

Bentley Allen, who is recuperating from recent heart surgery, is making it hard on the fish. He is pictured at left.

It's believed that goldenrod growing near a house means the residents will have unexpected good fortune.

A LEARNING EXPERIENCE...Kids and adults alike will now be able to test their skills in the batter's box. Dwight Griffin and Tommy Hodges have recently placed an enclosed batting cage, fully equipped with a pitching machine, for the public's use. The cage is located on School Street next to the Kentucky Utilities building. The cost of the entertainment is \$1.00 for 23 balls. Above, Chad Hodges attempts to hit a pitch from the pitching machine. The cage is open to the public daily.

By: Austin Mobley, Minister
Providence Church of Christ

Understanding the Bible

Because a knowledge of the Scriptures is essential to man's salvation (John 8:32), the Bible affirms the wisdom of an intelligent understanding of the Word (Eph. 5:17). It is, however, undeniable that the Bible is NOT understood. This is not true because accountable people cannot understand the Scriptures-God does not require the impossible-but it is due to other factors. Here are some reasons why people do not understand the Bible:

Some do not understand because they HAVE NOT STUDIED IT. The New Testament affirms its completeness (2 Tim. 3:16-17). For this reason, we do not learn about God by dreams, visions, supernatural revelations or direct operations of the Holy Spirit. If one learns the things of God, he must exercise a diligent pursuit of Bible study (2 Tim. 2:15; Heb. 5:12-14). Study requires work, but the effort results in knowing God's will for us.

Some do not understand the Bible because they WILL NOT STUDY IT. "For this people's heart is waxed gross, and their ears are dull of hearing, and their eyes they have closed, lest at any time they should see with their eyes, and hear with their ears, and should understand with their heart, and should be converted, and I should heal them." (Matt. 13:15). One will not acquire truth short of a desire, a yearning, a hungering and

thirsting for it (Matt. 5:6).

Some, do not understand the Bible because their hearts (minds) are CLUTTERED WITH OTHER THINGS. It may be that error and apostasy have destroyed their respect for the things of God (1 Tim. 4:3-4). Perhaps they have been blinded by the god of this world (2 Cor. 4:4), or possibly the word has been choked by the cares, riches and pleasures of this life (Luke 8:14).

Some do not understand the Bible because of PREJUDICE. It is sad that some think more of human traditions and doctrines than of the commandments of God (Matt. 15:6-9). Many will start something first, then go to the Bible to "prove" their own preconceived ideas. The result is a wresting of the Scriptures in order to "see" what they are looking for.

If we hunger and thirst after righteousness, we shall be filled (Matt. 5:6). If we desire to KNOW and DO God's will, we can understand the Bible (John. 7:17). Surely no admonition could be better for men than the counsel of God: "Buy the truth, and sell it not" (Prov. 23:23).

DESTROYING THE EVIDENCE...The Rockcastle County Sheriff's Department spent last Thursday afternoon destroying several cases of beer that had been confiscated in bootlegging raids across the county. Shown above deputy Jim Durham and Sheriff William Taylor and Mt. Vernon Policeman Joe Howard carry the beer to the street where Taylor crushed it with his police cruiser. The beer ran down a drain on the city street.

MOUNT VERNON, KENTUCKY 40456

VOLUME 98-NUMBER 39

THURSDAY, MAY 2, 1985

Three arrested for bootlegging

After a month-long undercover investigation, the Kentucky State Police have arrested three local people for possessing alcoholic beverages for the purpose of resale.

Ruby Hayes, 63, of Rt. 2 Mt. Vernon, Jean Newcomb, 37, and Gary Griffin, 22, both of Livingston, were arrested on April 23 by Kentucky State Police, according to public affairs officer Gilbert Acciaro, Jr.

Acciaro said that State Trooper Jimmy Phelps bought beer and whiskey from Newcomb and Hayes on April 6 and that Detective Ernie Boggs caught Griffin hiding and destroying beer at his residence.

All three pled not guilty to the charges in district court Wednesday morning.

Mrs. Newcomb is scheduled for jury trial on August 27, while Griffin and Hayes are due back in court Monday to have a trial date set for them.

All three are free on \$2,000 bond.

Grand Jury indictments

The most recent session of the Rockcastle County Grand Jury has resulted in the indictment of two local men.

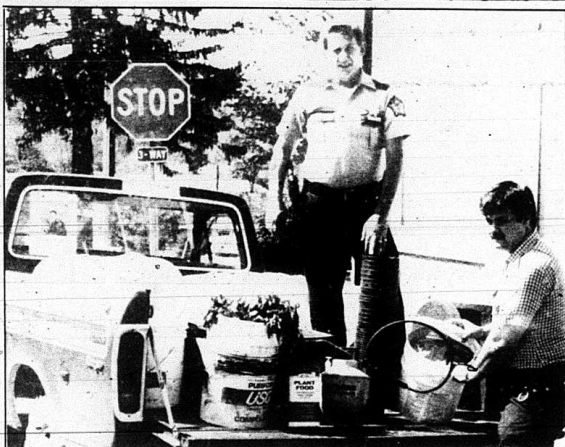

Wayne Jasper of Mt. Vernon, who was charged with the shooting of his ex-wife, Rosa Lee Jasper, within 100 yards of her home on Carter Drive in Mt. Vernon, was indicted for assault in the first degree.

Jasper, who is the owner and operator of Mt. Vernon Produce in Mt. Vernon, will remain on the same \$25,000 bond that he filled when he was first arrested.

He is scheduled for a May 24th arraignment in Circuit Court.

One of the two men that escaped from the Rockcastle County Jail on April 19th was indicted last Friday on a charge of second degree escape.

Alton Rocky Boswell of Mt. Vernon, Ky. (Cont. to A-19)

Marijuana confiscated . . . Rockcastle County Sheriff William Taylor and deputy Jim Durham display the over \$500,000.00 worth of marijuana which was found on the Hi-Dri road seven miles south of Mt. Vernon last Friday. (See story of front page)

Police destroy half million in marijuana

Over a half-million dollars worth of marijuana was seized and destroyed last Friday by the Rockcastle County Sheriff's department and the Kentucky State Police.

Rockcastle County Sheriff William Taylor said Friday that he had received information on the location of the 746 plants, which were found 7 miles south of Mt. Vernon on the Hi-Dri Road.

Taylor said the plants, 101 pots and 50 five-gallon buckets, were found behind a residence and the take was probably the second

largest amount of marijuana ever found in one location in Rockcastle County.

Kentucky State Police officer Gilbert Acciaro, Jr. said Monday that the crop had an estimated value of \$596,800.

Taylor said no arrests had been made, but he had several suspects and expected to make an arrest in the case soon.

Officers who helped destroy the crop were Detective Ernie Boggs, Troopers Jack Lawless and Gary Lane, Sheriff Taylor and Deputy Jim Durham.

Jail remains open despite lack of state standards

By: Richard Anderkin

[Editor's Note: This is the second in a series of two stories concerning the Rockcastle County Jail. The other story appeared in last week's Signal.]

The Rockcastle County Jail is

still open, and if Rockcastle County Judge Executive Bob Jasper has his way, it will remain that way.

A series of problems have plagued the jail in recent months, and the most recent jailbreak has left the county with yet another obstacle in getting the jail up to state standards.

After the April 19 jailbreak, in which ten inmates tore out two air ducts and crawled above the ceiling to escape, the state sent an inspector.

Kay Siler, of the Department of Corrections, has told the county judge and the magistrates that they must reinforce the ceilings in the two dayrooms (one of which the two men escaped from) with concrete. (Cont. to A-14)

Court action highlights hwy. 461 progress

By: Ray McClure

A condemnation trial has been scheduled for May 30.

Rockcastle Circuit Court in an attempt by the Kentucky Highway Department to reduce the amount to be paid for a section of land that is needed for the KY 461 bypass around Mt. Vernon.

The department filed suit against Clyde and Myrtle Payne of Mt. Vernon for acquisition of nearly 5 1/2 acres of land near the area where the proposed bypass intersects with U.S. 150.

Three commissioners appointed to estimate the value of the land, set a price of \$226,500, but the highway department says the amount is excessive. However,

the Paynes have appealed calling the amount inadequate, and indicating the state is taking land that is used for business purposes.

No estimate of how much more the Paynes are asking has been disclosed. The highway department also declined to disclose the price.

Commissioners setting the price were S. S. Purcell, Lois Stevens and Earl Nichols.

According to highway department officials, the condemnation trial has delayed the contract letting for the bypass probably until August. The contract letting was originally scheduled for May.

But since the department did not post money for right-of-entry to the land, it seems apparent delaying the contract was on a voluntary basis on the part of the department rather than because of the trial. Highway departments usually can go ahead with contracts of various kinds until cases are determined in court.

In another challenge to a property owner, the department has filed to recover part of the amount awarded to Benton and Theresa Bullock of Mt. Vernon for over 6 1/2 acres that lie along the bypass route.

Three commissioners awarded the Bullocks \$34,500 for the land and that amount was paid. The department claims the price was excessive and seeks to recover part of the amount.

Commissioners setting the amount awarded the Bullocks were Dewey Brock, Robert A. Hayes and Darrell Whitaker.

No trial date for that suit has been scheduled.

The length of the bypass will be 3.8 miles and runs from U.S. 150 west of Mt. Vernon to U.S. 25 at Red Top Restaurant.

One section of KY 461 is under construction and progressing well, according to the department. It runs from U.S. 150 west of Mt. Vernon to just north of Wadd, where it intersects with the present KY 461. The cost of that section is \$2,645,912.

The design of another section of KY 461 is expected to be approved soon, according to Leroy Brown, chief engineer for District 8 of the highway department. That section extends from just over a mile north of Buck Creek to the Rockcastle County line. The distance is 3.52 miles.

Right of way plans should be at the department in Frankfort by

June 30. Brown reported. Detailed plans are tentatively scheduled for May 31, 1986.

Brown reported a construction contract is still expected to be awarded this year for a section between KY 80 and Buck Creek. Tentative date is Sept. 20.

Contract date for another

Family life in focus

Busy time for those who operate retreat

By: Ray McClure

In the beginning it was a motel. It had the romantic name, Scenic View, because of the spectacular landscape that was spread out toward Mareburg and Broodhead.

Tourists stopped for the view from the top of Green Fish Hill to snap a few pictures, to capture on film a brilliant sunset, or the lush green countryside.

Then the motel became a center for family life, and now nearly a decade later, it is a thriving haven for those in need of help, encouragement and enlightenment.

It's common practice for local people to talk about the Family Life Retreat Center, that is a part of the Family Life Center of Appalachia.

You can talk about it as a religious center, which it is. You can talk about it as a "place to get away from it all," which it is. You can talk about it as a place of education and contemplation, which it is.

And if you want an official discussion of what it is, you can go to the Rev. Gerald Cooper, master of divinity, Presbyterian minister, who directs and oversees the every day activities at the center.

He'll tell you the center is "dedicated to family life education, enrichment and treatment," a place that is trying to do things to strengthen family life and to make family life better.

Then he'll tell you the center is part of the Christian Appalachian Project (CAP) which is a "non-profit inter-faith organization dedicated to serving the people of the Appalachian area."

He'll also add that CAP, the parent organization, and the center, are both interested in helping all pastors and churches in their ministry.

He'll stress that the center is non-denominational. Everyone

section, a half-mile north of Buck Creek to the end of the section now under construction near Wadd, is tentatively scheduled for May 31, 1986.

State officials have no doubt the new highway will be completed despite a continued money problem. Gov. Martha Lane Collier. (Cont. to A-14)

from any denomination is invited and welcomed, be they Baptist, Methodist, Christian, Catholic, or other.

Chances are, Rev. Cooper won't go into a long discussion of the operation of CAP unless you ask, but he will be ready and glad to discuss the many important and varied programs at the Family Life Retreat Center.

There are a lot of them, but the thrust of the center's programs is its dedication to its retreats.

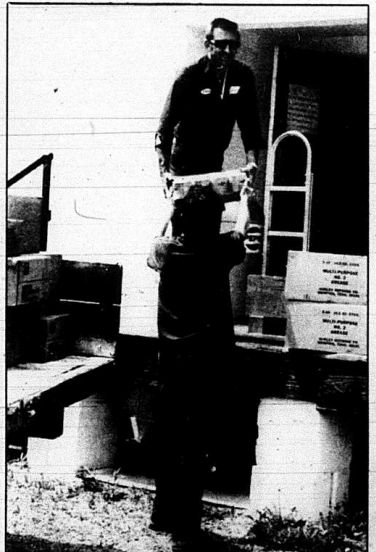

It is not easy to define a retreat as it applies to modern life. Suffice to say, in today's world you could also call it a camp, a resort, a

symposium, a seminar, a clinic, to name a few.

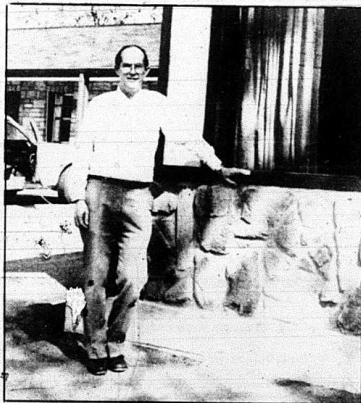

But first things first, and that must necessarily be CAP, founded in 1978 by the Rev. Ralph Bettinger,

in Catholic terms, minister, who is still president of the board of directors, which governs the organization. He now lives in Prestonsburg.

Board members are J. Peter Cassidy of Lexington, Paul Kissell of Lexington, Robert Haragan of Louisville, Mrs. Rosemary Cronin of Crestview Hills, Harrison Peet of Winchester and Michael Valdez of Hazard. (Cont. to A-3)

New Homes . . . DeBoard Oil Co. started in 1978 by Johnny DeBoard has relocated. Johnny has purchased the former M.L. Beeker Oil Co. property on West Main St. in Mt. Vernon. DeBoard started in the oil business in 1962 as an employee of R.H. Hamm Oil. In the above photo Johnny is shown taking merchandise from his son, Jerry. DeBoard plans to be at his new home by Friday.

DIRECTS ACTIVITIES... Rev. Gerald Cooper, a Presbyterian minister, stands outside the conference room at the Family Life Retreat Center on U.S. 25 north of Mt. Vernon. Rev. Cooper is director of the center that is part of the Christian Appalachian Project.

Article brought sadness...

Dear Editor:

How sad I felt to read the article about Renfro Valley slowly falling apart. I'm sure many people felt the same headache I felt.

This is a place where stars were born; famous entertainers performed. This is a very popular

place; it really must not be forgotten.

I'm not putting anyone down, but this place should be kept up in Kentucky just as Elvis Presley's place. His home is kept up in Tennessee.

Remember the homecoming. People would come by the hundreds to see Renfro Valley.

I don't know why this should not be a tourist attraction for Kentucky just like the Kentucky Derby or Adolph Rupp Stadium.

A short time ago I was talking to a friend I grew up with at Mt.

Vernon-how we'd love to go back to Mt. Vernon to spend the last of our lives. We spent many hours at Belly Acres with our friends.

Through vacation time I waited tables just to meet some of the entertainers. I can remember Red Foley going by, pulling your pony rail or uniting apron strings.

I can remember the old Church where many entertainers worshipped on Sunday morning. For a while it was seen on T.V.

I like to hear what other people think about Renfro Valley, being upgraded and the old sign repainted so it wouldn't be an eyesore anymore. What happened to the Old Barn?

Sincerely,

Mrs. Evelyn Marlow McCreary
Rt. 1, Box 67
Sanders, Kentucky

Editors Note to Letter:

Renfro Valley is very much "alive and well" with hundreds of visitors each summer weekend enjoying the bandances. There are two barns now and many other businesses and residences throughout the valley. Belly Acres Restaurant is but one of four restaurants. As noted in the story, Belly Acres has been empty for several years. The owner apparently would rather sell the expensive 1-75 interchange property than to try to keep it occupied. The building is now beyond repair. Most everyone remembers the old barn and entertainers with affection. Don't worry, the bandances will be there for a long time to come.

Editor

Article was fair and objective...

Dear Editor:

I would like to thank you and Mr. Ray McClure for your handling of the article about the anti-Catholic posters. When I saw the posters and then the headlines in the Signal, I thought for sure it would be another "jab" at the Catholics-of-the-county. You covered the subject in a fair and objective manner.

I would like to take this opportunity to express some thoughts. I came to Rockcastle County in February of 1983. I'm not one for city life, so I'm

impressed with the simple lifestyle of the people here.

However, I am amazed at the attitudes of some people. I was born and raised a Catholic in a predominantly Catholic area of Pennsylvania. I was astounded to see the bigotry and prejudice against Catholics in this area (and throughout the South). I'm surprised that people who call themselves Christians can feel that way.

Our friend and brother in Christ, Austin Mobley, would expect a scripture passage to prove the point. So let us look to Mark 9:38-40 (NAB). "John said to him, 'Teacher, we saw a man using your name to expel demons and we tried to stop him because he was not of our company.' Jesus said in reply: Do not try to stop him. No man who performs a miracle using my name can at the same time speak ill of me. Anyone who is not against us is with us!" So why the discontentment between Catholics and Baptists and Methodists and Pentecostals and those who belong to the Christian Church and the Church of God and the Church of Christ and the Lutherans, etc., etc. "Anyone who is not against us is with us." Are we not all Christians working for the same Christian values-to love God and to love one another? How can we love one another and post signs such as those posted in our county? And how can we spread rumors that attack the character of those running for public offices in our county? (See also 1 John 4:30-31)

In conclusion, I think that the attitude toward Catholics here is due mostly to misunderstanding. William Penn once said, "Neither dispise nor oppose what thou dost not understand." So if you think Catholics are evil, please come and talk to us and let us tell you how we feel about Jesus Christ and love.

David Ott.

Brødhead, Kentucky

Information sought...

Dear Editor:

I am searching for information on a person's whereabouts. Her name used to be Lilly Mae Debord.

She and Ottis Sandusky were married on 10-29-49, which is on record in the Rockcastle County

Courthouse. I was told they had one child, a girl.

If Lilly or her daughter sees this letter, I would like for them to contact me. Mrs. Susie Sandusky Kidwell, Rt. 3, Box 127, Mt. Vernon, Ky., phone 256-5403, as I have something I would like to tell them.

Mrs. Susie Kidwell

Pizza Hut did fine job for "Eagle Court"...

Dear Editor:

Troop 263 and its committee members would like to thank Debbie Noe and Pizza Hut for the most successful "Eagle" Court of Honor held for Chad Merritt, Debbie and her staff: Lisa Raines, Beth Miller, Jeff Harmon and Chris Cornelius, were kept very busy that night making pizzas, filling up glasses and keeping the salad bar filled. They topped the event with a delicious decorated cake. We can't express enough our gratitude to them for all they did. Pizza Hut donated all the food

ELECT Leo HAYES

Republican Candidate for Rockcastle Co. Jailer

To the Citizens of Rockcastle Co.

I, Leo Hayes, would like to take this opportunity to ask for your support in the upcoming Republican Primary Election for Rockcastle Co. Jailer. I have been elected at Stewart Fertilizer for the past 10 years. If I am elected, I pledge to keep a safe and secure jail, operated lawfully and honestly.

Your vote and support would be greatly appreciated.

Thank you,
Leo Hayes

Pol. Adv. Pd. for Candidate

Elect Albert York

5th District Magistrate

Pull Lever No. 3 for a person who cares!

Your vote and influence will be greatly appreciated in my campaign effort.

Pol. Adv. Pd. for Candidate

Twilight Auction

of Mr. and Mrs. Jim Lunsford's HOUSE AND LOT Friday, May 10, 1985

6:30 p.m. Brodhead, Ky.

LOCATION: Tyree Street, Brodhead, Ky.

Mr. and Mrs. Lunsford are in the process of purchasing another home and have contracted our firm to sell this desirable house and lot for the absolute high dollar.

The house has living room, kitchen, 2 bedrooms, bath and utility room. In addition, there is washer/dryer hook-up, city water and city sewer. The exterior of the house is weather-board.

