Miss Gina Martin, a junior at Rockcastle County High School, will travel to the University of Kentucky Saturday to try-out for a position on the Universal Cheerleaders Association (UCA) staff. Gina was one of three chosen from over 260 cheerleaders at the UCA camp this past summer at Eastern Kentucky University. At the try-outs, Gina will learn dance routines, cheers and partner stunts. She will then teach this at the end of the day and, on this, she will be judged. If Gina gets the position, she will travel all over the United States this summer as a UCA instructor. This is a top honor as a cheerleader. Gina is the first cheerleader ever chosen from Rockcastle County. She is the daughter of Judy Lawless and Roy Martin of Mt. Vernon. *Good Luck, Gina.*

Wins Award

Susan Turner has been named winner of this year's Hugh O'Brien Award at Castlewold High School. Competition for this award is open to all sophomores. Students are judged on the way they answer three essay questions of leadership. Susan will now attend a state conference, the agenda of which will include workshops and seminars on leadership. She will then be eligible to compete to attend a national conference, which will be held at Johns Hopkins University in Baltimore, Maryland this year. Grandparents are Harrison and Laura Cook and Janie Turner, all of Mt. Vernon and the late Walter Turner. Susan is the daughter of Rev. and Mrs. Bobby Turner of Lebanon, Va.

50th Anniversary

Mr. and Mrs. Elza Bishop of Crab Orchard celebrated their 50th wedding anniversary February 11, 1989 with their family at the Friendship Baptist Church in Broughtontown. They are the parents of Shirley Denny of Crab Orchard, Brenda Allen of Lawrenceburg and Patsy Moore of Crab Orchard and have seven grandchildren and six great grandchildren.

Carrie Bowman, 70, formerly of Brush Creek was recently presented with a plaque from Mrs. Ada Nos, operator of Kastle Inn Restaurant, in appreciation of Mrs. Bowman's 6 years of service at Kastle Inn. Mrs. Bowman and her husband, Jack, recently moved to Somerset.

Son Born

Mr. and Mrs. Randall Reynolds of Mt. Vernon are proud to announce the birth of their second child, a son, Brandon Scott, born January 5, 1989 at Humana Lake Cumberland in Somerset. He weighed 8 lbs, 10 ozs. and was 20 inches long at birth. Proud grandparents are Dale and Eula Brummett and Lin and Charlene Reynolds, all of Mt. Vernon. Great grandmother is Sallie Ann Brummett of Brodhead. Brandon was welcomed home by his big sister, Brittney Aydeell, 4.

He's a tall quiet man with nothing much to say. We know he loves us in his own quiet way.

Black hair turned to salt and pepper gray. His blue eyes still twinkle the same way.

He loves to talk of his ancestors' way And of his Three C's and Navy days.

He likes to watch Tosh and the squirrels from his porch. His morals and ethics are above reproach.

Hands and fingers stiff and sore Only make us love him more.

His gait is not so smooth now. But he still plants the ground.

He's faced life with a glint in his eye. This man who gave us life.

Daddy, we're proud of you. Know that we love you.

Happy Birthday!!

Fellow Citizens of the 3rd District

I've chosen to run as Magistrate because of my convictions of what our district and our county should be doing - money is certainly not the reason.

If I'm elected, I'll be available for you seven days a week to listen to your problems and concerns. I'll work with the fiscal court and county judge to address problems such as garbage and road maintenance and I'll look for ways to bring in new businesses to offer more jobs for our community.

I've been actively employed in Rockcastle County for 27 years and have been in business at DeBoard Oil Company for the past 10 years. I've traveled the roads in the third district daily. I know a better job can be done and I hope you'll give me the opportunity to speak up - speak out and address the needs of our district and our county.

Rockcastle County Retired Teacher

Jewel Chasteen Parsons

I was born on Clear Creek in Rockcastle County Oct. 17, 1911. My parents were Willis and Ida Berry Chasteen and I was the oldest of five children with three sisters and one brother.

I attended Clear Creek one room school through third grade. We then moved to Mt. Vernon so that the children in my family could attend school here. I started in the fourth grade at Mt. Vernon School with Mrs. Rosa Gentry Caudill as my teacher. I continued my grade school years at the old building where Convent store is now located. We moved into the new Mt. Vernon School when I was a high school freshman.

After graduating from high school, I worked during the summer and first semester. I worked some for Mr. and Mrs. Bill Martin in their ten cent store and part time for Johnny Rowe in his grocery. During the first semester I worked in a restaurant for Lufe and Hazel Owens. Their place was located where Western Auto used to be.

When second semester started I went to Eastern and stayed for summer school and got a two year teaching certificate.

I taught my first year at Piney Branch and had over thirty children in all grades. The school text books were not furnished and there was a lack of text books and other reading materials. We collected every help we could get from different sources and the children were anxious to learn. We worked together and made use of the materials we were able to get. The black board was wood. The county furnished black board paint, chalk

and erasers. We used the board a lot and learned together on a lot of lessons. We did have a good time even with limited materials. My salary for this year was \$72 a month for the seven months that school was in session. I was married to Monroe Parsons in October of this year.

The second year I taught at Macedonia School on Wolfe Creek and enjoyed working in this community very much.

Wildie School at this time was a Berea College one room school with practice teachers taking their training there. Education classes were also brought to Wildie to observe organization and methods of teaching one room schools. Miss Florence Barnes was the college teacher and the enrolling teacher but I taught my third year as an assistant to Miss Barnes. My salary this year was the least pay I received. The county paid \$54 per month for the seven month period and Berea paid the other two months and supplemented the county salary.

We were living next door to the school and it was convenient for me to work there. My husband and I went to school early and stayed late. I was young and this was a good learning experience for me. I benefited by putting out my very best effort. I taught there three and a half years, taking a leave of absence when my daughter was a baby.

We built our home at Renfro Valley and I taught five years at Green Hill School.

When there was a vacancy at Medical Springs School, I taught there. It was my home school and I

could walk. I stayed at this school eight year. We had nice playground and some exciting baseball games at noon recess. The school day was from eight until four o'clock with an hour at noon recess. Gradually our children grew up and enrollment was small. It was consolidated with Mt. Vernon School.

I went to Livingston and taught there seven years. One year I taught seventh grade with forty six enrolled. The other six years I taught first grade. Roundstone School was completed in 1959 so I transferred to Roundstone to be closer to my home. I taught first grade there until I retired in 1972.

I loved first grade. You can realize your progress more in that grade. At the end of school, children can pick up stories of their choice and solve simple problems in arithmetic.

I get a great satisfaction when I see a child I've had in school that has grown into a successful adult. I taught forty years when Lettered and I look back with pleasant memories.

Brodhead Willing Workers

Barbara Watson's home was the scene of the Jan. 26th Homemakers' Club meeting, with Deborah Newland as co-hostess.

The meeting started at 7 p.m., so they had plenty of time for the lesson, "Fats and Cholesterol in Your Diet" presented by Ella Mae Martin. Later the hostess served refreshments, low in fat and cholesterol, which was apple salad, dips and raw vegetables.

After some discussion, the group decided to have a Valentine Pot Luck Dinner, Feb. 16 and bring husbands or a friend.

Start planning a Dutch costume for March 13th, International County Meeting, as the theme is "The Netherlands".

Also try to attend the Area Council Meeting, March 3rd and the County's Council Meeting, March 27th.

Don't forget - Feb. 16th will be Brodhead's regular, meeting plus a Valentine Pitch-in Dinner!

Taxpayers Questions and Answers

Q. By what date must I receive my Forms 1099 showing interest received on my bank accounts?

A. Banks and other financial institutions must provide interest statements to recipients, as prescribed by Congress. The statement is to be furnished to a payee on or before January 31 of the year following the calendar year for which the return is required to be made. For example, if

you earn interest in 1988, you must receive your Form 1099-INT by January 31, 1989.

Q. I contributed to my political candidate's election fund. Can I take this as a credit on my tax return?

A. No. The Tax Reform Act of 1986 repealed partial credits for political contributions. You may no longer claim a credit for contributions to political candidates, campaign committees or newsletter funds.

ACCIDENCY MAY END OBESITY

WASHINGTON - Obesity may be controlled naturally with a new type of pill, discovered by accident, a research scientist confirmed recently.

In studies with potential cholesterol-lowering agents, scientists noted an unusual side effect. Patients receiving an ingredient in what is now being called FS-1 all lost weight, in spite of being instructed not to alter normal eating patterns, while body weight in control groups remained constant.

Scientists say the mechanism behind the weight reduction is not clear, but suggest it is partially due to a decrease in the intestinal absorption of calorie-rich dietary fats. Although scientists for some time have known of substances with the capability of producing this effect, the dramatic impact on weight reduction was not known until recently. Substances with a greater potential to block absorption will produce greater weight loss results.

The director of research and development at National Dietary Research, an organization committed to the investigation and research of nutritional solutions to world-wide health problems, stated "The mechanism by which FS-1 works to decrease body weight is actually a more complex and sophisticated process called nutri-bonding. When chewed and swallowed immediately before meals, FS-1 releases nutrients with low calorie content into the body, while high calorie fats are eliminated, thus providing optimum nutrition and a minimum number of calories."

