For those of us who are suspicious of additives and artificial things in food here is some good news and some bad news.

Aspartame, the active ingredient in Nutrasweet and Equal is a sweeter 200 times sweeter than sugar. Various symptoms have been blamed on the product, especially headaches. Researchers took 40 persons who had complained to the manufacturer or the Food and Drug Administration about headaches after aspartame. They were given either placebo or aspartame equivalent to drinking 4 liters of soft drink in 4 hours. 35 percent complained of headaches after this large dose, but 45 percent complained of headaches after taking the placebo. This would seem to show that anticipation of headaches was the main cause, and that few if any real headaches was the main cause, and that few if any real

Rockcastle County Hospital with Mrs. Ron Brown as hostess. For the program Mrs. Brown, who is the chief x-ray technician at the hospital, presented a slide program on loan from the American Cancer Society. The name of this program was "Breast Cancer Virtually Has No Place to Hide." It told of the new mammography which is x-rays of the breast which can detect malignancies at the very earliest stage. The guidelines set up by the American Cancer Society state that every woman over 35 should have these x-rays every other year and that those women over 50 should have them every year.

Mrs. Brown reported that last May the American Cancer Society had a campaign to publicize the need for these x-rays and urged all hospitals to take part by offering the x-rays at reduced rates for one week. The Rockcastle County Hospital took part in this project and in that one week of the 20 women taking advantage of this offer, 8 had positive results and were checked out by specialists.

Following this program the ladies toured the mammography

facility which is a dedicated unit used only for this type of x-ray. This facility, a small, beautifully decorated unit, includes a comfortably furnished waiting room, a small dressing room and the room for the mammography x-ray machine.

This excellent program was greatly appreciated by the ladies of the chapter.

Mrs. Stephen Owens presided over the meeting.

During the social hour refreshments were served by Mrs. Brown.

DECEMBER MEETING

The Rockcastle Chapter DAR met on the evening of Tuesday, Dec. 17th at the home of Mrs. Steven Owens with Mrs. Gary Cromer assisting Mrs. Owens as

hostess—Mrs. Owens, Regent presided, with Mrs. Joe Young and Mrs. Roscoe Adams taking part in the ritual.

Miss Mary Alice Hunt gave the National Defense News, a report of a speech given by the Secretary of education, William J. Bennett, at Amerikahaus in Berlin. The theme of his discourse was that Americans must teach the love of democracy - to restore faith in a liberal democracy it must be taught in the schools.

Miss Jean Ramsey reported that Jean Bonham of Cintari, had found in the 1870 Census of Rockcastle County that Jesse Williams, the Revolutionary soldier whose graves in Wildlife on the farm of Mr. and Mrs. Mrs. C.L. Brock was marked by the chapter several years ago, had a

The Bible VS. Jehovah's Witnesses

The organization known as Jehovah's Witnesses is distributing a pamphlet in Rockcastle County entitled, **Why You Can Trust The Bible**, in which they rightly affirm that the Bible is the inspired word of God (2 Tim. 3:16) and that the Bible does not contradict itself.

Do they really believe this? Their "bible" is the **New World Translation of the Holy Scriptures** which was produced by their own theologians and slanted to favor their own doctrines. Their leading reference is the **Watchtower** concerning which they claim: "Since 1879 has consistently proven itself dependable" (New World Translation, P. 793).

Here is what their "dependable" Watchtower of Sept. 15, 1910 says about the Bible: "Furthermore, not only do we and that people cannot see the divine plan in it. STUDYING THE BIBLE BY ITSELF, but we also see, that if anyone lays the Scripture Studies (Watchtower books, am) aside, even after he has used them, after he has read them for ten years -- if he then lays them aside and ignores them and goes to the BIBLE ALONE, though he has understood his Bible for ten years, our experience shows that within two years he DOES INTO DARKNESS. On the other hand, if he had merely read THE SCRIPTURE STUDIES with their references, and had NOT READ A PAGE OF THE BIBLE, as such, he would be in the light at the end of two years, because he would have the light of the scriptures" (all emphasis mine, am).

This says, in effect, that one cannot take the Bible only and become a Jehovah's Witness, and I certainly agree. It also says that if a Jehovah's Witness were to take the Bible only, and not the Watchtower as material for two years, he would cease to be a Jehovah's Witness. Such an admission is a burning indictment of their entire system!

Do Jehovah's Witnesses trust the Bible as they claim in their pamphlet? Consider the following which are just a few of many examples where they do not:

1. THE WORSHIP OF THE CHURCH. The early church assembled for worship upon the first day of the week to observe the Lord's Supper (Acts 20:7; 1 Cor. 11:23ff), and to contribute to the Lord's work (1 Cor. 16:1-2). They also had sermons and prayers (Acts 2:42) and they sang hymns (Eph. 5:19; Col. 3:16). The Witnesses do not conform to the New Testament plan for worship.

2. WHAT MUST I DO TO BE SAVED? How was this most important question man could ask answered in the New Testament? "He that believeth and is baptized shall be saved" (Mk. 16:16); "Repent and be baptized -- for the remission of sins" (Acts 2:38); "Arise and be baptized and wash away thy sins..." (Acts 22:16). Thus, faith, repentance and baptism are necessary steps before one can obtain forgiveness of his alien sins. However, Jehovah's Witnesses teach a typical denominational concept of faith only, and view baptism as an optional step into the ministry (Let God Be True, pp. 225-226 - their own book). The act of baptism for a Witness may come years after he becomes a "convert," yet it has an immediate act of obedience in the New Testament (Acts 8:36; 16:33; 22:16).

