Martin (R) filed for constable of the 2nd district. Johnny C. Taylor (D) filed for magistrate of the 3rd district.

Mitchell Announces

Dale Mitchell, an attorney from Pulaski County, announced his intentions to be elected as Commonwealth Attorney for the 28th Judicial District covering Rockcastle County and Pulaski County.

Mitchell graduated from the University of Kentucky Law School. He served as a former legal advisor for the Kentucky State Police. He is a partner in the law firm of Mitchell and Gillum in Somerset.

Mitchell states that he is a man who stands for strict, fair and impartial enforcement of the law. He also files the office. (Cont'd to P-12)

Cromer Announces

Robert Cromer of Mt. Vernon announces his candidacy for re-election to the office of P.V.A. subject to the May Republican Primary.

Mr. Cromer is a member of the First Baptist Church, the Ashland Lodge #640, Shriners and Eastern Star.

For the past 8 years, he has been a member and treasurer of the board of directors of the Rockcastle County Hospital, Inc.

Mr. Cromer has served in the office of P.V.A. for Rockcastle since his election to the office in Nov. 1967.

He is married to the former Sue Hilton of Mt. Vernon.

Denney is Candidate

Tom Denney, Route 4, Mt. Vernon has filed as a candidate for Magistrate from the second district, subject to the May Republican Primary.

Mr. Denney, a farmer, is married to the former Lonnie Blackburn and they have four children.

A native of the county, Mr. Denney has lived in the second district all his life.

McGuire Announces

Olen McGuire of Orlando has announced his candidacy for Magistrate of District #5. McGuire is married to the former Tennessee Coffey and they have six children.

He is presently employed as a bus driver for the Rockcastle County Schools and pastors the Brush Creek Holiness Church.

SCHOOL REGISTRATION

Registration for kindergarten and first grade students for the 1981-82 school year will be March 27, 1981 from 9:00 a.m. to 2:00 p.m. in each of the schools of your district.

Your child will be eligible for kindergarten if his or her 5th birthday is on or before October 1, 1981.

Your child will be eligible for first grade if his or her 6th birthday is on or before October 1, 1981.

It is very important that all eligible kindergarten and first grade students be enrolled at this time.

The schools need this information in order that the necessary staff and scheduling can be prepared.

Council Increases Service Charges; Discusses Water - Sewer Increases

At their regular monthly meeting, the Mt. Vernon City Council approved the drawing up of an ordinance which would increase the water connection fee to \$100 in the city and \$150 outside the city limits. The charges for these connections are now \$25 and \$100 respectively. The deposit for a 1/2" meter was raised to \$25 from \$10 and the fee for having to disconnect a meter for non payment of bills was raised to \$25 from the present charge of \$5.

Water customers will also not be given as long to pay delinquent bills as in the past. The council decided to enforce their present ordinance which sets out a 50-day period before disconnection. In the past, the city has not disconnected a water meter until 10 days after the third billing notice. Now, the disconnect notice will be sent 10 days after the second

billing and customers will be given 10 days to bring the current amount or the meter will be disconnected.

The council felt the increases were necessary to keep pace with inflation. For example, to set a meter, the city is out \$90 for the meter plus labor costs and the \$25 charge was

no longer feasible. One water district in the county has a \$300 connection fee. The council also felt it was no longer feasible to have to spend labor and gas to drive to a dwelling to disconnect a meter and then repeat the same process to reconnect it for a \$5 charge thus the increase to

Health Board Reviews Cost Estimates for Building

According to Steve Midkiff of the local county Health Department, local staff members of the department are studying two options for renovation of the Dinner Bell Building as a possible health department facility. The plans and estimates drawn up by specialists working for CVADD, were presented to the Health Board by Judge/Executive Hubert Thacker at a

meeting last Thursday morning. One option would, according to the document submitted for study, include space which could be rented to help offset the operating and construction costs. In this plan 2116 square feet of the building would be renovated at a cost of \$67,582.

The other plan calls for renovating the entire building

Review of County's Elected Officials' Salaries

Certain elected county officials have received an increase in the maximum amount they are allowed to earn as set by the state for the fiscal year. The maximum for county judge-executives, clerks, jailers and sheriffs was raised from \$23,184 to \$26,058 due to the cost-of-living increases.

In many counties such as Rockcastle, however, these officials receive less than the maximum since the fees of their office may not be sufficient to support the maximum amount and the county cannot afford or will not supplement the statu-

REPUBLICAN WOMEN TO MEET MARCH 16

The Rockcastle County Republican Women's Club will hold its first meeting of the year Monday night, March 16 at 7:30 p.m. at Jean's Restaurant. The meeting will also include the installation of new officers.

Closing Update

According to local school Superintendent Charles B. Parsons, Rockcastle County Schools were closed a total of 10 days due to slick roads this winter. The state allows 5 days "snow bank" for the Rockcastle system due to the fact that school is in session about 6 1/2 hours a day, a half hour longer than is actually required.

Schools will be dismissed on April 9 and 10 for KEA meetings and will, if no more days are missed for snow, end about May 28th. Original plans were for May 18th closing.

atory fees and salary with a salary paid by the fiscal court.

The county sets and pays the salary of the judge-executive and the magistrates at or below the minimum. Judge Executive Hubert Thacker's salary is set at \$17,829.35 for this year. The magistrates pay themselves \$4068.00 yearly. Magistrates Amos Burdette, Frank DeBorde, Joe Clark, Sherman Sargent and "Boone" Cromer

also receive \$1,200 yearly for expenses.

Sheriff Henry Lee Abney is paid \$1,200 per year by the county and the remaining portion of his income is generated from fees collected in office. The amount he is allowed by the fiscal court to pay his deputies is \$10,000 but is paid from fees also and does not come from the county coffers. According to

Wade Dermon, left, of Ironsboro, is shown with field representative, Don Girdler of U.S. Congressman Harold Rogers' office. Girdler was in Mt. Vernon Tuesday to initiate case work with individuals who have complaints concerning the federal government. He will be coming to the courthouse here on a regular basis to hear citizens. Mr. Dermon was inquiring into delayed retirement benefits.

The Central Kentucky Blood Center received donors from Rockcastle Tuesday in the basement of the Bank of Mt. Vernon. The drive sponsored by the County Homemakers Clubs had netted 34

actual donors by 4:00 p.m. Charles Abney of Mt. Vernon (lying down) is shown in the process of donating.

Letters to the Editor

910A Hampshire Dr.
Louisville, Ky. 40207

Gentlemen,

Enclosed is a check for \$8.50 for which please renew my subscription for the Signal.

You may not know it, but Mt. Vernon is my hometown - so, I really enjoy reading the Signal. I graduated from "Hi" there in '28 worked for Dr. Baker for years.

The town has really grown since then, lots of people. I don't know, but always enjoy my visit back to spend a few days with my brother (Burdette Brown) and nieces and just enjoy getting out and seeing friends.

When John Lair (who was one of my teachers) gets his book completed on the History of Rockcastle County and in book form - please, I want to know. I read all of it when it was printed in the Signal but would like to have a copy.

