McCreary counts wanted to make some changes in their county and did it at Tuesday's election.

No only did the Republican county vote for Wilkinson 1629-1288, it voted overwhelmingly to reduce its five fiscal court magistrates from 5 to 3 by a lopsided 1534 to 135.

INDICTMENTS

[Cont. From Front]

brose is due back in circuit court on Nov. 13.

Lewis Cromer of Rt. 1, Mt. Vernon, was also indicted for theft by unlawful taking for a Sept. 11 incident in which he allegedly stole a 357 magnum

pistol that belonged to Danny McKinnin of Rt. 1, Mt. Vernon. After filling bond Cromer is due in court on Nov. 13.

James Earl Gray, 33, of Mt. Vernon, was indicted for cultivating marijuana near his home. According to the indictment Gray was allegedly growing 214 plants in three different plots when he was arrested Sept. 24. He has filled bond and will return to court Nov. 13.

Darrell Mason, 31, of Rt. 2, Mt. Vernon was indicted for theft by unlawful taking over \$100 in a Sept. 27 incident in which he allegedly stole a vehicle, rings, purse and cash from Lonnie and Teresa Vanzant of Orlando.

Mason was released on bond under the condition that he stay away from The Vanzants and their residence. He is due back in circuit court on Nov. 13 for arraignment.

Joseph Mitchell of London was indicted for writing a bad check to Save-a-Lot in Mt. Vernon for \$119.76.

Billie Wolfe, of Wildie was indicted for driving on a suspended license. It was his third offense. Floyd Lovell, 49, was indicted for receiving stolen property over \$100 on Sept. 1. All three are due in court on Nov. 13.

"ELECTION"

[Cont. From Front]

didate from the Fifth District. "But it's hard to believe that we (Republicans) just squeaked through here," he added. "So one-sided was the Wilkinson victory it could affect the GOP as far down as the precincts.

Former County Judge Bob Jasper, Wilkinson co-chairman in Rockcastle, said, "It was close. Harper just did win. Eighty votes are not many."

Wilkinson's majority statewide surpassed the majority garnered by former Gov. Julian Carroll, something Wilkinson had said, if it happened, would be a mandate from the people of Kentucky.

In his acceptance speech when it became clear that he would win, Wilkinson declared there would be a lottery in Kentucky. "The people of Kentucky want it," he said.

"Tonight, the fact that I, the son of a rural peddler, have been elected to the highest office in the circuit court," he reaffirms that the fact that the flame of opportunity and achievement glows brightly all across Kentucky," the governor-elect said.

Harper's concession speech was short and showed no regrets. "I have long believed that the people of Kentucky deserved a better choice between candidates and I have strived to provide that choice. Perhaps next time we'll have someone more charismatic."

Democrats also dominated other state offices. They are: Ronald L. Sanders, secretary of state; Christopher Combs, attorney general; Beverly Griffin, auditor of public accounts; Carol Reed, state treasurer; Sue Daniel,

superintendent of public instruction; John Underwood Jr., commission of agriculture; G.L. Dusty Rhodes, railroad commissioner.

NOVEMBER IS DIABETES MONTH

Diabetes affects the way our bodies convert food into energy. Our cells need glucose to function. Insulin helps to change glucose to energy for our bodies to use or store for later use. In diabetes the body does not produce enough insulin or the insulin produced is not used effectively. If glucose is unable to enter the cells, it will build up in the bloodstream until some of the excess is passed out of the body in the bloodstream until some of the excess is passed out of the body through the urine. High blood sugars can damage all organs of our body.

Diabetes is a serious health problem in Kentucky. It is prevalent in 6.8 percent of the population. Therefore, the prevalence of Diabetes Mellitus in Kentucky is almost three times greater than the United States as a whole. It is the fourth leading cause of death in the state. Diabetes is responsible for an annual health cost of \$90 - \$135 million in Kentucky. It is an incurable disease and much more difficult for most people to manage every day than non-

diabetic people think.

Some of the warning signs of diabetes are frequent urination, excessive thirst, sudden weight loss, irritability, blurring or change in vision, tingling or numbness in legs, feet, or fingers, slow healing of cuts, frequent skin infection, or drowsiness.

People who are most likely to get diabetes are the ones overweight, history of diabetes in the family, 40 years old or older, blacks, and hispanics.

We are asking everyone to please help us fight diabetes in Kentucky. The American Diabetes Association has abundance of educational material. Connie Richmond, diabetic coordinator, with the Cumberland Valley District Health Department will be speaking to the Roundstone PTA, Monday, November 16th at seven o'clock, p.m. The Rockcastle County Health Center is promoting diabetic counseling Friday, November 20th at 1:30 p.m. at [Cont. to 18]

Commodities to be distributed

The U.S. Dept. of Agriculture Surplus Commodities, including process cheese, flour, honey and milk, will be distributed to eligible area residents on Nov. 10, 1987.

