The 'federal' agency requires that if the asbestos is found, a notice is to be posted on the bulletin board: that all employees be notified in writing of the presence of asbestos; that custodians be provided with a list of safety rules for working around the asbestos; and that the P.T.A. be asbestos; and that the P.T.A. be

Parsons why they were not notified about the asbestos and he told them that it was taken out in the summer. However, Judge said Tuesday that it did not matter if school was in session or not.

A Bible is A Bible

The caption of this article describes the attitude of many of us. When we see a book with "Holy Bible" inscribed on its"cover, we assume it contains the unadulterated word of God. However, we need to particularly heed, in this case, the old age, "You can't tell a book by its cover."

There are many so-called translations today, which are not translations at all, but parameters or commentaries, or not translations at all, but para-phrases or commentaries, or both. A case in point in the Condensed Version of The Bible published by Reader's Digest. The very word, "con-densed" tells us that this ver-sion does not contain all the word of God. Careful Bible

We believe the Bible to have been verbally inspired, thus any condensing would destroy its authenticity (See Matt. 44; 2 Pet. 1:20-21). Unfortunately, there are other versions which are not so ceally recognized as perversions. They are more subtle and many people are being deceived into thinking they are suthernic. We need to be warnwirely and the substitution of the sub

Mount Vernon Signal

Two cars were vandalized in Mt. Vernon last Friday night. The first (top photo) occurred at the Rock-castle County Hospital following an incident in the emergency entrance area in which two men were ejected from the building for creating a disturbance. Shortly after they left the building, a rock was thrown through the rear left side window of a carbolonging to hospital employee, Mario Calangulo, although hospital administrator Wayne Stewart

said no one actually saw the incident. Later the same night, about 12:30 a.m., he windows of a cer, belonging to Jerry Morgan of Mt. Vernon and parked in the City Parking Lot near the caboose, were broken completely out by thrown rocks. Mrogan said the wiring under the diskn of the 1830 Chrysler LeBaron was also disturbed and the car's gear shift tampered with. No arrests have been made in connection with the two incidents.

Notice to Public of No Significant Effect on the Environment

Notice to Public of Request of Release of Funds Mt. Vernon Sewer Extension Project Date: Aug. 27, 1984

CITY OF MT. VERNON CITY HALL MT. VERNON, KENTUCKY 40456

TO ALL INTERESTED PARTIES, GROUPS, AND PERSONS:

On or about Segtember 15, 1984, the above named City will request the Kentucky Department of Local Government to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) for the following project:

______non Sewer Extension Project

The proposed project involves construction of sanitary sewers in the Fairground Hill, Owens Subdivision and Evans/Cox Lane areas of Mt. Vernón. A total of 10 bathrooms will also be provided to residents of these areas not having indoor plumbing. Free sewer tap-ons will be provided to all low and moderate income families residing in these three areas.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the above named City has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for such decision not to prepare such Statement are as follows:

The project is consistent with local and state plans; the project has over-all beneficial effects upon the environment.

An Environmental Review Record respecting the proposed project has been made by the above-named City which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and available for public examination and copying, upon request, at City Hall, Mt. Vermon, Kentucky 40456, between the hours of 8:30 a.m. and 4:00 p.m. on normal working days.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the Mayor at City Hall. Such written comments should be received at City Hall on or before September 15, 1984. All such comments so received will be considered and the City will not require the release of Federal funds or take any administrative action on the writtin project prior to the date specified in the proceeding sentence.

The City of Mt. Vernon will undertake the project described above with Block Grant funds from the Kentucky Department of Local Government under Title I of the Housing and Community Development Act of 1974. The City of Mt. Vernon is certifying to the State that Mt. VErnon, and Roland Mullins, Mayor, in his official capacity, consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation or environmental review, decisionmaking and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Mt. my Patients who may not have received this letter due to incorrect address or oversight in my office:

It is with a great deal of sorrow that I am announcing the discon-tinuance of my medical practice in Berea and will be leaving the office on September 14, 1984. I have accepted a job as medical consultant with Blue Cross of Kentucky.

has been my pleasure and has meant a great deal to me to have en able to serve you as your family physician over the past 25 ara. I am quite pleased, however, to be able to tell you that I we made arrangements for you to continue to get your medical re in my present office at Berea Hospital.

My practice is being taken over by Dr. Jon Strauss and Dr. Philip Curd of the White House Clinic. Dr. Strauss is young, highly trained and very competent and Dr. Curd has been practicing in the area for over 12 years. I am confident that the quality of medical care you desire will be continued.

All medical records will remain in this office. If you should desire to make a change to another physician, you will need to request a transfer of records by coming in and signing a release.

I will miss all of you. I know you will be getting good medical care. I ask God's blessing on each of you.

Sincerely.