Thanking you in advance,

Mrs. Francis M. Jenkins

Dear Mr. Anderkin,

In your issue of January 15, 1981, Mrs. Nancy Mullins prepared an article "1900" in Rockcastle County. I find this most interesting and I hope that Mrs. Mullins will continue her research for the years on up to about 1930 or 1940.

I was born in Mt. Vernon in 1906 - my father was W.L. Richards, one of the organizers of the Bank of Mt. Vernon in 1900. Mr. E.S. Albright was the editor of the Mt. Vernon Signal at that time I think Mr. Davis succeeded him. I am saving this article for the grandchildren of Mr. Albright, who will be in Kentucky some time this Spring.

I have been attending the high school reunions and am sure there are many others who would enjoy these articles.

Sincerely,

Frank Richards

Dear Editor,

Since the United States Supreme Court handed down its decision concerning the posting of the Ten Commandments in Kentucky's public classrooms, much has been written and said about it. There have been certain misleading statements concerning the Supreme Court decision and the role of the Attorney General's Office in this matter. Other comments have indicated an apparent lack of understanding of the basic principles underlying our constitutional form of government and the statutory role of the Attorney General's Office in Kentucky. I want to take this opportunity to explain what has happened and why it has happened.

In November, 1980, the United States Supreme Court declared unconstitutional a Kentucky statute requiring the posting of the Ten Commandments in public classrooms of Kentucky. However, the Court

in its Opinion went far beyond a simple discussion of the statute in question. Here are the exact words of the United States Supreme Court:

"The eminent purpose for posting the Ten Commandments on schoolroom walls is plainly religious in nature..."

"This is not a case in which the Ten Commandments are integrated into the school curriculum, where the Bible may constitutionally be used in an appropriate study of history, civilization, ethics, comparative religion, or the like... Posting of religious texts on the wall serves no such educational function. If the posted copies of the Ten Commandments are to have any effect at all, it will be to induce the school children to read, meditate upon, perhaps to venerate and obey, the Commandments. However desirable this might be as a matter of private devotion, it is not a permissible state objective under the Establishment Clause..."

The Court went on to point out that it made no difference that the posted copies of the Ten Commandments were financed by voluntary private contributions. In other words, the United States Supreme Court indicated that it does not matter how the school board receives the copy of the Ten Commandments, by gift or otherwise, because it is the permanent posting of the Commandments

that violates the United States Constitution.

The above words and thoughts are not Steve Bessier's - they are those of the United States Supreme Court.

The Attorney General's Office was then asked by the Kentucky Superintendent of Public Instruction what should be done about copies of the Commandments already posted in classrooms. By statute, my office is to give such an advisory opinion when requested. We therefore issued our advisory opinion, based upon the clear language quoted above, that the United States Supreme Court is requiring the removal of those

PLAINTIFFS

VS. COMMISSIONER'S ADVERTISEMENT OF SALE

COLUMBUS HAWKINS,

ET AL

DEFENDANTS

Pursuant to a Judgment of the Rockcastle Circuit Court entered on the 13th day of February, 1981, in the case of George C. Hawkins, Sr. Et Al vs. Columbus Hawkins, Et Al, said case being identified by the Clerk of the Rockcastle Circuit Court as Civil Action No. 80-CI-096, the undersigned Master Commissioner of the Rockcastle Circuit Court will sell, on the hereinafter described premises, at public auction to the highest and best bidder on TUESDAY, the 17th day of March, 1981, at the hour of 2:00 p.m., the following described real property located in Rockcastle County, Kentucky.

Located in Lincoln County, Kentucky, across Dix River on the left of the road going up Copper Creek. This land is bounded by county road, Dix River and the line of John Berry Green, being all the land on the side of the road of the said Charles W. Wallin farm, containing about 1 acre, more or less.

This being the same property acquired by Bessie G. Hawkins by deed from George Hawkins Et Ux Et Al, dated July 6, 1957, and of record in Deed Book 125, Page 502, Lincoln County Court Clerk's Office.

Since Bessie G. Hawkins acquired the above described property, it has been determined that said property lies in Rockcastle County, Kentucky, rather than Lincoln County, Kentucky.

The above-described real property is conveyed subject to such valid and existing restrictions, limitations, conditions, reservations, easements and covenants as may be revealed in the record chain of title hereto.

The above sale will be made on the following terms: 10% down day of the sale with the balance being due in thirty (30) days or upon confirmation of sale by the Rockcastle Circuit Court, which "or" is greater. If said sale be had on credit, the purchasers shall execute and deliver to the order of the Master Commissioner his bond, with good surety thereon for the amount of the balance, same to bear interest at the rate of 8% per annum from the date of sale until paid and said indebtedness for the balance shall likewise be secured by a lien on the property which shall have the full force and effect of a Judgment. However, the purchaser shall have the right to pay the full purchase price on the day of sale. Said property shall be sold free and clear of all liens including 1980 taxes on the premises which, if not paid before date of sale, shall be paid out of the proceeds of sale.

The purpose of this sale is to settle the estate of Bessie G. Hawkins, deceased.

Further information concerning the above sale may be obtained by calling the undersigned Master Commissioner of this Court or counsel for Plaintiff, Hon. Ben C. Wilmot, Wilmot, May & Ralston, Wilmot Building, Lancaster Street, Stanford, Kentucky, Telephone No. 365-9149.

Vernon, has enlisted in the United States Army. Thomas will depart for Fort Knox on March 8th where he will receive his basic and advanced training.

Bullen enlisted to receive specialized training as an Arm or Specialist. He will learn the basics of combat tactics, the principles of fire control and strategic maneuvers and will learn how to interpret military maps and read aerial photographs. He will also receive training in compass reading and field sketching.

Upon completion of his training, Thomas will be assigned to the 9th Infantry Division at Fort Lewis, Washington. His wife, Margaret, and son, Thomas, Jr., will accompany him.

According to Staff Sergeant Lingerfelt, Army Recruiter for Rockcastle County, Thomas will receive a \$5,000 bonus once he has completed his training at Fort Knox.

Further information about features of the Army such as bonuses, technical training and educational assistance can be obtained by contacting Staff Sergeant Lingerfelt at 623-1270

or drop by the Army Recruiting Station, Robbins Motel, Eastern By-Pass in Richmond.

Pep Up Your Prime Time During National Nutrition Month

Dieters shouldn't exercise because it makes you hungry. You don't have to eat balanced meals if you take vitamins. Athletes need more protein than other people. Right? Wrong! Myths such as those are alive and well in spite of the public's growing knowledge of nutrition. But nutritionists throughout the United States, will try to separate some of the facts from the fallacies during March, National Nutrition Month.

MT. VERNON SIGNAL THURSDAY, MARCH 12, 1981 P-5

People are becoming more aware of how important nutrition and exercise are in their daily lives, but there is so much bad information that it confuses people.

The American Dietetic Association promotes National Nutrition Month to provide the public with accurate information about fitness, nutrition and food selection. This year marks the ninth observance and the second as an entire month.

"Pep Up Your Prime Time - Exercise, Eat Right, Enjoy" is this year's theme, chosen to show the relationship between wise food choices and the effect on work and play. The theme emphasizes the combination of exercise and proper eating for weight control and for health in general.

