MRS. WOLBERT HONORED BY DISTRICT 20 O.E.S.
Mrs. Sadie M. Pensol, Mrs. Mabel Pensol Anglin, Andrea Jo Anglin, Susie Edwina Anglin and Harvey Allan Pensol were in Glasgow Sunday afternoon to attend a reception honoring Gladys Pensol Wolbert, Deputy Grand Matron, District 20, Order of the Eastern Star of Kentucky.

The reception, held at the Masonic Hall Social Room in Glasgow was given by members of Glasgow Chapter #287 in recognition of extensive and unselfish service given to the Order by Gladys.

The table was centered with a bowl of early autumn flowers in shades of green and gold. The appointments were all silver and those serving were Madams, Elizabeth Flowers and Linda Hamilton.

The guest register was attended by Mrs. Gladys Flowers Cobberry.

Receiving with Mrs. Wolbert and her mother was Sara B. Goodman, Past Grand Matron, Grand Chapter, Order of the Eastern Star of Kentucky.

Out of town guests besides her family were: Mr. and Mrs. Harlin Samson, Mr. and Mrs. Ralph Johnson and Mr. and Mrs. Curtis Farche of Fountain Run; Mrs. Mabel Kirby, Springfield; Gertrude Moore, Worting Grand Matron, Vernon Moore, Grand Warner, Mary Koblner, Grand Marshall and Gloria Rife, Grand Ada from Munfordsville, Kentucky; William Smith, Deputy Grand Patron District 20 and Mrs. Dorothy Smith, Cave City and Mr. and Mrs. Leslie Williams and Mr. and Mrs. Albert Ferrall, also of Cave City; Mr. and Mrs. Jack Alexander and Mr. and Mrs. Bob Williams of Scottsville, Mrs. Roy Houscheta, Rocky Hill and Mr. and Mrs. J.B. Holcomb, Marrowbone. An estimated 200 relatives and friends were in attendance.

BARNETT REUNION
The Barnett family reunion was held Sunday, August 20 at the Great Salt Petre Cave picnic grounds.
Eighty-five attended dinner on the ground.

Ben Barnett of Conway was the oldest in attendance and the youngest was two months old.

Out of town relatives were from Ohio, Indiana and Florida. John Lair, an old friend of the Barnett family, was also a dinner guest.

HOME MAKERS MEET

The Mt. Vernon Homemakers Club met on August 14 at the home of Mrs. Pat Hopkins for the purpose of electing new officers.

Officers elected were: Mrs. Betsy Henderson, president; Mrs. Iris Young, vice president and Mrs. Martha Cox, secretary-treasurer.

The hostess for September will be Mrs. Martha Cox.

DAR TO MEET

The Rockcastle Chapter DAR will meet on Saturday, August 26 at 2:30 p.m. at the home of Susan Cummings and Mrs. Ann White at 238 Rosemont Garden, Lexington. The program will be given by the State Constitution Week Chairman, Mrs. Elbert Eversole. During the business meeting plans will be made for the Genealogical Workshop to be held September 30.

DAR WORKSHOP TO BE HELD

Are you interested in your family history? Would you like to learn how to trace your family tree? The Rockcastle Chapter DAR is planning a Genealogical Workshop to instruct members and other interested people in methods of doing family research. Several members of the chapter have worked out quite complete family histories in the last three years and will tell how they did this. A more complete announcement of this meeting will appear in the Signal early in September.

CUMMINS' VACATION IN SHELBYVILLE

Rev. and Mrs. Ray Cummins and sons recently spent a week with his parents, Mr. and Mrs.

Flameless Electric Heat: Warmth plus Peace of Mind!

Can you honestly say your present heating system keeps you warm and safe during the winter? If your home is heated by clean, flameless electricity, the answer is "yes." Clean, flame-free electric heat keeps every room warm and cozy, with no soot, smoke, or grease blasting out of registers. And no heat is wasted in flues or ducts on the way to your rooms. You get 100% efficiency.

There are no pilot lights, fuel lines, burners, combustion chambers or fuel storage tanks to worry about. Just the flip of a switch provides instant, clean, smokeless electric heat.

Contact your Rural Electric system for full information on the clean, flame-free world of electric heating. Your family deserves the best. Electricity provides it.

Electricity — the cleanest energy you can use.

Young Troopers

Visitors to Trooper Island never know what they'll find next on the 30-acre summer camp at Dale Hollow Lake. It might be a Kentucky Air National Guard helicopter, like the youngsters above have discovered, or it could be the retired F-84F jet fighter plane, which has made its home on the island since January, 1971. Sixty deserving boys attend the camp each week during the summer. The camp is operated by the State Police.

