

WE'RE NUMBER ONE— Mr. Napier's class at Mt. Vernon School achieved their goal this week of having every member get 100 percent on a spelling test. They were pictured once in the Signal for having every member achieve A on a test. Principal Buford Parkerson supported their efforts by promising (and later delivering) ice cream for everyone. The class drilled both at school and at home and even used their skills at deaf sign language to perfect their spelling. Both Mr. Napier and Mr. Parkerson said they had never seen a class achieve something like this without

ability grouping. members of the class are, front row, from left: Lori Falin, Vanessa Hasty, Denise Bowman, Cindy Frederick, Sharon Phelps, Ralph VanWinkle, Joan VanWinkle, Shirley Barnett, Jennifer Mason and Kathy Bullock. Second row: Raymond Miracle, Scott Coffey, Frankie Renner, Lloyd Mink and Ricky Sanders. Back row: Terry Marler, Mike Durham, Steve Robinson, Teresa Burke, Barbara Mayhew, Douglas Rowe, Don Howard, David Bradley, Lonnie Thomas. Not present were Jeff Barnett and Ray McWhorter.

At Bedtime

Mental Health Matters

Many parents become anxious and worried or even resentful and angry when children refuse or rebel when it is time to go to sleep for the night!

Pre-schoolers need a bedtime routine to help them relax and feel secure! It is important that the activities of late afternoon and early evening be geared to allow the child to "wind down".

After the evening meal, or just prior to its some-time play, with one or both parents, is reassuring. It gives the parent an opportunity to teach recreational skills and at the same time enjoy the children.

Immediate preparation for bedtime (which may be carried out equally well by father or mother) might include a bath, brushing of

teeth, a drink of water, and use of toilet. When the child is dressed in sleep-wear, the parent may sit in a favorite chair and read or tell a story or two. The comfort of sitting on "Mommie's" or "Daddy's" lap, or close beside, is most reassuring for the infant and pre-schooler. A goodnight hug, kiss and "being tucked in" is also part of the recommended bedtime routine. A night light, leaving the door ajar, and the comfort of a favorite soft toy or blanket may help young children to fall asleep more easily.

Librarians Laura Durham, left, and Lora Mink helped County Judge Executive Hubert Thacker draw a name at random from a box of entries in the library's contest for school children. First place and a trip to Frankfort went to Tammi Sue Howard, 11, of Livingston School. Alternates chosen were Amy Baker, 7, of Mt. Vernon School and Patricia Hensley, 10, also of Livingston School.

Local Student To Participate In Luncheon at Governor's Mansion

What do Colonel Sanders, that "chicken-figger-licking-good" man, Dwayne Casey, University of Kentucky basketball player and Tammy Sue Howard, of Livingston, have in common? They are among the guests along with 120 other children representing their respective counties at a special luncheon at the Governor's Mansion on Saturday, March 31.

Other guests at the luncheon in observance of 1979 as the International Year of the child will be Alice Hume and her puppet show, Lillie Chaffin, Kentucky poet, Robert Powell, Kentucky artist, and Jan Farley, folksinger. Barbara Miller, president of the Kentucky Library Association and retired director of children's services at Louisville Public Library,

will begin the program with a storytelling.

Mrs. Julian Carroll, Kentucky's honorary chairwoman of the International Year of the Child, and her daughter Elly will host the day, which kicks off National Library Week, April 1-17.

The children attending the luncheon were chosen by a drawing held in the school library or public library in their counties.

The state Department of Library and Archives and the Kentucky Library Association have combined the themes of National Library Week and International Year of the Child in an effort to make citizens aware of the importance of reading for children and adults of all nationalities.

Mayor Roland Mullins, left, presented Fire Chief John Cox with the keys to a brand-new fire truck Saturday morning. With them are Councilmen Elmer Aloora, Oscar Bullock, Bob Jasper and Joe Young. Back row: Mt. Vernon firemen, Gary Asher, David Bales and, (top) Jim Cox.

CAP Negotiates With City And Rec Council Over Boat Dock Property

Father Ralph Betting, president of the Christian Appalachian Project (CAP), outlined his terms for a lease with the city of Mt. Vernon on the boat dock property at Lake Linville, in a letter presented before the Mt. Vernon City Council Saturday. He is also negotiating a separate agreement with the Rockcastle County Recreation Council for the management of the concession stands at the baseball diamond to be built this summer at the lake.

The Council voted to adopt a lease along the lines of the letter from Father Betting, and city attorney Carl Clontz is currently drawing it up.

Father Betting has asked the council for a one-year lease with the right of annual renewal for an additional five years, at a payment of \$1,000 per year, plus \$1,500 that CAP would spend annually to improve the property. The city would provide insurance, with CAP listed as an insured, and assume responsibility for major repairs to sewage systems, electricity, etc.

CAP, however, would do routine maintenance, "keep the grounds reasonably clean, grass cut, trash removed, and beautify it as much as possible," according to the letter. Father Betting also agrees to have someone on the grounds 24 hours a day from April 1 to October 31, and someone available during the first half of March to accommodate fishermen.

