Mt. Vernon Trying for UDAG Money to Loan Industry

The city of Mt. Vernon has held two required public hearings prior to submitting an application for an Urban Development Action Grant (UDAG). The amount of the grant request is \$121,000, which, if funded, will be received by the city within 60 days of application.

Michael Hayes of the Cumberland Valley Area Development District, was at the meeting to answer questions and help select the criteria for the application. The object of UDAG is to grant assistance to economically depressed cities. Grant money can be used for land clearance, to improve water and sewer facilities, to improve roads, or finance industries. The latter possibility is the one which was chosen by the Mt. Vernon City Council at its last regular meeting.

The city will be loaning the money to Mt. Vernon Plastics for an expansion project at a low rate of interest. All the money will be paid back to the city, according to Mayor Roland Mullins and reinvested to create more jobs.

Mt. Vernon Plastics, the area's newest industry is growing and the money will be

used on the plant's \$600,000 expansion project. The low interest loan from the city, if the grant is funded, will help offset the inflationary interest rate the company will be having to pay on the remainder of the financing for the project.

According to Hayes, the city's application will be in competition with other applications and will be judged on the basis of the number of jobs created, and the cost per job created, how much it will benefit the local economy, project feasibility, amount of state and local money, commitment from the industry to hire low income minorities, new taxes created and private investments.

Compared to most other channels for requesting and receiving money from government agencies, UDAG is a speedy process which reportedly bypasses much red-tape. If approved, the city should have the requested money by late December or early January.

Mayor Mullins feels optimistic about Mt. Vernon's request and said he feels the city's chances of being funded are probably between 50 and 70% positive.

Accident

Two occupants were injured in a one vehicle accident on U.S. 25 about 10 miles north of Mt. Vernon about 7 p.m. last Wednesday.

Cynthia Gabbard, 20, of Danville, driver of the car and Vivian Rose, 58, of Route 3, Berea, a passenger, received class #2 injuries when Mrs. Gabbard reportedly lost control of the vehicle she was driving, left the roadway and struck a utility pole.

State police said Mrs. Gabbard reported to investigating officer Jack Lawless that as she progressed south on U.S. 25 she observed a vehicle in front of her turn off the roadway on the east side and it appeared to her that the driver of the front vehicle was going to pull back onto the roadway in front of her.

According to Lawless, Mrs. Gabbard partially left U.S. 25 on the west side, observed that the other vehicle had stopped, came back onto the roadway but lost control and left the road again on the east side of the pole.

Both the injured were taken to the Rockcastle County Hospital for treatment.

Forestry Field Day Held in County

On October 16, the Rockcastle Soil Conservation District and the Kentucky Division of Forestry conducted a Forestry Field Day on the Tommy Mink farm. Approximately 50 people were in attendance and learned many basic skills in Forestry Management. Fieldmen from the Division of Forestry gave informative demonstrations on Woodland Thinning, Timber Stand Improvement and explained the variety of programs they offer to help the individual landowner with their forestry practices.

Mr. W.S. Cass demonstrated his log splitter and Mr. Burgess King gave a demonstration on Woodland Thinning and Deadening and instructions on proper uses of the acre. Dave McCracken of the Wood Mosaic Co. gave a demonstration on timber grading and selling techniques.

The Field Day all together

Lester Burns Resigns Post as Commonwealth Attorney

Lester H. Burns, Commonwealth Attorney for Rockcastle and Pulaski counties, has resigned that post effective Wednesday of this week.

Burns, who was appointed by Gov. John Y. Brown only last January to fill the remaining term of U.S. Rep. Hal Rogers, R-Somerset, said that his first case after resigning would be to defend 70-year-old William "Oakie" Bevins, a Floyd County man accused of shooting to death five people and wounding three others in a Mountain Truck Parts store in Allen on October 16.

City to Apply

The City of Mt. Vernon is planning to apply for a grant from the Appalachian Regional Commission to fund a plan for and a revitalization of the downtown business district.

Members of the local business community have already met to do preliminary work on the needs including parking, traffic control, a general face lift of buildings and recreation.

Burns, who lost the chance for a full-term to Benny Ham by 252 votes, said that his resignation would be on the Governor's desk at 9 a.m. Monday morning. Burns stated political and personal reasons for his resignation.

Ham, who served as assistant prosecutor to Rogers is the most likely candidate to fill the position, according to Burns. Ham is running unopposed in

the General election. In a telephone interview with Ham Wednesday morning, he said that he had not received any official word from the Governor's office about the job. He said that, according to Burns, his resignation would be effective Wednesday and that he did not know when or if he would receive any word from the Governor.

Council Committee Attends KMA Fair

Members of the Rockcastle Improvement Council committee appointed to help solicit doctors recently manned a booth at the Kentucky Medical Associations Recruitment Fair held in Louisville.

The committee comprised of the Adams, of Kentucky Highlands Investment, Corp., Roy Brown, Wayne Stewart and

Charles Alfred Mullins spent Saturday, October 17, at the fair telling young residents, who are about to enter private practice, of the need for more doctors in Rockcastle County.

Dr. and Mrs. G.W. Griffith also attended the recruitment fair to lend support to the effort to attract more doctors.

Livingston Receives \$30,000

The city of Livingston has been granted \$30,000 in state funds to help buy a fire truck. Nearly \$15,000 in local money completes financing for the purchase, said Andrew "Skipper" Martin, commissioner of the Department of

Community and Regional Development. The grant comes from the department's area development fund, which finances improvements involving fire protection, emergency services, industrial

Livingston City Police Charged with Two Counts of Assault Wednesday

Three persons, including the Livingston City Policeman, have been charged in connection with an incident last Wednesday night on Ky. 1955 about 3 miles from Livingston.

Arrested and charged with two counts of second degree assault was city policeman Fred Hensley, 27, of Route 2, Livingston. The charges stem from an alleged assault on Lee Hammonds, 28, of the Red Hill section and his mother, Bernice Hammonds. According to charges filed, Hensley struck both Hammonds and his mother with a night stick. Both were taken to the Berea Hospital where Hammonds was treated for lacerations and released. Mrs. Hammonds was hospitalized.

According to Sheriff Henry Abney, the incident occurred between 6:30 and 7 p.m. and Hensley was arrested in Liv-

ingston later in the evening on a warrant obtained by the sheriff. He was released on \$10,000 property bond the following day.

Hensley has been city police at Livingston only a short time and returned to work for the city in the same capacity following his release. Upon being contacted, Hensley had no comment upon the incident.

Hensley has charged Hammonds with driving while under the influence of intoxicants and resisting arrest. Hammonds has been released on \$2,000 property bond.

Hensley has also charged Bernice Hammonds with one count of resisting arrest by preventing a police officer from effecting the arrest of Lee Hammonds by attempting to fight the police officer. She is free on \$10,000 bond.

Woman's Club One of the Oldest in State

By Ruth McFerron

It was in the year 1909 that Miss Mary Rose McCord organized the Woman's Club of Mt. Vernon and in the year 1911, seventy years ago, the club was federated, making it one of the oldest clubs in the state.

It is too bad that we know so little about the woman, Mary Rose McCord, who made such valuable contributions to the educational, cultural and spiritual life of Mt. Vernon and Rockcastle County. We know nothing of her parentage nor background except that she came from the East, that she was highly educated and that she was assigned to a position here by the Presbyterian Board of Missions. She had a husband and perhaps a few relatives near Lexington.

Miss McCord came to Mt. Vernon in 1908 to be principal of what was then Brown Memorial School. The school was built in 1890 and was first called the Mt. Vernon Collegiate Institute. The Presbyterian Board of Missions bought it in about the year 1903. They also built the beautiful old church building on West Main Street in 1899.

The early Langdon Dormitory, where Dr. Griffith's house now stands, was once a private residence.

In 1910, the town bought the Brown Memorial school building and it became Mt. Vernon School.

Langdon dormitory became Langdon School named for Mrs. Tomas P. Langdon, who financed most of the purchase.

In 1914, the town contributed land joining the Brown Memorial School on Williams Street, and again the dormitory expanded through the efforts of Mary Rose McCord and financial aid from Mrs. Thomas P. Langdon, and for many years was again changed to Langdon School.

In an article in The Mt. Vernon Signal in June of 1963, Miss McCord was characterized as being a woman of stern and strict discipline for a growing school, a builder and business woman.

Miss McCord left Mt. Vernon in 1915, to become head of a mission school at Wooten, a small mountain community.

Langdon School was closed in 1934. It was sold to Mrs. Rissie Scott in 1938, who in turn sold it to Robert Ed Mullins who tore the building down.

Miss McCord came to Mt. Vernon in 1938, visited Mrs. Martha Franklin and tearfully begged that the building be converted into two apartment buildings for rent by the town.

Her last visit to Mt. Vernon was in September 1940. She was living in Berea and was invited by the Woman's Club to be the guest speaker of the evening. Her subject was "Plant Trees and Stay Young."

This dedicated lady passed away at the home of a niece in Vandalia, Illinois on December 14, 1946.

The history of the Woman's Club is so closely interwoven with the many social and civic activities of Miss McCord that cannot be separated.

Miss McCord firmly believed that if the leading women could enlist the help of the merchants and businessmen of the small town, much could be accomplished in the realm of beautification and civic improvement. The first step toward such a goal was to make the town more attractive for its citizens and for those outside who came in to trade with the merchants and to transact business with the banks, the post office, the express office, the doctors and lawyers.

Miss McCord began to spread out her sphere of influence. She visited the rural schools, organized "Mother's Clubs" and enlisted their help in promoting "Sister Clubs". All of these were branches of the original Woman's Club which was active and working.

Our small park at that time was unsightly, covered with weeds and rocks. At one time the old section house stood in the center. After renting it out for a period of time, the L&N Railroad Company decided to tear it down. Miss McCord immediately made plans to improve that small triangular piece of ground and with much persuasion from the splendid group of ladies who were charter members of the club, and with the backing of the influential businessmen of the town, the railroad company

agreed to turn it over to the club provided they would fence it and become permanent caretakers. The company was to be exempt from all responsibility.

