will be held at the home of John D. Cromer Sun., Sept. 4, located on 1505 Brodhead-Conway Road, 1 1/2 miles east of Brodhead. Family, friends and neighbors are welcome. A good time is expected by all. Come, bring a friend.

#### The Mullins Reunion and Fairview homecoming

will be held at the Fairview Christian Church at Mullins Station Sun., Sept. 4. Bring a covered dish and spend the day.

The Fish and Wildlife Resources Commission established a two-turkey spring bag limit and approved a new three-tag turkey permit at its Aug. 15 meeting in Frankfort.

The permit, which includes two tags for the spring season plus one tag for fall hunting, will cost \$15. The state is divided into two turkey hunting zones. Two turkeys with visible beard may be taken in Zone A during the spring season, but both birds may not be harvested on the same day. Hunters may take only one turkey in Zone B and during any fall archery season. Fall hunts are generally limited to a few wildlife management areas in conjunction with deer bow hunting.

The following Zone A counties or portions of counties will be open for turkey hunting April 19 - May 2: Ballard, Bell south of Hwy. 119 and east of Hwy. 25E, Boyle, Bullitt, Butler east of the Green River Parkway, Caldwell east of Hwy. 139, Casey west of Hwy. 127, Christian, Harlan, Hopkins south of Hwy. 70, Leitcher, Logan west of Hwy. 431, Marion east of Hwy. 337, McCreary north of Hwy. 92, Nelson west of Hwy. 31E, Pike south of Elkhorn Creek, Palaski south of the Cumberland River and Todd east of Hwy. 181.

The following portions of counties comprise Zone B and will be open April 19-25: Adair north of the Cumberland Parkway, Breckinridge south of Hwy. 60, Carroll west of the Kentucky River, Calloway south of Hwy. 94 and east of Hwy. 641, Carter north of I-64, Grayson north of

West Kentucky Parkway, Hancock east of Hwy. 69, Hart south of Hwy. 88 and west of I-65, Laclede north of Hwy. 84, Laurel west of I-75, Livingston south of the Cumberland River, Marshall southwest of Hwy. 68, Rowan north of I-64, Taylor south of Hwy. 70, Trigg south of Hwy. 68, Trimble east of Hwy. 421, Webster east of Hwy. 41A.

Special areas open for turkey hunting are Fort Knox, west of the March and April, and Fort Campbell, April 8-May 7. Two turkeys may be taken in these areas.

Only one turkey per season may be taken from the following three areas: Land Between the Lakes, April 19-

#### "Fishing Report"

#### Cont. from B-1

worms 20-25 feet deep over drop-offs in the upper lake; clear, falling, 30 feet below summer pool and 85 degrees.

Dale Hollow: Largemouth bass were taking plastic worms at night 20-25 feet deep over creek channels; bluegill were hitting nightcrawlers and crickets 20-25 feet deep over creek channels; clear, falling 11 1/2 feet below normal pool and 84 degrees.

Laurel: Bluegill were hitting meal worms, was worms and crickets off steep banks; trout were taking nightcrawlers at night in 25-30 feet of water off deep banks; clear, falling slowly, 15 feet below normal pool and 84 degrees.

May 7; Reelfoot National Wildlife Refuge, April 7-9; and Higginson-Henry Wildlife Management Area (archery only), April 19-May 2 and Oct. 1-31.

#### "Waterfowl"

#### Cont. from B-1

of either sex may be taken only during the first four-days of the season. Hunters may not take pintails during the December 10 - January 4 segment. Canvasbacks may not be taken at any time during the duck season.

The daily bag limit on coots is 15, (in addition to the duck bag limit) and on mergansers five, with only one hooded merganser.

Goose season in the Eastern Waterfowl Zone will run from Nov. 24 through Jan. 31. The season in the Western Zone will also open Nov. 24, but hunters may not take Canada geese until Dec. 10. The Western Zone season for all geese species will remain open either until Jan. 28 or until a quota of 22,500 Canada geese is reached.

The bag limit in both zones is five geese, with only two Canada geese or two white-fronted geese allowed in the daily bag. The boundary between the eastern and western zones runs from Fulton to Henderson, following I-24, US 641, US 60 and US 41.

There have also been changes in shooting hours for waterfowl hunting. Shooting hours for ducks, geese and coots are from sunrise to sunset, except in the Ballard Reporting Area where hunting will be permitted from sunrise to 3 p.m.

Hunters in the Western Waterfowl Zone should remember that steel shot is required for all waterfowl hunting. Check complete waterfowl regulations before hunting.

Nine million tons of salt are applied to American highways each year for road de-icing.

A Weekly Report from Fifth District Congressman Hal Rogers

### U.S. Should Not Pay Compensation to Iran for Downing Jetliner

The recent incident in the Persian Gulf where an American Navy vessel shot down an Iranian passenger jetliner was an unfortunate accident. But now that incident is being magnified as the United States has indicated a willingness to make compensation to the families of the victims of this accident. I oppose such payments to the Iranians and respectfully disagree with President Reagan's apparent decision to make such payments.

I oppose compensation for the families for two reasons. The first is that even if we gave the families money for the loss of their loved ones, they would never receive it. The Iranian government, under the heavy hand of the Ayatollah, would keep that money and the families would not receive a dime of it.

But more importantly, I oppose compensation because I am not convinced the American government is responsible for this incident. The fact remains that Iran is an international outlaw, whose own actions during the recent past have helped create the climate which allowed this accident to occur.

It was the Iranians who held our American citizens hostage in Iran for 444 days. Did the Americans receive any compensation from Iran? No.

It was the Iranians who helped plot the bombing of our American Marine barracks in Beirut, killing over 200 of our young men who were there to keep the peace. Did Iran compensate the parents and wives of those brave American boys? No.

And it is Iran who has precipitated the nine-year-old war with Iraq, who has used poison gas against soldiers and civilians, and who has masterminded and supported the kidnapping of many Americans and other hostages and still holds eight Americans hostage today in Lebanon. Has Iran offered to compensate our families for this terrorism, or even offered their help in returning them? No.

Why was the Iranian jetliner sent at low altitude toward an American warship trying to defend itself from Iranian gunboats? Why was it flying at such an altitude with an apparent F-14 signal? All of us feel sorry for the innocent people on board the Iranian jetliner, but is not Iran as much or more to blame for their deaths? I believe so.

We have apologized to the families of those killed in this unfortunate accident, and that is all I think we should do. Compensation paid to the families of those killed would never get to them anyway, and would instead be used by the Iranian government to pay for more international terrorism and violence.

I hope President Reagan will reconsider his announced decision to pay compensation to the families of this accident, and instead will continue to use international and military pressure on Iran to end its war with Iraq and to return our hostages to us unharmed. I will oppose any attempt to make the United States financially responsible for this accident, because we are not.

County Extension Agent  
for Home Economics

**Join Homemakers Now!**

September signals many beginnings. The start of school, regular routines, cooler weather and a new year for Extension Homemakers Clubs.

Many clubs will be meeting this month to organize or reorganize for the coming year. They will be electing officers and lesson leaders, choosing hostesses and places for club meetings. Since the main objective of Extension Homemakers is furthering of education of its members, the club lesson for September will be "Be a better teacher". All homemakers are teachers as mothers or community volunteers.

Other lessons for club meetings scheduled for the coming year are: Indoor Air Pollution; Doors & Entries; Fats & Cholesterol; Small Spaces, Special Places; Bathrooms; Children and Stress; Fiber in the Diet; and Preserving Family Keepsakes.

