Highway 25 South is now open for through traffic. Last week residents were pleased to learn they would no longer be inconvenienced by being

re-routed around old US 25 while work to correct a rock overhang was being done on the north side of the cut. Work on the cut took about two months.

Bridge to be Replaced ON Ky.490

The bridge or. a coundstone Creek and the L&N
railroad on Ky, 480 in Rockcastle County is scheduled to be
replaced next year.

The project which is estimated to cost \$1.4 million, is one
of 43 bridge replacement projects across the state planned
for construction next year at a
cost of \$22 million.

Three projects in Livingstion, Mercer and Webster counties will be built two years
ahead of schedule. They were
originally, scheduled for construction in 1984.

What People Are Saying About

Reagan's Cutbacks and Policies

By Nancy Mullins

No one, no matter how hard he or she tries, escapes being affected by the economy. This is especially true today with present day ever changing, ever threatening economic condi-tions.

threatening economic condi-tions.

Fresident Reagan's highly publicized plans and policies, the majority of which seem to be aimed at effecting our economic climate even more drastically, have mee with both praise and criticism. We though we would go to the street and find out what the average citizen thinks about that happening or maybe about to happen.

citizen thinks about that is, happening or maybe about to happen.

We interviewed Jesse Newell from Connersville, Indiana as he sat on a bench in front of the courthouse. Jesse was born and reared here but moved away and worked for the Ford company for 30 years. He would like to move back here. If he could find a house to rent. In the could find a house to rest. The shouldn't (Reagan's policies. (There is) allot he took away he shouldn't (said a) loft he should he didn't. (I wonder) how many big abots in the White House got cuts. I believe he hurt the conomy more than be had helped. You will be help it to me before I ballieve it will help. It hurt a lot of poor

people."

Billy Hiatt, a local businessman wandered into the Signal Office on some other official business, and we interviewed him there.

His comments went this way: "I am in favor of government cutbacks, but I think it will hurt the economy in the short-run, in fact, I think it could almost destroy the economy, but it has to be. In the long run, hopefully, it will help. I think the wastful elements of I think the wasteful elements of all the programs should be cut out. The tax program, as I see it, benefits the wealthy. duestoned as sae was pairing her truck on Main Street Tuesday.

Susan was enthusiastic about REagan's policies when asked and answered: "Oh, I think it's great... all his policies. I'm backing him up all the way. I think we are all going to have to suffer a little bit in order for his policies to work. In recent years we have had money, money, money. It has to stop somewhere. I fear that (if something, isn't done) when my husband (Keith) retires there will be no social security left, and he has paid into it all his life.

I don't think you can have a strong government if you don't back the president, I don't care if he is Democrat or Republican. Congress shouldn't spill. They should back his policies and give his ideas a chance to work which isn't to say he is a perfect person nobody is."

I see the second of the property of the second of the person nobody is.

"It is something that has to be done. Sooner or later they had to cut something out," Christine told us.

"It is something that has to be done. Sooner or later they had to cut something out," Christine told us.

"Interest is what hurts us. That's what is hurting everyone. I don't really know if REagan can do much about that or not. There is not much he can do without the backing of Congress and we have to back our congressmen."

We happened to catch Delno Mink sitting in front of the Courthouse and asked his opinion of Reagan's policies.

Delno said, "I am for Reagan's cuts to a certain extent, but I think he ought to have gotten the economy in better shape before cutting back

Council to Apply for Revenue To Help Mt. Vernon Plastics

By Rick Anderkin

The City of Mt. Vernon will apply for a \$100,000 grant from the federal government to help the Mt. Vernon Plastics Corporation with their \$600,000 expan-

sion project. The council voted unani-mously to apply for the money in their regular monthly meet-ing Monday night.

The grant, if received, could be loaned out by the city at a lower rate of interest to help offset the

\$500,000.

Mayor Roland Mullins told
the council that the money could
be loaned out to help other
industries in Mt. Vernon once it was paid back by the Plastics

Corporation.