Studies with FS-1 indicate weight loss results clearly superior to products currently available for the treatment of obesity. In a comparative study by NDR, whose research topics have been the subject of articles published in recent medical and nutritional journals, FS-1 was found to be the most effective treatment for obesity and the most acceptable to patients.

The discovery comes as welcome news for thousands of obesity sufferers waiting years for this type of breakthrough. According to a spokesperson at NDR, "FS-1 can be made available to the public immediately, because it is not a drug and contains only natural ingredients recognized as safe. A drug with essentially the same weight loss capabilities might take as long as eight years to be available, due to lengthy delays encountered in the approval process." FS-1 is currently available on a limited basis through physicians and pharmacies, but may also be obtained directly from National Dietary Research, Suite 553, 1377 K St., Washington, DC 20005 for \$24.98 plus \$3 postage & handling. An instructional sheet for proper use and optimum results is provided with each bottle of 100 tablets.

FS-1 is available in Mt. Vernon at: **MT. VERNON PHARMACY**, Richmond Street 254-3512

Vote for Lu Ed Nielsen

I would like to announce that I am a candidate for Magistrate in District 1. I am a resident of Rockcastle Co. and live with my wife, Dean C. Nielsen, on a farm on the old Mt. Vernon-Brodhead Road. We have been married for 35 years and have 4 children and 9 grandchildren.

I retired from the State of Louisiana after 13 years service in accounting, purchasing, budget-making and budget-cutting, and spent 5 years in Education and 5 years in Mental Health and 3 years in the Dept. of Hospitals as Supervisor of several large departments in a state hospital.

I am a Licensed Practical Nurse, have held a Real Estate Salesman's license, and currently I am the President of the Rockcastle Unit of the American Cancer Society, serve as Disaster team member for the American Red Cross, am a tutor and Sec-Treasurer for the Rockcastle Literacy Program and work with the Mt. Vernon PTA as Public Relations Chairman and with health clinics for our students. I am familiar with small county governments as I have lived almost all of my life in small farming communities and I understand the problems that we have in Rockcastle.

Solid Waste Disposal is mandatory and we must comply with EPA guidelines. Pollution of water and environment is a major worry. As a person tied Cross, am a tutor and Sec-Treasurer for the Rockcastle Literacy Program and work with the Mt. Vernon PTA as Public Relations Chairman and with health clinics for our students. I am familiar with small county governments as I have lived almost all of my life in small farming communities and I understand the problems that we have in Rockcastle.

THANK YOU FOR YOUR SUPPORT.

Renfro Valley Sold

By: Jeff Hammond and Richard Anderkin
In its 50th year of operation, Renfro Valley will be sold.

Lair, a native Rockcastle Countian. Lair had worked in Chicago producing a "National Barn Dance" until he returned to start his country music show in Renfro Valley.

During the 1940's, the CBS radio network broadcast Renfro Valley shows seven days a week to a nationwide audience of millions.

At the time Renfro Valley probably had more listeners than did the Grand Ole Opry, according to Gabbard.

"I believe that Renfro Valley, particularly in its beginning, certainly was on an equal footing with the Grand Ole Opry, said Glenn Pennington, who performed at Renfro Valley for 15 years beginning in 1924 and is the widower of Lily May Ledford of the original Coon Creek Girls.

Today, Renfro Valley's "Sunday Morning Gathering" is heard on about 70 radio stations in 29 states, and their Saturday night shows are still very popular drawing thousands.

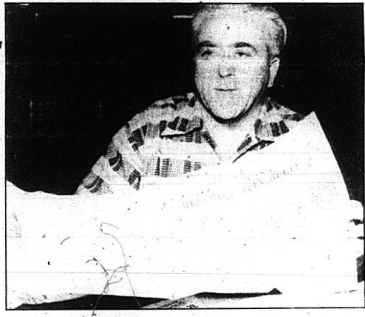

Renfro is in it's 50th year of operation

Changes on the schedule for the new Renfro Valley include a new 1,500 seat auditorium, more shows, a theme park, a cable television network and a 64 unit motel.

Renfro Valley, currently closed for the winter, will reopen March 4. Gabbard said he and his partners think the changes they have planned would attract much bigger crowds.

The new General Manager is Gregory Davis, who is Executive Director of the South Eastern Kentucky Tourism Bureau out of Somerset.

County will apply for grants

By: Richard Anderkin
With a March 1 deadline staring them in the face, the Rockcastle Fiscal Court voted Tuesday to call a special meeting to approve an application to the Federal Housing and Urban Development Corporation to help finance the development of Renfro Valley.

During the court's regular monthly meeting Tuesday, Jim Cass, a representative of the Cumberland Valley Area Development District, told court members and County Judge/Executive Hubert Thacker that it was very important that the almost one million dollar application be submitted by the March 1 deadline.

Cass said Wednesday that all avenues would be explored for government money because the development of Renfro Valley would be a great thing for Rockcastle County. "It would mean more jobs for this area and it would actually help all of Eastern Kentucky. We are going to work very hard on obtaining these monies for the county," Cass said.

Two public hearings are scheduled in the next few days to solicit comments from local citizens concerning Rockcastle County's community development needs. Both hearings must be held before the county can apply for the grant money for Renfro.

In other business, the court voted to hire Kathy Owens as janitor at a pay of \$3.50 per hour and to pay \$2,500 to the Rockcastle County Public Transit System in order for them to purchase a \$25,000 15 passenger van. The rest of the money will come from the state.

The county also hired Alonzo McCollum to build a ramp and hand rail at the Mt. Vernon Senior Citizens Center at a cost of \$205.

The county also approved their road aid program for the next fiscal year. Thacker's secretary, Anna Rose Mullins, told the court that the county should receive about \$421,000.00 in road money from the state in the next few weeks.

At Mt. Vernon City Council

Annexation back in picture; privilege license discussed

By: Richard Anderkin
Apparently needing the revenue that a larger tax base would generate, the Mt. Vernon City Council discussed annexation plans at their regular monthly meeting Monday night.

The councilman Tommy Bussell, a member of the annexation committee, told his colleagues that phase one of possible annexation would include Renfro Valley and the new Mt. Vernon-461 by-pass from Highway 150 to Renfro. Also included would be property along 150 that is not in the city limits, including the new Citizens Bank branch.

Bussell said Mayor Gary R. Cromer both indicated that developers that are presently buying Renfro are very interested in becoming a part of the city.

"They want sewer and police protection and we need to provide it as soon as possible," Bussell said. The council agreed that they should poll the residents of the area to make sure that annexation would not be voted down.

According to Mt. Vernon City Attorney John Clinton, it would take 55% of the population to actually live in the proposed annexation area to vote down an annexation that the city would want to do.

Left out of annexation would be the Kentucky Stone Quarry and the present factories in the Rockcastle Industrial Park. A 1980 Kentucky law prohibits cities the size of Mt. Vernon from targeting Industrial sites simply for the purpose of generating more tax money.

To take in the Industrial Park the city would have to have a comprehensive plan of annexation that they apparently do not have.

However the new boundary lines would include the Henderson property that the Rockcastle County Fiscal Court recently purchased along old 461. There are 63 acres of land in that tract.

Any factory that would choose to locate in the area would be subject to any city tax that is applicable.

Bussell said the rock quarry would not be annexed because they did not want to be and because it would actually serve no purpose to the city to have them within its boundaries.

"We do not need to drag our feet on this project," Cromer told the council, "we need to get our poll completed so we can have the surveyors start drawing the new boundaries," he said.

Supt. Towery says Accreditation on the way

By: Jeff Hammond
Educators from around the state will be descending upon the Rockcastle County School System for accreditation purposes on Feb. 21-22, according to Superintendent, Bige Towery, Jr.

Also, according to Towery, "I think we're going to receive a pretty good review from the accreditation team."

Locust Street home burns

Had it not been for an alarm on an oxygen tank, members of a Mt. Vernon family, including some small children, might be dead today.

Mt. Vernon firemen responded to a call around 4:30 Sunday morning at the home of Mary Durham on Locust Street in Mt. Vernon.

According to fireman Gary Hansel, the fire probably started from a faulty basketball heater.

Mt. Durham, her mother and her small children were asleep in the house when an alarm sounded on oxygen tanks that her mother was using.

School districts in Kentucky are accredited every five years. There are 11 standards that a school system must meet, such as teacher certification, legal responsibility, food service, transportation, school finance, and special education just to name a few.

Towery said that a great deal of work has already gone into the accreditation process since every teacher in the system has been involved in a self-study of their area of teaching. Members of the accreditation team will be interviewing administrative personnel and teachers during their two-day visit.

Towery also added that, "Every single teacher is teaching in their field." Teachers teaching out of their field appeared to be a deficiency in the last accreditation. This time, according to Towery, "We have worked diligently to place teachers in their areas."

Several items, that were deficiencies on the last accreditation, have only recently been resolved. One such item, a dust collection system at the high school had a price tag of over \$20,000.

