

School was back in session in Rockcastle County Monday and Tuesday of this week and school children at Livingston Elementary were enjoying seeing friends again at benches. From left, the children are: Angie Senter, Shawn Osborn, Bradley Hurd, Jerry Hubbard, Jimmy Ryan and Charlette

Hoses. All are members of Mrs. Shiver's first grade class. The return was short-lived however as it began snowing Tuesday night and Rockcastle Counties were greeted with several inches of snow on the ground Wednesday morning and more was falling.

The Week at Livingston

By Eva Black

Mrs. Leonard Jones remains a patient in the Somerset Medical Center.

Mrs. C.H. Webb is visiting her sister, Mrs. Francis Taylor in Corbin. Mr. Webb spent one day with them last week.

Mark Loudermilk of Mt. Vernon spent the weekend with his grandmother, Mrs. Carrie Loudermilk.

Misses Josephine and Francis Dickerson were in Mt. Vernon on business last Friday.

Ronald D. Black spent last week end with his mother Mrs. Eva Black. He was enroute from San Francisco, Calif. to Washington, D.C., where he is attending school.

Mr. and Mrs. Bob Loudermilk of Mt. Vernon were Sunday dinner guests of his mother, Mrs. Carrie Loudermilk.

Mr. and Mrs. Elmer Spivey have returned home after spending two months in Florida.

Mrs. Elmer Bennett is one the sick list.

Mr. Michael McClure of Lancaster, Indiana spent the weekend with his parents, Mr. and Mrs. Charles McClure and his brother, Mr. and Mrs. Dale McClure.

Bro. Michael Chism of Winchester filled his regular appointment at the Livingston Christian Church Sunday and was guest of Mr. and Mrs. C.F. Mullins.

Mr. Roy Newcomb, who underwent surgery in a Lexington hos-

pital recently, is improving. Mrs. James McClure was in Mt. Vernon, Thursday.

Mrs. Evelyn Blackburn visited her son, Rudolph Hammond at the Veteran's Hospital in Lexington, Monday.

The daughter of Dolly Barnes Bullock.

She was preceded in death by her husband.

Burial was in the Berea Cemetery.

Elulala Shepherd

Elulala Lewis Shepherd, died suddenly January 31, 1979 at the Mineral Wells, Texas.

She was born at Barnardsville, N.C., in 1904, the daughter of the late Rev. Bergin and Mollie Lewis.

Survivors are: two sisters, Mrs. Blanche Pauloniski of Clear Water, Florida and Mrs. Georgia Marie Temmreck of Williamston, Mich.; one brother, Glenn Lewis of Possum Kingdom Lake, Texas; two sons, Dale and Jack Howard; one daughter, Mrs. Evelyn Wertz of Fort Worth, Texas; 16 grandchildren and six great grandchildren.

She was preceded in death by her husband, Walter Shepherd and by one son, Lewis Howard.

Funeral services were held at the Baumgardner Funeral Home, with burial at Possum Kingdom Lake, Texas.

EMPLOYMENT RATE INCREASED IN DECEMBER

The number of unemployed persons in Kentucky in December was 81,500 people, 7,500 more than in November. The rate of unemployment for the month rose from November's 4.7 percent to 5.2 percent of the labor force.

The national unemployment rate for December was 5.6 percent. Unemployment in the Eastern Kentucky area increased from 16,713 persons in November to 20,821 in December. The rate of unemployment rose from 5.6 to 6.9 percent.

"Seasonal layoffs were responsible for this major increase," said Robert MacDonald, chief labor market analyst for the Department for Human Resources.

Lee County had the highest rate, 12 percent, while Martin County had the lowest at 3.6 percent.

Rockcastle County's unemployment rate for December is 7.3 percent.

your home. The amount of ground beef cooked and served in a week averages 2 1/2 pounds per household. And entrees made with ground beef are served twice a week.

Other findings, from a recent survey, showed one-half of the shoppers interviewed purchase ground chuck or extra lean beef. Regular ground, which by law must contain at least 70 percent lean and not more than 30 percent fat, accounts for only 18 percent of the total ground beef purchased by the sample households.

GOOD CENTS
Dry when little can substitute completely for fresh milk when you're snowbound, is a survival tip from Extension Nutritionists with UK's College of Agriculture. The biggest box is usually the best buy. In case the plumbing freezes up, keep five gallons or more of drinking water on hand in tightly-closed glass or plastic jugs, is another tip.

Little one-year-old Shana N Ichole Rose of Dayton, Ohio, is the great granddaughter of Mrs. Verner Ballinger.

Women and Credit
Every woman should establish a credit rating. Too many women find that if they are widowed, divorced or separated they have no credit rating—even though they are being working and paying bills.

If she does not have a credit in her own name (Jane Doe rather than Mrs. John Doe), she does not have a credit rating. The first thing to do is list department store accounts in both her and her husband's names, open her own bank account, or take out a small loan in her own name and repay it.

Soup Up Winter Meals
During the colder months, way to plan to use "extra" thick, steamy bowl of soup. It's an economical meal because it's a way to plan to use "extra" leftover foods.

It's not difficult to prepare soup. Use a blender to process vegetables for cream soups like bisques, thin cream soups and vegetable broths; and thick, hearty soups like chowders made from meat, poultry, fish and/or vegetables. You may need to thicken some soup to give it more body. Cereals or flour are good choices.

When using cereals, bring the soup to a boil, and reduce the heat again to a simmer as soon as the addition has been made. Stir raw cereal into the soup during the last hour of cooking. For a lighter thickening, add to the original amount of water:

- 1 teaspoon barley and 1 cup water
- 1 teaspoon rice and 1 cup water
- 1 "teaspoon" oatmeal and 1 cup water or,
- 1/4 teaspoon quick-cooking tapioca and 1 cup water.

To thicken cooked soup with flour, add 1/4 teaspoons flour for each cup of soup. Make a past of the flour with twice as much cold stock, milk or water. For example, add 1/4 teaspoons flour to 1 table-spoons liquid. Pour the paste slowly into the boiling soup while stirring. Simmer and stir for 5 minutes.

Make your own cream soups by adding 1 cup of cooked vegetable, meat or fish to 2 cups of thin white sauce. Just follow this recipe:

- Thin White Sauce**
- 1 cup milk
 - 1 tabsp. flour
 - 1 tabsp. fat
 - 1/4 tsp. salt

Melt shortening in double boiler, add flour and salt and stir until smooth. Add milk and cook until thick. Yield / cup.

Cream Soup
Prepare white sauce using milk or a combination of milk and liquid in which the vegetable, meat or fish was cooked. If desired, dice or puree vegetable. Add vegetable, meat or fish and seasoning to hot white sauce and mix. If soup must stand before serving, cover and hold over hot water.

Notes on Energy

Removing Stains
Remove coffee or tea stains from washable fabrics by soaking it in an enzyme pre-soak product or oxygen bleach, according to directions. Use the hottest water safe for the fabric. Or, use a pre-wash stain and stain remover. Launder the garment as usual. If the stain remains, use chlorine bleach if it is safe for the fabric.

Fun Facts About Ground Beef

The Church - The Body

By Austin Mobley, Minister
Providence Church of Christ

The word of God is clear in stating that the church is the body of Christ (Col. 1:18; Eph. 5:23; Eph. 1:22). It just as clearly says there is "but one body" (1 Cor. 12:20; Eph. 4:4; 2:16). Both Jew and Gentile are to be reconciled in one body and we are one body in Christ (Rom. 12:15). If this truth was accepted by the "world" today, many divided conditions would be eased.