Besides the monthly club lesson, Extension Homemakers enjoy the fellowship of their club members and of other Extension Homemakers throughout the county and area. The County annual meeting for Extension Homemakers is scheduled for Thursday, Sept. 8 at 6:30 p.m. at the Castle Inn. All Extension Homemakers are invited. The tickets can be purchased at the Extension office by Sept. 1.

The Wilderness Trail Area Extension Homemakers Meeting will be held on Saturday, Oct. 15 at the Laurel County High School. All Extension Homemakers are invited.

**Homemakers Picnic**

The weather was perfect for Brodhead Willing Workers Homemakers annual family picnic, Friday, Aug. 26. And the 26 who attended came by 6:30 p.m. - no one late!

When the hostess Sylvia Whitt and Willie Lawrence spread the royal blue table cloths on the picnic tables under a roof at the William Whitley Picnic ground, everyone set their food on a table.

Divided picnic plates kept foods in place and more tasty than being mixed together.

Meat, vegetables, salads, breads were first, then came the cakes and pies. Sure enough Jean Albright brought a vanilla wafer cake, as we hoped.

The hostesses served a variety of drinks, including ice water, if preferred.

After Eugene McBee offered a blessing for all this delicious food, etc. we took turns in filling our plates. I heard one daughter say, "There goes my mother to get more food for the third time."

There were several three generations there. The grandchildren romped around the heavily loaded apple trees. Some of the group picked up apples to eat.

Carol Rodde held a short meeting after we ate and Patsy Fletcher had that money jar to pass around for our change. She collected \$6.75 from several ladies that planned to attend the Annual County dinner Sept. 8, at Kastle Inn.

The club voted to give \$25 to Cystic Fibrosis. Volunteers will be needed for the Bike-A-Thon. Let Clara Proctor know if you can help.

More money is needed to keep the Methodist Church Cemetery mowed until winter.

Emily Gloyak reported that several Methodists from other towns met at the church and hope to get it open once again for services. This is good news.

Our club members were asked to donate baked goods, hand-made crafts, etc. for sale in front of the old Bishop Store in Brodhead, Sept 3, for the Auxiliary Club to sell to help the Brodhead Volunteer Fire Department.

The nominating committee members are Ella Mae Martin, Emily Gloyak and Elizabeth Mullins. They will select officers for the Willing Workers Club for 1988-89, to present at the next meeting.

September meeting for our club will be at Margie Brock's home Sept. 22 at 7:30 p.m.

Elizabeth F. Mullins  
Reporter

Cheryl Witt, County Extension agent for Home Economics at 256-2403.

**County Wide Membership**  
If you are interested in the monthly Extension Homemaker lessons and activities but do not have time or are unable to attend club meetings, then you will want to join the Extension Homemakers as a County-wide member. You will receive lessons by mail, the monthly newsletter which informs you of the upcoming activities and events, and an open invitation to participate in county, area, and state events.

The lessons scheduled for County-wide members this year are: Divorce and the Healing Process; Fat and Cholesterol; Kentucky Tradition in Holiday Foods; Wills in Kentucky; Healthy Heart; Fiber in the

Diet; Decorating Savory; and Doing Business at the Bank.

All current county wide Extension Homemakers need to renew their membership by Oct. 1 in order to continue. New or renewed county wide members should send their name, address and \$5 dues (payable to Rockcastle County Homemakers) to County Extension Office, Box 900, Mt. Vernon, Ky. 40356.

**Special Interest Programs and Workshops**  
Extension Homemakers and the general public are invited to attend the special interest workshops scheduled for the next year. The following are planned:  
Folk Art Painting - Sept. 19 & 26 at 6 p.m.

Rug Making-Crochet Rag Rug - Oct. 10 - 10 a.m. and 6 p.m.

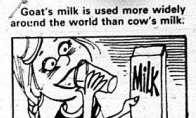

Ky. Tradition in Holiday Foods - Nov. 10 a.m. and 7 p.m.  
Weath Making - Dec. 1 - 10 a.m. and 7 p.m.

Self-Improvement writing, speaking and interviewing skills. January Home Improvements: wall coverings, curtains, and upholstery. February -

Beginning Sewing - March  
CPR - April  
Update in Food Preservation - June

Pre-registration is a must for these programs. Fees are charged only for supplies. To register or for more information, contact Cheryl Witt at 256-2403. All workshops will be held at the ASC Meeting Room

Extension Home Economics has a lot to offer you. Take advantage of these community education programs.

Volume 101

## Grand jury indicts 13 on variety of charges

By: Ray McClure

A total of 13 persons have been indicted by a very busy Rockcastle County Grand Jury during August. Dwight Bowling of Mt. Vernon was charged with criminal mischief in the third degree and wanton endangerment in the second degree. He is accused of destroying spotlights and a window at the Western Rockcastle Water Works Apartment Building on Aug. 7, and shooting into the residence of Tony Mink.

Bowling posted \$2,500 bond and was released until his Sept. 19 court date.

Steve Spoonamore, 21, Rt. 3, Mt. Vernon, was indicted on a charge of wanton endangerment in the first degree. He is accused of pointing a firearm at Jesse L. Powell and other members of Powell's family.

He was released on a \$3,000, 10 percent cash bond for his appearance Sept. 19.

Dwayne Singleton, 23, of City Trailer Park, Mt. Vernon, was indicted for receiving stolen property over \$100. He is accused of having in his possession a drug buggy, fishing equipment, VCR, basket of chicken and a fifth of a bottle of pop owned

by Ronnie Elkins. He posted bond and was released until his Sept. 19 court date.

Four county men have been charged with seven counts of cultivating marijuana. They are: Billy Gene Burke, 45, Terry Lee Burke, 18, Michael Mason, 22, and Jessie Dean Mason, 21.

They are accused of growing a total of 1,637 plants for the purpose of resale. All posted \$2,000 property bonds. All are to appear Sept. 19.

Tommy Lovell, 26, of Rt. 5, Mt. Vernon was indicted for cultivating 14 marijuana plants for the purpose of resale.

He posted a \$200 cash bond for his appearance on Sept. 19.

Brenda Harrison, 37, of Rt. 3, Mt. Vernon, was indicted for cultivating marijuana. She was accused of growing 13 plants for the purpose of resale. She remains in the county jail.

Mike Caldwell, 23, of Ky. 70, Bandy, was indicted for theft by unlawful taking over \$100, he is accused of taking pork, beef, blackberries and corn on the cob owned by Verl D. Stringer.

Also on another indictment,   
Cont. to A-12

## EPA fines Brodhead \$2,500

Charles Price was busy helping cut the tobacco crop of Paul Dillard Bullock's just off 461, Tuesday. Much of the county's tobacco is excellent despite this summer's drought.

Brodhead city officials and the state and federal Environmental Protection agencies have signed a consent decree covering steps the city must take to bring its sewer system into compliance with state and federal regulations.

Brodhead has agreed to pay a \$2,500 fine for polluting Dix River. Initially the amount had been \$5,000, but Mayor Billy Bussell and City Attorney Jerry Cox were successful in getting the amount reduced at a hearing in Frankfort.

At times during heavy rains the city treatment plant cannot handle the excessive water, allowing raw sewage to empty into the river.

The city will pay \$1,250 within one year after the consent decree is entered into the Federal Register estimated in about six months. The decree must be checked by all agencies concerned before being sent to Federal Judge Eugene Siler Jr. for his approval.

Brodhead will be required to submit a revised municipal compliance plan which will enable the city to meet its permit limits.

