Thursday, May 14, 1981

Harsh winds late Sunday afternoon were the cause of this tree snapping at its base and damaging the above garage. The tree which was in David Bales' yard, fell over on Mr. and Mrs. Orville Miller's garage. The garage was heavily damaged.

Thefts

According to State Police Detective Roland Huckabee, Joseph Cummins reported 4 guns stolen from his trailer home at the Junction of 70 and US 150 near Brodhead.

Taken in the April 30 theft were 2 Remington shot guns, a Remington rifle and a Winchester shot gun.

Deborah Kay Prewitt of Rt. 3, Mt. Vernon reported to Detective D to P-15.

PIE SUPPER AND AUCTION

Rockcastle County's Little League and Senior League Board will sponsor a pie and cake auction Saturday, May 16th at the Brodhead Fairgrounds at 6 p.m.

Donations are needed from parents of all those children participating in the program and any other interested parties. (Cont'd to P-4)

Former Resident Dies in Fire

Jenny Lee Williams, former resident of Rockcastle County and daughter of Virginia Sutton Bray Meece and the late Phyllis Bray, died early Sunday morning as a result of a fire at her residence on Estille Street in Berea.

Ms. Williams, 33, was apparently the only one at home at the time of the fire which, according to the Berea Fire Chief caused heavy heat and smoke damage to the house. The fire department responded to a call from a passerby at 1:38 a.m. and found the flames confined

Rockcastle Youth Critically Injured

A Rockcastle County youth was critically injured in a motorcycle accident Tuesday night, May 5 on US 25 five miles north of Mt. Vernon.

According to State Police-Danny Coleman, Delbert Gene Cromer, 22, of Renfro Valley was traveling south about 8:20 p.m., when for some unknown reason his motorcycle left the roadway, crossed old

US 25 and traveled up the ditch line several yards before coming to rest.

According to Coleman, Cromer was first taken to the Rockcastle Co. Hospital but was transferred to the U.K. Medical Center in Lexington where he was being treated in the Intensive Care Unit and his condition was listed as critical Monday afternoon.

REPUBLICAN WOMEN TO MEET MONDAY

The Rockcastle County Republican Women's Club will meet Monday night, May 18th at 7 p.m. at the courthouse. Plans for the May Festival will be made.

Warning Signals to Be Installed

Warning signals will be installed at two railroad crossings in Rockcastle County.

Automatic gates will be installed at the Louisville and Nashville Railroad crossings on Conway Road at Conway and on Williams Street in Mt. Vernon. The gates will be installed by the L&N Railroad early next year.

The projects are estimated to cost \$53,000 each. Federal rail-highway crossing improvement funds will provide 90 percent of the cost of the projects. The L&N Railroad will pay for the remaining cost.

Wreck Injures Woman

Martha Burdette, 64, of Mt. Vernon, sustained class two injuries when the vehicle she was driving was struck by a van driven by Ernest Fenington, 34, of Ferguson, as she pulled onto U.S. 25 from old U.S. 25 north of Red Top Restaurant.

The accident occurred at 4:55 p.m. Monday, May 11. Ms. Burdette was treated at the Rockcastle County Hospital for a broken pelvis, according to state policeman Greg Ennis who recorded details of the accident.

\$2.9 Million Civil Suit Filed

A suit asking for a \$2.9 million judgment against Charles and Claudine Cash was filed in Circuit Court last week by Michael Brown of Mt. Vernon.

The suit stems from a January, 1981 automobile accident in which Brown was severely in-

jured. Brown alleges in the suit that Claudine Cash pulled into his vehicle from a side road as he drove on Highway 70, 7 9/10 miles west of Mt. Vernon.

A civil suit states only one side of the case.

Report of Campaign Spending

By: Rick Anderkin

In the local races for county-wide offices in Rockcastle County, candidates have spent anywhere from no money at all to \$2,854.50 as of April 24, according to the campaign financial records on file in the county clerk's office.

April 24th was the date that candidates seeking county-wide office must file the first of three financial reports showing exactly how much they have spent thus far in the primary election.

The money has been spent in a variety of ways such as newspaper and radio advertising, printing, campaign workers, gas, etc.

One candidate's financial report, Graydon Cummins, Democratic candidate for Judge Executive, was not on file in the clerk's office as of April 24th. This is an apparent violation of Kentucky Law KRS 121:180 through 121:200 which says that financial reports must be filed 32 days prior to the election.

Baccalaureate and Graduation Programs

Baccalaureate service is scheduled to be held Sunday, May 17 at 2:30 in the high school gymnasium.

Rev. Richard Holladay, minister of the Bethany Methodist Church in Mt. Vernon, will deliver the message with Bro. Don Jones of Brodhead Baptist Church and Bro. Richard Carr, pastor of the Brodhead Christian Church, giving the invocation and benediction.

Dr. Armand Biscontini of the state Department of Education in Frankfort will deliver the main address at the graduation commencement Tuesday night, May 19 at 7:30 p.m. in the high school gym. Bro. Earl Davidson, pastor of the Ottawa Baptist Church will deliver the invocation and Bro. Jerry Perry of the First Christian Church in Mt. Vernon, will give the benediction.

The band and chorus will be on the program of both events.

Explosion and Fire

The Brodhead Fire Department responded to a fire and explosion early Wednesday morning at the home of Elmer Saylor, 7 1/4 mile across the Lincoln County line on US 150. According to fire chief Everett Bradley, the homeowner was visiting out of state at the time of the explosion and by the time the fire department arrived at (Cont'd to P-15)

Revue Proceeds

Proceeds from last Friday night's Rockcastle Revue netted close to \$800 for the Mt. Vernon Woman's Club's treasury.

The money will be spent on two scholarships to the Stephen Collins Foster Music Camp at Eastern Kentucky University and on a community improvement project yet to be named.

tion, 12 days before the election and a post election report at least 12 days after the election.

Penalties for not complying with the law include voiding the election and a fine of \$1,000 and/or one year in jail.

The reports are open for public inspection and include such things as names and addresses of campaign workers and contributors, as well as how much money has been contributed to the individual's campaign.

The biggest spender so far in Rockcastle has been James H. Lambert, candidate for County Attorney, who has received \$1,685 in contributions while spending \$2,854.50. On the

other hand, his opponent, William D. Gregory, has spent nothing as of April 24th.

According to the reports, four other candidates have spent nothing on their campaign - Charles Lovell and Kenneth Harris, both candidates for Sheriff and two, Bill Dowell, candidate for coroner and Charles Mullins, candidate for county surveyor. Both Mr. Dowell and Mr. Mullins are unopposed.

In the Jailer's race, each candidate had spent something as of the 24th of April. James "Doc" Brown and John C. Bullock have, each spent \$299.90 which is the most so far in this

Water Bill To Increase by Undetermined Amount

By: Rick Anderkin

Water bills for City of Mt. Vernon customers are going up; but by exactly how much is still not clear. The water and sewer bill increase was the main item of business at the regular monthly meeting Monday night of the Mt. Vernon City Council.

Jack Crawford, Jr. and Robert Moore of Crawford and Crawford Engineering told the council they should have the final figures on the water and sewer increase by the June meeting. The main reason for the increase in the bills is the fact that maintenance and operating costs have risen so drastically in the past several years causing the water department to have trouble operating at the present rate.

Another big reason the city water department is having difficulty making ends meet is that they are selling more than half their water to the City of Brodhead, Northern Rockcastle Water District and Western Rockcastle Water District and receiving only 22.05 percent of their income from these districts.

The customers inside the city limits are carrying the

biggest load by paying 42.04 percent of the water department's total income and using only 26.66 percent of the water.

There are 407 customers outside the city limits that use 20.60 percent of the water and pay 35.91 percent of the income. The city is losing the most money on the three contracts and this is most likely where the biggest increase in the water bills will be.

DEADLINE EXTENDED

The Mt. Vernon Business and Professional Association has extended the booth reservation deadline to May 16th. A self-addressed and stamped envelope is requested to return your permit to you with the booth fee. Any singing groups or entertainers are welcome to perform in the May Festival on May 23rd.

Anyone interested should contact Billy Hiatt, Karen King or Kenny Robinson. We still have booth spaces available for political candidates.

The next meeting is Tuesday, May 19. All members are urged to attend.

County Operating Minus Garbage Contract

The County of Rockcastle has been operating without a garbage contract since March 13th of this year, according to records on file in the County Clerk's office.

Magistrate Frank DeBorde brought the matter to the attention of the fiscal court last Tuesday and was told by County Judge Executive Hubert Thacker that the garbage contract was in force until Revenue Sharing Funds ran out.

