

The Week At Livingston

Hubert Mullins has returned to his home in Cincinnati after an extended visit with his brother Mr. and Mrs. Oscar Mullins. He was accompanied home by J. S. Hall and by his

brother Oscar Mullins. Mr. and Mrs. Sonny Smith and little daughter Sandra have returned to their home in Louisville after spending last week with his parents Mr. and

Mrs. Archie Bales and Mrs. Irene Smith.

Mr. and Mrs. Jack Elliott of Gainesville, Florida spent last week with her sister Mrs. Pearlie Halcomb.

Mr. and Mrs. P. L. Poynter visited his sister Mrs. Billie Oliver at Good Samaritan Hospital last Tuesday.

James Argenbright of Cincinnati spent part of last week with his brother Mr. and Mrs. Arthur Argenbright.

Mrs. Billie Oliver has returned from the hospital and is recuperating at the home of her son Mr. and Mrs. Robert Oliver in London.

Mr. and Mrs. Arnold Taylor visited Mr. and Mrs. Ronald Taylor and Melissa at Paris, Kentucky Sunday afternoon.

Arthur and James Argenbright visited their sister, Mr. and Mrs. Bill Tents at Ford, Kentucky Friday.

Mr. and Mrs. Danny Roberts of Danville visited her aunt Mr. and Mrs. W. O. Singleton Sunday.

Mrs. C. F. Mullins spent Monday afternoon with Mrs. C. H. Webb.

grams of protein. The recommended allowance for a 20-year-old man. Equivalents are at least a cup of cooked or canned dry beans, a can of bean soup, 4 1/4 tablespoons of peanut butter, 3 ounces of cheese or 3 eggs.

Larger amounts of some meats and meat products also are required to provide 20 grams of protein. It takes 10 slices of bacon, 1/2 pound of sausage, 3/4 winners, or six 1-ounce slices of bologna to provide this amount.

These are times when the quantity of bacon or bologna that provides the 20 grams of protein will cost more than the same amount in beef rib roast or round steak. So, in light of present conditions and to feed her family well on a limited budget, the homemaker will have to do some close figuring.

A new leaflet just released by the U.S. Department of Agriculture may be helpful in making these decisions. The leaflet, which includes tables showing prices for meats and meat alternates based on the latest national figures (February 1973), provides a basis for comparing the cost of protein from various meats and meat alternates. For a copy of "The Cost of Meats and Meat Alternates," write SEWVACE, Room 541-A, Office of Communications, U.S. Department of Agriculture, Washington, D.C. 20250. Single copies are available free.

"We have other information on planning nutritious, economical meals at the County Extension Office, located in the Courthouse. Homemakers are invited to stop by or call 256-2403 if they have questions."

FOOD CLIPS
For gravy, if drippings are scant, add a bouillon cube or a little meat extract to the liquid.

If you're looking for something different as a flavorless party food, try using chopped broccoli in a soufflé.

What's important in buying and cooking beef? The quality grade and the cut. Grades of beef are a guide to "how tender" most cuts will be - and how juicy and flavorful the meat will be. The cuts, like round steaks and chuck, are naturally less tender.

If you're "budget watching" compare costs of various forms of food - fresh, instant, dried, frozen or canned, enriched or unenriched. Buy the type that suits your needs and your likes.

Don't shake the cup when measuring flour! Just spoon unsifted flour lightly into a measuring cup until the cup is overflowing. The measure will be more accurate if you do it this way, according to U.S. Department of Agriculture.

What's the difference between dough and batter? Dough is any mixture thick enough to be rolled or kneaded. A mixture that is thin enough to pour or drop from a spoon is known as batter.

Like a browned pie crust? Sprinkle a little sugar on the top and it'll brown lightly.

Be sure to keep cakes with cream or custard fillings or frostings (unless they will be eaten soon after baking) in the refrigerator.

WHAT TO DO IN MAY
"Hill, bounteous May, that doth inspire, mirth and youth and warm desire; woods and groves are of thy dressing, hill and dale doth boast thy blessing."

It was thus on a long-ago May morning that the poet, John Milton, was moved to write, indeed, this month is a time of revitalization and inspiration. But, for the gardener it is much more. It is a month to work. There are seeds to plant, plants to set out, insects to slay, weeds to chop down, and shrubs to prune, especially Deutzia, Spirea and Forsythia. Take out one-fifth of the old stems at the ground level.