Construction, sure to be a topic over the next few years, was again (See Accreditation Page 11)

Jury says Williams not guilty

It took a Rockcastle County Circuit Court jury less than 30 minutes Tuesday afternoon to return a not guilty verdict against a Brodhead man. LeRoy Williams, 25, of Brodhead had been charged with a February 25,

1988 armed robbery at the Brodhead Convenience Store in which \$250 was taken by the man carrying a knife. Williams testified Tuesday that he was asleep in bed at his Castle Village apartment when the 5:30 a.m. robbery occurred.

sick and congratulations to all who have done anything worth being congratulated for, especially those working for the Governors Cup in the scholastic competition.

I take every opportunity to congratulate anyone trying to excel in education, especially Chad Abney, my grandson. Go to it kids and bring home the honors. Good luck to you too, Adam Trebilo, in your Geography Bio.

Elections - seems like that is the only happening worth mentioning in our nation today. It's one after another, like a great chain with nothing happening in between. I'd like to see a paper with news headlines stating in positive language the accomplishments of one elected official. There are so many areas open to every office that is being sought that surely some accomplishments could be found.

Of course we all know the main problem that is always worked on and solved to the office holders satisfaction, pay increases. But that's not what I'm talking about, I'm interested in a cleaner county - in more ways than getting the filth off the highways.

The rostrum for county judges is the best I've seen in many a year. We at least have some highly qualified people interested in the position.

I wonder how many people in Rockcastle County know exactly what the county judge/executive really does. What the magistrates duties are, even what the sheriffs duties are. I'm sure many of you would be surprised if you knew. So I have a suggestion, Rick, why don't you do a little research and publish weekly one of the job classifications. Then we can better determine who we want to do the job. You can get the material from the attorney general's office. I hope I'll be home in time to vote.

Yep, Bea, I'm kicking up my heels in the Arizona sun but my arthritis tells me how high I can kick. The "Hot Tub" should be boiling some of it out by now but hasn't.

The water exercise should be making one simmer and more active, it

hasn't. The hot sun should be making me browner, it hasn't. Why? Because I haven't sat in the tub all that much and have only attended one exercise session and I was too sore to move the next day. I've always liked the lazy old shade much better than the sweaty old sun, so I've stayed in the shade as much as I can. Even crossing the sweaty desserts, I've been inside a car. My mountain climbing has been in a car. Lovely views from the tops.

Thanks, Bea, for doing my club reporting for me and thanks to Alice for the club lesson, and Pauline, I hope you have found another co-hostess to fill my place. Seems I've been very irresponsible and thanks to those taking over for me in the A.A.R.P. meetings.

My Risk, it seems like that new building is really bugging you, now I am beginning to wonder why. Do you suppose Verla could be planning on raising some good strong roosters in that building or maybe some loud baying donkeys? I'm pretty sure it couldn't be elephants the building wouldn't be big enough for more than one. But maybe one good big elephant would be enough. That way everyone could keep an eye on his shenanigans.

My kind thought it might be for Headquarters National Headquarter's. I'm looking forward to the Ground Opening.

Miss you all, Zi Graves Junction, Az.

Healthier Food Choices Include Decreasing Saturated Fat Intake

By: Cheryl Witt
County Extension Agent for Home Economics

Many nutrition-related health disorders appear after years of dietary abuse - they don't just spring up overnight.

Now is the time to make a conscious effort to make healthier food choices. It doesn't matter if you're young or old - it's never too late to improve.

One way to improve your diet, is to reduce your intake of fat, especially saturated fat. Fat is a concentrated source of calories and, in excess, a health hazard. Too much fat in the diet could lead to weight problems and possibly clogged arteries.

Saturated fat is hard to recognize. Sources of saturated fat include fatty meats, butter-cream, whole milk, some cheeses, hydrogenated shortening, lard, coconut oil and palm oil.

An easy way to decrease your saturated fat intake is to choose well-trimmed cuts of beef such as round, sirloin, stew meat and flank. All these cuts are lean, especially if you buy the select grade instead of the prime or choice grades which have more fat marbled throughout the meat. Pork tenderloin and chops trimmed of visible fat also are good choices as are poultry without skin and fish.

Even if you choose the lean cuts, you still could be consuming too much fat if your servings are large. For example, an 8-ounce sirloin steak, a common serving size, is more meat than one meal you need for the entire day. Choose no more than six ounces of lean meat, poultry or fish a day.

The same goes for chicken, fish or pork chops. And they don't have to be breaded and fried.

Another fat cooking method is another easy way to reduce your saturated fat intake. Instead of frying, try broiling, roasting, baking or grilling without added fat.

Preparing low-fat foods doesn't mean you must abandon family favorites. Simply modify the ingredients or preparation method for low-fat results.

For example, roast meat on a rack so that it does not sit in the fat drippings. Skin the fat from the drippings before thickening juices for a low-fat gravy.

Most recipes are just as good with 25 percent less fat, or you can use low-fat ingredients in place of their higher fat counterparts. Low-fat milk, for example, can be used successfully in many recipes that call for regular (whole) milk. There also are many sources of low-fat evaluate.

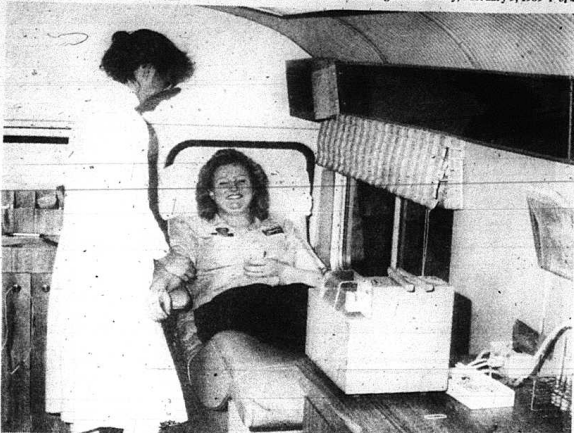

This is a good time to reexamine your diet and make changes toward sensible eating. These changes not only benefit you now, but also throughout your life.

Fire destroys B & G

An early morning fire Wednesday completely destroyed the building housing the B & G Sportsman Shop on old 461.

According to Mt. Vernon firemen the building was completely engulfed in flames when they arrived on the scene at 3:30 a.m.

The blaze is still under investigation.

Carol Winstead of Mt. Vernon was one of the donors at a recent blood drive at Rockcastle Manufacturing. The drive netted 34 pints. Preparing Mrs. Winstead for the procedure is Mary Drummer of the Central Kentucky Blood Center.

Taxpayers Questions and Answers

Q. I am having difficulty reading the amount of tax withheld from my wages on my Form W-2, "Wage and Tax Statement." What can I do?

A. If you are unable to read any part of your W-2, ask your employer for a legible one. Attaching legible copies (first copy or copy B) of all Forms W-2 to your tax return is vital to having your return processed quickly by IRS. If you fail to attach a copy or if any part is illegible, your refund may be delayed.

Q. My child requires special attention, so I send her to a private school. Can I deduct tuition costs on my tax form?

A. The cost of sending a physically or mentally handicapped person to a special school may qualify as a deductible medical expense. See Publication 502, "Medical and Dental Expenses," for more information about medical expenses for handicapped persons. Tuition costs of a special school that an individual attends because of its teacher-student ratio which may have a beneficial effect on a child's attitude are not considered medical expenses.

ATTENTION OWNERS OF UNMINED COAL AND UNMINED SOLID MINERALS

As a result of the Kentucky Supreme Court Ruling of March, 1988, all owners of unmined coal and other unmined solid minerals are required to complete a property tax information return. The filing deadline is March 1, 1989.

The property tax information returns may be obtained from the property valuation administrator's office in any county or from the Kentucky Department of Property Taxation, 592 East Main Street, Frankfort, Kentucky (502) 564-6730.

The owners of unmined coal described under the following categories must complete the long form return.

- Holders of, or applicants for, a coal mining and reclamation permit anywhere in the Commonwealth of Kentucky.
- Owners of land in fee simple (both surface and mineral rights) and/or coal mineral rights whose aggregate fee and mineral rights in all coal-bearing counties of the Commonwealth totals 1,000 acres or more.
- Holders of coal leases (lessees) whose aggregate leased property in the Commonwealth totals 500 acres or more.
- Owners as defined in (b) who are also lessees as defined in (c) and whose total property under (b) and (c) equals 750 acres or more.
- Owners or lessees having any drilling or other exploration information on coal contained in their property.

All other owners and/or lessees having any interest in unmined coal may submit the short form return.

GIVING BEER BACK. Detective Eddie Pierce of the London state police post recently loaded a car with beer seized during an October, 1988 bootlegging raid in Rockcastle County. Judge William Cain, of the Pulaski-Rockcastle District, quashed a search warrant that the state police had used in the raid and ordered that nearly 200 cans of beer and over 30 bottles of whiskey be returned to Phyllis Mills of Calloway.

Farm Bureau to pay dividends

The board of directors of Kentucky Farm Bureau Mutual Insurance Company has declared a dividend amounting to nearly \$3 million on farmowner, homeowner and mobile homeowner policies.

In a recent meeting, J.J. Miranda, Executive Vice President, Kentucky Farm Bureau Insurance, reported 1988 profits were high enough to

warrant paying a dividend to farmowner, homeowner and mobile homeowner policyholders who meet certain criteria. He recommended the company do so; the board enthusiastically approved the move.