The commission denied Murray State and Eastern Kentucky universities permits to operate their coal-fired heating plants. It is believed to be the first time a state agency has denied a permit.

Such permits are required under commission regulations to control pollution in the state. The commission says both universities' boilers give off pollutants in excess of state clean-air requirements.

Murray State officials say they won't be able to comply with the regulations in the foreseeable future. The university has dropped plans for a new heating plant and will try to improve the operation of its existing boilers.

The Commission told Eastern Kentucky officials that an ash-handling system will be needed to clean up their plants.

2ND BIRTHDAY

David Everett Bullock, son of Mr. and Mrs. Robert Everett Bullock of Ohio celebrated his second birthday August 2nd. David is the grandson of Russell Chaney of Brea and Mr. and Mrs. Arthur Bullock of Quail. Mrs. Bullock is the former Judy Ann Chaney.

SNIDER

Mrs. Ruth VanWinkle returned home Friday from Berea Hospital and is reported very much improved.

Recent visitors of Mr. and Mrs. Bodie VanWinkle were Mr. and Mrs. Shellee Mullins, Mr. and Mrs. Lewis VanWinkle, Joe VanWinkle, Jimmie VanWinkle, Mrs. Hazel Baker and children, M as Sara Jane VanWinkle and Mr. and Mrs. George Richards.

NAVY'S BUDDY SYSTEM EXPANDED

The Navy's Buddy System has been expanded whereby friends enlisting in the Navy together can be assured of assignment to their first duty station together according to local Navy recruiter CCTC Ben F. Halybrook.

Under this new system, up to four men can be guaranteed

assignment together after their seven weeks of "boot camp" at one of the Navy's three training centers: Great Lakes, Illinois; Orlando, Florida; or San Diego, California.

The men must be entering the same field for a three year enlistment to qualify for this new program.

More information on this and other Navy programs can be obtained by phoning 800 424-8880 toll free or by contacting the local Navy recruiting office located at Federal Building, Richmond, or call collect 623-4210.

BOONE

The Poynter family reunion was held Sunday, August 20, Mr. and Mrs. Carl Morris of Berea and Mr. and Mrs. Ray Powell of Lexington visited Mr. and Mrs. Bill Burdine Sunday.

Mr. and Mrs. John Chasteen returned home Friday after visiting Mr. and Mrs. James Chasteen and family in Louisville.

Mr. and Mrs. Ken Long visited Charlie Long Sunday at Kirksville.

Bro. Ray Dean of Clover Bottom visited W.R., Durham, Carl and Nancy Monday.

Clendon Lamsford and children visited Mr. and Mrs. Ken

Long Sunday.

Sunday afternoon visitors of Nancy Durham at the Berea Hospital were Mr. and Mrs. Clay Gabbard, Mrs. Cletis Vi-

ars of Berea and Carl Durham.

ATTENTION FARMERS

If You Don't Lime It, Why Plant It?

WHY SOILS NEED LIME

ONLY A FEW CROPS GROW WELL ON ACID SOILS BECAUSE THEY REQUIRE CALCIUM AND MAGNESIUM WHICH ARE REPLACED BY APPLICATIONS OF AGRICULTURAL LIMESTONE. THIS MATERIAL NOT ONLY CORRECTS THE SOIL ACIDITY, BUT ALSO SUPPLIES THE PLANTS WITH THE NEEDED CALCIUM AND FREQUENTLY MAGNESIUM.

SOIL pH, WHICH IS A MEASURE OF THE ACIDITY OR ALKALINITY OF THE SOIL, AFFECTS THE AVAILABILITY OF ALL ELEMENTS WHICH INFLUENCE CROP PRODUCTION. AN APPLICATION OF LIMESTONE MATERIAL TO AN ACID SOIL INCREASES THE AVAILABILITY OF PLANT NUTRIENTS WHICH ARE IMPORTANT TO CROP PRODUCTION, AMONG THESE ARE NITROGEN, PHOSPHATE AND OTHERS. LIMING REDUCES LUXURY UPTAKE OF POTASH BY THE PLANTS AND REDUCES THE AVAILABILITY OF ALUMINUM AND IRON MANGANESE WHICH ARE HARMFUL IF THEY ARE PRESENT IN SUFFICIENT QUANTITIES IN THE SOIL. LIMING ALSO HELPS INCREASE THE NUMBER AND ACTIVITY OF BENEFICIAL SOIL BACTERIA. IT HELPS IMPROVE THE PHYSICAL CONDITION OF THE SOIL BY SUPPLYING THE CALCIUM NEEDED BY LEGUMINOUS CROPS TO INCREASE THEIR GROWTH. IT INCREASES ROOT DEVELOPMENT AND PERMEABILITY OF THE SOIL.

