

County Correspondents

Disputanta

By Hilda Gabbard

Hello from Clear Creek Valley.

I think my time to leave this earth has come. Either that or it's the effects of moving twice in six months. I'm so tired I can't hardly lift this pen.

Bro. Dillard Bowman and wife, Mossie Ann, were filling a grocery cart when I rounded a corner with a grocery cart. He tells me he is the new pastor for Knob Lick Church in Estill Co. Well, they'll get the gospel preached to them alright for Bro. Dillard lay it

on the line when it comes to telling of God's word.

There is to be a Homecoming Day for the Clear Creek Baptist Church on Sunday, September 30 for all the church family and visitors as well.

We hope to go since it is a "dinner on the ground" kind of thing. I plan to inquire around of Mary Harding, Martha Hill or Matilda Miller to find out what kind of basket they brought. Just maybe one might ask me to eat with them at noon. Parris Swinford won't get the Signal in time to come from Middlesboro to eat rattlesnake.

I put the picture in of John's

great grandfather's home place on Big Sandy Mt. to show this strongly constructed stone chimney built just after the Civil War was over in 1865 when he returned home from fighting. The fellow in front of him has nothing to do with the chimney except that I used to get a lap full of rocks and chase him around our home on Clear Creek, ages ago, when he would tease me and his younger sister and it was the only way to get back at him since I could not catch him.

Nathan Bluford Payne, of Royal Oak, Michigan, born the eighth child in a family of six boys and five girls on Clear Creek is one of my two brothers living as of now. I couldn't catch him today if he teased me nor do I want to throw rocks either for he is a sure a swell fellow in my opinion. So, I write to express my gratitude for all his kindness to me, in later years and since his birthday comes on September 30th I will present him with a gift of the Signal for a

year's good reading. I hope he tells me it beats the Detroit Free Press Daily all to pieces. So happy birthday to you, kid!

Well, you read of Mr. Vernon's festival and not to be outdone, because Clear Creek's Festival didn't come off. I responded to the invitation to put up a booth to set up plummings. I felt there would be a good market for the fragrant melons which would promote romance and clear the air at home. I just knew my best customers up there would be Judge Jasper, Howard Linville, Ivory Anglin and Henry Abney might get votes for whatever office he's running for. Ben Wilson might bring a bunch of fellows from Livingston to buy the plummings. Cousin Lambert could take one home to wife, new wife, Brenda when he has to work late (wives get in a good humor quick, James when they smell them).

But the catch to the booth idea was to pay \$10 rental fee. Now, when I said I'd have to sell melons first and when I had sold \$10 worth, I could pay for the booth. Boy, they didn't hold with

that, the festival sponsors. Be that as it may, I don't have a booth and many folks will be cheated out of a chance to buy them.

There was a great commotion and scare at the Dixie Park Baptist Church in Berea recently. Lloyd Clark of Fairview arrived a little late one night and seeing the terrible glare of lights within and thinking the building was on fire, rushed into the church office and called Berle's Fire Department. To his embarrassment, he found out that the ladies of the church had presented their pastor, Bro. Ira Dean a birthday cake and in order to surprise him, put on the cake a candle for every year of his age and lit them. Lloyd thought that many candles was dangerous and could have started a fire. Anyway, a belated happy birthday, Bro. Dean, from all of us at the Signal.

Till next week, the single most important word in human relation is the word "we."

Quail

By Vivian Owens

Florence Albright spent Thursday and Friday nights with Mr. and Mrs. Harold Reynolds and Joey.

Roxanne Reynolds spent Friday and Saturday night with Florence Albright.

Mr. and Mrs. Lee Faulkner visited Mr. and Mrs. Elmer Ponder Sunday evening.

James Reynolds spent the weekend with Mr. and Mrs. Harold Reynolds and Joey.

Mrs. Elmer Ponder was dinner guest of Florence Albright Sunday. Misses Tana and Donna Bullock were afternoon visitors.

Mrs. Josephine Burdette of Indiana recently visited her mother, Mrs. Bertie Taylor.

Mr. and Mrs. Harold McClure visited Mr. and Mrs. Delmas Bullock and Kristy Monday evening.

Mr. and Mrs. Shelby Brown visited Mr. and Mrs. Junior Mullins Tuesday evening.

Mr. and Mrs. Glenn Hamm of Indiana visited his sister Mrs. Willie Todd, Mrs. Sammy Ford, Amy and a friend and Mrs. Wayne Todd and Jessica visited Mrs. Todd Saturday afternoon.

Sunday visitors of Mrs. Willie Todd were Mrs. Ronald Rogers, Mrs. Dean Barron, Stacy and Tracy Burdette.

Mrs. Janie Brown, Mr. and Mrs. Jackie Lawson and family visited Mrs. Delmas Bullock and Kristy Friday afternoon.

Mr. Thomas Hayes St. celebrated his 89th birthday Sunday at the home of his son, Mr. and Mrs. Robert Hayes. There were 82 of his family and friends present to help him celebrate. We wish him many more returns.

Saturday dinner guests of Jack Cash were Mr. and Mrs. Glenn Hamm of Indiana, Mrs. Edna Pope and Mrs. Alma Jean Cable, Mr. and Mrs. Hamm spent Saturday night with Mr. Cash.

Fairview

By Hubert Chasteen

Worship services were well attended at the Fairview Baptist Church over the weekend. The Sunday School attendance September 16th was 109.

Correction on my last week's news: The Miller-Valley View School reunion that I attended August 26th with my daughters and grandchildren was held at the Kit Carson Elementary School, Richmond, Ky. not Richmond, Ind. and my husband did not attend.

Thank the good Lord for the much needed shower of rain last Friday evening. It has been so dry for the past several weeks. But God has blessed us with good gardens and crops. He gives us much more than we deserve. I thank him for the many wonderful blessings of life, and pray that he will continue to bless us.

Mrs. Barbara Ann Croucher of Berea returned home Friday from the U.K. Medical Center Lexington where she had submitted

The old chimney, built in 1865 by Armstrong Gadd when he returned from the Civil War, still stands on Big Sandy Mountain. My brother, Bluford Payne, of Royal Oak, Mich., visited it for the historical fact that it still stands in 1984.

Tavana Thomas Phillips of Davis Branch Road, on the headwaters of Clear Creek, stands in front of their mobile home with daughter, first year new student, Abilashita who is living it up riding the Roundstone elementary school bus. [The doll had to stay at home].

Absolute Auction

of
**Mr. and Mrs. Genis R. Burdine's
HOUSE AND LOT
AND
WORKSHOP**

Saturday, Oct. 6, 1984 10:30 a.m.

Ottawa Section of Rockcastle Co.

LOCATION: Approximately 9 miles southwest of Mt. Vernon and 5 1/2 miles south of Brodhead on Ky. 1650. The property is approximately 1 miles west of the Ottawa Baptist Church.

Mr. and Mrs. Burdine have purchased other property and will soon be moving and have commissioned our company to sell, for the absolute high dollar, this well-located desirable property. The property is improved with the 3-bedroom pictured house. It also has a kitchen with all built-in cabinets, large living room, utility room with washer/dryer hook-up and a bath. In addition, the house has carpet in the living room, concrete block foundation, storm doors and windows and insulation. Water is provided by a spring but city water is also available.

In addition to the house, there is also a 24 x 36 square post metal building with concrete floors. It is presently utilized as a cabinet shop and it has a 16 x 32 attached storage building. It is all wired for 220. Besides these buildings, there is also a 16 x 24 garage building.

All the improvements are situated on a large spacious lot measuring approximately 3/4 of an acre with frontage on KY 1650.

AUCTIONEER'S NOTE: If you're in the market for a good home in one of Rockcastle County's best communities, then be sure to attend this absolute auction. If you're in need of a building for a shop to suit your individual needs, be sure to look it over before the auction date.

TERMS: 20% down day of sale, balance within 30 days upon delivery of deed.

For additional information, contact the owners, Mr. and Mrs. Genis R. Burdine at 758-8985 or:

ted to surgery on Tuesday. We thank God that she is home again and improving. We all love Barbara dearly.

Mrs. Della Bullens of Macedonia returned home Saturday from the U.K. Medical Center in Lexington where she had surgery on Wednesday. She is feeling much better and we thank God for it. She is such a wonderful lady and one of my dearest friends.

Recent guests of Mr. and Mrs. William Alexander of Brodhead were Eugene Alexander and son, Kenneth, and little Jema Davidson of Fairview.

Visiting Mr. and Mrs. Willie Cope on Sunday were Mr. and Mrs. William Richmond of near Berea.

Recent guests at the home of Mr. and Mrs. Hubert Chastene have been her brother, Tip Reppert of Scaffold Can; Mr. and Mrs. Junior Chastene and Rodney of Berea; Mr. and Mrs. James Seals and Kim of Indian Hills, Paint Lick; and Mr. and Mrs. Wayne Chastene of near Fairview. Our older two daughters who live close and their families are here often. All five of our children live very near us and we are so thankful.

Sept. 25th: I wrote this news last week but didn't get to take it in as our daughter, Darleen Church's, husband Johnny passed away last Tuesday morning, Sept. 18th at the Berea Hospital. More about it next week. Until then, just remember us in prayer.

Attend church when you can. We love you are. All people are precious.

Kentucky Savings Bonds

Sales Reported for June.

James W. Lambert, Rockcastle County Savings Bonds Chairman, reported purchases of \$3,901 in United States Savings Bonds were credited to the county for June, 1984. Total sales credited to the County through June are \$16,593.

Statewide sales of United States Savings Bonds totaled \$3,825,766 for June, 1984, according to reports coming to the County Chairman from G.L. Houston, District Director for the U.S. Savings Bonds Division in Kentucky. Kentucky sales through June of 1984 totaled \$22,499,012, which is a 5.4 percent increase over the six month comparable period in 1983.

Nationwide sales for the first 6 months of 1984 are up 1 percent at \$2.13 billion. Redemptions for the 6 month period were down 1 percent from a year ago. The value of United States Savings Bonds held by the public was \$72.9 billion on June 30.

New Series EE Bonds, and most older Series EE and E Bonds and Savings Notes, earn market-based interest when held five years or longer from their date of issue or their first interest accrual period on or after November 1, 1982, whichever is later. The rate is .85 percent of the five-year Treasury marketable securities rate for the six months preceding each market-based period. The latest market-based rate, effective from May 1, 1984 through October 31, 1984, is 9.95 percent. When combined with the previous market-based rates - 11.09 percent from November 1982 to April 1983, 8.64 percent from May to October 1983 and 9.38 percent from November 1983 to April 1984 - the average yield for the four periods is 9.77 percent. This average is part of the market-based formula only for eligible bonds issued on or before April 30, 1983.

Bond holdings represent debt that does not have to be financed in the open market at higher interest and administrative costs. Savings Bonds save the Treasury and taxpayers more than \$2.5 billion annually in interest costs on the debt.

Annual Performance Report

FISCAL YEAR 1984

In 1984, the General Assembly enacted legislation (Senate Bill 202), requiring each public school district in the Commonwealth of Kentucky to publish an annual performance report.

The Rockcastle County Board of Education submits the following Annual Performance Report for Fiscal Year 1984. In compliance with regulations, the report encompasses component factors in twelve (12) specified areas.

Those areas include:

- 1) Essential Skills Mastery Results
- 2) Comprehensive Test of Basic Skills Results
- 3) Scholastic Aptitude Test (SAT) Results and American College Board Test (ACT) Results
- 4) Retention Rates
- 5) Dropout Rate
- 6) Holding Power
- 7) Average Daily Attendance Records
- 8) Graduates Going to College or Other Postsecondary Training
- 9) Special Education Enrollment
- 10) Economic Deprivation Information
- 11) Secondary Vocational Education Enrollment

1) Essential Skills Mastery - Applicable beginning with 1985 Performance Report. In the spring of 1985 all students in grades K-12 will be tested for Essential Skills Mastery in the areas of reading and mathematics. Essential Skills have been identified in those areas and approved by the State Board of Education. Results of the Essential Skills testing program are to be utilized in promotion/retention decisions and for planning appropriate remediation programs. Essential Skills testing results will be recorded and reported by grade, school and district levels.

2) Comprehensive Test of Basic Skills Results - Spring of 1984
 a) Test results are to be reported by district and individual school levels for grades 3, 5, 7 and 10.
 b) Administrative regulation requires CTBS information be printed in NCE form. NCE (Normal Curve Equivalent) scores divide the scale beneath the normal distribution into 99 equal segments, units or scores. Scores range from 1-99, with a mean/median of 50. The 50th NCE is the national average.
 c) Anticipated Total Battery scores are to be reported. Anticipated Total Battery NCE scores are derived from aptitude indicators on the Test of Cognitive Skills and reflect the indicated ability level of the students. Anticipated Total Battery NCE scores are available only at the district level.