For proper eating, follow the dietary guidelines established by USDA-FHEW in 1980:

1. Eat a variety of foods.
2. Maintain ideal weight.
3. Avoid too much fat, saturated fat and cholesterol.
4. Eat foods with adequate starch and fiber.
5. Avoid too much sugar.
6. Avoid too much sodium.
7. If you drink alcohol, do so in moderation.

Vegetable Receptes
Many vegetables are naturally low in calories until you add seasonings and sauces. You can lower the number of calories in recipes by reducing fats, oil, sugar and flour. Choose

Shown with their trophy for being runners-up in 49th district action last week at Jackson County are these members of the Rockets' girls team. Regional play will be held at Knox Central High

School this week with the local girls play their first game at 6:30 p.m., Thursday night, March 12 (tonight).

Sandy Clark, No. 50 for the Rockets, prepares to put the ball up in district final action last Friday night against Clay County. The girls advanced to the championship game by defeating Jackson Co. 57 to 37 and lost to Clay Co. 59 to 37. Clark was

high scorer for the Rockets in Friday night's game with 12 points. Also in the photo is No. 24, Debbie Rowman, a sophomore starter. The girls meet Bell Co. in opening round regional action this Thursday night.

ALL-TOURNEY TEAM—Two sophomores and two seniors were named to the all-district team following tournament action last week at Jackson County. Named to the squad were, from left:

sophomore Libby Ruppe; senior Donna Faulkner; sophomore Kelli Thomason and senior Sandy Clark.

LITTLE LEAGUE BOARD MEETING

The Little League Board has scheduled a meeting for Tuesday, March 24, at 7:00 p.m. at the PCA Building and requests all managers to attend.

The RCHS boys cheerleading squad took second place in cheerleading competition during the district tournament. Jackson County cheerleaders

took top honors. Members of the squad are, from left: Melissa Bryant, Terri Roberts, Cynodie Taylor and Cindy Taylor.

Junior Craig McGuire, left, and senior Danny Offutt, were the two players from Rockcastle County named to the all-district team following tournament action last Friday night. Clay and Jackson County advanced to regional play. The Rockets lost to Jackson Co. in first-round action.

Girls Advance to Regional Tourney; Opening Round Will Play Bell Co.

The Rockcastle County Rockets Girls Team lost out to Clay County in the finals of the 49th District Tournament last week but will still advance to the Region.

Their first game will be this Thursday night (tonight) at 6:30 p.m. against Bell County (12-17).

The tournament is being played at Knox Central High School at Barbourville.

The girls should advance to second round play where they will probably meet Whitley Co. (24-2) who has to meet Cawood (16-12) in their first game.

The second semi-finals will

be play Monday night, March 16th with the championship game scheduled for Tuesday night, March 17 at 7:30 p.m.

In the upper bracket of the tournament are Cumberland vs. Pineville at 1 p.m., March 12 and Clay County against Knox Central at 2:30 p.m., March 12.

Scoring were Clark 12, Faulkner 9, Thomason 7, Mulberry 6, and Ruppe 3.

I wish to congratulate Ruppe, Clark, Faulkner and Thomason for making the all tournament team.

I also wish to thank the cheerleaders and their sponsor, Mrs. Pam Cash, Mr. Pybas and the band, the boys team and coaches, high school staff and students, parents and fans, The Signal, and all who gave us such tremendous support during the tournament. The finals of the tournament had the largest delegation ever to support the girls team and we certainly are grateful for your support. We are working hard to put Rockcastle on top and your support is very encouraging to all of us.

Thursday night, we will play Bell Co. in the regional tournament at Knox Central in Barbourville. We play at 6:30 p.m. Bell Co. has a 62' center and a 5'11" forward. The other three are our size.

Our continued support of the team will be greatly appreciated.

Boys' Coaches Corner

Last Wednesday night, March 4, we played Jackson County High School in the 49th District Tournament held at McKee.

The homestanding Generals began the game with some very fine outside shooting and quickly we found ourselves trailing by scores of 8:2, 10-4, 14-8, 16-8 and finally 16:10 at the end of the first quarter of play.

In conjunction with their fine shooting, Jackson County simply wore us out on the boards when they did misfire during the first half of action. Several times, especially during the first half, the long rebound really hurt us as we were getting too far under the basket to obtain this particular type of rebound. Rebounders, we gave them somewhat more re-

sistance during the second half. Midway of the second quarter, we got farther behind at 27-16 and it looked as though they might get away from us. At that time, our people got some fire in them and suddenly the score was 27-24. We had scored eight unanswered points with our half-court press, but at the half, the score was 34-28 in favor of Jackson Co.

Beginning the third period of play, we maintained some enthusiasm and continued to stay in the half-court press and narrowed the gap to 38-38. Jackson Co. then managed six points to our two to take a 44-38 lead into the final eight minutes.

During the fourth quarter, we again got close and had numerous opportunities to move the game our way, but could never quite get over the bump. During this time, we missed several bonus free throws, some easy lay-ups and also some very good medium range shots. In the game's late stages, we were forced to gamble even more and consequently

gave Jackson Co. a couple of easy baskets that really broke our back. The final score was 57-51 with Jackson Co. advancing to the district finals and this week's regional. In Friday night's championship game, Clay Co. convincingly defeated Jackson Co. to continue their dominance of the 49th District.

Selected to the 12-man all-district team were Danny Offutt, our senior guard and Craig McGuire, our returning junior forward-center. Both these young men are to be congratulated for their achievement.

We played Jackson County in the first round of the 49th District Tourney and defeated them 57 to 37. In the first quarter, we went up by 4 points. In the second quarter, we outscored Jackson 16 to 4 and we were up 30 to 14 at halftime.

In the second half we maintained our lead and went on to win.

The team played extremely well on defense and our fast break was working to perfection. The team played very unselfish ball as they have all season long.

Scoring were Ruppe 15, Thomason 11, Faulkner 12, Mulberry 7, Clark and Reama 4 each, Bowman 2 and Holbrook and Deatherage 1 each.

Friday night, we played Clay Co. for the championship and they defeated us 50 to 37. In the first quarter, we were unable to hit and Clay went up 11 to 2. In the second quarter, we hit a little better but Clay was up 26 to 11 at halftime.

In the second half, we outscored Clay in both quarters but could not get enough points to

KENTUCKY FIELD

Walleye are among the first fish in Kentucky to make annual spring spawning "runs." With the warm weather we've had lately and the increased flow in the headwaters of our major lake, it wouldn't be surprising to find some walleye activity right now.

The walleye is perhaps most catchable in the spring, when it makes its spawning run into headwater rivers or to shallow gravel bars or rip-rap along the lake shoreline. Both live or artificial bait will produce and if you don't mind the chilly temperatures, night fishing is generally the best bet.

So if you've got the urge for some early season fishing then for some of the best bait fish anywhere consider trying your hand at walleye angling—particularly at Cumberland—the results might surprise you.

THERE'S NO TOMORROW

LLEXINGTON — He said it year after year, but Adolph Rupp just could never resist that 3-word phrase. Anytime he got ready to pack up his Kentucky Wildcats for one of their frequent trips to the NCAA Tournament you could count on it.

"There's no tomorrow," Coach Rupp would say, and that trite but true phrase is in vogue this week as Kentucky heads for the NCAA Tournament for a record 26 times.

