## News in brief

### Fire destroys Lawrence home Thursday afternoon

Fire completely destroyed the home of Mr. and Mrs. Bill Lawrence last Thursday afternoon, after a wire going to the furnace shorted out. According to Brodhead fire chief David Ott, the house actually caught fire twice Thursday. The first time a neighbor extinguished the blaze with a bucket of water when the furnace caused a wall in the furnace room to get hot and catch fire.

Ott said that firemen inspected the wall after the first fire and stayed at the residence for about an hour to make sure the wire was out. The chief said the second fire occurred when a fire going from the furnace shorted out. By the time firefighters got back to Lawrence's house, the fire was coming out of the roof.

Firefighters from Brodhead and Mt. Vernon extinguished the second blaze which broke out around 2:30 in the afternoon. The Lawrences, who had no insurance on their home, lost everything but a few items of clothing and some small pieces of furniture.

### Local Jail and Bail set for Thursday and Friday

Would you like to have someone arrested and help a worthy cause all at the same time. You can do both, Thursday and Friday during the second annual jail and bail-a-thon on the Rockcastle County Courthouse lawn, from 11 a.m. to 6 p.m.

It will cost \$10 to have the person arrested and then bail will be set for that person who is obligated to fill it by getting pledges from family, friends and co-workers in the amount of the bail, before they can be released from jail, according to Mrs. Lu Ed Nielsen president of the local American Cancer Society.

The money raised is used for research, community education, professional education and helping local residents who have cancer. 16,800 Kentuckians are expected to be diagnosed with Cancer during 1989.

The phone number for the jail and bail is 256-4541 or 256-4542.

### Orlando woman hurt in single car accident Saturday

An Orlando woman received a broken leg after she lost control of her car on the old Brodhead - Mt. Vernon road Saturday afternoon. According to Mt. Vernon Police Department Public Affairs Officer Kevin Fletcher, Mrs. Allen lost control of her car after someone drove a truck into her lane around 4 p.m., Saturday.

Mrs. Allen's 1981 Citation received extensive damage after traveling over an embankment near the home of Mr. and Mrs. Ed Hunt. Fletcher said that the road was wet at the time of the accident and probably contributed to the seriousness of the wreck.

Mrs. Allen was transferred to Patti A. Clay hospital in Richmond.

### Livingston teenager walks away from high school

A 16-year-old Livingston girl apparently left the Rockcastle County High School sometime Friday and her parents want help in finding out her whereabouts.

Tawn Elizabeth Chance, daughter of Patsy Senter and a legal guardian of Mr. and Mrs. Eugene Senter, either walked away or rode away from the Rockcastle County High School around 11:30 a.m. Friday.

According to RGHS principal Ronnie Cash, Miss Chance apparently called someone to pick her up and left school during her lunch period. Cash said that Miss Chance's behavior had always been good and that he could not understand her running away.

When Miss Chance was last seen she was wearing a red or dark blue tee shirt, stone washed jeans, brown leather ankle boots and a maroon, zipper type, hooded sweatshirt.

Kentucky State Police have asked that if anyone has any information about Miss Chance's whereabouts they should contact them at 1-878-6622 or contact her parents at 453-3481.

### Bridgitte DeBorde chosen as Miss Rockcastle 1989

About 600 people were on hand as Miss Bridgitte DeBorde a junior at Rockcastle County High School was crowned Miss Rockcastle County during the annual Chamber of Commerce Pageant at the Rockcastle County High School Friday night.

The judges, which included Miss Kentucky U.S.A., Veronica Hershey of Danville, chose Miss DeBorde, daughter of Bobby DeBorde and Vicki DeBorde over ten other candidates.

For winning, Miss DeBorde received over \$1,700 in gifts and prize money, including a \$500 college scholarship. Miss Heather Jones a senior at RGHS was the first runner-up, Miss Cindy Witt was the second runner-up, Miss Dianah King was chosen as third runner-up and Amanda Napier, was fourth runner-up.

### Fire destroys home

Brodhead firefighters, Jeff Albright and Keith Rigby transfer a fire hose to the roof of the Mr. and Mrs. Bill Lawrence home near Quail. Fire was coming out of the roof when firefighters arrived. The Lawrences, who had no insurance on their home, were able to save only a few items from the fire.

### Renfro grants hit snags with fiscal court, Mt. Vernon

By: Richard Anderkin

Things may not be going as well as investors had hoped for, at least not when it comes to obtaining public monies for their expansion projects.

When a group of investors headed by Berea businessman Glen Pennington purchased the Renfro Valley complex they had hoped to attain several state and federal grants through the county and City of Mt. Vernon to help expand the complex, create new jobs and spur the Rockcastle County economy.

However, when Jim Cass of the Cumberland Valley Area Development District representative, who is working on the grants and loans met with the fiscal court last month, he got less than a warm reception after presenting them with a resolution he wanted them to agree to.

In that resolution the Fiscal Court would be obligated to pay back any loans received for Renfro.

Of course, Cass explained that the Renfro Investors would pay the county and the county in turn pay back the loans, much like the cases of Mt. Vernon and Brodhead. But with Mt. Vernon Blastics.

Rockcastle County Judge Executive Hubert Thacker said Monday that he would not be in favor of such a resolution because he did not think it would be a good idea to obligate county money on a private project. He said that he would work with officials to do whatever it took to obtain any grants available and he said he thought the members of the fiscal court would do the same.

They are just leary about obligating themselves to the payback of millions of dollars in loans, and causing the county a financial burden, Thacker said.

The County Judge said that he had been advised by County attorney James H. Lambert that it would probably not be a good idea to sign the resolution.

Mr. Vernon Mayor Gary Cromer said that the city was taking a wait and see attitude toward the resolution. He said council members and himself wanted to wait until the county took an official stand on the

### Broadhead Senior Citizens Supper Successful

Dear Editor,  
The senior citizens of Broadhead and Mt. Vernon enjoyed an old fashioned bean and pie supper at the Mt. Vernon center last Thursday evening. We would like to express our appreciation to all of those who helped to make the fund raising event a success. Cash contributions, piesales, "Home Remedies" book sales, chances on the handmade quilt and the bean supper totaled \$759. All proceeds will be used at the centers for furnishings or toward activities.

A special thanks to Jeff Burdett of Ford Realty and Auction Company for conducting the pie sales. Thanks to the candidates and others who purchased the pies; Charles Holbrook, Clarence Carter, Roland Mullins, Bill Norton, Benton Bullock, Jack Bradley, Paul Kirby, Bill Mink, Delno McClure, Larry Carter, Lance Dillingham, Roger Lopez, Lu Ed Nielsen, T.C. Hayes and Dewey McClure. Donations from Wayne Bullock, Galiff Craig, Buzz Carlouts, Larry Bullock and Bily Kirby were appreciated also.

Having the candidates to attend our pie supper has served another purpose. Each of them introduced themselves and explained some of their goals if they are elected to hold office. We were proud to have this opportunity to meet the candidates.

Thanks to all of you who made pies, prepared food, and gave of your time toward making this evening a success.

### Alcohol-Related Birth Defects Awareness Week

Dear Editor,

Last Sunday, May 14th was Mother's Day in America. In addition to honoring the women in our lives who are mothers, we can take this opportunity to bring a vital public health message to all members of the community.

Mother's Day marks the beginning of National Alcohol-Related Birth Defects Awareness Week. The National Council on Alcoholism has joined with the Office for Substance

Abuse Prevention and other national and local organizations concerned with the health of women and their children to educate Americans about the risks of alcohol consumption during pregnancy.

Fetal Alcohol Syndrome is the leading cause of mental retardation and the only preventable one. It is preventable by abstaining from alcoholic beverages during pregnancy.

Getting this important message to women and their family members, health educators and service providers may be the most important thing we can do to make Mother's Day a meaningful holiday this year. On November 18, 1988, President Reagan signed landmark legislation to require a warning about the danger of drinking during pregnancy. The label will read: GOVERNMENT WARNING: 1) According to the Surgeon General, women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. 2) Consumption of alcoholic beverages impairs your ability to drive a car or operate machinery, and may cause health problems. The labels must appear on all bottles and cans of alcoholic beverages by mid-November 1989. The United States will be the first country to require warning labels on alcoholic beverages. The placement of a warning label regarding alcohol consumption during pregnancy will place this message before women and their loved ones every day of the year. In the meantime, getting this message to all women of child-bearing age and their loved ones should be a shared community responsibility.

**Time for a Change in Sheriff's office**

Dear Editor,  
To the voters of Rockcastle County! We need a change in our county sheriff's office. This is my opinion. I believe that when a pair of shoes are worn out they should be replaced with new ones. After all you need good shoes on your feet and not less than the best in our county offices. That is why we need people who are willing to work for you and know what to do such as Delno McClure and Darrell Doan. Had it not been for these two men in our sheriff's office for the past three years we would be in trouble, so why would we want anyone else in the sheriff's office. After all these two men know the job and we need to keep law and order in our county.

So remember Delno when you go to vote on May 23. Your help will be

deply appreciated, I'm sure. Sincerely,  
A concerned citizen of Rockcastle County

### CONGRESS SHOULD TURN THUMBS DOWN ON PROPOSED FSX AGREEMENT WITH JAPAN

The proposed FSX agreement with the government of Japan is a bad deal for the United States, and I am strongly opposed to it.

The deal is not a sale. It is a sellout. We are giving Japan the technology to build a superb fighter plane. In return, we are receiving absolutely nothing of useful -- or comparable -- value. The technology we are providing Japan would catapult that country, almost overnight, into a competitive role in the commercial aviation industry. We are cutting our own economic throat to accommodate the country with which we have the largest trade deficit and the one to which we owe the most money.

Such actions are incredible to me. Not only should we be insisting that Japan buy the F-16 fighter off the shelf to lessen our existing bilateral trade deficit, but we certainly should not be giving them the ability to compete with us in the future in the commercial aviation arena.

The original FSX package was negotiated primarily by the Department of Defense with obviously no concern for our balance of trade or for our international economic competitiveness. What this agreement failed to recognize was that defense and foreign policy can no longer be distinct from trade and commercial policy.

The final package isn't much better. The deal originally was touted as a highly desirable technology exchange. Now it is being billed as a trade of technology for manufacturing technology. Suddenly the ante has been lowered with this country coming out on the short end of the stick.

If there is one supposedly bright light, it is that in renegotiating the agreement with Japan, our country secured a promise that 40 percent of the work will be done in the United States. Keep in mind, however, that this is opposed to 100 percent of the work if Japan had bought the planes directly from us. Any way you cut it, the bottom line is that we are transferring, or trading, 100-percent work by Americans for only 40-percent work by Americans.

Another factor to consider is that the Japanese have reneged on every side agreement they have made with us. For instance, they were supposed to open up 20 percent of the semiconductor market to American businesses. To date, only 11 percent is accessible. Japan's telecommunications industry is another area that was supposed to open up to United States firms. That hasn't happened either. Can we really expect them to jump right in and keep this 40-percent co-production agreement?

And what about spare parts? Seven billion dollars worth of spare parts will be needed to sustain the FSX, but those parts will not come from American suppliers and American workers. They will come from Japan suppliers and Japan workers.

The people of Kentucky are not for this one-sided agreement, nor are a majority of Americans. They are tired of seeing American jobs go overseas and that is exactly what the FSX agreement is all about. It will displace even more American workers. It will only increase our trade deficit. And it is an outright giveaway to a nation that refuses to open its markets to American products.

There is something really strange about a trade agreement where one of the partners is so anxious to get its hands on proven technology -- that it will pay \$30 million more per plane -- a total of \$4 billion extra -- rather than buy the ready-made, tried and true version from us. For a nation that is known for its acute business sense, this is very peculiar and it should tell us that something is very wrong.

As of this writing, Congress has the ability to block the sale. Given the choice between a bad deal or no deal at all, I say thumbs down on what we have been asked to accept. If the deal is not blocked, it will be an unfortunate move for our country.

I would like to have the opportunity to work for the people and to have a chance to prove my ability for this job. I won't promise the people something that I can't deliver if I have to lie to you to get this job you wouldn't want me. But if I am elected I promise that I will work with the people in their needs and with the fiscal court to maintain a better garbage plan and to clean up the garbage along our road sides. It is a sore eye to our county. And I will work with the fiscal court for any chances for new industry in our county. I plan to retire this year and if I am elected I will be able to work with you when you need me. And my phone will be open to you, my phone number is 256-4842. ## ESTATE Auction

of the late Mrs. Lucretia Robinson's Estate

### HOUSE AND LOTS

### Personal Property

Sat., May 20, 1989 12 Noon

Mt. Vernon, Kentucky

LOCATION: Just behind Carter's Market in Mt. Vernon on the corner of Floyd and Joyce Street. Auction sign is posted.

In order to settle the estate of the late Mrs. Robinson, her heirs have contracted our firm to offer this property for the high dollar. The property will be offered in two individual lots then together.

**REAL ESTATE:**  
Lot No. 1 measures approximately 77x117 and fronts on Joyce and Floyd Street. This excellent corner lot is improved with the pictured modern frame house. The house has 2 bedrooms, living room, kitchen and bath. It also has aluminum siding, back porch, hardwood floors, storm windows and doors, gas furnace heat, front porch, city water and sewer.

**EXTRA LOT:** Fronts on Joyce Street and measures approximately 50 x 117 with city water and sewer. This would make an excellent building site.