3. JEHOVAH'S WITNESSES DENY THE DEITY OF JESUS CHRIST. Their creed was that Christ was a first creature CREATED by Jehovah and is His "Chief Executive Officer," so to speak. Prior to His coming to earth He was Michael, the archangel, in their ridiculously untenable view. They also deny the physical resurrection of Jesus's body. They teach that Jesus returned to the role of Michael and exists as some sort of spirit being. The Scriptures teach that Jesus is God (John 1:1). His bodily resurrection is a clear revelation in the gospels, as is His exaltation to reign at the right hand of the Father (Matt. 28:16; Acts 2:30-34).

4. JEHOVAH'S WITNESSES DENY THE IMMORTALITY OF THE SOUL. They teach that man is wholly mortal - that all consciousness terminates at death. In so doing, they pervert such passages as Eccl. 9:5 which is discussing man in relation to his knowledge of mundane activities. The Scriptures teach that man has a body and a spirit (or SOUL) in such passages as 2 Cor. 4:16; 1 Thess. 5:23 and Matt. 10:28. This soul or spirit lives on after death in one of two possible conditions (Lk. 16:19-31; Phil. 1:23; 2 Cor. 5:6-9).

5. WITNESSES TEACH THAT HELL IS A "PLACE OF REST IN HOPE" (Let God Be True, P. 99). To them, hell is only hell to the grave. Yet, such words as "destroy" in Matt. 10:28 and "eternal destruction" in 2 Thess. 1:9 do not mean annihilation as they claim but rather "to devote or give or to eternal misery" and "the loss of a life of blessedness after death, future misery" (Thayers Greek-English Lexicon of the New Testament, pp. 64, 443). THE SAME WORD that is translated "Eternal" and "Everlasting" is used in reference to both heaven and hell in Matt. 25:46. However long heaven is, that is the duration of hell also.

Our motive for this article is not prompted by bitterness or animosity toward Jehovah's Witnesses. We have found them to be generally more willing to discuss religious differences than most other religious groups. However, this does not nullify the evil consequences of their doctrine. "Beloved, believe not every spirit, but try the spirits whether they are of God; because many false prophets are gone out into the world" (1 John 4:1). "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits" (Matt. 7:15-16).

Note: Much of this material is from an article written by brother James L. Sloan.

FORMER CONGRESSMAN EUGENE SILER SR., DIES

Former Fifth District U.S. Rep. Eugene Siler Sr., of Williamsburg has died at the home of his daughter in Louisville.

Rep. Siler served in the House from 1954 to 1964. He also served as a justice on the Kentucky Court of Appeals and was a leader in the Baptist Church in Kentucky, serving as moderator in 1952 and 1954.

Siler ran for governor in 1951 against Lawrence Wetherby and lost by less than 50,000 votes. He was an early outspoken critic of the Vietnam War and voted against President Eisenhower on his policy to defend Formosa that said the U.S. would fight if China attacked Formosa, saying he promised mother never to send their sons to fight a foreign war.

He is survived by his son, U.S. District Judge Eugene Siler Jr. and three daughters.

GREAT PERFORMANCES "LIVE FROM LINCOLN CENTER: NEW YORK PHILHARMONIC

Welcome the New Year with KET when two specials, a live "Live From Lincoln Center" presentation and Happy New Year U.S.A., air December 31. Great Performances (at 8 p.m.) brings viewers Zubin Mehta conducting the New York Philharmonic at Avery Fisher Hall. Following a live, three-hour gala of all-American music. It features television personality Harry Anderson, singer Mel Torme, and top jazz stars.

FROM 7 TO 28 UP *

In 1964, Granada Television International interviewed a group of 7-year-old British children from widely different backgrounds about their attitudes, their plans, their emotions, and their philosophies of life. Group members were interviewed again at ages 14, 21, and 28 to see how their lives were developing and if they were reaching their ambitions. From 7 to 28 Up combines the initial film, "Seven-Up" with "28 Up," reflects back over the 20 years, and looks forward to what life may still hold for the participants.

See From 7 to 28 Up Wednesday, December 30th at 8 p.m. on KET.

Rocket girls are 1 and 2 after first three encounters

It has been less than a banner year so far for Rockcastle County High School's new girl's head coach Judy Bullock who has been the best with the worst, but mostly the worst so far.

Three games into the schedule Bullock's Lady Rockets are 1 win and 2 losses with losses to Knox Central and Williamsburg and a win over district foe Oneida.

In the win over Oneida the girls dominated the Mountaineers, by outscoring them 25 to 8 in the first quarter, and 23 to 10 in the fourth. The two teams played fairly close in the second and third quarter.

The Lady Rockets won 74 to 41.

Senior forward Lori Mink led the girls in scoring with 23 points, connecting on 9 of 19 shots from the floor including three 3-point goals.

Senior Lavena Campbell grabbed a game high 14 rebounds and scored 10 points as she hit three of 10 from the field and four for four from the foul line.

Bullock's club shot only 33.7 percent from the floor, but the head coach didn't seem too concerned about the percentage. "When you shoot 86 times from the floor your team is really hitting the boards on both ends," she said.

Senior Tonya Parrett was the second leading scorer hitting six of 11 shots from the floor and was the only Lady Rocket to shoot over 50 percent. Tanya had 13 points and also led the team in assists with three.

As a team the Lady Rockets grabbed 39 rebounds to the Mountaineers 19 and gained 16 loose balls.

Also in the scoring column for the Lady Rockets were Carla Kirby with 6, Stephanie Northern 5, Donna Harper 5, Angie Senters 6, and Shandra Gentry, Shonda Renner and Donna Kirby each had 7 points. Although Renner connected on only one shot of seven from the floor she grabbed eight rebounds.

In the Knox Central game the girls lost 83 to 45. Lori Mink led the girls in scoring with 15, while in the Williamsburg game Monday night the girls lost 76 to 43. Mink led all scorers in that game with 18.

