"THE DECLARATION"

"The Declaration" Coming to Wildie

"The Declaration" is coming to the Wildie Christian Church on June 17. They will present a special musical program at 6:30 which is designed to inspire and uplift the entire family.

Members of this team have come to Johnson Bible College, located in Knoxville, Tennessee, to prepare their lives for some significant service to God. Many of them will be ministers, missionaries, church members, youth ministers, church secretaries or Christian day school tea-

chers. The program is a Tennessee college from all over the country and graduates of the school have gone throughout the world with the Christian gospel since 1893.

The group has chosen the name "The Declaration" because they have accepted the challenge of declaring the glory of God and the Gospel of Christ through various media including music, drama, art, pictures and puppetry.

The public is invited to attend this program.

Tent Revival at Fairgrounds

Jesse Buell, a well-known evangelist from Middletown, will begin a Tent Revival at the Brookhead Fairgrounds on Sunday, June 24 continuing through Sunday, July 1. Services begin at 8 p.m. each evening. Featured group singing will be from 7:30 to 8 p.m., Monday through Saturday.

Rev. Buell pastored churches in Kentucky and Indiana for 19 years prior to his becoming an evangelist with the Cumberland Mountain Evangelistic Association. He has been in full-time evangelism for 10 years. Jesse is a very dedicated man to the task God has called him into. You will enjoy his preaching and be challenged as well.

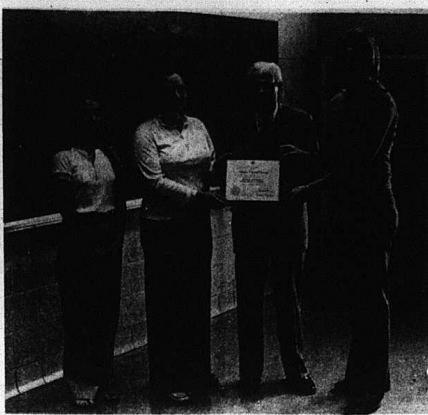

Lynn Mitchell, an Evangelistic Singer from Lexington will lead the Crusade choir each evening beginning at 8 p.m. Lynn is a dynamic-personable singer and you will enjoy his wonderful christian spirit.

The Crusade is being sponsored by the Rockcastle Association of Baptists. There are 24 churches who are part of this cooperative effort. For more information, call the associational office at 256-4571 or 256-2922.

An invitation is extended to the general public to attend these services. Plenty of parking is available with parking assistance. Why not plan to attend this revival opportunity?

REVIVAL SERVICES AT CENTRAL BAPT.

Revival services will begin at Central Baptist Church on Monday, June 18 at 7:30 p.m. and continue thru the 24th. Bro. Ozell Pincision will be the evangelist and Bro. Raforid Herrin is the pastor. Everyone is welcome.

The Cumberland College affiliate chapter of The American Chemical Society recently received its charter from the organization's national headquarters. Receiving the charter are, left to right: Catina Cain, Mt. Vernon, secretary-treasurer; Karen Pfister, Dunedin, Fla., president; Cumberland College President, Dr. J.M. Boswell; and Charles Hicks, Covington, president-elect.

The Week at Livingston

By Eva Black

UK SEARCH FOR FOLKLORE

The University of Kentucky is searching for books, manuscripts and sound recordings, and other materials on folklore and folk art for the newly established William Hugh Jansen Folklore Collection and Archive.

Library officials at UK hope the collection will help document the folk heritage of Kentucky, the United States and some international cultures.

Materials in the hands of researchers and private collectors are sought for the collection. Artifacts are excluded because of space limitations.

Persons wishing to donate folklore materials should contact William J. Marshall, at 606-256-8611.

William Robert Robbins, son of Sgt. and Mrs. Terry Robbins, Ft. Bliss, Texas, celebrated his 13th birthday, with a party at the home of his parents. He is the grandson of Mr. and Mrs. Verl Robbins of Rt. 1, Brodhead, and Mr. and Mrs. Junior Anglin of Rt. 1, E.

CARD OF THANKS

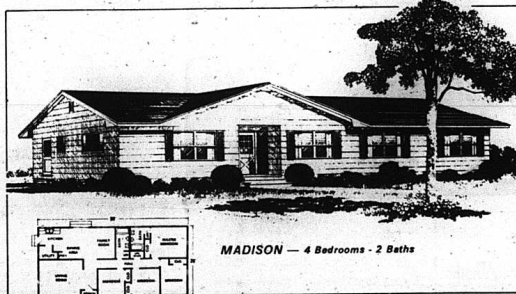

The family of R.C. Anderson wishes to thank each and everyone for the hospitality shown during the time of need. Especially for food, flowers, and cemetery donations. Thanks to Rev. O.O. Cloyd, Rev. R. Carr and Mr. Frank Watson, for the impressive service and condolences.

MORTGAGE MONEY...

Just ONE of the good things about Jim Walter!

MADISON - 4 Bedrooms - 2 Baths

Yes, mortgage money is only *ONE* of the good things about Jim Walter... you don't need it!! There are many, many other good things but, since the scarcity and cost of mortgage money is in the news almost every day, we know it is especially important to you. So, here are some encouraging facts about mortgage financing.

First of all, Jim Walter has *PLENTY* of mortgage financing dollars to build new homes for his customers. In addition, and this is of vital importance to you, when Jim Walter provides mortgage financing there are *NO* closing costs and *NO* points to inflate the cost to you. You'll also be happy to know that there is no third party red tape or delay. Credit approval is almost INSTANT, instead of the usual weeks or even months, so that construction can begin as soon as possible.

When you choose Jim Walter as your builder, we'll finish your home to almost any stage, from the shell up to 90% complete. You tell us where to stop, then add *BONUS SAVINGS* by doing some or all of the inside finishing. Do it yourself!! Make it a family project! Or maybe you have friends and neighbors who can help you with the more difficult jobs. But the more you can do for yourself, the more money you'll save. It's the Jim Walter way for you to have more money for less.

So, if you own property and want to build a new home with payments you can afford, come to where the money is. Come to where you can choose from more than 20 low cost homes. Come to where you can cut normal building costs simply by doing some of your own inside finish work. Come to where you can get more home for less money. Come to Jim Walter Homes for complete information and the cost of building on your property. Call, stop by, or send the coupon to our nearest display park. Let's talk today!! WE DO IT RIGHT!!!!

FREE FULL-COLOR CATALOG!

IN MEMORY OF
Our darling husband and daddy who left us on November 1, 1976.
Daddy our home hasn't been the same since you went away, it gets worse every day.
It's so lonely looking at your old rocking chair and you not there.
The angels in Heaven call and took you away in God's care.
We hated to give you up so bad, but you will never have any pain or heartache though we are so sad without you here.
You were so kind to your family, I know God will be pleased with you here and if we live good here, we will meet you again and walk on the streets of Gold on that beautiful shore where we will part no more.