The lot measures approximately 75x175 and has an extra water and sewer hookup for a mobile home. In addition, there is a good garden spot and ample shade trees.

Auctioneer's Note: If you're looking for a good small house in town, then be sure you don't miss this auction.

TERMS: 20% down day of sale, balance within 30 days with delivery of deed.

For additional information, contact Mr. and Mrs. Jim Lunsford at the property or:

Ford Realty & Auction Co.

"Rumors Begin Flying When a Politician's Support Starts Dying"

In his campaign, my opponent is using a piece of literature that lists some of the clients represented by my law firm. The only job or client he lists for himself (or his father or brother) is the office of County Attorney. This seems to suggest that he should be elected, not on his own merit, but because my firm has attracted clients by hard work and competent service.

I think it is fair for the voters of Rockcastle County to ask:

1. Why has our Fiscal Court hired other lawyers to represent Rockcastle County every time the County has been sued during his term?
2. Does he have no clients that he feels are worthy of listing?
3. Why has there not been a jury conviction in District Court since August 23, 1984, even though there have been 112 cases scheduled for jury trial since that time?

Is this the record of a "Strong" County Attorney?

As County Attorney, I will aggressively prosecute the cases in District Court. Criminal defendants will not be able to escape justice simply by pleading not guilty and demanding a jury trial.

Vote John Clontz For County Attorney

A competent and effective alternative to the past 3 1/2 years.

Pol. Adv. Pd. for Clontz for Co. Attorney Campaign, Richard Anderkin, Treas.

Letters

and even closed Pizza Hut that night for our Eagle event.

Mt. Vernon Florist decorated all the tables with beautiful yellow and white mums.

Troop 263 would also like to thank all the homemakers from the Sunshine Club of Conway for their monetary donation to Troop 263 in honor of Chad Merritt.

The Methodist Men of Bethany United Methodist Church donated an engraved Eagle Plaque to Chad.

We can't forget Flowers in Wood for the lovely planter arrangement they donated to the mother of our Eagle.

Rockcastle County has a lot to be proud of in their hometown. To people like the ones above who give a lot of their time, money and talents for others and especially to our youth of Rockcastle County.

Here is a young man who is only 14 but has brought pride to his county, to his family, as well as himself. We of Troop 263 congratulate Chad Merritt on becoming an Eagle Scout. It is the highest honor in the Boy Scouts of America.

Sharon Palmer
Committee Member
Troop 263

Trying to shed a little light on subject...

Dear Editor:

In last week's paper, there was an article about someone putting up posters about the Roman Catholic Church's connection with the under world and its control of organizations in high places. I know nothing of those people or their posters. I have never seen them.

I have no other reasons or motives for writing this article except for the preaching of the Gospel and the Kingdom of God, but I would like to shed a little more light on the subject.

In the 17th chapter of the book of Revelations, the Word of God portrays a woman arrayed in purple and scarlet and riding upon a scarlet colored beast with 7 heads and 10 horns and upon her head was written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. I would like to take this opportunity to pull back the veil and reveal at least a part of this mystery.

The woman is the world's religious systems that have rode upon and controlled and been supported by the beast which is the governmental system or world powers that have dominated the

"FAMILY LIFE CENTER"
(Cont. From Front)

CAP now operates in eight counties: Rockcastle, Madison, Jackson, Jessamine, Garrard, Lincoln, Pulaski and Floyd. CAP has five Attic stores, three child development centers, three spouse abuse centers, two boys homes, one of which is at the local center.

CAP sends out 24 million pieces of mail annually. There are 1,200,000 donors whose average contribution is about \$7. The total income of CAP was \$8,300,000 in 1984, the same amount as its budget, keeping it non-profit.

Although there is some state funding for some programs, the retreat center at Mt. Vernon is operated through private contributions and from sales at the Attic Store.

Rev. Cooper pointed out that persons in from 43 to 46 counties in the state have been served in some way by Family Life Retreat Center programs.

The center's financial influence in Rockcastle is substantial. In 1983, there were 34 employees with earnings of \$193,700. It did over \$65,000 worth of business with local suppliers. The total cost of operating 12 projects was \$463,800. The 1984 figures remain about the same.

Not all its facilities are in use all the time, but there are about 40 retreats a year by various groups. Recent retreat visitors included the Kentucky Council of Churches, individual churches from Manchester and Lexington and the Baptist Student Union from the University of Kentucky. A coaches conference is scheduled in June, and the Fellowship of Christian Athletes is to be there three weekends in July.

(Cont. to A-8)

world down through the ages. This beastly system is spiritually known as Babylon; motivated by Satan himself.

In the 13th chapter of Revelation the Apostle John stood upon the sand of the sea (the sea of humanity) and saw this beast rising out of the sea. The Apostle John wasn't in the sea but was separated from it. If he had been part of the sea, he wouldn't have been able to see this beastly system because he would have been part of it.

John didn't see this beast with all 7 heads thrashing around at the same time, but saw each head in its own time. As each head ceased to be, another would rise in its place to dominate the world in its time. The 1st head: Egypt; the 2nd Assyria; the 3rd Babylon; the 4th Persia; the 5th Greece; the 6th Pagan Rome; and the 7th Pagan Rome or the Holy Roman Empire.

This woman has rode and controlled and operated through

each one of these kingdoms with her idolatry and paganism and has continually tried to exterminate the saints of God for over 5,000 years and she isn't through yet. But the word of God declares that she is going to be judged and that her plagues shall come in one day. She is presently operating through the Roman Catholic Church, the 7th head. Rome was the dominating world power during the time of Christ and for several centuries after His earthly ministry. Pagan Rome was the 6th head of the beast.

After the day of Pentecost when the Holy Ghost came in the Upper Room and ended the Church with Power from on High began the greatest move of God in the history of the world. Three thousand souls were added to the Church that day. In the days that followed, tens of thousands, in the years that followed hundreds of thousands and millions as Christianity spread throughout the known world.

One Christian wrote to the Romans: "We are of yesterday, yet we have filled your empire, your cities, your towns, your islands, your tribes, your camps, castles, palaces, assemblies, and senate."

By 313 A.D. Christians numbered about one-half of the Roman Empire.

Although the Church was on fire with the Power of God and was sweeping the world the Roman Empire was persecuting the Christians beyond human comprehension.

Hundreds of thousands were put to death every way conceivable. They were burned at the stake; thrown to the wild beast; buried alive, crucified, beheaded, sawed alive, tortured with unbelievable brutality.

As the Church began to apostatize and the fire began to burn low, the Roman Empire was also coming to an end. In 476 A.D. the Roman Empire came to an end. Pagan Rome, the 6th head of

the beast was fading away, but the 7th head, the Holy Roman Empire, was rising up in its place. This Empire was and is ruled by a long list of Popes. This office is known as the Papacy. The Papacy is an Italian institution. It arose on the ruins of the Roman Empire in the name of Christ, occupying the throne of the Caesars, the symbol of the image of the Roman Empire, the inheriting the spirit thereof, the

ghost of the Roman Empire come to life in the garb of Christianity. It brought itself to power through the prestige of Rome and in the name of Christ; thus becoming the 7th head of the beast.

The Holy Roman Empire, "a name rather than an action," had factually lived a thousand years. It was brought to an end by Napoleon in 1806, but the spirit inheriting the spirit thereof, the

The wrenching crime of child abuse

By: Benny E. Ham,
Commonwealth's Attorney

Children have a special place in the hearts of everyone.

They also have a special place in the law.

For our society, as most civilized communities, realizes that people at young tender ages are not capable of fully taking care of themselves. They are vulnerable and subject to being taken advantage of and abused.

Children sustain both physical and psychological abuse not only from parents but from older siblings and other adults.

There are two reasons why child abuse of any kind is extremely serious. First of all, there is the immediate injury that it causes—whether it be physical pain or psychological trauma.

Secondly, it is the long lasting damage—in most cases psychological—that causes the child to carry the scars even after they themselves become parents. In fact, statistics show that those individuals who have been abused as children will likewise tend to "abuse" their own.

The universal conception of child abuse is that of an overbearing and sadistic father beating a small child to blood and bruises. Or one might picture a devilish mother tying her children to a bedpost and tormenting them, in some indescribable fashion.

But let there be no mistake about it, child abuse can be very subtle and much harder to identify. For instance, what about the Los Angeles city cop who returns home after a hot and hectic day where he himself has received much abuse not only from his superiors but from the general public as well. His nine-year-old daughter comes in with a report card not to his liking. He blows his fuse and proceeds to berate her verbally as being stupid and shiftless. He continues this degrading manner for weeks to come.

Now for many people, that type of conduct does not fall into the usual category of child abuse, but—and all psychologists and sociologists agree on this—it is child abuse nevertheless. According to the National Committee for the Prevention of Child Abuse in Washington, D. C., child abuse can take many forms: In addition to those injuries that we read about such as physical neglect or injury, it can be emotional neglect as well. Constant put-downs, threats, verbal harassments, or cursings are perhaps most serious of all. Child abuse can be depriving the child of normal love and caring—outright neglect.

This social evil has been around forever, but we are just now beginning to understand it well enough to put together some alarming statistics.

First of all, we know that 74% of abused children are under five years of age.

Experts say that about 1.1 million children are abused in the United States each year—and here is the most saddening and appalling statistic of all—2,000 die of their injuries annually.

What causes child abuse? Take away the parents or adults who are just downright evil and sadistic and you run into a wide range of people who do not necessarily mean to be abusive, but are. These are parents under a great deal of pressure either social or economic and who tend to take out their frustrations on their children. By and large most child abuse is inflicted not by sick minds, but by parents who have the best intentions but simply lose control and later hate themselves for it.

There is not much we can do in our society about the psychological abuse that is imparted upon children. This type of behavior gets into the family circle which we all consider private and pretty much sacrosanct.

However, the criminal laws of this state will not allow anyone—not even the parents of children—to physically abuse their own. In addition to the crimes against assaults, we now have in Kentucky a criminal abuse law.

A person is guilty of criminal abuse in the first degree when he or she intentionally abuses a child twelve years of age or younger and causes serious physical injury to that child; or by placing a child in a situation where serious physical

injury may occur; or by inflicting torture, confinement, or cruel punishment upon a child. Violation of this law carries a penalty of from five to ten years in the penitentiary.

Criminal abuse in the second degree prohibits the same acts from being done through wantonness and it carries a penalty of from one to five years in the penitentiary.

Child abuse is a serious problem but one that is hard to detect or deter. The crime is normally committed in the close confines of the home without willing witnesses to come forth and report the wrongdoing.

While there is no single list of things which will necessarily spotlight evidence of child abuse, there are some warning signs we should all be aware of. They include: (1) Bruises, broken bones, cuts, puncture wounds, swollen areas, missing hair, or marks made by bites or cigarette

burns upon youngsters; (2) The frequency with which a child shows signs of minor or severe injuries; (3) Several injuries in various stages of healing indicating that not all of the injuries were sustained at once; (4) Bizarre explanations for the injuries, especially the children covering for their parents; and (5) Weak explanations for injuries offered by the parent.

It is important that we work vigorously to curtail the evils of child abuse. If we don't and the trend increases, the next generation may well be made up of a majority of children who have been abused. And that means they will become persons more likely of abusing their children. That logically leads us down the road to a time when our civilization will no longer be civil.

"Cheerfulness is the spice of all truth."

CHURCH STREET
MT. VERNON, KENTUCKY 40456

TO: THE CITIZENS OF ROCKCASTLE COUNTY
FROM: James H. Lambert, County Attorney
SUBJECT: A Report To The People

Ladies and gentlemen: My duties as your County Attorney began in January, 1982, and at this time I want to thank each of you for permitting me to serve you for the past 3½ years. During that time, I have attempted to promote strong law enforcement in Rockcastle County without treating anyone in a mean-spirited manner.

I now make this report to you, the people who elected me. As shown below, Rockcastle County has an excellent record of convictions in cases brought in the District Court. (A conviction rate is composed of the number of accused who either pled guilty or were convicted by a jury after a trial). For your comparison, I have shown the percentages of convictions for Rockcastle and all counties touching Rockcastle during my term as your County Attorney. Please review this chart:

County	PERCENT OF CONVICTIONS			
	1982	1983	1984	Three Year Average
Rockcastle	73%	77%	83%	77.66%
Laurel	56%	60%	67%	61%
Jackson	70%	66%	60%	65.33%
Madison	79%	84%	83%	82%
Garrard	62%	76%	81%	73%
Lincoln	72%	84%	87%	81%
Pulaski	80%	88%	83%	83.66%

The figures shown in this report are from state law enforcement officials in Frankfort. A copy is available in my office.

As your County Attorney, I will always treat you with courtesy, respect and dignity. You will always be able to talk freely with me, and know that I will listen. I respectfully ask for the opportunity to continue working for you.

Your friend and County Attorney,
Jim Lambert

Elect Norma HOUK Rockcastle County Clerk

I have enjoyed my visits with those I have been able to see so far. The reception and warm welcome I have received have been wonderful.

I plan to see as many as possible in the next few weeks before the election. However, if I miss seeing you, or you were not home, let me take this opportunity to ask you to please vote for and support me in the May primary election.

I want to be your next County Clerk. If elected, I will treat everyone in a friendly and courteous manner and I will perform the duties of County Clerk in a manner that the people of Rockcastle County can be proud of.

Your vote and influence will be deeply appreciated.

Thank you,
Norma Houk

Social and Women's News

Historical Society meets

Mr. and Mrs. Joe Coffey of Orlando would like to announce the forthcoming marriage of their daughter, Teresa R. Coffey Vanzant, to Dr. Brett Van Kettlehut. Teresa is a stock broker with Quick & Rieley in Cincinnati, Ohio. Dr. Kettlehut is from Omaha, Nebraska and is presently employed at Children's Hospital in Cincinnati. The wedding will take place on May 4th at 6:30 p.m. at the Church of the Redeemer, 2944 Erie Avenue, Cincinnati, Ohio. The couple plan to make their home in Washington, D. C.

The April meeting of the Rockcastle County Historical Society was held at the "Polly House" at Renfro Valley.

The "Polly House" was purchased by John Lair when it took the chance of being destroyed by the construction of I-75. The 200-year-old house was moved to its present site at Renfro Valley and restored to its original condition, with every log intact and furnished with items of its era. It has been recorded in the Kentucky History books as the oldest home in Rockcastle County and now, as a museum, gives an insight of

pioneer life in this county.

The Rockcastle County Historical Society will begin its second year June, 1985. A campaign for new membership will begin in May. The new membership cards were displayed by secretary, Debra J. Brown, and will be mailed upon receipt of dues.

The Historical Society members appreciate the invitation of Dr. and Mrs. Joe Henderson to hold the April meeting at the historic "Polly House" and look forward to its opening to the public.

you may find that it may be tougher than the red variety. If so, Burrier suggested that you remove some of the coarsest strings from the outside before cooking. It can be peeled back like celery to remove the strings.

To prepare rhubarb, wash then trim and remove the discolored ends. Cut off and discard any leaves. Burrier said never cook the leaves, because they contain large amounts of oxalic acid. Rhubarb may be cooked and served as sauce or frozen for use later in the year.

Rhubarb makes a valuable addition to the diet since it provides worthwhile amounts of calcium, phosphorus, potassium, vitamin A and vitamin C. Here are recipes for rhubarb sauce and rhubarb pie.

RHUBARB SAUCE
1 1/2 pounds rhubarb, cut up
1/2 cup sugar
In a medium saucepan in 1/4 cup boiling water, heat rhubarb to boiling. Reduce heat to low. Cover
(Cont. to 19)

Personals

Mr. and Mrs. Cecil Creech of Goshen, Ohio visited Mrs. Nadine Creech and Mr. and Mrs. Wayne Creech and attended the wedding of Denise Creech and Dewayne Jones.

By: Mrs. George Burton

Leroy York of California, Mr. and Mrs. Kenneth Renner and Mr. and Mrs. James Harold Robinson and families of Ohio were here to attend the funeral of their nephew, Jerry Dean Morgan, last week.

Mrs. Mary Taylor, Leroy York and Mrs. Ora York visited Robert Browning who is very ill in the London Hospital last Thursday. Leroy York left Friday after spending a few days with his mother, Mrs. Ora York, and other relatives here.

Mr. and Mrs. Troy Gibbs, Joe Clark and Steve Ward visited Emory Martin recently.

Mr. and Mrs. Troy Gibbs have moved to Louisville.

Mrs. Edna Goins has returned home from the St. Joseph Hospital at Lexington where she had eye surgery and is reported doing fine.

Kristy Hall of Barbourville visited her aunt, Mrs. Edna Goins, recently.

Mr. and Mrs. Robert Barron and family and Mr. and Mrs. Anthony Barron and baby of Paris visited Mr. and Mrs. Robert Kirby Sunday.

Mrs. Robert Kirby attended a Stanley party at the home of Mr. and Mrs. Raymond Kirby Saturday.

Mr. and Mrs. Noah Karnes of London and Mrs. Anna Lawson of Sadiesville were recent visitors of Mrs. Edna Goins.

Bill Goins of Georgetown spent a week with his mother, Mrs. Edna Goins.

Mattie Owens and Samuel Newton of Somerset visited her parents, Mr. and Mrs. George Burton, awhile Sunday afternoon.

Mr. and Mrs. Robert Henderson of Somerset were here Sunday evening for visitation of William A. Bradley at the Dowell & Martin Funeral Home. Mr. Henderson also visited his mother, Mrs. Lona Logsdon, awhile Sunday afternoon.

Recent visitors—Mrs. May and Mrs. Gravelly Burton were Rev. and Mrs. Tinsley Rector of Indiana, Mr. and Mrs. Virgil Brock, Mrs. Roscoe Webb, Mrs. Mary Brock and Mrs. Edith Lunsford.

Sympathy is extended to the families of Walter Hopkins, Fred Stallsworth and William Arthur Bradley in their time of sorrow.

BRIGHTEN YOUR MEALS WITH RHUBARB

Rhubarb is one of the earliest delights of spring.

It's available in the grocery from January to June. In your garden, you can harvest it as early as late April. Rhubarb adds color and flavor to meals as sauce, salad or dessert. And for a delightful flavor, it may be combined with strawberries for pie or salad.

Sue Burrier, Extension food and nutrition specialist with the University of Kentucky College of Agriculture, has these tips for shoppers interested in buying rhubarb.

First, look for firm, crisp, fairly thick stalks that are either red or pink. Variety makes the difference in color and one variety is more greenish.

In the home garden, if you have some of the greenish type,

ELECT J.R. "Boone" CROMER Magistrate 3rd District

Vote No. 3 on the Ballot for the 3rd District

I would like to have the chance to serve again as your Magistrate. I have 12 years experience in county government and I believe you all know that I will serve you again with fairness and honesty. Having been a bus driver, in my area, for 15 years and having always lived in this area, I know what it takes to maintain and improve our roads in a condition that will provide 3rd District residents with good, safe roads to travel on.

Also, you know that I will always be available to you to listen to your needs and desires concerning county government.

I ask your vote and support in the upcoming May 28th Republican Primary

MASTER COMMISSIONER SALE

THE BANK OF MT. VERNON, ET AL. PLAINTIFFS
VS. LYDIA MINK, DEFENDANT.

By virtue of Judgment rendered by the Rockcastle Circuit Court on Civil Action No 85-CI-006 on the 16th day of April, 1985, I shall proceed to offer for sale at public auction the following described real property:

DATE OF SALE: May 20, 1985 at 1:00 P.M.
PLACE OF SALE: At or near the front door of the Courthouse, Mt. Vernon, Ky.

Located in the town off Mt. Vernon, Rockcastle County, Kentucky, on Richmond Street and BEGINNING at an iron stake in line of Drs. Jack and Joe Henderson and extending with their property in a northeastwardly direction 85 feet to an iron stake in line with a 12 foot road, thence 100 feet in a northerly direction to an iron stake beside a fence post joining Ann Farris property; thence southeastwardly 85 feet to an iron stake at the sidewalk joining a driveway into Ann Farris property; thence 100 feet along Richmond Street in a southerly direction to the point of beginning.

