

But Dr. Farabee ("Dear give a ren't many."

But Dr. Farabee does hold out some valld hope for the programs.

For example, an educational program started as a type of "let operation has handled the three have been back in trouble. "Busted" if you will.

To a parent those odds justed president of the program of the program

And if money has to be wasted to find what works, let it flow, It might be your child who's saved---or mine,

Keep your eyes open, You could lose a toe to a ground-breaking abovel or a finger in a ribbon cutting.
This is the soason for an administration to flex its building muscles, And the dedicating and ribbon cutting are natural. As an administration sears the end many possible to be a support of the condition of th

As one governor finishes an-ther is being chosen, And

own-- from sprinkling new projects around.
Another point is to get started with anything you really want so the oast governor can't back out even if he around the country of the first time a few years ago projected the thinking he sultimate absurdity.
He said some day an administration will spend its whole final year's budget on high bronzer plaques—said leave it to the next administration; the buildings behind them.

The State Parole Board is taking some lumps for re-leasing a prisoner who hopped right back into trouble, rate for paroless the past 12 months was 19 percent-about one in five, And fewer than one in 20 actually committed

one in 20 actually committed another crime. Whether those figures sound good or bad probably depends on your view of parble itself. But it is true the board's mis-takes get plenty of notice. Its

using more han recommended amounts did, not give any better control.

Systemic chemicals, used to prevent sucker growth, are atheorobed into tobacco plants through the leaves. Contact chemicals, which control sucker growth by tilling the sucker bods, must come in contact with the bods to be sucker bods, must come in contact with the bods to be Smiley and Aktineon give these suggestions, based on the UK tests, for use of sucker control chemicals.

Spray tobacco, for sucker control - with either systemic or contact chemicals - while the plants are still growing. The best time to spray is with the plants are in the early-bloom stage, just before or just after topping. For good results, door wait until top gare more than 2 inches long Asystemic chemical should be sprayed on as a fine misc. A systemic chemical should be sprayed on as a fine misc, the control of the suckets should be at least 6-8.

Mr. Yemen

I love you.

Remember my 10th birthday, when you gave me that funny piece of green paper and everybody made such a fuss over it. (Except me.) Frankly, it was a pretty disappointing present for a kid. I couldn't eat it, couldn't play with it, couldn't wear it—and Mom took it away from me practically the minute I got it.

And every birthday after that (and Christmas, too), you gave me another one of those Bonds, you called them. I thought you were pretty

At least, I never had to guess what I was going to get from good old reli-able Aunt Sarah. And what I got was good old reli-

What I didn't realize then was that you gave me a gift of security for the future. Thanks to you and those Bonds, I had extra funds for college. And they helped when I bought my

Next week, I'm giving my nephew, Harry, his first U.S. Savings Bond. I know the kid is gonna think I'm some kind of nut. But, someday...