The Woman's Club agreed to the arrangement and, after having cleaned it of unsightly weeds, shrubs and rubbish, they enclosed it with a pretty ornamental fence of twisted wire. The wire fence had a small gate opening onto the street, and a lovely rustic summer house built in the center with seats around the sides and covered with climbing roses, and surrounded by lovely shade trees. Several years later that fence was replaced by the present stone wall.

Next, Miss McCord turned her attention to the sadly neglected cemetery and the Commercial Club joined forces with the woman's club organizing what was called the "Cemetery Organization". With Miss McCord as president and James Maret, secretary treasurer, a drive was begun to solicit funds for improvements.

Only a few individuals can now remember the gruesome-ness of that cemetery. Covered with wild honeysuckle vines and saw briars, it was almost impossible to walk through it, and a spot had to be cleared before each burial. So the work was begun. The ground was cleared, the grave markers straightened, and while the men worked, the women cooked and carried their dinners to them. Soon, flowers were blooming where briars and thorns had grown. A caretaker was employed and both clubs helped to finance the project. Later, a concrete retaining wall was built around the south end joining the old stone wall on the east side.

Many soldiers who were killed in the Civil War Battle of Wildcat Mountain are buried on the top of the steep embankment in the Elmwood cemetery. In 1921 the wall was completed and a beautiful arch was erected over the drive.

In the meantime a beautiful new chapel was added to the original Langdon Memorial Building and the second open meeting of the Mt. Vernon Woman's Club was held there. It

Joe Denny, owner and operator of Rockcastle County Speedway, a new stock car racing venture in the country, received the Rockcastle Improvement Award at the regular meeting of the Rockcastle Improvement Council Monday night.

The Jaycees, Kiwanis and Lions Clubs (JKL), realized over \$1,000 in profits from concessions sold from their recently purchased concession trailer during the past racing season. Tony Hopkins, left, is shown presenting the award.

Legislative Report

By 2-2 Harold DeMarcus
The Personal Service Contract Review subcommittee reviewed seventy-four contracts and amendments to contracts at

its October meeting.

The seventy-four contracts represent \$1.9 million in state expenditures.

In particular, two contracts garnered most of the committee's time during the review session.

The first contract was a state Department of Personnel pact with the Louisville law firm of Greenbaum, Doll and McDonald. The general counsel to the executive administration appeared before the committee and explained the contract.

The contract will pay the former general counsel to the executive administration \$95 an hour and his law firm a maximum of \$80,000 in this fiscal year, to represent the state against 35 state employees who filed suit because of personnel layoffs authorized by the executive administration.

Although the contract was approved, members of the House Republican Caucus on the committee opposed the action and voted against the contract. It was our feeling that the contract was an inefficient and unnecessary expenditure, especially considering the number of full-time attorneys employed by state government.

The second contract was a state Department of Justice pact with the New York security and chauffeur service of Dunn Hill International. The Secretary of Justice and the Commissioner of the State Police appeared before the committee and explained the contract.

Under the contract, Dunn Hill International are to provide body guards and chauffeur service at \$20 an hour, up to \$18,000 through July list, for the governor or lieutenant governor or any immediate member of their respective families upon their arrival in New York City. Also, Dunn Hill employees are to be reimbursed for travel and personal expenses up to \$2,000.

Considering the fact that the governor's wife is employed by CBS television in New York, the committee was concerned that the services provided under the contract would primarily benefit Mrs. Brown in situations unrelated to the business of state government.

The Secretary of Justice stated that the contract would not cover Mrs. Brown when she

was working for CBS television.

The committee deferred taking any action on the contract until its November meeting so that the contract can be re-written to clearly stipulate how and when Mrs. Brown will be covered. Also, so the Lt. Governor (at her request) can be excluded from the contract.

I am writing in reference to the system by which the football and basketball queen candidates are chosen at the high school.

I myself don't think that it is done fairly. I think that the student body should elect the Queen and not the money of the parents. Every parent would like for their daughter to win, but some parents don't believe in it and some can't afford it.

The queen should be someone who is well-like and respected by the student body. If I were to get elected,

The fig is considered one of the earliest tree fruits to be cultivated.

which is doubtful, I would want to be elected by the student body and not my parents.

If it is bought out by your parents, then you can't smile about it 'cause you know that the student body didn't elect you. I think the parents should have more pride than to buy it out for their daughter.

I also think that the last football queen was not elected by the student body but by other means. I feel that the system should be changed some way so that the ones who deserve it can have it, without worrying about parents buying it out.

We're Sorry!

BMV had planned to increase the interest rate paid on Regular Passbook Savings Accounts to 5 3/4% on November 1, 1981. This increase was in response to the Federal Depository Institution Deregulation Committee's approval to increase the rate paid on these accounts.

This Committee reversed this approval last week and are not permitting an increase in the interest rate. Due to circumstances beyond our control, we must comply with this Committee's reversal and postpone any increase in Passbook Savings Interest Rates.

Interest rates paid on BMV Savings Accounts will be increased when the Depository Institutions Deregulation Committee grants approval for such increases.

Buccaners are 1981 Superbowl Champs

The Buccaneers, who won only one game during the regular season, are the 1981 Little League Super Bowl Champs. They downed the Steelers Tuesday night by a score of 6-0. Their score came in the 2nd quarter when the Buccaneers quarterback Pat Hansel took the ball around right end and went 20-yards for the extra point was good, but the 6 points were enough to put the game for the Buccaneers.

The Buccaneers got to the Super Bowl by downing the Bengals 8-0 Sunday afternoon and the Steelers advanced to the Super Bowl by beating the Redskins 8-0.

In the consolation game played for 3rd place, the Redskins beat the Bengals 8-0. All four team pictures will be in next week's Signal.

Correction:

In last week's paper we reported that Chad Merritt of the Redskins was one of the most valuable players in the game between the Bengals and Redskins. This was wrong. The most valuable player for the Redskins was Joey Bullen.

In the other game played between the Buccaneers and Steelers, it was reported that Matt Shepherd was the most valuable player for the Buccaneers when it was actually Bobby Hayes.

Rockets Lose Third Straight; Fall To Mercer County 7-6

By Rick Anderkin

The Rockcastle County Rockets traveled to Harrodsburg last Friday night and came away with a heart breaking 7-6 loss to the Mercer County Patriots.

Rockcastle took a lead at 6-0 in the second quarter when quarterback Roddy Carr found Jeff Lear alone in the end zone

for the touchdown. Lear made an excellent catch to give the Rockets the lead. The extra point try failed when Carr's pass was a little behind intended receiver Steve McClure.

Rockcastle's defense played exceptionally well up to the 4th quarter when a little let-down allowed Mercer to score. Mercer's extra point try was good and the Patriots took a 7-6 lead.

On the Rockets next possession, which was their loss of the game, they drove the ball down field to the Patriots 20 yard line where they stalled and had to try for a field goal. The try was left and short and the Rockets had lost their 3rd straight game.

Rockcastle is now 6 and 4 and will play their last game of the seas this Friday night home against Knox Central.

Quarterback Roddy Carr, no. 8, is shown as he loses Friday night at Mercer County. Also in the looks for a receiver downfield in Rockcastle's 7-6 photo is no. 27, Steve McClure.

Fishing Report

[Note: This is the last fishing report of the season. The reports will resume around the middle of March, 1982.]

Cold weekend weather slowed fishing activity and lowers water temperatures at Kentucky's 15 largest lakes. The lake-by-lake rundown, as reported by fish and wildlife conservation officers:

Kentucky: crappie slow around visible cover, in tailwaters, catfish fair to good, sauger fair, clear, stable at four feet below summer pool and 69 degrees.

Mr. and Mrs. Delno Mink, Mt. Vernon, announce the forthcoming marriage of their daughter, Pamela Kay, to Michael David Stewart, son of Mr. and Mrs. Charles Stewart, also of Mt. Vernon. The wedding will be an event of November 14th at the First Baptist Church in Mt. Vernon. All friends and relatives of the couple are invited to attend.

Personals

By Mrs. Leila Stokes

Recent dinner guests of Mr. and Mrs. Henry Cox were Mr. and Mrs. Jack Carnes of Black Mountain, N.C., Norene Childress Adams of St. Augustine, Florida, Mr. and Mrs. Carl Leach and Mrs. Fannie Mullins of Louisville, and Mrs. J.D. McCerron of Mt. Vernon. There were five first cousins of the late Houston McCerron family present at the dinner.

I agree with the Signal's faithful reader, Mrs. C.L. Hart of Berea in her letter to the editor last week about Mrs. Hilda P. Gabbard's news of Disputant area and repeat, "We all enjoy it and relish every word, so keep it up Mrs.

Gabbard."

Miss Martha Doty of Spartanburg, S.C. stopped in Mt. Vernon (going to and from Frankfort) with her grandparents, Mr. and Mrs. Bentley Sparks.

There was a good crowd that boarded the church bus Friday besides the car loads from the Mt. Vernon Christian Church to attend the revival at the Westside Christian Church in Richmond, where Bro. Ernie L. Johnson, evangelist was holding a meeting with Charles Steele, October 23, 24, 25. Bro. Jerry Perry drove the bus Friday night and others went Saturday night with Jim Owens taking the bus.

Bro. Ernie L. Johnson spent Sunday night with Mr. and Mrs. Ralph Sigmon and left Monday morning for his home and

family in New Castle, Virginia.

Mrs. Linda Newby and daughter, Tammy of Lexington visited her parents, Mr. and Mrs. Floyd Stokes Sunday.

There will be a Revival Meeting at the First Baptist Church at Main and Craig Street in Mt. Vernon starting November 1st through the 8th at 7 p.m., by the pastor, Dr. Charles Hedrick. There will be special music each evening led by Mr. Bill Wright, minister of music. Everyone is welcome.

Mr. and Mrs. Carl Robbins of Fairfield, Ohio were at the Skilled Nursing Center of the hospital here last Wednesday and were accompanied to Fairfield by his mother, Mrs. Eva Robbins. She will be in a nursing home nearby her four sons and only daughter while the necessary oxygen is given. Mrs. Robbins had excellent care here at the Skilled Nursing and watched over day and night by son, Russell and wife Doris. But was looking forward to visiting her children in Ohio and be where they can visit her. Mr. and Mrs. Russell Robbins, Joan, Brenda and Butch will be going often to visit her.

