Mount Vernon Signal

Mount Vernon, Kentucky

Volume 101-Number 17

Thursday, February 16, 1989

Briefly

Bowers found guilty of criminal trespassing

An eleven man, one woman jury found Emma Bowers, 38, of Lexington, guilty of third degree criminal trespassing last Thursday in Rockcastle Circuit Court.

Bowers had been indicted last May on a charge of third degree burglary for a break-in at the Food Fair Supermarket on Williams Street in Mt. Vernon.

Mt. Vernon City policeman Larry Thompson told a Rockcastle County Grand Jury that he found Bowers behind the store with some of the merchandise that had been taken in the 3:30 a.m. burglary.

Following the guilty verdict on the lesser charge, Rockcastle Circuit Judge Dan Venters fined Bowers \$250. The trial lasted one day.

Grand Jury indicts Saunders and Ballard

Three more indictments from the January session of the Rockcastle County Grand Jury have been released.

Keith Ballard of Conway was indicted on two counts of receiving stolen property, one under \$100 and the other over \$100.

According to the indictment, Ballard is accused of receiving a stolen color television set, owned by Steve Himes and a medalion which had been stolen from David Ruble.

John Sanders, 28, of Orlando and Peggy Sanders, 26, of Mt. Vernon were indicted on charges stemming from incidents that reportedly occurred at R.V. Brock's farm on Hwy. 150.

Mt. Vernon City policeman Larry Thompson told a Rockcastle County Grand Jury that he found Sanders accused of stealing a .38 caliber pistol from Brock and John Sanders is accused of stealing a steer and turning cattle into Brock's barn, which destroyed about 800 bales of hay.

All three are free on bond until a February 24th hearing in Rockcastle Circuit Court.

Mt. Vernon car washes burglarized Sunday

The YES car wash on Richmond Street and the Mt. Vernon Car Wash on Hwy. 150 were both victims of burglary either late Sunday night or early Monday morning according to Mt. Vernon city police.

About \$20 to \$30 was taken from the YES car wash where thieves also tore up a \$2,500 change machine. At the Mt. Vernon car wash, no money was taken but a door was destroyed.

Owners of the car washes are offering a \$500 reward for information that would lead to the arrest and conviction of the people that broke into the car washes.

Alcohol caused death of Kenneth "Sam" Sowder

Kenneth Randall "Sam" Sowder, who mysteriously died January 10, at a friend's house in Orlando, died from too much alcohol intake into his system, according to Kentucky's Chief Medical Examiner John Hunsaker, who performed an autopsy on Sowder.

According to a report filed by Hunsaker, Sowder's blood alcohol was .34% at the time of his death which caused his central nervous system to shut down. The central nervous system controls all of the body's involuntary and voluntary actions such as breathing.

McCollum asks for his chair back and gets it

Former Rockcastle County Republican Party Chairman Alonzo McCollum, who stepped down from his position in January, has decided that he did not like retirement.

McCollum, who stepped down because he is a candidate for fourth district magistrate in this May's primary election, got advice from legal counsel who told him that there was no reason to resign until he found out whether he won this May or not.

Mrs. Juanita Davis had been placed in McCollum's seat, but Friday night Republican party members voted McCollum back in.

Carpenter withdraws from constable's race

Saul Carpenter of Red Hill, who had filed for the office of Constable in the 5th district in this May's Republican Primary has taken his name out of the race. According to County Clerk Norma Houk, Carpenter withdrew from the race because he has found employment with the federal government.

Kirby charged with DUI following complaint

Third district magistrate Ricky Kirby of Brodhead was charged with driving under the influence of intoxicants last Thursday night by Kentucky State Police following complaints from some residents.

According to a citation issued by KSP trooper Jim Silvers, Kirby failed a field sobriety test after he stopped him within the city limits of Brodhead around midnight.

Kirby was taken to the Rockcastle Hospital for a blood test and lodged in the Rockcastle County jail. He was later released on his own recognizance.

During a hearing in district court Monday, Kirby plead not guilty to the charges and is due back in court April 3.

Arson suspected in boat dock fire

The Mt. Vernon City Council had only \$3,500 in insurance on the boat dock dwelling

\$1,000 worth of hay also burned

By Richard Anderkin

Arsonists on the rampage apparently set fire to the boat dock at Renfro Valley and then set fire to about 35 rolls of hay sometime early Sunday morning, according to Mt. Vernon fireman, Gary Hansel.

Hansel said that when the fire department arrived at the boat dock around 6:30 a.m. Sunday, the structure had already been completely engulfed by a fire that was probably set with either kerosene or gas.

Boat dock operator Jimmy Hale said Tuesday that the 1200 foot structure was robbed before it was torched.

Hale said that about \$300 was taken from coffee machines as well as tools and all of his stock.

Hale estimated the loss inventory and tools at \$3,000. He had no insurance on the contents.

During a called meeting of the Mt. Vernon City Council Tuesday night, councilmembers decided to wait until the arson investigator from the state police at London had inspected the building and then clean it up and decide what to do next.

The city had only \$3,500 worth of insurance and a \$500 deductible on the building to pay a new floor, much less build a new building, Hale said.

Hale had already notified the Mt. Vernon council that he would renew his option to run the boat this year.

Later the same morning after a \$1,000 worth of hay belonging to Mt. Vernon Postmaster Jim Smith was also set on fire, The Mt. Vernon Fire Department extinguished the blaze, but about 35 bales of roll hay was destroyed.

The hay was on Smith's farm near Brindle Ridge, not far from the boat dock.

The Mt. Vernon City Police are investigating both incidents, but no arrests have been made.

Boat dock operator Jimmy Hale surveys the damage done to the boat dock in a Sunday night fire

Heavy rains cause flooding in some areas

The rains came and "stayed" said one observer referring to the locally heavy rainfall that had made creeks and streams in Rockcastle County go out of their banks.

According to local weatherman, Bud Cox, in the 24 hour period prior to 8 a.m. Wednesday morning a total of 1.82 inches of precipitation had fallen.

In the 24 hour period ending Tuesday morning 1.65 inches of precipitation had fallen. Since Sunday a total of 3.90 inches had been recorded at Cox's weather station.

According to Cox, in February of last year, 1.12 inches of rainfall had been recorded and 1.50 inches of snowfall, compared to 5.69 inches of precipitation this year for the month of February.

So far for the month of February the high recorded temperature has been 69 degrees on the 2nd and the low was 3 degrees on the 9th.

The rains, according to the National Weather Service, are not yet finished. The forecast called for about two more inches of precipitation with the possibility of temperatures falling below freezing. The plunging temperatures could make travel extremely hazardous.