Brodhead also agreed to start construction on improvements to the sewer plant in April, 1990, and complete the construction by Dec. 31, 1990. The city must achieve compliance with its permit by Feb. 28, 1991.

The cost of bringing the plant into compliance has been estimated at about \$300,000 with a 50 percent paid through a grant and 50 percent by the city possibly through a FFHMA loan, or some other method to be determined.

## Parent gets three days

A Pine Hill woman was sentenced to three days in the Rockcastle County jail for not making her 14 year old son attend school.

Liza Kirby, 52, of Pine Hill received the sentence in District Court by Judge William Cain because the problem with her son had gone on for two years. The youth was also transferred to another school in Pulaski County.

Rockcastle County Director of Pupil Personnel Buford Parkerson said Tuesday that while children under 16 years old not attending school is not a major problem in Rockcastle County it is still a problem that has to be dealt with.

Parkerson said that rarely does a case go so far along that an action is needed, but that sometimes it is a must.

The law says that children under 16 must attend school in the state of Kentucky," he said.

## New election laws reported

The 1988 General Assembly made several important changes in the election laws in the Election Reform Legislation.

Some of the changes are:

All applications for absentee ballots must be transmitted only by mail or in person. Absentee ballots will be mailed to disabled voters and those voters who will be absent from county on election day and the ballot is mailed to an address outside the county. No absentee ballots will be mailed to an address within the county except to those voters who

regularly work outside the county during all hours the county clerk's office is opened.

Any voter who is absent from the county on election day but does not work during all hours the county clerk's office is opened, may vote by special ballot in the county clerk's office prior to the day of election. The county clerk must designate a location within her office where the ballot will be cast secretly.

A list of all applicants for absentee ballot must be presented to the grand   
Cont. to A-12

## Head lice time is here

If your youngster is scratching his head frequently, you'd better check. There's head lice around.

September is head lice month, according to the State Health Department.

ment, and though some parents may be embarrassed, lice are relatively easy to treat.

Rockcastle County school nurse Doris Towery has been busy checking heads recently.

"We do have some cases every year but ours has never got out of hand because we do the screenings and don't give it a chance to spread," she said.

School-age children are most susceptible to get head lice, especially children 3 to 10 years old.

Head lice are transferred by head-to-head contact or by infested brushes and combs, clothing and upholstery. They are not known to transmit disease.

## Bid awarded

An apparent low bid of \$5,028,439 was tendered by Melco-Greer of London for completion of Ky. 461.

Bids were opened on the last leg of the highway from the end of the present new section southwest of Mt. Vernon to the Pulaski County line.

Melco-Greer has the contract on the section now under construction to the Rockcastle County line.

## Local tobacco crop good

By: Ray McClure

It's a "mixed bag" when you listen to Rockcastle tobacco growers talk about this year's crop.

Some say it's good. Some say it's poor. Some say it's average.

Harold Ballinger, county ASCS director, said this week there are several good crops. Some are low yielding, and a lot are average.

However, the crop in the county is about 75 percent of the normal crop, Ballinger estimated.

When it comes to selling the crop, the 1988 crop can bring Rockcastle growers up to \$2,547,281 compared to the 1987 crop that brought \$2,470,863. The 1987 price support was \$1.48 a pound. This year's support price is \$1.50, probably one of the reasons for the increase in total income this year.

In 1987, Rockcastle growers sold

2,285,657 pounds. This year they can sell up to 2,553,654, another possible factor in the total dollar increase that is expected.

Ballinger said this year's crop is "right good." He noted it was close to normal in quality, and that cutting could be later for some crops.

"I notice some plants are tall enough, but the leaves are shorter," Ballinger added. "That is probably due to the drought."

Ballinger reminded growers if they have a 35 percent loss of their crop, they can receive up to 65 percent of the loss in money. That money comes from a 1988 disaster bill passed by Congress.

Growers are also reminded they must complete a form certifying the type of pesticide they used on their tobacco, and the number of acres they grew. They must also certify

they have not "nested" their tobacco, meaning adding substances to the bundles such as mud and wood. There will be random sampling at the warehouse. A penalty could result. Stated, the crop has been called "decent" despite the long stretches of dry weather early in the season.

Joe Smiley, tobacco agronomist at the University of Kentucky, said this week that he thought Kentucky burley farmers would harvest 90 percent of their effective quotas.

Smiley, who has remained at-   
Cont. to A-12

## Livingston homecoming

Livingston's annual homecoming is scheduled Friday through Sunday.

The annual parade is set to begin at 10 a.m. Saturday.

Among Sunday activities are outstanding citizen of the year, watermelon eating contest, pretty baby contest and fireworks.

Parade grand marshal is Jerry Monk. Faye Baker is homecoming chairwoman.

## .75 rainfall

A total of .75 of an inch of rain fell Monday at The Cox Funeral Home Weather Station bringing the total for August to 4.28 inches.

With the rain and passage of the cold front the temperature Tuesday morning was 50 degrees.

# Only 2 of a point but... School test scores lower again for county students

By: Jeff Hammond

Speaking of averages, Rockcastle County students did only slightly less on their Essential Skills Test this year than they did last year, averaging 54.1 this year compared to 54.3 last year.

But the district dropped sharply in ranking in the 178 state districts. Rockcastle fell from 168 last year to 156 this year.

The rankings were made by the Lexington Herald-Leader from the Kentucky Department of Education.

Local reaction to the KEST results was mixed. Superintendent for Rockcastle School Superintendent Jerry Towery Jr.

"I am disappointed that the KEST scores for Rockcastle were not higher for the 1987-88 school year, but I am not totally surprised that our district ranked within the lower ranges."

Supl. Bige Towery, Jr.

County school system ranked 149 out of 178. For the 1987-88 school year, the KEST year down but only by two-tenths of a point. The 1987 Normal Curve Equivalent (NCE) used by test evaluators to compare test results, was 54.3, the 1988 NCE was 54.1.

The Kentucky Department of Education does not compile a composite NCE. Therefore, the NCE of 54.1 is a weighted average compiled by the Herald-Leader from the four grades used on the test.

The KEST is a more standard test than the one used last year. The NCE of 54.1 is a weighted average compiled by the Herald-Leader from the four grades used on the test.

According to Towery, with the new NCE, the KEST is being used to measure student progress on the Rockcastle district.

"I am disappointed that the KEST scores for Rockcastle were not higher for the 1987-88 school year, but I am not totally surprised that our district ranked within the lower ranges."

Supl. Bige Towery, Jr.

ions are too few and the test scores are insensitive to national averages.

One case in point against the KEST is the Kentucky school district that scored the lowest, Clinton County, had a 30.9 NCE. Ranked 178 out of 178 school districts in Kentucky, Clinton County still scored nine-tenths of one point above the national average.

Beginning next year the new test will be used, the Comprehensive Test of Basic Skills (CTBS). The CTBS is a more standard test than the one used last year. The NCE of 54.1 is a weighted average compiled by the Herald-Leader from the four grades used on the test.

According to Towery, with the new NCE, the KEST is being used to measure student progress on the Rockcastle district.

Ranking. Towery responded by saying, "Our scores have been consistently lower than we like, however, they have never fluctuated from bottom to top or vice versa." Towery also said that the school district profile that accompanies the KEST results reflected a poor, somewhat deprived school district.