The caretakers employed by State Law Requires Immunization Certificate for All School Children

State Law requires all children in Kentucky to have immunization certificates before they will be permitted to enroll for the 1979-80 school year. This includes all grades, kindergarten through grade 12.

Since the entire battery of immunizations will take a minimum of three (3) months to complete, it is imperative that children begin by April 6th to receive the necessary vaccinations to have time for completion before school opens this fall.

Parents may obtain all services at the Health Department located in the courthouse on the first and third Friday's of each month from 8 a.m. to 4 p.m. or from your private family physician.

KIWANIS VS LIONS BASKETBALL GAME

The Rockcastle Kiwanis Club has challenged the Livingston Lions Club to a benefit basketball game to be played at the Livingston Elementary School Gymnasium Tuesday, April 10, 1979 at 7:00 p.m.

Everyone is invited to attend and see this matchup of "Old Pro" basketball being played. The proceeds from the game will be used by the two clubs for community projects.

Oil in Roundstone Creek Traced To Local Farm

Health officials said they have traced the source of oil being dumped into Roundstone Creek the past few weeks, and that the parties involved have been notified to stop.

Steve Midkiff, county environmentalist with the Rockcastle County Health Department, said that and Ernie Prewitt, of the state Division of Water Quality Office in Harlan, investigated the problem last Thursday, after receiving numerous complaints from local residents.

Mr. Midkiff said that a local farmer had been allowing a Louisville-based septic tank cleaning company to dump waste on his fields for fertilizer for over a year. But recently, the company had apparently started to dump oil.

Mr. Midkiff and Mr. Prewitt have notified the company involved to stop immediately, and their executives have indicated they will

SCHOOL BOARD TO MEET

The Rockcastle County School Board will meet Monday, April 2 at 7 P.M. at the Board of Education building in Mt. Vernon.

CAP would live in a house trailer; operate a concession stand selling bait, ice and food; operate the boat dock and launching ramp, as well as the camping grounds and swimming area.

CAP also intends to schedule special events, and will present the City Council with a schedule of them within six weeks.

Mayor Roland Mullins said that everything is still subject to further negotiation. Mayor Mullins was given authority to sign the lease for the city by the City Council. However, Mr. Mullins said he would bring the lease before the Council before signing it.

Father Betting has also contacted the president of the Recreation Council, Tommy Hodges, to ask that CAP be the agent to sell concessions at the ball field adjacent to the Lake Linville property. In return, CAP would "make a donation to the Recreation Council in return for the concessions."

The city had already formerly agreed to support the Council with \$1,000 per year, and the first payment will be made the summer the new facilities at the lake go into use.

Mr. Hodges said that he talked with Father Betting over the telephone. (Cont'd to P-11)

Gubernatorial Candidate Ray White Will Be in Mt. Vernon Friday

Republican Gubernatorial candidate Ray White of Bowling Green will be in Mt. Vernon Friday afternoon, March 30 at Friday night to meet with voters and to discuss the issues of the upcoming primary election.

Former State Senator White will be speaking at the Rockcastle County Circuit Court Room at 8:30 p.m. and will be glad to answer any questions voters might have concerning his position on important issues.

Mr. White has served as Republican senator and Minority Whip from 1970 to 1974, and retired to the law firm of White, Hughest, Poole, Hill and Meredith as a senior partner, in Bowling Green, Ky. He is a native of Berea and married to the former Juanita Murray of Bowling Green. They have three children.

A graduate of University of Kentucky School of Law, Mr. White has been active in the

Kiwanis Club, the Shrine Temple, and other civic organizations.

Schools Have Some Roof Problems

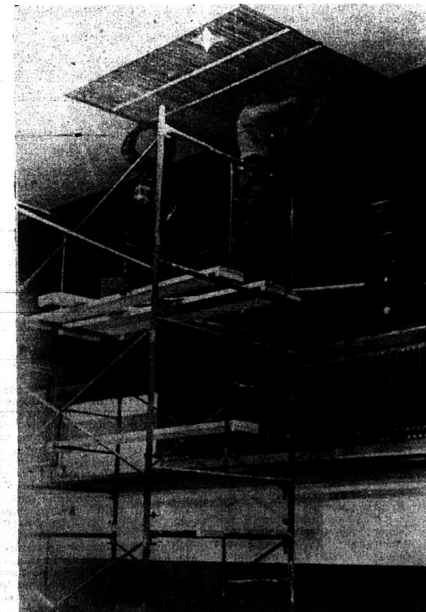

Two Rockcastle County schools have been having problems with their roofs.

Some plaster fell from the ceiling of the gymnasium at Mt. Vernon Elementary School Thursday afternoon after the children had gone home. Buford Parkerson, principal, said that the ceiling had become weak after the roof leaked in several places before the roof was replaced last summer. Workmen knocked down the loose plaster Thursday, and then tested the ceiling all over for other loose spots and found none. So it is considered safe and the children are using the gymnasium at this

time. Mr. Parkerson said that the roof has not leaked since it was replaced, but he would like to see a new ceiling installed in the gymnasium.

"The holes are unsightly," he said.

Rockcastle County High School is still having problems with a leaking roof. Principal Cleston Saylor said that different approaches to the problem have been tried, but the roof is still leaking in the gymnasium and hallways to the extent that janitors are using buckets to collect water when it rains.

