Local Artist Honored

The work of a Rockcastle County artist is among those of 20 Appalachian artists included in a new University of Kentucky traveling exhibition called "Images from the Mountains."

Sandy Speagle of Livingston has a pastel in the show titled, "Ed." She explained, "Ed is a head study of a timeless character I met in Arizona."

A graduate of Baylor University, Speagle paints portraits in both oil and pastel. Her studio is a log cabin in the mountains. Her work is influenced by Mary Cassatt, John Singer Sargeant and, most recently by Raymond Kelly and David LaPlante.

Works for the exhibit were chosen by Harriet Fowler-Mobley, curator of the UK Art Museum.

Sponsored by the UK Appalachian Center and the Endowment for Appalachian Artists, the exhibit will run at Somerset Community College Dec. 4 to 17.

Central Ky. Blood Center News!

Several people participated in Rockcastle Manufacturing's blood drive on 43 units of blood donated.

Contributing to the successful drive was Carol Bryant who organized the drive.

Blood drives are held in industries for the convenience of donors and industries; the result is a two-part community service. The employee's community service is demonstrated when they share their good health by donating.

Rockcastle Manufacturing's community service is demonstrated by providing their employees paid release time to donate, chairpersons time to organize and by providing the site.

The people of Rockcastle County and CKBC are thankful for companies like Rockcastle Manufacturing and the persons who participated.

Dr. Brock holds the highest office available for Kentucky educators so his visit was an honor for the high school. He had lunch in the home economics department and briefly toured the high school.

Senior Day

High school juniors and seniors are invited to attend Cumberland College's Campus Visitation Day, Saturday, Nov. 12.

The day of activities is designed to give potential college students an opportunity to become acquainted with Cumberland College and its students, faculty, and staff. Entertaining and informative programs are scheduled for both students and their parents.

Registration for Campus Visitation Day is from 8:30 to 9 a.m. in the Gatliff Auditorium with the opening session beginning at 9. From 9:40 to 10:15 a.m., students may meet with professors in their proposed fields of study.

Beginning at 10:15, campus tours will be conducted, giving participants and their parents an opportunity to see campus classrooms, facilities, and residence halls. From 11:20 to 11:50 a.m., concurrent question

EKU offering more courses

OK, so you've procrastinated about your decision to return to school and take a few college classes. And now it's October.

That's fine. Don't worry. Officials at Eastern Kentucky University know that many students have early-fall conflicts that prevent enrolling when the regular semester begins in late August.

And so EKU has scheduled more than 30 courses that begin between mid-October and early November.

Students may earn between one and three semester hours of credit in courses with beginning dates starting Oct. 17, 18, 20, 24, 25, 31, and Nov. 1, 3, 7, 9, and 10.

About half of these courses are offered during the evenings. And answer sessions for parents and students will be led by Cumberland College students and faculty. Lunch will be provided in the T.J. Roberts Memorial Dining Hall from noon to 1 p.m.

Additionally, participants are invited to attend the Cumberland College-Lambuth College football game to be played at Williamsburg's Finely-Legion Field. Kick-off is set for 1:30 p.m.

To register or for more information telephone (800) 549-2200, ext. 4241, or write to Admissions Office, Cumberland College, Williamsburg, Kentucky 40769.

Courses available include introductory computer science, accounting, health, physical education, English composition, newswriting, loss prevention, corrections, chemistry, statistics, social science, keyboarding for computers, writing workshop, learning dynamics, and religion.

"We don't want potential students to give up hope of enrolling this fall if they've missed the August semester start," said Dr. John D. Rowlett, EKV vice president for academic affairs and research and dean of the faculties.

"Many students have to miss the August date for professional or personal reasons. We've discovered over the years that these mid-semester starting courses are an excellent way for a student to get started back in college study."

Rowlett noted that many of the courses are offered at the 100 and 200 levels, meaning that the courses are introductory-level and have no prerequisites.

There is still time to enroll, Rowlett said.

"You should call today, however," he said. "Don't procrastinate past this opportunity!"

Free Books to Children

International Book Project Inc. is a non-profit organization that sends more than 100,000 books annually to approximately 80 developing countries. Executive Director Will Weatherford says International Book Project is unique in that it is the only book project in the world that encourages international friendships.

As part of this year's Project Literacy U.S. (PLUS) outreach effort, which focuses on youth and literacy, KET requested 1,000 books from International Book Project Inc. to send to underprivileged children in Kentucky. With cooperation from the State Department for Social Insurance, a flyer, notifying recipients of a free book project, was sent along with the October Aid to Families with Dependent Children (AFDC) checks. The front of the flyer includes a toll-free number to call for requesting a free children's book. The back features toll-free numbers to call for information on adult education programs.

"The Department for Social Insurance is pleased to help KET get books to our clients," said Sharon Perry, assistant director of the department for Social Insurance. Since October 1, when the checks were first distributed, KET has received approximately 1,000 book requests. "The program has been a tremendous success. Statistics show that owning a book gets a child interested in reading," said Angie Krusenklau, KET Adult Outreach director. "Not only are callers requesting free books, but many want information about the adult education opportunities." Krusenklau added.

This year's PLUS outreach project, sponsored by the Public Television Outreach Alliance, features an hour-long documentary emphasizing the need for a more literate home environment. *First Things First*, hosted by Phyllis Raskol (The Cosby Show) airs on KET Wednesday, Oct. 19 at 9 p.m. KET will follow the special with the live call-in show *Reading Together In Kentucky*.

First Things First is produced by WQED/Pittsburgh and the Public Television Outreach Alliance. KET is a founding member of the Alliance.

Cheerleading note
The 1988 Varsity Cheerleading Competition will be at the Mid-ticocco Mall on Saturday, Oct. 22, at 11 a.m., on the front lawn beside Arby's. Area schools participating will be Cawood High School, Clairborne County High School, Harlan Independent School, Knox Central High School, Powell Valley High School, Rockcastle County High School, and Williamsburg City School.

Brodhead Christian Church

The First Christian Church of Brodhead, was located at Boone's Fork Creek, adjacent to Brodhead's first elementary school. Both were made of squared logs, located on the bank above the creek. It was a north rocky bank.

Both buildings were one-hundred to one hundred and fifty yards down the bank from the present two-lane bridge. A low narrow walk bridge only spanned the creek before 1890. Thomas S. Frith gave the church and school the land to build these houses on, as long as the houses were used.

The present church house was built in 1890, with only a foyer and a meeting room.

The land sits on, the big yard, and cemetery behind the church house, were donated by Mr. and Mrs. J.E. Woodyard, former citizens of Brodhead. They also donated a 12 foot road between the church property and Bettie C. Tharp's property that leads to the cemetery.

The foyer in the 1890 to 1938 building was to hang wraps and to leave boots and umbrellas.

Above this foyer was a tall steeple. A bell-hung at the top of the steeple with a rope that reached to the foyer to pull and make it ring. The musical sound could be heard as far away as Spiro and Copper Creek Communities. This bell was stored in the basement in 1988.

In the first Main Street Christian Church building, ten long pews were placed, in the middle of the sanctuary and two long pews were placed at the back of the room on each side of the floor.

Ten shorter pews were placed on each side of the longer pews, with an

aisle left between the longer pews and shorter pews, which made two aisles leading to the front.

These pews were used later to form only one middle aisle for a 1940 wedding. There were left like that until 1984.

A black pot-bellied stove was placed behind the last long middle pew. It was a wood and coal burning stove and heated the building.

A pedal-organ was up front on one side of the pulpit. A small borrowed, marble top table served as a communion table with two small chairs on each side. It was on the lower level but in front of the rostrum.

Behind the rostrum stood three, narrow, pointed-top chairs for the minister and his guests, when needed.

Before any Sunday School rooms were built, curtains of domestic bleach were hung on wires stretched from front to back and side to side of the room, to form Sunday School rooms. The hinged backs of the pews made it possible for pupils to face each other during their classes in Sunday School.

The first Sunday School rooms were built around 1912. These were replaced by more and better rooms by Bro. Charles Vaughn and some of the church men in 1930.

In the late 1930's, one third of the steeple was removed and later all of the 1960's by tall straight-at-the-top windows. Small assorted colored panes forms a cathedral-top border, with clear glass on each side. The colorful border continues down each side and bottom of the windows.

Brodhead Christian Church - located on 150

Now in 1988, this Christian Church building has a baptistry with modern Sunday School rooms behind it; a Friendship Hall, kitchen and storage room beneath the first floor; complete with hot and cold air coming from an iron grate in the floor.