However, this does not appear to be the case since a check of the contract say in paragraph 2 that, "The period of this contract shall be for three (3)

years from the date hereof, with option to renew for an additional two (2) year period, by agreement of both parties in writing at least two (2) months prior to the expiration of the original period, provided however, that the County shall have the right to sooner terminate this contract without obligation to the Contractor should Federal Revenue Sharing funds be discontinued."

The contract agreement date was March 7, 1978 with the contract to commence on March 13, 1978.

Judge Thacker was unavailable for comment.

Members of the ECHS Chorus are seen giving a lively performance on stage at the old barn last Friday night in the annual Rockcastle Revue, sponsored by the Woman's Club of Mt. Vernon. The group sang and danced a medley of show tunes much to the crowd's enjoyment.

Letters to the Editor

Mrs. Naacy Moffitt
 I was so glad to read your article in the Mt. Vernon Signal of the British Islanders in the Appalachian area of Kentucky.

I was born in Jackson County at Appnville and Bond went to school there at Annville Institute in that day. I think it is now closed. In later years, I lived in Mt. Vernon and went to Langdon when Mrs. Rose McCord was our principal. I love Kentucky my state - am 100% Kentuckian. I left Kentucky in 1922 - my three daughters are Hoosiers. Two of them live in Oxnard, California, one here in Richmond. I became a Kentucky Colonel in January and am very proud to be one.

I have had to listen to that hillbilly-brainer for years, it still makes me mad. I have a Kentucky history for 50 years and I know where the dialect came from - a carry-over from their Mother Countries. I have traced my family genealogy back to 1690 to France. Also Scottish, Ireland, Wales and England. I think some of the best blood is in the Appalachia. Yes, I am a member of the French Huguenots that came to what is now Charleston, S.C. My great great grand grandfather was a Samuel Marion, related to the Swamp Fox fought in the Revolutionary War and belong to the Rockcastle DAR Chapter in Mt. Vernon and also belong to the Eastern Star. I have made a number of copies of your write-up in the Signal and have sent it on to my sister in San Francisco, California, one to a niece in Cincinnati and one to a cousin in Dallas, Texas. I plan to send more.

Thank you so much. I read all John Fox books, Horace Gepheart and many others.

Thank You,

Gracie Allen Hampton

Dear Editor,

Recently I read an article in your paper about the fact that Mr. Robert Cromer, our PVA for Rockcastle County, had run up the taxes. Folks, if this be true who run up the cost of food, clothing, electricity and fuel.

I have had the opportunity to work with Mr. Cromer in hay and tobacco fields all day in temperatures of 90-110 degrees and on my way home in the evenings, I have seen his critics and accusers on the creek banks with a fishing pole and a jug.

If all this man's critics were as good a person as he is, this county would be a better place to live.

There were 119 other coun-

ties in the state of Kentucky and 49 other states in the United States and if some other place is a much better place to live, folks, the road is not crowded. We might even see about getting you a one way ticket to Russia or Cuba, if you are interested.

I would like to leave you with one question. If you want to pay the same taxes as you did in 1967, would we want to take 1967 prices for your homes and land.

Letter to the Editor

I want to answer Mrs. Hamilton's objections to Larney Durham being Sheriff. Now, Mrs. Hamilton, could it be that you are promised to be one of those special deputies if you can beat Durham.

Now let's talk about the fist fight you mentioned at the jail. Tim Bullock was arrested for being drunk. He pulled his coat off and said you can't lock me up. He arose and struck at Larney Durham. It was then either run or leave the jail up to Bullock and that ended it then and there.

I just want the people to know the straight about the jail. As you know, every half dollar has two sides.

Thank you,

Mrs. W.R. Kidwell

Dear Editor,

I want everyone in Rockcastle to know about what happened last year. I sold a black mare to Frank DeBorde for \$150. This mare was in nice condition, extremely gentle and a good saddle horse. I sold her at this price because I thought she was going to a good home and I was assured by him that she wasn't being bought to sell at stock market, but as a horse for his granddaughters.

One week after selling I was informed that he no longer owned her. I called him and he would not tell me who he had sold her to, and told me that she

was lame when he got her home. I feel he could've told me who he sold her to and not insinuated that I sold her lame. I have several reliable witnesses that she was a sound horse when sold.

I feel that there is cause to question whether this is the man we want elected for Judge. I know there is a small incident but it does show that Frank DeBorde cannot be trusted for his word. The office of County Judge requires honesty.

Thank You,

Patricia L. Clark

To The Editor:

I am writing concerning the article about Joe Stephens. There was a mistake about him being a Democrat, with regrets. Sorry for the mistake. But he is running for the Sheriff. He should have known not to trespass on this land as we live on a private road. But there have been rumors that the Taylors paid me to do that. I don't know the Taylor, they don't know me. I don't sell my vote. I don't electioneer for anyone. I was raised by a Christian mother, who taught me better. I was raised to be honest, not steal and tell lies to get anything. I am poor but I have never stolen to get anything. She said voting

President Reagan Stands Firm on Firearms Issue

President Ronald Reagan pledged his full support to American gun owners this week and promised to support efforts which would amend the Gun Control Act of 1968.

The President's commitment was voiced by his Deputy Counselor, Rear Admiral Robert M. Garrick USNR (RET), keynote speaker at the National Rifle Association's 110th annual meeting held May 1-5 in Denver, Colorado.

"The President's philoso-

phy on the 1968 Gun Control Act is exactly the same as yours," Admiral Garrick told the assembly. "He is a member of the NRA."

Admiral Garrick said that the President supported the McClure-Volkmer Bill, designed to correct certain areas of the gun control act which have allegedly, been used to violate gun owners' civil liberties. The McClure-Volkmer Bill, which was introduced in both houses of Congress on April 29th, will also

shift enforcement emphasis of the Bureau of Alcohol, Tobacco and Firearms, the federal agency which enforces the gun law and which itself has been subjected to four Congressional oversight hearings for civil liberties abuse.

At the NRA annual meeting, Admiral Garrick said that President Reagan supported efforts to curb the BATF's activities and "Anything else that assists in reforming some of the situations that have placed gun owners in a precarious position." "Be assured," Garrick said, "That President Reagan stands with you. He understands the way you feel about our firearms rights. He fully understands the issues which confront America's law-abiding gun owners and he will do something about it."

A recently published Veterans Administration research bulletin discloses that the agency pays over \$11 billion annually, nearly one-half of the VA yearly budget, to five million veterans and survivors under the agency's various compensation and pension programs.

Some of the facts highlighting this statistical report include:

- Over forty percent of the recipients live in six states: California, Florida, New York, Texas, Pennsylvania and Ohio.

- 2.3 million veterans receive compensation totaling over one billion dollars for service connected disabilities.

- Of those veterans receiving compensation, 24 percent were disabled during the Vietnam Era, while 53 percent were disabled in World War II.

- Female veterans comprise one percent of the total receiving compensation from all wars.
- Eighty-four percent of the veteran population receiving compensation is under 65 years of age.

- Over 920,000 veterans receive a non-service connected disability pension. In this group, 49 percent are 65 years of age or older.

- VA pays monthly survivor benefits to approximately 1.8 million surviving spouses, chil-

dren and dependent parents:

- Survivor benefits account for \$2.7 billion in annual expenditures for compensation and pension.

Crawford and Moore that he wanted them to try to come up with a system that would cause a uniform percent increase for the various types of users. He said that he would like a "rice" even increase all the way across the board. What he didn't want to happen was for one customer to get as much as a 50 percent increase and another customer's bill to go down. Crawford and Moore said that they would do their best to come up with a suitable increase for the council and report back in June.

In July, the council unanimously passed a motion to buy Law Enforcement Liability Insurance from Singleton & Associates Insurance for the sum of \$991.22 annually, so that the city Police Department would be covered in a case such as the one before them now.

The City is being sued at the present time because Police Officer Charles Lovell allegedly made a false arrest. The insurance they bought would cover such things as this. However, at the present time, the city does not have any insurance of this type. The City does have general liability insurance but according to Agent Donnie Singleton, it will not cover this type of suit.

The council also instructed Singleton to look into the possibility of the purchase of public official liability insurance. This type of insurance responds to legal liability arising but of wrongful acts occurring while the Public Official was in office. Singleton is to report back to the council later.

The city also purchased two trailers for the sum of \$2015, to be used at the park at Renfro. One of the trailers will be for a couple from Christchurch, a lachian project that is going to run a summer program at the park. The other trailer will probably be used for the Rockcastle Coon Club to hold their monthly meetings in.

The council also voted to allow the businessmen's association to rope off Main Street for the May Festival, Saturday, May 23rd. The council also voted to auction off three of the five police cars the city owns, during the festival. The two cars the city will be left with are not to go out of the city limits for any reason, according to the council.