"This is a substantial dividend payment," Miranda said. "It will total nearly \$3 million, with checks going to more than 100,000 policyholders."

ATTENTION VOTERS

As most of you know I had my name placed on the ballot for Magistrate in the First District. This is my first time to run for any office and for those who don't know me personally, here is a brief run down.

I grew up in the Scaffold Cove section of this county, attended Walnut Grove School, Mt. Vernon High School 1941-42, served in WWII, worked as a printer and publisher, farmer construction worker and road builder, stripped mined coal and now I am retired.

There are many important things facing the new administration, such as repairs to our court house building, a long range county-wide garbage plan, update our road equipment, more support for our county schools. I will talk about these and more in the weeks ahead.

Before you promise anyone you will vote for them, consider **ELMO C. ANDERKIN** for the job. I feel that I am qualified and have the time to devote to it, and will work hard to support Rockcastle County. Your vote and influence will be greatly appreciated.

Remaining hunting seasons close this month

Just a reminder to small game hunters — rabbit and quail seasons close after February 19. Grouse season runs through the last day of February, and falconry season continues through February 15.

1989-90 season dates will be set by the Fish and Wildlife Resources Commission March 5-6. This fall's deer gun season dates have been set for November 11 through November 20, but deer zones and final regulations will not be adopted until the March commission meeting.

All kinds of printed information related to fish and wildlife are free and available for the asking from: Kentucky Department of Fish and Wildlife Resources, Division of Public Relations, #1 Game Farm Road, Frankfort, Kentucky 40601.

Kentucky has valuable fur harvest

Kentucky trappers contribute more than a million dollars a year to the state's overall economy by selling their legally harvested furs here. Figures from the 1987-88 season showed close to 190,000 pelts were sold for over \$1.5 million. That's an average value of \$8.16 per pelt.

For 38 years the Department of Fish and Wildlife Resources has maintained statistical information on furs harvested and sold in Kentucky. And even though the numbers of furs taken and sold and their prices have fluctu-

ated over the years, total sales have been over a million dollars since 1976. The peak season was 1979-80, when fur sales totaled over \$3.5 million with an average pelt value of \$12.04. Last season more muskrat, raccoon and opossum were taken than any other furbearing species. Top-dollar pelts were bobcat (\$59.68), gray fox (\$25.50) and mink (\$22.11) followed by red fox (\$15.21) and coyote (\$10.15). The lowest money-maker was weasel, at 44-cents. All prices are averages.

Residents and nonresidents may legally trap in Kentucky if they are properly licensed and if they abide by specific fish and wildlife codes and regulations. Resident landowners and tenants get a cost break on licenses when trapping on the land where they live and/or work; that fee is \$6. A resident trapping license costs \$11.50 and a nonresident must pay \$11.50.

Furbearing animals which may be legally taken during the regular hunting/trapping season in Kentucky (which closed January 31) are: beaver, bobcat (only in certain Eastern Kentucky counties), coyote, fox (both red and gray), mink, muskrat, opossum, raccoon, striped skunk and weasel. Beavers may also be taken during a special beaver trapping season, February 11-28, 1989.

Anyone who wants to buy furs in Kentucky must be licensed (resident, \$30; nonresident, \$230). Furbuyers are required by statute to report to the fish and wildlife department the total number and value of each type of fur purchased. This information aids in the management of the resource.

Keeping accurate records along the way makes filling out the one-page form an easy task. But as several furbuyers can attest, those who don't file a report are refused new licenses.

My name is Paul Kirby. I have been employed as Meat Manager at Mt. Vernon Save-a-Lot for the past 2 years and have lived in the 2nd District for the past 20 years.

I would like to take this opportunity to announce my candidacy for Magistrate of the 2nd District. Your vote and influence would be deeply appreciated.

Thank you,
Paul Kirby

True love is much more than cards on Valentine's Day

In just about a week from now There'll be a special day For which we all have made a vow To send what will portray How much we love someone we know, In words that will combine With lacy hearts and cupid's bow In red and white design. But love extends beyond a card For someone else to read; It's meant to show our deep regard For helping those in need. Our Bible lessons underscore Their messages divine: That love is infinitely more Than just a Valentine.

Fairview

By: Mrs. Hubert Chasteen

Hello to all you good readers everywhere. Hope you are all well and enjoying life and all of the great blessings God gives us every day.

Thank the good Lord for your good attendance for worship service at Fairview Feb. 5th and for the one hundred and eleven in Sunday School.

Sympathy is extended to all those who have lost loved ones recently including the family of Mrs. Lucretia Robinson of Mt. Vernon. May God

be very near them at this time. They have our love and prayers.

Mrs. Priscie Thomas, wife of the late Candy Thomas, (my uncle) passed away a few days ago at her home near Covington. May God bless that family also and strengthen them in this time of sorrow.

I have enjoyed the articles appearing in the Signal recently on the history of some of our retired school teachers. So far we have had writ-

ups by Mrs. Mary Singleton Thomas of Berea, Mrs. Cola Grace Abney Wilson and Mrs. Mary Hazel Wolfe Linville, both of Mt. Vernon. They all did a good job. These people are to be praised for the hard work they have done and the love and concern they had for their pupils. God bless them all.

My mother, Mrs. Liddie Reppert, died 14 years ago today, on Feb. 6, 1975. Bless her heart I still miss her and always will. She and our father Eugene Reppert worked so hard to raise thirteen children. Now they are in heaven where there is no more pain, heartaches, troubles or disappointments. There is seven of us left out of the thirteen children and one day as God calls each one of us, I hope and pray we can all join mom and dad in that lovely place where we can have a great family reunion, never to be separated again.

Mr. and Mrs. R.J. Ridgell and Sherry visited his parents Mr. and Mrs. Elmer Ridgell in Corbin on Saturday.

Jenia Davidson, daughter of Rex and Jewell Davidson celebrated her 8th birthday on Sunday with a party at McDonald's in Berea. Her Sunday School Class (Leavers) from the Fairview Baptist Church were invited to help her celebrate. Attending were Heather Rucker, Tara Brock, Tracy Anderkin, Dusty Richardson, April Abney, Glennys Pulliam, Courtney Alexander, Cody Alexander and Jeremy Davidson. Jenia's birthday will be Tuesday Feb. 7th. Jenia is a sweet little girl that we all love and wish for her many more happy birthdays. Cake, ice cream and soft drinks were served, games were played and gifts were received. It was a happy occasion for all who attended.

Recent guests in our home have been our children, Wayne and wife Carolyn on Friday and Janet Ridgell, R.J. and Sherry and Junior and wife Lynetta on Saturday night.

We are having some wintry weather now, so most of us are staying home and keeping warm, doing our visiting by phone.

Speaking of phoning, I enjoyed my phone call to my sister Dorothy of New London, Ohio on her birthday Feb. 7 and to my cousin Billy Norris of Augusta, Ga. on Sunday. I really like our spirits to talk to a loved one that we haven't seen for awhile.

Please remember church and Sunday School. We should all love and care for each other. God made all of us and loves all of us so we should love one another. God bless you all. May you be especially beautiful for today.

To the Voters of the 5th District

I would like to take this opportunity to announce my candidacy for magistrate. I am married and have three children and two step children. I am unemployed and my husband drives a school bus. I am a member of the Pine Hill Holiness Church and live in the Orlando precinct. If given the opportunity to serve as magistrate I will work with the other magistrates and judge to see that our tax money is used equably and wisely for our county. Please help me so I can help you. Your vote will deeply be appreciated.

Thank you,
Vickie Lynn McNew

STATEMENT OF NONDISCRIMINATION

Contel of Kentucky, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that, where applicable, it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964, as amended, all requirements of Section 504 of the Rehabilitation Act of 1973, as amended, all requirements of the Age Discrimination Act of 1975, as amended and all requirements of the rules and regulations of the U.S. Department of Agriculture implementing Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act and the Age Discrimination Act, to the end that no person in the United States shall, on the ground of race, color or national origin, or solely by reason of such person's handicap, or on the basis of age, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program or the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin, solely by reason of such person's handicap, or on the basis of age, in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including employment, rates, conditions and extension of service, admission or access to or use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization. The person in this organization responsible for coordinating the nondiscrimination compliance efforts of this organization is Mary Bowling, Coordinator Human Resource.

Any individual, or any specific class of individuals, who feels subjected by this organization to discrimination prohibited by Title VI of the Civil Rights Act, by Section 504 of the Rehabilitation Act, by the Age Discrimination Act or by the rules and regulations of the U.S. Department of Agriculture implementing Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act and the Age Discrimination Act, may personally or through a representative, file with the Office of the Secretary, U.S. Department of Agriculture, Washington, D.C. 20250; the Office of the Administrator, Rural Electrification Administration, Washington, D.C. 20250; the Office of Advocacy and Enterprise, U.S. Department of Agriculture, Washington, D.C. 20250; or this organization, or all a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Administrator of the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the rules and regulations of the U.S. Department of Agriculture.