DISTRICT DATA

As required, all test scores are reported in NCE form and not percentage. The 50th NCE is the national average.

Grade 3: Tested 209 students out of 213* enrolled - 98.12% of students tested. Reading 60, Math 61, Language 63, Spelling 62, Reference 58, Total Battery Score 64.1, Anticipated Total Battery Score 45.7

Grade 5: Tested 205 students out of 211* enrolled - 97.16% of students tested. Reading 51, Math 56, Language 53, Spelling 55, Reference 52, Total Battery Score 52.6, Anticipated Total Battery Score 50.9

Grade 7: Tested 249 students out of 257* enrolled - 96.89% of students tested. Reading 50, Math 49, Language 53, Spelling 51, Reference 49, Total Battery Score 51.1, Anticipated Total Battery Score 50.8

Grade 10: Tested 233 out of 247 students enrolled - 94.33% of students tested. Reading 40, Math 43, Language 41, Spelling 44, Reference 39, Total Battery Score 41.7, Anticipated Total Battery Score, 44.5

*Figures reflect a deduction of students tested with special education: Grade 3 - 10, Grade 5 - 11, Grade 7 - 13 and Grade 10 - 0.

BRODHEAD ELEMENTARY

Grade 3: Tested 57 students out of 58* enrolled - 98.28% of students tested. Reading 62, Math 64, Language 64, Spelling 62, Reference 58, Total Battery Score 66.

*Figures reflect a deduction of students tested with special Education: Grade 3 - 4, Grade 5 - 3, and Grade 7 - 2.

LIVINGSTON ELEMENTARY

Grade 3: Tested 30 students out of 30* enrolled - 100% of students tested. Reading 73, Math 69, Language 77, Spelling 75, Reference 69, Total Battery Score 78.

Grade 5: Tested 26 students out of 26* enrolled - 100% of students tested. Reading 41, Math 44, Language 42, Spelling 48, Reference 42, Total Battery Score 41.

Grade 7: Tested 40 students out of 40* enrolled - 100% of students tested. Reading 42, Math 39, Language 41, Spelling 44, Reference 41, Total Battery Score 41.

*Figures reflect a deduction of students tested with special education: Grade 3 - 3, Grade 5 - 4, and Grade 7 - 1.

MT. VERNON ELEMENTARY

Grade 3: Tested 89 students out of 89 enrolled - 100% of students tested. Reading 56, Math 58, Language 57, Spelling 58, Reference 53, Total Battery Score 59.

Grade 5: Tested 85 students out of 90* enrolled - 94.44% of students tested. Reading 47, Math 52, Language 48, Spelling 53, Reference 50, Total Battery Score 49.

Grade 7: Tested 86 students out of 87* enrolled - 98.85% of students tested. Reading 47, Math 46, Language 47, Spelling 49, Reference 47, Total Battery Score 47.

*Figures reflect a deduction of students tested with special education: Grade 5 - 2, Grade 7 - 10.

ROUNDSTONE ELEMENTARY

Grade 3: Tested 33 students out of 36* enrolled - 91.67% of students tested.

Reading 58, Math 57, Language 66, Spelling 57, Reference 59, Total Battery Score 62.

Grade 5: Tested 33 students out of 33* enrolled - 100% of students tested. Reading 63, Math 67, Language 61, Spelling 60, Reference 60, Total Battery Score 63.

Grade 7: Tested 49 students out of 52 enrolled. 94.23% of students tested. Reading 60, Math 67, Language 71, Spelling 58, Reference 55, Total Battery Score 66.

*Figures reflect a deduction of students tested with special education: Grade 3 - 3, Grade 5 - 2.

ROCKCASTLE COUNTY HIGH SCHOOL

Grade 10: Tested 233 students out of 247 enrolled - 94.33% of students tested. Reading 40, Math 43, Language 41, Spelling 44, Reference 39, Total Battery Score 41.7.

3) American College Board Test (ACT) and Scholastic Aptitude Test (SAT)

Results - Report state and district data to include the number and percent of graduates taking the tests.

ACT: 58 students from the 1984 graduating class of Rockcastle County High took the ACT exam. This represents 30.21% of the 192 graduates. Average scores were as follows: Math 12.34, English 16.07 and Composite 15.71.

26,275 students, representing 51% of graduates, took the test statewide in 1983. Average scores statewide for 1983 were as follows: Math 15.3, English 17.5, Composite 17.4. 1984 statewide statistics are unavailable.

SAT: 0 students from the 1984 graduating class of Rockcastle County High School took the SAT exam. 3,106 students, representing 6% of graduates, took the test statewide in 1983. 1984 statewide figures are unavailable.

4) Retention Rates - Record the number and percent of students in each grade 1-12. Report school and district data.

FmHA to implement new system involving local financial institutions

Lexington, September 17, 1984 - Kendell L. Seaton, State Director of the Farmers Home Administration in Kentucky, announced today that Financial Institutions would be contacted by letter in an effort to determine their interest in working with the efficiency of operations. This new system, called Concentration Bank System, CBS, for collecting loan payments and Electronic Funds Transfer, EFT, for delivering loan checks, will enable the FmHA to be more responsible to the needs of people doing business with the Agency and at the same time reduce interest cost to the government.

as one of several states to be operational by November, 1984. Kentucky currently conducts business in 70 County Offices and 7 District Offices. The State Office is located in Lexington. Seaton indicated each office operation will contract with a financial institution for a period of one year based on evaluation of the following requirements:

1. Have Federal Deposit Insurance Coverage, FDIC/FSLIC or NCWA.
2. Be located near local FmHA office of offer free courier service.
3. Accept Treasury-established standard fees as compensation.

4. Have Automated Clearing House receiving capability, direct of through a correspondent bank.

5. Establish a contact person within the Financial Institution. This person would be given priority to conduct business with FmHA.

According to Seaton, more detailed information would be provided to all financial institutions within the next two weeks.

Social Security news

Survivors Benefits Payable

Social Security benefits can be paid to many survivors of workers who die after working long enough in work covered by Social Security. Bob Anderson, Social Security manager in Richmond, said recently.

For the widow or widower, and Forms W-2 or self-employment tax returns for the past 2 years. Parents 62 or older will need to show they were dependent on the worker for their support.

For more information about Social Security survivor benefits or about other Social Security benefits, contact the Richmond Social Security office. The telephone number is 256-5109.

QUAIL HOMEMAKERS ENJOY PICNICS

The Quail Homemakers and their families enjoyed picnics at the Quail Community Park during June and July. We always look forward to our annual 'Family Dinner' at the home of Mr. and Mrs. Roy Brown each August. This year it was held Aug. 18th and, as usual, we had a beautiful meal and good fellowship together.

Reported Earnings

People getting Social Security benefits who work are required to estimate their projected earnings as accurately as possible and to report the amount to the Social Security Administration. Bob Anderson, Social Security manager in Richmond, said recently.

Thirteen of our members met at the home of Mrs. Joyce Craig on Monday, September 17.

At this meeting, we were pleased to enroll a new member, Mrs. Cindy Robbins.

The meeting was called to order and the minutes of our last monthly meeting were read and approved. We answered the roll call by giving a household tip.

New officers and chairmen elected for the coming year were: Jenny Lee Hansel, president; Judy Ford, vice president; Tammy Hopkins, secretary-treasurer; Ora Lee Hurst, reporter. Our lesson for this month was replaced with questionnaires given to each member to report all we had accomplished in various areas of homemaking during the past year.

When we filled up our answers, we found that we had been quite busy.

We also discussed the Christmas Bazaar the county homemakers will be sponsoring Nov. 17 at the Mt. Vernon Elementary School and what our club would be contributing to it.

After the meeting was adjourned, everyone enjoyed the delicious food prepared by our hostess.

The next meeting will be October 22 at the home of Christine Taylor.

Ora Lee Hurst
Reporter

A lump-sum payment of \$255 can be made to the worker's eligible widow or widower, or if none, to the worker's child entitled to benefits.

Furthermore, people should revise these estimates, as necessary, during the course of the year.

'Excess earnings under the annual retirement test are the primary cause of overpayments,' Anderson said. 'More than one million people were overpaid in 1983 because of underestimation or failure to report their earnings, and total overpayments, as a result, amount to more than \$1 billion.'

It is important for survivors to apply for benefits as soon as possible after the worker's death. This is especially important for widows and widowers under 65 because benefits cannot generally be paid before the month of application.

When applying, survivors should have their own and the worker's Social Security cards or a record of the numbers, birth certificates for an eligible child, marriage certificate, proof of the worker's death, proof of age

'People must file an annual report of earnings at the end of the taxable year. At that time the amount of benefits due for the year is figured; if all the payments that were due have not been

1984-85 District Goals

In a continuing effort to upgrade the quality of education, the Rockcastle County Board of Education has determined the following goals for 1984-85.

1. To involve all instructional leaders and teachers in establishing a curriculum design that meets the needs of our students and promotes continued improvement in test scores.
2. To implement a Dropout Prevention Program at Rockcastle County High School and to promote the concept of improving attendance in every school.
3. To address and correct noncompliance indicators identified in the 1984 Accreditation Report.
4. To implement the objectives specified in the School Effectiveness Plan. This plan addresses areas of concern as identified by the Department of Education, Division of School Improvement. Some of the major objectives identified within the plan include:
 - a. An effective system of administrator/teacher evaluation will be designed, adopted and implemented.
 - b. The total staff at Rockcastle County High School will be involved in a process to strengthen each department by developing a detailed scope and sequence and mastery skills list for the various subject areas.
 - c. A study will be conducted to identify the components of effective lesson planning and a design format will be developed that addresses instructional objectives.
 - d. A plan will be developed to recognize and reward students, teachers and administrators for academic achievement at the school and district level.
5. To encourage public support of our schools and to promote parental involvement and participation.

Obituaries

EDWARD RICHARD RILEY

Edward Richard Riley, age 94, of Conway, died Saturday, September 22, 1984 at the Veterans Hospital in Lexington.

He was born in Lewis County on July 30, 1894. The son of the late Perry and Nora Aills Riley and was a veteran of World War I.

Survivors are one son, Perry T. Riley of Paint Lick; three daughters, Miss Mildred Riley of Conway, Mrs. Doris Brown of Vancouver and Mrs. Edna Banks of Conway; one brother, Lewis Riley of Saratoga, Indiana; 39 grandchildren; 80 great grandchildren and 9 great great grandchildren.

Funeral services were held Monday afternoon, September 24 at the Dowell and Martin Funeral Home Chapel with Bro. Russell Ballinger officiating. Burial was in the Blair Cemetery.

MRS. MARY SIMPSON

Mrs. Mary Simpson, age 54, of Keansville, Florida, and formerly of Brodhead, died Wednesday, September 19, 1984 at the St. Cloud Hospital in St. Cloud, Florida.

She was born June 21, 1930 in Laurel County, the daughter of Edd Jones of Keansville, Florida and the late Gracie Grimes Jones.

Besides her father, she is survived by her husband, Ivan Simpson of Keansville, Florida; two brothers, Homer Jones of Brodhead and Johnny Jones of London; two sisters, Mrs. Martha Manning of Keansville, Florida and Mrs. Jean Wilson of Lockland, Ohio.

She was preceded in death by one brother, Henry, and by one sister, Dorothy.

Funeral services were held Sunday afternoon, September 23 at the Mt. Zion Baptist Church with Bro. Raymond Offutt officiating. Burial was in the Oak Hill Cemetery.

Watson Funeral Home was in charge of arrangements.

VERNON A. MULLINS

Vernon A. Mullins, age 62, of 125 Washington Ave. in Berea, died Thursday, September 20, 1984 at the Berea Hospital.

A native of Rockcastle County, Mr. Mullins was retired from IGA in Berea and was a veteran of World War II.

Survivors are his mother, art Stepfather, Mr. and Mrs. Fred Stallworth of Calloway; one son, James Ray Mullins of Richmond; three daughters, Betty Sue Tribble and Janice Louise Laintner of Richmond and Barbara Jean Collins of Berea; two sisters, Mrs. Ruth Wilson of Ohio and Lenabea Tribble of Ohio and 8 grandchildren. He was preceded in death by his wife, Ella Bullen Mullins.

Funeral services were held Saturday afternoon, September 22 at Wray Funeral Home in Berea with burial in the Berea Cemetery. Rev. Howard Kelley officiated.

"SAFETY COURSES"

(Cont. From Front)

Both classes will begin at 8 a.m. at the Hafer Nursing Building and will be ending at 4 p.m.

Persons interested in saving the life of a friend or loved one in an emergency may call the American Red Cross Office, 986-4221. The office has 24 hour coverage.