The council then voted to make the yellow stripe at the intersection of West Main and Williams St. much longer in hopes that it will help prevent some of the many accidents that are occurring there.

The May City Council meeting ended after council voted to pay all of the bills.

Charles W. LAMB

MAGISTRATE of the 4th District

To the Citizens and Voters of the 4th District:

I would like to take this opportunity to thank you for your kindness and encouragement you have shown me during my campaign for Magistrate.

A Magistrate is elected to be a public servant for all the people. Therefore, I will be fair in my dealings with everyone and not just a select few.

With the many candidates for this office, every vote is an important one - your vote can make the difference. I will try to see each of you before election day. However, if I miss seeing you, I would appreciate your vote on Tuesday, May 26th.

Please give me this opportunity to serve you as Magistrate.

I am in no way connected with any other candidate for any other office.

THANK YOU.

RE-ELECT Judge Thacker

for

COUNTY JUDGE EXECUTIVE

TO ALL MY GOOD FRIENDS IN ROCKCASTLE COUNTY:

As election day draws near, I feel that I should pause and express my thanks to all that are helping to make this selection process possible. I believe we should recognize and appreciate all the good people who serve as election officers. I know that this is a sacrifice on the part of many. Also, I want to personally thank our Republican leadership people for their ability to help the party so much in a strong, non-partisan way. With this kind of unselfish determination, we will continue to go forward.

I would like to compliment all the candidates that are running for our many offices. In nearly every race, we see them running a clean and decent campaign. My hope is that this will be continued throughout the election and that there will not be last minute efforts to try to discredit some candidates. We must remember that once the election is over, Rockcastle County needs us all!

YOUR FRIEND AND SERVANT.

SOCIAL & WOMEN'S NEWS

Mr. and Mrs. Robin Bishop

Hayes - Bishop Wed

Sharon Rae Hayes, daughter of Mr. and Mrs. Donald Hayes of Mt. Vernon and Robin Lee Bishop, son of Mr. and Mrs. Billy Bishop of Crab Orchard, were married Saturday, May 2 at 3 p.m. The double-ring ceremony was performed at Buckeye Christian Church with Bro. H.C. McNew and Bro. Cecil Dailley performing.

The bride, escorted to the altar by her father, chose the traditional white gown. The lace covered bodice consisted of a square neckline and long fitted sleeves which formed a bridal point at her wrists. The full skirt of tiered lace flowed into a chapel train. Her finger-ring veil was held in place by applique lace accented with small pearls. She carried a silk bouquet of blue and yellow spring flowers accented with white babies breath, ivy, and blue streamers tied in lovers knots.

Serving her sister as Maid of Honor was Miss Brenda Hayes. Bridesmaid was Miss Carol Hayes, sister of the bride. Both girls wore floor-length gowns of blue quiana and lace. They each carried a nosegay of silk spring flowers in blue and yellow.

Best man was Earl Sloane, friend of the groom. The usher

was Alvin Hayes, brother of the bride.

Wedding music was presented by Mrs. Kaye Rader, Miss Judy Davidson and Wally Felts sang "Wedding Invitation".

Attending the guest book was Mrs. Sharon Childers, sister of the groom.

A reception immediately followed at the bride's parents. A beautiful three-tiered wedding cake, decorated the bride's table which was covered with an antique white lace cloth and accented with silk ferns. Serving at the reception were Mrs. Kaye Rader and Mrs. Darlene Martin.

Both the bride and groom attended Rockcastle County High School. The bride is now employed by the Rockcastle County Hospital, Inc. and the groom is employed by Taylor Produce of Broodhead.

The couple are making their home near Mt. Vernon.

Also the church extends deepest sympathy to the family of Jefferson Hodges, who passed away in March. He was the father of Estill Hodges.

Several college students were at home this past week end for Mother's Day.

Re-Elect ROBERT CROMER Property Valuation Administrator

Property Valuation Administrator is elected by people of the county and paid and supervised by state. The general assembly passed law that all property must be assessed at 100% or fair cash value.

The State has a field man working out of Department of Revenue, in each 120 counties at least one day each week, checking sales of property against assessed value in Property Valuation Administrators Office to see if sales of property are assessed at selling price and also all other properties are assessed at 100% of fair market value, whether sold or not.

Each property owner owes it to themselves to have the best person that can be had for the office of Property Valuation Administrator. I believe my past record of always being available with an attentive ear and always thinking first of each property owner and their assessment, upholding them against the mandates of State.

I believe you can say Robert Cromer has done the job we elected him to do. So go to polls, Tuesday, May 26, and vote for and re-elect Robert Cromer. The man qualified to be your Property Valuation Administrator for next four years.

Thanks for all your kindness,

ROBERT CROMER

May is National High Blood Pressure Month

Controlling high blood pressure means a lifelong commitment to treatment that often includes changes in lifestyle.

Along with daily medication, you may be asked to lose weight or cut back on salt or smoking. Doing these things will help your medication work better and shorten the time for you to reach your blood pressure goal. However, this is usually easier said than done.

Everyone knows it is not easy to change habits, but with the help of a variety of health professionals you can make these changes. Your physician may refer you to other health professionals interested in helping you. For example, you may be referred to a health educator, a nutritionist or a registered dietitian for counseling on such topics as ways to remember to take your medication, weight reduction, or ways to reduce your salt intake.

Your pharmacist can also assist you with your blood pressure treatment. One way is to advise you on when and how

to take your medicine. Another is to explain any possible side effects or bodily reactions you may experience when taking your particular medication. Your pharmacist can also advise you if other medicines or nonprescription drugs might cause problems when taken in combination with high blood pressure medication. Some pharmacists may even be equipped to measure your blood pressure.

Other health professionals may also be able to measure your blood pressure, including the doctor or nurse on duty where you work, perhaps your dentist, or others who see you regularly for health care needs, such as optometrists, podiatrists or doctors and nurses in local health department clinics.

Some health professionals have specialized in aspects of care traditionally performed by physicians. If you live in a rural area, you may find a physician assistant or nurse practitioner taking your personal and family history, performing a physical examination, ordering basic laboratory tests, or adjusting your medication dosage.

Whatever the treatment setting, health professionals can help with your high blood pressure control. For a longer, healthier life, keep appointments and follow advice.

NUNN ENDORSES DALE MITCHELL

Former Governor Louie B. Nunn, has announced his en-

dorsement of local candidate for Commonwealth Attorney, Dale B. Mitchell.

In a prepared statement, Nunn, who praised Mitchell's loyalty to the Republican Party in the past, called him a skilled lawyer who would never abuse

the power of the office. "He is a law and order man, with unexcelled trial ability", said the former governor.

"He is well worth his salt" originated in ancient Greece, where salt was traded for slaves.

Vote for Freda ABNEY for County Clerk

My name is Freda Abney and I am a Republican candidate for the office of County Clerk.

I have lived and worked in this county for 42 years, all my life. I am married to Fred Abney and we have 7 children, whom have or are presently attending school in the Rockcastle County School System.

FORTHCOMING MARRIAGE: Bro. and Mrs. Roger F. Carr, Broadhead, announce the engagement and forthcoming marriage of their daughter, Cynthia Marie, to David Willis Colson, son of Mr. and Mrs. Clay A. Colson. Miss Carr is a 1980 graduate of East Carter High School, Grayson and a sophomore at Kentucky Christian College. Mr. Colson is a 1977 graduate of Rockcastle County High School and is a junior at the University of Kentucky. The wedding will be an event of June 27 at 2 p.m. at the Broadhead Christian Church. All relative and friends are invited to attend.

Mr. and Mrs. Keith Mink

Blevins - Mink Vows Spoken

Mr. Keith Alan Mink, son of Mr. and Mrs. William E. Mink of Rt. 1, Mt. Vernon, and Miss Paula Louise Blevins, daughter of Mr. and Mrs. Paul Blevins of Rt. 1, Crab Orchard, were united in marriage on Saturday, April 11 at the Providence Church of Christ. The double-ring ceremony was performed by Bro. Loraine Wilson.

Maid of honor was Miss Lisa Lawrence and bridesmaids were Mrs. Rhonda Mink and Mrs. Karen Brown. Flower girl was Kristi Thompson.

Mr. Johnny Reynolds was best man and ushers were Mr. Ronnie Mink and Mr. Rusty Blevins. Bruce Mink was the flower girl's escort.

Musie was provided by Mr. Ernie Blevins, brother of the bride.

Miss Jill Rogers presided at the guest book.

Both mothers wore pink dresses with pink silk corsages.

