Civil Action File No. 78-CI-015

Geraldine Allen Petitioner
VS: NOTICE OF SALE
Ira Allen Respondent

By virtue of a decree of the Rockcastle Circuit Court entered on the 8th day of December, 1978, in the above styled action, I shall offer for sale at the courthouse door, Main Street, Mt. Vernon, Kentucky, to the highest and best bidder, at public auction, on the 14th day of May, 1979, at the hour of two o'clock P.M. EST or thereabouts, the following - described real property:

Beginning at a chestnut oak, hickory and maple on the west side of the Sammons Hill Road, thence a straight line southeasterly to the hollow; thence a straight line down the hollow westerly to a dripping rock at the Henry Griffin Road; thence southerly with the Henry Griffin Road to intersection of Henry Griffin Road and old driveway; thence easterly with the old passway road to double chestnut oak at the Sammons Hill Road; thence northwesterly with the east side of the Sammon Hill Road to the point of beginning and containing thirty (30) acres more or less.

There is excepted herefrom and not conveyed one-half (1/2) acre more or less conveyed to Fred Tankersley by deed dated August 23, 1974, recorded in office of the clerk of the Rockcastle County Court in Deed Book 96, pages 472-473.

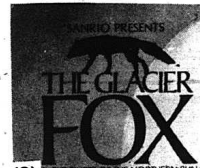

And being the same property which Ira Allen and Geraldine Allen obtained by deed dated December 5th, 1977, executed by Edna Brooks, single and recorded in the office of the Clerk of the Rockcastle County Court in Deed Book 106, pages 694-695.

The property shall be sold to the highest bidder on terms of ten (10%) percent of the purchase price in cash at the time of sale, the balance in six months, with the purchaser being required to execute bond with surety thereon to be approved by the Special Commissioner to secure the principal and interest accrued to date of payment. The purchaser shall have possession of the premises after complying with the terms of sale. If the purchase price is not paid in full at the time of sale or upon delivery of deed, a lien will be retained to secure the unpaid purchase price, plus interest.

789 Parents Protest Plan To Build Middle School in Mt. Vernon Area

Almost 800 people in Livingston and Brodhead have told the State, Department of Education and the Rockcastle County School Board that they don't want a middle school built near Mt. Vernon for their children.

The petitions, signed by 389 in Livingston and 406 in Brodhead, were sent to Frankfort this week, and presented to the Board at its regular meeting Tuesday night.

The middle school had been proposed by a state team of experts who surveyed the Rockcastle schools and called the facility the "top priority" for county construction here, in a report completed March 20. The survey team said the middle school was necessary to relieve overcrowding at Roundstone and Mt. Vernon Elementary Schools.

1. Preston Parrett, representing the Brodhead community, said "All the people want to help Mt. Vernon and Roundstone. They don't want your schools to be overcrowded. But Mt. Vernon does not have the transportation 'problems we do'."

Edie Raines and Jennie Nicely, representing Livingston, also emphasized that the people wanted to relieve the overcrowding at the other schools but they also gave the following reasons why they and other parents were opposed to the middle school:

1. Transportation problems: Some children, like those from the Red Hill area, would be traveling 3 hours a day on buses. This would be expensive and a burden to the students.

2. Children get more individual attention at a smaller school. "We want the teachers to know our children and where they are," Mrs. Nicely said.

3. Parental involvement in the schools is better when the school is in the community itself. Mr. Parrett pointed out that attendance at basketball games at the high school has dropped since Rockcastle Co. High School was built, consolidating the three community high school programs. Mrs. Raines said it was too hard and expensive for parents to be driving out of the community to attend school events.

4. Discipline problems increased in larger schools and on the long bus rides.

5. There is some evidence that the quality of education drops in

consolidated schools. Board member, Mr. Poynter, said that test scores of Kentucky children have fallen since the consolidation movement and Lexington and other cities are working to decentralize for that and other reasons.

"We'd just as soon have our high school kids back," Mr. Parrett said.

Charles Parsons, school superintendent, thanked the parents and told them their views would be considered before the school board rejected or adopted the state's proposals at its June meeting. School Board member Cook Mason suggested that a middle school be built for Mt. Vernon children only, perhaps on property that the board already owns at the high school. Mr. Parsons said such a facility would cost about \$2 million, but a new elementary for Mt. Vernon would cost about \$4 million. Mr. Parsons said the building permanent additions to Mt. Vernon Elementary and to

\$450,321 County Budget Similar to Last Year's, New Federal Money Goes to Ambulance Staff

By Jane Kundtz

The Rockcastle County Fiscal Court Tuesday approved a \$450,321 budget, up from \$421,944 spent last year. There were very few changes or surprises, and most of the figures for salaries and expenses are identical as last year's despite inflation.

The county will be receiving \$191,606 from the federal government in Revenue-Sharing Funds and this is up from \$136,676 received last year. But most of the additional money had to be set aside for ambulance services: This year \$72,106 is budgeted for ambulance, and last year it was \$23,663. County Judge-Executive Hubert Thacker explained that the extra money will completely pay off the ambulance building, and that the rest had to be set aside for salaries for the ambulance staff. These salaries are currently paid by the CETA program, but the county has no assurance that CETA will continue to pay them past September.

The Revenue Sharing Funds are budgeted separately from the county's General Fund from local taxes. A public hearing was held Monday about this budget, but only the Senior Citizens Project and the Livingston Fire Department were represented. Jerry Mink asked for money for a new fire truck for the Livingston Fire Dept., and Faye Thompson, director of the Senior Citizens, asked for \$7,000 (compared to \$3,000 last year).

There was nothing in the Revenue Sharing Budget for the Livingston Fire Department, but the Senior citizens got an increase of \$1,000.

Other appropriations (shown in parenthesis) are as follows: Jail dispatcher, \$600; Road Maintenance, \$30,000 (\$26,382); Garbage Disposal,

\$45,000 (\$32,000); Library, \$2800 (\$2,500); Financial Administration, \$21,500 (\$19,356); Recreation and/or Environmental Protection, \$0 (\$0); courthouse Repair, \$4,000 (\$6,000); Industrial Authority, (\$7000 (\$7000)).