Amounts allocated vary according to household size. Food and amounts may be adjusted depending upon availability.

The foods will be distributed at Livingston Pentecostal Church, Brodhead Fairgrounds and Catholic Church Hall only in Mt. Vernon.

Any household whose total gross income for the previous month is below the level shown on the CM 1 form is eligible. Misrepresentation of need or sale or exchange of USDA commodities is prohibited and could result in a fine, imprisonment or both.

Maple Grove Center helps young children to develop and grow in all areas

Aide Patricia Begley teaches the children at the small muscle center of the school Monday morning. 24 students are presently enrolled in the center at Maple Grove.

Aide Glenn Denney develops the children's language skills at the center. The center also provides a speech therapist, social worker and psychologist.

Aide Cindy Offutt works in the art center with the children. The school is for children ages 3 to 5 and is open 5 days a week, 12 months a year.

By: Richard Andekin

Probably the most important years of a child's life are ages three through five, and all too often parents who both work need just a little help in preparing their youngsters for the future.

The kind of help, which is given daily, along with a little love, can be found at the Maple Grove Child Development Center.

Presently 24 students attend at the center which is only one of two in Rockcastle County, but head teacher Emily Pensol says that she would like to have more. As many as 40, a number that has attended the school before, would be nice.

Staffed with a speech therapist, social worker, psychologist, and four teacher aides, the school is ready to handle youngster's problems and needs.

All 24 students ride to school each day on the bus provided by the local Comprehensive Care Center, of which the Child Development Center is a branch.

Funds for the center come through Comprehensive Care and the psychologist and social worker as well as a person to do hearing screening is also provided by Comprehensive Care.

There are learning centers at the school, play time, reading time and exercise time, as well as a daily nap. The students are also served breakfast and lunch daily.

Each quarter there is a parent-teacher meeting, in which parents come to the center and discuss their children's progress or problems.

Last week the parent-teacher conference was highlighted by a Halloween party for parents and grandparents. A total of 60 attended. That was the largest crowd yet at a conference night and Mrs. Pensol was very pleased with the turnout.

Mrs. Pensol, who works very hard toward the success of the school, said that she has been told by more than one teacher that they can tell when a child has been to the Maple Grove Center.

"We teach art, language, small muscle usage, learning habits and we take time for self help courses," Mrs. Pensol said.

Students can go to the school until they are six, even if they are in kindergarten. Those in kindergarten go on their off days, either Tuesday and Thursday, or Monday, Wednesday and Friday.

Students become eligible for the center when they turn three. It is open to students from across the county and the fee is only \$6 a day.

Some students are eligible for free attendance to the school through the state, but their parents or parent much meet certain guidelines.

If those interested in the school think their child might qualify they should contact the Child Welfare Office in Mt. Vernon. It could be time well spent.

In memory of Raymond Shannon Franklin, who died October 11, 1987 at the University of Kentucky Medical Center. Mr. Franklin donated his body to the medical center two weeks before he had a heart attack that led to his death.

To Remember Me
Give my sight to the man who has never seen a sunrise, a baby's face or love in the eyes of a woman.

Give my heart to a person whose own heart has caused nothing but endless days of pain.

Give my blood to the teenager who was pulled from the wreckage of his car, so that he might live to see his grandchildren play.

Give my kidneys to one who depends on a machine to exist from week to week.

Take my bones, every muscle, every fiber and nerve in my body and find a way to make a crippled child walk.

If you must bury something, let it be my faults, my weaknesses and all prejudice against my fellow man.

Give my sins to the devil.

Give my soul to God.
If, by chance, you wish to remember me, do it with a kind deed or award to someone who needs you.
If you do all I have asked, I will live forever.

Robert N. Test

Finish with 9-2 record

Rockets defeat Colonels 16-6 for best season ever

By: Leslie Norton and Cindy Witt

The 16-6 victory over Whitley Co. was a great victory for this year's seniors. The Rockets set a school record of 9-2.

To start the game, the Rockets kicked off to the Whitley Co. Colonels. Whitley Co. was forced to punt on their first series. After the Rockets picked up a first down, they were forced to punt. The punt went deep into Whitley Co. territory. On fourth down, as Whitley Co. was trying to punt themselves out of the endzone, Gerald Owens sacked the punter for a safety. Rockcastle's offense threatened to score a touchdown on the next series, but on a fourth down the drive was stopped on Whitley Co.'s 5 yard line.