Frosts sometimes occur in May but nevertheless, it is the month when bean, cucumber, gourd, okra, pumpkin, squash, tomato, muskmelon and watermelon seed must be planted. C.R. Roberts, Extension garden specialist at the University of Kentucky College of Agriculture recommends May 10-15 as the planting date for these crops. As an old planting rule holds that any Saturday in May is a good time to plant watermelons, but to harvest these two fruits in hot mid-August, when their taste best, the seed should be planted by mid-May.

As flea beetles, cucumber beetles, bagworms, cutworms and other pests start feeding in May, the gardener will be wise to have a supply of recommended insecticides on hand to help thwart them in their careers. According to W.W. Gregory, UK Extension Entomologist, sevint, malathion or methoxychlor will take care of most garden insect problems; consult your County Extension Agent for information on exactly what and how much to use.

A bluebird family will also do a lot toward controlling cutworms and give much pleasure at the same time. It may be well to attract a pair of these interesting and useful songsters by erecting a bird box somewhere along the garden path.

Bagworm feeding begins in earnest during this month. Eggs that have over-wintered in gray cases or bags, swinging from twigs on the shrubbery, hatch and the larvae start eating. It is at this active stage that sevint or malathion should be applied.

Use dimethoate to control leaf miners, especially on holly and boxwood. This pesticide also can be used for scale, applying it from mid-May to July.

Some other things to do in May: As it needs it, mow the bluegrass on the lawn. Cut it about two inches high and remove heavy clippings. Sow seeds of marigold, cosmos, zinnia, dianthus, coxcomb, and annual phlox. Cut away foliage on tulips and daffodils. Pinch

chrysanthemums, when they reach 6 inches in height, taking out terminal buds; continuing pinching until July 15. Add nitrogen fertilizer where mulches have been used and, whenever possible, apply mulches to flowers and vegetable crops to cut down on weeding chores. Set out bulbs and tubers like dahlias, canna lilies, and gladiolus and stake tall-growing plants like delphinium.

But above all when doing these chores, take a few minutes between times to enjoy the many delightful sights and sounds of this wonderful month. For it is in May that the warblers, the thrushes and other wild tunesmiths are at their melodious best; when bleeding hearts sparkle in the lush green grass, candytuft reaches its peak, and the sweet, haunting odors of the lily-of-the-valley and other flowers and shrubs fill the air.

May will come again, it is

true, but not this May, and to become so engrossed in planting and sowing and cultivating and miss the beauties and wonders of the season is little short of tragic.

BEANS, CHEESE, PEANUT BUTTER ALTERNATES FOR HIGH-PRICED MEATS - The average housewife and homemaker on a tight budget, these days is having quite a time trying to balance protein intake with dollar outgo. Trying to replace high-priced meats with lower-cost alternatives that provide the necessary protein supply for her family can be a real problem, but, it can be done.

When the homemaker needs to replace meats with alternatives, she can use more eggs, dry beans, peas, peanut butter and cheese.

These food items provide protein, B-vitamins and minerals. Only trouble is that they have to be served in larger amounts to provide protein equal to that of meat.

A 3-ounce serving of cooked lean meat, fish or fowl, for example, will provide at least 20

RE-ELECT THE MAN WHO SUPPORTS YOUR PRESENT CONSTITUTION

TO THE VOTERS OF ROCKCASTLE COUNTY

Under our present Constitution, the voters of Rockcastle County again have the opportunity to elect their local officials at the May, 1973 primary.

I feel it is necessary to remind the voters that I support our Constitution and have never campaigned to do away with your right to vote for election of local officials to represent you.

My opponent took an active part in trying to change our Constitution. Part of this change would have put some offices on an appointment basis and thereby deprive the voters of their right to elect their local officials.

This I have not done and I hereby pledge to the voters of Rockcastle County that I will not try to deprive you of your right to vote for your officials.

IN MEMORY - In loving memory of (J.A.) Ambrose Sexton who passed away April 27, 1968.

They say, time heals all sor- row, and helps us all to forget. But time so far has only proved how how much we all miss Daddy yet.

God gave us strength to fight it and courage to bear the blow, but what it meant to lose Daddy no one will ever know.

How sweet the memory still lingers while on earth he lived but death has left a loneliness the world can never fill.

Sadly missed by children, grandchildren, sister and sons-in-law.

