

The rectory at Our Lady of Mt. Vernon Church was one of the distribution points for surplus cheese which was given to local residents Friday. Shown above are recipients as they waited in line to receive the cheese released for distribution by the government.

FLC distributes government surplus cheese locally

According to Dorothy Williams, of the Family Life Center, the main agency concerned with distribution of government surplus cheese in recent months, the local project went smoothly last Friday due to the involvement of several community groups, agencies and volunteers. The county highway department furnished a truck and a driver to go to the Lexington warehouse and pick up the 1020 pounds of cheese which is given away here.

Two churches, Bethany United Methodist Church and Our Lady of Mt. Vernon Church, provided space for distribution points.

The Senior Citizens agencies at Brodhead and Mt. Vernon, the Depart-

ment of Human Resources, the county extension agency, Home Health Agency and community volunteers combined their efforts to help the distribution be more effective and go more smoothly.

Those families who could not come to the distribution points because of illness or in other extreme cases received home delivery.

"Delayed"

The Sunshine Sunday School Class of 11 gave the Senior Citizens a supper

last Friday night. There was plenty of good. Paul Cash presented the message and there was singing. Plaques of appreciation were presented to leaders of the church who had served for several years.

The Christmas program was good.

Mrs. Linda Morgan of Nancy and Della Mae Wilcott were dinner guests of Bro. and Mrs. Earl Davidson, Sunday.

Casper and Janie Mae Jones celebrated their 50th wedding anniversary last Sunday afternoon at the church. It was well attended and they received lots of presents. We hope they have many more years together.

Mrs. Audrey Hamm and Ernie were Friday night supper guests of Mr. and Mrs. Michael Hamm and Mike.

Much sympathy is extended to Mrs. Milton Brown in the loss of her husband, who passed away Friday morning.

Denver Brown of Maryland visited Mr. and Mrs. Raymond Brown, Mark and Ramella last week.

Eight of Bro. Earl Davidson's children were home for Christmas.

Mrs. Hope Jones and Gail of Middletown, Ohio visited Della Mae Wilcott.

Hope and Gail Jones, Sue Hamm, Lola Roberts were in Somerset at the new shopping mall Monday.

Mr. and Mrs. Virgil Lawrence spent Christmas with Mr. and Mrs. Carlos Lawrence in Cincinnati, Ohio.

EKU to Offer Extended Campus Class in Mt. Vernon

Eastern Kentucky University, through the Division of Continuing Education, will offer an undergraduate campus class next semester in Mt. Vernon.

The Organizational meeting for the class will be held Thursday, January 6, at 8:00 p.m. at the Mt. Vernon Elementary School.

The following course will be offered, subject to sufficient enrollment at the school: NFA 509-Nutrition and Aging.

For more information, contact the Division of Continuing Education, 622-2001.

Gift Returns Are Easy With Proper Procedure

If inside those brightly wrapped Christmas packages you discovered something that isn't quite you, it's time to work your way into the gift return line. In the past, returning an unwanted gift was routine, but recently, stores have experienced considerable losses due to theft and consumer abuse making that practice more difficult.

Several situations are classified as consumer abuse: returning merchandise to a store that sells a particular brand produce and expecting a refund or exchange even though the merchandise wasn't purchased there, waiting several weeks to return a purchase, using the merchandise before returning it, and not returning the hang tags, warranties or other relevant information.

If you must return an item, there are several things you can do to ease the task. Ask the giver to exchange the gift for you and request the sales receipt so that you can make the return yourself. Next, find out the policy of the store regarding returns. Some stores do not accept returns, and others only exchange a return for other merchandise.

If a replacement is not available, the store will probably give you a credit slip for a later purchase. But if a cash refund is offered, find out if it is for

the price paid for the item or the price at which the merchandise is currently selling. If the item has been placed on sale, there can be a substantial difference in the prices.

Remember, too, that because of after Christmas sales that carry away fall and winter stock, many stores have a time limit for accepting returns. A store doesn't want seasonal merchandise returned after all its stock has been sold.

To avoid any misunderstandings with returns, follow the store policy, returning purchases promptly, and presenting all supporting materials in fact. Finally, have a good reason for the return.