"When you look at the pupil-teacher ratio, cost for instruction, dropout rate, percentage of economically deprived children, attendance rate and percentage of local revenue going to the school system, our scores are generally better than they perhaps should be," he said. Towery went on to add, "It is my opinion that the improvements which must be made to raise our scores will get the 156 to about an 100 out of the 178. They are from 170 through 178, Leitch County, Covington, Dawson Springs,

concerns of a more general nature and many of those concerns do not lend themselves readily to tangible evaluation. If we do not address some of these broader concerns, we compel the teachers to teach the test in order to raise scores."

Towery said that meetings were scheduled with principals from all area schools to discuss the test results and to discuss ways of implementing the goals and objectives as defined above.

Although not ranked in the 178, there are 10 schools in the 179. They are from 170 through 178, Leitch County, Covington, Dawson Springs,

Monticello, Harlan, Wolfe County, Jackson County, Pineville and Clinton County.

Biggest improvement was Middleboro Independent which went from 175 last year to 3 this year. The Middleboro district has 2,300 students. However, the Bell County district, the county in which Middleboro is located, ranked 149.

Other interesting rankings: East Bernstadt dropped 4 places, from 14 to 18. Somerset dropped from 30 to 41. Pulaski County is 126 down from 100. Berea dropped from 7 to 39. Anchorage ranked 11 last year and remained 11 this year. Lincoln County did better going from 134 last year to 88 this year. Russell went from 4 last year to 6 this year. Science Hill ranked 59 last year and 100 this year. Laurel County was 141 last year and 127 this year.

Richard Anderkin also contributed to this story.

## Letters to the Editor

Dear Editor,

I haven't been getting to Mt. Vernon very often and I usually try to get there Memorial weekend. I did go with my daughter and son-in-law, Lois and Albert Hampton the Sunday afterwards. The cemeteries at Mt. Vernon and Brodhead were both beautifully decorated. Thanks are due to those who are responsible for the upkeep and care.

Albert's parents, Mr. and Mrs. Pearl Hampton lived near and were buried in the Negro Creek Cemetery. Many of their family gathered there that Sunday.

We went to see his sister and brother-in-law, Vera Mae and Otis Debour who live on a farm in the county. They have a mobile home in Florida where they go every winter. I have visited them there.

I had a nice visit with my sister Amanda Maggard and family in Somerset. She looked great, and the next week try to visit to Daytona Beach, Florida. It is our wish for five sisters to be together in Mt. Vernon in September, the weekend of the H.S. Association Banquet and to attend church Sunday morning where we again see so many friends.

We usually try to visit with our dear family friend, Julia Burdette at her home in Renfro Valley. I saw in the hospital report where she was admitted and released. Hope we will be able to visit her in September.

My sister, Leila Stokes is again with her daughter in Bradenton, due to ill health, but was able to make a plane trip to a daughter in Texas and families in Michigan. She had so many friends and relatives in Mt. Vernon who may wish her address.

Mrs. Leila Stokes, 503-64th Ave. Dr. W. Bradenton, Florida, 34207.

Our sympathy goes to the family of her brother-in-law, Burches Stokes formerly of Mt. Vernon who died recently. Our father's sister Roberta married Oscar Wallin of Crab Orchard. They lived in the S.C. Davis

home on Main Street in Mt. Vernon before moving to Louisville. They had two daughters, Ardith who died several years ago and Bernice who married Guy Newland of Crab Orchard. They have lived in Louisiana until recently they moved to Indiana. Guy died recently and was buried in Louisville.

We were also saddened by the death of a dear family friend, W.W. (Bill) Thompson of Pompano Beach, Fla., whose family had a nice home on Main Street in Mt. Vernon before they moved away when he was 16 years old. He was near the age of my brother Charlie. He is survived by his wife Gladys of Pompano Beach, son Wm. Jr. of Texas and a brother James of Rochester, N.Y. I received such a sweet letter from Gladys.

It has been some time since I have sent thanks or showed my appreciation to Young's Pharmacy, to Joe and helpers, who have sold so many of the books, Mount Vernon, Kentucky and to all those who have purchased or read it. I'm taking this opportunity to let all know I'm so grateful. I also wish to inform everyone that there is no copyright on the book Mount Vernon, Kentucky and that the contents can be used freely.

If my health permits I am hoping to see many of you in September.

Cepha Davis Kincer  
300 Christian Dr., Apt. 446  
Florence, Ky. 41042

P.S. Many thanks to the Signal for printing my articles and poems in the past. I really have appreciated all you've done.

## This N' That

By:  
Richard Anderkin

The crispness in the air means that yes there will be another beautiful fall in Rockcastle County.

Most definitely things will be breathtaking when the leaves start to change and our hillsides turn to a spectacular red and gold. And if you were only driving through our fair county on the interstate you would think possibly that you had never seen a more beautiful place. At times the beauty of our hills can rival the famous Smoky Mountains.

But what about when the fall beauty is gone and the leaves on the trees have fallen, and the grass has turned from its fresh green color to a dirty brown. What then?

Well don't be shocked to see an illegal garbage dump wherever you look. Believe me they are there. More and more of them.

Instead of trying to do something about our worsening garbage situation our Fiscal Court has made it worse by removing the dumpsters throughout the county.

They have decided that if they don't look at the garbage it will go away. It

hasn't. And until something is done it is only going to get worse.

With five magistrates drawing nearly \$10,000 a year and a judge that makes \$35,000 you would think they would try to make some decisions that would benefit the county and not just take a closed mind attitude towards things, especially our worsening garbage situation.

Our local health inspector has tried to do some things about the situation but he needs legal help to make be lievers out of illegal dumpers. That help is supposed to come from the county attorney, but Midkiff can't get any, none. He went as far as to report the county attorney to the Bar Association for not doing his job. But he was told that it is up to the county attorney which cases are prosecuted and which are not. It is that simple. It is up to the county attorney to prosecute illegal dumpers and he has not done that. Actually, he doesn't have to do it if he doesn't choose.

It is hard to believe but next May is a county primary. All of our elected

# PUBLIC ANNOUNCEMENT:

The Funds Availability Act passed into law by Congress has greatly changed the way checks are to be processed through the Federal Reserve System.

Beginning September 1, 1988, financial institutions are under strict regulations on where endorsements may be placed. THIS AFFECTS YOU, TOO.

According to the new Regulation CC dealing with the expedited return of unpaid checks, all business and personal endorsements, identification information, driver's license, phone numbers, etc., are required to be within the first one and one-half (1 1/2) inches of the trailing edge of a check. (The trailing edge of a check is the left side of a check looking at it from the front.) This may not be possible due to register endorsing, but improper endorsement procedures may cause a bank endorsement to be unreadable and thereby slow down the return process of a check.

For customers who currently use a carbon stripe check, check printing companies are designing a suitable alternative to this style of check that will allow the same type of duplicate record keeping. Any customer who continues to use the carbon stripe checks must accept all liability regarding the lack of readable endorsements.

You will receive further information regarding funds availability schedules required by this regulation in your September 1988 statement.

We wish to emphasize that this action was not initiated by any financial institution but by Congress and the Federal Reserve Board. All financial institutions are subject to these regulations.

**Area Young Farmers visit Kent Headquarters**

The Rockcastle County Young Farmers recently visited the headquarters of Kent Feeds, Inc., in Muscatine, Iowa. The trip was sponsored by Simpson Feed Co. of Brodhead. The tour began with a brief presentation on Kent Feeds and its affiliated companies. The group also visited the 650 acre Kent Research Farm near Muscatine, where the company's feeds and feeding programs are tested. Kent Feeds, Inc. was founded in 1927 in Indianola, Iowa and moved to Muscatine, Iowa in 1936. The company produces and sells swine, beef, dairy, poultry, turkey and specialty feeds to a large dealer network in fourteen states. Manufacturing and distribution facilities are located in Muscatine, Sioux City, Estherville, Altoona and Waterloo, Iowa; Beardstown and Rockford, Illinois; Logansport, Indiana; Marshall, Missouri; Columbus, Nebraska and Louisville, Ky.