Oh yes, on Oct. 29, 1984, blonde oak pews replaced the beautiful antique pews. The oak pews matched the pulpit furniture that O.R. Cass

and A.M. Hiatt donated in the 1930's. The antique pews were placed around the wall of the Friendship Hall and into class rooms.

The first paragraph of this history is credit to Reggie Laswell's letter to me stating what his grandfather, Edd Newland, told him.

The rest of the history was what my parents had told me and what I remembered.

State Supt. Brock says school on the right track

By: Ray McClure

"Education in Rockcastle County is headed in the right direction," Dr. John Brock, Kentucky Superintendent of Public Instruction, told about 200 guests and 600 school children at groundbreaking ceremonies last Thursday at Mt. Vernon Elementary School.

Dr. Brock was introduced by Rockcastle Superintendent Bige W. Tow-

ery Jr., following a short talk by State Rep. Danny Ford.

Work has already started on site preparation for the \$3.5 million Mt. Vernon Elementary School.

"This groundbreaking marks a new beginning in Rockcastle County," Dr. Brock said. "The new school will become a symbol of this community's faith in the future and the future of its young people."

He said new schools are not built

unless a community has faith in the future, and faith in the future of the children who will be educated there. "You don't make this kind of commitment unless you have faith in the ability of this community to grow and prosper," he noted.

The superintendent said in his experience a new school building raises the morale of everyone concerned. It raises expectations for education and it makes "us believe that we can do

State approves road projects

Gov. Wallace G. Wilkinson has announced several road improvement projects for Rockcastle County.

Wilkinson said the state will place a double oil and rock seal on 3,168 feet of County road 5073, Old Gabbard School Road; 3,168 feet of County Road 5043, Hammonds Fork Road; place initial blacktop surfacing on one-half mile of County Road 5369, Nickells Road.

Also, 1,584 feet of County Road 5418, Houston Point Estates; one-half mile of County Road 5054, Little Clear Creek Road; 1,056 feet of County Road 5249, Debride Road; 2,112 feet of Kentucky 2614, County Line Road; and 1,056 feet of County Road 5261, the Popular Grove - Bee Lick Creek Road.

"Persistent upgrading of our secondary roads is essential to the safety and convenience of Kentucky's rural communities," said Wilkinson.

According to State Transportation Secretary and Commissioner of Highways Milo D. Bryant, the projects are estimated to cost \$85,314 and are being financed with Rural Secondary funds.

Lincoln County, near the Rockcastle line.

According to Kentucky State Police Detective Eric Boggs, Kenneth W. Robinson, 18, and Steven Dale Robinson, 20, both of Mt. Vernon, were arrested at their parents home near the Rockcastle County High School last Wednesday afternoon about 6:30 p.m. and charged with murder and armed robbery.

Mrs. Brown, 46, was shot five times in the chest and neck from close range with a .22 caliber rifle at the rural grocery she owned with her husband Don Brown.

The Robinsons told Boggs and Detective Kenny Ball, who arrested the two, that they got about \$100 in the robbery and that the two of them split the money, which they told police that they needed to buy drugs for themselves. They killed Mrs. Brown because they did not want any witnesses, Boggs stated.

Boggs related that the younger Robinson confessed to the actual shooting of Mrs. Brown with a .22 caliber rifle that he carried into the store with him. Both men signed sworn confessions to the murder.

The detective said that at the time of the arrest police recovered a .22 caliber rifle from the Robinson's home, but the ballistic check did not match when a test was run. However Boggs said that police later recovered another rifle that matched the slugs taken from the murder scene.

The Robinsons had apparently used a rifle owned by their father and after the murder they sold the rifle and

bought their father another one. Boggs said that the parents did not have any idea about what was going on.

There had been some speculation that someone had turned the men in, but Boggs said that was not the case. "We were led to the Robinsons through our own investigation," Boggs declared.

At the time of the arrest police also impounded a 1982 reddish-colored Datsun that the two men were apparently driving the day of the murder, and both men have blond hair, something else for which the police were looking.

Boggs explained that both men told police that they planned the murder about three hours before they actually committed it and even "cased the store" before the younger Robinson entered it with the rifle. Boggs also noted that the younger Robinson said during his confession that he shot Mrs. Brown twice after she was down to make sure she was dead.

The two men did not resist and cooperated 100 percent, the detective said. Both men actually confessed in the state police car outside the original grand jury hearing. Following their confession the two men were taken to the Lincoln County Regional Jail in Stanford where they were booked.

The two were arraigned last Thursday before District Judge "Marek" Cornett, who set their bond at \$100,000 cash each. The case will be presented to the Lincoln County Grand Jury (today) Thursday.

911 could be available in city

By: Ray McClure

A central dispatcher with a 911 number used to speed up emergency calls is not out of reach for Mt. Vernon and Rockcastle County residents.

The 911 number, such as many Kentucky cities have, summons all emergency response teams such as fire, police, ambulance and other

groups needed in an emergency.

When questioned, Mt. Vernon Mayor Gary R. Cromer agreed the 911 number is probably within reach since he believes the city would be able to use some of the \$286,000 the city has in its Urban Development Action Grant (UDAG).

The UDAG money is repayment to the city by Reynolds Metals for a loan to Mt. Vernon Plastics, but can

only be used for development and associated projects. Possibly, some of the money used in obtaining the original grant could be used.

Proponents of a 911 number have always pointed out that the number is helpful to senior citizens and the handicapped. Often times in their excitement residents forget the number to call when they have an emergency.

The mayor said only the initial start up would come from UDAG money. At some future date a possible small charge would be added to the telephone bill to help pay for operations. The number must be answered 24 hours a day, seven days a week, and dispatchers would have to be trained and paid.

Mayor Cromer said he thought it would be a good idea if the county, Brodhead and Livingston would all join with Mt. Vernon in the project.

Trick or Treat!

Trick or treat in Mt. Vernon, Brodhead and Livingston has been scheduled for 6 to 8 p.m., Monday, Oct. 31. Adults should accompany small children and treats should be examined. Drivers should watch for children during trick or treat hours.

Road hearing scheduled

A public hearing to determine the feasibility of four-laning of U.S. 150 between Stanford and the Ky. 461 bypass at Mt. Vernon has been scheduled by the Kentucky Transportation Cabinet.

The hearing will be held at 7 p.m. Thursday, Oct. 27 at Crab Orchard Elementary School. Persons interested are urged to attend.

Also to be discussed is a 500-acre lake at Stanford, proposed as a source for Stanford city water. Stanford only in recent days has allowed full use of water to resume because of this summer's drought conditions.

Widening the U.S. 150 has been on the highway department agenda for many years. The last time it came up was during the term of highway de-

partment director Henry Ward.

At that time, Ward said the road would eventually be constructed to the 1.75 with Bluegrass Parkway, but added that it was a very low priority.

In recent months, Lincoln County Judge/Executive John Sims, and Rockcastle Democratic Chairman Verla Scott have had it as a priority project, and has sought the help of Gov. Wallace Wilkinson.

Judge Sims said this is an excellent time for the public to talk about the road and lake and to make suggestions.

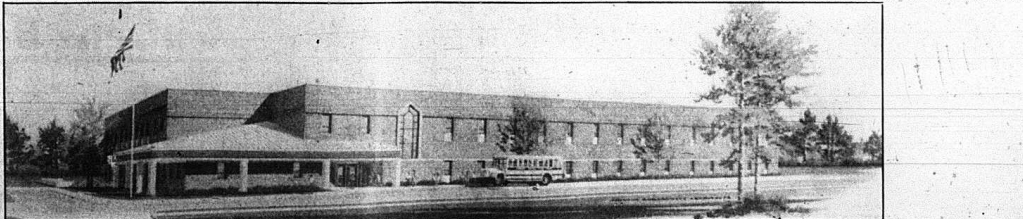

He said earlier the improved highway would open up an east-west corridor that is now a two-lane dangerous, curvy highway that does not lend itself to modern traffic.

"We all need to work together to change that and what we are doing today is a beginning of that change. These students who are here today will be better in the future because of what we are doing today."

Under a cloudless sky and cool temperatures, the audience gathered on the south side of the school where in the background trucks were busy depositing fill dirt on the playground area.

"In recent years," he continued, "in this county only the ninth graders out of every five have been completing high schools here. Some of them move away before they graduate as their families seek better jobs. But many others drop out before graduating."