Robinson wins

Kathy Robinson, 23, of Mt. Vernon was the lucky winner of a \$500 shopping spree at the Richmond Mall, in Richmond.

Kathy's name was drawn by Sam Stephens of K-93 in Lexington Tuesday morning. Kathy is a secretary in the Rockcastle county attorney's office.

Heavy rains Tuesday and Wednesday have caused flooding in some areas of the county including the Roundstone section. School was called off Wednesday because of the high water and more rain was forecast for Thursday.

Letters

Dear Editor,

After reading the Feb. 8th issue of the Lexington Herald and listening to the TV news reports on President Bush's strong support for the 51 percent pay increase for congress, I get more than upset, it makes a person down right mad. When was the last rate increase on the Federal Minimum Wage? 1977-78? It was due an increase in 1980, what did President Reagan do? He froze it, supposedly to cut spending and help reduce the Federal Deficit.

They keep saying that something needs to be done about the poverty level in our country. They are right, something needs to be done. But, who is it that makes this poverty

level? Those who elect for office in Washington, D.C. by such actions as a 51 percent pay increase.

Those people that work for \$3.35 an hour make \$124 a week times 52 weeks equals \$6,968 a year. It takes 10 people working for \$3.50 an hour to make \$69,680 a year. This is what one congressman makes in one year. I don't think this fair, do you? I'd like to see one congress person exist on \$6,968 a year. He wouldn't think it was fair either. Also, at the present time the maximum rate for unemployment benefits is \$166 a week, this averages \$4.15 an hour. The Federal Minimum wage should be at least \$4.15 an hour.

I think our state senators, congressmen, state representatives and President Bush need to take a long, hard look at the Federal Minimum Wage and do something for the long suffering, hard working \$3.35 an hour person. The average minimum wage person, works long hours, weekends, holidays and with no insurance program.

The people of our country need to take a firm approach and speak out against this 51 percent pay increase, by writing their senators, congressmen, state representatives, and local newspapers.

Thank you, Ann Senters Livingston

Dear Editor,

We would like to extend a special

thanks to the individual businesses and organizations for their donations and volunteer assistance during the Brodhead Invitational Tournament. Everyone's time and energy helped in making it very successful.

Tournament Coordinator

Dear Editor,

To those who read the Mt. Vernon Signal, I put some scripture in the Signal last week so some way I missed getting in the most important scripture of the subject.

Seems like some people don't understand what the word contentious means. 1st Corinthians 11:14-16 teaches you that if a man have long hair, it is a shame unto him. But if a woman have long hair, it is a glory to her for her hair is given her for a covering. But if any man seem to be contentious, we have no such custom; neither the churches of God. Romans 2:7-11 To them who by patient continuance in well doing seek for glory and honour and immortality, eternal life:

8. But unto them that are contentious, and do not obey the truth, but obey unrighteousness, indignation and wrath, upon every soul of man that does evil, of the Jew first, and also of the Gentile;

10. But glory, honour, and peace, to every man that worketh good, to the Jew first, and also to the Gentile.
11. For there is no respect of persons with God.

Dear Editor,
I'm an inmate at the Kentucky State Prison. I'm from Mt. Vernon and have been locked up for almost five years.

I've lost touch with a lot of friends and family and would appreciate any one that would write to me. It's lonely in here when you don't get any mail. I will answer all letters.

I'm 27 years old, brown hair, green eyes, 5'11" 180 pounds.

Some people from Mt. Vernon might still remember me. Thanks for your time. All letters will be appreciated.

Sincerely,
Johnny Demney #89556

"IN MEMORY OF HENRY C. MARTIN WHO PASSED AWAY FEBRUARY 21, 1973

The Late Henry C. Martin
 MEMORIES OF DADDY
 Deep in my heart are fond memories today. Of a Daddy who has gone away.

There are memories of happy times and sad times, Times of instruction and encouragement kind.

I remember when he was young and healthy, He worked very hard to raise a family.

The little things we shared are but a memory today, Nothing more can be added or taken away.

When his suffering was so severe, The doctor said he didn't know I was near.

He opened his eyes and searched for awhile, Then he gave me one last big smile.

Oh, how much that smile means to me, In my memory it is so plain to see.

Our beloved Daddy is not really gone, Because his memory lives in our hearts all the day long.

Citizens of Rockcastle County

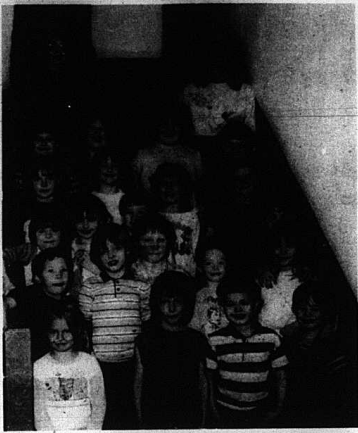

I would like to announce my candidacy for Sheriff. I was born and raised in Rockcastle County, the son of Fred Matt and Ella Baker Ramsey. Graduated from Mt. Vernon High School in 1958. Worked in Louisville for 25 years. Returned to Rockcastle County in 1984 after purchasing the old home place at Renfro Valley. Married Lillian Ramsey, a nurse at Rockcastle Hospital, we have four children and four grandchildren. I am a Christian, attend Brindle Ridge Baptist Church.

As your sheriff, I will operate the office in a fair, honest and competent manner, will cooperate with State and City Police. I stand for Law and Order.

Your vote and support is greatly important in the Republican Primary.

Mrs. McClure's first grade class, shown above, recently wrote about their pets in the "Writing to Read" program at Livingston Elementary.

McClure's class learning to read while writing about their pets

Students in Mrs. Peggy McClure's first grade class at Livingston Elementary wrote stories about their favorite pets in the Writing to Read computer room. They would like to share these stories with you.

The children have finished the 30 cycle words in the Writing to Read Program. They now know the letter (letter) that represents any sound they say in a word. Therefore, the spelling may not be perfect to you, the reader, but the child who wrote the story can read it to you with ease.

Thanks to Mrs. Linda Durham, our computer lab assistant, for all her help with the Writing to Read Program so far.

Rockcastle County High observes National FHA/Hero Week

By: Lisa Blanton
FHA Reporter

Future Homemakers of America believes youth can make a difference in the home, at school, in the community. For over 40 years, FHA/HERO members have been aware, concerned, and doing something about serious issues confronting teens -- like drug and alcohol abuse, AIDS prevention, fitness and nutrition, peer pressure and suicide. Chapter projects help members develop their leadership potential, family commu-

nication, career awareness and community spirit. This longstanding commitment to community service makes Future Homemakers of America members "Tomorrow's Leaders Today" -- responsible citizens making a difference.