This property subject to an easement for ingress and egress over the 12 foot drive mentioned above retained by Lorene Sigmon, et vir., in deed dated January 23, 1976, recorded in Deed Book 107, page 127, in the office of the clerk of the Rockcastle County Court, Mt. Vernon, Kentucky.

And being the same property which Lawrence Mink (now deceased) and Lydia Mink obtained by deed dated September 7, 1983, from Don Whitaker, et ux, recorded in Deed Book 121, pages 48-49.

This property shall be sold to the highest bidder on terms of 25% of the purchase price in cash at the time of the sale and the balance payable in sixty (60) days, with the purchaser being required to execute bond with surety approved by the Commissioner to secure the unpaid balance, the said bond shall bear interest at the rate of 12% per annum until paid. The bond shall have force and effect of Judgment and shall be and remain a lien upon the property sold as additional surety for the payment of the purchase price.

A federal right of redemption shall exist if any federal agency has a lien or interest in said real property.

That from the proceeds of sale, the cost of this sale, court costs, delinquent taxes shall first be paid; thereafter, the debt and attorney fees of The Bank of Mt. Vernon and one-half the balance, if any to Lawrence Mink, and all sums remaining of his one-half and Lydia Mink's one-half, if any, shall be paid to Lydia Mink.

Risk and loss of improvements shall be on the purchaser from the date of sale.

The purchaser shall pay the 1985 property taxes.

The bidders shall be prepared to promptly comply with the aforesaid terms and conditions.

Robert E. Cikum
 Master Commissioner

Summer fun at 4-H camp

By: Martha W. Brown
 County Extension Agent
 For 4-H

For a week of swimming, boating, sports, crafts, folk dancing and games, pack up and head to 4-H Camp this summer. Rockcastle County youth will be camping three separate weeks this summer at J. M. Felner 4-H Camp in London.

Grades 3 and 4 will be able to attend a special four-day, three-night camp which will focus on environmental education. The dates for this 4-H Outdoor Adventures Camp are July 22-25. Besides the traditional activities such as boating, archery, riflery, swimming, tennis and fishing, these young 4-H'ers will have environmental classes such as wildflowers, insect and rock collecting and trees identification. Boys and girls who have graduated the 3rd or 4th grade this June, will be eligible to attend this camp.

Grades 5-8 will be camping 5 days 4 nights, July 8-12. Another special week has been planned for this group of 4-H'ers. Campers will be able to choose from seventeen classes such as clogging, beginning swimming, photography, crafts, dance, advance boating and first aid. The theme for this week of camp will revolve around video production with several special activities planned to involve campers in actual video taping.

The third week of camp will be for the teens, July 30-August 2. Activities for this camp will include classes to teach teens skills which they can use in everyday life.

Extension agents and adult and teen leaders will be on hand to supervise young campers. Camp managers, supported in part by the Kentucky Association of Electric Cooperatives, coordinate the total camping program.

For many youngsters, staying in cabins with other young people and adults will be their first experience in group living outside

 For
JAILER
 Rockcastle Co.

Subject to May 28th Republican Primary

I, Harlan "Buck" Farthing, would like to take this time and opportunity to ask for your vote and support in the upcoming May 28th primary election. At this time, I would like to cease any floating "rumors" as to who my deputy jailer will be. I would like to announce that I have chosen Mr. Boyd Hasty of Rt. 1, Mt. Vernon as my deputy.

Pub. Adv. Pk. for Candidate

A SPECIAL MESSAGE TO ROCKCASTLE COUNTY RESIDENTS FROM PAUL KIRBY
 Republican Candidate for County Judge/Executive

I'm a 35-year-old candidate for County Judge/Executive. My wife is the former Clarice Renner, the daughter of Wilson and Cora Graves Renner. We have 3 sons: Doug, 13; Jason, 10 and Stacey, 8. We've lived on Fairground Hill in Mt. Vernon for the last 13 years. I'm the son of the late Cecil and Bessie Cromer Kirby of Sand Springs, Kentucky. My grandparents were Jerry Kirby and Jim Cromer of the Blue Springs section of Rockcastle County. Unlike all my opponents, this is the first time I have run for any public office. I don't have any inkfolds that are running in this election or that has ever run for public office. This doesn't mean that I haven't been an avid supporter of the Republican Party, though. I've always stood up for what I believed in and what's right.

I felt when I filed for the office of County Judge/Executive, and still feel, that if you, the people, will elect an honest, fair and a hard-worker, we can get something done for this county. Elect someone who needs the job and cares about all the people -- not just a few.

I graduated from Mt. Vernon High in 1969. I've worked in grocery stores around the county since my marriage 15 years ago. These include: Reuben's Mkt., Superior, Harmond's Mkt., and owned and operated Paul's Meat Market on US 150 in Mt. Vernon for the last 4 years. I've been employed at Foodland in Brodhead since it opened last November.

I've donated all my spare time in the last several years to working with our youth coaching a team in little league baseball and youth football. I am still an active coach and this takes time away from my campaign, but I won't desert these kids.

I work 6 days a week at the store and I know I'll not get to see all of you personally. I hope that you won't hold this against me. I want everyone's vote and help and if I haven't asked you face-to-face it's because I haven't had the chance to. I want to help you people and do everything possible to make PROGRESS in all fields for the county. To do this, I first need your help in getting elected.

It's your right and privilege to support the person whom you feel needs the job and will do the very best job for you and your county.

Any contribution in any shape-form-or-fashion toward me winning this nomination will be forever appreciated and I will be eternally grateful.

YOU THE VOTERS, know what WE'VE HAD
YOU KNOW WHAT WE NEED
YOU WILL DECIDE WHAT WE'LL GET

At times, people tend to under-estimate their power to make changes! Your votes is all it will take. This May 28th to vote for me, Pull Lever B-3.
 Forever devoted to making improvements in this county and to all it's people.

Sincerely,
Paul Kirby

Pub. Adv. Pk. for Candidate

The Week at Livingston

By: Eva Black

The Ladies Class of the Livingston Christian Church will start their rummage sale, Friday, May 3rd, in the basement of the old Holiness Church. It will be operated by Eva and Carrie again this year. Come and visit us. We will have lots of clothing, all in good condition, and lots of glass dishes. We will be open Tuesday and Friday, 9.00 a.m. to 3.00 p.m.

Mr. and Mrs. Ray Scoggins were called to Seffer, Florida due to the death of Luther Dodds who passed away April 6th. They were accompanied by their son-in-law, Roger Helton of Berea.

Mrs. Carrie Loudermilk returned home last week after a visit with her daughter, Mrs. Jerry Howard, and children, Kim and Kyle.

Oscar Mullins returned home from St. Joseph Hospital in Lexington last week after being confined there 10 days. He is recuperating nicely at his home.

Mr. and Mrs. C. F. Mullins, Jr. of Louisville and daughter, Mr. and Mrs. Charles Krandell of Danville, Mr. and Mrs. Luther Mullins and son, Frank, and daughter, Mrs. Ann Overbey, all of Ohio, were here last week to help Mr. and Mrs. C. F. Mullins, Sr. celebrate their 60th wedding anniversary.

Mrs. Jean McHargue of Louisville is here with her parents, Mr. and Mrs. George Phipps, who are both numbered with the sick.

Mrs. Denver Mullins is able to be out after being confined to her home the past month.

Mrs. Etta Chitwood of Winfield, Tennessee is visiting her sister, Mrs. James McClure, and family.

Recent visitors of Mr. and Mrs. Lee Faulkner were their son, Roland, and Janice Lewis of Carlisle, Ohio; Louise Faulkner of Richmond, and Mrs. Marie Richardson and little grandson.

Rev. Ed Beckner and Mrs. Beckner and Mrs. Minnie Hopper of Corbin visited Mr. and Mrs. Clyde Fordyce and other friends Sunday afternoon.

Recent visitors of Mr. and Mrs. Everett Mahaffey were their son, Bruce Mahaffey, and Jason of Louisville who spent the week. Their little great granddaughter, Christina Mahaffey, of Cincinnati has returned to her home after spending a month with her grandparents.

Mt. Vernon PTA will meet

The Mt. Vernon Elementary P.T.A. will meet Thursday at 7:00 p.m. at the school to discuss plans

for a Spring Festival which will be held May 25. The proceeds from last year's festival were used to

purchase tumbling mats for the P.E. department and a new P.A. system which will be used for the first time at this year's eighth grade graduation.

The P.T.A. has also asked the

industrial arts department at the high school to build carts for three sets of encyclopedias that were purchased last year by the P.T.A. The carts are to be used to transport the encyclopedias so that

they can be shared by the 34 classrooms in the school.

Parents, this is your opportunity to participate in the education of your child, so please come (Cont. to A19)

Regional Skill Olympics Winners - The Harry Sparks Area Vocational Education Center participated in the Regional VIC Skill Olympics Contest on Wednesday, April 17. Shown above Mark Thompson was the first place winner in radio and t.v. repair for the high school division. Burnett Albright was the first place winner in auto mechanics for the high school division and Tim Singleton was the second place winner in radio and t.v. repair high school division. On the back row Ronald Mullins was the first place winner in electricity in the high school division. Melvin Hensley

was the third place winner in welding in the high school division, Chris Lewis was the third place winner in auto mechanics in the adult division, Steve Howard was the third place winner in auto mechanics in the high school division and Stacy Faulkner was the third place winner in radio and t.v. repair in the high school division. The first place winners will be participating in the State contest on May 8, 9, 10. Should they win the state contest they will be participating in the National Contest which will be held in Phoenix, Arizona in June.

"FAMILY LIFE CENTER"
(Cont. From A-3)

On weekends when visitors crowd into Renfro Valley for the bandances and other events, the center rents spare rooms (it has 21) to tourists.

"We take the spillover from Renfro Valley," Rev. Cooper related. "We are not in competition with local motels. Actually we don't have many rooms available since most of our retreats are on weekends."

He added the center aids families who are traveling and who have very little or no money for expenses.

Some of the programs and events at the center, and operated by CAP include:

- banquets, wedding receptions, club and business meetings, by reservation;
- two foster homes for severely and multiple handicapped children whose only other alternative is an institution;
- three family life abuse centers;
- two boy's homes for youths in need of special help, and a few delinquent boys committed by the state;
- a school for boys which also has tutoring for community people and those working on a general education degree (GED);
- recreation and youth pro-

grams such as ball leagues, now directed by Elizabeth Phelps;

- five child development programs;
- emergency assistance;
- free seed and fertilizer for qualified families;
- an elderly visitation program operated by volunteers;
- home repair program for those qualified for aid;
- a Christmas wreath program at Tyner where 48,000 wreaths were made and shipped last season;
- a tree farm in Jackson County;
- a sheltered workshop for handicapped adults in Stanford and Somerset.

Rev. Cooper stressed the importance of the counseling program on marriage, pre-marital, family problems, and death and divorce adjustment. Educational services are offered to the clergy, churches and community groups.

Rev. Cooper, who is in charge of the counseling program, is a trained professional pastoral coun-

selor and marriage and family therapist. He has both psychological and theological orientation and is a clinical member of the American Association for Marriage and Family Therapy, and the Association of Couples for Marriage and Family Enrichment. He has been an ordained clergyman for 14 years.

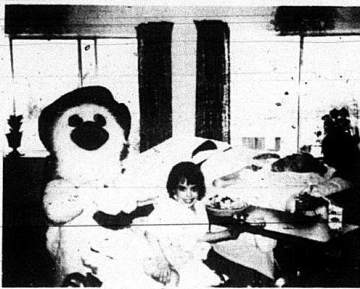

Brochures are mailed regularly from the center asking that the center be considered for such sports activities as football clinics, basketball clinics, cheerleader camps, band camps and faculty retreats.

The center also hands out brochures on activities at Renfro Valley and other Rockcastle points of interest.

A resident of the county summed up his feelings about the center recently: "I was skeptical about its intentions and goals for a long time, but now I think it has brought new ideas and concepts to the area that are compatible, even though the center's long term value and influence is still to be determined."

But not to Rev. Cooper.

Rockcastle Hospital Skilled Nursing

An unexpected visitor recently appeared at the Rockcastle Skilled Nursing Facility here in Mt. Vernon, bringing smiles and some very shocked expressions to the faces of patients and staff alike. The large web-footed visitor introduced himself as "Father Goose" and delivered telegrams, sang songs, and talked with the patients. As the

visit drew to a close, he asked Robin Stroh, one of the patients, for a good-bye kiss. She denied his request saying, "I don't know you THAT well!" A very special thanks to Lewis Tagliaboschi for "donning" the costume and providing such a delightful performance.

ELECT
Ricky R. KIRBY
Jailer
Rockcastle Co.
No. 10 on the Ballot

Dear Voters,

I can't promise everyone a job as cook or Deputy Jailer as some opponents have, but I pledge to keep a clean, efficient and secure jail. I have worked in the Republican Party since I turned 18 in 1974. I am the Youth Captain of the West Brodhead Precinct. I have also represented Rockcastle Co. as a delegate to the Republican State Convention. I have been the County Youth Chairman and love working for my party. I promise, as your Jailer, I will not only do my job, but try to make our county proud of our Jail.

Your Friend,
Ricky R. Kirby

Obituaries

William A. Bradley

William Arthur Bradley, 71 of Mt. Vernon died Friday, April 26, 1985, at the Rockcastle County Hospital.

He was born in Rockcastle County on August 3, 1913, the son

of the late James Harvey Bradley and Mary Ellen Barron, and was a member of the Blue Springs Church of Christ.

He is survived by two sons, Billy Joe Bradley, of Loveland, Ohio, and Bobby Gene Bradley, of London, two daughters, Mrs. Bonnie Lou Davis, of Lockland,

Ohio, and Miss Janice Bradley, of Arlington Heights, Ohio, one brother, Raymond Bradley, of Mt. Vernon; one sister, Mrs. Mamie St. John, of Springfield, Ohio; seven grandchildren; two half brothers, Bobby Joe and Linden; six half sisters, Della, Juanita, Anna, Dorothy, Shirley and Het; his step mother, Mrs. Sybil Bradley.

Funeral services were conducted Monday, April 29th, at the Blue Springs Church of Christ, by the Rev. Zedie McClure. Burial was in the High Dry Cemetery.

Pallbearers were Billy Bradley, Pat Bradley, Bobby G. Bradley, Bobby J. Bradley, Bobby J. Bradley II, and Kenny Hundley.

Arrangements were by the Dawell & Martin Funeral Home.

Fred Stallworth

Fred Stallworth, 75, of Mt. Vernon, died Thursday, April 25, 1985, at the Rockcastle County Hospital after an illness.

He was born in Rockcastle County on November 9, 1909, the son of the late Frank and Rosie Rash Stallworth, and was a retired farmer, a veteran of World War II and a member of the Calloway Holiness Church.

He is survived by his wife, Mrs. Nora Owens Stallworth; one son, Eddie Stallworth, of Berea; two step-sons, Robert Mullins and Jesse Mullins, both of Dayton, Ohio; two daughters, Mrs. Jean Renner, of Mt. Vernon, and Mrs. Dolores Morgan of Morgan, North Carolina; two step-daughters, Mrs. Ruth Wilson, of Dayton, Ohio, and Mrs. Lena Tribbey, of Cincinnati, Ohio; one brother, Dave Stallworth, of Mt. Vernon; three sisters, Mrs. Ida Allen, of East Bernstadt, Mrs. Lily Rash of Dayton, Ohio, and Mrs. Hazel Phillips, of Rt. 2, Mt. Vernon; seven grandchildren and several great grandchildren.

Funeral services were conducted Saturday, April 27th, at the Calloway Holiness Church by Bro. Vernon Doan, Bro. Elzie Doan and Bro. Allen Hench.

Burial was in the Pine Hill Cemetery.

Arrangements were by the Dawell & Martin Funeral Home.

Card of Thanks

Many sincere thanks and appreciation from family and friends to Buddy Cox of Cox Funeral Home, Rev. Charles Hebrick and Rev. Bill Gott for their efforts and support in the passing of our mother and grandmother, Nannie Hansel.

From The Hansel Children

NOTICE OF INTENTION TO MINE
Pursuant to application Number 902-0045

In accordance with the provisions of KRS 350.055, notice is hereby given that: Hershel Watson, 743 Colonial Trace, Frankfort, Kentucky 40601 has filed an application for a permit for a surface coal mining and reclamation operation located approximately 2.0 acres located 1.1 miles northwest of Pine Hill in Rockcastle County. The proposed operation is approximately 1 mile west from US 25's junction with Lime Plant and Collo Road and located 1.4 miles southeast of Burr. Latitude 37 degrees 19' 56", longitude 84 degrees 16' 58". The proposed operation is located on the Mt. Vernon USGS 7 1/2 minute quadrangle map. The surface of the area owned by Max Renner and Jimmie Lou Renner. The access road is located on surface owned by Billy Gadd. A brief description of the kind of mining application proposed is: Contour Mining.

The application has been filed at the Bureau of Surface Mining Reclamation and Enforcement for public inspection at London Regional Office, Reclamation Building, Ky. 80, London, Kentucky 40741.

Written comments, objections and/or requests for a permit conference must be filed with the Director of the Division of Permits, Bureau of Surface Mining Reclamation and Enforcement, Capital Plaza Tower, Frankfort, Kentucky 40601. This is the final advertisement of this application; all comments, objections and/or requests for a permit conference must be received within 30 days of this date. The written comment, objection, or request for a conference must reference the above permit application number.

Cox re-elected; Shirley Cox receives license

Robert L. "Buddy" Cox, of Cox Funeral Home in Mt. Vernon, has been re-elected to serve a three-year term as director to the Kentucky Funeral Directors Burial Association. Cox has served as a director for the past twelve years representing the southeastern district of Kentucky.

"I feel deeply honored to be re-elected to represent my district. While to office, I will continue to do everything possible to upgrade the standards of funeral service in Kentucky," he said.

Mrs. Shirley Cox, his wife, has met all the requirements necessary to practice funeral directing in the state of Kentucky and has been awarded her funeral director's license.

"Continuing the tradition of funeral service by the Cox family and working with my husband to help families during a difficult time gives me a real feeling of satisfaction. I will dedicate myself to giving the best service possible to every family that we serve," she said.

Card of Thanks

The Hooker Family wishes to express warmest thanks and appreciation to all those who have been of help to us during our time of sorrow.

The family wishes to thank all those who contributed their support through love, time, contributions and friendship.

A Tribute to Mother Mrs. Judy Thompson who passed away Oct. 21, 1983 Celebrating her move into eternity.

Mother has moved, she has gone to her permanent home, she has moved, as it were her final residence, to one of the Lord's apartments.

The great ordeal is over. Life itself is an ordeal. Mother's ordeal is over. Great and beautiful things await her in her new life above.

In death you leave behind friends and loved ones. Death itself is a lonely journey. We die alone. We step into the boat to cross over to the other side and it's a lonely journey.

But, immediately on the other side, joy awaits us. We meet those who have gone before, our departed loved ones.

But, most of all our Lord and in her new home, she lives on in eternity and she will live on here in our memories. At the conclusion of the service, Mother would have said, Let us go in peace.

Sadly missed by the Thompson Family

Thanks, Druthers

Rockcastle County Schools would like to thank Druthers for providing Mt. Vernon, Roundstone, and Brodhead Elementary Schools with Perfect Attendance Certificates for free hamburger, fries and coke.

Obituary information furnished by funeral homes.

ABSOLUTE

Auction

of
Mr. and Mrs. John D. Bullen's
7.18 ACRES
Sat., May 11, 1985

10:30 a.m.
Roundstone Area
Location: Approximately 8 miles south of Berea and 7 miles north of Mt. Vernon on U.S. 25 next door to the Roundstone Elementary School.

Since this property is separated from the other farm land that Mr. and Mrs. Bullen own, they have decided to sell it for this absolute high offer.