Mr. and Mrs. Joe Sargent of West Chester, Ohio are visiting her mother, Mrs. Dolly Krahenbuhl and grandmother, Mrs. Leanna Nicely.

Mr. and Mrs. Russell Robbins and Joan spent the weekend with Mr. and Mrs. Gary Renner and Mr. and Mrs. Butch Robbins in Lexington.

Mrs. Dorothy French had as her guests for dinner Sunday, her daughters, Mrs. Joyce Lakes and Sharon of Berea and Mrs. Sue Brown. They all attended the morning worship service at the Northside Baptist Church where Bro. Lester Caldwell is pastor.

The Courier Journal reported the death of Mrs. Elizabeth McNew Dooley, formerly of Rockcastle County, who died in Cambridge City, Indiana. The funeral was Monday, October 26 at the Wildie Christian Church with interment in the Maret Cemetery. Arrangements were by Dowell and Martin Funeral Home. Mrs. Dooley was the aunt of Walter Bro. Homer and Aster McNew.

Mr. and Mrs. Gilbert Burton and Mrs. Jewell Brown were guests during the weekend of Mr. and Mrs. Willard Barker

in Woodway, Virginia.

The writer extends belated birthday congratulations to Branda M. Gentry. I recall many Wednesday evenings Branda would be on her way to the youth prayer meeting at Northside Baptist Church and come by my apartment to bring me a beautiful bouquet of flowers and sometimes one lovely rose, which made me very happy.

In my estimation the judges will have a difficult time in selecting the most beautiful young lady from all those lovely candidates for Miss Rockcastle of 1981, on November 6th. Mrs. Sinnie Noe, who has been in the Skilled Nursing Center at the Rockcastle County Hospital for several weeks has recently entered the Sowder Nursing Home in Berea. We want to continue visiting with Mrs. Noe.

Mrs. Zelma Bullock and grandson, Rick Owens spent the weekend with Mrs. Bullock's sister, Mrs. Ann Mac Graves and family in Lancaster and all went to see Mr. Curtis Miller who remains critically ill.

Mrs. Wilma Graves was co-hostess with her granddaughter, Miss Penny Miller at Penny's home last Thursday evening a household shower for the newly-weds, James and Deanne Miller. Many useful gifts were received.

Mr. and Mrs. Mike Ramsey and Mrs. Dean Shelton and daughter, Heidi of Ohio spent the weekend with Mrs. Wilma Graves and family. Sarah Farley and Lavell Boyette of Ypsilanti, Mich. stopped for a brief visit with me Friday enroute home from a visit with Sara's sister, Marie and Roy Wright in Daytona Beach, Florida.

Russell Robbins went with Mr. and Mrs. Bill Norton to the St. Joseph Hospital in Lexington, Monday to visit the Norton's daughter, Bonita, who was accompanied to the hospital after a car accident.

Mrs. Edith Ivie of Mebane, N.C. is with her mother, Mrs. Pat Hammons, who is a patient in the St. Joseph Hospital in Lexington. Bro. Ernie L. Johnson of New Castle, Virginia visited Mrs. Hammons at the hospital during his three night revival in Richmond, at the Westside Christian Church.

Mrs. W.R. (Ranse) Coffey and daughter, Lillian Anglin and Mr. and Mrs. Hugh Coffey visited Mrs. Lou Dalley Moore at the Skilled Nursing unit last Tuesday. Mr. W.R. and Mr. Hugh Coffey are brothers of Mrs. Moore. How we rejoiced in seeing Uncle Ranse, as so many call him, at the age of 96, looking so well. Mr. and Mrs. Hugh Coffey returned to their home in Richmond, Indiana Wednesday.

Mrs. Ella M. Snodgrass, who was anticipating on returning to Indianapolis, Indiana where her apartment was very convenient and equipped with efficient care is unable to make the trip just now. She is in the Berea Hospital at present.

Upon news of her nephew's death, James Brewer, from a plane crash in Hazard, Mrs. Vernon Cox left immediately with relatives in Lexington for Hazard to be with her brother, Clyde Brewer and family, James' parents, Mr. and Mrs. Jack Burke of Oklaheima, who were also with the Brewers in Hazard, brought Mrs. Cox home Friday and spent a few days here.

Missing, Mrs. Ted (Anna Mae) Jackson passing, here on way to the elementary school in Mt. Vernon, where she has been cook for over 40 years, we started inquiring and heard she was in the hospital here and going to the hospital to see her, she had been dismissed. So calling her angel daughter, Joyce, we learned that Ann Mae, from the authority of her doctor, was able to resume her work at school this week. We also learned that Joyce spent 64 days in the Good Samaritan Hospital in Lexington this fall. We are grateful to report both are at home and doing great.

Darrell Renner of Ft. Mitchell, who spent the past week with Mr. and Mrs. Walter Renner and Mr. and Mrs. Roy Hansel, accompanied his mother, Mrs. Hansel and his aunt, Mrs. Henry Coffey to Midtown to visit Mrs. Louanna Cromer.

Mr. and Mrs. Jess Coffey of Richmond, Indiana visited her mother, Mrs. Cromer in Somerset recently.

Last week's visitors of Mrs. Bradley Burdette were Mrs. Oneida Witt, Mt. Sterling; Mr. and Mrs. Rudy Burdette and

Jacob, Berea, and Dr. and Mrs. K.R. Burdette and Jeff of Mt. Vernon. Other visitors recently were Mrs. Gertrude Holt, Mrs. Albert Smith, Mt. and William Weaver and Mrs. Cecil Dalley.

From the Wildie Messenger: flowers, the foliage of the foyer, have been provided by Ella Cresswell, N.C.; Judy Davis, Jambia; Mable Miller (Anogene Wheeler's aunt), Debbie Witt and Mrs. Snodgrass.

Prayer Needs-Sadie Stewart, at home; Mrs. Floyd Clark, Cresswell, N.C.; Judy Davis, Jambia; Mable Miller (Anogene Wheeler's aunt), Debbie Witt and Mrs. Snodgrass.

DAR Meets

The Rockcastle Chapter of the DAR met Tuesday, October 20th at the home of Miss Janie Ramsey, Miss Mary Alice Hunt, Regen presided at the meeting. Mrs. Norma Eversole read the President General's message and Mrs. Jean Towery, the National Defense report. Twelve members were present for the meeting. Three guests were present.

Mr. Bill James presented a most interesting slide program entitled "Building Your Community." The community being "Mt. Vernon", of course. We observed the various improvements and changes that have taken place in our community during the last few years. It was pointed out that Mt. Vernon has received the All-Kentucky City Award several times.

During the social hour, Miss Ramsey, assisted by Mrs. Norma Eversole, served the members delicious pie and hot spice tea.

Luncheon Guest

During her recent visit to Lexington, Elaine Davidson was the guest of honor at a luncheon given by Peryda Pike at the Lexington Country Club.

A most delicious lunch was enjoyed by everyone and Mrs. Davidson received many useful and lovely gifts.

Those attending were Diane McGuire, Mrs. Davidson's daughter; Reva Hiatt, Jo Ellen Stoltz; Pat Archer, and the hostess, Peryda Pike.

VOTE FOR AND ELECT **BOB JASPER**

Rockcastle County Judge/Executive

"The People's Friend"

To All Citizens of Rockcastle County:

I have been encouraged very much by the confidence that so many of you have placed in me by giving me your support in my campaign for Rockcastle County Judge Executive. When I made my decision to run, I knew that I would have to have the help and support of all the people of our county, regardless of political affiliation. I appreciate very much the support that you have given me. I am trying to see as many of you as I can, but I know that it will be impossible to see everyone personally. So, I would like to take this opportunity to ask for everyone's help and support. Together, we can work to make Rockcastle County a better place to live and work, both for ourselves and our children. I assure you that your vote and support will be genuinely and sincerely appreciated.

Experienced

With 42 years business experience and 22 years of government experience, I believe that I can manage the county government in an efficient and effective manner so that taxpayers of Rockcastle County receive the best services and the most benefits possible for their tax dollars.

Progressive

The future is bright for Rockcastle County, but if we are to continue to prosper, we must have progressive leadership. I believe that my business and government experience will allow me to work toward the goals of more industry and jobs, better roads to drive on, better education for our children, better law enforcement, better ambulance service, better services for senior citizens, better fire protection, better health and sanitation services and more economic growth in the county in general.

Caring

If a County Judge Executive is to truly serve the people, he must genuinely and sincerely CARE about the people. How good the County Judge Executive performs his duties depends much on his motivation or reason for wanting the job to begin with. I decided to seek the office of Rockcastle County Judge Executive because I am concerned about what the future holds for our county. I want to work to make Rockcastle County a better place to live, work and raise our families.

Friendly

If a County Judge Executive is to work for the people, he must know the people and the people must know him. He must be their friend so that they can talk with him about their problems and needs. More importantly though, a County Judge Executive must LISTEN to what the people are saying. The County Judge Executive is elected to serve the people, not for the people to serve him. Since 1939, I have dealt with people from every corner of Rockcastle County. I believe that I have developed an understanding of the people which will enable me to best serve their future needs.

Fair

If the people of Rockcastle County are to receive fair and honest service, the County Judge Executive must be able to make fair and unbiased decisions. If you, the voters of both parties, are kind enough to give me your help and support, I assure you that I will make every effort to see that the people in each district are treated honestly and fairly.

Able

A County Judge Executive cannot successfully work for the people unless he is ABLE to get things done for the county. Aid and grants to counties is getting tighter and tighter. The people need a County Judge Executive who has accessibility to state government to make sure that our county gets its share of government funding. If elected, I will fight to see that the taxpayers of Rockcastle County get the most benefits for the tax money they pay to the county, state and federal governments.

Co-operative

If the people are to receive the best services possible, the county government should work in harmony with the city governments of Brodhead, Livingston and Mt. Vernon. I will also work for the development of a cooperative, coordinated working relationship between the county government and the business and industrial community. I also feel that the county government should work closely with the various clubs and civic organizations to insure that their community service potential is fully utilized. If everyone will work together in a harmonious, united effort, we can make a future for Rockcastle County that we can be proud of for years to come.

