

Local Officer Graduates from Police Training Academy: Officer Kevin G. Fletcher, of the Mt. Vernon Police Department, recently graduated from the 400-hour Police Basic Training course of the Kentucky Department of Criminal Justice Training. Officer Fletcher received his diploma from Robert C. McKinney, the newly appointed commissioner of the department. The Department of Criminal Justice Training, an agency of the Kentucky Justice Cabinet, is located on the campus of Eastern Kentucky University in Richmond. The department has the primary responsibility for law enforcement training in Kentucky for municipal and county police agencies.

MEMO TO: Rockcastle Retired Educators

I am sure you are elated as we are concerning our success with the 1988 Legislative Session. We not only protected most of our contributions, but came up with a 3% raise based on the first \$1,000 per month of our annuity.

You can show your appreciation for the hard work the lobbying committee did, by writing Frank Hatfield and asking him to express your appreciation to the entire committee.

Better yet, if you are not a member of the local, district and state organization you would really show your appreciation by signing the white membership card and mailing it to the State RTA Office or by giving it to your local membership chairperson. We need your help, numbers really count. Please consider joining the only group that is really concerned about the welfare of retired

teachers.
If you do not receive a white membership card in the mail you may call: Juanita Witt 256-2397 or Barbara Rader 256-5497.

Upward Bound Program going Strong!

Twelve Rockcastle County students are participating in the Upward Bound Program at Berea College this summer.

Upward Bound, a program funded by the U.S. Department of Education, serves high school students who have the potential to succeed in college.

The summer component of the program consists of an intensive six-week residential program at Berea College in which the students undergo career, academic and personal counseling. The core curriculum for the summer session, designed to prepare students for college general studies requirements, includes as-

spects, human relations, communications and technology. The students also receive special tutorial services and participate in more than 20 special skills courses such as computer programming, dance, photography, aquatic art and gardening.

The program has been under the direction of Berea faculty member Bill Best for 23 years. Best will be leaving the program after this summer to return to full-time teaching in physical education and general studies at the College.

Rockcastle County participants in the current program are: Rodney Lewis of Broadhead; Shayne Smith of Broadhead; Robbie Palmer of Mt. Vernon; Sherry Carpenter of Broadhead; Tawn Chance of Livingston; Mae Childress of Broadhead; Jennifer Mitchell of Livingston; Rhonda Mink of Mt. Vernon; Angela Stennis of Livingston; Patricia Stanfield of Broadhead; Melissa Renner of Orlando, and Stacy Moore of Mt. Vernon.

Even your hard-earned money won't get you one of these three TV's.

But a trip to Citizens Bank's new Mt. Vernon office just might.

That's right. Just a visit to our new office entitles you to register to win one of three 20" color TVs. Drawings for a free color TV will be Friday, August 5, Friday, August 12 and Friday, August 19. You need not be present to win. You must be 18 or older to register. And no purchase is necessary. One entry per person, please. Your entry is good for all three drawings.

Cash in on a free gift!

We're so excited about the opening of our Mt. Vernon location, we're giving away gifts—*absolutely free!* From Monday, August 1 through Wednesday, August 31, (or while supplies last), you can choose an autoshade to keep your car or truck cool or a brightly colored yardstick just for stopping by. But, hurry! Supplies are limited.

New account customers receive a special gift.

For a minimum deposit of \$300 you'll receive either a large, full-size umbrella or a tote umbrella free when you open a checking or savings account at our new location during the month of August. Visit us soon, though, quantities are limited.

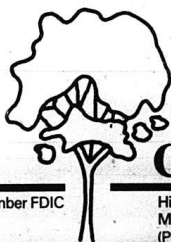

Our new office means greater banking convenience.

The Mt. Vernon office features two new drive-ins for easy in and out banking. Try the new drive-ins, and you'll find how much quicker your banking transactions can be. Safety deposit boxes and a full line of retail banking services are readily available. Commercial banking and lending services are also offered.

Come celebrate with us, August 1 through August 31.

Citizens Bank's new office is located in Mt. Vernon. We're open Monday through Thursday 8:30 to 3:00, Friday 8:30 to 6:00, and Saturday mornings, 8:30 till noon. So come celebrate with us. After all, you could win a 20" color TV from Citizens Bank without spending your hard-earned money to buy it!

4 arrested for growing marijuana

A lot of marijuana plants have been pulled up in the past few days in Rockcastle County. With one "bust" that resulted nearly 10,000 plants on July 14, this week Kentucky State Police repeated and arrested four county men at Sand Hill Friday and charged them with cultivating over 25 marijuana plants for the purpose of resale, a felony.

Arrested were Billy Gene Burke, 45, Terry Lee Burke, 18, Michael Mason, 22 and Jessie Mason, 21. The four each posted \$2,000 property bonds.

State Police Sgt. Glenn Dalton reported police found and destroyed 1,637 in two plots. They said the four were arrested in one plot of 1,050 plants as they left the field which had been under surveillance for several weeks, Sgt. Dalton said.

Mr. and Mrs. Darrell W. Whitaker talk with U.S. Rep. Harold Rogers during his visit to the county Friday.

Brodhead fair opens Aug. 6

The 93rd "Little World's Fair and horse show opens Saturday, Aug. 6, in Brodhead for a seven day run.

The fair opens Saturday with a dairy show from 4-11 and FFA. There is no admission. There will be a \$3 admission that night for a concert by Joshua Cooley. No passes accepted.

The midway opens at 6 p.m. Monday with the JPR/SRA rodeo scheduled for 8 p.m.

Tuesday is kids day from noon to 4 p.m. on the midway. The midway is open at 6 p.m. with the rodeo at 8 p.m.

The exhibit hall opens at 6 p.m. Wednesday and remains open until 9 p.m. At 7 p.m. the Bluegrass Horse Pullers Association, Sanction Horse Pull is set for 7 p.m.

Thursday beginning at noon is kids day until 4 p.m. The exhibit hall is open also. The horse show is scheduled for 7:30 p.m. with 14 classes.

Friday's highlight is a 13-class horse show at 7:30 p.m.

The fair ends Saturday with a horse-show pitching contest at 10 a.m., the Kentucky Pony and Mule Pulling Association Sanction Pull at noon and finally a 17-class championship horse show at 7:30 p.m.

Vinson's Amusement is on the midway. For those two years old and over, \$5 admits them to all attractions and unlimited rides.

Rep. Rogers lauds Renfro

By: Jeff Hammond

The importance of tourism to Rockcastle County and to the Fifth District was emphasized by U.S. Rep. Harold Rogers at a community meeting Friday at the courthouse.

Rogers said a study to determine how to improve tourism in the Fifth Congressional District concluded that Renfro Valley was a key to the tourism in the entire district. Rogers praised the efforts of Mrs. Ann Henderson and those of her father the late John Lair.

"More than 100,000 people pass by

Renfro Valley each day via I-75, and we need to get those people off the highway and into our parks and recreation areas such as the Big South Fork, Cumberland Falls, Cumberland Gap and others," Rogers added.