The property contains 7.18 acres of fertile farm land, being strategically located between Mt. Vernon and Berea. This property would be well suited to build a home and to enjoy country living at its best. The property has city water available and a tobacco allotment of 332. However, the 1985 tobacco has already been leased.

Auctioneer's Note: If you're in the market for good fertile land, then mark your calendar to attend this auction Saturday, May 11th at 10:30 a.m. Remember, the last bid will buy.

TERMS: 20% down day of sale, balance within 30 days with delivery of deed.

For additional information, contact the owners: Mr. and Mrs. John D. Bullen at 256-4894 or:

Report to Kentucky

SENATOR WENDELL FORD

U.S. Senator, Washington, D.C. 20510

TEXTILE TRADE DEFICIT DEMANDS ACTION

The U.S. had a \$16 billion trade deficit last year in an industry that is important to Kentucky -- textile and apparel. The industry, which employs about 33,000 Kentuckians, is being eroded by overseas competition, and action is needed now to stop the loss of textile jobs to overseas manufacturers.

That is why I have cosponsored a bill -- the Textile and Apparel Trade Enforcement Act of 1985 -- to bring stability to our textile and apparel market.

Textile and apparel trade is vital to the American economy, providing one out of 10 manufacturing jobs in this country. It employs about 2 million Americans -- more than the auto and steel industries combined.

But that trade is being undermined by the foreign influx of almost one-half of the textile goods sold in the United States. As the amount of imported textile items have increased, some 300,000 Americans have lost their jobs.

The workers are not to blame for this situation. Their job losses occurred despite the fact that wage rates are only about 75 percent of the national average. Also, the industry has experienced productivity gains much higher than other industries. Clearly U.S. textiles and apparel management and labor are making every effort to modernize, compete and survive.

Many foreign governments have artificially bolstered their textile apparel industries in order to fulfill the threefold purposes of creating jobs for their workers, acquiring U.S. dollars, and achieving a more favorable balance of trade. Our trade deficit shows that they are successful.

More vigorous trade laws are necessary to allow these workers to compete with their overseas counterparts. The bill I am cosponsoring would establish a ceiling on the amount of foreign-made textiles allowed in this country by nations that are major U.S. exporters. It would also give smaller exporting countries an opportunity to compete for their own fair share of the U.S. textile market.

Fifty Years -- A Proud Tradition

By: J. David Stipes
Soil Conservation Service

April 27, 1985 marks the Golden Anniversary of the Soil Conservation Service (SCS) -- a milestone in a voluntary conservation movement that has involved more than two million farmers, ranchers, and other land users. "SCS can be proud of what it has done," said Peter Myers, Chief of the agency. "It has helped to reduce soil erosion, conserve water, reduce flooding, improve rangeland, and protect other natural resources. Today, 2 out of every 5 acres of farmland are adequately protected against soil erosion."

In Rockcastle County, many farmers are involved in conserving natural resources," said David Stipes, district conservationist with SCS. "Innovative farmers here are projecting cropland with conservation tillage including no-till. They are convinced that these are cost-effective and soil-saving practices." Nationwide, farmers used conservation tillage on 29 percent of the cropland in 1984. Conservation tillage today complements efforts of farmers to use contour strip cropping, terracing, crop rotations, and other practices that returned eroded fields to productive cropland and pasture. Along the way, SCS has achieved an international reputation in the field of soil and water conservation.

What has been accomplished in 50 years is the result of Federal and State agencies and local groups working together to solve the nation's soil and water problems along with the leadership and investments of farmers and ranchers. These accomplishments also needed the support of conservation districts and professional organizations and the dedication

Buffalo and Rochester, NY, lead the nation in annual average snowfalls, even though they are further south than such cities as Minneapolis and St. Paul, MN.

of people from all walks of life who feel a sincere sense of stewardship for the land.

Everywhere in the United States has benefited from the protection of soil productivity and a cleaner environment. "It's time for celebration as we observe 50 years of soil conservation and it's time for renewed commitment as we look ahead," said Myers.

Senior Scholars program at Centre College

The Senior Scholars program, an intensive, three-week course of study for students who have completed their junior year of high school, will be held June 9 through 28 at Centre College.

Members of the Centre College faculty will offer courses in six areas.

Computers and Mathematics -- an introduction to pre-calculus concepts and methods and to the computer as a tool for solving mathematical problems.

Computers in Chemistry and Physics -- a study of the application of computers to solving problems in chemistry and physics.

International Relations -- a look at the foreign policy of the United States and the Soviet Union as it is shaped by such issues as unrest in Poland; instability in the Middle East; and the expanding role of China in world affairs.

Literature and Writing -- an examination of recurring values in western culture through selected readings and writing assignments which teach participants to think analytically, speak persuasively and write with clarity and grace.

Making and Studying Music -- an exploration of the history, theory and practice of classical and popular musical forms -- one of two

The Mt. Vernon Signal Thursday, May 2, 1985 P-A11

new programs offered by the Senior Scholars program.

Contemporary Art -- another new area of study focusing on contemporary art issues and traditional art techniques in ceramics

and hot glass production.

Admission requirements for the Senior Scholar program include completion of the junior year of high school, a strong academic (Cont. to A14)

Winning the Rockcastle Mixed Bowling League at Maroon Lanes in Richmond this year were the Low Rollers with 79 1/2 wins and 40 1/2 losses. Members of the team were: Karen and Terry Morgan and Henry and Mary Ann Vanzant.

Placing second in the league were the High Rollers with a record of 70 and 50. Members of the team were, front row, from left: Jamie Anderkin and Jeannine Parsons and back row, Dr. John Parsons and Jack Noe.

Annual Roland Wierwille Hoop Camp will be in June

The 11th Annual Roland Wierwille Basketball Camp for boys and girls between the ages of 8 and 17 will be held June 17-21 on the Berea College campus.

Having just completed his 13th season as the head coach of the Berea College Mountaineers, Wierwille led his team to a 20-10 record and their first ever appearance in the NAIA national tournament last season.

In addition, Wierwille has led the Mounties to four KJAC titles and gained nine NAIA playoff berths. He was named KJAC Coach of the Year in 1976, 1978, 1979 and 1984, and was also named NAIA District 32 Coach of the Year in 1977, 1979 and 1984. Wierwille will personally appear at and participate in every session.

The cost for each camper is \$80, which pays for a T-shirt, limited insurance, lunch, juice, movies, an achievement certificate, a season pass to the Berea College home basketball games and instruction. A non-refundable \$40 deposit must accompany the application with the balance due on registration day. Checks should

be made payable to Roland Wierwille Basketball Camp, Inc.

The deadline for application is June 12. Applications may be obtained at Seabury Gym and should be filled out and mailed to Roland Wierwille, Basketball Camp, Inc., CPO 2329, Berea College, Berea, Kentucky 40404.

The earliest applications will be given first preference. The camp has gained a reputation as one of the finest summer basketball camps in the state. Enrollment is limited to afford each camper the individual instruction he or she needs to develop coordination and basic basketball skills.

There will also be competition in shooting and three on three league play. The 12 to 17 year old campers will have full court team leagues in the afternoon.

Along with instruction from the staff, there will be special guest speakers and sports films. Campers will be allowed to swim in the Berea College pool at designated times under qualified lifeguard supervision. Camp hours are 9:00 a.m.

Taking third place were the A-Team with 68 wins and 52 losses. Team members are: Jack and Judy Lawless and Dale and LaVerne Winstead.

until 4:00 p.m. for 8 to 11-year-old campers and 9:00 a.m. until 5:00 p.m. for 12 to 17-year-old campers.

APPLICATION APPROVAL FOR HANDICAPPED CHILDREN SERVICES

The Upper Cumberland Special Education Cooperative is developing an application for funds to be submitted to the Kentucky Department of Education. Federal funds for this project are available through EHA, Part B (P.L. 94-142). This application proposes an area cooperative project serving handicapped children through the school districts of Barbourville Independent, Bell County, Corbin Independent, Jackson County, Knox County, Middleboro Independent, Pineville Independent, Rockcastle County, Whitley County and Williamsburg Independent.

This project has three main purposes: (1) interagency planning and coordination of services in the Cooperative Area; (2) provision of direct and related services to handicapped children; (3) provide consultative service to districts to assure appropriate support services for low incidence exceptional children.

This notice is being published to provide reasonable opportunities for the participation by teachers, parents, other interested individuals and public and private agencies and organizations in the planning for and operation of the area cooperative project. Input is requested in order to assist the Upper Cumberland Special Education Cooperative in determining considerations such as the following, which children will receive benefits under the project, how the children's needs will be identified, what benefits will be provided, how benefits will be provided and how the project will be evaluated.

Plans call for this application to be finalized and submitted to the Kentucky Department of Education by June 1, 1985. Those persons desiring to give input may obtain a copy of this application by contacting the Superintendent's office in each of the ten participating districts. Comments on the application should be submitted in writing to:

Phyllis G. Bullock
Program Director, U.C.S.E.C.
Rockcastle County Board of Education
Box 60, Route 5
Mt. Vernon, Ky. 40456

Sponsored by the
Eastern Rockcastle Concerned Citizens

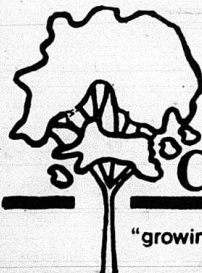

We're one bank you'll never be too big or too small for.

It goes with the territory. We've been around for so many years, we're as much a part of this community area as the church on the corner and the flagpole in front of the post office.

We're so accustomed to dealing with the financial problems of our newsboys (and girls), we wouldn't deny the same spent with them under any circumstance. Our larger depositors, too, have come to respect our judgment and to rely on us for financial assistance. We just wouldn't change any part of it.

While most of the financial world views modern banking as concerning themselves only with the major corporations in the world, we're still the community bank. And, that's the way we want to keep it.

Citizens Bank

Taking individual trophies in the women's division of the Rockcastle Mixed League were, front row, from left: Joyce Houk, high series hdp; Jeannine Parsons, second high game scratch; Judy Lawless, third high game hdp and Carol McGuire, high women's average and high series scratch. Back row: Jamie Anderkin, high game scratch and third high average; Kelly Pensol, most improved

woman bowler; Karen Morgan, second high series hdp; Lois Nore, third high game scratch and Virginia Winstead third high series hdp. Not present were: Evelyn Mullins, second high women's average, second high series scratch; Linda Carter, third high series scratch; Penny Mullins, high game hdp and Wavelene Mullins, second high game hdp.

Men receiving individual trophies were, front row, from left: Denny McGuire, third high game scratch; Jack Lawless, high game hdp; Dale Winstead, high series hdp and Bill Reynolds, second high series scratch and third high men's average. Back row: Henry Vanzant, second high game scratch; James Noe, high men's average and third

high series scratch; Roy Winstead second high game hdp; Terry Morgan third high series hdp; Russell Houk high series scratch and Jack Noe, high game scratch and second high average men. Not present were: Tim Reynolds, most improved man bowler; Harvey Pensol, third high game hdp and Jim Cromer, second high series hdp.

Wanted Tiger Cubs

Tiger Cubs that signed up with Pack 263 last fall at Mt. Vernon and Brodhead Schools, please call Garry Hansel immediately. At the next Pack meeting being held in May, you will graduate from Tiger Cubs into Cubscouts in ceremony and be recognized. It is important that you contact one of the following as soon as possible for details: Garry Hansel, 256-4601; or Sharov Palmer, 256-5706.

Wild Turkey Season opens at Wildlife Management Areas

Wild turkey season opened April 20 and will continue through May 3 in more than 13 counties and on several wildlife management areas throughout Kentucky.

The counties open through May 3 include: Ballard, Bath, Pike, Letcher, Menifee (north of U.S. 469), Harlan, Butler (north of the Green River Parkway), Crittenden, Boyle, Casey, Marion (east of Ky. 55), McCreary (north of Ky. 92), and Pulaski.

Additionally, Pioneer Weapons, Beaver Creek, Cranks Creek, and Pine Mountain Wildlife Management Areas will be open to wild turkey hunting through May 3. Remember that special regulations apply at the Pioneer Weapons Wildlife Management Area. No breech-loading shotguns may be used—only muzzle-loading shotguns, muzzle-loading rifles, muzzle-loading handguns, and crossbows of at least 100 pounds pull that shoot bolts with barbless, broadhead points that are at least seven-eighths of an inch wide.

At Land Between the Lakes (LBL), TVA's 170,000-acre national recreation and outdoor demonstration area, wild turkey season ends Sunday, May 5. Special LBL permits, which cost \$10 each, are required in addition to a valid hunting license and Kentucky wild turkey hunting tag. The LBL permits are issued at the LBL Welcome Station at Golden Pond. Hunters are provided with a map which details the areas open to turkey hunting. For additional information telephone 502-924-5602.

To hunt wild turkey in Kentucky, both a valid hunting license, and a Kentucky wild turkey tag (which costs \$10) is required. For exceptions to this regulation consult your local conservation officer, or a current copy of the Hunting Digest. A three-day non-resident license is not valid for wild turkey hunting; non-residents are required to purchase an annual license.

During the "open county" hunts, shooting hours are one-half hour before sunrise to 12 noon. Hunters may harvest only one gobbler (must have visible beard) per calendar year, although a second turkey may be taken at either LBL, Ft. Knox or Ft. Campbell Wildlife Management Areas. Artificial wild turkey decoys, and hand or mouth operated calls are legal, but the use of either live decoys or recorded (or other electronic calls) is strictly prohibited. In the "open county" hunts, gun hunters may use shotguns only no larger than 10 (Cont. to 19)

NOTICE OF REQUEST FOR DESIGN APPROVAL

This notice is to advise that Design Approval has been requested from the State Highway Engineer for the following proposed project:

Pulaski & Rockcastle Counties - Somerset - Mt. Vernon Road (KY 461) - SSI - 0461-000-009-002, SPP 102; 0461-000-009-003 D; oooED-00050; Construct two lane road-way with truck lanes from 1.5 miles North of Buck Creek to 0.5 miles North of Rockcastle County Line, a distance of 3.52 miles.

All traffic will be maintained during construction of the proposed project.

The Federal Highway Administration approved a Final Environmental Impact Statement for this project on April 4, 1977.

The Final Environmental Impact Statement, plans, maps and other relevant project data are available for public inspection and copying at the Department of Highways District Office, South US 27, Somerset, Kentucky. Office hours are from 8:00 a.m. to 4:30 p.m., EDT, Monday through Friday.

Dispute erupts over fire truck's home at Brodhead

By: Ray McClure

A location in Brodhead to house the county's new fire truck has apparently been decided by the Brodhead City Council.

As expected, the truck will be housed in the remodeled city hall and fire department building in an area that now has the city office and the city council chamber.

The city will move the office and council meeting room upstairs, leaving the fire department on the entire lower floor.

The new fire truck is expected to be delivered in June and is to serve the western area of the county. It will be operated by the Brodhead Volunteer Fire Depart-

ment. The change will be made, but not without protest.

A petition is being circulated by the two tenants on the second floor of the building, Austin and Owen Brock. Austin Brock has been notified to move by July 1. Douglas Brock has not been asked to move.

The petition states those who sign "oppose the Brodhead City Council's decision to relocate the fire department which now occupies the second floor of the Fire Department Building in order to hold city council meetings on the said second floor when there are other alternatives which would cost the taxpayers less money and cause

less inconvenience." Douglas Brock told the Signal he will try to get 200 names on the petition to be presented to the council at the next regular meeting at 7 p.m. Monday.

"We have an old remodeled jail just up the street from the present building that the council used for meetings that still can be used by installing a door at the rear of the building in case of fire," Brock related. "The council used the old jail until Bryan Bussell, then fire marshal, informed the council it could not meet in that location because there wasn't a second door through which to escape in case of a fire or explosion."

"It seems to me, it would be much cheaper and the city would save money, if it put in the door and use our \$3,200 a year rent money that has been used in upkeep of the building and for heat in winter," Brock explained.

He said he would have to move if the other apartment was made into a council meeting room and office.

"It would be too noisy for anyone to live there," he concluded.

Brock also expressed his concern for senior citizens and the

handicapped who will have to climb the stairs to attend council meetings and transact city business. He said he planned to contact the state about that problem.

In the notice to Austin Brock to move, Mayor Ronnie Cash pointed out by letter, the council

had chosen to house the truck in the present building and "the council is very sorry to have to ask you to leave, but this arrangement (change in building) seemed the best and least expensive to the city."

The letter added: "We sincerely hope that you do not have any trouble finding a place to rent.

You have been an excellent tenant."

Two alternatives to house the truck had been aired by the council. In addition to the remodeling, the council discussed an addition to the present building, but apparently found it was too expensive.

"You would have the expense of paying someone else to keep your prisoners and the expense of transportation officers to take the prisoners to and from court proceedings. It would be hard to estimate, but I don't think the jail budget would be any less even if the jail closed," she said.

Jailer Abney said that at the present time, the three city's governments in the county and the fiscal court pay a combined total of \$2,400 a year for a full-time dispatching service, which is manned from the jail.

"If the jail closed, there would be no place from which to dispatch, and I'd say it would take about \$20,000 a year to maintain a full-time dispatching unit. There would be a lot more expense for the three cities and the county if the jail closed, for dispatching alone," he said.

"SCHOLARS PROGRAM" (Cont. From A11)

record, submission of a current high school transcript, the name of a teacher or counselor to serve as a reference, and in some cases, high school preparation in specific areas.

The total cost of the three-week program—including tuition, books, supplies, room and board and recreational activities—is \$645. Financial aid is available to pay up to the full cost of the program.

For additional information and application forms for the Senior Scholars program, write to: Marshall Will, Program Director, Senior Scholars, Centre College, Danville, Kentucky 40422, or call (606) 236-5211 or (606) 236-2074.

Applications received prior to May 20 will receive preferred attention.

Other instructors at the clinic will include Mike O'Shea of the University of Louisville, Al Green of the University of Kentucky, and David Green of Eastern Kentucky.

For more information, contact Bobby Barton, Eastern Kentucky University, Alumni Coliseum, Room 128, phone 622-3654.

Rockcastle County Jail Series

(Cont. from Front)

1.8" steel no later than July 1, 1985. This adds another requirement to the state's list that the fiscal court must meet if the jail is to stay open.

Judge/Executive Jasper said Tuesday that he was going to take care of the steel project this week and is going to find out why New-Way Security, a Harrodsburg-based firm, has not moved further ahead with their contract to renovate areas of the jail.

Cheryl Roberts, of the Department of Corrections, said last week that her department would be inspecting the jail later this month, and if improvements had not been made since the last inspection, she would be forced to take action.

She said she does not expect any real problems with the county jail, but in the long run some permanent would have to be done.

The director of local facilities said the state required 50 square feet per prisoner and it was her understanding that the Rockcastle County Jail could actually house only about nine prisoners if they stayed within the requirements for a full-service jail (Rockcastle is presently acting as a full-time facility).

Rockcastle County Jailer Henry Lee Abney longed that the jail area is approximately 450 square feet. He also said the average number of prisoners in the local jail is about ten per day.

"If the state enforced that law, you would just be at the mercy of surrounding jails," he said. "We do not have any contracts with any other jails to house our prisoners, except for Russell County, who takes our juveniles. They charge us the county \$25 a day to keep them, and there is no alternative; the county has to pay it."

Abney said the going rate for keeping adult prisoners is \$15 a day, and if the jail were full, or if the jail were to close for some reason, the county would have to pay that fee.

"If the jail were to close, you would have prisoners from Rockcastle County scattered in several surrounding jails, and the county would be footing the bill," Abney said.

Mrs. Roberts said that several

"HWY. 461" (Cont. From Front)

ins is on record saying the road will be completed before she leaves office.

One of the events that saved the new highway when it appeared it would be put on hold indefinitely was the announcement of the development of Big South Fork National River and Recreation Area, mostly in McCreary County.

The park is a 123,000 acre tract that is located in northern Tennessee and southern Kentucky. KY 461 is officially considered the northern route into the park that is expected to draw thousands of vacationers to the area.