The Rockcastle County High FHA/HERO Chapter at Rockcastle County High School, an affiliated chapter of Future Homemakers of America, joins with 11,000 other local chapters in a nationwide observance of FHA/HERO Week, February 12-18,

Fellow Citizens of the 3rd District

I've chosen to run as Magistrate because of my convictions of what our district and our county should be doing -- money is certainly not the reason. If I'm elected, I'll be available for you seven days a week to listen to your problems and concerns. I'll work with the fiscal court and county judge to address problems such as garbage and road maintenance and I'll look for ways to bring in new businesses to offer more jobs for our community.

I've been actively employed in Rockcastle County for 27 years and have been in business at DeBoard Oil Company for the past 10 years. I've traveled the roads in the third district daily. I know a better job can be done and I hope you'll give me the opportunity to speak up - speak out and address the needs of our district and our county.

National journalist to speak at Rockcastle High School

A Pulitzer Prize nominee, at present a visiting professor at Berea College, will speak to the Rockcastle Journalism class Thursday morning, Feb. 23 from 8:30 to 9:30 a.m. The public is invited.

Rudy P. Abramson, who is at Berea College under the auspices of the Bingham Foundation, is a native of Florence, Alabama. He graduated with a B.A. degree from the University of Mississippi and from the Columbia University Graduate School of Journalism where he attended on a Sloan-Rockefeller Fellow (science writing).

Mr. Abramson's list of journalistic achievement is long and varied. He began his career with the Nashville Tennessean and, in 1965, became associated with the Los Angeles Times as National Science Correspondent. He later worked as the Pentagon correspondent for the Times; was assigned to coverage of the Watergate investigation, served as White House correspondent for two years and, since 1977, has been the National Science correspondent

for the Times. Since January of 1986, he has had the additional special assignment of coverage of the Challenger space shuttle accident, the ensuing investigations and the space programs recovery and evolution.

Besides being a Pulitzer Prize nominee, Abramson's awards include the Lambda Sigma Award as the outstanding journalism graduate of the University of Mississippi, 1958; the Russell L. Cecil Award for science writing, 1962; the Los Angeles Times award for best writing published in the newspaper in 1978 and the designation of Los Angeles Times senior writer.

Publications to which he has contributed articles include: U.S. on the Moon, published by U.S. News and World Report, 1969; contributor to Encyclopedia Britannica, contributor to Astronautics and Aeronautics, the journal of the American Institute of Astronautics and Aeronautics and contributor to Change, The Magazine of Higher Education.

tors for heart-related problems cannot be changed or modified, while others can. The three major modifiable risk factors for cardiovascular disease are cigarette smoking, high blood pressure, and high blood cholesterol. Other risk factors, such as overweight, diabetes, and physical inactivity, also are conditions you can do something about. As a woman grows older her risk of developing heart disease increases. Although age is an important factor that cannot be changed, it is important to realize that other risk factors can be modified and risk reduced at any age.

Some groups of women are at higher risk of developing cardiovascular disease than other women. Older women are much more susceptible for cardiovascular disease than young women, partly because vulnerability to heart-related problems tends to change with age. Older women are more likely to develop high blood levels, to be diabetic, to be overweight and to exercise less than younger women. Also, after menopause, women become more vulnerable to cardiovascular disease. Women who have had early natural or surgically induced menopause have twice the risk of developing subsequent coronary heart disease as do women of the same age who have not entered menopause.

While a single risk factor will increase the likelihood of developing heart-related problems, the more risk factors you have, the more concerned you should be about prevention. If you both smoke cigarettes and have high blood pressure, for example, your chance of developing coronary heart disease multiplies dramatically. The presence of all three major modifiable risk factors—smoking, high blood pressure, and high blood cholesterol—can raise the risk to eight times that of women who have none of these risk factors.

Learn to Knit or Crochet

Consumers can learn the skills of knitting or crocheting with the start of an Extension Master Volunteer Program in London.

The 25-hour educational program is being sponsored by Wilderness Trail Area Cooperative Extension Service, the Craft Yarn Council of America, and the Hand Knitting Association. The program is designed to train volunteers, who will then, among other things, be interested in learning knitting or crocheting skills.

Among the subjects to be covered in the educational training sessions are: fibers and spinning yarns, color and design coordination, knitting and crocheting skills and techniques, pattern instructions, gauge, and body measurements, and projects to create.

The course will be taught by Representative of the Yarn Council on March 6, 7, 8, and 9. Classes will include workshops, discussion, demonstration, and hands-on experience.

Each participant will receive a notebook of knitting and crocheting resource materials and information. Participants must complete program requirements before becoming an Extension Master Volunteer Knitter

Kirby on Dean's List

Dennis W. Kirby has been named to the Dean's List at Sue Bennett College for the 1988 Fall term.

To be included on the Dean's List a student must achieve a grade point average of 3.5 or above on a course load of at least 12 hours.

Being included on the honor roll were Darren K. Allen, Anthony W. Lewis, Lisa G. McKinney and JoAnn Robbins from Rockcastle County.

To be included on the honor roll, a student must attain a grade point average of 3.0 to 3.5 on a course load of at least 12 hours.

Located in London, Sue Bennett College is a private, two-year institution affiliated with the United Methodist Church.

County 4-H Variety Show

By: John McQuay County Extension Agent for 4-H

Now is the time for 4-Hers to begin their preparation for the County 4-H Variety Show! This event consists of specialty and club acts and is held annually on the county, area and state level. It provides an opportunity for large numbers of 4-H participants to gain poise, confidence, develop character, and sportsmanship while working cooperatively with others.

Clubs preparing to participate need to carefully read over and follow the rules and guidelines:

Specialty Acts shall consist of four 4-H participants for fewer and have a time limit of four minutes. A 4-H club may have up to two specialty acts.

Minimum requirements for the Club Act state that twenty percent of the club participants or five participants, whichever is greater, just be involved. Club acts have a time limit of eight minutes.

Only one person other than 4-H participants, such as a pianist, may accompany the act. Other than the one accompanist, only 4-H participants may appear on stage during the act.

Variety Show participants must be a 4-H club member or have participated in a 4-H activity since September 1988, and may only represent ONE club. 4-Hers belonging to two clubs may not be in both club's acts.

An act exceeding the time limit should be permitted to finish but cannot be awarded champion. Since participation is of the utmost importance, the combination of clubs for the purpose of presenting a club or specialty act is not permitted.

Dramatic readings can be entered as a variety act.

All acts must use the same P.A. system. No act will be allowed to provide their own system. As it was last year an additional P.A. system will be used to supplement the existing Broadhead system. A record player and tape recorder will be available and must be used by participants.