We see, then, there is salvation in that body or church. He is the savior of the church. (Eph. 5:31), and eternal life is in the Son (1 John 5:11). All spiritual blessings are in Christ (Eph. 1:3). In the one body the church - we are reconciled to God (2 Cor. 5:19; Eph. 2:16). All the saved are added to the body - the church (Acts 2:47).

We are baptized into that one body (1 Cor. 12:13), or into Christ (Rom. 6:3; Gal. 3:27), in the name of the Father, Son and Holy Spirit (Matt. 28:19), for "there is none other name given under heaven whereby we must be saved" (Acts 4:12).

There are those who say "the church" will not save you; "but they need to turn the subject around and get the truth - that all who are saved are in the church (Acts 2:47). To illustrate, if I said "the sheriff added all the prisoners to the jail," would anyone understand that I mean some were left out? Christ is the Savior of the body - the church" (Eph. 5:22). Therefore, those who are not in the church have no hope of salvation.

Christ was slain on the cross to reconcile both Jew and Gentile in one body (Eph. 2:16). If one denies the need of being in the body or the church, he denies the need of Christ's being slain on the cross. He (Christ) made peace by the blood of the cross (Col. 1:20), but this peace is in the one body - the church.

Christ built His church (Matt. 16:18). He paid for it with His own precious blood (Acts 20:28), and He is "lead over all things" (Eph. 1:22). Thus it is not reasonable to think that He did all this and then declared that one can be saved out of the church as well as in!

Sounds simple doesn't it? Well it is! Men have confused the minds of those who do not investigate the Bible to see if these things are so (Acts 17:11). Are you in the church - the body? Please get in - before it's too late!

Pesticide Training Program Scheduled for Next Monday

Farmers and gardeners in the county who use pesticides may need to attend a "Pesticide Application Training Program" next Monday at 7 p.m. at the Rockcastle County High School, County Ex-

tension Agent Lee Durham said that many pesticides are restricted by the federal government, and people who use them must be certified through such training sessions.

Over 600 Rockcastle-countians have already been certified, he said.

The pesticides can be dangerous to the user if he has not been properly trained. Pesticide poisoning can even cause death, Mr. Durham said.

The lesson lasts about two and a half hours and there are no written tests. Topics covered include labeling, application and handling, pesticide safety, and laws regulating the pesticides.

Mr. Durham said that the Department of Natural Resources and Environmental Protection has announced that pesticide applicators will need certification cards to purchase restricted-use pesticides this spring. Pesticide dealers will be required to keep records of all sales on the products.

Coffee Day is

Alfalfa - The "Queen" of Hay

Alfalfa is the cheapest and best hay crop known. To get a good stand and keep it producing at a high rate is what all farmers want.

Here is a check list on how to get a good stand.

-Use the best drained land on the farm.

-Lime and fertilize according to soil test. When heavy amounts of lime are recommended, put the lime on six months to a year ahead of seeding.

Gary Allen (left) and Jackie Miller are two who are licensed to sell the chemicals pictured above. But you need government certification to buy this and other pesticides and herbicides. If you are certified, you are breaking the law by using these chemicals.

-Prepare a firm seedbed well ahead of seeding time.

-Use certified seed of a recommended variety.

-Inoculate the seed the day of seeding.

-Make your seeding at the correct time. In the spring after March 1, in the late summer, before September 10.

-Seed at recommended rates.

-Cover the seed lightly after seeding. A corrugated roller is ideal if you have one.

-On Spring seedings be sure and wait until full bloom before you cut the first crop.

Seeding rates per acre:

Alfalfa alone - 12-15 lbs.
Alfalfa with Orchardgrass: 10-12 lbs alfalfa and 4-6 lbs. orchardgrass.

Alfalfa with tall fescue - 10-12 lbs alfalfa and 4-6 lbs tall fescue.

Alfalfa with bluegrass - 10-12 lbs. alfalfa and 5-6 lbs. bluegrass.

Alfalfa with Clair Timothy: 10-12 lbs. alfalfa and 3-4 lbs. Clair Timothy.

Alfalfa with smooth bluegrass 10-12 lbs alfalfa and 10-12 lbs. bromegrass.

Pesticide Applicator
Training Meeting
Private pesticide applicators

who have not yet been certified to buy and use "Restricted Use" pesticides as required by law, will have an opportunity to become certified by attending a "Pesticide Applicator Training Program" which will be held Monday, February 12, 1979 at the Rockcastle County High School (Vo-ag classroom) beginning at 7 p.m. There is no fee or test involved in becoming a "Certified Private Pesticide Applicator"; just attend the training meeting. It will take about two and one half hours of your time.

If you have already attended a meeting and received your certification card, you need not attend this meeting.

Forage Production Meeting

Mr. Kenneth Evans, Forage Specialist from the University of Kentucky College of Agriculture, will be at the Rockcastle County High School (Vo-Ag classroom) on Monday, February 19, 1979 at 7:30 p.m. for a very important meeting on forage production.

Mr. Evans will discuss such topics as: Forage Programs That Result in An Abundance of High Quality Feed Throughout the Season; Efficient Use of Hay and Pastures; Importance of Pasture Renovation; Topdressing Pastures; and Use of Forages Through a Livestock Program. He is well

qualified to discuss these topics and to help you with your forage problems.

This is your invitation to attend the meeting.

ARCHERY CLUB TO MEET

The Rockcastle Archery Club will have its regular monthly shoot Sunday, February 18 at 1 p.m. at the Sparks Quarry. On Sunday, Feb. 25, the Club will compete with the Archery Club of Piqua, Ohio also at Sparks Quarry. The club with the highest points after two meets will get to keep a large trophy until the rematch next year. Last year, the Piqua Club won.

Kit Carson:
Monarch of the Prairies

by Lynn Evans

Kentucky's Christopher "Kit" Carson just possibly was the best, and maybe the likeliest, guide, scout, Indian fighter and soldier in the Far West during the first half of the 19th century. "Short of limb," as one eyewitness reported (5'8", 125 lbs.), for over 40 years he led parties through rough mountains, waterless deserts and hostile Indian and Mexican territories.

Carson, one of 10 children, was born in Madison County, Kentucky, on Christmas Eve in 1809. When he was 3 years old, his family moved to Missouri. He was apprenticed to a saddler at age 16 but ran away to Santa Fe after a year. He was a trapper and Indian fighter for several years, with a reputation for being fearless and trustworthy. Indians often stole fur pelts and horses of the hunters, but Carson would take a party of his best men and almost always recovered the goods. The Indians called him "Monarch of the Prairies," while the whites named him "The Pathfinder." He became the official hunter for Fort Bent. While he was there he married an Arapaho girl. They had a daughter whom he took to St.

Louis to be educated after her mother died. While there he met John Fremont, who hired him as guide for the United States government to explore and map the Far West.

He helped on three successful expeditions for Fremont.

When the Mexican War broke out, the Americans captured many towns in the California territory. Carson was sent to carry the news to the President in Washington, D.C., but on his way he was intercepted by a General Kearney, who ordered him to return to California with Kearney's party. They were attacked by

Mexicans and found themselves in desperate need of reinforcements from San Diego. Carson, Lt. Edward Fitzgerald and a young Indian boy volunteered to go for help. They traveled barefoot all the way to keep from making any sounds. By the time they reached San Diego they were starving, exhausted and barely clothed. Carson almost lost his feet because they were filled with thorns. Kearney's troops were saved by the reinforcements and the General went on to capture Los Angeles. Carson was sent to Washington to report to President Polk. While there, Carson found, much to his annoyance, that crowds would gather around him, for reports of his deeds had spread throughout the capital. Polk gave him letters to take back with him. Carson, therefore, became the first person to carry mail straight through from Washington to California.