**PERSONAL PROPERTY:** Breakfast set with 6 chairs - gas range - oak china cabinet with glass doors - 2 bedroom suites - old Singer sewing machine - Maple desk - hide-a-bed sofa - couch and chair - recliner - 2 end tables - porch glider and 2 chairs - 2 metal wardrobes - mahogany wardrobe - iron bed - Zenith color T.V. - miscellaneous porch furniture - plus many other assorted items.

**Auctioneer's Note:** If you're looking for a great location and a good home and some good clean personal property, be sure to attend this sale.

**TERMS:** 20% down day of sale, balance in 30 days with delivery of deed on the real estate and cash or good check on personal property.

For additional information, contact Mrs. Lela Roberts, power of attorney for the estate or: REF#FAM1789

# ELECT DEE HOPKINS

## Magistrate 3rd District

## Republican Party - May 23rd Primary

**My decision for running for magistrate is for the needs of our county, now and for the future. I am asking for your vote in striving to meet the needs of everyone concerned in Rockcastle County. If elected here are a few of the needs I intend to work on:**

**\*INDUSTRY:** The unemployment rate in Rockcastle County is very high. We're educating our children only to have them move elsewhere to find jobs, because we don't have the industries to keep them here. We all need to work together in getting the industry settled in Rockcastle County.

**\*GARBAGE CONTROL:** Our roadsides are filled with all types of trash & debris. To rid our roads of the unsightly trash could also bring us more industrial prospects. I intend to work through the court system, to have those persons convicted of misdemeanor charges, to help rid our rural roads of the unnecessary litter, towards working out their fines. Also, by getting a garbage pick-up service on a regular basis.

**\*ROAD MAINTENANCE:** I am in the construction business & travel throughout the county. I truly see the conditions of the rural roads. I will do my best to see to it that we get better maintenance for safer roads & driving conditions in District 3.

**\*ELDERLY & HANDICAPPED NEEDS:** It's time to take steps in making improvements and repairs to our courthouse. We need to think of the difficulties the elderly and handicapped residents have in trying to get up and down stairs. The number one priority on this problem should be the installation of an elevator to aide the elderly and handicapped. Let's show the respect and care they deserve.

From 6 p.m. - 7 p.m. any evening, I will be willing to discuss any matters concerning the improvements of Rockcastle County. Call 758-9261.

**\*RECREATION:** In Rockcastle County our parks and recreational areas are very scarce. What we do have is in poor condition. For instance, Lake Linville is a beautiful recreation area but is made ugly by the conditions of the road and the scattered debris. I intend to work on this problem for everyone.

**\*FIRE PROTECTION:** There is a desperate need of fire hydrants in our rural areas to help the fire departments and also lower the high cost of property insurance.

**\*WATER LINES:** This a major problem of many of the families in Rockcastle County. Remembering how bad the situation was this past summer with springs drying up and families having to haul water is a big hardship. I intend to work very hard on this matter.

Being in the construction business, I have been seeing a lot of work going on in all the districts. Up until just recently, not a gravel truck or road maintenance truck had very seldom been seen. Are these out not just to get votes? Also, in my personal opinion the county officials pay has been too much, especially when these things should have been done years ago! I am also against any kind of raise for county officials, whether I am elected or not.

So, if I am nominated as your Magistrate of the 3rd District, and if elected, I will devote my time sincerely and I need your support to see to it that Rockcastle County will hold a better future for our community.

**In regards to the Primary: Regardless of whether I win the primary or not, I will assist whomever wins the primary in the fall election, 100%!**

**IF ANYONE IN THE 3RD DISTRICT HAS NO TRANSPORTATION TO THE VOTING POLLS & BACK HOME ON MAY 23RD, CALL 758-9261 FOR ASSISTANCE.**

By: Ike Adams

It seems like the press has been paying a lot of attention to snake handling lately. Several months ago when a Hartan County man died after being bitten in a religious ceremony, the story made the front page of at least one major daily paper for two or three days running. This week a fellow got bit by a rattler at a Hazard Church and lived through it. He still made the front page.

This is just a side thought, but I wonder what kind of press coverage a person would get if he just up and had a stroke or heart attack during church service. For the average person that would probably merit an insertion in the obit column of one of the big state dailies if the family was willing to pay for it.

It happens to have some friends who attend churches where they say that snake handling goes on. In fact I have been invited on a couple of occasions to attend service with them, but I have declined with the suggestion that they contact my friends Bob Hill and Byron Crawford at The Courier Journal, both of whom have indi-

cated that they would jump at the chance.

With all due respect to my more faithful friends, there is no way that I will walk into a building knowing that a copperhead or a rattlesnake is loose in it at the same time. I can tolerate most of the non-poisonous species if they keep their distance. I won't, for instance, kill a garter or black snake and for some reason green snakes have never given me the jitters. But I figure that the only good copperhead or rattlesnake is a dead one.

You readers who may lean toward the animals rights side of things can have your say, but I promise you that if we're in the woods together and one of those critters makes its presence known, you'll have to give me one terrible whipping to save its life. The day that rattlers and copperheads get on the endangered species list is one that I look forward to. In fact, their extinction wouldn't bother me at all.

Lots of folks tell me that a snake won't bother you if you don't bother

it. I can tell you matter of fact that I've been copperhead bit and that I know at least a dozen other people who have too. None of us were in church or intentionally doing anything to bother the snake that bit us. I was moving a pile of lumber that the snake had evidently staked claim on and I almost died twice. It almost scared me to death before I got sick.

I don't know about other folks, but I have better things to do when I'm working or walking around outside than worry about whether or not I'm bothering the snakes.

On the other hand, if folks really believe that the Lord wants them to handle snakes in church, I'm not so sure that it should be against the law as it is now. Can you imagine getting snake bit because you think you're obeying the Bible, nearly dying in a hospital and then have to pay a \$100 fine for your trouble.

It's not something I have to worry about though. God and I seem to have a pretty good relationship as far as I can tell. I try to do what I can to keep it that way. But I can also tell you that we'll have a serious falling out if He ever calls upon me to commence handling rattlesnakes and copperheads unless they're dead and their teeth have been pulled.

**Gardening Tip:**  
According to Brenda Caudill of Hamilton, Ohio who says that she subscribes to nine Central and Eastern Kentucky Newspapers so that she can keep up with what's going on at home everyday of the week and three times on Sunday, nothing is better to keep weeds down around your cabbage and tomato plants than freshly mown grass clippings from your lawn. It's great fertilizer too. Brenda says that she gets the clippings from several of her neighbors who have grass can cut on their mowers so that it doesn't wind up in the garbage and that she has the prettiest garden in the neighborhood.

Fairfield, Ohio and formerly of Brohead, died Friday, May 12, 1989, at the Mercy South Hospital in Fairfield after an illness of several weeks.

She was born October 29, 1901 in Rockcastle County, the daughter of the late William and Sarah Roberts Albright. She was a former employee of the Sowder Nursing Home and was a member of the Brohead Baptist Church.

Survivors include one son, James Maynus of Hamilton, Ohio; three daughters, Mrs. Virginia Saylor of Springdale, Ohio, Mrs. Florida Bullock of Hamilton, Ohio and Mrs. Pat Lay of Lexington; 13 grandchildren and 22 great-grandchildren. She was preceded in death by her first husband, Will J. Maynus and by her second husband, Ed Payne and by one daughter, Georgia Anderson.

Rockcastle County

Dear Voters of Rockcastle Co.

As election day is next week, I would like to take this opportunity to thank everyone for their kindnesses shown and the support given me in my campaign for Sheriff of Rockcastle Co.

I have not been able to see everyone, but I have seen as many as I possibly could and it has simply been because of a lack of opportunity and time.

At this time, let me say if you will give me an opportunity to serve as your Sheriff, with Daniel Doan as my deputy, I promise to spend the next four years protecting your life and property. Law enforcement is needed badly in our county and I have the training and experience necessary to do a good job as your sheriff.

Again, thank you for the support shown and I will be forever grateful for the chance to serve as your next Sheriff.

During these past weeks I have attempted to outline for you who I am, what I stand for, what I have done, and what I would like for us to accomplish together.

I hope it has come through that I have confidence in you; confidence that together we can make things a little better for those still to come.

Rest assured that should you ultimately choose me to lead these next four years: (1) I'll be my own man; (2) I'll be your man in the courthouse; (3) I'll mind the business of Judge-Executive and stay out of the business of others; (4) I'll make no deals with any special interest group at your expense.

In summary, I want to thank you for the encouragement, for your support, and for your vote.

Your Friend,

### A Plan Based on Needs:

**Jobs** - I know first hand the employment needs of Rockcastle County. At age fifteen I left the state to find a job. Then as an adult, I have driven 150 miles a day to work. I will, therefore, fight a vigorous day to day battle to recruit jobs and to maintain the jobs we now have.

**Good Treatment** - None of us should have to face the pangs of being ignored, of seeing our needs, or of having our needs considered unimportant. Each of us deserves to have a voice, to be given special consideration, and to have our needs recognized. Since the county is yours, the Judge-Executive is to Serve you.

**Water** - A large percentage of families in Rockcastle County have no public water. Knowing first hand the hardships of not having enough water, I intend to attack this problem immediately and forcefully in 1989.

**Roads** - I was born on the banks of Crooked Creek over a mile from the nearest road. I am familiar with the road problems and needs of our county. You can be sure that if I am elected, the county road fund will be stretched to its very limit to help the county.

**Garbage** - I have seen first hand the problems of our own. Roadside dumps and illegal disposal is other person's filth to each of us. And think how it must look to tourists and industrial prospects. This situation must be remedied. Also, county facilities must be maintained, kept clean and attractive.

**Taxes** - If I am nominated and subsequently elected Judge-Executive, I will get the most for your tax dollar, seek alternative funding for eligible items, and mind the treasury on a daily basis.

**Economic Development** - Endeavors that introduce new dollars into the county allow for a scope-of development. The expansion at Renfro Valley will tap thousands of cars that pass on I-75 daily bringing new money to our county. The \$15 million program building a new bridge that corrects a major transportation bottleneck in the county plus population South and the 700,000 plus population North, both less than an hour away, will bring in new dollars. Leadership can tackle this.

**Community Development** - Encouraging the individual to produce by opening avenues, for producing enhances any community. Assisting organizations to build, to develop, to expand, to do better, to serve more, promotes the common good and results in community development. This should be the commitment of any leader.

**Recreation** - At any age a healthy body increases the ability to reason and function. The channeling of youthful energy through athletics improves the body, and enhances the chances for success later in life. As Judge-Executive, I will support the development of recreational areas throughout the county. Further, I will encourage the development of little league soccer.

**Fire Protection** - A ready response to fire hazards saves property and lives, it also lowers insurance ratings. I will support the various fire departments.

## Lack of quorum halts city of Mt. Vernon meeting

Although a called meeting was scheduled for the Mt. Vernon City Council, Monday night, one was not held.

The council was one short when only three councilmembers showed up at the meeting. State law says a majority must be in attendance and that means there had to be four there, but that was not the case.

The meeting was called to discuss the possible lowering of some of the privilege license fees that the city now charges and the building of a new building at the Renfro Valley Boat Dock.

Mc. Vernon businessman Clyde Barnett, who owns a trailer park in the city limits, met with the council in February and voiced his displeasure with the council's rais-

ing of privilege license fees.

At the time, the council agreed to review the fees and either change them or leave them the same in June.

While the council officially did not take any action Monday, council member Tommy Bussell said that he was in favor of lowering some of the fees and leaving the rest the same.

The council also discussed the touchy subject of replacing a council member who has not been attending meetings.

The council member in question, Wayne Adams has missed several meetings.

The council decided to put their business off until the next regular scheduled meeting which is June 5.

## Replacement for Hamm should be chosen at next board meeting

When the Rockcastle County Board of Education meets on June 6, they will probably choose a replacement for Dogg Hamm.

Hamm, retired this year from the school district's instructional supervisor's position, after twenty years at that job.

According to Rockcastle School Superintendent Bige Towery, seven people have applied to fill Hamm's job.

Towery said that all of the interviews had been completed by the selection committee and he said he felt like the committee would have a recommendation for him in the next few days.

Towery will take the committee's recommendation and, then make the final decision as to who to recommend to the board.

Those applying are, Roundstone principal Bill Jack Parsons, assistant food service director Mary Alice Hunt, RCHS Industrial Arts teacher Roger Vanzant, Janie Grigsby, an eighth grade teacher at Livingston school, Brothead special education teacher Beverly Owens, Shelby Reynolds, who is the principal at Broughtontown school in Lincoln County and Jan Gevedon, an elementary instructional supervisor in the

Lincon County school system.

The duties of the instructional supervisor include; staff development, in-service for teachers and directing the special education program.

## Roundstone Spring Festival

The annual Spring Festival at the Roundstone Elementary School will be held this Saturday night beginning at 6:30 p.m.

A King and Queen and Prince and Princess will be crowned; as usual and booths will be set-up for entertainment.

Several raffles will take place and tickets can be purchased in advance

at 6 for \$1.00 or 25 cents each, at the door.

## Spring band concert

The annual Spring Band Concert will be held this Thursday night at the Rockcastle County High School beginning at 7:30 p.m.

Band Director Robert Pybas said that the High School band, the junior high band and the sixth grade beginning band will be performing. Admission is \$1.00.

Bridgitte DeBorde was also named "Miss Photogenic."

Tammy McGuire was chosen "Miss Congeniality."