The Mt. Vernon Signal Thursday, June 14, 1979 P-A5

IN LOVING MEMORY
of Philip Dale Harper, devoted husband of Bernice, father of Phyllis and Donna Harper, and son of Mr. and Mrs. Junior Harper, who passed away June 20, 1974.

We don't say that he is dead, He's only gone away;
He's waiting just inside the gate To greet us all some day.
We often feel it's just a dream- We think of him so much-
We'll wake to find him standing there To see, to hear, to touch;
At times we hear him call our name And laugh that special way But then it all comes back to us. There's nothing left to say

Except that God, who gave him life, To brighten up our own. Must have surely had a reason For calling Philip home.
He was a ray of sunshine, Loving husband, father, son; So many duties to perform. So many left undone. Someday we'll understand it all. This bitter grief and pain, Then all will be forgotten. When we see his face again.

Sadly missed by his family and all who knew him.

Gas Shortage Doesn't Hurt Tourism Here: Business Has Been Good at Renfro Valley

By Jane Kundt

Renfro Valley, an internationally-known monument to Kentucky's past, had a good year in 1978 and is looking forward to a better one in 1979. The people who operate the center of country music and dancing have tentative plans for a large expansion project, and expect the gasoline shortage to help not hurt tourism in the Valley and in Kentucky.

"People may spend their vacation in Kentucky, rather than go on to Florida," Gina Lee King, daughter of the founder of Renfro, said.

Ms. King is a member of Gov. Julian Carroll's Task Force on Tourism, an advisor to the Governor's Economic Council, and active in the Kentucky Highland Travel Association, a non-profit group that promotes tourism in this area.

The Renfro Valley Folks, Inc. are currently looking for financial **Brodhead and Livingston**

Town Council Meetings

All houses in Brodhead should connect to the sewer system by June 30, according to an ordinance passed by the Town Council.

The ordinance is aimed at eliminating outdoor toilets.

Mayor Elizabeth Mullins said that the sewer system has been installed for ten years, and June 30, 1979, has been the deadline to connect to it since that time.

The town of Brodhead received \$18,959 from the federal government in the Revenue-Sharing program between May 1978 to May 1979, and will receive an additional \$4,962 this year, according to town clerk, Loyal Graves.

Mrs. Graves presented her report at the June meeting of the town council, showing that \$15,191 was spent so far. Some \$3,767 remains.

Among the items purchased were: police cruiser, \$4,175, and cruiser's accessories, \$400; J.C. Newland, road repairs, \$5,661; J.C. Newland, roofing first floor, \$2,000; Ted Holman, creek gravel, \$180; police salaries, \$1,882; police uniforms, \$248; fire department equipment, \$500; insurance, \$274; and repairs to Town House, \$128.

Livingston Meeting

Livingston is still pending its \$100,000 federal grant.

Last week, the town council accepted a \$4150 bid from Rise Enterprises, owned by Paul Sturgill. The contractors will be repairing a house, owned by a low-income Livingston resident. Four houses have been repaired so far. (Cont. to 4)

sponsors for the projects to be constructed over the next five years at a cost of \$15 million.

A theme amusement park would be patterned after an old-fashioned country fair, and will include rides and attractions like quilt-making, turkey shoots, and other events from Grandma's day. A cross-shaped building would be placed on a high cliff visible from I-75, and contain two wings, one with an Easter theme and the other, a Christmas theme. In the center would be a studio for the broadcast of the "Sunday Morning Gatherin'", the non-denominational religious radio program. Under the cross would be a center for productions of "The Book of Job," a play that has been produced in Pineville for many years.

The religious projects would not be profit-making.

The Renfro Valley Folks, Inc. are also interested in converting Salt Petre Cave into a state park, and have approached state officials about it.

A new Renfro attraction is "Molasses Makin' Gatherin'" in October. Tourists will be able to see old-fashioned molasses making using sorghum grown here in the county. There will be a turkey shoot and plenty of music. Renfro Valley's trademark, Mr. King said that local crafts people will be asked to demonstrate their work for the tourists.

Tourism is the number three industry in Kentucky, and it is Gov. Carroll's goal to make it number one. Tourists spent \$2 billion more since Gov. Carroll started encouraging travel here through promotional activities paid for with state money, and (Cont. to 9)

Baseball, Basketball and Tennis Facilities Now Being Built at Lake

About \$30,000 will be spent this summer on construction of the city park near Lake Linville.

Mayor Roland Mullins said that city workers are starting to build a bath-house, two tennis courts, a fenced-in softball field, and a black-topped parking lot this week. The "milk house building", now rented by the Coon Club, is being renovated.

The park is being paid for partly with a \$14,921 grant from the state Bureau of Outdoor Recreation. The Rockcastle Jaycees contributed \$4,000 which they borrowed from the Kentucky Highlands Association, and another \$8,921 is from money the city had left over after purchasing a fire truck through a different grant.

Expenses are estimated to be: Tennis courts, \$8,676; black top, \$5,626; water lines, \$1,110; basketball courts, \$350; bath house, \$6,800; milk house renovation, \$2,000.

The Mt. Vernon City Council met June 14 and approved the project.

In other business, the Council agreed that the city water department should not spread sewer sludge on land near Sand Springs because of complaints from a family there. The Council hired Connie Riddle as deputy city clerk, and Shandra Childress and Lyia Mullins will be working at City Hall full-time this summer under the Summer Youth program (CETA).

The Council was supposed to meet Monday, June 11, but only three councilmen, Chester Hel-

Public Invited to Share Ideas

Do you have any ideas about how the City of Mt. Vernon should spend \$19,864? That is the amount allocated for Revenue-Sharing funds for the current fiscal year, and the City Council is interested in suggestions from the public about how to spend it. Write or phone City Hall, or express your ideas at the public hearing June 25, at 7:30 p.m. at City Hall.

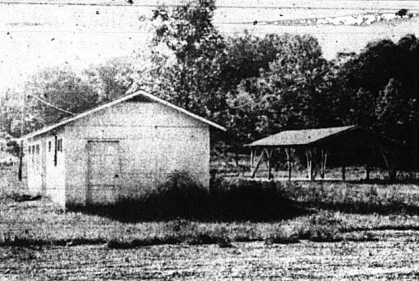

lard, Conrad Parrett and Bob Jasper, came to the meeting so it was dismissed. A public hearing on revenue sharing funds was held that evening, the first of two required by law. Mayor Mullins said the city was getting \$19,864 this year, and asked for suggestions as to how it should be spent.

Floyd Stokes of Mt. Vernon said he thought the city should do something about the garbage dumped along Lake Linville. Mayor Mullins said it might be a good

idea to use part of the money for a new police car.