Leaders must take care of their own music. (Have tapes set at starting point.)

Each school will sit together until time for their acts. Club leaders are responsible for keeping their group together and quiet. Parents should be recruited to help as chaperons.

Admission will be charged to those who are not participating in acts; 75

for children; and \$1.00 for adults. Tickets for participants and leaders will be delivered after clubs call in to

register their acts. 4-Hers who lose (Cont. to A-7)

"What Saith the Scriptures"

*And now why earnest thou? Anse and be baptized and wash away thy sins, calling on the name of the Lord. Ac 22:16 This was told to Saul or Paul who had seen the Lord on the road to Damascus, Ac 22:6-7. Many folks have been taught that Paul was saved right then and there on the road, but the above passage denies such.

Baptism is the final step that a penitent believer who has confessed his faith, is to do in order to receive God's forgiveness and become a child of God. Peter said that "baptism doth also now save us" (I Pet 3:21). Many people will say that baptism does not save us! Peter of course is teaching that baptism saves in the same sense that faith saves or repentance saves. These things are conditions that God has laid down for us to receive the gift of salvation.

I get the impression people think, that the church of Christ made up the doctrine of baptism. Friends, it was the Lord who ordained that a person must believe and be baptized in order to be saved. "Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." Mk. 16:15-16.

He did not say "He that believeth is saved and is baptized" as so many falsely teach and practice. But somebody will say, but Jesus didn't say "He that believeth and is not baptized shall be damned?" Let me ask, do you believe the first part of vs. 16 "He that believeth and is baptized shall be saved"? Do you? If yes, have you done such? If no, then the answer, "He that believeth and is not baptized shall be damned." Peter told those Jews on the day of Pentecost in Ac 2, who had cried out men and brethren what shall we do? vs. 37 "Repent and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost". vs. 38

Dear friends, if you have submitted to God's truth that can save your soul, why not do so, while you yet live, and while the world yet stands. Let us know if we can help you in a study of God's word.

Rockcastle County

My name is Doris Doan Settles. I'm a candidate for Rockcastle County Jailor. I'm a lifelong resident of Rockcastle County. I've been in the restaurant business all my life here in the county. My husband is Robert Settles. I have four children, Danny Settles, Larry Settles, Debbie Parsons, Carolyn Napier.

When elected your first woman jailor, I pledge to run a good clean jail. I will treat all incarcerated persons equally. I would really appreciate you getting behind me and elect the first woman jailor in our county's history. Thanks for your support.

This was Mrs. Regina Burton's club act in 1986 which went on to compete in the Bluegrass Lions Club Fair in Lexington. Members were Theresa Robinson, Sonya Houk, Louise Cromer, Stephanie Pope, Stephanie Spoonamore, Julie Bishop, Luevadia Hughes, Missy Todd, John Burton, Chastiy Smith and Theresa Petrey.

Chuck Sowder(right) and Chris Dillingham (left) placed first and fourth, respectively in the Social Studies area of the Governors Cup Competition held at Roundstone Elementary.

In 1983, a Florida schoolboy found a bag of diamonds on a railroad track while looking for his missing bicycle. The jewels remained unclaimed for over a year and were then auctioned off for \$350,000 which went to the boy.

Girls lose

The Rockcastle Lady Rockets certainly did not play nor did they look like a 4-16 team last Thursday night when they played host to the Jackson County Lady Generals.

Jackson County, which had defeated highly touted Laurel County earlier in the year, jumped out to an early lead over the Lady Rockets and led 18-8 at the end of the first quarter.

The lady Rockets seemed to come to life the final three quarters of the game. At the half they trailed by 14.

In the second half the Lady Rockets shot exceptionally well. Stephanie Northern, and Donna Harper led the scoring for the Lady Rockets. Northern got several points off the fast break and Harper buried three, three-point bombs to keep the Lady Rockets close.

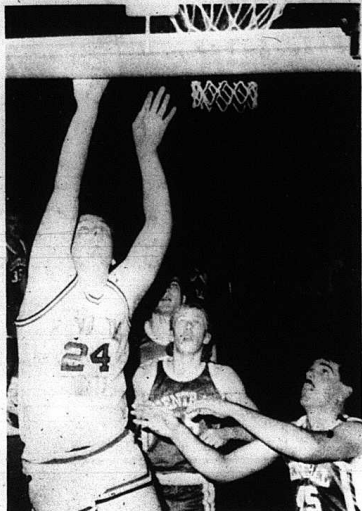

All around it was one of the Lady Rockets better games of the season. They have been battling the flu virus on the team for the past several days and have played tough in spite of the illness.

The Lady Rocket scoring was as follows: Stephanie Northern 23, Donna Harper 14, April Burton 6, Jennifer Thacker and Sharon Hines 4 each.

Tigers win Lion's Tourney

The Brodhead Tigers were the winners of the Livingston Lions Club B-team Tournament held last Thursday and Monday at Livingston Elementary. Members of the team are pictured from left to right front row: Eric McKinney, Aaron Cox, J.D. Bussell, Chris Albright, Kevin Robinson. 2nd row, Coach Gary Scott, Freddie Prewitt, Shane York, Jason Scoggins, Mikhael Shaffer, John Kirk. Not present was Chris Goff and Randall Adams Asst. coach.

David Eaton #24 goes above the Knox Central Panthers for two of his points on the evening. The Rockets played hard but were no match for the talented Knox Central team. The Panthers defeated the Rockets 70-43 last Thursday night.

Boys lose to Central

Knox Central, one of the top teams in the state, invaded the Rockets home court and quickly proved their prowess on the hardwood.

Central, with three starters over 6 feet 5, dominated the much smaller Rockets on the boards.

The Rockets gave a worthy effort, in fact, the Rockets trailed by only 8 points late in the third quarter. However, some sloppy passing and poor shot selection allowed the visiting Panthers to get several easy shots and eventually stretch their lead

beyond 20 points.

Central also held the Rockets' leading scorer, Kris Ponder, in check for much of the game. Ponder managed to score 18 points, most of his scoring came late in the contest.

The Rockets were unable to place another player in double figures, the rest of the scoring was David Owens, Steve Clark, Adam Coleman, and David Eaton with 4 each, Darren Smith 3, Mike Barron, Robbie Phillips and Tim Cottrell with 2 each.

Brothead News By: Mary McWhorter

Sorry no news last week due to sickness.

Kenneth Leccc and wife Joyce of Ft. Lee, Va. returned to their home last week after a visit with his sister Mrs. Brenda Bradley and family, Mrs. Loretta Woodall and family. They

also all attended the funeral of their sister-in-law, Mrs. Elsie Moore Sander's wife of J.B. Sanders. Our sympathy goes to J.B. and children. Kenneth and Joyce plan to move back to Kentucky after his retirement from the service in April.