The representative annually visits town in the Fifth District to get the views of local people on subjects his constituents feel are important to them.

Rogers was critical of the lack of attention the Fifth District receives from state government.

"This area of the state has long been considered a step-child by the state

many areas for so long," Rogers said. "Roads, schools, jobs and all the things state government should do for its people have not been accomplished in these areas."

Rogers praised three organizations that have made the Fifth District more attractive to businesses, residents, and tourists. The Southeastern Kentucky Economic Development Council, Forward in the Fifth, and the Tourist Development Association were all praised by Rep. Rogers. Locally Rogers applauded the efforts of former Mt. Vernon Mayor Roland

Tutoring helps children's skills

By: Jeff Hammond

Children usually reserve their summers for leisure activities such as swimming, camping, hiking and other outdoor activities they might fancy. But this year 46 students have been spending a portion of their time improving their skills for the upcoming school year.

A summer tutoring program sponsored by the Christian Appalachian Project under the direction of Gary Eldridge, program manager of the Family Life Center School, has given several area youngsters the opportu-

nity to improve upon their basic skill and hopefully allow them to experience greater success once the schools open.

Linda Argenti, a one year volunteer from New Jersey, coordinated the summer tutoring projects and teaching assignments. According to Eldridge, Argenti and the staff deserve full credit for the success of the program.

"It has been one of the most rewarding and powerful experiences of my life," Argenti said. The students have had individual tutoring sessions to improve their basic skill

for school, opportunities to participate in a variety of group sharing projects, development of self-esteem and self-motivational skills experiences and activities enabling them to learn about themselves.

Enrollment in the program began with each parent having a conference with one of the teachers to examine the child's Kentucky Essential Skills Test (KEST) results. A review of these scores enable the teacher to determine in which subject areas the child needed help.

Gilbert D. Burton named candidate for magistrate

Gilbert D. Burton, farmer and businessman, has been chosen by the Rockcastle County Democrat Committee to oppose Republican Ricky Kirby on Nov. 8 for the District 3 magistrate seat vacated by Doug Bishop.

Kirby, of Brodhead, was chosen earlier by the Rockcastle County Republican Committee. The winner will serve the one year remaining on Bishop's term.

Burton, 70, lives at Willalta and has been farming for most of his life. He was also in the dairy equipment business for 25 years.

Currently, Gary Scott is serving as magistrate after he was appointed by Gov. Wallace Wilkinson.

Currently, Gary Scott is serving as magistrate after he was appointed by Gov. Wallace Wilkinson.

Three seats on the Rockcastle County Board of Education are up for election on Nov. 8. They are the Division 2 seat held by Willie Taylor, the Division 4 seat held by Edna Carmon, and the Division 5 seat held by Kenneth Adams.

Only one candidate has filed for a

Three candidates do not have opposition. They are 80th District U.S. Rep. Danny Ford, 5th District U.S. Rep. Harold Rogers, and State Sen. John Rogers.

Deadline for filing for Mt. Vernon offices is also Sept. 1.

Court case speed-up

In an effort to speed disposition of cases by reducing the heavy caseloads in five south-central Kentucky judicial circuits, and to equalize the judicial workload throughout the region, Chief Justice Robert F. Stephens has issued an order, effective July 1, 1988, to re-assign a number of cases to special judges.

Over the past five years, Kentucky's 91 circuit judges have averaged a yearly rate of 843 cases filed per judge. However, some judges have many more cases per year, while others have far fewer. The disparity ranges from as high as 1206 cases per judge to as low as 479 cases a year per judge.

The Cumberland Judicial Administrative Region in the south-central part of the state consists of nine judicial circuits, encompassing 22 counties from as far north as Washington, west to Monroe, east to Harlan, and south to the state line. Of the nine judicial circuits, five are in the top 25 percent of statewide average case filings over the past five years.

In the 28th Judicial Circuit (Rockcastle and Pulaski Counties) Circuit Judge Daniel Veners has 1191 case

filings yearly.

Reduction of the 1191 case filings in the 28th Circuit (Rockcastle and Pulaski), Judge Daniel Veners, will be accomplished by re-assigning, at random, up to 100 cases from Rockcastle County to circuit Judge William Jennings in Clark and Madison Counties (25th Circuit), and up to 200 cases from Pulaski County to District Judge William Cain. The re-assignment of a total of 300 of Judge Veners' cases to other judges will reduce his yearly average of 1191, second highest average in the state, to the level of 891, barely within the recommended range and still above the statewide average of 843.

Under this equalization plan, all

City police keep up with times

By: Ray McClure

In the good old days, like the 1930s, 40s and 50s, policing Mt. Vernon was a matter of walking Main Street. That's where most of the action was found.

Clifford Pittman and McKinley Arnold, to name two, did a lot of walking Main and Richmond streets over the years. In fact, most lawbreakers knew if they broke the law, Clifford and McKinley would get 'em.

These days, it's a lot different. Crime in Mt. Vernon is the same as crime in the city, only on a smaller scale. It's vandalism, burglary, speeding, noise, drugs, lots of alcohol and littering.

To apprehend the culprits these days, it's a matter of car against car, not a chase on foot.

Today Mt. Vernon has six policemen to keep the peace, one of which, Wayne Denny, is currently on medical leave.

On duty longest in the Mt. Vernon department is Chief Joseph L. How-

ard, who has been a policeman for over eight years.

Next on the force in length of time are William A. Mink, assistant chief, who has been on the force 1 1/2 years, and Larry Thompson for a year and three months.

Jack Fortner has been with the department eight months and Kevin Fletcher for six months.

All Mt. Vernon's policemen have completed training at the Criminal Law Academy at Eastern Kentucky University, where they receive over 400 hours of training on such subjects as driving, arrest, pistol instruction, court actions, criminal law and any other related subject that might come up. Chief Howard has had 760 hours of training.

Mt. Vernon police are on duty around the clock, one policeman each on an eight-hour shift. A lone-some and strong job, especially at night, most policemen come to think during this night shift that everyone is asleep but him, and on occasion, a lawbreaker.

"We do the best we can, but it's

hard for us to be everywhere at the same time," Chief Howard related in answer to a question on patrolling.

But, looking at the record, Mt. Vernon's serious crime rate is low. Most responses are to domestic quarrels, traffic, alcohol, drugs and out-of-control youngsters. There's seldom an in-city murder.

The chief said a major problem in the city is with teenagers who congregate in various locations on Main and Richmond streets at night, litter the area and are loud. Some of them loaf all night.

A Mt. Vernon policeman is usually chosen by the chief. However, anyone can apply. They must be a high school graduate, be over 21, and be willing to go to the police academy at EKVU. The applications are turned over to the city council's police committee comprised currently of Clarke Kirby, Billy Ray Doan and Earl Nichols.