CARD OF THANKS
Words are inadequate to express our humble thanks and appreciation for the many acts of kindness shown us in the loss of a most precious loved one, Mrs. Zelma Norton.
We are especially grateful to Rev. Bert Martin and Rev. Charles Maxey of the First Church of Jesus Christ at London for their tender words of consolation and inspiring message from the Word of God, to the Cromer Trio for their lovely hymns, all of which were a great blessing and comfort to us.
We wish also to thank the host of friends, neighbors and relatives who came to pay their respects, for the prayers and expressions of sympathy, the lovely floral tributes, the generous contributions of food and the many other kind ways in which our grief was shared. And a very special thanks to Mrs. Florist and Dowell Mack Funeral Home for the efficient and sympathetic manner in which our every wish was carried out. God bless you all.
The Bereaved Husband
MRS. BROOKS AND SISTERS

CARD OF THANKS
We, the family of Ben G. Durham, wish to thank everyone who was so very kind to us during the loss of our loved one. We would like to convey our special thanks to Bro. Cornelius, Bro. Martin, Bro. Wynn, to all the people who brought flowers and food, and to everyone who helped in any way.
Also, our thanks to the Cromer Trio for their beautiful hymns and to the Dowell and Martin Funeral Home.
The Family

CARD OF THANKS
We the family of Randall Wynn wish to express our sincere thanks and appreciation for all the kindness shown and for the prayers during the loss of our son.
We wish to thank Bro. Murphy Martin for delivering the word of God, the Collins Sisters for singing, those who sent flowers, Dowell and Martin Funeral Home, and those who dug the grave.
Thank you.
Mr. and Mrs. Virgil Wynn and Family.

TOBACCO PLANT BEDS
During wet years, and aren't we having one, tobacco plant beds may have slug problems. Metaldexide bait scattered on the soil around the plants is still the recommended control. For extra safety, a perimeter treatment of metaldexide is worthwhile.
Flea beetles are kicking up their heels already. If you didn't work Di-Syston into your soil prior to sowing your beds the next best is to scatter it over the

bed prior to a rain or water it in. The insecticide dollar can be 50¢-60¢-70¢ by buying a sack of Di-Syston 15% G, rather than the shaker cans. Then, take an ice-pick or nail and punch holes in the bottom (from inside) of a 1 lb. coffee can and use the plastic top to cover the open end. Fill the can about two-thirds full and what-do-you-know you have a good shaker. Also, you have about 14 lbs. of Di-Syston left to use in like manner or to disk into your tobacco field soil.
As you know, Sevin is

recommended in the bed for flea beetle control but if used on small plants (before 7-leaf stage) burning will probably result.

The numbers to call during the auction will be 256-2157 and 256-2192.

At Monday night's meeting, the Recreation Council hired Paul Thomson as playground director for the summer program at Mt. Vernon Elementary School.

Rockets Win Three; Will Begin District May 16

In the past week, the Rockcastle County High School baseball team, playing good baseball, defeated three strong teams.

Last Thursday, they defeated Corbin, behind the strong pitching of Dennis Payne, 8-0. During the game, Clayton Cash hit a home run with one on in the fifth.

Saturday, the Rockets traveled to Madison Model and lost 6-1. The Rockets could get only 5 hits off the Madison pitcher, one of which was a home run by Ronnie Brown.

Monday afternoon, the Rockets defeated a strong Clay County team in an exciting game, 3-2, which went into extra innings.

In the 8th inning, the Rockets Paul Travis led off with a walk. Payne walked and Cash laid down a bunt which he beat out. With the bases loaded, Mazy Bray got an infield hit which scored the winning run.

In the Clay County game, Coach Laswell started Johnny Saylor, who pitched a strong game, allowing only two hits in five innings of play. Dennis Payne finished the last three innings.

Tuesday afternoon, the Rockets took on a strong Somerset team and with the Rocket infield playing good defensive ball, won out 7-5.

Troy McClure pitched a good game, allowing the hard hitting Somerset team only 10 hits. He struck out 6 and walked 3.

Casey Carroll led the Rocket hitting with 4 hits in 5 times at bat.

Next week's schedule is all home games with the Rockets hosting Jackson County on Monday, Somerset on Wednesday.

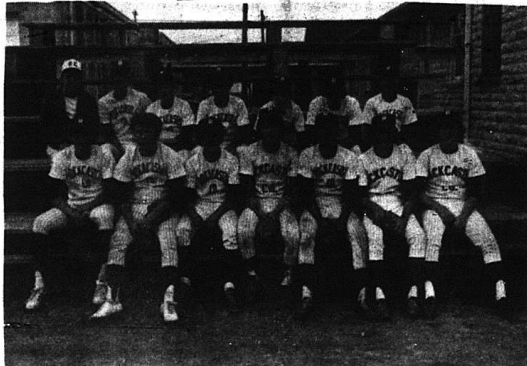

ROCKCASTLE DEMOCRATS RAISE \$6,152 IN DRIVE

Howard Linnville, Rockcastle County Democratic Party Chairman, announced today that Rockcastle County citizens contributed \$6,152.00 to the Democratic Building Fund Drive.