We are sorry to hear of Herbert Halcomb of York, North Carolina having open heart surgery, he is recu-

perating well. His sister, Stella Burk and Evelyn Rowlett, brother Eugene Halcomb and Stella's son Jerry Burke, were all with him. We hope he continues to do well. Our sympathy goes to Evelyn Rowlett and husband Howard in the death of his mother, Mrs. Ann Rowlett of Berea.

Mrs. Katie Doyle is confined to her home with the old flu bug. We hope she is better soon and all others who are having it, including myself.

Mrs. Mae Doan has been confined to her home for the past ten days or

more. We hope she is better soon.

Mrs. Cuba Croley has been sick for several days and was taken to the Rockcastle Hospital for treatment Sunday. She's some better at this writing. Her daughter Velma Pingleton came and took her to her home in Ohio.

Mrs. Mickie Lea Pruitt was Saturday guest of her mother Pat Pruitt and also visited me awhile.

Mrs. Viola remains in serious condition at the home of her son in Winchester. Our prayers are for her and her family.

Mrs. Ruth Bussell spent a few days last week in West Chester, Ohio taking care of her late mother's business.

Jerry Bussell of Ft. Knox spent a few days with his wife and baby and his parents Joe and Ruth Bussell.

Sunday dinner guests of Mr. and Mrs. E.P. Whitte were Lawson and Linda Whitte and family, Worth Ann, David, Susan and Sarah, the twins, Mrs. Linda Dyer and her family, Frankie Dyer and his daughter of Lexington, Vint Dyer and wife Louetta and baby daughter Allison of Salsyville, Mr. and Mrs. E.P. Whitte, Mrs. Zella Stencil and Johnny Harris.

Pat Pruitt visited Mickie Lea Pruitt in Richmond Sunday afternoon.

Mr. and Mrs. George Adams and Mrs. Shirley Sargent were in Lexington last week for Berniece's checkup and got a good report.

Mr. and Mrs. George Adams, Mrs. Bertha Stephens and Doug Adams were in Richmond Monday.

Mrs. Violet Cash and Donna Lynn

The Mt. Vernon Signal, Thursday, February 16, 1989 P-A11

were Sunday visitors of Mr. and Mrs. Bruce Sargent, Danny Bruce and Dennis in Berea.

Mr. and Mrs. Pretzel Brown spent the weekend in Cincinnati, Ohio with their daughter and family Gregg and Vicki Limer and children. Mrs. Eva Arney returned home with them for a two week visit. Pretzel, Bonnie and Mrs. Arney and Mildred Brown also visited Bro. Hugh Thomas and Luice, who has been shuin for awhile. We hope he continues to improve and can be back in service with us soon.

Benny and Corey Craig were Sunday dinner guests of Willie and Mabel Taylor, Brian Lamb and wife Cindy and daughter Rachal of Lebanon, Ohio spent a Saturday recently with

Cindy's grandparents Mr. and Mrs. Carrel Blanton. Other visitors of the Blanton's were, Mr. and Mrs. Earl Blanton, Lisa and Michelle, Mr. and Mrs. David Blanton, Rebecca, Regina and Renita, Mr. and Mrs. Carrel Blanton, Jr. of Mt. Batter Up!

Spring is right around the corner, school will be out and say you don't know what to do with your summer vacation, how about playing Little League baseball.

The objective of the local league shall be to implant firmly in the youth of the community the ideals of good sportsmanship, honesty, loyalty, courage and respect for authority, so that they may be well adjusted, stronger and happier children and will grow to be decent, healthy and trustworthy adults.

"League Age" is that age attained prior to August 1st in any given season. Thus, a youngster whose 12th birthday is on July 31 or earlier has a "League Age" of 12; a youngster whose 12th birthday is on August 1 or later has a "League Age" of 11. This principal applies regardless of age. Sign up dates are listed elsewhere in this issue.

Babe's Bunch still lead league

Babe's Bunch is still on top in the Rockcastle Mixed League with 55-1/2 wins and 32-1/2 losses but the Rockers are nipping at their heels with a 53-1/2 and 34-1/2 record. NAPA is in third at 50 and 38.

High team series for the week went to the Pin Busters with a 2366 - Sam and Evelyn Mullins and Alice Faulkner and Jim Cromer comprise the team.

Babe's Bunch took high team game with an 852 - Ben and Wavelene Mullins and Clifton and Kim Daugherty make up this team.

Clifton Daugherty had high men's series with a 589. James Noe was second with a 553 and Sam Mullins third with a 549.

Daugherty also had high men's game with a 241 and Sam Mullins and Bill Reynolds tied for third with a 211 each.

Debbie Bugg took high women's series with a 529. Alice Faulkner was second with a 515 and Phyllis Isaacs and Jamie Bryant tied for third with a 473.

Alice Faulkner had high women's game with a 188. Debbie Bugg was second with a 180 and Wavelene Mullins third with a 177.

Daugherty took high men's series HDCP with a 637. Sam Mullins was second with a 633 and Rick Bryant third with a 630.

OUR GREATEST LEADERS Sought THE GUIDANCE OF THE LORD

All through history the revered leaders of our great land have demonstrated their finest ability to lead when they became followers; that is, when they followed the advice of the Lord. This meant more than simply going to church with their families. It also involved a lot of private praying at any hour of any day in the week; particularly when a major decision had to be made which would have a long-range effect on the future of the nation. They carried the awesome responsibility of preserving our freedom, and when war threatened this meant that the price of it would be paid with the lives of our young men. Although we are not burdened with making decisions of that magnitude, we will all do better to follow the example of our noble leaders by relying on God's guidance rather than our own judgment. Our history has proved the value of this.

Our reliance is on the love of liberty which God has planted in us
— Abraham Lincoln

"He that ruleth over men must be just, ruling in the fear of God."

Do You Know The Early Warning Signs? Of Children With Special Needs

Who Can Help?

To assist in locating children who may need help, the Rockcastle County School System will conduct a FREE Developmental Preschool Screening for children ages 3 and 4 in each of the elementary schools. This screening test will give parents an indication of how well your child is progressing in comparison to other children the same age.

Remember, the earlier you recognize your child's special needs and seek professional help, the greater the possibility that your child can be helped to overcome a problem, and experience more success in school.

If you have questions or want more information please contact Jeanie Gabbard at 256-4144.

Many children are born with or may acquire physical and/or mental conditions which handicap their normal growth and development. Fortunately, many of these conditions can be helped or completely corrected IF parents recognize the problem early and seek help. Your failure to recognize and deal with a problem early may result in an unnecessary life-long handicap.