Bridesmaids, maid of honor and the flower girl were dressed in long pink voile spaghetti strap dresses with pink daisy flower bouquets with pink ribbon hanging. The flower girl carried a white basket with white daisy pedals. The girls wore hats.

All flowers were silk, mostly pink silk daisies.

The best man, ushers and the fathers wore maroon tuxedos.

A reception was held at the home of bride's parents with Kathy Hamm and Lorene Lawrence serving. The three-tier cake had bells on the top and doves on the sides, trimmed in maroon and pink flowers.

After a honeymoon to Gatlinburg, Tennessee, the couple have made their home in Mt. Vernon.

Mrs. Mink is employed by Sears Catalog Store in Mt. Vernon and Mrs. Mink is employed by Superior Food Market in Mt. Vernon.

Out-of-town guests were Mr. and Mrs. Clyde Thompson of Ohio, grandparents of the bride and many more relatives from Ohio, Indiana and Georgia.

Many nice gifts were received.

Mr. John Craig has improved some but remains in the V.A. Hospital in Lexington where he has been a patient for the past seven weeks.

MISS IRVIN JOINS ARMY

Lisa Lenora Irvin, daughter of James and Neville Hacker of Crab Orchard, has enlisted in the U.S. Army under the Delayed Entry Program. This program permits qualified individuals to enlist into the army and receive the technical training of their choice, yet delay their entry up to 365 days. Lisa enlisted as an army administrative specialist. Lisa will be trained to perform administrative, clerical and typing duties. She will depart December 2nd for Fort Jackson, S.C., where she will receive her basic and advanced training. Upon completion of her training, Lisa will be stationed in Europe.

Lisa is currently enrolled as a senior at Rockcastle County High School where she will graduate this May. According to Lisa, while she is working as an Administrative Specialist for the Army, she plans to attend college majoring in the medical field.

According to Army Recruiting Sergeant Lingerfelt of the Richmond Recruiting Station, an individual may enlist for the training of their choice and work toward a degree at the many colleges and universities contracted with the army, with the army paying 75% of the tuition.

Further information about bonuses, technical training, or educational benefits can be obtained by contacting Staff Sergeant Lingerfelt at the Richmond Recruiting Station or call collect, 623-1170.

Republican candidate for State Representative Danny L. Ford has received \$1,074.99 white spending \$1,338.50. His opponent, Money Ed Cummins, has received \$25 and spent \$843.60.

In the county clerk's race, Harvey M. Pensol has received the most money and spent the most. Pensol has received \$598.60 and spent the same amount as of April 24th. Jerry Carter has spent close to that amount - \$511.62 and Freda Abney is third on the spending list at \$305.65. Incumbent Irene Bales has spent the least of the four candidates at \$336.05. None of the candidates, except Pensol, has received any contributions in this race.

Robert E. Robinson has been the big spender in the Circuit Court Clerk's race - \$1,428.08. Denver Miller has received no contributions and spent \$840.40; Stanley Moore has also received no contributions and spent \$339.93 and Ernest K. Stanley has received \$105 and spent \$121.76.

In the race for County Judge Executive, hopeful Leonard "Roge" Hammonds has received no money and spent \$758.90. Incumbent Hubert Thacker has received no contributions and spent \$684.85 and Frank DeBorde has received \$5 and spent \$677.27. Democratic candidate for that office, Bob Jasper, has received \$150 and spent \$294.

In the Sheriff's race, William E. Taylor has received \$438.80 in contributions and spent \$782.80; Billy Kirby has received \$785 and spent \$780; Oscar "Lancey" Durham has received \$500 and spent \$395; Joe Stevens has received nothing and spent \$430.75; James Bowman has also received no

The Late Mr. Leonard Bullock's

12 Acre Farm more with Modern Farm Machinery - Personal Property Collectables

Saturday, May 16, 1981 10:30 A.M.

Bromo Section, Rockcastle Co., Ky.

LOCATION: 6 miles SW of Mt. Vernon - 20 miles North of Somerset, Kentucky. Turn off Highway 461 at Denney's Grocery onto State Road 1250 (The Wadd-Jones Road) proceed approximately 2 miles to the auction site. Watch for the auction signs.

In order to settle Mr. Bullock's estate, the heirs have commissioned our firm to sell this highly desirable property for the absolute high dollar.

The above-pictured two story home was built around 1910 and has been completely restored. The floor plan of the home is as follows: entrance foyer, living room, dining room, kitchen, family room, and 1/2 bath on the first floor and 5 bedrooms and bath on the second floor and also 1/2 basement. It has oak floors, storm doors and windows, oil/hot water heat, fireplace and aluminum siding on the exterior. The house has a cistern for water and city water is available.

In addition to the house, there is a dandy 3 car concrete block garage, an excellent 60x60 hay and stock barn and a storage building. Water to the barn is provided by the cistern.

The 12 acres is practically all level, tillable rich farmland.

This is your opportunity to own one of the best small farms and homes in Rockcastle County. Buy at your own price.

TROOPERS PARTICIPATE IN AUTO THEFT PROGRAM

Three Kentucky State Troopers who, among themselves, recovered more than 200 stolen vehicles last year are getting all-expense-paid vacations ranging from \$1,500 to \$500 for their efforts.

The vacation awards will be made by the Independent Insurance Agents of Kentucky who have supported the state police's "Screaming Eagle" Auto Theft Program with an awards ceremony each year since state police first started the Screaming Eagle program in 1975. The purpose of that program has been to focus more attention on Kentucky's auto theft problems by recognizing those troopers who report the most vehicle recoveries and arrests annually.

Fifteen other officers, all runners-up for the top three awards, also will be honored at this year's ceremonies which are scheduled for 11:30 a.m. May 12 in the Hilton Inn on Newtown Pike at Lexington. The winner of the \$1,500 vacation is Trooper Stanley Farler, from the state police post at Hazard. Farler has been credited with recovering 109 vehicles, valued at \$484,945, plus 35 auto theft-related arrests.

Second- and third-place winners are Sgt. Allan Scharf, from the London post, and Trooper Ronald Lee Kenner, Jr. from Dry Ridge.

COMPACTED SOIL CAN HARM TOBACCO PLANTS

Raising a profitable tobacco crop takes hard work and close attention. But conscientious tobacco producers may do more harm than good if they over-till fields or work them wet.

Over-tilling, especially during Kentucky's wet season, can compact the soil and result in small, poor quality or dead tobacco plants, according to Dr. Lloyd Murdock, Extension soils specialist at the University of Kentucky Research and Education Center in Princeton.

"Tobacco growers can and often do over-till their fields," Murdock said. "They till at least three times, usually during the wet season, which compounds the problem of soil compaction."

How easily and how firmly soil compacts depends on the type of soil and the amount of pressure applied to it. The silt and silt-loam soils which comprise nearly all of Kentucky's soils have natural resistance to compaction, said Murdock. But when these soils are wet, they will compact easily under pushing pressure.

Flows and disks are the main causes of soil compaction, with the disk the biggest offender, Murdock said, since several hundred pounds of pressure are supported on the bottom of the disk blade and are applied to the soil.

The pressure of tractor wheels on soil also can compact it, but the implement behind the tractor usually tills it out again.

Severe soil compaction can be devastating to tobacco plants, because it can thwart proper root growth. In firmly-packed soil, a plant's large root may grow down four or five inches to the disk pan and, unable to break through, may make a 90 degree turn, Murdock said.

"The root will try to find a crack in the pan," he said, "and if it doesn't find one large enough, will grow sideways for a while, then stop growing."

Moist spots in tobacco fields, or areas of limited plant growth, are signs the soil is compacted, Murdock said. He recommends that producers check for packed soil by trying to push a soil probe or sharpened rod through the soil in various spots in the fields. This test will show where the soil is compacted, and, as the probe breaks through, how deep the disk pan is.

The best way to overcome soil compaction is to prevent it by not tilling wet fields, said Murdock. But it is not always possible to stay out of wet fields. If growers have to work set soil, he said, they should consider using a field cultivator which uses a lifting rather than pushing action.

In fields where soil is compacted, tobacco producers can break up the disk pan by running a chisel plow through. Then when the soil is dry, they can finish with the disk and set under good soil conditions.

MILKING PRACTICES AFFECT UDDER HEALTH

Along with good dairy sani-

tation, dairy products must use proper milking practices to ensure milk quality and their cow's health.

One danger of incorrect or careless milking procedures is that air may enter the milking machine and increase the risk of mastitis infections in dairy cattle, according to Dr. William Crist, extension dairy specialist in the UK College of Agriculture.

If air is allowed to enter the milker, small milk droplets may be propelled at high speed toward the end of the teat, Crist said. These droplets may contain mastitic organisms that can enter the udder upon impact with the teat.