Rupp's successor, Joe Hall, knows the phrase is true. He took his third Kentucky team to the NCAA finals before losing to UCLA. Three years later he won it all. Two members of that 1978 championship team are on this year's squad. Seniors Fred Cowan and Chris Gettlinger each owns a championship ring.

The two Wildcat seniors don't quite agree on Kentucky's chances of winning it all this year.

Freddie thinks Kentucky has as good a chance as anyone. Reminded of the youth and inexperience Cowan responds, "I think Louisville proved last year that you can win with young players."

Gettlinger isn't quite so sure. "We're sure going to give it our best shot," Chris says. "I think this team will have an even better chance next year. Roby, Givins and that bunch went to the finals as freshmen. Then came back to win it as seniors. Michigan State lost to us in the regional finals in 1978 then came back to win it the next year. You can't beat that tournament experience."

Cowan thinks the two most important ingredients are "playing hard and playing loose." He says, "To win it all a team has to really hustle every game and has to play confident and relaxed. I think our team is doing that right now."

Gettlinger mentions his two ingredients as "luck and coping." Chris says, "You've got to get one big break somewhere along the way. You've got to win one close game. A team must also be able to handle the circus atmosphere that is different around a tournament than it is during the regular season."

As Kentucky goes to the NCAA Tournament the season boils down to a game of todays. The season will end with the next loss. There's no tomorrow.

The Rockcastle Archery Club held recently at the Archery Range at Sparks Quarry. They held a club tournament and winners were: Class A Compound with sights, 1st place, Delbert Reynolds and second place, Bill Graves; Class B, Compound without sights, 1st place, Johnny Cromer, 2nd place, Wayne McClure; Junior A Class, Ricky Bullock, 1st place and Robert Owens, second; Junior B Class, Biron Mullins, 1st place and Randy Bullock, second; Crossbow, Wayne Yanzant; Unlimited, Ted Taylor; Class B, Compound with sights, Eddie Alcorn, first place and Eugene Bunch, second.

Legislative Subcommittee Agrees to Tuition Increase

A legislative subcommittee this week agreed to suggest that tuition at state universities be increased and rejected to move to suggest that Kentucky State University in Frankfort be abolished.

The budget review subcommittee on education of the interim joint committee on Appropriations and Revenue will recommend to the parent committee that a "reasonable" tuition increase should be made but that it should not be tied to possible budget cuts.

Sen. Robert Martin, D-Richmond, made the motion but wanted the increase to offset any cuts in the universities' budgets. He voted against the recommendation because it was amended to be independent of the cuts.

Rep. Harold DeMarcus' recommendation that Kentucky State University be abolished was defeated by a 2-2 vote with one subcommittee member not voting.

DeMarcus, R-Stanford, said tight money is only one of several reasons why he feels the

university should be eliminated. He said the school is a "vestige of racism" and that the U.S. Office of Civil Rights has instructed the state to better integrate its universities.

Rep. Carl Nett, D-Louisville, agreed with DeMarcus. "This institution (KSU) has to be changed," he said. According to Nett, a master's degree program for state employees should be established at the school or it should become a part of the University of Kentucky.

Martin said he thinks Kentucky State is vulnerable because of the high amount of state pays per student at the school (the highest of all state universities) and because of the high out-of-state enrollment at the school.

However, he said the university's future is now before the state Council on Higher Education and it "would be preemptive" for the legislative to become involved in the matter.

Rep. Roger Noe, D-Harlan, said he does not like the prospect of closing an institution because of budget cuts.

Rep. Ramsey Morris, D-Hopkinsville, said he passed on the vote because he feels it is premature.

In the afternoon, the subcommittee, along with the Education Committee's subcommittee on education and the arts, heard Superintendent of Public Instruction Raymond Barber. Barber said he is not considering teachers' salary cuts as a way to save money.

Two Fires

A car belonging to Larry Kirby was totally destroyed by fire Tuesday night. According to a member of the Mt. Vernon Fire Department, which responded to the call, the fire started in the engine.

The Mt. Vernon Fire Department was called to extinguish a grass fire around 1:15 Tuesday afternoon. The fire apparently started from a trash burning site behind Mrs. Virgie Sowders' home on West Main Street, according to a spokesman for the fire department.

Things are Looking up for Young Republicans

At the last meeting of the Rockcastle Young Republicans on Tues., March 3, things were really looking better for the club. We received 4 new members. All the members present were very enthusiastic about all the new projects that we discussed and are planning for the club this year. We invite more young republicans to join the club and share their ideas with us.

The club will hold a special meeting on Tues., March 17 at 7:30 on the second floor of the courthouse, to discuss further the new projects and come to a

Stories from Old Piney Branch

By Nancy Mullins

Piney Branch, situated about 3 miles north of Livingston, once a thriving thickly populated settlement, is all but forgotten by all except those who have vivid memories of the beauty of the place or those who have some knowledge of its early history.

The low hills along Piney Branch are covered with a growth of holly pines, hemlock and cedars, and the ground is covered with mountain laurel. Piney runs over black rock with deep holes and wide rock ledges covered with "black gravel". It is unique in its natural beauty; a place hidden away. Once seen with a snow on the ground, the red berries of the holly and mountain tea combined with the natural winter greens and the coal rocks of the clear creek present a secluded spectacle of Utopia quality.

A tanbank mill was located on the upper waters of Piney in the years before and after 1875 and many of the men of that area of the county worked the lumber out of the woods and brought much of it to the mill. The mill was a large business as evidenced by the fact that a railroad spur was built across

Roundstone Creek from the L&N tracks up Piney to the McNabb place. The bark from Chestnut oaks was called tan bark because it was peeled off the logs (by hand) and shipped out by rail to leather tanneries. The logs were sawed into lumber from which barrel staves and wheel spokes were made and also shipped out. At the time, it was the biggest industry in Eastern Rockcastle County and employed many who lived up and down Piney Branch. There were also several small coal mines up and down Piney which employed members of some of the numerous families then living there.

In the late 1870's there lived a middle-aged couple on lower Piney who, among other things to make extra money, made chairs with hickory-cane bottoms. The man was blind and so was semi-invalid. His wife had the reputation of being an excellent midwife. The story goes that a doctor in Livingston asked her to "take in" and care for a patient for him from a "distant state". The patient, a young girl who was expecting a child, was brought to the midwife by her father. He did not leave her name. The girl stayed with the couple for several

months and was pleasant and likeable, but she never gave hint as to her name. The blind man gave her the name of "Auntie" because her voice reminded him of his dead sister's. So she went by that name what time she was on Piney.

When the baby was born, the doctor was called, but a few days after its birth, the infant died. The girl's father came for her in a "fifteen-horse covered rig" and took her and her dead baby away. No one in the area every heard who she was or where she came from and so she was one of the "old Piney mysteries".

About 1900, the residents of the area built a Baptist church and called it New Bethel. Many people joined the church and they were very "religious" in the way of churches of that time. They believed in manifesting their religion by shouting and "testifying to the Lord in public. One night during a revival, the minister called on anyone who was mid or "put-out" with a brother or sister to get up and go to that person and ask forgiveness. One lady and her neighbor had been "passed speaking" or sometime so she got the courage to go to the offended lady, got down on her knees and indicated that she wanted to make amends. The other lady told her to "get away and not come again." Needless to say, this caused quite a bit of confusion and turmoil in the church and certainly something to be much discussed.