Having by now married a Spanish woman by whom he had seven children, he tried some new ventures to make money to support his family. One was driving 6,500 sheep from Taos to Sacramento, netting him a good profit from the sale.

He was made an Indian agent dealing mainly with the Utes in Taos. When the Civil War broke out, he joined the Union Army and was brevetted a brigadier-general of volunteers in New Mexico.

Carson was trampled by a horse in 1860, an accident from which he never fully recovered. When he went East to work on some Indian treaties, he sought medical help but nothing could be done. In 1868 he was taken to Fort Lyon, Col., where he died on May 23.

School Board Okays Entrance Age Changes Decreed by State

By Jane Kundtz

A new state law has changed the entrance age for first grade and kindergarten. School Superintendent Charles Parsons explained to the Rockcastle County Board of Education at its regular meeting Tuesday night.

Children must be six years old by September 1, rather than December 31, to enter first grade and five years old by September 1 to enter kindergarten in fall, he explained.

"However, parents may request their child be given a readiness test and, if the child makes the approved scores, he will be permitted to enroll this fall," Mr. Parsons said.

The Board voted to approve the Test of Basic Experiences (TOBE) to be administered to such children, with the passing score set at the 50th percentile (average) or above.

Application for the test must be made to the school superintendent by March 1, 1979. The tests will be administered in the schools before May 1, 1979.

In other business, Mt. Vernon's fire chief John Cox told the board that there is a chance to increase fire protection for the high school and the vocational school because of the current construction of the Rockcastle Multi-County Industrial Park.

He recommended that two hydrants be installed on the school campus and that water lines be changed to six-inch to accommodate the hydrants.

"When they built the schools, they didn't think in terms of fire protection," he said, explaining that firemen could probably not get sufficient pressure from the existing three-inch lines in case of a real emergency.

The board voted to have the industrial park's contractors install the hydrants at a cost of under \$3,500. If the project costs more than that, the board would have to take bids on it.

The board accepted a bid from A. F. St. Clair for \$10,963 to install a furnace at Brodhead School. It

Nineteen 'Snow Days'

Taken This Year

Rockcastle schools have been closed 19 days as of Wednesday, Supt. Parsons said because of winter weather.

"We are actually in pretty good shape," he said. "If we don't miss many more days, summer vacation would begin at the end of May."

He said the governor has the authority to declare five calamity days but it was uncertain that he would.

Schools here started August 10 in case they had to be closed this winter.

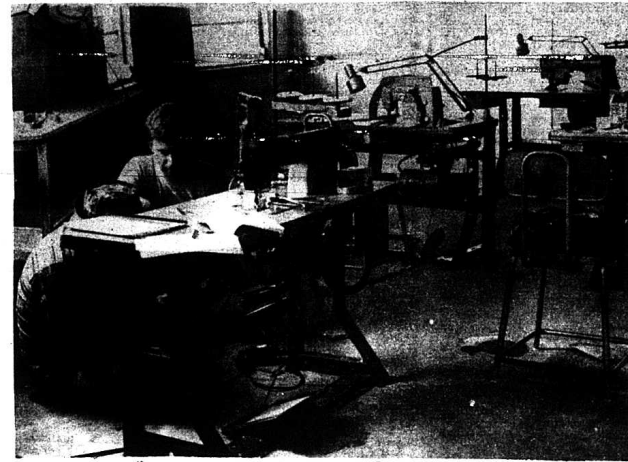

Venters Sworn In As District Court Judge

Chief Justice of the State Supreme Court John S. Palmero, left, congratulates District Vendors of Mount Vernon after his swearing-in as District Court Judge for Rockcastle and Pulaski County Tuesday.

Somerest attorney Daniel Venters, age 28, was appointed by Gov. Julian Carroll to the District Court judgeship for Pulaski and Rockcastle counties. He was sworn into office this week.

Officials at the Rockcastle District Court expressed relief Thursday when the new judge was appointed. There had been a backlog of over 100 cases when the court here was without a judge for almost six weeks. Judges Lewis Hopper and Robert Dyche of the 29th District had been presiding

Sewing Machines - but not like the one you may have at home - were being set up this week in Mt. Vernon for a pilot project of Rockcastle Manufacturing Company. The machines were imported from West Germany.

Pilot Plant in Mt. Vernon Gears Up To Train Garment Workers for Factory

Twenty sewing machines, huge bolts of cloth, cutting table and other machinery have been installed in the Eaton Building in Mt. Vernon by the Rockcastle Manufacturing Company. The company is setting up a pilot plant in the warehouse-type building, until its regular building is ready at the Rockcastle Multi-County Industrial Park.

Lee Gloschen, plant supervisor, said it will cost about \$10,000 to set up one person as a sewing machine operator.

"Some of these machines cost more than a car," he said, "and it takes about \$3,000 to train someone."

The sewing machines are such heavier than home models and are being imported from the Pfaff Company of West Germany. Robert Matysic, vice president of the Kennedy Sewing Machine Company, sold the equipment and is helping install the machines.

"They are first-class and built with the comfort of the employee in mind," he said. Most of the machines can do just one operation—such as putting on buttons, hemming, or sewing pockets. They are fully automatic—they thread themselves and cut the thread after sewing.

The material is heavy-duty permanent press, mostly colors navy blue. Mr. Gloschen said that the company will be making work pants of a sturdy variety able to

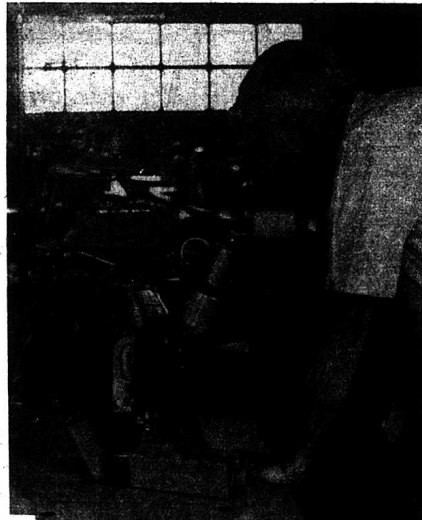

withstand 55 washings.

The pants will be worn by automobile plant workers, among others, employed in companies all over the United States. White uniforms for hospitals and bakeries will also be manufactured in Mt. Vernon.

Mr. Gloschen said that the factory should be built by April 1, and will employ 200 people, mostly sewing machine operators. There will be a cutting room with 40 operators. At full production, Rockcastle Manufacturing will

produce 2400 pairs of work pants per day.

Mr. Gloschen, a native of Kansas City, has had 18 years experience in garment manufacture. He was an assistant manager with Levi Strauss Company, as well as manager of firms that manufactured women's coats and small boys' pants. His company, Unified Management Consultants, was hired to set up the manufacturing operation in Mt. Vernon by a large, Cincinnati-based corporation.

Lee Gloschen tinkers with one of the twenty new sewing machines to be used in Rockcastle Manufacturing Company's pilot plant. The company will be making heavy-duty work pants.

Fiscal Court Agrees to Help Sheriff's Office Meet Staff Expenses

The Rockcastle Fiscal Court held their monthly meeting Tuesday and once again faced a request from Sheriff Henry Lee Abney's office for some financial aid.

Sheriff Abney was at the meeting to ask the court for help to pay his secretary and deputy. Abney said that last year he had to borrow \$12,500 to operate his office on and that there was just not sufficient revenue to run the office properly.