The girl's next home game will be this Friday night against Berea. It is homecoming at RCHS.

B TEAM

Darla Reams' B-team is 1 and 1 in the early season with a convincing 39 to 11 win over Oneida and a 32 to 29 loss at Williamsburg.

In both games the girls' B-team has had balanced scoring from the team.

In the win over Oneida, Angie Senters and Angie McClure each had 8 points, while Katia Bullock and Shonda Renner each had 6. Tiffany Carter got 3 points and Donna Harper, Donna Kirby, Lola Pigg, Cloia Smith and Rita Ponder each had 2.

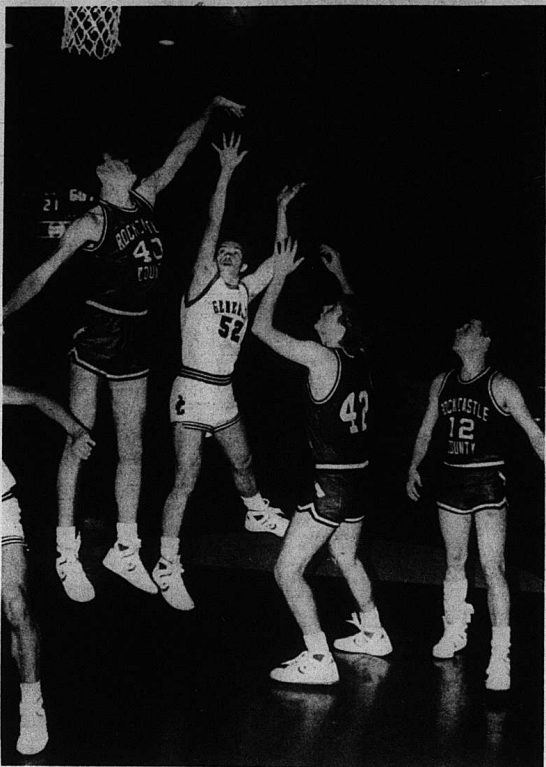

In the loss to Williamsburg, Donna Kirby led the B-team with 14 points and Donna Harper had 7.

Rockets defeat Sayre 68-51; lose to Jackson Co. 73-58

By: Richard Anderkin

An aggressive defense and 60 percent shooting from the floor helped the Rockcastle County Rockets boy's varsity to a win in their opening game Friday night.

The Rockets defeated a fine Sayre team 68-51 in front of a large crowd at Rockcastle County High School.

Sayre, 20 and 5 a year ago, posed little threat to the Rockets as they maintained a 10 point or better margin throughout the game.

The few times that Sayre made a run at Coach David Perkins' team, Senior John Bullens would either bury a three-pointer or one of the other Rockets would hit a shot, get fouled and turn that trip into a three-point play.

The smaller Sayre team was also no match for the Rockets, who were led in rebounding by Senior Darren Allen who also added 10 points off the Rockets' bench.

Bullens and Senior Anthony Lewis led the Rockets in scoring with 17 each, while senior guard Pat Hansel added 10 and junior guard Chris Ponder also had 10. Senior Pat Hansel added 4.

Tuesday night was a different story. The Rockets traveled to Jackson County where the Generals handed them a 73-58 loss.

Rockcastle was never really in the game as Mike Jones' Generals exploited Rockcastle's weakness from the outset.

The Rockets weakness so far this season seems to be the same one that haunted them a year ago, handling the press.

The generals pressed most of the game and had leads of 4 at the end of the first quarter, 7 at half, 10 at the end of the third and 15 when it was all said and done.

For the Rockets, Ponder had 16, Lewis 11, Allen 7, Mike Barron 6, Bullen 5, Shannon Burton 4, Chuck Shields 3 and Hodges 2.

The varsity's next home game is Friday night against Berea. It is also Homecoming at RCHS.

B-TEAM WINS TWO

So far things are bright for the RCHS boy's B-team. They are 2 and 0 with wins over Sayre, 62-39 and Jackson County 51-36.

Junior Adam Coleman led the B-team against Jackson County with 13, while Mike Barron added 12. David Owens had 8, Darren Smith 6, Jesse Mahaffey and Steve Clark each had 4, while Robbie Phillips and John Ford each had 2.

Leading the Rockets against Sayre was Barron with 25, Owens had 10, Clark 9, David Eaton 7, Coleman 5, and Ford 3 and Mahaffey 3.

The application also includes a proposed land use change from the forest pre-mining land use to a hayland/pasture post mining land use.

The operation will affect an area within 100 feet of public road Green Pond Ridge Road. The operation will not involve relocation of the public road.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's London, Regional Office, Ky. 80, Regional State Office, Bldg. 3rd Floor, London, Ky. 40741. Written comments, objections or requests for a permit conference must be filed with the Director of the Division of Permits, No. 2 Hudson Holloway Complex, Frankfort, Kentucky 40601. 7x4

CARD OF THANKS

The family of Vernon Houk would like to thank everyone for their kindness during the illness and death of Vernon.

Thanks to those who brought food, sent flowers and cards and visited while he was in hospital. Thanks to the doctors and nurses, and all the staff at Rockcastle Hospital, to Watson Funeral Home and the pallbearers.

A special thanks to Bro. Raymond Offutt and Linda Whitt. Thank you to everyone who helped during his long illness and visited me at my home.

Certificate of Recognition

A Rockcastle County woodland owner was recently presented with a certificate of recognition from the Courier-Journal and Louisville Times "Tom Wallace Farm Forestry Contest", according to Kenneth Thompson of the Kentucky Division of Forestry. A certificate of recognition for having carried out woodland management programs with definite objectives and having protected and improved her woodland was presented to Nancy Williams, by Kenneth Thompson at her home in Con-way.