The only strong offensive attack from Whitley came early in the second quarter. After picking up three first downs and gaining 45 yards on the series, Brian Rose, Whitley Co.'s quarterback, threw to his receiver from the 17 yard line for the touchdown. The extra point kick was blocked by Chad Hodges, leaving the score 6-2. Rockcastle came back and took the lead when Chad Burdette dove into the endzone from the two yard line. This TD was set up by a series of plays which was capped off by a 35 yard run by Chris Larkey that got the ball inside the 50 yard line. The extra point kick by Adam Coleman was no good leaving the score 8-6 where it stayed until halftime.

Rockcastle received the kickoff to open the second half. Kevin Rowe returned the short kick to the 40 yard line.

A change in the backfield put Chad Williams at tailback. Williams began power running over his tackles to pick up good yardage. Behind the running of Williams, the Rockets had the ball on the Whitley one yard line but failed to punch it in. The Colonels took over on their one yard line and were forced to punt. A high snap over the punter's head gave Rockcastle another safety inflicting the "score" 10-6.

In the 4th quarter with Chad Williams and Chris Larkey running, Rockcastle moved the ball at will and got inside the 5 yard line on two different occasions but only scored once. The touchdown came when Larkey ran it in from one yard line. The extra point was blocked which with 5:00 to go in the game, gave the Rockets a 16-6 lead.

From there Rockcastle played a conservative game to eat up the clock. Leading rushers for the game were Chris Larkey with 20 carries for 153 yards and Chad Williams with 15 carries for 151 yards.

Coach Larkey said "I really

He estimated a total of about 800 acres has burned in Rockcastle to date, and asked everyone to be very careful. The estimate did not include Daniel Boone National Forest land in Rockcastle.

Jerry Mink, Livingston fire chief, reported his men went to three fires on Friday, four on Saturday, five on Sunday and four on Monday. "We're all tired," Mink noted. "We hope it ends soon."

Bud Cox at Mt. Vernon said the Mt. Vernon Department and Brodhead, have answered about the same number of calls as Livingston.

It was not only in Rockcastle that fires were taking their toll of woodlands. Most of Eastern Kentucky has been ablaze.

State and federal foresters and volunteers were called to 77 new fires on Monday. The worst were in Owsley, Clay, Leslie and Bell counties.

A national forest spokesman said the hot spot right now is in Kentucky. Loss of timber to date this year in the state is estimated at \$1.37 million.

Wilkinson wins; Harper scores narrow victory here

Deputy County Clerk Janet Vaughn hands Sheriff Clarence Hasty an envelope with the results of one of the county's precinct Tuesday night. Also in the photo is Election Commissioners Shirley Riddle and Clyde Barnett and Republican Chairman Alonzo McCollum.

Democrats win Fifth

By: Ray McClure

Democrat Wallace Wilkinson, who some said would never make it, made it Tuesday night winning the governorship by a record majority over his opponent Republican John Harper.

Wilkinson won statewide about 500,000 votes to Harper's 270,000. About 99 percent of the votes have been counted at noon Wednesday.

Wilkinson carried every district in the state including the Fifth. Only Rockcastle and Jackson gave majorities to Harper.

Even in Rockcastle where Republicans outnumber Democrats by a whopping 6647 to 1745, Wilkinson lost by only 80 votes, clearly a moral victory for the local Democrats, and leading one county officeholder to comment that "A lot of Republicans in Rockcastle obviously voted for Wilkinson. The county very nearly went Democratic."

In Rockcastle, Wilkinson carried North Mt. Vernon, North Broadhead, South Mt. Vernon, Brown, West Broadhead, Bullock and Orlando.

Another official said the vote here was in part a vote for a can-

City offices also filled

There will be some new faces and some old faces in local offices when newly elected officials take over in January.

At Mt. Vernon there will be four new city councilmen and two re-elected incumbents for the six seats.

Leading the city ticket was incumbent Councilman Billy Ray Doan with 387 votes, followed by incumbent Councilman Larry Burdette with 349. Other winners and their number of votes are: Wayne Adams, 321; Charles (Tommy) Bussell, 306; Clarice Kirby with 276, and Earl Nichols with 231. Losing candidate for the six-member council was Greg Hurley who received 219 votes. Incumbent Councilman Jackie Renner received one write-in vote.

At Livingston where there were four seats and six candidates for city commission with two women elected to the commission. The vote was: Todd Mink, incumbent, 61 votes; Margaret Baurdine, 60 votes; Catherine Sue McClure, 59, and Earl Baker, incumbent, 55. Losing were Wayne Mounce who got 19 votes and Larry Mounce who got 16.

At Brodhead, all city commissioners were unopposed for the four seats. Votes were: Johnny

Wilcox, 95; newcomer Paul D. Owens, 92; James E. Cash, 91, and D.A. Robbins, 90.

Also at Mt. Vernon, Mayor Elizabeth was unopposed. She received 326 votes for a two-year term.