Robert Robinson, trial commissioner, also spoke to the court on behalf of help for the Sheriff's office. He said that a check of surrounding counties showed that most of them aided their sheriff's office financially a great deal more than did Rockcastle County. At present, the county gives the Sheriff's office \$110 per month and the

\$35,422 from collection of taxes, etc. Robinson told the court that Jackson County pays the salary of the sheriff's secretary and the salary of a county patrolman plus gives the Sheriff's office an allowance for office supplies, uniforms, their cars, etc.

The court at first decided to further study the matter and make a decision about how much to set up in the budget; but, after Deputy Sheriff George Coleman appeared before the court and requested the court give him a decision then as they had promised in their January meeting, the court agreed to put \$6,000 into the 1979-80 budget for the salary for the Sheriff's secretary.

In other business, the court heard a recommendation from Bill James, vice president of the Rockcastle County Jayces, that a per-

Architect Gives Design For Livingston Project To House the Elderly

A \$330,000 housing project for the elderly in Livingston is moving out of the planning stages. A Lexington architect is currently working on design plans, which will be submitted by a developer for funding through the Farmers Home Administration.

The city has acquired a site for the housing through a grant from the U.S. Department of Housing and Urban Development (HUD). The site is located below Poynter's Store on Main Street.

Architect Steve Graves, of Graves, Sherman Corporation, said that the hills in the area have required him to think creatively to come up with a good housing design.

"The site has several idiosyncrasies," he said, "that require a very creative approach."

The apartments will have one bedroom each, separated from a living area. There will be kitchen with an adjacent dining room, and each unit will be air conditioned and have a garbage disposal. Each will have a large walk-in closet.

Mr. Graves said that there will be two stories in each building, and each level will have four apartments each.

Mr. Graves was one of several architects competing to design the Livingston project. He has designed restaurants in Lexington, including T.G.I.F.'s.

Developer Bob Flowers of Lexington is currently making application to the FHA, according to Bertie Rice, mayor of Livingston.

Livingston Bids Accepted

The city of Livingston accepted bids from contractors for the resurfacing of sidewalks in the moneyown area, and for rehabilitation of a house.

J.C. Construction of London will be replacing and resurfacing sidewalks at a cost of \$17,000. Mrs. Bertie Rice, mayor, said they will start work as soon as the weather permits.

The substantial house will be insulated, repaired, and wired for electricity, according to Mrs. Rice. Boggs and Harris of London was awarded the \$7,800 contract.

Mrs. Rice said that about five other houses will be rehabilitated using money from a government grant of \$109,000. Part of the money has been spent to acquire a site for public housing.

Rockcastle County's Jayces elected officers Monday evening and they are pictured above. Seated, from left: Bill James, interim president; Gary Allen, president; Tony Hopkins, director. Standing, from left: Roy Adams, secretary; Willard Bullock, external vice president and Keith Smith, director. Absent were Sam Ford, director and Danny McKinney, treasurer.

ASC Office Will Hold Election By Mail Ballot February 6-16

A list of names of all known eligible persons to receive ballots in the upcoming annual ASC committee election is available in the county ASCS office, reports Delmer New, Chairperson of the Agricultural Stabilization and Conservation (ASC) committee.

ASCs, an agency of the U.S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farmer-elected committee system. This year's election will be by mail ballot between Feb. 6 and Feb. 16.

Anyone who meets the following requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, tenant, or sharecropper who is eligible to participate in

any SCS program. Several general provisions relate to ASC voter eligibility. A wife who operates a farm with her husband can vote if her name is on the deed of conveyance. Any person under 18 years of age can vote if he runs a farm, and a legal guardian who runs a farm for a child can vote for the child. No person can be denied the right to vote because of race, sex, color, religion or national origin.

A person may cast a ballot in any county in which he is an eligible ASC voter, but he or she cannot vote in more than one community in the county. If an eligible voter has separate farm interests in more than one community in the same county, special care will be taken to see that only one ballot is issued to that voter.

The court also agreed to accept maintenance of the access road to be constructed by the Department of Transportation at the industrial site and agreed to advertise for bids to tear down the old skating rink at the Brodhead Fairgrounds. Mr. Patton told the court that an architect had looked at the building area. It was his opinion that remodeling the building would be more costly than construction of a new one. The court also decided to install at least three security lights at the fairgrounds.

Legislative Report

By Harold DeMarcus

In separate actions both the House and Senate passed bills that would remove the sales tax from residential utilities. House Bill 43 will most probably be the legislative measure that becomes law, because it more closely defines the General Assembly's intent.
 The removal of the sales tax on residential utilities is a step toward providing some much needed tax relief and the Republican cause has been supporting this tax cut since 1974 and we are happy to finally achieve this goal.
 However, House Bill 43 is not all that was hoped for, because the sales tax will remain on residential telephone bills. The Republican caucus attempted to incorporate floor amendment #3 into House Bill 43 to remove residential telephone bills from the sales tax. It is our feeling that this is something the people want and need but once again there was a majority of legislators who assume the people will just forget and that is why a vote of 43 to 38 telephone bills will continue to be taxed.

This special session was called for one specific purpose, that being to give the hardworking people of Kentucky some tax reductions. And the one tax that should be reduced before anything else is the state's income tax. It is without question the most unjust tax of all not only does it place a severe burden on the most meager of wage earners but it provides loopholes and tax shelters for those in the higher income brackets.

During the first two weeks of this session the democrat caucus fiddled around and blocked the committee system in order to form a tax cutting platform. At a cost of \$28,000 a day they came up with a watered down version of the House Republican platform, which we have had prepared since November 25, 1978.
 We introduced House Bill 29 that seeks to increase the standard deduction for an individual taxpayer \$200 per year for the next five taxable years. Also, I have introduced House Bill 8 which would extend individual income

tax benefits currently enjoyed by persons aged 62 and older.

Several democrat legislators introduced their token bill in the form of House Bill 48, which would increase from \$650 to \$850 the standard deduction an individual may take from his adjusted gross income. They were able to get this bill before the Appropriations and Revenue committee, which is controlled by the present administration. In a close vote the administration's allies decided to pass over House Bill 48, their reason was given that they needed until 1980 to study the measure. Well, there is nothing to study, either you want to give the people tax relief or you don't. Apparently the administration doesn't.

Before this session adjourns there will be another attempt to get legislation passed that will reduce the Commonwealth's income taxes. But as stated before, if something passes, you can be sure that it will only end up in the bucket compared to what the citizens of Kentucky deserve.

On the same day that the income tax bill was laid away to be studied by the Appropriations and Revenue committee, the administration forced the passage of House Bill 40, which will create a new bureaucracy to administer the Kentucky Horse Park in Lexington.

There are 100 members of the Kentucky House of Representatives and of this number only 22 are Republicans. On January 26, 1979 the democrat legislators refused to even vote on a bill that would reduce income taxes, while at the same time they passed a bill which will appropriate a substantial amount of your tax dollars to form a new bureaucracy.

Of note is the fact that after months of elaborating on the subject, I have convinced the Appropriations and Revenue committee to stop the funding of PEBSCO. It has been my contention that they do absolutely nothing and yet PEBSCO was to have \$90,000 appropriated to finance its function. Since PEBSCO has not been able to provide any documentation of work being done, they should not be allowed to waste your tax dollars.

Additionally, I would like to express my appreciation to all those concerned citizens for their response to the opinion poll. It illustrates a fact that will be well known to the people of the 80th district care about the quality of Kentucky's state government.

Letter to the Editor

[Ed's Note: The following letter was received this week in response to an advertisement which appeared last week's Signal by Joe Lambert, Republican Candidate for State Representative.]