Honest, Hard-Working and Sincere YOUR HELP APPRECIATED

Subject to May 25, 1985 Republican Primary Election

PAID FOR BY CANDIDATE

ARE WOMEN PREACHERS

STRICTLY FORBIDDEN IN GOD'S WORD. As Mr. Mobley writes and it "intellects" that have figured out that we need women in the church? Let us look at the word *Prophets* (a woman prophet) according to Mr. Webster. *Prophet*, 1. a person who speaks for God or a god, 2. a religious teacher or leader regarded as or claiming to be divinely inspired. Mr. Webster, I believe if they were only to speak to women and children, Mr. Webster would have said so.

Miriam, the prophetess (Exodus 15:20); Deborah, a prophetess, and the children of Israel came to her for judgment (Judges 4:4-5) she usurped authority over them, men and all; Anna, a prophetess (Luke 2:36-38), prayed in public, in the temple (church) and spoke of him to all of them (preached); told them the good news (gospel) (Acts 21:8-9). Philip had four daughters which did prophesy (preach), check Mr. Webster. (Acts 18:24-26) Miriam and Priscilla took unto them Apollis and taught him as Mrs. Eliza Jones has called to attention (thank you Mrs. Jones, I appreciated your letter), Priscilla usurped authority over a man teaching him.

Back in Isaiah 8:2, Isaiah took two witnesses (three men) and went to the prophetess, doesn't seem to me that this is just the intellects of today's idea. 1 Cor. 11:5 to 13, Paul tells every woman that prayeth or prophesieth to have her head covered, if they were not to pray or prophesy, let them be silent. (Gal. 3:28) Paul tells the Galatians there is neither male nor female with God. (Joel 2:28) Joel prophesied, Your daughters shall prophesy. (Acts 2:16-17) Peter said this is spoken of by Joel, that God would pour out his spirit on all flesh and your daughter would prophesy (preach), Webster.

Mr. Mobley in one writing tells us that the baptism of the Holy Ghost is not for our day, yet his colleagues use Acts 2:38, the first part, repent and be baptized in the name of Jesus Christ for remission of sins, and leave off the last part, and ye shall receive the gift of the Holy Ghost. But Peter goes on in verse 39 to say, for the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call, and he called us all of common baptism, and the water was used, and that which receives this gift. Now to 1 Tim. 2:11-12, let the woman learn in silence. 1 Cor. 14:34-35, let the women keep silence and if they will learn anything, let them ask their husbands at home. Paul also told Timothy (1 Tim. 5:9) not to take any widow into the number (church) under three score (60) years old and (5:23) not to drink water, but drink wine. Mr. Mobley would be quick to tell you that Timothy had stomach problems or the water was bad, and that the young widows would cause trouble. Now take a look at 1 Tim. 2:11-12 and 1 Cor. 14:35-35, learn in silence, keep silence, learn anything as husband at home. So, if you will take an unbiased look at these scriptures, you will see they had a learning problem. But, Mr. Mobley will tell us these scriptures strictly forbid women to preach, but will disregard the widows and the wine.

To you people out there that don't already take a close look at the things Mr. Mobley would have you believe, just because he will say something and give book, chapter and verse as his boasts. Here are some examples, Providence Church of Christ offers, a church that is undenominational (1 Cor. 1:10) if you read this scripture for what it is saying (1:10-13) they were divided among themselves, one saying I am of Paul another I am of Apollis, another of Cephas.

This has been reported to me by three different people that this very thing happened at Providence Church of Christ a few years back. One group said we will worship with so and so in the morning, another group said we will worship with so and so in the afternoon. I witnessed this same thing at Friendship of people of the same belief. If you look at 1 Cor. 1:10-13, it has nothing to do for or against denominations. The Providence Church of Christ has a church that is supported by the free will offerings (1 Cor. 16:1-2) take a look at verses (1:2 & 3) by in state, that there is no gathering when Paul would come, whomsoever you approve by letters, to bring your liberality (offering) unto Jerusalem. This has nothing to do with the local church.

A church that takes the Lord's supper every Sunday (Acts 20:7) look at (Acts 20:7-11) they came together to break bread on the first day of the week. Paul preached, continued his speech until MIDNIGHT, Paul went downstairs, a few other things took place, he went back up again broke bread and talked until day break. Now you see they broke bread early Monday morning, not on the first day of the week at all. So, Mr. Mobley teaches us nothing if we do our own studying.

I find all of Mr. Mobley's writings to be of this caliber, so don't be upset when Mr. Mobley writes that a woman should not preach or that the New Testament doesn't teach anything or we should not use music in worship, for all scriptures he uses to prove his teachings are just like the ones I have called your attention to.

Members of Dairymen Inc. allocated 16.1 million in equity on May 1st

Members of Dairymen, Inc. who market milk through their 16-state regional milk marketing cooperative were allocated \$16.1 million in equity on May 1, 1985.

This allocation brings the total amount of equity distributed to members during the cooperative's 16-year history to more than \$175 million.

Equity is the net retained margins (patronage dividends) and capital retains invested in the cooperative by the members, and is returned to the members after it has performed the important

function of providing the necessary capital to finance the cooperative.

In addition to the equity allocation announcement mailed this week, checks totaling some \$2 million were mailed to the Dairy-membership of approximately 7,500 dairy farmers. This cash payment represents 20 percent of members' patronage dividends which were generated by the co-ops' business activities during the past fiscal year. The other 80 percent of patronage dividends are invested in the cooperative's revolving equity program.

It has been the cooperative's practice to resolve its members' investment on a five-year cycle. Dairymen is one of the few cooperatives in the nation to resolve its member equity in such a short period of time.

"We are very proud of our member equity program," said Dairymen President Ray Moss Tucker, a dairy farmer from Kentucky. "It has provided the membership with adequate financing for a strong milk marketing program and it has provided

financial stability which allows our cooperative to operate effectively during good and bad times."

The equity allocation to members was made at the rate of 26

cents per 100 pounds of milk marketed through Dairymen during fiscal year 1984. Members can look upon this current distribution of equity as the final settlement

paid to them for the milk they marketed. As was reported in the 1984 Dairymen Annual Report, members received \$95.79 of each \$100 of sales for milk marketed during fiscal year 1984. Dairymen markets approximately 70 percent of its members' milk to processors

of milk and dairy products in the East and Southeast United States. The remaining 30 percent is sold through the cooperative's brand name products, Flav-O-Rich and Farm Best.

Fish & Wildlife Auction

The Kentucky Department of Fish and Wildlife Resources will hold its annual public auction of surplus and confiscated equipment on May 6, 1985 at 9:30 a.m., EDT, at the Game Farm, three miles west of Frankfort on Hwy. 60.

A partial list of items include vehicles, rifles, shotguns, handguns, rods and reels, binoculars, boats, outdoor motors, trailers, steel traps, miscellaneous sport goods and office equipment.

Most of the firearms (rifles, shotguns) and handguns, fishing equipment, steel traps and other miscellaneous items

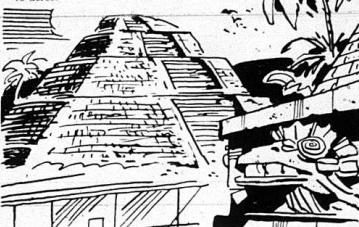

have been confiscated by the courts of Kentucky as contraband under the provision of KRS 150.120. Contraband items may be sold to Kentucky residents only.

Other items have been used by the Department of Fish and Wildlife Resources and are being sold as surplus property. Surplus items may be sold without residency restrictions. All bidders must register before the sale. Registration will begin at 9 a.m. Only cash or certified checks will be accepted, no guarantees will be given on any items, and all sales will be final.

It's A Wide Wide World

These wide trivia facts are brought to you by Speed Stick® Deodorant and Anti-Perispirant, "The Wide Stick."

The widest pyramid ever erected is the Quetzalcoatl located 63 miles southeast of Mexico City. It is 177 feet tall and its base covers an area of nearly 45 acres.

The widest single window ever manufactured is located in the Palace of Industry and Technology in Paris, France. It has the extreme width of 715.2 feet!

The world's widest hotel lobby is that of the Grand Hotel Taipei in Taiwan. It measures 154 feet by 114 feet and is 31 and a half feet high!

Field Representative To Be Here

Congressman Harold Rogers' field representative, Don Girdler, will be in Mt. Vernon at the Courthouse on Monday, May 6, at 10:30 a.m.

Anyone who is having problems or difficulties with an issue of the federal government, such as Social Security, V.A. or Black Lung, should feel free to visit and discuss the matter at this time.

ROCKCASTLE COMMUNITY

Bulletin Board

Revival
Mt. Vernon Community Church on Fairground Hill will be holding its annual public revival services: Wed., May 1, thru Sat., May 4, at 7 p.m. each evening. Evangelists are Dorothy and Harold Browning and their daughter, Joan Hartman, playing the accordion and singing. The pastor is Rev. Vernon Singleton. Everyone is welcome.

May Day Festival
The Republican Women's Club has space to rent for the May Festival on May 11 from 9 a.m. until 2 p.m. Rental is \$10 per space. Any person who is interested should call Mrs. Juanita Davis, president of Republican Women's Club, at 256-2842 or write Box 374, Mt. Vernon.

Volunteer Community Club
The Volunteer Community club will hold its regular meeting Friday, May 3, at 6 p.m. at the Rockcastle County Library. Dr. and Mrs. Arvin will show slides of overseas missions of Barbados. It will be pot luck. Special singing and everyone welcome.

Revival
Revival continues nightly through Saturday at the Maple Grove Baptist Church. Bro. Ronnie Eversole is the evangelist, and Bro. Lester Arnold is the pastor. Everyone is welcome.

PTA Board Will Meet
Broodhead PTA Board will meet on Thursday, May 2, at 7 p.m. at the school. All board members and any other interested persons are encouraged to attend.

Gospel Singing
Onions Baptist Church will hold a gospel singing Saturday night, May 4, at 7:30 p.m. Special singers will be the Joy Bells.

PTA Unit Meeting
The Broodhead PTA unit meeting will be held on Thursday, May 9, at 7 p.m. in the school cafeteria. New officers will be installed for the 1985-86 school year. The Spring Festival will be discussed, and further plans will be made concerning air conditioning our school for the coming year.

KAGE RAGE
KAGE/RAGE will meet at the high school library on Monday, May 13, at 7 p.m. Parents are encouraged to bring their children to this meeting. The

program will consist of demonstrations by the two OM teams from Broodhead, who recently competed in Frankfort, and entertainment by some of our country students.

The KAGE Academic Boost-

er Club board members are requested to meet at 6:30 p.m. on this same date for an important decision-making meeting concerning the "Celebration of Excellence" reception.

Revival
Cager McQueen will be the evangelist at the revival at the Mt. Vernon Church of God beginning Sunday night, May 5, at 7 p.m. Bobby Owens is the pastor. Everyone is welcome.

To Fingerprint Children
The Rockcastle County Sheriff's department will fingerprint all interested children on Saturday, May 4, from 9:00 - 5:00 at the Mt. Vernon Elementary School gymnasium. Grade school children will receive a fingerprint card. Bring it with you to the fingerprint site.

Chamber of Commerce Meeting
The Chamber of Commerce meeting will be held May 7 at 7 p.m. at the Community Room of the Bank of Mt. Vernon.

Revival
Union Baptist Church will be in revival with old time gospel preaching and old time music beginning May 6 at 7 p.m. Evangelist will be Bro. Harden Owens. Rev. Taylor L. Hampton is the pastor.

VFW Officer
The VFW service officer will be at the Rockcastle County Courthouse May 9 from 9:30 - 2:30 to assist veterans, their widows, or dependents with claims.

Little League Fund Raiser
All sales papers need to be in as soon as possible for the Little League fund raiser.

Chili Supper
The Livingston Ladies Auxiliary chili supper will be May 3 from 6 p.m. to 7. The charge will be \$1.50 for adults, and \$1.00 for children. All candidates are invited. Proceeds will go to the Livingston Fire Department.

Little League Board
The Little League board will meet Thursday, May 2, at 7 p.m. at the Senior Citizens Building in Broodhead.

Mt. Vernon PTA
The Mt. Vernon Elementary PTA will meet Thursday (tonight) at 7 p.m. to plan our Spring Festival. All PTA members are urged to attend.

4-H Variety Show
The annual 4-H Variety Show will be held Tuesday, May 7, at 7 p.m. at Broodhead Elementary School. Admission is \$1.00 for adults and .75 for children.

Nicaragua: The next Cuba?

Congressman Hal Rogers

You need not look any further than 90 miles south of Key West, Florida, to see what happens when communism takes root in our own backyard.

Ever since Fidel Castro came to power in Cuba, he has run amok in our hemisphere, creating problems—from the Cuban Missile Crisis to insurgencies in Latin America and Angola.

Now, in Nicaragua, we have the seeds of yet another Marxist state, ready to expand its communist terror both north and south in Central America. We need to take a strong stance now if we are to halt this cancer in our own backyard, but unfortunately, the Congress this past week failed to act.

The issue was \$14 million to be provided to the Contras, the freedom fighters in Nicaragua who want their country back in the hands of the people, not a bunch of Leninist thugs.

President Reagan has helped support their effort to rid them-

selves of communism as best he can. Our covert aid has been effective in keeping the Sandinista government in Nicaragua off-balance, which prevents them from doing even more to overthrow legitimate, democratic governments in neighboring El Salvador and Costa Rica.

The facts speak for themselves. Nicaragua has a huge army for a country its size; an army that can have only one purpose—aggression. Soviet military advisers assist the Sandinistas, and a new, large airfrp will soon be completed, which will allow Russian spy planes, perhaps for the first time, to be able to make reconnaissance flights along our Pacific coast line.

The \$14 million appropriation would have helped those in Nicaragua hang on in their fight to regain control of their nation. But led by the liberals here in Congress, the House rejected the President's recommendations.

Not only does this lack of

action hurt our friends in Nicaragua who need our help to defeat communism, but it also gives the Sandinistas new hope in their long-term goal of expanding their control and spreading communism throughout Central America. Honduras, Guatemala and Mexico would be easy targets if Nicaragua were left unchecked by American resolve to stand up for democracy.

I believe we must continue our aid to the Contras, while continuing to bolster the burgeoning democracy in El Salvador. We must also support with economic (and where necessary, military) assistance our other friends in this hemisphere.

The communists in Central America are like their brethren in Cuba, Russia and Eastern Europe. They have only one goal—world domination. They will use any means to achieve it—war, terrorism, propaganda, and even lobbying liberals in the United States.

I am hopeful that working with the Senate, we can still find a way to support our friends in Nicaragua. If we cannot, we can only expect more and more bloodshed and less and less freedom for the entire region.

but I'm sure Mayor Mullins, Ernie Tolle and Pete Hurd remember. Which leads me to wonder why they want me out.

Could it be that they have another relative who needs a job?

It seems odd that the only people qualified for employment with the City of Mt. Vernon is family or else close friends.

Or could it be political? After all, I am running for Sheriff against Ernie Tolle's brother-in-law.

Or maybe Ernie just wants the boat dock for himself, having a monopoly on the hunting and fishing license in that part of the county isn't enough.

Whatever the reason, they could have had the courtesy to invite me to their meeting, or at least told me of their decision.

I still have not heard from the City Council in any way, and this is one week later. Maybe I'll read something in this week's Signal, since it seems it's their only form of communication.

Ed Jackson
Manager, Renfro Boat Dock

Old Joe Clark will head Bluegrass Festival

There'll be a new "operators" for the bluegrass festival scheduled for July 12, 13, and 14 at Renfro Valley.

Clark Enterprises, meaning Old Joe Clark and family members, will be in charge of the festival that annually draws hundreds of visitors to the valley.

Entertainers this year for the first annual Old Joe Clark Bluegrass Festival, include the Osborne Brothers, Mac Wiseman, Lewis Family, Outdoor Plumbing Company, John Cosby and the Bluegrass Drifters, New Coon Creek Girls, Robert White and the Candy Mountain Express, the Cummins Sisters, Country Rhoades, Les Galt, Moore Brothers and Ole Joe Clark and son.

Glenn Pennington of Berea will be master of ceremonies.

Tickets and information may be obtained by writing Clark Enterprises, Route 5, Box 142, Berea, Ky., 40403. The telephone number is (606) 986-9296.

This weekend Renfro will have the eighth annual Spring Square Dance Festival. The festival is Friday, Saturday and Sunday. Nearly 100 square dance couples plan to attend.

There will be an induction ceremony for the Square Dance Hall of Fame.

Those taking part in the festival include Joe Porritt of Louisville and Mark Patterson of Lexington, both recording with JoPat Records, and rounds by Millie and Dick Eich.

There will also be new member awards and a special dance team exhibition.

Booths available from Republican Women for May Festival

The Republican Women's Club invites all businessmen, artists and craftsmen, candidates, or organizations to rent a space for the May Festival on May 11 from 9 a.m. until 2 p.m.

The business section of Mt. Vernon will be roped off at 7 a.m. A parade is scheduled for 11 a.m.

Any person who is interested should call Mrs. Juanita Davis, president of Republican Women's Club, at 256-2842 or write Box 374, Mt. Vernon. Rental is \$10 per space.

Other officers are Mrs. Marguerite Harris, Mrs. Vicky Arnold, Ms. Lisa Owens, Mrs. Gertrude Hilton and Mrs. Sue Cromer.

In addition to the other exhibits, the county homemakers are sponsoring a Craft and Quilt Show in the Community Room of the Bank of Mt. Vernon from 10 a.m. until 12 noon.

Burning laurel leaves was once believed to bring back an errant lover.

OPEN NOW!

When it comes to cleaning up the air in your home, top technology has produced a fresh solution to the problem.

THEN: In the past there was the standard furmage filter to remove dirty air particles—that cause damage to walls, ceilings, drapes, furniture—and your health. But most dirty air particles passed right through it.

NOW: Today, a properly designed and quality Media Air Filter, such as Honeywell's F66A, will remove up to 35 percent of dirty air particles. And the F50 Electronic Air Cleaner acts like an electronic dust magnet, electrically charging and removing up to 85 percent of dirty air particles.

RE-ELECT

H.E. "Elmer" HALE

Property Valuation Administrator

Pub. Adv. Pd. for by Candidate

To the Voters of Rockcastle Co.

It is almost time for you to elect a man that's going to serve you the next four years as your Sheriff.

Do you want a man that you don't know? Do you want a man that doesn't know the county or its people? Do you want a man that won't come when you call?

Do you want a man that don't have the backbone to do what is right? If you don't VOTE FOR CLARENCE (JIB) HASTY.

Most of you know me and I know most of you and I also know the county. I'll have the backbone to do what's right and the Sheriff's office will be there when you call.

People, I'm not running on what this man has done or what this man hasn't done—I'm running on what I can do and will do.

There's a lot of rumors going around about who my deputies will be, but, as I said from the start, I'm running by myself because I don't think it's right to use people to get votes then get rid of them. Running by myself, I'll have the right to hire who I want to, and if they don't do the job to suit me, I'll feel free to fire them.

I do have a man on the south end of the county and one on the northwest side that I intend to hire if I get elected. But I'll be on the ticket by myself and if these people aren't good officers, I'll not hesitate one minute in getting somebody else and I'll feel free to do so.

People, if I'm lucky enough to get elected, I'll need your help. Once elected, I'll still need your help and advice so I can serve you in a way that will make Rockcastle County a better and safer place in which to live.

People, I know that Livingston, Conway, Roundstone, Copper Creek, Quail, Pongo, Brindle Ridge, Brush Creek, Poplar Gap, Wolf Creek, Gum Sulfur (I could go on and on) has been almost completely without police protection and it's not right. Let's get together and do something about it.

VOTE FOR AND ELECT CLARENCE (JIB) HASTY

Together We'll Change Things

YOUR FRIEND,

JIB

Local speech services attend Spring Convention

Mary T. Gregory and Lori L. Stewart attended the Kentucky Speech-Language-Hearing Association Spring Convention, April 18-20, in Owensboro.