How 1981-82 Income Tax Changes Affect You

The recent changes in income tax laws will affect all income tax papers. Find out about the changes in the law and how they affect you. An income tax seminar will be held on Thursday, January 6, at 7:00 p.m. at the Bank of Mt. Vernon Community Room. This seminar is being sponsored by the Cooperative Extension Service and Dwight Griffith, C.P.A. It is intended to help individuals, small business men and farmers become aware of recent changes, whether they prepare their own returns, or have professionals prepare their returns. Refreshments will be served and informational packets will be provided. Everyone is welcome to attend the program free to the public. Please call the Extension Office at 256-2403 to register.

Kentucky Arts grant available

The Kentucky Arts Council has announced that Mt. Vernon is among 29 communities eligible for participation in a new phase of the Challenge Grant. This program encourages fundraising for arts programming and provides public funds to match private dollars raised.

Together the 29 communities will be raising approximately \$92,000 for their arts programming. The communities range from Flemingsburg to Albany and Elkhorn City to Benton. A full list of participating communities includes Albany, Bardonia, Benton, Cynthia, Danville, Elizabethtown, Elkhorn City, Falmouth, Flemingsburgh, Franklin, Grayson, Hazard, Henderson, Inez, Irvine, Lawrenceburg, Leitchfield, London, Monticello, Mt. Vernon, Nicholasville, Scottsville, Somerset, South Union, Stanton, Taylorsville, Versailles, West Point, Williamsburg.

The Challenge Grant was instituted in 1975 and has had dramatic success in providing an incentive for fundraising for the arts. The program was expanded this year to encourage broader participation in communities which were not previously receiving Challenge Grant funds.

WATCH NIGHT SERVICES

Watch night services will be held at the Livingstone Pentecostal Church Friday night at 7:30. James Miller is the pastor. Everyone is invited.

Patricia Wyatt, far right, daughter of Mr. and Mrs. George E. Wyatt of Berea, recently completed taping a segment of the Kentucky Educational Television History Series. Patricia plays the role of Young Katie Greene, who moves to Kentucky with her family, from a farm in Yadkin County, North Carolina. This scene was taped on location at Homelace 1850 at the intersection of the Kentucky and Tennessee. Also pictured (left to right) are Sean Slone, who plays Young Jake Greene, Sue Grizzell who plays Rachel Green, the mother; John Stephen Matthews, who plays Ben Green the father, and Miss Wyatt. The entire 10 part series will be ready for air by August of 1983. It is designated to be shown as a teaching supplement to 4th and 5th graders. The series is being produced by KET. Miss Wyatt is a 4th grade student at the Berea Community School and is the granddaughter of Mr. and Mrs. W. J. Coffey of Brindley Ridge and Mr. and Mrs. Charles E. Wyatt of Berea.

Poster and essay winners announced

By David Stipes

Every year the Courier Journal, Louisville Times and the Rockcastle Conservation District have a poster and essay contest.

The Courier Journal and the Louisville Times contribute some pamphlets to each county school. After the pamphlets are distributed it is the principals place to distribute them to each child who wants to either write an essay or draw a poster. After each child has done their work, it is then returned back to the principal and he must choose three (3) from the poster and three (3) from the essay. From this the principal sends the six (6) he has chosen to the district and the district appoints a committee and the committee must choose first, second or third places. This procedure begins in October and all must end by December 31.

This year's poster and essays were titled "Water Conservation in My Community".

After hard work, the district's committee finally came up with the following winners from each county school and the county winners from all the schools, as listed below:

Essay: Roundstone-Kevin Smith, first and Christopher Craig, second.

Mt. Vernon-Bonita Dale Carter, first; Joseph Granville Gregory, second; Charles Kenneth Cornelius, third.

Brodhead-Amy Sue Hamm, first and Mary Andrew McKinney, second.

Livingston-Tanya Parrett, first; Jeffrey Carpenter, second; Sabrina McGuire, third.

County-Bonita Dale Carter, first and Tanya Parrett, second.

Poster: Brodhead-Leslie Scalf, first; Andrea Leigh Ann Rowe, second; Casey Hargadon, third.

Mt. Vernon: Crystal G. McWhorter, first; Melinda Ely, second; Roger Robinson, third.

Livingston: Lesa Burke, first; Holly Lynn Marcum,

second; Tanya Gall Barons, third.
County-Lesa Burke, first and Leslie Scalf, second.

The Rockcastle Conservation District. The Courier Journal and The Louisville Times would like to congratulate each student on their hard work.