Near the end of the milking process, there is a greater risk of introducing infection, he added, since with reduced milk flow, bacteria are less likely to be flushed out of the teat or udder.

"For this reason," said Crist, "the vacuum to the claw should be shut off before the teat cups are removed, as the last quarter milks out."

To deal with the possibility of one quarter milking out ahead of the others, Crist suggested following this general rule of thumb: "If the teat cup will hold fast without slipping, it should be left on the teat. But if it is apparent that the liner will slip, shut off the vacuum to that teat cup and remove the cup."

Slight overmilking, with properly operating equipment will not affect udder health, but excessively removing a teat cup may permit air to enter the milker, he explained.

Besides air entering the milker, careless or excessive machine stripping also may increase the risk of mastitis infection, Crist said. He advises dairy farmers to eliminate machine stripping at the end of milking.

Finally, at least one half of each teat should be dipped in germicide. "This is a highly effective mastitis control practice and should be followed routinely in all herds," said Crist.

As for pre-milking procedures, Crist said that the teats and lower part of the udder should be washed with clean water containing a sanitizer. Using a hand-held hose and the bare hand is the easiest way. This practice not only removes dirt and contamination but stimulates the cow for proper milk letdown as well.

Before test cups are attached, the teats and udder should be dried with single service paper towels to eliminate water, which may contaminate the water.

Do you want an honest, hard-working man to get the job done in the 3rd District? Then get behind your friend and mine, **Elmer Burdette, Rep.** Candidate for Magistrate.

The Rockcastle Co. Little League and Senior League programs got under way last week at the Fairgrounds at Brodhead. The scores from the Monday night games are as follows: Yankees 15, Rangers 8; the A's over the Blue Jays, 5-3; and in the senior league game, it was the Reds 11, the Pirates 3. On Tuesday night, the Pir-

ates wiped the Orioles out by a score of 40-4 and in the second game, the Reds beat the Rangers by one point, 23-22. In the senior league game, the two Brodhead Teams clashed with the Expos coming out on top, 12-11. The scores from the Thursday night games were as follows: Reds 13, Blue Jays 11, Pirates 17, Phillies 7 in the

second game and in the senior league game, it was the Padres 4 and the Pirates 2.

Friday night results were the A's 16 to the Phillies 5. In the second game, it was the Yankees 27 and the Orioles 9. In the senior league game, the Reds scored 17 and Expos, 0.

The scores for each week will appear in the paper but will not have the games played on Monday and Tuesday of that week.

Kentucky Afield

By John Wilson

If you've been putting off cleaning up those fence rows and mowing weeds, good-put it off a while longer, says Lee Nelson, chief wildlife research biologist with the Department of Fish and Wildlife Resources.

Most ground nesting birds, including quail, will be actively nesting until about the middle of July. Mowing operations before this time are among the prime destroyers of nests, according to Nelson.

Of course, hay must be cut when it's ready and when the weather is right, but leaving an eight-foot uncut strip around the edge of the field will provide wildlife cover and allow most nests to survive, Nelson says, since wildlife tends to concentrate around field borders.

Idle fields must be mowed periodically to keep down brush, but if this mowing is done in strips on alternate years, much wildlife habitat will be preserved and the new growth in the mowed areas will provide additional food for rabbits and other species. But again, remember to wait until after the middle of July to do your bush-hogging.

Some farm "clean up" operations are "clear out" signals to

wildlife, Nelson says. A clean fence row offers no food or shelter, but one allowed to grow up in brush and shrubs provides excellent habitat. Odd corners of the farm should also be allowed to grow naturally instead of being cleared just for the sake of appearance.

"Clean" farming, growing huge fields of single crop, plowing to the fences and other recent agricultural practices, while they may be necessary from the standpoint of economics, nevertheless destroy much wildlife habitat, Nelson says. Wildlife thrives in areas with varied landscapes and diverse types, with an abundance of "edges" between croplands, meadows, pastures and woodlands.

The loss of these edges, Nelson says, makes it increasingly important for landowners to be aware of the techniques of wildlife enhancement—and there are many things a landowner can do to help wildlife. The Department of Fish and Wildlife Resources will offer technical advice and assistance to anyone wanting a wildlife plan for their property. Interested landowners should get in touch with their local conservation officer for details, or write to Department of Fish and Wildlife Resources, Division of Public Relations, Frankfort, Ky. 40601 for the free pamphlet, "Fish, Wildlife and the Farm."

Fishing Report

Bass fishing has improved at several lakes, but frosty nights and cool rains have chilled the water and the fishing at many of Kentucky's 15 major reservoirs. The lake-by-lake survey, compiled from reports by fish and wildlife conservation officers:

Kentucky: black bass slow in main lake; in tailwaters, catfish fair to good, clear to

pool and 65 degrees.

Cumberland: black bass fair to good on surface lures early and late in inlets and bays; white bass and crappie in mixed stringers drifting minnows around shallow cover and at night by still fishing deep points and banks; below dam, trout good on worms, cheese and corn; clear, stable, five feet below the timberline and 66 degrees.

Laurel: trout good at night on worms, cheese and corn; bluegill good on worms and

crickets on shallow banks; black bass fair on surface lures in inlets and bays; clear, stable at 14 feet below power pool and 68 degrees.

Harrington: black bass good on surface lures and plastic worms off sloping banks; crappie fair around shallow cover and stick-ups, bluegill slow, clear to murky, stable at four feet above summer pool and 68 degrees.

Dewey: crappie and bluegill slow, murky, stable at summer pool and 68 degrees.

William "Willie" Powell, left, Bill Taylor and Clarence "Jib" Hasty, far right.

TO THE VOTERS OF ROCKCASTLE COUNTY:

I am receiving more encouragement and support from people across the county. I really believe people want a Sheriff's Dept. that will do the things listed below:

1. A concerned citizen from each district deputized.
2. Someone on call 7 days a week, 24 hours a day.
3. Someone to check out each and every complaint.
4. Someone to patrol the roads.

I have made these commitments and I promise I'll keep them. They are not just campaign promises.

I have named William "Willie" Powell my deputy from the 4th District and he will be the ONLY one from that district.

I have named Clarence "Jib" Hasty my deputy the Second District and he will be a full-time deputy and the ONLY one from the Second District.

I will have to name three more deputies, one from the 1st, 3rd and 5th districts, and I promise the men I pick will be men of good standing.

Let me say this, if anyone that I pick does not prove to be a man who will do a good job, I will replace them with someone that will.

I believe that a good Sheriff's Dept., with the help of the people, can change Rockcastle County for the better.

I want to be elected your next Sheriff and I need your vote and influence. I'm running on my record of honesty and truthfulness and if you don't know me, ask someone who does or feel free to call me at my home - 758-8019. I have nothing to say about my opponents. I'm not running on their record - they are! If I miss seeing you before election day, I would still appreciate your voting for me. However, I will try to see everyone I can and I hope I will see you.

Anyone who wants to see me or talk to me, I'll be at Renfro Valley at the new Red Barn Friday night, May the 15th from 8 p.m. to midnight (this Friday night).

There is going to be a lot of good gospel singing - so everybody is invited to come on down.

Remember Voters, the Sheriff's job is an important one. So, vote for the man who you think is honest and will do the job.

Everyone try and come to the Gospel Singing at the New Red Barn beginning at 8 p.m., Friday night.

YOUR VOTE AND SUPPORT WILL BE DEEPLY APPRECIATED.

Providence Church of Christ

Perhaps you have said, "I intend to visit you sometime," but you have put it off simply because of the dread of going into a strange place not knowing what to expect. We'd like to introduce ourselves and let you know what to expect when you do visit us.

First, you will be our respected guest. You will be greeted with kindness and courtesy. You will not be called upon or embarrassed in any way (James 2:1-9). Our assembly is not a display of emotion or excitement, but a simple and devout worship, patterned exactly after the worship of the early New Testament church (1 Cor. 14:33; 1 Cor. 11:2). There will be nothing to make you wish you hadn't come, or make you feel out of place. Perhaps you will hear scriptures read or truths preached that you have not heard before but we are compelled by the commands of Christ to preach all the Gospel (Matt. 28:18-20; Acts 20:27). We preach this gospel in love - trusting that everyone present will evaluate it in the light of his personal life and responsibility. We believe you will be impressed by a presentation of God's plan and simple Bible teaching (Eph. 4:15; 2 Cor. 3:12). Our worship is simple and based entirely on what is taught in the New Testament (John 4:24; 1 Peter 4:11). We will sing together. You will probably be familiar with most of the hymns and are invited to join with us

in the singing (Eph. 5:19; Col. 3:17). Men in the congregation will lead in prayers (1 Tim. 2:1-8).