To receive the \$100,000, the council must fill out an council must fill out an application and hold two public hearings. The two hearings will be on October 22 and October 26.

Seavers told the council that the association had been in existence since March of 1979.

Seavers said the association had grown from seven members in 1979 to 133 at present.

He said that the biggest part of the funding for their program came from the federal government through the Federal Housing Administration and the Environmental Protection Agency. He went on to say that in a time of federal spending cuts, his association had received more money than last year.

Seavers said that the average cost of water across the state is .75 to 80 cents per thousand gallons and that some towns were paying as high as 1.20 per thousand gallons. Councilman Tom Welch asked Seavers what he would do about water that tasted bad and had an odor to it, such as Mt. Vernon's does about once a

next month's meeting and will
serve for 2 months until
January when the new councilmen will take over.

The council also voted to
accept the low bid for ingurance
for the city for the comfing year
from Singleton and Associates
insurance Company. Singelton
had the low bid of \$7,066.00. The
only other bidder was Norton

Insurance Agency with a bid of \$9,107.00. Republican candidate for representative of the 80th District, Danny Ford, was present and told the council that he would appreciate their support in the upcoming election. Ford said that, if elected, he would look forward to working with the council after the first of the year, to bring new inudstry into the county. The council also authorized city attorney, Carl Clontz, to collect a bill for \$1,000 from the Rockeastle County Hospital that has been owed to the city since 1979.

Being only 16, I see the constitution as preserving my most cherished freedoms which

at the present are related directly to my home, my church, and my school. What better place to learn responsibility, duty, freedom and concern than in American homes? My parents have had the freedom to raise and train me as they see fit." A man's home is his castle." The government cannot interfere in the precious institution and to me it is the basic strength of the nation. In communist countries, the home is always subject to the state. And what about my freedom of religion? This not only means I can go to the church of my choice but I don't have to go to church at all! Without choice, there can be no freedom. Th' one freedom is made possible-through many other freedoms granted in the constitution. For instance, the right to assemble peaceably and speak freely without the law. A good

ELECT Frank

DE BORDE

Rockcastle Co. Judge/Executive **Experienced With County Government**

I wish to take this opportunity to ask for your support in upcoming general election.

I have lived in Rockcastle County all my life, making my living as a farmer, businessman and in public service. I know our needs and your desires.

With the recent population growth, the increased county budget, the emphasis on business and industrial growth, I fell that my background presents qualifications that you want in your county judge executive.

Most important, however, each of you will be represented if I am elected. You will be represented in budget matters; represented in health matters; represented in the spending of road funds; represented in developing new jobs.

Together we will work to make Rockcastle County better.

Decisions will be made by us, here at home in behalf of our young people and those yet to come, as the emphasis continues to change to block grant funding to local governments.

Your Support and Influence Appreciated.

Meet Ernie Woods

Ernie is running against Judge Walter Flippen Maguire, the present District Judge, who was elected without opposition four years ago.

Ernie was born on a small farm in the Saline community of Pulaski County. His years and also farmed in his spare time.

Ernie grew up as a farm boy: milking cows, setting, cutting and stripping tobacco and working in the hayfields.

Ernie and his family attended Saline Baptist Church where he is still a member.

Like many others in Rockcastle and Pulaski Counties, Ernie worked his way through Berea College, graduating in 1967.

While studying for his teacher's certificate at Berea, Ernie did his practice teaching at Brodhead High School.

Ernie received a master's degree in education from Eastern Kentucky University in 1968 and spent the next two years working as a high school teacher and basketball

Ernie graduated from the University of Kentucky Law School in 1974 and went to work as an Assistant United States Attorney prosecuting persons accused of violating federal laws. Upon leaving this office, he was presented with a plaque honoring him for extending regime.

For the next two years, Ernie worked as the senior law clerk to Federal Judge Eugene E. Siler, Jr., assisting Judge Siler with research on complicated legal points-which came up during the trial of cases in United States District Court.