The convention program included short courses, mini-seminars, platform papers, technical and scientific exhibits, professional exchange groups, each presenting the most recent developments and research findings concerning speech, language, and hearing disorders, management of these handicaps and future directions for speech-language path-

ologists and audiologists. Presentations focuses on aphasia, microcomputer applications, child language development, articulation, phonology, hearing assessment and intervention and other topics related to professional affairs in speech/language pathology and audiology.

The Kentucky Speech-Language-Hearing Association represents more than 400 speech-language pathologists and audiologists who are specifically trained to treat the ten per cent of Kentuckians affected by communication disorders.

Food prices in April run 'Dead Heat' with March

Lower prices for poultry, dairy and grain products offset higher tabs on pork and produce, bringing Kentucky's April food price index to a virtual dead heat with last month's average.

A selected group of 40 food items cost shoppers an average \$60.08, the Kentucky Farm Bureau marketbasket survey found, just barely above the March index of \$60.03. The current figure is 3.1 percent below the finding of April 1983, and just about 3 percent above the average in April 1981, four years ago.

Of the six food groupings represented in the survey, only beef showed a stable price line during the 30-day period. Pork cuts gained an average 2 percent in price from March to April with fruits and vegetables showing an identical increase.

On the down side, poultry and eggs fell by 2.8 percent, dairy products were 1 percent lower and grain-based foods showed a 4.3 percent decline.

This month's bargain list, made up of items showing a significant price decline, included chicken breasts, down 7 cents to \$1.51 a pound; large eggs, off 6 cents at 69 cents a dozen; dill pickles, down 9 cents a bottle to 97 cents; cheddar cheese, falling 21 cents a pound, to \$2.53; and corn meal, off 10 cents at \$1.23 for a 5-pound bag.

Price gainers in the April survey included vanilla ice cream, which averaged 8 cents higher at \$1.67 for a half-gallon, Idaho potatoes, up 21 cents to \$2.57 for a 10-pound bag; tomatoes, skying 28 cents a pound, to a record average of \$1.27; and corn oil, up 6 cents a bottle to \$1.67.

At the farm level, lower livestock prices were reported by the U. S. Department of Agriculture, helping the overall farm price index drop to a level 11 percent below its year-ago figure.

Analysts were predicting higher cattle and hog prices in the summer and fall months, with corresponding increases in retail cuts. But plentiful supplies of chicken promised to prevent major price run-ups on livestock markets.

Grain prices were virtually unchanged in the latest monthly report by USDA, mirroring the stable trend of most retail price patterns for food in recent months.

Except for seasonal swings, the Kentucky marketbasket average has traced a nearly flat trajectory since the beginning of 1984.

In the April marketbasket survey, Tompkinsville showed the lowest local price index while Louisville posted the highest figure. Overall, volunteers working through Kentucky Farm Bureau Woman canvassed retail food tabs in 23 Kentucky communities.

Those local averages are Tompkinsville, 56.88; Scottsville, 56.93; Richmond, 57.09; Salyersville, 57.44; Glasgow, 57.99; Greenville, 58.63; Campbellsville, 58.79; Greensburg, 59.12; Elizabethtown, 59.22; Lexington, 59.54; Owensboro, 59.69.

Morehead, 60.39; Georgetown, 60.40; Shelbyville, 60.42; Greenup, 60.50; Murray, 60.63; Henderson, 61.01; Somerset, 61.34; Hopkinsville, 61.87; Brandenburg, 62.62.

Keith Smith recognized by American Angus Assoc.

Keith Smith of Mt. Vernon has been recognized nationally by the American Angus Association for having one registered Angus cow included in the American Angus Association's 1985 Pathfinder Report.

Only 908 of the more than 24,000 members of the American Angus Association are represented in this year's Report, according to Richard Spader, executive vice president of the American Angus Association with headquarters in St. Joseph, Missouri.

The Pathfinder Program identifies superior Angus cows based upon recorded production traits that are economically important to the commercial cow-calf producer. These traits include regular calving,

and heavy weaning weights, reports John Crouch, director of performance programs for the American Angus Association. All registered Angus cows that meet the strict Pathfinder standards are listed, along with their owners, in the Pathfinder Report which is published annually by the American Angus Association.

The 1985 Report lists 3,478 individual cows. It will be published in the May issue of the Angus Journal and extra copies are available from the American Angus Association. The largest number of Pathfinder cows from a single herd this year is 68, and several hundred breeders have a single cow that qualifies for the exclusive listing.

Valarie Fields selected to serve as mission worker

Valarie C. Fields has been selected as one of 57 students to serve as missions workers this summer through the statewide Baptist Student Union program of the Kentucky Baptist Convention. Valarie will be assigned to California. She is the daughter of Robert and Edwina Fields of Mt. Vernon.

These special missions assignments will involve students in a variety of experiences, helping to meet human needs and to share in Christian witness, according to Don Blaylock, director of the Kentucky Baptist Convention Student-Work Department.

Biologists report good results from muskie stocking at Green River

In a sampling of muskie at Green River Lake, biologists with the Kentucky Department of Fish and Wildlife Resources have come up with positive results.

They are economically important to the commercial cow-calf producer. These traits include regular calving, and heavy weaning weights, reports John Crouch, director of performance programs for the American Angus Association. All registered Angus cows that meet the strict Pathfinder standards are listed, along with their owners, in the Pathfinder Report which is published annually by the American Angus Association.

Hybrid Strippers at Herrington Lake

A sampling of Herrington Lake headwaters (Dix River) revealed numerous hybrid striped bass have migrated upstream with the growing white bass population. Several hybrids above 2.5 pounds were collected. Kentucky Department of Fish and Wildlife biologists predict that many anglers' lines will be broken by these hybrids.

SHERIFF

Rockcastle County

Virgil Hopkins, Jr. - Charles Bryant

deputies:

NO. 2 ON THE BALLOT

I would like to thank everyone who has given me so much support. We are winning and, with your continued support, we will give Rockcastle Co. a Sheriff's Dept. that can get the job done.

We are offering results, not excuses, as the present office is doing now. If the Sheriff's office cannot operate efficiently on the funds it has now - it's time for a change.

I cannot offer you a deputy behind every tree, as some candidates do. Nor will I try to convince you that the best deputy is the one that is unknown, like some other candidates.

What I will promise you is that this office will be run in a no-nonsense and business-like manner. That we will put the priorities where they should be - on the thieves and outlaws that plague the entire county, not on a boy standing in his yard drinking a beer.

We will be available to you 24-hours-a-day and we will patrol the county roads.

My phone number is 758-8287 and my deputies phone numbers will be made available to you.

If you want to elect someone who has the desire, ambition and the guts to do the job, Pull Lever No. 2.

We'll Serve You Right!

Births and Birthdays

Jeff and Gina Nicely of Rt. 1, Mt. Vernon would like to announce the birth of their second child, a girl, born April 16th at Pattie A. Clay Hospital in Richmond. She weighed 7 lb. 10 oz. and has been named Nicole Leigh. She is welcomed home by her brother, Layne Ross. Maternal grandparents are Kenneth and Ruby Cornelius. Paternal grandparents are Paul and Gail Nicely, all of Mt. Vernon.

Bryan Edward Welles celebrated his 1st birthday on Monday, March 25, with a party at the home of his grandparents. He is the son of Dennis and Teresa Welles of Bronston. His grandparents are Luster and Helen Bullock of Somerset and Richard and Jane Welles of New York. His great grandmother is Mrs. Bea Bullock.

"WILD TURKEY SEASON"
(Cont. From A13)

gauge, or smaller than 20 gauge) only #2 or smaller shot is legal.

The numbers of wild turkey in Kentucky have increased significantly in the last decade due to an intense "stocking" program and improved habitat. Since 1974, that statewide population estimate has grown from less than 2,000 birds to about 9,900 (prior to the 1984 season). Wild turkeys have become established in huntable numbers in areas where there previously weren't any birds at all, or just small flocks.

Recent brook surveys have substantiated that wild turkeys are found in 47 regions across the

Daniel George Morgan celebrated his 3rd birthday April 9th. His parents are Terry and Karen Morgan of Orlando. Maternal grandparents are George and Gladys Mason of Orlando. Paternal grandparents are Kathy Morgan of Berea and Terrence Morgan of Wapakoneta, Ohio. Great grandparents are Mr. and Mrs. Dallas Wooten of Keavy and Mr. and Mrs. Earl Morgan of Hamilton, Ohio.

state from Ballard and Fulton counties in far western Kentucky to the crest of the Cumberlands in eastern Kentucky's Pike, Letcher, Harlan and Bell counties. The wild turkey flocks on Beaver Creek and Pennington Wildlife Management Areas experienced the highest reproduction in the state, according to the most recent brood census data.

Correspondingly, the harvest of wild turkeys in Kentucky has increased too. The known legal harvest for the 1984 spring gobbler season was a record 273 birds, 71 more than the 1983 season. An estimated 3,200 hunters took to the field in 1984 with a harvest success rate of 85.5%. Just five years previous, the statewide success rate was only 2.6%. The most notable increase in harvest occurred in Letcher and Harlan counties, where populations are the highest of all "open country" areas, but hunting pressure is not that heavy, due to the difficult terrain.

"HOME ECONOMICS"
(Cont. From A5)

and simmer five minutes or until rhubarb is tender. During last minutes of cooking time, stir in sugar. Makes about 2 1/2 cups sauce. To make strawberry-rhubarb sauce, prepare as above but stir in one pint halved strawberries with the sugar and heat to boiling. Makes about 4 1/2 cups.

RHUBARB PIE

- 4 cups rhubarb, cut into 1-inch pieces
- 1 1/2 cups sugar
- 1/4 cups all-purpose flour
- 1 tablespoon grated orange peel, optional
- 1/4 teaspoon salt
- Pastry for one 2-crust pie, 9 inches
- 2 tablespoons butter or margarine

Early in the day, combine rhubarb, sugar, flour, orange peel and salt. Let stand while you prepare the pastry. Roll out half of pastry and line 9-inch pie plate. Spoon filling evenly into crust and dot with butter or margarine. Prepare top crust and place over the filling. Bake 40 to 50 minutes until crust is golden brown in a preheated 425 degree F oven.

Serve warm or cold. Makes six servings.

"LETTERS"

(Cont. From A-2)

lives on in the gabion of Christianity in today's Roman Catholic Church. The Holy Roman Empire plunged this world into the darkest period of time that has ever been known in the history of the world. This period is known as the Dark Ages. During this period of time, the Roman Catholic Church dominated the world but on October 31, 1517, a man named Martin Luther posted on the church door in Wittenberg, Germany what is known as the 95 Theses. These 95 Theses struck at the authority of the Pope. It provoked to the spark that set Europe aflame. Thus began a period of time known as the great Reformation.

People began coming out of the Roman Catholic Church by the hundreds of thousands. Protestant groups like the Lutherans, the Calvinists, the Anabaptists and the Huguenots sprung up all over people who dared to defy the authority of the Pope.

Historical records show that during the Reformation the Roman Catholic Church through the Holy Roman Empire murdered and killed hundreds of thousands. Millions. They were burned at the stake in the public square, women were buried alive, pressed into coffins too small, trampled by the feet of the executioner, tortured on the rack, beheaded, chained to a stake near the fire and slowly roasted to death, massacred with unbelievable brutality.

On August 24, 1572, the order was given and in one night 70,000 Huguenots were massacred. There was great rejoicing in Rome. The Pope and the Cardinals went in solemn procession to the Church of San Marco. The Pope struck a medal in commemoration of the massacre.

Still the Reformation continued, men like Luther, Calvin, Knox and John Wesley led the world in an effort to come out of Babylon.

As time went on, men were coming out of darkness. The light of the glorious gospel of Jesus Christ was shining through. Hundreds of protestant denominations and religious organizations sprang up out of the Mother Church, but these daughters are harlots because they brought with them many of the teachings, doctrines, and traditions of the Mother Church. MYSTERY, BABYLON THE GREAT, the mother of harlots is still producing daughters that are harlots. They still won't completely come

out of her and be separated from her.

About the turn of this century began a move of God in the earth that is going to bring about the second coming of Jesus Christ.

God began pouring out the gift of the Holy Ghost with the evidence of speaking in other tongues as he did upon the early Church, thus began the Pentecostal or Holiness movement of which I am. Millions of people all over this country and most of the Protestant world have received the Baptism of the Holy Ghost. Most Pentecostal people think because they have the Baptism of the Holy Ghost that they are separate from all others, but having the Baptism of the Holy Ghost does not necessarily separate us from Babylon. The only thing that will separate us from Babylon is to come off every foundation, every teaching, every doctrine, and every tradition that has roots in Babylon and build upon the Chief Corner Stone which is laid in Zion 1 Cor. 3:11. "For other foundation can no man lay than that is laid which is Jesus Christ."

Many of the saints of God are captives in Babylon today because of the lack of knowledge, not knowing how to come out. We get a good picture of the Church today in Psalms 137.

"By the rivers of Babylon, there we sat down, yea, we wept, when we remembered Zion."

We hanged our harps upon the willows in the midst thereof. For they that carried us away, captive required of us a song; and they that wasted us required of us mirth, saying, Sing us one of the songs of Zion.

How shall we sing the Lord's song in a strange land?"

I have tried to give you a little glimpse of Babylon but only the Spirit of God can give you a real revelation of the woman that is riding this 7 headed monster that is rising up.

The beast received a deadly wound during the Great Reformation but its deadly wound is being healed. It's gaining strength and gaining power every day and once again it is going to unleash all its fury on an unsuspecting world in one last and final attempt to overthrow the Church of the Living God.

God gives us a warning in Revelation 18:4. "Come out of her my people that ye be not partakers of her sins and that ye receive not of her plagues."

Many people won't listen but God is raising up a people; a Holy

people all over this land and all over the world that are coming out of Babylon; a people that refuse to be defiled with the Mother of harlots and all her offspring. "Come out of her my people!"

COMMONWEALTH OF KENTUCKY
OFFICE OF COUNTY ATTORNEY
ROCKCASTLE COUNTY, KENTUCKY

JAMES H. LAMBERT
ROCKCASTLE COUNTY ATTORNEY
(606) 256-5127

P.O. Box 736
CHURCH STREET
MT. VERNON, KENTUCKY 40456

RE - ELECT
JAMES H. LAMBERT
COUNTY ATTORNEY

Dear friends,

As well as serving as your prosecuting attorney in District Court, your County Attorney also serves as legal consultant to the Fiscal Court.

Our Fiscal Court meets in its regularly scheduled meeting on the first Tuesday of each month. I have attended 36 out of the 40 regularly scheduled meetings of our Fiscal Court since I became your County Attorney nearly 3 1/2 years ago.

Some unscheduled meetings, called on short notice, I was unable to attend because I was in District Court serving as your prosecuting attorney.

I believe that you, the people, will understand this and take into account the attempts that may be made to mislead you.

I am proud of my record as your County Attorney. Approximately 2,000 cases per year come through our District Court, resulting in an 83% conviction rate for 1984.

As your County Attorney, I have treated you with courtesy, dignity and respect. I was your friend before I asked for your vote, and I will be your friend when the voting is over.

As always your friend,

Jim Lambert

VOTE FOR AND ELECT

Tommy Mullins
MAGISTRATE

First District

You and I are aware of the importance of the Magistrate's position in our county. He is responsible for the condition of our county roads, as well as finding a solution for the long time problem of garbage disposal, balancing our county budget, renovation of the courthouse and the transaction of any other county problem or opportunity that may arise.

The job requires a Qualified, Responsible, Hard-Working representative for your district (District No. 1). Study and compare my qualifications.

- (1) 1972 GRADUATE OF BRODHEAD HIGH SCHOOL.
- (2) 1974 GRADUATE OF SUE BENNETT JR. COLLEGE.
- (3) FOUR YEARS WITH RUBY CONSTRUCTION CO. BUILDING OUR PRESENT INTERSTATE SYSTEM.
- (4) EIGHT YEARS OF DAY-TO-DAY CONTACT WITH THE PEOPLE OF ROCKCASTLE CO. WHICH GIVES ME A PERSONAL INSIGHT TO YOUR PROBLEMS AND CONCERNS.
- (5) EMPLOYED IN MT. VERNON AND ALWAYS AVAILABLE TO HELP CARRY OUT THE DAY-TO-DAY BUSINESS OF OUR COUNTY.

With these things in mind, consider me, TOMMY MULLINS, No. B-24 on your ballot May 28th, 1985. ELECT ME TO WORK FOR YOU TO BETTER OUR COMMUNITY AND COUNTY.

Thank You,
Tommy Mullins

Republican county judge candidates speak out on issues

[Ed.'s note: The following is a question and answer story concerning the ten candidates for the Republican nomination to the office of Rockcastle County Judge/Executive in this May's Primary. Rockcastle County Judge/Executive Bob Jasper was not polled because he is running unopposed in the Democratic Primary. The two candidates who had no comment did not return questionnaires.]

1. BRIEFLY DESCRIBE YOUR BACKGROUND (EMPLOYMENT, COMMUNITY AND CIVIC INVOLVEMENT).

Hubert Thacker-Farmer. Livestock order buyer; county judge (1 term); County Judge/Executive (1 term); 12 year membership on CVADD Board of Directors; Rockcastle Co. Improvement Council, etc.

Donald Rowe-Member. Marburg Baptist Church; Mt. Ver-

non Lions Club; vice president and president, Rockcastle Little League Baseball; barber, 20 years; 1963 graduate, Brodhead High School.

Henry Abney-No comment.
Leonard Hammond-Spent 4 years in Air Force; farmed; worked in factories; past 20 years worked in the construction industry building roads and bridges; member of the Rockcastle Improvement Council.

Clarence Carter-A lifetime resident of Rockcastle County; member of First Baptist Church; lifetime Republican; veteran; former construction worker and farmer; 12 years as County Clerk; and the past 19 years, a self-employed grocer.

Jackie R. Renner-I am employed at King's Pic Pac in Mt. Vernon; member, First Baptist Church; City Councilman in Mt. Vernon; member of Mt. Vernon Urban Renewal (sic); high school graduate, 2 years' vocational

school.

Paul Kirby-1969 graduate MVHS; worked as butcher (meat cutter) for Reuben Hammonds 4 years; Clayton Hamford Mkt. 7 years; owned and operated Paul's Meat Market 4 years; Little League and Youth football manager 4 years; now employed at Foodland in Brodhead.

Joe Clark-Past employment includes self-employed merchant and self-employed farmer. Community involvement includes member of appraisal board for I-75 development, alternate member of C.V.A.D.D. board. Civic involvement: two terms elected magistrate.

Donald Clark-I am a life-long citizen of Rockcastle County; a veteran and employee of Central Body Services for the past 13 years. Community services: president of Young Republicans; Lions Club; Jaycee; "T-ball" coach; P.T.A.; and Republican Club.

Floyd Miller-No comment.

2. WHAT DO YOU THINK ARE THE THREE MOST SERIOUS PROBLEMS IN ROCKCASTLE COUNTY?

Hubert Thacker-Road damage for winter; garbage disposal; maintaining (sic) and soliciting industrial jobs.

Donald Rowe-Lack of jobs for our people; sanitation problem with garbage; lack of cooperation between our people.

Henry Abney-No comment.
Leonard Hammond-The roads; the garbage problem; the condition of the courthouse.

Clarence Carter-Unemployment; crime; roads and sanitation.
Jackie R. Renner-Restore the confidence in the county government; the lack of jobs for those who need to work; law and order.

Paul Kirby-Not enough industry and jobs. Garbage systems have not been thought out in the past. Quick fixes have always been the remedy. Roads still need work on. The past court systems have never gotten around to fixing the ones that need it and fixing them to last.

Joe Clark-Law enforcement; education; roads.