LIME IS THE MOST ECONOMICAL FACTOR INVOLVED IN CROP PRODUCTION ON MOST SOILS IN THE HUMID AREAS, AS THEY ARE ACID IN VARYING DEGREES. THE APPLICATION OF NEEDED FERTILIZERS IS ALSO ONE OF THE MOST ECONOMICAL FACTORS IN CROP PRODUCTION. THE WISE USE OF WATER - BOTH RAINFALL AND IRRIGATION - IS STILL ANOTHER FACTOR INVOLVING CROP PRODUCTION. HOWEVER, THE ONE WHICH IS MOST FREQUENTLY BY-PASSED IS THE APPLICATION OF AGRICULTURAL LIMESTONE AND THIS IS THE FIRST STEP IN SOUND FERTILITY PROGRAM ON MOST SOILS IN THE HUMID AREA. FAILURE TO APPLY THIS MATERIAL LIMITS CROP PRODUCTION AND WASTES FERTILIZER DOLLARS AS WELL AS THE PRODUCER'S CAPITAL INVESTMENT AND HIS LABOR IN CROP PRODUCTION.

"Convenience. That's what I really like about electric heat."

says Mrs. Opal Rich, Madisonville, Ky.

"I don't have to phone for fuel, then wait for delivery. Electricity is ready all the time... and the cost is economical."

To Mrs. Rich's "really great" to have electric heat there in her mobile home 24 hours a day - just by setting a thermostat. No ugly tanks or flues or fumes. No service man has ever crossed her threshold.

Of course, the cleanliness, convenience and safety of electric heat are important in her mobile home. She agrees with the nine out of ten owners of electrically heated mobile homes who would recommend one to anybody.

HSVS FBLA ATTENDS TRAINING CONFERENCE
The Harry Sparks Vocational Chapter of the Future Business Leaders of America attended the annual FBLA-PBL State Leadership Training Conference that was held at Hardinsburg, Ky., on July 27-30. This training conference is designed to train officers and advisors to more effectively conduct the local chapter activities.

There were 135 students, 50 advisors, 9 consultants and 3 of the State FBLA-PBL staff members with 43 chapters represented. Alberta Hasty, Helen Mullins, Kathy Benge and Darlene McHargue along with two advisors, Mrs. Donna Hopkins and Miss Shelby Fathergill attended the four-day leadership training conference from the local chapter.

The officers received training in parliamentary procedure, fund raising, committee chairman and service, education and promotional projects for local chapters in addition to training for their respective office. There was a workshop for the local chapter advisors for making plans for the coming year.

As a result of the Leadership Training Conference, our chapter has an early start on making plans for the coming year. *****

AUDITOR CRITICAL OF 1972 LAWS
State Auditor Mary Loutso

Foust has criticized several laws passed by the 1972 General Assembly, including one raising legislators' monthly expense allowances from \$300 to \$400. Miss Foust pointed out that only five of 120 expense accounts submitted by her own field agents since Jan. 1 exceeded \$400. And those auditors were on the road full time, she said.

SAFETY

STARTS WITH A STOP HERE!

DRIVERS! STOP AND THINK ABOUT THIS MESSAGE; TRAFFIC-SAFETY DEPENDS ON YOUR ATTITUDE!

One of the biggest differences between a safe driver and one who has a record of accidents is each driver's mental attitude. The safe driver is a person with a mature outlook — he knows that operating a motor vehicle is not kids' play; he knows that the machine under his guidance can be a lethal weapon. It can kill. The safe driver knows that traffic rules have been designed not to "catch him up," but to keep him safe. He knows, too, that driving skill is not enough; it must be combined with common sense and courtesy. Have a safe driver's attitude!

fair -- English classes on Monday, Aug. 14, and Western classes on Tuesday, Aug. 15. 4-H'ers from Rockcastle County who entered the horse show were Bouta Norton, Mirian Gentry, Regina Taylor and Joy Parsons.

State 4-H demonstration competition, for both juniors and seniors, was held on Aug. 18-19, at several different locations on the Fair grounds.

Demonstration competition was held in 12 different subject areas: safety, photography, health, home economics, horticulture, agricultural engineering, home management, home furnishings, clothing, agronomy, animal science, and general.