Cummins winner

There'll be a new member to take a seat on the Rockcastle County Board of Education when the vote is certified.

Earl C. Cummins defeated incumbent member Dr. George W. Griffith by 39 votes, 394 to 355 in Tuesday's election.

Both candidates had mounted a spirited campaign. Dr. Griffith had been appointed to fill the seat vacated by Dr. Rudolph Burdette when Burdette moved out of District 3.

Cummins, who is a teacher in the vocational school in Laurel County, narrowly lost to Dr. Burdette in the last election. He had been considered by many to be the favorite because of that close vote.

The precinct is as follows: North Mt. Vernon - Cummins 122; Griffith 171; West Mt. Vernon - Cummins 195; Griffith 129; Bullock - Cummins 64, Griffith 36.

October rain

Drought conditions continued through October with only a total of .34 of an inch of rain.

The total was a possible low record for the area, making the month the driest in memory.

There was rain of five days in October: .05 on Oct. 7; .05 on Oct. 20; .17 on Oct. 21; .02 on Oct. 27, and .05 on Oct. 28.

The highest temperature in October was 88 on Oct. 25 and the lowest as 20 on Oct. 22.

Brodhead allocates funds

The City of Brodhead had \$245,807.67 recently, a gift from the Department of Housing and Urban Development, but didn't get to keep it very long.

The money was granted Brodhead to loan to Mt. Vernon Plastics for upgrading and expanding company facilities.

The Brodhead City Council was told at its meeting Monday night that the money was allocated as follows: \$237,307.67 to the company; \$5,000 to James Cass, city consultant who did the paperwork for the city, and \$3,500 to Cumberland Valley Area Development District for services.

The company will repay the city the money on installments over the years.

The council agreed to a request from the Brodhead Volunteer Fire Department to continue the \$4,000 loan that the council had approved last year for work on the new Fire Department Building. But the council was reluctant to approve additional

work to complete the upstairs portion of the building. The council did agree to re-evaluate the project at a later date.

Fire Chief David Ott told the council the men have to meet among the fire trucks and if the upstairs can be completed they and other groups could meet there.

The council decided the department could "make do" for the time being.

Stephen Trebolo, who said he was representing Leo Hunt, asked the council if sufficient natural gas is found locally would the council allow residents of the city to be supplied.

Considerable drilling has been done in the county in recent months and reserves have been reported to be extensive.

The council did not make a decision, but told Trebolo they would be willing to listen to any plans Hunt might have.

Trebolo said Hunt would have attended the meeting but had a previous engagement.

Mishap at Livingston....

Mr. and Mrs. Willard Stallsworth's house and well cistern were hit by a runaway truck Thursday night. Mr. Stallsworth looks over the considerable amount of damage that occurred around 10 p.m. Arthur Parker, 21 of Livingston was arrested for D.U.I. and no insurance and lodged in the Rockcastle County Jail. He is due in court November 11.

Fire destroys 800 acres of woodland in Rockcastle county

Local Forest Ranger Steve Bullen and Mt. Vernon firemen Gary Hansel and Tiny Bostic discuss strategy with National guardsmen who were called in to fight the local fires.

By: Ray McClure

No outdoor burning was ordered by Mt. Vernon Mayor Elizabeth Baker, County Judge/executive Hubert Thacker, and the state Tuesday as fires raged out of control in the county.

The ban on burning will last until it rains or until the state lifts its ban.

The order includes burning of all trash, leaves, paper, or other items throughout the county. Failure to comply could mean a fine.

A \$500 reward for information leading to the conviction of anyone starting a fire has been offered by the Kentucky Forest Industrial Association.

The order came as National Guardsmen came to Rockcastle Tuesday to help contain a large fire out of control at Poplar Gap.

It was reported to be nearly contained Wednesday.

Fires were breaking out Monday and Tuesday so fast firemen were having a problem getting to all of them.

"We put one out, leave, and a little while later it starts up again," one fireman said.

Saturday, a fire destroyed about 200 acres of woodland at New Hope. Another 100 acres of woods went up in flames at Sand Hill where firemen had to return four times.

Another large fire was at Well Hope Monday night. It burned an estimated 75 acres. Another fire was at Mullins Station area on Saturday night.

The tally on Tuesday was four new fires and two break-overs (rekindle) on Sunday, and five new fires and one break-over on Monday.

A fire was reported early Wednesday on Green Pond Ridge between Brush Creek and Clear Creek.

Firemen from Mt. Vernon, Brodhead and Livingston were all tired as the week wore on and no appreciable rainfall was expected. In fact, the pattern of dry weather is expected to continue into next week the Weather Service reported at most there could be a "little shower."

"It will take more than one little shower to do much good," a weather forecaster said. "It takes a lot of rain to soak in and keep the soil damp for a few days."