Today, as in other years, Mt. Vernon's business people and others have supported police activities. The

Letters to the Editor

Dear Editor:
 Please help publicize a Smith Reunion to be held Saturday, Aug. 6, at Broughtontown School. Many people have descended from the Smiths who settled in Lincoln, Putnam and Rockcastle counties in the late 1800's. Discussion and booklet distribution on descendants of Peter Smith and Joseph L. Smith who were both born in North Carolina, moved to Virginia and settled in Kentucky in about 1852 will occur.
 The activity will start with a noon carry-in luncheon, with doors open at 11 a.m. with program concluding about 2:15 p.m. No reservations are needed. For more information call Beulah Brown at 355-7248 or Joyce Rogers 355-7259.
 Sincerely,
 Harold Brown

Dear Editor,
 On Friday May 27, 1988 our only beloved son William (Billy) Collins was in an automobile accident near Louisville. He was taken to Humana University Hospital in Louisville where he spent 51 days in the ICU unit till God called him home July 16, 1988.

We would like to express our thanks and appreciation to our many friends, ministers, neighbors, relatives, churches, who came to the hospital, home or church, funeral or cemetery.

A special thanks to both our parents Mr. and Mrs. Robert Collins and Mr. and Mrs. George Watson, they being left themselves. We thank God they are still with us and we love them very, very much.

"Also Billy's great-great-aunts, "Mollie Westerfield and Lora Hamilton". We thank God for your prayers, love, kindness, encouragement, visits, donations, food, flowers, cards or maybe you couldn't be there, we can never thank you enough.

Without "God", and your prayers and support, we could not have stood alone.

Only God, your prayers and support see us through. We know we cannot say or do anything to bring "Billy" back but your prayers will help us to find comfort in our "sad hours".

Only God can help us search our hearts, and help us to walk daily in his footsteps and get closer to God.

We want to say thanks again. Thank you, we love and appreciate everyone of you and we still desire your prayers. Thanks to Dowell and Martin Funeral Home.

May God Bless Everyone

Baker

One of the early performers on the Renfro Valley Barn Dance, Robert L. "Bob" Baker, died July 22, 1988 after a long illness. He was 72.

Baker, who sang and played guitar with his late brother, Jesse, stopped performing on the barn dance only after he became very ill.

The Baker Brothers began playing at the barn dance in the 1940s and continued until Jesse's death several years ago. Bob then continued to perform with Jim Gaskin until he became too ill.

He had operated restaurants and a service station at Pine Hill and in Lexington.

He was born in Jackson County Jan. 28, 1916, the son of Burt A. and Mamie Cole Baker. He was a member of Dave Jackson Masonic Lodge 731 of Livingston, and a Shriner with the Oleika Temple of Lexington and a Scottish Rite Mason. He was also a member of the Disabled American Veterans, having served in World War II, in the First Engineer Combat

Battalion

He is survived by his wife, Elizabeth Baker of Mt. Vernon; a son, Edwin Lee Baker of West Alexandria, Ohio, and a daughter, Loraine Noc of Mt. Vernon; two brothers, Curtis Baker of Mt. Vernon, and Burnam Baker of Livingston; a sister, Lola B. Goeke of Richmond, Ind., and a grandson. He was preceded in death by two infant children and a brother.

Services were July 23 at the Dowell and Martin Funeral Home by Bros. Paul Burton and Don Stayton. Burial was in the Hiatt Cemetery at Renfro Valley, where his grave overlooks the old barn. Arrangements were by the Dowell and Martin Funeral Home.

Pallbearers were: Terry Clark, Charlie Napier, Glen Thompson, Jim Gaskin, Jerry Isaacs and Al Ballinger. Honorary bearers were: Curt Caldwell, Manuel D. Clark, Pete Stamper and Jack Anglin.

Taylor

Alta Mae Taylor, 79, of Brodhead died July 6 at Rockcastle County Hospital after a long illness.

She was born September 4, 1908 in Rockcastle County, the daughter of the late Johnnie and Janie Hayes Taylor. She was a member of the Mt. Zion Baptist Church.

Survivors are one sister, Siella Bea Bullock of Brodhead, six nephews and seven nieces, Jeanette Ramsey, Carol Martin, Ermon Bullock, Everett Bullock, Bernice Thomas, Glenda Bullock, Kenneth Bullock, Roger Bullock, Ray Bullock, Melvin Bullock, Freda Bullock, Joyce Fox and Janet Richie.

She was preceded in death by one

brother Curtis Taylor and one sister Sisle Bullock and stepmother Lina McKinney Taylor.

Services were held at Cox Funeral Home Chapel with Wayne Harding and Stephen Boyd officiating. Burial was in McKinney Cemetery.

Firemen's Corner

Car Carel

If you're like me, your car is a prized possession. At the very least, it is transportation. If it catches on fire, or you wreck it, or it breaks down, it fails to be a prized possession.

Here are some tips to prevent disaster:

- Don't fill the gas tank too full in warm weather. A pressure increase will cause the gas to overflow.
- Always keep a clean gas and air filter installed. The air filter helps keep the proper fuel/air mixture in the carburetor and will help prevent backfiring which can cause a fire.
- Change the oil and oil filter regularly. Check the level often.
- Keep the coolant supply full.
- Keep the transmission fluid reservoir full. These fluids will prevent overheating and malfunction.
- Keep the tires properly inflated.
- Keep all lights working properly and use them.
- Don't smoke while working on a vehicle. It can lead to an explosion.
- Wear your seat-belt on all trips;

short and long. They will save your life. Fire, police and ambulance personnel wear them. Ask them how well seat belts work.

Drive defensively, not offensively. Please support your local fire department.

Acid rain threat to K.U.

Acid rain continues to be a major concern for KU and the electric utility industry. Proposed legislation requiring reductions in sulfur dioxide and nitrogen oxide emissions could cost KU up to \$298 million for the installation of scrubbers at the company's power plants. This would result in a 22.6 percent increase in electric rates.

Studies conducted by the environmental Protection Agency, the Department of Energy, the Electric Power Research Institute, and others have demonstrated that existing clean air legislation has worked well in protecting the environment. Since 1975, sulfur dioxide emissions in the U.S. have been reduced by 27 percent despite a 71 percent increase in coal consumption by electric utilities. The scorecard in Kentucky is even better, with utility sulfur dioxide emissions decreasing 49 percent from 1976 through 1985. This reduction is much greater than our neighboring states of Illinois, Indiana, Missouri, Ohio, Tennessee and West Virginia.

The Clean Air Act is doing a good job and it would be unfair for KU's customers to have to pay for additional emission controls. Even with the proposed legislation, there is no assurance that the desired environmental benefits would be obtained. The company continues to support

A Weekly Report from Fifth District Congressman Hal Rogers

For much of the nation, and particularly Kentucky, the drought of 1988 poses serious problems for farmers, communities and businesses. I am working here in Congress to support efforts to help our region cope with what may become the most devastating weather disaster in recent history.