All the 4-H'ers competing in these contests are area winners in the different demonstration divisions. Marcia Lamb of Rockcastle County received a blue ribbon for her senior clothing demonstration, "Fitting a Pattern."

Fair goers will want to see the colorful 4-H project exhibits in the East Wing. On display throughout the Fair will be 4-H members' exhibits in home economics (clothing, knitting, foods, food preservation, and home furnishings) photography, entomology, electricity, geology, fossils, wood-

craft, tobacco, and forestry. Those 4-H'ers displaying their projects at the fair were Mazie Stewart, peanut butter cookies, (red); Debbie Sheban, skirt and blouse (white); Carolyn Lamb, skirt and blouse (white) and knitted mittens (white); Mark Hopkins, electric cord (red); Mike Hopkins, bird feeder (blue); Tarina Morris, dress (red); Teresa Bullock, play clothes (blue); Jennifer Ponder, mix match (red); and Marcia Lamb, advanced dress (white).

COUNTY AGENT'S NOTES

Now is the time to Establish Alfalfa

Have you been envying those lush green alfalfa fields on your neighbor's farm? You too can raise this valuable forage crop and the time to get it seeded has arrived according to Warren Thompson, Extension forage specialist at the University of Kentucky College of Agriculture.

Thompson says new alfalfa seedlings may be made on prepared seedbeds up to September 10, but should be before August 15 if possible. Seeding as soon as possible after the middle of August allows plenty of time for seedling growth before frost.

Alfalfa grows best on deep, well drained soils. A soil map of your farm will help in lo-

osing soils suitable for growing alfalfa. You can seed fields having up to a 20 percent slope, but on such steep areas, grass should also be seeded to prevent erosion.

Before seeding, test your soil to determine the need for lime and fertilizer. Thompson says many farmers prefer to apply 200 to 500 lbs. of hydrated or finely pulverized limestone before seeding in addition to the regular needs shown by the soil test. Apply fertilizer just before or during seeding, and keep it away

from direct contact with the germinating seed. The use of Boron is always recommended for alfalfa, and two pounds per acre in the fertilizer is sufficient, says Thompson.

Most farmers prefer to establish alfalfa in a plowed, clean seedbed. The seedbed must also be firm in order to have a vigorous, uniform stand. Seed can be either broadcast, drilled or banded. When band or drill seeding, the proper seed depth is 1/4 to 3/4 inches. For broadcast seeding the seedbed should be firmed be-

fore and after seeding, according to Thompson.

The UK specialist recommends a seeding rate of 12 to 15 pounds per acre. When sowing along with grass seed, reduce the alfalfa rate to 10 to 12 pounds of seed per acre. When timing or seedbed preparation are poor, more seed may provide a better stand. Thompson does not recommend seeding alfalfa along with small grains, especially in the fall. Competition between the two crops usually results in

THURSDAY, AUGUST 24, 1972

Local 4-H'ers At Ky. State Fair

Four Rockcastle County 4-H members participated in the English Division of the State Fair Horse Show in Louisville, August 14. Joy Parsons of Route 3, Mt. Vernon placed third in the Open Five-Gaited Trot Class. Bonita Norton, Mt. Vernon, Miriam Gentry, Rt. 1, Mt. Vernon and Regina Taylor, Broaddus, each received red ribbons in the Pleasure Walking Horse Class.

The Above 4-H'ers qualified for State Competition at the Wilderness Trail Area Horse Show held at Rendro Valley on July 21.

4-H'ERS TO TAKE PART IN KY. STATE FAIR EVENTS

More than 5,000 4-H young people participated in Kentucky State Fair events, Aug. 14-26, sending examples of their project work to be judged at the Fair going to Louisville themselves to participate in the special 4-H activities scheduled during the Fair.

State "Finals" in many 4-H activities are held at the Fair each year with state champions in these activities being selected from among top junior and senior winners in each Extension Area. These include several 4-H demonstrations and the state 4-H Tractor Operators' Contest. Most of these 4-H events are divided into junior and senior divisions, giving junior members (those under 14 years of age) a chance to compete against their own age group while older 4-H'ers take part in separate contests.

Most of the 4-H events are open to the public. The 4-H events at the Fair also illustrate two of the major differences between the modern 4-H program and the traditional idea of 4-H, the 4-H staff members point out. Although 4-H began as a program for rural youth, it now offers projects and activities to interest any young person, no matter where he or she lives. And 4-H participants at the Fair are urban as well as rural youth from throughout the state.