Another time members were testifying as to the things the Lord had done for them when an old man who had had a council on his arm got up. He told of how he had prayed and the Lord healed his arm. As he was a good man and a worker in the church, everyone was believing him and rejoicing, but his wife who was seated in front of him rose to her feet and pointed her finger at him and said, "Old man, your arm never got any better till I put that slipper on poultice on it and you know it!" To which he replied, "I know, old woman, but the Lord takes all the help he can get."

The fifth Saturday was scheduled for regular church services and large crowds attended. Always, there were men

who stayed outside and "hung around the meeting house door". One night there was a rather rough character standing outside the door. Another man, a member, meaning to go in, but waiting by the door until the prayer was over, was grabbed by the collar and the seat of his pants and pushed down the aisle "church by the ruffian who yelled all in "spirited" fun, "In the meetin' house is the place to worship, brother."

Not everyone on Piney was interested in going to church and doing the right thing, however. One favorite story goes that two old men of Piney went to Livingston and had a few drinks too many. On the way home, they had to lie down to rest before continuing. Both "fell asleep". One awakened to find himself in the sleeve of his friend's coat. He yelled, "Jim, call this chewing your coat sleeve."

Jim answered, "Yeah, I've got my eyes on him". But he made no move.

The buddy again reminded him that the cat was continuing to chew his sleeve, but Jim just lay still saying, "I've got my eye on him, till his coat sleeve was ruined."

Legislative Report

By Rep. Harold DeMarcus

A report compiled by the General Assembly's newest investigative committee indicates that the state's Sikorsky 76 helicopter was purchased illegally.

The Sikorsky Spirit 76 is a twin-engine fourteen-seat, commercial transport helicopter. The Spirit is the first Sikorsky helicopter to be available for purchase by the public, previously they were built exclusively for the military.

The Capital Construction and Equipment Purchase Oversight Committee's contention is based on an interpretation of statutes created by Senate Bill 44, which was enacted during the last Special Session.

The committee's interpretation says that Senate Bill 44 requires, as of January 1980, all state agencies to specifically list capital construction projects and planned major equipment purchases in their budget requests.

On this basis, the committee contends that the helicopter, purchased in June of 1980 and used primarily by the governor, was not considered or approved by the legislature and no appropriation was made for it. Therefore, according to state law, the helicopter was purchased illegally.

However, the Department of Finance disagreed with the committee's assessment, claiming the effective date of Senate Bill 44 was July 1, 1980 rather than January 1980; and in their opinion the helicopter was legally purchased before Senate Bill 44 went into effect.

Also, the Department of Finance pointed out that an Attorney General's opinion had been issued stating that the purchase was legal.

Nonetheless, the committee maintained that an attorney general's opinion is only advisory, the legislature knows the intent of legislation that it has enacted and that indeed the helicopter was purchased illegally.

Although an interim-legislative committee has very little authority over state government activities, the helicopter situation has been referred to the Appropriations and Revenue Committee, Legislative Research Commission and the State Government committee for further discussion.

Another controversy involving the manner in which the helicopter was purchased also developed at the meeting.

According to the contract under which the helicopter was purchased, the 1982 General Assembly has the option of purchasing the vehicle on an eight-year installment plan or appropriating funds for a total one-time payment.

If the helicopter is purchased with a one-time payment, it will cost the state \$1,833,996.

It is interesting to note that the First Security National Bank and Trust company of Lexington, which is selling the helicopter to the state, purchased the Sikorsky for \$1,712,000 and stands to make a profit of \$121,996 if purchased by a one-time payment in 1982.

However, if the Sikorsky is purchased over an eight-year period, which is the financial arrangement currently in effect, the helicopter will cost the state over \$2.6 million.

In July of 1982 the state will

still owe \$2,633,969 on the helicopter. This is the very reason Senate Bill 44 was enacted, to ensure that future legislators are not indebted for costs incurred without their approval. Further, the 1982 General Assembly may well decide to sell the helicopter rather than choose a method of payment.

Another aspect of the helicopter controversy which deserves note is that the governor has said many times that he has abolished the governor's contingency fund. Purchase of the \$2.6 million helicopter and having swivel seats and a private phone installed in the vehicle made a contingency fund of the state treasury.

Soil Conservation

SOW PASTURE FIELDS NOW
By Greg Stephens

Now is an ideal time to sow legumes, red and ladino clover, in pasture fields. It is not necessary to explain the benefits of adding legumes to existing grass pastures because nearly every beef or dairy producer is aware of increased gains for beef cattle and increased milk production for dairy cattle from grazing grass-legume pastures over pure grass stands. But it is important to stress that now is the time to do pasture or hayland renovation.

Some advantages of acting right now would be:

1. The 30 day weather forecast from mid February to mid March is for "above" normal temperatures and precipitation.
2. Right now most pastures are grazed fairly close so a minimum of seedbed preparation is required.
3. Right now is the beginning of the spring seeding season and the earlier this work is done the more time is left for other chores as we get farther into the spring.

There are several methods of pasture renovation available to farmers in Rockcastle County. The conventional method of disking or using a field renovator is one method. Another method developed by the University of Kentucky and John Deere Co. is a "Pow-R-Till" seeder. This is a machine which sprays a herbicide to suppress the grass and places the seed in

direct contact with the soil and covers it. Or there is the rather new method known as "seabra" seeding. This method uses herbicides to suppress the grass and then legumes are broadcast on top of the ground. All of these methods have advantages and disadvantages. There is also cost sharing assistance available to help defray the cost of seeding.

To get more information on any of these techniques and how they would fit into your operation, call the U.S. Soil Conservation Service (SCS) at 256-2541 for personalized on-the-farm planning and assistance.

YCC PROGRAM ACCEPTING APPLICATIONS

Young men and women aged 15 through 18, may now apply for summer employment on the Daniel Boone National Forest under the Youth Conservation Corps program. Forest Supervisor Richard H. Wenger, Winchester, announced today. The program offers young people the opportunity to work, learn and earn money while enjoying the country's natural resources.

The hourly rate of pay is the same at all camps but deductions are made for meals and lodgings in residential camps. Ten earnings are \$77.48 per week in a residential camp and \$93.82 per week in a non-residential camp.

Applicants must be in good health, be able to perform reasonably strenuous work assignments and have no history of serious criminal or anti-social behavior which might endanger their safety or that of others. Those selected will need a work permit and a social security number. Applications may be obtained from school counselors and must be postmarked by midnight, March 15th.

Selection of enrollees is made on a random basis. Persons desiring more information about YCC may call Paul Fitch or Charles Eury at 606-744-5656 or write to them at the Forest Supervisor's Office, Daniel Boone National Forest, 100 Vaughn Road, Winchester, Ky. 40391.

To The Citizens of Rockcastle County

This man Reagan has my blood near the boiling point. To do a good housecleaning, you must start at the top and work down. Why not start with the president, his cabinet, congress, senators, judges, owners of stocks and bonds and everyone living in the U.S.A.? Why not everyone give 10 cents of each dollar earned for 365 days to pay on our national debt including all ministers and religions.