The threat of this situation cannot be underemphasized. Already, it is estimated that 25 percent of our tobacco crop may be lost. Grain prices have skyrocketed in recent weeks, with corn prices nearly tripling and soybean prices up from \$4 a bushel to \$10. Feed costs are quickly draining our livestock producers, and the lack of rain has seriously depleted our grazing land. Many farmers have already begun using the hay they were saving for this coming winter, for some, there is no more hay to feed their animals.

To help, I joined Senator Mitch McConnell in calling for action by the U.S. Department of Agriculture to allow the use of set-aside land and reserve land for haying and grazing. While this will help, it appears this action may not be enough, and I am hopeful we will see Kentucky counties become eligible for emergency feed assistance and emergency feed programs soon.

A special drought task force has been created by the President, chaired by Secretary of Agriculture Richard Lyng. It includes members of the House and Senate Agriculture Committees and others involved in farming. This task force is meeting weekly to assess the drought situation and is prepared to put together emergency legislation to provide even more assistance to farmers should the drought continue. This cooperation between U.S.D.A. and Congress is vital in helping provide prompt, fair action to help our farmers. The task force will also be investigating any charges of unfair food price increases in order to protect consumers and farmers alike.

Already, nearly half of all the counties in the United States have been approved for some assistance from the Department of Agriculture. My role as congressman is to assist our counties in getting their applications for drought aid approved immediately, and so far the turn-around time has usually been one day. I will continue to pressure U.S.D.A. for quick and affirmative action on our counties' disaster requests.

But the drought is also causing many of our communities to fear for their water supply. As river levels fall and reservoirs dry up, our towns and counties will likely have to begin water conservation measures. One possibility being considered by the drought task force is directing the Army Corps of Engineers to work on providing water for communities in need.

Another problem is the inability to move barge traffic up and down our major waterways, particularly the Mississippi and Ohio Rivers. The Corps is already dredging where necessary to help keep some barge traffic moving. Should this trend continue, Congress will be looking at other emergency action in these areas as well.

All of us face serious problems if the current drought continues much longer. But I am encouraged by the cooperation I have seen so far between U.S.D.A., the President and Congress in making sure that drought aid is available to regions which are suffering. I pledge my complete support to any and all efforts to help our people cope with what has rapidly become a national crisis.

Mr. and Mrs. Jones Kevin Hamm

Miss Miller weds Mr. Hamm at Maretburg Baptist Church

Elizabeth Anne Miller and Jones Kevin Hamm were married at 2 p.m. on May 22, 1988 by Rev. Clyde Miller, pastor of Sand Hill Baptist Church. This event was held at Maretburg Baptist Church.

The bride is the daughter of Mr. and Mrs. Clyde Miller of Calloway and the groom is the son of Mr. and Mrs. Jones Oscar Hamm of Maretburg.

A program of wedding music was conducted by Sue Rowe on the organ and Jamie Cox sang "Only the Beginning," "To Me: You Are," and "Longer Than."

The bride wore a floor length, radiant satin gown lightly crowned with netted illusion. The yoke rich with pearl beading and sequins was topped with a lacy wedding band collar. Adorned with pearls were the romantic Juliet sleeves and the slender basque bodice. The plunging V-laced back was tailored with a string of covered buttons and lacy bridal illusion. At the point of the V the hips were lightly kissed with a large satin bow. The slightly flowing skirt ex-

tended to the floor where it gave way to a chapel length train. The bride chose to wear a netted illusion veil with a high crown, charmed with pearls and sequins. Her face was adorned with silken babies' breath and satin ribbon. She carried a cascading bouquet of roses and white zambenies.

Miss Deborah Miller, sister of the bride, was maid of honor. She wore a royal blue, satin, floor-length gown with a lace collar. The tiny bodice enhanced as it flowed into a full skirt with ruffles and a sweeping train. She carried a long stem, red rose bouquet. The bridesmaids were Miss Bethany Thompson and Mrs. Pamela Burdette. They wore identical, royal blue, tea-length dresses of taffeta, covered in flowering lace. Their dresses were accented with a ruffled, off-the-shoulder neckline. They each carried a long stem, red rose bouquet.

Bobby Joe, daughter of Mike and Lynette Barr and Angela, daughter of Steve and Ona Kay Owens were

High Quality Canned Tomatoes
Cherry Wilt
 County Extension Agent
 for Home Economics

You may now use the pressure canner to process tomatoes or tomato juice.

The latest recommendations from the United States Department of Agriculture (USDA) from research on canning tomatoes and tomato juice suggest that better quality and higher nutritive value can be obtained by processing in a pressure canner.

However, bottled lemon juice or citric acid still must be added to ensure safety of canned tomatoes or tomato juice.

In the past, many people used the suggestions of commercial pressure canner companies to use five pounds of pressure for 10 minutes or 10 pounds for five minutes. These recommendations are considered unsafe, according to the USDA research.

Some of the reasons are that newer pressure canners have thinner walls and require less heating and cooling time, and tomatoes grown today have less acid than tomatoes grown in the past.

To assure an even heating temperature, all pressure canners must be vented for a full 10 minutes. This step is essential, even though some pressure canner directions state that venting is unnecessary.

Tomato Juice

Procedure: Wash, remove stems and trim off bruised or discolored portions. To prevent juice from separating, quickly cut about 1 pound of fruit into quarters and put directly into saucepan. Heat immediately to boiling while crushing. Continue to boil until soft and crush freshly cut tomato quarters to the boiling mixture. Make sure the mixture boils constantly and vigorously while you add the remaining tomatoes. Simmer 5 minutes after adding all tomatoes.

If you are not concerned about juice separation, slice or quarter tomatoes into a large saucepan. Crush, heat and simmer for 5 minutes before venting.

Press heated juice through a sieve or food mill to remove skins and seeds. Heat juice again to boiling. Add 2 tablespoons bottled lemon juice or 1/2 teaspoon citric acid to quart jars. For pint jars, add 1 tablespoon bottled lemon juice or 1/4 teaspoon citric acid. Add 1 teaspoon of salt per quart jar or 1/2 teaspoon per pint jar. If desired, fill jars with hot tomato juice, leaving 1/2-inch headspace. Adjust lids and process.

Hot-Pack
 Boiling-water canner: Pints - 40 minutes - Quarts - 45 minutes
 Dial-gauge pressure canner: Pints or Quarts - 12 pounds, 15 minutes
 Weighted-gauge pressure canner: Pints or Quarts - 15 pounds, 15 minutes

Airman Stephen M. Dick, son of Glenis E. Dick of Mt. Vernon and Jerry A. Dick of Kernersville, N.C., has graduated from Air Force basic training at Lackland Air Force Base, Texas. During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations. In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force. His wife, Renée, is the daughter of Phyllis Parrot of Mt. tended at the Fairview Baptist Church over the week-end. Sunday School attendance July 24th was one hundred and fifteen for which we are

thankful.