## To the People of the 3rd District

I would like to take the opportunity to ask for your support to re-elect Ricky R. Kirby for magistrate. Ricky has been employed at Taylor Produce for the past 15 years. He cares about the future of our district and I know he will continue to work hard to improve it.

Thank you,

## Social Services office will not be moving

According to a state office in the office of Real Properties and Finance in Frankfort, the Department of Social Services and the Department of Social Insurance will not be moving their offices, at least not for another year.

The spokesperson said that the state had signed another year's lease with David McCauley, Johnny Hamm and Doug Hamm to rent their office building on Hwy. 150 in Mt. Vernon for another year.

In March the state advertised for bids in the SIGNAL, for office space in Mt. Vernon, fueling speculation that they were going to move to a new location, presumably the new building on West Main Street in Mt. Vernon owned by Mr. and Mrs. Ted Scott.

## Street Rodders Car Show at Renfro June 4

The ninth annual Rockcastle Region Street Rodders car show has been scheduled for June 4 in Renfro Valley.

Auto Registration will be held from 10 a.m. to 1 p.m. when judging will begin. First, second and third place trophies will be awarded, plus best engine, best interior, best paint, ladies' choice, people's choice, long distance and hard luck.

For more information contact Steve Singleton at 256-4560 or 256-5141 or Juicy McGuire at 256-4739.

## RENFRO EXPANSION (Cont. From Front)

matter. The resolution called for both the city of Mt. Vernon and the fiscal court to approve it.

Cromer said Monday that he thought Cass was working an alternative resolution that might be more suitable. Cass, who is in Atlanta for a meeting concerning the local hospital was unavailable for comment.

# Vietnam veterans can apply for bonus

Rockcastle County has an estimated 280 eligible veterans of an estimated 108,000 statewide who can still apply for their Vietnam veterans Bonus between now and February 28, 1990.

To date more than 23,000 veterans from across the state and nation have applied.

Veterans may pick up application forms at their local county clerks office, nearest National Guard armory, local veterans organization or field office for the Cabinet of Human Resources.

The application has complete and detailed instructions but major points to pay close attention to in filling out the application are:  
1. Entering the date in Section 1 in the order of year, month and day because the computer will only accept the date in this order.  
2. A copy of the applicant's Form DD 214 must be included when mailing the application. Veterans may get a copy of their DD 214 by writing the Military Records Branch, Boone National Guard Center, Frankfort, Ky. 40601. Veterans need to include their date of birth, Social Security Number

or Service Number, dates of entry and discharge from the service.

3. The application must be signed by the person applying for the bonus.

4. Applicants must have been a resident of Kentucky for at least six months prior to enlistment into the armed forces.

5. Veterans must not have received a similar bonus from the state of Kentucky or any other state.

6. Veterans may elect to deposit his or her bonus payment into the Veterans Program Trust Fund which

was established by the Vietnam Veterans Bonus Act. The proceeds and interest from this will be used for veterans programs administered by the department of Military Affairs. Examples of possible trust fund uses are Scholarships for children of Vietnam veterans, Kentucky Veterans Nursing Home and Vietnam Memorial Maintenance Fund.

Anyone who has questions about the bonus or the application may call toll free in the state of Kentucky 1-800-223-0713.

Brad Hunt, winner of the 4-H camp scholarship, given away by the 4-H Council.

H Camp Scholarship that was given away by the 4-H Council, Brad sold more pictures than anyone out of the four elementary schools. Congratulations Brad! See you at 4-H Camp.

## Dairy Kids Participate in Quiz Bowl

Five Rockcastle County 4-Hers

competed in the 1989 4-H Dairy Quiz Bowl last Friday at the University of Kentucky in Lexington. These 4-H'ers were Brad Hunt, Shannon York, Heath Saylor, Melissa Hayes, Rodney Vanzant. They were coached by Hal and Carolyn Hunt, 4-H Dairy Leaders. Also attending were Henry and Rita Hayes.

4-H'ers learn about the dairy industry and problems and importance of operations on the dairy farm. Rockcastle County has a bright future in young dairy kids and leaders in our county. Congratulations to those that participated.

## 4-H Camp

This year 4-H Camp will be held the week of July 3 - 7 at J.M. Felner 4-H Camp in London. The cost is \$47. This includes three meals and two snacks each day; four nights lodging; transportation to and from camp; and insurance. Checks should be made payable to the Rockcastle County 4-H Council. Additional costs (which are optional) are crafts and personal spending money, for snacks or souvenirs.

A limited number of partial scholarships are available. Please indicate on the back of your application if you would like to apply for a partial scholarship.

When you return the application to the office we will mail you a sign up sheet for classes you can take at camp. All applications must be returned to the County Extension Office by June 1, 1989. Camping will be on a first-come first-serve basis. Return applications to Rockcastle County Extension Service, P.O. Box 900, Mt. Vernon, Ky 40456.

Information concerning what to bring to camp will be mailed out after receiving your application.

## Upcoming Events

Dairy Judging will start on May 15th at the Extension Office. If you would be interested in judging please call the Extension Office at 256-2403.

Teacher Appreciation Day will be Tuesday, May 23, at all elementary schools. Thanks to all the teachers and staff of Rockcastle County for helping and leading the 4-H program.

## Kentucky 4-H'ers ready to attend Summer Camps

More than 22,000 eagerly await the beginning of the Kentucky 4-H camping season, the largest 4-H camping program in the country.

Dwight Crum, 4-H Specialist with the University of Kentucky's Cooperative Extension Service, about 11,000 of those young people will attend a summer resident camp at one of five locations throughout the state.

"About the same number attend local day camps throughout the year," Crum said. "That makes us number one in the country in the total number of 4-H'ers who get to participate in camping experiences."

Rockcastle County youth will spend the week of July 3 - 7 at J.M. Felner 4-H camp, according to 4-H agent John McQueary.

Places are still available, and parents who want to send their children to 4-H camp can call the county Extension Office at 256-2403 to make reservations. Costs vary from \$45 to \$50 for the five-day camp, with the difference determined by distance from the camp.

Summer camps begin as early as May 29 and continue throughout the summer with the last one ending in mid-August, Crum said. Children do not have to be registered as 4-H'ers to attend camp.

"In fact, summer camp is often the first 4-H experience for many children," he said. "Often, summer camp leads to a continuing involvement with other 4-H programs. We're happy to welcome anyone between ages 9 and 14 to this program."

Activities include basketball, crafts, canoeing and archery as well as such things as swimming, volleyball and boating. Camps are staffed with state-certified emergency medical technicians and certified life

guards. Some 3,000 adult volunteers and 140 professional staff members also will be on duty.

Kentucky 4-H camps participate in a federally-funded Summer Food Service Program for children for low

income families. This allows 4-H to keep costs down so that more families can afford to send children to camp. All campers are served the same meal, and there will be no separate charges for them.

**CAP gets gift of books**

A gift of more than \$1 million in books was recently made by Thomas Nelson Publishers of Nashville, Tenn. to the Christian Appalachian Project. The gift is in excess of a quarter million books by Christian authors such as Norman Vincent Peale, Robert Schuller, and Pat Robertson. "These books are being made available to Christian ministries and non-profit agencies that work with the poor in Appalachia," said Charles Deaton, manager of the project's Operation Sharing program. "The books are not for sale." Organizations interested in these books should call Deaton at 606-792-

2636, or write him at 322 Crab Orchard Road, Lancaster, 40446. Operation Sharing's warehouse is located at the corner of Buford and Campbell Streets in Lancaster. There are 10 titles from which to choose: "Be Happy You're Loved" and "Getting Through the Going Through Stage," by Robert Schuller; "Answers and America's Date with Destiny," by Pat Robertson; "Why Some Positive Thinkers get Powerful Results," by Norman Vincent Peale; "Being the Best," by Denis Waitley; "How to Grow," by Kenneth Taylor; "Race for the 21st Century," by Tim Lallay; "The Road Unseen," by Peter and Barbara Jenkins; and "In the Beginning There Was No Sky," by Walter Wangerin, Jr.

**Postal Inspectors are winning battle against check thieves**

Postal inspectors have been successful in reducing by 38 percent the number of postal vehicles broken into by thieves looking to steal government and other negotiable checks this fiscal year, Chief Postal Inspector Charles R. Clouston says, "but the problem of check thefts from the mails could become the Postal Service's number one crime problem if we don't give it our constant attention." Clouston told members of the Postal Service Board of Governors that letter carriers deliver hundreds of millions of government checks each year - most concentrated on one or two days of each month.

"They carry those checks into every neighborhood in this country, many that you would not walk in, where they must leave vehicles unattended while they go about their delivery responsibilities," he told the Board. Clouston said the disposal of the stolen checks sometimes involves international gangs, and requires the Postal Service to maintain a continuous liaison with many foreign governments. Inspection Service statistics show that the total number of stolen check complaints was down three percent in fiscal 1988, down from 81,772 to 79,284 in 1987.

**Teen drug use dropping**

A new survey shows that drug use among teens is dropping. The nationwide survey of 16,300 high school seniors conducted last year by University of Michigan social psychologist Lloyd Johnston and colleagues, found that current marijuana use has dropped by 3 percent since 1987. Cocaine use also dropped by a small margin, as did alcohol use. The survey, funded by the National Institute on Drug Abuse, has been conducted annually since 1975. It also found drops in the use of other drugs. But it also found a slight increase in the use of crack, a superpotent smokable form of cocaine.

run over.

The following suggestions should be very familiar to most parents, but are worth repeating to raise awareness about safety in and around your car and driveway. Lots of accidents including tragic ones happen in driveways.

Don't let children play in an unoccupied car. Always remove the keys so they can't try to "drive". Also be aware of electric or power windows. Children can get their own or their sister's or brother's neck caught in a closing window all too easily.

Be very carefully with automatic garage door openers. There have been some tragic accidents involving both children and pets becoming crushed under closing doors.

Check shrubbery or trees which might block your view of the street as you back out of your driveway. Pedestrians and people on bicycles can appear out of nowhere.

Teach children to stay clear of the driveway when the "car" is being backed out. Never start until you can account for all the little ones around. Tell children to be quiet when you are backing out. Always back out slowly. Always walk around the back of the car before getting in. Check for toys, bicycles, sleeping cats or babies and anything else which shouldn't be

Our club had our monthly meeting May 11, and met at Sybil's Restaurant, Pauly Fletcher was hostess.

We met early to discuss our plans for Brodhead Homecoming. Our club is responsible for the Flea Market. Be sure and stop by our tables. We plan to have crafts, baked goods and candy, mostly under ten cents.

We welcome everyone to join us along the street in Brodhead. You can set up for a \$10 fee, the money going toward next year's homecoming. Call 758-8491 for information or stop at Fletcher's Grocery.

Loraine Newland gave the devotions and Ella Mae Martin gave an interesting lesson on "Fiber in Your Diet."

We are also taking up donations for the Kidney Foundation. When a volunteer comes to your door please give to this worthy cause.

Anyone wishing to give on the upkeep of the Methodist Cemetery, leave your donations at Fletcher's Grocery, Box 56, Brodhead.

We invite everyone to come by and see our window for National Homemaker's Week at Fletcher's Grocers. We are displaying crafts and quilts we have made.

See everyone May 27th at Brodhead Homecoming.

### Handling eggs safely at home

Raw eggs that were contaminated with *Salmonella enteritidis* bacteria have caused several recent outbreaks of foodborne illness.

Scientists strongly suspect that *Salmonella* bacteria can be transmitted from infected laying hens directly into the interior of the eggs before the shells are formed. The full extent of the problem is not yet known, but scientists are working to find solutions.

While the risk of contracting salmonellosis from raw or undercooked eggs is extremely small, eggs are a perishable product and should be treated as such. As with any other perishable food product, proper storage and cooking of eggs is necessary to prevent the growth of potentially harmful bacteria. Consumers should continue to follow safe food-handling practices when preparing eggs.

Special precautions are needed however, when eggs are served for sale to people in high-risk categories, who are particularly vulnerable to *Salmonella enteritidis* infections: the very young, the elderly, pregnant women (because of the risk to the fe-

tus), and people already weakened by serious illness or whose immune systems are weakened.

**Consumers Should:**

1. Avoid eating raw eggs and foods containing raw eggs: Homemade Caesar salad and Hollandaise sauce, for example. Products such as home-made ice cream, home-made egg-nog, and home-made mayonnaise should also be avoided, but commercial forms of these products are safe to serve since they are made with pasteurized eggs. Commercial pasteurization destroys *Salmonella* bacteria.

2. Cook eggs thoroughly until both the yolk and white are firm, not runny, in order to kill any bacteria that may be present. There may be some risk in eating eggs lightly cooked: soft-cooked, soft-scrambled, or sunny-side up, for example.

3. Realize that eating lightly cooked foods containing eggs, such as soft custards, meringues, and French toast, may also be risky for people with weakened immune systems and other high-risk groups.

Consumers should also follow the usual safe food-handling practices for eggs:

1. Use grade AA or A eggs with clean, uncracked shells, it's best if they have been stored under refrigeration.
2. Refrigerate eggs at home in their original carton as soon as possible, at a temperature no higher than 40 degrees F. Do not wash eggs before storing or using them. Washing is a routine part of commercial egg processing and rewashing is unnecessary.

3. Use raw shell eggs within five weeks and hard-cooked eggs (in the shell or peeled) within one week. Use left-over yolks and whites within four days.