For the winners of each school, we plan a banquet sometime in March to give each winner either a cash bonus or a plaque. Again congratulations.

CANCER HOPELINE Questions and Answers

Q. I have endometrial hyperplasia. My gynecologist says it is not cancer but may be pre-cancerous. I'm taking progesterone one week every month. Should anything else be done?

A. Certainly, you have a right to seek a second opinion about your condition and the treatment of it. Some background material may be of help in making such a decision and/or in discussing matters with your current gynecologist.

The endometrium is the lining of the uterus (womb). Endometrial hyperplasia occurs when there are too many endometrial cells. It can develop into cancer. However, while every case of hyperplasia does not result in cancer, uterine cancer always goes through a hyperplastic stage before becoming cancerous. Therefore, hyperplasia is a definite warning.

As you no doubt know, the symptoms are bleeding. Menstrual periods are heavy, and there is breakthrough bleeding at irregular times. There are three tests for hyperplasia: aspirating endometrial cells by means of suction through a fine needle, "jet" washing out of uterine cells for analysis, and performing a D and C (dilatation and curettage), which is a minor surgical scraping procedure. The Pap smear is not conclusive in detecting hyperplasia.

In older women, hyperplasia may be due to

changes occurring during menopause. At such times, a physician may decide to withhold any treatment until menopause has been completed. If the hyperplasia continues after menopause, hysterectomy (removal of the uterus) is usually recommended.

Many treatments for the same condition are possible, depending on individual cases. The physician is best equipped to know what should be done; therefore, two women with similar symptoms and/or diagnosed conditions should not be upset if treatments are different.

The progesterone prescribed by your gynecologist should cause the lining of the uterus to shed its build-up of unneeded cells.

If a woman wants a second opinion, she should contact her original physician and request a referral or give him/her the name of another physician she wishes to see. Thus, records can be sent to the referral physician, which may save time and money for repeated tests.

For answers to your cancer questions, call the Cancer Helpline at 1-800-432-9321 from 9-5 weekdays, or write us at 915 South Limestone Street, Lexington, Ky. 40536.

Jasper also confirmed that the county road workers have been cut back to 32 hours a week or four days in an effort to save the county some money. Jasper said logically the weather at this time of year permits "only so much that can be done anyway."
The next court meeting will be held at the regular meeting date Tuesday, January 4 at 9:30.

"MURDER" (Cont'd from front)

The two suspects were apprehended by Lincoln County Sheriff, John Sims and State Police detective, Kenny Ball. Taylor said that Sims told him that Baines and Williams pulled up next to Baines' unmarked police car, which was sitting in the parking lot across from Bishop's grocery in Brodhead, and asked them for directions. Sims and Ball immediately arrested the two suspects and held them in Brodhead until police could arrive with the eyewitnesses and identify the couple, according to Sheriff Taylor.

Taylor also said that the eyewitnesses identified the two and they were taken to the Rockcastle County Jail.

"PERSONALS" (Cont'd from P-3)

Tuesday afternoon, the State Police detective in charge of the investigation, Doyle Stoghill, reported that Baines was also wanted on an armed robbery warrant in the state of Georgia.

Jailer Henry Lee Abney said that the warrant apparently stemmed from an armed robbery in Decatur, Georgia on December 22nd.

Deputy sheriff Hasty said that Baines denied the killing and robbery, during his hearing with the pre-trial officer Tuesday morning.

Hasty went on to say that when Baines and Williams were arrested, a .22 caliber gun that belongs to the victim, Mr. Tompkins, was found in Baines' possession, along with about \$115.00 cash which had fresh blood stains on it. Police think that about \$87.00 was taken during the apparent robbery and murder.

"AMBULANCE" (Cont'd from front)

The deputy sheriff said that Baines told authorities that he worked at Lockheed Aircraft in Georgia and was on vacation at the present time. Hasty said that Baines also told police that his mother was a judge in Georgia and that she would be in Mt. Vernon sometime Tuesday night to bail him out of jail.

VOLUME 96 - NUMBER 21

THURSDAY, DECEMBER 30, 1982

A new Kentucky Utilities building is being constructed on School Street next door to Griffin's Accountant business. Ron Cain, local KU manager, said the \$100,000 building is expected to be finished some-

time next spring. The new office, being built by Stan Marcum Construction Co. of Lexington, will provide 1,700 square feet of space.