Items from the General County Budget with last year's expenditures in parenthesis are shown as follows: County Judge Salary, \$15,774 (\$14,025). Other Salaries for Judge's Office, \$6,276 (\$0); County Attorney Salary, \$12,000 (\$11,899); Sheriff's Office, \$11,210 (\$9,150); County Auditor, \$2,650 (\$2,622); Magistrates, \$18,000 salaries, \$6,000 expenses, (\$17,633 and \$8,000); Courthouse supplies, \$4,000 (\$2,968); Rescue Squad, \$2,000 (\$2,000). Among the items that show no change from last year are expenses for the County Clerk's office, \$5800; Election

Commissioners, \$1500; County coroner, \$1650; County 4-H Agent, \$5,000.

Some \$65,000 was set aside for highway maintenance, compared to \$125,867 spent last year. Judge Thacker said that the county was in "good shape" because of \$40,000 received from the Division of Disaster and Emergency Services for roads.

Money can be transferred from one fund to another, if necessary. For example, this week the Fiscal Court transferred \$2,000 from Capital Construction to the Health and Garbage Disposal fund.

The budget was made up by Judge Thacker, Tommy Harold Mink and county attorney James Lambert. It is on public display on the second floor bulletin board in the courthouse.

Fiscal Court Okays Courtroom Changes Suggested by District Court Judges

Besides approving the county budget, the Fiscal Court took some other actions at its meeting Tuesday.

Trene Bales, county clerk, asked that a new salary schedule be approved for her four deputies, so that they could keep up with the cost of living. The increases, which were approved, will be made only if enough money is received from fees to the County Clerk's office (In other words, it will not cost the Fiscal Court.)

Joe Clark moved that the wooden bar which separated the jury from the judges bench in the second floor of the county courthouse be removed. This was approved. At the last meeting, District Court Judges Daniel Venters and Walter Maguire and Trial Commissioner Robert Robinson asked for this and other changes in the courtroom, but the Fiscal Court said no. The District court

and state Office of the Administration of the Courts offered to pay for the changes.

The Fiscal Court voted to accept a one mile stretch of the road at Lake Liville to the boat dock, leading off from Clyde Barnett road. They also accepted three miles of Tan Yard Road, but did not agree to put rock on it. An abandoned road on property owned by Bill Gregory north of Mt. Vernon was discontinued.

Money was transferred as follows: \$2,000 from capital construction to garbage disposal and health; \$600 from financial administration to library; \$500 from ambulance to library; \$200 clerk to office supplies; and the following all to the miscellaneous fund: \$50 Sheriff bond; \$425 Auditor; \$25 County attorney; \$250 Courthouse fund; \$40. Utility; \$50 Property Protection; and \$50 from the Judge's salary.

Newlywed Couple Dies In Accident Saturday

State police are investigating an accident that claimed the lives of three teenagers early Saturday morning in Sand Gap.

One victim, Perry Lee Riley, grew up in the Conroy area of Rockcastle County. He and his wife, Linda Flannery Riley, had been only two weeks when they died together Saturday. The other victim, Bill Flannery, age 19, of Jackson County, was Mrs. Riley's brother.

The three were found burned to death in a 1967 Pontiac three miles east of Sand Gap on Mullins Hollow about 8:30 a.m. State Trooper Chuck Bowman and Detective Bob Stevens are conducting the investigation of the incident, which they believe occurred between 1:30 a.m. and 8:30 a.m. Autopsies were performed on the bodies.

Mr. Riley, age 19, was born in Lewis County, the son of Perry Thomas Riley and Ruby Evans Riley. He attended Roundstone Elementary and Rockcastle County High School.

Main Street Merchants Talk About How to Keep Business

Mt. Vernon businessmen met last week to discuss what can be done to improve Main Street and assure that business stays there after a new highway is built. The highway, which may be constructed this year, would bypass town of Mt. Vernon by looping Hwy. 461 at the Industrial park to Highway 25 at Red Top Restaurant.

The businessmen also expressed concern the meeting that many Rockcastle countians were driving to Richmond, Lexington and other cities to shop than buying on Main Street.

Those present at the meeting Thursday agreed to form the Mt. Vernon Businessmen's Association, an organization originally begun in 1963 but only active during the Christmas season. The new association will meet monthly.

The Mt. Vernon City Council has agreed to cooperate with the businessmen's efforts. Roland Mullins, who attended the meeting, said that Bill Linder & Associates, a Berea company, will help the businessmen secure government grants to improve sidewalks, apartments and so forth. Mr. Linder will meet with the businessmen himself next Tuesday.

The businessmen named "parking" the number one problem on Main Street, and talked about doing away with parking meters or building more parking lots. Others said the traffic flow on Main Street was bad; people have to wait too long to turn left and the street should be one-way.

"To beautify Main Street is okay, but ideas will have to be paying things—something practical," Billy Hiett, president of the Businessmen's Association, said.

Nevertheless, other ideas discussed included developing a quaint look for Main Street by playing up the mostly 1920's architecture of the buildings and installing gaslights and other nostalgic touches. Another idea was to cooperate with Renfro Valley promotions, and to develop more attractions such as exhibits or fairs.

Rockcastle Awarded \$281,745 for Roads: Biggest Contract in 12-County Area

The state Transportation Department awarded 14 contracts totaling \$1.5 million for blacktop surfacing and other highway work in southeastern Kentucky, and the largest of those contracts is for Rockcastle County. Only Pulaski County will receive more money in state highway contracts.

Three roads here will be blacktopped at a cost of \$281,745 by the Allen Co. of Winchester. The roads are:

Three miles of Richmond-London Road (KY 1912) from U.S. 421 to Three Links Road, 2.7 miles of Three Links Road from KY 1912 to Crooked Creek Road and three miles of Mt. Vernon-Sand Springs-Billows Road (KY 1249) from KY 80 north.

Other counties and the amounts to be spent there are as follows:

Pulaski, \$266,602 and \$38,898 (two contracts); Clay, \$133,577; Whitley, \$127,055; McCreary, \$116,888; Wayne, \$95,442; Letcher, \$85,457; Perry, \$85,046; Leslie, \$84,422; Bell, \$74,492; Laurel, \$50,783; Knox, \$50,332.

The contracts resulted from

the Bureau of Highways March 23 bid-letting. A statewide total of \$26.9 million in contracts was awarded.

Spokesmen from the Highway Department had estimated it will cost \$23.2 million or about \$1,000 a mile to repair state-maintained roads damaged last winter. Bids for resurfacing roads were taken earlier this year so that the work can be completed in 1979-1980.

The state maintenance budget for this year includes about \$20 million for resurfacing on 650 miles of highways, most of which is already under contract. Additional resurfacing costing more than \$15 million will be done under the state's energy road fund and rural secondary road program for 1979-80.