In January, 1978, Ernie returned to Somerset, where he was associated with John Prather in the general practice of law for over three years.

Ernie's background and experience will enable him to make fair, impartial isions based on reason and common sense.

Ernie is interested in Rockcastle County and its people and he believes in working ith all county and state officials and with all citizens for a court system that will be iir and just to everyone.

Now that you have a choice, make your choice Ernie Woods for District Judge on vember 3rd.

NOTE OF EXPLANATION

In last week's Signal, a mistake was made by us in advertisement placed by Bob Jasper, Democratic candidate for County Judge Executive. The last paragraph (circled in the ad to the right) should not have been included in the advertisement as it was copy for an af for Pete Hurd, candidate for the Mt. Vernon City Councif. Since we set all our two column ads at the same time, Mr. Hurd's ad was andwartentity left on the hottom of Mr. Jasper's advertisement.

Our apologies to both Mr. Jasper's advertisement.

Our apologies to both Mr. Jasper and Mr. Hurd for this error.

Mr. and Miss Harry Sparks Vocational School was the honor bestowed upon these two Seniors at Rockcastle County High School recently. Dwight Issaes, 17, is the son of Mr. and Mrs. Cossie Issaes of Mt. Vernon. Dwight is enrolled as a welding student at the vocational school. Vikki King is the seventier year old daughter of Mr. and Mrs. Cecil King of Route 3, Crab Orchard. She is enrolled in the business and office program at the school.

To the Citizens of Rockcastle County,

On November 3rd, you, the voters of Recleastle County, will choose the person who you want to serve as your next County Judge Executive. You now have the responsibility of deciding who you will vote for. The decision you make is very important because the decisions made by the Fiscal Court and the County Judge Executive will affect the lives of you and your children for many years to come. The County Judge Executive has the main responsibility for the administration of county government. This year, the county budget was well over nine hundred thousand dollars. Next year, it may be over one million dollars. The County Judge Executive has the responsibility for preparing the county budget and, along with the Fiscal Court, must decide how and where the Taxyayers money will be spent. That is why the County Judge Executive should be a man with strong business experience so that the Fiscal Court is managed efficiently and effectively so that you, the taxpayers, receive the most benefits and the best services for your fax dollars. On November 3rd, you, the voters of Rockcastle County, will

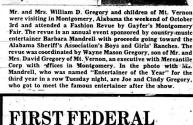

The future is bright for Rockcastle County but, if we are to continue to prosper, we must have qualified and experienced leadership. Since 1939, I have worked with and done business with people from every corner of Rockcastle County. I have listened to and learned from the people about their problems, needs, concerny and their hopes for the future. I believe that I have developed an understanding of the people which will enable me to best serve their future needs. I believe that my 42 years business experience and my 22 years of government experience will allow me to work toward the goals of more industry and jobs, better roads to drive on, better education for our children, better law enforcement, better ambulance service, better services for senior citizens, better fire protection, better health and sanitation services and better economic growth in the county in general.

These are not campaign promises that I am making. No, rather these are goals that we can work toward. I don't pretend to have all the answers to all the problems but, I believe, that if you and I work together, we can make Rockcastle County better place to live, work and raise our ramilies. If you, the voters of both parties, will be so kind as to give me your help and support, I assure you that I will make every effort to serve ALL the people of Rockcastle County honestly and fairly.

Now that I have retired from my job, Lord willing I will have all the time necessary to fulfill my job as Councilman for the people in Mt. Vernon, if elected.
Your vote and influence appreciated.

Your Friend,

Adv. Korun due to mistake by Bob Jasper this paper last week.

In speech delivered to his colleagues on the floor of the House, Rogers said, "I spent the month of August travelling through each of the counties in the Fifth District of Kentucky. And in all of the town meetings

the Fifth District of Kentucky, And in all of the town meetings and in all of my conversations with folks in restaurants, stores and street corners, the message was loud and clear. The high interest rates are ruining good obscinessmen and farmers."