Mr. Linnville said that Governor Wendell Ford sent his personal thanks to Rockcastle County for meeting its quota.

The local Cumberland Production Credit Association office held a dinner meeting at the Rockcastle Steak House last Friday night to officially celebrate the reaching of \$3,000,000 in volume by the local office. Shown in the above photo are, from left: Bob Russell, Vice President and Public Relations man at Federal Intermediate Credit Bank; Randal Adams, Field Representative; Donna Duley, Secretary; Roy G. Brown, Manager of local PCA Office; Jewell Hinsel, Office Assistant and Bookkeeper; and Mrs. Roy Brown, seated.

THE ROCKETS BASEBALL TEAM - 1973 - Fresh off a 3-2, extra innings win over Clay County, the Rockets pose for their 1973 group picture. The team has had an excellent season and will go into district tournament May 16 at Laurel County against Clay County at 1:00 P.M. Members of the team are, front row, from left: Larry LaFavers, Mark Bray, Casey Carroll, Ronnie Brown, Paul Travis, Dennis Payne, Ted Rose, Back row: Jack Lullback, Coach, Derrell Prector, Johnny Boone Saylor, Clayton Cash, Doug Proctor, John Clontz, and Wayne Bengt. Not present when the picture was taken were Troy McClure, David Collins, and Ryan Riddle.

Fiscal Court Sets Salaries For 1973-74

The Rockcastle County Fiscal Court met Tuesday morning and set salaries for county officials for the 1973-74 fiscal year.

The major change made by the Court was the increasing of the number of deputies authorized for the sheriff's office. In the past, the Sheriff has not been allowed to have more than two deputies; however, now, upon the recommendation of County Judge Charles Carter and Deputy Sheriff Manuel Shepherd, there can be three deputies hired. The Court also set up \$12,000 for deputy hire to be paid from fees collected, if enough are. Also for the Sheriff's office, effective July 1, there will be a salary of \$100 per month. This was set up by the Court, also on the recommendation of Judge Carter, who told the Magistrates that although no salary had ever been paid the Sheriff's office in the past, he felt that with all the traveling in and around the county, required by the office, the Sheriff should have a small salary to help compensate him for his expense. Of course, the salary will be included in the amount the Sheriff may collect, up to \$12,000, in fees, besides the amount set up for deputy hire. And, of course, all of these monies are dependent upon the amount of fees collected.

The only other changes were in the amount set up for deputy hire in the County Clerk's office (\$12,000 from the \$10,000 originally set up) and the salary of the County Treasurer, from \$125 to \$175 per month. Of course, the amount set up for deputy hire in the County Clerk's office is also dependent upon that office collecting enough in fees to pay the \$12,000.

The other salaries set up are as follows:

County Judge, \$9,600 per year plus fees, up to \$12,600;
County Attorney, \$600 per year plus fees, not to exceed \$12,600;
County Clerk, \$600 per year, plus \$150 per year for juvenile court; and fees not to exceed \$12,600;
Magistrates, \$2,400 per year (same as before) and courthouse janitor, \$3,000 per year.

The Court also voted to employ a dog warden, effective July 1, and to pay his salary of \$250 per month out of Revenue Sharing funds. Whomever is hired will be required to furnish his own equipment to have a telephone in his home and to enforce all dog laws.

During the meeting, the Court also authorized Judge Carter to sign a deed for the Pongo Dump land sold recently to Sherman and Anna Mae Mize for \$760.00 at auction.

The closing service of the meeting will be at 8:00 P.M. on Sunday, with Church Training at 7:00 P.M.

Pastor Mike Bryant and the Freedom congregation cordially invite the public to attend these services of dynamic preaching and musical talent.

DAV MEETING

There will be a meeting of the D.A.V. (Disabled American Veterans) Tuesday, May 7 at 8 p.m. at Blair's Auction Barn at Snider.

A chapter is in the process of being formed in the county and all interested veterans are urged to attend.

C.F. MULLINS, SR. GETS 50-YEAR BUTTON

Bro. C.F. Mullins, Sr. of Livingston was presented with his 50-year membership button Saturday night, April 28 by Dave Jackson Lodge No. 731, P.&A.M.

Bro. Mullins has a record for the lodge, and possibly in the Commonwealth, for attendance; since, during his entire 50 years of membership, Bro. Mullins has never missed a regular or called meeting - a total of 650 meetings.

Bro. Mullins served eight years as secretary of the Lodge, without pay, and is at present treasurer, an office he has held for the past twenty years.