Our deepest sympathy goes out to all those who have lost loved ones recently, one of which was Mrs. Ida Abney, who passed away Wednesday July 26th at the age of 95. She was born August 8, 1892. Bless her heart, she has lived a long life, raised a big family and like all our older beloved people, worked hard to help make an honest and decent living. But now she is at rest. May God bless all loved ones who are left behind to mourn the passing of the ones they love. They have our prayers.

Also let's keep our sick friends on our prayer list and pray for them.

And I must mention the good rain we have received since I wrote the last time and Oh! how we thank our Heavenly Father for them. Our country looks so different, everything now is so green where for a while the grass was so brown. I'm sure many, many people prayed for rains and gave thanks for it. God is so good to us and we appreciate everything He does.

Visiting Mrs. Mary Cope recently has been Mr. and Mrs. Jim Bowles of Junction City, Sylvester Cope, Mrs. Helen Spires and son Dwayne Spires and his children of Berea.

Recent guests of Mrs. Georgia Blair were Mr. and Mrs. Chuck Shanks of Lima, Ohio and his sister-in-law Mrs. Joe Place of Fla., James Moore of Brindle Ridge, Mr. and Mrs. Green Lakes and son Scott and Dan Moore's daughter and two chil-

children of Berea. Since the death of their parents Mr. Tom Moore and Mrs. Madala (Miller) Moore back in August of 1965 Mrs. Blair has provided a home for all her visiting brothers and sisters. They speak of her as being a wonderful sister and such a good Christian lady. They love her so much. She and her late husband Massie attended our church and were faithful members (Georgia still attends) and brought their three daughters up in the House of the Lord. Massie was a deacon in our church for many years and one of the finest men we have ever known and we all at Fairview have admiration and love for Georgia. Out of the thirteen Moore children, eight are now living, Mable Poynter, Lee Moore and Irene Shanks of Lima, Ohio, Ruby Schelof of Kettering, Ohio, Reuben Moore of Johnson City, Tenn, Dottie Gabbard of Berea, James Moore of Broadhead and Georgia Blair of Boone. Deceased are Dan, Viola, Shirley, Kenton and Albert. They have all lived in our community and we have known and loved them for years. God bless them all.

Mr. and Mrs. Morton Jet of Jackson visited her sister and family Mr. and Mrs. Eugene Alexander and Kenneth on Sunday and had dinner with them.

Visiting our home recently have been Mr. and Mrs. James Seals, Mr. and Mrs. Wayne Chasteen, Rev. Denton Sears, and Robert Chasteen. (Cont. to 15)

Junior Tyra of Winchester spent a few days last week with his mother, Mrs. Viola Hensley, who has been ill for some time. We were thankful she is doing much better and almost through her treatments.

I spent a few days in Rockcastle Hospital last week due to a mild heart attack. I am thankful to be back at home and want to thank everyone for the visits, cards and flowers, also the nurses and aides and Dr. Gutierrez for their services. I am feeling lots better at this time.

My visitors since coming home were, Mr. and Mrs. James T. Parsons and Elizabeth Ann of Lexington, Brenda Bradley, Vivian Owens, Edna Caldwell, Benny Craig, Gathill and Nell Craig, Willie and Mabel Taylor, J.S. Craig Jr., Danny McKibben, Bob and Clara Proctor, Gervis and Carol Singleton of London, Ron Singleton of Louisville. Mr. and Mrs. Paul Croley, Daniel and Blaine of Dayton, Ohio spent a few days and took good care of me after I came home. I wish I could have them all the time. I also had a phone call from my grandson Alan Singleton and family in Georgia.

Mrs. Ruth Russell spent the weekend with her mother, Mrs. Winnie Bryant in Mason, Ohio.

Mrs. Alice Bussell suffered a light stroke and spent some time in the Rockcastle Hospital and is now recuperating at her home.

Mrs. Verla Brown and J.L. Brown were Monday visitors of Mrs. Fannie

Albright.

Clarence Fleicher and wife Evelyn of Tipp City, Ohio and Mrs. Eula Belvid of Dayton, Ohio, were weekend visitors of Mrs. Maggie Fleicher, Audrey, Chas. and Patsy and Edgar and Callie Howard. Other visitors were Alene and Tonya Parrett, Clara and Suzanne Graves.

Miss Melanie Baldwin and Miss Traci Mink spent their vacation in the Bahamas Islands.

A cocktail for Melanie Baldwin's birthday was at her mothers home, Blanche and Frank Johnson. Others attending were her grandmother, Mrs. Ellen Brown, her brother Tommy Baldwin and wife and their friend Steve Singleton.

Mrs. Ada Halcomb of Mt. Vernon was a Tuesday visitor of Mrs. Mib Carson, Mr. and Mrs. Avery Wilson of Indiana also spent the weekend with Mib and Mrs. Ollie Harrison.

Mrs. Ruby McKinney, Mrs. Mib Carson and Mrs. Joyce Sowder were in Danville Monday for their doctors appointment. They also did some shopping.

Members of the Rockcastle County High School football team take time out of their practice session Tuesday for a water break. The Rockets open their 1988 season Aug. 19 at Lynn Camp.

Football practice begins for Rockets

The Rockcastle County Rockets football team began practice last week in preparation for the 1988 football campaign. This year the Rockets will open their season Aug.

19 at Lynn camp. The first home game will be Aug. 26 as the Rockets host Adair County.

The Rockets have five home games. Ticket prices will remain \$3 for adults, \$2 for students and preschool admitted free. To show fan appreciation the Rockets will be offering season tickets. Prices are \$12

for all five home games for adults, \$8 for students. Tickets will be on sale Aug. 1-19 at the high school. They may also be purchased at the first home game (Adair Co.). The rest of the 1988 schedule is as follows:

Aug. 26 Adair Co.	H
Sept. 2 McCreary Central	A
9 Pulaski Co.	A
16 Everts	H
23 Madison Southern	A
30 Bell Co.	H

Little League All-Stars Lose to Knox

The Rockcastle Co. Little League All-stars lost 2-1 to Knox Co. last Wednesday evening in the semi-finals of the regional tournament held at Lee County's field.

The game boiled down to a pitching duel between Rockcastle's Jason Fletcher and the Knox County ace, Fletcher surrendered only 3 hits in 7 innings of baseball.

The game had twice been rained out, the previous day Rockcastle had taken a 4-0 lead in the top of the first inning before the rains came. Unfortunately, at least for the Rockcastle All-stars, they were not allowed to resume the game with the 4-0 lead because a complete inning must be played before it counts in little league.

Heart transplant recipient will play in celebrity game

Livingston resident Paul Drew, who received a heart transplant at the Jewish Hospital Heart and Lung Institute on April 23, 1987, will participate in a celebrity softball game on Aug. 1, at Louisville's Cardinal Stadium.

Drew, 48, will join other Jewish Hospital heart-transplant patients, their physicians, and Louisville sports and media celebrities in the two-inning exhibition scheduled for 6:15 p.m. The event will precede the Louisville Redbirds game with the Nashville Sounds.