Qualified

Experience does not necessarily mean qualified. The best way to determine whether someone is qualified, is to examine their performance in the past. I believe that my past experience has enabled me to develop the necessary qualifications by which to approach the challenges that now face

Trustworthy

For 42 years, I have dealt with the people of our county. During this time, I have always tried to live and do business in accordance with Bible principles and I have strived to be a good citizen. Today, I believe that I have earned the people's trust, which is extremely important if a County Judge Executive is to work effectively.

NOTICE OF INTENTION TO MINE

Pursuant to Application Number 102-0034

In accordance with the provision of KRS 350.055, notice is hereby given that Ikerd-Bandy Co., Inc., P.O. Box 246, Ferguson, Ky. 42533 intends to file an application for the surface disturbance mining of approximately 43.6 acres located at Red Hill in Rockcastle County. The proposed operation is approximately 600' from Ky. 1955 and located southwest of Trace Branch latitude 37 degrees 19' 32" longitude 84 degrees 11' 15". The surface of the area to be mined is owned by Joe Clark, Bill Cole, Bill Hall and William Carter.

A brief description of the kind of mining activity proposed is contour mining and mountaintop removal utilizing hollow fills for spoil storage.

The application will be filed at the Bureau of Surface Mining Reclamation and Enforcement, London Area Office, Reclamation Building, Lond, Kentucky 40341.

Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described surface mine should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. A copy of the newspaper clipping must be attached to the written objection. The objection or request must be in accordance with KRS 224.081(2) and must be forwarded to the Director of Permits, Bureau of Surface Mining Reclamation and En-

forcement, Capital Plaza Tower, Frankfort, Kentucky 40621.

Notice is hereby provided pursuant to 405 KAR 1:050, Section 6, Paragraph 6, that a portion of the proposed mining operation will lie adjacent to and within 100' of the outside right of way as well as underneath of Trace Branch Road and Hall Road. Public comment and comments from affected overnment agencies regarding the proposed operations above may be submitted to the address above.

Notice is hereby given provided pursuant to 30 CFR 715.13 (d)(10) and KRS 350 that the proposed post mining land use of hayland pasture with permanent impoundment constitutes a change from the forst land pre-mining land use. Interested citizens and local, state and federal agencies are invited to review and comment, to the address listed above, on the proposed land use.

Q. I have been collecting Social Security disability benefits for 9 years. In a few months, I'll be 65. Should I file an application for retirement benefits?

A. No. If you are receiving checks as a disabled worker, your disability benefits will automatically be changed to retirement benefits when you reach 65. If you are getting checks as a disabled worker, disabled widow, or widower, you will get instructions when you reach 65 because your rights and responsibilities will be somewhat different from what they are now.

Q. I have only been working in my current job as a mechanic for one year. Before that I was in the Navy for 12 years. Have I worked long enough to get Social Security disability benefits?

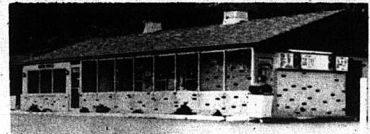

A. That depends on your age at the time you become disabled. You should check with your Social Security office to find out how many quarters of coverage you need, but your military service will also count.

PARMESAN POTATO STICKS

- 2 pounds Washington Russet potatoes
- 1/2 cup butter or margarine, melted
- 1/2 cup each fine dry bread crumbs and grated Parmesan cheese
- 1/2 teaspoon salt
- 1/8 teaspoon each garlic powder and pepper

Peel potatoes; cut lengthwise into quarters. Cut each quarter into 3 strips. Roll in melted butter, then in mixture of crumbs, cheese, salt, garlic powder and pepper. Place in single layer in shallow baking dish. Pour any remaining butter over potatoes. Bake at 400°F. 30 to 35 minutes or until potatoes are tender. Makes 6 servings.

Think About It

75 out of 100 Representatives are Democrats. 29 out of 38 Senators are Democrats. The Governor, the Lt. Governor and all the other offices in Frankfort are controlled by Democrats-our area has one of the highest unemployment rates and lowest per capita incomes in Kentucky-and for the past 16 years, we have had a Republican Representative.

We Must Have A Change

Considering the economic condition of our area, this is no time to worry about which candidate is from Rockcastle County or Lincoln County or which one is Republican or Democrat.

Fact

If the 80th District is to stop being treated as the red-headed stepchild of the state of Kentucky, and if we care about our district and want to improve our economic condition, we must have a Representative in Frankfort that can have an effect on the people who run our state.

"WOMAN'S CLUB"

(Cont'd from front)
was a New Year's reception and a large number of guests assembled to see the "Turner Art Exhibit", duplicates of the old world's most famous paintings. These paintings were kept for a certain length of time on sale-the club received a certain percent of the proceeds.
By this time, the Woman's Club of Mt. Vernon was firmly established and was exerting a marked influence upon the civic, the artistic and the spiritual life of the community.

Early records and secretary's books of the club have been misplaced and since the first year book to be found was printed in 1935, I must conclude that from 1909-1935 there were only five presidents. The four charter members must have served more than two terms with the possible exception of Miss Kford.

During this early period, I remember that club members gathered and contributed quite a collection of books and put together probably the first public library in a room at the home of Mrs. W.J. Sparks. Different club members spent one afternoon each week checking out books to anyone who requested them. Many early meetings of the club were held there.

There was at one time a small library sponsored by the Woman's Club in a room upstairs over U.G. Baker's Store which is now the Mt. Vernon Bargain Store.

During World War I and the Depression years regular meetings of the club were held during which time the women were engaged in working with the Red Cross; making gar-

ments and bandages for service men and supplying clothing for needy school children, but always adhering to the principles upon which the club was founded: civic improvement and beautification, recognition and use of talent in young people, understanding and participation in local, state and national government, the cultural value of music and art, and the need for spiritual values in everyday living.

In 1935-36, the first printed year books were put into use. The theme was "The Woman Citizen".
During the year 1936, club activities included an operetta, a bridge benefit, art exhibit and flower show among other things. In September, the club celebrated the Silver Anniversary with a dinner at the Mt. Vernon Christian Church. Miss McCord was guest speaker.
At the September, 1940, two charter members, Miss McCord and Mrs. L.W. Bethrum were present. The club activities during the 1940-42 years included a drive to combat infantile paralysis, Christmas lighting contest, community Christmas tree and pageant and a style show with history of each garment.

During the war years money was scarce as was food and clothing and the budget was limited. Most of the club's activities centered around patriotic themes, emblems, music and work. Club members were engaging in different phases of Red Cross work, sewing, knitting, making bandages and first aid and home nursing classes.

The year following the war was a critical and trying year for the club.

Rogers Backs AWACS Sale

By Rep. Hal Rogers

America Should Come First
It's high time America looked out for her own interests first when it comes to foreign affairs.

But the House of Representatives voted last week against President Reagan's foreign policy plans to sell five Airborne Warning and Control Systems (AWACS) aircraft to Saudi Arabia.

Debate on the AWACS sale was hot and heavy. Some argued that the sale was not in the best interest of Israel, while others explained that if we don't sell the AWACS to the Saudis, they will turn to Great Britain and buy the British NIMROD airplanes which are similar to the AWACS.

After carefully listening to all sides in the debate, including a tour of an actual AWACS plane and speaking to the President, I voted in favor of selling the AWACS to Saudi Arabia for the simple reason that the deal was good for America.

I firmly believe that America comes first. And before we

Interest seemed to wane in club activities, the president resigned and a new one was elected. Several past presidents attended the September meeting and related definite accomplishments which aroused much enthusiasm among club members and gave new life to the organization.

Now, after a tradition of 70 years of service to the community, the Woman's Club of Mt. Vernon is the oldest civic organization continuing in Rockcastle and is the second oldest federated woman's club in the 9th District of Kentucky.

We must give credit to a group of women who have for so long strived to better our community and to the strong leader, Miss Mary Rose McCord.

Charter members of the Mt. Vernon Woman's Club are: Miss Jose McCord, Miss Ella Carson, Mrs. Fannie Adams, Mrs. W.J. Sparks, Mrs. Martha Franklin, Mrs. T.J. Nicely, Mrs. L.W. Berthrum, Mrs. A.E. Albright, Mrs. W.J. Crawford, Mrs. George Watson, Mrs. C.C. Williams and Mrs. Cleo Brown.

Past presidents, in order of their terms, have been: Miss Rose McCord, Mrs. John Brown, Mrs. J.W. Sparks, Mrs. Cleo Brown, Mrs. Mattie Robertson, Mrs. J.W. Griffin, Mrs. Walker Owens, Mrs. L.M. Miller, Mrs. E.R. Denney, Mrs. Ruth Blazier, Mrs. L.D. Bryant, Mrs. Hubert Catlett, Mrs. Fannie Thompson, Mrs. Wendell Belew, Mrs. Ralph W. Griffin, Mrs. O.V. Hilton, Mrs. Sam Jones, Mrs. John L. Fain, Mrs. Carrie Baker, Mrs. Howard Ray, Mrs. C.C. Cox, Mrs. John Allen, Mrs. William Landrum, Mrs. Hazel Owens, Mrs. Robert Witt, Jr., Mrs. Doyle Hale, Mrs. Tommie Falin, Mrs. L.M. Miller, Mrs. Charles D. Riddle.

MT. VERNON SIGNAL THURSDAY, OCTOBER 29, 1981 P-13

embargo, and have continued to be our friend by holding the line on oil prices, while her Arab neighbors have clamored to hike the prices more and more.

The Saudis need the AWACS planes to protect their oil fields from the Soviet Union and the Soviet puppet states surrounding Saudi Arabia.

Third, our foreign policy must be consistent. Too often in the past, American foreign policy has been critical of our friends and allies while at the same time it has been helping our enemies—the Soviet Union and Soviet allies. That just doesn't make good sense.

It's time we let our friends around the world know that we stand behind them and make no bones about it.