"Of those who do graduate, only one in four goes to college or vocational school," Dr. Brock related.

Letters to the Editor

Dear Editor,

The Kentucky Coalition for the Homeless endorses a YES vote on amendment #2 to protect the homes and surface land of many of our citizens, especially in the rural areas of eastern Kentucky.

Fifty to 100 years ago, many landowners in coal and mineral-rich areas of the county were offered a few cents or maybe even a \$1 per acre to sign a deed for the coal and other

minerals on their land. These broad form deeds of long ago were signed when the presumption was the landowners still had the right to build homes, plant their fields and raise livestock on the surface while the mining company got the right to take the minerals by deep-mining.

In the 1950s, new technologies and machinery were developed which made strip mining cheaper and more profitable.

Now, landowners whose ancestors who signed the broad form deed no longer have a legal right to their own surface property. Their homes and crops are no longer safe as the bulldozers move their surface land, destroying access roads, crops, pastures, streams and outbuildings, even mining up to 300 feet of their homes.

All mining states with broad form deeds have set limits on surface mining. It's time Kentucky should do the same. Vote YES on amendment #2 this November.

Sincerely
Michelle Budzek

**120 Acre Farm & House
and Machinery**
Sat., Oct. 22, 1988
10:30 a.m.

Orlando Section of Rockcastle County

LOCATION: Turn off Highway 25 onto state road 1004 near the Exit 59 interchange of I-75. Proceed approximately 6 miles along 1004 to the auction site. Signs are posted.

Mr. and Mrs. Rader have decided to retire from farming and have contracted our firm to offer their farm at absolute auction.

The farm contains a total of approximately 120 acres of which 42 acres is good crop and pasture land and the balance in woods.

It has a basic tobacco allotment of approximately 2106 lbs. There is 3 ponds and a spring that furnishes water to the farm. The farm is fenced. There is some timber and coal possibilities.

It is improved with the above-pictured 1 1/2 story house. The house has living room, kitchen with built-in cabinets, 2 bedrooms, utility room and bath on the first floor and 2 bedrooms on the second floor. The house has masonite siding, washer/dryer hook-up, 2 flues, both well and spring water, plus much more.

In addition to the house, there is a 42 x 46 and a 42 x 43 tobacco barn and a 2 car detached garage.

Auctioneer's Note: If you're looking for that dandy farm with good production potential, sealed and at your own price, be sure and mark your calendar now to attend this absolute auction, **Saturday, October 22nd, at 10:30 a.m.**

Machinery to be sold includes: Ford 201 3 pt. disc; Ford 14" 2 bottom plows; cultivator; Ford 7" Heavy duty grader blade; boom pole and 3 pt. hitch handy lift.

Letters

(Cont. From 2)

Dear Editor,

Sometimes people influence our lives and make an impact on our future. Dr. Albert N. Cox was one of those people in my life. This past week Dr. Cox passed away. I am writing this letter in memory and gratitude for this special person and educator.

Dr. Cox was president of Midway College in 1966. It was through his efforts that my sister, Martha and I enrolled in Midway College and then graduated in the first Nursing Class in 1969, and became R.N.'s. Several years later our sister, Frances died the same. Dr. Cox initiated the Nursing Program at Midway and without the challenge and support he gave, we would have not had the opportunity to fulfill our dreams of becoming nurses.

Twenty years have passed since I left Midway, but through the years, I remember Dr. Cox and others who assisted and influenced my education and life. Sincere condolences are extended to Dr. Cox's family at this time.

I would also like to express my thanks to many others who contributed and assisted me in my education and life, especially all my teachers and Mrs. Dixie Holt, Mrs. Neurel Miracle, Mrs. Nancy Williams and Cleston Saylor.

It's easy to take our education for granted, but without those special people who provide support and influence, many would not be able to realize their potential and reach those goals.

Please support your education system now!

Sincerely,

Mary Powell Hill

Dear Editor,

This letter is to the people or person who thinks they own the parking meters in front of businesses in Mt. Vernon.

On Oct. 11, I parked a school bus on Main Street, in front of a business place, which is not marked as being a restricted parking place. I put money in the meter and went up the street on business. It was gone twenty minutes. When I returned to the school bus I found it backed up off of the parking meter and blocking someone's driveway and a pickup truck parked on the meter.

I don't appreciate people bothering school property and further more, I had as much right to park there as

anyone else. I was not in violation in anyway. I will park there again if the occasion arises and I expect to come back and my bus be where I left it.

I am sure there must be a law to the effect of moving vehicles that do not belong to you out of their parking space and parking your vehicle in that space just because you feel like it. If they don't want people to park in front of their business why don't they have a restricted parking sign posted to that effect.

I expect people to treat me as I would treat them and it sure isn't by moving their vehicle and taking their parking space.

Sincerely,
L.M. DeBord

Dear Editor,

Unless the people of Kentucky take quick action, one of our state's greatest resources may soon be destroyed. Union Underwear and the Jamestown Waste Water Treatment Plant plan to begin pumping over 2 million gallons of salt water brine per day directly into Lake Cumberland, turning one of our state's finest bodies of water into an industrial sewer! They can do this and still be in full compliance with the law. Full compliance, and yet will be left with a dying lake, a dead tailwater river, and a ruined U.S. Fish and wildlife trout hatchery.

It doesn't have to be this way. Both the technology and the equipment exist that will clean their effluent, and it is within their means to install and operate it. It just takes some creative puzzle solving. Each of you can help fit one of the pieces into place. Please take a few minutes to write a letter to Governor Wilkinson, telling him you think trading a multimillion dollar tourism and sporting industry and the life of a great body of water, for a few factory jobs, is a bad deal. Urge him to do whatever is necessary to help Union Underwear achieve a clean discharge and eliminate the need for a pipeline into the lake. Then the people of Russell County can have good jobs and we all can have our lake, river and everything that lives in them.

The Governor must get this message loud and clear from every corner of the state. If industry is allowed to do this to Lake Cumberland, then every ounce of water in the commonwealth is fair game. The governor's address is:

The Honorable Wallace G. Wilkinson,
State Capitol, Frankfort, Ky. 40601

Yours truly,

Donald H. MacLean

Dear Editor,

Imagine that you receive a letter from a company in England, which says, "We're going to bulldoze your house and land to dig out a mineral underneath. Vacate immediately." You're sure there is a mistake, as you've paid off your mortgage or have been making payments for years. However, your lawyer shows you some fine print in your deed, signed 100 years ago (perhaps with an "x") that says the minerals under your home belong to someone else. You do own the first foot or so of earth and everything on it, but they can do whatever necessary to get to their minerals.

It sounds like something that could only happen in another country or under a dictatorship, but this scene goes on daily in Kentucky, and has

been for 25 years, under a law called the Broad Form Deed.

Most states realized years ago that the Broad Form Deed was wrong, and have restricted its use. Kentucky is the only state in the country which has not.

Why? Obviously, the only ones who benefit from this silly legal device are coal companies and the politicians whose pockets they line. Kentucky has been run by crooked politicians for years, determining our policies by the needs of coal and timber companies (and now landfill companies). This state is actually rich in resources, but the billions of dollars made here by big companies don't show in our education system or tax base.

Constitutional Amendment #2 on the ballot November 8 will change our Constitutional so that the Broad Form Deed can no longer be used improperly. Landowners will be able to decide whether or not their land will be stripmined.

I urge you to vote "yes" on the Broad Form Deed Amendment (#2), and while you're at it, take a good look at "your" politicians who are against it.

Dear Editor,

Helplessness is a feeling that is all too common in today's world. We feel helpless in the crush of the

great problems of our time - pollution, poverty, nuclear proliferation. But once in a long while we get the opportunity to really change history. Once in a while we get the chance to make the world better by simply voting.

Vote YES on Amendment #2 November 8 and stop the helplessness of those people forced to watch their farms destroyed by strip miners because of the broad form deed. Vote YES on Amendment #2 and help change our corner of the world - Kentucky - for better, forever.

Sincerely,
Joseph Horton

Dear Editor,

Imagine owning an antique desk which had belonged to your grandfather. The desk is now located in the back room of the old farmhouse where you live. A man arrives bearing a document with typed names (no signatures) of your grandparents and claims title to the desk. You question the absence of signatures and he tells you that the courts accept such documents as proof of ownership because they are on file at the county courthouse.