The exhibition is sponsored by the Jewish Hospital Heart and Lung Institute and the Kentucky Organ Donor Affiliates (KODA). Jewish Hospital heart-transplant recipients in Kentucky, Indiana, Illinois, Ohio and Tennessee will participate. Dr. Laman A. Gray Jr., thoracic and cardiovascular surgeon, Professor of Surgery at the University of Louisville School of Medicine, and head of the heart transplant team at Jewish Hospital Heart and Lung Institute, said he hopes the game will educate the public about the vitality of transplant patients. "This game will demonstrate the active lives that most organ recipients lead," he said.

Fishing Report

Fishing activity over the July 23-24 weekend was light to moderate statewide. Largemouth, white bass and bluegill were reported as the most active species during the weekend period and fishing at night is the most productive. The lake-by-lake report:

Kentucky: White bass were hitting jigs and spoons 15-20 feet deep over drop-offs hitting plastic worms 10-15 feet deep along drop-offs; clear, rising at summer pool and 84 degrees.

Barkley: White bass were hitting spoons and buzz baits 5-15 feet deep along creek channels and in open water; largemouth bass were hitting crankbaits and plastic worms 15-20 feet deep over drop-offs and weed

The Dodger T-Ball team finished the season with a cook-out and trophy presentation. Shown above are, first row, from left: Stewart Abney, Jaci Durham, Jacob Burdette, Robert Alexander, Mark Edward Parsons. Second row: April Reams, Amber Coffey, Janie Coffey. Back row: Coaches Paul Abney, Rudy Burdette, Bobby Alexander and Mark Parsons. Not present for photo were: David Burdette, Lindsey Hall and Shauna Hall. (photo by Doug Brock).

bods; clear, rising, at summer pool and 88 degrees.

Herrington: Largemouth bass were hitting plastic worms 10-15 feet deep along the shoreline; bluegill were hitting crickets 10-15 feet deep along the shoreline; clear, rising, 16 feet below summer pool and 84 degrees.

Upper Cumberland: Largemouth bass were hitting plastic worms at night 20-25 feet deep along drop-offs; bluegill were hitting crickets 15-20 feet deep off rocky points; clear, rising, 22 feet below summer pool and 80 degrees.

Dale Hollow: Largemouth bass were hitting jig and pig combinations and plastic worms at night 25-30 feet deep along drop-offs; bluegill were hitting crickets and red worms 15-20 feet deep over submerged trees; clear, rising at eight and one-half feet below summer pool and 86 degrees.

Laurel: Bluegill were hitting crickets 5-20 feet deep in open water; trout were hitting nightcrawlers 20-25 feet deep along drop-offs; clear, rising, 25 feet below summer pool and 82 degrees.

Low-flying insects are said to be a sign of impending bad weather.

ATTENTION: Parents of Rockcastle County High School Students

The 1988-89 school year will soon begin as students start classes on Wednesday, August 17, 1988. The administration and staff at Rockcastle County High School are looking forward to a successful year for the students. Following are some guidelines to provide both parents and students assistance in helping make this a great year at R.C.H.S.

1. In some classes, a fee may be charged to help pay the expense; below is a list of those fees:
Industrial Arts-----\$5.00 per semester
Agriculture-----\$4.00 per year and \$6.00 for Future Farmers of America
Chorus-----\$5.00 per year and uniform
Guitar-----\$12.00 per year and good guitar
Art-----\$12.00 per year
Home Ec-----\$7.00 per year
Biology-----\$2.50 per year
Typing-----\$7.50 per semester
Computers-----\$10.00 per semester

2. Lockers are provided for students at a cost of \$5.00 per year (Lockers furnished by school). Only brothers or sisters may share lockers. Lockers will be sold the first day.

3. School insurance is available, but is optional. Athletes, physical education students and those in shop classes are encouraged to purchase the policy. The cost is \$7.00 per year for coverage at school and \$35 for 24 hour coverage and the dental policy for an additional \$3.

4. Textbooks are rented for \$4.00 per year or \$2.00 per semester. Free textbooks are provided to those students who meet federal and state guidelines for free or reduced lunches. All students are to pay for lost or damaged books.

5. Students should dress modestly. Avoid wearing mesh shirts, short shorts (any pants must cover knee), bare midriffs, tank tops and shirts promoting illegal substances. Students will be asked to change clothes or be sent home if dress is thought to be inappropriate.

6. Student drivers must register their vehicles in the office - the cost is \$3.00 per vehicle for parking permit. Parents are responsible for the manner in which their children drive on school property.

7. Student drivers must have parental permission to leave school. Parents should call the principal's office before 10 a.m. to grant permission to leave. If a student plans to leave with another student or a person other than a parent, the parent must also call to give permission stating who will pick up the child.

8. A parent picking up a child does not automatically insure an excused absence for the child. Criteria for excused absences are specific and can be found in the student handbook.

9. Parents are asked to pick up their children between class periods to limit classroom interruptions. The most appropriate times are 9:30, 10:30, 11:30, 1:00 and 2:00. The student must attend at least thirty minutes of a class to be counted present for that class period.

10. Students are responsible for any damage they do to school property.

11. Students may not bring visitors of any age to school.

12. Students should be at school for homeroom by 8:20. Excessive tardiness is subject to disciplinary action.

13. Knives are not allowed on school grounds.

14. For the first time, R.C.H.S. has used computers to schedule classes for our students. The schedules will be ready on the first day of school.

15. We will also use computers for grade cards this year. Prior to each six weeks grade period, we will announce when you should expect your child to bring home the grade report. Should you not receive a copy of the grades, please call the principal of the high school.

More detailed information on the activities, policies, etc., for Rockcastle County High School is provided to each student in a handbook at the beginning of the school year. Parents are encouraged to read this important booklet. Hopefully, this information will be of help to you, the parents of our student body. If we all cooperate and work together, we can make the school year not only educational, but also very enjoyable for the students. Please feel welcome to come by school or call if you have any questions. (256-4816).

Friends, faith help family in pain

William Collins was so determined that a close friend see him graduate from North Hardin that he made the Magee 27 drive to Indiana to pick her up.

But Collins never reached the ceremony. There was an accident on the return to Radcliff. Collins apparently fell asleep while driving and his truck rolled over and over. On Saturday, after 51 days in the hospital, the 17-year-old Collins died.

"It's been rough for seven weeks, but with the help of God we've waited," his father, Russell Collins, said Sunday.

"The support of friends and family have helped us make it through." "They still had a strong faith that God wouldn't take him," said Dorothy Cundiff. Dorothy and Ben Collins' son, Mike, was William's best friend.

"I don't think any of us really realize or believe that he has left us," Mrs. Cundiff said.

Collins' passenger and close friend, Diane Dingess, was asleep at the time of the accident and was unable to tell police what happened. She escaped with only a few scratches. Mike Cundiff stayed at the hospital

with William's parents almost constantly through the vigil. Mike, 16, even gave up his job at the Golden Corral Restaurant in Radcliff to stay with his friend.