4. Avoid keeping eggs within four days of refrigeration for more than two hours, including time for preparing and servings (but not cooking). If you hide hard-cooked eggs for an egg hunt, either follow the two-hour rule or do not eat the eggs.

5. Wash hands, utensils, equipment, and work areas with hot, soapy water before and after they come in contact with eggs and egg-rich foods (foods with eggs as the main ingredient, quiches and baked custards for example).

6. Serve cooked eggs and egg-rich foods immediately after cooking, or refrigerate at once for serving later. Use within three or four days.

7. When refrigerating a large amount of hot egg-rich dish or left-over, divide it into several shallow containers so it will cool quickly. For more information on handling eggs safely, call USDA's meat and poultry hotline: 1-800-535-4555.

### Helpful Hints!

Never cook eggs in their shells in the microwave - they will explode! Also, always use a wooden pick or the tip of a knife to break the membrane of the egg yolk before cooking fried, poached, baked or any other unbeat-egg dish in the microwave.

The microwave produces exceptionally tender, fluffy scrambled eggs in a flash. You can save time on clean-up, too, by cooking them in the serving dish, along with your favorite add-in ingredients. As with many microwave dishes, stirring during the cooking period, rotation of the dish and a standing time are the steps to success.

A microwave browning dish uses a special coating on the bottom which absorbs microwave energy and becomes very hot when preheated. Use a browning dish for attractively colored French and puffy omelets and fried eggs. Keep in mind that eggs require less heat for browning than do other foods, such as chicken and meat.

Poached eggs are particularly quick and easy to microwave. Once the water boils, it takes only 3 to 5 minutes to poach 4 eggs at a time (depending on how firm you like your yolks and on the power of your microwave). For a fast entree, serve poached eggs on your favorite cooked vegetable combination and top with creamy salad dressing, cheese sauce or dip thinned with milk.

Egg yolks cook faster than egg whites in a microwave because they contain fat, which attracts energy. For best results, novices should start by preparing egg dishes in which yolks and whites are blended together, which aids in even cooking. These include omelets, scrambles, quiches, stratas and fritattas. Consult your microwave oven owner's manual or a

special microwave cookbook for the proper techniques.

Eggs are a heat-sensitive food and most egg dishes are cooked on reduced power settings. Many factors affect cooking time, including oven size, model and brand, the local electrical supply, temperature of the food and the cooking dish used. For best results, use the shortest cooking time given in the recipe. Check for doneness and add cooking time in short 15 to 30 second bursts, as necessary. The recommended standing time can complete cooking, as well.

### Eggpress Cooking

#### Speedy Shrimp Quiche

6 servings

Keep the kitchen cool and save time, too, by cooking this elegant-tasting quiche in your microwave oven.

- 6 eggs, divided
- 1 1/2 cup cooked rice
- 1/2 cup chopped green onions with tops
- 1 cup (4 oz.) shredded Swiss cheese
- 3/4 cup milk
- 1 tablespoon Dijon mustard
- 1/2 teaspoon salt
- 1 package (5 to 6 oz.) tiny frozen cooked shrimp, thawed and drained

In medium bowl, beat 1 egg. Stir in rice. To form crust, press rice mixture onto bottom and up sides of greased 9-inch pie plate. Cook on full power 2 minutes, rotating 1/4 turn after 1 minute. Sprinkle with onions and cheese. Set aside.

In medium bowl, beat 5 eggs. In 2-cup liquid measure or bowl, combine milk, mustard and salt. Cook on full power 2 minutes. Stir in shrimp and cook 1 minute more. Slowly stir hot mixture into beaten eggs. Pour into pie shell. Cook 5 minutes on full power, rotating 1/2 turn after 2 1/2 minutes. Reduce power to 50% and cook 4 to 6 minutes, rotating 1/4 turn two or three times to assure even cooking. Quiche is done when knife inserted halfway between center and outer edge comes out clean. Let stand 5 minutes. Sprinkle with paprika. CALORIES: 255 per serving of 1/6 recipe

#### Fluffy Scrambled Eggs

4 servings

Micro-cooked, scrambled eggs are

especially tender and fluffy. You can cook and serve them in the same dish, too.

- 8 eggs
- 1/2 cup milk
- 1/2 teaspoon salt
- 1/8 teaspoon pepper
- 1 package (3 oz.) cream cheese with chives, cubed
- 1 jar (4 oz.) diced pimientos, drained

In 1 1/2-quart casserole, beat together eggs, milk, salt and pepper. Stir in remaining ingredients. Cover and cook on full power, stirring every 2 minutes, until almost set, about 6 to 8 minutes. If necessary, cover and let stand to complete cooking, about 2 minutes. CALORIES: 252 per serving of 1/4 recipe

#### Stuffed Tomatoes

Eggpress

4 servings

Be sure to prick the egg yolks (or they will explode in the microwave) and

watch the eggs near the end of the cooking time, to avoid overcooking.

- 4 firm large tomatoes
- 1/2 package (5 oz.) frozen chopped broccoli, thawed
- 3/4 cup herb-seasoned stuffing cubes
- 1/2 cup (2 oz.) cubed American cheese
- 1 teaspoon basil leaves, crushed
- 1 1/4 teaspoon salt
- 1/8 teaspoon pepper
- 4 eggs

Hollow out tomatoes, leaving 1/4-inch walls. Arrange in circle in 9-inch pie plate.

In medium bowl, toss together remaining ingredients except eggs. Use mixture to fill tomatoes, leaving a deep hollow in each center. Break 1 egg into each hollow. Prick yolks with tip of knife. Cover with waxed paper. Cook on full power for 8 minutes, rotating pie plate 1/4 turn every 2 minutes. Cook on 50% power about 2 minutes more, rotating 1/4 turn each 30 seconds. Remove just

# (PEP) participants

Two 1989 graduates of Rockcastle County High School and a graduate of Berea Community High School are among approximately-90 Kentucky graduates selected from over 160 applicants who will be participating this summer in a state program designed to assist students from areas with too few doctors or dentists in their pursuit of a career in medicine or dentistry.

Kenneth Wayne Artley, Alison Trytha Sower and Adam Shane Franklin Miller of Mt. Vernon, will be attending the Professional Education Preparation Program Workshop (PEP). Artley will be attending a six-week class at Kentucky State University in Frankfort and Miller will be attending a 5-week Professional Education Preparation (PEP) Program workshop at the University of Louisi-

ville. Sower will be attending the 6-week PEP Program at the University of Kentucky.

Artley, 17-year-old son of Patricia and Jerry Artley and Miller, 17-year-old son of Patricia and Jackie Miller and Sower, 18-year-old daughter of Virginia and Vernon Sower, will be getting college-prep instruction in mathematics, chemistry, study-skills improvement, and problem solving. They will also be attending classes to improve reading and writing skills.

According to Larry Fowler of the Kentucky Council on Higher Education, the state agency that coordinates the PEP Program, all of the instruction is designed to improve the participating students' chances of doing well in their premedical or pre-dental college studies.

Artley and Sower plan to attend the University of Kentucky next fall and Miller plans to attend Berea College.

"We're anxious for the program and the students to succeed," said Fowler. "The students' success will show in their gaining a medical or dental degree, and the program's success will show in the students going back to practice in their home areas. An evaluation of the program conducted in 1987 indicates that PEP students have been extraordinarily successful in gaining admission to medical or dental school."

The program, which was established by the state legislature, is in its ninth year.

The prefreshman workshops are the first of three stages of activities the Council has planned for participating students. Additional programs and services designed to help them succeed in becoming doctors or dentists will be provided throughout their undergraduate and professional school studies.

High school seniors-to-be who are interested in participating next summer should contact their school counselor for information and application forms next January or February.

organizes the important role Eastern Kentucky University plays in helping to meet the critical need for allied health and nursing professionals in Kentucky and across the nation," said Juanita Stollings, E.O. Robinson Mountain Fund secretary.

"And our continuing support for EKU's allied health and nursing scholarship program will help the University provide educational opportunities for deserving students and expand educational outreach efforts so important to the common region that we serve," Stollings said.

The proposed 50,000-square-foot allied health and nursing classroom building will provide space for 20 teaching laboratories, five general classrooms, an auditorium, 48 faculty offices, five departmental office areas, and four conference rooms.

Two-thirds of the \$340,000 cash goal has been received, according to EKU's Development office. Room sponsorships and memorialization opportunities are still available for donors to the campaign.

"We are optimistic that we will reach and surpass our cash goal in the coming months," said Dr. Adrienne Millett, a Richmond ophthalmologist and chairman of the 14-member volunteer leadership committee.

## EKU news

Eastern Kentucky University's campaign to raise \$340,000, or one-half of the first year's bonded indebtedness, on a proposed allied health and nursing classroom building, has been bolstered by a \$25,000 capital gift from the E.O. Robinson Mountain fund.

In addition, the foundation, which serves 26 eastern Kentucky counties which are also served by EKU, provided a \$5,000 grant to EKU's allied health nursing scholarship fund.

### Busy Bee Homemaker's Club news!

The Busy Bee Homemaker's club met Tuesday, May 9th at the home of Jody Johnson, with eight members and one visitor present.

Becky did the devotion and Wynona called the roll with each member answering by telling their favorite "Childhood spring-time game". We also had one new member, Mrs. Irene Winstead. Welcome to our club Irene.

We discussed our Mother's Day project. We plan to take all the ladies at the Sower Nursing Home flowers for Mother's Day. We met at Weona's Saturday, May 13th, to get the flowers ready.

Becky taught our lesson on "Fiber in Your Diet", this was a very interesting lesson, which we all will use in the future.

Several ladies entered projects in the quilt show. Let's get busy ladies and get some things made to enter next year!

Our next meeting will be June 13th at the home of Joyce Sparks. We also plan to have another Fund Raising Supper, June 23rd, at Wynona's.

The Rise and Shine Homemakers Club met at the home of Bessie St. Clair on a rainy Tuesday morning, May 9.

It seemed we created our own bit of sunshine as we gathered and chatted in her family room close to the kitchen where we could keep in touch with all the warmth and smells emanating from it.

The meeting was already in full swing when I arrived to find Cheryl giving the lesson on the importance of fiber in our diet. How the right kind and amount can prevent cancer, diabetes, blood pressure problems and in general make us much healthier. Research has come up with many

new techniques on discovering and preventing many of these diseases. And it's up to us to find ways to learn of them. Homemakers clubs are one of these ways and Lou Ed Nielsen spoke of the importance of pap smears and mammograms.

The more I hear of programs like these the more I realize the importance of education. A real education is more than just readin - rich and rhythmic. It is the ability to understand the terms used and how to apply them.

Alice Cloud, our president, opened the meeting and had devotions before I arrived and all the old business had been taken care of. New business was about the area homemakers fall meeting which sounds like a big event. Our part is to furnish favors for about 200 people. We need to get our reci-

pes to Sharon for her little cookbook that will be given to each guest.

After business was taken care of Alta shared another of her cute little games with us. All work and no play makes dull people and dull people we are not!

We had 10 members present with three guests and whoever said 13 was unlucky did not know our club. There certainly is not anything unlucky when we get together at places like Bessie's with Alta sharing the hostess bit. Of course there was food enough to feed double that, so next month come on out and join us.

Bca has done such a marvelous job covering for me while I was gadding about I wanted her to keep it. But oh no, she hands me the pen and paper and says - "get to work". Thanks Bca, - I'll try.

On Tuesday evening, May 9, the missionary group met in Barbara Watson's family room. Looking around after our meeting we discovered another antique (a small drop leaf table), had been added to this beautiful room.

The meeting started with minutes being read and donations given, before Ella Mae Martin gave the lesson on 'A Pig and a Chicken'. This part of critters were walking down the road together. They spied a sign for a banquet for a charitable organization. The chicken said, "I can donate one dozen eggs and you can donate a ham." "Hold on," said the pig. (Cont. to A19)

**Elect Shirley Smith SHERIFF LEVER #4**

This is our last chance to say anything about our candidates by way of the Mt. Vernon Signal before the election.

We know many of you have met and talked with Shirley Smith, but it's almost impossible to contact each one individually so we hope this reaches all of you that we missed.

*Is Rockcastle Co. ready to start up the ladder instead of staying on the bottom rung and complaining that we can't see up to or over the top?* Now is our chance to start upward with a lot of good qualified people running for office.

*Stop and think seriously before casting your vote for each and every candidate.* These people were voting for will be in control of the law enforcement of our county for the next four years. The arrests, convictions and prosecutions and in that order, basically, starting with the arrests which the sheriff will no doubt be a part of.

*We need a sheriff that we can trust.* A sheriff that has a perfectly clean record for anyone to see. A sheriff that's concerned about every citizen of Rockcastle Co. A sheriff that will handle each and every case with respect and order. A sheriff that you can depend on when called upon to check on your children or the elderly living alone. A sheriff that will operate the sheriff's office and duties in a manner that the county will be proud to address as our Sheriff of Rockcastle Co.

*If elected, Shirley Smith will be that sheriff!* A vote for Shirley Smith can be our first step upward. A vote for Shirley Smith is a vote of confidence. A vote for Shirley Smith is a vote for a man that is campaigning on his ability and willingness to be your dedicated sheriff, not on unkept promises or rumors about other candidates. Each candidate's record speaks for itself.

*Give a man a chance to prove himself:* A man that's never been a member of the Sheriff's Dept. as many of the others have.