Repairs by state maintenance crews will be financed with existing budgets as much as possible, Grayson said, and the damage estimates will be considered as next year's maintenance programs are developed. "Most of the repair work involves filling potholes and patching rough areas in road surfaces," he said.

Health Department to Vaccinate Local Dogs This Week to Stop Possible Rabies Outbreak

Monday, May 7, Conway Post Office, Dr. Burdette, Vet. from 5 to 7 p.m.

Tuesday, May 8, Brodhead Elem. School, Dr. Adams, Vet., from 5 to 7 p.m.

Have your dog or cat vaccinated at a cost of \$6.00 per animal. For those who cannot get to the clinics at the times listed, animals will also be vaccinated at Dr. Adams and Dr. Burdette's offices May 3, thru May 8, for the same \$3.00 per animal fee.

CORRECTION:

The rabid skunk reported about last week was killed by Mt. Vernon on Old Brodhead Road, and not in Brodhead, as the story was written. Apologies to the people in Brodhead, who complained that it was not their skunk! Also, rabies shots from the Health Department cost \$3.00 each; none are given free.

HUD Won't Fund Proposed Apartment Complex Jerry Ikerd's Company Says It Can't be Built Now

The Kentucky Housing Corporation (KHC) did not give preliminary approval to a plan to build 75 apartments in Mt. Vernon. Jerry Ikerd, president of the company that was going to develop the apartment complex, said that without this approval, nothing would probably be built on the site in the near future.

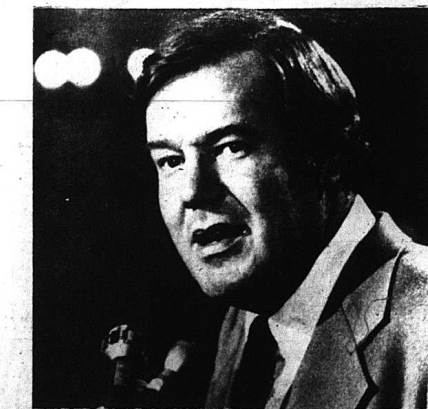

KHC, the agency which administers the federal rent subsidy program in cooperation with the U.S. Department of Housing and Community Development, is the City Council of Mt. Vernon this week. In that letter, the directors

said the project would be retained as a substitute and reconsidered for fiscal year 1980.

Mr. Ikerd said he is working with Rockcastle County leaders to try to get KHC to change its mind. He said he did not know why the project was rejected, and wanted to find out.

KHC, Inc. based in Somerset, was going to construct the apartments on property behind the old Armour Creamery plant on old U.S. 25. The firm had purchased part of an 80-acre tract there formerly owned by the Cox family of Mt. Vernon.

Besides the apartments, KHC, Inc. planned to build 40-50 houses through the state, in nearby counties, the numbers of units is as follows: Madison, 8; Powell, 32; Lincoln, 68; Knox, 62; Breathitt, 50; Clay, 78; and Bath, 75. Louisville was allocated 335 and Lexington, 188.

Carroll Hubbard, one of the Democratic candidates for the nomination for governor, is coming to the Mt. Vernon courthouse today (May 3) at 3 p.m. He will be campaigning in this part of the state all week, and his scheduled calls for stops in Jackson, McCreary, Laurel, Whitley and other surrounding counties.

Letter to the Editor

Dear Editor:

This letter is prompted by an editorial that appeared in the Louisville Times on April 16, and which condemned the office of Railroad Commissioner as a complete anachronism.

With the many railroad accidents and potential disasters that have recently occurred it is time for somebody of the state government to take action. This commission, if staffed by experienced management personnel, can provide solutions to this problem. Certainly, I would not seek a position that compensates each commissioner only \$3000 per annum if I did not have sincere convictions. My many years of government, business and military experience should help Kentucky which has always been my home and of which I have intense pride.

Hopefully, your readers will study the candidates in the Third District and vote for a man who believes our railroads DO NOT have to be an anachronism (not suited for the present).

Cordially,
 Jim Scanlan

Legislative News

By Rep. Harold DeMarcus

In its last official act, the Kentucky Public Service Commission (PSC) ruled that there was no wrong-doing in the Kentucky Utility Company's use of the automatic fuel adjustment charge. As of April 1st, the PSC became defunct in name only, because many of its members and staff will continue to be involved with the regulation of public utilities.

The governor has appointed six members to two utility regulatory agencies that will, supposedly, replace the PSC, their members' salaries will range from \$26,500 to \$39,500 per year.

The Energy Regulatory Commission is a three member, full-time agency that will regulate natural gas and the electricity rates. The Utility Regulatory Commission is a three member, part-time agency that will regulate telephone, water and sewer rates.

The Director of the new Energy Regulatory Commission is the former director of the PSC and all three members of the Utility Regulatory Commission are former members of the PSC. The former staff of the PSC will serve both the Energy and Utility Regulatory Commissions.

It is quite apparent that the new regulatory commissions are basically the old PSC but rather it is now composed of two divisions which have been given new names. As to whether the new system will be of benefit to the consumer, only time will tell.

The fact that the more important natural gas and electricity companies will have their own regulatory agency may produce a more comprehensive review of the coal buying and weighing practices employed by the public utilities. And the separate part-time regulation of telephone, water and sewer rates could provide inspections that are more thorough than ever before.

Shortly before it was revamped, the PSC ruled that public utility companies must provide a new structure for lifeline utility rates. Lifeline rates will be cheaper natural gas and electricity rates for low users of energy, such as the elderly. The utility companies rebutted that welfare has no place in public utilities, well, windfall profits shouldn't have a place either and any rate reduction is a step forward.

The problem with the new regulatory commissions are obvious. Those persons who were appointed by the governor are not

by any means avowed consumer advocates. Since the commissions were appointed, in all probability, they were not made without some political inference.

Also, there is little reason to believe that the new commission's rulings will vary greatly from that of the PSC, for they are the main body of the old PSC. However, in an election year consumer unrest may well be a powerful and deciding factor.

Of course, the big issue is the Automatic Fuel Adjustment Charge. It has been stated many times, that all the consumers of Kentucky want is for the charge not to be automatic. That's not a lot to ask, just why are we being charged, after all, the availability of coal in Kentucky is far better than for other states and the adjustment charge should correspond with that fact.