He tells you it is too much trouble to remove the desk through all those doorways from the back room to the front entrance, and directs the movers to trip out a wall of the back room. When you protest, he tells you the

Kentucky Supreme Court has declared that if the desk was sold, he has the right to remove it any way he deems convenient. He drives off with the desk, leaving a large hole in your house. The next day you call him about repairing the damage, and he tells you the court has also held that he is not liable for any damages.

Does this sound fictional? This is identical to what happened to my family when a coal company decided to remove coal from beneath our property. The company took the property it claimed it owned (using a deed with only typed names in the place of signatures) without even notifying us that it would be stripmining our land. Our timber and topsoil was ripped up and our land was left in ruin.

Many citizens have banded together to halt coal operators who strip mine using so-called broad form mineral deeds. We're just asking that our land not be destroyed against our wishes. People in Rockcastle County and all across Kentucky can help by voting YES on constitutional amendment #2 on the November 8 ballot.

Thanks,
Major (Ret.) Sidney Cornett

Fish activity is light to moderate for week

Fishing activity over the October 15-16 weekend was light to moderate statewide. Largemouth bass and crappie were the most active species. The lake-by-lake report:

Kentucky: Largemouth and smallmouth bass were hitting spinnerbaits and buzzbaits 5-10 feet deep and moving into grass at back of bays; catfish were hitting minnows and nightcrawlers 20-25 feet deep along main lake river channels; clear, falling, one foot below summer pool and 69 degrees.

Barley's: White bass were hitting crankbaits, spoons and buzzbaits 1-10 feet deep in open water; largemouth bass were hitting spinnerbaits and plastic worms 5-15 feet deep along drop-offs and shoreline cover; clear, stable, one foot below summer pool and 71 degrees.

Barren River: Crappie were hitting minnows and jigs 10-15 feet deep over brush piles and submerged trees; largemouth bass were hitting crankbaits 5-10 feet deep over stump runs; hybrid rockfish were hitting live crawfish near dam; clear, falling, two feet below summer pool and 62 degrees.

Rough River: Largemouth bass were hitting plastic worms 1.5 feet deep along shoreline cover; crappie were hitting minnows 10-15 feet deep over brush piles and submerged trees; clear, falling, five feet below summer pool and 65 degrees.

Taylorville: Largemouth bass were hitting crankbaits and crankbaits worms 10-15 feet deep along creek channels; crappie were hitting minnows 10-15 feet deep along stump runs; murky, stable, four feet below summer pool and 63 degrees.

Huntington: Excellent catches of blue gill were reported on crickets 10-15 feet deep over stickups and submerged trees; largemouth, smallmouth and Kentucky bass were hitting plastic worms 5-10 feet deep along shoreline cover; crappie were being caught on jigs in the upper end of the lake; clear, stable, 16 feet below summer pool and 69 degrees.

Junior halfback Dane Cox heads up field on a sweep play during last Friday's 14-0 loss at the hands of district foe Cawood. The loss was the third in a row for the Rockets, now 6-3 on the season. The Rockets saw their playoff hopes disappear with the loss. Cox had 65 yards on 14 carries for the Rockets.

Red Ribbon Campaign begins Monday

By Angie Carl
The National Federation of Parents for Drug Free Youth and Champions Against Drugs have launched a part of a national campaign that will begin Sunday, October 23 and continue through October 30. The state honorary chairpersons are Gov. Wallace Wilkinson and Mrs. Martha Wilkinson.

The theme for the 1988 campaign is "The Choice For Me, The Choice For You." The purpose of the campaign is to present a united and visible commitment toward the creation of a drug free Kentucky.

The Red Ribbon Campaign originated when Federal Agent Enrique Camarena was murdered by drug traffickers in 1985. The Red Ribbon became the symbol to reduce the demand for drugs, just as yellow ribbons symbolized our soldiers in Vietnam. Red Ribbon Week has been celebrated in individual communities in KY in the past. This year, the Champions Against Drugs, working with the National Federation of Parents for Drug Free Youth, accepted the challenge of sponsoring a statewide Red Ribbon Celebration.

The chairpersons for Rockcastle County are encouraging everyone to get involved. You can participate in the campaign by wearing a red ribbon next week. Each student at Rockcastle Co. High School will be given a ribbon to wear. Businesses can participate by distributing red ribbons to their employees and by leaving several ribbons where others such as customers can take them. Red ribbons can also be placed on the outside of your place of business as the high school will be doing next week.

Wednesday, Oct. 26, is the designated day for the ribbon cutting in Frankfort by Governor Wilkinson and it's also to be Wear Red Day. Everyone in the entire county is encouraged to wear red Wednesday to show their concern in striving for a state that's drug free. In recognition of the celebration of Red Ribbon Week—the RibKestrel Co. Chapter of the Future Homemakers of America will be having a guest speaker on Wednesday, Oct. 26, Allen Tompison of Radcliff, Ky. will speak to FHA and other clubs. Tompison is a survivor of the Carrollton bus.

Play-off hopes vanish for Rockets with 14-0 loss to Cawood Trojans

Untimely penalties, fumbles and interceptions took the Rockcastle Rockets out of any chance for the district play-offs in their 14-0 loss Friday night against the Cawood Trojans.

The two teams were evenly matched but the Rockets couldn't overcome their bad luck with penalties and their passing game broke down to keep the Rockets from breaking through for a score in the contest.

Cawood didn't pick up a first down the first quarter but, beginning in the second quarter, Cawood's good running back, Belcher, took over and carried the ball for the Trojans, mainly up the middle, and Cawood controlled the ball almost the entire quarter.

The first score in the game came with 2:07 left in the first half when Belcher went over from the 4 yard line following a 4 and 6 play when the Trojan quarterback dropped back and found a receiver on the four yard line.

The Rockets had their best chance for a score early in the second half when the combined running of Chuck Shields, Kevin Rowe and a face mask penalty against the Trojans made it 1 and goal on the 9 yard line. But two offensive penalties against the Rockets brought the ball back to the 18 and then a fumble gave the ball to Cawood on their own 17.

The Trojans had to give the ball up on their next series and Shields got a good return on the punt but a roughing the kicker penalty against the Rockets gave the Trojans new life on their own 31 yard line.

After one first down, the Trojans

against had to punt the ball away and, with one quarter left to play, quarterback Chad Burdette picked up good yardage and the Rockets were on Cawood's 19 with a 1 and 10. Burdette went to his passing game and his first attempt was incomplete. The second one was picked off in the end zone by a Cawood defender and once again, a Rocket bid for a score had gone by the board.

Following a first down to Cawood's 30, the Trojans picked up 5 yards on the next play and were aided on the next play by a 15 yard penalty on the Rockets, putting the ball on the 50 yard line. On this series, Belcher broke loose and would have scored except for being caught from behind by Dane Cox but on the next play, Belcher went over for the score with 5:19 left to play. Both extra points were good for the Trojans.

This Friday, the Rockets play Knox Central in an away game.

The Rockets were led on offense by Dane Cox's 65 yards on 14 rushes, followed by Chad Burdette's 62 yards on 10 rushes. The rest of the Rocket totals are as follows: Kevin Rowe 59 yards on 10 rushes, Mike Spires 4 yards on 1 rush. The Rockets picked up 196 yards on the ground compared to only 10 yards passing. Burdette completed only 1 of 6 passes for 10 yards and had 3 interceptions.

Junior linebacker Kevin Rowe led the Rockets with 14 tackles, Chuck Shields was next with 11 tackles, followed by Chad Merritt's 10, Adam Coleman 8, Dane Cox, Les Scott, and Chad Hodges all had 8, Bobby Hayes and Chuck Napier 6 each Chad Burdette 3 and Scotty Hines 1 tackle.

About Rockcastle Countians

Mr. and Mrs. Lawrence Washburn

Creech - Washburn vows said at First Baptist

Sherry Lynn Creech and Lawrence Washburn were married at 3 p.m. on July 30, 1988 by Bro. Mike Bryant. This event was held at First Baptist Church of Mt. Vernon.

The bride is the daughter of Mr. and Mrs. Paul and Donna Campbell of Mt. Vernon and Walter Creech of Westchester, Ohio.

The groom is the son of Mr. and Mrs. Paul and Patsy Washburn of Hyden, Kentucky.

A program of wedding music was conducted by Kristi Fletcher on the piano. Greg Bullock and Terry Sower sang several selections including "To Me", "My Only Love", "You Decorated My Life", and "Just You and I".

The bride wore a radiant floor length San-Martin gown made with sheer illusion netting over satin, with large illusion ruffles around the bottom and also making up all of the cathedral length train. The bodice and yoke were filled with pearl beadings and sequins.