Saudi Arabia is a good friend. They are a moderate, bitterly anti-Communist, Arab country surrounded by a handful of radical pro-Soviet Arab states. For years the Saudi government has been pressured to take an anti-United States stance. The Saudi government has courageously resisted those pressures.

The United States must also support Saudi Arabia and the other moderate Arab states if we ever hope for them to one day contribute their fair share to a long-awaited and lasting peace in the Middle East.

And finally I supported this sale to Saudi Arabia because the Constitution of the United States clearly gives the President the Authority to run our foreign policy. If President Reagan is going to fulfill his duty as the leader of the Free World, he must have our support.

President Reagan made the decision to sell AWACS to Saudi Arabia because he believes that sale will be good for America. The facts clearly speak for themselves and I agree wholeheartedly with the President's decision.

When considering any foreign policy question, we must first stop to ask, "Is it good for America?" The sale of AWACS to Saudi Arabia is no exception.

THANK YOU

The Mt. Vernon Lions Club and Kiwanis Club wish to thank the hospital staff, the emergency rescue team and everyone who helped with the Glaucoma Screening Clinic held last week. A special thank you to Mrs. Kizzie Owens for all the extra effort she put into the clinic.

THE ROLE OF GOVERNMENT IS CHANGING

For nearly 250 years now, we have been striving for a more perfect union, to make our great constitution work better for all.

The November 1981 election is just as important as the early gatherings of free Americans. This is what makes Democracy work.

With road funds, health funds, general revenue sharing, economic development and other funds being returned to local government allowing for citizen planning for spending, each of us has a new role.

The Republican party has an excellent field of candidates. So plan to vote. Encourage your friends and neighbors to vote. Get involved in the election, then get involved in planning our future.

Frank

DeBORDE

Rockcastle Co. Judge/Executive

"Experienced With County Government"

My experience in County Government as Jailor, with the Sheriff's Department and in Civil Court have given me a broad understanding of the workings and needs of Rockcastle County Government.

I have learned that County Government ought to be managed carefully and responsibly, as any business where large sums of public funds are handled. However, County Government is not a business operated for personal gain but must be a servant dedicated to the good of all its citizens. There have been times in the past when I have stood alone, in opposition to some practices, because of what I believe County Government ought to be.

The past years in County Government have taught me to:
Listen to people concerning their hurts, their needs and their views of County Government;
Learn from people their dreams and ambitions for County Government;
Look for ways to bring into reality our combined needs, dreams and ambitions for Rockcastle County Government.

Some of the needs, dreams and ambitions I plan to work toward, when elected County Judge/Executive, are:
ROADS...equal to our neighboring counties, (why not?? Our road equipment is as good as theirs) roads over which our senior citizens can get food and medical attention when needed, our working citizens can get to and from work and children can get to school safely.

HOW???

1. By returning to the magistrates a voice in the maintenance of their districts;
2. By spending State Allocated Funds where they were designated to be spent;
3. By listening to each citizen's needs concerning his roads.

NEW INDUSTRY...So our citizens can work, live and spend their money in the County;
So our youth do not have to leave home to find jobs;
So the tax burden can be lightened as it's shared by new working citizens.

HOW???

1. By working closely with the Rockcastle County Improvement Council.
2. By cooperating fully in every possible way with the Industrial Authority.

RECREATION...for young and old alike.

So our youth have wholesome places to go and things to do;
So our children can be involved in supervised worthwhile activities;
So our middle adults can go bowling, skating or see a movie without driving a hundred miles.

HOW???

1. Parks and playgrounds;
2. Skating rink...bowling alley, etc.;
3. Constructive community activities sponsored by Civic and Church Groups.

IMPROVED COUNTY SERVICES...

A more comprehensive Health Department in a more adequate location;
Increased support for our schools as we continue to lose more and more aid from the State;
Upgrading the Garbage Collection services throughout the County.

Some may say these are just a politician's campaign promises. NOT SO!! These are goals I share in common with many of you, goals for us to work toward, goals which will make Rockcastle County a better place to live, work and raise children. Give me your support. Help me to be elected, and then help me as your County Judge/Executive to work for a united, growing County.

I will not be able to visit with everyone before the election but I will appreciate your vote and support.

Protection Is Keyed To Number

A person's social security number is his or her key to future protection against loss or reduction of income because of retirement, disability, or death. A social security spokesperson said recently:

This is because future social security benefits will be based on the record of earnings kept under the number shown on a person's social security card during a person's working lifetime.

Many people have the same name, but each person has his or her own social security number which singles out that record from some 200 million others.

A person should show his or her social security card to each employer and make sure the employer copies the name and number exactly as shown on the card. This will help avoid any mistakes, as reported earnings are recorded under the correct number.

The stub showing a person's social security number

should be kept with other important papers. If a person loses his or her social security card, he or she can then take the stub to any social security office to apply for a new card. It shows the old number, proof of identity is required, however.

A person who changes his or her name should also apply for a new card. He or she will need evidence showing both old and new names.

It is against the law to use another person's social security number. It is also against the law to use a social security number obtained by giving false information on the application. Penalties include a fine of up to \$1,000, a jail sentence of up to one year, or both.

More information about social security numbers and their use can be obtained at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory.

also receives certain other kinds of income. The support you provide is considered to be "income." Rather than reduce the payment amounts by the actual dollar value of the food and shelter you provide each month, the SSI payments are reduced by 1/3 for each month that your parents live with you.

Q. My father, who is almost 70 years old, has met all the requirements for SSI for several years but never applied until last week. Can he get paid for all those months he should have been on SSI but was not?

A. No, monthly SSI payments cannot begin before the month in which the application is filed.

Social Security may make the road to graduation a little smoother.

If you're 18 to 22 and going to school full time, you may be able to get monthly social security checks. To be eligible, one of your parents must have retired before disabled, or died after having worked long enough under social security. And, you must remain unmarried. Call or write any social security office for more information.

QUESTIONS & ANSWERS

Q. My doctor says that, because I live alone, I have to stay in the hospital until I am well enough to take care of myself. I am worried about whether or not Medicare will keep paying

my bills.
A. Medicare cannot pay for custodial care even if you are in a participating hospital or skilled nursing facility or you are receiving care from a participating home health

agency. Care is considered to be custodial when it is primarily for the purpose of meeting personal needs and could be provided by persons without professional skills or training; help in walking, getting in and out of bed, bathing, dressing, eating, and taking medicine.

RE-ELECT JUDGE MAGUIRE

Friends,

As you may know, I was born in Somerset, Pulaski County; and lived there until elected to the United States Senate. I have always come home to vote and I am coming down to the election next week.

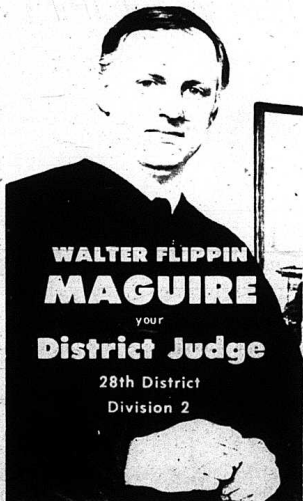

I want to speak to you now on behalf of my friend, Judge Walter Flippin Maguire. I have known the Flippin family since I was a boy of nine or ten, and they are fine people. I knew Judge Maguire's grandfather, Judge Walter N. Flippin, who was a great lawyer and Commonwealth Attorney for Pulaski and Rockcastle Counties some years ago.

But, I speak to you now on behalf of Judge Walter Flippin Maguire. Walter was your first District Judge for the 28th Judicial District. He has made a fine judge. He has a good mind, is an honorable man and he will grow in knowledge and strength as he goes along.

I have known Walter all his life. His mother worked for me for many years and Walter has been a summer intern in my Washington office. I know that he will be fair and just to everyone and I say, as a friend, that I want the people of that great district which I, too, once had the honor to serve, to Re-Elect Judge Walter Flippin Maguire, District Judge, Division II on the non-partisan judicial ballot. He is a proven record of integrity and concern for his fellow man.

I thank you from the bottom of my heart.

Your Friend,

Expected to Appear IN CONCERT

One of America's foremost gospel groups will present a concert in Phelps-Stokes Chapel on Berea College Campus in Berea Friday night, November 6, at 8 p.m.

The Inspirations of Bryson City, N.C. were voted in 1972 as America's number one gospel group and again in 1976, 1978, 1979 and 1980. The group has traveled extensively throughout the nation presenting concerts and they appear weekly on the nationally syndicated, award-winning Gospel Singing Jubilee.

Many of the songs recorded by the Inspirations with Cannon records of Waco, Texas, such as "Touring This City," "I'm Taking a Flight," and "When I Wake Up To Sleep No More," "A Rose Among the Thorns" have been awarded winners within themselves.

The public is cordially invited to see and hear this group of enthusiastic, sincere, clean-cut, Christian gentlemen.

Advance tickets are \$4.00 each. Tickets are the door, \$4.50 and children 12 and under admitted free. Tickets may be purchased at Horton's Jewelry Store, Berea, Ford Realty & Auction Co. of Mt. Vernon or by writing P.O. Box 917, Murray, Ky. 42071.

The Inspirations Concert is another production of (non-profit) Search The Scriptures Ministries.

Agencies Hold Forestry Field Day

On October 16th, the Rockcastle Soil Conservation District and the Kentucky Division of Forestry conducted a Forestry Field Day on the Tommy Mink farm.

Approximately 50 people were in attendance and learned many basic skills in Forestry Management.

Fieldmen from the Division of Forestry gave informative demonstrations on Woodland Thinning, Timber Stand Improvement and explained the variety of programs they offer to help the individual landowner with their forestry practices. W.S. Cass demonstrated his log splitter and Burgess King gave a demonstration on Woodland Thinning and Deadening and instructions on proper uses of the acre.

Dave McCracken of the Wood Mosaic Co. gave a demonstration on Timber grading and selling techniques.

The Field Day all together was a great success. The information gained will surely help the landowner in managing their timber.

Rockcastle has a very good potential for timber production for many years to come and proper management today will

mean good products for the future.

LOCAL STUDENTS NAMED TO CENTRE'S DEAN LIST

Two Centre College students from the Mt. Vernon area have been named to the fall term Dean's List at the college.