Every Lord's Day (each Sunday) we remember the Lord's death in what is called the Lord's Supper or communion. It is a simple service in which we partake of unleavened bread in memory of Christ's body and fruit of the vine in memory of His blood (Matt. 26:26-29; 1 Cor. 11:23-29).

We also contribute or lay by in store of our money each Lord's Day to support the work of the Lord. No contribution is taken on any other day (1 Cor. 16:1-2; 2 Cor. 9:6-7). There will be a sermon, Christ centered and designed to teach and uplift all who are present. You are urged to take notes and check what you hear against what your Bible says. There is never any attempt to teach anything profound or mysterious, just simple Bible truths (1 Peter 4:11; 1 Thess. 5:21; 2 Cor. 13:5). At the close of the sermon, those who might wish to become Christians are invited to make this known by coming to the front of the assembly (Matt. 11:28-30; 2 Cor. 5:11). There will be no singling out of visitors or anyone present, no one will be asked to raise his hand or stand. No one will go about the audience urging people to come forward. Neither the worship nor the invitation, are designed to embarrass, but rather to teach.

STUDENTS FROM THIS AREA RECEIVE DEGREES

Eastern Kentucky University conferred degrees upon about 2,038 candidates at its 74th spring commencement Saturday, May 9, including eighteen from Rockcastle County.

The degrees were conferred by Dr. J.C. Powell, EKVU president, during the graduation program at Hanger Field.

TAXPAYERS WHO MOVE SHOULD NOTIFY IRS AND POSTAL SERVICE

Taxpayers who move after filing their federal income tax returns and are expecting a refund should notify the post office serving the old address, the Internal Revenue Service says.

The IRS center where the return was filed should also be notified of the address change. This will help the IRS to forward the refund check to the new address as soon as possible. When advising the IRS of the address change, the taxpayer's Social Security Number should be included in the correspondence.

STATE COMPUTERS KEEP TRACK OF HEALTH STATS

The largest baby born in Kentucky weighed 14 pounds and one ounce. The number of Kentuckians dying from chronic diseases has risen significantly in the past decade, while the number of deaths due to infectious diseases has declined.

These are just two of thousands of pieces of health related information and data logged in computers at the state center for health statistics within Kentucky's Department for Human Resources.

The department's health and vital statistics office has been designated the state center by Gov. John Y. Brown, Jr. and Human Resources Secretary Grady Stumbo. The designation makes Kentucky one of 25 states with health statistics centers and part of the Federal Cooperative Health Statistics System.

A health data office has existed in Human Resources since 1976, according to Charles Kendel, director of the office that has become the state center for health statistics. "Basically, this designation now makes the health data office the focal point for keeping all of Kentucky's health related data," Kendel said. "Before, most of our work was related strictly to health planning, while now we are advising health services personnel of trends in everything from the frequency of disease

Understanding Your Child

THE VERY BEST

With today's mounting social pressures, when teenagers adults must struggle to cope, children need all the help and strength available to them.

Children need far more than just a room of their own, or gifts or money. More than anything else, they need the strength to face each day.

As many people are learning from a very helpful radio program called "The Lutheran Hour," it is not important to lavish your children with material goods. You can instead, by the strength and power God offers you, give your children the very best: "the love and strength offered by their generous Savior."

For a free reprint of "The Lutheran Hour" sermon, "Give Your Children the Very Best," send your name and address to the International Lutheran Laymen's League, 2185 Hampton Avenue, St. Louis, Mo. 63139.

He also presented honorary degrees (doctor of laws) to Dr. Frank Graves-Dickey, Sr., former University of Kentucky president and Dr. James M. Bowen, retired president of Cumberland College.

The EKVU registrar's office reported that 1,883 received degrees last spring.

Degree recipients this spring from Rockcastle County, as listed by college and degree by the registrar's office, are: Kenneth D. Adams, Route 3, Mt. Vernon, College of Applied Arts and Technology, Associate of Science.

Dianna J. Callahan, Route 3, Mt. Vernon, College of Allied Health and Nursing, Associate of Science Nursing.

outbreaks to the number of physicians in the state. Much of the information stored in the center is collected by surveys and questionnaires, while a great deal of data is accumulated through what Kendall calls vital statistics - birth and death certificates as well as marriage and divorce rates filed with the office.

Besides soliciting and col-

lecting health information, the state center must be capable of providing data to persons who request it. "We produce reports from data we have collected," Kendall said. "We can also provide special analyses on particular problems and health trends." The center publishes an annual data catalog that describes specific health data on Kentucky and which state agency has particular information. "We don't collect all the health data," Kendall said, "but we

know where it is so we can refer requests."

The center helps state and private agencies plan health programs by monitoring certain critical health factors in Kentucky, he said. "Our office provides information to all agencies doing health manpower planning, like the Kentucky Dental Association and the board that licenses physicians," Kendall cited as examples. "We keep track of areas of the state that continue to suffer from a shortage of qualified health personnel."

In addition to compiling reports, center staff answer written and telephone requests for information from students writing term papers and from people who are just curious. "Since this is the first time Kentucky has had a state health data center, we've set an informal policy in our office: if someone calls us, they won't

have to call anyone else," Kendall said. "Before this designation, it seemed that everybody needed health-related data, but there wasn't one central place to get it."

Kendall likens the treatment callers get from center staff to ordering a burger at a drive-in restaurant. "If someone asks the number of deaths due to heat last summer in Hardin County, we ask some questions, too. We can provide that information by month, by age, by race or by sex, he said.

Staff in the center also try to find out how the caller will use the information requested. "We may be able to suggest other types of data that would be helpful for a particular purpose," he noted.

The computerized data systems were paid for with grant monies from the federal Department of Health and Human Services. The federal funds ex-

pired in December, 1980 and the center now operates solely on state dollars.

Magistrate
1th District

May 26th is the date on which you, the voters of the Fourth District, will cast your vote. I would like you to take this time to consider the duties of the elected Magistrate.

These duties are the ones I desire to work toward. During these next two weeks, I will try to talk to each of you and ask you personally for your vote. If I fail to talk to anyone, I would like to take this opportunity to ask for your support.

This improvement of the district depends on your help as well as mine. I will help the 4th District reach the goal of "More Progress and Better Roads."

Security Income (SSI) payments will increase automatically by 11.2 percent beginning with the July checks.

This means that a retired worker under Social Security now receiving a benefit equal to the average monthly payment of \$337 will get \$374 a month in the July 3 check. An individual receiving the maximum federal SSI benefit of \$238 will get \$264.70, and a couple now receiving \$357 will be \$397, beginning with the July 1 SSI check.

Under the law, Social Security and SSI checks increase automatically each year if the Consumer Price Index rises by 3 percent or more over a specific measuring period. Through this mechanism, the purchasing power of Social Security and SSI recipients is maintained despite inflation.

The average monthly Consumer Price Index rose by 11.2 percent from the first quarter of 1980 through the first quarter of 1981, which is the measuring period for the 1981 benefit increase. This increase results in an automatic 11.2 percent cost-of-living increase.

The secretary's statement followed the announcement by the Bureau of Labor Statistics of the March CPI increase. Calculation of the benefit increase was, according to law, based on the CPI for urban wage earners and clerical workers.

The increase in Social Security benefits will be reflected in the checks to about 36 million beneficiaries. The SSI increase will go to about 4 million recipients.

The estimated fiscal year 1982 cost of the Social Security benefit increase to the trust funds is \$15.4 billion. The SSI increase will cost an estimated \$0.6 billion, paid from general funds of the Treasury.

Michael Pickle, 12, son of Mr. and Mrs. Lloyd Pickle of Route 3, Mt. UK Announces New Tuition and Fee Schedule

Undergraduate students at the University of Kentucky will pay tuition and fees of \$370 a semester beginning this fall.

The UK Board of Trustees in action May 5 confirmed the raise in tuition rates set by the state Council on Higher Education and raised the student activity fee by \$1 per semester. The \$370 per semester

charge includes a \$13.25 activity fee for full-time students. A dollar of the activity fee is for the Student Association to enable it to expand its services to the campus.

Tuition and fees for undergraduate students at UK for the school year about to close were \$341 per semester.

Democratic
Candidate
For
State
Representative
80th District

Traveling around Rockcastle County during this campaign, I have found that most people's main concern is for the economic condition of their families and their neighbor's families. Our district's unemployment has been running from 17 to 20%. I have also found many of those employed have to drive long distances to their jobs. This does not tell the whole story. Because many of their sons and daughters grow up and leave the area to seek employment elsewhere.

I have two young sons and I want the same for them that I want for all the youth of the District - A chance to stay at home

and work. And, if they do choose to leave, to have the cultural and economical background to compete with others for jobs in other areas. There is a better way for the people of our District.