The Farm Forestry Contest, sponsored each year by the two Louisville newspapers, seeks to promote good forest management by recognizing those Kentucky and Southern Indiana woodland owners who are doing outstanding jobs in managing small woodland tracts. The contestants are nominated annually by foresters and compete for \$1,000 in prize money for the top three winners. Besides cash prizes, all county district winners receive specially designed plaques.

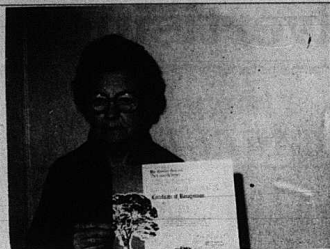

Items considered in judging nominations include carrying out specific management plans for protection against forest fire, grazing by livestock, and forest insects, and diseases. Also included is woodland management accomplishments such as timberland improvement, tree planting, products harvested, erosion control, wildlife habitat enhancement, and recreational development.

Mrs. Williams began her woodland management in 1963 when she requested a forest management plan. Since that time, Nancy Williams has had this forest management plan revised and updated four times. Under the technical assistance of the Kentucky Division of Forestry, the land has been protected from destructive grazing with the construction of fencing around the woodland. Nancy Williams has taken precautions to prevent damaging wildfires by constructing a half-mile fire break and keeping a sharp watch over her woodland for the

possibility of wildfire. With the assistance of foresters from the Kentucky Division of Forestry, Nancy Williams has recently completed planting 6,000 shortleaf pine and preparing about 70 acres of ground to naturally regenerate itself after she had conducted a clearcut or complete harvest over an 80 acre area. This 80 acre area was harvested in 1981 and resulted in the sale of 200,000 board feet of timber.

Mrs. Williams has also been active in improving existing stands of timber as she has thinned and pruned several pine plantations, totaling some 70 acres. These timber stand improvements have been conducted along with other improvements such as constructing hiking trails and planting food and cover plants for wildlife.

Over the years, Nancy Williams' efforts have paid off in a healthier, better looking woodland, with some income from the property. Other benefits of her efforts include increased timber production, improved wildlife habitat, and game populations, and improved recreational opportunities. The successful completion of the practices outlined by her forest management plans has resulted in a woodland that benefits Rockcastle County as well as Nancy Williams. Therefore, she is presented with this Tom Wallace Farm Forestry Cer-

This recognition is something Rockcastle County residents can be proud of; however, there is much more land in the county that needs to be properly managed if it is to continue to produce high quality timber, wildlife, and recreation. Everyone who is in-

terested in receiving similar forestry assistance and joining the ranks of outstanding forest managers as Nancy Williams has, should contact their local forestry representative, Steve Bullen, at Scaffold Cane, phone 256-2957, or 356-5794, or the District Office of the Kentucky Division of Forestry at P.O. Public hearing about city park development

A public hearing to get residents' views on the recreational needs of Mt. Vernon will be held at 2 p.m. Dec. 17 at the Mt. Vernon City Hall.

The specific purpose of the hearing is the discussion a planned application to the Land and Water Conservation Fund (LWCF) to develop Mt. Vernon Park, a three-acre tract owned by the city on old Brodhead Road near the Leo Hunter residence, to be developed into a T-ball field.

According to LWCF officials, there is \$4,000 available for the city to use on recreation. The city must supply an equal \$4,000 to receive the grant.

The \$8,000 for the park would only get things started out there," one councilman said. "But would be a start. The area has needed a T-ball field for quite awhile."

The city first made an application to the LWCF in 1986 for a \$36,000 grant to develop the park, but the LWCF turned down the city's application noting only the city "didn't score high enough" to receive the grant. The LWCF didn't explain.

In July 1986, after the grant was turned down, the council approved the property for a building to house the Cumberland River Comprehensive Care Center and other organizations, but the \$200,000 estimated for the project was not made available. Apparently, the city decided not to wait any longer for the Care Center funding.

Bridge contract

The state Transportation Cabinet has awarded a contract for a bridge replacement project on 1,056 feet of Kentucky 1505, the Brodhead - Conway Road in Rockcastle County.

Rankin and Crain Contracting, Inc., of Lancaster received a \$233,872 contract to replace the bridge and approaches at Boone Fork Creek, one-half mile east of U.S. 150.

This project is part of the city's continued effort to properly maintain Kentucky roads and bridges.

Fund raiser at Brodhead

7th and 8th grade students and teachers held an auction and bake sale at school last week in order to raise money for some 26 underprivileged children in Kindergarten and first grade. Sam Ford and Willard Bullock gave a helping hand with the auction, while teacher Leslie Cannack demonstrated the use of a flute that was sold. The students donated the items that were sold and bought them back.

Brodhead parade good show

As in the past, the Brodhead Willing Workers Homemakers club put on an excellent show for the children and adults in the Brodhead area to kick off Christmas, and last Saturday was no exception.

What has become an annual event went over better than ever this year, according to Mrs. Clara

Proctor, a member of the club. While the Willing Workers solicited the prizes, the Brodhead Volunteer Fire Department members were also a big help in this year's parade, Mrs. Proctor related.

The largest crowd in the history of the event attended Saturday's festivities.

Probably the big winner of the day was Citizen's Bank employee Marie Thacker, who won a quilt made by the County Homemakers.

Others winning prizes were: Prenda Harris, \$20 in cash from Barbara's Beauty Shop; Evelyn Owens \$20 in gas from Bentley's

Citizens asked to report arson

It is time for all citizens to band together to eliminate fires as a threat to land, other property and lives, according to Charles J. Crail, public information officer for the Daniel Boone National Forest.

The forest sustained heavy damage in fires during the fall, with some estimates of damage to natural resources as high as \$5.4 million.

Crail said, "Arson is an insidious cause of wildfires and it can only be stopped by public awareness and action."