"HOMECOMING"

(Cont. From Front)

McHargue, treasurer. The theme for the evening was "Mt. Vernon High School: The Heart of Kentucky." The colors used were red and white.

Tables were beautifully decorated in red and white with red carnations and place cards

with a crocheted heart and a map of Kentucky were made by Mrs. Jones. The Carnations went to the ones with marked place cards.

The lovely back-drop, behind the speaker's table, was a giant enlargement of the placecards. It was designed and made by the Art Dept., Lawrence Bullock supervisor. Mrs. Betty Glovak, Home Economics teacher, and her girls did a marvelous job serving. Assisted by some high school boys. The delicious banquet was prepared by the school's cooks.

The remainder of the evening was spent visiting and picture-taking, assisted by Jim Cox.

It was a most enjoyable evening and a good time was had by all.

EXTENSION HOME ECONOMICS

By Cheryl Witt
County Extension Agent
for Home Economics

Homemade Applesauce

Canned or frozen applesauce is great to have on hand all year long. Some of the tart, crisp varieties of apples in the markets now are especially good for applesauce.

To prevent darkening during preparation of the apples, drop pieces of solution of 2 tablespoons each of salt and vinegar per gallon of water. Drain or lift from

solution. Don't let the fruit soak for more than 20 minutes, because nutrients will be lost.

For a further anti-darkening treatment, you could add ascorbic acid in crystalline form to the applesauce, or add one of the ascorbic acid mixtures available at drug store or food store. Use according to the directions.

If you like a smooth consistency, core the apples and leave the skins on. Add about 1/3 cup of water per quart of apple slices, cook until tender, and strain. Sweeten to taste, if desired.

Canned Applesauce

Heat applesauce to simmering and stir to keep it from sticking. Pack into jars, allowing 1/4 inch headspace. Process in boiling-water-bath canner. Allow 10 minutes processing time for either pints or quarts.

"Weight Watchers"

(Cont. From A9)

stroke by finding a member to sponsor. For more information or donations call Danna Bowles, lecturer at 256-5496 or 256-4078.

On behalf of Weight Watchers and the American Heart Association, we thank you for your help. Come join our class and be a part of Quick Start with heart while you lose those unwanted pounds. October 15 will be open house with a special guest, Mrs. Norma Emory from Louisville. We'd like to share with you what happens at our weekly meetings which is class every Monday night at 6 p.m. at the Production Credit Association Building.

As soon as you remove jars from canner, complete seals if necessary. When jars have cooled, test for a tight seal before storing in a cool dark place.

Frozen Applesauce

Set pan of cooked applesauce in a container on sink of cold water to cool it down before packing into moisture-vapor-proof freezer containers. When the applesauce temperature is cool, pack into containers, leaving about 1/2 inch headspace to allow for expansion during freezing. Seal, label, and freeze immediately.

Use only approved freezing containers for freezer storage of applesauce or other foods. Regular glass jars crack much too easily, allowing for the danger of glass slivers getting into the food. Instead, use a rigid plastic container or wide-mouth food preserver jar.

1st annual Livingston homecoming this weekend

The City of Livingston is planning its first ever homecoming. Recently appointed Mayor of Livingston Bro. Billy Medley announced last week that the homecoming would be a three day event.

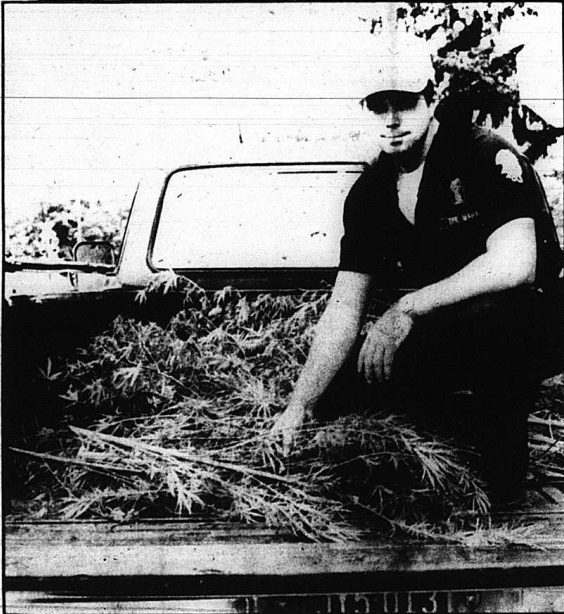

Scheduled to start this Friday at 7 p.m. in the Livingston school gymnasium the event will run through Sunday when everyone will be treated to a pot luck dinner. The dinner will cost \$2.00 per plate.

Friday night's events will include a gospel singing that will feature the Chapelaires, the Gospel Chimes and the Leonard Carr Family.

On Saturday the days events will begin at 10 a.m. and will include drawings for free gifts, which were donated by local businesses, a dunking booth, sponsored by the Livingston Lions Club, flea markets, handmade crafts, raffles, a "Beautiful Baby" contest, food, cold drinks, hot coffee and much more.

Also on Saturday musical entertainment will be provided by two live bands. Overdrive and Dora Wager's Homebrew Holler String Band.

Cont.

Kentucky State Trooper Shane Mahan is shown in the above photo with the 59 marijuana plants that state police confiscated during a raid at Chestnut Ridge, Monday. (Story can be found elsewhere on front page.)

Local men arrested at Chestnut Ridge for producing marijuana plants

Two Rockcastle County men have been arrested and charged with producing marijuana.

Clarence "Bearcat" Kirby and Brent Kirby were lodged in the Rockcastle County Jail last Monday, after police found marijuana growing near Brent Kirby's residence on Chestnut Ridge Road.

State Police Detective William Stewart said Monday that three different patches of marijuana were found, totaling 59 plants.

Stewart said the raid was made following a report to state police headquarters at London about the marijuana.

The plants were in patches of 52, 4 and 3. Brent Kirby was charged with producing the 3 plants; "Bearcat" Kirby with the 4 plants and Stewart said, indictments would be sought before the Grand Jury for the 52 plant patch. In addition, "Bearcat" Kirby was charged with receiving stolen property after a high-powered rifle was found at his residence which had been stolen.

Stewart said the marijuana, which the police destroyed, was valued at over \$800 a plant.

making the total amount of marijuana confiscated worth over \$41,000.

Both men filled \$1,000 bonds Tuesday in District Court and they were released pending other proceedings next month.

Other officers assisting in the raid besides Stewart were: Tpr. Shane Mahan, Det. Ernie Boggs, and Tpr. Nick Hensley.

Collins promotes "town forums" on education

Gov. Martha Layne Collins, surrounded by representatives from most of the state's education interest groups, expressed her full support for the "town forums" on education reform, scheduled for Nov. 15 at 7:30 p.m. (local time) in most counties throughout the state. (Indications are that such a meeting will be held in Rockcastle County but plans are not firmned up at this time.)

"The key to improving education in Kentucky will come from the local level," she said. "We must have local support."

The governor said that she planned to take an active part in the forums and, in a show of unity, joined the state Superintendent of Public Instruction Alice McDonald and education reform advocate Edward F. Prichard, Jr. in plans to open the local meetings with introductory remarks carried on Kentucky Educational Television. Prichard is chairman of a citizens panel, the Prichard Committee for Academic Excellence, which organized the town forums.

The purpose of the forums, according to Prichard, is to get the views of ordinary citizens and to generate grass-roots support for the school reform proposals to be offered by state panels later in the year.

Gov. Collins, who plans to attend one of the forums after appearing on the KET opening session, lauded the cooperative efforts of the various educational groups and her own continued efforts to help.

Collins said, "I get asked frequently, are you still working on education? I just want to assure you, we are still working on education... and we are working together."

Prichard acknowledged the governor for the "leadership and the inspiration that you're giving us all, pulling us all together." Mrs. McDonald also noted that "Unity is critical to moving education ahead," pointed out that all the groups are working toward the same goals - improvement of Kentucky's education system.

At the press conference, the governor also announced plans for an October 9 dinner at which Texas Gov. Mark White is scheduled to speak to Kentucky's various educational reform cont.

Students at Livingston had best attendance record for 1983-84

By Richard Anderkin

Students at Roundstone Elementary School may not be learning more than other children in the Rockcastle County school system, but, according to the Annual Performance Report, prepared by the Rockcastle County Board of Education this week, it certainly looks that way.

According to the report, Roundstone students scored better last year on the comprehensive test of basic skills, given to each student in the third, fifth, seventh and tenth grades. Each class at Roundstone scored much better than the national average and much higher than was anticipated by local school officials.

Test results for each school in the county, as well as retention rates, drop-out figures, holding power, average scores, special education enrollment, economic deprivation information, and vocational education were among the many areas covered by the Annual Performance Report, which the local board is now being required, by law, to submit each year for publication in the local newspaper by October 1st.

The areas students were tested in included: reading, math, language, spelling and reference skills and district-wide test scores were above the national average, except in the 10th grade where the average score was almost 10 points below the national average, according to the report.

District-wide test results were as follows: third grade, 64.1; fifth grade, 52.6; seventh grade, 51.1

September has been dry month

The month of September has been dry, very dry. So far this month only 1.13 inches of rain has fell and since September 15th only 22/100's of rain has fell in the county, according to local weatherman Bud Cox.

Cox said that this September had been one of the driest on record. "September's are suppose to be dry, but what we are experiencing now is much more than just normal," he said, "this is drought conditions."

and 10th grade, 41.7 with the national average being 50, according to the report. Brodhead Elementary School students also tested higher than the national average in each grade with the third grade doing better than the other two grades with a score of 66. The fifth grade scored 57, and the seventh grade scored 51.

Livingston Elementary School students in the third grade scored higher than any other third grade in the county with a 78 but the fifth grade, with a score of 41, and the seventh grade class, which also scored 41, did not fare so well. Third graders at MVES had a score of 59, fifth graders scored 49 and seventh graders 47.

In keeping with traditions of the past, the Rockcastle County High School students scored lower on the test than any of the grade schools in the county, except for

the fifth grade and seventh grade class at Livingston. High school students scored 41.7, according to the report which showed a trend of declining test scores as students get older.

"This is a national trend and not just in our school system," said Rockcastle County curriculum director Elge Towery. "As the students get older, they achieve less, it is a known fact."

Seniors at RCHS who took the ACT test in 1983 scored lower than the national average of 17.4, with an average of 15.71, according to the report which showed that 30.21% of the graduating class at RCHS took the test. The test must be taken before any student can enter college.

More students were held back in the first grade than any other grade in the district in 1983 but, according to Towery, this is also commonplace across the nation. "Most educators feel that the first grade is the most important grade for children and if a student has not accomplished what teachers feel they should have to go on, they are held back," Towery said. Of the 179 students held back in

the Rockcastle County school system, 48 of them were first graders, according to the report. Mt. Vernon Elementary School held back a bigger percentage of their first graders with 25 retentions out of 101 students enrolled. Brodhead had 13 first graders, out of 78, held back while Livingston retained 7 of 30. Roundstone had the lowest retention rate, holding back only two students out of a total of 51 enrolled.

Roundstone had the fewest number of retentions per school in the county and Towery was asked if the fact that Roundstone were less crowded than any other school, except for Livingston, and the fact that they had fewer students held back had anything to do with the better test scores in the school. "I would not want to say anything about that right now," Towery said. "I have only been working with curriculum a short time and would rather wait until I have more information about these scores to say what might have caused the better or worse scores in the schools."

More students drop-out of

"Ole Lamp Lighter Festival" is Thursday night in Mt. Vernon

Free entertainment, contests, costumes, golf cart rides for children, window displays, clowns vying for prizes and more. It's all at the Ole Lamp Lighter Festival Thursday, September 27th on Mt. Vernon's main street. The reason behind all the activities is the "turning on" of the new street lights on main street.

The new lights are a part of the City Revitalization Project sponsored by the city council and the Mt. Vernon Local Development Corporation.

Other visible work completed by the city and L.D.C. is the new side walks, main street trees, brick steps by the Mt. Vernon Signal building,

and Norton Insurance and the new handicapped ramp by Hiatt's 5 & 10.

Activities during the Ole Lamp Lighter Festival will include a concert by the Rockcastle County High School Band, a demonstration and show by the local Karate club, Strolling Minstrels of the Rockcastle County of the Arts, Clown contest for children with three prizes for best costumes, costume contest for adults.

A voter registration table sponsored by the local republican club, displays by the Rockcastle County Historical Society and the Local Development corp, a cake sale by the Brodhead P.T.A., a table set up by the Mt. Vernon P.T.A. with two prizes to be

drawn for those who join the P.T.A. group. The boy scouts and cub scouts are planning displays while the Mt. Vernon Lions Club will collect used eye glasses for charity programs as well as auctioning a basketball signed by all of the U.K. basketball players. Two other groups are planning free entertainment.