No one complains about this weather

Few area residents can remember such a balmy December. We have had reports of rose bushes budding, phlox blooming, tulips coming up and green yards that need mowing. Besides that, wood piles are not dwindling at the usual

rate, however, we have heard very few complaints with the possible exception of some who wanted to see a blanket of snow on Christmas.

Christmas Day, children played outside without jackets and teenagers jogged

and played basketball in shorts, but no one got to wear the new leg warmers or try out the new sled.

The high temperature for December was a record breaking 74 degrees on Sunday, December 26, however, there were three other days at the first of the month when temperatures ranged in the 70's. Six Dec-

Stabbing victim hospitalized

An area resident was hospitalized Tuesday night as a result of a stabbing incident in the Horse Bend area of Mt. Vernon.

According to the county sheriff department, Bobby Lee McClure, 27, of Mt. Vernon, was stabbed 13 times while he sat in a car

at the residence of Ginger Rash. Stab wounds in the right arm, leg and side were reportedly inflicted by Jimmy Alcorn, with whom McClure told Sheriff Taylor he had been fighting.

Alcorn has not been arrested or charged as yet in connection with the incident.

County officials are working to keep an ambulance service

Although county residents resisted an effort by the county executive this fall to pass a tax to fund the floundering county ambulance service, it doesn't mean they do not want an ambulance service. Many residents have been worried and concerned.

And, although the county judge executive and magistrates saw the tax referendum as a possible answer to a tough problem they were facing (that providing ambulances is expensive despite withdrawal of federal CETA funds), they apparently are not going to abandon efforts to continue to seek a solution. They have also been worried and concerned.

According to deputy Judge executive Mark Jasper, the county government is informally negotiating with the Rockcastle County Hospital. Judge executive Bob Jasper indicated earlier this month that there might be a possibility of a combined sponsorship with the hospital or a solution

Fires destroy county residences

Weekend fires destroyed two county residences, according to a Mt. Vernon Fire Department spokesman.

Saturday evening about 6:15 neighbors reported that a trailer belonging to Roger French of Route 1, Orleans was "afire all over". The local fire department responded and found that no one was at home at the time of the fire. Faulty wiring is suspected as the cause of the fire.

The fire department responded to an early Sunday morning report that an unoccupied house belonging to Margaret Fish at Buckeye was burning. The house and an out-building close to the house were destroyed in the fire. The cause of the blaze is unknown.

Break-in

About one hundred dollars in change and two guns were taken from the residence of Henry and Betty Cox in Mt. Vernon last Wednesday night between 7 and 8 p.m.

Entry was gained by breaking the glass out of a back door and opening the door.

The guns were 38 Smith and Wesson and the money belonged to the First Christian Church, according to city police who are still investigating the burglary.

Anyone having any information which might lead to the recovery of the guns is asked to call the Mt. Vernon City police. Serial numbers on the guns are available from the police.

Restaurant operator surprises intruders

Thieves threw a rock through a picture window in the dining area of The Studio restaurant located at the 1-75 Renfro Exit early Monday morning and entered the business taking the cash register.

The burglars were surprised, however, when they went to an upstairs sleeping area and were met by restaurant operator Terry Cromer. Cromer said Tuesday he was awakened when he heard the window break. He said he thought it was a bomb or an explosion. Cromer had a gun, but stayed quiet not knowing how many there were downstairs.

He said he faced the burglar who came upstairs and closed the door and shot him through the door. He shot down the stairs again later.

Two stolen cars found burned

Two cars recently stolen in the area have been located, according to city Police Chief Ronnie Hurd.

A 1975 Chevrolet recently stolen from the Fairground Hill residence of Larry Cromer was located by Madison County State police in the Cartersville area, December 22.

A 1977 Chevrolet belonged to Wanda Durham was taken from her apartment area at Rockcastle Villa Apartments sometime early Saturday morning, December 25. State police located the car in the Humana area later the same day.

Both cars had been burned and were total losses.

Two coyotes caught in traps in Rockcastle County

The coyote, a small wolf, usually found in the western part of the United States, is becoming familiar with the burglar, at least the northern section.

Two Rockcastle men, John Branaman and Lewis Coffey were surprised when they went to check their traps and found, not foxes, but coyotes. Branaman caught his December 17 and the next day Coffey discovered his.