Community CPR course offered

The Berea Area Red Cross will be conducting a Community CPR course on Saturday, Feb. 18, beginning at 8 a.m. at the Berea College Nursing Building. This is a new Red Cross course and includes adult, infant and child CPR. The class will be taught by certified Red Cross instructors. Pre-registration is required as class

size is limited. Contact the local office to register or for more information call 886-4211. Please register by Feb. 14.

The American Red Cross has designed this course to teach lifesaving skills to use in respiratory and cardiac emergencies. An emergency of this kind can happen to an adult, to a

child, or to an infant. This course will help you learn about these emergencies and how to give first aid to each of these.

In ancient Russia, it was believed that a skin of red wool would ward off evils.

"Renfro Valley Sells"

(Cont. From Front)

The plan for Phase 2, set to begin within five years, include a theme park and a national cable television network similar to the Nashville Network, Gabbard said.

The deal involves Lair's four daughters who are, Mrs. Henderson, Mrs. Barbara Smith of Hopkinsville, Mrs. Nancy Griffin of Amundale, Va., and Mrs. Ginalce King of Port St. Lucie, Fla.

Mrs. Henderson has managed Renfro since November of 1986 when the four sisters bought Gary Smith's interest in Renfro Valley Farms.

Jim and Helen Ratcliff and Willard and Aline Collinsworth, who owned the motel and restaurant have also reached an agreement with Renfro Valley Entertainment Corporation.

Renfro Folks Inc., is defined as the Bandance, Jamboree, gift shop, "Bargle" newspaper, and the "Main Street" of shops.

Last February the Kentucky General Assembly voted Renfro the Kentucky Country Music Hall of Fame.

Renfro Started in 1938

Lair returned to his native Rockcastle County in 1938 from Chicago, where he had produced the "National

Barn Dance" show on WLS radio.

In those days, most country music shows were produced by big city radio stations. But Lair "wanted to come back here and bring a country music show back to the country," said Pete Stamper, who has worked as a comedian at Renfro Valley since 1952 and spent many years at WRVK.

At the time, the Grand Ole Opry was broadcast only on WSM in Nashville and, even though WSM was a clear-channel station with a wide broadcast area, Renfro Valley reached more listeners, Gabbard said.

Lair was a man of strong opinions and a fierce country music traditionalist who didn't want drums, horns and other non-traditional instruments cluttering up the sweet strings his performers played.

In a 1977 interview, Lair explained his philosophy. "Country music is never going to change. It's simple, and everyone can understand it. When you get to where you can't whistle the tune, the song's getting too thick," he said.

Emory Martin, a one-armed banjo player who started at the Grand Ole Opry in 1932 and came to Renfro Valley in 1943, said Lair "wanted Renfro Valley to be strictly old-timey."

Lair's passion for tradition and uncluttered music extended to his

performers.

Martin said Lair once came into the auditorium and saw a performer who was wearing two-tone shoes.

"He told him to get the shoes and change his shoosies if he didn't have any more to come back barefoot," Martin said with a laugh.

Over the years, Lair boosted the careers of many well-known country performers, including Red Foley, the Coon Creek Girls, Homer and Jotho, Lulu Belle and Scotty, the Cumberland Ridge Runners, Tex Ritter and Ernest Tubbs.

But he always insisted that the focus stay on the Barn Dance ensembles, not individual performers.

"Daddy always maintained there were no stars at Renfro Valley, that Renfro Valley itself was the star,"

on the agenda, as the board received an update on the Roundstone School addition from Towery.

According to Towery, the Roundstone Planning Committee had decided upon three regular classrooms, one science classroom, restrooms for boys and girls, a teachers' workroom, and a general storage area for the addition.

The basement storage area will be 800-1000 square feet, unfinished and without heat or utilities, except for lighting.

If all goes according to schedule, the new addition will be completed on Oct. 31, 1989. If, however, Supt. Towery has his way with the Department of Education, the addition will be completed much sooner.

The Department of Education must first approve the design/development plans. Then, they must approve the construction documents. According to Towery, he will request that the department put the Roundstone addition ahead of much larger projects that will take several days or weeks to gain approval. If that happens then the completion date should be earlier than expected.

In personnel moves the board voted to accept the resignation of Carrie Hedrick's Gifted Education Program Teacher. Filling her position will be Carolyn Bryant an eighth grade instructor at Brothelock.

Mrs. Hedrick will be joining her husband, Dr. Charles Hedrick, as a missionary in South Africa. In classified personnel moves, David Riddle was hired as a bus driver, Cuba Wilma Kirby as a custodian, substitute cooks hired were: Reba Bussell, Ola Smith, Joyce Wilkerson and perhaps the first male cook, Danny Hurley. Diane Hig-

gins said Barbara Lair Smith of Hopkinsville his youngest daughter.

Ultimately, Lair's refusal to compromise his vision of his music and his desire to keep the Barn Dance small enough to manage himself allowed the Grand Ole Opry to surpass it in popularity.

When threatened by rock music in the 1950s, Nashville experimented with other musical influences. The Grand Ole Opry, which catered to the record companies' efforts to create individual stars, was boosted by Nashville's growth and took advantage of television.

Lair wouldn't use the new medium, promoting live tent shows instead.

"It stood still on purpose," Stamper said of Renfro Valley.

ding and Wesley Mays were employed as substitute bus drivers.

Jennifer Cox, Tammy Hamm and Carla Sue Ward were employed as substitute teachers.

The board also approved a code of conduct booklet for all students, teachers and principals. The booklet will be given to every student in the county, according to Towery.

The booklet contains rights and responsibilities of students, parents, teachers and principals, code of conduct and disciplinary responses to violations of conduct.

G.E.D. Certificates were approved for Donna C. Asher, Ernest L. Bishop, Verla Miller, Scott Poynter, Brenda Simpson and William F. Singleton.

City Council

(Cont. From Front)

that he did not think the fees charged for the 1989 privilege license were fair.

Barnett complained that businesses such as Food Fair, Foodtown and the local hospital were not charged enough in comparison to a small business like his, for which Barnett said he was charged too much.

Barnett has 21 units in his trailer park and the city sent him a bill for \$15 for each unit or a total of \$315.

After much discussion between Barnett, councilwoman Clarise Kirby, councilmen Bill Doan, Tommy Bussell and Bill Sweeney and the Mayor the council voted to review the recent changes in the privilege license tax by July 1 and make any adjustments necessary.

However, any changes in fees would not come until 1990. At that time the city will either give the business a credit or assess them a larger fee, depending on the outcome of the review.

Mayor Cramer, who was obviously opposed to the council's action told the council members that they were going to have to be able to take some heat when it came to financial decisions.

"If we don't find some ways of making money the city of Mt. Vernon we might as well walk right out of the front door," he said. "If we don't come up with some way soon to make some money the city is going to be broke," he said. "You people have voted down every idea I have given you to make money."

Insurance Proposal

Bill and Arletta Norton, owners of Norton Insurance Agency in Mt. Vernon were present at the meeting to present council members with a proposal to handle all of the city's insurance needs.

The Nortons were accompanied

with a four page proposal and a field representative from Louisville to answer questions.

Mayor Cramer asked the field representative, Larry Hartman, why the same company that now wanted to sell the city insurance, cancelled their policies about two years ago.

Hartman explained that the city's insurance was cancelled because a major insurance carrier went "belly-up." The same insurance company that Hartman had the city of Mt. Vernon's insurance with.

He said that now he is associated with Hartford, one of the oldest and strongest insurance institutions in the country, and that he did not see any problem even with any cancellation. At the present time the city of Mt. Vernon buys all of its insurance from Singleton and Associates in Mt. Vernon and spend around \$14,000

annually on premiums.

Cramer told the Nortons and Hartman that they were welcome back to the next council meeting to discuss their proposal further.

EKU-Rockcastle Cooperation

Big Towers, superintendent of Rockcastle County Schools, seated at left, confers with school and Eastern Kentucky University officials about the cooperative tutor and role model program now in place at Rockcastle County High School. With him are Dr. William Thames, standing at left, director of field services and professional development for ECU's College of Education; Ronnie Cash, principal of Rockcastle County High School and Dr. Adriana Francis, professor in ECU's Department of Curriculum and Instruction.

EKU undergraduates to serve as tutors/role models

This spring eight Eastern Kentucky University students from Rockcastle County will be serving as tutors and role models under a new program being developed by ECU's College of Education.

"We estimate that up to 60 freshmen at Rockcastle County High School could participate in this program," said Dr. William Thames, director of the Office of Field Services and Professional Development in ECU's College of Education.

Participation will mean being tutored in mathematics, English and study skills by ECU students, he said. Thames said the tutorial program will help develop scholastic skills in the ninth-graders and enhance their self-image.

"The interaction of the high school students with successful college students from Rockcastle County will serve to increase the probability that those students will pursue higher education upon graduation," he said.

"Each tutor will be assigned students who will be tutored at least once per week during the study period scheduled by the school.

The local students are part of a much larger effort to prevent high school students from dropping out.

The partnership program is named "Destination Graduation," and is being coordinated by the state Council on Higher Education.

Some 1,500 ninth-graders across eastern Kentucky will get the help of 230 college students from 12 public and independent colleges and universities, council spokesmen report.

