Conversation district holds October meeting

The Rockcastle Conservation District held its monthly meeting on Monday, Oct. 21, at the Rockcastle County Courthouse. The first item of business was discussion of the Farmer-Business Banquet on Friday, Nov. 8.

The district supervisors reported on ticket sales and items to be discussed with the Mt. Vernon Lions Club.

The District Test Plot was discussed and the board voted to renew the lease agreement for an additional two years. A soil test of the area was taken and the results indicated a need for phosphorus and potassium to be added. Arrangements will be made to get these nutrients applied. A renovation of some plots is planned for spring 1986.

The next item of business was the review of District Cooperators and Agreements. Several cooperative agreements were terminated due to deaths and ownership changes.

David Stipes, of SCS, reported that a new trainee, Steve Hieneman, is to replace

Mr. Vernon Field Office. Mr. Hieneman will be in training as a Soil Conservationist.

David Stipes also reported that a field demonstration on irrigation systems will be demonstrated in the county on Nov. 7. A newsletter will be mailed out to announce the field day.

Following a brief discussion on upcoming events, the board meeting adjourned.

Jerry Nichols receives award

Jerry Lee Nichols was recently presented with a certificate of recognition from the Courier-Journal and Louisville Times "Tom Wallace Farm Forest Contest" according to Kenneth Thompson of the Kentucky Division of Forestry. Certificates of recognition are presented to those landowners who have carried out woodland management programs with definite objectives and having protected and improved their woodland.

The Farm Forestry Contest, sponsored each year by the two Louisville newspapers, seeks to promote good forest management by recognizing those Kentucky

owners who are doing outstanding jobs in managing small woodland tracts. The contestants are nominated by foresters annually to be judged for \$1,000 in prize money for the top three winners. Besides cash prizes all county nominees receive recognition certificates and the district winners receive specially designed plaques.

Items considered in judging nominations include carrying out definite management plans for fire protection, protection from grazing by livestock, and forest insect and disease protection. Also included is woodland management accomplishments such as timber stand improvement, tree planting, products harvested, erosion control, wildlife enhancement and recreational development.

Jerry Lee Nichols began his forest management on his newly acquired tract in 1976. After having a forest management plan developed by a service forester from the Kentucky Division of Forestry, Mr. Nichols began to manage his woodland. As of this date, 40 acres of woodland have been protected from destructive grazing. He has also improved 20

acres of woodland by deadening cull trees and damaging grapevine, thinning to provide additional growing space for future crop trees and pruning three acres of black walnut trees to improve the timber quality of these trees.

Jerry Nichols has also been active in protecting his woodland from wildfire by maintaining fire tools and access roads to improve fire protection.

Over the years, Jerry Nichols has set a fine example for other woodland owners to follow. Rockcastle County can be proud of his accomplishments as recognized by the Tom Wallace Forestry Award presented.

It all began with a forest management plan from the Kentucky Division of Forestry, a service which is free to Kentucky woodland owners. Anyone interested in receiving similar technical assistance should contact their local Division of Forestry representative Steve Bullen at 606/256-2957 or 256-5794 or contact the Division of Forestry's District Office at P. O. Box 130, Pineville, Ky. 40377, phone 606/337-7011.

To Be Aired on KET Nov. 5

The plight of 182,000 American tobacco farmers and their families, who face changes brought on by mounting health worries and the phasing out of government farm programs, is dramatically brought to light with "Barley: Growing Tobacco in America," to be aired on KET Tuesday, Nov. 5, at 7 p.m. Produced and directed by

Robert Henson, originally from Kentucky and Washington, D.C., recently won the Documentary Achievement Award from the Academy of Motion Picture Arts and Sciences, and the Director's Choice Award at the Spiking Creek Film Festival.

"Barley" concentrates on the plight of fourth-generation farmer Homer Phillips as he grows his crop in the midst of economic uncertainty, a crippling drought, and the overcoming of alcoholism in the face of past pressures. Of

particular interest to Kentuckians, the program, in addition to explaining the paradox of farm price supports (subsidies) and the 50-year-old government allotment program, is the production of tobacco. All phases, from hand-feeding a tobacco "setter," to cultivation, hanging in the barn, to stripping and baling for the market, are shown.

Representatives Larry Hopkins (R-Ky.) and Patricia Schroeder (D-Colo.) debate opposing sides of the tobacco controversy in

ELECT PETE HURD MAYOR

of Mt. Vernon

Your Vote & Influence Appreciated

Subject to General Election, Nov. 5, 1985

Dear Friends,

I wanted to take this opportunity to tell you why you should elect me as your new mayor on November 5th. Serving as your city councilman for the past four years, I have worked hard to improve our way of life in Mount Vernon. I was on the water and sewer committee for two years. I also have worked with the Rockcastle Improvement Council and have not missed a meeting in four years.

Some projects I've been especially involved in have been:

1. Convincing Frankfort officials of the need for sewer on Fairground Hill and in Owens Subdivision. I personally went to Frankfort and was very successful in that effort.
2. I have negotiated with the Rockcastle Fiscal Court to build sidewalks from 150 to the Library and from the new health building to the hospital at county expense. This was the first time any city council member ever attempted to coordinate city and county toward a common goal. I'm very pleased with this achievement, and I hope to be able to do more in the future for city streets.
3. I'm interested in public recreation for the young people. I would love to see the ball fields by the lake ready to use as soon as possible.

Your present mayor has just proposed to buy a street sweeper at an expense of over \$20,000 to sweep Main and Richmond streets. I would like to suggest that instead we use that \$20,000 to solve the city's garbage problem. Since we already have a very inexpensive street sweeping system (a man and his truck) why don't we buy a garbage truck to pick up garbage at the curb on all city streets once a week? It may even be possible to get a grant to help pay for such a truck. All the Federal grants are given on an as needed basis, depending on whether or not the need is documented and clear. We all know the need is there and a full-time mayor would have the time and energy to pursue such projects as this.

I've already worked hard, and now that I've retired, I have devoted my time to serving my community. I hope you'll give me a chance to do this in an even greater capacity by electing me as your mayor next week.

**Your Friend,
Pete Hurd**

Blood donors needed at BMV Tuesday Nov. 12

Share your good health and donate blood. Central Kentucky Blood Center and the Rockcastle County Homemakers have scheduled the third county-wide blood drive of 1986 in Rockcastle County for Tuesday, Nov. 12, at the Bank of Mt. Vernon from 10 a.m. to 7 p.m. At least 50 donors are needed at this drive to maintain a safe and adequate blood supply for patients in area hospitals.

The goal of KCBC is to provide a safe and adequate supply of blood and blood components to 52 Kentucky hospitals and clinics. The demand for blood increases daily as medical research leads to development of new therapy and surgical procedures. There is just one source for the blood patient's need, the volunteer donors.

like the ones who give regularly at Rockcastle County blood drives. After the blood donation is completed, it is taken to CKBC's laboratory where it is carefully tested, processed and distributed to area hospitals ready for the patient's use. The amount of blood available for transfusion is directly related to the amount recently donated. Meet the growing need for transfusions in area hospitals.

The Medicine Chest

By: Tina Hasty, RPh

The number one killer in our nation is heart disease. Uncontrolled high blood pressure is often a factor in these deaths. That is why it is so important to keep your blood pressure in check.

Here are some helpful hints for people being treated for high blood pressure. If you have been prescribed dietary changes, try to lose the extra pounds. This can include decreasing the amount of fat-rich foods and salt in your diet. Salt can be a key factor in high blood pressure. Read labels on prepared foods and look for "salt terms" such as sodium, disodium, monosodium, salt pork, brine, baking soda and others. Learn which foods are high in sodium so you can avoid them.

*Reduce your intake of alcoholic beverages. They can destroy a weight-loss diet. Also, excessive use of alcohol is associated with increased blood pressure levels.

*If you have trouble remembering to take your medications, ask your family members to remind you. A note left on the refrigerator or bathroom mirror might also help you remember.

*If you have missed taking your blood pressure medicines, don't try to make up by taking extra pills. Restart promptly using the schedule prescribed by your doctor.

*Mark your calendar each time you refill your prescription to alert you before the next one is due.

*Always ask your doctor or pharmacist before taking any over-the-counter drugs to avoid their interacting with your medicines.

*Have regular check-ups to get a sense of your progress.

If you have any questions about your treatment, don't hesitate to ask them. Understanding and sticking to your therapy can be the key to controlling your blood pressure.

Public hearing scheduled for home health

The Cabinet for Human Resources has scheduled a public hearing on seven proposals concerning home health agencies in 21 counties.

According to its proposal, Muhlentberg Community Hospital Home Health Agency of Greenville would expand home health services to portions of Logan, Todd, McLean, Butler, Christian, Hopkins and Ohio counties. The proposal does not involve a capital expenditure.