Coffey, who says trapping is a hobby with him, knows now that he trapped a coyote last year. At the time, he says, he was not so sure what it was.

Coffey said he had heard of coyotes being found in Madison County near Cartersville and said he had also heard of them in the Copper Creek section of the county, but they are not commonly known to be here.

Branaman, whose coyote was the larger (2 feet high at the shoulders) said he had known of their existence for about 15 years on the Bluegrass Ordinance property. They follow deer, he said.

Coyote hides bring from \$70 to \$90 on the market, depending upon the size and the thickness of the fur, Branaman said. Their fur is shades of brown and gray. The animal

Rockcastle man murdered Monday afternoon at Burr

By Rick Anderkin

A Rockcastle County man was shot to death early Monday evening at an Exxon service station at Burr during an apparent armed robbery.

Thurman Tompkins, age 66, of Pine Hill, died at approximately 5:30 p.m. from three .32 calibre gunshot wounds to the chest and back, according to Rockcastle County Coroner Bill Dowell.

Dowell said Tuesday afternoon that an autopsy, performed in Louisville on that same day, revealed that Tompkins was shot twice in the chest and once in the back, at very close range. The coroner said that Tompkins died instantly.

Arrested and charged with murder was a black man, Raymond Baines, age 31, of Georgia. Baines was apprehended around 7 p.m. in the city limits of Brodhead, after a two hour search by local authorities, according to Deputy Sheriff Clarence Hasty, Jr.

"We've got him lock stock and barrel," Hasty said. "We had three eyewitnesses and Thurman's gun was found in Baines possession when he was arrested," the deputy sheriff said.

Also arrested along with Baines was a black woman, 25-year-old Frances Elaine Williams, of Georgia. She has been charged with a "miplicity to murder and complicity to robbery, according to Rockcastle County jailer, Henry Lee Abney.

Abney said that District Judge Daniel Vinters placed Baines under a \$100,000 cash bond and Ms. Williams under a \$75,000 cash bond. Both are being held in the Rockcastle County Jail until their preliminary hearing sometime this week, Abney said. A small portion of the money will be set aside to provide emergency shelter to families without heat.

said that eyewitnesses, who pulled into the station while the murder was taking place, said that Baines and Tompkins were scuffling inside the station. The eyewitnesses, who were from Winchester, told police they heard two close shots and that a black man came out of the building and fired at their van.

Police said that the eyewitnesses, two white men and one black man, pulled away from the Exxon station and went to the Food Mart, nearby, where Reuben Hammonds, who owns the grocery, called the State Police in London. Hammonds said Tuesday morning that as soon as he called police, Baines' car sped by the Food Mart and got onto 1-75 going south.

"A few minutes after the shooting, a Michigan couple pulled into the station and found Tompkins' body." That is when we got called," said Rockcastle County Sheriff William Taylor.

Taylor said that Baines apparently drove his car about one mile down I-75 in the southbound lane, and then cut across the median and came back down the northbound side to the Renfro Valley exit where he got off and headed north on U.S. 25.

Taylor said that police roadblocks were set up by state police in Madison, Laurel and Lincoln counties moments after the shooting took place.

Rockcastle County to receive grant

Rockcastle County received approval Tuesday through the Kentucky Department of Human Resources to receive a \$100,000 grant to fund the crisis intervention and project warm-up programs for the winter months.

The grant was sought through the county judge executive's office and will be administered by the county weatherization office located at the corner of Main and Richmond streets.

A small portion of the money will be set aside to provide emergency shelter to families without heat.

The weatherization office is now taking applications. The office will be closed Thursday and Friday but will be open Monday.

The remainder will be used to help pay heat bills of extreme hardship cases in which the applicants meet the guidelines, according to Betty Carter, supervisor of the local weatherization office.

As soon as Judge Executive Bob Jasper signs the request and returns it to the Kentucky Department of Finance, heat bills can start being paid on an emergency basis.

The weatherization office is now taking applications. The office will be closed Thursday and Friday but will be open Monday.

Local season sales were good

Two local retail merchants of the six interviewed report sales slightly off compared to last year's Christmas sales. The other four report sales about the same or better than last holiday buying season.