Mayor Roland Mullins will officially turn on the new street lights at 7:30 and winners of various contest will be announced after this part of the program.

Country Charlie Napier will be the announcer and Mrs. Karen King, President of the Mt. Vernon Business and Professional Association will award prizes.

AWARD OF EXCELLENCE-- Claude Mike Hancock of Eubank received a certificate and congratulations from Alice McDonald, Superintendent of Public Instruction, and James Ratcliffe, State Board of Education Chairman, at an Awards of Excellence in

Vocational Educational Luncheon September 11 in Frankfort. Hancock was honored as a finalist in the outstanding teacher category. He teaches Adult Agriculture (sheep production) at the Harry Sparks AVEC.

Jehovah Witnesses to gather at Danville High School this week end

An estimated 800 Jehovah's Witnesses from congregations across central Kentucky will be gathering at Danville High School

Vote For Kenneth Adams School Board Member 5th District

I pledge my continued commitment for a good school system. I am proud of the accomplishments we have made in the past by working together. I will continue to fairly and honestly represent the citizens of the 5th School District. Your support for my re-election will be appreciated.

Absolute Auction

of
Mr. and Mrs. Keith Rigsby's Antiques & Personal Property Tuesday, Oct. 2, 1984 1:30 p.m.

LOCATION: Main Street, Brodhead, Ky.

"That discourse deals with the true meaning of 'Armageddon' showing it is not a nuclear war between nations, or a local crisis among peoples. 'Armageddon is brought on by Jehovah God using angelic forces to destroy and remove. This present worldly scene will leave behind a planet that faithful survivors can turn into paradise that will never end. The war of Armageddon will close a door to an old system, but will open a door to a wonderful future. We are standing at the very brink of this most colossal event in human history. God-fearing persons must act without delay," Manfredi asserted.

Rarkes said that Watchtower convention delegates have credited the hospitality shown them by the residents of Danville and Boyle County in the past and would like to return the favor by inviting all local citizens to join them at the convention site.

As with all meetings of Jehovah's Witnesses, seats are free and no collection will be taken.

Sept. 30th is last day to apply for crop insurance from FCIC

September 30 is the last day to apply for Crop Insurance for barley and wheat in Rockcastle County. Crop insurance covers unavoidable loss of production resulting from adverse weather conditions, disease, insects, or fire.

"Many farmers are not aware of the newest changes in the Federal Crop Insurance program," says Richard Derringer, District Director for the Federal Crop Insurance Corporation. The Federal Crop Insurance Corporation is an agency of the U.S. Department of Agriculture.

"Today's crop insurance can be tailor-made to meet protection needs against adverse-growing conditions for a variety of individual farmers." "By choosing Crop Insurance protection, farmers may close the gap between planting and harvest by minimizing problems which prevent completion of a successful growing season," says Derringer. "As many area farmers remember, the widespread crop disasters of 1983 drive home the need for greater risk protection. Now marketed through private insurance agents and companies, the Crop Insurance program has been renovated to be more responsive to the needs of today's farmers. Insurance needs can be tailored to meet a specific financial obligation, allowing the

producer to repay loans or cover out-of-pocket expenses," says Derringer. For more information about the program, producers should contact an authorized Crop Insurance agent. To select an agent, producers should check the list of agents available at their county ASCS office. Applications must be made no later than September 30. **Our apologies** Due to production problems the last two weeks, we have been unable to print recent scout pictures brought to us. We regret this and promise these photos and stories will be in next week's Signal.

Real Estate For Sale

Elegance-Prestigious Location-5 Bedrooms-3 Baths-2 Acres, more or less. This beautifully decorated, split-level home of brick and aluminum siding also has an entrance foyer leading to formal living and dining rooms, kitchen with cabinets, range, refrigerator, dishwasher & compactor, family room with fireplace and insert, master bedroom suite with private balcony, custom-made draperies with matching spreads throughout, utility area complete with washer & dryer, bath, central air conditioning, 2 patios, walks, blacktop circle drive, 1-car garage and numerous other impressive features. Mr. and Mrs. J.R. Blanton and

Rodney visited Mr. and Mrs. Carol Blanton Sr. Sunday afternoon.

Mrs. Irene Stephens of Gas City, Indiana and Robert L. Coffey of Richmond, Indiana are here due

Roberts celebrate fiftieth

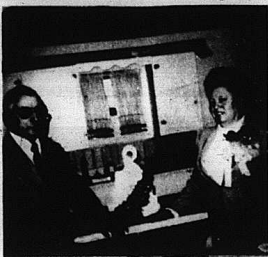

Mr. and Mrs. William Roberts, of the Barnett Road, celebrated their 50th wedding anniversary Sunday with a cook-out at their home.

Those attending were: Glen and Virginia Roberts of Brodhead, Jeffrey and Cheryl Roberts, Stanley and Joyce Roberts and Kenneth Roberts, all of Somerset; Rose Ann Abney and Alan of Nicholasville; Bill Ram-

sey, Chester and Linda Horn and children, Darroll and Ashley, Carol Ervin and girls, Jenny and Jay, all of Lexington.

Mr. and Mrs. Roberts were married September 15, 1934 at Mt. Vernon. They have two children, 7 grandchildren and 6 great grandchildren.

Lots of lovely gifts and beautiful flowers were received.

Mr. and Mrs. William Owens, Jr.

Mr. and Mrs. Owens celebrate 40th anniversary with repeat of vows

The 40th Anniversary of William Owens, Jr., and wife, Lucille, was celebrated Friday, September 21, 1984 at 7 p.m. with a repeat of their wedding vows at the Mt. Vernon Church of God.

Their son, Rev. Bob Owens, performed the service.

Mrs. Owens is the daughter of the late T.J. Wise of Livingston. Mrs. Gladys Ponder of DeLand, Florida, Mrs. Owens' maid-of-honor 40 years ago, served again as maid-of-honor. Best man was James Hays of Mt. Vernon, a long time family friend. Ring bearers were Jason and Jonathan Alexander (grandsons) and Mil-

lard Rowe of Mt. Vernon gave the bride away. Ushers were Anthony and David Owens (grandsons).

Attending the wedding were Mrs. Owens' mother and three sisters of London. The Owens have one daughter, Brenda, and she and her husband also attended the wedding, along with a host of friends.

Mr. Owens is the son of Crittad Mae Ponder.

The couple's wedding cake was baked by their daughter and refreshments were served in the Fellowship Hall of the church. The couple received a number of nice gifts.

Mrs. Sallie Hale and Mr. and Mrs. George Burton visited Mr. and Mrs. Gravelly Burton Sunday afternoon.

Robert Henderson of Somerset visited his mother Mrs. Lona Logsdon Sunday afternoon.

Sympathy is extended to the families of William A. Payne, Mrs. Alma Moore, Mrs. Nettie C. Southard and Edward R. Riley in their time of sorrow.

Mr. and Mrs. Gravelly Burton visited Mr. and Mrs. Oliver Abney awhile Monday. Mr. and Mrs. Robert Barron and family of Paris, Mr. and Mrs. Edward Stephens and family, and Lee Kirby of Lexington; Mrs. Charles Holt and family of Louis-

ville; Mr. and Mrs. Raymond Kirby and family of Pine Hill spent Sunday with Mr. and Mrs. Robert Kirby.

Mr. and Mrs. Hartman Coffey of Berea and Mr. and Mrs. Cecil Dailey visited Mr. W.R. Coffey at the Rockcastle County Hospital Sunday evening.

Mrs. Mae Barron and Mrs. Lavada Souder visited Mr. and Mrs. Gravelly Burton Monday.

Mr. and Mrs. Troy Roberts of Rutledge, Tennessee visited Mr.

and Mrs. George Burton awhile Monday evening.

The first city to be illuminated by gas lights was Baltimore, in 1817.

Looking for Pearls?

Do you like pearls? I read of a man who really like them. He accumulated a lot of them - but he saw one that was so precious he thought he must sell everyone he had to get that one single, solitary pearl! To him it was something! There had never been anything to equal it, though there were many other pearls he knew to be valuable. You remember - Jesus told the story: "Again, the kingdom of heaven is like unto a merchant man, seeking goodly pearls: Who, when he had found one pearl of great price, went and sold all that he had, and bought it." (Matt. 13:45-46). He said this is the way we should view the kingdom of Heaven.

Though there are some pretty sorry things in the world, there are still a lot of good things. Too many organizations do worlds of good; beautiful things are there for you to see; great literature and music abound - but among all the good you must still choose the best! Beyond knowledge, greater than art, exceeding humanitarianism, is still the excellency of Christ and His church. A man may acquire hosts of good things, but earth's goods cannot satisfy the soul's quest. It is all at ease until it rests with God (Matt. 11:28-30).

There was a man searching for something. It wasn't what he thought he had - nothing - he had pearls aplenty - but he just did not have the pearl that would satisfy. During his search he found that one great treasure of life - "The pearl of great price." (The pearl of ancient times was to the people what the diamond

is to us today). Without hesitation he accepted the demands that this made, though it cost him everything he possessed. That one pearl was worth all else.

If you grasp Christ, you must take hold of Him with empty hands. And those other little pearls have to be put in the proper place in the pursuit of the one great pearl that can warm your heart.

This glorious jewel is in the reach of all - it really does not have a price tag on it. Some will have to give up more than others, but it is within the price range of everybody.

Do you love God and His way like that? If so, you have found something more precious even than life itself, and more durable than time. God bless you for the wisdom you have employed in your search.

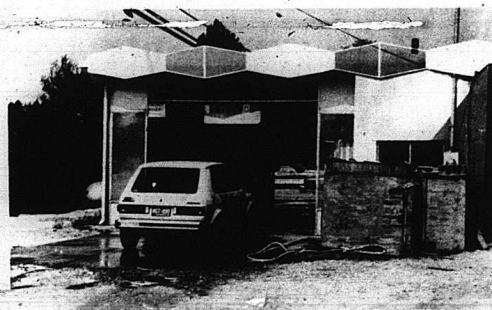

The world has many kinds of religions. One must study the Bible so he will be able to recognize the true church when he finds it, because many religions are counterfeit. The pearl of salvation is not subject to the fluctuation of stock markets. It is as cheap now as it will ever be.

As the gospel of Christ and his love (Mt. 15:15, 16; Acts 2:38), then you can joyfully say, "My search is over. I have found the pearl of great price!"

Mt. Vernon, Ky. 40456
Address

Sealed bids for furnishing and installing a 250 horse power turbine pump in the clearwell of the City of Mt. Vernon City Hall, which is on Richmond Street next to the fire station and near the railroad until

Bids will be received at the Mt. Vernon City Hall, which is on Richmond Street next to the fire station and near the railroad until

October 8, 1984 7:30 p.m. EST

and then publicly opened and read aloud.

THE CONTRACT DOCUMENTS, consisting of Advertisement for Bids, Information for Bidders, Bid, Bid Bond, Agreement, Payment Bond, Performance Bond, Notice of Award, Notice to Proceed, Change Order, General Conditions, Supplemental General Conditions, Drawings, Specifications and Addenda may be examined at the following locations:

- Mt. Vernon City Hall, Richmond St., Mt. Vernon, Ky. 40456
- Dodge Reports, 180 Moore Drive, Suite 203, Lexington, Ky. 40503
- Dodge Reports, 3715 Bardstown Road, Louisville, Ky. 40218
- Crawford & Crawford Engineers, P.O. Box 457, Burnside, Ky. 42519

Copies of the Contract Documents may be obtained at the office of Crawford & Crawford Engineers, Inc., Corner E. Lakeshore Drive and Maple Avenue, Burnside KY 42519 upon payment of \$50.00. Any Bidder, upon returning the Contract Documents promptly and in good condition, will be refunded his payment, and any non-bidder, upon so returning the Contract Documents will be refunded \$25.00.

Each Bidder must accompany his bid with a Bid Bond in amount of not less than five (5) percent of the base bid. No Bidder may withdraw his bid for a period of 90 days. The Bidder awarded the contract shall execute a 100 percent Payment Bond and shall furnish insurance as required in ART. 21, General Conditions. Contracts shall be completed within 180 calendar days after date of delivery of pump. Liquidated damages will be \$100 per calendar day.

Bidders must comply with the President's Executive Order Nos. 11246 and 11375, which prohibit discrimination in employment regarding race, creed, color, sex, or national origin. Bidders must comply with Title VI of the Civil Rights Act of 1964; the Anti-Kickback Act, and the Contract Work Hours Standard Act. Bidders must certify that they do not, and will not, maintain or provide for their employees any facilities that are segregated on a basis of race, color, creed, or national origin. Any bid that is obviously unbalanced may be rejected. The City of Mt. Vernon reserves the right to reject any and all bids and waive informalities.