"This action must be taken by the people and not just left up to law enforcement officials," Crail declared. "Arson is very much like the drug problem in that if some elements of society accept arson and do nothing to stop it, the problem will grow like a cancer and threaten all of society."

One recent fire in Rockcastle

believed to be arson was on Oct. 8 when a house under construction by the Sand Hill Community Land Trust was destroyed by fire. The house was to have been the new home of the Bond family. There had been guards nightly except the night of the fire. The

Parade is Saturday

The Mt. Vernon Christmas parade that welcomes Santa Claus will be held at 10:30 a.m. Saturday.

This year's theme is "A Song for Christmas." The parade theme line-up will begin at 9:30 a.m. at Mt. Vernon Elementary School. Included in this year's parade will be the RCHS Marching Band, several floats, horses, antique cars, farm tractors, four wheelers and of course Santa, who will arrive on the Mt. Vernon Volunteer Fire Department truck.

Bonds had designed the house and furnished half the labor. Officials said the Bonds were in need of a home. They'll start over in the spring.

Several fires this fall in the forest have been set, Rockcastle Forest Ranger Stephen Bullen reported a few days ago. But no arrests have been reported.

The city of Detroit has experienced an increase in arson fires during Halloween in the past

Landfill lawsuit is finally settled by fiscal court

By: Ray McClure

The remaining controversy over a county landfill near Pine Hill that never materialized may have been finally resolved.

The Rockcastle Fiscal Court voted 4-0 at a called meeting Monday to approve a final settlement totalling \$2,250 to Emmitt and Linda Foster, the remaining amount on a lease agreement signed in 1983. Magistrate Glen Ellison did not attend the meeting.

The court paid the Fosters \$1,762.50 on Monday. The court let stand a \$487.50 check paid the Fosters earlier that the Fosters had never cashed on the recommendation of their attorney, Karen G. Chrisman of London.

The payment to the Fosters was made on the recommendation of County Attorney James H. Lambert.

The Fosters filed suit against the county on Sept. 23, 1986 to collect the remaining rental fee on the lease signed Feb. 18, 1983 which stipulated \$1,500 annual rent for 40 years.

When it was decided to abandon the landfill idea, the previous fiscal court failed to execute a release on the lease allowing it to remain in effect until the present court dissolved the lease on Aug. 19, 1986.

In short, the Fosters asked for the money they claimed accrued between Feb. 18, 1985 and Aug. 19, 1986. The magistrates did not believe they owed the entire amount so they forwarded the \$487.50 check as the amount they believed they did owe.

The property was to have been used as a county garbage landfill, but the idea was abandoned when Livingston residents complained that the landfill was in the drainage pattern for Livingston's city water supply that comes from the "boils" adjacent to Roundstone Creek near downtown Livingston.

Livingston went so far as to hire tests made to determine exactly where the boils water comes from. Dye was put into springs and other water sources throughout the area to see if it would surface in the boils.

New commodity location

Commodity distribution will be held at a new location in Brodhead in the future.

The Brodhead City Council voted Monday night to allow commodity distribution in an area in the city hall building where fire trucks were parked before the new fire department building was constructed.

A delegation of women came to the council to ask for the location and told the council they had no heat at their present quarters.

The council also told police officers to sign all gas purchase tickets in the future. The city bill for the past month was \$206.

Newly elected councilman Paul Owens attended the meeting to get acquainted with city business.

The council went into a closed session to discuss fire department business. Discussed were two complaints from residents ques-

tioning some methods used by the department in fighting fires.

Fire destroys mobile home

A mobile home fire at the home of Clayton Frith on Copper Creek, recently destroyed the home and all of the family's belongings.

According to Tommy Baldwin of the Brodhead Volunteer Department, the fire started in the floor around a wood heating stove.

Anyone wishing to donate clothing to the Frith family can do so by calling Baldwin at 758-9611.

Sizes of clothing needed are women's size 7 pants and size small tops, 6 1/2 size shoe; men's shirt 15 1/2, pants - 30-32, 9 shoes; children's sizes 3T, 6 1/2 shoe and 5 toddler and 8 1/2 shoe and

Rockcastle County approved for open season on bobcats

By: Ray McClure

It's open season on bobcats in 35 Eastern Kentucky counties including Rockcastle, but not everyone is happy about it.

The Kentucky Department of Fish and Wildlife set Nov. 24 through Jan. 31 as the bobcat season, or until a season quota of 400 has been harvested.

Considered one of the nation's most beautiful cats, the bobcat makes his home in mountainous and wooded terrain and seldom wanders from it. Most bobcats in Rockcastle are found in the south and east section of the county.

"Although you may kill one if you see it, you may think better of it," one hunter said. "There's a lot of red tape associated with it. Forms must be filled out. Anyway, I hope no one does kill them, they're just too beautiful to kill."

Rockcastle Conservation Officer Freddie Noe reported no one has killed a cat that he knows of since the season started. He said vehicles had killed about three in the county in the last 10 to 12 years in this area, mostly

Although you may kill one if you see it, you might think better of it

along I-75. Apparently, bobcats are scarce in Rockcastle, although Noe said he had no idea of the population in the county. However, in Kentucky the population has been estimated at about 5,000.

In Kentucky, a total of 17 have been killed since the season opened for the first time in several years. During the season a hunter can only kill two cats.

Fish and Wildlife spokesman Art Boebinger said state officials have not received any "feedback" at all. But another official said he didn't think the public was fully aware of the season.

Noe said a few cats are seen from time to time locally, mostly when dogs chase them. One woman called Noe to report there was a bobcat under her porch where the dogs had chased it. The

cat got away.