Joshua and Matthew Chaliff of Mt. Vernon showed the prize winning cushaw and pumpkin in this year's Little World's Fair. Josh won second place for his cushaw and Matt won first place for the largest field pumpkin. This is the third year in a row that Matt has won this class at the fair. The boys are the sons of Jack and Pam Chaliff.

Mt. Vernon, has graduated from the U.S. Air Force law enforcement specialist course at Lackland Air Force Base, Texas.

Graduates of the course studied general law enforcement duties, tactics, weapons training, physical apprehension and restraint and earned credits toward an associate degree in applied science through the Community College of the Air Force. Johnny is a 1987 graduate of Rockcastle County High School.

**Kidwell-Baker**

William and Evelyn Kidwell of West Palm Beach, Florida would like to announce the forthcoming wedding of their daughter, Michelle Lee Kidwell to Mark Edward Baker, son of Robert and Betty Baker of Orlando, Fla. The wedding will take place on Sept. 21.

 Friday: Chicken and dumplings, broccoli, whipped potatoes, roll/oleo, gelatin/fruit, milk

**Rise and Shine**

Seven of our club members enjoyed a visit to Shakertown in August. The weather was too hot to do a lot of walking so we settled for a delicious lunch and after eating we held a brief meeting in the lounge. We just sat there in the old rocking chairs around the big wooden table and enjoyed the atmosphere while we elected our club officers for the coming year. Earlier this summer several ladies from the Rise and Shine club took a trip to Pigeon Forge. Everyone reported having a great time visiting Dollywood and taking in all the (Cont. to 6)

**East Ottawa Go-Kart Club**

The East Ottawa Go Kart Club has concluded another series of races during the month of August. Running each Friday night for points which decide a class champion, the club got relief from the very hot, dry weather but also got rained out the third Friday night of the series. That was the first rain-out of the 1988 racing season.

The weather cooled down but racing fever just seemed to go higher. The club attracted three new members in August. This brought the total to twenty-six in membership.

Winners of the Modified Class this month was Dan Cash by a very narrow margin over Danny Hamm. Just thirty points separated first and second place.

The Limited Class fell apart because of blown engines or other causes too numerous to mention. Richard Cash ran away in the points standings with 320 total.

The Eleven-Seventy-Five Class had its usual surprises and gave the club a different winner once again this month. Larry Daugherty just kept changing carburetors and sprockets and pushed his way to the front early-on in the month and finished that way the last night with 240 points.

The Altered Class had its share of the thrill, too. The usual runners, Greg Reynolds and Vince Cash, couldn't decide who was to be champion until the very last race of the month. Greg came away the winner by a margin of 80 points.

Sponsors for the August series was: Rockcastle Street Rodders, Video Attractions, Briggs and Stratton Parts Dist. and Lawson 1 rod, Inc.

**Marine Corps News**

Marine Corps Reserve Pvt. 2nd Class Charles S. Brewer, son of Harvey R. and Doris J. Brewer of Brodhead, has graduated from the U.S. Air Force security police specialist course at Lackland Air Force Base, Texas.

Graduates of the course studied systems security operations, tactics and weapons training and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Charles is a 1987 graduate of Rockcastle County High School. Marine Corps Reserve Pvt. 1st Class Johnny P. Kirby, son of Patricia Kirby and Arvel Kirby, both of

**RCHS Who's Who Elected**

## School happenings

### Computers for schools

A total of 40 elementary schools in 20 southeastern Kentucky counties will receive computer-equipped reading laboratories, courtesy of a public-private partnership between the Appalachian Regional Commission and IBM Corporation, top federal, state, and IBM officials announced today.

Included are Mt. Vernon and Livingston elementary schools.

Each facility will be outfitted with nine IBM PC Jr. computers which will be used to teach elementary school students to read using the highly acclaimed "Write to Read" computer software program. Teachers from many of the Appalachian schools set to receive the new computers are being trained this week by IBM personnel in Lexington, site of today's announcement.

"This very substantial investment in Kentucky's children will pay dividends for generations to come," said Winifred A. Pizzano, ARC's Federal Co-Chairman. "More than ever before," she continued, "our rapidly changing economy makes education the key to a young person's future job prospects - and reading skills are the foundation on which every child's education is built."

Pizzano was joined at the press briefing by James E. Dezell, Jr., IBM Vice President for Educational Systems, Dr. John H. Brock, state superintendent of public instruction, Dr. Jack D. Foster, Kentucky secretary of education, and Mrs. Joanne James, president of Forward in the Fifth, an organization working on a county-by-county basis to improve education in Kentucky's 5th congressional district.

The agreement under which the reading labs will be awarded provides that IBM will donate the computers and that ARC will pay for the "Write to Read" software, books and materials, teacher training, and associated expenses. Administrative support for the project will be provided by Forward in the Fifth, working with 28 local school districts.

The "Write to Read" program, developed by IBM and Dr. John Henry Martin, features a multi-sensory, multi-dimensional language center that is specially tailored to the needs of children. The environment is active and highly motivational.

filled with bright colors, lively graphics, voices and sounds, as well as multiple learning stations. It is designed to hold the interest of children as they learn.

"This program has been implemented successfully in thousands of schools across the country," said James E. Dezell, Jr., IBM vice president for educational systems. "We are especially pleased to be able to help make it available in 40 Appalachian elementary schools that might otherwise find it prohibitively expensive."

ARC's Pizzano praised the project as an example of the kind of public-private partnership that can make a positive impact by delivering human services in ways that work, and are cost-effective. "She said the project was made possible because of strong cooperation between IBM and a coalition of federal, state, and local officials involved in education and economic development in Appalachia."

She also credited Governor Wallace A. Wilkinson, a member of the Appalachian Regional Commission for his active interest in Appalachian development generally, and the Write to Read project in particular.

### Brodhead PTA Report

Mrs. Sue Hamm held a luncheon at her home for the Brodhead PTA, Tuesday, July 26th. Many of our members and faculty were present for the occasion. We would like to thank Mrs. Hamm for her gracious hospitality.

Plans were discussed for the upcoming school year. The annual fund raiser will be held this fall. Various crafts and candies will be sold. A new theme "Our future is brighter" will be observed for our school. This idea will help honor students with good attendance and those students and staff who are contributing to the improvement of our school by awarding a pin of recognition.

We are hoping for a very active and productive year, but we need your participation. If you would like to become involved in our children's future, please join PTA.

### R.C.H.S. Minute

#### Football

The Rockets won their second game in as many tries Friday night with a win over visiting Adair County, 26-13. Even though the Rockets were plagued by penalties and fumbles, they still achieved the victory. The Rockets play again Friday at 8 p.m. at McCrory Central. This is the Rockets first district game.

#### Dance

Last Friday night R.C.H.S. held its first school party of the year. It took place after Friday's football game. The great win added to the excitement. Sound Effects, a station out of Barbourville provided the DJ. They had a very good sound system and added a light system which most of the people enjoyed. Many people said that they enjoyed this dance better than others. Many students hope Mr. Cash will have this group back for the next dance.

#### Elections

Monday, August 29, the student body voted for class favorites. The results of the Who's Who elections will appear in this week's Signal.

