son with the league tournames in the league tournames. Fain led the Reds to a solid victory over the Pirates in their tournamen to pener. Red's pitcher Roger Isaacs received the win, in the Championship game against the Expos. After six years of instructing youngsters in summer baseli, Coach Fain has decided to relinquish his coaching responsibilities. In 1977 Fain began coaching with the Astros, that year's little league season champs.

He completed the 1982 season with essentially the same group of players that began with him in 1977. During these six summers, Fain's teams maintained a record well above 500, ins. both regular season and tournament champions. Coach Fain's team members have greatly matured as baseball players during his tenure as coach. Each youth expressed an indebtourn of a coach fain the struction. One player commented that the Coach regular to much". Apparently this yelling has produced winners for Coach Fain.

Jeff Hammons was assistant coach.

#### Import Loophole Costs Johs

Anything I can do to help keep jobs in the Fifth District, Till do Just last week I went to war over a ridiculous loophole in the import regulations which have caused 150 citizens in McCreary County to be laid off

off. Several months back, the president of a tent manufacturing company in Steams, Kentucky asked me to look into a serious problem he was- facing with skyrocketing -tent imports,

on the Bockcastle River. killed two rattle snakes. One was 51 inches long and had 10 rattlers and a button. The other was 37 inches long with 5 rattlers and a button. In the pic-ture are, from left: Scotty Goforth, David Poynter and Jeff Mullins.

Cheap foreign imports were flooding our country and had now fored him to lay the flooding out of his 250 employees. The flooding into this problem, I was outraged to find that because of a ridiculous loophole in our law, our own government had opened up the door for these cheap imports. Let me tell you just how ridiculous this was. Normally, foreign manufacturers have to pay a duty which gives our American companies a chance to compete with

them. In 1970, though, the U.S. Customs Service, after flooking into the footnotes to some archane rules, decided that if a foreign tent manufacturer glued a little plastic applique logo onto a tent, his tent, would move into a new customis, classification for "tomanented", when the control of the control

Miss Terenda Bree Cromer, daughter of Terry and Theresa Cromer, celebrated her 3rd birthday at the Cin-cinnati Zoo with her little cousin Tori L. Anders, daughter of Tony and Krenda Anders. Tori [left] and Terenda are enjoying some lee cream while a the zoo.

American companies just can't compete without the duty fees charged on im-ports.

can't compete without the duty fees charged on imports.

The losses could be staggerine. One-hundered fity workers in Steams have been laid off. Five thousand, workers in Steams have been laid off. Five thousand, workers in similar plants are the stage of the laid off. It was a stage of the laid of the Asian manufacturers find they can get away with this cheap loophole, they'll add plastic appliques to even more products-stealing, away as many as 50,000 jobs!

After learning these facts, I decided to go into battle for these jobs and too battle for these jobs and too loose this outrageous loophole in our law. 9, 1982, I goined on the president of this comany in testiful profess a special interesting before the special interestin

to leave the area to look for work.

I told them the choice was clear: we could allow a stupid loophole to trans-fer these badly needed jobs to Korea, which has a 5.2% to Korea, which has a 5.2% unemployment rate, or we can keep them in McCreary County, which is suffering with a 13.4% unemployment rate. And the choice is that clear!

clear!

And, finally, I've contacted the other congressmen who have tent manufacturers in their districts, so we can join forces in getting this loophole closed.

IN MEMORY of our dear son, Bennet L. Burton, who departed this life August 16, 1981.

One year has passed since that sad day, the offe we loved was called away, The call was sudden, the shock severe, with little thought that death was near. Only the can tell the can can tell, the pan of passing without a farewell, While he sleeps a peaceful sleep,

While he sleeps a peacerum sleep, His memory we shall al-ways keep, Friends may think we have forgotten, When at times they see us

heartaches,
We are hiding all the

Time goes by but memories

As dear and near as yester-

As dear and near and day,
Deep in our hearts you are with us yet,
We loved you too much to ever forget.

IN LOVING MEMORY of Bennett L. Burton who passed away August 16, 1981

We are not to question God,
God,
For he knows best,
But when we lose someone
So sweet and dear,
So sudden, it is difficult,
Not to say "shy",
I'm sure Bennett knew how
much,
He meant to me as a brother and a friend,
But I wish I had told him
more often,

more often, That I loved him.