Two stores reported 1982 Christmas sales were the best ever. One merchant noticed a surge of shoppers the three days be-

fore Christmas which is not customary shopping pattern for his store. He also noted that cash sales were about the same and credit buying was increased this year.

One store manager credited the fact that Maloney's went out of business with their increased sales.

Sales nationwide were reportedly up 5% despite the depressed economy.

Mr. and Mrs. Hobert Vernon Dwight Griffin

Mr. and Mrs. Larry Lee Gloschen of Dawson Springs, wish to announce the forthcoming marriage of their daughter, Miss Janet Gayle, to Mr. Melvin Dean Powell, son of Mr. and Mrs. Matt Powell, Jr. of Mt. Vernon. The wedding will be an event of January 7, 1983 at four o'clock in the afternoon at Northside Baptist Church. All friends and relatives are invited to attend.

Miss Cornelius weds Mr. Griffin

The candlelit sanctuary of the First Baptist Church in Mt. Vernon provided the serene setting for the double-ring ceremony solemnized on July 24, 1982, at seven thirty o'clock in the evening when Miss Kimberly Cornelius, daughter of Mr. and Mrs. Charles Kenneth Cornelius, and Mr. Hobert Vernon Dwight Griffin, son of Mr. and Mrs. G.H. Griffin, all of Mt. Vernon, exchanged their marriage vows.

Reverend Albert Eugene Griffin, brother of the groom, performed an original ceremony composed by the bride and groom before an altar centered and flanked with double ring and spiral brass candleabras. Each candleabra featured cathedral tapered adorned with doves and wedding bells entwined with fresh greenery. Completing the altar decor were brass baskets filled with various white flowers and greenery. Floral arrangements were designed by the bride and created by Ms. Tracy Smith of Lexington.

Mrs. Pamela Cash, pianist and organist, presented a musical program proceeding the ceremony. Female soloist, Miss Jacqueline Sellars, sang "Longer Than," "You Needed Me," and "The Rose." Mr. Bill Wright, male vocalist, sang "One in a Million You," "If," and also "Three Times a Lady" in honor of the mothers of the bride and groom. Immediately preceding the processional Miss Sellars and Mr. Wright presented the duet "Endless Love."

Escorted to the altar by her father and given in marriage by her parents, the bride wore a traditional floor length gown of sheer organza over taffeta trimmed with silk Venise lace and seed pearls. The fitted bodice featured a modified Queen Anne neckline edged with lace. A sheer panel of illusion covered in schiffli embroidery extended from shoulder across the back of the bodice, and topped the billowy bishop sleeves. Motifs of lace embellished the full skirt and edged the hem.

The scalloped chapel train was exquisitely detailed with fan shaped panels of schiffli embroidery.

Her tiered veil of illusion fell from a Venise lace

neckline worn off the shoulder, long sheer sleeves and a tiered skirt. A white orchid waist corsage compliment her gown.

The mother of the groom, Mrs. Griffin, selected a floor length gown of daphne rose chiffon. The gown featured a high neckline, long chiffon sleeves edged with lace at the shoulders and cuffs, and a long full skirt with an apple-pie drape. She wore a waist corsage of white gardenias.

Miss Kelli Thomason, cousin of the bride, presided at the guest book.

A reception honoring the newlyweds was held in the Family Life Center Reception Hall which was decorated with mobiles of white wedding bells, doves and fresh greenery cascading from the beamed ceiling.

Centering the bride's table was the four tiered wedding cake which was designed by the bride. White doves and silver cords adorned the four individual cakes of the bottom tier. The second tier was surrounded with lace bells and centered with a pair of white lovebirds. White flowers spilling from a cupid's fountain highlighted the middle of the third tier. Topping the fourth tier were lace bells and a cupid with white doves. A halo of white orchids circled the entire ornament.

The wedding was served by Mrs. Karen Powell. Ms. Sandra Auvil and Ms. Theresa Hysinger were at the silver punch bowls. Hostesses for the reception were Mrs. Edna Cummins, Mrs. Peggy Hysingers and Mrs. Pat Baker.

Miss Paulita Thomason, cousin of the bride, distributed voile orchid roses filled with rice from a white wicker basket to the guests.

For her travel the

cap, and was accented with dainty lace appliques.

The bride carried a gathered bouquet of lavender irises accented with white fuchsia.