*Think about it very seriously!* It will be four more years after Tuesday before another election - too long to be sorry if we don't choose the right person for this important office.

## Two Local Men in Top 10

### Asbury tops in fishing tournament

Jimmy Asbury of Morrisstown, Tennessee, placed first in Sunday's Red Man Mountain Division qualifier held on Lake Cherokee. Asbury topped a field of 153 anglers with his catch of six bass weighing 19 pounds, 9 ounces. Asbury collected \$1,810 of the tournament purse which totalled \$7,196.50.

Asbury caught his fish off shallow stumps in German Creek. He fished a chartreuse and white spinnerbait. Second place went to Roger Mink of Knoxville; Tennessee. Mink boated a limit of six bass weighing 16 pounds, 1 ounce. He fished willow bushes using a white Lunker Lure. Second place paid \$1,147.

Third place went to 1989 Red Man All-American qualifier Douglas Glaxon of Garrison. Glaxon managed six bass weighing 14 pounds, 2 ounces and earned \$689. He fished flats down the lake using a silver and black D.C. Shiner and a Zara Spook Junior Shouse of Berea, placed fourth with six bass weighing 12 pounds, 7 ounces. He fished mud points using Roland Martin willow-leaf spinnerbaits. Fourth place paid \$436. Fifth place and \$389 went to Mohammad

Bidarman of Somerset, for four bass weighing 12 pounds, 2 ounces. Bidarman fished creek channels near the dam using Hawg Bass purple worms.

Rounding out the top 10 positions were: (6) tie, Mark Shearer, Albany, five bass, 11 pounds, 2 ounces, \$319, and Randy Long, Florence, five bass, 11 pounds, 2 ounces, \$319; (8) John Hamm, Mt. Vernon, four bass, 10 pounds, 12 ounces, \$249; (9) Dwayne Horton, Knoxville, Tenn., five bass, 10 pounds, 8 ounces, \$202; and (10) C.K. Cornelius, Mt. Vernon, four bass, 9 pounds, 14 ounces, \$115.50.

Bill Hurle of Louisville weighed in 45 pounds; 3 ounce bass; the largest fish of the tournament. He received \$1,000. A Browning rod, plus one week's free lodging. Hurle caught his big fish at mile marker no. 19 on a black jig.

At the completion of the six Red Man qualifying events, the top 24 fishermen, determined on a basis of pounds and points, will move on to regional Classic competition; there they will compete against 96 other fishermen from four other divisions. The 10 highest finishers from each Regional advance to the \$150,000 Red Man All-American. The winner will

receive \$100,000. All Red Man tournaments are catch and release events.

Operation Bass sponsors for 1989 include: Red Man chewing tobacco; Ranger Boats, Chevrolet trucks; DuPont Power Lines, Evinrude and Johnson outboards, Evinrude and Johnson electronics, GNB batteries, Pennzoil outboard lubricant, Technosonic (Humminbird electronics), Browning rods, Browning reels, Armour Vienna sausage, and Poe's lures.

## Fishing Report

Fishing activity over the May 13-14 weekend was primarily light, with only a few exceptions. Continued poor weekend weather kept fishing activity slow. In water-temperatures ranging from 58-70 degrees, crappie, white bass and largemouth bass were most active. The lake-by-lake report: Kentucky: Largemouth bass were active on plastic worms and buzzbaits from the surface to five feet deep along the shoreline; white bass were hitting spoons 15-20 feet over creek channels; clear, stable at summer pool and 66 degrees.

Barkley: Catfish were hitting nightcrawlers and cut bait 1-5 feet deep off rocky points; bluegill were taking red worms and crickets 1-5

feet deep along the shoreline; clear, stable at summer pool and 66 degrees.

Barren River: Largemouth bass were hitting top water lures and spinnerbaits from the surface to five feet deep along the shoreline; bluegill were taking crickets 5-10 feet deep in the backs of coves; clear, falling, 13 feet above summer pool and 62 degrees.

Nolin: Largemouth bass were hitting crankbaits and spinnerbaits 5-10 feet deep along stump rows and creek channels; crappie were taking minnows and jigs 1-5 feet deep over submerged trees and along the shoreline; clear, rising, one-half foot above summer pool and 66 degrees.

Herrington: Largemouth bass were hitting crankbaits 1-5 feet deep along the shoreline; white bass were hitting jigs 1-5 feet deep along creek channels; clear, rising, four feet above

Rough River: Crappie were hitting minnows and jigs 5-10 feet deep off rocky points, over submerged trees and along the shoreline; largemouth bass were hitting minnows, top water lures and plastic worms from the surface to five feet deep off rocky points and along the shoreline; clear, stable at summer pool and 62 degrees.

Taylor'sville: Crappie were hitting minnows and jigs 1-5 feet deep over brush piles and submerged trees; largemouth bass were hitting spinnerbaits and jigs 1-5 feet deep off shallow banks; murky, stable at summer pool and 63 degrees.

Upper Cumberland: Walleye were hitting minnows, nightcrawlers and spoons 1-20 feet deep off rocky points at night; striped bass were hitting crankbaits and top water lures from the surface to 15 feet deep; clear to murky, falling one foot above summer pool and 64 degrees.

Lower Cumberland: striped bass were hitting live-bait and jigs 1-25

summer pool and 62 degrees.

Green River: Largemouth and bass were hitting crankbaits and buzzbaits from the surface to five feet deep along stump rows and the shoreline; crappie were hitting minnows and jigs 10-20 feet deep over submerged trees and creek channels; clear, stable at one foot above summer pool and 63 degrees.

Upper Cumberland: Walleye were hitting minnows, nightcrawlers and spoons 1-20 feet deep off rocky points at night; striped bass were hitting crankbaits and top water lures from the surface to 15 feet deep; clear to murky, falling one foot above summer pool and 64 degrees.

Lower Cumberland: striped bass were hitting live-bait and jigs 1-25

feet deep in open water; largemouth and smallmouth bass were hitting spinnerbaits and crankbaits 1-5 feet deep off rocky points and along the shoreline; clear, falling, one foot above summer pool and 62 degrees.

Dale Hollow: Largemouth bass were hitting crankbaits 1-5 feet along the shoreline; crappie were hitting minnows 10-15 feet deep over brush piles and submerged trees; clear, stable at summer pool and 62 degrees.

## A.A.R.P. meeting

Ricky Clark was busy helping Sam Mullins set tobacco last week. Mullins and other farmers have started setting the county's number cash crop.

Friday, May 12, was the meeting of A.A.R.P. chapter 3215 at the library. The club meets the second Friday of each month at 6 p.m. After the business meeting we have pot luck refreshments and entertainment.

Our business session was called to order by Zi Graves at 6 p.m. and was followed by devotions and a salute to the flag.

It seems we always mix old and new business but somehow we always get the old settled and the new begun by open discussions.

Friday's meeting was no exception. We had a report from program chairperson, Lena Sowder, on forth coming meetings and it is a good line up for the summer. Next month, June 9, Jill Stevens, the hospital nutritionist will be the speaker on better nutrition for the seniors. Then she and Stacy Moore, Lena's

### Lime-Coconut Cream Pie 6 to 8 servings

- 1 (9 inch) graham cracker crust\*
- 1 cup sugar, divided
- 2 tablespoons cornstarch
- 1/4 teaspoon salt
- 1 3/4 cup milk
- 4 eggs, separated
- 1 cup flaked coconut
- 1/4 cup lime juice
- 1 teaspoon grated lime peel
- 1/4 teaspoon cream of tartar
- 1 teaspoon lime juice
- Additional flaked coconut, toasted\*\* optional
- Lime slices, optional

In 2-quart bowl, stir together 1/2 cup sugar, cornstarch and salt. Stir in milk and egg yolks until blended. Cook on full power until mixture thickens and boils, about 5 minutes, stirring 2 or 3 times. Stir in coconut, 1/4 cup lime juice and lime peel. Let stand, uncovered, 15 minutes, stirring occasionally.

In large mixing bowl, beat egg whites with cream of tartar at high speed until foamy. Add remaining 1/2 cup sugar. 1 tablespoon at a time, beating constantly until sugar is dissolved and whites are glossy and stand in soft peaks. Beat in 1 teaspoon lime juice.

Four lime filling into pie shell. Sprinkle meringue over filling, starting with small amounts at edges and sealing to crust all around. Cover pie with remaining meringue, spreading evenly in attractive swirls. Cook on full power 3 to 3 1/2 minutes, rotating (inserted horizontally into side comes out clean. Garnish with toasted coconut and lime slices, if desired. Serve warm or chilled.

\*To make graham cracker crust, in small bowl, combine 1 1/4 cups graham cracker crumbs, 1/4 cup sugar and 1/3 cup butter, softened. Press firmly over bottom and up sides of 9-inch pie plate. Cook on full power 2 minutes, rotating 1/2 turn after 1 minute. Allow to cool before filling.

\*\*To toast coconut in microwave, place 1/2 cup flaked coconut in small glass measure or bowl and cook on full power until tan, about 1 to 2 minutes, stirring 1 or 2 times.

Lou Ed Nielsen spoke to us about the need of help for the Cancer Society's program May 18 and 19 at the courthouse, also the need of help to sort clothes that have been donated to the Red Cross. Pauline Kincer, Lena Sowder, Irene Taylor, Bessie Cromer, Mary Lou and Zi Graves volunteered a few hours to each.

Another of our projects is helping those who have lost everything in a fire. This time the help went to those who recently lost their home.

There was a good turn out at this month of membership and guests. Seven guests in all, three of whom became members.

All guests are special but sometimes we list people like Dolly Sears and Lorin Beth Mize of the Buffalo community as special because they are the entertainers of the evening.

Dolly Sears, assistant state director, was our speaker for the evening. We all listened attentively while she described several programs of interest to us such as the A.A.R.P. insurance program, health, car and home, also about the discounts we get on many things especially while traveling. And we all perked up when she bragged on our chapter 3215.

Lori Beth Mize brought her guitar and did some old fashioned ballad singing. When she started her song, "You Are My Sunshine" everyone joined in and had a toe tapping good time. We are glad she shared her talents with us and want her back again. Thanks Lori.

## VOTE FOR BILL NORTON County Judge/Executive

#4 on the Ballot

Pd. for by Candidate

To the Citizens of the First Magistrate District of Rockcastle Co.

As the Republican Primary election draws nearer, being May 23, 1989, I feel I need no introduction as you the people of this county know me through my years of Public Service as your County Judge, State Representative and Circuit Court Clerk.

As a candidate for Magistrate, I have run this campaign in a clean and fair manner to all and, if nominated and elected, I will work with the whole fiscal court, whomever they may be and the people. For whatever is best for our county as I have done in the past. There are issues to be addressed such as roads and garbage, etc. and I will do so. Further, I will have the time and interest and will devote it to this office and will be available to you when needed and you want to see me and I will continue to treat you, the people, in a friendly manner as I always have.

So, again, I ask you for your support and vote and, with the help of God, I will make you a good Magistrate.

I do some farming but this will not interfere with my duties as a public servant as it has not in the past. In closing, I want to urge you all to vote. I will be No. 5 on the ballot and thank you all very much.

Your Friend,  
Money Ed Cummins

## ATTENTION!

The Rockcastle County School's Athletic Committee will be holding a public comment forum from 6:00 until 7 p.m. on Monday, May 22, 1989 at the Board of Education's central offices located on Richmond Street in Mt. Vernon. Anyone interested in making comments to the committee relating to athletics within the Rockcastle County Schools, should call 256-2125 and leave your name and approximately how much time you would like to reserve.

## ELECT STEWART (SAP) PARSONS Magistrate - 4th District

**Do My Opponents Intend To Do Nothing?** They have not said they will do anything! I will state again what I will work for as Magistrate.

**People living along blacktop roads, what are you receiving for your Tax Dollars? Stop and think. I will watch for your interests as well as all others.**

- (1) **Travel All Roads** to see their condition and recommend the needed repairs.
- (2) **Work for a Garbage Plan** for all people - Reasonable and Controlled by the Fiscal Court.
- (3) **Fire Plugs on Water Lines** out in the County. This would prevent fire trucks from having to go back to Mt. Vernon to refill and save valuable time when there is a fire.

(4) **911 Emergency Phone Number**, so the old and young alike just have to dial the one number for any emergency day or night. For the Rescue Squad, Ambulance Service, Fire Department or the Law.

(5) **Rescue and Ambulance Service**, I will work to make sure they have the trained personnel and equipment they require to care for the people. These people are needed at one of the most crucial times in a person's life.

(6) **Dispatcher**, 24 hours a day to receive and relay all messages from the 911 number to the proper people for faster assistance during an emergency.

(7) **Recreation**, Will work to see that there are more playgrounds for the kids of our county so they can develop a more constructive mind and be a leading citizen in the future. These kids are our Future Leaders so let's help in a small way for the future.

(8) **Law**, Work for law enforcement in the county that everyone will be proud of. Reliable marked cars to patrol the roads and uniformed officers, polite and neat in appearance.

(9) **Roads**, Work for and see that all roads are well-maintained at all times in all sections of the 4th District. Some sections are orphans at present. Work for the upgrading of roads to blacktop or chip and seal. This can be accomplished by working with other agencies such as the state. I am the one that can accomplish this.

## Vote For William Taylor for SHERIFF

As the election draws near, I haven't had time to see everyone in the county. If I fail to see you, please do not feel left out. Your vote and support will be appreciated. When elected, I will patrol all of the county and answer all calls day or night. I will be willing to serve the county at all times.