Around Brodhead

By Mary McWhorter

Well, finally here comes a little Brodhead news again, with the help of my friend, Brenda Bradley who is doing a fine job taking care of me in day time and my daughter Pat Pruitt with me at night since I came home from the Central Baptist Hospital September 13th after having open heart surgery on the 6th of September. I won't get to be out for awhile yet, but am recuperating well. I sure miss seeing everyone and want to thank all who prayed for me and sent cards, flowers and food. Also ones who called and visitors at the hospital and home which sure does help so much. The recuperating period was what I dreaded more than the operation itself.

Mr. and Mrs. Marshall McKinney, Dwayne and Tammie were in Lexington one day last week for Tammy's dentist appointment.

Mrs. Judy Walker and Mrs. Maggie Fletcher visited Jack and Virginia Fletcher and sister Mrs. Grace Gill Friday. Judy also visited Mrs. Mary McWhorter, Mrs. Alene Parrett and grandson Devin and Mr. and Mrs. Walter Dean.

Mrs. Ruth Shivel was in Danville for a check-up on her pacemaker. The doctor says she is doing so well she could come home

and play football.

Mrs. Reva McHargue of Dayton, Ohio was a recent visitor of Mr. and Mrs. H.C. Anglin, Jr.

Mrs. Ruth Bussell is home for a week from Mason, Ohio, where she has been taking care of her mother, Mrs. Winnie Bryant.

Late Sunday afternoon visitors of Mr. and Mrs. Joe Bussell were: Mr. and Mrs. Billy Allen Bussell of Harrodsburg and his aunt, Mrs. Sarah Stewart of Franklin, Oh.

Visitors of Jim and Debbie Gregory and their family were, Mr. and Mrs. Harold Carmichael and children of Loveland, Ohio.

Mr. and Mrs. Joe Bussell attended the Homecoming at Maple Grove Baptist Church Sunday morning and had dinner with the group.

Mrs. Martha Owens was in Lexington Monday for a check-up from her hip operation and graduated from crutches to a cane for which she is very thankful.

Mrs. Jean Albright spent from Friday to Sunday in the Ephraim McDowell Hospital in Danville due to severe muscle spasms and is now recuperating fair at home.

Mrs. Ruth Bussell met Ernest Robbins and Mrs. Myrtle Barger to Lexington Sunday evening to visit Mrs. Ruth Robbins at the Central Baptist Hospital.

Mr. and Mrs. H.C. Anglin, Jr. and Dr. and Mrs. Keith Kuhne recently visited in Bakersville, North Carolina, also Mr. and Mrs. Terry Robbins, Robby and Veronica of Fayetteville, Nyrth Carolina joined them.

Mrs. Ruby Adams and daughter Showa of Texas stopped by for a short visit with her mother-in-law Mrs. Bertha Adams. They were here due to the serious illness of her uncle who lives in Nicholasville.

Linda Brandy and Bertha Adams were Sunday dinner guests of Mary Adams and they visited Mrs. Lula Bussell.

Sunday afternoon visitors of Mr. and Mrs. Dee Bussell were: Mrs. Jenny Bussell, Kristi and Ashley of Somerset; Mr. and Mrs. Jim Bussell, Angie, J.D. and Derrick and Mrs. Lulu Bussell.

Bob Laws of West Liberty, Ky. is spending a few days with his mother Mrs. Fannie Laws Albright this week.

Ronnie, Brandy and Bertha Adams were in Mt. Vernon Thursday on business.

Recent visitors of Mrs. Fanny Albright were: Mrs. Ruby McWilliams, Mrs. Oakley Hammons, Mrs. Maggie Herrin, Mrs. June Latham, Mr. Bruce Latham, Mr. and Mrs. R.G. Whitaker, Mrs. Joy Reynolds and son Jeremy, Mrs. Mabel Taylor, Don Latham, Brent Latham, Steve Burton and Mr. and Mrs. Ben Belcher of Cincinnati, Ohio.

Weekend visitors of Lawrence Monk were: Mrs. Ernestine

Hampton and daughter, Mrs. Judy and children, Patrick and Lora of Lockland, Ohio.

Mrs. Sue Cox, Mrs. Lauviece Monk, Mrs. Gladys Roberts, Mr. and Mrs. Craig Holman, Mrs. and Mrs. Buddy Hawkins, Cari and Micheal all visited Mr. and Mrs. Tom Holman and family in Lebanon Junction last Sunday.

Mrs. Carolyn McKinney and her mother Mrs. Bertha Adams had dinner at Blondell's Cafe Saturday.

Our deepest sympathies go to the Simpson and Jones family in the death of Mrs. Mary Jones Simpson.

Weekend visitors of Mrs. Maggie Fletcher and Audrey were: Mr. and Mrs. Clarence Fletcher of Vandalia, Ohio, and daughters Melissa Fletcher of Dayton, Ohio, Mrs. Pam Lostutter and sons Matt and Nick of Brookville, Ohio; Mr. and Mrs. Charles Fletcher of Brodhead; Mr.

and Mrs. William Walker and Traci of Springboro, Ohio; Mr. and Mrs. Edid Aicora and Tricia of Berea; Mr. and Mrs. Kevin Fletcher, Kristy and Jason of Mt. Vernon. They were all here to help celebrate Mrs. Fletcher's 82nd birthday. All enjoyed a beautiful dinner and a delicious birthday cake. We wish her many more.

Mrs. Lula Bussell spent some time recently in Ohio visiting with her sisters and other relatives; Mrs. Lucy Buffenbarger, Mr. and Mrs. Robert Moore, Dorothy Thorton, Mrs. Eleanor Wyszong, Mr. and Mrs. Everett Brub, also she visited some old neighbors in Blue Ash, Ohio; Mr. and Mrs. Herbert Maupin, her daughters, Mrs. Janet Bowman and family, Mrs. Geraldine Glass and family, Mr. and Mrs. Eddy Durham and Stephen.

A cookout Sunday at the home of Mr. and Mrs. Monroe Renner's

Rollers with a 2,455; second were the Alley Cats with a 2,437 and the Wildcats took third with a 2,408. High team game went to the Alley Cats with an 881. Hi Rollers had an 864 and the Wildcats were third with an 846.

High men series went to James Noe with a 552; Bill Reynolds had a 540 and Jamie Noe a 538. High men's game was a tie between James Noe and Russell Houk with a 212, each and Bill Reynolds had a 205.

High women's series was taken by Evelyn Mullins with a 499. Louise Carter had a 482 and Linda Carter a 466. High women's

Bowling News

The Rockcastle Mixed Bowling League began its regular season Thursday night, September 13.

There are 10 teams in the league this year. They are: Alley Cats - Louise, Clarence, Linda and Larry Carter. NAPA - James and Lois Noe and Bill and Millie Reynolds. Jets - Jackie Cummins, Kim Boggs, Virginia and Roy Winstead. Born Losers - Denny and Carol McGuire, Evelyn Mullins and Jim Crooner. Wildcats - Jamie and Donna Noe, Jim Reynolds and Waveline Mullins. Hi Rollers - John and Jeannine

Parsons, Jamie Anderkin and Jack Noe. A-Team - Dale and Laverne Winstead and Jack and Judy Lawless. Four "H's" - Russell and Norma Houk and Terrell and Joyce Houk. Pensol Pac - David and Kelly Pensol, Pam Pensol and Harvey Pensol and Low Rollers - Henry and Mary Ann Vanzant and Terry and Karen Moran.

After two weeks of play, the Wildcats and Pensol Pac are tied for first with 6 wins and 2 losses each and the Four "H's" are in second at 5 and 3.

Thursday night, Sept. 20th, high team series went to the Hi

Sharon Diane Simpson graduated from the Danville School of Practical Nursing on Sept. 13, 1984. Ms. Simpson is the daughter of Faye Ledford of Brodhead and the late Roy B. Ledford. She has 2 children, Jacqueline Faye and Michael Kevin Simpson.

ESTATE Auction

of The Late Mr. Raymond Poynter's HOUSE and 6 ACRE FARM

Personal Property and Tools

Saturday, September 29th, 1984, — 10:30 A.M. near Crab Orchard, Ky.

LOCATION: Approximately 5 miles south of Crab Orchard on the Chappel Gap Road. Turn off Highway 150 in Crab Orchard at City Hall onto Elm Street and follow auction signs to the auction.

In order to settle the estate of the late Mr. Poynter, Mrs. Ruby Poynter has authorized our firm to sell for the absolute high dollar this highly desirable brick home and 6 acres along with personal property and tools.

This lovely brick home has 2 bedrooms, living room, a room that could be utilized either as a bedroom or a living room, kitchen with range, oven, and all built-in cabinets, large family room and bath. It has hardwood floors throughout with exception of family room. The family room has wall to wall carpet, exposed beams, and is paneled. In addition, the house has a full basement with outside entrance, storm doors and windows, washer/dryer hookup, baseboard electric heat, full insulation, and ample closet space. The house is in excellent condition. Water to the house is provided by cistern and well.

The property contains 6 acres, more or less, all of which is tillable crop land and fronts on the Chappel Gap Road and Brock Lane. Basic tobacco allotment is 354 lbs. There is also an orchard and grape arbor.

Other improvements include a small storage building and machinery shed.

The following is a partial list of the personal property that will be selling: Homesteader wood burning stove; 18,000 BTU Hot Point air conditioner; 2 barrel chairs with ottoman; 1 barrel lamp; naugahide hide-a-bed; old small drop-leaf table with 3 chairs; wooden breakfast set with 4 chairs; Admiral gas range; cot; Truetone black & white TV; naugahide recliner; small chest type International deep freezer; 3 electric fans; fireplace screen; odd and end pictures; 5 gallon cream can, good condition; 2 piece Double Waterfall bedroom suite; 2 baskets; Comfort Air air conditioner; naugahide rocker; Kenmore air conditioner; 2 end tables; room divider book shelf; RCA color TV; needs repair; gun rack; 2 odd chairs; magazine rack; and potted flowers of all kinds.

Also: 2 old small picture frames; homemade quilt storage cabinet; old books; old electrified lamp; kitchen utility cabinets; small kitchen appliances; kitchen utensils; miscellaneous dishes and cookware; cast iron bean kettle; cast iron skillet; bird bath; swing and swingset; several 8" concrete blocks; picnic table; lawn chairs; aluminum kettle, 2 small cast iron stoves; and old luggage rack for car.

Tools: Sears sabre saw, like new; Remington electric chain saw; skill chain saw; Poulan chain saw, good working order; iron shoe lasp; Briggs & Stratton rotary tiller; 4 metal barrels; garden spray; heavy duty extension cord; Ferguson hydraulic jack; Black & Decker 3/8 in. drill; socket sets; hand tools of all description; Craftsman 7 HP riding mower; Atlas power lawn mower; gas furnace for mobile home; miscellaneous aluminum siding; storm windows for mobile home; mobile home shutters; iron porch railing; Wisconsin air-cooled pump; bench grinder motor; boxes of ceramic tile; miscellaneous lawn mower parts; tree trimmers; pulley; metal fence post; sewer line pump; and garden tools of all description.

TERMS: 20% down day of sale, balance within 30 days with delivery of deed on real estate and Cash or good check day of sale on personal property.

HARVEST TIME

Agriculture is an important industry in the United States. Across the country farmers are bringing their products to market... fresh vegetables, fruit, healthy livestock and wholesome milk. All phases of farming, like any other business, stands a better chance of success with sound financial guidance. Over the years, area farmers have discovered they could count on our support, as agribusiness is an integral part of our community.

We appreciate our customers' patience during our remodeling effort.

Rockets suffer 5th loss of the season lose to Wayne County Saturday night 46 - 15

The Wayne Co. Cardinals proved too strong for the Rockets Saturday night as they defeated the Rockets 46-15 in a game for which the tone was set in the first quarter.

Because Wayne County is in the central time zone, there was a mix-up on game time and most of the Rockcastle fans arrived late in the first quarter to find their team already behind 12-0.

The Cardinals scored on a 50 yard run on their first series and then returned a Rockets' punt 80 yards for their second score of the quarter. Both extra point attempts failed.

The Rockets lost the services of senior lineman Tim Roberts early in the second quarter, due to a knee injury, and a little later, runner back Jeff Bullock had to call it quits for the night because of an ankle injury.

The Rockets first score of the game came early in the second quarter when they began their drive from the 50.

Bullock carried the ball 5 times on the drive and two offsidies against the Cardinals and a 9 yard pick up by senior Garry Fain put the Rockets on the Cardinals' 1/2 yard line.

Quarterback Troy Taylor then showed the ball over for the score behind center Troy Williams. Williams' younger brother, Chad, a freshman, was called on after Bullock's injury to fill in in the backfield, along with senior Mike Bryant, and both excited the Rockets' fans, several times with some hard nosed running.