Editor, Mt. Vernon Signal
 Mt. Vernon, Ky. 40456

Dear Editor:

I noted in your paper an advertisement by one Joe Lambert concerning the actions of the Appropriations and Revenue committee on January 25, 1979 which stated that Representative Harold DeMarcus failed to vote on House Bill 48 during that particular meeting. As you are aware, this office during the session is the Constitutional guardian of all committee minutes and, therefore, we would like to respond.

We have reviewed the minutes and have attached a copy hereto for your information. Our review revealed:

- (1) There was no affirmative motion to approve HB 48.
- (2) There was no motion to send HB 48 to the floor with or without a recommendation.
- (3) There was a motion made by Representative Donnermeyer to "pass over" the bill for more comprehensive study during the interim." The motion to keep HB 48 in committee passed with eight yes votes.
- (4) On the motion to keep HB 48 in committee Representative DeMarcus is recorded as passing, along with three other committee members.

Even if there had been an effort to move HB 48 to the floor, it would have required nine affirmative votes. Therefore, Mr. DeMarcus' pass vote simply indicated that he chose not to vote to keep HB 48 in committee. I trust this will satisfactorily clear up any misconception created by the published report.

It has been a privilege to have had the opportunity to work with Representative DeMarcus over the years. His dedication to the legislature and to the people has stood as an inspiration to all of us.
 If my office can be of further help to you and to your readers, please do not hesitate to contact us.

Sincerely,

Sara Bell
 Chief Clerk
 Ky. House of Representatives

(Printed below is the portion of the committee meeting dealing with HB 48.)

Mr. Clarke then recognized Representative Bill Weinberg who stated he had come to speak in favor of HB 48. Mr. Weinberg explained that this bill amended KRS 141.081 to increase the standard deduction an individual could deduct from his adjusted gross income from \$650 to \$850. He went into further detail regarding the bill. Upon conclusion of his remarks, Mr. Clapp stated that he believed the Democratic Caucus had decided to wait until 1980 to consider this bill, decided to study it further during the interim. Mr. Weinberg responded this was true, but that since the vote had only

been 25 to 17, he felt the Committee should either vote it out favorably, or unfavorably, giving the members of the House an opportunity to discuss it on the floor. An extended general discussion followed regarding the merits of the bill and of Mr. Weinberg's suggestion, after which Mr. Donnermeyer moved to pass over the bill for more comprehensive study during the interim, seconded by Mr. Clapp. This motion passed with eight yes votes, four passes and four voting "no." Mr. Weinberg then stated that Mr. Ellerkamp from the Taxpayer's Action Group, was present and would like to make some remarks regarding this bill. Mr. Clarke invited her to speak.

GED Test To Be Given At SCC

The General Educational Development Test (GED) will be given on Saturday, February 10, 1979 from 9 a.m. to 5 p.m. at Somerset Community College. The test for high school equivalency and covers the subjects of writing skills, social studies, natural sciences, reading skills and mathematics. It will take most of the day to complete the test with a break for lunch. (If snow and ice conditions exist on roadways, an alternate date-Saturday, Feb. 17, 1979 will be used for the testing.)

Anyone wishing to take the test may do so by obtaining an application from the local county and independent school superintendent's office. Applicant must be at least 17 years old and have been out of school for a period of one year or the class of which he was a member must have graduated. The GED Test cannot be administered without proper application. Applicant must also bring with him some form of identification. Test fees is \$7.50.

Testing procedure is hastened if the applicant will call the college and give his or her name. The number to call is 678-8174. Persons who need to retake portions of the test can come in at any time during the testing date.

EKU OFFERS WARM-UP FOR SUMMER

High school seniors graduating this spring can jog into a college atmosphere in a special program at Eastern Kentucky University, June 25-August 3.

College Warm-Up will offer students seven college credit hours prior to their freshman year, according to Dr. James K. Libbey, director of the program now in its second year.

Credits earned can be transferred to another college or applied directly to a degree program at Eastern.

Information about enrolling in the College Warm-Up program may be obtained from Dr. Libbey, who is an associate professor in the Department of Learning Skills.

Registration will be held on Eastern's campus at 9:00 a.m. in the Grise room of the Combs Building, June 25.

The Biggest Problem in Kentucky Government is Waste. Let's Work to Stop it Now.

Even with record high taxes, waste in state government grows worse. I intend to work to eliminate unnecessary services and cut the frills, including unnecessary trips at state expense by elected officials.

It's time we make sure our tax dollars are spent for education, highway improvement and necessary state services. It's also time we created meaningful jobs for our citizens and supported our farmers with new markets.

We must get the most for our tax dollars. Let's work together to stop waste now.

SCS Taking Applications For RAMP February 20 - 23

NOTICE OF INTENTION TO MINE

In accordance with the provisions of KRS 350.055, notice is hereby given that PS Mining Co., Rector Valley, Ky. 40473, intends to file an application for the surface disturbance mining of approximately 10 acres, located southeast of Cooksburg in Rockcastle County.

The proposed operation is approximately 1.2 miles south of State Route 1655, junction with an unnamed county road and located west of Trace Branch at latitude 37 degrees, 23 minutes and longitude 84 degrees, 9 minutes, 41 seconds. The surface of the area to be mined is owned by Joe Daugherty.

A brief description of the kind of mining activity proposed is: surface mining by the contour method. The application will be filed at the Bureau of Surface Mining, Reclamation and Enforcement, London Area Office, P.O. Box 611, London, Kentucky 40301.

Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described surface mine, should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. A copy of the newspaper clipping must be attached to the written objection.

NOTICE OF INTENTION TO MINE

In accordance with the provisions of KRS 350.055, notice is hereby given that Ikerd-Bandy Company, Inc., Box 246, Ferguson, Kentucky 42533 intends to file an application for the surface disturbance mining of approximately 85 acres, located south of Pongo in Rockcastle County.

The proposed operation is approximately 1.5 miles southeast of State Route 1249's junction with Buffalo Branch Road and located west of Rockcastle River latitude 37 degrees, 12 minutes, longitude, 84 degrees, 18 minutes, 52 seconds.

The surface of the area to be mined is owned by Ruth Pearson, Lula Conley and Calvin Mize and Madeline Zava Graves. A brief description of the kind of mining activity proposed is: contour stripping utilizing hollow fills for spoil placement.

The application will be filed at the Bureau of Surface Mining Reclamation and Enforcement, London Area Office, P.O. Box 611, London, Kentucky 40301. Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described surface mine should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. A copy of the newspaper clipping must be attached to the written objection.

Notice is hereby provided pursuant to 30 CFR 715.13 (a) (10) and KRS 350 that the proposed post mining land use does not constitute a change from the pre-mining land use. Public comment regarding a proposed change in land use may be submitted to the address listed above.

The U.S. Soil Conservation Service in Lexington announced today that local field offices will be taking applications for the new Rural Abandoned Mine Program (RAMP) from February 20 - 23.

"Interested individuals must apply for RAMP assistance at the local SCS offices in the 44 RAMP designated counties," according to Glen E. Murray, SCS state conservationist for Kentucky. Murray pointed out, "Within some limitations, people who own or control nonfederal land that was mined and left abandoned or unclaimed, reclamation before August 3, 1977, which has no continuing responsibility for further reclamation, and is not under lease for coal mining may be eligible for cost-share assistance."

"At this point in time we are interested in identifying specific areas which could qualify over the life of the program. People must realize that we won't be able to rush out and alleviate all of the problem areas."