Class officers were also elected Monday. Officers for the 88-89 school year are as follows:  
Seniors: President-Alison Sower; Vice-President - David Owens; Secretary-Treasurer-Stoney McGuire Juniors: President-Carrie Mullins; Vice-President-Gina Martin; Secretary-Jacqueline Nicely; Treasurer-Chad Abney

Sophomores-President-Jason Wilson; Vice-President-Scottie Hines; Secretary-Treasurer-Billy Todd

Freshmen-President-Kristy Sargent; Vice-President-Scott Parkey; Secretary-Julie Coffey; Treasurer-Angie Stallworth

Journalism Class  
This fall when election day rolls around the journalism class will be very busy. The class will have student reporters at all precincts to get election results as soon as possible. These results will be called into national news organizations.

#### French Club

The French Club is planning a trip to Europe. For more information on the trip contact Mrs. Lay French, teacher.

Parking  
Students planning to drive to school need to purchase parking stickers. The cost is \$3 and stickers

should be purchased before Sept. 9. If students don't have stickers, they risk having their vehicles towed.

#### New Class

New classes are being offered at the high school. Some of these classes are Advanced Placement Calculus and Advanced Placement American History. If you college pass a certain test they can get college credits for these classes.

#### 4-H and FFA Competitions

Some students from RCHS competed in state 4-H competitions at the Kentucky State Fair. Julie Coffey, freshman, competed in the Variety Show. Anita Sower, sophomore, won in the vegetable judging contest and will be competing at the national contest in October.

In FFA (Future Farmers of America) members of the Rockcastle County FFA, under guidance of Bill Ponder and new agriculture teacher Roy Reynolds, have so far attended three days of competition; the E.K.U. Field Day, which was attended by Larissa Hayes, Tim Burdett, Joe Ramsey, Everett Vanzant and Jeff Phelps, and two days at the State Fair. Members attending this event were part of the livestock judging team, and seed identifier, Larissa Hayes. Student Completes Summer Program

Julie Coffey, a freshman at RCHS spent two weeks of her summer at the University of Kentucky at a Science Study Program. Julie was one of 104 students from a three state area to be selected. Selection is quite a honor. Congratulations, Julie!

New Student  
Oskar Barkevig of Norway is the new exchange student at RCHS this year. Oskar will be staying with Mrs. Iona Parsons. Welcome, Oskar!

Dates to Remember

### ACT Assessment

As the new fall term opens, more than one million high school juniors and seniors across the nation will move one step closer to college and other postsecondary plans by registering to take the ACT Assessment.

The ACT Assessment, which consists of four academic tests that measure educational development and a detailed questionnaire that collects information relevant to educating...

### "Election Laws" Cont. From Front

jury by the county clerk upon the first day a grand jury convenes after the election.

No person, other than election officers and challengers, will be permitted in the voting room while the vote is being polled, except for the purpose of voting. No person shall do any electioneering or exit polling within 500 feet of the entrance to the building used as a polling place.

Electioneering will include the displaying of signs, distribution of campaign literature, cards and handbills. Exit pollsters must register with the county clerk not less than seven days before the election.

The election sheriff must enforce election laws at the polls and within 50 feet of any entrance to the building. Local or state law enforcement officers are to enforce electioneering laws between the 50 and 500 foot limits.

Election officers will confirm the identity of each voter by personal acquaintance or by a document such as driver's license, social security card, or credit card. If the voter does not have an identification in his possession, the election officers will require the voter to complete an affidavit. The election officer controlling the identity will sign the precinct voter roster and list the method of identification.

The County Board of Elections and county clerk are now required to make reports to the grand jury, State Board of Elections and the Registry of Election Finance within ten days after the election. The reports will include any irregularities of which the county board has knowledge and a precinct-by-precinct breakdown of the number of voters requiring assistance to vote and the reasons thereof, and the number of special ballots cast.

The sheriff of the election officers will also make a report to the grand jury including any irregularities observed, listing names of alleged violators of election laws.

The County Clerk will provide voter registration forms to each principal or assistant principal of every public high school and each area vocational school who shall designate a person in each school who shall be responsible for informing students and school personnel of the availability of the registration forms and assist them in properly registering with the party of their choice.

### "Tobacco" Cont. From Front

fast summer in his optimism about this year's crop, said he thought production throughout the Burley Belt of tobacco states would almost certainly exceed the crop estimate of 413 million pounds made Aug. 1 by the U.S. Department of Agriculture. The effects eight-state quota for burley is 559 million pounds.

Smiley and others said that although the tobacco developed fairly late, the early dry weather helped it establish a good root system. When rainfall returned to normal around the middle of July, the tobacco was able to recover.

"I think it's improving all the time," he said.

The estimated 12 percent of the state's burley has been cut out of last weekend, compared with 36 percent at the same time last year. The average for the same date is 20 percent.

### "Indictment" Cont. From Front

Jackie D. McCoy, 19, of Rt. 3, Eubank, was charged along with Caldwell for unlawful taking over \$100. The two were accused of taking a 1972 Buick LaSabre owned by Willie Brown. Both are to appear in court Sept. 19.

Lafey Edward Seals, 42, of Rt. 3, Brodhead, was indicted for sodomy in the first degree. He is accused of deviate sexual conduct with a person under 12 years of age. He remains in the county jail.

Stacey Lynn McCracken, 18, of Rt. 3, Mt. Vernon was indicted for burglary in the first degree. He is accused of unlawfully entering the residence of Raymond Isaacs Jr., while armed with a deadly weapon. He remains in the county jail. His court date is Sept. 19.

cational and career planning, is recommended or required by more than 3,000 postsecondary institutions and scholarship programs.

Most students take the ACT Assessment during junior year or early in senior year, so their results will be available in time for use in planning for postsecondary education and careers.

High school guidance offices have the information and forms students need to register for the ACT Assessment. ACT also provides free copies of the booklet, *Preparing for the ACT Assessment*, which contains information about getting ready for the examination, plus a complete practice test.

The basic registration fee for the Assessment is \$11.50. Late registration will be accepted for an additional \$12. Last handling fee for 1988-89, ACT has established this test date schedule:

**Test Dates:** Oct. 22; Dec. 10; Feb. 11, 1989; April 15, 1989; June 10, 1989

**Registration deadlines:** Sept. 23; Nov. 11; Jan. 13, 1989; March 17, 1989; May 12, 1989

**Late Registration Deadlines:** Oct. 11; Nov. 29; Jan. 31, 1989; April 4, 1989; May 30, 1989

### "This-n-That" Cont. From A-2

officials, except Circuit Clerk and Commonwealth attorney are up for re-election.

There is going to be a good field of county judge candidates from which to choose. Incumbent Judge Hubert Thacker has indicated to some that he will be a candidate for Magistrate in the first district. Others, including former Mt. Vernon Mayor Roland Mullins will possibly seek the judge's seat.

When it comes around to voting next May simply keep one thing in mind. How much good do you think your elected officials have done during their four years in office. Have they helped this county to move forward? Have they made it a better place to live and work? If you think they have you should try to help reelect them or get them elected to another office. But if you can't see a whole lot of good that they have done don't be afraid to vote for someone else. I will guarantee you that there will be more than one candidate for each local office.

It takes about three hours to complete the four ACT examinations in English, math, social studies, and natural sciences. The Assessment also includes a two-part questionnaire that students complete at home when they register. It focuses on interests, academic and non-academic accomplishments, and vocational and educational plans and needs.

Colleges use information from the ACT Assessment for academic advising, admissions counseling, course sectioning and placement.