Engineers from the Burnside firm of Crawford and Crawford presented a report, saying that the city should apply for \$29,000 to do a further study of the Mt. Vernon sewer system. This would be the final study before making application for construction funds. The Council will vote on this issue at its next meeting.

The next public hearing on revenue-sharing is scheduled for June 25 at 7:30 p.m.

A picnic shelter [right] and the "milk house building" are already at the city park near Lake Linville.

Couple Engaged to be Married Are Hurt

In Accident Friday, Caused by a Dog

Three Rockcastle countians were injured in a head-on collision Friday that was apparently caused by a dog.

Delbert Poynter, 42, and his wife, Freda, 44, along with Marcia Gail Lamb, 22, all remain hospitalized as of this writing. Mr. Lamb's fiancée, Edward V. Vaughn, 22, of Berea, is being also treated at the Pattle A. Clay Hospital in Richmond.

The accident occurred about 9:35 P.M. on US 25 near the

Madison County line when a dog ran out in front of the small compact car driven by Mr. Vaughn. After hitting and killing the dog, Mr. Vaughn lost control of his vehicle and struck Mr. Poynter's pick-up truck head-on, according to a report filed by State Trooper Guy Blevins of the London Post.

The young couple are engaged to be married July 20. Both Poynters are in the Rich-

Ten Commandments To Be Placed in Every Schoolroom

If Local Group Can Raise Enough Money This Summer

The Rockcastle Association of Baptists has raised about half the money necessary to place framed copies of the Ten Commandments in each of the 141 classrooms in the county, including the vocational school.

Brother R.C. Flynn, chairman of the Association, said that \$790 has been contributed so far by six churches, since the fund-raising began in April. He said that no special efforts have been made to raise the money-people just contributed when they heard about it from their pastors.

"We would like to say that anyone, whatever his religion or belief, can contribute to this effort," Bro. Flynn said. He said the Association is hoping that all churches and organizations will become involved and help raise the additional \$690 needed.

Twenty-four Baptist churches in the county belong to this association. The group voted at its April meeting to take on the project, and has cleared it with the county school board and local principals.

Bro. Flynn said that framed, 16x20 inch copies of the Commandments are available from the Kentucky Heritage Foundation in Louisville at a cost of \$10 each.

The Kentucky Heritage Foundation, a charitable trust, is directed by Tom Riner, husband of Claudia Riner, a former member of the Kentucky House of Representatives. Mrs. Riner introduced the bill that later was passed into law that every classroom in the state should have a copy of the Ten Commandments, provided that the cost be assumed by private contributions.

The law was tested in the Franklin County Circuit Court last March, and Judge Squire Williams Jr. ruled that the law is constitutional, and not in violation of the doctrine of separation of church and state. The case is being appealed.

Five counties have already posted the Commandments, including Hopkins, Hancock, Liv-

ington, Casey and Wolfe counties, and many others are already in the process.

Bro. Flynn said that the Baptist Church believes in the separation of church and state; but that the Commandments are the basis of American law and part of the American heritage. References to the Bible and God are made in such American documents as the Declaration of Independence, the Pledge of Allegiance, the Amerian

Seal, the National Motto, and in oaths taken by seven and public officials.

Contributions can be made to placing the Commandments in Rockcastle schools by making out checks payable to the Rockcastle County Baptist Association, and mailing them to the Association, Box 446, Mt. Vernon, Ky. 40456. Anyone interested in helping, contact Bro. Flynn, at the Brodhead Baptist Church, Box 84, Brodhead, Ky. 40409.

"Karl and Hart" were actually Karl Davis and Hartford Connert-Taylor, two Mt. Vernon natives who became country music entertainers in the early days of radio.

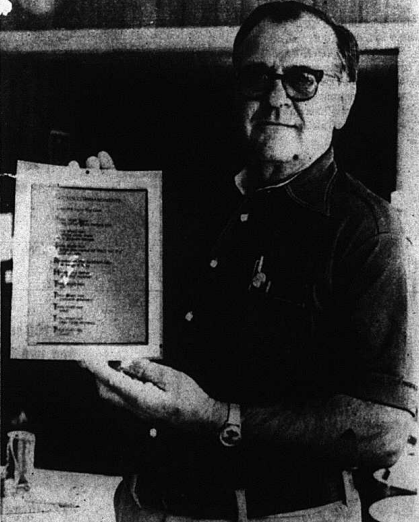

Country Music Singer and Writer Dies, Karl Davis, 75, Was Mt. Vernon Native

Karl Davis was born in Mt. Vernon, Kentucky on December 17, 1905 and grew up here. He was educated at the little country school, "Redbird," which is now located in Renfro Valley. Karl graduated from Mt. Vernon High School in 1928 and attended college and played football at Centre College for one year. He was known for basketball and musical contributions with his partner, Harry Taylor, another Mt. Vernon boy. They played mandolin and guitar.

In the spring of 1930 Bradley Kincaid came to Mt. Vernon and asked Karl and Harry to come to Chicago. They did, and became stars of the WLS National Barn Dance. After a couple of years

Karl and Hart teamed up with Red Foley, Slim Miller, Doc Hopkins and Linda Parker to become known as the Cumberland Ridge Runners. It was at this time that they asked John Lair, an old Mt. Vernon friend to become their announcer. They were recognized at radio and recording stans under the names of Karl and Hart the Renfro Valley Boys, The Cumberland Ridge Runners and Karl also soloed as The Blue Eyed Boy.

Karl continued working with WLS as it changed its format to rock and roll and officially retired December 31, 1978. During that time, Karl wrote many songs. Among the best known are "Kentucky", "I'm (Cont. to 4)

Letter to the Editor

Dear Folks:
 Herewith I enclose my personal check #1299 in the amount of \$7.50 to cover next years Signal copies. My next copy will be out on June 7, 1979. I trust all issues will be as enjoyable as those in the past. I am now enjoying my 76th year, and each copy is like a visit to my homeland.
 I have two, or three short articles which I have written a-

bout my school days in Rockcastle Co. Some day I would like you to publish them occasionally for the many people who read the Signal. Keep up the good work and keep us former Rockcastle people informed. Will drop in on my next visit to my old home town. Mt. Vernon.

Legislative Report

By: W. J. DeMarcus
 Upon adjournment of the 1978 Regular legislative session, members of the Appropriations and Revenue (A&R) committee began an effort to write a more representative and austere state budget. It is the opinion of many legislators that the 1978-1980 \$7.8 billion budget adopted by the present administration was fueling the fires of inflation and generally not serving in the best interest of Kentucky taxpayers.
 For the most part, the A&R committee was beginning to make some progress until a special session was called by the Lt. Governor. The special session along with the recent elections brought the budget making process to a standstill.