### 2ND DISTRICT VOTERS

As this primary election draws to a close, I again ask you to be concerned about the problems in our district. Specifically, inadequate roads, trash collection and employment opportunities.

As I have stressed before, these problems have been here for several years. I believe that it is the duty of the magistrate to do all in his power to see that these problems are solved.

- These are some of the actions I will take if elected magistrate:
1. I will periodically travel the roads of the district taking pictures of problems, if necessary, to present to the fiscal court.
  2. If I am notified of a problem I will personally come and check the situation. I will not neglect my duties by referring you to someone else.
  3. I will make a motion to the fiscal court that the salary of the magistrates be reduced by a minimum of 20%.
  4. I will be glad to work with the other magistrates on programs that will make Rockcastle County an attractive area for new industries.

Again I ask you, the voter, to vote concerned; it's in your hands now.

#### WHERE HAVE ALL THE CANDIDATES GONE?

May 23, 1989 is fast approaching. I have attended all political forums and pie socials, 4-H forums, and other gatherings that I have been aware of. I had noticed that the same candidates are there.

#### WHERE HAVE ALL THE CANDIDATES GONE?

The representation of candidates for Magistrate in District 1 has been myself and sometimes 1 more (Republican or Democrat). For a district with 14 people running this is a sad showing.

Check the records and see which candidates have put forth the effort to attend and support the organizations who have sponsored the socials and forums.

Do you want to elect someone who is really wanting to improve Rockcastle County and make this county a place for our teenagers, to want to stay, and raise a family, work at a living wage, have good law enforcement, a safe place for our senior citizens, solid waste management, good clean water supply, pollution control, more jobs, affordable housing, tourism, no raise in taxes.....VOTE LU ED NIELSEN for MAGISTRATE DISTRICT 1.

I will be at all fiscal court meetings and work with whoever is elected as JUDGE/EXECUTIVE and other county MAGISTRATES in a professional manner and work whatever hours are necessary to do the job.

We have an excellent group of men running for JUDGE/EXECUTIVE and I know that the winner will be a well-respected person and will be a challenge in the November general election. The candidates for the other offices have all been a pleasure to know and talk with about the changes in government in our county. I wish everyone good luck.

## My little button shoes

By: Ada Bullock

When I was a little girl about the age of six I had a pair of button shoes that didn't quite well fit

Though I dared not tell my mom they kind of hurt my toes If I did, my button shoes would be sure to go

I'll ne'er forget their color black patent trimmed in beige They made me feel so grown up I couldn't act my age

But soon I had a feeling my shoes I couldn't keep For mother had found out they really hurt my feet

So just a few days later with only good in mind She gave away my button shoes to a friend of mine

Yes, they fit his smaller feet he was so proud of them. Even though he was a friend I really envied him

He wore the shoes so proudly to him they meant a lot And I shouldn't have felt bad for another pair I got

Though not the style or color I'd loved from first sight But they fit so perfect everything seemed right

Now many years have passed but memories I can't lose Of a child's fascination for a pair of button shoes

*(My shoes were given to a little friend Peter Hayes, we lived near Mt. Vernon at the time about 1931, if any of the Hayes family should read this they would remember me as Ada Chaney.)*

Country Peddler  
By: Mayzell Ries

If you are in the mood for crafts and gear Go sit up and see Juanita, at the Country Peddler store

It's located behind her house. On one of her walls is a wooden mouse

She has all kinds of things in there Paintings and flowers and a picture of a hare

The work she does is beautiful and new She also does flower arranging too

I'm always amazed at what's in her store Painted shirts and so much more

Her mother is there to help her too She'll help you find things old and new,

I never get tired of going there There's so much to see I just stare and stare

So all you folks come and see What the Country Peddler has in the store for thee

Teach Me Lord, To Think Of Others  
By: Anna L. Clifford

At times I get weary, and want to go home

At times I get lonely, and feel so alone

At times I feel rejected, and then I say

Am I feeling sorry for myself is that what's wrong today?

It's so easy to do this, I know so well Worrying about your problems and thinking about yourself Forgetting about others and not trying to share their load Being so self centered as down life's road we go

Oh! Lord, please help me change the way I live Teach me to stop thinking about myself and learning how to give

Trying to be more Christ-like in everything I do Taking one step at a time and making each step count for you

This is my goal as I travel on to work for Jesus And make heaven my home.

Youth

By: Ada Bullock

Oh youth where have you gone?

I miss you more each day So young and full of life

I hoped that you would stay

You disappeared in early years to return no more Now carefully with cane in hand I totter through the door

To reminisce of days gone by the good times to recall Another trip into the past sad? not at all

I've seen many dreams come true heard laughter through the years Been blessed with much happiness Between sad times and tears

So much I've been given, but the one I most admire Is the beauty of the universe God made for all to share

Time

By: Karen Noe

Time stood still as I gazed up at the moon staggering to free itself from the gripping arms of the billowing clouds scattered across the sky. I see life and love mingled in the hopeless realms of pretense and shadows. Nothing seems real, all endless fantasies of what is and what could have been. But life gathers its seeds and scatters them across the dead-end roads and endless highways of life. To take what comes in the dead-end roads and to have what you really want is like the silvery moon so full and shining, at last free from the shadows of darkness, nothing holding you back and all the pleasures of life to gain.

A Tribute To Mother  
By: Lewis Bowling

Pardon me, may I have some time I don't want your money, not even a dime.

I have some things I would like to say About the woman we honor today.

She may be young with face so fair She may be old with gray hair One thing for sure her love is there.

When we were small in the middle of the night, wide awake and in great fright.

She was there to make it right. In her arms we had no fear. When she said, mother is here.

When we came home, wherever we had been,

She was at the door to welcome us in Her love for us came from above, The God of peace, joy and love.

If your mother is alive today, Give her a hug and be sure to say, I love you, never fear, Not only today but all the year.

When we were sick and could not sleep,

She sat by our bed, sometimes she would weep.

Then she would look up to God above,

Who is always touched by a mother's love.

In a trembling voice so soft and mild, Please dear God spare my child.

Her life has been spent in always giving,

Give her some praise while she is living.

She would love to hear you say, I love you mother for what I am today.

Who is the woman, Above all others?

I say to you, She is our mothers.

I Am The Vine  
By: Ravenna Payne

I am the vine you need me if you would grow and strive Without my loving care you wouldn't be alive

You are the branches budding forth with bright and tender leaves And I provide the nourishment that every plant receives

My father the vine grower surveys his vineyard well and branches needing pruning His eyes can always tell

He cuts away the dry limbs to help the young ones yield And those He has discarded He burns beyond the field

I am the vine responsible for all the good you see He lives in me and I in Him bears fruit abundantly

So make your life a part of mine and to my words be true And anything that all you ask this shall be given you.

Jesus Waits

By: Ravenna Payne

Loneliness is that weary heart that beats in life alone And cries for love to light its way and show the journey home

But it is sad that this should be for any heart to bear. For Jesus waits with gifts of love to answer every prayer.

He knows the sadness in a heart that weeps for want and love And cries for light to show the way from earth to life above

But He cannot reach out with love to comfort one's despair Unless the heart that cries for love, comes into Him in prayer

Still The Same

By: Anna L. Clifford

If I could have picked the time I walked on the earth

There is nothing I would have changed except the meanness and the hurt

What I would like to see is more love upon the earth

I doubt that things have changed much since back in Jesus' day

From what the Bible tells us He didn't have it made

People were always trying to find fault with Him

And all the good, He tried to do, they came against

If He made someone whole it seemed to make them mad

Instead of going about doing good you'd have thought He was doing bad

No times haven't changed much it doesn't seem to me

How it was in Jesus day is how it still seems to be!

Ricky with his family, Erica, Patty, and the new addition, Abraham. Working for the future of everyone in the 3rd District.

Subject to May 23, 1989 Republican Primary

PAID POLITICAL ADV.

Dear Friends,

I Ricky R. Kirby would again like to thank you for your gracious support in last fall's general election. I would again like to ask you for your support in the May 23 Republican Primary. Having a young family, I understand the needs in our district to have safe roads, and adequate recreational facilities. One project started is the widening of Bowling Ridge Rd. Another is the painting of the light poles of Thacker Field. There are many other jobs that will be started in the very near future. I care about all 4 corners of the 3rd District, not just one particular area.

As our children grow, so will the need for employment in our county grow. I will work to find the needed businesses for our county.

Does anyone have an answer to the garbage and litter problem? Not completely, but I know where to start. You begin with educating the public, making them aware of recycling centers or garbage pick-ups. Also, cleaning up the garbage that is on the highways.

Last but not least our senior citizens, if not for our senior citizens we would not have a future. I will work hard to upgrade the senior citizens building in our district and others in the county. I will also work for our public transit.

I have been in office for about 6 months and have tried only to do what is best for the people in the 3rd District. We did not raise any salaries for any county officials. We are making adequate pay. All we need to do now is work harder for the people in the county. I care about the people in Bullcock, Brown and West Brodhead. I want to speak-out for the people in the 3rd District. I want to be your voice. I hope you will let me continue.

Thank You,  
Ricky R. Kirby

## MESSAGE!! FROM: Paul Kirby

FOR: Magistrate # 2 District

Many of you know me. I've talked to a lot of you personally. Some of you have told me the number 1 concern you have.

# 1. Some roads in my District, the 2nd, need some immediate attention and there's different ways to approach the problems for long term.

# 2. Garbage, out in the country especially needs a remedy for a place and a way to dispose of, other than the roadside dumps and ditch lines.

# 3. Then there's all the things that come through the fiscal court that should concern us all - city or country. Sheriff's Department, levying and collecting taxes - using that tax money for the best possible reasons - crime prevention, big or small - more jobs at better salaries - programs for the senior citizens and also lets never forget the children, who need more programs to occupy and enhance their time, whether it be educational, recreational, or the continuing commitment to the ideals of freedom and justice on which our democracy depends.

I need each citizen in the 2nd District to think about these commitments and come together with me on election day, the 23rd day of this month. Voice your opinion on what you want for your county and the 2nd District by voting for me. If you show your trust for me and elect me your magistrate in the 2nd, I won't let you down!

Yours Sincerely,  
Paul Kirby and his family -

### Graves - Brown, McGee Brown vows said in double ceremony

Mr. and Mrs. Jerry L. Brown's daughters were wed in a double ceremony April 8th at the First Christian Church, Mt. Vernon. Jerri Lynn Brown was wed to Joe McGee, son of

the late Joe McGee and Mrs. Helen McGee of Berea. Jeannette Renee Brown was wed to Kenneth Harold Graves, son of Mr. and Mrs. Wade Graves of Mt. Ver-

non. Bro. Eddie Hammond officiated. The brides wore floor length cathedral gowns accented with lace and sequins. Their veils were waist length with full Blushers trimmed in lace and accented with white roses and sequine streams.

Register attendants were Annette French and Ginger Blanton.

The maid of honor was Donnalcah Richards of Mt. Vernon. Matron of honor was Nancy Caldwell of Brodhead. Bridesmaids were Michelle Strunk of Orlando and Tabitha Greer

of Virginia. Best men were Jeffery Richards of Orlando and Kenny Graves of Somerset. Steve Hays and Mark Richards served as ushers.

Music was provided by Jamie Cox who sang "The Rose", Jessica Chestnut sang "I Want Us To Be Together In Heaven". Bridesmaid gowns, wedding, church and reception decorations were done by Mrs. Melinda McGuire of Mt. Vernon. The wedding and reception were done in colors of soft pinks and grays.

A reception was given immediately following the ceremony, where the couples received many nice wedding gifts.

Mrs. Jewel Brown, mother of the brides, provided the couples with a beautiful seven layer cake arranged over a three tier colored water fountain.

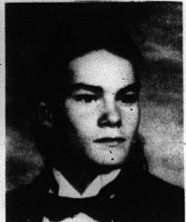

Servers at the reception were Patty Richards, Mandy Vanzant, Sherri Wright and Angie Leger.

Both couples honeymooned in Gatlinburg, Tennessee, a gift of the brides' parents.

### Marriage Announced

Pennie Robbins, daughter of Denver Miller and the late Glenna Miller, and Mark Blanton, son of Carsel, Jr. and Linda Blanton, were united in marriage on Friday, May 12, 1989. The couple resides in Mt. Vernon.

Timothy Huff

### Huff accepted at Lexington Electronics

Lexington Electronics Institute is proud to announce the acceptance of Timothy Huff into their training program. At the end of their two year program Timothy will receive an Associate Degree in Electronic Engineering Technology.

The training program will begin in July.

Timothy is the son of Mr. and Mrs. Jackie Huff, and will graduate in 1989 from Rockcastle County High School.

105 Acre Farm, more or less, in 3 Tracts  
Formerly known as the Carter Blanton Farm

**Friday, May 19, 1989 6:30 p.m.**

WABD-JONES ROAD - NEAR MT. VERNON, KY.

**LOCATION:** The property is located 6-1/2 miles southwest of Mt. Vernon. Take Hwy. 461 to Ron's Country Market and turn west at Ron's Market onto the Wabd-Jones Road. Follow auction signs to sale site.

Citizens Bank, Brodhead, Kentucky, has authorized our firm to sell this farm for the absolute high dollar. The farm will be offered in 3 tracts, reserving the right to combine in any manner to gain the best results for the seller.