One Martin County hunter killed a cat recently after dogs chased it up a tree while he was hunting. He shot the cat with buckshot from a distance so as not to damage the pelt. The cat came out of the tree and he killed it with a stick. He said he planned to have it stuffed and mounted at a cost of about \$275. He said the price "ain't nothin'." A prime bobcat pelt sells for between \$40 and \$80 depending on quality.

Known as Lynx furriers, (some still call them Lynx) the big cat can grow up to 40 pounds. They feed on rabbits and other small animals. They are shy and it is unusual for even a hunter to see one.

The bobcat is a near relative of the wildcat, however, a bobcat has no tail, a wildcat does. They are the same color.

About those legal requirements:

If it is determined that the bobcat harvest quota of 400 has been reached prior to Jan. 31, notice will be given at least 24 hours before the time and date for close-

sugar.
Miss Diane Burton, daughter of Mr. and Mrs. Gilbert Burton, Route 1, Mt. Vernon, has been appointed to the Farm Bureau State Young Peoples Committee by the Kentucky Farm Bureau. Miss Burton is a junior at Brodhead High School.

Letter to the Editor

Dear Editor:
As I grow into the ranks of the senior citizens Christmas, I would like to relate a bit of the life style of small Kentucky towns when I was very young.
Once more as we move into the spirit of Christmas time, I begin

to recall those days when we were so excited and waiting anxiously for Christmas Eve. We would wear our prettiest dresses and hats. And go to the neighboring church, to see the program and the Christmas tree that was embellished with lights of all color and glittering and colorful decorations. Long strings of popcorn criss-crossing around the tree, long strips of green and red crepe paper criss-crossed over the tree and to us it was the most beautiful sight in the world. The organ played Christmas music as the congregation sang. The children performed a little pageant.

The town's people seemed to be infused with a sense of over-

powering love and happiness and friendliness. I pray as we all grow older that the same spirit of love and fellowship will remain with Christians every where.

Thank you. I remain as ever,
Margaret Dyehouse

Blood drive will be Tuesday, Dec. 15 at Agricultural Service Center

The holiday season brings thoughts of family gatherings, decorations and gifts. Volunteer blood donors can give a gift of love to patients in local hospitals. Most donors' blood is separated into three components and transfused to three patients to meet their specific needs.

During the holidays many donor groups and individual donors do not schedule a blood donation. This means less blood is available to patients hospitalized during December and January.

Share your holiday spirit and give blood this season. Your donation will be a gift of love to

Note in balloon answered

When nine-year-old Marie Whittemore, a third grader at Roundstone School, released her balloon in late November she had great expectations.

Those expectations were realized last week when she received a letter from Ted D. Severt of Damascus, Va., telling her he had found her balloon with the note inside.

Marie, daughter of Jean Whittemore of Mt. Vernon, wrote: "I am nine years old. I'm in the third grade. I go to school at Roundstone School. I am proud to be an American. At least I

know I'm free. We have been studying about our flag. I'm glad I live in America."

Severt answered the note: "Dear Marie: I found your note and balloon in Grayson Highlands State Park while deer hunting. It is located about 15 miles east of Damascus, Va., near Mount Rogers, the highest peak in Virginia. I think you write very well for a third grader. P.S. I am proud to be an American too."

The letter was signed: Ted.

AL-ANON FAMILY GROUP

By: Norma Lester

The Al-Anon Family Group is made up of families and friends of problem drinkers. In this fellowship we share our experiences, strength and hope with each other in order to try to cope with our common problem, alcoholism.

In this fellowship we replace despair with hope. Al-Anon is an anonymous fellowship and anything said in these meetings is held within strict confidence. If you are interested in becoming a part of this fellowship please write Post Office Box 331, Somerset, Ky. 42501.

Through this survey we are hoping to be able to start a group in Rockcastle County.

Please respond by January 1, 1988 if you are interested.

Peoples Bank & Trust Company Plaintiff

VS: Notice of Sale

Chris Napier Defendant

Pursuant to judgment and order of sale entered in this action on November 13, 1987, and for the purpose of enforcement of a mortgage lien in the amount of \$9,933.93, interest and attorneys fee, I will offer at public auction the hereinafter described real property in Mt. Vernon, Rockcastle County, Kentucky

AT THE COURTHOUSE DOOR
Wednesday, the 30th day of December, 1987
beginning at the hour of 10:00 A.M.

said property being more particularly bounded and described as follows:

Tract 1. A certain tract of land located in Rockcastle County, Kentucky, and beginning from a stake in the corner with the James Durham line thence 375 feet southwest to a corner with the Robert Damrell line thence 930 feet northeast to a corner with the Ronnie Lanham line thence Northeast 375 feet to the point of beginning, and containing eight (8) acres, more or less.

Tract 2: Real property located in Rockcastle County, Kentucky, and more particularly described and bounded as follows: Beginning from a white oak tree in the James Durham line, thence to an iron stake in the Lee Lanham line, thence to an iron stake corner in the Kilbourne, Lanham line, thence with the Kilbourne line to a maple tree in the middle of the Buffalo Hollow Road; thence with the Road, Miller line and Poynter line to the point of beginning and containing eight (8) acres, more or less.

And being the same property conveyed to Chris Napier, a single person, by deed of conveyance from Paul E. Fagan, Master Commissioner of the Madison Circuit Court dated April 23, 1985, and recorded in Deed Book 125, at Page 271 in the office of the Rockcastle County Court Clerk.