Mrs. Gina Leigh Nicely, sister of the bride, served as matron of honor. She wore an orchid voile gown which featured a fitted bodice accented by a deep, off-the-shoulder ruffe edged in triple rows of orchid satin ribbon. The waist sash was formed of orchid satin cords. The full skirt also featured a deep, bordered ruffe.

Bridesmaid, Miss Tina Lynn Cain, and flower girl, Miss Amy Forb, wore gowns fashioned after that of the honor attendant. Mrs. Nicely and Miss Cain carried a smaller bouquet of lavender irises and fuchsia. The flower girl carried a miniature white wicker basket from which she dropped petals of lavender violets.

The groom met his bride at the altar attired in a traditional black tuxedo with tails and coordinating black satin vest with a white wing-collar shirt and matching banded bow tie. He wore a boutonniere of white fuchsia.

Fulfilling the duties of best man and groomsman were Mr. Richard L. Bray and Mr. Mark Barrett. Master of Ceremonies, nephew of the groom, served as ring bearer. He carried the bride's train and the groom's white satin pillow edged with lace. Ushers were Mr. Christopher K. Cornelius and Mrs. Charles Kenneth Cornelius II, brothers of the bride, and Mr. Thomas W. Smith and Mr. John E. Clontz.

Mrs. Cornelius chose for her daughter's wedding an aqua chiffon gown designed by Nel Sophisticates of New York. The floor length dress featured a ruffled

bride wore a Hawaiian multi-stripe ensemble with halter top and balloon trousers, accented with bright yellow accessories.

The couple honeymooned in Hawaii on the island of Oahu.

The rehearsal dinner was hosted by the groom and his parents at the Exit 59 Steakhouse on July 23.

The wedding rehearsal and ceremony were under the direction of Mrs. Carol Pybas.

The bride-elect was honored with a personal shower on June 10 at the home of Mrs. Karen Powell followed by a miscellaneous shower on June 26 in the Community Room in the Bank of Mt. Vernon.

The personal shower was given by Mrs. Karen Powell, Mrs. Gina Nicely, Ms. Theresa Hysinger, and Miss Tina Cain. Hostesses for the miscellaneous shower were Mrs. Peggy Hysinger, Mrs. Edna Cummins, Mrs. Carol Pybas, Mrs. Pat Baker, Mrs. Martha Carter and Mrs. Ramona Hiatt.

Joyce Brown: An Eventful 23 Years at RCH

Of the employees now working at the Rockcastle County Hospital, Joyce Brown has been there the longest. Mrs. Brown came to the hospital as a registered nurse in September 1959, and has had an eventful 23 years. After growing up in Harlan County, she moved to Rockcastle with her family when she was 12. She got interested in nursing by way of family tradition. "My father was in the nursing corps in the First World War, and I had an aunt and a cousin who graduated from Louisville General," she said.

"In our senior year of high school, seven of us girls talked about going to nursing corps after high school. Two out of seven applied for admittance into General." Mrs. Brown was one of the two who applied, and she was 16 when she went to Louisville with one of her girl friends to study nursing. She went through a three year program to become a registered nurse. "I worked there at General Hospital a year and then I went to Bradenton, Florida, and worked at Manatt Memorial." Mrs. Brown was ready to travel again after a year

there, so she and another girl friend got a pencil with a pin in the eraser and dropped it on a map. This time they ended up in Duluth, Minnesota. They worked at St. Luke's for a year before she came back to the county and settled down. "I started working here (RCH) as soon as I came home," she explained.

Her first few years at RCH were demanding ones. "I was head nurse starting in 1961," she said, "because the administrator and head nurse left." How did she manage it all? "I wasn't married yet."

Not only was she head nurse, but she was also the acting administrator for the hospital when the full-time administrator left. Did the job intimidate her? "No, not really. It was something that had to be done. Somebody had to do it." She was eventually replaced with a full-time administrator when Medicare said

she couldn't hold down both jobs.

There was still no let up for her the next year. "In 1962," she said, "we were so busy that I stayed over there the biggest part of the time and worked 16 to 18 hours a day. Before 1:75 was put through we got an awful lot of bad wrecks."

Mrs. Brown once spent a whole week at the hospital before she was head nurse. She told this story: "One Monday morning it snowed and I couldn't get home. I slept in the doctor's lounge. Tuesday the roads were still blocked. Wednesday I called home and the phones were still out."