**Tract No. 1** - Consists of 22.10 acres of which approximately 16.5 is tillable cropland with a balance of pasture and woods. This tract fronts on the Wabd-Jones Road and could have development potential with city water available and the level to gently rolling terrain.

**Tract No. 2** - Consists of 39.39 acres of which 27.6 is cropland and the balance is in pasture and woods. This tract has an entrance off the Wabd-Jones Road and also has city water in addition to a pond.

**Tract No. 3** - Contains 43.38 acres and fronts on the Wabd-Jones Road. It has city water and approximately 20 acres of crop and pasture land, the balance in woods.

This excellent tract is well-improved with 3 barns and dairy parlor and one of the barns is the finest tobacco barn in the region, measuring approximately 32x88, and a combination barn measuring approximately 48x58. Besides the barn, there is also a concrete dairy parlor with much of the equipment in place for your dairy operation.

Since there is no house on this tract, you can build to suit your own personal taste as there are several good home sites on it.

When all three tracts are combined, there's a total of 105 acres. The basic tobacco allotment for 1989 on the entire farm is 2391 lbs. and the effective lbs. is 2189. However, the Rockcastle County ASCS office will divide the tobacco base should the farm sell in tracts.

**Auctioneer's Note:** If you are in the market for a good fertile farm only a few miles out of town, then look it over before Friday evening May 19th and make plans to be there and buy.

**Terms:** 20% down day of sale; balance in 30 days with delivery of deed.

## Midnight ambush of Ku-Klux Klan

**(Found in Melvin Rader's Bible and brought to the Signal by Ballard Rader)**  
Evening Post - July 1, 1886

For some years after the war the Ku-Klux Klan, as it was called, was a great power in the mountain portion of Kentucky. As many of the most reputable citizens of their respective localities were members of the organization, it ran things pretty much its own way.

The recent killing of Buck Padgett at Brodhead, recalls an attack made upon a body of Ku-Klux in Rockcastle County, some twenty years ago, when, it is said, Padgett's father received wounds which resulted in his death. The attack referred to was made at what is known as the "Sand Hill," a lonely spot, a short distance east of Mt. Vernon, on the line of the old State road.

One Jim Langford, who lived in Rockcastle at that time, was violently opposed to the Ku-Klux, and being a man of some influence, he denounced

them on all occasions, and used every means in his power to break up the gang.

A worthless negro, living near Pine Hill, became the object of the wrath of the Ku-Klux, and they determined to take him out and chastise him in a suitable manner.

It is the general opinion that Langford in some way became apprised of their intentions, and not only warned the darkey of his danger, but organized and armed a force of men, said to be negroes, with the intention of attacking the Ku-Kux. They ambushed themselves in the vicinity of the "Sand Hill" on the night of the proposed raid, and awaited the approach of the mob. The latter, some forty in number, soon appeared, and when quite near, the ambushed party sprang from their concealment and poured a scathing fire into them. Several were wounded, two or three very badly. Before the Ku-Klux could recover from their surprise, the attacking party fled entirely unharmed.

SCENE OF SAND HILL FIGHT.

The fact that a body of men composing a mob had been attacked was soon current over the country; and when, in a few days after the encounter, a prominent citizen of Mt. Vernon was reported to be seriously hurt, and Mike Padgett died of gangrene, resulting from gunshot wounds, people were confident that they knew of two, at least, who had been participants in the affray.

Langford was generally accredited with being the leader of the party from his known antipathy to the Ku-Klux. When questioned about it in after years he neither affirmed nor denied the charge. However, he had been heard to say that if "Mike Padgett had not been with the Ku Klux that night he might be living now."

Langford was known to be a man utterly devoid of fear, and but few dared to meet him in open combat. One morning, a number of years ago, as he was riding from his home, in the country, in Mt. Vernon, he was waylaid and killed by "Wild Bill" Owens, as the result of an old feud.

Owens, though a young man, had killed three or four men previous to this. He was handsome, mild-mannered and dressed exceedingly well, and a stranger, to meet him, would never suspect his bloody record. He died a few years ago of consumption.

Mrs. T.A. Gresham is visiting her brother, Hon. Sam Ward, and her sister, Mrs. John Magee.

Our Mt. Vernon correspondent is on deck again with a good letter -- if we can just get him to stick.

Miss Jude Owens, the pretty daughter of Alfred Owens, was returned from a visit to friends in Brodhead.

Judge and Mrs. W.L. Brown were on last Saturday's train returning from the cities to their London home.

Capt. R.D. Cook, wife and daughter, were on Tuesday afternoon's train from Conway to Corbin to visit relatives.

R.S. Martin, of Brodhead, has just returned from a trip South where he has been selling his excellent brand of tobacco.

Dr. J.W. Lawrence, who died in Mt. Vernon this week, was a splendid young physician and had a large circle of friends.

Smiling Dave Jackson was with our merchants yesterday. He commands a good trade throughout all his territory.

On Wednesday afternoon three trains of 140 cars went out of Living-

ston in one hour and 30 minutes. One train was a double header with 60 cars. How is that for business and dispatch?

George Farris, State Senator-elect from the Garrard county district is in town today. Senator Farris won the race over Representative King who is probably as popular a man as there is in the district.

There was a wreck at No. 9 tunnel near Hazel Patch Wednesday that delayed trains a few hours. A few coal cars were slightly disfigured, the colliding engine looked like it had been run through a cyclone, but what it did to the other train's caboose was "aptent."

Mrs. Dr. Cooper was called to Crab Orchard yesterday by a telegram stating that her father, Charles Redd, Sr. was seriously ill. Mrs. Redd, who had come down from Crab Orchard the afternoon before was much surprised as well as grieved to learn that Mr. Redd was ill because when she left home he was in his usual health and spirits.

M.P. Newcomb's Death  
(Over the Stars There is Rest)

On Wednesday evening M.P. Newcomb died in his Mt. Vernon home, and in that death a career, honorable, upright and manly was brought to a close. Deceased was born in Rockcastle county, May 28, 1828, and had nearly rounded out, in righteousness and honor, the three score years and ten in the county where he was an influential and honored citizen. He leaves three daughters, Mrs. James Maret, Misses Mattie Lee and Lena, and a son, W.J., to mourn their loss.

On Thursday afternoon a large concourse of sympathizing friends gathered for the funeral services in the Christian church, where the deceased had been a faithful worshipper year in and year out, and where Bro. Ballou preached a sermon, eloquent and beautiful and trembling voices sang, "Nearer My God, to Thee" grandest hymn that mortals ever sang. Then to the cemetery where the plying willows weep and where the clouds that fell upon the coffin seem to roll upon the hearts of all. As has been truthfully said: "We do not want to go through the dark valley, although its path may lead to Paradise; and we do not want to lie down in the muddy grave, even with kings and princes for our bedfellows." Yet no man in the hush of life's sacred evening, could cross to the echo-less shore with brighter hopes than the deceased, whose life had been scrupulously just, who had all the traits and characteristics of the highest type of gentleman, who had been kind and courteous and loyal and charitable to all. And it could be truthfully said of him, not as laurel-crowned warrior and statesman, but as one who loved his fellowmen and won the grander victories of peace and home. "His life was gentle; and the elements so mixed in him that Nature might stand up, and say to all the world: 'This was a man!'"

All the hotels in town are having a large custom -- the Mullins hotel, the Pope hotel, the Dillion hotel, the Sambrook hotel and all. If Hugh Miller would establish himself in a town of this character he would make a fortune faster than they are picked up in the Klondike gold fields.

Charles H. Thompson, an L & N passenger conductor running between Louisville and Nashville, was fatally injured Wednesday morning while doing some switching at South Louisville. Mr. Thompson, who is a most excellent gentleman, married Miss Margaret Spradlin, the beautiful daughter of Capt. W.H. Spradlin, of Mt. Vernon.

Charley Starks leaves Sunday for South Carolina for a brief visit. On his return he will bring his family who have been visiting relatives there for some weeks, Mr. Starks is with the Foreman annual inspection train today between Jellico and Louisville, and tomorrow he goes over the Bowling Green Division.

Rev. J.M. Walton, Principal of the Hyden Academy, writes that he has a flourishing school with 123 pupils enrolled, and that they expect to have an Industrial Annex to their College next year. Mr. Walton and family are in splendid health. He adds that the New York people praised the catalogues printed at this office for the Hyden Academy. But that should go without saying. Any man of taste would praise those catalogues.

"Call Me Thine Own" -- Last Sunday evening at the Presbyterian church, amid friends and floral, Claude Linville, of Paris, and Miss Mary, the pretty daughter of Mr. and Mrs. Brack Graves, were united in matrimony. L. M. Scroggins officiated in the beautiful and impressive ceremony. Mr. Linville is an L & N employe, a worthy young man who is highly respected by all. The Kentucky Colonel united with their other friends in wishing the happy and deserving couple a world of happiness and joy.

My family and I ask for your vote and support on May 23. I was born and raised in Rockcastle County.

My wife Theresa and I have been married for 23 years. We have two children, Jeff, 20 years old and employed at Mt. Vernon Plastics and Lisa, 16 years old and a sophomore at Rockcastle County High School. We are farmers and have the time to devote to the Second District.

To the Voters of the Second District

As election day draws near, stop and think about the man you want to work for you the next four years. The one who will get you better roads, a better garbage plan and a better water system.

I am a farmer and I have the time to check the conditions of the roads and monitor the garbage situation. Most of my opponents have other jobs which takes most of their time. If elected I promise to give you my time to listen to your needs and see that your needs are met.

I have traveled the roads in our district and I know how they have been neglected and need much repair, and the garbage done away with.

If you the voters will stand by me, we together can have better conditions in our district. So please on May 23 vote for me:

## Senior citizens' political meeting

(Submitted by an observer at the meeting)

This was an excellent time to have a bean soup supper, accompanied by creamed, onions and coffee or soft drinks.

The politicians loved this! They were there all decked out to make an impression. They were good impressions too. Most of them spoke and told us how they would help us all they could, if they happened to be the lucky elected one.

No one came up with a plan of aid. I guess I was just wishing someone to say they would create a brand new office staff that were geniuses who could take care of all our insurance papers and doctor's statements etc. No such luck. You see they are still back in the dark ages where roads and jobs and education are the real needs. A promise of helping seniors is so new no one really knows what their problems are.

Now pray tell me, what judge, sheriff, jailor, magistrate or street cleaner would have caused to know about the total loneliness of a widowed person of 70 years or better. Or the afore mentioned paper work that is the main part of paying a doctor or hospital bill? Or the problem of having a leaky faucet or electrical fixture fixed or garbage carried out? Or? Or? These are the many problems of

our elderly people and they seem so small they are not of consequence to most people. But to us who have no help they are mountains. We are not asking you for help for these things for we realize how silly that would be but -- just what do you mean when you offer to help us, if we support your election? What can a Judge Executive do that the congress of the United States can't do? Straighten out the health care?

Yes, this was a very interesting get-together and as usual some one got took, but the taking was at least for a good cause this time.

Thanks to Clarence Carter and Mr. Mullins for answering my question of -- what is the duties of the Judge Executive. You did a good job stirring the muddy water about.

Now I know! Does everyone? Now for the job classification of the magistrates and sheriff. Come on now, how can we vote intelligently if we don't know the job you are running for, just the name?

## Christian Appalachian reopens Rainbow Respite Care Center

The Rainbow Respite Care Center, near Kenosha Valley, offers short-term residential care to families which care for children, teens, and adults with mental and physical disabilities.

Designed to promote healthier family relationships, this service encourages families to periodically use respite periods for renewal and relaxation.

Rainbow Respite Care was reopened by the Christian Appalachian Project last year and licensed by the

state in February 1989.

"Families with disabled members are under a great deal of additional stress," explained Pat Montery, manager of Rainbow Respite Care. "The respite Care Center's designed to eliminate some of the stress by providing some free time to the families for themselves."

Participants receive therapeutic, educational and recreational activities while in the program.

"We follow through on anything the family is working on, including behavior management, feeding techniques, and daily therapeutic requirements," said Pat. "We also have planned activities for our participants which can include such activities as arts and crafts, picnics, hiking, music shows, movies, dances, swimming, and special trips."

As a program of the Christian Appalachian Project, the Rainbow Respite Care Center accepts participants from all of Kentucky, with the primary service area being the Appalachian counties. Fees are based on a sliding scale to enable all families to use this service regardless of their income. Families interested in more information on this program should write the center at Route 3, Box 31, Mt. Vernon or call 256-5921.

### Cervical Cancer Prevention Information

Rockcastle County is in a rare group trying to reverse some alarming statistics. Kentucky public and private health concerns have begun a joint project aimed at the high incidence of the 1986-87 cervical cancer death rate for white females was 23 percent greater than for the rest of the state and almost twice that reported in recent national studies.

The effort is fueled by numbers such as these: Cervical cancer deaths occur in Kentucky at a higher rate than the nation. However, in a 36-county area of southeastern Kentucky, the 1986-87 cervical cancer death rate for white females was 23 percent greater than for the rest of the state and almost twice that reported in recent national studies.

In fact, one-quarter of Kentucky's cervical cancer deaths in 1986 and 1987, the latest figures available, occurred in the 36-county area.

In hopes of reducing this mortality rate, the Department for Health Services has implemented in that area a public education program to encourage women to have regular Pap tests, the best defense in preventing cervical cancer deaths.

"Women should not die of cervical cancer," said Health Commissioner Carlos Hernandez, M.D., "because if caught early enough, it is almost always curable."