"The reclamation process will not be an easy one in a vast majority of cases," he warned. "Each site is different. We want to be able to do the best job that we can considering the limitations of the financial and technical assistance available for the program's 15-year life span."

"Under the established guidelines each application will undergo a screening process by the local district conservationist and the respective county's conservation committee board or local reclamation committee before projects are submitted to the state reclamation committee."

During the screening process eligibility, main benefits, acreage, and cost-share rates will be determined. Cost-share rates vary from 25 to 100 percent, depending on the number of acres and whether or not it is a life span.

Notice of Request For Highway Design Approval

The Bureau of Highways is finalizing plans for the following project: Rockcastle County - OS 102-P37A-CB11; OS 803 (3) on Cupps Challenge-Broadhead Road (CR 1372)-Bridge and approaches on CR 1372 over Long Branch Creek, approximately 9.3 miles north of U.S. 150 in Broadhead, a length of 0.04 mile. The road will be closed to traffic during construction.

This section of highway will be improved in cooperation with the Federal Highway Administration and financing of construction will be 70 percent Federal and 30 percent CRA funds.

A request for Design Approval of this project has been submitted to the State Highway Engineer. The project has been declared a non-major Federal Action and as such does not require the preparation of a formal environmental impact statement.

Maps, plans and other relevant project data may be inspected and copied at the Bureau of Highways District Office on South US 27 in Somerset, Ky, between the hours of 9:00 a.m. and 5:00 p.m., Monday through Friday.

J.H. Sturgill District Engineer Bureau of Highways Dept. of Transportation P.O. Box 780 Somerset, Ky. 42501

not the main benefits are to the public or the applicant.

"Funding of projects will be based on the benefits' category and priority assigned," the SCS official said. "First priority will be situations which present a clear danger to threat to life and property. Second priority will include less dangerous problems posing long term hazards to public health, safety and general welfare. A third priority will apply to situations that continue to degrade the environment and prevent beneficial use of the affected area."

"Reclamation projects under RAMP will be coordinated closely with reclamation activities of the State Bureau of Surface Mining Reclamation and Enforcement," said Murray.

"For more information, contact your local SCS office, in the Rockcastle Courthouse in Mt. Vernon."

Fairview

By Mrs. Hubert Chasteen

Worship services were held at the Fairview Baptist Church over the weekend. Sunday School attendance was 89.

Baptismal services were conducted Sunday night with two for baptism. We thank God for them.

Our deepest heartfelt sympathy is extended to the family and loved ones of Mrs. Berta Stephens of Seaford, Ky. who died January 25. Bless her heart, she was a wonderful neighbor of ours and we loved her and her family dearly. She will be greatly missed in this community. May God comfort her loved ones in their sorrow. Our prayers are for them.

Mrs. Poncie Alexander of Berea is a patient in the Berea Hospital. May God bless her to well again soon.

Mrs. Joyce Seals and daughter Kim of Berea visited her parents Mr. and Mrs. Hubert Chasteen, last Friday.

Eugene Alexander and son Kenny visited their grandson, Dwayne Spires and his cousin, Steve Richmond of Berea.

Mrs. Beverly Breck and son Brian of Berea were Sunday dinner guests of her parents, Mr. and Mrs. Cletus Peters.

Mr. and Mrs. Eugene Alexander and son Kenny visited Mr. and Mrs. Bill Patrick recently.

We wish all you folks who are ill a speedy recovery.

Mrs. Joyce Seals and her husband had cold weather for a month now and most of us stay home as much as possible. But we thank God for the many blessings of life and try to not complain too much.

Remember church and Sunday School. Teach your children about Jesus and love them as much as you can. They can't be loved too much. Bless their hearts, they are precious.

God bless everyone of you wherever you are.

Invitation for Applications for Section 202 Fund Reservations

The Department of Housing and Urban Development will accept applications for newly constructed and/or substantially rehabilitated housing units under the Section 202 Direct Loan Program for Housing for the Elderly or Handicapped.

Section 202 direct loan authority in the amount of \$4,104,000 for metropolitan and \$4,836,800 for nonmetropolitan areas is being made available to the Louisville HUD office jurisdiction to finance

an estimated 103 units for metropolitan areas and 121 units for non metropolitan areas for the elderly or handicapped. The areas listed below within this Louisville Office jurisdiction, have been identified as to where additional housing for the elderly or handicapped is warranted based on the goals expressed in local housing assistance plans. Applications from the designated areas for the amount of units indicated will be evaluated first, and only in the

event that an insufficient number of approvable applicants are received from the designated allocation areas, all applications from other areas be considered for approval. Notwithstanding the above preference for applications received for a designated allocation area, applications for housing designed exclusively or primarily for the nonelderly disabled or handicapped from any located in Kentucky will be accepted and evaluated.

ALLOCATION AREA	ESTIMATED NO. OF UNITS	AMOUNT OF LOAN AUTHORITY	HOUSING TYPE (NEW OR REHAB)
[Metropolitan Area]			
Henderson, Davies and Christian Counties	103	\$4,104,000	New or Rehab.
[Nonmetropolitan Areas]			
Western Allocation Area	80	\$2,398,600	New or Rehab.
Eastern Allocation Area	61	\$2,438,200	New or Rehab.

Counties included in the Western Allocation Area are: Ballard, Caldwell, Callaway, Clark, Hancock, Hickman, Hopkins, Livingston, Lyon, Marshall, Muhlenburg, McCracken, Meigs, Ohio, Todd, Trigg, Union and Webster.

Counties included in the Eastern Allocation Area are: Bell, Breathitt, Clay, Floyd, Harlan, Jackson, Johnson, Knott, Knox, Laurel, Lee, Leslie, Letcher, Magoffin, Martin, Perry, Pike, Rockcastle, Whitley and Wolfe.

Section 8 funding will be continued on the availability of that funding. Additionally, any application involving new construction which requires the use of over \$3,833 in Section 8 funding, per unit, per year must be accompanied by a detailed analysis and justification for the coverage. The corresponding per unit, per year limit for applications involving substantial rehabilitation is \$3,993. The fundability of projects which do not comply with these benchmarks is not known at this time.

County Judge Executive Hubert Thacker declared Feb. 11-17 as "Future Business Leaders and Vocational Industrial Club" week. With him, from left, are: Susie Burke, P.M. FBIA president; Shelby Fathergill, commercial education teacher; Jennifer Gentry, A.M. FBIA president and state secretary; Wendell Martin, representing VICA (vocational school clubs).

Vocational Week is Feb. 11-17

Members of the Future Business Leaders of America and the Vocational Industrial Clubs of America are playing 'n' outstanding role in assuring the future progress and prosperity of Rockcastle Co.

It is vital that in our complex society we train and continue to train young people in the area of business and office education and other skills to fill the increased demand in this area.

These young people are secondary and postsecondary students who are preparing for careers. This intense interest in our business world will continue to grow and improve. These clubs have provided the valuable service of developing leadership, encouraging cooperation, promoting good citizenship, teaching up-to-date business information, and inspiring patriotism among its members.

County Judge Executive Hubert Thacker signed a proclamation Tuesday, designating the week of February 11-17 as Vocational Week in Rockcastle County in conjunction with National Vocational Education Week.

USDA ADJUSTS PAYMENT FOR SCHOOL LUNCH AND BREAKFAST PROGRAMS

Federal payment to states for the school lunch and breakfast programs have been increased. Carol Tucker Foreman, assistant secretary of the U.S. Department of Agriculture has announced. The payments reflect a 4.8 percent increase in the Consumer Price Index for food away from home for the six-month period of May to November 1978.