A proposal from Upjohn Healthcare Services of Hopkinsville would establish a home health agency to serve Christian, Hopkins and Muhlentberg counties. The agency would be established with a \$27,500 capital expenditure.

According to its proposal, Pro-Care Home Health, Inc. of Hartford would establish a home health agency to serve Ohio, Muhlentberg, McLean and Butler counties with a capital expenditure of \$36,045.

According to its proposal, Upjohn Healthcare Services of Bowling Green would establish a home health agency to serve Allen, Barren, Hart, Monroe, Logan and Warren counties. The agency would be established with a \$27,500 capital expenditure.

A proposal from Hospice of Laurel County, London, would provide hospice services to residents of Laurel County. The proposal does not involve a capital expenditure.

A proposal from Lake Cumberland Home Health Agency Inc., Somerset, would expand its service areas to include Monroe, Mercer, Lincoln, Laurel and Rockcastle counties. The expansion involves a \$13,500 capital expenditure.

According to its proposal, Family Home Health Inc. of Columbia would expand its service area to include Metcalfe County. The proposal does not include a capital expenditure.

The hearing is set to begin at 9:30 a.m. Nov. 6 in the first floor auditorium of the Department of Health Services building, 275 E. Main St., Frankfort. It will be conducted by a hearing officer on

the film. They point out that tobacco is a harmful narcotic, yet it often provides the only means of support for the small farmers in the hills and valleys of the South Central states.

Also prominently featured in the film is the annual Garard County Tobacco Festival, and it is stated that the festival is held because tobacco is the number one cash crop in the county. Events at the Tobacco Festival are highlighted, with the "cornerstone" being the hour-long cutting contest, where men from around the country, many repeat champions, can outcut present machines two-to-one, and preserve the quality of the leaf better than any machine so far invented.

THE GREAT PUMPKIN

A grinning jack-o'-lantern is the universal symbol of Halloween, but did you know that turkeys instead of pumpkins were originally used? Did you also know that the goop inside a pumpkin (which you've always thrown away before carving your jack-o'-lantern) can be used to make delicious foods?

Carving a Jack-O'-Lantern
You'll need: A pumpkin (of course!), a sharp knife, a long-handled spoon, bowl, black magic marker, sharp thin knife, small candle, small pie plate and matches.
Cover the work surface with several layers of newspaper sheets. Use the knife to carefully cut a circular lid in the top of the pumpkin. Be sure to cut the top on a slant with the knife point toward the center. This will prevent the top from falling into the pumpkin later.

After you have cut off the lid, set it aside and scoop the pulp and seeds out with the spoon, and put this mixture into the bowl. Here's

something for the younger children to do! It's a good idea to save the pulp and seeds, because fresh pumpkin is delicious when correctly prepared.

Use the magic marker to outline the jack-o'-lantern's features. You are limited only by your imagination, but don't make the features too intricate.

As each feature is cut out, reach inside the pumpkin and with your finger, push out the cut piece.

Light the candle and pour a small drop of wax onto the pie plate. Next, stick the candle to the plate, and set the plate inside the pumpkin.

When you are ready to display your jack-o'-lantern, light the candle and replace the lid.

PUMPKIN RECIPES

Pumpkin Seeds
Wash and drain the seeds. Pour 1/4 cup vegetable oil on a large cookie sheet. Spread seeds on the sheet, coating them well with oil. Bake in oven at 350 degrees until seeds are lightly brown (8-10 minutes). Remove, drain on paper towel, and sprinkle with salt. Store seeds in an air-tight jar until used.

Pumpkin Pie
3/4 cup brown sugar
1/2 cups fresh pumpkin
1/2 teaspoon salt
3 tablespoons melted margarine
1 teaspoon cinnamon
1/2 teaspoon nutmeg
3 eggs
3/4 cup milk

Separate eggs and lay the whites aside. Combine the yolks and all other ingredients in a large bowl and mix well! Fold in the egg whites and mix well. Spoon mixture into a 9" unbaked pie shell. Bake at 350 degrees for one hour, or until a knife inserted in the center comes out clean.

Pumpkin Squares
2 dozen graham crackers (crushed)
1/2 cup sugar
1/2 cup margarine
5 eggs
1 8-oz. pkg. cream cheese
1/2 tsp. salt
2 tsp. cinnamon
1 envelope plain gelatin
1/4 cup cold water
2 cups fresh pumpkin

Mix graham cracker crumbs, margarine and 1/3 cup sugar together, and pack in a 9" by 13" pan. Combine 2 eggs, 2/3 cup sugar and cream cheese, and beat until light and fluffy. Pour mixture over graham crackers and bake for 20 minutes at 350 degrees. Remove and cool.

Combine yolks, pumpkin, 1/2 cup sugar, salt and cinnamon in the top of a double boiler, and cook over boiling water for 5 minutes, stirring often. Remove from heat. Stir in beaten egg whites over water in a small pan and stir over low heat until dissolved. Add to mixture in double boiler, and let cool. Beat egg whites until stiff. Fold into mixture, and pour over baked layers. Refrigerate and serve with whipped cream.

Wilderness Trail Annual Meeting

There were 18 Rockcastle Homemakers in Harlan to stand up and be counted for representatives from our fair county Sat., Oct. 26.

Coffee and cakes were offered to us as we entered Harlan's Baptist Church Recreation Hall. We partook of this with gusto after our 100-mile trip.

After checking our cultural arts to vie with Clay, Knox, Laurel, Whitley, Laurel, Bell and Jackson County exhibits for blue and red ribbons, we found a seat at the "Celebration of Fall" decorated tables.

We sat here to see the morning's program.

Our area president, Irene Reid, called the meeting to order and asked: Thelma Haley to welcome us by a poem written by a Harlan Homemaker; our own Norietta Thompson presented a devotion on the "Thought for the Day"; Amata Johnson called the roll; Kaye Fourshee, state vice-president, told us we could get Homemaker place mats now. She changed hats to stress importance of recruiting new members... to retain them and renew membership. Dr. Suzanne B. Badenhop gave us advice as she did our county meeting; Dr. Peggy Maszars, Dean of College of Home Economics at UK, identified herself with women-listeners by having them raise their hand if their daily chores were the ones she had when she told numerous duties she performed; and George Armstrong, Area Extension Director, was just glad we were there.

Next came the colorful "Fall Fashion Show" with Harlan County Homemakers as models. We "ooohed" and "aahed" at the sight of the pretty outfits worn.

By that time, we were ready to fall in line to get our lunch after a "blessing" by Maye Trospier.

Anxiously, we viewed the Cultural Arts Exhibits to see what Rockcastle Homemakers had received.

The following received ribbons: Evelyn Ponder, Barbara Owens, Alta Bullock, Loraine Newland, Carolyn Chasteen and Elizabeth F. Mullins.

Ella Mae Martin won a pillow for a door prize.

Those attending this area meeting were Emily Gllovak, Loraine Newland, Ella Mae Martin, Elizabeth F. Mullins, Glenna Brooks, Jean Albright, Roberta Taylor, Edna Adams, Pauline Kincer, Faye McCauley, Patsy

"Haunted house from front"

said that last year the P.T.O. raised just over \$500 from their haunted house.

Mrs. Todd noted that persons were charged only a dollar to go through the haunted house, and concessions were sold for 25 cents each. She said this was made possible through donations from

Hayes Market, Singleton Grocery and Todd's Market.

Mrs. Todd was pleased with the response from citizens all over the county and had plans for haunted house chairman, Brad Proctor, who spent many hours' prep for the event.

The P.T.O.'s next project will be during the first part of December when they will sponsor a chili supper with entertainment being by members of each class at the grade school.

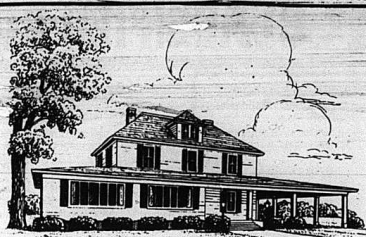

A costume party is scheduled at the school for this Thursday night for all school children. It is free and is being sponsored by the P.T.O.

"Fire from front"

as if it may have been ransacked prior to the fire, but that firemen were not quite sure.

Kentucky State Police arson investigator, Gilbert Accardo, Sr., investigated the fire for signs of arson Thursday, but as of Tuesday he had not filed a report in the case.

Blackburn, who lived alone in the house, is a truck driver and was not home at the time of the fire.

Name McKinney bank president at Mt. Vernon

Danny McKinney, regional office manager and credit supervisor for Cumberland Production Credit Association at Mt. Vernon, has been named president of the Bank of Mt. Vernon.