Also, in the early days of 4-H, the center of attention was on the project or the products of the project, such as a prize-winning calf or dress. Today's 4-H program emphasizes development of the individual young person, providing an opportunity for growth in leadership, citizenship and knowledge through both projects and activities. This can be seen at the Fair in those events where the 4-H'ers themselves are judged rather than -- or in addition to -- finished products of their projects.

The major 4-H events that Fair-goers saw included the following: The 4-H Fashion Revue and 4-H Variety Shows were presented during the Fair, although they are not contests in which winners were selected. Jennifer Ponder participated in the Fashion Revue on Sunday, Aug. 20. The show featured those girls selected as finalists in state 4-H Fashion Revue competition earlier this summer. Taking part in the 4-H Variety Show on Friday, Aug. 19, were the club and specialty talent acts that won top honors in area 4-H Variety Shows earlier this year. Representing Rockcastle County and the Wilderness Trail Area were the Mt. Vernon Teen Club Specialty act -- "The Jumping Jacks" consisting of Lori Stewart, Alicia Dick, Laura Lee Durham and Lisa Lewis.

The state 4-H Horse Show was held in Freedom Hall before the official opening of the (Cont. to p. 1)

SCHOOL ENROLLMENT FRIDAY, AUGUST 25

Friday, August 25 is the first day of school for students. A

fleet of some 34 school buses will pick up students on all the bus routes including pick-up points in Mt. Vernon on Williams Street and Richmond Street. School will be dismissed around 10:15 a.m. on Friday and 12:00 on Monday with a full day on Tuesday.

It is important that all students, grades 1-12, be present on the first day for proper enrollment. School buses will run at about the same time as last year.

Teachers and other school personnel will meet at the Rockcastle County High School on Thursday, (today) August 24 at 9 a.m. for an in-service day.

Why is school starting on Friday? It so happened that a football game is scheduled on this date. School must be in session for a legal football game to be played.

TWO MV RESIDENTS INJURED IN CAR WRECK

A Mt. Vernon man and his seventeen-year-old granddaughter were injured last Friday afternoon when their car went out of control on U.S. 25 about 4 1/2 miles north of Mt. Vernon.

According to State Police reports, James William Barnes, 65, of Mt. Vernon was traveling north on U.S. 25 approaching the site of some pipeline construction when he was waved down by a flagman because of oncoming traffic. Mr. Barnes applied his brakes which caused one wheel to lock throwing his vehicle out of control.

WITH MAILBOXES

A witness to the accident told police that Mr. Barnes' auto went sideways out of control once, straightened up then went out of control again and over the road bank.

Both Mr. Barnes and his granddaughter, Deana Gail Abney, received Class A injuries. They were admitted to the Rockcastle County Hospital for treatment and have been released.

KY. STONE DONATES GRAVEL TO RCHS

The Kentucky Stone Company has donated 500 tons of gravel to be used on the driveways and parking areas at the Rockcastle County High School.

Magistrate Sawitt Jones permitted the use of his driver and county dump truck to haul and spread the rock. He also agreed to have the county grader to grade the area.

The Board of Education wishes to take this opportunity to thank the Kentucky Stone Company and Mr. Jones for their help in this project.

What do you think about those Rockets? They went to Berea last Friday afternoon for their second scrimmage game before regular season begins this Friday night and whipped the Pirates 12 to 6.

Let's all go out and watch them in action this Friday night at home against Mercer County and cheer them on....

Well, I might as well get the hard part over. In last week's Signal I reported the trial and conviction of the four Richmond brothers for Robbery without the use of a deadly weapon. The only problem was that one of the Richmond boys (Melvin Earl) couldn't have been tried since he jumped bail and wasn't before the court. So actually only three Richmond brothers were tried. Our apologies to Melvin Earl, wherever you are....

Was in Berea Tuesday and saw a little of the havoc

wreaked by Saturday storm which we felt here with some heavy rains. The new motel under construction at the southern entrance to I-75 lost its roof and it's laying scattered all over the banks along the road for quite an area....

School begins Friday for only a few hours in the morning of course and on Monday it will be in session for a half day but then on Tuesday the parent's nine-month vacation begins. We understand that Louisville is having a twelve-month session this year -- and I never thought I would want to live in a big city....

Hospital Administrator Danny Price tells us that new visiting hours will be put in effect for the hospital Friday, August 25. Morning visiting hours will be eliminated and in the afternoon you can visit from 3 to 4 p.m. and in the evening from 5 to 8 p.m....