Workmen at Mt. Vernon School were repairing fallen plaster in the gymnasium ceiling this Tuesday.

Teens Who Survived Fatal Accident Should Be Home From Hospital Soon

The three young women who were injured in an automobile accident one month ago are doing much better and should be home from the hospital within four or five weeks, according to their parents. Ruth Bunch, age 19 of Mareburg, may even get to go home next week.

The accident occurred the night of February 22, and took the lives of three other Rockcastle County teenagers who were sitting in the front seat of a car in which the three injured girls were riding

in the back. Tammy Fletcher and Susan Hammonds, both age 19, are on the fifth floor at St. Joseph Hospital in Lexington, where their families have been staying too for the past three weeks sleeping in the lobby or hall.

Tammy was told about the accident, and took the news of the death of her three friends very hard, her mother said. Tammy remembers that it was a rainy, foggy night, and that the wind

Court Throws Out Murder Conviction

Arthur Woodrow Jones has been acquitted of the 1976 murder of William Drew. In a decision handed down this week, the Kentucky Supreme Court said there was insufficient evidence to convict Mr. Jones, and ordered Judge Phillip K. Wicker to acquit him.

Mr. Jones, age 34 of Red Hill, was convicted by a Rockcastle County Jury on December 21, 1977, along with a co-defendant, Ronnie Maupin, whose conviction was

Rockcastle Improvement Council Gives Award To A.E. Thomsen, Head of Hospital Surgery

Dr. A.E. Thomsen, the surgeon at Rockcastle County Hospital, was awarded the Rockcastle Council Improvement Award Monday for his contributions to increased services at the hospital.

"Surgery is a team effort," Dr. Thomsen said, "and we have the best people here. From pre-operative procedures to post-operative, it's a team effort, and the whole staff here has been fantastic."

Dr. Thomsen's arrival from Canada this October has meant that surgery of all kinds can be performed at the hospital for the first time. He is "the most perfectly suited doctor for a rural hospital that could ever be," Luke Dober, hospital administrator said, because he is qualified to do many different procedures—from orthopedic to neurological and so forth.

"He has increased the level of

care and helped our local doctors by enabling them to treat the more serious cases right here at home," Mr. Dober said. "And anyone who has had care from him, loves him."

Dr. Thomsen praised the Rockcastle County Hospital Board, saying that they have been most generous in obtaining good equipment for him. He said he was looking forward to the enlargement of the hospital, a building project that will more than double the hospital's size and is expected to be completed this year.

He said that the people of Rockcastle County have been helpful and nice, and that both he and his wife are delighted with the area and hope to stay. He said he found America's to be warm-hearted and open, and that he liked rural people especially.

"The people here in Mt. Vernon are good people," he said,

adding that he thought big city life could become a rat race

Dr. Thomsen is originally from Canada, but went to medical school in Amsterdam, Holland. He did an internship at Queens Teaching Hospital in Kingston, Ontario, followed by a year of research in cancer treatment also at Queens. He completed a residency in General Surgery at McGill University of Quebec and was Chief Resident at the Royal Alexandra Hospital in Alberta.

Dr. Thomsen was part of the Orthopedic Department of Charles Cammell Hospital in Alberta and later was Chief of the Department of Surgery there for four years. For the past 12 years, he has been a general surgeon in Napanee, a town of about 4,000 in Ontario.

Bill Bailey, president of the hospital board, said the community was fortunate to have a doctor

Dear Editor:
 The Blue Grass Auto Club (AAA), representing more than 60,000 members in Eastern Kentucky, is in support of the Department of Energy's standby energy plan that would restrict weekend gasoline sales or impose a rationing system upon American motorists.
 The DOE plan to curtail gas sales on weekends would severely affect the long-distance travelers, would not save a significant amount of fuel, and would cause great harm to Kentucky's tourism industry.
 As far as the rationing plan is concerned, there seems to be little chance that such a plan will be implemented and even less chance of its working if tried.
 The Auto Club urges all motorists to take an active role in conserving energy so that the drastic measures proposed by the DOE will not be necessary.
 By driving 55 m.p.h. and by keeping the cars in proper tune, American motorists can save enough gas to see us through this difficult period.

Legislative Report

By Harold DeMarcus

On Tuesday, March 13th, the Personal Service Contract Review Subcommittee met for the purpose of reviewing fifty contracts. The six member committee approved forty-six contracts and amendments to contracts while deferring six contracts until the April meeting.
 The six contracts were deferred due to the fact that no one from the requesting state agencies were present to answer questions.
 As has been stated before, the committee has no power to reject any contract but rather it is our intention under law to bring any contract discrepancy that may arise to the public's attention. It is important to note that the press has done their part by giving the committee meetings good coverage.

During the meeting it was determined by unanimous agreement of the committee that we would seek to have a bill passed in the 1980 regular session of the General Assembly that would serve to give the committee rejection power over all personal service contracts.
 This would, in addition to enhancing legislative independence give the legislature a tight rein over a vast amount of state spending. If the legislature had this power they would be able to stop payment on any contract that was viewed to be not in the public's best interest.