McKinney, 35, will take over duties at the bank Monday. He replaces C. T. Huffines, who left the bank earlier this year.

The new president has been with PCA for 14 years, the last eight in his present position. He will be associated with 28 bank employees.

In leaving PCA, he said he had been "fortunate to work with some very capable people during my career with PCA. Knowing several of the Bank of Mt. Vernon employees, I am looking forward to an enjoyable and productive working relationship."

The son of Mr. and Mrs. Arthur McKinney, he attended Brodhead High School and graduated from Eastern Kentucky University where he majored in agriculture and minored in business.

In a statement he said: "I am looking forward to beginning my work at the Bank of Mt. Vernon. A bank is a vital business in any community. I hope to constantly be listening for suggestions on how to improve the bank's services, and I sincerely expect to develop additional services. Rockcastle County citizens need and deserve all the modern banking services available today. However, we need to look at the most appropriate needs and wants and how these can be served most economically. A business can exist only so long as it serves its

A happy Mt. Vernon City Council discusses the planned move of Booneway Farms from Berea to the Rockcastle Industrial Park. Left to right are councilmen Jackie Renner and Pete Hurd; Mayor Roland Mullins; Booneway Farms owner, Glen Cromer (standing) and councilman Richard Mullins, Jr. The new company is expected to be in production about next June.

Booneway farms plans move to industrial park

By: Ray McClure

Booneway Farms, a successful manufacturer of jellies and preserves, will move its operations to the Rockcastle Industrial Park.

The move was confirmed by a company official at a meeting of the Mt. Vernon City Council Monday night.

Now located in Berea and owned and operated by Glen Cromer of Renfro Valley, the company plans to construct and equip a 20,000 square foot building in the park at an estimated cost of \$230,000, all privately financed.

The city agreed to take an option on the site that is chosen, with financial arrangements to be made once a price is established.

Mayor Roland Mullins called the news "wonderful" and members of the City Council went on record encouraging the move and thanking Cromer for his decision to locate here.

Cromer told the pleased council and mayor the move "will involve hiring approximately 27 people" at the start of operations, mentioning two managerial, two professionals and 23 unskilled workers as operators.

Cromer said the building will be constructed to allow for additional expansion as needed and at a minimum of cost. He added, a decision on the exact location in the park has not been determined, but he hoped for a location where

the building could be seen along the Ky. 461 bypass when it is completed.

Cromer said his facility in Berea has reached production and storage capacity and a move is necessary. He noted plans are to begin the building in March with production under way in June.

A native of Rockcastle County, Cromer reported he got the idea for processing jellies and preserves while visiting in Pigeon Forge, Tenn.

"I saw these fancy preserves and jellies being sold under personal labels and thought it was an interesting idea," he related.

The idea grew and he opened the plant for production in December 1981 under the name Smokey Mountain Jellies, but later changed the name to Booneway Farms.

Currently, the company produces between 800 and 900 cases of jellies and preserves a day, with 12 jars to a case.

Most of the products are sold to restaurants and gift shops and some private labels for gift shops and dining rooms, including those in Kentucky State Parks.

Almost any flavor of jelly and preserves are available, including wild plum, strawberry, blackberry, boysenberry, grape, cherry, red raspberry, peach, pumpkin butter, to name a few. Being developed is a bourbon jelly and a

Election for county officials Tuesday

By: Ray McClure

Voters in Rockcastle County go to the polls Tuesday to choose the officials who will run the county for the next four years.

At the same time, voters in Mt. Vernon, Brodhead and Livingston will choose mayors and councilmen.

Largest slate of candidates will be at Mt. Vernon where the mayor and six councilmen are up for election or re-election.

Incumbent Mayor Roland Mullins is challenged by Pete Hurd, an incumbent councilman. Mayor Mullins is seeking a fifth term.

Councilmen candidates are

Joe Martin, Jackie R. Renner, Les Harris, Larry Burdette, Tom Welch, Oscar Bullock, Billy Ray Doan and Jerry Pensol. Voters will choose six from the eight candidates. John Hedge, Jr. filed earlier but withdrew.

At Brodhead, all candidates are unopposed, including Mayor candidate Billy B. Bussell and councilmen Ronnie Cash, D.A. Robbins, Johnny Wilcox and Eddie Cash.

At Livingston, incumbent Mayor Bro. Billy Medley is unopposed as are council candidates Todd Mink, Earl Baker and John Phelps. Only three candidates have filed for the four seats at Livingston, leaving a vacancy that can be filled by the new council when it meets in January or by a write-in vote on Tuesday.

In the county, Judge/Executive County Judge/Executive Bob Jasper is opposed by former judge Hubert Thacker. In the jailer's race, Republican Billy Kirby is opposed by Democrat Ove Cromer.

In the sheriff's race, Republican candidate Clarence "Jib" Hasty is unopposed on the ballot. However, incumbent Sheriff William Taylor, who was defeated in the primary, is a write-in candidate for re-election.

In one other race there is an

announced write-in candidate. Challenging primary candidate winner Donald Bullock in the Fifth Magisterial district is "Dewey" "Doc" Stewart.

In the First District magistrate race, Republican candidate Glen Ellison is opposed by Tom Wallin, Democrat.

In the Third District magistrate race, Republican J. R. (Boone) Cromer is opposed by Doug Bishop, Democrat.

In the First District constable race, Republican Charles Holbrook is opposed by Democrat Wayne Bullock.

In the Third District constable race, Republican Randall Stevens is opposed by Democrat Johnny Taylor.

Halloween tonight

A friendly reminder—tonight is Halloween. In Mt. Vernon trick or treat is scheduled for 6 to 8 p.m. Extra police will be on duty if needed, according to Mayor Roland Mullins.

Rain Update

A total of 4.23 inches of much needed rain has fallen to date in Mt. Vernon during October, according to Bud Cox, who keeps records at the funeral home. The most rain, 1.20 inches, fell on Oct. 20.

Beasleys are one of only 2 families to raise sheep

By: Richard Anderkin

When the price support on tobacco was drastically cut, Roy and his wife, Bernice, the Beasleys, and his wife, Bernice, looked for an alternative way to make their farm payment.

They chose sheep farming. That's right, sheep farming in Rockcastle County. The Beasleys are one of only two farm families in Rockcastle that raise sheep. Roy Beasley said Tuesday that he had to come up with a way to replace his tobacco crop, a crop that last year was over 11,000 pounds. The Beasleys are growing only about 4,000 pounds of tobacco this year, because of the cut in prices.

"You can make money in sheep farming, enough money I hope to make our payment," Beasley said.

The full-time farmer and substitute bus driver said he hopes of running about 150 head of sheep on his farm someday. He said he arrived at that figure because that is the total number he can accommodate on his 78-acre farm, according to a University of Kentucky specialist.

Presently, the Beasleys run 55 head. The entire herd was purchased from a Woodford County farmer who went out of business in July of this year.

The herd, which consists of 53 ewes and 2 Hampshire rams, are all different cross breeds of sheep, such as Finn, Columbia, Suffolk and Southdown. Beasley explained the difference in the sheep.

"Each breed has different characteristics," Beasley said.

"Columbias have both good meat and good wool, Finn sheep generally birth four to five lambs at one time. Suffolks are the fastest growing and Southdowns are a small, stocky sheep raised solely for their meat, a classic English mutton breed."

Although the Beasleys' herd is crossbred, they have hopes that several of their 53 sheep have at least two lambs when they start lambing about the middle of December. All 53 ewes have been bred by the two Hampshire rams.

Lambs are worth about 20 cents a pound once they reach a weight of 80 to 120 pounds; and the fact that most sheep can only about four pounds of feed a day makes them much more a profitable animal than cows.

Beasley says that he still owns about 14 head of cattle but he intends to sell them as soon as he can. "I am going strictly into the sheep business. There is more money in them," he said.

If you're wondering where sheep can be sold, look no farther than the state of Kentucky. Beasley says that about once a year an auction is held and sheep are picked up at a centrally located place, such as Danville, Lancaster or Paris.

But if you are thinking of going into the business, you may have to wait a while. According to Beasley, the only way you can get in the sheep business is to find someone who is going out of the business. "We were lucky when we found the man in Woodford

Dear Editor:

A note about Little League football.

To me there were no losers because they all gained the experience of playing and should go on next year and use the knowledge they've gained.

I'd like to take this opportunity to thank some people who helped make this year successful.

Sandra Mullins, who took care of concessions; Larry Carter, who worked the ticket gate on Monday night; Mr. Saylor for letting us use the football field and facilities for playing our games; the coaches who contributed so much time to games, and everyone

else who helped in any way.

We have scheduled our next board meeting for Thursday night, Nov. 8, at 7 p.m. at Western Auto. Let's all try to make it!