To date none of the fires in Rockcastle have threatened buildings, one fireman reported. Most of the large fires have been in remote areas.

-Opinions-

Dear Editor,
I would like to present another point of view concerning the Anderkin's columns.

There are two opinions on a very important issue. I read Perlina's column in the Signal, (October 29th). I remember feeling the same way. I did not want anyone telling me to wear a seat belt, nor did I want them to.

I am an adult. I can make rational decisions, decisions concerning my life. It was a pretty dramatic incident that changed my mind.

Two years ago I was taking trash to the dumpsters on US 25. I did this once a week as I didn't have trash pick-up. I pulled out onto the highway with my six year old daughter with me.

As I got to the Conway section of Rockcastle County, I saw to my horror that a car was turning off of the highway not twenty feet away from me. There was no way I could have avoided the accident. I didn't have a seat belt on and I instinctively threw my arm across my daughter's chest. I

realized then, when there was nothing I could do about it, that I didn't have my seat belt on. Luckily I just brused my arm and no one else was hurt. After the accident I did some serious thinking. I have read so many articles about seat belts, pro and con.

The one statement that sticks out most in my mind was from a Ky. State Trooper, he said that he'd never unbuckled a dead person.

A lot of people who are involved in fatal accidents are thrown from their vehicle. I don't know if there are enough people to be behind a mandatory seat belt law, I can't decide for anyone but me and my family.

I'm all for something that would save lives. Seatbelts won't prevent accidents, but perhaps they can prevent deaths from accidents.

No one gets into their vehicle planning on wrecking it. I just wanted to say, before you shut the door give it a moment of thought, during a accident you

won't have time to think about it. Kathy Poynter Route 3 Box 404 Mt. Vernon, Ky.

Dear Editor,

I'd like to take the opportunity to thank you publicly for allowing me to cover our youth league's football games this season.

Some articles became lengthy but you still made room in your paper for them. It meant a lot to these kids to see their team and names in print. A lot of the parents told me they also enjoyed the articles.

Being a coach yourself, you know and understand the time the coaches put into this program free of charge.

I'd like to re-emphasize that. The entry fee money you pay for your child to play does not go into any coaches pockets. It is deposited into the youth leagues account to pay for insurance and equipment for each player.

I'd like to thank each person who helped or donated money this year to make it a very good year for Rockcastle's youth football league.

Hopefully no-one's time has been wasted. Enjoyment of the game by players and fans alike was enough for me to see that our athletic programs in the county can do nothing but move up, if all of us keep supporting the kids in our communities.

Thank you for your support! Clarice Kirby P.O. Box 474 Mt. Vernon, Ky.

The Way I See It

By: Richard Anderkin
Mount Vernon Signal

Tuesday voters in North Mt. Vernon, West Mt. Vernon and Bullock elected Earl Cummins to replace Dr. Billy George Griffith on the local board of education. Dr. Griffith had been appointed to replace Dr. Rudolph Burdette who moved out of his district.

I said last week in this column that by all rights Earl Cummins should have been placed on the board.

Voters must have thought so, because they elected him. I'm sure that he will make a fine member. But, back to Dr. Griffith, Dr.

Griffith has done a good job in his short time on the board. He worked hard to make himself familiar with what his position on the board was all about, and what his legal obligations were. He involved himself in the board's discussions, volunteered his services and was just generally interested in what was going on in our school system.

I hope Earl Cummins will work as diligently toward a better Rockcastle County School System as Dr. Griffith did.

Dr. Griffith worked hard, was interested and did a very good job for the third district.

CARPENTER

Mrs. Hazel Baker Carpenter, 81, of Tevis Street, Mt. Vernon, died Nov. 1, 1987 at the Rockcastle Hospital.

She was born in Rockcastle County January 16, 1906, the daughter of Clay and Winnie Creech Miller. She was a member of the Brush Creek Holiness Church and a retired merchant.

She is survived by six sons, Lee Duncan of Somerset, Edward Baker and Floyd Baker, both of Mt. Vernon, Jack Baker of Kettering, Ohio, Franklin Baker of Dayton, Ohio and Robert Baker of Orlando; a daughter, Beatrice Hensley of Mt. Vernon, five brothers, Milton Miller of Orlando, Edd Miller of Mt. Vernon, Bradley Miller, Virgil Miller and Manuel Miller, and a sister, Rachael Barron all of Covington. Also surviving are 25 grandchildren and 42 great-grandchildren. She was preceded in death by three sons and a daughter.

Services were conducted Nov. 3 at the Brush Creek Holiness Church by Bro. Rolfe Cornelius and Olen McGuire. Burial was in the Briar Field Cemetery at Orlando. Dowell and Martin Funeral Home was in charge of arrangements.