"He's been an outstanding help," Russell Collins said. "He's just supporting in every way."

Doctors told Mike at 5:30 Saturday evening that William would not make it through the night. At about 8:30 p.m., they told him William had died.

Mike, fighting tears but keeping his voice steady, said he will try to remember everything about his friend.

The two had been friends since they met at North Hardin about two years ago. They were fishing buddies, Mrs. Cundiff said. "They had these dreams of being truck drivers like William's dad."

William was putting applications for jobs and looking forward to his summer, Mrs. Cundiff said. "He wanted to do something outside," such as construction work. He had worked at Big O Tires and Interstate Auto Supply.

Collins, who was in the intensive care unit at Humana the whole time he was in the hospital, suffered a broken left leg, dislocated left hip and a large cut on the back of his head.

In the hospital he had trouble with his hearing, Mrs. Cundiff said. Doctors never were sure whether he suffered a stroke or a blood clot, but he was kept on a respirator for almost all of the 51 days, she said. An autopsy was to be performed.

Collins slipped into a semi-coma about two weeks ago, Mike Cundiff said. Until that time he was aware of the people around him and could form words with his lips well enough to be understood.

"He was a fine young man," Russell Collins said. "Just one thing and another kept taking him down and taking him down one notch at a time."

The nurses grew fond of William, the Cundiffs said. One even stayed six hours past her shift time to be with the family.

The hospital's chaplains also were there to comfort, Mike said. "They helped us get through a lot of hard times," he said.

William and Mike's parents never knew each other until the accident,

but since then have grown close, the Cundiffs said. Although several family members have periodically flown in to spend time with the Collinses, they have no relatives that live close. Occasionally the Cundiffs would drive to the hospital to be with the Collinses through a particularly bad part of William's stay.

"We just more or less adopted each other," Mrs. Cundiff said. The Cundiffs have been very helpful, Russell Collins said. "Just some of the finest neighbors a man could have."

The Cundiffs plan to go to Mt. Vernon, site of the funeral, to be with the Collinses.

"Tell people to keep praying for their son," Ben Cundiff said. "That seems to be where they get their strength."

Public Service Announcement

Notice to persons served by Mt. Vernon Water Works, Broadhead Water Department, Northern Rockcastle Water District, Western Rockcastle Water Association, and Livingston Water Works pertaining to lead in drinking water.

Since 1976 lead consumption by humans has been reduced significantly. Your water company is cooperating in the effort to further reduce human consumption of lead.

Lead can occur at potentially harmful levels in tap water if the plumbing fixtures through which the water travels, including the solder and fluxes used to connect them, contain lead. The ERA has recently mandated that all newly installed plumbing materials be essentially lead-free.

Your drinking water meets the lead standard of .050 parts per million (ppm) as required by the U.S. Environmental Protection Agency (EPA).

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on our current information, EPA is likely to lower this standard significantly.

The purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the digestive and nervous systems, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your water system are likely to be highest:

- * If your home or water system has lead pipes, or
- * If your home has copper pipes with lead solder, and
- * If the home is less than 10 years old, or
- * If you have soft or acidic water, or
- * If water sits in the pipes for several hours.

To find out which type of plumbing you have, look at and perform the following simple tests:

- * Lead pipe is most often found in very old homes and buildings. Lead pipe is gray, relatively soft, and can be easily scratched to shine with a screwdriver, coin, or key. Some iron pipe is very hard and usually black.
- * Copper pipe usually has a characteristic copper color. Until very recently, most copper pipe was installed using lead-based solder. Lead solder is also gray, soft, and can be scratched shiny. Copper pipe that has been soldered with lead solder contributes very small amounts of lead to the water as time passes because the solder gets coated with minerals from the water. After being installed about five years, lead solder usually contributes very small amounts of lead to the water.
- * Iron, steel and "plastic" pipe have not been associated with any health effects from lead since they contain very small amounts of lead or none, and are assembled without lead solder.

You can reduce the possibility of consuming water with high lead concentrations by following these simple precautions:

- * If the water has not been used for several hours, flush the cold water pipes before using the water for human consumption. Turn on the faucet and let the water run until the water temperature cools and get no cooler. If there has recently been major water use, such as showering, bathing, flushing toilets, or cold water laundry, flushing pipes may take only 1-30 seconds. If there has been no recent major water use, flushing the pipes may take several minutes.
- * Use only cold water for drinking, cooking, or preparing baby formula.
- * If new plumbing is installed or repairs are made, insist that lead-free materials be used.
- * Lead pipes and service connections can be replaced.

The only way to be sure of the amount of lead in your water is to have the water tested by a state certified laboratory. Contact your water system or the Drinking Water Branch of the Kentucky Division of Water for information about testing.

The Mt. Vernon Water Works, and Livingston Water Works produces non-corrosive water that is less likely to dissolve lead from plumbing.

The Broadhead Water Works, Northern Rockcastle Water District, and Western Rockcastle Water Association purchase water for distribution from Mt. Vernon Water Works. The managements of these water systems are working together to provide water that is non-corrosive and less likely to dissolve lead in plumbing.

If you have questions concerning this notice or would like more information concerning lead in drinking water, please contact:

- (For customers of Mt. Vernon Water-Works at 256-2879)
- (For customers of Broadhead Water Works at 758-8138)
- (For customers of Northern Rockcastle Water District at 256-4833)
- (For customers of Western Rockcastle Water Association at 256-5331)
- (For customers of Livingston Water-Works at 453-2061)

Or the Drinking Water Branch of the Kentucky Division of Water at (502) 564-3410.

Making your energy savings

If Ebenezer Scrooge were around today, you could be certain he would have a ground-coupled heat pump in his home. Why? Year-round savings!

Compared to other systems, the ground-coupled heat pump can shave almost 40 percent off your air conditioning costs. When it comes to heating, you can save even more.

Year-round comfort. Year-round savings. Ebenezer would be proud.

County Homemakers Council

By: Elizabeth F. Mullins

On Monday, July 25, at 6:30 p.m. the County Homemakers Council enjoyed a nutritious and delicious meal with Cheryl Witt, as the hostess, in her home.

With so many things to settle the group undertook it after eating, hoping to finish the business before it rained.

Virginia Hansel called the meeting to order and Debbie McQueen read the minutes of the last council meeting.

Norietta Thompson gave a report of the State Meeting, with Gail Scoggins' help.

Cheryl Witt gave each club president a thank you poster to take to their club to participants in the blood drive.

The homemakers annual dinner will be Sept. 8, at Castle Inn at 6:30 p.m. The menu and price will be announced at each of the meetings.

County-wide members are invited to this dinner also. The 4-H Club will furnish the entertainment by dog-ging and singing county music.

The presidents of clubs are to let Cheryl Witt know the number of members that plan to come, by Sept. 1st.

Quail will make name tags; Rise and Shine will have games; and Broadhead will get door prizes.

The Area Meeting will be Oct. 15 at Laurel County High School on Sept. 26 at 4 p.m. Volunteers are asked to meet in the homemakers room to help make the Area Meetings name tags.