The committee meeting brought to light two questions, one dealt with the amount per mile the state may pay their employees for travel. And the other raised the issue of "Conflict of Interest."

Department of Personnel regulations state that the Commonwealth may pay 16 cents per mile for employee travel. Two men appraising 85 parcels of land in Calloway county for the Department of Transportation were being paid 17 cents per mile under a personal service contract. Not wishing to have their contracts disapproved by the committee, the Department of Transportation reduced their per miles payment to 16 cents.

Two contracts that may be interpreted as a conflict of interest were approved by the committee 4 to 2 votes. One of the contracts was a \$9,000 pact that an assistant Jefferson County Attorney has to perform legal services for the state Department of Revenue. The other is a \$3,500 contract the Barren County Judge-Executive has to provide legal services for the Board of Chiropractic Examiners.

The Kentucky Constitution in effect says that no person shall, at the same time, be a state officer and an officer of the county. For this reason, I voted to disapprove these contracts and because there

should be no conflict of interest in the expenditure of taxpayer dollars. Along the same lines, the Department for Natural Resources is paying University of Kentucky

law professors under personal service contracts to act as hearing officers on strip and surface mining cases. I voted to disapprove this contract due to the slim (Cont. to 12)

"People 'Fed Up' With State Government," Lambert Says

In recent weeks, I have campaigned extensively in Lincoln, Rockcastle and the part of Pulaski County in the 80th District. Everywhere I go, the people make one point above all others; they are "fed up" with state government. They are tired of waste and corruption, tired of high prices and high taxes and tired of government spending that benefits only a few. One friend called my attention to a recent article in the Reader's Digest that says: "best - 'A POLITICIAN SHOULDN'T OWN HIS OWN JOB.'"
 If you agree that state government has become too

big, too expensive, interferes too much in private affairs and officeholders stay in office too long, you have the power to change it. The only way to make the change is one election at a time.

I strongly believe that waste in state government should be eliminated; that farmers should receive a fair and just price for their products and that government regulation should be greatly reduced.

As your representative, I intend to help you solve your problems and cut government red tape.

Elect A Representative Who is Old Enough to Know Your Problems and Young Enough to Help Solve Them.
Elect Joe Lambert Your State Representative.

Three RCHS Students Selected for All-State Chorus

Three students from Rockcastle Co. High School have been selected to participate in the 25th All-State Chorus, March 28-31 in Louisville. Those selected were Marilyn Brown, daughter of Zula and Herbert J. Brown; Sandra Sweeney, daughter of Virginia and Richard C. Sweeney; and Michelle Dick, daughter of Mrs. Glenn

Dick. These girls will be singing with students from all over the state. They received their assignments singing their part acapella before a judge in a district contest. All scores from the districts are sent in to one place and the top scores are accepted for the All-State Chorus. The All-State Concert will

take place Saturday, March 31 at 2:30 p.m. at the Commonwealth Convention Center, Louisville. The program will consist of Hayden's "Mass in Time of War" (Paukenmesse) which will be accompanied by the Chamber Chorus and directed by John Clark of the University of New Mexico, Albuquerque.

Mr. and Mrs. Casper Brown of Englewood, Ohio were honored with a surprise open house to celebrate their 25th wedding anniversary, Saturday, March 17 at their home.

PERSONALS

(Cont'd from P-5)

By Mrs. Lella Stokes

A letter addressed to the Post Master, Mt. Vernon, Ky. sent by Viola Gilmore, Dayton, Ohio enclosed a clipping of the death of Monroe Gaskins. Miss Gilmore stated in the letter that the Gaskin Family lived in Mt. Vernon, before coming to Dayton, Ohio. She also said she taught school here for three years, while Mr. Dan Bullock was Superintendent of schools and the Gaskins went to school to me. Some of the people living there at that time I remember were Miss Dessie Nicely, teacher. Mrs. Mollie Rider-Hotels, Keeper. Mrs. Krueger would turn on an electric horn you could hear all over town when they were going to have a picture show. Dr. Owens, Medical Doctor. Henry Gaskins worked for him. Others I remember were The Millers, The Williams, Miss Cleo. They had the first granite tomb stones I remember seeing. Mr. Frates was the school janitor and I stayed at the Frates home. The Florida boom was on then. The school children worked for different ones in town. She said she passes through Mt. Vernon on her way to Somerset and would like to stop here sometime.

Mr. and Mrs. Robert Hubbard and Hobert Dooley were in Ohio the weekend visiting Mr. Dooley's sisters, Mrs. Ada Jones in Xenia and Miss Fairy Dooley in Cincinnati. They reported a nice visit.

Mr. and Mrs. Jerry Durand of Stockbridge, Mich. visited Mrs. Jewell Brown Friday as they were enroute to Georgia.

Mr. and Mrs. Frank DeBorde, Mrs. Jewell Brown and Mrs. Sallie DeBorde were in Lexington recently to help Mrs. Lizzie Lawrence celebrate her birthday. Other guests were Mr. and Mrs. Granville Hurst of Indianapolis, Indiana, Mr. and Mrs. Willie Hurst of Morrow, Ohio, Mr. and Mrs. Phyllis DeBorde, Michael and M. Linda of Georgetown, Mr. and Mrs. Roy Brown of Quail, Mr. and Mrs. Jack DeBorde and Mrs. Lula Gragg also of Lancaster.