That better way is for the people to elect someone to go to Frankfort to work with a Democratic Governor and a heavily Democratic Legislature to try and reverse the economic trends that have plagued our District for many years. With the help of the people of the 80th District, I will work towards that end.

HOME HEALTH WEEK IS MAY 10-16

May 10-16 has been designated Home Health Week in Kentucky by Gov. John Y. Brown, Jr.

Rockcastle County Home Health Agency is a branch of the Cumberland Valley District Health Department with the base office in Manchester. The local office has served this community since October of 1975, and, to date, has administered services to approximately 435 Rockcastle County residents.

Employees of the Rockcastle County Home Health Agency are: Sharon Woods, R.N. Supervisor; Cindy Whitmer, R.N.; Betty Lewis, Social Services Worker; Joy Durham, Physical Therapist; Mary Gregory, Speech Therapist; Jean Hale, Student Nurse; Deronia Whitaker, LPN; Betty Broughton, Community Health Worker; Lisa Jones, Community Health Worker; Margaret Offutt, Clerical Supervisor and Diane McCollum, Clerk.

Home Health services are rendered to individuals who are essentially homebound and, in accordance with their physician's recommendation, require nursing care, personal care, physical therapy, speech therapy, diet consultation, medical equipment, medical supplies or social services. Physicians specifically prescribe one or several of these services, depending on the needs of the patient.

Skilled and trained staff members visit in the patient's home to meet the needs specified by the physician. Any individual with a need for one or more of the available home health care services qualified as a home health patient.

Home care is not a substitute for hospitalization, extended-care facilities or nursing home care. It does complement these. Care is administered part-time with the skilled person staying only only to administer the required services.

This Agency is certified by medical care standards to provide home health services to those who qualify. Payment for services is made by Medicare, Medicaid, the patient, his family or other health insurance. The method of payment is discussed with the patient and family during the first home health visit.

For more information regarding Home Health care, please contact the office which is located in the Attic Building on William Street or phone 256-4916 or 256-5717.

SHERIFF

DEAR FRIENDS AND VOTERS:

I want to speak to you, the Rockcastle citizens that desire and believe in good, strict law enforcement. I believe that you are many and I'm depending on you to exercise your right to vote in the primary election. I have promised our elderly that I will use every means within my ability to see that they are freed from the molestations that have been taking place in our county recently. It's a shame when a person can't enjoy a night's rest. I say that we deserve more!

As I said earlier, I'm depending on you and I believe that I can. I feel good that you have depended on me in the past as scores of you have placed your children in my care as scout leader, baseball manager and various other ways. This summer, I am volunteering my services as an umpire in our little league baseball program. I believe that we need to work together to bring our children up in the right way.

I hope that you will look seriously at the candidates and, if you feel that I can be entrusted, please vote for me and I won't let you down.

SAVINGS BONDS INTEREST RATES INCREASED

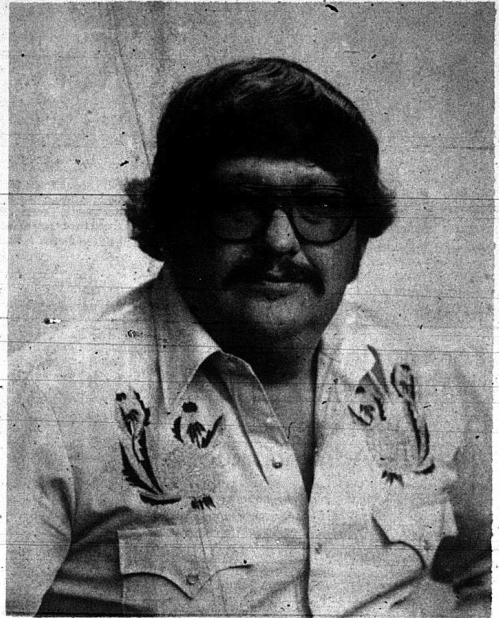

Secretary of the Treasury Donald T. Regan has announced a new one-percent rise in the interest rate for U.S. Savings Bonds and Savings Notes, effective Friday, May 1, 1981.

The interest rate on Series EE Bonds purchased beginning May 1 is being increased from 8 percent to 9 percent, compounded semi-annually, when the bonds are held to original maturity. The term to maturity is being shortened from 9 to 8 years.

The interest rates on Series HH Savings Bond purchased beginning May 1, is being increased from 7 1/4 percent to 8 1/4 percent to their original maturity, which remains at 10 years. Interest on these bonds is paid semi-annually by check.

The action will also increase the yield to maturity on outstanding Savings Bonds and Savings Notes. Approximately \$70 billion in bonds and notes is presently held by 25 million American households.

BOWMAN SHERIFF

Rockcastle County

TO THE VOTERS OF ROCKCASTLE COUNTY,

I have been somewhat hampered in my race for Sheriff due to the fact that I am a construction foreman and am away from home Sunday through Thursday. However, I am attempting to see as many of you as possible in the limited time available.

I have had several people ask me what I intend to do about deputies. I do plan to hire qualified men to serve in this capacity and want to take the time to decide who would be the best qualified as I don't want to appoint the wrong man or men for the job.

Again, let me say what I have said in previous articles and that is that I have the interests of this county at heart and have always tried to do what I could for everyone - even to helping several people from this county obtain jobs with my company.

I intend to provide 24 hour protection for the people, to carry out all the duties of the office, to be on call when needed and especially to patrol our county roads.

Again, I will promise to be a full-time Sheriff that you can depend on and the Sheriff's Dept. will not become a "Family Affair." I will hire a qualified office clerk to take care of the records and, as I said before, qualified deputies to assist me in law enforcement in Rockcastle County.

Donald J. Clark

CLARK MAGISTRATE 3rd District

"A candidate for the people"

My name is Donald J. Clark. I am married to the former Paula Bullock and we have one son, Trent.

Friends, as the election draws near, you as a voter have some very important decisions to make. Who will you support? I urge you to look very closely at all the candidates and support those persons who will serve all their constituents with no special interests in mind. Don't be swayed by friendship or personal considerations.

If elected as your next Magistrate, I will work with other members of the Fiscal Court to have the roads in the 3rd District repaired. The roads which are in greatest need will be repaired first - no matter where they may be. I will also work to make a sound county government for all the people of the county.

I ask you to keep this in mind. What our county government does today, our children and grandchildren will have to live with tomorrow.

Sincerely,

Donald J. Clark

Former Assistant Commonwealth Attorney for Rockcastle and Pulaski County's, Benny Hamm, held a Drug Abuse Awareness Seminar at Brodhead School recently. The program was part of the state required drug education program and was presented to the 4th, 5th, 8th, 7th and 8th grades to acquaint young people with the signs and dangers of drug abuse.

Fairview

By Mrs. Hubert Chasteen

Worship services were well attended at the Fairview Baptist Church over the weekend with Sunday School attendance

at 91. We enjoyed so much were greatly blessed by the good sermons brought by our Evangelist Rev. Lester Caldwell during our Revival services. Rev. Caldwell is such a devoted man of God and we

were so thankful to have him with us, also Mrs. Caldwell. We pray God will continue to bless him and all other ministers in their ministry. During our Revival there were several rededications and one confession of faith. We also thank the Lord for each of our visitors and invite them back any time. Baptismal services were conducted Sunday evening May 10th. May God ever bless and keep this young lady as she steps out to work with the Lord.

Hope all you wonderful mothers out there had a happy Mother's Day. It's a wonderful experience to be a mother. I'm so proud of my five children as I'm sure all you other mothers are. All children are precious and we love them all.

Joe Bullens of Disputanta was admitted to the Berea Hospital Friday afternoon. Please remember him in your prayers. The Bullens family has many friends in this area and we love them very much. We hope and pray Joe will be returning home soon.

Mrs. Hubert Chasteen and Mrs. Darleen Church and daughters visited Mr. and Mrs. James Seals and Kim of Berea last Sunday.

A birthday supper was given Saturday night in honor of Ronnie Reppert of Conway at the home of his parents, Mr. and Mrs. Tim Reppert of Seaford and Cane. Attending were his parents, Mr. and Mrs. Reppert and Melody, Mr. and Mrs. Ronnie Reppert and son Ronnie Dale and Mr. and Mrs. Lonnie Reppert and daughter Alice of Conway. We wish Ronnie many happy returns of the day.

Mother's Day guests at the home of Mr. and Mrs. Willie Cope were Mr. and Mrs. Frankie Hayes and Brenda of Winchester, Mrs. Helen Powell of Berea and Mrs. Christine Barnett and Mr. and Mrs. Sylvester Cope of Fairview.