Don't Forget, you can register to vote in this very important presidential election year until October 10, according to County Court Clerk Clifford Bales. Speaking of registering, we understand that there was a funny story in Sunday's Herald-Leader telling about the 29 mainly Eastern Kentucky counties that had more registered voters than they did residents of the county. No, Rockcastle wasn't one of them, but now you know what the expression "voting the graveyard" means....

We understand the crowd was huge at Sunday's Open House at the new county high school. Over 1200 guests registered but it is believed by everyone there that there were actually between 2 and 3 thousand present. The funniest part, I thought, was when my husband and two oldest children went to the Open House early to get pictures for the paper, then left so that my husband could play in a golf tournament. Later only to find their car blocked in that they wound up walking back home and retrieving the car later. Didn't bother me, I was sitting comfortably at home watching the Reds throw the M's....

Open House Held Sunday At County High School

Some of the special guests at Sunday's Open House of the new high school are shown in the above photo with Supt. Charles Parsons. The architect, Donald B. Shelton, is showing the group a display concerning the type of school which the new high school is and colored slides were also shown. In the above group are, from left: Bige Towery, assistant principal RCHS; Johnny Ray Laswell, Principal, Garrard County High School; Mrs. Ruth Meredith, Title III, Counselor; Ray Muffett, Title III, Environmental Education; Mr. Parsons; James Turpin, Construction Supt.; Mr. Shelton; Kenneth Cornelius, Assistant Principal RCHS and J. Eddleman, Asst. Supt., Lincoln County Schools.

Students from the Home Economics Department of the new high school were at the Open House to serve guests with cake and punch. Other high school students served as four guides for the crowd estimated at between two and three thousand.

Here a group is being shown through the Science Department of the new school.

Sports Anyone? We Hope

Last Friday afternoon, the Rockcastle County Rockets football team journeyed to Berea and whipped the Pirates in a scrimmage game 12-6. This win was welcome news for football hungry fans in Rockcastle and the season promises to be a rewarding one under the capable leadership of head football coach, Clem Bully.

To bolster the revived enthusiasm for football and sports in general in Rockcastle County, there has been a Rockcastle County Athletic Boosters Club formed. The club will be organized part of a group of sports in the county will urge you, if you are interested in sports at all, to give your support to the organization.

We understand that sports fans in Rockcastle County are basketball oriented and can appreciate the reasoning for this feeling in some extent. But, Coach Kelly, also assisted by Larry Travis and Jim Cox, promises to make a place for football in the county and we look forward to it.

The season officially opens this Friday night with a home game against Mercer County and we believe the Rockets will ably acquit themselves with this team. Attend the game, least until basketball season. Don't forget the players themselves will make that much more effort if the stands are filled with fans cheering them on. See you there.

New officers of the recently organized Rockcastle County Athletic Boosters Club are shown in the above photo. They are, from left: Keith Singleton, vice president; Preston Parrett, secretary-treasurer and Jim Earl Hammons, president. There will be a boosters table set up at Friday night's football game at Mt. Vernon to take memberships in the club. The fee is \$2.00 per year and the money will be used to aid athletics in the county.

The crowd was so large at one time that many visitors to the Open House were forced to wait outside the main entrance. The response was overwhelming and gave parents, students and citizens in general a look at Rockcastle's newest and most long-awaited facility.

JOHN NICHOLS'

Frankfort Watchline

Louie B. Nunn is off to a blazing start—or is he really? —for U.S. senator, while Dee Huddleston seems to be taking his time.

Nunn, the Republican former governor, has been making speeches on the theme that the Democrats are the party of acid, abortion and amnesty. It must be reported that this line is an exact duplicate of the stuff the Nixon people have been handing out on the national level.

Huddleston, the Democratic nominee, appears unworried at the moment, and, we think, with good reason.

Sure, Nunn is the favorite, so what's new? It will be no November that counts.

The crux of things right now is Nunn's attempt to saddle Huddleston with the "permissive" national Democratic ticket, but we have our doubts.

First, Huddleston is hardly the symbol of the acid, abortion or amnesty crowd, if such a crowd exists. He may be a quiet campaigner, low-key and so on, but a wild-eyed radi-

cal he's not and any effort to picture him that way seems futile.

Of course, Nunn actually isn't saying Huddleston is anything like that, if you read the campaign statements carefully. The implication is that Huddleston is "imprisoned" by party affiliation and must follow those nasty Democrats to the end of the world.

Face it—Huddleston apparently has—Huddleston's future depends in large part on Gov. Wendell Ford's performance and/or image in Frankfort.