The special session had, like most situations, good and bad effects. Legislators who were not members of the A&R committee gained a great deal of knowledge about state budget priorities, the 5% sales tax on residential utilities was removed this month, local property tax rates were lim-

ted and traffic fines were reduced. However, instead of budget cuts to compliment the tax relief, state spending was increased by \$4 million. This new spending action will cause problems that will be felt during the 1980 legislative session.

With all this behind us, of the A&R committee are going to take a hard look at state spending and the cumbersome state agencies that your tax dollars finance. And these state agencies have been forewarned that the legislature will not tolerate any bureaucratic lack of cooperation.

A&R will meet on June 26th in order to initiate the budget preparation. We feel that we will be able to reduce state spending and at the same time enhance state services.

The procedure will not be easy because the bureaucracy will try to pad their budget and a new governor will have new programs that he will want adopted. But with a seven month head start, the legislature hopes to succeed in writing a budget that reflects the needs of people by streamlining government so that a dollar will get a dollar's worth of service.

Committees for Program Review and Personal Service Contract Review have already helped to open state government and reduce state spending. Since the chairmen of both these committees are members of A&R, the committee will possess more information and insight than ever before. The concerns of a state budget will not change, education, health care, roads and farming needs are still of the utmost importance.

Although, when state government spends billions of your tax dollars each year to fund a bureaucracy that is so big that it is out of touch with the people, then the important things that must be done with the tax revenue seem to get lost in the shuffle.

By streamlining government, better service can be achieved for less money. This statement has been made many times and it will continue to be made until the job gets done.

GOOD CENTS

The best way to cook vegetables is to cook only until tender in just enough water to prevent scorching and to use a pan with a tight-fitting lid. More food value is retained in the cooked vegetable by using the smallest amount of water.

"KARL DAVIS"
(Cont. From Front)

Here To Get My Baby Out of Jail and "Country Music Hall of Fame."

He was named a Kentucky Colonel in 1963 by Bert Combs, former Governor of Kentucky, and had received several honors from ASCAP, and the American Federation of Musicians. He was the first country singer to carry a "Gold" card with the Musicians Union.

Karl Davis died May 30, 1979 after a long illness.

He is survived by his wife, Jean; three daughters, Diana Janis of Chicago, Ill, and Susan Dunshoo of Newbern, Tenn.; two half

sisters, Jo Howard and Annie McKenzie, both of Louisville.

Services were held at the Mee and Ramme Funeral Home in Chicago, Ill. Burial was at Acacia Park Cemetery in Chicago.

Pallbearers were his nephews, James Al Davis of Richmond, Tony Davis of Mt. Vernon, Bill Davis of Lexington, Jack Davis, Karl Davis and Robert Davis all of Chicago.

Honorary pallbearers were nephew Bill Davis of Chicago, grandsons John Janis of New York and Adam Tyksinski of Lexington.

Rev. Eugene May of Chicago, conducted the funeral service.

TRIBUTE TO KARL DAVIS

There is so much that can be written about the interesting life of Karl Davis, who passed away May 30th, 1979, in Chicago, Ill.

Karl was raised in the town of Mt. Vernon. His father, Professor W.A.B. Davis, for whom the former post office Wabed, was named, and his mother, Alice Forbes Davis, were both superintendents of instruction of the Rockcastle Co. school system. His mother was commissioned after the death of his father.

In 1927 and 1928 there were quartets that sang and played at the chapel programs of the Mt. Vernon Grade and High School. Karl and his brother, Bill, Hartford Taylor and Cecil and Simmie Purcell, all of Mt. Vernon were a part of the quartets. I have a card printed in 1927, with the names of four musicians, called "The Crazy Kats". They were Karl Davis, mandolin; Simmie Purcell, mandolin; Hartford Taylor, guitar and Bill Davis, tenor guitar. Karl, Hartly and Doc Hopkins, originally from Mt. Vernon were heard over radio station, WHAS, in Louisville, as the Crazy Kats.

Karl, who married Jean Harris of Winchester, daughter of our former Mt. Vernon school principal, Mr. O.H. Harris and Mrs. Harris; Bill, who was an insurance agent of Mt. Vernon, with his wife, the former Janet Lusk of Louisville; and Hartford Taylor, who married an Illinois girl, all settled in Chicago. Karl, hartly and Doc were part of a group called The Cumberland Ridge Runners and played and sang on radio station WLS in Chicago. Karl and Hartly sang and played as The Rentro Valley Boys on the WLS Saturday night Barr Dance Show. Their theme song was "That Beautiful Home". Their pictures were in the 1931 WLS Family Album. I also have a song book entitled Mountain Ballads and Home Songs, by Doc Hopkins and Karl and Hartly, of The Cumberland Ridge Runners. There are fifty-three songs.

Karl was commissioned a Kentucky Colonel in 1964 for the beautiful song, Kentucky, which he wrote and recorded. I have this record. A few years ago a reunion was held at the home of Juanita and the late Jim Davis, in Mt. Vernon, of the families of W.A.B. Davis and Solomon Cephas Davis. At this gathering Karl and his wife, Jean sang the songs, "Kentucky," "That Beautiful Home" and others, and Karl composed a song about his father for the occasion, which he sang and played on his guitar.

I am proud to be able to

Shown in the above photo are, from left: Karl Davis, Doc Hopkins (brother to Wade Hopkins of Mt. Vernon), Slim Miller and Hartford ("Harty") Taylor (niece of Mrs. Faye McCauley of Mt. Vernon).

eulogize such an accomplished musician.

By Cepha Davis Kincaid

Karl Davis sang and played this song during his music days.

THAT BEAUTIFUL HOME

There's a beautiful home far over the sea,
There are mansions of bliss for you and for me,
Oh, that beautiful home so wondrously fair,
That the Savior for me, has gone to prepare.

In that beautiful home, a crown I shall wear,
With the glorified throng, their glory to share,
But the joys of that home can never be known,
Till the Savior we see, upon His white throne.

In that beautiful home, dear friends I shall meet,
Who are waiting for me, my coming to greet,
Reunited we'll be with Jesus our King,
While the ages roll on, His praises we'll sing.

CHORUS
There's a beautiful home, far over the sea,
There's a beautiful home, for you and for me,
And its glittering towers, the sun catches,
And that beautiful home, some day shall be mine.

hospital with broken bones and other injuries. Ms. Lamb, an intern in medical technology at Owensboro Hospital, was taken to UK Medical Center for treatment.

There were two other traffic accidents this week in the county. Fred James, of Morehead, drove his Chevrolet station wagon into the guard rail on I-75, three miles south of Mt. Vernon Friday afternoon. He was not injured.

George Odome, 67, and his passenger, Kathleen O'Leary, 62, of Point Orange, Fla., were both injured when their pick-up truck collided with a truck driven by Tommy Rogers, Peoples, Ohio, on I-75 six miles north of Mt. Vernon Saturday.

and Mayor Bertie Rice said about five more are expected to be rehabilitated under this program.