Visitors at the Mt. Vernon Christian Church Sunday were Mrs. Terry D. Mullins, of Lexington, Mrs. E.P. Smith, Jason and Tobe of Huntsville, Ala., and Mrs. Earl Mullins, Broadhead, Terry, who was the guest of Mrs. Mrs. John D. McFerron and Mrs. Shirley D. Riddle, sang a solo for the special music accompanied by Mr. McFerron on the organ.

Mrs. Sharon Davis and children of Richmond visited her parents, Mr. and Mrs. Floyd Gambrell Sunday.

Mr. and Mrs. U.G. Ramsey have returned home from visiting relatives near Louisville.

Mrs. Grace Hasty's cousin, Mrs. Hazel Todd of Berea, died recently in the hospital there and

was buried in the Oak Hill Cemetery. We wish to express sympathy to the Todd and Hasty families.

Mrs. Pansy McCay has been very ill at her home this week. Those who came to visit her were: Rev. and Mrs. George Griffin of Somerset, Rev. and Mrs. Oliver Abney, Renfro Valley, Mr. and Mrs. Cecil Doyle of Berea, Mr. and Mrs. Pearl Hampton, Crab Orchard and Mr. and Mrs. Bentley Allen, Popular Gap.

Mr. and Mrs. Don Lovell and children of Cincinnati, Ohio were recently visiting his parents, Mr. and Mrs. Sherman Lovell, Sr. and

her parents, Mr. and Mrs. George Wynn.

Mr. and Mrs. Larry Calhoun have moved back to Mt. Vernon from Indianapolis, Indiana.

Mr. and Mrs. Charles Lovell, Jr. are in Michigan this week on business.

Mrs. Evelyn McMullin visited her father, Mr. Roy Saylor in Crab Orchard Sunday. Mr. Saylor is in poor health.

Mr. Claude Mink of Livingston is visiting his sister and family, Mr. and Mrs. Boone Gorth.

Mrs. Maggie Herrin, who was

in the Rockcastle Hospital last week with a broken leg caused from a fall at her home at Quail. She was taken to the home of Denver Burton where she will remain until she is ready to be home.

Mrs. Mary Haines visited her mother, Mrs. Ellen Helton at Brindle Ridge who is in ill health.

Mrs. Mary Ritchie of Cincinnati, Ohio visited her sister, Mrs. Berl Hopkins and Mr. Hopkins last week.

Mrs. Cartell Shelley and Mrs. Marie Powell and grandson, Rodney Wilson of Cincinnati, Ohio were visitors last week of Mrs. Jewell Brown in Mt. Vernon and Mr. and Mrs. Ted Scott in Broadhead.

John Winkler of Ludlow was a recent visitor of his mother, Mrs. Grace Hasty. Mrs. Hasty is recovering from a recent illness.

Mrs. Mary Ann Wallen and Mrs. Mary Ann Wallen and Mrs. Dessie Taylor of Broadhead were guests of Mrs. Fannie Albright at the Rockcastle County Senior Citizens Lunch program, Thursday.

Those from a distance attending visitation and funeral of Mrs. Sydney Crawford Lyons, March 22 and 24 were: Mr. and Mrs. Warren Ferguson (Mary Virginia Lyons) and daughters, Sharon and Lynn, Mr. Earl Watkins and sons, Mark, Wait and Steven Watkins, Miss Eulah Powell and Mrs. Rose Freed, all of Louisville, Mr. and Mrs. Jack Lyons, Finley and Mary Kay, Mrs. Bud Watkins, Mr. and Mrs. Michael Ferguson, Mr. and Mrs. Dennis Bush, Mr. Clyde Mason all of Lexington, Mr. and Mrs. Jack Conn, Crawford, Jr. and daughter, Kathi of Burnside, Ky., Mr. and Mrs. Doris Stewart, of Indianapolis, Indiana, Mr. and Mrs. Herman Peyton of Houstonville, Mr. and Mrs. Jack Crawford, Sr., Mr. John Lair, Mr. and Mrs. Wayne King and Mrs. Linda Martin of Renfro Valley, Mrs. Byron

The Mt. Vernon Signal Thursday, March 29, 1979 P-9

Crawford, Steven and Laura of Danville, Miss Leslie Mullins of EKU, Richmond, and many friends and relatives from Rockcastle County.

"The Lord will give strength unto His people." Psalm 29:11. In your hours of bereavement may God grant His comfort and His consolation to the Lyons and Crawford families, to whom we extend our sincere sympathy.

Mr. and Mrs. Paul Calhoun and little Paul Stede were Sunday visitors of his grandparents, Mr. and Mrs. Charles Lovell, Sr.

From the Wildlife Messenger: Many of you have been so very kind, considerate and thoughtful

with your words and gifts since the arrival of Jaime Marie into the ministerial family. I shall never be able to adequately express how we feel towards all of you. Especially your patience with an exuberant new father. "I thank you."

We congratulate Bro. and Mrs. Kenton Parkey in choosing little Jaime Marie as a member of their family.

Miss Barbara Witte is on a vacation this week.