Thank you.

Clarice Kirby

Dear Editor:

We would like to take this opportunity to thank all those people who worked very hard to make this year's Roundstone PTO "Haunted House" the best ever!

Over 650 people visited the "Haunted House" and everyone had a "frightfully" good time!

Thanks go to the following: The Mt. Vernon Signal and WRVK Radio for advertisement; to all the "haunts" who gave their best "spookiest" performances ever to Mrs. Renee Burdette and the Roundstone Community 4-H Club (Haunted Forest); to the teachers who helped with tickets and concessions; to the people who helped set up booths, worked as guides, helped with parking and clean-up; to the Rockcastle Sheriff's Deputies who came out each night to make sure there was no trouble. And a very special thank you to Mr. Brad Proctor, Haunted House Chairman, who once again this year did an excellent job of getting everything going.

Again, thanks to all! Have a safe and happy Halloween.

Mrs. Judy Proctor
Secretary Roundstone PTO

More daylight savings - bad choice

This past week, the House made a bad choice, a choice I fought against and voted against—expanding the amount of Daylight Savings Time.

For city dwellers in the Northeast who have 9-5 jobs, perhaps this idea has appeal. Just think: more time for golf, for tennis and for jogging in the evening after work.

But for the people of the Fifth District and for millions of other rural Americans, expanding the amount of Daylight Savings Time will create major problems, including increased risks of highway accidents involving school-age children.

The legislation which the House was considering would move up the start of D.S.T. to the last Sunday in April to the first Sunday in April, and the end of 3 o'clock. The bill would also extend the expiration of D.S.T. to the first Sunday in November from the current last Sunday in October, adding another week.

You may remember that twice in recent years, efforts were made in Congress to expand D.S.T. even further, by adding two months onto our current six months of Daylight Time. This one-month extension was sold to us as a "compromise," but I took the floor of the House to argue that any extension was wrong.

I told the House that this change would mean major disruptions to our farm families, who set their "clocks" by the Sun. They must work when there is light, and by changing Daylight Time, we force them to start and end their day later. For many with second off-farm jobs, this would be a great hardship and would rob them of valuable time to spend

with their families.

But the more serious issue which I spoke to was the safety of our rural school children. This legislation would place those children out along our country roads in early-morning darkness, and would increase their chances of being injured in highway accidents. I quoted from a study done of the year 1974 when Daylight Savings Time was expanded year-round on an experimental basis. This study shows that during that year, there was a "significant increase" in school-age fatalities. I told the House that it was wrong to place our rural children in jeopardy, just as a few city folks could have an extra hour of light for their recreation at night!

Most rural people I know, myself included, wish we could decrease Daylight Savings Time, not increase it. The potential damage to rural areas will more than offset any sort of gains for our urban areas.

While this battle in the House was lost, I am still hopeful we can defeat the crazy idea when the Senate takes up the issue. Hearings will be held this week, and I am hopeful that some of our Midwestern senators with large farm populations will agree with me that this idea should be put on the legislative trash heap.

Let's not tinker with Mother Nature and risk our children's lives!

Road project improvement

A project for road improvements on Ky. 2614, Three Links County Line Road in Rockcastle County, has been announced by Gov. Martha Layne Collins.

"A strong transportation network requires continuous upgrading to meet the needs of the traveling public," said Governor Collins. "Our rural communities depend on a safe and efficient road system."

Governor Collins said the state will accomplish spot ditching, improvements on the shoulder for drainage and do blacktop

patching on 2.8 miles of the Three Links County Line Road. The state will also place stone on 3.4 miles of this road.

State Transportation Secretary C. Leslie Dawson said the project is estimated to cost \$15,500 and is being funded by Rural Secondary funds. Secretary Dawson continued to say that the project will be done by state forces and will be worked into the schedule as soon as time permits.

Governor Collins said proper maintenance of roads is vital to Kentucky's transportation system.

Superior Food Market vs. ramblings.....

By: Richard Anderkin

Oh boy, it's a girl.....

There aren't too many privileges that come with owning your own newspaper, but this week I am taking one to welcome into the world a new little sister.

If my mom knew I was writing this, she would certainly stop me, but since she is in Pattie A. Clay Hospital, there isn't much she can do about it.

On Tuesday, the Anderkin family, Jim and Perlina, and us other six kids, got a new addition to our home—a girl, Allison Perlina, 6 lbs. 4 oz. and 20 inches long.

The fifth of five girls could not have come on a more fitting day, Tuesday, a day which is crazy as the Signal any week, was just a little crazier this week.

Mother and daughter are doing fine, and I would just like to say congratulations. It is not every mother that works every day of her pregnancy, right up to the day she has her child, but my mom did. Not because she wanted to, but because she was greatly needed. But, if your Signal is late this week, or if there are a few mistakes, it is because Mom is going to take a few days off.

Congratulations, Mom and Dad, and please don't get too upset with me. The other six of us—myself, Jamie, Jane, Paige, Sara and Travis—wish you and our new little sister the best.....

Can a man save himself?

Since man is dead in sins and trespasses (Eph. 2:1), some have supposed that he cannot act in his salvation. One religious creed describes him as having "wholly lost all ability of will to any spiritual good accompanying salvation" and being so dead that he cannot, by his own strength—save himself.

The issue isn't can men—by his own strength—save himself. It is understood that he can neither devise his own way (Jer. 10:23) nor merit his salvation (Titus 3:5). However, this is a far cry from saying that he is inactive in his salvation.

Our salvation is the result of God's mercy, love and grace which find their extension to us in the gospel, making it God's power for our salvation (Rom. 1:16). The issue is, does the gospel require man to act in being saved? And if so, does this action earn salvation for him?

The answer to the first question obviously is, "yes," for when persons on Pentecost asked, "What shall we do?" Peter told them to repent and be baptized and exhorted them saying, "save yourselves from this crooked generation" (Acts 2:37-41). The same apostle, when sent to tell the Gentiles words by which they were to be saved remarked, "Of a truth I perceive that God is no respecter of persons: but in every nation he that feareth Him, and worketh righteousness, is accepted with him" (Acts 10:34-35).

The answer to the second question is "no." Man does not earn or merit salvation based on his own works of righteousness (Titus 3:5). It is out of God's mercy and grace that we are saved. Nonetheless, man must do the works of righteousness specified by God to obtain this

salvation through grace. At least six times in the book of Titus Paul placed the emphasis on "good works" (1:16; 2:7, 14; 3:1, 8, 14). Does he contradict himself when he teaches good works in these passages, and then says "not by works" in Titus 3:5? The person who does not see the difference in works of human merit and doing the works that God specified may not "want" to see it. In this same verse Paul said that we are saved by the "washing of regeneration" which has reference to baptism. Regeneration means to be born again of water and of the Spirit (John 3:3, 5).

Man saves himself by obeying the gospel by which he also works righteousness since the Lord's commands are righteous by walking in them (Luke 1:6). Since man did not devise the gospel, his obedience to its commands no more becomes works that merit for him salvation than did Naaman's obedience to dip in Jordan merit his cleansing from leprosy (2 Kings 5). But Naaman COULD and HAD TO dip before he was healed. Today man CAN and MUST obey Christ in order to be saved (Heb. 5:8-9; Rev. 22:14; Matt 7:21). Jesus said, "He that believeth and is baptized shall be saved; but he that believeth not shall be damned" (Mark 16:16). Peter said, "...save yourselves from this crooked generation" (Acts 2:38, 40). We save ourselves by doing the works which God specified. He takes away our sins when we obey him.

ELECT
HUBERT
THACKER
County
Judge/
Executive

Fellow Rockcastle Countians:

We all know that these next four years will be critical to many of us. The continued attack on our tobacco program is a major threat to our family income. Regardless of what decisions are made in Washington and Frankfort, each of us will still have bills to pay and many will have children to educate.

We may not be able to control the actions of the state and federal government, but we can decide what we are going to do to help ourselves.

I, as your County Judge/Executive, will lead the fight to get more industrial and commercial jobs. If we lose all or any of our income from tobacco, we must have somewhere to turn to help us keep our farms and homes.

I can do this and I will do this. As many of you know, I, along with nine other members of the Rockcastle Improvement Council, signed a personal note to purchase the first option of the land that is now our Industrial Park. Further, as your county's Chief Administrator, I appointed the membership of the industrial authority and led the Fiscal Court's support for the development of the location for our current facilities.

I did not do this for personal gain. I gave my support because I knew that it was what our county needed.

We have two good factories and we have the room and facilities for several more. I pledge to you that I will make every effort to provide these jobs for us.

I ask that you help me so that I can help you.