Jasper Hampton of Richmond, Ind.; a sister, Mrs. Minnie Heber of Hamilton, Ohio, 22 grandchildren and 15 great grandchildren.

Services were held Oct. 31 at Union Chapel Holiness Church, with Bro. Mike Frith officiating. Burial was in Johnetta Cemetery. Watson Funeral Home was in charge of arrangements.

FRANKLIN

Raymond Shannon Franklin, 59, of Berea died Oct. 11, at the University of Kentucky Medical Center in Lexington.

He was a veteran of World War II and a member of the Disabled American Veterans Chapter 160.

He was a native of Rockcastle County.

Survivors include his wife Ella Pearl, two sons, Val Franklin and Jimmy Shannon Franklin, of Lexington; one sister Emma Fay Shutt of Mt. Vernon; his mother, Mattie Sowers of Brodhead and one grandson.

The body was donated to medical science. A memorial service will be held at a later date. Arrangements were under the direction of Williams Funeral Home.

tion sponsored their 2nd annual preconditioning derby during October. Steer calves with an average weight of 474 pounds were entered in this year's derby on October 27th.

Preparing calves for this contest included many of the same procedures for the certified preconditioning program. Dr. Joe Korn assisted owners in worming, vaccination for IBR, antibiotics, implant, identify and weigh all calves.

The feeding program included hay and water for the first day, then free choice Purina Chow conditioning ration for 27 days.

Calves average weight going on test was 474 pounds with final average weight of 593 pounds for an average gain per head of 119 pounds. Over 50 percent of the calves gained 135 pounds or more. The top calf for most weight gained belonged to Tim Mink and gained 165 pounds. A four way tie occurred for 2nd place most weight gained with 145 pounds. Calves belonged to Clint Sayers, Keith Smith, Danny McKinney and John Clontz.

In the percent weight gained category, Keith Smith's calf won. A 375 pound Angus calf gained 145 pounds (38.7 percent), 2nd place calves belonging to Jerry Clontz and Bobby Taylor, 3rd

place was John Clontz, and 4th place was Leroy Brown.

Over all the group gained at 4.4 pounds per day with 4.76 pounds of feed required per pound of gain. Feed cost per pound of gain averaged 45 cents. Selling price averaged 70 cents. One other note of interest, the shrink from Brodhead to Lexington was just under 3 percent.

Results from this year's program were excellent. Normally a 3 pound per day gain and 5 pounds of feed per pound of gain is the average result.

How may this benefit farmers? Research shows that cattle prepared for backgrounding programs this way retain the gain and perform at higher levels. Each year, farmers could probably use a similar program to increase selling weights. But, the most important time may be in dry years when farmers are forced to sell off cattle. Many times this is cows and calves. A better suggestion may be to wean all calves and place them on the preconditioning program to a set weight. The dry cow could be roughed through with supplemental corn for energy.

Andrew Johnson was the only exhibitor to be elected to the United States Senate.

WOMAN'S CLUB

By: Brenda Lambert

During the October meeting of the Woman's Club of Mt. Vernon, 24 members of the Rockcastle County Chorus entertained the members with a 1950's medley, and two songs -- "Tear Them Down" and "That's What Friends Are For."

Those performing were Rebecca Albright, Jarrod Anyx, Kenneth Arley, Deana Burke, Kim Carroll, Adam Coleman, Stacy Craig, Patty Hayes, John Harris, Crissy Hudson, Shanna Kidwell, Trudi Lay, Rod Lewis, John Moore, Stacy Moore, Lufe Owens, Ricky Rice, Juanita Robbins, Wendy Senter, Susan Smith, Wendy Whitaker, Anne Whitt, Cindy Witt, and Kriste Vaughn.

Mrs. Cheryl Witt explained that some of the members were beginning chorus students and some were advanced. She complimented their director, Mrs. Margie Wilcox, on her training of this group. "They volunteered to come by themselves and perform. That speaks well of their instructor," she said.

Cindy Witt announced that the Rockcastle County Chorus will perform at the Fall Festival Nov. 9 at the high school.

Prior to the choral entertainment, President Jean Allen had conducted the business session. She welcomed Tina Hasty and Janice Mullins, two new members. Cheryl Witt presented the devotional; minutes were read and approved; and Jean Walker reported a current balance of \$100.87 in the treasury. Yearbooks were distributed.

The president asked the group to inspect the budget, noting that \$39 still must be sent to the Kentucky Club Woman magazine. Brenda Lambert moved that the budget be accepted; Dorothy Landrum seconded and the motion carried.

After the president informed the group about the Southeastern Regional Conference in Lexington, Nov. 10-12, Betty McKinney moved that the club send 50 cents per person to help fund the meeting. After a second, the group voted to accept the motion.