The veil was a matching illusion veil with a high crown charmed with pearls coming down to a point on the brides forehead. Pearls, beads and sequins hung softly around her face. She carried a cascading spring bouquet of colorful Iris, daisies, carnations, miniature carnations, roses and other beautiful assorted flowers.

Mrs. Terri Woodall was the matron of honor. The bridesmaids included Renee Creech, Lisa Raines, Chris Mesa, and Paula Washburn, the sister of the groom.

They all wore identical pink-satin tea-length dresses. The dresses were accented with a drop waist sash and a large bow on the right hip. They carried bouquets of miniature fushia, carnations and iris's. The matron of honor carried a smaller replica of the

brides bouquet. Their hair pieces were satin hair combs with silkened babies breath and beads.

The groom wore a two toned gray tuxedo with ascot. His bestman was his brother Patrick Washburn.

The groomsmen were Richard Witt, David McAllister, David Caldwell and Shane Campbell, the brother of the bride.

The groomsmen all wore light gray tuxedos.

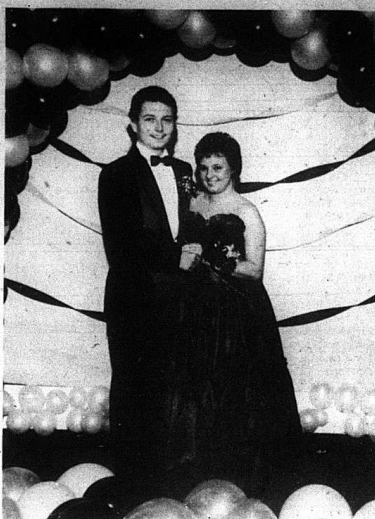

The bride is a 1984 graduate of Rockcastle County High School. She is employed at A Cut Above of Mt. Vernon, as a hairstylist.

The groom is a 1981 graduate of Oneida Baptist Institute and is the owner of Blue Diamond Exterminating Company of Hyden.

The couple honeymooned in Key West, Florida and now reside in London, Kentucky.

Mr. and Mrs. Jeffrey Bryan Craig

Hamm-Craig vows said

Mrs. Denea Shae Hamm became the bride of Jeffrey Bryan Craig on July 30. The closed church ceremony took place at 2 o'clock in the afternoon at Parkers Mill Baptist Church. Bro. S.L. Sears was the officiating minister at the double ring ceremony.

The bride's parents are Mr. and Mrs. Roy Gerald Hamm of 22 Circle Drive, Somerset. The bridegroom is the son of Mr. and Mrs. Johnny L. Craig of Route 3, Eubank. The bridegroom's maternal grandparents are Edna Miller and the late Willie Miller of Mt. Vernon. Paternal grandparents are Christine Craig of Route 3, Eubank and J. S. Craig, Jr. of Route 3, Mt. Vernon.

Musical selections were rendered by soloist Jessie Reynolds, cousin of the bridegroom and Melissa McClendon, pianist. Selections included "You Needed Me", "You Light Up My Life", "The Wedding Song", "If", and "Just You and I".

The Mothers lit the unity candles. The bride given in marriage by her parents, chose a classic bridal gown romanced with lace. The fitted bod-

ice was beautifully adorned with lace and pearls from the scoop neckline to the slightly raised basque waist. Puffed sleeves had lace flounces. The lace bordered skirt extended to form a chapel length train. The fingertip length veil was edged in lace and held by a bridal cap of lace and pearls. She carried a cascading bouquet of mist pink and white lace and a set of wedding bands. It was accented with white satin and white lace streamers.

Maid of honor was Sheila Hamm, sister of the bride. Jodi Mays, cousin of the bridegroom, was flower girl.

Best Man was Russell Chaney. Ushers were Mike Gooch and Chris Blevis, cousins of the groom. Scott Mays, cousin of the bridegroom, was ring bearer.

Missy Hamm, cousin of the bride, attended the guest book. Tabatha Miller, cousin of the groom, was in charge of the rice bags. Rosie Hamm, aunt of the bride, was wedding coordinator.

After the wedding, a reception was held in the church fellowship hall.

50th Anniversary

Open House will be held Sunday, October 23 for Charlie and Annie Isaacs who will celebrate their 50th wedding anniversary Mon. Oct. 24. It will be held at their home. All friends and relatives are invited to attend.

Hi, my name is Joseph Lee Wallin. My mommy and daddy are Roger and Carmen Wallin of Orlando. I just celebrated my second birthday Sept. 24 with a "Ducktales" party, that's my favorite! My sister Jennifer was there and my cousin Chad, he's my buddy, also David, Daphne, Granny, Aunt Debbie, Lillie and Kim. I enjoyed opening my presents and especially trying on my new clothes! Everyone thought that it was funny and they laughed at me. We all had a good time playing games, eating cake and ice cream. I sure wish everyday was my birthday, don't all kids? Well, I would like to thank everyone for their gifts and for sharing this special day with me. I love you all!

Staying Home Alone Personal Safety

Every year more than a million children "disappear" or are sexually abused. However, while most parents fear harm from strangers, research indicates that the majority of abductions and child abuse is committed by individuals familiar to the child. In 30 percent of child sexual abuse cases, the child knows the offender. And only a few thousand of the missing children reported each year have been kidnapped by strangers. Most of the missing children seen on posters or milk cartons are the victims of parental kidnapping or have run away from home.

Although kidnapping and assault by total strangers does not occur often, no one can predict when or where it will occur. Furthermore, kidnapping and molestation by familiar strangers is somewhat more common. It is therefore essential that children follow basic safety procedures at all times.

Children need to learn to distinguish between friends, familiar strangers, and total strangers. A stranger was defined as anyone that the child or family does not know well. It was stressed that most strangers are good people with good intentions, but that when children are alone, it is important that they follow basic safety procedures around strangers.

Safety Away From Home: Children between eight and eleven, especially girls, are the most common victims of molestation. There is also some evidence that the number of boy victims may be increasing. Child molesters use a variety of methods to entice children to go with them, including simple requests ("Nice day. Feel like going for a walk?"), pretending to be sent by an authority figure ("Your mom got sick and asked me to come get you"), promising something desirable to the child ("Would you like to see some baby kittens?"), or requesting the child's help ("I'm looking for Elm Street. Can you show me where it is?").

When children are away from home and adult supervision, they should walk or play with friends whenever possible and avoid staying in populated areas. Dark or isolated places should be avoided. If a stranger tries to talk to the child, the child should keep walking without engaging in conversation and immediately tell an adult. When some parents feel that it is permissible for the child to talk to the person from a distance, most law enforcement officials feel this puts the child at greater risk of being controlled by the adult. All agree, however, that the child should never go near, go with, or accept gifts from a stranger. To avoid the problem of a person pretending to be sent by a family member, it is recommended that every family establish a "secret code word" -- a word known only to family members -- that the child can ask for from the stranger.

If a child is followed by someone, he should go immediately to a public place or a friend's house to get help. He should not go home if no one is there and should never go to a deserted area. If someone attempts to grab him or approaches him, the child should scream "help" and attempt to run away and get adult assistance.

Arriving Home: When children come home and no one is there, they should quickly check the windows and doors for signs of forced entry. If everything appears normal the child can go inside, immediately locking the door. (It is especially important for the child to remember to remove the key from the lock after opening the door.) However, if something looks funny or if there are signs that someone may be in the house, the child should go immediately to a neighbor's and call the police. An extra key should be left with a neighbor in case the child loses her key or gets locked out. Keys should never be "hidden" outside. If the child can find it, so can someone else.

Answering The Door When Alone: When the doorbell rings, the child's first responsibility is to identify who is at the door. This can be done by saying "Yes?" through the closed door. If the door has a special viewer, the child should also try to identify the person visually. Unless the person is well-known and expected, the child should continue to talk through the closed door. The child should not let the stranger know he is alone or give any information about other family members. The child can say,

"She can't come to the door right now. Can I take a message?" If a

broom targeted for chain stores will be produced in part with semi-automatic equipment.

Last year's fire interrupted a prosperous year in broom sales, but Bernard Hale, manager of Christmas Ridge Handcrafts, the project's marketing division, considered it satisfactory to be able to return to the previous year's performance of \$100,000 in gross sales despite a fire.

"We hope to increase sales by about 50 percent in the coming year," Hale said.

The broom factory began in 1986 in what was a lumber company warehouse, which also housed the Christian Appalachian Project's central used clothing warehouse that served its six "Attic" stores.