Also at Saturday night's meeting, the Lodge presented C.F. Mullins, Jr. with his 25-year membership button.

Bro. Mullins employed by the L & N Railroad as a locomotive engineer and lives in Louisville with his wife and three children.

In the process of checking both Mr. Mullins, Sr. and Mr. Mullins, Jr.'s records, Lodge officers found that both men had happened to take their third-degrees on the same date, twenty-five years apart.

Bro. C.L. Mounds, who is also a 50-year member of Dave Jackson Lodge, presented both men with their milestone membership buttons.

BASKETBALL GAMES

The Rockcastle County High School girls basketball team will take on the Livingston 7th and 8th grade team in a game Friday, May 4 at 7:30 p.m. The preliminary game will be between the Livingston 5th grade girls team and the Livingston 6th grade girls team.

Admission will be 50¢ per person.

County Tax Assessment Up \$218,350 Over 1972

Rockcastle's total assessment raised only \$218,350 over 1972's assessment of \$43,229,625 according to the first recapitulation filed by Property Valuation Administrator Robert Cromer, but the figure does not accurately reflect the actual increase in property values in the county over the past year since there is no figure included in the assessment for livestock and farm machinery or for annuities as in years past. These figures were taken from the assessment total after the state who is the only one who benefits from the 1.01% tax (levy) notified Mr. Cromer that the amount of taxes collected by them was not sufficient to justify the book work involved. These two figures, which had always previously been figured in the assessment, brought the total assessment figure down approximately \$4,000,000 from what it would have been had they been left in the assessment.

Other categories of assessment were up considerably over 1971 except Manufacturer's Inventory of Raw Materials which was down \$256,955 to \$811,100. This decrease was due, according to Mr. Cromer, to Kentucky Stone Company moving a quantity of their material out of Sparks Quarry.

This year's breakdown, with last year's figures in parentheses, is as follows: Total real estate \$31,041,150 (\$29,384,930); total tangible personal property \$7,968,195 (\$6,858,405); manufacturing machinery \$289,815 (\$81,710); manufacturer's inventory of raw materials \$81,170 (\$36,125); livestock and farm machinery - taken off (\$3,343,800); stocks and bonds \$2,632,935 (\$2,404,375); annuities - taken off (\$35,605); and bank shares \$931,780 (\$885,215).

Mr. Cromer also reported that there were forty-three new homes built in the county in 1972 for a total assessment of \$715,900 as compared with thirty-seven in 1971.

Other categories of assessment were up considerably over 1971 except Manufacturer's Inventory of Raw Materials which was down \$256,955 to \$811,100. This decrease was due, according to Mr. Cromer, to Kentucky Stone Company moving a quantity of their material out of Sparks Quarry.

Frankfort Watchline

When a party is in power in Frankfort—and it's usually the Democrats—it has the opportunity to spread its doctrine along with truths, half-truths and outright lies.

The public has little chance to understand or analyze what's happening except with the help of news media.

The media is far from infallible and usually bombarded with criticism from sensitive state officials or a misinformed citizenry. It, too, must struggle along trying to sift fact from fiction.

All this is by way of introduction to the administration of Gov. Wendell Ford. If you believe the Ford circle, all goes well indeed. The state is reorganizing its operations, saving money and trying to help the little fellow.

If you believe the critics? Well, at this stage there aren't many because the 1975 governor's race is so far off.

But the factional and Republican outsiders we've talked to mumble about a good show on paper and little else. They complain that Ford is doing things he criticized when running against anyone not considered wholly loyal to Ford and a feeling that state Chairman J. R. Miller dominated much of the operation.

From what we hear among the people, we'd say Ford

remains popular—quite an accomplishment after the governor's first legislative session. But it's impossible to judge performance in comparison with promises at this early stage and we don't have the check to attempt it.

This allows us to back into another topic: reorganization. This was Ford's keystone arch, his great promise, his sincere hope.

Again, we cannot say whether the beginnings of reorganization show signs of brilliance and "the dawn of a new era" as the public relations boys love to say—or whether the effort is largely a magician's entertainment with little importance.

As an example, the governor held a press conference the other day to announce a centralization of computer operations.

He claimed the step would save the state \$5.5 million a year—in actual operating costs plus what the state would no longer have to spend on separate computer systems.

Well, he could easily have said \$5.8 million or \$4.9 million or \$10 million. How can we tell at this point whether figures don't lie or liars figure?

In fact, the administration in our opinion is quite sincere in its guesstimates, but the whole thing isn't due for complete

conversion until late 1974 and by that time everyone will have forgotten the original estimates. We hope this gives you an idea of how much power an incumbent governor has to disseminate his point of view and the opportunities he has to build an image.