They all want freedom and the common people do the paying and don't forget how much the little man is paying for ex-presidents. How many know that Nixon, Ford and Carter receive \$2,000,000 annually?

We, the poor aged citizens, would 97% be happy to give 10% of our meager social security. After all, who would be hurt the most. Let's stop this foolish thing of taking a billion dollars from hungry poor kids lunch-it's meager enough now.

Politics have become so rotten and corrupt, that nearly 50% of our citizens don't bother to vote. They all know it's six one and half dozen of another and all the same thing. I urge all men and women, especially women, to register and vote in the upcoming election. It is imperative if our democratic way of life is to continue. Although there are a lot more women than men in this county, state and country-there are many more men registered to vote and it shouldn't be like this.

We had better do something or sometime we are going to have a revolution and something else, someone needs to tell Mr. Reagan to walk a little more softly until he has a bigger stick.

There is the reincarnate of George Washington, Thomas Jefferson, Andrew Jackson, Harry Truman, John F. Kennedy? Speak up!

Legislative Report

By: Rep. Harold DeMarcus

Kentucky's network of state parks is touted as the nation's finest. However, the Commonwealth's park system may be a mixed blessing or perhaps just an enigma.

Kentucky has a total of forty-seven state parks encompassing 43,336 acres. The state owns 22,600 acres and leases the remainder from such entities as the Tennessee Valley Authority and the U.S. Forestry Service.

There are fifteen resort parks, nineteen recreational parks and twenty-three shrines and museums.

The Department of Parks has an annual budget of \$40 million, \$27 million is generated by park sales and \$16 million is appropriated from the general fund.

Statistics furnished by the Department of Parks allow that 2,740 persons are employed in state parks and approximately nine million visit the parks each year. Further, 45 percent of all overnight guests are Kentuckians.

At the February meeting of the Agriculture and Natural Resources committee, the Commissioner of Parks said that very few Kentuckians visit the majority of state parks, because they simply don't know about them. The executive administration is spending \$800,000 to promote the parks, seventy-five percent of these advertisements are being concentrated in the surrounding states.

The acknowledged purpose of the park system is to lure people into park areas, which in turn stimulates the economy. There is very little doubt that this purpose is being served.

However, the management efficiency of state parks and the possibility of expanding existing parks or building new ones must face serious questions. For instance, Lake Cumberland State Park in 1971 was the last time a state park endorsed the park by making a profit.

Parks like Lake Cumberland have high occupancy rates for their lodges, cottages and campgrounds while other parks like Lake Barkley have low occupancy. Also, at Lake Barkley, there is a facility containing four indoor tennis courts, it is rarely ever used.

At the February meeting of the Appropriations and Revenue Committee, state Development Cabinet and Parks Department officials endorsed the development of a new state park at Paducahville Lake. If this park were to be developed, it could eventually end up costing the state \$30 million.

Some legislators have stated that state parks should not receive General Fund appropriations, because tighter management would make them self-sufficient. Also, considering the Commonwealth's financial condition, expansion of the park system must be reduced to a question of priority.

such as minced parsley, chives, onion, celery or green pepper. Mushrooms and tomatoes are low in calories and may also be added for flavor.

Use margarine or butter rather than oil since oil has 25 more calories per tablespoon. A few drops of butter flavoring may be used but too much will result in too strong a flavor.

You can still add flavor to food without adding too many calories. All that is required is

substitution. For example, instead of seasoning vegetables with bacon fat, butter or sour cream, use the following: bouillon cubes, 5 calories/cube; vinegar, 2 calories/tablespoon; lemon juice, 5 calories/tablespoon; parsley, spices or herbs.

You must use white sauce for seasoning, the following recipe is for a low calorie sauce:

Thin: 2 teaspoons butter or margarine; 1 tablespoon all-purpose flour; 1/4 teaspoon salt and 1 cup reconstituted dry milk. Medium: 1 tablespoon butter or margarine; 2 teaspoons all-purpose flour; 1/4 teaspoon salt; 1 cup reconstituted non-fat dry milk. Thick: 1 1/2 tablespoons butter or margarine; 3-4 tablespoons all-purpose

flour; 1/4 teaspoon salt; 1 cup reconstituted non-fat dry milk. Melt fat in a heavy saucepan. Blend in flour to make a smooth mixture. Add milk slowly and stir rapidly to prevent lumping. Bring mixture to a boil, stirring constantly. Reduce heat, add salt and cook 1 minute longer, stirring constantly. Remove from heat. Calories per cup: about 180 for thin sauce, 240 for medium sauce and 330 for thick sauce.

"LETTERS TO THE EDITOR"

copies of the Ten Commandments now posted on Kentucky's public classroom walls.

Contrary to some statements being made, the Attorney General's Office is not ordering anyone to do anything. This office has no authority to order a local school board to take this kind of action. Our opinions are advisory only and are meant to give guidance to local officials as to what the law is. If we had not advised local school boards the way we did, we would not have been doing our job.

As the son of a Baptist minister who was raised in a Christian home, I understand and appreciate the sincere feelings of many Kentuckians that copies of the Ten Commandments should be posted in the public classroom. However, under the Kentucky Constitution and the laws of this state, my job as Attorney General is to tell people what the law is - not what many people might like it to be.

There are only two ways to change a decision of the United States Supreme Court: (1) Wait for the membership of the Court to change and hope that a new majority has a different attitude on an issue; or (2) An amendment to the United States Constitution.

As you can imagine, this was not an easy opinion for me to issue. However, the United States Supreme Court left me no choice. I didn't make the decision, but once made, my role is to advise school boards so as to keep them out of legal difficulties, including possible lawsuits.

Sincerely,
Steven L. Beshear

PLAINTIFFS

V. NOTICE OF SALE

ROBERT ANDERKIN and wife,
ELIZABETH ANDERKIN, ET AL.,
DEFENDANTS

By virtue of a judgment and order of sale of the Rockcastle Circuit Court, entered on the 13th day of February, 1981, in the above cause, a portion of said land shall proceed to offer for sale at the Court House door on Main Street, in Mount Vernon, Kentucky, to the highest bidder, at public auction on the 17th day of March, 1981, at the hour of 10:00 A.M., or thereabouts, the following described real property, to-wit:

Beginning at a post near the street that leads to the Spout Spring, Tip Langford's corner; thence with line and fence, North 08 1/2 East 44 feet to a lantnum tree; thence with the fence, North 52 3/4 East 408 feet to a stake near an elm in the Louisville & Nashville Railroad line; thence with the line of the Louisville & Nashville Railroad to a post, W.M. Anglin's corner; thence with his line and the fence, South 19 West 170 3/4 feet to a lantnum tree; thence South 12 1/2 West 161 1/2 feet to a stone; thence leaving Anglin's line and crossing the right of way that leads from the street to said lot 10 feet to the beginning, and contains one acre, more or less. There is excepted from this tract of land a water easement to the Rockcastle Hotel which was reserved in deed from J.W. Rider and Mollie Rider, his wife, by deed dated April 4, 1918, and recorded in the office of the clerk of the Rockcastle County Court, in Deed Book 34, page 179.