Mrs. Vernon Cox has been confined to her home for the past two weeks with influenza.

Mr. Ralph Burgin of Lexington was to see his aunt, Mrs. Fannie Thomason Tuesday.

shield wipers on the car stopped working for a few minutes before the accident. She remembers Karen Ellison, the driver, saying, "I can't see. I can't see to pull over."

Tammy is in traction for a broken left leg, and has a dislocated hip. Her left arm is also broken and in a cast, and she has had surgery on her right index finger. The facial cuts and bruises on the forehead are healing very well.

Susan, daughter of Bill Hammonds of Brodhead, had a bad head injury, including a bruised brain stem, which has affected her memory slightly. She has two broken legs and a dislocated hip, as well as damaged liver and spleen, which was removed. Susan had surgery the night of the accident.

Ruth Bunch, age 19 and daughter of Mr. and Mrs. Charles Bunch of Mareburg, suffered a broken nose and a crushed right jaw, which had to be repaired. Her right leg was also crushed, and has not yet been put in a cast. When she gets her cast this week, she will be allowed to go home from University of Kentucky Hospital.

Mrs. Clarence Shelton, Tammy's mother, and other parents wanted to say thank you for the wonderful support they have received through prayers, gifts, visits, flowers and cards during the past month.

All three girls can have visitors and they have papered their walls with the get well cards, she said. She said that it was the support of the community that has pulled them through this time, and that they wanted to extend their deepest sympathy to the families of Karen Ellison, Starla Rose and David Brown, who died in the accident.

Mrs. Shelton also wanted to thank the 50 people who donated blood. Tammy received 27 pints, Susan, 10 pints, and Ruth, 14 pints.

upheld. Mr. Maupin is serving a 20-year term in prison; Mr. Jones has been free on bond, pending his appeals.

A spokesman for the Commonwealth Attorney in Somerset said that the prosecution would file for re-hearing before the Supreme Court in the Jones case.

Mr. Drew's body was found on Drew Valley Road in a remote section of the county on August 9. The coroner concluded he had been dead for several hours, and an autopsy showed he had bled to death sometime the day before from a gunshot wound in the left arm.

Mr. Jones and Mr. Maupin contended through their trial that they along with Mr. Drew had been caught in an ambush on the road that resulted in Mr. Drew's death and the wounding of Mr. Jones.

phone, but could not make a binding agreement with him until the matter was formally voted upon by the Recreation Council members.

Besides the agreement with the Christian Appalachian Project, the Mt. Vernon City Council also considered several other matters at their called meeting Saturday.

no action was taken on the Archery Club's proposed lease on property near old Lake Linville. The Club asked for a long-term lease with the permission to build a clubhouse and archery ranges. A sub-committee of Councilmen Joe Young and Chester Hellard is currently considering the proposal.

The Council voted to have a street light placed on Fish Street.

Two Local 4-H'ers Receive

Ribbons in State-Wide Competition

Audrey Morgan and Sharon Caudill, students at Rockcastle County High School, won red ribbons in the 4-H State-Wide Record Book competition held Friday in Lexington. Ms. Morgan's project was arts and crafts; Ms. Caudill's was clothing. Cheryl Witt, county extension agent, said that state competition was extremely stiff and that the young women did very well as Rockcastle's representatives.

Mrs. Amanda F. Morgan worked behind the counter at Maggard Drug store for 35 years, was caught by surprise one morning, when her nephew by marriage came in with his family from Florida and with his camera loaded yelled, "Aunt Fan" and took her picture, as she looked up. We have been some time locating this photograph.

HOMEMAKERS

Do you ever admire those women who can tie a scarf cleverly and give each outfit they wear a certain fashionable touch? Why not join them, by learning "New Ways to Wear Scarves and Shawls," the April Homemaker Club's lesson. Cheryl Witt, extension agent, is teaching the lesson Monday, April 2, at the PCA Building, at 7 p.m.

Another contract that is not in discrepancy but quite interesting is a \$43,000 pact the Department of Energy has in order to obtain aerial infrared thermographs. These thermographs were to be taken at night from an airplane over populated areas and will show the amount of heat loss from homes. The purpose of this action is to promote energy conservation opportunities by demonstrating building heat loss.

**Major Changes In
Burley Tobacco Program**

William R. Vincent, Acting State Executive Director of the Agricultural Stabilization and Conservation Service (ASCS), U.S. Department of Agriculture in Lexington, Kentucky, advised today that an all-out effort is being made to inform burley tobacco farmers of the changes in the burley tobacco program effective for 1979 and subsequent crop years.

Vincent said it is very important that each burley producer knows of these changes before planting time in order that he will

may adjust planting to as near the 1979 effective quota as possible to eliminate overproduction.

Vincent said the changes were made to strengthen the administration of the burley tobacco program, to discourage the overproduction of tobacco and to help prevent program abuses.

The changes are:
1. Procedure for storage of producer carryover tobacco with (marketing agent) warehouse is discontinued.

Farm operators will not be

permitted to store their poundage of Tobacco Produced above 110% of their farms 1979 Effective Quota Under assignment (contract) to warehousepersons (marketing agents) and receive payment October 1, or later as in the past.