"The test that detects cervical cancer in its early stages is the Pap test, which is easy to perform and has been proven to save lives," he said. "But women should have this test periodically throughout their lives."

Health officials recommend that a woman have a Pap test annually from the age of 18 or the time sexual activity begins, whichever is first. After three or more consecutive normal annual examinations, a woman's doctor may decide tests are needed less frequently.

However, no woman should be considered too old for a Pap test, say health officials. Even a woman who has had her uterus removed may still need regular tests. The cervix is the opening to the uterus or womb.

The effort in the 36-county area will attempt to make women aware of the high mortality rate and the importance of having periodic Pap tests, said Michael Moser, M.D., state epidemiologist, and will involve health departments, private physicians and community groups.

For example, all female health department patients will be given brochures on Pap tests and asked to pass the information along to friends and relatives in hopes of getting more women to come in for the tests.

In conjunction with the Lucille Parker Markey Cancer Center at the University of Kentucky, the Department for Health Services is recruiting health departments and private physicians to send patients reminders that they are due for a Pap test. Health providers will be encouraged to make medical records so that tests can be performed while patients are, being seen for other problems.

Women belonging to homemakers, civic and church groups will be asked to refer friends and family members to health departments or personal physicians for the examination.

"The important thing in all of this is for women to realize that a simple test could save their lives," Moser said. "We need to reach young women and older women as well because all females can benefit from this."

While health officials know that Pap tests can save lives, they are trying to learn more about why women in southeastern Kentucky are dying of cervical cancer. The Department for Health Services, the Markey Cancer Center and the Centers for Disease Control in Atlanta have joined forces in an on-going study.

"Once we have collected and analyzed data from the area, we will be in a better position to know how to prevent deaths from cervical cancer," said Hernandez. "But right now we know the best thing to do is to encourage women to have periodic exams."

**Ladies and Gentlemen of the 1st District:**

My name is Bobby Cox. I am 38 years old and have been a resident of Rockcastle County all my life. I have lived in the 1st District for the past 25 years. I am married to Tamara Buschberger Cox, formerly of Corydon, Indiana. We have two children, Tara 6 and Cody 7. I am the son of the late Andrew Cox, Jr. and Delphia Vanzant Cox.

I am a member of Mt. Vernon First Baptist Church. I serve on the Board of Directors of Cumberland River Mental Health and Retardation. I also serve on the Rockcastle County Little League Board of Directors and am vice-president and a manager for the Minor League.

I farm 110 acres near Rose Hill, raising beef cattle, horses, alfalfa and tobacco. I am employed with Consolidated Imaging, Inc.

This is the first time I have campaigned for any public office. I seek this office because I want an active part in planning the future of our community. Also, I want to be involved in decisions made for the 1st District concerning not only roads and garbage but on industry and job opportunities as well. I would also like to look at ways to motivate our youth concerning their future.

The only promises I make are to be honest and to be a strong voice for the 1st District in the county. I need your vote and support. With God's grace and your support, we can make the 1st District a more productive and better place to raise our children.

## Research says rising murder rate related to TV

By: Luke Hill  
(Reprinted from May, 1989  
issue of AFA Journal)

At least half the murders in the United States and Canada can be attributed to the influence of television on impressionable youth, a University of Washington researcher said in early April.

Brandon Centerwall based his statement on his newly released statistical study showing a dramatic rise in homicides in both countries about a decade after the advent of TV and a corresponding flat rate for the same period in the white population of South Africa, where television was banned until 1975.

While television clearly is not the sole cause of violence in our society, and there are many other contributing factors, hypothetically if television did not exist there would be 10,000 fewer homicides a year," Centerwall said.

The seven-year study by Centerwall, an acting assistant professor of psychiatry and behavioral sciences, shows that in Canada and the United States, homicide rates began rising sharply in about 1957 and had nearly

doubled the rate of that year by the early 1970s.

In contrast, the homicide rate remained relatively stable in South Africa until 1983 — some eight years after TV was introduced there — when it recorded a higher rate than in any of the previous 33 years. More recent figures are unavailable.

Centerwall attributes the lag time to the fact — which he said has been shown by previous studies — that violence on TV most strongly affects impressionable pre-adolescent youth who then must become adults before they have a significant impact on homicide rates.

The researcher said he chose South Africa's white population for study because of the unique historical fact that TV was banned there for 23 years after its introduction in North America, but the society otherwise closely parallels those in Canada and the United States.

He contends his study therefore can rule out as causes of the dramatic rise in homicides many other trends of modern industrialized and suburbanized society, including the prevalence of handguns and other weapons, which are widely available in

South Africa.

Centerwall said he included Canada, where due partly to handgun restrictions the homicide rate, roughly 500 per year, is a fraction of that in the United States, 20,000 per year. As might be expected, Centerwall's study also shows that homicides rise more rapidly and sooner in white, affluent communities than in poorer, minority areas of the United States, corresponding to the fact that TV initially was affordable only to more prosperous consumers.

A summary of the study is contained in the April issue of the American Journal of Epidemiology. It will be published in full later this year as a book, *Public Communication and Behavior*, by Academic Press Inc.

Centerwall noted that while many previous studies focused on the actual effects of watching television violence on selected groups, such as children, or specific areas, his is the first to look at the statistical relationships between a society's exposure overall to television and acts of violence for the entire country.

He noted that his study does nothing to uncover what it is on TV that makes people kill, but likened his work to early research on cigarettes that showed a causal relationship to cancer without specifying what ingredients in the cigarette actually causes harm. If television did not exist there would be 10,000 fewer homicides a year.

## Attorney General's office to monitor Primary

To keep the May 23 primary election as "clean" as possible, teams fan out on election day to monitor polling places throughout Kentucky. "Our goal is to prevent election fraud from occurring," said Attorney General Fred Cowan. "We want to send a message to vote buyers and sellers and other election fixers that if you violate Kentucky's election laws, there is a good chance you will be caught."

The election monitoring will involve teams of attorneys and investigators from the attorney general's office. They will work in conjunction with the Kentucky State Police pursuant to their role in paroling election precincts and investigating violations of election laws. Cowan said a combination of careful planning and significant manpower will ensure a strong presence at voting places throughout the state. "In a lot of counties, we will have an attorney in the courthouse plus a full team of investigators in additional selected counties."

The exact strength of the monitoring force and the identity of the counties to be monitored will not be disclosed Cowan said to "keep the election manipulators guessing." "If we announce where we are, they can adjust their plans around us and we have compromised our effectiveness," Cowan said.

The attorney general's office has conducted election monitoring operations on two previous occasions. During the November election last year, teams of investigators and attorneys were sent to a number of counties statewide. Earlier this year, a very intensive monitoring effort was made to prevent possible violations in the wet-dry local option election held April 17 in Leslie County. Although somewhat difficult to measure, Cowan believes that in both operations, the desired goal was achieved. "Judging from the positive feedback of local and state officials and lack of serious problems uncovered by our investigators, we feel certain our presence did prevent a large amount of election fraud from taking place," Cowan said.

An election fraud hotline set up in the attorney general's office last year, is a "vital weapon in the fight against election fraud," according to Cowan. "Public involvement is essential to cleaning up our elections and the hotline gives citizens a chance to play a crucial role by reporting any election law breaking," Cowan added. He urged persons calling the hotline to provide their name and a way to contact them later. He said investigators have been unable to fully pursue

some allegations because they could not contact callers for additional information.

The hotline (1-800-328-VOTE) is answered year-round, but special procedures are planned for the much heavier use expected on election day. An attorney and investigator will be stationed at the switchboard and calls will be logged by computer. Election questions of a routine nature will be forwarded to local election officials or the state Board of Elections. Complaints or allegations of vote fraud will be forwarded to investigators working in the area the call originated from. On election day, November 8, over 300 calls were made to the hotline. Cowan said each complaint/

allegation or question that came in was followed up by his office.

## Evidence of vote buying in Garrard

Attorney General Fred Cowan says an investigation by his office has revealed evidence of serious allegations of vote fraud involving the May 23 primary election in Garrard County. According to Cowan, investigators from his office have strong reason to believe that illegal activities, including the use of cash to influence an election, have taken place. Cowan's investigation is continuing, has included interviews with several "key individuals," and has produced "substantial validation of the original information," according to Cowan.

Cowan said his office will vigorously pursue this matter and will be coordinating its efforts with local prosecuting attorneys. "We want to send a message to anyone, including any candidate, who is either now involved or has any thought of becoming involved in vote fraud, that we will be watching very closely."

He urged any citizen knowing of or suspecting any type of election fraud to call the attorney general's election fraud hotline at 1-800-328-VOTE.

## A Message to the Voters of District 1:

As the election draws closer, I am sure by now by means of the press and the ads you have seen that the citizens of Rockcastle County are well aware of most of the problems facing our county. Now that we realize we have these problems, which have existed for a long time, what do we intend to do about them? I believe the only solution to the problems is to elect civic-minded and dedicated people to fill these positions, people who are willing to put forth the extra effort it will take to turn our county around and work for more industrial development in the county; a better plan for distributing funds and maintaining our roads. We must implement a plan for a county clean-up. Last, but not least we must put forth a special effort to make Rockcastle County the safest place we can to live, rear and educate our children in.

These are some of the goals I would like to accomplish as your magistrate, if elected.

## Vote and Elect Roger Lopez Magistrate, 5th District

My wife and I would like to thank everyone once again for their kindness and hospitality. As the election draws near, we are trying to visit everyone. We would like to apologize to anyone we miss.

I have been a resident in the county since the age of 4. I was raised by my mother, Inez Collins and grandparents, McKinley and Maggie Arnold in Mt. Vernon. I graduated from Mt. Vernon High in 1970.

Over the years there has been changes to better our county, but compared to joining counties, we have grown very little. With your support in electing me, I will work hard toward these changes I have stated!

paid political adv.

## Changes for the People

1. Better maintained roads, at less cost to the county
2. Working toward solving water problems in the 5th District
3. A better plan for garbage control
4. Working toward drawing in better paying factories
5. A fiscal court that will work for the elderly and handicapped of Rockcastle County
6. A fiscal court that will work with the cities and joining counties to better our community

## 'Commencement' is not an ending but a new beginning

The chances are that you, someone in your family or some friends of yours will be graduating from high school or college this year. Therefore, you will either participate in or attend what they call the "commencement" exercises. This implies that graduation, as the act of leaving school, is not an end but a beginning. Whether you are a teenager or an adult any-age, you know that all of life is a learning experience, and that walking out of those halls of ivory for the last time merely means a transition from one school to another. Your House of Worship is a school, where you learn about life itself and the Creator who gave it to you and taught you how to live in the right way; and that its importance is not its length, but the quality and purpose that you give it.

The best educated human being is the one who understands most about the life in which he is placed.

"Continue now in the things which thou hast learned."  
- II Timothy 3:14

**To the Voters of Rockcastle Co.**  
Now that the May Primary is getting closer, the people of this county are going to elect their next sheriff. I would like the citizens of this county to think about the future. In the past, the sheriff's department is always going to patrol this, patrol that, but the only patrolling I've seen done is in the city limits of Mt. Vernon. This county has two other towns and a lot of back roads. So when you go to vote on May 23, vote and elect Gary Mullins for your next sheriff and include all the citizens and towns of this county.  
Pull Lever #1  
Thank You, Gary Mullins

### *Members of the 1989 Senior Class:*

As another school year nears an end, I know you are excited and looking forward to graduation. Once you leave RCHS, life will never be quite the same. All the experiences thus far in life, both in school and out, will be the foundation you can now build on. These experiences you have had here will be in the past -- the past is for us to remember.

My hope is that you will use these positive experiences you have had and build a strong future on that foundation. I would challenge each of you to assist our community, our state and our nation in improving the quality of life for all human beings.

The future is for us to imagine. As I have talked to your class on numerous occasions, you fully understand my expectations for this class. In the future, set your goals, then dedicate yourself to accomplishing them. I know each of you can and will make meaningful contributions to our society.

As you go your separate ways, I would wish you much success in achieving the goals you have set in the world beyond the confines of Rockcastle County High School.

**Good Luck!**

**Your Friend and Principal,**

GRADUATES.**

Best Figure and Physique were taken by Paulita Thomason and Chad Burdette.

# National Merit Finalist

ALAN S. PURCELL has been named a National Merit Finalist and will receive a University of Kentucky Merit Scholarship that may be renewed for up to four years of undergraduate study. From more than 1 million students who entered the 1989 Merit Program, 15,000 were named Semifinalist. In order to advance in the competition and be considered for a Merit Scholarship, a Semifinalist had to become a Finalist by documenting high academic performance and fulfilling several additional requirements. All winners of some 6,100 Merit Scholarships to be offered this year are being chosen from the group of approximately 14,000 distinguished Finalists. Alan is shown in the above photo with his father, Rodney Purcell, a social studies teacher at RCHS.

Alison Sowder and Kenneth Wayne Artley have been chosen to participate in this year's Professional Education Preparation Program (PEPP). The RCHS seniors will attend a six week summer workshop at either Ky. State University, UK or U of L. 65 students from across the state, interested in pursuing a career as a physician or dentist, were invited to participate. Alison is the daughter of Vernon and Virginia Sowder of Rt. 1, Mt. Vernon and Kenneth Wayne is the son of Jerry and Patricia Artley of Mt. Vernon.

CHOSEN BIGGEST FLIRTS were Shane Campbell and Tammy McGuire.