As stated before, the last official act of the PSC was to rule on the automatic fuel adjustment charge. And the first official act of the Energy Regulatory Commission will be to rule on that same adjustment charge. The Energy Regulatory Commission is supposed to hand down its fuel adjustment ruling in the latter part

May, on that day we will know if the Energy Regulatory Commission which came into existence on April 1, 1979 was a cruel April Fool's joke or an honest consumer advancement.

"Enchanted Journey"

The children of the Christian Schools, Inc. of Berea, will present a musical drama entitled "Enchanted Journey" at First Christian Church May 6, at 7:00 p.m. "Enchanted Journey" was written by Cam an Cher Floria and is adapted from John Bunyon's "Pilgrim's Progress." "Pilgrim's Progress" was written 300 years ago and is still a classic today because of the truths that are contained within it.

Bro. Ernie Johnson, minister of the First Christian Church, extends an invitation to everyone to attend this musical adventure by the children of the Christian School in Berea. The children are under the direction of Miss Carolyn Wilson, also of Berea.

WE ALL NEED FRIENDS

Throughout the 90th District, I have many friends and am making new ones daily. A friend is someone who is willing to help with your problems, someone who speaks well of you when you're not present.

Since January, I have met countless people in northern Pulaski, Lincoln and Rockcastle counties. I have been encouraged by the warm response you have given me. Wherever I go, I hear the same comment, "We want a friend in Frankfort." We are unhappy having a representative who comes to see us only at election time when he wants our vote.

The best test for a public servant is "What has he done for me?" or "What would he be willing to do for me if I needed help?" Honestly ask yourself this question. Which candidate for representative would be more willing and able to help you as a friend? Which candidate would do more for you, your neighbor, your community, your town, your county?

Please don't forget that I was born and reared in Rockcastle County and I intend to live and work here. My hand is extended with the promise that you may call on me when you need help.

Five DAR Chapters Meet in Berea

Five Chapters of the Kentucky Society Daughters of the American Revolution held a joint meeting at Boone Tavern in Berea on Saturday, April 7th, with Mrs. Gilbert Prather, Fourth District Director, KSDAR, presiding. Mr. Mike Mullins, executive director of the Hindman Settlement School, was the speaker.

Members and guests of the five chapters were introduced by the following chapter regents: Mrs. Wallace Williams of Rockcastle Chapter, Mrs. A. M. Hiatt of Berea Laurel Ridges Chapter, Mrs. Marion Adams of Boonsborough

Chapter of Richmond, Miss Ruth White of the Gov. James Garrard Chapter of Lancaster and Mrs. C.C. Broadus of Jimima Boone Chapter of Paint Lick.

Following a short program of traditional and modern ballads of Appalachia presented by a trio from the staff at Hindman, Mr. Mullins gave a brief history of the school and told of the involvement with the community today. Before the coming of good roads to the mountains the Hindman Settlement School offered elementary and high school education to the youth of this area. Students now living at the school attend the county schools and the present emphasis is on extension into the community with classes in the arts and first aid. A day care school is held for preschool children. The school is now the center of all community activities in Knott County providing a library, swimming pool, playing field and community center.

Members and guests attending from Rockcastle County were Mrs. Williams, Miss Dottie Williams, Mrs. Elbert Eversole, Mrs. Hugh Ramsey, Mrs. Joe Young, Mrs. William James, Mrs. Ed Hunt, Miss Mary Alice Hunt, Miss Virginia Hunt, Mrs. Roscoe Adams and Miss Janie Ramsey.

50TH ANNIVERSARY—The children and grandchildren of Mr. and Mrs. James Payne wish to announce that they will be celebrating Mr. and Mrs. Payne's 50th wedding anniversary on May 6 at the Community Room of the Bank of Mt. Vernon. The custom of open house will be observed and every one invited. Mr. and Mrs. Payne were married May 8, 1929 at the Courthouse by the Honorable Judge S.P. Caudill. The ceremony was witnessed by Eva Payne and Floyd Bellock. Mr. and Mrs. Payne are the parents of 10 children and grandparents of 21. Mr. Payne is a retired farmer and they are both members of Freedom Baptist Church. No Gifts Please

motor vehicle could go, then proceeded on foot. We passed two water falls, which were breathtaking and as the sun glistened off the water, it was beyond words to describe the beauty and setting of such splendor. No man had anything to do with the making of those falls and it was as if I walked in the presence of "God" such a quiet and peaceful feeling. The birds were singing, such as I'd never heard before and flowers, if only I could only pick and give to you there is America. But the few lines will be my bouquet of sharing. I recognize such flowers as wild touch-me-nots, jack-in-the-pulpit, three colors of Amerillos, ferns, such big green ones! Others I had never seen before. But we went on up the mountains, which were very steep, and the only way to get from one fall to another is by a narrow foot path, the day started to be overcast and as we climbed the clouds seemed to be so low, again we rested and as I looked back down, I couldn't believe the beauty of the mountains. The quietness, and the singing of the birds moved me to silently say a prayer for letting me travel and see and share with you in my way, perhaps not the best, but the only way I know. Then farther up, I looked back down and saw people gathering tobacco fields of mungo beans and rice paddy. Here and there a bamboo house with dried grass roofs. There were goats (called coldings, here) and caribou grazing, here and there in the valley. As we continued upward, the path was stone, rather big rocks where they had been placed into dug holes for better footing, otherwise during rainy season, the path would be washed away, big boulders are washed down the mountainside during rainy season.

Inflation Fighting Ideas on Food Part II

No matter how you slice it, it's cheaper to slice it. Pre-sliced and pre-cut meats, cheeses, poultry and fish are usually more costly than solid quantities than you slice yourself. Whole chickens, for example, cost significantly less per pound than cut-up chickens. When roasting your own beef, turkey, or ham, make a little extra, freeze it and use the leftovers as cold cuts.

medium, large, extra large, and jumbo eggs. Experts say that if the price is more than seven or eight cents between one size and the next, the smaller size is the better buy.

Take Care. The money you save through careful shopping can be lost if foods are not properly stored once they leave the super-market. Foods that need refrigeration should always be put away quickly. This is especially important during summer months. Storing foods properly can help extend the period of time they will be good. Most canned goods can be stored for a year. Exceptions are high acid foods such as tomatoes and pineapple, which should be used within six months for best quality.

KY PERSONAL INCOME GROWTH RANKS 3RD

Kentucky's personal income growth between January 1978 and January 1979 ranks third among the states, a copyrighted report in the current states of Business Week shows.