Exclusions: There is excluded and excepted from the above described tracts the following described property, to-wit:

A certain tract or parcel of land located in Rockcastle County, Kentucky as shown by survey prepared by Joseph B. Curtis, Jr., Registered Land Surveyor, 2292, entitled "Survey for Lanham, Rockcastle County," dated March 2, 1985, and said property being more particularly described as follows:

Beginning at an iron pin in the east right of way of Buffalo Road corner to Lanham; thence with said right of way line, the following courses and distance, N 21° 31' W 131.3 feet; N 36° 47' W 31.9 feet; N 46° 39' W 46.3 feet; N 66° 12' W 118.2 feet; N 39° 12' W 28.4 feet; N 04° 43' E 77.6 feet; N 18° 16' W 94.0 feet; N 09° 40' E 69.8 feet; N 28° 20' E 106.3 feet to a stump corner to Lanham; thence with Lanham S 56° 01' E 452.9 feet to a stake; S 30° 00' W 375.4 feet to the point of beginning and containing 2.86 acres, more or less.

The State Highway Department has installed caution lights at Roundstone School on U.S. 25 north of Mt. Vernon and reduced the speed limit in the area from 55 to 35. The lights will be on each day for approximately 1 hour before and after school. The move was made to enable buses to get in to the school grounds and out onto the highway more safely.

**A NOTE FROM THE
M.V.E.S.
VICE PRESIDENT
OF PTA**

In cooperation with Dr. Charles Hedrick, the PTA began the "Just Say No" to drugs program. We had tremendous support from business in the county. Each student in the school wore a t-shirt in the "Just Say No" march. These shirts were purchased by many of the students. Shirts were provided to students who could not afford the shirts. Although there was some negative feedback, we in PTA felt that no student should be deprived of a shirt because of their financial circumstances. The march included television coverage, a guest speaker and the march of over 800 children from the school to the courthouse and back. The children are still talking about the march. We launched over 1000 balloons filled with personal pledges. Several students have received answers. A tape for Channel 36 "Hello Kentucky" has been aired several times. During early 1988, our "Good Morning America" spot will be shown through out the U.S. The time and effort put forth for this rally and march will be well spent if it will save one child from drug abuse. On Halloween the PTA sponsored "Bates Hotel". This was done as an alternative to trick or treating. Many older children get into mischief around Halloween.

The spook house was an effort to vent their energy into an appropriate outlet. It worked. Many children made return visits. Although it was scary to small children, the brave at heart enjoyed this. Thanks to Norma Mullins for graciously loaning the house.

The "Smart Magic" program was sponsored for the 7th and 8th grade classes. The proceeds from this program will be used to help the Junior High children with various class projects. We would like to thank the 7th and 8th grade students for their help with PTA in many of our projects, we would not have accomplished so much at school without their energy and willingness to help.

We are currently engaged in a county wide fund raiser. Everyone in the county could be eligible for prizes by helping in the fund raiser. Various county schools are helping by distributing brochures and collecting them from their students. Each of these schools will receive a small financial token of appreciation for their help. This fund raiser is for M.V.E.S. Monies raised will be used to purchase instructional equipment and supplies. We would appreciate your help with this voluntary program.

In December, the PTA will be sponsoring "Santa's Workshop" in which children and adults may purchase small gift items. Items available will help to teach our children to purchase gift items and give them prospective of self worth and esteem.

We hope that each and every parent will continue to help support PTA and our educational system. I thank you for being concerned about your child's future by participating in the PTA activities.

Preferred drivers deserve preferred risks

There should be special car insurance for more mature, safer drivers.

Now there is.

It's State Auto Companies' Medalist Auto policy.

The rates are lower. The coverages are broader.

If you have been accident-free for three years and are at least 25 years old, you are qualified to become a Medalist policyholder, enjoying special, reduced rates.

And if you are middle-aged (45-64), you'll get the biggest rate break of all.

What's more, as a Medalist policyholder you are not charged for your first accident. That's effective immediately, too. There's no three year waiting period to qualify, once you own a Medalist policy.

Call us about this car insurance breakthrough for safe drivers.

BEWARE OF FIRES!

The Rockcastle County fire departments reminded residents this week they should be more aware of fires, especially during the Christmas season.

What is the first sign of fire? Smoke? Heat? Visible flame? Guess again. These are the last signs. The fire has already started.

The first sign of a fire is the kerosene heater placed too close to the couch or curtains; the overloaded electrical plug; the slightly extension cords under the carpet. Fires waiting for a place to happen. There are hundreds more discrepancies that could be put on this list. All of them potentially deadly.

Go around the house and out-buildings and make a list of discrepancies that could cause a fire. Keep in mind that fire strikes when you least expect it - while you are gone or when you are asleep. Do not simply admire the long list you made and put it in your desk. Correct each item. If an extension cord is worn, replace it. If you smoke in bed, stop. The life you save could be your own.

As Christmas draws near be more fire prevention conscious than usual. Make this Christmas another happy memory. Prevent fires before they start and please support your Rockcastle County fire departments.

"Report Arson" [Cont. From Front]

few years. It has taken the united efforts of community leaders and the average citizen to reduce this illegal and dangerous activity. Forest and woodland fires caused by arson must be stopped the same way. Nowhere in society is the arsonist accepted or tolerated. Crail said.

Crail continued that arson fires in Kentucky may stem from past practices which included burning of fields and woodlots to improve grazing and burning the woods to get rid of insects and snakes. These types of fires proved to be hazardous and they did not accomplish the goals for which they were started.

Fire can be beneficial if properly controlled, officials say. A fire in a fireplace provides some heat but many fireplaces don't provide the containment necessary to insure the house doesn't burn down. A field fire can improve soil fertility but if the fire isn't properly conducted and controlled, the nutrients are completely lost and lives and homes may be threatened or lost. Fire can be used as a tool by man if it is used under specific conditions. Most people are not completely aware of these conditions.

It is time for all citizens to band together to eliminate fire as a threat to land, other property and lives. The next fire could destroy your property and possibly injure or kill you and members of your family. If everyone refuses to accept arson and improperly used fires, there will be a reduced threat to society. Private citizens can do their part to protect our natural resources and reduce the expenditure of taxpayer dollars to suppress woodland and forest fires by reporting all wildfires, especially those caused by arson and carelessness, to the proper authorities, Crail stated.