Donald Clark-Our county's highest priorities will be to secure better paying employment within our county. Also of importance will be the thorough exploration of alternatives for garbage disposal. I intend to find a method which suits the needs of all Rockcastle County citizens. Finally, I plan to better manage the funds currently available to our county as well as diligently pursue any other state

MONTHLY ACTIVITY FOR KSP, POST 11, LONDON

During the month of March, the Kentucky State Police Post at London reports, the following activity:

964 motorists were issued citations for traffic violations. 99 were driving under the influence of intoxicants. 609 persons were issued courtesy notices for faulty equipment and different traffic violations, and 182 motorists were assisted with breakdowns, given

or federal funds for which we qualify.

Floyd Miller-No comment.

3. HOW WOULD YOU GO ABOUT INSURING THAT COUNTY RESIDENTS BE INFORMED OF CALL MEETINGS?

Hubert Thacker-Use the media in every case where possible.
Donald Rowe-Local paper and radio.

Henry Abney-No comment.
Leonard Hammond-Depending on the importance of the meeting-by using the Signal, the

radio and word of mouth.

Clarence Carter-Publishing them in the Mt. Vernon Signal if time allowed. If not, have them announced on WRVK.

Jackie R. Renner-This should be done through the local radio (WRVK), run an add (sic) in the Mt. Vernon Signal, sitting the time and purpose if possible (sic).

Paul Kirby-Inform each magistrate and obligate him to spread the word in his district. Post on court bulletin board and at all senior citizen buildings and use radio and newspaper bulletin board.

Joe Clark-Notify the mayors of the respective cities by telephone, use local radio spots and as

(Cont. to B-3)

Blood drive set for May at Rockcastle high school

"No one ever asked me to." This is a frequent answer when you ask someone why they haven't donated blood. What a sad statement to hear when a donation is an easy, yet vital, procedure.

Registration, medical screening, donating, and relaxing with refreshments make up the steps in donating blood. During medical screening, the Blood Center staff gives you a mini-physical. They

assist you as you answer questions about your medical history and check your pulse, temperature, blood pressure and iron count. After medical screening, you lie on a comfortable cot while the medical staff does a sterile arm scrub and then inserts a hollow needle in the bend of your arm. Your pint of blood flows into a sterile plastic bag in about 5-8

(Cont. to B-3)

DONATED BLOOD...The Rockcastle County Homemakers held their first blood drive of 1985 Tuesday at the Bank of Mt. Vernon Community Room. A total of 35 pints were donated. Above, Shelby Reams of Mt. Vernon and Lewis Tagliaboschi, also

of Mt. Vernon, give 2 of the 35 pints. Also in the photo is Mrs. Reams' little girl, Lisa, and two employees of Central Kentucky Blood Center, Kathy Rigney and Suella Baber.

To ensure proper credit, please write your telephone number on your check or money order.

Should you need assistance or have questions, please call your business office 1-878-7311. (No charge for this call).

CONTEL Continental Telephone Company of Kentucky

Let's Elect
Hubert Thacker
County Judge/Executive

Fellow Rockcastle Countians:

We all know that these next four years will be critical to many of us. The continued attack on our tobacco program is a major threat to our family income. Regardless of what decisions are made in Washington and Frankfurt, each of us will still have bills to pay and many will have children to educate.

We may not be able to control the actions of the state and federal government, but we can decide what we are going to do to help ourselves.

I, as your County Judge/Executive, will lead the fight to get more industrial and commercial jobs. If we lose all or any of our income from tobacco, we must have somewhere to turn to help us keep our farms and homes.

I can do this and I will do this. As many of you know, I, along with nine other members of the Rockcastle Improvement Council, signed a personal note to purchase the first option on the land that is now our Industrial Park. Further, as your county's Chief Administrator, I appointed the membership of the industrial authority and led the Fiscal Court's support for the development of the location for our current facilities.

I did not do this for personal gain. I gave my support because I knew that it was what our county needed.

We have two good factories and we have the room and facilities for several more. I pledge to you that I will make every effort to provide these jobs for us.

I ask that you help me so that I can help you.

Your friend always,
Hubert Thacker

Pub. Adv. Pd. for Candidate

NICE CATCH...Ray Stewart of Mt. Vernon caught this 4 lb., 10-inch long, large mouth bass last Friday morning at Lake Linville.

Judge candidates speak out

time permits, the local newspaper to inform the citizens while requesting each magistrate to notify the people in their district.

Donald Clark-Call meetings should be posted on the bulletin board in the courthouse, announced on WVRK and advertised in the Signal if time permits.

Floyd Miller-No comment.

4. BRIEFLY DESCRIBE YOUR EXPERIENCES IN APPLYING FOR FEDERAL OR STATE GRANTS. HOW WOULD YOU GO ABOUT APPLYING FOR STATE OR FEDERAL FUNDS THAT WILL BE MADE AVAILABLE TO EACH COUNTY FOR PROJECTS AND IMPROVEMENTS?

Hubert Thacker-(A) Since I have had approximately 12 years experience in this area, I feel that I will be very competent. (B) I would stay informed as to what monies are available and make application at the appropriate time. The CVADD staff is available when needed.

Donald Rowe-As a member of the court, we have gotten a few state and federal grants: county garage, ambulance, fire truck for Brodhead. My pro-tem judge will also be a full-time grant man.

Henry Abney-No comment.
Leonard Hammond-I personally have never had any reason to apply for a grant. But there are people in the CVADD who are trained and experienced in this work. We should maintain good communication and working relations with this agency so that we can take advantage of any help they can give us when there are funds available.

Clarence Carter-I have no experience in applying for federal and state grants as I have not served in an office where such grants were made available. I would go through proper procedure to obtain them. There are agencies available which would be happy to assist in this area, as well as state and federal officials. This will make it even more important that we have a county judge who has business and management experience so that our county stay on a sound financial basis.

Jackie R. Renner-As a Mt.

Vernon City Councilman I have worked on two grants for city parks, one grant for sewer improvement that the sewer plant through grant funds. If I were County Judge/Executive in order to get the funds so badly needed. (1) I would contact C.V.A.D.D. (2) contact the office of local government in Frankfort. This would put me in contact with the available funds that are needed to see our county go forward. (3) also contact our congressmen and senators.

Paul Kirby-Make the application through the various branches of C.V.A.D.D.-DLG, FHA, Rural water, HUD, CDBG. Prepare our county and show that we really need and want their help in setting our county forward to progress. I would keep trying even if it meant delivering personal requests to Frankfort or Washington, D.C.

Joe Clark-I have been an alternate on the C.V.A.D.D. This board is made up of approximately 8 County Judges and mayors from the respective cities in those counties. When grant money is available, the funds are distributed on the basis of need as voted on by the board. We must continue to work through this board to receive grants as we have for the railroad spur, for the industrial park, the new fire truck for the Brodhead area of a county garage.

Donald Clark-Although I have no personal experience in grant application, it is my understanding that a professional is employed to make the actual application. This is deemed necessary due to the time deadlines and the precise nature of the paperwork. I do consider the application for grants to be extremely important and I will personally review each application.

Floyd Miller-No comment.

5. HOW DO YOU PLAN TO GUARANTEE ADEQUATE POLICE PROTECTION BY THE SHERIFF'S OFFICE FOR ALL COUNTY RESIDENTS TWENTY-FOUR HOURS A DAY, SEVEN DAYS A WEEK?

Hubert Thacker-I cannot guarantee this, as this is under the

auspices of the sheriff's office. However, I will assist the sheriff's office in every way possible.

Donald Rowe-Sheriff and their deputies, city police, state police, constables.

Henry Abney-No comment.
Leonard Hammond-The choice of sheriff is subject to popular vote. Whoever the people choose will get any help that I can give if I am elected. County Judge/Executive.

Clarence Carter-I could not guarantee protection for the sheriff's office as that is an entirely different department. One office has no jurisdiction over the other. However, I would work with the sheriff's office in any way possible to provide better protection for the citizens of the county.

Jackie R. Renner-By working very closely (sic) with the sheriff's office and their (sic) needs, I would also like to see the elected constable use his office in cooperation with other police officers. This would be a big help in our county if this happened.

Paul Kirby-This is something I cannot guarantee but would hope that the people can make a good choice in electing a sheriff. I would work with our elected sheriff and help to see that more deputies are hired to work 24 hours a day, 7 days a week and cut down on the crime.

Joe Clark-Although the County Judge and Fiscal Court cannot compel the sheriff's office to patrol the county, there are things that can be done. (1) The County Judge and Fiscal Court have the authority to organize a county patrol. (2) Request in writing that our county receive fair manpower distribution from the KY State Police. (3) Organize county approved home watches.

Donald Clark-Although the Fiscal Court does provide some financial assistance, the County Judge/Executive is not responsible for the sheriff's department. The sheriff is also an elected official and police protection falls within that realm of duty.

Floyd Miller-No comment.

6. MANY RESIDENTS SUPPORT THE IDEA THAT MOTIONS BROUGHT UP BY THE FISCAL COURT SHOULD NOT BE VOTED ON AT THE SAME MEETING

(Cont. to B3)

Meat will generally cook better and faster if you remove it from the refrigerator and let it warm at room temperature 1 1/2 to 2 hours.

VOTE FOR DONALD ROWE

It's time to elect a County Judge/Executive. You don't want an old man that is set in old ways. You don't want a man that is young and inexperienced in county government. You need a man in-between and that man is Donald Rowe, 42. Some of these men believe in starting out at the top. Some of these men have run for public office and were defeated. Some were elected and then defeated. Does that tell you something? Did some of these same people that are running for Judge this time work against the Republican Party in the last Judge's race? Have you forgotten this?

I am a member of the Mareburg Baptist Church, incumbent District Magistrate, a member of the Republican Party, a 1963 graduate of Brodhead High School, a 1964 graduate of Tri-City Barber College, vice president of the Mt. Vernon Lions Club, president of the Rockcastle County Little League Baseball, a member of the Mt. Vernon Businessmen's Assn. and of the county youth football program. Your help is solicited and will be greatly appreciated.

ELECT DONALD ROWE County Judge/Executive

"JUDGE'S ANSWERS"
(Cont. From B-2)

AT WHICH IT IS FIRST INTRODUCED, WOULD YOU BE IN FAVOR OF SUCH AN IDEA? IF SO, EXPLAIN HOW SUCH AN IDEA COULD BE IMPLEMENTED. IF NOT, EXPLAIN WHY YOU WOULD BE AGAINST SUCH AN IDEA.

Hubert Thacker-I believe in the deliberate approach whenever time will permit. In many instances, this rule would not be practical as deadlines would not permit. This is especially true in the state and federal government.

Donald Rowe-No! That is what a meeting is for-to make up the county.
Henry Abney-No Comment.

Leonard Hammond-There are some motions that can be voted on when introduced. But if a motion is sure to be controversial, voting should be delayed until it is determined what the majority of the citizens want.

Clarence Carter-The motions brought up by the Fiscal Court are entered in the record books as minutes. At the next regular meeting, the minutes are read and approved as orders. If there are any changes, they can be made at this time. Therefore, the motions made are not voted as orders until the next regular meeting of the Fiscal Court.

Jackie R. Renner-All major motions which (sic) would call for the spending of large amounts of public funds, or any motion that would affect the environment or a

"KSP REPORT"
(Cont. From Front)

tourist information, etc.

A total of 191 traffic accidents were investigated. Of these, 141 were property damage only accidents; 44 were personal injury accidents. There were 2 fatal accidents; 82 persons were injured and 2 persons were killed.

201 criminal investigations were made resulting in 149 criminal arrests. 5,470 persons attended 29 safety programs conducted by the Kentucky State Police.

During the month of March, the Kentucky State Police at London reports the following activity for rockcastle County-

101 motorists were issued citations for traffic violations. 7 were driving under the influence of intoxicants, 53 persons were issued courtesy notices for faulty equipment and different traffic violations. 26 motorists were assisted with breakdowns, given tourist information, etc.

A total of 13 traffic accidents were investigated. Of these, 10 were property damage only accidents; 3 were personal injury accidents. There were no fatal accidents; 3 persons were injured.

11 criminal investigations were made resulting in 14 criminal arrests.

"BLOOD DRIVE"
(Cont. From Front)

minutes. Then you are ready to relax with other donors and enjoy refreshments. In about 45 minutes, you have made a lifesaving contribution to patients in local hospitals.

The Rockcastle County High School and Central Kentucky Blood Center are asking you to donate on Friday, May 10, from 9:00 a.m. to 4:00 p.m. at the Vocational School. For more information, call Larlynn Leffler at 1-800-432-9528. It's that simple, before someone can get blood, someone has to give blood.

community's (sic) lifestyle-motions of this nature should have two readings with a well (sic) informed public so all sides of the issue can have a fair hearing. This way I think the people's voice would be final as it should be.

Paul Kirby-Oh some things, yes. I think there might be instances when we would need to take the idea home and think on it before voting. At other times, it would serve no useful purpose to put it off, but might hold up doing something that is needed right away. A long-range plan that is going to be implemented should have all magistrates and county judge well aware before voting.

Joe Clark-As the system now exists, motions are voted on at the meeting at which they are raised. This vote then becomes part of the minutes of that meeting. The motion has passed but does not become effective until after the second reading at the next meeting. This is why I continue to ask the interested citizens to review these minutes as they apply to any concerns they have. I support the second reading concept as do many of the residents I have

talked with.

Donald Clark-At first glance this would seem to be an excellent idea; however, many routine matters (such as the payment of outstanding bills) are handled during fiscal court meetings. It would not seem likely that these items would require this extra consideration. However, I do feel that a delayed vote is a viable option which should be taken into account when matters of a controversial nature are before the court.

Floyd Miller-No comment.

7. WHAT OTHER ISSUES DO YOU FEEL STRONGLY ABOUT AND WHY DO YOU FEEL YOU SHOULD BE ELECTED? [Editor's note: Some answers exceeded space requirements and had to be shortened.]

Hubert Thacker-I believe that our county will need strong knowledgeable leadership during these next four years. I believe that my record from my previous service will support my belief that I can do the job well.

Donald Rowe-I am for a good ambulance service. I think I should be elected because I am educated, experienced in county government.

Henry Abney-No comment
Leonard Hammond-We

should try to bring more industry into the county. If I am elected, one of my priorities will be to try to remedy this situation.

Clarence Carter-More industry, a better jail facility, better relations between our officials and

the residents of our county. I feel

that I should be elected because I know the people of the county and I know about the needs of our people. I am well aware of the

ELECT PAUL D. ABNEY

COUNTY CLERK

I believe, like my opponents, that the County Clerk's office is one of the most important offices in the county, that is why I am a candidate. I am a graduate of Cumberland College and Morehead State University with a Bachelor's Degree and Master's Degree in Business Administration.

While serving in the military, I was given a secret security clearance by the Federal Bureau of Investigation, due to the sensitive nature of my work during the Viet Nam War. I am qualified to carry out the duty and security of this very important office.

I do not belong to many organizations and clubs and I have not had the privilege of serving in the Clerk's office for the past 18 1/2 years. What I am is a husband and father, a farmer for the last 9 years, a man with 5 years of business experience, a college graduate and a Viet Nam veteran, who once again wants to serve but this time as County Clerk of Rockcastle County.

For a real change in the County Clerk's office, pull Lever No. 3 and vote for **PAUL D. ABNEY** on May 28, 1985!

Thank you,
Paul D. Abney

Pol. Adv. Pd. for Candidate

Auction

OF
Mr. Randall Mullins'
10.2 ACRES
Sat., May 11, 1985
1:30 p.m.

LOCATION: Go past the boat dock and turn left or turn off of the Pur-Rigsby Road onto the Barnett Road. Auction signs will lead you from either direction to the property.

Since Mr. Randall Mullins, the owner, lives in California, he has decided to sell this property overlooking Lake Linville for the absolute high dollar.

The property contains 10.2 acres, more or less, of beautiful land on Lake Linville. The property definitely has development potential, suitable for subdividing or it could be utilized as a small lake farm with privacy.

Auctioneer's Note: If you're in the market for lake property, then be sure to attend this auction. Remember, it's an absolute auction, the last bid will buy.

TERMS: 20% down day of sale, balance within 30 days with delivery of deed.

Around BRODHEAD

By: Mrs. Mary McWhorter

Mr. and Mrs. Charles McWhorter of Valley Station visited Mrs. McWhorter's mother, Mrs. Bertie Taylor, last week.

Mrs. Suzie Todd and Mrs. Bertie M. Taylor visited recently with Mr. and Mrs. Glenn Baker and Mr. and Mrs. Marshall Reynolds at Broughtontown.

Mrs. Willene Deborn visited Mrs. Bertie M. Taylor Saturday evening, and Mrs. Suzie Todd was a Friday morning visitor.

Saturday night supper guests of Denver and Sue Mitchell were their son, Dale, Mrs. Elva Martin, Kenneth, Janet and Kim Taylor, Lonnie, Barbara and Lee Martin, Billy Joy, Donna and Shawn Brown, Bobby and Linda Martin, Phyllis and Dayne Howard.

My son, Gervis Singleton, and daughter, Leslie Gayle, of London, attended church at Providence Sunday and visited Sunday afternoon and took me out to dinner at Ruth's Dart Delight. We also visited a short time with Mr. and Mrs. Jimmy Cass of London who were there for dinner.

Mrs. Nancy Bussell and daughter, Angie, were in Ft. Thomas Sunday visiting her family - the Ackermans.

Bro. Earl Robinson of Tompkinsville was a Friday visitor of Mr. and Mrs. Willie Taylor.

Mr. and Mrs. Sam Deborde, Renee and Becky, took their son and brother, Jeff Deborde, to Trenton, Florida over the weekend where he is employed on a horse farm with his uncle.

Willie Taylor was a visitor Monday of Mr. and Mrs. Sam Deborde and girls, Renee and Becky. Renee celebrated her birthday.

Mrs. Judy Owens, Mrs. Brenda Bradley and myself were in Lexington Monday for my stress test and got a good report. We also visited Judy's husband, Billy Owens, who remains in the V.A. Hospital. I also visited my cousin, Mrs. Effie Jones of Corbin who is a patient in St. Joseph Hospital recuperating from triple bypass heart surgery.

Sunday visitors of Dee and Mary Bussell were Jim Bussell and sons, J.D. and Derek, Rick Bussell and daughters, Kristi and

Ashley, of Somerset.

Mr. and Mrs. Monroe Renner were in Crab Orchard recently visiting Mrs. Marie Wolfe.

Mrs. Louise Sargent and daughter, Lee Ann, of Lexington, spent Sunday with their parents, Mr. and Mrs. Monroe Renner.

Mr. and Mrs. Gary Renner spent Friday night with Mr. and Mrs. Monroe Renner, Gary, Monroe and Gertrude visited on Saturday with Mrs. Alice Bradley in the Marymount Hospital. They also visited Mrs. Dara Taylor in the Laurel Heights Nursing Home.

Mr. and Mrs. George Adams, Mrs. Violet Cash and Donna Lynn were in Lexington shopping last week.

Mrs. Felicia Adams of Mt. Vernon spent a week with her husband, Jerry Wayne Adams, in Florida where he is working.

Mr. and Mrs. Walter Doan were in Somerset Saturday for Walter's birthday dinner at Long John Silvers.

Ronnie Tyra and girlfriend, Elizabeth, and children of Winchester were weekend guests of Mrs. Viola Hensley, and they all shopped in Berea Sunday.

Mr. and Mrs. Walter Doan were Sunday supper guests of Mrs. Fanny Albright.

Recent visitors of Mrs. Mary Jane Randolph and daughter, Linda, and Arvil Burton were G. D. Burton, Mr. and Mrs. Herbert Ray Adams and son, Kevin, of Somerset, Blake Clifton of Richmond, Ray Long, Ola Phelps, Mrs. Verla Brown, Mrs. Marie Burton and Mrs. Ruby Thompson.

Visitors of Mrs. Fanny L. Albright were Mrs. Ruby McWilliams of Eubank, Mrs. Mary Jane Randolph, Mrs. Maggie Herrin, Mrs. June Latham, Bruce Latham, and Arvil Burton.

Mr. and Mrs. Bob Proctor spent the weekend in Covington visiting her father, Carter Caudill, and their son, Darrell Proctor, and wife, Darlene, and sons, Stephen, Kyle and Adam.