Following the TD, Taylor, in his usual barefoot style, kicked the point after successfully and the Rockets were as close as they

would get during the game at 12-7.

However, Taylor had to change his kicking style at that point because the Wayne County coach protested to the referee that "shoes are required equipment," and he was upheld in his protest. The referees allowed the point to stay on the scoreboard but Taylor was required to use both shoes for his kicking game the rest of the night.

Wayne County scored on their next possession, on a series of good running plays and a pass from the Rockets' 19. The point after touchdown was no good but the Cardinals led 18-7.

Following the Cardinals' kick-off, the Rockets had to begin their drive on their own 7. Williams picked up 2 yards and Fain 3 but Williams was held for no gain on 3rd and 5 and the Rockets had to punt. Disaster struck and Steve Estes' punt was blocked into the end zone. Mike Bryant managed to recover the ball and return it to the 8 where Wayne County began their drive for their last score of the second half.

The Cardinals passed on their first play and it was good for the score but Wayne County was called for illegal motion and the ball was brought back to the 13. Wayne just put the ball in the air again and the score was good this time. The Cardinals then got the two extra points and, at half-time, it was 26-7.

The Rockets had to kick-off at the beginning of the second half and Charlie Bullen got the runner on the 5 yard line. However, Wayne County put the ball in the

air 6 out of 8 times on this drive and the last pass was good for the touchdown from the Rockets' 32 yard line. The PAT was also good and Wayne Co. was ahead 34-7. (Cont. to 15)

Rockcastle junior pass receiver Brian McGuire; however, the Lee Duncan is brought down on Rockets failed to score on the 6 yard line following a 57 yard possession. Pass from sophomore quarterback

Sports In Kentucky

Zany. The best word to describe what happened in college football last weekend. While Kentucky struggled to beat Tulane (0-3), three Top 20 teams got blitzed and two others were upset.

No. 1 Nebraska ripped No. 8 UCLA, 42-3; No. 4 Miami was dominated by Florida State, 38-3; No. 14 Iowa lost to No. 5 Ohio State, 45-28. Only No. 2 Clemson "made it close," losing to No. 20 Georgia, 26-23 and No. 16 West Virginia was upset by Maryland, 20-17.

And Tennessee was tied 24-24 by Army in Knoxville. A few weeks ago the Cadets were listed among *Penthouse Magazine's* "worst 20" college teams.

Good things While Kentucky struggled against Tulane, some good things came out of Saturday's show in New Orleans.

First, UK managed to win while playing rather poorly.

Second, Jerry Claiborne's club demonstrated to a regional television audience — presumably including a few bowl scouts — that it has "the chemistry" bowl game promoters can crowd about.

• An exciting offense featuring "thrower" Bill Handsett and a good variety of pass catchers.

• A solid rushing attack with George Adams and Mark Logan.

• And an "outmanned" defense that works hard, and plays smart, exciting football and capitalizes on its breaks. Examples: recovering a punt for touchdown when the Tulane receiver falls down... Paul Calhoun's two interceptions that aborted two TD threats by Tulane.

These are ingredients in a formula that usually means lots of points on the scoreboard and that helps ticket sales at bowl time.

I'm wagering that lots of bowl scouts will begin a Wildcat watch and be (secretly) hoping UK "stays healthy."

Certainly it is premature, but already the Wildcats are "three victories" away from a bowl bid game plan. I'm still betting on the Peach.

Reflections... Before the season began I suggested UK would win some games by "outsourcing" its opponents and that's what happened Saturday. UK's defense "bent" for 26 points, the offense scored 24, the other six came when defensive end Matt Stein recovered a Tulane mistake in the end zone for a touchdown.

UK comes to its Open Date right where it hoped to be, unbeaten and not too badly beaten up.

Basketball While the Wildcats football team

is enjoying itself, news from the basketball front is never far from center stage. And, if one is a devout UK fan or your name is Joe B. Hall, the news may not be so good.

According to a 1984-85 preseason report from talent scout Bob Gibbons of Lenoir, N.C., UK (ranked 13th among the Top 50 college teams) will play 11 of Gibbons' top 30 teams 18 times (SEC foes twice each) this winter.

Before the conference schedule begins "on the road" against No. 28 Purdue, No. 5 Indiana, No. 2 Louisville and No. 21 Kansas. At home the Wildcats face No. 8 SMU and No. 7 North Carolina State. And that's all before the conference schedule.

Other SEC teams ranked by Gibbons are: 17th, Auburn 31st, Tennessee 41st, Florida 44th and Georgia tied for No. 50.

Comment: UK ought to qualify for next season's *Tough(est) College Schedule*.

Gibbons also offers an All-American list consisting of 10 "starting fives."

The first team: Patrick Ewing, Wayne Tisdale, Keith Lee, Chris Mullin and Steve Alford. Louisville's Bill Wagner is second team, Kentucky's Kenny Walker the sixth.

Recruiting Since high school classes resumed in August college recruiters are allowed under NCAA rules to visit prep prospects this month.

High on Louisville's shopping list are 6-7 guard Tom Lewis of Santa Ana, Calif., who is being touted as the best player west of the Rockies this year; 6-8 Tony Kimbro and 5-3 Keith Williams of Seneca.

Incidentally, earlier this summer Kimbro was put among the top five high school players in America, but a new "Super Five" may have emerged — 7-0 Tito Horford from Houston, 6-10 Danny Ferry of Washington D.C., 6-8 Ben Wilson of Chicago, 6-2 Jeff Lebo of Carlisle, Pa. and "a lie" for fifth between 6-5 Kevin Madden of Staunton, Va. and 6-7 Lowell Hamilton of Chicago.

Horford was a guest at UK's football opener against Kent State.

Of course, a "Super Five" at this time of year isn't really worth the paper it's written on, but it's a place to start the "prospect watch" isn't it?

Where will the forementioned prospects go to college?

The "early line" has Horford headed to LSU or Houston; Ferry to Maryland or North Carolina; Lebo to North Carolina; Wilson to DePaul or UCLA; Madden has verbally committed to North Carolina but nothing

has been signed yet, and Hamilton is undecided.

Gibbons caused a flap with UK recruiters in Jet; who reported that Erving Thomas, a 6-8 forward from Miami and touted as the best prospect in Florida this season, had committed to Kentucky.

UK associate coach Leonard Hamilton said it wasn't so, that Thomas was still considering 12 schools. A month later Gibbons retracted his report. But, according to UK sources, "He was probably right the first time."

Quote of the week

Midway through the first quarter

"THE TEACHER"
"MS. LUCILLE!"

By Dawnreader

Away back in the Kentucky mountains. It was nineteen hundred and one. William and Martha Linville Were having some fun.

Then one cold snowy day December sixteenth. A place called Scaffold Cane She was destined to teach

She was born in the back country Her parents decided on Lucille As her given name

Growing up on a farm The animals were her toys But she wasn't alone There were four more girls and five little boys

As time went swiftly by And the little girl grew There was no doubt in her mind What she was born to do

She walked through rain and snow To the small one room school And learned very well The golden rule

Eight years of reading, writing And other things she was learning A little girl was born Inside, her soul was still yearning

She traveled sixteen rough miles By a place called Scaffold Cane To attend school for teachers Waiting tables for the tuition she had to pay

Once offered a free trip to Europe To study the world of art She refused to leave her studies That were intertwined in her heart

Ironically, her first school Where she was taught how to learn Was the same school Where she would return

Many friends and relatives That she had known before Were there the first day

of UK's 30-26 win over Tulane in New Orleans last Saturday, the Wildcats were busy trying to establish a ground game against the Greensies. When sophomore Mark Logan carried the football for only a yard on one play, Ralph Hacker, on the UK Network, came up with this analytical gem: "Tulane is definitely keying on the University of Kentucky's backfield."

If you have a question, comment or opinion you would like to share, write to Bob Watkins, Rt. 1, Glendale, Ky. 42740.

When she opened the door She taught there A couple of days or so Then the boss came one day Ms. Lucille, you gotta go

Go where she said With hardly a smile I've only been here For a little while

A new school had been built And no one was there To teach the children We need someone who cares

The new school of Little Rock After a little time Was off to a good start And doing fine

Now Ms. Lucille Had the magic touch But just one problem They had no lunch

So all the children At the teachers request Promised one item from home At least they would try their best

A pot of water on the ole coal stove So early in the day Each child dropped in their treasure As they came their way

While everyone was learning What they needed to The little boy in the back Had his mind on the stew

Since the long journey Was a bit far, she must ride One horse, Ms. Lucille, three children One in front, two behind

Over the mountain passways And through the delta She opened nine gates And never once fell

Then one bright summer day In nineteen hundred thirty two There appeared a man She never knew

From that day She was never alone The tall stranger

Took her home Twenty two years of teaching Had hurried past War had changed society Very fast

A modern school Was on the way The one room school Had had it's day

Ms. Lucille adjusted quickly To the new surroundings New books, black boards, a lunch room And hundreds of little feet in the hallways pounding

Things were very much different Had hurtled past But in the second grade There was plenty of love, and that's for sure

Twenty seven more years Of teaching school

Teaching all the little children The golden rule Time finally caught up With Ms. Lucille They told her one day She was over the hill

But Ms. Lucille Being so tender hearted Taught three more years The mental retarded

She taught them to love And some to write She took them out to eat And back home at night

Ms. Lucille, The Teacher A legend of her time Stays at home now But she is doing fine

Teaching her great grandchildren If all seems the same As a room classroom Way out in Scaffold Cane

NOTICE

As you, the people of Rockcastle County know, we at Adam's Optical have been associated with Dr. David Coleman, Optometrist. We regret to inform you that the association no longer exists.

Dr. Coleman chose to take advantage of the people in the county by taking their money in his practice here and then opening an office elsewhere instead of keeping the money in the county.

Dr. Coleman did not own the office here. His equipment belonged to us. Adam's Optical will try to get another doctor to come to our county. In the meantime, you may have your eyes examined elsewhere and we will be happy to make your glasses for you.

We regret any inconvenience the doctor's absences have caused for our patients. We will continue to try to give you the services of optician in this county.

Thank you for your support and patience during our rough times.

Sincerely,
Adam's Optical

Rockcastle County High School department heads meet and begin work to strengthen the curriculum design of each department. This procedure is one of the recommendations of the School Effectiveness Study. The final result will be the formation of a revised Scope and Sequence within each department and the identification of Minimum Competency Skills at each grade level. Each depart-

ment will complete a review process to identify the objectives/skills that are included in the CTBS (Comprehensive Test of Basic Skills) and the Essential Skills, recently implemented by the Department of Education, and further assure that these objectives/skills are an integral part of the subject matter being taught.

French, a new language added to the High School Foreign Language program, attracts many students. In this picture one of the classes listen to

native French speakers on tapes. This builds student confidence and listening skills with French speakers. Mrs. Martha Lay is teaching the class.

Bow season begins October 1st

Kentucky bow hunters who remember all the regulations from last year shouldn't have any trouble when this year's archery deer season opens October 1. But for the rest of us, a quick trip through a current copy of the rules should be a part of our pre-season ritual.

About the only thing that has changed is the placing of certain counties in one of seven deer hunting zones. Bow hunters need to check whether they are hunting in a zone five or six county, because in these zones archers are limited to bucks only during the entire archery season. Zone

seven, which is comprised of Letcher, Knott, Knox, Magoffin, Perry or Floyd, except for the Dewey Lake Wildlife Area, is closed to all deer hunting.

A copy of the 1984 Deer Hunting Guide is attached to each deer permit. This guide also contains a list of check stations and their hours of operation. Remember that all deer, whether taken by gun or archery, must be checked at the nearest open check station or by a conservation officer by 9 a.m. the following day.

Because of an editing error in this year's guide, zone four and five counties are listed as those

open to bucks-only archery hunting. The correct zones are five and six; just remember that any county with a gun season shorter than 10 days is also a bucks-only archery county and you'll be ok.

Hunters will be allowed to take one deer by archery in 1984, or one by gun and one by bow. A separate permit is required for each deer. Permits cost \$11.50 for

"ANNUAL REPORT" (Cont. From Front)

family with just one parent working and three or four children would probably be eligible for free lunch whether they needed it or not," he said.

This annual report is the first ever of its kind. The 1984 General Assembly enacted legislation requiring each public school district in the state to publish an Annual Performance Report and to publish the school system's goals for the coming year.

The complete report and the goals for 1984-85 can be found in this week's Signal in the second section.

"LIVINGSTON HOMECOMING" (Cont. From Front)

Sunday's events will include a morning devotional as well as the pot luck dinner. Everyone is welcome to attend this special occasion in Livingston.

"TOWN FORUM" (Cont. From Front)

Then, on Dec. 4-5, there will be a Governor's Conference on School and Community Partnership drawing education supports from all parts of the state.