She went on, "So I borrowed the administrator's car, and told him I had to get out for a few minutes. I drove up town and around and came back. I worked Thursday and Friday. Saturday the ad-

ministrator tried to take me home, but we hit a snowbank. We turned around and came back to town." J. Dillingham finally took her home in his truck. It was a long week.

Mrs. Brown doesn't think that things at the hospital have changed much over the years. She still works on the acute wing although the Skilled Nursing Facility has been added recently.

After 23 years does she have any regrets about choosing the nursing profession? "No," she said, "I don't know of anything I'd rather do."

Mrs. Brown lives in Brodhead with her husband, John. They have two children, Regina, 17, and Scott, 15.

"WEATHER"

(Cont'd from front)

ember days temperatures hit the 60 degree marks and for five days we have had slightly cooler days when the temperature was in the 50's.

The low for the month was a 9 degrees cold snap which followed an inch snow on the 12th, the only one so far this winter.

December, 1981, the average temperature was 32 degrees which is about what we expect.

An unofficial report that there will be 6 weeks more of unseasonably warm weather has been circulating locally. If true, we can all afford a smug smile even though we could not afford to spend the winter in Florida, and our heavy coats will last longer for the less wear.

According to our official weather recorder, Bud Cox, the 1982 low was 8 degrees recorded last February 13 and a high of 92 degrees occurred August 6th.

The world's greatest migrators are birds called the Arctic terns. They travel each year to the Antarctic. The round trip totals about 25,000 miles.

Grand Jury reports on courthouse conditions

The November term of the Rockcastle County Grand Jury, during its session, returned a number of indictments and the following report on the observation and inspection of the courthouse:

"The Grand Jury has worked with and find that the Circuit Court, Clerk, Denver Miller, is working hard and doing a good job as the Circuit Court Clerk; the Rockcastle County Jail is clean and appears to be operating efficiently under the Jailer, Henry Lee Abney; and the Circuit Court is functioning smoothly under the new Circuit Judge, John T. Mandt, and the Commonwealth Attorney, Henry E. Ham, has efficiently presented the cases to the Grand Jury; and the Sheriff, William Taylor, has cooperated fully with the Grand Jury in issuing subpoenas and is to be commended for taking the interest in performing a good job for the county."

"The Grand Jury in its inspection of the courthouse facility found numerous places throughout the courthouse where the plaster and paint was coming loose from the ceilings and walls, numerous light fixtures and light covers being missing, the restrooms were not really clean and in some the facilities with the towel racks and wash facilities were not operating properly, and the general cleanliness of the halls and steps left something to be desired, numerous complaints were voiced that the court-

house had not been treated for bugs in a long time and that the roaches were a problem, and that the Property Valuation Administrator, H. "Elmer" Hale does not have enough space to adequately perform the duties of his office."

"The Grand Jury and each of its members would like to go on record encouraging the Fiscal Court and the County Judge Executive to take pride in the Courthouse building and to see that the Courthouse which belongs to all the citizens of the county stays in a good state of repair as it is the public's place to conduct the public's business."

THEN OR NOW

What controls the quality of the water you drink and use in your everyday life? One vital factor is the Safe Drinking Water Act, which is due for Federal reauthorization this year.

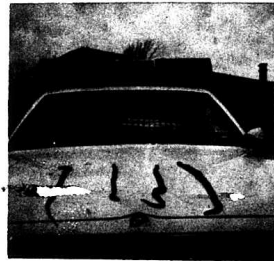

THEN Eight years ago, our lawmakers felt that Federal regulation of all drinking water was urgently necessary. The Safe Drinking Water Act was passed by Congress in just 17 days.

NOW: Some feel that the Act has gotten bogged down in identifying thousands of micro-organic compounds in water that may have adverse effects on people. According to John H. Stacha, President-elect of the American Water Works Association, the Act should be rewritten as a sensible, reasonable, workable law that will solve problems that do exist, instead of problems that may exist.

Amending the Act would require the Environmental Protection Agency to issue health standards with only the highest scientific basis behind them. The result could be better, safer water at a price consistent with the actual benefits we all receive from that may have better results.

These four snakes were killed in the front yard of Bonnie Hurd in Mt. Vernon on Christmas Day. This was just another indication of the spring-like temperatures in the area. Mr. Hurd said that one of the snakes got away.