Your friend always,

Scouting in Rockcastle County **Cub Scout Pack 315 met Oct. 22**

On Oct. 30 the Brownie Girl Scout Troop 1079 had their Rededication and Investiture Ceremony. The second year Brownies had a Rededication ceremony. They renewed the Girl Scout Promise and each girl read a part from the "Brownie Story." They are, front row, left to right: Amy Thacker, Gaye Stallworth, Michelle Chasteen and Amy Truett. The first year Brownies had an investiture ceremony. Each girl received the Brownie pin, said the Girl Scout Promise and was invested as a Brownie Girl Scout. Back row, left to right: Christy Parrett, Amber Coffey, Jama Cornelius, Celeste McGuire, Jerusa Stallworth, Gina Sigmon, Lisa Midkiff and Jamie Coffey. Nicole Blair was not present due to illness. We want to thank our principal, William J. Parsons, for allowing us to have our ceremony in the school library. Many of the parents were present and refreshments were served afterwards. Leaders of the Brownie Girl Scout Troop 1079 are Deanna Mullins and Kathy Coffey. Photograph was compliments of Carolyn Truett.

Wilderness Road Girl Scout Council met Oct. 19

The Wilderness Road Girl Scout Council held its 22nd Annual Meeting Saturday, Oct. 19, at the Hyatt-Regency Hotel in downtown Lexington.

Rev. Benjamin Baker, of the Main Street Baptist Church in Lexington, was the guest speaker and his address focused on "Working With Children of the 80's."

Mildred Watson of Lexington and Phyllis Campbell of Harrodsburg were elected as new officers. Also new members of the Board of Directors were elected during the official business session.

Several awards were given out and many volunteers in the Girl Scout program were recognized.

Over 250 delegates and guests attended. Those delegates attending from Rockcastle County were Regina Hodge and Donna Brewer, along with guest Kathy Coffey.

The Wilderness Road Girl Scout Council serves over 19,000 girls and nearly 5,000 adults in 55 counties in central and eastern Kentucky and one county each in Ohio and Tennessee.

Cub Scout Pack 315 of Livingston had its monthly Pack meeting Oct. 22 at Livingston Senior Citizens Building. The meeting was well attended with many of the scouts' parents present. Parent participation and interest is very important, and we who work with the scouts appreciate very much every parent that attends these meetings and takes part in the activities.

There were several awards given at this meeting. Several scouts and leaders received awards for the summertime activities in which they participated. Also scouts and parents received awards for the all-night camp-out at Richmond Bluegrass Ordinance and the 10-mile hike at Perryville.

Receiving their Bobcat badges were James Hammonds and J.R. Hopkins. Receiving Wolf badges were Eric Smith, James Robinson, Chris Collins and Joseph Clark.

Refreshments with a Halloween treat followed. A good time was had by all.

Quilts... they were brought to our club's October meeting to "Show and Tell."

Carol Riddle, Loraine Newland, Sylvia Whitt, Margie Brock, Deborah Newland, Emily Glovak, Patsy Fletcher, Jean Albright, Matilda Brooks, Neva Hayes and Elizabeth F. Mullins told interesting stories about the quilts they showed.

Glenna Brooks presented the lesson on Quilts. First, all of us matched pictures of quilt patterns to their names. Then she told us the quilt making started when people discovered two or three layers of cloth were warmer than one layer. Protective material should be put between quilts and wood when they are stored. She passed out booklets about "Preserving Our Heritage in Quilts."

Twenty members were present Oct. 24 at Patsy Fletcher's home. One new member, Neva Hayes, and one guest, Ree Thompson, were welcomed.

Loraine Newland and Oma Mae Cromer gave the devotion. This started our program with our new president, Jean Albright,

presiding. Deborah Newland collected more dues... gave out membership cards... she passed the CVU sheet of paper for members to place their volunteer hours on.

Our president announced: County Bazaar, Nov. 2; Blood Drive, Nov. 12; Holiday Food, Nov. 14; Area Meeting at Harlan, Oct. 26, and that she had CVU books.

The majority of the members desired a copy of the revised Constitution.

After Sylvia Whitt told us that Rockcastle might lose "Home Health" to Pulaski County, we decided to write the Health Department to keep it in the county if at all possible.

Patsy Fletcher found candles and match boxes for us to sell.

"BOB WATKINS"

...out."
 "Jay Shidler told the Herald-Leader that he had sold his four complimentary tickets to a Lexington attorney at the Hall intimate."
 "Kevin Greivy, someone offered him a car, he ought to be able to take the car or the money. Courts are rules, and they have to be followed, but I personally say, the more the merrier. If a kid can get this or get that, take it."
 "Scott Courts, who said he kept his 'payment' monies in a bottle in his dormitory room, implicated UK assistant coach Leonard Hamilton, who told Courts: "Hey buddy, if you ever have any money problems or anything, well, Don Webb might be able to take care of you."
 Courts said he received about \$2,250 before leaving UK during his sophomore year.
 "Tom Heitz: "I don't think we (had) anybody getting a salary every week or anything like that, not to my knowledge at least. But everybody would be getting one in a while, and what are you going to say, "Oh, I'm not going to take that."
 "Chuck Aleksinas suggested that Rick Robey hustled players' (4) complimentary tickets. "I remember him trying to get tickets off us. I remember him as the business type, trying to make a dollar here, dollar there."
 Courts recalled that selling the tickets "was as common as brushing your teeth." Robey sold his (Court's) tickets and delivered \$2,250 for them.
 The player revelations go on. Most said they believed Coach Hall did not know what was going on, but Macy suggested that the coach had "turned his head" to their wrongdoings.
 In a signed statement to the Herald-Leader Hall denied knowing anything.

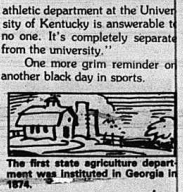

"Sugar daddies"
 Familiar in NCAA violations instances that have cropped up in recent years "at UCLA, SMU, Southern California and other big schools, are well to do boosters, commonly called sugar daddies or 'sponsors."
 Likewise at UK where well-to-do Big Blue basketball boosters emerge as the primary villains. They are willing objects for young celebrity athletes to curry favors and money from.
 What follows is a typical stance taken by such people.
 A Lexington developer, Dick Sutherland, told the Herald-Leader that his relationships with players "had nothing to do with the university. UK didn't aim them (players) at me or aim me at them."
 What next?
 Kentucky will almost certainly undergo a thorough NCAA investigation and probation seems likely for one important reason, despite the fact that players who talked are gone the scene as is Joe B. Hall.
 The reason: If NCAA investigators gather enough evidence then decision makers may well intend to make Kentucky an example.
 Recruiting? It is probably in a shambles since those high school seniors considering UK will at the least wait and see before signing with Coach Eddie Sutton.
 From a broader perspective, if the University of Kentucky is to get on the road to at least getting past an embarrassment and at most re-establishing its credibility and demonstrate that it is committed to the front line in cleaning up college athletics as President Dr. Otis Singletary has preached to his brethren on NCAA and CFA policy making committees, then the serious misdoings uncovered here merit serious action.
 And the notion that "ah well, everybody, everywhere is doing

these same things," should not matter one whit.
 What does matter is that it is wrong. And student/athletes are being taught that it is all right so long as a whistle does not blow.
 I believe a house cleaning is necessary. Assistant coach Leonard Hamilton should be fired outright, and Cliff Hagan, dismissed as director of athletics. And, Dr. Singletary ought to consider stepping down as well.
 Because ignorance of what

has gone on around UK basketball for more than a decade is no excuse.
 That ignorance, not knowing, has brought one more black day to college sports only closer to home.
 Pieces fit now
 Last spring a little scene was reported from UK's basketball banquet. EK-coach Joe B. Hall is said to have leaned over to Eddie Sutton and whispered that of all the candidates mentioned to re-

place him as UK coach, Hall was glad that Eddie Sutton had gotten the job.
 One wonders how the two men feel about it today.
 "A few weeks later Sutton had dinner with New Jersey Nets vice-president Lewis Schaffel, after which the Nets were told reporters that Sutton had expressed interest in the Nets coaching position recently turned down by Villanova's Rollie Massimino.
 Maybe, just maybe, when Sutton got inside UK and saw what was going on, or learned that an investigation was underway by the Lexington newspaper, he wanted to back out again.
 "Finally, I am reminded once again of an incident I was part of on Mar. 4, 1981, in a hotel in Birmingham, Ala. I was sitting across the dinner table from a former University of Kentucky employee who looked me straight in the eye and said, "Well, the

athletic department at the University of Kentucky is answerable to no one. It's completely separate from the university."
 One more grim reminder on another black day in sports.

The first state agriculture department was instituted in Georgia in 1874.