The Governor's Council on Education Reform, which met Sept. 19 to discuss a 25-page draft proposal prepared by Ray Nystrand, secretary of the Education and Humanities Cabinet, plans to have final recommendations

In Memory of My Beloved Husband Dennis Brock

who died April 2, 1984. Dennis, this is the first anniversary we have been apart since 1944. It is so lonely without you, but we will be together again some day. You will always be sadly missed and lovingly remembered by your wife, Hope, children and grandchildren. We love you.

residents and non-residents, but out-of-staters must purchase an annual non-resident license. A three-day small game license is not valid for deer hunting.

Hunters may use any draw weight bow, as long as it doesn't have a device or attachment that will hold the arrow at full draw without aid from the archer. Arrows must have barbed broadhead points at least 7/8 inch wide. Chemically treated arrows or attachments containing chemicals may not be used.

The archery season in all open zones will run from October 1 through November 1, then reopen November 14 and continue through December 31. Crossbows must have a minimum pull weight of 100 pounds, and bolts must have a minimum weight of 380 grains and be fitted with barbed broadhead points at least 7/8 inch wide, with no chemical treatments or chemical attachments.

The hunting hours for bow and gun deer hunting are from one-half hour before any land vehicle or while the deer is swimming. It is also illegal to use dogs or other domestic animals to hunt deer.

And one final reminder: If the woods are dry on opening day, be extremely careful with matches or campfires. Unless we get a lot of rain, the threat of forest fires increases progressively as the leaves begin to fall. By the first of November, the woods could be tinderboxes just waiting for a careless act to ignite them—so watch what you're doing.

Judges attend Judicial meeting

Judges William T. Cain and Ernie L. Woods of the 28th Judicial District, attended the 1984 District Judges' Judicial College held at Lake Cumberland State Park, September 9-14.

Former Kentucky Chief Justice John S. Palmore was a featured speaker during the college. In his address to the judges, Palmore stated that, "The sustaining force of the district court system and the secret of its success is the approval and support of the public." He exhorted the district judges to "continue to perform in a manner which encourages and maintains public confidence in the fairness and impartiality of the judicial process."

When a honeybee finds nectar in flowers near its hive, it returns to the hive and dances in circles to let its neighbors know where nectar can be found. When it finds nectar in flowers that are far away, it dances in the direction of the flowers.

4-H Reflections

Wayne Stewart leaning on tree in Washington D.C. with the 4-H council in Washington D.C. with the 4-H council in Washington D.C.

The following article appeared in a 1941 edition of the Mt. Vernon Signal. Chosen from nearly 50 thousand members in the State.

Wayne Stewart, age 17, Berea College Sophomore, was elected president of the Kentucky

council in Washington the year he was President in Ky.

Association of 4-H clubs at the 21st annual Junior Week held at UK last week, chosen from about 48 thousand members. Wayne's home is at Wildie, and he has been an active member, the 4-H club there for seven years. He is one of two boys from Ky, to

go to the National 4-H camp, held in Washington, D.C., June 18th to 25th.

Wayne has one of the very best records of attendance in his local club. He has been president of the local Wildie club three different times, and president of the Rockcastle County Association twice, elected from 700 members. He served one year as secretary of the county association. He has always cooperated with his teachers and 4-H leaders in every way possible during the seven years he has been a member of the club. Last year he attend the district camp at London, and has attended Junior Week twice.

During the last six years young Stewart has taken part in 4-H tobacco show and sale, and in 1937 received the highest price for his tobacco in the county. 1937 seemed to be the year designated for him to reach the heights in 4-H work. That year he won first place in the Upper Cumberland District Farm practice demonstration.

This district is made up of eight counties, so it is easy to see the possibility that he had some competition. He also entered the state contest at Junior Week and won. This same year, 1937, Wayne was selected the outstanding 4-H club boy in his county, and won the district 4-H corn and tobacco raising championship. In 1939 he was the tobacco champion of his county, and 4-H secretary of the county. He was again selected outstanding 4-H boy of the county in that year. Also in 1939 he won first place in the district FFA oratorical contest. In 1940 he graduated from Mt. Vernon High School. He was at that time president of the Mt. Vernon chapter of the FFA. He served as toastmaster at the graduation class's father and son banquet. He was nominated for the presidency of the Kentucky Association of 4-H clubs that year and lost by a few votes.

In the fall of 1940 Stewart came to Berea College where he hopes to prepare for some medical school. His life-long ambition has been and still is to become a doctor.

At the end of an interview I had with Robert Spence, County Agent for Rockcastle County, concerning Wayne's record, he said: "Wayne Stewart is a church member, a regular Sunday School worker, doesn't smoke, drink, swear, or chew; a fine Christian gentleman whose character is never questioned."

Ket Airs "The People vs. Dan White"

"The people vs. Dan White" - once a dramatic case - is

The Lord is not slack concerning his promise, as some men count slackness; but long-suffering to us-ward, not willing that any should perish, but that all should come to repentance.

II Peter Chapter 3: Ver. 9 Sand Gap Christian Church

now a compelling 90-minute docu-drama and will be telecast on KET on Wednesday, October 17, at 9:00 p.m. eastern and 8:00 p.m. central.

The prosecution at the Dan White murder trial had every right to Pg. 18

Disorderly conduct: Marvin Cunagin, probation revoked, 90 days in jail.

Violation of probation: Marvin Cunagin, probation revoked, 90 days in jail.

"Rockets lose again" (Cont. from 9)

Following some good gains by Fain and Williams, the Rockets were moving the ball on their next series when a fumble between the quarterback and center gave Wayne the ball back on their own 41 and, 5 plays later, the Cardinals posted another score, making it 40-7.

The Rockets got one of their few breaks of the game on their next series. Fain had returned the kick-off from the 15 to the 35 and, on the return, Wayne was assessed for two penalties -- face-mask and personal foul. This gave the Rockets a first down on Wayne's 35.

At this point, Coach David Hansel decided to switch quarterbacks and sophomore Brian McGuire entered the game. On McGuire's first play, there was a fumble in the backfield and Wayne County had it. But senior Elmer Robbins had other ideas and simply took the ball away from the Wayne County player and the Rockets were again in business.

On the next play, McGuire found senior Alan Hammonds open and Hammonds took the ball to Wayne County's 6 yard line. Senior Mike Bryant then scored for the Rockets over the right side. McGuire dropped back to find a receiver for the extra two points but everyone was covered so the

sophomore scrambled for the extra points.

The Rockets had another chance to improve their score early in the fourth quarter. Following a short Cardinal punt, McGuire found Les Duncan open, and Duncan carried the ball to the 9. Bryant then added 4 yards but McGuire led Fain a little too much on the next play and Fain was decked. He had to leave the game at that point with an ankle and shoulder injury. McGuire was then sacked for a 10 yard loss and, on 4th and 10, a pass to Hammonds in the end zone was incomplete and the Cardinals took over on their 10.

The Cardinals then put their final score of the night on the board as, on their third play from scrimmage, the Wayne County runner broke it up the middle for a 69 yard scoring run. The PAT was no good.

The Rockets have an open date on their calendar this week and will host Bell Co. Oct. 5 for their delayed homecoming game.

Garry Fain led the rushing for the Rockets with 68 yards in 14 carries; Mike Bryant was 45 yards in 9 carries and 1 touchdown; Jeff Bullock carried the ball 7 times for 36 yards; Chad Williams picked up 31 yards in 7 carries; Brian McGuire accounted for 10 yards on three carries including 1 PAT; Travis Jackson got 8 yards on 1 carry and Troy Taylor, 7 yards on 3 carries and a touchdown.

McGuire was also 3 for 8 in the passing department with 86 yards.

Lee Duncan caught the ball once for 57 yards; Alan Hammonds once for 24 yards and Devin Ford 1 reception for 5 yards.

Lonnie Thomas led the defense this week with 5 tackles, 6 assists and 1 knocked down pass; Raymond Miracle was second with 4 tackles and 3 assists; Alan Hammonds was credited with 5 tackles and 2 assists; David Glovak was busy with 2 tackles, 2 assists, a sack and a fumble recovery; Garry Fain got 5 tackles; Steve Estes and Johnny Poynter, 2 tackles and 3 assists each; Troy Williams, 2 tackles, 1 assist and 1 blocked kick (extra point) and Brian McGuire, 1 tackle, 3 assists and 1 knocked down pass.

Johnny Poynter led the kick-off returns with 4 for 60 yards, 15 yd. average; Garry Fain returned the ball once for 19 yards; Chad Williams, once for 15 yards and Devin Ford one time for 14 yards. (stats courtesy Scott Statyon).

Stepping Stone.

Certificates of Deposit, once out of reach for many investors, are now within reach. Now that the minimum deposits have been lowered, even the 6-month Money Market Certificates are within reach of small investors.

Many folks like the certainty of a pre-determined rate of interest that a certificate guarantees. Others prefer to have a choice between short or long-term maturities. We offer everyone that choice with Certificates of Deposit from 6 months to 6 years.

Step up to a high-yield Certificate of Deposit. It's a smart way to step ahead financially.

CHEAP THRILLS?

The way we use electricity is often reminiscent of a roller coaster ride—a number of "lows" punctuated by frequent "highs."

When everyone in an electric co-op uses a whole lot of electricity at one time, it results in a "high peak alert" at your rural electric cooperative's generating station. Then abruptly, the demand levels off, as the "roller coaster" enters a "low" stretch.

These highs and lows may be exciting at an amusement park, but they're certainly not cheap thrills for a co-op!

If we could keep our use of electricity on a more even plane (with fewer "highs" and "lows"), by using less electricity during the "high peak hours" of 7 a.m.-12 noon, and 5 p.m.-10 p.m., your RECC could probably postpone having to build expensive new power plants to accommodate these "highs."

Help us stay on track, for a brighter energy future.

Remember—we're all on this ride together!

Jackson County Rural Electric Cooperative

NOTICE OF INTENTION TO MINE
Pursuant to Two-Acres-or-Less Application Number 902-0030 In accordance with the provisions of KRS 350.05, notice is hereby given that Edd Morrow, Rt. 8, Box 650, London, Kentucky 40741 has filed an application for a permit for a surface coal mining and reclamation operation of approximately 2.0 acres located 0.7 miles northeast of Pine Hill in Rockcastle County. The proposed operation is approximately 0.27 miles southeast from U.S. 25's junction with Mullins Station Road and located 0.8 miles west of Roundstone Creek. The latitude is

37 degrees 19'51". The longitude is 84 degrees 14'51". The surface area is owned by Emmett Foster. The proposed operation is located on the Livingston U.S.G.S. 7.5 minute quadrangle map. The operation will use the Mountain Top Removal method of mining. Notice is hereby provided pursuant to KRS 350 that the proposed post mining land use of Hayland and Pastura constitutes a change from the Forest & Previously Disturbed pre-mining land use.

If your application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's London Regional Office, Third Floor, State Office Building, London, Kentucky 40411. Written comments, objections, requests for a permit correction must be received within thirty (30) days of today's date.

Beloved
Mary Ann Wallin
Oct. 7, 1980

It was a Tuesday, like any other - the sun was shining bright. In a flash, the day was darkened by the tears in our eyes. She would not have been afraid, To her it was a dawning of a new day.

God needed her more than we, But it was difficult for us to see. She was as humble as God would have her to be. She fed the poor and lent a hand to the weak. She found goodness where others might not seek. She loved her Jesus most of all. She was ready when He beckoned his hand and called. She will always be with us in heart and mind. She left precious memories and loved ones behind. To her there is no more worry or care. In the hands of God, she waits there. Wife, Mother, Grandmother, Friend, we will never say goodbye. Just that we will see you in a little while.

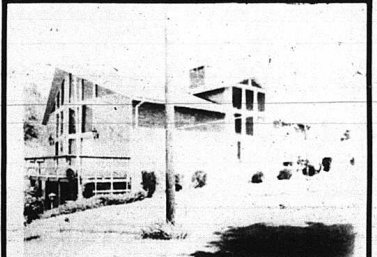

CARD OF THANKS
The family of Nettie Southard wishes to express their sincere thanks and appreciation for the nice food, visits and flowers. Special thanks to Bro. Gary Garrantano and Billie Southard of Hamilton, Ohio, Nettie's grandson. Also to all the singers who took part in the service. Many thanks to the people of Kingdom Hall Church for their hospitality of their parking lot and to Dowell and Martin Ferrell Home for being so kind in every way. Rogers vows support for aged or disabled

This week in Congress, we took important action on legislation to stop the inhumane removal of people from our Social Security disability programs. We are also moving quickly on another bill to give our senior citizens on Social Security an important cost-of-living adjustment which they need. I fully support both of these programs, because they are important to people who need our help.