Mr. Tip Reppert and Melody visited his sister, Mrs. Hubert Chasteen and Mr. Chasteen recently.

Mrs. Hubert Chasteen and granddaughter, Sherry Ridgell and Mrs. Darleen Church were recent guests of Mrs. Della Bullens.

Visiting at the home of Mr. and Mrs. Cletus Peters Powell were Mr. and Mrs. Mike Peters, Michael and Chad, Mrs. Beverly Brock and children and Mr. Bert Croucher.

Mr. and Mrs. Hubert Chasteen visited their son Junior and family in Berea last Thursday evening.

Mrs. Lola Wren and Mrs. Beth Wren spent the day last Tuesday in Hamilton, Ohio visiting Lola's mother, Mrs. Ellen Owens.

Mrs. Joyce Seals and Kim visited her parents, Mr. and Mrs. Hubert Chasteen on Mother's Day.

Mr. and Mrs. Hubert Chasteen visited their son, Wayne and family Sunday night awhile after church.

Please remember church and Sunday School. God bless you all.

To The Voters of Rockcastle County

As election time draws near, I want to tell you how much I have enjoyed the encouragement and support I have received from the people throughout the county.

Again, I would like to list some of the commitments I wish to make to you. These commitments are not campaign promises to be broken "the day after election," I fully intend to keep these obligations.

1. As previously stated, I intend to appoint a concerned citizen from each district to be "Deputized" to assist with enforcing the law in each community. Thus far, I have selected William "Willie" Powell of Conway to serve in this capacity from the Fourth District and Clarence "Jib" Hasty will serve from the Second District. These are the ONLY men who will be appointed from these two districts. I am in the process of talking with residents of the other three districts in order to decide who to appoint from them to fill this position.

2. When elected, I will have someone on call 7 days a week, 24 hours a day.

3. One of my Deputies or I will check out each and every complaint we receive.

4. The roads of our county will be patrolled.

"Our actions shall prove our words true." The people who know me know that I am "Honest and Trustworthy."

In invite anyone to feel free to talk to me and offer any advice or suggestions that will improve your County Sheriff's Dept. I believe the Sheriff's Dept., with the help of the people, can make Rockcastle County a better place to live and raise our children.

From the depths of my heart, I sincerely ask you, the voters, for your support and votes.

Switch to Free Enterprise Hometown Controlled Banking.

Have you begun to believe as time goes on you're losing touch with things? Do you feel like an outsider when you walk in your bank. There may be good reason.

In the past few years many of the state's banks have gone "corporate". They've sold out. Control is no longer a local matter.

When this happens, the changes begin to creep in. Loan decisions are influenced by "outsiders". Everyone, from tellers to management, must keep asking themselves, "Is this the right thing to do?"

There are less and less things in our life that are local in nature. Thank goodness this bank is, and hopefully will continue to be local in its decisions and in its efforts.

We'll keep the torch burning for our (your, and my) community area as long as you support us, your locally controlled independent bank.

Pretty Johnna Wilcop captured the crowd's attention with a solo "You Needed Me." If Johnna seemed a bit breathless, it was because she rushed back from Berea where she had performed for the Mt. Vernon Beta Club banquet and almost didn't make it by the end of the show.

By state law, the Council on Higher Education sets tuition fees for the state universities. The new tuition rates were designed to bring UK's fees closer to its benchmark institutions; those schools outside the state similar to UK in size and scope.

Tuition and fees for undergraduate students from outside the state were raised from \$1,016 per semester this year to \$1,159 per semester, effective next fall.

Semester fees for graduate students will be \$406 compared to \$376 for the current school year. Nonresident graduate students will pay \$1,206. Nonresidents this year paid \$1,066.

Increased tuition rates were also confirmed for law, pharmacy, medical and dental students.

Students at the Lexington Technical Institute, one of UK's community colleges, will pay the same per-semester fees as students on the main campus.

Tuition and fees charged students at UK's other community colleges were not increased and will be the same as the current school year—\$195 per semester for Kentucky residents and \$600 per semester for nonresidents.

81.86 Acre Farm More or Less,

Beautiful Brick Home

Subdivided Into Three Tracts

Sat., May 16th 10:30 a.m.

Mr. and Mrs. King are moving to their other farm near Crab Orchard and therefore are offering this desirable property at Public Auction.
Location: Approximately 3 miles south of Crab Orchard on Highway 38 at the top of Crab Orchard Knob.

TRACT NO. 1: The home described here sits atop a hill with a breathtaking, panoramic view of the valley below. Must be seen to be fully appreciated. This beautiful brick veneer home, pictured above, consists of 4 bedrooms, large living room, spacious kitchen with nice cabinets, adjoining den, 2 full baths, laundry room, entrance foyer, concrete front porch and walkways and garage. Fully carpeted, total electric with flue for wood burning stove. Water supplied by electric pump from spring. This home contains approximately 2400 square feet. Also on this tract is a new barn. The 8 acres, more or less, are all cleared and have a 689 lb. tobacco quota for 1981.

TRACT NO. 2: The large concrete block building pictured is also on this tract. This is an ideal building site with the same view as Tract No. 1. This tract consists of 5.05 acres, more or less, is all cleared and is watered by a spring. On this tract is a new frame shed approximately 32x36 with new roof. The 1981 basic tobacco quota is 425 lbs.

TRACT NO. 3: This tract contains approximately 68.81 acres with about two acres cleared and in grass, the balance is in timber, a lot of which is saw timber. The 1981 basic tobacco quota is 172 lbs. This tract also has a good building site.

These tracts will be offered for sale separately however the owner reserves the right to group and sell whichever way they return the most money.

TERMS: 25% down day of sale, balance within 80 days from day of sale with delivery of deed. Possession with deed. Taxes for 1981 to be paid by buyer - insurance is responsibility of buyer.

Folks, if you are looking for a nice home, a building site or timber land, we invite you to consider this property seriously and be with us sale day so we can say (SOLD) to you. Any announcement made day of sale takes precedence over written material. For additional information, contact Mr. and Mrs. Donald King, owners or the selling agents.

To the Citizens of Rockcastle County.

As most of you know, I am a candidate for County Judge Executive. I served 4 years as Jailer of Rockcastle County and 4 years as Deputy Sheriff.

I feel I am well qualified to fulfill this office. Since I have been magistrate for the past four years, I have learned the importance of having a judge who will cooperate with all magistrates from all districts.

I feel the people of the county elect each magistrate to represent each district and that each magistrate should have the right to bring before the court the needs of his district. I also feel he should have the last say as to what is to be done in his district and, if I am elected County Judge Executive, he will have.

I am not trying to criticize anyone, I just feel the people should have someone they can call on when they need them.

Thanking you in advance for your Vote and Support, I am

By Paula Purcell

Another good horseback

ride took place Thursday evening, May 7 at Mr. and Mrs. Everett Adams. Both Mr. and Mrs. Adams participated in the ride. I did not attend but my father was one of the riders, and he said there were 21 who participated. He also said there was good food, fancy stepping horses and pretty girls. He said there was different kinds of pies and cakes, spaghetti, hot dogs and other kinds of food but didn't know what all, but it was really good.

May 10 another horseback trail ride took place. Again, I did not attend but was told there were some 30 riders.

Some didn't go, I guess, because it looked like rain. As good of food you can find anywhere and the good time was had by all. The trail was through fields, woods and some roadways. It was at the home of Mr. Chasteen on Copper Creek.

Recently visiting Mr. and Mrs. Senate Purcell and Paula were Mr. Rufus Mink, Mr. Delbert Bingham, Mr. and Mrs. Earl Bullock and Mr. Odus Smith.

The first crossword puzzle was published in 1913 in a supplement to the New York World.

Vote For Eugene Senters and Elect FOR SHERIFF OF ROCKCASTLE COUNTY

Law and Order

Pull Lever 18A

Strict Law Enforcement

HOW DOES CRIME THREATEN OUR LIVES? We cannot leave our homes unguarded for fear of a break-in. We cannot allow our children to go unescorted to events or outings. Even, our churches have to guard their parking lots for fear of gas theft and vandalism to their cars.

NOW IS THE TIME TO CHANGE THE CRIME RATE! As I said weeks back, I have not chosen anyone as deputy. The men I hire, through application will be qualified, honest, sober men and respect all the people they come in contact with. I am experienced and qualified for this office and with all the people's help we can make a change.

Our County will not grow and progress with the continuance of these severe and unexcusable crimes.

Remember, election time is the one time that you, as an individual, can help make needed changes.

Remember also that the Sheriff you help to elect will be your Sheriff and the one you must depend upon and keep for the next 4 years. For the sake of your family and all of Rockcastle County, use thoughtful and sound judgment as you make your decision.