## Championship begins for 41 at Cedar Rapids Recreation Center; Clontz will try to defend title

The annual club championship golf tournament is underway at Cedar Rapids Recreation Center. A total of 30 golfers began the championship flight. The field has since been cut to 16 after the first week's play.

The club championship is hole play instead of the normal match play tournament. Losers in the first round of the championship flight then drop into the first flight where they will compete for the first flight championship.

Likewise, the losers in the first round of the first flight will then drop down and compete for the championship of the second flight. It is conceivable that a first round loser in the championship flight could be a winner in the first or second flight.

Eleven golfers began the third flight tournament, the field has since been cut to 8.

This year's club championship shapes up as a very competitive field. Returning champion Jim Clontz was the automatic top seed because of last year's tournament. Clontz faces some tough competition from the low qualifier, Donnie Helton who fired a 68.

Also remaining in the championship flight is last year's runner-up John Clontz and seven-time club champion Ronnie McClure. Others remaining in the championship flight are C.K. Cornelius, Brian Ponder, Warren Cash, Clayton Cash, Pat Hansel, Chris Cornelius, Billy George Griffith, Henry VanZant, Tommy Payne, Jack Noe and Scott Hansel. The matches will continue through Sept. 18.

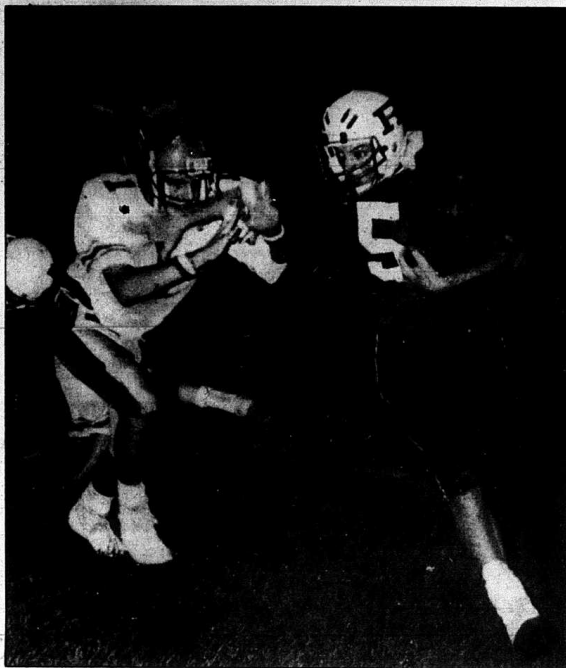

## Hamilton is member of Centre team

Mike Hamilton, Route 3, Mt. Vernon, is an offensive lineman and a kicker on the Centre Colonels football squad for the 1988 season.

Hamilton, son of James and Brenda Hamilton of Conway Road, is a 1987 graduate of Rockcastle County High School. A centre sophomore, he played offensive tackle last season and is also active in Delta Kappa Epsilon fraternity and baseball.

The Colonels began practice on Aug. 20. Their first game will be Sept. 10 at Campbellsville College. Their first home game will be Sept. 17 against Maryville College. The regular season ends Nov. 12 at Rhodes College. Head Coach Joe McDaniel said, "With the return of 18 starters, Centre expects to improve on its 1987 record of 4-5 because the team will not have to rely on freshmen so early in the season."

Centre, among the 20 oldest co-educational liberal arts colleges in America, is a member of the College Athletic Conference and NCAA Division III.

Above, #5, Mark Sowder, fights for extra yardage during last Friday's 26-13 victory over Adair County. Sowder gained 52 yards on 7 carries. At right #29 senior quarterback, Chad Burdette, lunges from an Adair defender. Burdette scored 3 touchdowns in the game.

## New limits on fish in some Ky. lakes

New limits on bass, crappie and striped bass at certain Kentucky lakes were approved by the Fish and Wildlife Commission at its quarterly meeting in Frankfort Aug. 15.

At Lake Cumberland, the size limit for largemouth bass and smallmouth bass will be increased from 12 to 15 inches, and the creel limit for striped bass (rockfish) reduced from five fish per day to three.

The daily limit on crappie at Kentucky and Barkley lakes in Western Kentucky was reduced from 60 to 30 fish. And to keep regulations consistent, the crappie creel limit on Barren River Lake was raised from 25 to 30 to match that on Kentucky Barkley.

These new regulations will be effective Jan. 1, 1989.

The bass size limit change on Cumberland was designed to enhance fishing for these species, although fisheries biologists emphasized that bass populations at Cumberland are in good shape and described the move as a "fine-tuning" of the bass fishery.

The decrease in creel limit on striped bass was in response to angler requests to preserve the trophy fishery for this species that has developed at Cumberland. Biologists recommended against a request for an increased size limit, since large striper seldom survive being caught.

Reducing the crappie limit at Kentucky and Barkley lakes was in response to increasing, year-round pressure on these fish and was essentially a preventative measure to help assure that the excellent crappie fishing at these two lakes continues, according to Fisheries Director Pete Pfeiffer.

The commission also adopted regulations which would impose a 10-inch size limit and a two-per-day creel limit on brook trout. Anglers fishing in brook trout streams would also be limited to single-hook artificial lures. Commercial hook nets with a bar mesh size of less than three inches will also be banned from the Ohio River upstream from McAlpine Dam beginning Jan. 1, 1989.

## Dates set for waterfowl

The dates for the upcoming 1988-89 waterfowl hunting season were set at the Aug. 15 meeting of the Kentucky Fish and Wildlife Resources Commission.

The first segment of the split duck season will be Nov. 24-27, with the second beginning Dec. 10 through Jan. 4. Hunters will have a 30-day season, including the Thanksgiving and Christmas holiday periods. A conventional bag limit for ducks will be in effect this season, instead of the point system used in previous years. The daily bag limit of three ducks may include no more than two mallards (only one of which may be a hen), one black duck, two wood ducks and one redhead. One pintail

## Rockets execute poorly, but still win easily 26-13

By: Jeff Hammond

The Rockcastle County Rockets, behind a strong ground game, improved their record to 2 wins and 0 losses as they whipped Adair County 26-13 last Friday night.

Just as they had utilized their passing game against Lynn Camp one week ago, the Rockets looked more to the ground against the Adair County Indians and gained over 300 yards rushing. But the big story against Adair was not the rushing yardage the Rockets managed to gain but the yardage lost through turnovers and penalties.

The penalties and fumbles kept the Adair County team in the ball game. The visitors, outmarched by a stronger Rockcastle team, managed to lead 7-6 at the end of the first quarter. The Rockets fought back and regained the lead at the half due in part to the rushing of Dane Cox and Kevin Rowe. Cox and Rowe were also the big rushers on the evening with 129 and 86 yards respectively.

Penalties, which had not played a role in the season opener against Lynn Camp, cost the Rockets dearly against Adair. Over 130 yards were lost by the Rockets because of penalties. Clipping and personal fouls brought back at least one touchdown and several long gains.

Even though it was a win for the Rockets they did not appear to be as sharp as they were in the Lynn Camp game. A win is always appreciated but the Rockets did not appear to be concentrating on the game.

The passing attack, which was so dominant in the 29-8 win over Lynn Camp, was virtually non-existent against Adair. For the evening Rockcastle attempted only 3 passes, of which Adam Coleman caught one for an extra point following a Chad Burdette touchdown run near the

goal line with 10:41 remaining in the second quarter that made the score 14-7.

The halftime score remained 14-7 in favor of the Rockets.