When it burned in 1987, the broom factory and its six employees moved temporarily to another project facility in Mt. Vernon.

The new factory/warehouse facility was paid for with funds from a special appeal. The former structure was uninsured.

Welfare overhaul signed into law by president

President Reagan yesterday signed the first major overhaul of the nation's welfare system since it was created in the Great Depression. He called the new law a "message of hope: to those mired in a life of dependency and destitution."

But that message to welfare recipients, said the president, also contains a demand from the citizens who pay the bills: "What you will do your share in taking responsibility for your life and for the lives of the children you bring into this world."

The legislation contains the most sweeping revision of the nation's principal welfare program -- Aid to Families with Dependent Children -- since it was created in 1935. The government has pledged to provide training and support systems to destitute parents if they take steps to become independent.

The new law reportedly goes into effect in 1991.

Halloween Safety Program

The children of Mt. Vernon Elementary School are being provided with an extra measure of safety this Halloween.

Each child will be given a special super safety Trick-or-Treat bag in cooperation with the National Safety Council and sponsored by several companies.

These companies are interested in safety for children. The plastic bag includes safety tips and is printed on both sides with a special fluorescent ink. A child carrying this bag would be highly visible to motorists because of the bright reflection of the color. This is especially important at dusk, which is a time of day when visibility is generally poor.

Each child also receives a special parent safety booklet containing additional safety tips and suggestions on creating a successful at-home Halloween party, costume and makeup ideas and party recipes and a special parent safety checklist. Participating organizations receive posters which serve as further reminders of the need to be extra cautious during these few days. Also

included as part of the program is a community awareness kit with media public service announcements to help broaden community safety awareness.

"The program is being distributed, not to encourage trick-or-treating, but to acknowledge that this practice, for the most part, already exists and children would benefit from an effort to make their celebration experiences safer! In many communities, the program provides a basis for alternative activities, such as parades, parties, etc., all designed to make Halloween a safer, more fun experience.

Ladies Aid Missionary Society

By: Elizabeth F. Mullins
Ladies Aid Missionary Society met at Barbara Watson's home with Arlene Marshall as co-hostess, Oct. 12, at 7:30 p.m., with eleven present.

Ella Mae Martin started the lesson she presented with prayer. The lesson subject was "Friendships". She quoted several Proverbs as she told about friendships. Kindred hearts makes friendships. Real Christian friends are kind and helpful. We should keep our eyes on God, be gentle and considerate, to make real friends and to grow as the years go by. Jesus Christ is our best friend. Marjorie Shivel played the piano, "What a Friend We Have in Jesus", while the group sang.

After signing more birthday cards for the sick, a report was made about the attractiveness of the Halloween Tree at Sowder Nursing Home. Elizabeth Mullins, Barbara Watson, Loraine Newland, Emily Glover, and Ella Mae Martin met at Barbara's to make the Halloween figures to put on the tree, on Monday, Oct. 5th.

After Willie Lawrence gave a blessing, we were served Arlene

Marshall's seven layer salad, dips and chips and drinks. Delicious! November's meeting will be at Arlene Marshall's home and she will have the lesson also.

Our guests recently have been Joyce and Kim Seals, Wayne and Carolyn Chastain, Rodney Chastain, Darryl Figg and Rev. Ballard Rader and sons Clemon and David. J.B. and Sue Alexander and infant twin daughters Jody and Jamie of Orlando visited at the home of Mr. and Mrs. Eugene Alexander recently.

Now we are coming into autumn and the leaves are turning many beautiful colors. The air is mippy and we have already had several big frosts. Before long the snow will be coming and we'll be facing a long winter. But each day of our life we should be thankful that God has blessed us to live as long as we have. He is so good to us in so many ways. The one thing I have never been able to understand is why can't be good to each other. Instead of criticizing others we should pray for them. Like our pastor recently said in one of his sermons, "You don't build your self up by tearing somebody else down". (How true that is). Please remember church and Sunday School. God bless you.

Worship services were well attended at the Fairview Baptist Church over the weekend and one hundred and eleven attended Sunday School. We are always so thankful to see, know or hear of people attending worship services, whether in our church or some other church. It's just good to know they are in the House of the Lord somewhere.

Our Spring Revival closed Oct. 7th.

We heard some wonderful messages delivered by Rev. Roy Boatwright, a dedicated man of God. There were a number of rededications but no professions of faith. Our prayers are that God will bless Rev. Boatwright and all our other ministers of the Gospel who are preaching the Word of God!

We extend our deepest heartfelt sympathy to those whom last week

Mike Dukakis' record as Governor clearly indicates that he has been a consistent proponent of gun control. However, it would appear that he has had a late in life "conversion" in the middle of his presidential campaign. Mike Dukakis would have us to believe that he has grown more tolerant with gun owners. However, in view of his record during the 1970's and 1980's this would appear to be more stealth than the sleight catchment.

In his own words, Dukakis stated "I don't believe in people owning guns, only the police and the military. And I'm going to do everything I can to disarm this state." Michael Dukakis, June 16, 1986 quoted in *Gun Week*, 7/4/86.

Michael Dukakis doesn't believe in your Second Amendment right to keep and bear arms. Throughout his career in Massachusetts, he has tried to disarm law-abiding citizens, even as he has given furloughs to murderers and drug criminals.

Remember that as President, Michael Dukakis may have the power to appoint as many as four justices to the Supreme Court -- and they'll have the power to limit your Second Amendment rights the way Dukakis wants.

George Bush opposes a federal waiting period for gun purchases. He will uphold your constitutional right to keep and bear arms. And George Bush means what he says on gun rights -- he's a lifetime member of the National Rifle Association.

Your constitutional rights are on the line November 8th! Don't let Dukakis take your gun away!

Dear Citizens of the 2nd Division,
I want to take this opportunity to inform the people of the 2nd Division that I firmly support the progressive efforts of our present school administration and that I respect the dedication and ability of our Superintendent of Schools.
I was a student at Brodhead High School when Mr. Towery was the principal. His standards were high then just as they are now. He was a very firm, but fair principal. He was always planning and pushing to improve things and he gained the support and respect of students, staff and community.
I plan to be a cooperative and contributing member of a team that will continue to bring growth and progress to our school system.
I ask for your support in this effort and will appreciate your vote on November 8th.

loved ones recently, including the families of Clyde VanWinkle, Dorothy (Blair) McCracken, Mrs. Tallie Childress and Rev. Clifford Dean. We have had so many deaths around here recently, three were buried in the Fairview Cemetery in three weeks. We all know and realize that death is coming to all of us, sometimes death is slow in coming. Sometimes it's sudden but it is always so final. All of these loved ones left behind have our love and prayers. God bless you.

So many people tell me how much they enjoy reading my column in The Signal. A few days ago, Ira Dean of Berea told me, at the Reppert Funeral Home, how much he enjoyed my writing and wondered how I could remember "all those things", he said he wouldn't be able to do that. I must say it takes a lot of time and sometimes is very tiring. But I enjoy writing and just thank God for all you readers who enjoy it. I love you all.

On Saturday, Oct. 1 the young people of our church sponsored a church-wide picnic at the Berea Memorial Park. Attending this outing were Mr. and Mrs. Lloyd and Susan Jordan-teachers of the youth

class; Mrs. Claudia Wren and daughter Melora; Mr. and Mrs. Buddy Caldwell and Gail; Bill Fowler, son Billy and daughter Gwyn; Mr. and Mrs. Mike Ponder, Beth and Chris; Donna and Natasha Brookes; Mr. and Mrs. Walter Malone; Genia, Tracy and Karen Anderson; Mrs. Debbie McCollum, Roy and Marvyn; Mr. and Mrs. David Poynter; Todd Harris; Mr. and Mrs. Tom Poynter and Tammy; Lisa Smith; Johnny and Jackie Kemper; Mr. and Mrs. Jeff Poynter and infant daughter Amanda; Cetus Peters; Lloyd Pickle and son Michael; James; Doolley and sons David and Derrick; Rev. and Mrs. Harvey Penso; Mrs. Melanie Lyons and children Joshua and Rebekah; Mr. and Mrs. Doug Ponder and Scott; Mrs. Lucile Ponder; Edith; Ray Pulliam and Glennys; Kevin Coleman; Fran Gabbard; Tiffany and Steffany; Mr. and Mrs. Roy Lee Croucher, Dawn and Twila; Mr. and Mrs. Jeff Blair, Britany, Jeffrey and Jamie, Jarrod Singleton; Nicole Pickle; Nancy Isaacs and daughters Jennifer and Carol; Kitty Canterbury and sons Bailey and Cory; Jo Ann Croucher and children Amy, Chad and Kelly; Beverly Brock and children Brian and Tara; Jan Ingram and David; Heather Rucker; John Blair and Teresa Brown. They all had a wonderful time. And it so happened

that our pastor was celebrating his birthday this same day, so he was presented a birthday cake for the occasion. We all have a wish for Bro. Harvey many more happy returns for the day. He has been at Fairview now for ten years and we are so thankful to have him. He has our love and prayers. (Thank you Bro. Harvey for putting up with us for the past ten years.)

