

Bike-a-thon raises \$4,000 to fight a killer

The oldest rider was Lawson Whitt, who along with his son David rode the most miles Saturday with 37 each over the three hour period.

Thirty-seven riders raised almost \$4,000 Saturday in the sixth annual Cystic Fibrosis bike-a-thon, at Brodhead. Mrs. Clara Proctor, the bike-a-thon chairman said this year's event was the best since the beginning. Since the bike-a-thon started Mrs. Proctor and many helpers have raised over \$20,000 for research to fight the deadly disease. In the above photo from left, are David Whitt, Matt McClure, Lee Deatherage, Jessica McClure and Brandi Adams. All riders that raised at least \$10 were treated to a double dip ice cream at the Dairy Delite in Brodhead. (Photos By: Richard Anderkin)

Belly Acres

buried in the area, and for that reason he had held on to the Belly Acres property.

He said he had planned to clean it up for quite awhile, but had been at work at his coal mines in Eastern Kentucky.

At one time, Belly Acres, along with Renfro Lodge, was an attraction for tourists at Renfro Valley. Many of them were curious because of the Belly Acres name, especially for a restaurant.

The restaurant was built in the early 1940s by Smokey Ward, an entertainer on the Renfro Valley barn dance. It was sold by Ward in the 1950s to Jack Albright of Brodhead.

Albright sold the property to Jimmy Renfro and others in 1969. It was then rented to Joe and Jean Clark who operated it for several years. When they gave it up no one took it over and it was left to deteriorate, finally being torn down in 1988.

The entire Renfro Valley area is undergoing many changes, probably due to the recent purchase and expansion of the Renfro entertainment complex.

Derby City South Truck Stop may be sold and remodeled by Oran's of Eubank. One owner of Oran's, Kenneth Smallwood, said this week his group is still working on the sale, but he did not know yet when the sale would be final. The city recently agreed to help finance his project with a \$200,000 loan for industrial and business development, money the city received on a similar loan to Mt. Vernon Signal.

Ed Wesley, owner of both the KOA and the former Renfro Valley Seafood Restaurant, as well as the surrounding 30 acres, is bulldozing the area for possibly reopening the restaurant. Mrs. Wesley said if someone didn't lease it or buy it, they would reopen it in the spring.

Still on the abandoned service station next door to the truck stop may be come a welcome center for tourists. It is now owned by Renfro Entertainment Corp. If it becomes a Welcome Center it would be run by the state.

Both Willard Collingsworth, operator of the Renfro Country Store, and Joe Allen, former owner of a fast food restaurant opposite the country store, have purchased and cleared land on both sides of U.S. 25 west of the Renfro complex for possible development.

Still in the works at some future date is a building to house the Kentucky Country Music Hall of Fame, so named by the last Kentucky General Assembly. Exact location of the building has not been announced, but it probably will be located on land owned by the John Lair heirs, which includes the Lair house.

Still in the works at Renfro is a new auditorium for the barn dance and a motel. A Trade Fair was recently opened on land in an area at the rear of Derby City truck stop.

State highway contractors were busy last week installing additions to turn lanes on the I-75 interchange at Renfro in order to give large trucks easier entrance and exit.

Constitution Week

Mayor Gary Cromer signing proclamation. Pictures from left to right, Cathy Smith, Angie Seters, Rebecca Albright, Angie Travilian and teacher and DAR member Iris Young.

WHEREAS, Our Founding Fathers, in order to secure the blessings of liberty for themselves and their posterity, did ordain and establish a Constitution for the United States of America, and

WHEREAS, It is of the greatest import that all citizens fully understand the provisions and principles contained in the Constitution in order to support it, preserve it and defend it against encroachment, and

WHEREAS, The two hundred second anniversary of the signing of the Constitution provides a historic opportunity for all Americans to learn

about and recall achievements of our Founders, and to reflect on the rights and privileges of citizenship, as well as its attendant responsibilities, and

WHEREAS, The independence guaranteed to the American people by the Constitution should be celebrated by appropriate ceremonies and activities during Constitution Week, September 17 through 23, as designated by proclamation of the President of the United States of America in accordance with Public Law 915,

NOW, THEREFORE, I Gary R. Cromer by virtue of the authority vested in me as Mayor of the City of

Mt. Vernon do hereby proclaim the week of September 17 through 23 as Constitution Week, in the City of Mt. Vernon, and urge all our citizens to pay special attention during that week to our Federal Constitution and the advantage of American Citizenship.