EXTENSION HOME ECONOMICS

By: Cheryl Witt
County Extension Agent
for Home Economics

"A little ham in this, a little ham in that!" This versatile meat finds its way into so many dishes one can easily say it "hams up breakfast, lunch, snacks and dinner."

Ham is often a part of our holiday menus and there are many ways to use leftovers or just extras that you plan for other meals. We have included directions for heating ham in the microwave as well as sauces and ideas for using up the extras.

If you are watching fat intake, look for hams that are labeled, "reduced fat". Turkey hams are becoming more popular and these will work equally well in the recipes that follow. Since ham freezes well, it is not necessary to eat it day after day until it is gone. Freeze some of the extras in quantities suitable for these recipes and then enjoy the dishes into the new year.

Ham Frittata
3 green onions, sliced
1/2 cup chopped green pepper
2 tablespoons butter or margarine
8 ozs. frozen shredded hash browns (about 2 1/2 cups)
1 cup cubed cooked ham (about 4 ozs)
4 eggs
1/4 cup water
Dash pepper
1/2 cup (2 ozs) shredded Cedar cheese
Parsley
Combine onion, green pepper and butter in 9-inch microwave-safe pie plate. Microwave (high) uncovered, 2 to 3 minutes or until vegetables are just about tender. Add frozen hash browns. Cover with plastic wrap. Microwave (high) 5 to 6 minutes or until potatoes are thawed. Mix ham into potatoes. Beat together with eggs, water and pepper. Mix into potatoes. Cover with plastic wrap. Microwave (high) 2 1/2 to 3 1/2 minutes or until eggs are just about set, stirring once. Sprinkle with cheese and snipped parsley.

Let stand a few minutes before serving. Makes about 4 servings at 295 calories each.

Scalloped Potatoes with Ham
5 cups thinly sliced potatoes (about 2 lbs)
1/4 cup water
1/2 teaspoon salt
2 cups cubed cooked ham (about 12 ozs)
2 tablespoons butter or margarine
3 green onions, sliced
2 tablespoons flour
1 1/2 cups milk
1 teaspoon instant chicken bouillon

Dash pepper
1/4 cup mayonnaise or salad dressing
Combine potatoes and water in 2-quart microwave-safe casserole. Cover with casserole lid. Microwave (high) 12 to 14 minutes or until just about tender, stirring once or twice. Add salt and ham; let stand covered. Combine butter and onions in 4-cup glass measure. Microwave (high), uncovered, 45 to 60 seconds or until butter is melted. Blend in flour; stir in milk, bouillon and pepper. Microwave (high), uncovered, 4 to 5 minutes or until mixture boils and thickens, stirring once. Blend in mayonnaise. Pour over potatoes and mix lightly. Cover. Microwave (high) 4 to 5 minutes or until heated through.

TIPS: For Au Gratin Potatoes, stir in 1 cup shredded Cheddar cheese with mayonnaise.

COUNTY HOME-MAKER'S COUNCIL
By: Elizabeth F. Mullins

After the Rockcastle County's Council Dec. 7 meeting was called

ed to order by Virginia Hansel, president, minutes of the Oct. 28 were read by Debbie McQueen, the secretary.

Clara Proctor's treasurers report was interesting as we found out what we'd made by selling \$1.00 chances on our county quilt. After material for the quilt was paid for, our profit was \$276. The lucky winner of the quilt was Loraine Thacker, an employee of Brodhead's Citizens Bank.

The decision was made to wait a while before ordering more cookbooks to sell. Mr. Walker, has sold more than anyone at Jean's Restaurant.

F.H.A. is helping the County Homemakers with the Blood Drive, Dec. 15, from 2-7 p.m. at the Agricultural Service Center meeting room. Brodhead Willing Workers will help serve refreshments from 2:00 - 4:30 p.m.

A coffee table, coupons from Diners and Video Attractions to everyone that donates. Also if donor's number is drawn, they'll

receive \$25.00 from the Bank of Mt. Vernon!

The Area Enrichment Camp will be at the Rockcastle County High School in 1988. There will be 10 or 12 classes of crafts and exercises taught. The date for this will be announced later. Rockcastle County Homemakers will supply the hostesses and refreshments for this affair.

Clubs duties at the "South of the Border" International Dinner, Mar. 14, 1988, in the Agriculture Service Center Meeting room are: Set Up - Sunshine; Clean Up - Rise & Shine; Speaker - Willing Workers; and Decorating - Quail.

Although Kentucky has more Homemakers than most of the states in our nation, we pay one of the smallest amounts for our dues. But in 1988, our dues will increase. It'll be explained in meetings.

Latch Key Program leaders are needed from our clubs if it's accepted in our county. Tables will be presented at P.T.A.'s, P.T.O.'s and to Latch Key

Children who are alone after school, at home.

Announcements were: Heritage/Crafts Workshop - Tues. Jan. 12 - 10 a.m. and 6:30 p.m.; Painted Floor Cloths by Darlene Martin; Tues., Jan. 25, 10 a.m. and 6:30 p.m.; Basket Making by Janet Miller; Nutrition and Cancer Label Training will be Thurs., Jan. 20th at 10 a.m. and 7 p.m.

Next council meeting will be Feb. 29, 1988.

In the November 26th issue of the SIGNAL, Mrs. Shelby Jean, Poynter was incorrectly identified as Linda Hayes in a picture concerning Mini-garths that had been awarded by Forward in the Fifth.

In the December 3rd SIGNAL we stated that the Roundstone cheerleaders finished second in the Lancaster Tournament, when they actually finished first.