Certainly Ford also is no wild-eyed radical and his all-motivated battle to prevent McGovern from being nominated at Miami Beach is well-known to many Kentuckians. So the governor can't be tarred with the McGovern brush either.

More important is his rating with the people. If you ask Tommy Preston, the governor's press secretary, there can naturally be only one answer and we pass it on for what it's worth.

Preston says in essence that Ford's job rating, his image in the matters that count with the voters, is higher than many critics imagine. The assumption is that this favorable sheen

will reflect strongly on Huddleston.

On well, we expect to be hearing from Larry Van Hoose, who was press secretary for Nunn and is filling the same role these days in Nunn's race, on how popular Nunn was when leaving office last year.

PAIN IN THE NECK?—We couldn't hide a grin after learning that the Democratic bigwigs had told county chairmen in a memorandum that Nunn's headache, which struck at the Fancy Farm picnic and incapacitated him awhile, should not be made a campaign issue.

Reminds us of the politician who immediately informs his followers that he is NOT going to allege that his opponent is an ex-convict, drunk and wife-beater, but is going to stick to the issue of the campaign.

JOBS FOR VETS.—The state is doing its best to alleviate a bad unemployment situation by making a special effort to find jobs for returning veterans.

The operation is out of Louisville, but concentrated in Frankfort where an affidavit of the Executive Security Department has been set up to find jobs for veterans.

Since January about 500 jobs around the state have been found for former servicemen. There's really no way of telling whether this is a success story or not—many thousands remain unemployed.

WHO CARES ABOUT TECHNICALITIES?—Gov. Ford's publicized distribution of strip-mining funds to many counties—probably ahead of the date specified in a new bill—can hardly be faulted.

Maybe implementation was not scheduled until next year, but what's the great difference when a few thousand thousand badly needed dollars go to the counties whose land is being scalped?

ENOUGH BODIES, MORE SPACE.—For years the attorney general's office has rightfully bemoaned the lack of funds and personnel to do its various tasks.

Atty. Gen. Ed Hancock, talking to a Frankfort civic club the other day, said he must seem to have more than enough aides. The problem, he indicated, is where to put them because there's no room on the first floor of the Capitol.

Capitol Digest

After nine years of waiting, Harlan County has finally been reimbursed for flood damages suffered since 1963.

Gov. Wendell Ford presented Harlan County Judge Hugh Hall with a \$24,000 check to cover flood damages suffered in 1963, 1967 and 1970.

Bill Dotson, coordinator of flood disasters in the state Civil Defense office, said the backlog in relief funds developed "because previous administrations simply overlooked disaster aid to the counties."

"Governor Ford, by presenting this first check, has done much to reimburse these counties in the nine months of his administration than previous administrations did in eight years," he said. "The office's hands were tied before, prohibiting us from working out an agreement with federal authorities to take care of the situation. Now we hope to get the checks paid by the end of the governor's first year in office."

Office of Emergency Preparedness regulations call for reimbursement of federal funds to counties for flood work when a disaster area has been declared.

"The procedure usually takes six months to three years," Dotson said.

42 COUNTIES GET SHARE OF STRIP MINING FEES

Gov. Wendell Ford has distributed checks totaling \$355,915 to 42 counties as their share of strip mining fees collected during the fiscal year that ended last June 30.

The payments, divided according to the location of the land to be strip mined, ranged from \$52,017 for Muhlenberg County to \$75 for Crittenden County.

The money is to be used by the counties' fiscal courts for general purposes under terms of a law passed by the 1972 legislature.

During a news conference at which he passed out some of the checks, Governor Ford called the distribution another "revenue-sharing" measure begun by his administration.

He said there had been a question about whether the 1971-72 funds could be distributed this year, or whether the distribution would have to wait until after the current fiscal year.

The law, which became effective last June 16, provides for payment of half the strip mining fees to counties in 1971 or before Aug. 1 of each year. Thus, much of the money distributed was collected before the law's effective date.

Also, a nearly identical law, passed during the special session in June, carries an effective date of Jan. 1, 1973.

In some cases, courts have ruled that the later act of the legislature takes precedence over earlier acts on the same subject.

"Our decision was that the recipients needed this bonus now," Governor Ford said. "It was our decision to move immediately to provide funds from the 1971-72 fiscal year."

STATE BLOCKS AMUSEMENT PARK

The state has halted a McCreary County businessman's plan to build a carnival-like amusement park atop a cliff in clear view of the falls area of Cumberland Falls State Resort Park.