It's hard to resist. All governors, whatever their political inclinations and shenanigans, want to leave some sort of memorial. And human nature says it's easier for you to believe you're doing a good job than a mediocre or poor one.

We hope this also gives you an idea of the problems facing the media. There never are or will be enough newsmen to check out all the handouts and claims, to examine financial records, to talk to enough representatives of all sides in a controversy.

Just kidding?—There was an item on which one of our Frankfort colleagues was working just the other day which gives a fine example of the need for checking stories.

It's also a fine example of stories which make governor's grimace and grit their teeth.

The young journalist had talked with John Y. Brown, Jr., and from that conversation came a story that Ford was encouraging Brown to step into the Democratic gubernatorial picture to oppose Lt. Gov. Julian Carroll.

Well, others of us got wind of the story, and we were girding ourselves to do some award-winning political reporting when something the young man said as an afterthought stopped us dead in our tracks:

"I'm not really sure, but Brown may just have been kidding me."

Wake Up—Years ago, then-Governor Bert Combs got wind of complaints that employees in the Dept. of Education were abusing their coffee break privileges.

Some of them, it was rumored, would stay in the

State Office Building Cafeteria for an hour at a time.

"What about that?" asked Combs of Superintendent of Public Instruction Wendell Butler.

"It's not my people," responded the confident Butler. "Why not?" came the Combs retort.

"Well, my people don't take coffee breaks," he patiently explained. "Coffee keeps them awake."

A HEAVY LOAD—Each neatly tied bundle on the desk of Chief Justice John S. Palmore constitutes a single case that must be considered by Kentucky's Court of Appeals. Justice Palmore takes time out from assigning these cases to a member of the court to check a legal point on a case for which he will be writing the opinion. It's a "tall" order, but all in a day's work for Kentucky's highest court. (Photo by Ray Krause)

News And Views From Your Rockcastle Co. Library

Derby time is here. The Kentucky Derby to be run this Saturday, is the oldest horse race that has been run consecutively in the United States. It was first run in 1875 and won by a chestnut named Aristides—who wasn't supposed to win anything! In the following years, many interesting horses have won the Derby, such as Rêgret (the only filly to win a Derby), Black Gold, Whirlaway and Citation. Many famous horses have not won the Derby. Man O'War and Gallant Man are examples. You can read about the horses and the people of the Derby in books such as Bill Levy's *The Derby at your Library*.

Other books about horse racing are:
The Win To Win, by Jane McAlvine. The story of a young American amateur and a flat-track failure named Jay Trump who became the first American pair ever to win the 128 year old Grand National Steeplechase in England. This steeplechase is also the race in the book *National Velvet* by Enid Bagnold.
Twenty Gallant Horses, by C. W. Anderson. A fictional biography of horses such as Man O'War and Seabiscuit.
Man O'War, by Walter Farley. A fictional biography of "the mostest boss that ever was."

Kentucky Derby Festival, a 13-minute color film, shows pre-Derby festivities and the running of the 1964 Derby. This is available to organizations from the Kentucky Dept. of Libraries through your Rockcastle County Public Library.

Food Stamps Vital To Eastern Kentuckians

The Eastern Kentucky Appalachian country is a world unto itself. The land dominates and permeates the lives of the people who live in the heavily wooded, pointed hills and in the deep, almost inaccessible hollows.

For Eastern Kentuckians, the land has been both mistress and master. Appalachia has kept its virgin land preserved by narrow corkscrew roads and it has kept its people bound by a spiritual oneness that defies economic pressures to move on.

Echoes of "no work available" ring from the mountainsides, but people don't want to leave their country. They stay to become a number in the unemployment statistics in Letcher or Harlan or Leslie County. Yet, they have to continue with the work of living somehow.

For thousands of Eastern Kentuckians, food stamps are vital to their existence. "I have many cases who couldn't make it if it weren't for

CLARIFICATION GIVEN—Kelly Miller, right, food stamp worker in the Breathitt County public assistance office, talks with a young woman who has been authorized to pick up food stamps each month for an elderly gentleman too ill to come into the Jackson office. Miller takes a few minutes to clarify procedures required to accomplish official authorization.

the food stamp program," said Lewis Bailey, food stamp certification clerk in Breathitt County. "They have 60 income-food stamps are better and more effective than a cash grant."

Unlike many forms of public assistance, the program does not require that the husband be absent or incapacitated for his family to qualify for food stamp benefits. Although everyone pays something for his food stamps, even if it's only \$18 out of his public assistance grant, the payment is based on the income of the household.