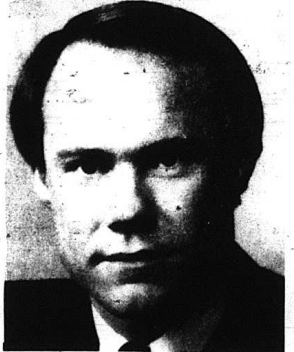

Personal income in Kentucky was up by 20.2 percent in January as compared to the same month a year ago. In the nation, personal income went from \$132 billion to \$150.9 billion, an increase of 14.3 percent. Kentucky incomes went from \$1.75 billion to \$2.1 billion during that period.

The only states ranking ahead of Kentucky were Arizona, with a 22.8 percent increase, and Alabama, with a 21.8 percent. The District of Columbia was also higher, with an increase of 22.4 percent.

WHO IS THE FARMER'S FRIEND?

IF THE FARMER HAS ONE TRUE FRIEND IN WASHINGTON OR FRANKFORT, IT IS NOT APPARENT AND HAS NOT BEEN APPARENT IN RECENT YEARS.

CORN IS ABOUT \$2.42 AND OTHER GRAIN PRICES ARE AT OR BELOW PRODUCTION COSTS. HOGS ARE IN THE LOW 40'S AND EXPECTED TO GO TO 35 BY FALL. THE GOVERNMENT HAS STOPPED BUYING AMERICAN BEEF AND IS RECOMMENDING THAT OTHERS DO LIKEWISE. WHO IS THE FARMER'S FRIEND?

FARMERS ARE PAYING ABOUT 68c FOR DIESEL FUEL AND MORE FOR GASOLINE. PRICES KEEP GOING HIGHER AND HIGHER WITH NO END IN SIGHT. FERTILIZER HAS ALREADY GONE UP TWO TIMES THIS YEAR AND IS 7 OR 8 DOLLARS HIGHER THAN LAST YEAR. THANKS TO FRANKFORT, FULL LICENSE FEES MUST BE PAID FOR FARM TRUCKS AND UTILITY COSTS HAVE GONE OUT OF SIGHT. THANKS TO FRANKFORT, FARMERS ARE FORCED TO PAY TAXES ON 100% OF VALUATION.

EVEN WITH ALL OF THESE PROBLEMS FARMERS CONTINUE TO STRUGGLE TO PUT FOOD ON THE TABLE. FARMERS HOLD THIS ECONOMY TOGETHER AND IT'S DISGRACEFUL THEY RECEIVE SUCH SHABBY TREATMENT.

I WANT TO BE A TRUE FRIEND TO THE FARMER. I WANT TO HELP IMPROVE THE ECONOMIC CONDITION OF KENTUCKY FARMERS.

of Mr. Roscoe Hysinger's

38 ACRES MORE OR LESS

AND PERSONAL PROPERTY

Saturday, May 12, 1979 10:30

LOCATION: Turn off U.S. 150 in Brodhead at Sowder Nursing Home. Proceed about one mile to the sale.

Near Brodhead, Ky.

Since Mr. Hysinger is no longer able to take care of his farm he has authorized our firm to sell it for the high dollar. It will be offered in three tracts reserving the right to group or combine in any manner to reflect the best returns for the seller.

TRACT NO. 1-contains 15.65 acres more or less, of most is crop and pasture land with good bottom land and a creek flowing through. This tract fronts on the Chestnut Grove Road.

It is improved with the above pictured 4 room frame house. The house has 2 bedrooms, living room, kitchen and the water is provided by a well. Although the house is in need of repairs the site on which it is located is one of the most picturesque you will find anywhere. In addition to the house, there is also a barn and outbuildings.

TRACT NO. 2 Contains 1.64 acres more or less fronting on the Chestnut Grove Road. Since there are no buildings on this tract you could build to suit yourself. It is adjacent to Tract No. 1 and has an excellent pond.

TRACT NO. 3 This tract contains 20.49 acres more or less and is located directly behind Tract No. 1 and No. 2 and has approximately 15-16 acres of cropland, of which most is good bottomland.

When combined there is a total of 38 acres more or less and a basic tobacco allotment of 1499 lbs. The tobacco allotment for each individual tract will be announced day of the sale.

OPPORTUNITY: This is one of the most ideally located small farms in this area being less than one mile out of Brodhead and yet with privacy unlimited and with good productive land.

PERSONAL PROPERTY: SOME ANTIQUES, Modern Maid wood burning cook stove, glass doored mahogany China cabinet, old fashioned kitchen cabinet, solid oak writing desk, old fashioned oak dresser with long mirror, chrome breakfast table and four chairs, old time trunk, iron bed, 15 ft. chest type freezer, 11.5 cu. ft. G.E. refrigerator, metal kitchen cabinet, 4 hp Rotary tiller, hand saws, vices, sledge hammers, small tools of all descriptions, horse drawn cultivators, old lumber-pine, oak and poplar, two Warm Morning stoves, plus many other miscellaneous items.

TERMS: Real Estate-20% down day of sale, 9% within 30 days; Balance in 6 years in equal installments at 8 1/2% interest, or 20% down day of sale, Balance in Full in 30 days. Personal Property- Cash or good check day of sale.

Owner-Mr. Roscoe Hysinger.

"SCHOOL BOARD"
(Cont'd from front)

gradually replace the old parts of the school this way. Dr. Rudolph Burdette, Willie Taylor and George Foynter, all said they were generally opposed to the consoli-

dated middle school but that Roundstone and Mt. Vernon need to be expanded in some way.

Other Business

High School Roof: Bids ranging from \$83,970 to \$103,975 were submitted from four roofing com-

panies to replace the high school roof. Since only about \$100,000 in the capital outlay fund, the school board voted to replace only three of the five parts of the roof that are faulty at this time. A bid of \$60,291 from Pierce-Phelps in Lexington was accepted. The work will be guaranteed for ten years. Parts to be replaced cover the gymnasium, administrative offices and parts of the library.

Ten Commandments: The board agreed to let the Rockcastle Co. Baptist Association place framed 16x20 copies of the Ten Commandments in every local classroom. Under a state law not yet tested in the courts, the Commandments can be placed if they are paid for and put up by a private not public entity.

Baseball Field: The Recreation Council was given permission to use the baseball field at Mt. Vernon School for its six-week program.

Non-certified staff such as aides and bus drivers were rehired and the following teachers were renewed for another year's contract: Martha Coffey, Sue Ford, Debra Clouse, Judy Réce and Darlene Teh.