Information Needed to Locate And Inventory Cemeteries

For the past 2 1/2 years a group of us have been trying to locate and inventory as many cemeteries in Rockcastle County as possible. Now we believe that we have

recorded most of the cemeteries. However, we do need help with a few graveyards that are off the beaten paths.

If anyone knows how to get to the two Mullins Cemeteries in the Jep Hill-White Oak area and/or the Travillion Cemetery south of Livingston, help we can't locate these cemeteries without a guide to go with the field team.

Please telephone Shirley Cummins at 256-4902 or Debbie Brown at 256-5768 if you will go to these cemeteries. Telephone in

the evening after 6 p.m. since both of these women work.

We want to be sure that all the cemeteries are recorded and put in a book at the Rockcastle County Public Library, and we don't want to miss the relatives of any of us all. Please help.

Sincerely,

Jeanne Snodgrass Bonham

Around the State

Kentucky Farmers Stay Busy Despite Rainy Weather

Last week's heavy rains, ranging from half an inch to 2.5 inches across the state, kept farmers from doing much field work, but there was plenty of indoor work to keep them busy, said state Agriculture Commissioner David E. Boswell.

Burley tobacco stripping advanced to 22 percent complete, compared with 10 percent at this time last year and 14 percent for the five-year average.

"Many farmers were not able to strip their burley last week, however, because the hanging tobacco had absorbed so much moisture from the wet weather

conditions and could not be handled," Boswell said.

Reporters for the Kentucky Crop and Livestock Reporting Service rate this year's burley as good in quality and weight. Several report that off-color tobacco, poor curing, light weight and houseburn are occurring in some areas.

With feeder cattle sales swinging into high gear for the fall, many farmers were busy working with their livestock last week to prepare them for the sales.

Soil moisture conditions across the Commonwealth are rated 6 percent short, 62 percent adequate and 32 percent surplus. The western one-third of Kentucky has adequately to surplus soil moisture, while the rest of the state has generally adequate conditions.

Corn for grain harvest advanced to 71 percent complete by Oct. 27. This is substantially more than last year's 49 percent but only slightly more than the average of 70 percent.

Wet weather and high moisture content of the mature corn are slowing harvest. Reporters for the Reprinting Service say about one-half of the 1985 corn-for-grain crop will be stored on farms for use or later sale.

Soybean harvest is 29 percent complete in spite of poor harvesting conditions. Last year at this time, only 17 percent of the soybean crop had been harvested. Forty percent is the five-year

average. Soybeans in the shedding leaves and beyond stage total 94 percent, the same as the five-year average, but up from 86 percent at this time last year.

What seeding is now 52 percent complete. This compares with 27 percent last year and 53 percent for the five-year average. Fall seeded wheat is emerging in good condition.

Grain sorghum harvest is now approximately 70 percent complete. Recent rains have improved pasture conditions, providing good grazing for cattle. "This is a welcome change from recent years when many farmers were already feeding their winter hay stocks by this time of year," Commissioner Boswell said.

Special Rate Packages Offered at State Parks

Relax the mind and save money at either Pennyrite Forest State Resort Park in Dawson Springs or Buckhorn Lake State Resort Park in Buckhorn. Open until Dec. 23 and reopening March 1, 1986, both parks offer special rate packages that make a mini-vacation or weekend getaway affordable.

Pennyrite offers three special rate packages valid Nov. 1 through Dec. 22 and March 1 through May 15, 1986.

Donations Needed for Foster Children's Christmas

The Christmas season is drawing near and once again we need the community's help in providing a good Christmas for the foster children placed in Rockcastle County. Currently there are 24 children placed in foster care in Rockcastle County and there may be more by Christmas.

Individuals, agencies and businesses in Rockcastle County will be contacted and any donations will be appreciated and used to purchase Christmas presents for the foster children.

Anyone wanting to donate to the foster children's Christmas fund can send their donation to Gordon Pope, Department for Social Services, P.O. Box 704, Mt. Vernon, Ky. 40456.

Meeting for Families Interested in Adoption

An information meeting for people interested in adopting children with special needs is scheduled for Thursday, Nov. 7, at 7 p.m. in the State Office Building at London.

The Special Needs Adoption Program of the Department for Social Services currently has available over 200 special needs children who are waiting for adoptive families. Special needs children are identified as being black children over three years of age, white youth over ten years old, sibling groups of three or more school-age children, severely emotionally disturbed children, severely handicapped children, or a mentally retarded child who requires an Educable or Trainable Mentally Handicapped classroom in school, or who is severely or profoundly retarded.

To date, the Special Needs Adoption Program of the Department for Social Services has been responsible for the placement of 570 of these children with adoptive families. There are still over 200 special needs children waiting for adoptive families.

The meeting on Nov. 7 will explain in more detail the types of children who are currently available for adoption through this program, and will outline the policies and procedures of the Department for Social Services Adoption Program.

For more information regarding this meeting, contact the local Department for Social Services offices at 256-2138.

Non-Partisan General Election November 5, 1985

Pd. for by candidate

Freshman Rodney Kirby rambles around right end for the rockets first score of the night against Knox Central Tuesday night. The rockets went on to win their fourth game of the season 28 to 13.

Rockets beat Knox Central 24 - 13 Tuesday

The Rockcastle County Rockets won their fourth game of the season Tuesday night at home when they downed the visiting Knox Central Panthers 24 - 13. The game was to have been played last Friday night but a scheduling mistake by Knox Central caused the delay until Tuesday. First year head Coach Tom Larkey ended the season with a respectable 4 and 5 record and has high hopes for next year.

The ten seniors on the ball club and their parents were honored during the pre-game ceremonies. The seniors are Lonnie Thomas, Charles Bullens, Mark McClure, Mike Kelly, Troy Taylor, Devin Ford, Bill David Gregory, Jeff Bullock, Junior McKinney and Jim Cash.

The Rockets scored twice in the first half Tuesday night to take a 14 to 13 lead into the dressing room at halftime. Rockets freshman Rodney Kirby scored the first TD and sophomore quarterback Chris Larkey rambled in from 12 yards out for the second. Senior Mike Hamilton added extra points. Senior Jeff Bullock scored the third Rockcastle touchdown of the night and Kirby picked up another score in the fourth quarter when he took the ball in from the 16. Bill David Gregory caught a pass in the end zone for the final two points of the night.

Bob Watkins Sports In Kentucky

Is UK basketball latest on College sports Rotten List?

Disheartening... The odor of corruption and rottenness in college sports has drifted from the campuses at Tulane University and Southern Methodist today.

It is the University of Kentucky's turn.

If the reportings in Sunday's Lexington Herald-Leader about University of Kentucky basketball are true, even partly so, then Kentucky basketball, as fans in this state have known (imagined?) it for decades, then the industry is badly damaged today.

Herald-Leader writers Jeffrey Marx and Michael York have chronicled a sad account of greed gone wild and accountability gone amuck at UK.

The reporters refused to be put off by familiar stonewalling tactics most of us know so well at UK. Instead they went straight to the sources most affected by the apparent rotten edges around UK basketball during the Joe B. Hall

years (1972-85). At least one hopes it is only the edges, even if we suspect it might be nearer the heart.

Former UK players sang an astonishing chorus for the reporters.

Among them was Kyle Macy, who said he would not want to do anything to hurt the UK program that has been so good to him, but "On the other hand, you're going to be honest about stuff, and maybe that will help get things cleaned up."

Among those who admitted knowingly breaking NCAA rules while at Kentucky—and more than 30 were interviewed—were Chuck Verderber, Fred Cowan, Jay Shidler, Scott Courts, Rick Robey and Kevin Grevey.

Suffice to say the celebrity list goes on. Your heroes. And the golly gee whiz young men who fellows in my profession have gushed reams of pretty words over for the past 13 years.

*Kyle Macy told of receiving \$150 each for eight to a dozen speeches he made. "The title put

on it was expenses, but really it was just a payment.

It reminded me of seven years ago when Macy agreed to come to Elizabethtown to appear at a benefit for youngsters at T.K. Stone Auditorium. When Macy failed to appear I asked for an explanation. A tommycot said that Joe Hall had called "an" unexpected Sunday practice. Later, it was explained that the reason for Macy's no-show might have been because money was not discussed.

*Chuck Verderber: "As I progressed the four years...it became a game of who (among the players) could get what...It became real greedy. I felt. It got to be ridiculous. I was glad to get

Your Child's Health

by
Dr. John Payne

Respiratory infections and cigarette smoke

Editors note: Dr. John Payne, a pediatrician practicing in Berea for the past eight years has offered to write a column on "Your Child's Health." He welcomes suggestions for topics to include. You may write to him in care of Berea Hospital, Berea, Ky. 40403 or call his office at 988-3188. Dr. Payne is a graduate of Berea College, The University of Kentucky College of Medicine, The University of Maryland, and The Johns Hopkins University School of Hygiene and Public Health.