Food stamp coupons spend like dollar bills in most grocery stores. With the exception of imported foods and non-food items, the family can buy the things they need.

According to Kelly Miller, food stamp worker in Breathitt County, "food stamps discourage malnutrition in children. Many people don't budget their money well. At least with food stamps, they do get food."

In an eight county area including Lee, Owlesy, Breathitt, Perry, Clay, Harlan, Letcher and Leslie Counties, the unemployment percentage ranges from 20 per cent in Leslie County to 7 per cent in Lee. "It just kills me for a man to walk into this office," said Mallie Crawford, Clay County food stamp worker. "He tells me, 'I'm looking for a job.' I know he wants to work, but I also know there's almost no work to be had here."

Currently, according to Ms. Crawford, a small group of Clay County people are training for work in a new factory going up in Manchester. "They're working for two weeks without pay," she said. "That's how much people around here want

work." In some cases, the food stamp worker is the only contact a person has with the local public assistance office, the worker acts as a referral agent.

"We try to refer them to other agencies like Health and Mental Health when we see they need other kinds of services," said Ms. Crawford. "We also register them for work if they're able-bodied." The food stamp program requires all able-bodied stamp recipients to register for work. It also requires an interview with the local employment counselor.

There is no employment service office in Manchester. The nearest one is in Corbin, some thirty-five miles away.

"Our people don't have any way to get over there," said Ms. Crawford. "They have to hire someone to drive them or hitch a ride or something."

"It takes pride out of people to come into the public assistance office," Ms. Crawford said. "A man came in here the other day, picked up an application and went right back out the door. Since I knew him and knew he'd been out of work, I called his house and talked with his wife. I found out that he'd gotten up his courage to fill out the food stamp forms, and then just couldn't do it."

All of the food stamp workers would like to be out in the field visiting with their clients, according to Miller, "but we're all overloaded with paper work. We don't have the time to really talk with the applicants. We just have time to get their forms filled out."

LAST CONCERT OF THE
SEASON HELD BY CASTLE
CHORUS

The Spring Concert presented by the Castle Chorus was enthusiastically received by those attending last Thursday's two performances. The Chorus chose "Have Music Will Travel" for the theme of their selections depicting travelling down the avenues of life. Some highlights of the program were Daisy and Harry on their "Bicycle Built for Two," the hometown scene, the

big green frog in the selection, "Joy to the World," and the beautiful harmony of the Chorus.

Mrs. Margie Wilcox, the director, was presented twelve beautiful long-stem roses by the Chorus at the close of the last performance. *****

THIRD BIRTHDAY—Michael Patrick Hansel celebrated his third birthday April 10. He is the son of Mr. and Mrs. Michael Hansel of Mt. Vernon. Grandparents are Mr. and Mrs. Dempsey Hansel and Mr. and Mrs. Herbert Coffey, all of Rockcastle County.

Appointments Announced—Gov. Wendell Ford has named four persons to the state Tuberculosis Commission for four-year terms. Appointees are: Dr. William Anderson, Louisville; Dr. Jesse Bell, Louisville; Dr. J. Sankey Williams, Nicholasville; and Dr. Lloyd Mayer, Lexington. Dr. Thomas S. To The Voters of Rockcastle County

I want to say, in selecting a man for jailer, let's refer to the type of man he should be. Now for president, vice president, Congressman, senators, Judge of the Court of Appeals, you will find they are elderly men. Go to all the jails, whether they are federal, county or state, and see if you don't find elderly men in charge of those jails. It has been proven that these men are best fitted for those offices, that is the record everywhere.

Let's vote for Ivory Anglin for our jailer. Ivory Anglin is a good man, a clever man, a man of intelligence, and most important, a sober man. I believe you will be glad you considered the qualifications of this man.

Fellow Republicans:

On the 29th of the month, we the citizens of our county will make our choice of the person that is to serve as our County Judge.

While campaigning, I find that many of you are concerned about getting a County Judge that will accept the full responsibility of the office, will hold the respect of the law enforcement officers and try the cases accordingly. I believe that this is one of the most important of the County Judge's duties and I promise to do just that. Further, once elected, I promise to not only be judge during the normal working hours of the day but to accept the responsibilities of the Judge's office the whole day.

My belief is that our judge should be concerned with the whole welfare of our people. For example, our funeral homes have announced that they will have to discontinue ambulance service at the end of this year. I believe that a concerned person should be working toward a plan for solving this problem. I believe that it can be solved and once elected, I will seek a cooperative effort toward doing this.

Invest your confidence in me on May 29, and I will repay by being the very best County Judge that I possibly can.