The Board voted to advertise for bids for construction work recommended by the Fire Marshal such as a fire detection system for Mt. Vernon and fire doors at Livingston. A committee is going over bids submitted for janitorial supplies to determine the best products and prices.

POSTAL SIZE STANDARDS EFFECTIVE JULY 15

"Use up your small and undersized envelopes and cards before July 15," Postmaster James O. Smith reminds customers. That is the date when the Postal Service's new size standards become effective.

The Mt. Vernon, Ky. postmaster said that after July 15, envelopes and cards measuring less than 3 1/2 inches high or 5 inches long will be returned to the sender if mailed. Postmaster Smith said that because the envelope and greeting cards industries have had more than three years to prepare for the new standards, few retailers should still be selling undersized pieces.

"Many consumers, however, are likely to still have smaller

envelopes and cards in their supply of stationery," Smith said. The regulations also prohibit flimsy cards. In the future they must be at least seven-thousandths (.007) of an inch thick. An official postal card, for instance, has a thickness of nine thousandths of an inch.

Undersized pieces and flimsy cards are being banned because they can become trapped in other mail, tear and jam mail processing machinery. As a result, the letters of others can also be damaged.

The standards also effect oversized and odd-shaped pieces of mail. For first-class mail weighing one ounce or less, there will be surcharges of 7 cents for pieces for than 6 1/8 inches high or 1 1/4 inches long.

For more information, the postmaster suggests customers check with a post office window clerk.

New lobby hours for the Mt. Vernon Post Office are now in effect: Monday thru Friday, 7:45 and Saturday, 7:30-11:30. The lobby will not be open on Sunday.

Growing Bicolor Lespedeza For Wildlife Food

By Harold D. Ballinger

Bicolor Lespedeza is a permanent perennial shrub that grows 5 to 10 feet high. Each spring it leafs out, blooms during the summer with seeds being produced by early fall. Its seed are eaten readily by Bobwhite, the bark and leaves are eaten by rabbits; and the flowers are attractive to honeybees.

Bicolor can be grown on the poorest or best of soils. It may be grown as a game-food strip in an open place in the woods, in hedges across fields, on road fills, terraces and diversions, spoil banks, and even in the backyard.

Bicolor can be established by planting seeds 20 to 30 seeds per foot in shallow furrows spaced about 3 feet apart or transplanting 1 year old seedlings. Spacing of the plants should be in rows 3 feet apart with 12 to 18 plants in the rows. When transplanting, be sure all the root system is well

The Mt. Vernon Signal Thursday, May 3, 1979 P-11

covered, with the soil firmly packed around the plants. Keep the seedlings free of weeds and brush the first year. No cultivation is needed the second year, or thereafter, unless some grass or weeds begin to invade the plot. When plants lack vigor or seed yields are low, fertilize plants in the spring at the rate of 100 pounds of a 0-20-20 or similar analysis per one-eighth (1/8) acre (12 ft. x 400 ft.). The first year growth may be disappointing, however, do not destroy it. The planting will improve year after year.

"Spring ride on a pretty spring day is a nice way to spend a recess period at Mt. Vernon School."

FACTS about electrical energy

Using more costs more.

You're paying more for electricity than in the past, primarily because of rising coal costs and inflation. But, bills are higher, too, because our customers are collectively using more energy than ever before, even with conservation. The wide-spread use of electric heating, due to shortages of other fuels, has contributed to increased use.

Demand

KU's average annual residential use has almost doubled in the last 10 years and has risen more than 40 times since 1927, when the average customer used an estimated 240 kilowatt hours (kwh) per year. By 1968, this average use was 5,051 kwh and had reached 9,948 kwh by the end of 1978.

Our average residential cost per kwh in 1978 was 3.60¢, or 65.9% less than the 10.55¢ per kwh charged in 1927. From 1968 through 1978, this average cost per kwh only rose 53.8%, while the Consumer Price Index, which includes food, clothing, housing and all goods and services, rose an average of 94.7%.

Based on bills as of January 1, 1979, more than 68% of 231 electric utilities responding to a national survey reported higher residential bills than KU for a customer using 750 kwh a month.

The cost of electricity and other forms of energy is rising. KU is trying to keep its rates as reasonable as possible. You can help by conserving electricity.

Rape - A Growing Problem

You should be concerned about rape because every woman is a potential rape victim. (Regardless of age, race, or class). In the last five years, rape has increased by 25%. It is also the most serious, and underreported crime. There are estimates that as many as 10 rapes occur for every 1 reported.

Here are some common "rape myths":
-Women are raped by strange men in dark alleys.

Fact: Most rapists know or are "friends" of their victims. Half of all rapes happen in the victims' home.

-Rapists are impulsive and motivated by uncontrollable desires.

Fact: Over 70% of all rapes are planned. Both victim and place are usually decided on beforehand.

-Only women with bad reputations are raped.

Fact: Reputation has nothing to do with it; the rapists' desire is chiefly "control", not sex.

-Women secretly want to be raped.

Fact: Rape victims do not enjoy, expect, or "ask for" rape.

-Women are powerless against rape.

Fact: There are many ways women can prevent rape and get help if they are raped.

up made my legs feel as if they had turned to jello.

Back here in the Barrio where I live I certainly witness a very strange thing. We had over 500 chickens to hatch here at the house and meadows, as the chicks are big enough to wonder around, they start gaping and then die so we only have around seventy-five left. This must be something that happens every year but no one seems to know the if or why-if only I knew and could do something.

There has been no rain to speak of since I arrived here in October and the ground is so dry and cracked that you can put your

foot into it, but it is a yearly thing and won't be long until the rainy season.

There's still so many things I want to see and learn. Such a wealth of knowledge to be had for people are so eager to welcome you here and let you see and learn their way of life and to learn about America, for we Americans are looked upon as the "greatest people on earth" and may God grant to us the ability to continue to give and share and to show, as we always have, love for people regardless of who and where they are for I have felt the kindness and love that is given here from the goodness of the people and the faith they have. To me it's like a child reaching out and saying, "Welcome," with faith and love shining through.

"LETTER TO EDITOR"

(Cont'd from P.5)

Now we can see coffee trees, and ripe coffee beans, green coffees, blooms and buds are on the same trees. Coffee is harvested three times a year. They pick, clean and spread in the sun to dry, then pound the grains they use to boil coffee, the rest is put into baskets and carried on their heads to town to trade for sugar, thread; material for clothes, the men weave baskets to sell. The most delicious peas (called cardis pea) is raised there, but do not know what it is called in their native language.