If anyone could really prevent colds, he would be come famous and rich. Mothers try to keep hats over their children's ears, and get out of pollen and feed them vitamin C. None of these measures have been shown to prevent colds.

Drug companies advertise new cough and cold preparations almost weekly and drug salespersons bug doctors to try their newest, better-flavored cough potions. All of this tells us that colds and coughs are of major interest and financial concern. In reality, no one

Mutual Care Home opened Oct. 25

The Mutual Care Home was officially opened by the Christian Appalachian Project (C.A.P.) Oct. 25 with an Open House. The home was visited by employees of the Department of Social Services, C.A.P. employees and local educators.

The Mutual Care Home is a private non-profit residential home for unwed adolescent mothers and their infants. Mutual Care Home encourages unwed mothers to develop skills necessary for promoting a secure future for themselves and their infants. These skills include parenting, home-making, nutrition, family planning and continued education. Our program and facility fosters a feeling of security while mothers fully develop their parenting skills.

The Mutual Care Home staff includes a registered nurse, case-worker, counselor, program secretary and three staff aids, who will work with the mothers in goal setting and goal realization.

chial tubes and allows the viruses to get in, or what, is not known for sure.

What is known is that if one parent smokes, the child will have, on the average, twice as many respiratory infections as when no one smokes in the home. If two parents smoke, the child will have three times as many colds and other illnesses of the respiratory tract. Finally, if the child has a tendency to allergies and both parents smoke, the child will have up to six times as many infections.

Avoidance of smoking in the household is therefore a way to prevent colds. Such information is good ammunition for those looking for an excuse to join the Great American Smokeout coming up in the next few weeks.

Over its long run, dollar-cost averaging tends to keep the average price of shares purchased lower.

A message to the people of Rockcastle County:

We as concerned voters must have a general idea as to what kind of person is to serve as our county's top law-enforcement official

(a.) that he actively pursued tips and information, that might lead to the destruction of illegal drugs and alcohol, and other illegal activities.

(b.) that he was present at violent crime scenes that could possibly have an effect on any person in this county.

(c.) that he patrol and direct his deputies to patrol this county.

(d.) that he was competent and honest in handling our tax money.

This summary of expectations translated simply means that we need a man that will WORK!

William Taylor is that man. He is willing and has demonstrated his desire to work for the people of this county.

William Taylor has confiscated and destroyed over 4 (four) million dollars in marijuana this year alone. (This is more than any local, state, or federal law enforcement official in the history of county.)

William Taylor has investigated or been at the scene of the almost every murder or death investigation that has occurred in the past 3 1/2 years.

William Taylor and his deputies have and are now patrolling our county to see thatwte citizens of Rockcastle County can go about our normal everyday lives.

William Taylor needs our support so he can continue to seize and destroy illicit drugs that might otherwise surface in our family lives, our street, and even in our schools.

William Taylor needs the opportunity to build a better and more efficient Sheriff's Department that we will be proud of in the next four years.

But WE NEED YOUR SUPPORT! We need to Write-In WILLIAM TAYLOR as Sheriff of Rockcastle County.

It is our responsibility to protect our property, our families, and friends, by writing in WILLIAM TAYLOR's name for Sheriff, Tuesday, November 5, 1985, we can do that.

Thank you,

Concerned Citizens to Write-In
William Taylor as Sheriff

Arson suspected in late night fire at Marethburg

Arson is suspected in an early Thursday morning fire at the home of Tom Blackburn on U.S. 150 between Brodhead and Mt. Vernon.

According to members of the Mt. Vernon Fire Department, Kentucky State Trooper Gary Lane was traveling home last Wednesday night about 2:30 a.m. when he passed the Blackburn residence and smelled smoke.

Lane came back to the scene, found that the house was on fire and notified the authorities, according to Bud Cox, a member of the Mt. Vernon Fire Department.

Cox said when fire units from Mt. Vernon and Brodhead arrived, they were able to contain the blaze in the single story structure but the house received considerable water and smoke damage. Cox said the inside of the house looked

Mrs. Elvira Fugett celebrated her birthday Sunday, having calls from both of her sisters, which she enjoyed very much. Also her grandson, Johnny Allen, and wife, Paula, and daughter, Heather Brooke, visited her Sunday night with gifts for her birthday. We all say Happy Birthday to Elvira and we are thankful she is able to be up and improved in health after

suffering from heart trouble for some time. We pray you continue to improve.

Those visiting the James and Myrtle Woodall family last week were Mrs. Rose Wilson and daughter, Connie Moore and son, Ricky, of Turkeystown, Mrs. Pearl Elam and daughter, Donna, and her son, Brandon, all of Turkeystown. Mrs. Hilda Woodall, Mr. and Mrs. Roy Hubbard and James Brown, all of Brodhead.

Billy Allen Bussell and wife, Juanita, returned home after an enjoyable trip out west, but they were very tired. Mrs. Eva Woodall celebrated her birthday Saturday. Her mother, Mrs. Esther Hubbard, and husband, Roy, had dinner with her to help celebrate. She had two beautiful birthday cakes, several presents and cards from several different states. Happy Birthday to Eva and many more.

Mr. and Mrs. Paul Croley and son, Blaine Edward, of Dayton, Ohio spent the weekend with Mary McWhorter and Pat Pruitt, and returned home Sunday afternoon, stopping by the Bob and Velma Pingleton home in West Chester. Ohio visiting with them and Mrs. Cuba Croley, who is visiting there and improving some. We hope she keeps improving.

Mrs. Ruth Bussell and her aunt, Mrs. Pansy Robinson of Mt. Vernon, were in West Chester, Ohio for the funeral of Henry Parrett, their uncle and brother. They also spent Wednesday night with Ruth's mother, Mrs. Winnie Bryant, in Mason, Ohio where all the relatives gathered after the funeral.

Mr. and Mrs. Dwain Flancher of Alabama had lunch with Mrs. Flancher's aunt, Mrs. Ruth Bussell, Monday enroute to their

home after a visit in Mason, Ohio for her grandmother, Mrs. Winnie Bryant's, birthday. I say belated Happy Birthday to Mrs. Bryant. I had the privilege of meeting her at Dari Delight. She is a very dear person.

Mrs. Blondell Riddle and daughter, Mrs. Marsha Eddison, were at Humana Hospital in Somerset last week visiting their daughter-in-law and sister-in-law, Mrs. Ryan Riddle, formerly Connie McClure, and new baby daughter, Jessica. She was welcomed home by a two-year-old sister, Rachelle. The proud father is Ryan Riddle.

Mr. and Mrs. Marion Hamm of Mason, Ohio surprised the Roy Hubbards with a brief visit on Friday. They are from the church Mrs. Hubbard attended while living in West Chester, Ohio. They were enroute to their home after a vacation in the Smoky Mountains and in Knoxville, Tenn. They had a pleasant visit and a lot to talk about in a short while.

Don Hensley and wife, Janice, and son, Donnie, and daughter, Melissa, of Harlan were Friday night guests of Mrs. Viola Hensley. Also her sister, Virginia Horn, and husband, W. H. Horn, and her brother, Ernest Earl Newton, and a nephew, Chester Terry, all of Richmond, Ind., her son and family, Mr. and Mrs. Ronnie Tye, Bill, Teresa and Diana of Winchester, and Mrs. Diane Moore were Monday visitors.

Mr. and Mrs. Walter Doan visited their aunt, Dora Taylor, at the Laurel Heights Nursing Home in London last week. Mrs. Mae Doan and Mrs. Viola Hensley were in Somerset shopping last week.

Larry and Diane Thompson and daughter, Allison, Mary Elizabeth and Lori Jean Harris were in Georgetown and Lexington shopping.

Bro. Edd Walker and wife of Jamestown and Mr. and Mrs. Hubert Lee of Dayton, Ohio were Saturday supper guests of Mr. and

parents, Mr. and Mrs. Junior Anglin, and Terry's parents, Mr. and Mrs. E. W. Anglin.

Sunday visitors of Mr. and Mrs. Dee Bussell were Ricky Childress and Mary Ann, Rick Bussell and daughters, Kristi and Ashley of Waynesburg.

Mr. and Mrs. Charles Stewart of Louisville are spending the week with her sister, Mrs. Eleanor Gray.

Mr. and Mrs. Bill Fultz of Richmond were Sunday evening visitors of her aunt, Mrs. Eleanor Gray.

Mrs. Bertha Adams and daughters, Mrs. Juanita Browning and Mrs. Carolyn McKinney, were in Danville shopping Wednesday day last week.