Mr. and Mrs. Ernest Lee Cope of Cleveland, Ohio recently spent nearly two weeks with his mother Mrs. Mary Cope and her mother Mrs. Viola Richmond and other relatives. Other visitors of Mrs. Cope during this time were Mr. and Mrs. William Cope and son Rocky of Dayton, Ohio, Mrs. Christine Barnett and Helen Powell of Berea, Mr. and Mrs. Frankie Hayes and Brenda Hall and two children of Winchester, Mrs. Nannie Moore of Winchester and James Roe of Paris, Mr. and Mrs. Jim Bowles of Danville and Mr. and Mrs. Buddy Cope of Fairview. Ernest Lee attended church at Fairview while here and we were all so glad to see him again. (He looks so much like his father).

Mr. and Mrs. Eugene Alexander and daughter Jewell Davidson recently visited in Crossville, Tenn. They visited Junior (Bud) Reppert and Mrs. Anna Carey and family and also went to the cemeteries where John Vaughn, Bertha Vaughn and Ira Reppert are buried.

Rise and Shine Homemakers

By: ZI Graves Reporter

The Rise and Shine Homemakers Club held its monthly meeting Oct. 11 at 10 a.m. in the Agriculture Dept. Meeting Room.

Alice Cloud, president, presided over the meeting which was opened with Alla Bullock giving the devotions. Roll call by Helen Duncan, secretary, got eleven answers of "here." Cheryl was there as guest Guidance Counselor, teacher or whatever name we can apply to someone who is always there to help out, whether it is to teach the lesson, observe the meeting procedures or just to have fun and share the good meal following. Thank you, Cheryl.

After reviewing accomplishments and failures of the past year some new ideas took root or was at least planned. A committee of, Alie Bullock, Helen Duncan, Juanita Davis and Faye McCauley was appointed to special community work of helping someone in need during the coming holiday season. Another trip for members of the club who want to participate will be taken soon.

Cheryl gave the lesson on "indoor air pollution". She pointed out the perils in our homes that many people don't know about and if they do they don't know how to deal with it. One of the most serious is "Radon" a new word to many of us but one loaded with potential danger. Any home or area can be contaminated with it and never know it since it is invisible and does not smell.

Some of the dangerous pollutants we can control, such as chemicals used about our house. Fabrics made chemically, the kind of insulation we use and smoke of any kind, especially cigarette smoke. Even when we open our doors or windows we let pollutants into our homes in the form of burning leaves, smoke, and fumes that are heavy with pollutants. Any of these can cause increased discomfort

of allergies and can possible cause more serious disease.

After all this "good news" being given us we tried to take our minds off the problem of living in good health by turning to another hazard, over eating.

Alice Cloud and Irene Baker hosted this meeting and they turned this meeting room into a show room.

One table particularly was a center piece. It was done with lace cloth and face decorations including a center piece of "basket of all sizes and colors of gourds." When all the desserts was placed around it, it was picture pretty.

Each place setting had its own favor of a miniature pumpkin and a bit of candy corn to complete the fall theme.

This was a pot luck and everyone knows what that means - Goodies.

We, of the Rise and Shine Club, have found this room furnished by the U.K. Ag. Dept. and outfitted by homemakers clubs mostly to be an ideal meeting room. Now no one can have an excuse not to host a meeting because of room or inconvenience at home.

Thanks to all those who have made this possible.

Artemus were here for the funeral of their sister-in-law, Mrs. Martha Messer. All the Bassell and Messer family have our deepest sympathy.

Mr. and Mrs. George Adams had dinner in Berea Sunday afternoon and did some shopping.

Mrs. Shirley Sargent and son Dennis of Berea were Sunday night visitors of Mr. and Mrs. George Adams.

Mrs. Evelyn Cooper of Springdale, Ohio spent last weekend with Mr. and Mrs. John Helton. Mrs. Helton and Evelyn also visited Johnnie Marie Cooper in Richmond.

Mrs. Viola Helton Wallin, wife of Jack Wallin and sister of John Helton and Mary Bussell, died suddenly at her home in West Chester, Ohio Monday. Funeral and burial will be in Ohio.

CARD OF THANKS
 We take this opportunity to thank everyone who helped in anyway during the loss of our loved one. Many thanks to our friends and neighbors who brought food, sent flowers, had prayer or just thought of us. Special thanks to Bro. Huey Carpenter, Bro. Mosey Cameron, McGuire Sisters, and Dr. Griffith and the hospital staff. A very special thanks to the Dowell and Martin Funeral Home for their kindness and help. May God bless each one of you.

Wheel factory for 461

A new factory, that will initially employ 120, will be opening next summer in Southern Pulaski County. Motor Horse Co., Inc. from Lansing, Mi., a Japanese firm, will be manufacturing aluminum wheels. The factory, located on Ky. 461 outside of Somerset, hopes to eventually employ 500 people which should have an economic impact upon Rockcastle County, State Rep. Danny Ford of Mt. Vernon said Tuesday.

Construction on the factory is expected to begin this year with the projected completion date estimated as July or August of 1989.

According to a company spokesperson Motor Horse located near Somerset because of the proximity to potential customers, the availability of labor, and the lifestyle of the community.

The 275,000 square-foot building will be located about eight miles east of Somerset. Representative Ford said, "I think the factory will have a positive impact upon Rockcastle County and help our area."

The company, once in operation, will be manufacturing about one-half million wheels per year.

The factory will represent a \$75 million investment by the Asahi Motor Wheel, which is a joint venture of an American and a joint Japanese companies.

State's First Lady Coming!

Martha Wilkinson, Kentucky's first lady, will speak at the Family Life Center School and School on Wheels graduation at 7 p.m. Oct. 26.

Founder of "Martha's G.E.D. Army," a group dedicated to increasing the number of Kentuckians with G.E.D.s to 100,000 between now and 1991, Mrs. Wilkinson has made adult education her top priority.

The graduation ceremony will be held in the recreation center, directly

Martha Wilkinson

across from the school, located near Renfro Valley on U.S. 25.

The Family Life Center School and School on Wheels, a program of the Christian Appalachian Project under the direction of Gary G. Eldridge, will honor 53 graduates who have obtained their G.E.D. certificates since May of this year. The school has helped over 300 students obtain their certificates since it first opened.

Graduating students that will bring the total of graduates at the school to over 100 for the year include: Shirley Jean Allen, Cally Brummett, Cheri R. Bullock, Anna Lois Carpenter, Linda G. Carpenter, Lisa A. Carpenter, Vicki Chasteen, Connie Clark, Wilma J. Clark, Dallas Cromer, Kathleen Curry, William Davidson, Doris Renee Dick, Duane Didonato, Sherry Lewis Didonato, Betty B. Estes, Lewis W. Fletcher, Beverly Floyd, Keith Floyd, Becky J. French, Linda Gadd, Sara Charlene Hall, Terry Harrison, Margaret Hayes, Patricia M. Hensley, Rebecca Hines, Bernice Hunt, Jermie D. Isaacs, Lisa Jones, Sylvia Johnson, Tina Marie Judd, Linda B. Kirby, Tammy Sue Lamb, Liz Lewis, Kevin McGuire, Julie A. Miller, Karen Miller, Lisa Miller, Annie Newton, Evonda Carol Northern, Linda Patterson, Doris Phelps, Dwight Poynter, Martha Alice Pruitt, Sonja Rogers, Marcella Stevens, Robbin Stewart, Tina L. Thomas, Jimmy Wallin, Willene Wallin, Carol Jean Wilson, Shirley G. Wilson, and Danny Woodall. Graduates from five counties are represented including: Rockcastle, Lincoln, Garrard, Madison and Jessamine.