In Witness Whereof, I have hereunto set my hand and caused the seal to be affixed at 1:30 p.m. this Sept. 8 day of the year of our Lord one thousand nine hundred and eighty-nine and the Independence of the United States of America, the two hundred thirteenth.

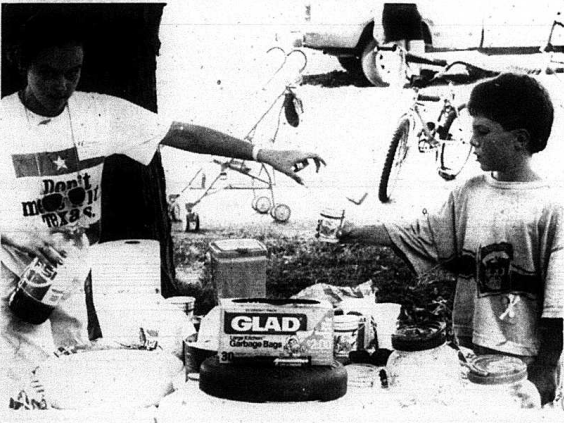

Signed Gary R. Cromer

Bike-a-thon, a great success story

Mrs. Louise Graves pins number 37 on Scotty Moore, just before he takes off to raise money for the fight against Cystic Fibrosis. Mrs. Grave's daughter Suzanne, who has cystic fibrosis, raised the most money of any of the riders with almost \$1,000 in pledges.

Jeffery Owens gets a cool drink from Becky Price during Saturday's ride around the streets of Brodhead. Several volunteers worked and watched as \$4,000 was raised to fight CF.

Cheryl Brown and 2-year-old Jared watched and cheered for daughter and sister Angie, during Saturday's bike-a-thon, which was the biggest money maker of the six held so far in Rockcastle County.

OUR SYSTEM'S NOT PERFECT, BUT IT'S THE BEST THERE IS

Great concern is often expressed about the policies of our public officials at all levels, including the person at the top and the legislators. It is well to remember, however, that one and all are bound by the restraints of our constitution, which even with its flaws will spell out exactly what they may or may not do, and can be changed only by certain prescribed procedures. Men and women come and go, but our laws remain steadfast, and they include the right of the people to replace those individuals who they feel have acted without the best interests of the nation at heart. Learn at your House of Worship that our laws are based on those of God. The word "liberty" is used throughout the Bible, and our laws are the best way to guarantee it for all time.

"The law made nothing perfect, but the bringing in of a better hope did, by which we draw nigh unto God."
-Hebrews 7:19

Liberty lies in the hearts of men and women. Where it dies there, no constitution, no law, no court can save it.
-Learned Hand

FAITH SHOWS YOU HOW TO BEAT THE LATE SUMMER DOLDRUMS

About this time every year, some of us experience a condition known as the late summer doldrums. Suddenly we long for the cooler, more colorful days of autumn that we see on the horizon, and this fills us with a listlessness and lack of purpose. If you are feeling these symptoms, there are remedies at hand. Do something! Write those letters you've been putting off. Clean out that closet and check your fall wardrobe. Take those things you never wear and give them to the poor. Above all, go to your House of Worship each week. It will help revive your spirits and renew your inspiration. Moreover, with a lot of the congregation still away on trips, your presence there will be appreciated more than ever. Faith knows no season, and there's no better time than now to reaffirm yours.

"To everything there is a season, and a time to every purpose under heaven."
-Ecclesiastes 3:1

Lam weary of days and hours. . . .
-Algernon Swinburne

More Tutors Needed

"We need more tutors," said Cindy Robbins, coordinator of the Rockcastle Literacy Council in an interview last week. She continued, "We have a waiting list of people who want to learn to read but no one to teach them."