At the beginning of the second half it looked as if the Rockets were finally getting everything together until a fumble gave the ball to Adair. A fumble recovery by Chad Burdette looked like six points for the Rockets until a clipping penalty by Chuck Shields brought the ball back and nullified the touchdown.

With 5:07 to go in the third Dane Cox took a Chad Burdette handoff and bulldied himself 10 yards for the score. The extra point attempt was no good and the Rockets had a 20-7 lead.

The play of quarterback Chad Burdette continued to improve even though he did not attempt many passes. Burdette guided the offense with a great deal of poise and scored 3 touchdowns on 9 carries.

Defensively the Rockets once again had good pursuit but were hurt by the field position gained by the opposition through turnovers and penalties. For the game the defense was led by Les Scaff with 8 tackles, Chad Merritt had 8, Chad Hodges 7, Chuck Naper 6, Kevin Rowe 5, and Dane Cox with 6. The Rockets had no interceptions.

Chad Burdette led the Rockets with 3 touchdowns and gained 70 yards on 9 carries. Dane Cox scored 3 touchdowns and gained 129 yards on 16 carries, Kevin Rowe gained 86 yards on 13 carries, Mark Sowder gained 52 yards on 7 carries.

This Friday night the Rockets travel to McCreary county to take on the McCreary Centre Raiders. In order to leave with a win the Rockets will have to be much sharper against the big, powerful McCreary team. Game time is 8 p.m.

## Fishing light

Fishing activity was light on Kentucky lakes over the August 27-28 weekend. Surface temperatures were in the mid 80s. The lake-by-lake rundown:

Kentucky: Black bass were taking plastic worms over drop-offs in 10-15 feet of water; white bass were hitting spoons 20-25 feet deep in open water; clear, stable, at summer pool and 87 degrees.

Barkley: White bass were hitting spoons near the surface and 5-10 feet deep in open water; black bass were taking plastic worms 5-10 feet deep over drop-offs; clear, stable, at summer pool and 85 degrees.

Barren: Largemouth bass were taking crankbaits 5-10 feet deep over rocky points; white bass were hitting spinnerbaits and jigs 10-15 feet deep over drop-offs; clear, stable, at summer pool and 85 degrees.

Herrington: Bluegill were taking crickets 5-10 feet deep over submerged trees; largemouth bass were taking plastic worms 5-10 feet deep along shoreline cover; clear, falling, 18 feet below summer pool and 84 degrees.

Green River: Crappie were taking minnows and jigs 10-20 feet deep over stump rows and creek channels; largemouth bass were hitting crabs, baits and plastic worms 15-20 feet deep over stump rows and rocky points; murky, falling, 1 foot below summer pool and 83 degrees.

Cumberland: Striped bass were hitting live shad around 30-foot deep over creek channels and in open-water areas of the lower lake; Kentucky bass were taking crawfish 15-20 feet deep off rocky points and largemouth bass were taking plastic

Cont. to B-10

Tigers Minor League of Broodhead - L to R Front Row: Chris Bishop, Nathan deLeon, John Adams, Jody Carter, Andy Cash, Rodney Mobley, Kyle Childress, Jeff French. Second row left to right: Chris Bradley, Brian Hammonds Billy Ray Graves, Rodney Ellison, John Baker, Timmy Farris, Brian Killion, John Curtis LaFavers. Back row: Randall Adams, coach; Larry LaFavers, assistant coach; Tony DeLeon, assistant coach and Jason Cash, manager. Not present: Brian Houk

Water boy Scottie Cotton returns to the bench after a time out during last Friday's win at home. Cotton was one of the few Rockets that did not receive a penalty as the Rockets were penalized for 130 yards on the evening.

Obituaries

Wilmot

Everett "Chalky" Wilmot, 69, of Broadhead died Aug. 24, 1988 at the Veterans Medical Center in Lexington after an illness of several months.

He was born on Nov. 14, 1918 in Germantown, Ohio, the son of the late Arthur and Georgia Kidwell Wilmot. He was retired from the L & N Railroad and was a veteran of World War II.

Survivors are: His wife, Mrs. Louise Turner Wilmot, a son, Wayne Wilmot of Broadhead, three daughters, Mrs. Linda Bishop of Somerset, Mrs. Donna Silcox of Broadhead, and Miss Lisa Adams of New Albany, Ind.; three sisters Mrs. Nannie Brewer of Florida, Mrs. Martha Brown of Hartland, and Mrs. Mary Roberts of Broadhead and six grandchildren. He was preceded in death by three brothers and a sister.

Services were held Aug. 26 at the Watson Funeral Home Chapel with Bro. Arnold Pingleton officiating. Burial was in Piney Grove Cemetery.

She was born on Feb. 15, 1950, the daughter of Jack and Jean Bradley Skeen of Mt. Vernon. She was an accounts payable clerk for Certaineed Corporation and a member of the Greenland Baptist Church. Survivors in addition to her parents are: Her husband, Jim D. Jones; two daughters, Miss Shea Jones and Miss Tara Jones, both at home; a sister, Mrs. Judy Dillingham of Mt. Vernon and her father and mother-in-law, Jimmy and Helen Jones of Somerset. Services were held Aug. 28, at Williamsburg with Revs. Larry Mulberry and Hershel Walker officiating. Burial followed in the Woodstock Cemetery in Pulaski County. This obituary is courtesy of the Cox Funeral Home.

News of many local reunions

Thank you, The Mullins-Bond Family

Singleton Reunion

First cousins, grandchildren and relatives of the late Mary Margarette Aunt Molly Singleton met for a luncheon breakfast at the Best Western Kastle Inn Restaurant Sunday 21 and Monday 22nd.

Those present were Uncle Harrison Singleton, children Harry Singleton, his two sons, Dave and James Merit Harrison Singleton, of Ga.; Ennie wife Katherine Singleton of Sevincaville, Ohio; Gertrude Baker of Washington, D.C.; Sarah Margarette of Iowa; Aunt Sarah Sams McGuvie, child, Bertha Vanzant, her son Curt and wife Mae of Orlando; Uncle Bill Singleton, children Clyde Singleton and wife Alma, his sister Loraine Sis, and his surviving wife Aunt Ellen who was celebrating her 96th birthday Tues. the 23rd. Happy Birthday Aunt Ellen; Uncle Matt Singleton, children, Reda Margarete French, Bayfavia Jean Gooseman and husband, Reda and Sandra; Aunt Mary McGuire, children, Montley McGuire of Orlando, Sally and Hubert Jennings of Ohio; Cuna Abney, Vermetta and Wanda Mason; Evelyn Ellis Lackey; Raymond Dewey McGuire, all of Mt. Vernon; Uncle Sam B. Singleton, children Ardella E. Ball of Mt. Vernon, Rowe Ollie Singleton of Orlando.

We all adjourned to the Singleton Cemetery and spent the afternoon there and had a wonderful time just visiting. Monday, Harry Singleton and his two sons, Paul James Merit Singleton of Ga., Margarette Gertrude, Ardella E. Ball, Raymond Dewey McGuire, visited Mullins Station, up and down Crooked Creek, the Fairview Cemetery and visited with Manley Sylvia McGuire

and had a real enjoyable day.

We were so thrilled and happy to see our relatives and really hope they had a good visit. God Bless you all and hope to see you next year.

Also Everett and wife Kathryn Singleton Ardella Ball visited with Ethel Durham whom is also Aunt Sarah. She is very ill. I hope she is better by now.

Sarriedad the rest of the relatives around here weren't present, we thought about you and missed you.

Clark Reunion