The public is invited to the ceremony and to become members of "Martha's G.E.D. Army" including business representatives; literacy volunteers; state, city and county officials and citizens interested in improving Kentucky's educational situation.

"Red Ribbon Campaign" (Cont. from 4)

crash that killed 27 people. At Livingston School

Livingston School is also participating in the Red Ribbon Banner Week Oct. 24-28 and will have a rally day on Mon., Oct. 24 at 2:30. Everyone is invited including all parents and the community.

On Tuesday, the event will be signing the banner and pledges. Wednesday will be Wear Red Day. Thursday's theme will be "Hats off to Just Say No," and it will be hat day at the school and on Friday, the school will treat for soda pop in observance of a just say no day.

The week will also serve as a kick-off for the school's Just Say No Club being organized.

Cont. from Front

Broadhead has \$238,000 in UDAG money, part of which, like Mt. Vernon, could possibly be used. County participation would be up to the Rockcastle Fiscal Court.

The mayor said there is nothing definite on the proposal.

"It's something that everyone can think about," the mayor stated. "Many towns are using the 911 number and it seems to me to be a good idea."

He added that response time now is not always as quick as it could be and the necessary people cannot always be reached quickly.

"It's true, it sure would be easy to dial 911 and get the help you need," he concluded.

"Groundbreaking" Cont. from front

Dr. Brock told the group shortly after his inauguration Supt. Towery and Rep. Ford came to see him about building a new elementary school.

He said the need for a new building was clear since the present building was constructed in 1928. But the way the law was written there was no way to get state financing for construction.

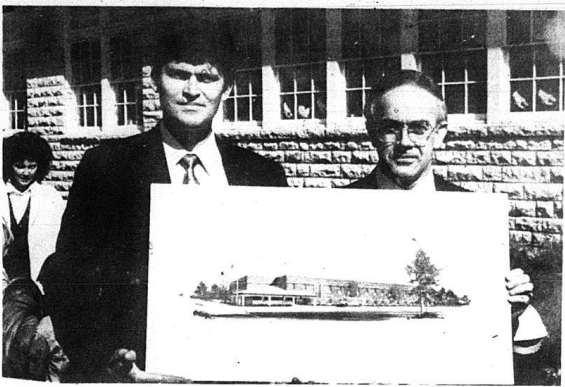

"We decided to change the law," he stated. "The department supported the effort, but Danny Ford was the one who got it through the General Assembly."

Dr. Brock added that his goal as superintendent is to do whatever is necessary to assist those school districts that need help the most.

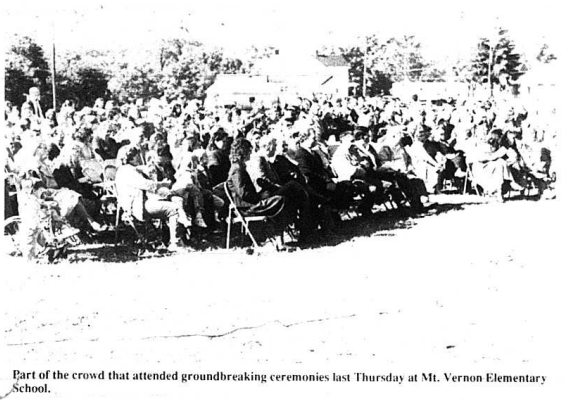

The educator said there is a "lot more to education than having good buildings. A new building will not guarantee a better education for the young people who come here."

"But a new building will make it easier to provide programs that mean better education opportunities for the children of Mt. Vernon and Rockcastle County," he declared. "When this building is completed, it will be a source of pride for the students, their parents, the teachers and administrators staff. Just as importantly, it will be a source of community pride."

Also recognized by Superintendent Towery were the members of the Rockcastle Fiscal Court, construction managers, architects, school board members, and the building committee.

Garlan Vanhook and County Superintendent Bige W. Towery hold artists conception of the new school. Vanhook designed the school.

Trick or Treat
October 31

To all Voters of Rockcastle County:
Dear Voters:
The election, as you know, is a little less than 3 weeks away. I'm again asking for the support of all registered voters, both Democrat and Republican. I have tried to see as many of you as possible, but it is sometimes hard to do with the hours that I work at my job. In the 3 weeks that are remaining, I will try to see as many of you as I can. To the voters I have not seen, I want to assure you that you have not been forgotten. To all voters - I will work hard in the 3rd District to see that we have the things that we need or need improving. Lastly, I will be fair and honest with everyone. This is our 3rd District - **Let's Vote To Improve It.**
Thank You,
Ricky Ray Kirby

HAPPY HALLOWEEN

Halloween Candy X-Rayed FREE

Nothing is more important than your child's safety and that is why the Rockcastle Hospital will x-ray candy once again this year. By having candy x-rayed you will reduce the risk of your child eating foreign objects that could be present in the treats. Bring your child to the Emergency Room entrance and they can watch their candy being monitored on the x-ray machine. This is absolutely FREE!

Come By The Emergency Room or Front Desk for a Free Trick or Treat Bag.

Watch Next Week's Signal for X-raying times.
Each Child Must Be Accompanied By an Adult!

Captain Doug Asher has been appointed as post commander at the London State Police Post replacing retiring Captain Ray Brittain.

Asher has been the post commander at Harlan for the past 21 months.

Asher has been a resident of London for the past four years. He is married to the former Shirley Va. Asher II, who attends North Laurel Junior High.

Captain Asher has attended both U.K. and E.K.U. and is a graduate of the F.B.I. National academy. He spent two tours of duty in Vietnam in the airborne infantry. He graduated from the Kentucky State Police Academy in December 1969 as the number one graduate and was assigned as a trooper at the Ashland Post. He was a detective for four years at Ashland. He was promoted to Sergeant in September 1977 and assigned as uniform sergeant at the Pikeville Post. He was promoted to lieutenant and served as assistant Post Commander at Pikeville, both as uniform lieutenant and investigative lieutenant. He served for four years as the detective lieutenant at the Ashland Post. He served for two years as the assistant post commander at London. In February 1987 Asher was promoted to captain and served at the Harlan Post. He has received the Kentucky State Police citation for Bravery.

Talk Meet Rules

The Rockcastle County 4-H Council will hold their annual speech contest, Monday, November 7th at 6:30 p.m. at the Rockcastle County High School (in the lunch area). Just as last year, the contest will be held as a joint project with the schools. Through 4-H, winning speakers will have the opportunity to advance to area and state competition.

1. Any boy or girl, age 9-19 may participate in the 4-H Talk Meet Program. (The participant does not presently have to be enrolled in 4-H).
2. The top speeches from each grade will compete against other youth of their own age category and not necessarily against their grade. The age category is determined as the age on January 1st, 1988.
3. Junior Age Categories are 9, 10, 11, 12, and 13. Senior Age Categories are 14, 15, 16, 17, 18, 19.
4. Junior Age Category talks are to be 3 to 5 minutes long. Senior Age Category talks are to be 5 to 7 minutes long.
5. A participant may secure assistance from anyone he chooses in writing or preparing his talk. There is no specific topic, any suitable topic can be used.
7. The participant and those who may work with him should be familiar with the enclosed:
 - a) Objectives of the 4-H Talk Meet Program
 - b) Judge's score sheet
 - c) Selecting and preparing the speech
 - d) Pointers for giving a speech
8. Each contestant will be introduced along with the title of talk by the room chairman.
9. After being introduced, the speaker will present the talk. Talks should not include introductory material dealing with himself- years in 4-H, club name, projects completed, etc. Contestant should not repeat the title of his talk.
10. Each representative for the County Talk Meet must register by calling the County Extension Office (256-2403) by Thursday, Nov. 3. We need name, date of birth, address, grade, teacher, school, and title of the talk.
11. Each representative for the County Talk Meet should be aware that if they win first or second place in their age category they will have the opportunity to go to the area contest on Saturday Nov. 19 in Barbourville.

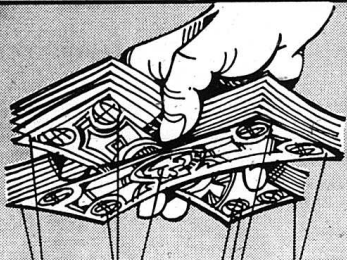

Bethany Hammond was the winner of the 4-H Poster Contest in the 4th grade.

Winners in the grade school 4-H Poster Contest were from left to right: Adam Compton, 7th grade; Melissa Hayes, 6th grade; James Stringer, 5th grade.

Marilyn Coffey was the winner of the 4-H Poster Contest in the 8th grade.