President Allen reported that

died Monday night in Richmond. Funeral services were held Thursday Oct. 22nd at the Liberty Avenue Baptist Church in Berea. Burial was in Scaffold Cane Cemetery under the direction of Reppert Funeral Home. May God comfort the family in their time of sorrow. We have known Sylvester around here for many years, several of us went to school with him. He is a brother to Willie Cope of this area. Sylvester, our heart and prayers go out to you. You are very near and dear to us all. God bless you and the family.

Mrs. Collie Scott of Berea spent the weekend with her sister Mrs. Tip Reppert, Mr. Reppert and Melody. Attending the Triplet Reunion in Frankfort Sunday, Oct. 18, were Cleatus Peters of Fairview, Mr. and Mrs. Ben Crocher of Berea, Mr. and Mrs. John Hill and Mr. and Mrs. Alwyn Perry of Lexington and Mr. and Mrs. Charles Nolan of Independence. They all had a wonderful day together.

Mrs. Recca Wyatt and son and daughter-in-law Mr. and Mrs. Donald Wyatt of Richmond, Ind. were here for visitation and the funeral of Mrs. Hazel Cope (Recca's sister-in-law) last week. Recca then visited her brother Willie Cope and wife Mary until Friday. Mr. and Mrs. Donald Wyatt visited relatives elsewhere. Other relatives visiting at the "Cope" house after the funeral were Mr. Cope's sister Mrs. Pearl Bowles and husband Jim of Junction City and Mr. Cope's nephew Shirley Moore of Clay City.

Sylvester Cope visited his brother Willie Cope and wife Mary on Friday morning. Mr. and Mrs. Glen Ponder left Tuesday morning on a four day trip driving through the beautiful county side of Kentucky, West Virginia, Virginia and North Carolina. They enjoyed the number of towns they visited and the many sites of interest, but most of all the ocean and lovely fall colors along the way. In telling me about this trip Mrs. Ponder (Lucille) said as she looked at the Handbook of God she remarked, "These things were not made by man." After this most pleasurable trip they returned home on Friday evening.

Mr. and Mrs. R.J. Ridgell and Mrs. Elmer Ridgell in Corbin on Sunday. Hubert and I attended the revival services at Scaffold Cane Baptist Church last Thursday

night. It was good to see our old friends again, of course many that we used to see there are gone now, but new faces have taken their place. May God bless them and all other places of worship where God's word is being preached and Christians are being prepared for the Lord.

Our son Wayne and wife Carolyn visited with us on Saturday afternoon. Remember church and Sunday School.

"A sure way to a Happy Day." Happiness is something we create in our mind.

Its not something you search for and so seldom find. Its just waking up and beginning the day, By counting our blessings and kneeling to pray. And then by contemplating what God gives us to do,

We find real contentment and happiness too. By: Helen Steiner Rice

QUAIL HOMEMAKERS

By: Ora Lee Hurst

When we arrived for our meeting last Monday night we were welcomed by a witch as our hostess. We all came dressed in our Halloween costumes as is the custom. We really had some good laughs as each one arrived in their attire.

Our new president, Gail Scoggins, presided over the meeting. The agenda included a report on the books we had set up at the Molasses Festival and proceeds earned for our club and the County Homemakers. A report was given by Norecita on proceeds from the Farm Bureau picnic. We would like to personally thank the Farm Bureau directors and staff for the opportunity we had of catering their annual picnic.

We played a game that was timed to see who could list the most parts of the body that had only three letters. It was won by Cindy Robbins.

Tammy did a good job presenting the lesson on snacks - the mini meals. She had each of us write down all the snacks we had eaten in the last 24 hours and circle the ones that were in the Basic Four Food Groups. She reminded us of the necessity of eating snacks that are nutritious as well as being more economical.

We enjoyed some of the delicious snacks from the lesson which included: tuna schooners, potato salad chips, and graham cracker sandwiches. Christine, our hostess, had prepared a lot of other good tasty foods.

We will meet next month on the 4th Monday night instead of the scheduled 3rd Monday because of the workshop on lap quilting that some wanted to attend. So we'll see ya'll at Jenny Lee's on Nov. 23rd at 7 p.m.

House vandalized

Vandals did extensive damage to the newly remodeled home of high school teacher, Jim Cox Friday night (trick-or-treat night). According to Police Chief Joe Howard, vandals cut eight tires

on two vehicles, scratched the paint on the vehicles and threw two rocks through four windows in the house about 10:30 p.m.

Chief Howard said he has a suspect and an arrest is likely soon.

Fingernails grow faster than toenails. The average growth rate of nails is 1 1/2 inches a year.

THANK YOU!

I would like to thank each and every person who took the time to vote this past election day. I wish more people would get involved and pitch in to help out wherever they could in the business of our city and county government.