Mrs. Rice said that the town's sidewalks are being repaired and resurfaced by J.C. Construction of London at a cost of \$17,000.

Construction work on a senior citizen's apartment complex is expected to begin in September or October. The town has acquired a site below Poynter's Store on Main Street for the 16-unit building. A vacant house, formerly owned by the Bonds family, will be torn down to make room for the housing project.

Bids on the rehabilitation of another house and the demolition of the Bonds house will be opened June 18.

The housing project, which will cost more than \$400,000, is being designed by architect Steve Graves, of Graves-Sherman Corporation, a Lexington firm. Each apartment will have one bedroom separated from a living room area. The kitchen will open into a dining area, and each unit will have a walk-in closet, air conditioning and a garbage disposal.

The federal grant came from the U.S. Department of Housing and Urban Development (HUD). A consulting firm, the Tri-County Development Agency, is working with Mayor Rice and the town council on these projects.

MEETING SET FOR KNA DISTRICT #9

The regular monthly meeting of District #9 will be held at Holiday Inn, Danville, Thursday, June 14, 1979.

Charlotte Denny, President KNA, will be guest speaker. "Information Sharing for Professional Nurses About their Professional Organization" will be the topic of the program.

District #9 is composed of Registered Nurses from Garrard, Lincoln, Rockcastle, Boyle, Mercer, Washington, Marion, Casey and Anderson counties and all Registered Nurses from these counties are invited to attend the Continuing Education Meeting.

Dinner will be served at 6:30 p.m. Holiday Inn, Danville, By-Pass, Danville. The program will begin at 7:30 p.m. Reservations for dinner may be made by calling Betty Roller at 606-236-4121, ext. 350.

DOES LITTER BOTHER YOU?

Wouldn't any conscience citizen agree that litter is a disgrace to the community? But what can be done about it?

In various studies it has been estimated that a large percentage, more than half of highway litter is beverage containers i.e. beer cans, pop cans, etc. With this being the case there is an opportunity for civic minded individuals or clubs to turn this community disgrace into profit. How? Every Tuesday from 11-12 a.m. at Turfhand Mall in Lexington, Reynolds Aluminum has a truck that buys aluminum cans for recycling at 20 cents per lb. They will accept the cans in any type of packaging but most are delivered in garbage bags.

So if your club, organization or yourself is looking for an opportunity to make money and help the community, consider cleaning up your neighborhood and selling the aluminum. Help yourself, your club, your community and your environment.

OLD FASHIONED DEMOCRATIC RALLY AND FISH FRY

Plans are underway for an "Olde Fashioned Democratic Rally and Fish Fry" on Saturday, June 23, 1979 at Fazio-Tipton Sales Pavilion located one-half mile north of New Circle Road on Newtown Pike in Lexington. Sponsored by the Fayette County Democratic Executive Committee and the Greater Lexington Democratic Women's Club, this event will contain all the elements of a fun-filled "folksy" old-time political rally. From the hours of 4:00 p.m. to 8:00 p.m. there will be music and entertainment provided by Pete Conley's Dixieland Band and songs by the "Sweet Adelines," games and "Button swaps" and "stump speeches." Should any of the speakers, which will include all candidates for state-wide office as well as local and district, exceed their allotted time-span, a 12-foot rooster will crow them off the platform.

The rally will provide the opportunity for all Democrats to join together in unity for the fall elections and enjoy each other's fellowship. Tickets for this event

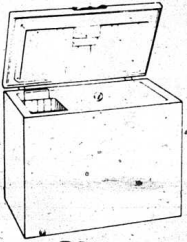

The Mt. Vernon Signal Thursday, June 14, 1979 P-7 which include the food and entertainment are \$5.00. Children under 12 accompanying adults will be admitted free. For tickets or information call Jane Hahn, 254-7169, La Neele Woods, 272-9294 or Fayette County Democratic Headquarters, 233-3995.

We've gone Celsius!

What's a Celsius? That's easy. Previously called centigrade, Celsius is the metric method of measuring temperature. It divides the difference between freezing and boiling into 100 equal degrees. So as the United States moves closer to adopting the metric system, you'll start thinking of 30° C as good swimming weather, and 22° C as comfortable room

temperature. And we're here to help. Our time and temperature display will now not only give you the temperature in Fahrenheit, but also Celsius. So keep your eye on us. We hope that with each glance at our display, you'll be reminded of the same accurate, thoughtful service you'll find inside our doors.

Meeting Set For Association

A meeting to organize a survey of how people park their cars in the Main Street area has been set for Monday at 7:30 p.m. at The Bank of Mt. Vernon-Business and Professional Association, a group which is dedicated for the improvement of downtown Mt. Vernon.

The survey will take place over a three day period, and determine who is parking where and for how long, according to John Rush, president of the Association. Mr. Rush said that the group considers parking a major problem in Mt. Vernon.

A consultant firm, Will Linder and Associates of M. Berea, is helping with the survey, but volunteers are expected to do the work.

The Association met Tuesday, adopting its official name, constitution and by-laws. A "Planning and Promotion Committee" was formed to determine a business promotion for summer. Committeemen are Mr. Rush, Billy Hiatt, Bill James, Dr. Andy York, Kenny Robinson and Ron Cain. Membership committee-consists of Mr. ney of Louisville, Mrs. Russell Atkinson of Ohio, Mrs. Fred Hasty, Mrs. Bernard Hall, Mrs. Mary B. Johnson all of Broadhead and Hannah Laswell.

Rush, Tommy Hodges, John Cox and Bill Gregory.

The Association discussed beautifying the downtown area by proper upkeep of buildings, cutting grass, etc. Mr. Hiatt noted that the courthouse grounds are being kept in exceptionally good condition this year.

"RENRO VALLEY"

(Cont. From Front)

According to one poll Kentucky ranks fourth among the 50 states as the place tourists most want to visit.

Eastern Kentucky is the part of the state that most tourists want to see, Mr. King said, because of its natural scenery. There has been some interest among state officials in putting another stat park in this part of the state, and Mr. King feels that Salt-Petre Cave, with its natural theatre and historic significance, would be an ideal choice.

Renfro Valley was the dream of John Lair, who last year celebrated his 94th birthday. After Mr. King, Lair wanted to build up a settlement and dream of progress and growth. My dream was in a way to make Renfro Valley across the years almost to the very beginning. I wanted the Valley to be a memorial to not only the folks who had settled it but also to all those who had explored and set-

led and lived and labored in other valleys in the making of America. I thought how nice it would be if Renfro could always be the way I first saw it and best remembered it and if someday, 50 or 100 years from now, folks could look upon it as a page in the history of their country, showing here a picture that had faded out everywhere else."