"I wish you could hve have been there with me to hear what my constituents were saying," continued Rogers. "And more than that, I wish that the Chairman of the Federal Reserve, Paul Volcker, could have been there with me in these been there with me in these town meetings so he could have heard first-hand what his policies are doing." heard first-hand what his policies are doing." According to Rogers, people

all across the nation are complaing about what 15% to 24% rates are doing to them. He said he is introducing this bill because it seems no one else is doing anything about bringing the rates down.

Rogers noted that while high interest rates are definitely keeping small business people from expanding and creating new jobs, they are also hurting folks who need to buy their kids through rollege, or find mortgage money for a new home. by the Department of Human Resources, recruits adoptive families for children once considered unadoptable.

There are approximately 1200 families in Kentucky waiting to adopt a child. most of these families are interested in adopting infants or young healthy children. The number of infants and young healthy children who become swallable for adoption is limited.

There are always special needs children available for whome there are no families. Generally, these children are white children over the age of ten (10); black children over the age of ten (60); children over th

ten (10); black children over the age of three (3); children of all ages with physical, mental and/or emotional handicaps: and siblings of three or more who need to be placed together. For some of these children there is financial and medical assistance available.

e available. The SNAP Program began in 1979 as a pilot project in Fayette County. Because of its success, it became a fully funded program in July, 1980. An office in Lexington serves the eastern part of the state and a Louisville office serves that area and western Kentucky

Efforts are currently being made to expand recruitment throughout the state to find families for children who otherwise may never know the security and love that comes from having a family of their

Myths about adoption re-rements often deter prospective families from adopting special needs children. There are no rigid standards for special needs children. There are no rigid standards for parents who want to adopt. Applicants do not have to earn big salaries or own their own bomes. Adoptive paregis may so single or married. You need only to have a real "home" for the child and live within your inservations.

Good Reading
For Better Nutrition
Consumers are constantly
bombarded with new books on
nutrition. They include paperbacks and hardbacks and vary
in content from fact to fad to
fantasy. To help you decide
about some of the newer books,
here are some reviews supplied
by Darlene Forester, Extension

Dairy Calf Housing

Fall brings many changes on the dairy farm, including several baby calves. Probably the most frequent problem with raising replacements for the dairy herd is providing proper housing for young calves. housing for young calves. Tobacco barn sheds and closed Tobacco barn sheds and closed in facilities cause more probr-lems than using simple open air facilities. Since ventilation is difficult in closed buildings, the moisture and high humidity tend to make calves more susceptible to respiratory probMt. Vernon Signal Thursday, Oct. 15, 1981 P-A3

If you are interested in either of these, contact the County Extension Office and ask for the print #6271-Plans for Calf Hutch or Cold Calf Sheds. Calf hutches are very well suited for raising calves in Kentucky. They are simply constructed four foot by six foot contracted four foot by six foot or four foot by eight foot movable houses, three to four feet high, with the front side open and faced to the Southeast. Hutches allow calves to adjust their own environment by moving in or out of the shelter. In cold windy weather a calf can be very comfortable in the protection of a calf hutch on dry bedding. In hot weather the top provides shade and fresh air is available any time. Basically, instead of man adjusting environment, the calf adjusts its own. Ottawa - By Vivian Owens

IN MEMORY

One year ago today,

One year ago today,
Cod sent the death angel,
And called our dear daughter
Viola away,
Life hasn't been the same,
Since she went away,
But some glorious day,
We will be together to stay,
Viola, you are deeply and sadly
missed,
By your Dad and Mom,
Ambrose and Bithia Brockman,
and your two loving sisters,
Geneva Jones and Bernice Allen
But we know you are at rest,
With Jesus to suffer no more,
We wouldn't call you back in
To this unfriendly, sinful, dark
world if we could.

By Hilda Payne Gabbard

Hello from Northern Rock-castle's Clear Creek section!