Joe Jackson of Whitley City, who owns property in the park area, already had cleared a five-acre site and signed contracts for several carnival rides to operate there. Parts of the site have been ordered to the site, but have not been erected.

The state Department of Parks and the state Division of Properties, which view the carnival plans to be not in keeping with the natural beauty of the falls, warned Jackson the state will condemn his property overlooking the falls if he builds the amusement park.

As a permanent solution to the problem, the Parks Department is negotiating with Jackson to buy the property.

"We're interested in preserving the natural, scenic beauty of the falls area," said Donald F. Penezer, director of the Parks Department's division of planning. "If (the amusement park) would take away from the falls, because it's simply not a compatible use, we think it's bad."

Jackson has invested more than \$12,000 in the site, most of which he would lose if the state buys the property or wins a condemnation settlement.

Jackson said he had no plans for developing a location further from the falls and added he would fight to save the original site.

STORY OF THE BIBLE WORLD by Nelson Beecher Keyes, in-map, word and picture, Unique in its reality appeal. This book is an exciting, breath-taking popular account of the Bible World. When important branches of research combine with art and modern presentation to render again the great Story of the Bible, the result is indeed fascinating. In "The Story of the Bible World," the art of the writer, the recent findings in archaeology and Bible research, as well as map-making and photography have been brought together in a work of singular attraction.

NEW ATLAS OF THE BIBLE— provides everyone interested in the Bible with a magnificent introduction to the peoples and lands of the ancient world in which the Bible was born, grew and matured over a period of more than 3000 years. It is a superbly atlas, lavishly illustrated with over 200 photos, maps, ancient manuscripts, artifacts of Biblical times, reconstructions of Biblical sites, many in full color, which bring alive that treasured area of the earth where the Covenant Was Forged Which was to affect all human

history from that time on. To illustrate the New Atlas of the Bible the authors have assembled a rich and varied collection of photos, maps and drawings including: 53 four-color photographs—12 magnificient monochromes—34 maps, including 21 four-color relief maps—16 drawings, diagrams, etc., and 7 townplans.

The Creation Text and pictures combine to make the modern story of the Creation alive and meaningful for today's young children. Jo Spier's illustrations of people, animals and things, depict the first seven days of the world with unique warmth and sensitivity. The text of this very beautiful picture book is taken from the Jerusalem Bible.

Tower of Babel by William Wiesner—The Old Testament story of King Nimrod whose excess and ambition were to cause the division of mankind into many nations and languages is known by people the world over. This handsomely illustrated retelling illuminates the painful parable with wit, stylistic precision and an affectionate understanding of wayward mortals that is most

engaging. Mr. Wiesner's illustration in full color have a panoramic quality. Here is a baby and a splendid tower that dwarfs the boats on the Euphrates beneath it. But here also are the proud but hostile walls of an ancient fortress and the faces of uncomprehending people as familiar as today—all reminding us vividly of the skill pertinent lesson.

Library Notes

The following is a partial listing of religious books available in the Rockcastle County library, compiled by Mrs. Alone Davis, librarian.

JOSEPH by Max Bolliger -- In retelling the story of Joseph and his brothers, Max Bolliger's clear and direct narrative has a timeless quality. This portrait of Joseph, the dreamer and the liberator, captures fondness and sympathy. It is a family story involving feelings of jealousy and repentance and finally, redemption. It is also the story of a hero who saves a nation from famine after many arduous trials and privations.

DANIEL, by Max Bolliger -- As a boy, the prophet Daniel was taken into slavery in the court of King Nebuchadnezzar of Babylon. The story of his rise to power through his faith and his great ability to interpret dreams, is one of the most exciting stories in the Old Testament. The famous episodes of the burning, fiery furnace and of Daniel's escape from the lions' den are retold by Max Bolliger in vivid, dramatic style. Pen-and-ink drawings on almost every page make this portrait of one of the great biblical heroes even more memorable and alive.

STORY OF THE BIBLE WORLD by Nelson Beecher Keyes, in-map, word and picture Unique

A health care plan for college students

You're young and healthy and the last thing in the world you want to think about is health care protection. But with today's cost of hospital and surgical-medical care, a serious accident or illness right now could postpone everything you hope to accomplish. Doesn't it make sense to plan for all the possibilities—even the ones you don't think can ever occur? Blue Cross' and Blue Shield' have a College Student Program just for you: a plan to provide you with Quality Health Care Protection at the lowest possible cost. It won't cost you anything to find out about it. Just send in the coupon below. No cost. No obligation. No salesman will call.

NOTE: Parents must inquire for their college student children.