The following EARLY WARNING SIGNS (listed at right) are some of the more common indications that a problem may exist. If for any reason you suspect that your child may have special needs, we urge you to seek help immediately - don't wait until your child enters school before you begin to deal with the problem.

Take a minute to read these EARLY WARNING SIGNS. You may find your child has a special need.

To the Voters of the Fifth District

I would like to take this opportunity to introduce myself, and to announce my candidacy for "Magistrate of the Fifth District".

I am Jerry Lee Jones and I am a lifelong resident of Rockcastle County. I am married to the former Nina Holt and have one daughter, Leigha.

My reason for seeking this office is that I would like to see our county improved in many ways, and if given a chance, I will work to do my best. So I am asking for your vote and support in the May Primary Election.

Thank You,
Jerry Lee Jones

Courthouse bonds paid off

The old county courthouse was used for over 90 years

Controversial building paid off 25 years after fiscal court sells bonds

By: Richard Anderkin

No doubt it probably cost one man his job as county judge. Although the other structure was 90 years old, people still did not vote for an increased tax to help pay for it, but he built it anyway.

It is the place you pay your taxes, where you go to see your loved ones that are in jail, the place where you get your driver's license and your marriage license.

It is the present Rockcastle County Courthouse.

In 1963 the voters of Rockcastle County turned down a question on the ballot that asked them if they were:

"In favor of the fiscal court of Rockcastle County, making an appropriation of \$190,000 for the purpose of providing funds for or toward the construction and erection of a courthouse and a jail in Rockcastle County, and the issuance and sale of Rockcastle County Courthouse and Jail Bonds for the purpose of making such appropriations?"

yes no
The question of whether to sell the bonds to help pay for the courthouses lost. It took 66 percent of the voters to vote yes for it to pass and it got only 63.8 percent.

But, the judge at that time had always been known for doing things his way and he did not let the loss at the polls deter him from building a new courthouse.

That man was Charles C. Carter, a five time Rockcastle County Judge, who had already worked hard to obtain a federal grant of \$232,000 to build the courthouse. That was well over half the estimated cost of the \$400,000 that was needed to construct the new courthouse.

A few weeks later in the Mt. Vernon Signal Judge Carter told the public that he was going ahead with the construction of the new courthouse because 63.8 percent of the people voted for it. That he wrote was "a vote of confidence" for him.

This month the Rockcastle County Fiscal Court made their last payment on the courthouse bonds. A payment of \$12,247.50 was the final installment on the \$190,000 debt incurred by the fiscal court when they built the new courthouse and jail. Of course including interest the county paid

Change of address may cause delay in receiving Social Security

Social Security beneficiaries risk having their benefits suspended when they forget to inform the Social Security Administration (SSA) of change of address. Bob Anderson, Social Security manager in Richmond, said recently.

The people who are most likely to forget to let SSA know about a new address are those whose benefits are going to a bank or other financial institution in direct deposit, Anderson said. Even though these benefits are deposited directly to an account, SSA needs current addresses for all beneficiaries in order to send out notices and to fulfill its obligation to verify continuing eligibility.

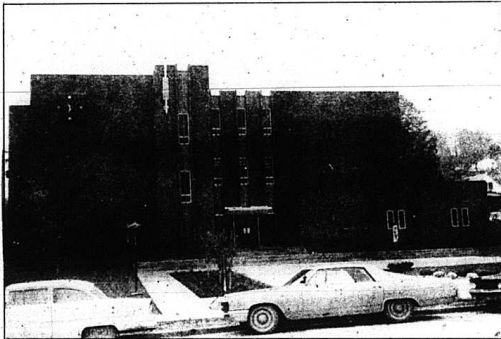

Every year in January SSA sends Social Security Benefit Statements Form SSA-1099 to each beneficiary by first class mail. If the Post Office returns the SSA-1099 as undeliverable mail, SSA begins a process which may result in suspension of benefits, Anderson explained.

First, computer records are checked

for a recent change of address and the notices are mailed a second time. If the second notice is also undeliverable, the bank or other financial institution is asked to provide an up-to-date address. If a good address is not found or the person does not use direct deposit, the next step is to ask the Post Office to check its change of address records. Local telephone directory assistance is also checked.

One more first class mail notice is sent stating that benefits will be suspended. If the beneficiary fails to respond to the notice, benefits are suspended until the agency hears from the person, Anderson said.

The best way to avoid this inconvenience is to remember to tell us when you move, Anderson said. The Richmond Social Security office can help out. The telephone number is 256-5109.

The new county courthouse and jail was officially opened in 1965 after more than a year of construction.

24 percent increase for 1989 burley quotas

Kentucky Senator Mitch McConnell announced today that the 1989 burley quota will be 587.6 million pounds. This represents a 24 percent increase over last year's quota.

"This is great news for Kentucky burley growers," McConnell said.

The bulk of this growth is directly related to our success in opening foreign markets, especially in Japan and South Korea," he stated.

The U.S. Department of Agriculture (USDA) determines the annual burley quota by totaling intended

urchases by manufacturers, average annual exports for the three preceding years, and the amount of tobacco needed to maintain reserve stock levels. The major domestic cigarette manufacturers plan to purchase 427 million pounds of 1989 crop burley

tobacco, farm sales weight. There will be no need to subtract from the quota to adjust the reserve stock level.

The USDA has stated that the 1989 price support will be \$1,532 per pound. This is an increase of 2.2 cents over last year," McConnell said.

A budget deficit assessment of 34 cents will be shared by producers and companies.

The growers can count on more money in their pockets this year that's good for Kentucky.

Road work

The state will provide funds for the county to place a double oil and rock seal on 3.7 miles of various roads in Rockcastle County, Gov. Wallace G. Wilkinson has announced.

Wilkinson said the project is indicative of the consistent upkeep necessary for a strong rural road system.

According to State Transportation Secretary and Commissioner of Highways Milo D. Bryant, the project is estimated to cost \$25,000 and is being financed with Rural Secondary funds. Bryant also noted that the county will be responsible for all phases of the work.

1990 Census begins April 1

The State Government Committee, of which Representative Danny Ford of Mt. Vernon serves as a member, discussed activities leading toward the 1990 census.

A specialist from the U.S. Census Bureau reported on a community awareness project aimed at informing the public about the importance of participating in the census taking

process. The taking of census information will begin on April 1, 1990.

The Census Bureau is planning to use state and local government agencies to spread census news and applications. The strategy being to contact the public in a familiar way, rather than having an unfamiliar census-

High water closes schools

School age children in Rockcastle County got a midweek vacation due to heavy rains and high water that had several roads blocked.