The Bamboo houses there are built on solid rock and on poles. Goats, chickens and caraboo live under, but I didn't detect any odor from the animals. The children are precious, very shy and very alert. One thing I noticed was the teeth of the people are very bad. People living in the lowlands seem to have better teeth. But it is a surprise that any have good teeth for they open bottles, crack nuts with their teeth. The water on the mountain is the best tasting, and very cold for it gushes right out of the mountain. They also have a large bamboo pipe from the mountain water to the Barrio, which they can easily turn on and off. No plumbing problems here, or hugh plumbing bills! All homes keep a 10 or 15 gallon jug (earthen) full of water in their kitchen and surprising to me it stays cold. Also they carry water jugs on their heads for no beast of burden could carry a load up the paths.

There is no electricity here. Life to me is hard there, but since they know no other, it to them is the best. There are people there over 80 years of age who have never been to town, nor seen an electric light. One family did have a battery radio from one child who went to Manila to school. He returns, to her mountain home for summer. It takes two months for her to get things up the mountain that she brought from Manila. They make rice wine, which is very good and is served at dances at harvesting time. They sleep on woven blankets that women make. These are very nice and comfortable. To me they look like soft rug carpet. The cloth is cut into thin strips as small as a thick piece of garment and then are woven on looms about 46 inches wide and six feet long. They are also used for blankets, for it gets very cold there at night. I hope to return there and spend more days and learn more of their way of life. I would say it must be four and a half miles up the mountains from where we left the jeep at Boogie Boo. I will say that the trip

Local Adults To Participate In State-Wide Special Olympics

Six adults from Rockcastle County will be competing at the state-wide Special Olympics for the mentally retarded after they won honors at the regional competition Saturday at Union College.

Their director, Carolyn Repper Morris, said the results were "fantastic. We were really happy about it." Last year two went to state competition.

Top winner at Union was Mike Cummins, with three blue ribbons. Lizzie Cummins and Mary Singleton won two blue ribbons each, and others who will go on to state are Earl Nicely, Franklin McCracken and Clyde Vanwinkle, with one blue ribbon each. Events included softball throw, standing long jump, 50 yard dash and others. Between events participants attended

"Skills clinics" where they learned badminton, and other athletic skills. All the Rockcastle countians entered into the art competition, and Mike Cummins was awarded a blue ribbon for a montage of a flower.

State competition is held in June at Morehead University. A National Special Olympics is set for Rockford, New York, later in the year.

Volunteers who went to Union College with the group included Alma Kendrick, Bobby Kendrick, Carol R. Morris, Kathy Repper, Dyke Mullins and Jackie Anglin.

The events were sponsored by the Mt. Vernon Adult Activities class, which meets every day from 11:30 to 2:30 p.m. in a building on Lair Street. The adults have math and handwriting exercises, telling

Rockcastle's participants in the Special Olympics regional competition Saturday were, front row, from left: Earl Nicely, Johnny Bullen, Mary Singleton, Billy Robinson and Gall Montgomery. Back row: Larry Singleton, Mike Cummins, Clyde VanWinkle and Gene Jones. Absent was Jay Cummins.

time, counting money, and lessons in self-help (such as grooming). They also learn how to recognize street and other signs so that they can live more independent lives. The Adult Activities class is taught by Mrs. Morris.

At the same building a class for pre-school children with learning difficulties is taught from 8 a.m. to 11:30 a.m. Both programs are sponsored by the Cumberland River Valley Comprehensive Care system. For more information, call 256-2129.

Crawford Promoted

Byron D. Crawford of Danville, son of Mr. and Mrs. Jack C. Crawford of Renfro Valley was recently promoted to the rank of Full Colonel in the United States Army Reserve. Colonel Crawford is the Chief of Operations for the 109th Division Maneuver Training Command in Louisville. The Maneuver Training Command measures combat readiness of Reserve and National Guard units in a four state area including Kentucky, Indiana, Michigan and Ohio.

When not involved in reserve affairs Byron is the owner of Byron Crawford Insurance Agency and Crawford Cleaners in Danville.

Colonel Crawford's wife, Shelby, is a teacher at Boyle County Primary School, and their two children, Laura and Stephen are students in the Boyle County Schools.

BASKETBALL CAMP AT BEREA COLLEGE

The fifth annual Roiland Wierwille Basketball Camp begins June 11 on the Berea College campus with three separate week-long sessions.

A program for girls 8 to 16 years of age is scheduled from June 11 through 15; Boys, ages 8 to 12 will attend from June 16 through 22, and the final week, June 23 thru 29, is for boys 13 to 16.

The cost for each camper is \$45, which includes a camp shirt, insurance, meals, refreshments and an achievement certificate.

Additional information may be obtained by writing the Roland Wierwille Basketball Camp, CPO 2329, Berea College, Berea, Ky. 40404, or by contacting Wierwille at 986-8830.

Attends Banking Seminar

C.T. Huffines, President of The Bank of Mt. Vernon, was among 50 representatives of banks, savings and lending organizations participating in a state-wide banking seminar held this week at Lake Barkley State Park, Lodge, Cadiz.

The day-and-a-half seminar, conducted by the Department of Economics Murray State University, dealt with the impact steadily increasing interest rates is expected to have on the banking industry.

Among the topics discussed were managing banks in the face of high interest rates, problems of the regulator in the face of high interest rates and the cost of money-past, present and future. Each session was followed by a panel discussion with the seminar leaders serving as panelists.

Kiwanians Chewed By Lions

The Rockcastle Kiwanis Club entered a lion's den in April when they played a basketball game with the Livingston Lions Club. Approximately 250 persons attended the match to witness the Livingston Lions chew the Kiwanis up by 22 points. The Lions were courageously led to victory by the exemplary coaching staff of Lions Preston Parrett and Chas. B. Parsons. Taking an early lead the Lions were able to pass the Kiwanis relentlessly until the final buzzer, capturing the coveted "Lion's Den" trophy.

A fine display of community effort to raise funds for the two community service organizations was evident by the good sportsmanship of the two club-teams. The Lions of the Livingston club hope to make this an annual event between the two organizations.

HELP ME ELECT SENATOR JOE PRATHER LT. GOVERNOR IN THE MAY 29th DEMOCRATIC PRIMARY

As most of you know I have taken care of children in this area of "antony" for the past 30 years.