Effective Jan. 1, the national average payment for the school lunch program increased from 15.25 cents to 15.75 cents for each lunch served. Within that average, states are authorized by the agriculture department to vary the rate paid to schools up to a maximum of 21.75 cents per lunch. The additional average payment for lunches served to needy children increased from 68.25 cents to 71.50 cents for a free lunch. The maximum total reimbursement states may pay schools has been increased from 98.5 to \$1.0225 for a free lunch.

FALL TOURNOUT

Forty-two percent of Rockcastle's Democrats compared to twenty-seven percent of the Republicans voted in the November 7, 1978 election. The overall turnout for all voters was 30.7 percent, a figure that Irene Bales, county clerk, called low.

Brown precinct had the highest turnout, 42 percent, Orlando's was the lowest with 22 percent.

Rockcastle has 1,542 registered Democrats and 660 voted. Of the 5,240 Republicans, 1424 voted.

Dave Jackson Lodge No. 731, F.A.A.M., Livingston, Kentucky, elected the following officers on Dec. 27, 1978. Pictured from left, front row, are: Walker Morris, Secretary; Kenneth Higgins, Sr., Steward; Elijah Clark, Sr., Warden; Bob Stokes, Master; David Bales, Jr., Warden; G.F. Mullin, treasurer. Back row: Everett Higgins, Tiler; Mosley Ed Cummins, Jr., Steward; Donald Mink, Jr., Deacon; Raleigh Stokes, Sr., Chaplain and Bill Mason, Sr., Deacon.

Sign-Up Time is Now To Participate in Feed Grain Program

Farmers who plan to participate in the 1979 Feed Grain, Wheat program can begin sign-up on February 15, according to Delmer New, **WILL FIX BRIDGE**.

Long Branch Bridge and the approaches to it will be repaired this summer, according to John Sturgill, District Engineer, Bureau of Highways.

About four-tenths of a mile of County Road 1372 is involved. The road is one-third of a mile north of US 150 near Brodhead.

The Department of Highways is currently requesting approval for the bridge's design. Mr. Sturgill said. Construction will take place this summer, and the road will be temporarily closed.

The federal government pays 70 percent of the cost of this project.

IN MEMORY

of Mrs. Liddie Reppert, our precious mother who passed away Feb. 6, 1975.

Our Mom has been gone four years but fond memories live so vividly in my mind. I remember the good prayers she used to pray in church, and how she loved people, especially children. She was the mother of thirteen children. Our father died Oct. 13, 1956 and Mom was very lonely after his death.

I thank God for blessing her to live for almost 81 years. I treasure the time she spent in our home and being with our grandchildren. I speak of her often to me. I want them to always remember her.

She spent the last two years of her life at the home of Mrs. Edna Mae Singleton in Mt. Vernon. I appreciate so very much the good care she gave our mother. God bless her.

I hope and pray when our life here is over all thirteen of the Reppert children will meet Mom and Dad in Heaven.

A loving daughter,

will be the 41st annual Lincoln Club Banquet.

Congressman Tim Lee Carter will head the list of elected Republican candidates for state wide office who are also expected to attend.

Tickets for the banquet may be purchased from County Republican Chairman in any of the twenty-nine counties composing the Fifth congressional District.

An Extension Office Specialist on Farm Mar

Two Extension workers will be teaching "Estate Planning" at Rockcastle County High School on March 12 and March 19 at 7 p.m. The two-part program will be taught by Steve Allen, specialist in farm management at the University of Kentucky, and Helen Stevens, specialist in family economics.

Homemakers Clubs are scheduled to meet in February as follows: Feb. 12-Contemporary; Brenda Hayes home; Feb. 19-Quail-Shirley Long's home; Feb. 21-Town and Country; Rachee Griffith's home; Feb. 27-Willie Workers; Barbara Watson's home.

KEA To Push For PN Law in 1980

Kentucky Education Association (KEA) delegates voted to go to the 1980 session of the state legislature with a one-item legislative program: passage of a professional negotiation (PN) law for teachers.

The action by the 600-member KEA Delegate Assembly, meeting in Louisville, reaffirmed its April, 1978, vote to establish the one-time program.

What it means, proponents explained, is that KEA will initiate legislation only on PN.

As a parallel matter, however, KEA leaders will work to ensure that funding increases needed for programs vital to education are included in the Governor's budget for 1980-82.

Delegates listed four items that will be sought through the budget route.

Teacher salary increases that will at least equal the cost-of-living increase.

Cost-of-living increases in Teacher's Retirement System benefits. These would also apply to teachers who have already retired.

Adequate financing for public education, taking into consideration inflation, the increased cost of living, and the funding levels of the seven surrounding states.

Chairperson of the Rockcastle County Agricultural Stabilization and Conservation committee.

Mr. New said Secretary of Agriculture Bob Bergland has designated Feb. 15 to April 16 as the period for farmers to file intention to participate in 1979 set-aside programs.

He emphasized that farmers must sign up to be eligible for price support loans, target price and disaster payments for barley, corn, sorghum, and wheat on participating farms and on other normal crop acreage grown on the farm.

Farmers must also sign up for voluntary diversion payments on corn and grain sorghum. However, Mr. New said there will be no advance voluntary diversion payment for 1979 crops.

Mr. New said farmers can get further information and details at the Rockcastle County ASCS office in the Rockcastle Co. Courthouse.

Baker to be Guest Speaker

The Fifth District Lincoln Republican Club today announced that Howard Baker, Senior United States Senator from Tennessee, will be the guest speaker at the annual event scheduled for March 3, 1979.

Great bolts of cloth are now at the Eaton Building, where a pilot factory is being assembled. The cloth is permanent press, and made that way by baking it a very large oven for 15 minutes.

Lee Gloeshen (wearing shirt and tie) directs two workmen at the pilot plant of Rockcastle Manufacturing Company. The men are installing sewing machines and cutters for a training operation for new employees.

Several members of the State Supreme Court and other court officials were present Tuesday at Somerset for the swearing-in ceremony of Daniel Venters as District Judge. Present were, from left: Circuit Judge Phillip K. Wicker, State Supreme Court Judge Calvin Aker, Chief Justice of the Supreme Court John S. Palmore, Judge Venters, District Judge Walter F. McGuire and former Circuit Judge Lawrence S. Hall.

15 ACRE FARM

more or less

Sat., February 17, 1979 10:30

Near Spiro Section, Rockcastle Co., Ky.

LOCATION: Approximately 6 miles Southwest of Mt. Vernon. Turn off Highway 461 at Denney's Grocery onto State Road 1250. Proceed approximately 1 1/4 miles on 1250 to the property. Auction signs are posted.

The heirs of the late Mr. and Mrs. Owens have contracted our firm to sell this well-located small farm.

It will be offered in two tracts, reserving the right to sell each tract separately then combined, selling whichever way reflects the best return for the sellers.

TRACT NO. 1 - Contains 6.96 acres, by survey, and is improved with a three-room house with a built-in back porch. The house is in need of repairs. In addition to the house, there is also a chicken house/tool shed. Water is provided by a good spring. This tract also has 690 ft. of road frontage along State Road 1250 and basic tobacco allotment of 709 lbs.

TRACT NO. 2 - Consists of 7.90 acres, by survey, and lies directly across the road from Tract No. 1. This tract is improved with approximately 2x38 tobacco barn. It has a basic tobacco allotment of 771 lbs. and stock water is provided by a creek. This tract has 1269 ft. of road frontage along State Road 1250.

When combined, there is a total of 14.88 acres with a total tobacco allotment of 1480 lbs.