According to Rockcastle School Supt. Bige Towery, Jr., classes were dismissed Wednesday because roads in the Fairview and Cove Branch

area were blocked.

This alone would not cause schools to be called off, but according to Towery the threat of more rainfall

could have resulted in more roads being blocked and might have prohibited buses from returning children to their homes after school.

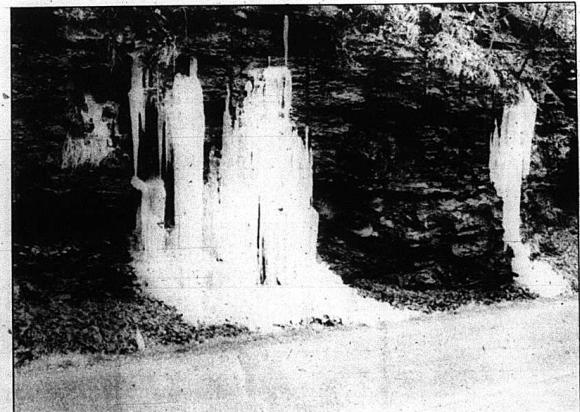

The National Weather Service was forecasting up to two more inches of rainfall for this area of the state.

Towery also stated that since the schools have missed very few days they felt like it was wise not to take a chance with the high water.

Escapes injury

Susan Radford, 30, of Somerset, escaped serious injury Monday morning after she lost control of the 1983 Ford Escort she was driving. Her car traveled over a 20 foot embankment just north of Mt. Vernon, across from the former Countdown restaurant. Ms. Radford was taken to the Rockcastle County hospital where she was treated and released.

The very cold temperatures of a week ago have been replaced by driving rainfall. Last week the lowest temperature of the winter was recorded when the thermometer dropped to just three above. This week however has been a different story with temperatures in the 50's and 60'.

Rockcastle school counselors, Loretta Pongill, Molly Hamm, Jamie Worley and Dale Whitaker were present for the signing of the proclamation by County Judge Hubert Thacker proclaiming last week as guidance week.

Four county judges have served since the new courthouse was completed.

Charles Carter was serving when it was finished. Wayne Vanhook served from 1966-70. Carter was re-elected in 1970 and served until 74.

In 1974 current Judge Hubert Thacker was elected to his first term. He was re-elected in 1978 as well.

Thacker was also a fourth district magistrate when the county decided to build the courthouse in 1964.

In 1982 the first democrat county judge to be elected in 50 years, Bob Jasper, took his seat at the courthouse. In 1986, Thacker was elected again to the position he first took over in 1974.

raising school-age children.

How to Help Your Child Achieve In School

1. Know what's going on. Call the teachers, and visit the school.
2. Be supportive of the school and education.
3. Provide and enforce a proper study time.

4. Offer to help quiz for tests or review, but realize that some students will reject this offer.
5. Sit down with your child, and write out reasonable goals.

How to Talk to Your Kids So They'll Listen

1. Plan a quiet, non-threatening time to talk.
2. Listen without interruptions, and ask for their ideas and opinions.

3. Keep your voice calm and low, and your body language non-defensive.
4. Realizing that all generations have their trends, avoid being overly critical.

5. Tell your child you love them, and follow up with your actions - a positive note in their lunch box, a compliment, and kept promises.

How to Help Your Child Adjust to a Blended Family

1. Don't expect your child to automatically love the new family members.
2. Don't criticize their other parent, relatives, and so on.

3. Plan special times with just you and your child.
4. Try to uphold some of the favorite former-family traditions, and include your children in the creating of new ones.

5. Encourage your child to participate in new activities while still including the old ones.
6. Realizing that all generations have their trends, avoid being overly critical.

7. Tell your child you love them, and follow up with your actions - a positive note in their lunch box, a compliment, and kept promises.

How to Work With Your School for Maximum Effectiveness

1. Keep communication lines open with the school.
2. Always get the 'other side of the story' before charging to the school.

3. Provide an adequate study atmosphere and adequate study materials at home.
4. Try the suggestions of teachers.

5. Give the school information about your child that may be helpful.

"Poet's Corner" (Cont. from B2)

Remember, only when you remain intact Are you a useful tool

Many people are discovering a mini-vacation can be easy to organize and offers quick relief from the stress of work.

Truly mean parents seem to be always calm To be consistent and insistent they really have no qualm

To the parent/child relationship usually needs some added floor Never, never-tolerate any form of misbehavior

Mean parents are asseverate with not any sideways glance And never give their children a second, third, or fourth chance

If you want your children to do it over and over again Tell them right off I am going to count to ten

To mean parents it is trying to show that you are bold Insisting that your children do exactly what they're told

If you make them promises instead of idle threats You will be a winner, parents' and will not lose those bets

Mean parents are consistent I will have to say They uphold the same standards day after tiring day

As mean parents finish talking and are completely through The children know what's expected and what they're going to do

Do not shoulder their responsibility if your children misbehave Let them be responsible and never become their slave

Do not run interference and shield them from all harm Or they'll remain babies all their lives and you won't have that glow of warm

If you let them make mistakes and fall upon their faces They will become a better member of these human races

A mean parent will never become one that's really sad If they make sure the guilty child ends up feeling bad

If they call you mean just refuse to be blue They just want to jerk the rug ,right out from under you

I've said a lot of things but I like to make another call Parent's that keeps promises are the meanest of them all

When your children call you mean do not take that hint Consider it instead as the highest compliment

So being mean in this way is really being kind The mean parents will find themselves Seldom in a bind

American Vocational Education Week is February 12-18

Kentucky will join the nation in observing American Vocational Education Week February 12-18. The theme for the week long celebration, sponsored by the American Vocational Association, is "Vocational Education: Building Tomorrow's Leaders."

A proclamation issued by Governor Wallace Wilkinson declares "Vocational Education serves individual citizens by enabling them to find satisfying careers that suit their own skills and interests; by providing technical skills that let them excel in their chosen careers; and by teaching necessary skills that serve them on the job, at home and in the community."

Governor Wilkinson pointed out that nearly 300,000 Kentuckians are involved annually with vocational education.

"A strong vocational education program planned and carried out by trained vocational educators is vital to the future economic development of our Commonwealth and the well-being of its citizens," Wilkinson said.

During the week, many state vocational technical schools, health occupations schools and area centers will host "open houses," sponsor career fairs, feature classroom displays, showcase vocational education students and programs at shopping malls, and offer special tours. Student produced work samples and products will be displayed at many locations.