Besides the 12 colleges and universities, 41 local school districts in Kentucky's 5th and 7th congressional districts, and a number of other Kentucky educational organizations will take part.

The three-year project has received a federal grant of \$331,000 for the first year, which will be matched by \$230,000 in in-kind contributions from the colleges and universities.

Kentucky's "Destination Graduation" program competed with 115 other projects nationwide for support under Title V of the federal Higher Education Act. It was among only seven programs to receive funding.

Rockcastle County High School students will be chosen for the program based on a demonstrated need for tutorial help, Thames said.

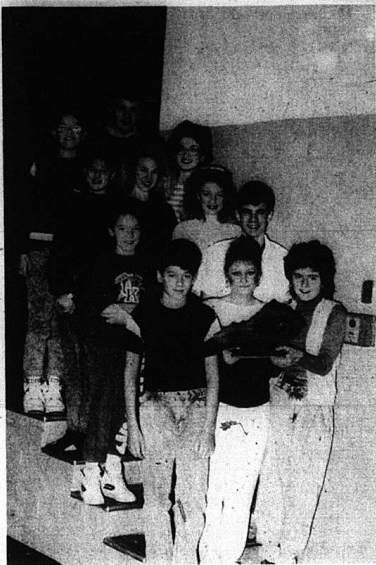

"Peer tutoring often helps not only the individual being tutored, but the tutor as well," he said.

"The knowledge of the subject matter increases and the tutor sees himself or herself as more able and valuable."

ECU students participating will be juniors with at least a 2.5 grade point average in the subject to be tutored.

Tutors will be trained in a three-day workshop conducted by ECU personnel with expertise in the areas of emphasis.

The institutions involved in "Destination Graduation" in the 5th District include ECU, Campbellsville College, Somerset Community College, Southeast Community College, Sue Members of the team are 1st row, left to right, Chris Makin, Coach Mrs. Darlene Larkey, Bonnie Sigm, 2nd row, Jimmy Fleming, Jerry Makin, 3rd row, Tracy Todd, 4th row, Scarlet Dailey, Amy Sears, Marilyn Coffey, back row, Willie Witt and Brian Thacker.

The Roundstone Academic Team won the District Governor's Cup Competition last Saturday. The team was also the Quick-Recall champion. They will now go on to regional competition Feb. 17. Members of the team are 1st row, left to right, Chris Makin, Coach Mrs. Darlene Larkey, Bonnie Sigm, 2nd row, Jimmy Fleming, Jerry Makin, 3rd row, Tracy Todd, 4th row, Scarlet Dailey, Amy Sears, Marilyn Coffey, back row, Willie Witt and Brian Thacker.

HONORABLE MENTIONS-- These three Brodhead Elementary students received honorable mention in a National Ecology Poster Contest recently. The theme of the contest, sponsored by Modern Woodmen of America, was "Soil is Important." Amy Ford, far right, daughter of Mr. and Mrs. Sam Ford and a 6th grader at BES, won first place in the local contest and was presented with a ribbon by Carl Speaks, local representative for Modern Woodmen. Amy's poster, along with other posters from the local contest were sent to the national contest for judging. With Amy in the photo are, from left, Barbara Adams and Jamie Lovins, both 7th graders at BES, whose poster, along with Amy's received Honorable Mention on the national level.

RCHS to host 49th District Governor's Cup Competition

Rockcastle County High school is pleased to announce its selection as host school for the 49th District Governor's Cup competition on Saturday, February 11. Students from Jackson County, Clay County, Owsen Baptist Institute, and Rockcastle County will compete in Mathematics, Science, Social Studies, Language Arts, English Composition and Quick Recall.

Rockcastle was the District Champion in 1988 and had students advance to the regional and state levels of competition.

The 1989 Governor's Cup Team includes the following students:

Mathematics - Chuck Mink, Staci Shaffer and Alison Soward; Chad Abney and Detrina Leece, alternates.

Language Arts - Alan Purcell, Alison Soward and Paula Thompson; Angela McKinney and Trudi Lay, alternates.

Social Studies - Carrie Mullins, Alan Purcell and Kevin Rowe; Rebecca Harding and Scott Mullins, alternates.

Science - Chad Abney, Chuck Mink and Rusty Moore; Carol Isaacs and Crystal Rowland, alternates.

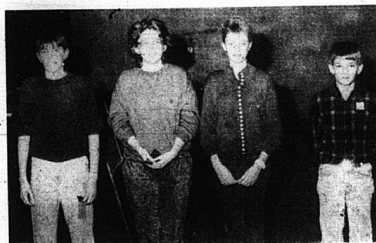

Quick Recall - Chad Abney, Chuck Mink, Carrie Mullins, Scott Mullins, Alan Purcell, Kevin Rowe, Alison Soward, and Jason Wilson.

The competition schedule is as follows:

- 7:45 - 8:15 - Registration for all participants
- 8:30 - 9:20 - Mathematics
- 8:30 - 10:00 - English Composition
- 9:40 - 10:30 - Social Studies
- 10:50 - 11:40 - Science
- 12:00 - 12:50 - Language Arts
- 1:30 - 2:55 - Quick Recall; two rounds
- 3:00 - 3:45 - Awards

The public is invited to attend the quick Recall matches and the Awards presentations.

Top finishers in each area will advance to the regional level to be held Saturday, Feb. 25, at Everts High School.

First place in the District Governor's Cup Math Division went to Adam Trebilo, 2nd place, Marilyn Coffey, Tracy Todd, 4th, Jason Lear, 3rd.

In the Science Division of the Governor's Cup Competition Jerry Makin won 1st place, followed by Jason Vanzant 2nd, Amy Sears 3rd, Willie Witt 4th.

First place in Language Arts went to Melinda Dykes, Amy Sears 2nd, Callie Mullins 3rd and Jerry Makin 4th.

Mt. Vernon Mayor Gary Cromer and County Judge/Executive Hubert Thacker jointly signed a proclamation recently designating the week of February 12-18 as National Vocational Education Week in Rockcastle County. UK honors local students

Four University of Kentucky students from Mt. Vernon have been honored by their deans for the 1988 fall semester.

Students named to the deans' lists represent the top 10 percent of all UK students in grade point averages. The university requires a 3.5 grade point average, or better (based on a 4.0 system) to qualify for the honor.

Arts and Sciences: Joseph Granville Gregory, a freshman who majors in physics, and William D. Gregory, a sophomore who majors in physics.

Education: Jennifer Cox, a senior who majors in English education. Pharmacy: Denis Rhoney, a fourth-year student, from Mt. Vernon.

English Composition was won by Callie Mullins followed by Jennie Begley 2nd, Amy Sears 3rd and Melinda Dykes 4th.

Linda Gadd participates in Berea's School for Women

Ms. Linda Lou Gadd of Mt. Vernon was one of ten participants in the January session of Berea College's New Opportunity School for Women.

The free program -- for women 35 to 50 years of age who have not attended college -- provided an opportunity to explore career and educational interests.

Through testing and individual counseling, work skills and interests were identified and participants were placed in part-time jobs on the campus and in the community. Job assignments -- which ranged from working in the College library and offices to receptionist duties at the local hospital -- provided even greater insight into potential and abilities.

Special seminars also focused on job interview skills, computer usage, self-confidence, and writing skills.

Berea's New Opportunity School for Women was designed by the school's director, Mrs. Jane Stephenson, a specialist in adult education programs. Funding for the recent session and for programs conducted the past two summers was provided by the educational Foundation of America and by Mr. and Mrs. Barry Bingham Jr. of Louisville.

Only applicants who demonstrate motivation and an eagerness to learn are selected to attend the school. Rooms and meals are provided without charge and grants for travel and child care are available to participants.

Tests for the fourth six weeks will be given on Feb. 16 and 17th. Report cards should go out the 26th and 27th.

Your Child's Health

By: Dr. John Payne

Almost everyone knows that too much cholesterol in a person's diet helps to cause heart attacks. There has been quite a bit in the news recently about testing for cholesterol in children. There has been confusion over what the experts have suggested.

Cholesterol is an essential building block in the body. A certain amount is needed, especially in young children. They need this and other fats to help develop normally. Children under age two usually should not be restricted in their diet. They should not be given 2 percent milk, but rather regular cow's milk after they are off formula or breast feeding.

However, older children who are in a family which has a history of high cholesterol or who have a close relative who has had a heart attack before age 50 in men or 60 in women are at higher risk. They should be screened for cholesterol and for cholesterol and dietary changes may be in order.

Widespread testing for cholesterol levels in all children would be expensive and the results difficult to interpret except for children from high risk families.

Efforts at education for developing life long habits of good balanced diet, regular exercise and avoidance of smoking will do more to prevent heart attacks in the next generation.

New school program for young children

The Rockcastle County School System is currently organizing an Early Childhood Program for children ages 3 through 5. Development of this program is in the early stages and our services are limited, however we are presently organizing a remediation program for qualifying kindergarten students in which an Early Childhood teacher works with these students on a regular basis and serves as a consultant to the parents when needed. Tentative plans are being made for next year's program and

will include limited services to 3 and 4 year olds also.