Recent visitors of Mrs. Grace Brown and Ebon were Mrs. Frances Brown, Mr. and Mrs. Denny Adams, Angie Adams, Mrs. Alma Jean Cable, Scott Harper, Shelly Cable, Albert and Lonnie Cash, Jewell Denney, Georgia Thompson, Freda Denny

and sons, Steve and Scott, Wanda Ellison, Grady Burton, Irene Taylor and Billy Kirby.

Saturday dinner guests of John and Myrtle Helton were Hack and Lillie Saylor of Brindle Ridge. Sunday supper guests were Eddy and Lib Allen of Crab Orchard. Other guests were Don and Trene Helton and son, Nikkie, Teresa Thompson and Libby Halcomb of Crab Orchard. Mr. and Mrs. Robert Prater and children, Robert, Jr., Jennifer and Rebecca of Romulus, Michigan, Jackie, Joyce and Jason Helton of Westland, Michigan are spending the week with the Heltons.

BRODHEAD WILLING WORKER HOMEOWNERS CLUB

Deborah Newland wants all the information that the club can get together about Brodhead so a history of Brodhead can become a reality. The sale of this book could swell our bank account also.

Glenna Brooks' devotional included a conversation of monkeys. They denied that man developed from them! They would not desert their young; kill each other, etc. She closed by reading part of Genesis 1:27, "So God created man in His own image."

The roll call of the eleven members who were present of a "Good Tip for Spring Cleaning" gave us a few new ideas but ended in a decision that "using elbow grease was a tried and true tip."

May 6-11 is National Homemakers Week. Besides taking quilts and crafts to this show in the Community Room at the Bank of Mt. Vernon on May 9, 10, and 11, we decided to make a display in Doug Brock's window of some of our old as well as new items made as homemakers.

The lesson "How Children Learn Values" was presented by our club's president, Gladys Bussell. Children can get conflicting messages from parents, peers, television and society in general. Are we always perfect models for children?

The following announcements were made: April 28-4-H Fashion Review, Brodhead School Gym, April 30-Blood Drive at Mt. Vernon Bank, May 9, 10, 11-Quilt & Craft Show at Mt. Vernon Bank.

May 30-Homemakers' Council; May 17-19: State Homemakers meeting; June 4-6-Chair Caring at P.C.A. Building; June 13-county tour of Shakerstown; July 18-Cultural Arts Camp in Jackson County; May 28-31-Jamestown-Williamsburg, Va. tour. Get your name on the office's list soon if you want to reserve a seat on the bus, rooms, etc.

Thanks to Carol DeBoard as hostess and Glenna Brooks as co-hostess. They served dips, cake, pineapple punch, and a large pineapple filled with uncooked shish-kebobs of chunks of assorted fruits that we ate from a plastic stick-holder.

The May meeting will be at Loraine Newland's home with Mary B. Johnson as co-hostess.

Elizabeth Mullins, Reporter

VOTE FOR Joe Clark

Elect
An Active
County
Judge/Executive

Help Elect

An Honest, Experienced & Capable COUNTY JUDGE/EXECUTIVE

In approximately four weeks, we will be electing our nominees for County Judge/Executive. I ask for your continued support now and during the remainder of this campaign. On May 28th, we need to elect an active County Judge/Executive. We need to elect a County Judge/Executive that will make the right decisions for our county, with regard to the issues that confront us.

Several people have asked what can be done to attract more industry to our area. As most of us know, there are certain things that search committees look for in recommending a new site for industry. Apparently these committees agree that Rockcastle County has these things, as evidenced by the work that has been done at our industrial park in the past.

These committees not only look at the location, but also evaluate the quality of the local governments and how they relate to the many factors that they work with. Among these is the relationship between the county government and city governments in the county. We are all one county and, in the future, we need to work together for the benefit of the county as a whole. If elected, I intend to see that when our county is approached as a possible site for new industry, the many positive things that we have to offer will include fair administration of our entire county.

Again, I ask for your continued support during the campaign. I can and will continue to work for the betterment of our county. Help elect an active County Judge/Executive on May 28th.

Sincerely,
Joe Clark

SYNCOATED....Rockcastle County Council for the Arts presented Syncoated, Inc. last Friday night at the Brodhead Elementary School. The Lexington-based dance company performed modern dance, jazz, tap, jazz, theater dance, improvisation, and music to the crowd of over 50 people. The event

wrapped up a month-long series of presentations by the Arts Council. The Arts Council is planning a summer play for their next performance. The Council is a non-profit organization promoting the Arts in Rockcastle County.

talent-laden Cardinals into a Final Four contender... immediately. Here's one more look at U of L's "New" firepower.

6-8 Kenny Payne, 32.6 Pts., 15.4 Reb.; 6-2 Kevin Walls, 44.8 Pts., 4.4 Reb.; 6-7 Avery Marshall, 20.2 Pts., 11.4 Reb.; 6-8 David Robinson, 13.1 Pts., 11.2 Reb.; 6-8 Tony Kimbro, 27.3 Pts., 14.2 Reb.; 6-4 Keith Williams, 16.9 Pts., 6.5 Reb.; 6-9 Pervis Ellison, 27.0 Pts., 19.0 Reb.

Add it all up and Crum will replace Manuel Forrester's and James Jeter's, combined 35.4 points and 5.8 rebounds with 179 points and 83 rebounds.

UK basketball

Louisville's sweep this year must leave UK fans wondering. According to my count, Kentucky was "blanked" on these prep standouts: Payne, Lance Blanks, Tito Horford, Tony Kimbro, Danny Ferry, Gary Leonard, Roland Sheldon, Greg Nared, Tommy Lewis and Chris Duncan.

Around the state

Ever had "one of those days?" How about "one of those seasons?" Consider the plight of Meade County High basketball coach Larry Miller. His defending Region champion Green Wave struggled to a 7-18 season in 1984-85. But what happened last Saturday added injury to insult.

At his home in Brandenburg

Miller climbed up a step ladder to do a bit of repair work on his driveway basketball goal for his son.

"The wind was blowing pretty hard and I got a little careless," Miller said.

The coach lost his balance, got his feet caught in the ladder, and ohhhhh!

"I hit (on the asphalt) on my hands," he said. Miller suffered a dislocated

Pol. Adv. Pd. for by Candidate

Bob Watkins
Sports in Kentucky

People and things. Kentucky football. The UK Wildcats will build their 1985 (high) hopes on quarterback Bill Ransdell and, considering the junior signal caller's spring performance, climaxed by Saturday's 14 of 26 passing for 142 yards in a 23-17 win, things look pretty rosy for UK fans.

Quarterback coach Jerry Eisaman: "Bill's had an outstanding spring. Outstanding in that he's moving the team so well. And his development has been very good. Bill's learned to read defenses.

"In a football game there are always five or six plays that are going to win for you and I'm danged if Billy isn't coming up with four or five of them now."

When Mark Higgs suffered a knee injury this spring it opened a vacancy at tailback for two redshirt freshmen—Ivy Joe Junter (6-0, 197) and Tony Gardner (5-10, 180).

"Hunter has come along well since Higgs got hurt," Eisaman said. "With Mark out we were counting on getting some work for Hunter and Greg Baker (6-2, 185). But then Baker got hurt too."

Also on UK's injury list were tight ends Mark Wheeler and Matt Lucas opening a chance for another redshirt freshman—Martin Pennington, a 6-2, 210 pounder from Corbin to have a shot at replacing graduated Oliver White. Pennington responded well. Eisaman said. He was a starter with Ransdell on the blue squad in Saturday's blue-white game along with split ends Cisco Bryant and Eric Pitts.

Footnote: For the spring game Coach Claiborne reinstated four players suspended before last year's Hall of Fame Bowl—Bryant, defensive end Brian Williams and defensive backs Tony Majes and Russell Hairston.

I liked what coach Claiborne said upon reinstating them.

They're all fine young men. They made a mistake and they have paid the price."

U of L sweepstakes

As mentioned in this space last week before Kenny Payne chose Louisville over UK and Mississippi State, U of L basketball finished first in college roundball recruiting for 1985.

Adding the 6-7 Payne, when Louisville was already one hoop scholarship over the limit, says

something about just how attractive U of L has become.

Payne's future? Wade Houston who beat UK and Miss. State to get him, says: "Kenny is an excellent shooter. With the instal-

education that this would be helpful in handling our applications for grants. I feel that with my being on the City Council and the working in local government and being a working man that I know the needs of our county. I am a fair man and will work for one and all.

Paul Kirby: The courthouse as a whole needs replanning and repaired. Our flag on top of our courthouse was a disgrace to the communities, much less the nation, the last time I saw it. It's dirty. I'd like to begin cleaning our county up, from the garbage on the roads to wasteful measures in spending our funds, and down to criminals and justice. I'm young enough to still care about our future and future generations, want to see progress and I've submitted my application to the people of this county with what I consider a good resume for a tough job but one I believe I could do good.

Joe Clark: As evidence by my active work as magistrate, we must firm up a workable trash collection system for our county. This could involve a fee from another local landfill. I feel that many of the other candidates agree on the issues of education, ambulance service and road repair. I should be elected because I have actively supported these issues for the past two elected terms and not just at election time. I have represented my district at all meetings without being absent from any and will do so as County Judge.

Donald Clark: I am saddened to see our brightest, most promising young people forced to leave Rockcastle County in search of employment. Therefore, I will work toward making Rockcastle County a place where good jobs are available and thereby improve the quality of life for all.

Floyd Miller: No comment.

lation of the shot clock, we'll be facing more zone defenses and thus making it more important to have a number of good shooters."

Houston added, "I think one of his decision factors (in choosing U of L) was to enhance his skills through playing with and against top competition on an everyday basis."

Now, U of L fans will be looking to Crum to mold the

Next to your phone it's all you need for directory listings and yellow pages in the 5 counties of the Cumberland Valley

Your new Cumberland Valley Phone Directory and Guide gives complete residential and business listings for Laurel, Whitley, Rockcastle, Knox, and Clay counties, plus Jellico, TN. One consolidated directory serves the entire area - saving you time and money on long distance information calls!

It's bigger. It's better. And it's free!

Your Cumberland Valley Phone Directory and Guide - with expanded listings throughout the five county Cumberland Valley area, plus Jellico, TN, with regional information and money-saving coupons - comes to your door at no charge. It's absolutely free. Watch for yours, the more you use it, the more you'll like it.

It puts you in touch.

With the entire Cumberland Valley at your fingertips, you have access to easy shopping for goods and services in all the towns and counties in your directory. You stay on top of what's available to you outside your hometown.

Informative, convenient, and it saves you money.

Your Cumberland Valley Phone Directory and Guide is packed with useful information you can use - like a historic profile on the Cumberland Valley region where you live, Kentucky hunting and fishing information, local high school football schedules, area maps, and so much more. Plus inside your new directory, you'll find valuable coupons from area merchants. Save on everything from pizza to wallpaper.

Your directory could be worth \$50 instant cash to you!

When you receive your new Cumberland Valley Phone Directory, pick it up and go through it. Find your winning ticket number. This number could be worth 50 dollars cash to you from Security Publishing. Each Thursday 5 winning numbers from the Cumberland Valley area will appear in our ad in this paper. Watch for your number, you could be a winner!

Use it everyday.

For instant cash, regional listings, shopping, recreational information, maps, money-saving coupons and more, turn to your Cumberland Valley Phone Directory and Guide. Next to your phone, it's all you need.

Fishing Report

Variable weather conditions resulted in mixed activity throughout the Commonwealth this weekend, with overall fair to good fishing during the April 27-29 period covered by this report. The lake-by-lake rundown, as reported

by conservation officers or creel clerks at each lake:

KENTUCKY: Officer Gerald Alexander reported heavy activity for crappie, although success rates continued to be low due to extremely clear water conditions

with 4.5 feet visibility. Bass anglers were casting plastic worms and spinners around stumps and in shallow water cover. Tailwater activity was moderate for crappie and catfish. The lake was very clear, rising slowly, one foot below summer pool and 64 degrees.

BARKLEY: Heavy fishing activity was reported by creel clerk Norman Brantley. Crappie continues to be good off dropoffs in 5-15 feet of water. Bass activity was light casting spinners and plastic worms in the backs of coves in stumps and brush. The lake was clear, rising slowly, one foot above summer pool and 71 degrees.

BAREN: Officer Donald Depp reported moderate fishing activity for crappie in 5-12 feet of water in submerged cover and old creek channels. Bass anglers had best success in the early morning and late evening casting surface lures, with some bass picked up during the day using crankbaits and plastic worms off steep banks. Tailwater activity was moderate to heavy for crappie. The lake was clear to murky, rising slowly, 1/4-2 feet below summer pool and 73 degrees.

NOLIN: Officer Sammie Reinro reported moderate activity for crappie around stickups in 5-8 feet of water. Bass fishermen used spinners and plastic worms over points and stickups. Tailwater activity was heavy for trout. The lake was clear to murky, 10 feet below summer pool and 78 degrees.

ROUGH RIVER: Heavy bass fishing activity was reported by Officer Harold Belt. Successful anglers used topwater lures and crankbaits around brushy banks and points. Crappie were hard to find but some were being caught in 3-10 feet of water. Tailwater activity was good for trout and crappie was light. The lake was clear to murky in the main lake, muddy in the

headwaters, 11 feet below summer pool and 72 degrees.

TAYLORSVILLE: Officer John Wells reported heavy fishing activity for bass, with most caught around stickups and points casting crankbaits and spinner baits. Bluegill were caught in 4-6 feet of water. Tailwater activity was heavy for crappie and bluegill. The lake was clear, stable at summer pool and 68 degrees.

HERRINGTON: Officer Charles Goode and creel clerk Bill Pinkston reported very heavy fishing activity for white bass casting small lures and live minnows. Trolling was the best method in the main lake. Crappie activity was moderate to heavy in 5-15 feet of water. Bass fishermen were beginning to spawn and should be coming on heavy soon. The lake was clear, stable, 4 1/2 feet below summer pool and 68 degrees.

GREEN RIVER: Officer Buddy Loy reported moderate to heavy activity for crappie in brush in 5-15 feet of water. Bass fishermen were casting crankbaits and plastic worms. Tailwater activity was light for crappie and bluegill. The lake was muddy to clear, rising slowly, four feet below summer pool and 72 degrees.

CUMBERLAND: Officers Randy Wilson and Fred York reported moderate to heavy fishing activity. Black bass were very good off the main lake in bays and inlets and small creeks casting surface lures. White bass were taken off steep banks and points in 15 feet of water with jigs, and under lights with minnows. Tailwater activity was moderate for trout. The lake was clear near the dam, muddy in the headwaters, eight feet below summer pool and 67 degrees.

DALE HOLLOW: Overall fishing activity was heavy, according to Officer Marvin Edwards. Black bass fishing was good, casting spinners and minnows around shallow brushy banks. Crappie activity was moderate, around submerged cover in six feet of water. The lake was clear, three feet below summer pool and 70 degrees.

LAUREL: Officer Ken Mobley reported heavy fishing activity for bluegill in 3-6 feet of water on crickets. Black bass activity was also heavy casting surface lures and spinners around shallow banks. The lake was clear, stable, one foot below summer pool and 65 degrees.

CAVE RUN: Officer Mike Gilliam and creel clerk Tim Sloan reported heavy bass fishing activity casting floating and medium running lures in the backs of coves in heavy cover. Muskie success was increased in heavy timber casting jerk-baits and shallow running crankbaits. Large crappie were being taken off points.

Tailwater activity was moderate for crappie and bluegill. The lake was clear to murky, rising, three feet below summer pool and 68 degrees.

BUCKHORN: Moderate fishing activity was reported by Officer Billy Joe Napier. Crappie were being caught in 4-10 feet of

water, and a few bluegill were being picked up. Trout and an occasional muskie were being caught in the tailwaters. The lake was clear, rising, four feet below summer pool and 72 degrees.

GRAYSON: Officer Jeff Adams reported moderate fishing activity. Bass were being taken casting crankbaits around brush along the shoreline. Crappie fishing was light. Tailwater activity for

trout was heavy. The lake was clear, rising slowly, five feet below summer pool and 70 degrees.

DEWEY: No Report.
FISHTRAP: Officer Don Bevens reported only light fishing activity for crappie, with most fish in 5-10 feet of water. Tailwater activity was moderate for trout. The lake was clear, stable, 10 feet below summer pool and 70 degrees.

Raymond "Pill" BAKER

ROCKCASTLE CO

F O R S H E R I F F

"The People's Choice"

Folks, if you elect me Sheriff of Rockcastle County, my deputies and myself are going to slow down the stealing and robbery in this county. I can't say we will completely stop it, for it has gone on as long as time has been. But, Folks, we sure will put the brakes on it and you can bet on that. My deputies won't all be working in the daylight hours, most of them will be working at night - the same hours that the thieves work. We won't all be in one car together, we will be scattered out in all parts of the county and there will be a reliable deputy near you at all times, day and night. All my deputies will have radios in every car so we can all be contacted in a moment's notice. I believe this stealing and breaking into homes and businesses has gotten out of hand and I, and my deputies, will meet them head-on. It has gotten so that people are afraid to go to sleep in their own homes and older people are afraid of being robbed and beaten to death in their own homes. Our main goal is going to be to stop this in Rockcastle County.

We are not too interested in patrolling Interstate-75, the State Police will do that. We are interested in protecting the citizens of this county on the back roads or wherever crime is happening in our county. This is not just a threat to the thieves in this county, it is a promise.

These are just some of the reasons my deputies will live and work in all sections of the county, as I promised you a few weeks ago in this newspaper. We won't have to drive clear across the county to get to you. I will have a deputy that lives in or near your community who can and will, respond to your call in a very short time. He will also patrol his section of the county.

I will talk more to you through this newspaper about my plans for the Sheriff's department to make Rockcastle County a safer place to live. I do hope this meets with your approval and that you can see fit to support me. I am always open for suggestions from our citizens on making our county a better and safer place to live.

Your Friend,

Raymond "Pill" Baker

(Cont. From B-5)

left arm including a shattered bone and a broken right arm. The coach had to have bone chips removed from his left arm.

Miller, who coached Simon Kenton High to the State title in 1981, will undergo rehabilitation to try and regain full use of his arms. Ever the optimist, the coach plans to be ready for summer basketball camp June 17-21.

Woody Cram has resurfaced on Kentucky's high school basketball scene as the new head coach at Maysville (second time around). According to my "unofficial" "Coaches Win List" Woody ranks 19th among all-time coaches in the state with 500 career victories.

Incidentally, update information continues to come in for my "unofficial" "Win Lists" for prep football, boys and girls basketball in Kentucky. I hope to have a complete report in May.

Bill Hogg, former head football coach at Elizabethtown High and North Hardin High, suffered a heart attack recently and is recuperating at home on Browns Lane in E. Town. He ranks 24th on Kentucky's all-time coaches' "Win List." Coach Hogg is a special man for whom many of us have imminent respect and admiration. If you feel that way too, send Bill a get well card.

Parting shots

Larry Bird of the Boston Celtics on critics of coach K. C. Jones' six-man rotation system who say it will wear down the players before the playoff...
"That's all bull. I can go 48 minutes and still go out and run five miles the same night."

"Plus," Bird added, "when you get to the playoffs, it's a whole different thing. There's plenty of time to rest because there are so many division timeouts."
Comment: Amen.

Then there's "oft traveled" Larry Brown, coach at Kansas denying another report that he will move on soon, perhaps back to the NBA. "I told freshman Danny Manning that I would stay here until he graduates. Of course my players understand that things can happen."

Comment: Right. Bigger contracts and more sunshine.

Lefty Driessell, the oft criticized basketball coach at the University of Maryland... "I've never been to a Big East game in my life, to my knowledge, but I understand they shake hands after a game in the ACC, after games, we cuss each other out and run the other way, talking about how lucky they were to win. You go down and play at North Carolina, NC State or Duke and it's like going to war."

If you have a question or point of view you would like to share, write to Bob Watkins, Rt. 1, Glendale, Kentucky 42740.