Governor's Cup

The Rockcastle Governor's Cup team captured the district title on Saturday, Feb. 11. The team made a very good showing placing two or more people in the top four in each individual area and by winning second in Quick Recall. Individual winners were: Alan Purcell 1st, Kevin Rowe 3rd and Carrie Mullins 4th in Social Studies; Chuck Mink and Rusty Moore tied for second in Science; Sara Anderkin 2nd and Angela McKinney 3rd in English Composition; Alan Purcell 2nd and Alison Sowder 4th in Language Arts and Alison Sowder 1st and Chuck Mink 3rd in Math. The Quick Recall team of Kevin Rowe, Carrie Mullins, Chad Abney, Alan Purcell, Alison Sowder and Scott Mullins placed 2nd. All of these people will be advancing to regional competition at Ewartson Feb. 25. A special thanks to all the people who helped the high school host the Governor's Cup. This year's coaches were Ms. Johnson and Mr. wells.

Basketball

Boys play Friday at home against Greenup County. The games JV and Varsity, will begin at 6:30 and 8. Everyone is encouraged to attend.

The girls play McCreary Central at home on Thursday. Everyone is urged to come out and support the Rockets!

Attendance

For the first time ever R.C.H.S. had the highest attendance in the county, beating all grade schools during the

Commercial and public service advertising will be featured by many local radio and television stations and newspapers.

Superintendent of Public Instruction Dr. John Brock said, "Vocational Education enhances the education of a high school student by offering practical, meaningful applications of basic skills." Vocational Education programs, Brock said, also motivate many students who are at risk of dropping out.

More than 174,000 secondary (high school) students were enrolled in 1,918 programs in 242 comprehensive high schools and area vocational education centers within 173 local districts last year. The programs focus on the development of leadership skills, job-readiness skills, work attitudes and some specific occupational skills. While some students choose to enroll in only one vocational program, offering, others enrolled in a cluster of courses.

Almost 80,000 full and part-time adults and part-time secondary students were enrolled last fall in the 17 state vocational technical schools, five health occupations schools and six correctional facilities. Meanwhile, the state-operated vocational system continues to be one of Kentucky's major training providers of emergency medical technicians and fire service personnel. More than 1,500 EMTs and 30,000 firemen received training last year.

District Tournament

Drawings have been held for the district tournament. The boys will be playing Clay County. This year the tournament will be sponsored by Jackson County.

Attendance

Homerooms that ended the 5th month with better than 98 percent attendance will be awarded trips to Pizza Hut.

Junior Honored

Angela McKinney, junior, was recently selected as a member of the Golden 100 sponsored by Murray State University. The program is designed to recognize some of the top juniors in the state.

Senior Honored

Alan Purcell, senior, is a National Merit Finalist for 1989. For this award Alan had to score well on the SAT and PSAT. Alan will receive some type of scholarship from the University of Kentucky, which he plans to attend in the fall.

Enrollment up at Sue Bennett

Approximately 545 students are enrolled for the spring semester at Sue Bennett College, according to the school's office records.

The number represents a new record for a spring enrollment, and nearly equals last fall's record tally of 551. The current figure shattered the previous high spring enrollment of 460 set in 1986.

"Last fall we had the most high school seniors (graduates) that we've ever had. And they've come back," explained Jim Hays, Director of Admissions.

"Very few full-time students transferred after the fall semester," he added.

Of the 545 students enrolled, 278

are full-time and 267 are part-time. females out number males 340-205.

There are 337 freshmen, 154 sophomores, 29 juniors, and 19 seniors. Although Sue Bennett is a two-year college, several students have enough credit hours to be classified as a junior or senior. In addition, there are 15 special students, or students who already have a degree or are taking a course for no credit.

The average age of the Sue Bennett student is 25.81, a slight decline from the fall semester.

Students who achieve a grade point average of 3.500 or above for any semester on a course load of at least 12 hours are honored by being placed on the Dean's List for that semester.

Scholarships available

Graduating eastern Kentucky high school seniors, who are planning to continue their education, are invited to apply for the Christian Appalachian Project's annual Community Service Scholarship.

These scholarships are unique. The primary factor for selection is community service and involvement. Academic achievement and financial need are secondary considerations. Students who have participated in service projects through local organizations like the church, chamber of commerce, scouts, Kiwanis club, women's clubs, or are volunteers working in hospitals and nursing homes; or have participated in service projects to improve their school or community through school organizations are invited to apply.

Scholarships are awarded to seniors in 25 eastern Kentucky counties.

They will be given in Casey, Clay, Estill, Floyd, Garrard, Jackson, Johnson, Knott, Knox, Laurel, Lee, Leslie, Leitcher, Lincoln, McCreary, Madison, Magoffin, Martin, Morgan, Owsley, Powell, Pulaski, Rockcastle, Whitley, and Wolfe counties. A scholarship will also be given to a senior from eastern Kentucky at the Kentucky School for the Deaf in Danville.

The recipients of the \$1,000 and \$500 scholarships are chosen by local committees.

The scholarships are for one year and can be used at the school of the student's choice.

Graduating seniors are encouraged to contact their school counselors for applications and more information, or contact Glen Taul, Manager of Scholarships, 322 Crab Orchard Road, Lancaster, 40446; 792-3051.

Harry Sparks Vocational

Offering training in welding, business ed

Vocational education is education for employment.

And that's important—whether your son or daughter plans to go to work after high school, after one or more years of college, after an associate's or bachelor's degree or even after an MBA, MD or PhD! You and your teenager should think over the benefits of adding one or more vocational course(s) to his or her high school educational program. And concentrating in a vocational field will do wonders for their future careers—with or without a degree.

The staff of the Harry Sparks Vocational School are helping to shape the lives of tomorrow's leaders through their instruction and guidance. The staff pictured above, seated left to right: Emory Hopkins, Shelly Fothergill, Donna Hopkins, Clareta Hodges, Kristi Martin. Standing: Jess Hoskins, Warren Burton, Jack Dalley, Henry Todd, Harold Kirby, Freddie Mullins, Bobby McCool.

CARD OF THANKS

The family of Louie Owens would like to thank everyone for the kindness and prayers at the time of the death of our loved one. A special thanks to the singers, pallbearers and Bro. Jim Miller. Also to those who sent cards and flowers and to those who just came and sat with us with their comforting words which will never be forgotten. Also, thanks to Dowell and Martin Funeral Home for the kindness they showed us. To all of you, thanks.

CARD OF THANKS

We would like to express our thanks to those who showed their love and support by sending flowers or by bringing food. We love you all. We would also like to express our gratitude to Dr. Griffith, Dr. Gutierrez and the staff of the Rockcastle Co. Hospital for their care and professionalism. They also come to Bro. Charles Shivel, Sister Ercei Cromer, Bro. Buford Parkerson and the Mt. Vernon Pentecostal Church for their kindness and generosity. We love you and may God Bless