The horror stories of people being thrown off the disability rolls are numerous. In our district, hundreds of people were removed from the program by new rules introduced by the Carter administration in 1980, rules which in many cases meant legitimately disabled people being denied their rightful benefits.

Two examples particularly come to mind. In the eastern part of our district, a coal miner had been permanently disabled by a mining accident. He, his wife and three children were dependent on the Social Security disability checks which helped support them. Then, all of a sudden, the miner got a notice in the mail that he had been cut off. His family had to get by for four months without benefits while my office helped restore him to the disability program.

In the western part of our district, a diabetic man had received a kidney transplant and was totally disabled. Once again, without any warning or hearing, he was absolutely cut off for supposedly being "no longer disabled." He was left for six months without disability checks before we were able to get him back on the program.

Under the new law we passed this week, and which I have supported for years, agencies will no longer be allowed to drop people from the program or change their benefits without meeting the individuals face-to-face and proving they are no longer disabled medically. The bill also makes other changes which will help protect the rights of our disabled.

As for our senior citizens, work is continuing on legislation requested by President Reagan to

give our elderly citizens a cost-of-living increase in their Social Security, even though inflation this year has been reduced dramatically by Reagan economic policies. Our senior citizens on fixed incomes need this adjustment. When this legislation is passed, they will benefit from not only the increase in their payments but also the continued low inflation which helps make their dollars go further.

Both of these steps prove again that this Administration is not planning to cut Social Security, despite what some people are saying. This President is fully behind these programs to help our neediest citizens. As your Congressman, I fully intend to support our elderly, our disabled and others who truly need our assistance.

The Family of Josephine Webb

would like to thank the friends from Livingston and the residents of the Valley Manor Subdivision who showed their kindness through our recent loss of our mother. Also all other friends and relatives that brought food and flowers. May God bless you. The Webb Family

Troy Bengt, at left, son of Mr. and Mrs. James C. Bengt of Route 1, Broadhead. Troy was selected for the State Star Farmer because he had the best experiences program and leadership ability of the thirteen counties in the Kentucky River Region. He displayed a layout at the State Fair for a week and a half.

KET

(Cont. from 15)

to think it had an open-and-shut textbook murder case on its hands. There was a motive, a murder weapon, and most importantly, a tearful confession. Yet, the defendant, Dan White, the man charged with first-degree murder in the City Hall shooting deaths of San Francisco Mayor George Moscone and city supervisor Harvey Milk, was convicted of a lesser charge, voluntary manslaughter.

It was a verdict that triggered rioting that seemed to tear San Francisco's gay community was particularly angered by the jury's decision. Harvey Milk was the city's first gay elected official and an outspoken activist who represented many of their interests at City Hall.

This docu-drama features a unique format: Dramatic reenactments of the events leading up to the crime, the shootings, the confession, and the trial were taped on location and combined in the editing room with cinema verite observations of many of the key political, legal and journalistic people who were involved in the real-life drama.

"The people vs. Dan White" is produced by Ben Boyal, Steve Dobbins and Ken Ellis and presented by KQED/San Francisco.

BUICK

For the Class Conscious
The 1985 Buick Somerset

Here's a car that will raise you above the masses. When you drive it, you'll not only experience some of the freshest thinking applied to an automobile in recent memory, you'll also be on the receiving end of some of the nicest compliments you've heard in years. Not just about your taste in cars, but

about your intelligence, your appreciation of technology and craftsmanship.

You could give the credit to Buick... more specifically to your new Somerset. But, why spoil your fun?

Wouldn't you really rather have a Buick?

If you use an insect repellent you can confuse the mosquito's sensors, so it can't tell whether you're worth biting.

AUCTION

of Mr. & Mrs. W.H. Wren Jr.'s
House And 3 Acres
Sat., Sept. 29th, 1984 1:30 P.M.
 Lambert Road, Rockcastle County, Ky.

Having purchased a house in Berea, Ky., the sellers are anxious to move and have commissioned our firm to offer this quality home for the high dollar.

This superb home was personally built by Mr. Wren, who spared no expense in seeing that the house had the best of materials and workmanship.

This is a frame dwelling with half basement. It also has a large 3 car garage 25'x35'. The house contains 1632 sq. ft. of living space. The interior has 3 bedrooms, living room, dining room, family room with fireplace, six closets, 2 baths. This house has a large covered front porch and a breath-taking view.

Here's a good opportunity for you to own an excellently constructed home at your own price. If you like privacy, then you'll like this property.

LOCATION: Take U.S. Hwy. 25 south 4 miles to Lambert Road 1 mile and watch for auction signs.

TERMS: 10 percent down day of sale - Balance within 90 days with the deed.

Approximately 250 turn-out for annual MVHS Homecoming

The Mt. Vernon High School Alumni Association held their annual Homecoming at the Rockcastle County High School cafeteria on Saturday, September 15.

Mrs. Jewell Parsons, Mrs. Martha Barnett and Mrs. Ruby Dowell McKenzie were at the registration table and Mrs. Laura McHargue had charge of the tickets. She was assisted by Bill Landrum and William Sparks.

Approximately 250 guests were greeted by Mrs. Isabelle Davis Jones, president.

Billy Hiatt, class of 1944 and one of Mrs. Jones' former first grade pupils, gave the invocation.

Mrs. Mollie Bryant, Mrs. Jones' sister, led the Pledge to the Flag.

superintendent of Rockcastle County Schools since 1968, welcomed the group.

John Bennett Hiatt, class of 1933, responded. John Caudill, class of 1930, immediate past president, gave recognition to past presidents.

The class of 1951 were welcomed as new members. Carl Clontz served as spokesman for the group.

The class of 1934 celebrated their 50th anniversary. Mrs. Mary Helton Hansel introduced each member and guests.

Mrs. Jones' class of 1932 held a special reunion as well as several other classes.

Those who attended Langdon Memorial School were presented a "I'm a Langdon Girl" badge by Mrs. Jones, also a Langdon Girl.

Roll call by classes, starting at 1914 through 1951, was conducted by Mrs. Jean Brown Towery, secretary. There were people from Illinois, Tennessee, Michigan, North Carolina, Ohio, Alabama, Florida, South Carolina, Indiana, Virginia, Texas, Oklahoma, Wyoming and, of course, Kentucky.

The John Lair Society certificates were presented to the class of 1934, the 50th anniversary class. They are given each year to the 50-year graduates.

The class of 1952 was voted into the Association.

The following officers were elected: Jones Bennett Hiatt, class of 1933, president; Marguerite O'Mara Daniels, class of 1934, vice president; Jean Brown Towery, secretary and Laura Hiatt

[Cont. to A12]

Mrs. Isabelle Davis Jones, far left, outgoing president of the Mt. Vernon High School Alumni Association, is shown with the new officers of the association for 1984-85. They are, from left: Mrs. Marguerite O'Mara, vice president; Jones Bennett Hiatt, president; Mrs. Laura McHargue, treasurer and Mrs. Jean Brown Towery, secretary.

Places still available

Dr. Hedrick's tour of Greece and Israel will begin March 4

Dr. Charles Hedrick, pastor of First Baptist Church of Mt. Vernon, announces there are still places open for his next Holy Land Tour of Greece and Israel to anyone interested. Departure will be on March 4, 1985 for 12 days, touring the important places of the Christian growth of Greece through the Apostle Paul, and the remainder in Israel, the land of the Bible and our Lord.

A \$100.00 deposit per person will hold your reservation and final payment will be after January 1, 1985. The total cost of the tour is approximately \$1875.00 which includes all airline tickets, 3 meals a day, all hotel rooms, fees, taxes, everything you need except spending money.

Anyone interested in going to the Holy Land needs to contact Dr. Hedrick immediately for more information. Send him your \$100 deposit immediately to hold your reservation. October 1 is the present deadline for signing up on this tour and making your deposit. All money is refundable if you cancel two weeks before departure. Dr. Hedrick already has several from Rockcastle County

signed up to go with him and invites others to join his group of fellow citizens of our county for this wonderful experience of a lifetime. Contact him at Box 639, Mt. Vernon, 40456, or call First Baptist Church during working hours.

Two safety courses being offered

The American Red Cross for Rockcastle, Jackson, and Southern Madison County, announces the following dates for the next two Safety Courses: September 29 which will be on Multi-Media Standard First Aid and October 6 will be on CPR.

order that persons can be taught to save lives if an emergency occurs. There will be a small cost-recovery charge however for the books, materials and all supplies which will be given to the person wishing to take the course. These will be collected when registering at the Red Cross office in Berea. [Cont. to A12]

"The Langdon Girls" had a special part in the recent Mt. Vernon High School Alumni Association's annual meeting at the high school. The girls were presented with an "I'm a Langdon Girl" badge by Mrs. Isabelle Davis Jones, also a former Langdon Girl. Langdon School was located on the present site of Dr. George Griffith's home in Mt. Vernon. In the photo are: Della Webb Scoggin, Ella Mae Brown Martin, Minnie Owens Smith, Dorothy J.

Owens Wilborn, Hazel Phillips Banks, Helen Phillips, Lucille Sigmon Hurst, Nancy Creech Brown, Imogene Stewart (Pennington), Kathryn (Henkel) Blackburn, Mary Brewer Burke, Alberta Winstead (Dillingham), Ruth Albright, Mary Elizabeth Lawrence Adams, Dorothy Hoff Landrum, Martha Lou (Crawford) Maxine Sparks Kavanaugh and Mrs. Bill Anglin (Clyde) and Mrs. Isabelle Jones.

For Community Involvement in Quality Schools

ELECT

SHIRLEY (BROWN) LONG

Precincts:
Brown
North Brodhead
West Brodhead

Rockcastle County School Board, Second District

Family: Married to Billy Ray Long, Western Auto Dealer at Crab Orchard Mother of 3 children: Melanie, Janice and Greg Long (All RCHS Graduates)

Qualifications: Elementary School Teacher, 10 years experience Curriculum & Instruction Specialist (Reading) Teaching Associate at U.K. (Reading)

Dear Friends,
Schools are a part of the community; their problems are our problems. For good schools, we need a 2-way communication between the school system and the community. The public needs to know what the schools are doing and why. School personnel need to know what the community expects from them and also need community support and encouragement.

As a first step toward this, I believe school board meetings should be held where parents and citizens feel welcome to attend, such as at the high school. I believe PTA officers from each school be especially encouraged to attend and share concerns from their schools. I believe a student government association should be formed at the high school and its officers encouraged to attend board meetings also. These PTA officers and SGA officers could serve as advisors to board members in school matters.

If elected, these are some of the things for which I will work.

UL LISTED

An Ashley Central Wood-burning Furnace frees you from high energy costs, brownouts and fuel shortages! Because new trees can always be planted, there'll always be plenty of clean-burning, non-polluting firewood, which your Ashley Woodburning Furnace can convert efficiently into thermostatically controlled, wholehome heat.

- 90,000 BTU output.
- Up to 12 hours of even heat from a single fueling.
- Cold-rolled steel and cast-iron construction for durability.
- Cast iron shaker grate permits either wood or coal fueling.
- UL Certified, your assurance of safe operation.

With the flames visible through attractively etched glass doors, an Ashley Fireplace Insert gives you the romantic appeal of a traditional hearth with the efficiency of a circulating heater! Two sizes fit most fireplaces, with no flue connectors, pipes or special tools needed for installation.

- Built-in, thermostatically controlled blower system for efficient heat distribution
- Rugged cast iron & steel plate construction.
- Heavy duty built-in damper.
- Also available with decorative solid cast-iron doors.

Ashley, America's premier manufacturer of wood- and coal-burning heaters and circulators, has taken the functional step-stove design and raised it to new heights of performance and beauty! A single, decorative glass door (optional) showcases the flames while maintaining the energy-saving advantages of airtight performance. Brass trim along the top edges completes a charming picture.

- Two cooking surfaces permit whole-meal emergency cooking.
- Standard heat shield allows unit to be installed 24" from combustible materials.
- Optional two-speed blower enhances heat distribution.
- Optional glass door insert replaces decorative cast-iron panel in the cast-iron door.

Now Ashley brings the economy and dependability of wood heating to mobile homes, with an efficient, attractive, thermostatically controlled wood-burning circulator. The unit uses outside air for combustion for vastly improved performance, safety, and fewer drafts in the home. Check these value features!

- UL Listed for Mobile Homes.
- Bi-metal Thermostat control; just dial the heat level you want!
- Contemporary-styled cabinet blends with any decor.
- Lift-up top for emergency cooking.
- Cast-iron firebox liners for durability.
- Cast-iron feed and ash doors with airtight seals for efficient operation and stay-cool handles for safety.
- Flue connector & heat shields are standard equipment.
- Eight secondary heat exchanger tubes for maximum heating efficiency.
- Can be installed within 7" of rear combustible wall. See the famous Ashley line at our showroom now.