Although his radio programs were successful in Chicago and Cincinnati, his idea was to have the city people drive to the country for dancing and vice versa. In 1938, the big barn, which houses 1000 people, opened to crowds from all over the world. At the height of Renfro population in the 1940's and 1950's as many as 5,000 automobiles would be parked in the valley. A quote from his own history of Renfro sums up his idea the best:

"My dream" was not one of conquest and advancement such as lead the early settlers in Renfro Valley to work hard to build up a settlement and dream of progress and growth. My dream was in a way to make Renfro Valley across the years almost to the very beginning. I wanted the Valley to be a memorial to not only the folks who had settled it but also to all those who had explored and set-

BOND SALES RATE INCREASES

Mr. James W. Lambert, Chairman of the Rockcastle County Savings Bond Volunteer Committee, announced that Kentuckians placed \$21,168,841 in Savings Bonds through the first quarter of 1979 and during the same period, citizens of Rockcastle County placed \$14,695 in Savings Bonds.

The annual interest rate on Series E and H Bonds has been increased by 1/4% effective June 1, 1979. Bonds issued on and after June 1, will receive 6 1/4% if held to maturity, which will remain at 6 1/4% for E Bonds and 10 years for H Bonds. The annual interest rate on outstanding E and H Bonds and U.S. Savings Notes (Freedom Shares) will also be increased by 1/4%.

The rate on the recently announced Series EE and HH Bonds, which will go on sale in January 1980, will also increase to 6 1/4%.

Can A Man Save Himself?

To be sure, man can never obey enough commands nor do sufficient "good works" to earn or merit salvation. But the question is still valid; can man save himself? The immediate reply of many people is an emphatic "NO!" But what saith the Scripture?

If, indeed, man can do nothing to save himself then the following conclusions must be accepted: (1) God is totally responsible for man's destiny. (2) Man is simply a pawn in the hands of God, a creature without the power of choice who stands to be blessed or punished according to God's divine fiat. (3) God is what Peter said he is NOT - a "respecter of persons" (Acts 10:34).

The truth of the matter is that there are TWO sides to salvation; one side DIVINE and one side HUMAN. The one word that best describes the divine side is "grace" and the one word that best describes the human side is "faith" (Eph. 2:8-9, Titus 3:7, Rom. 5:1). God's grace was not a grace without works. It was, and is, living and active! Neither is a man's faith to be a "faith without works" (Jas. 2:26). No person was ever saved by "dead" faith! Hence, those who "believe on his name" are given the power (right or privilege) to BECOME the sons of God (John 1:12). Even as one does not "become" what he already is, neither is one already a child of God who has not advanced beyond the point of faith only.

A Scripture which many seem to have overlooked is Acts 2:40; "SAVE YOURSELVES from this untoward generation." A closer examination of the context reveals that the following things occurred: (1) Peter preached Christ, Acts 2:22-36. (2) The sermon resulted in the people knowing assuredly (believing confidently) that Jesus is "both Lord and Christ," Acts 2:36. (3) Being thus "pricked in their heart," they asked, "what shall we do?" Acts 2:37. (4) They were told to "repent and be baptized every one of you in the name of Jesus Christ for the remission of sins," Acts 2:38. (5) And then after being urged to "save yourselves" three thousand souls were baptized, and these constituted the "saved" whom the Lord "added to the church" Acts 2:41, 47.

Yes, within the context of those truths, man can save himself. He cannot earn his salvation, but to be saved, he must do the "will" of God (Matt. 7:21). Friend, have you done His will?

37 ACRE FARM more IN TRACTS or less

SAT., JUNE 23, 1979 1:30 P.M.

Copper Creek Section, Rockcastle County, Kentucky

LOCATION: Approximately 15 miles Northwest of Mt. Vernon, approximately 9 miles Northeast of Brodhead and approximately 8 miles Southeast of Crab Orchard. Turn off U.S. 150 between Crab Orchard and Brodhead onto the Copper Creek Road, proceed approximately 6 miles to the property. Auction signs will be posted.

Mr. and Mrs. Eldridge are moving to another farm and have authorized our firm to sell this desirable property at Public Auction.

TRACT NO. 1 - Contains 4.07 acres, of which, all is level cropland and has 222 ft. of road frontage on the Old Copper Creek Road.

TRACT NO. 2 - Contains 20.75 acres of approximately all level cropland and 290 ft. of road frontage. It is improved with the above-pictured two story frame house. The house has 2 bedrooms, living room, kitchen and bath downstairs and 2 bedrooms upstairs. The house is in need of some minor repairs. Also, there is a 32x48 stock and tobacco barn and a garage.

TRACT NO. 3 - Contains 5.74 acres with 370 ft. of road frontage on the Old Copper Creek Road and the Copper Creek Conway Road.

TRACT NO. 4 - Contains 6.38 acres and has 346 ft. of road frontage on the Copper Creek - Conway Road.

When combined, there is a total of 36.94 acres, by survey, of which practically all is level cropland. The farm is all under fence, has a creek for stock water and city water is available to all tracts. The basic tobacco allotment for the farm is 1506 lbs., however, if the farm sells in tracts, it will be divided by the ASCS office. The farm will be offered in tracts then grouped, selling whichever way reflects the best returns for the sellers.

PLAT WILL BE AVAILABLE DAY OF SALE.

TERMS: 20% down day of sale and balance within 30 days upon delivery of deed.

The problem and the promise.

"The United States is importing 8,400,000 barrels of oil per day at an annual cost of more than \$50,000,000,000. We as a nation have developed no alternative supplies from domestic energy sources. Thus, the exporting countries can now set the volume and price of their oil at whatever levels they wish.

"We must conserve all we can, but America can never gain any real control over either the price or supply of foreign crude oil until it is capable of producing alternative domestic sources of energy to replace it.

"For the past several years, Pennzoil has spent more on domestic oil and gas exploration and production than its total net income from all sources. Pennzoil pledges that it will spend any additional net income, which the Congress allows it to receive from oil decontrol, on increased U.S. oil and gas exploration and development. We can do no more."

Abused Women

Problem Being

Addressed Locally

Millions of women in this Nation are abused every year by the men with whom they share their lives. These women are from every race, area, creed and economic background. Unfortunately, there are very little services currently available for battered wives and their children, and most of the existing services are only available in largely populated, urban areas.

Current laws do not seem to effectively protect battered wives. They are based upon the erroneous assumption that battered wives are guilty parties who have provoked, deserved, and wanted the attacks they have suffered. Having no recourse from the law, battered wives are forced to flee and hide from their assailants. The wife beater remains at liberty to enjoy the comforts of his home and his usual associations.

Social service agencies are limited as they are not open at night or on weekends when the violence generally occurs. Also many women have children and only recently has the concept of emergency housing for women with children involved.