YOU AND THE DRAFT

By Colonel Taylor L. Davidson

The time is right for young men to consider voluntarily changing their draft status. With no draft calls planned and indications that the induction authority will expire on

June 30, 1973, a voluntary change now could make possible fulfilling requirements of maximum exposure to the draft.

For example, a student presently classified 2-S, could voluntarily place himself in the 1-A classification and in a short time become eligible for a "holding classification" into a reduced priority selection group.

Without reclassification into 1-A, any young man with a lottery number below the announced cut-off number of 695 would be required to have a full year of exposure to the military draft.

Facts to be remembered are that the draft has not yet ended and that all who are subject to call must have a year of exposure as potential draftees. If this year can accrue while no draft calls are being made, a young man can place himself in the favorable position of not being immediately available for involuntary military service, should induction become necessary again.

Registration and classification continues. The draft system is being phased into a standby status, but it does still exist and potential draftees should consider the time element seriously.

We strongly recommend that any young man in the same situation, with a lottery number below the announced cut off number, give serious consideration to taking this year of maximum exposure during the time there is no draft. In this way he may be considered for a 1-H classification and reduced priority status.

CIRCUIT COURT REPORT:

Commonwealth Attorney Harold Rogers has announced the following convictions during the March term of Rockcastle Circuit Court.

Jim Jordan, convicted of

disorderly conduct under an indictment charging him with uttering a forgery of a check to George Parsons on April 29, 1971. Punishment was fixed at payment of the check, a fine of the same amount and costs in jail and a fine of \$400.

James Sparks, convicted of driving while intoxicated, reckless driving and failing to yield to an emergency vehicle, under an indictment charging him with the offenses on May 16, 1972. Punishment was fixed by the Court at 30 days confinement in jail and a fine of \$400.

Officers assisting in the investigation included State Detective D. Z. Moore and Troopers Jack Lawless and Glen Dalton.

Eugene Adams, convicted of Breaking and Entering the dwelling house of Lynda Pier-son under an indictment charging him with the offense on November 4, 1972. Punishment was fixed by the Court at two years in the penitentiary. Officers assisting in the investigation included Sheriff Billy Kirby, Lincoln County Deputy Sheriff W. B. McMullin and Lincoln County Sheriff T. J. Hester.

Rockcastle Recollections

By John Lair

If everybody in Rockcastle County had been as history-minded as W.T. (Bill) Davis, the eventual history of the county would have been much easier to write and much more nearly correct. Where too many of the old-timers depended on recollections, Bill put more faith in records. The following account is from notes he kept on Mt. Vernon and its inhabitants in 1886, the year his father, Dr. S.C. Davis, moved with his family to Mt. Vernon to take up his duties as Superintendent of Schools for Rockcastle County.

Here are his notes, as preserved among his descendants, and written under the following title, "Mt. Vernon in 1886. The men, their wives, children, business and professions."

the people company

It's the age of computer companies and manufacturing companies - of punch-card, correspondence and mass production. And maybe that's not all bad, at least in some businesses.

When it comes to our own profession, though, we're against this modern trend. We still think of ourselves as a "people company" - a place where helping is still a personal gesture of human caring.

Consumer Comments

By Ed W. Hancock
Attorney General of Kentucky

Have you ever purchased a household appliance or a piece of family entertainment equipment which was guaranteed for a specified amount of time, only to discover later that the guarantee or warranty was limited in liability?

Many items carry some type of warranty or guarantee, but it is the responsibility of the buyer to understand exactly what the warranty or guarantee promises.

Many manufacturers are becoming more aware of their responsibilities to you, the consumer, because consumers are demanding more accurate information regarding products they guarantee is only as good as his reliability and reputation for making his promise good.

Many manufacturers or distributors limit their liability when writing guarantees. A guarantee can disclaim certain responsibilities as well as state the repairs it will provide. Under the provisions of some, the original warranty can be cancelled if you take the product to an unauthorized repairman for servicing or repairs.

A guarantee means nothing unless it states how long it will be in effect and what it is intended to do.

A service guarantee means very little if there is no authorized service outlet within your vicinity or if the item needing repair must be shipped to a far away factory. The cost of shipping may equal the cost of the item.

There are certain steps you should take when purchasing a "guaranteed" item. Insist on seeing a copy of the guarantee before making the purchase. Read it and ask questions until you thoroughly understand all parts of the guarantee. If the salesman offers additional guarantees, get them in writing.

If you have a consumer complaint or problem, you are invited to call the Attorney General's Consumer Hotline, toll-free, between 8 a.m. and 5 p.m., Monday thru Friday at 1-800-372-2960.