After 'living in Northern Kentucky for the past 27 years and now as a retired teacher. I have come home to live. My busband, John, who did plumbing and worked in the town of the work of the plumbing and worked in the town of the work there is no place like home accome back to this country where we were born. As the song goes, "there's no place like home works there in the work of the people on Clear Creek home they get.

I hope to write the news of the people on Clear Creek home work of the work of the people on Clear Creek home work of the wor

as well as oner news in general. Going up Upper Clear Creek road and talking to many of its residents, I was surprised to find such a young generation-having been gone, as I said 27-years in which the generations changed. I found myself thinking of Sherman and Daisy, Swinford, who had been such assets to the community, Sam and Mollie Coffey, the Hammonds family and others like Harts, Drews, Owens and Mullins-names that were famil-

iar to my childhood and filled me with sadness that they were

me with sadness that they were no more.

The first native I talked to was Ronnie Owens, when I found him at Payne's Store. He and wife, Janice have been living in a house trailer near Janice's parents, John and Mary Harding, near the Clear Creek Church but they have moved it up near the head of the creek.

Next, I stopped at Charle and Sarah King's where I found them and their household preparing pears to be made into preserves. You can be sure! will stop there often about mealtime this winter. Their visitors for the week were Cdfl and Edna Heckman from Dayton, Ohio Cedna tells me she was named after a beloved sister of mine who passed away years ao. Also their heads of the same of

who passes are years and their manisburg. Office came to see his parents.

Marvin and Martha Brown had their daughter, Frances and husband Joe from Germantown. Ohio to speed the week end just sniffing this good air on Clear Creek also eating Moma's cooking.

Nina Beaty from Albany, Ky. is with Charlie and Sarak King who are in declining health. "She is a great helper because she was sent by the Lord." Sarah says. Now, what about faith like that!

On to Charlie and Lois Lamb's place I went next. They moved to the upper creek about two months ago from Livingston and Charlie has been helping neighbors "house" to bacco. He says he is a "jack "Sail-t" of does most any kind of construction work. Shell, 11 and Charlie, Jr. 10, attend school at Mt. Vernon and I was pleasantly surprised to meet the Lamb twins who were featured in the Signal

recently. Education gives kids a poise that was not known in long ago days. Gale Kirby, daughter and some nieces visited the Lamb family recent-

Near the Swinford Farm, I met Linda, Donald Gadd's wife, and her children. During our talk, she mentioned that she had raised one of the finest turnip patches this year. But, when lasked where on the farm they were growing, she didn't tell me. Linda doesn't know, I have a good old fashiofad lantern and am known as a turnip swiper.

tell me. Linda doesn't know, I have a good old fashided lantern and am known as a turnip swiper.

Alan and Diahe Harding were the next young people I met. He knows cold weather is on the way for he is remodeling his chimney. He better make it large enough or Santa Clause will pass him by. Diane tells me they telebrated their 4th wed. Maybe the chimney is an anniversary present. But when I found out Bro. Jimmy Harding from long, long ago was his grandfather, I was impressed for Bro. Harding had been one of my favorite preachers when I lived as a child on Clear Creek.

In 'talking to Elva Northern, I found she has an interesting cellar house which he constructed herself. It is made of stone, the entire front being made of "Round niggerhead" rocks. When the insides are exposed to view, they look like sparkling diamonds. Elva says she has also constructed a tombstone, which is located in the Fairivew Cemetery for a baby marker for her oldest son who passed away many years ago-Such is a Betty says she needs more room for the active,

Roxie Dees, a near neighbors, says her children, Pamela and Samuel hate having to catch the school bus in the darkness of early morning as so many children do and hope "setting the clock back" will hurry and out here.

children do and hope "setting he clock back" will hurry and get here.