2. Each farm operator will be responsible to store his or her own tobacco produced above 110% of the effective quota for the farm.

3. Report: Each farm operator will be required to report at the end of each marketing year beginning with the 1979 crop tobacco: 1. The amount of tobacco on hand. 2. The location where the tobacco is stored.

4. Procedure for transfer of burley poundage quota to and from the same farm in the same year has been discontinued.

It is of such major importance that each burley producer knows of the changes before planting his tobacco. We have just made a direct mailing of these changes to each known burley producer in Kentucky, Vincent said.

Vincent appeals to each owner or operator of Kentucky burley farms to review these changes with other producers on their farms.

We ask each farm owner and/or operator to consider adjusting their plantings to as near their 1979 and subsequent crop year effective quota as possible.

Burley farmers who have stored carryover tobacco with warehouses are reminded that this

poundage will be deducted from their 1979 marketing card prior to being issued by the county ASCS office. This poundage should be considered by producers prior to planting their 1979 crop.

Vincent said that gross income to Kentucky burley farmers exceeds \$30 million dollars per year and requires the cooperation of each producer to consider reducing overproduction to assure continuation of our tobacco program.

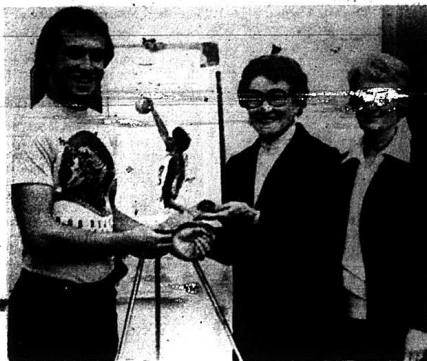

Farmers may obtain more detailed information on the changes from their local county ASCS offices, Vincent said.

Roadside Market Possibility Here

A roadside market where farmers and gardeners could rent space to sell their produce is being organized with help from the Rockcastle County Extension Office. Those people interested in this project should attend a meeting Friday, March 30 at 7 p.m. at the PCA Building, in which University of Kentucky specialist John Strang will be on hand with suggestions and expertise.

"Successful roadside markets just don't happen," Lee Durham, agricultural agent, said. "Thorough planning and analysis must precede the establishment of such a business."

Mr. Durham said that the situation seems to be favorable to establish a roadside market in the county, and he hoped for a good attendance at the meeting.

Ricky Hickey, left, won second place in the Kentucky Federation of Women's Clubs state-wide contest with a pastel drawing of a professional basketball player. Presenting him with the ribbon are Mrs. Ruth McFerron, center, and Mrs. Bernice Cox, both of the Mt. Vernon Woman's Club, which sponsored his entry.

Special Bunny Cakes

The Town and Country Home makers will make Bunny Cakes for Easter. An example is on display at The Bank of Mt. Vernon. There will be a limited number of cakes baked, so get your orders in now by calling 256-4725.

Special Bunny Cakes

Proceeds will be used to furnish a pediatrics room at the Rockcastle County Hospital. A total of \$1300 has been set, with over \$200 already collected from other projects held last fall.

A \$10 donation will be collected for each cake. There is much need for a pediatrician room at the hospital, so support the club in this project.

Is Suffering and Death God's Will?

A baby, one year old, dies after doctors fought for months to keep her alive, then when death comes we say, "God's will was done." A soldier dies in combat and one says, "I can hardly bear the loss of my son, but I must bow to the inscrutable will of God." An auto accident destroys the life of a friend and everybody agrees together and we say, "We don't understand it but we must see the will of God in this calamity."

These statements raise serious questions about our understanding of God's will. Did Jesus and the apostles go against God's will when they healed the sick and raised the dead? Are sickness, death and disease the will of God? Does a doctor work against the will of God in a life devoted to alleviate human suffering?

The death of the soldier was the will of the enemy, not the will of God. The auto accident may have been due to carelessness, drunkenness or mechanical failure. It was not the will of god. Death is the enemy of God for we read in His word, "The last enemy that shall be destroyed is death" (1 Cor. 15:26). Sickness, disease and death should be blamed on the RIGHT ONE "Should not this woman whom SATAN HATH BOUND, lo these eighteen years, be loosed from this bond?" (Lk. 13:11-17). The work of Jesus, the apostles and doctors against disease and death is God's will. Whatever happens in the world is WITHIN His will. It is like the injury our child receives in learning to ride a bike which was brought for him. The injury was within our will, because we wanted him to learn to ride, but certainly it was not our INTENTIONAL will that he be hurt or killed.

God has an ultimate will which brought Christ into the world, the flood upon the earth, the kingdom into existence, etc. which no amount of prayer or legislation of man could prevent or change. By the same will, the end of time will come. He has made man a free agent, whether saint or sinner, to choose his own way (Rom. 6:17). God "is not willing that any should perish, but that all should come to repentance" (2 Pet. 3:9). If God's will were done in all things all men would repent and be saved according to this verse. Think again before you say, "IT IS GOD'S WILL."