Sunday dinner guests of Bertha Adams were Mrs. Lula

Bussell and Mrs. Carolyn McKinney.

Weekend guests of Mrs. Bernice Witt were Mrs. Denisa were Miss Diane Brown and friend, Dan, of Lockland, Ohio. While here, Diane took her children, Mark and Ramella Brown, to Danville shopping. Other visitors were two of Bernice's sisters, S. J. Thompson and Evelyn Powers of Georgia, Benley Thompson and B. J. of Lockland, Ohio.

John and Myrtle Helton visited Carrie Osborne at Crab Orchard recently.

Miss Mary Osborne of Crab Orchard is a patient in the Fort Logan Hospital Extended Care Unit.

Dear friends and fellow citizens of Rockcastle County:

As the General Election draws near, I want to take this opportunity to again express my deep appreciation to you for nominating me to be your next County Attorney. I am genuinely touched by your confidence in me and your kindness toward me. I thank you for permitting me to again serve you.

My door will always be open to you, and I will strive to serve you well; remembering always, that the office belongs to you - the people - and that you have simply chosen me to operate it for you and on your behalf.

As ever you friend,

Jim Lambert

Pd. for by candidate

Vote for and Re-Elect

BOB JASPER

Rockcastle County Judge/Executive

"The People's Friend"

To All Citizens of Rockcastle County:

As the election draws near, I would like to take this opportunity to explain a few points about my term as County Judge Executive.

When I took office in 1982, myself and the rest of the Fiscal Court, inherited a \$38,000 debt from the previous administration. We paid that debt off and have continued to pay our debts. Not only did we pay that debt we have also spent almost a million dollars upgrading our county.

We have purchased two new fire trucks for county fire protection, bought a new county dump truck, purchased a county garage, and installed a new chain link fence around it. We also helped get a grant for a new rail spur at the local industrial park, worked with the local health board in building the new county Health Department, built a ramp for the handicapped to the first floor of the courthouse, and are in the process of renovating the first floor restrooms in the courthouse, and building a ramp to the second floor, so that facilities will be accessible to the handicapped.

During our administration, we have also established a senior citizens center in Livingston, did exterior work on the library building, while repairing the roof on the courthouse. We were also successful in negotiating with the Rockcastle County Hospital to take over the ambulance service. We have upgraded our county jail to meet state specifications, and we have chipped and sealed forty miles of road in the county, with equal distribution to all five districts.

If we are to continue to upgrade the county, I will need your vote and support next Tuesday.

It has been impossible for me to see each of you before the election and if you have any questions concerning any matter please feel free to stop by my office at the courthouse. I ask that you consider what is best for our county and pull lever B-4 next Tuesday. A vote for me is vote for all of Rockcastle County.

Experienced

With 46 years business experience and 26 years of government experience, I believe that I have managed the county government in an efficient and effective manner so that taxpayers of Rockcastle County receive the best services and the most benefits possible for their tax dollars.

Progressive

The future is bright for Rockcastle County, but if we are to continue to prosper, we must have progressive leadership. I believe that my business and government experience has allowed me to work toward the goals of more industry and jobs, better roads to drive on, better education for our children, better law enforcement, better ambulance service, better services for senior citizens, better fire protection, better health and sanitation services and more economic growth in our county.

Caring

If a County Judge Executive is to truly serve the people, he must genuinely and sincerely CARE about the people. How good the County Judge Executive performs his duties depends much on his motivation or reason for wanting the job to begin with. I decided to seek the office of Rockcastle County Judge Executive because I am concerned about what the future holds for our county. I want to continue to work to make Rockcastle County a better place to live, work and raise our families.

Friendly

If a County Judge Executive is to work for the people, he must know the people and the people must know him. He must be their friend so that they can talk with him about their problems and needs. More importantly though, a County Judge Executive must LISTEN to what the people are saying. The County Judge Executive is elected to serve the people, not for the people to serve him. Since 1939, I have dealt with people from every corner of Rockcastle County. I believe that I have developed an understanding of the people which will enable me to best serve their continued needs.

Able

A County Judge Executive cannot successfully work for the people unless he is ABLE to get things done for the county. Aid and grants to counties is getting tighter and tighter. The people need to keep a County Judge Executive who has accessibility to state government to make sure that our county gets its share of government funding. If re-elected, I will fight to see that the taxpayers of Rockcastle County get the most benefits for the tax money they pay to the county, state and federal government.

Trustworthy

For 46 years, I have dealt with the people of our county. During this time, I have always tried to live and do business in accordance with Bible principles and I have strived to be a good citizen. Today, I believe that I have earned the people's trust, which is extremely important if a County Judge Executive is to work effectively.

Fair

If the people of Rockcastle County are to receive fair and honest service, the County Judge Executive must be able to make fair and unbiased decisions. If you, the voters of both parties, are kind enough to give me your help and support, I assure you that I will make every effort to see that the people in each district are treated honestly and fairly.

Sincerely yours,
Bob Jasper

New England Tour

Newman, the sexton, to hang two lanterns in the steeple of the North Church for patriots to see as a signal that the British expeditionary force was moving up the Charles River.

Throughout the metropolis of Boston, we saw landmarks of the American Revolution mirrored in the tall, shiny modern buildings. We had lunch at Quincy Market on a table covered by umbrellas. Afterwards, we spent two hours shopping for souvenirs, etc.

This visit to Boston was climaxed by a banquet as compliments from the Bluegrass Automobile Club. They furnished our buses for this AAA tour of New England states.

Maine was our next stop. We paused for lunch and shopping in the picturesque seaport of Boothbay Harbor. This harbor has transformed from a shipping center to a resort area because of its beauty of Old England.

We spent two nights and days on Frenchman's Bay in Bay Harbor, Me. The beauties of sea, mountains and lakes, and forest made this area world famous. This is where my roommate and I ate

lobster at Mary Jane's Restaurant. The red lobsterers were so beautiful. I snapped pictures of them!

We traveled from the rocky coast through the Presidential Mountain Range next. It was filled with sights such as Mt. Washington, the covered bridge in Jackson, and, of course, all the beautiful fall colors.

After spending a night in Gorham, N.H., we traveled en route to see the "Old Man of the Mountain" and ride the Cannon Mountain Aerial Tramway where the view is spectacular. But when we arrived, rain and fog had caused the tramway to be closed. Our layers of clothing we had on to keep out the cold winds, were not needed after all.

Our super driver, Rex Gardner, saved our disappointment by taking us to a nearby gift shop and refreshment shop before having lunch at Edenacraft Manor, a restored New England-type home.

When we were seated on our bus, at my request, an acquaintance read "The Spirit of Mt. Washington" by Margaret I. Simpson. Then she added a devotion from a book she had to let us know it was the Lord's Day, Sunday. Alta Bullock ended this tribute by prayer.

On our way to Vermont, we saw white birch trees surrounded

by trees bearing orange to bright red leaves, as well as hot pinks and salmon colors. With evergreen trees here and there, amongst them, it looked like a huge bouquet!

The majority of our group bought Vermont's famous maple syrup and candies when we came to the factory.

We stayed in Pittsfield, Mass. before we headed to New York City. We saw some unusual characters on the street where we waited in the heart of the city for our buses after lunch in New York City.

The "Big Apple Tour" gave us a sight of most of the famous parts of this big city. The tour ended at our Statue of Liberty. The U.N.'s flags were flying that day, so there was a session in progress. We traveled through New Jersey and Pennsylvania to get to Martinsburg, W.Va. to sleep at Leisure Inn.

On our final day, after partaking of a beautiful buffet breakfast, we rolled toward home. When our newly-made homemaker friends departed at Middleboro, Pineville and Harlan from the two buses, we bid them adieu with shouts of "Hope to see you on another tour."

My fifth grade pupils and I had taken imaginary trips to all the

groups of U.S.A.'s states. Now I had seen our favorite group in reality!

ELECT Doug Bishop

Magistrate Third District

Precincts West Brodhead, Brown and Bullock

Dear Friends:

Since this is the last issue of our newspaper before election day I want to take this means of encouraging you to vote in our upcoming election. As you know I am a candidate for magistrate and it will be my great pleasure to help make our county an even better place to live. I believe you WANT this and I WANT to help.

Many of you know me as I have met you while operating a store in Brodhead, or carrying the mail, or in some of our other activities. Your friendship and words of encouragement are an experience that I'll remember the rest of my life. As I have talked with you, I have found that you want a magistrate that has a record of being HONEST, HARDWORKING, GOD FEARING AND LAW ABIDING.

I have devoted my life trying to measure up to these standards. I've always believed that if we try, we can succeed to a great degree.

Vote for me along with your other good candidates and I'll try my best to please you.

My family and I THANK you and LOVE you for your effort.