A woman who flees from a violent home in the middle of the night is usually without funds and has only the clothes on her back. If she seeks welfare, she may be turned down because her husband's salary disqualifies her. Unless she has filed for divorce or has established a separate maintenance, she is considered technically neither homeless nor destitute. To rent a place, the woman needs money, and rent vouchers are difficult to obtain. If she is lucky enough to get one, however, she finds that most landlords won't accept rent vouchers. They want cash on the line. Without a place to go or means of support until she can become independent, the wife/victim is often forced to return to her violent husband.

The helplessness of the battered wife's situation is evident in one woman's statement, "I was never able to drive after one of these beatings so I could not get myself to a hospital for care. I

could never have left my young children alone and I certainly could not have left them alone even when I could have driven."

A locally based committee has been formed to address the problem of spouse abuse in Laurel, Clay, Whitley, Knox, Jackson, Bell and Harlan Counties. This committee includes local professionals and concerned citizens who are interested in studying the problem and coming up with practical solutions. To find out how you can help, call your local Legal Aid office at 598-8188 or the Cumberland River Comprehensive Care Center are 256-2129.

Elementary Teachers Complete Staff Development Project

A staff development project was completed last week by a group of Rockcastle County Elementary teachers. A committee of fifteen teachers met for four hours each day from June 4-8, 1979 and completed a project that was considered a great need by both teachers and administrators.

The group developed a Sequence Guide for Language Arts grades K-6 for the Rockcastle County Schools. This guide will indicate, which reading, spelling, writing and language skills should

Unemployment Rate Drops

Unemployment in the eastern Kentucky area dropped from 22,277 persons in March to 17,815 in April. The rate of unemployment declined from 7.6 percent to 6.2 percent in that time. The rate in Rockcastle County was 6.2 in April.

"This decline was due primarily to increased hiring in the manufacturing, construction, trade and service industries," says Robert MacDonald, chief labor market analyst for the Department for Human Resources. Kentucky's overall unemployment rate in April dropped to 4.7 percent from the March rate of 5.5 percent. The national unemployment rate was 5.5 percent in April.

In eastern Kentucky, Letcher County had the highest April unemployment rate, 10.9 percent. Martin County had the lowest rate, 3.0 percent.

be taught at each grade level. With this instrument as a guide each teacher in the county schools grade K-6 will make sure each skill is taught and stressed at the proper time. The guide will be evaluated and revised each year as needed. The guide will be printed with a copy available to each teacher.

Each teacher working on the project will receive a stipend through a Staff Development Budget provided by the State Department of Education.

Local Students Receive Degrees

Two Centre College students from Mt. Vernon received bachelor's degrees during the College's 156th annual commencement exercise, held Sunday, June 3.

James H. Evans, Chm. of the board and chief executive officer of Union Pacific Corporation, was the speaker. A 1943 Centre graduate, he is also chairman of Centre's board of trustees.

Tony Arvin, son of Dr. and

Mrs. O.L. Arvin of Newcomb St., received the bachelor of science degree. He majored in biochemistry and molecular biology, and is a 1975 graduate of Rockcastle Co. High School.

John Clontz, son of Mr. and Mrs. Carl Clontz of Mt. Vernon, received the bachelor of arts degree. He is also a 1975 graduate of Rockcastle Co. High School and majored in economics at Centre.

Medical Service Providers Receiving Welfare Funds

There are 7,000 medical service providers in Kentucky who will be receiving about \$250 million in welfare funds annually by fiscal year 1980.

Despite the large amount of money involved, however, there is no clear allocation of responsibility for detecting welfare fraud in this area, according to a preliminary report given today to the Program Review and Investigation Committee.

Although the committee did not authorize an in-depth study of welfare vendor fraud investigation and prosecution, the committee did vote to send a directive to the Attorney General's office and the Dept. for Human Resources.

The directive will ask that the two agencies come to an agreement on how they will share responsibility for investigation and prosecution and where the proposed state Medicaid fraud unit will be located.

The Department for Human A.V.A.C. MEETING

The Arthritis Volunteer Action Committee (A.V.A.C.) will hold a meeting July 12, 1979 at 7:30 p.m. at the Kentucky Utilities Building on Main Street in Somerset. Anyone interested in learning more about arthritis and the effects thereof is invited to attend. Please contact Mrs. Samuel Ray Godby at 1-423-2521 if you plan to attend.

Celsius Temperature Now Available To Rockcastle Countians

Rockcastle Countians will soon be talking about the temperature in the same terms as most of the world's people -- in Celsius. The time and temperature display in front of The Bank of Mt. Vernon shows the temperature in Fahrenheit and then, the temperature in Celsius.

Celsius, previously called Centigrade, is the common metric method of measuring temperature. For scientific work, the more precise method of defining heat and cold is called kelvin. The Celsius scale, however, divides the difference between the freezing and boiling points into 100 equal degrees and, for this fact, was called centigrade by the Swedish astronomer who invented it in 1742-Anders Celsius.

Internationally, it is now referred to as Celsius in his honor.

While a look at The Bank of Mt. Vernon's new Celsius readout is the easiest way to get a metric measure of temperature, one can also do it mathematically -- very simply. Whether the temperature is above or below freezing, simply take the difference between the Fahrenheit reading and the number 32. Divide the result by 1.8 and you have Celsius. Most metric conversion authorities, however, recommend against regularly converting and that we remember guidepost Celsius readings and go from there. Good swimming-weather is 30 degrees Celsius, a comfortable room temperature is 22 degrees Celsius, and water

freezes at 0 degrees Celsius. With the metric system becoming more a reality in Rockcastle County every day, the new Celsius temperature readout at The Bank of Mt. Vernon will help all of us to understand one of the more common metric mysteries -- the temperature in Celsius.

It doesn't mean 21 cents but 21 Celsius, or about 74 degrees. The Bank of Mt. Vernon's thermometer has "gone metric."

To the Citizens of Rockcastle County

This letter is centered to the parents of children, and the general public who would like to see more activities for our young people.

We would like to propose a little league football program for our county. This program would have many benefits if it could be started. First, it would provide activities which can teach our kids valuable lessons for the future, and second, give our youth more responsibility. Third, give us, as parents, a chance to show our concern for our children, and fourth, strengthen our football program in our elementary and high school.

This program will provide for each player, the very best equipment, and proper instruction to playing the sport, which can aid a youngster in future years.

We, as citizens of Rockcastle

Co., need to get more activities organized for our youth. So, please if you have an interest in this program, please attend the meeting Friday, June 29 at 7:30 at the Courthouse. All business people, civic organizations, and parents are invited to attend.

Good Ole Baked Beans

A spring or summer cook-out just isn't complete without good ole baked beans to accompany grilled hot dogs and hamburgers.

Fortunately, dried beans are in plentiful supply. So, be sure to add dry beans to your next grocery list. Remember, dry beans supply plenty of protein, iron and the B vitamins, especially thiamine.