Christina Barbara Barnes, daughter of Mr. and Mrs. Keith Barnes of Mt. Vernon celebrated her 1st birthday, March 23rd with party at her home. She is the granddaughter of Betty Bullock of Mt. Vernon and the Dorothy Barnes of Livingston, and the great granddaughter of Bea Bullock.

ham or bacon drippings-2 Tbsp. salt-1/4 tsp. onion, chopped-1/2 cup brown sugar, packed-1/2 cup catsup-1/4 cup prepared mustard-1 Tbsp.

Add water to beans and boil for 2 minutes. Soak for 1 hour or overnight, as desired. Add meat, fat and salt. Bring to boil. Cover and simmer until beans are tender-usually 1 1/2 hours for navy beans, 1 to 1 1/2 hours for Great Northern beans. Add a little water, if needed, during cooking. Do not stir.

Add remaining ingredients. Simmer about 35 minutes until flavors are blended and beans are of desired consistency. Stir only as necessary to prevent sticking.

Child Rearing Costs 15-17% of Family Income

The yearly cost of rearing one child is approximately 15 to 17 percent of the family income. Data also show the cost of supporting an 18-year-old is 30 to 45 percent higher than for a one-year-old. The cost of providing food and clothes for a growing child tend to rise at a much faster clip than other aspects of the child's support.

Child rearing costs vary from a large family to a small family, from city to country, from one part of Kentucky to another, from income level to income level and according to the different interests each child and family develop.

Out of each child-rearing dollar now being spent by the typical moderate income, North Central U.S. city family of four, the U.S. Department of Agriculture calculates the following amounts for these items: 20.7 cents for food; 11.6 cents for clothes; 31.1 cents for shelter; 5.1 cents for medical care; 1.9 cents for education; 17.2 cents for transportation; and 12.5 cents for all other purpose.

This study does not reflect all geographic areas. For example, clothing may be cheaper in warmer areas where winter coats are not needed and costs may be higher if children attend private schools.

There are also some "hidden costs" or losses in rearing children, such as lost earnings if the mother or father does not take a paying job outside the home. It has been estimated that the lost "opportunity costs" could well be \$72,000 to \$75,000 for a mother, assuming she stayed home until her youngest child reached age 14. This amount could be figured by each family according to the salary

Arbor Day Observance is April 6

Kentuckians are being urged to grab a shovel and plant a tree April 6. That's when the state will observe Arbor Day, as proclaimed by Governor Julian Carroll.

The annual observance is designed to draw attention to the need for the replacement of cut trees and the conservation and protection of existing trees, according to Mary Holze, University of Kentucky Extension horticulturist.

We're too quick to cut down trees for lumber, firewood or to get a good price from a buyer. But what is being done to replant those same areas?

One thing is Arbor Day observances when property owners are asked to get involved in the preservation and protection of trees in urban areas as well as in open land and forests.

The first official Arbor Day was observed in Nebraska in 1872. And although subsequent efforts to establish a national observance have failed, many states set aside Arbor Day observances.

Calling trees "one of our most important natural resources," Holze notes that about 78 trees are needed to absorb the carbon dioxide and produce the oxygen needed for every person in the United States.

"The preservation of trees and plants may be the key to our survival," she adds.

Holze suggests that homeowners become involved with their city councils and their families in careful selection of city and home plantings.

Choose trees and shrubs with good strong branching characteristics, that are disease and insect resistant and which are adapted to Kentucky's climate and soils.

More information on the selection and care of trees is available at your County Extension Office.

Planting Trees

Timing of planting trees is important to your trees getting a

good start. Fleshy-rooted trees like yellow wood, magnolias, dogwoods, tulip trees and sweet gums should be planted in the spring (March-April before the trees have begun to leaf). Bare root deciduous trees should be planted in the spring (same as above). Balled and burlapped deciduous trees should be planted in the spring or late fall anytime during the dormant period when the weather is decent.

Balled and burlapped evergreen trees should be planted while the ground is warm. A general rule is to plant them earlier in the fall, and later in the spring than deciduous material. The roots have a better chance to "get going" if the soil is warm.

Most container-grown stock can be planted at any time of the year when the soil is not frozen. The exception to this rule is

broadleaved evergreens like hollies, magnolias, rhododendrons, magnolias, etc. Considering the winters of the past three years, plant broadleaved evergreens in the spring only.

The EPA has ordered an immediate ban on the sale or use of the herbicides 2,4,5- and silvex (2,4,5-TP). They must be removed from shelves and taken out of use.

Stretch Your Meat Dollar

Most often the advice given when buying meat is to "use less expensive cuts." But "less expensive" is a misconception when the price of hamburger is now around \$1.89 per pound. Even bones for the dog, completely trimmed of any remnants of meat cost around 39 cents per pound.

Here are some tips for stretching your meat dollar:

Cook a small amount of meat with a large amount of vegetables like in oriental recipe.

Serve stews and casseroles which combine meat with vegetables, pasta, potatoes, dumplings, etc.

Substitute poultry, cheese, eggs, or beans frequently.

Serve a hearty soup as a first course and cut down on the main dish.

Refrigerate leftovers and use them in other meals.

Range-Top Baked Beans
Dry pea (navy) or Great Northern Beans-1 1/2 cups water-4 1/2 cups smoked shoulder or ham pieces, cooked-1/2 cup