The Dean's List students, their class year and parents: Steve Center, a Junior, is the son of Mr. and Mrs. Luther Center of Route 3, Berea.

David Cummins, a Junior, is the son of Mr. and Mrs. Kenneth Cummins of Route 4, Mt. Vernon.

Selection to the fall term Dean's List at Centre is based on a student's academic work for the previous spring and summer terms. The Dean's List recognizes those students who rank academically in the top 15 percent of the student body divided equally among the four classes.

Centre College of Kentucky, a four-year college of the liberal arts and sciences, has about one-third of its graduates who go immediately into graduate or professional schools, including medical, dental and other health-related professions, law, business and management, the ministry and journalism.

USDA PURCHASES KENTUCKY FOODS

The U.S. Department of Agriculture purchased \$2,873,178 worth of Kentucky agricultural products last fiscal year, according to Agriculture Commissioner Alben W. Barkley, II.

The finished products included bottled corn syrup, frozen ground pork and all purpose flour. These came, respectively, from Frank Croke, Louisville Freezer, River Front Meats from Covington and Hopkinsville Milling.

"I think this shows there are many beneficiaries of the food distribution program," Barkley said.

Can Apply Now For Medicare

People approaching 65 who want Medicare health insurance protection but who have no plans to retire can apply now for Medicare and then later apply for monthly cash social security benefits. Bob Anderson, social security manager in Richmond, said recently.

Before this year, a person who wanted Medicare at 65 to establish eligibility for monthly retirement or survivor benefits even though he or she had no plans to stop working. This could cause problems because of the annual earnings test.

Under the annual earnings test, benefit payments are based on total annual earnings except for one grace year. The grace year is the first year a person has at least one month in which he or she did little or no work.

Some people who applied for benefits only to get Medicare inadvertently used their grace year before they actually retired. Then, when they did retire at some later time, they were unable to get benefits that year because of their total earnings.

This situation has now been eliminated. People will not have to use their grace year to get Medicare. But when these people do retire, they should contact social security 2 or 3 months before their retirement month so benefits can start promptly.

Wicker Attends Judges' College

Circuit Judge Phillip K. Wicker, 28th Judicial Circuit (Pulaski and Rockcastle Counties), attended the 1981 Circuit Judges' College, held in Erlanger at the Americana Inn, October 11-15.

The five-day program examined several topics pertinent to the general jurisdiction of the circuit court. A day of the session was devoted to a review of factors inherent in workers' compensation cases. Legal experts on such matters addressed the 65 circuit judges in attendance on what constitutes disability, what is compensable, proof of disability and injury, occupational diseases, prosecution and defense claims, computation and apportionment of awards and appellate procedures.

Human Resources Secretary Gray Stumbo spoke to the judges on the matter of child support enforcement. "During the last 12-month period, the Department has awarded \$16 million in welfare payments to support families with dependent children," he stated, "which amounts to approximately \$400,000 a day to support mostly families of divorced parents. Seventy-nine percent of these dependent families have fathers under court order to support their children, but who are failing to comply."

The Secretary asserted that he intends to "push vigorously to make these men meet their responsibility," calling upon the members of the judiciary to work with the Department's efforts to enforce child support court orders and stating, "Welfare payments and the cost to the taxpayer are going to continue to rise until, as a group, the county attorneys, prosecutors, DHR, and the judiciary hold these fathers accountable for the families, they've started and walked away from."

Six Rockcastle Students Receive McFerron Scholarships

Six Rockcastle County residents have received J.D. McFerron scholarships at Berea College.

The J.D. McFerron Student Assistant Fund was established at his death in 1978. Annual income from the fund is used to help provide educational funds and student assistance for deserving Berea College students from Rockcastle County where Mr. McFerron worked as a school teacher, principal and superintendent.

Recipients of these scholarships for the 1981-82 academic year are Bobby McClure, a senior business management major, son of Mr. and Mrs.

William McClure of Rt. 1, Mt. Vernon; Virginia Mink, a sophomore elementary education major, daughter of Mr. and Mrs. Ted Mink of Rt. 2, Livingston; Freddie Noe, freshman biology major, son of Mr. and Mrs. Freddie D. Noe of Mt. Our deepest sympathy goes to the Jack Carnes family.

Mrs. Christine Taylor, Mrs. Jenny Lea Hansel and Mrs. Albert Albright were at Ephriam McDowell Hospital, Danville, visiting Mr. Charlie Hasty who is in serious condition.

Mr. and Mrs. Paul Blevins were in Ohio last week visiting Mrs. Blevins' mother, Mrs. Clyde Thompson, who is recuperating slowly.

Mr. Ernie Blevins of E.K.U., Richmond visited his parents over the weekend, Mr. and Mrs. Paul Blevins and Rusty, also Mrs. Paula Mink and husband of Mt. Vernon were Sunday visitors.

Mrs. Emily Glowack, Mrs. Ella Mae Martin and Mrs. Sylvia Whit attended the opening of the Belk Simpson Store in Somerset last week.

Mrs. Byron Young visited her aunt, Elizabeth Mullins, Sunday, October 25th. Mrs. Mullins returned to Lexington with her and stayed until Tuesday.

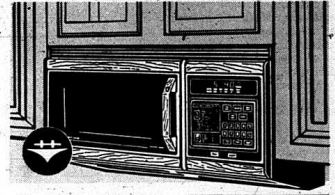

HOMEMAKERS MEET

Roberta Taylor surprised the Broadhead Willing Workers Homemakers Thursday afternoon by inviting them to her family room to view the Bob Braun Show that we attended in Cincinnati, Ohio September 25. She had recorded it on tape Sept. 26, when it was shown from Lexington on Channel 18. This was after the regular meeting had been called to order, minutes read, roll called and answered by a favorite apple recipe and devotion and prayer. Thank you notes were read from Jerry Lewis and Ruth Lyons Christmas Fund Committee, for the club's donation.

"HOMEMAKERS" (Cont. From A2)

The club voted to give the Cancer Fund \$1.00 for each member of the club. The Community Thanksgiving Service was discussed and Gladys Bussell will tell the Baptist congregation about this while Deborah Newland and Barbara Watson will announce it to the Christian Church. Carol DeBoard, Clara Proctor, Deborah Newland, Betty Michael, Mary Johnson, Glenna Brooks and Kay Carr volunteered to make one poster each for this service to distribute in this territory. The Nov. 17, 1981 Blood Drive could be Rockcastle's last one, unless we meet our quota this year, according to Glenna Brooks. She asked us to work extra hard for this to be a success. Carol DeBoard presented Gladys Bussell a gift of appreciation for the tickets she ordered for the Bob Braun Show. The lesson on "The Legal Status of Women" was given by Elizabeth Mullins and leaflets on the subject were passed around for each member to take one home.

Delicious, 7-layer salad sandwiches were served by the two hostesses, Barbara Watson and Roberta Taylor. Since November's regular meeting date falls on Thanksgiving Day, the club will meet at Deborah Newland's home Saturday, November 21 with Blanche Baldwin and Deborah Newland as hostesses.

RE-ELECT JUDGE MAGUIRE

TO ALL MY FRIENDS AND VOTERS OF ROCKCASTLE CO.:

I have been a close friend of Judge Maguire's family for over 60 years and I have known Walter since he was a boy. As a young lad, Judge Maguire visited in my home and wandered the hills around Renfro Valley and I have enjoyed watching him grow into manhood and assume a responsible position in government in our county.

Judge Maguire's grandfather, Judge Walter N. Flippin, was Commonwealth Attorney for Rockcastle Co. for many years and many of you will remember him as a fair and effective prosecutor. Many of us also remember him as a concerned and compassionate leader, and I am proud to say that Judge Maguire is right out of his grandfather's mold.

We are indeed fortunate to have Judge Maguire as our District Judge. He has ties to our county and is concerned about justice and the fair and impartial enforcement of our laws. Most importantly, he is concerned about people.

We need to return Judge Maguire to office on November 3rd and I want to ask all the voters of Rockcastle County to go to the polls and RE-ELECT Judge Walter Flippin Maguire. He cares about us and I'm proud to be his Honorary Campaign Chairman.

Warm personal regards,
Your friend and neighbor,
John Lair-Honorary Chairman-
Rockcastle County Committee
To Re-Elect Judge Walter F. Maguire

Believer in Motherhood

(Reprinted from the Hickory Daily Record, Hickory, North Carolina.)

By Sara Mawyer
Record Staff Writer

As stalwart as Plymouth Rock itself, Hickory resident Mary Ellen Rhoney goes for the gusto when it comes to the pursuit of happiness.

Ms. Rhoney, now divorced and a single parent, is emphatic that her first and foremost job is being a mother.

"Other jobs are just supportive of the role," says Ms. Rhoney. Two products of the motherhood role are her daughters, Marla Beth and Denise.

Originally from Mount Vernon, Ky., Ms. Rhoney graduated from Berea College in Berea, Ky., with a degree in home economics and did graduate work in interior design at the University of Tennessee.

Her college alumni association nominated her to Outstanding Young Women of America, 1972.

"I was a home economist for Duke Power after I graduated from college and they placed me here in Hickory, where I functioned as home economist for three years. After that, I became a mother and homemaker."

Vastness and variability are two words that might be applied to Ms. Rhoney's career. She currently teaches private piano lessons in her home. "I coordinate two recitals a year - Christmas and spring."

Ms. Rhoney's skills are not limited to the arts. For the last two years, she has been employed with U.S. Personnel Management, doing all the military testing in Hickory, Shelby and Gastonia, as well as

Civil Service testing in those areas.

She has been affiliated with the Catawba Valley Technical College adult education department for about eight years and teaches an average of 15 hours a week.

Her specialty course is microwave cooking.

"We generally run a 10-week session. We begin with a basic understanding of the appliance and relate its application to different recipes. Each class is recipe/menu-oriented. We test an average of 45 to 50 recipes for each 10-week session."

"This being an adult education course, the reason I enjoy it so much is that you thrust the instructional part of the course with whatever class you have coming along. Everybody's there for a purpose and we try to meet their needs. CVTC offers me this wonderful opportunity for community service."