Try this tasty recipe for Boston baked beans:

- 2 cups dry navy beans
- 6 cups water
- 1/4 lb. salt pork, cut in chunks
- 1/4 teaspoons salt
- 1/4 cup brown sugar, packed
- 1 teaspoon dry mustard
- 2 teaspoons chopped onion
- 1/4 cup dark molasses.

Boil beans in water 2 minutes. Soak 1 hour or overnight if preferred. Add salt pork and salt to beans and simmer until beans are tender, about 1 1/2 hours. Drain; save 1/4 cup liquid. Place beans in

3-quart casserole. Combine bean cooking liquid, brown sugar, mustard, onion and molasses. Pour over beans. Bake uncovered at 350 degrees for 1 hour or until beans are lightly browned on top of desired consistency.

Do you have any left-over baked beans? Once you have baked a good-sized pot of beans, you have a start toward several quick meals. The next three recipes are for easily-prepared main dishes made with baked beans.

Broiled Bean Sandwiches

- 4 slices bread
 - 2 cups baked beans
 - 4 large slices fresh tomato
 - 4 strips bacon
- Toast one side of bread under broiler. Spread beans on untoasted side; top with tomato and bacon. Return to broiler for a few minutes, until bacon is crisp and beans are heated through. SERVES 4.

For variety, omit bacon; top beans with a slice of cheese and lay slice of tomato on top. Broil until cheese melts and beans are heated through.

Bean-Tomato Bake

- 3 cups baked beans
 - 1 1/4 cups canned or cooked tomatoes
- Put beans in baking dish.

Pour tomatoes over them and bake at 350 degrees for about 30 minutes. Serves 4.

Bean Patties

- 2 cups baked beans
 - 1 egg, beaten

- Mash beans, mix with eggs. Shape into patties (8 small or 4 large) and roll in crumbs. Brown on both sides in a little hot fat. Serves 4.

Short Rows

By Nevyle Shackelford

One of the best little critters one can have around the garden and orchard is Bufo americanus, the toad. With its friendly mien, voracious appetite and beautiful gold-rimmed eyes ever alert for insects, it is a decided asset to any vegetable patch. As an insect nemesis, it is even better than a bird. It will not, as birds often do, pull up the sweet corn, peck the roasting ears, pick the cherries, or litter up the washing on the line, and it will often trill a song almost as pretty as a brown thrasher or a yellow-

Contrary to an old but completely erroneous belief, the milky secretion given off by a toad when

mouthing by a dog or handled roughly by a human does not cause warts. The secretion (poisonous to dogs) will, however, make them slobber and cause a stinging sensation if it gets in a human's eye. It is a gentle little baggy-skinned animal, completely harmless to the gardener or anything he grows in the garden.

In speaking of the song of a toad, it emits a long, high-pitched trill, a love song, as it were, on the warm moonlight nights of springtime. This song is a nerve-soothing sound, loud, vibrant, and musical and, as wildlife biologists say, breaks forth when the toad's vocal cords vibrate from the pressure of air being forced back and forth from lungs to mouth. A sac of skin under the lower jaw balloons out as air enters through slits in the floor of the mouth. Acting only as a resonator for vocal cord vibrations, it produces no sound itself. The biologist said that this trilling on the part of Brother Bufo, is to attract the attention of a mate.

The life of a toad begins in the water, a product of an egg protected by causing of gelatinous material which the mother toad lays in a pond, river, or roadside ditch. So the egg hatches into a tadpole that later develops into a fully-formed toad.

When the toads have finished their love-making and egg-laying in the swamps, ponds and along the streams of the land, they leave these marshy habitats to take up residence in the fields and gardens where they spend the summer seeking insects. When winter approaches these little people into hibernation by burying themselves in the soil, crawling into a hole under the walk, or hiding somewhere in a cranny in a basement wall to rest until spring.

A toad's worst enemy is the snake. Despite the bitter secretion it emits, a snake will eat a toad with impunity. A crow will often harass a toad, but usually does not kill. Outside of the serpent and the crow, the toad has few, if any, natural enemies.

Spring and summer are good seasons for the toad to be about if you live near a swamp, pond, or river, you are likely to hear its song at twilight. Later you are likely to find it in your flower bed or hopping in your garden.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, 100 Vaught Road, Winchester, Ky. 40391, up to 10:00 a.m. local time at the place of bid opening on July 16, 1979, and opened, immediately thereafter. All Timber marked or designated for cutting is located on an area of about 1368 acres within the Daniel Boone National Forest, on War Fork of Station Camp Creek, Compartment Nos. 3036 and 3049, Berea Ranger District, Jackson County, Kentucky, estimated to be 639 MBF of sawtimber.

Minimum acceptable bid by species including sale-area-betterment is: Other Hardwoods, Sawtimber, \$43.72; So. Yellow Pine, \$71.41; Yellow Poplar, Sawtimber, \$32.51; Mixed Oak, Sawtimber, \$44.54; White Oak, Sawtimber, \$65.18; and No. Red Oak, Sawtimber, \$79.34.

In accordance with the National Forest Management Act of 1976 a bidder qualifying as a small business (as amended) and the regulations issued thereunder) may elect at the time of sealed bid submission to have the Forest Service construct the included specified roads. If the bidder elects to have the Forest Service construct the roads, the price paid for the timber shall include the estimated construction cost which is \$55,304.00. This estimate is for construction cost as if accomplished by an independent contractor under a public works contract. Such road will be constructed to the design included and in accordance with drawings and specifications included in the sample contract.

Specified roads, whether constructed by the purchaser or the Forest Service, shall be completed by 9-2-80.

As advertised rates the applicable purchaser credits are \$10,064.00 with a Purchaser Credit Limit of \$36,693.00. The Forest Service has programmed \$8,518.00 in cash contribution to partially offset the difference between Purchaser Credit Limit at advertised rates and the maximum Purchaser Credit Limit. Following sale award, under Purchaser construction election, Forest Service contribution will be decreased by any overbid with a corresponding increase in Purchaser Credit Limit up to a maximum of \$45,211.00.

If the high bidder elects to have the Forest Service construct the roads, the Forest Service intends to perform construction by contract. When the Forest Service intends to construct the road through a contract, award of the timber sale will not be made unless either a satisfactory road construction bid is received, or if Forest Service fails to receive such a bid within 120 days of determination of acceptable high bidder, bidder agrees to perform road construction.

A certified check, cashier's check, bank draft or money order, in the amount of \$1100.00, must be deposited with each bid to be applied on the purchase price, refunded, or retained as damages, according to the conditions of the sale. The right to reject any and all bids is reserved. Full information concerning the timber, the sample contract, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Winchester, Ky. or the District Ranger, Berea, Ky.