Learning begins at birth and continues throughout life, however, sometimes a child is born with or acquires a physical or mental condition that can delay or handicap normal growth and development. The Early Childhood Program, which is mandated by P.L. 99-457, the Education of the Handicapped Act Amendments, will not only focus on the child that has obvious handicaps such as multihandicaps, vision impairment, speech and language impairment, hearing impairment, and other handicapping conditions, but it will also include children who are "at risk". At risk includes children who may not have obvious handicaps, but when tested show indications that they are not developing physically or mentally as they should.

Studies have shown that the earlier a child is identified and receives the help he or she may need, then the child is more likely to experience a higher success rate in school. Therefore, one of our main goals is to locate and identify children who are eligible for our program. To do this we will implement developmental screening to all 3-5 year olds in the county. A developmental screening test is now one of the first steps your child will undergo when beginning

his or her education, therefore, the earlier it can be done, the better for both parent and child. The screening test is a series of tasks such as copying a circle, building a tower with blocks, and throwing a ball. These are simple skills to an adult, but in children performance on such tasks can give indications if their developmental growth is progressing as it should. To find out how your child is developing in comparison to other children of their same age, please attend our FREE developmental screening which will be held on Saturday, February 25. There will be screening stations located at all the elementary schools, so take your 3-4 year olds to the school that they will attend. Since the screening takes 10-15 minutes, it takes very little time for you as a parent to make sure your child is developing as he or she should be. These few minutes of your time and effort could prove to be one of the important things you could do for your child in the long run.

If you have questions or would like more information please contact: Jeanie Gabbard, Rockcastle Board of Education, phone: 256-4114. Remember our free screening! Place - The elementary school your child will attend Date - Saturday, February 25th Hours - 9 a.m. to 3 p.m.

To the Voters of the 3rd District

I am a Republican candidate for magistrate of the 3rd district. I have worked in the county for 15 years as a remodeling contractor. I have worked throughout the county and the 3rd district and have traveled all the roads and know the problems. For instance dangerous hills that buses travel to take our children to school. If elected I will do my best to eliminate these problems and any more problems the people are concerned about.

Citizens of Rockcastle County

My name is Doris Doan Settles. I'm a candidate for Rockcastle County Jailer. I'm a lifelong resident of Rockcastle County. I've been in the restaurant business all my life here in the county. My husband is Robert Settles. I have four children, Danny Settles, Larry Settles, Debbie Parsons, Carolyn Napier.

When elected your first woman jailer, I pledge to run a good clean jail. I will treat all incarcerated persons equally. I would really appreciate you getting behind me and elect the first woman jailer in our county's history. Thanks for your support.

Doris Doan Settles,
Candidate for Rockcastle County Jailer

Why would anyone hurt this baby?

There is an explosion of child abuse. 2.5 million cases are reported each year. This is a 90% increase in the past ten years.

Child abuse is a national shame. The aim of the Child Abuse Institute of Research (C.A.I.R.) is to reduce the mindless destruction of children's lives through programs of prevention, education and research. Our agenda is to improve the quality of life for all children by preventing increases in child abuse.

Any interested citizen, service club, organization, company, child care professional, teacher, judge, policeman, corrections official, clergyman, church group or doctor is invited to assist in the work of the Institute by becoming a member.

C.A.I.R.

Child Abuse Institute of Research

MEMBERSHIP APPLICATION

Please enroll me or my organization as a member of the Child Abuse Institute of Research (C.A.I.R.). I enclose \$25 annual membership dues.

Membership includes the quarterly newsletter, The Report, as well as regular bulletins on problems and solutions to child abuse. Members will be invited to participate in child abuse conferences.

Please send more information on the Child Abuse Institute of Research (C.A.I.R.)

I would like to volunteer to help stop child abuse.

THANK YOU!

I wish to thank Mr. and Mrs. Billy Medley, Dean, the Livingston city policeman, Mr. and Mrs. George Pruden and Mr. and Mrs. Mossie Cameron, for all the kindness and help they have been to me and my wife, Betty Sue. Mr. and Mrs. Medley have a great help to the City of Livingston and have come to us in a time of need.

Pat J. Kidwell

CARD OF THANKS

We would like to express our deep appreciation to all the kind people who sent flowers, food and helped in any way they could during the illness and death of our dear mother, Verla Collins.

Special thanks goes to Bro. Randall Adams for all the support he gave us and for the moving funeral service. Thanks to Watson Funeral Home for their kind and efficient service. Thank You Everyone!

The Family of Verla Collins

CARD OF THANKS

I would like to express my deepest appreciation to the many friends and neighbors during the long term illness and death of my husband, Marv. Many thanks to those who sent flowers, food and who called or helped in any way. Special thanks to the singers, Bro. Lester Caldwell for his consoling words and to Cox Funeral Home. Thanks also to the VA Hospital and nursing home in Lexington.

Wife and Children of Elmer Decker

A THANK YOU NOTE

The children of Lucretia Robinson wishes to thank Dr. P.J. Monteyne, the nurses, nurses aides, R.T. administrative staff and everyone at the Rockcastle Co. Hospital for the tender loving care they gave our mother during her long illness.

The Brodhead Invitational Tourney, a tradition of excellence

Mrs. Shirley Martin, an organizer of the B.I.T., receives a special gift from B.E.S. Coach Gary Scott.

The B.I.T. All-tournament Team was comprised of Scotty Bulls, Roundstone; Berkley Allen, Roy Moore and Shawn Scott of North Laurel; Chris Lowery, Science Hill, Brad Gower of Science Hill tournament MVP; Stacey Smith and Jason Kirby of Mt. Vernon; Eric Burke, Toby Moberly and Mike Albright of Brodhead.

North Laurel captures BIT

By: Jeff Hammond

Coach Gary Scott's Brodhead Tigers gave a valiant effort but came up one point short of the North Laurel Bobcats in the championship game of the annual Brodhead Invitational Basketball Tournament held this past weekend.

The Tigers gained an early advantage over the visitors from Laurel County. After one period of play Brodhead led 8-3 as four different players entered the scoring column for Brodhead.

The North Laurel squad roared back in the second period and gained a 21-18 half time lead over the Brodhead Tigers. The Tigers continued to struggle in the third period as they could manage only 6 points, two by Eric Burke and 4 from Corey Craig.

After having dug themselves a hole, the Tigers fought back in the fourth period behind some outside shooting by Burke and Toby Moberly. Inside, Mike Albright and John Hamm were playing sound games. Albright made several pressure free throws down the stretch for the Tigers.

Trailing by one with only seconds remaining, Brodhead gained possession of the ball with a chance to win the game, several shots went up for the Tigers, but none would fall and North Laurel had claimed the championship of the eighth annual BIT.

On the way to the championship game Brodhead defeated Livingston and Mt. Vernon. In the Mt. Vernon game, Brodhead gained an early advantage over Coach Jerry Pensol's Red Devils.

The Red Devils played a slow down game and forced Brodhead to shoot from the outside. This strategy seemed to work except Mt. Vernon could not generate much offense until late in the game and eventually lost 41-34.

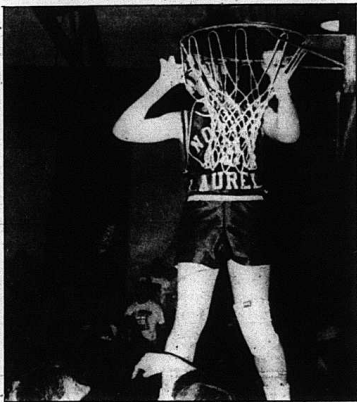

North Laurel defeated Wayne Co. and Science Hill enroute to the championship game.

In the consolation game Science Hill defeated Mt. Vernon. Because of weather conditions the semi-finals and finals had to be played on Saturday night, resulting in Mt. Vernon having to play back to back games.

A North Laurel player takes his turn at cutting down the net following their thrilling victory over Brodhead in the championship game of the B.I.T.

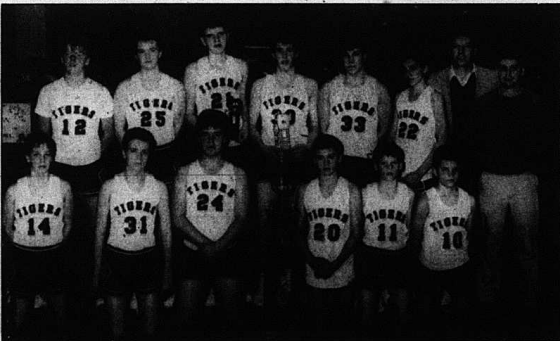

Brodhead Cheerleaders tried to cause North Laurel to miss crucial free throws in the closing minutes.