To add to her resourcefulness, she is pianist at East Hickory Baptist Church. She also does free-lance demonstrating for appliance companies and free-lance interior design.

She has also taught home economics in the Hickory schools.

Her biggest hobby now is entertaining, and with two teen-age girls, there's a lot of entertaining. "I like adult entertaining also - dinner parties - that sort of thing."

Ms. Rhoney has a basic, down-to-earth philosophy. "Life is the opportunity to use the hand we are dealt to produce happiness for ourselves and those around us. I am not always successful but I have learned that a strong faith, patience, initiative and a sense of humor will weather the disappointment of life; nothing lasts forever."

"We are in a constant state of dealing with ups and downs. My daughters and I enjoy a special closeness as we work together to make life positive by developing the opportunities that come our way. We believe that when life gives you lemons, just add something to it and you'll have lemonade."

EXTENSION HOME ECONOMICS

There's More To Pumpkin Than A Jack-O-Lantern

While you're fixing that pumpkin into a jack-o-lantern, don't just throw away the insides. You can make some tasty foods from the seeds and pulp. Here's how: cut off the top, remove the seeds and some of the pulp from the pumpkin. Now, go ahead and carve your funny face from the pumpkin. You can skip the funny face and use the entire pumpkin.

How to Cook Pumpkin
Place 2" cubes of pumpkin in a saucepan, add a small amount of water, cover and cook until tender or until a fork will pierce it easily. Drain and mash with a potato masher or electric mixer. Can or cool quickly and freeze.

Microwave Tip
Place 1 quart of cubed pumpkin in a 2-quart glass bowl. Add 1/2 cup water and cover with wax paper. Cook on high for 10-12 minutes.

Canning Pumpkin
Pack hot strained pumpkin into pint jars, leaving 1/2 inch headspace. Add 1/2 cup water or salt. Wipe jar rims clean, adjust lids, and process in pressure canner at 10 pounds pressure for 65 minutes. Remove jars from canner and complete seals if necessary. If you use quart jars, process them for 80 minutes.

Roasted Pumpkin Seeds
Wash seeds and get rid of

stringy debris. Drain in colander or sieve. Pour boiling water over seeds. This makes seeds easier to shell - after they are roasted. Let drain for a few minutes and spread on cookie sheet. Sprinkle with salt. Roast in 350 degree oven for 20 to 30 minutes until seeds begin to look toasted.

seeds. Cut in very thin chunks (about 1/4 inch cubes). Slice lemons, remove seeds, but leave rind on. Put pumpkin and lemon together in preserving kettle. For every cup of pumpkin, add 1/4 cup sugar and pinch of salt. Let stand overnight. In morning, heat slowly until pumpkin is tender. Pour into sterilized jars (half-pint) to within 1/2 inch of top. Put on cap, screw band firmly tight and process 5 minutes in boiling water bath.
Pumpkin Dessert
Cut into 1 1/2 cups flour, 1/2 cup butter and 1/2 cup margarine plus 2 tablespoons sugar. Press into bottom of 9x13" pan. Bake 20 minutes at 350 degrees.
In double boiler, heat 1 can (303) size pumpkin, 1 lb. marshmallows until melted. Cool. Add 1/2 teaspoon salt, 1 teaspoon cinnamon, 1/4 teaspoon each of ginger, cloves and nutmeg. Fold in 1 1/2 cups whipped cream. Refrigerate. Garnish with whipped topping.

To the Voters of Mt. Vernon

Time is running out. You will have to make your decision as to who you will choose as your council. There are 112 candidates for the office, of which you will choose (6) to represent you.

I believe I stated when I first announced my candidacy for the office that I was qualified to represent you and I still feel that I am. I also stated there were several issues that demand our immediate attention, since that time I am more than convinced that some action must be taken.

I pledge to you that I will do everything in my power to see these problems resolved. There is no excuse for our water problem that comes up every year. There is no excuse for our streets being littered with beer cans and what have you. There is no excuse for our city to be unsafe to travel after dark, and there certainly is no excuse for our downtown area to look like a dump every Sunday morning, before the business owners can open up and get it cleaned up. There are laws to deal with Drunks. There are laws to deal with Littering and there are laws to protect the innocent.

I ask you, Don't you think a clean-up campaign by our Police Department, supported by a good strong council is in order? If you do...

Graze or Harvest Alfalfa To Aid in Weevil Control

Rockcastle County farmers will find it beneficial to harvest or graze alfalfa fields now to help hold down weevil populations next spring and to increase forage utilization. Weevils overwinter in fields when females lay their eggs in dead stems of the alfalfa. When temperatures rise above 48 degrees Fahrenheit their eggs will develop. If we have a warm fall and winter, these eggs will hatch earlier and cause a severe infestation next spring.

The best prevention method is to get rid of the weevil's egg-laying site. This can be done by either grazing or harvesting into accumulated growth following a killing frost. Temperatures in this area have been in the low 30's or upper 20's, but

farmers should allow the growth to stand until temperatures of 24 degrees Fahrenheit or less occur and induce dormancy in the alfalfa plant.

Since weather conditions make harvesting hay more difficult, many farmers will

Many nice gifts were received. Grandparents are Mr. and Mrs. Jess Childress and Ruth Brown of Mt. Vernon.

choose to graze this alfalfa growth. For those that do choose to graze, you should let livestock cut the height of the plant down to two inches. Caution should be exercised in that animals are not allowed to graze alfalfa stands when the soil is wet because this will damage the crowns which are tramped down and lessen the stand next year.

Trick or Treat! I heard them yell, When I opened the door, I almost fell. Such a scary sight, I've never seen.

Standing there, they looked so mean. Big and fat, little and lean, tall and short and in-between.

Ghosts, goblins, a pumpkin man. Witches, black cats and skeletons.

Even a devil had come to take All the goodies he could stake. I hurried to give the goodies fast Or they might have soaped my windows glass.

Some said, "Thanks," when they turned to go. They wouldn't tell what I wanted to know.

Like, Who are you? Please tell your name. They just wanted to play a scary game.

I didn't know not one of them, they gave me such a fright And when they finally all had gone and I turned out the light.

The only comment I could make was, "Gosh, what a night."

VOTE FOR Tom Denny

Magistrate Second District

I would like to see and talk to each voter in Second District before November 3 Election, this is almost impossible. But each of you can rest assured, if elected to this important position on Fiscal Court, I will treat all the people fairly and impartially. I will see that the Second District receives its fair share of all moneys appropriated and it will be used to maintain all the County Roads, Churches and Grave Yards in Second District.

Thank you for your Vote and Support.

Hello from Clear Creek!

My hint about being on Davis Branch near lunch time this week didn't work with my good friend and one-time school mate, Martha Shearer Hill. Of course she and her husband, Luther, had already eaten when I got there - now it could be because it was almost 3 o'clock when I arrived but you know "putting will get you everything." To compensate for my getting nothing to eat, Martha fixes me up with a sack of apples, green tomatoes, squash and sweet potatoes to take home with me. And, I got that all for one little remark in the news! I believe there are the best people on Clear Creek of most anywhere.

Anyway, Luther and Martha are retired school teachers from this county system several years ago. They have one son, Preston, who makes his and his family's home in another state. The Hills bought the Trav Miller place at the mouth of Cope Hollow many years ago, remodeling it until they too have a nice home with running water and, of course, other household helps. At my request, Martha agreed to go with me to Davis Branch Road to visit the residents.

You might say Davis Branch starts at the foot of the Holt Hill. That's where we found Roscoe and Grace Gill living in the house once occupied by my aunt, Ollie Abney Holt, of another long ago generation. Evidently, Roscoe had either read or heard of Byron Crawford's column in the Louisville Courier Journal which predicts the first "tracking" snow for November 29th, for Roscoe has the biggest wood pile I've seen yet. They met us and were very friendly. He said he claimed 79 summers and winters and "allowed" his wife was 78. Another, Athel Coffey, lived with them. Being retired, they rent out their land. He said, "I must tell you a joke that

I played on your brother, John Payne. I told him once I wouldn't mind when it would be his time to pass on and John asked, why? So, I said then I could be the ugliest man living in Rockcastle!"

I have always had the warmest memories of Henderson, deceased, and Mary Baker Hurley and their family. As a teacher years ago at the Disputant school, I received the fullest cooperation from those parents in the developing of their children's minds and characters and it follows that the children will progress as any teacher knows. With the parents behind you, as Henderson and Mary were, everything works well for the children's benefit. The Hurleys married at the age of 17 each and raised 10 children by hard work as any mountain parent can tell you. Then, she inherited the Grover Ramey farm on Davis Branch, he being her uncle, and they moved there. Henderson passed away 5 years ago and Mary was left alone since all the children had grown and gone away. Her daughter, Lorena Baker, one of a set of twin girls, is living at home with her son, Greg, and helps Mary go on with life. I always look at the pictures displayed so lovingly in each home I visit and Mary showed me some of "my children" as we call them, the ones I taught. Although Mary is a lovely woman herself, she has some of the most attractive daughters to be found anywhere. Suddenly, we saw a picture of an old couple who had married late in life, giving each other comfort in their last long mile. The woman was Mary's husband's grandmother who had remarried after Sammy Cain, Henderson's grandfather, passed away. I was happy when she agreed to let me take it with me and the picture is to be found in this section.

"I'm keeping that old barn that is about ready to fall in as a landmark," stated Earnest Thomas as I talked to him and his very pleasant wife, Elizabeth Ramey Thomas, later in the afternoon. He bought the

original house of my grandfather, Taylor Abney, and they too had done extensive remodeling, making a very attractive as well as comfortable, country home. The original house is over a century old we know and the barn is stately in that it stands there challenging nature and time. Earnest says he keeps adding props to help it stand. These folks reared 6 children out of 7 born and Tuesday, October 20th, celebrated their 49th wedding anniversary. I know their children are proud for this is what you mean by part of a marriage vow. Congratulations, folks!