I was overwhelmed by the warmth and the friendly support that I received during the campaign for a seat on the Mt. Vernon City Council. If I didn't ask you personally for your vote, you know that I appreciated it anyway and I didn't mean to disregard anyone.

I will take the vote of confidence I received all over Mt. Vernon and try to make you proud that you voted for me.

I hope that the other 5 councilmen and myself can work together with the Mayor and accomplish something during the term we serve.

Again, thank you from the bottom of my heart.

THE CONSTITUTION OF THE UNITED STATES: A SYMBOL OF LASTING FREEDOM

By: Angie Carl

American History
Mr. Lynn
6th Period

It took the Constitutional Convention only four months to write a document that would affect the lives of American people for many years afterward: The Constitution of the United States.

Fifty-five men gathered together, argued, discussed, and compromised. These men put what nearly all Americans wanted, in their hearts, down on paper. Without their persistence and ambition, the writing of the Constitution would have taken place very much later or possibly even never. What would America be like without such a document? In my opinion, the Constitution is the foot on which America has stood for years.

Our Constitution sets forth guidelines that all Americans live by and abide by. It explains how each branch of government, the judiciary, the legislative, and the executive branches work together in a logical system. The Amend-

ments of the U.S. Constitution is the section that affects the everyday life of each U.S. citizen.

The Amendments establish our freedoms such as the freedoms we administer each day. The First Amendment, guarantees to Americans some most essential freedoms such as those of religion, speech, press, assembly,

Two sentenced

Rockcastle Circuit Judge Dan Venters sentenced two Mt. Vernon men to six months in the county jail after they pled guilty to second degree sexual abuse on Oct. 23.

George Lee Denney, 28, and Vernon Denney, 31, had been indicted and tried for first degree sexual abuse, involving a June 24, 1986 incident with a girl under 12 years old.

The trial in June ended in a hung jury, but the two men pleaded guilty to the lesser charges on Sept. 11.

In other court news, LeRoy Monk of Rt. 1, Mt. Vernon, pleaded guilty in Rockcastle District Court to producing marijuana. Monk had been charged last year with growing three different plots of 6, 11 and 17 plants of marijuana. He pleaded guilty to the misdemeanor and received a \$100 fine and court costs.

and petition. I practice some of these freedoms at least every day. I go to the church of my choice and worship in my own way and no one can keep me from doing so because of the First Amendment. I work for the school newspaper, therefore, I make use of the freedom of the press. If it weren't for these freedoms, I'd have a drastically different lifestyle.

The Fifth Amendment states that no one can be held for a serious crime unless indicted by grand jury. If this was not an American freedom, many people would be sent to prison unjustly or on grounds that wouldn't usually stand up in a court. This right helps insure the fact that a man is innocent until he is proven guilty.

Amendment Six partially goes along with the Fifth Amendment. It states that citizens have the right to a fair and speedy trial. They also have the right to know exactly what they're being charged with. Without this Amendment, there would undoubtedly be much chaos in the court system. This right helps insure that Americans acquire a sense of fairness in our system.

The Thirteenth, Fourteenth, and Fifteenth Amendments are closely tied together. The Thirteenth abolished slavery; the Fourteenth gave blacks citizenship plus it defines citizenship for any immigrant into our country; and the Fifteenth gave blacks the right to vote and it explains that no male citizen is granted the right to vote. Congress made sure that it had power to enforce these three amendments, since these things had been large problems in America's past. These Amendments helped to keep discrimination down.

The Nineteenth Amendment will greatly affect my life in future years. It gives women the right to vote and, with this right, I can freely express my opinion, as a voice in American politics.

I feel that the Twenty-Second Amendment affects all the U.S. Citizens. It states that no man can hold the title of President of the United States for more than 2 terms, or 8 years. If a person serves America justly for 4 years, we can re-elect him for one more term. This allows a President a long time in office yet, it gives the chance to develop change after the 8 year period. Of course, America is motivated by nearly

change alone.

The last amendment, the Twenty-sixth Amendment states that a person can have a voice in government at the age of 18 years, by voting. This amendment will begin to play a part in my life in the near future as I grow close to 18 years of age and as I begin to choose who I feel is the best person for the job.

The Constitution is, in my opinion, America's greatest document. It even begins just right by saying "We the people, of the United States..." meaning that we have a government based on the concerns of the people and how the people feel. I am one of those people and I'm proud to

live under such a notorious establishment. The Constitution of the United States was signed by 39 delegates (listed below) in Philadelphia on Sept. 17, 1787. At this time, these delegates were sure that this Constitution they'd worked so hard on would enable the people to "form a more perfect Union" and be the fundamental building block of a free nation.

Today, 200 years later, The Constitution of the United States is still that building block on which we've built our nation. It plays an important part in the life of each and every American and it will continue to be a symbol of