If you are in the market for a well located small farm in a good neighborhood, mark your calendar to attend this sale.

TERMS: 20% DOWN DAY OF SALE AND BALANCE WITH 30 DAYS WITH THE DEED.

Rockets Defeat Monticello; Lose to Lincoln County

By: Riek Anderkin

The Rockcastle Rockets defeated the Monticello Trojans 63-58 Friday night in a game at the high school. Rockcastle won in a sloppy and foul-plagued game which kept the score close throughout the game. Walter Browning and Steve Center are due the most credit for carrying the Rockets through with two fine performances. Browning had 15 and Center 18 points on the night.

Jeff Hammonds and David Riddle played very consistent ball and scored 11 points each. Eddie Thompson picked up 6 and David Mullins got 2.

However, Rockcastle wasn't as lucky Tuesday night when they traveled to Lincoln County and lost a close one 78-74. Rockcastle and Lincoln Co. swapped baskets throughout making for some very exciting play. There was some very poor officiating in the game against both sides which only served to lengthen the game.

Rockcastle's same two big scorers came through once again. Center had 26 and Browning got 18. Jack Farthing had 10; Thompson, 8; Riddle and Mullins, 5 each and Hammonds, 2.

Rockcastle will play Oneida this Friday night at home and this will be a preview of the Rockets first game in district play (to be held at RCHS this year) since they drew Oneida in their round robin action.

Girls Lose by Two

The Rockcastle girls team lost a heart-breaker to Whitley County recently and fouls played a big role in their defeat. The girls lost four of their starters to fouls and the fifth starter had 4 personals on her when the game ended.

The girls led from the outset and through the first half when they were ahead 26-20. But, in the third quarter, Whitley outscored Rockcastle 12-2 and managed to beat off a Rockets rally in the fourth quarter to come away with the 44-42 win.

David Riddle, No. 10, sets up the offense for the Rockets in their game against Monticello last Friday night. Riddle had 11 points in the Rockets' winning 63-58 effort.

Leading scorer for the girls was Diane Thacker with 14; Kaye Hammonds and Tammy Shepherd got 10 each and Sandy Sturgill and Kim Howard got 4 each.

Our sick people are home: Mrs. Wallace Proctor, Mrs. Corida Cash and Mrs. Sylvia Long.

EKU OFFERS INCOME TAX ACCOUNTING CLASS AT SOMERSET

Eastern Kentucky University's Division of Continuing Education is offering a course in income tax accounting at Somerset beginning Feb. 12.

The course—ACC 322 Income Tax Accounting—provides three hours of college credit from EKVU and will be taught by James T. Carney, a Somerset certified public accountant.

The class is scheduled to meet each Monday from 6-8:30 p.m. in Room M-1 of the Somerset Community College main classroom building.

For additional information contact James T. Carney, Secretary Building in Somerset, ph. 679-6319 or Dr. Kenneth D. Tunnell, EKVU division of Continuing Education, ph. 622-2001.

Over 95,000 Tons of Salt Used

Highway maintenance officials report that as of midnight Jan. 31, the state Transportation Department had spread 95,614 tons of salt on Kentucky roads this winter, exceeding last year's total of 89,300 tons.

Walter Browning, the Rockets' big man, tries for a rebound against Monticello. Browning put forth a fine performance, getting 15 points in the game. Also in the photo is Steve Center, No. 20, who was high point man for the Rockets with 18. [Photos by Kenneth Pillion]

Jeff Hammonds, No. 15, goes for 2 of his 11 points against Monticello. Hammonds had a good night against Monticello but scored only two points in Tuesday night's game at Lincoln County where the Rockets lost 78-74.

Mrs. Carloff's Named To Governor's Advisory Commission on Tourism

Mrs. Carlos Carloffis, of Livingston, was recently appointed to serve as a member of the Executive Committee of the Governor's Advisory Commission on Tourism. Recognizing tourism as one of Kentucky's leading industries, the

State has begun a new effort to bring other Americans into Kentucky to spend their vacation dollars. Foreign tourist markets have also been made aware of Kentucky through the State's travel Bureau in Belgium.

JOB OPENINGS NOW AVAILABLE

Appalachian Computer Services, Inc., in cooperation with the Laurel County Vocational School, is presently holding keypunch training classes. The classes are held Monday-Thursday, from 5:00-9:00 p.m. This course will introduce trainees to the operation of Univac's CADE equipment. This equipment is the most modern up-to-date equipment in this area.

ACS usually hires 80% of its trainees even though there is no job placement guarantee. ACS has many job openings now that must be filled.

To enroll in this class, just stop by ACS's corporate offices and put in your application between the hours of 9:00-4:00. We are located on Hwy. 229 in London, Ky. ACS is an Equal Opportunity Employer. For further information, you can call 864-4151. There will be openings throughout the class for new trainees as each person only trains for about three weeks.

The time is right. Come in now.

National Forest Timber For Sale

Sealed bids will be received by the Forest Supervisor, 100 Vought Road, Winchester, Kentucky 40391 up to the closing time at the place of bid opening on March 12, 1979, and opened immediately thereafter.

All Timber marked or designated for cutting is located on area of about 1642 acres within the Daniel Boone National Forest, on the drainage of Wolf Creek, Crooked Creek and Trace Branch, Conestoga No. 3127, 3133, 3156, 3157, Berea Ranger District, Rockcastle Co., Kentucky estimated to be 767 M BF of sawtimber.

Minimum acceptable bid by species including sale-area-betterment is: Other Hardwoods, Sawtimber, \$1.93; Soft Yellow Pine Sawtimber, \$41.32; Yellow Poplar Sawtimber, \$33.85; Mixed Oak Sawtimber, \$6.17; and White Oak Sawtimber, \$70.97.

In accordance with the National Forest Management Act of 1976 a bidder qualifying as a small business unit in the Small Business Act (as amended and the regulations issued thereunder), may elect at the time of sealed bid submission to have the Forest Service construct the included specified roads. If the bidder elects to have the Forest Service construct the roads, the price paid for the timber shall include the estimated construction cost which is \$39,182.00. This estimate is for construction as if accomplished by an independent contractor under a public works contract. Such road will be constructed to the design classes and in accordance with drawings and specifications included in the sample contract.

Specified Roads, whether constructed by the purchaser or the Forest Service, shall be completed by 4-16-80.

At advertised rates the applicable purchaser credits are \$18,852.65 with a Purchaser Credit Limit of \$2,355.25. The Forest Service has programmed \$9,211.15 in cash contribution to partially offset the difference between Purchaser Credit Limit at advertised rates and the maximum Purchaser Credit Limit. Following sale award, under Purchaser construction election, Forest Service contribution will be decreased by any overbid with a corresponding increase in Purchaser Credit Limit up to a maximum of \$30,767.00.

If the high bidder elects to have the Forest Service build the road, and there is insufficient value of timber after including the bid premium, the Forest Service will not offset the deficit with contributed funds. You should consider this when deciding upon your election.

If the bidder elects to have Forest Service construct the road, the Forest Service intends to perform construction by contract. When the Forest Service intends to construct the road through contract, award of the timber sale contract will not be made unless either a satisfactory road construction bid is received or if Forest Service fails to receive such a bid within 120 days of determination of acceptable high dollar, bidder agrees to perform road construction.

\$800.00 in the form of certified check, cashier's check, bank draft, or money order, must be deposited with each bid, to be applied on the purchaser price, refunded, or retained as damages, according to conditions of the sale. The right to reject any and all bids is reserved. Full information concerning the timber sale contract, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Winchester, Kentucky, or the District Ranger, Berea, Ky. 22x1