It was late when I started back, down the creek toward home but I stopped at Joe and Ruth Abney's home. Joe is a man who tells it like it is I asked him how be was in the way of loaning a cup of coffee to a neighbor or a cup of sugar. His reply, and I quote. "Now I don't mind my wife loaning a cup of sugar or coffee but what bothers me is when they don't bring it back" He and Ruth welcomed us back to Clear Creek as neighbors then Joe said. "You folks will get to be just like me about Clear Creek. The other day Ruth and I went to visit our daughter, Joyce Thomas, who was in the hospital at Berea. As we started out of town, the wife mentioned stopping at MacDonald's and I told her that

we started out of town, the wife mentioned stopping at MacDonald's and I told her that cornbread and sweet milk eatenon Clear. Creek were good chough for me!

Cleve. Payne and John Gabbard made a flying trip to Mt. Vernon and Berea one day. Friends and neighbors who stopped in to welcome us back to Disputanta were Ted and Ina Johnson and children. Clay and Myrtle Gabbard, Bertha Long. Cameron Bartlett, Mary Payne and daughter, Peggy Rowlett, Eva Mullins, another retired school teacher, Cleve and Blanche Payne, Charles and the friends. It really feels swell to have people say they are glad you came home!

Inflation doesn't seem to bother the young folks in this valley for I see so many building onto their homes. Tex Russell jackling from and bedrooms to his mebilehome. Jerry Nicely is outleing poort along with the others I've mentioned.

Bro. Jim Kirby drives across our county three times weekly to pastor. Clear Creek Church. He is a young man but he has the zeal and fervor of an old time grapel' precedence who've gone on Faces, like Sherd Overbay, Dan Phelps, Huey Ponder, Jimmy Harding,

Lewis VanWinkle, and a BroLambert and many more pass
like a dream in front of
me-mighty men in preaching the
words of God and this young
preacher seems to have it too
so come out and hear him.

Our Clear Creek Revival
starts November 2nd and will
feature Bro- Ellis Abney from
Sand Gap as the pastor. You are
invited to come and be with us.
Jerry Nicely is our song leader
and out of, loyally to an old
family friend. I'd say he was
almost as good leading as ong as
decard, who plays the plano is
very helpful too.

Lige Himes is in poor
health but all summer long he
sat on his front porch waving to
ones who blew their horns at
him.

Verda Shearer from Berea

sat on his front porch waving to ones who blew their horns at him.

Verda Shearer from Berea spent Saturday night with her sister, Martha and husband Luther Hill and attended the Clear Creek Church Homecoming September 27th.

Bro. Herbert Berry was the guest speaker for the church homecoming. He will always have a special place in the hearts of my personal family for the way he came to us in our time of need when our son Barry passed away during that terrible winter of '78. So we were glad to hear his message at the homecoming.

There is a revival going on at Macedonia Church during this week of the 12th.

"Featuring People"
Each week I would like to tell you about, one special person on this creek. It may be one who has passed on. And ware are

one who has passed on. And since thinning out like leaves dropping from a tree, I have chosen for this week Charlie and Sarah King whom I've known since childhood. In fact, I found out our birthdays are back to back. He says he remembers when I was born but I've begged him.

was born but I've begged him ot to tell since like Jack 1 only glaim 39. 21 only glaim 39. 22 only gla certainly no outside help then

There were times when he had to work away from home to 'put bread on the table' Charlie says but Sarah, with the help of the growing children, carried on in the tradition of mountain women, developing in them the idea that labor is, honorable and has its rewards-Charlie worked for fifteen yeas at the Blue Grass O'dinance near Richmond. They have been members of Clear Creek Church for close to 50 years and were baptized by Bro. Huey Ponder, who was the pastor there for 17 years and overCharlie and Sarah are in declining health one. All the children are gone to the control of the contro

never feet it was just work!

Next week I will take you to visit other hollows on Clear Creek and meet their people. Till then, do all the good you can for all the people you can in every way you can.

Revival Services

The Roundstone Baptist Church invites you to attend, revivals services there beginning October 19th at 7 p.m. Evangelist Green "Ellis of Williamsburg will be bringing the messages cach evening. The pastor is Nelson Powers.