Because of this I have spent many days in Frankford during the last five legislative sessions being "child advocate", getting legislative action to aid our children, and trying to defeat any legislation that would hurt them.

Without Joe Prather's help we would not have our current childhood immunization legislation, which provides for tuberculin testing of pre-school children and the newborn insurance law which covers our "sic" newborns in the hospital.

That is why I am asking you to help me get Joe nominated and elected Lieutenant Governor.

His integrity is unquestioned. He is the most experienced and qualified person in the primary.

Please vote for him May 29th and help me in any way you can—for our children's sake.

Shawn Hamm Selected For "Operation Enterprise"

Shawn Hamm has been selected by Kuhlman Electric Co. to participate in a 10-day all-expense paid "Operation Enterprise" management course held in upstate Hamilton, New York, July 5-14.

"Operation Enterprise" is an introduction to the concepts and skills of professional management for high school and college age students. Through direct interaction with practicing managers and executives from all segments of society, including government, business, labor, and education, O.E. provides a hands-on experience in effective management and responsible leadership.

Children of salaried employees of Kuhlman Electric's three plants located in Salinas, Calif., Crystal Springs, Miss., and Versailles, Ky. were eligible to apply for Operation Enterprise.

Shawn is a senior at Woodford County High School in Versailles and will graduate June 1. He is currently enrolled in the business program at the high school, participating in the business co-op program. He takes his academic courses in the morning and works as a teller at the Woodford Bank and Trust in the afternoon.

Shawn is a member of the Beta Club and National Honor Society. He has been accepted to the University of Alabama Honors Program and the University of Kentucky's College of Business. He will probably attend U.K.

Shawn is the son of Eddie Ray and Lois Saylor Hamm, formerly of Rockcastle Co. He is the grandson of Mr. and Mrs. Ben Mink and Mr. and Mrs. Harris Hamm of Rt. 1, Mt. Vernon. He is also the great-grandson of Mrs. Betty Ann Hensley of Mt. Vernon.

Commonwealth of Kentucky
AUDITOR OF PUBLIC ACCOUNTS
Frankfort, Kentucky 40601

November 22, 1978

To the People of Kentucky

Honorable Julian M. Carroll, Governor

Honorable Hubert Thacker,
County Judge/Executive and
Members of the Rockcastle County Fiscal Court

We have examined the statement of assets, liabilities and fund balance arising from cash transactions of Rockcastle County as of June 30, 1977, and the related statement of operations from cash transactions for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As provided by state law, the accompanying financial statements are prepared on a cash basis. Certain revenues and certain expenses are recognized when paid rather than when a liability is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the accompanying financial statements present fairly the assets, liabilities and fund balance arising from the cash transactions of Rockcastle County at June 30, 1977, and its revenue collected and expense paid during the year then ended, on a basis consistent with that of the preceding year.

We also examined the statements of receipts and disbursements of the County Judge, County Attorney, County Court Clerk, Circuit Court Clerk, Sheriff and Jailor of Rockcastle County for the year ended December 31, 1977. In our opinion, the accompanying statements of receipts and disbursements present fairly the excess fees due Rockcastle County from the respective county officials at December 31, 1977.

All excess fees due the county have been paid to the County Treasurer.

In connection with our examination, we also (1) made a study and evaluation of the County's system of internal accounting control, (2) performed tests of compliance with the Revenue Sharing and Antirecession Fiscal Assistance Acts and regulations as required by sections II.C.3. and III.C.3. of the Audit Guide and Standards for Revenue Sharing and Antirecession Fiscal Assistance Fund Recipients issued by the Office of Revenue Sharing, U. S. Department of the Treasury.

The supplemental information presented in this report is not necessary for a fair presentation of the financial statements, but is presented as additional supplementary data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and in our opinion is fairly stated in all material respects in relation to the financial statements taken as a whole.

Recommendations and areas of noncompliance are as follows:

Our review of cash receipts revealed that the County Treasurer does not deposit receipts promptly. This resulted in one overdraft on the General Fund since receipts were held as long as two months before deposits were made. This is the second year that we have brought this to the attention of the Fiscal Court. Also, the County Treasurer did not prepare a final settlement for fiscal year ended June 30, 1977. Because of problems mentioned above we recommend the Fiscal Court should take immediate steps to improve the internal control of the cash receipts.

By complying with KRS 68.220 which allows for amendments to the budget, the county could have avoided being in conflict with KRS 68.220, the Uniform County Budget Law. The Road and Bridge Fund budget was overspent by \$21,474 and the Revenue Sharing Fund budget was overspent by \$26,811.

We recommend that all county officials comply with KRS 68.210 which requires uniform accounts for all counties and county officials. We have discussed this in detail with each official. The State Local Finance Officer has resources available to help the county officials comply with this law.

Antirecession Funds are deposited and disbursed through the General Fund. Paragraph 51.100 (a) of the Antirecession Audit Guide and Standards requires a separate fund of accounts on the books and records or a separate bank account established for these funds.

Respectfully submitted,

/s/ George L. Atkins
Auditor of Public Accounts

The above transmittal letter accompanied the audit report presented to Fiscal Court and is published pursuant to KRS 45.090(2).

Copies of the complete audit report are available upon request by contacting the Auditor of Public Accounts, Room 168, Capitol Annex, Frankfort, Kentucky 40601.

Receives Accreditation

The Cumberland River District's programs and facilities for the mentally disturbed and retarded received accreditation from the Joint Commission on Accreditation of Hospitals. It is only the second such program in Kentucky to receive this accreditation, which means its psychiatric facilities have met "national standards for excellence for the delivery of mental health services," according to Dr. John Affeldt, president of the Joint Commission.

The Joint Commission includes the American College of Physicians, the American Hospital Association, the American College of Surgeons, and the American Medical Association.

The Cumberland River District Comprehensive Care system operates several programs in Mt. Vernon, as well as seven neighbor-

ing counties.

Three mental health professionals reviewed the programs in January through questionnaires gathered from all over the community. Inspections of service sites, interviews with clients and staff, and evaluations of treatment techniques. Some 1700 standards were considered.

The accreditation is valid until January 1981, when another evaluation must be made.

REGISTER FOR 4-H CAMP

It's time to register for 4-H Camp. Regular 4-H Camp will be July 16-20; cost is \$25.00 and register by July 1 through the county Extension Office at the courthouse. Fourth Grade Camp is June 5-8, and cost is \$20.00. Registration for that is due by May 30. For more information call 256-2403.