Eliagh Himes is a tall, slouch, pioneer-type of a man who is now facing the worst problem he has ever encountered in his toil-worn life - blindness! It is something to be lived with since he says there is no help for it as doctors have told him. He is now almost 84 years of age but you wouldn't know it for his body has not seemed to age. He moves quickly in what he does, laughs, jokes and is very refreshing to talk to. He accepts what God's plan is for the life that is his. I admire this man for the citizen he is, having raised a family of children with the seeming attitude that "if you want it, then work it is the answer" and it was a worthwhile philosophy. I sum it up by saying "they did and they have." Eliagh and his wife, Susie Croucher Himes, who passed away 2 years ago, brought 11 children into this world - 4 now being deceased. He and his family settled here on Davis Branch after moving from Johnetta. They brought a tract that Grandpa Taylor Abney had originally given Bob, one of his two beloved sons. Frank Himes, Eliagh's son, farms for his dad, who is once a great tiller of the soil. A daughter, Ellen, helps take care of the home as well as other daughters coming in to care for Eliagh. As if to balance this terrible affliction, God gave him loving, caring children who are trying to ease his burden of blindness. He, too, would like old friends to remember him

and come by - do that!

It was late Saturday night after John and I returned from a shopping trip to Berea, that we entered the home of Armon and Harriet Neeley. Some doors you almost have to break down to get in but not the Neeley's. They not only had the porch light on but Harriet threw open the door as if she couldn't wait to greet us and we were made so welcome by their generosity of hospitality. In spite of a steel plate and pins in her hips, results of it being broken some years ago, Harriet moves about doing her housework aided by daughter, Debbie who lives at home along with their son Greg. He does the farmwork, Armon being retired with various ailments and is now in the "teller of tales" stage which many men do to pass time here in the hills. Armon has something to brighten up the remaining years of his life, as many of us do, a grandson that gives her and Harriet more pleasure than any possession they may own. He is Debbie's little son, Jeremy, who is the "apple of their eye." The Neeley's live in a house that was moved from its original location one mile away by my brother, John Payne who once owned the land, to this site where they live just below the Hill farm. To get to their home, we had to drive across a creek where they say "flash floods" have kept Armon from coming home many times until the waters went down. Harriet's father, Lennie Miller had bequeathed a baby high chair to her, he too having passed away years ago. It's age is unknown but he had sat in it as a baby, all his many children used it, and now his great grandson Jeremy is using the squat, sturdy, mountain man-buil, little chair which has recorded many a childish glee if it could talk-Lennie also gave something to Armon which he gladly showed us, a Star Tobacco tin signed 1882 which hung in the old Disputant post office run by a man named Sherman Chasteen who has descendants here in Rockcastle.

Eli and Pearlle Gadd Chasteen were in a building baling tobacco, the new methods farmers are using to save time. They have been married 48 years she said and lived here in the "Little House in the Hollow" as I've always thought of

P-A7 MT. VERNON SIGNAL THURSDAY, OCTOBER 29, 1981

it for it is the neatest, compact, well kept place, painted and trimmed in a gay green color that seems to blend in with the woods behind it. When I asked their ages Eli said he was 39 and past and Pearlle was 21. I was skeptical until she said he was 68 so that was when we had a laugh. They raised 6 children, none are at home. Three of the boys felt the lure of Ohio and live there. They were working on son Stevie's tobacco so told me as he holds a job and they were helping out. Years ago when we lived here on the creek; someone came down the road saying Pearlle and children were trapped in their house by a rabid fox under the floor. She called to the man passing to help them. My husband took his shotgun and we drove up, getting out of the car, he knelt down on one knee and killed it with one shot, having just gotten out of the service where you were supposed to know those things. Eli and Pearlle are good neighbors that I'm happy to live near.

She seems to wear a smile each time I see her and her face lights up with warmth and gladness from a long time friendship as Mary Shearer Thomas greeted her sister Martha Hill and I Friday afternoon. We had driven some then walked some up a remote, mountain hollow called "The Shearer Hollow branching off from Davis Branch Road. Here and about live the descendants of Bill and Mary Ann Shearer who were the parents of Mary Thomas. Mary Ann Shearer was the daughter of Isaac Davis who came in this part of the county during pioneer days and settled along what was known then as a "deer trace" where he could catch deer and hide from Indians I guess. Davis gave the land for the Davis Branch School and it is this building you see here full of Shearer and Davis offspring along with my brothers and myself. I got my start in education here in this old school. I will explain about Davis Branch and its connection with the Shearer family for I guess that's why Mary Thomas

MAGISTRATE FIFTH DISTRICT

I would like to take this opportunity to express my appreciation to the voters of the Fifth District for the encouragement they have given me during my campaign for Magistrate.

It is my belief that the Magistrates and Fiscal Court, as a whole, could accomplish much more if they would work together. We need more such as getting signals put on dangerous railroad crossings, etc., instead of spending where the voting population is heaviest.

Voters, take a good look at the county grader which is working very hard this last week before the election - you probably won't see it again for four years.

If you're tired of voting for PROMISES - Vote for a CHANGE.

hates to leave it although it is rather hard to get there. Being of pioneer stock, that doesn't deter Mary who must use a cane to help her walk. She is just 84 years "young" and goes to church with the help of Martha who takes her in the car. Mary is the widow of Chester Thomas these 16 years. To them was born 4 girls and one boy. Earl lives at home with Mary, helping with the chores, and it is good that she has someone to be with her while she makes her way slowly around. The girls have long gone to their own homes with one passing away years ago, a lovely girl named Elizabeth. In talking to me of interesting things that have occurred in her life, Mary told me of her past courtship and marriage to Chester Thomas which equals any TV. program you may have seen in the romance department. "Love Boat" will never have anything on it to stir you as what I am about to tell and was related to me by Mary which I enjoyed so much. It

seems Bill and his wife were very much against her courting Chester as the custom of some people of that day. They just didn't want her marrying at such a young age, 17 to Chester's 21 years and getting into early child rearing with all the work expected of a country girl.

But love will have its way so they planned a good old-fashioned elopement with ladders up to a high loft window and sneaking away from Dad and Mom. So they did, walking about a mile out to Davis Branch Road not daring to arouse the dogs nor ride horses whose clop-clop could awaken the family. Bill Shearer wouldn't hesitate when aroused and in the case of pretty daughter Mary, he might tear up Shearer Hollow. Chester took no chances. His brothers were to await them in a jolt wagon, the Mercury of today, at the road but so fearing the wrath of Bill Shearer, they moved on up to Macedonia Church where the couple found them. The wagon took Chester, Mary and brothers to Berea

where with the brother's blessing and glee at having put something over on "old man" Bill Shearer, especially in the matter of a pretty daughter, the runaways caught a night train to Jellico, Tenn. where you could get married without regard to age then. Returning Chester and Mary set up house-keeping at Poindexter, Ky. where he had a job on the railroad. Then they moved to Scaffold Cane awhile and finally back to Shearer Hollow to farm. Now, I know you want to know, as I breathlessly waited for Mary to conclude her story of a love which stopped at no barriers. How long did her father and mother hold out in revenge and anger I asked her and Mary smiled, "About a month and when we came home they were so glad to see us." Well, all ended well as good love stories do proving that Mary, young as she was, knew her man and Chester fulfilled that trust-anytime he drove out in a wagon people smiled to see Mary close by his side on the wagon seat.

Mr. and Mrs. Roger Jacobs of Plant City, Florida stopped enroute to visit their daughter's new father- and mother-in-law, Mary and Luther Hill. So the Hills must have passed the test and I imagine the Jacobs went their way proud their daughter had such good "kinfolk".

I would like to comment some Disputanta women who I see faithfully at Clear Creek Church. They fill a void men can't in keeping a church surviving. Among them I would like to mention Carolyn Long, and talented daughter Jackie, who sings, Bertha Long, Lorene Hunsley and faithful, Ethel Robinson who comes a lober

distance. They are looked on by far "up there" I'm sure.

Many people seem to have such a sympathy for me since we've moved back from N. Ky's industrial district and they are sure the recession was right on our heels because so many visitors bring us harvest products. I'm not going to tell them any better hoping they may keep it up. Nyra Hart from Berea was one of those who shared with us and I don't know if she was compelled through fear that we might not make it through the winter or a great spirit of sharing that she has but her gift was apples, turnips, pears, potatoes and a bag of the prettiest dried apples I ever saw, which I'll save for when the preacher comes to dinner as we used to say. I would like many more visits of this nature from her.

Our pastor, Bro. Jim Kirby, wife Carolyn and son Chris were our guests Sunday for the meals of the day. Our pastor is a fighting man. He gets so good at it that I want to pick up a club and help this young man. But he doesn't need anyone for he has the Lord helping him because Bro. Jim fights sin and you should care hear what a success he is. We think the church is growing. Our revival begins Monday, November 2 with Bro. Ellis Abney as the featured speaker. Services will begin at 7:30 nightly. The forks of the road below church is lit up so feel free to park there. We'll be looking for you and you will be blessed if you come!

Our community thanks to the county road department for having the pot holes in Clear Creek Road filled which gives us a better feeling toward our elected officials in Mt. Vernon from here. Are you listless candidates? Mary Harding, our neighbor, has been worried her husband Johnny would fall in one of them everytime he must cross the road to the barn! But she says, "Really, Johnny himself" made the holes going from the barn to his bee hives! Regardless, it's good for a retired person to have a hobby. Congratulations to Nancy Mullins for a wonderful column on Rockcastle's people. Join me in a card mailing (only 12 cents) campaign to get our Editor to resume her column in the Signal which I always enjoyed.

Many thanks to the admirer from Berea Mrs. C.L. Hart, who gave me a pat on the back for my column. I enjoy writing this, meeting old friends of the past

and most of all getting historical facts of their families along with all their amusing tales. I want to give a special thanks to this Editor who has given me an opportunity to express myself back in time. We both hope you like it, or I'm liable to be put over in the Lod and Found section.

Oscar

BULLOCK

Mt. Vernon

City Councilman

TO THE PEOPLE OF MT. VERNON:

I am a candidate for the office of City Councilman. If elected, I will serve you, the people of Mt. Vernon, to the best of my ability. I will also attempt to ride us of the foul smelling drinking water which we have had for the last two years. I have served in this office in the past and therefore have some experience in the position.

I thank you for your vote.