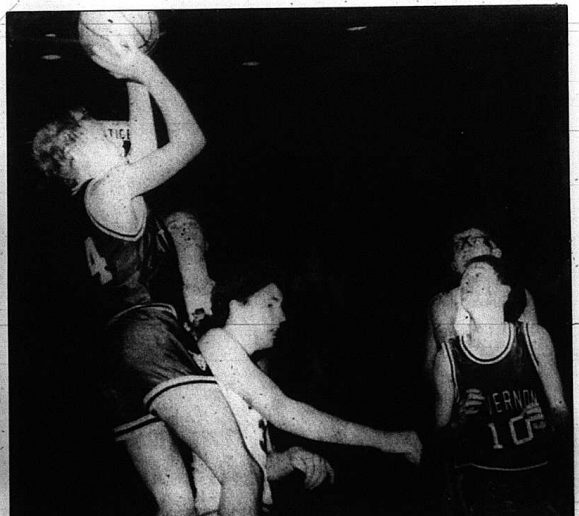

The Roundstone Elementary Cheerleaders won 1st place in the BIT Cheerleading Competition. Members of the squad are front row, Amy Sears, Michele Stephens, Tina Durham, Amy Thacker, Nicole Blair, Patricia Bowling. Back row, Jennifer Whittemore, Jeff Bumgardner gymnastics coach, Jackie Burdette, Mrs. Vicki Scott sponsor, Tracy Todd, Karen Stallworth.

The Brodhead Cheerleaders won second place and the Spirit Stick during the BIT Cheerleading Competition. Front row from left, Tracey Moore, Jessica Todd, Jenise Masters, Jamie Lovins, Angie Brown, Crystal Sponamore. Back row, Amy Childress, Johnna Riddle, Jennifer Bishop, Jacinda Denney, Anna Stevens.

The Brodhead Tigers, coached by Gary Scott and Randall Adams, were runners-up in the B.I.T. The Tigers were also County Champs with an undefeated record in the county. Members of the team are 1st row, from left, Chris Brummett, Chris Albright, John Kirk, Michael Shaffer, Aaron Cox, J.D. Buswell. Back row, Toby Moberly, Jason Scoggins, Mike Steve Albright, Eric Burke, John Hamm, Corey Craig, Randall Adams Assistant Coach, Gary Scott Head Coach.

Jason Kirby, of Mt. Vernon, shoots over Eric Burke of Brodhead during action Saturday night in the B.I.T. Kirby had 21 points against Brodhead, but Mt. Vernon still lost 41-34. Also in the photo is Scottie Winstead of Mt. Vernon, Burke, Jason Scoggins and Mike Steve Albright of Brodhead.

Poet's Corner

'Love'
By: Ada Bullock

Everyone needs love,
like flowers need the rain,
it spreads a warmth of sunshine
that words cannot explain.

It eases pain and sorrow
when our pathways seem so dear
Combined with understanding
love wipes away each tear.

A heart filled with compassion
and two arms reaching out
To embrace and protect us
from fearfulness and doubt.

It will never desert us
nor cease to be
It's always there and ready
to comfort you and me.

Yes, love is the greatest thing
a person can possess.
It replaces so much sadness
with a cloak of happiness.

If He wasn't with me
My life wouldn't be the same

He's the joy of my salvation
I thank Him every day
I want to always witness for Him
As I go along life's way

Thank You God
By: Mayzell Ries
(Dedicated to Dustin,
my grandson)

Starlight, starbright,
Thank you God,
For our grandson tonight
Thank you for
You were with him I know
When he gave us a scare
I know you love him so
I know you care

He means so much to us,
And he is so, so sick
You stood beside him
And he got well quick

Thank you God
For our bundle of joy

Thank you for saving
Our grand baby boy

Love and Reason
By: Rita Marie Knowles

Familiarity breeds contempt we say
I believe this to be true yesterday
and today--
Though we truly love our dearest
mate--
Some folks have a tendency to
berate

Really love is not so demanding--
With mutual respect and under-
standing
Kindness - courtesy and consider-
ation
We find ourselves lost - love dies of
starvation

I lost him each year, through every
season
Asking Our Father, just what was the
reason?
Apprehensive was I - than my heart
broke in two
On receiving some news, about me
and you

My thoughts drifted back to seasons
and times--
Compassion follows within this ryme
God must have a reason - III
always love you--

Each day my prayers will ever be
with you

Hillside Farm
By: John Holbrook

Did you ever try to make a living
on an ole hillside farm
If you ever tried it
you caused the soil some harm

You just kept on trying
by doing the best you could
Trying to provide for your family
just like you really should

You'd get up fore day light
and feed your mule some corn
Then you'd eat your breakfast
and wait around till morn

You ride to the hillside
asraddle that ole mule
Hoping the plow won't kick you
causing you to loose your cool

You've hook the bull tongue plow
into a stump that was dead
You'd lift it out of the ground
and see a big copperhead

The lines would be around you
hemed in by the handles of the plow
You'd get out of there in a hurry
But you never remembered how

You would clear up a new ground
to try to improve your lot
Hoping for some corn in the crib
and mush cooking in the pot

If you had a good crop
from farming on that hill
Then you could shell a turn of corn
and take it to the mill.

Meal for a bowl of combread
and some for a bowl of mush
If your stomach had been growing
this would make it hush

No meat in the smokehouse
no livestock in the barn
There are hard times a comin
many people began to wain

You said, "Hard times are a comin"
with mocking in your voice
You'd know them all your life
and had no other choice

There in Letcher county
on every hillside farm
The crops were so meager
was cause for some alarm

Times were always hard
up there on that hill
And when you would call a hog
you even save the squeal

The bladder in the hog

just made a dandy balloon
But it would dry out fast
and burst way too soon

The children kept a comin
about every year or two
Each time you would wonder
if you were finally through

Thank God for the wild greens
and the sassafras tea
The best thing about them
is that they were always free

Now as you get to thinking
about farming on that hill
You'll think of something funny
and laughter, from you, will spill

Don't forget them soupbans
that cook there in the pot
They would simmer all day long
if the stove was not too hot

The combread and them soupbans
keep many folks alive
And when you got hungry
into them you'd divv

When you filled your belly
and the hungry pains were gone
You then would be so thankful
that you had a home

If you can't think of anything funny

Traveling With Jesus
By: Anna L. Clifford

There's a road that's straight and
narrow
I'm traveling on
Jesus, is with me,
I am not alone

He makes the going easy
And all the burdens light
He's my strength and comfort
I'm always in His sight

When I get weary
And life starts to get me down
I always call upon Him
He's so easy found

May I never fail to praise Him
And call upon His name

LUCRETIA ROBINSON
A Tribute to our Mother
by all her children

"Mom's Eternal Vacation"
Mom, you have said "goodbye" to
us many times, as we took our earthly
vacations and said "enjoy
yourselves." Now, Mom, we say
goodbye for a little while to you, as
you go on your Eternal Vacation in
Heaven. The place where Jesus was
talking about in John 14 v. 2, 3, and 4.

It was paid for long ago by your
"saviour Jesus," on the cross at a
place called Calvary.

You know too, mom, that all your
children have their reservations made
and will be joining you soon, as all of
us are in the autumn years of our life.
You sang to us about Heaven from
the cradle up and taught us the way
of the Cross.

You enjoyed your earthly vacations
with Elmer and Doris so much and
Sunday rides with Sue and Ira, Everett,
and Ethel and all your children. Now,
Mom, enjoy your "Eternal One" with
The Heavenly Father.

Thanks for having been just a good
Christian Motherland, Thank You God
for having given you to us for all
these many years.

"All We Love You Mom"
by Riley Ramsey

In Memory of
Riley Ramsey

Riley Gaines
Ramsey was
born in
Madison,
North Carolina
April 26, 1887.
He came to
Brohead from
Marshall, N.C.
in 1924. He and
his brother, Lee
Ramsey, were
traveling through
Brohead to
Indiana to buy
a school bus.

He saw a farm for sale near
Brohead and came back and bought
the farm from H.T. Young, two miles
from Brohead at the time called
Chestnut Hill.

In 1925, he married Susie Jane
Spoonmore, daughter of Charlie and
Elizabeth Lear Spoonmore. He had
three children by a previous marriage:
Mrs. Clara Sutton, Mrs. Selma Frite
and Mrs. Beatrice Moore and he and
Susie had two children, Mrs. Evelyn
Owens and B.L. Ramsey.

Later, in 1939, Brohead was in
need of water and he gave the first
city water to Brohead, from what
was then known as Ramsey Cave, if
they could afford to construct it. They
did with the help of W.P.A.

He and his son, B.L., resided on the
farm until his death Feb. 13, 1953.

He was well known throughout the
community for the good deed he
had done for Brohead and as a great
farmer.

To the Voters of the
3rd District
(Bullock, Brown,
West Brodhead).

I would like to take this
opportunity to announce
my candidacy for

Magistrate of the 3rd District. I need your vote and support.

Who's Duty is it to List Taxable Property?

According to K.R.S. 132-220 of the Ky. Statutes - It shall be the duty of all persons owning or having any interest in any property taxable in this state to list or have listed such property with the Property Valuation Administrator of the county where it is located, between January 1st and March 1st of each year.

Tangible and Intangible property may be listed as late as April 15th.

Failure to list property could cause you to get an omitted tax bill for property not listed.

Omitted tax bills would have penalties and interest added on.

So if you have any new buildings or have purchased or sold a mobile home be sure and report this. If you have sold a mobile home and not reported it you may keep getting a tax bill on it.

Tangible and intangible should always be reported. Reporting your taxable property at the proper time may save a headache at the wrong time.

Office hours are 8:00 A.M. to 4:00 P.M. Monday thru Friday.