This property shall be sold to the highest bidder on terms of ten (10%) per cent of the purchase price in cash at time of sale, the balance payable in three (3) months, with the purchaser being required to execute bond with surety thereon to be approved by the Commissioner, to secure the unpaid balance of the purchase price; said bond to bear interest at the rate of eight (8%) per cent per annum from date until paid. The purchaser shall have the privilege of paying all of the purchase price in cash, or paying said bond before maturity by paying the principal and interest accrued to date of payment. The purchaser shall have possession of the premises after complying with the terms of sale.

proposed that they be charged a flat rate which would be less than what it actually costs to treat and pump the water which, Crawford said, would have to be determined.

Crawford's other proposal was a restructuring of the water rates to shift the brunt of the increase to the larger water users rather than those who use 2,000 to 10,000 gallons per month.

The increase is necessary, the Council feels, because of increased operating and maintenance expenses and because this year's audit of the water and sewer department pointed out a shortage of \$116,316 in the depreciation fund.

However, after the two proposals were heard, it seemed to be a general consensus of the council that they would not be favorable to increasing the sewer-charge by anywhere near as much as had been proposed.

Mayor Roland Mullins said he intended to form a citizens' group representing various segments of users to go over the recommendations and to see that the increases were appropriately distributed.

Whatever the final decision by the council as to the amount of the new rates will not take effect at least before July 1 of this year, Mayor Mullins said.

In other action, the Council voted to set aside the week beginning April 20th as Spring Clean-up Week in Mt. Vernon. During this time, the city will make their trucks available to residents to haul off trash and several civic organizations will be contacted to see if they might help to clean up general areas of the town.

"SALARIES"
[Cont'd from front]

Sheriff Abney, he made about \$13,000 last year excluding what he paid the two deputies in his office, his wife, Carolyn and Robert Abney, Kentucky sheriffs are also allowed a \$500.00 a month expense account from the state.

The county clerk's office works much the same as the sheriff's. Clerk Irene Bales says that the office is similar to a business, if business is slow, you can't take out as much. The county pays the clerk a salary of \$600.00 a year for keeping court records and the rest of what the office realizes comes from fees. According to Mrs. Bales, she paid herself about \$13,000, however she is not sure exactly how much she made because the account must be kept open until her office is audited. Her deputy hire is set by the fiscal court but is dependent upon fees collected. The chief deputy is allowed to make \$9,500, the 1st deputy is allowed \$9,000, the 2nd deputy \$8,100 and the 3rd deputy \$6,700.

The county corner in Rockcastle, Bill Dowell, is paid \$2400 from county funds and was recently granted pay for two deputies at \$600 per year. The deputies are Roy Martin and Robert L. Cox.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, 100 Vaught Road, Winchester, Ky. 40391, up to 10:00 a.m., local time at the place of bid opening on April 13, 1981, and opened immediately thereafter. All timber marked or designated for cutting is located on an area of about 450 acres of which 78 acres have been marked for cutting within the Daniel Boone National Forest, on White Oak Creek and Trace Branch, Compartment Nos. 3136, & 3137, Berea Ranger District, Rockcastle County, Ky. Estimated to be 188 MBF of sawtimber.

Minimum acceptable bid by species including sale-area-betterment is: Other Hardwood Sawtimber, \$32.21; So. Yellow Pine, Sawtimber, \$29.64; Yellow Poplar, Sawtimber, \$38.84; Mixed Oak, Sawtimber, \$28.84; White Oak, Sawtimber, \$45.34 and N-Red Oak, Sawtimber, \$51.75.

A certified check, bank draft, cashier's check or money order in the amount of \$400 payable to Forest Service, USDA, must be deposited with each bid to be applied on the purchase price, refunded or retained as down payment according to conditions of the sale. Applicable purchaser road credits are \$1475. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the sample cutting, the conditions of sale and submission of bids should be obtained from the Forest Supervisor, Winchester, Ky., or the District Ranger, Berea, Kentucky.

Constables and the surveyor are not paid a salary by the county or state. Constables are paid a fee from the fine money collected when they make an arrest.

County Attorney, James Lambert is paid a salary of \$12,000 from the county as legal consultant to the fiscal court and receives \$23,184 as district court prosecutor which is paid by the state justice department for a yearly total of approximately \$35,184 plus a \$250 a month expense allowance, paid by the jailer.

The jailer receives his compensation from fees alone. The county does not pay him a salary. According to present jailer, Billy Kirby, he and his wife, who helps him, earned \$18,962 last year. The job Kirby has is the only one that requires that someone be there all the time, 24 hours a day, 7 days a week.

The other two elected officials, the PVA and the Circuit Court Clerk have salaries based on the population of the county and paid by the state because the bulk of the work of the offices is required by the state such as issuance of state licenses and collection of state property taxes. The base salary for a newly elected PVA is \$10,200, however with his experience in office, Robert Cromer earned \$15,288 last year. He is allowed two deputies whose salaries are also paid by the state.

The office of circuit court clerk pays a set amount of \$19,000 per year plus allowance for the population of the county and several civic organizations will be contacted to see if they might help to clean up general areas of the town.

Commonwealth Attorney, Lester Burns will earn \$43,860 this year, Circuit Judge Phillip Wicker will earn \$45,000, District Judge Daniel Venters and Walters Meguire will each receive \$38,500 apiece from the justice department budget.

All Kentucky legislators, both senators and representatives are paid \$100 per day and \$50.00 per day for expenses when General Assembly is in session (about 60 days every two years). The rest of the time, they are paid about \$600 a month for expenses.

Interest in the upcoming election is, as usual, high with lots of candidates "throwing their hats in the ring" early. As of last week some 80 candidates had filed to seek election to county and state offices.

(2,970 sq. feet) at a cost of \$79,634. This plan meets the

minimum requirements necessary for a regional health department building. There has been some talk on the state level of reorganizing the local departments and establishing health districts, in which case regional headquarters with suitable offices would be sought.

It seemed to be the general consensus of most of the members of the board and the local health department that the cost estimates, especially for materials and labor were high. Reportedly, some of the costs were as much as 50% above actual present costs while other costs fluctuated. Since the materials estimates were significantly inflated, and according to one source, CETA workers could possibly help on the labor and thereby cut costs further, local staff members began to look with some optimism at their and the county's ability to finance the project.

Other alternatives, such as rough estimates on a new building to be made available for consideration by the board and staff, by the next meeting date, set tentatively for next Thursday, Feb. 19, according to

Mitchell.

Some 4,000 Candidates Across State Expected To Be On Ballot for Primary

Some 4,000 Kentuckians will be crowding the primary ballots this year for elected offices across the state, says John Craig, director of the Kentucky Registry of Election Finance.

Although rules, regulations and laws applying to campaigns and elections in the state are covered in a manual issued by the registry, Craig said there are still some areas which have caused problems for candidates. "One area which candidates frequently overlook is filing copies of their financial reports with the county clerk of the county of their residence at the same time they file with the registry," Craig said.

Another area, Craig said, is when financial reports should be filed with the registry. Primary reporting due dates for 1981 are:

-April 24, 32-day pre-primary report

-May 14, 12-day pre-primary report

-June 25, post-primary report

Craig said candidates should be sure to follow this

schedule for filing their financial reports with the registry. He warned that if the reports are not filed with the registry within five days after their due dates, the reports will be considered delinquent.