Handbook and enrollment cards were given to the county's club presidents and dues for 1988-89 were voted to be \$5. This includes \$3 state dues, \$1 ovarian cancer donation,

ABSOLUTE

Auction

of Mr. Billy Hastys
8.6 ACRES

Friday, July 29, 1988 6:30 p.m.

Level Green Section of Rockcastle County

LOCATION: 8 miles southwest of Mt. Vernon and 10 miles southeast of Broadhead. Turn off Highway 77 near Willacilla onto the Level Green Road. Proceed approximately 2 miles to the auction site. Auction signs are posted.

In order to reduce his farming operation, Mr. Billy Hastys has authorized our company to sell this acreage for the absolute high dollar.

The property fronts on the Level Green Road and contains 8.6 acres by registered survey and is mostly all tillable land. It has citywater available. With no buildings on the property, you can build to suit yourself. The basic tobacco allotment for 1989 is 238 lbs.

Auctioneer's Note: If you're in the market for a good small farm in the county with plenty of "elbow" room, then look this one over. Or, if you need additional land for your present operation, it warrants your consideration. Remember, it's an absolute auction, the last bid will buy.

TERMS: 20% down day of sale, balance in 30 days with delivery of deed.

For additional information, contact Mr. Billy Hastys or:

most recent was contributions for the purchase of a used police car.

Which brings us back to the good old days when most of the money the 'town marshal' received was from contributions, and in some cases, a few groceries on the side.

"I remember one time when there was no money at all to pay the marshal," a senior resident recalled. "So some of us chipped in to pay his \$25 a month salary. Of course, in those days that wasn't a bad salary."

He also remembered that very few lawbreakers ever "got by" Clifford and McKinley.

"If you were caught in the act, you didn't run from them," he remembered. "McKinley would stick a pistol between your eyes or to your head and march you off to jail."

McKinley and Clifford both had whistles. When they observed drivers doing something they didn't like, they blew the whistle and usually the car stopped. In those days, both policemen knew the owners of all the cars, and if the driver didn't stop, they'd get him the next day when he came to town.

"We had a few killings downtown back then since that was where ev-

eryone congregated," another elderly merchant remembered. "Now days, criminal activities are scattered around town and it takes men and cars to keep the peace."

True, also in the 1980s, with all the civil rights involved, plus the fear of becoming involved, the work of all policemen is as much a nightmare as a job.

assigned cases will be made by random drawings against the total case filings for the year. No criminal cases will be included. Judges receiving re-assigned cases will hear them in the originating county, unless all litigants agree in writing to have their case heard in the special judge's circuit.

The equalization plan brings the caseloads in the 11th, 26th, 28th, 34th and 41st circuits down to manageable levels, placing the five most overburdened circuits within the state's average range of 700 to 900 cases per judge, without overburdening those circuits and districts taking on the re-assigned cases. The plan eases the disparity between judicial circuits in the south-central Kentucky area without re-defining judicial circuit boundaries.

A similar plan has been in effect in the northern Kentucky area since February, and in the eastern part of the state since June 1. Progress is being made toward applying the same administrative action toward case equalization in the rest of the state.

Mr. and Mrs. Buddy Gabbard and Gail Lee spent a few days recently in Bluefield, W. Va., visiting his sister and brother-in-law Mr. and Mrs. Wallace Baird and their daughter Elizabeth and daughter Heather. On their way home they visited Mr. and Mrs. Joe and Louise Gorman in Hazard. They enjoyed their visit very much.

Visiting Tammy on Sunday afternoon were some of her friends, John Blair, Michael Pickle and Teresa Brown.

Please remember church and Sunday School. God bless you. A Christian should be like a watch, open face, busy hands, well regulated and full of good works.

hours each week for a total of 30 hours of tutoring for the program. The program included individual as well as group tutoring activities.

The individual tutoring covered the main subject areas such as mathematics, reading and writing. The special group activities included the Garfield Reading Club, writing projects, nature studies, quilting, and learning about crime prevention.

Students participating in the writing program have been exposed to the operations of a word processing system. Nature studies, including the basic use of sign language for the deaf, have provided insight into the five senses. Maria Hartman, a volunteer and full time teacher of the deaf in New York City, has taught the students several songs in sign language.

In order to gain a greater understanding of math the children have been working on a quilt. The planning, measuring, cutting and assembling has all been done by the children.

Mark Stern, meteorologist with WTVC in Lexington, came to the school to discuss with the students how the weather is forecast. According to Eldridge, after Stern's presentation the students participated in a brief weather forecasting exercise, locating the necessary information from posters, signs, thermometers, and outdoor observations of the day's weather.

In addition to Argenti, program coordinator and Cindy Taylor, who assisted in the program planning, others involved in the tutoring program included: Anita Isaacs, a teacher with School on Wheels; Wendy French, secretary at the school; Lenore Eivers from Alabama; Maria Hartman of New York City; Sisters Joseita Klich, Joan

Mullins for his work with the local Forward in the Fifth organization.

The free enterprise system and Reaganomics were high on Rogers' list of items to be praised. Rogers said that 16 million new jobs have been created in the past seven years and those could be traced to the tax cuts of 1981.

Rogers said, Reagan has kept his promise getting the government out of the market place and allowing the free enterprise system to flourish like it has for two hundred years here in this country.

Rogers also added that he and President Reagan usually see issues the same, however, Rogers said he was opposed to the President's offer to send monetary compensation to the families of the Iranians killed when a U.S. missile shot down a passenger plane carrier this month in the Persian Gulf.

"We don't owe Iran anything," Rogers said. "We know that Iran has been directly involved in terrorist activities around the world and they never paid a dime to the families of the U.S. hostages they held for 444 days."

Rogers will be continuing his journey around the Fifth District for the next few weeks.

Mrs. Thelma Brown is in Advance, Indiana visiting her sister Mrs. Irene Brown and Pat and also her brother Lovell Owens and wife Gerry. Mr. Owens is doing fine after having heart surgery on July 20th.

Billy Owens of this community died Sunday July 24th at the Veterans Hospital in Lexington. We extend our sympathy to his wife Judy and sons Jeremy and Rusty and his relatives.

Mrs. Marie Goff of Brodhead and Mrs. Belva Goff of Somerset attended a Craft and Flower Show in Memphis, Tenn. this past week. While there they toured Graceland, the home of Elvis Presley.

Mr. and Mrs. Clyde McWilliams visited Mrs. Fannie Albright on Monday evening. They were glad to see Mrs. McWilliams' nieces Mrs. Vonda Smith and Mrs. Dorthy Leigh, who had just arrived from Indiana.

Mrs. Bernice Cromer of Loveland, Ohio, spent Saturday night with her parents Mr. and Mrs. Grover Burton.

Recent visitors of Mrs. Mary Jane Randolph, Linda and Arvil were: Mr. and Mrs. Owen Burton, Gilbert