All reports to the registry are to provide the name, address and occupation of all contributors giving more than \$100 either as a single contribution, or when multiple contributions are made by a contributor, at the point the multiple contributions are more than \$100, Craig said.

Craig also advised candidates to keep these regulations in mind:

-Contributions or loans by a candidate to his or her campaign are to be reported in the same manner as contributions from other contributors.

-Candidates or their treasurers are required to maintain accurate records of all their receipts and expenditures.

-Candidates should note that all financial reports are required to be filed, even though the candidate may lose the election.

The Sub-District Office will serve the following counties: Clay, Clinton, Knox, Laurel, Pulaski, McCreary, Rockcastle, Wayne and Whitley.

PHILLIPS PARTICIPATES IN SAC'S GLOBAL SHIELD 81

Air Force Airman 1st Class Buran F. Phillips, grandson of Mr. and Mrs. Buran Byrd of Route 3, Mt. Vernon, has participated in Global Shield 81, the Strategic Air Command's (SAC) response to a simulated attack on the United States.

The service member is among the more than 100,000 U.S. Air Force, Navy, Marine Corps and Canadian personnel taking part in SAC's largest, no-notice, 20-day training exercise.

During one portion of Global Shield, more than 500 B-52 and FB-111 bombers and KC-135 tankers took off from 70 different locations in the United States and Guam within minutes of notification. This exercise is not related in any way to real world situations, according to a SAC spokesman.

Global Shield 81 is designed to test the command's capability to carry out emergency war orders to support U.S. policy if deterrence fails. This exercise has been constructed to measure SAC's response to a set of preplanned events leading up to a simulated attack on the United States, the spokesman explained.

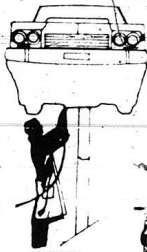

As part of Global Shield, some SAC aircraft deploy to civilian and military airfields selected specifically for the exercise. Additionally, B-52s and FB-111s fly low-level training routes approved by the Federal Aviation Administration. The routes were preselected to help measure the simulated bombing, navigation and electronic counter-measure skills of SAC aircrews.

SPRING FOREST FIRE SEASON

This Spring Forest Fire Season could be as bad as any Spring Fire Season in the last several years, according to H.F. Whitaker, District Forester for the Kentucky Division of Forestry's Southeastern District. Spring Fire Season did not officially start until March 1, but during the last week of February the 10-county Southeastern District recorded 112 fires which burned over 3,340 acres. 75% of these fires were in five counties: Knox, Whitley, Harlan, Bell and Clay Counties.

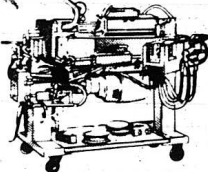

At least 97% of the fires in Southeast Kentucky are man-caused, so observing the Fire Laws and using a little extra caution could have prevented most of these fires. "A renewed emphasis will be placed on preventing forest fires this spring," said District Forester Whitaker, "and this will include an increased emphasis on enforcement of the Fire Laws". One step in this expanded program will be the use of air-

planes in Law Enforcement. The Division of Forestry's aerial detection airplane, which is used to detect forest fires, will also be used this year to detect and report Fire Law violations. District Forester Whitaker reminds everyone that during Fire Season it is illegal to burn anything within 150 feet of any woodland, or fuel leading to woodland, before 4:30 p.m. It is also illegal at any time to burn anything without taking all reasonable precautions to keep the fire from spreading. People who violate these laws not only could receive a citation requiring a court appearance and a possible fine, but would also be liable for the total cost of suppressing any wildfire which results from the violation. Everyone is urged to observe all the Fire Laws and burn only to help reduce the number of fires in this area. For more information on Fire Laws or fire weather, or advice on how to burn more safely, contact the local Forest Ranger or call the Division of Forestry Office at London, ph. 606-854-9396.

Elect James H. Lambert COUNTY ATTORNEY of Rockcastle County

Ladies and Gentlemen, my name is Jim Lambert and I'm running for County Attorney of Rockcastle County.

As I have never run for public office before, I wanted to take this opportunity to introduce myself and ask for your support.

I'm 38 years old and a life-long resident of Rockcastle County. My parents, James W. and Ruth Lambert, are natives of this county also, as were their parents. I have a 13-year-old daughter, Lora Lee Lambert, who is in the 7th grade.

I'm a lawyer and have been practicing law in Mt. Vernon for the past 5 years. If you elect me as your County Attorney, I will do you the best job I know how.

I am sure you realize that this is a big county and I won't be able to see everyone...but I want to see as many of you as I can. But if I don't see you, please know that I want your friendship and support, too.

Your Friend,

James H. Lambert

Mr. Sherman Thompson visited Mr. and Mrs. Rufus

Mink Saturday evening. Mrs. Chester Pezay is still in Ohio visited her daughter, Mrs. Jean Mink, who is a patient in the hospital after undergoing surgery Tuesday. We hope she is doing better soon.

Mr. and Mrs. Senate Purcell and Paula watched the Rockcastle County Saddle Club ride Sunday afternoon. The riders met at the home of Mr. Oscar (Toad) Chasteen at Copper Creek. Due to the chilly weather there were only 10 riders with their horses, consisting of both men and women.

Mr. S.S. Purcell riding Charlie and Mr. George Burton riding Slick were a couple of the riders and horses. Mr. Bennett Burton rode his horse but its name is unknown to me.

Mr. Unstetn wasn't able to attend the ride because of a back injury, but hopes to participate in the next one.

Mr. Senate Purcell just purchased a mare and hopes to be among one of the riders in the near future.

questions and answers

Q-I have been told that when my son reaches 18 his social security checks will be made out in his name. Since I need this money to pay his tuition is it possible for me to continue getting his checks?
 A-As long as an adult age 18 or over is mentally and physically able to handle his or her own finances, the Social Security Administration will pay the money directly to that person unless evidence shows it's in his or her interest not to.

SIX WAYS TO HELP KEEP YOUR PHONE BILL FROM LEAVING YOU SPEECHLESS.

How much your phone costs depends partly on how you use it. So here are six easy ways you can talk up some real savings.

1. Dial it yourself and save. Direct dialed calls cost less than going through the operator.
2. Call during off-peak calling times. Long distance rates are lower after 5 p.m. weekdays, all day Saturday and Sunday until 5 p.m.
3. Keep your calls brief. Having a clock within easy view of your phone helps.
4. Don't pay for mistakes. If you reach a wrong number, we don't want you to pay for it. Let the operator know right away, and you won't be charged.
5. Hang up on bad connections. And have the person who placed the call tell the operator. You'll be reconnected, and you won't have to pay for the interrupted time.
6. Use "800" numbers when possible. Remember that "800" numbers are toll free.

Follow these tips faithfully and your phone bill is less likely to leave you at a loss for words. Or money.

H&R BLOCK TAX TEST

Question No. 9

Income averaging can save you money. But only if you make more than \$30,000 a year.

True False

What you don't know about income averaging could cost you money. H&R Block knows that no matter how much you make, if your income went up substantially last year you may be able to income average. We'll take advantage of this if it's to your benefit. The answer is FALSE, since there is no minimum amount of income required to qualify.