Mrs. Robbins noted that there are approximately 60-70 people that are qualified to tutor in the county but few have come forward to volunteer to tutor an individual.

On Thursday, September 21 and on Saturday, Sept. 23 Operation Red will provide a workshop for those people who would like to become tutors. The sessions will be held at the Family Life Center School in Mt. Vernon beginning with an Inservice for certified teachers from 3 to 5 p.m., followed by certification training for new tutors to begin at 6 p.m. to 9 p.m. on Thursday evening. Teacher training will continue on Saturday from 9 a.m. to 5 p.m. Upon successfully finishing the full workshop certification will be provided.

Laubach Literacy program which is known the world over and thousands of students have been trained under that system. No special training is needed to take the tutoring course; only a desire to help others to learn to read. For further information call Cindy Robbins at the Mt. Vernon Library or the Family Life Center School in Mt. Vernon.

Since 1986 when the literacy program was started in Rockcastle County 100 people have enrolled in the literacy program to be tutored in reading skills.

According to Mrs. Robbins most of the adults that want to learn to read do so that they can read the Bible and the newspaper. Others want to eventually receive their GED certificate so that they can find better salaried jobs.

Presently there are 15 students being tutored in the Mt. Vernon Rockcastle area.

Upon completion of each level of learning to read skills the student is given a small gift as an incentive to

continue with the literacy program.

Funding for Operation Red programs are provided by the Literacy Commission in Frankfort and businesses in the area that donate also to it.

Sponsors and supporters of the upcoming tutor training Operation Red program are the Rockcastle Literacy Council, the Family Life Center School, Draubers Restaurant and the Mt. Vernon Signal.

Even though there are 5000 volunteers working to stamp out literacy in Kentucky there are still 400,000 Kentucky adults that are considered functionally illiterate and unable to cope in everyday situations where readings are required according to Mary Ann Roser.

In today's modern technological society it becomes even more necessary than it did a few decades ago to learn to read and later to complete high school and in many cases college training is also a necessity. Becoming a tutor and wanting to be tutored is one way the literacy problem can be fixed.

School Has Started. Watch Out for Our Children.

SLOW

Be alert to visual cues:

Watch for school zone signs, cross walks, school crossing guards, buses, and kids walking along the roadway. Around parked cars, watch for shadows and motion-signs that a child may be present.

SLOW

Slow down:

At only 20 mph, a car travels 41 feet between the time you see a child and actually stop. If you're sleepy or distracted, reaction time and stopping distances increase. Worn tires and wet pavement have a similar effect.

SLOW

Allow yourself time to react:

On two-lane streets, move as close to the center line as possible, allowing room from bicyclists and pedestrians. As mornings become darker this fall, drive with your headlights on so that you can see and also be seen.

SLOW

Use your horn judiciously:

A light touch is all that's really necessary, whereas a blast might scare a child.

SLOW

Use caution around buses:

Motorists are required to stop for loading/unloading buses and remain stopped as long as the bus has its red lights flashing and stop sign extended. However, drivers on multi-lane highways (more than four lanes) need not stop for loading/unloading school buses traveling in the opposite direction. Keep in mind that buses require extra room for turning at intersections.

SLOW

Be patient, particularly on the way home:

Risk of accidents is four times greater in the afternoon—due to human psychology. Drivers are less alert and are irritable after a long day at the office. Kids, however, are excited to be out of school.

As frustrating as it may be, keep your temper. Being two minutes late for dinner won't kill you or anyone else. Rushing just might.

Bobby Moore held following rape charges

By: Richard Anderkin

A Mt. Vernon man is being held in the Rockcastle County jail, after being charged with two counts of first degree rape.

Bobby Moore, 45, is being held under a \$25,000 bond after police arrested him for allegedly raping two of his step daughters.

According to police, the girls, both juveniles, swore out warrants for Moore. The first warrant was issued September 2 and the second one was issued September 11.

One of the girls alleges that Moore began raping her at age 12 and has done so for the past four years.

The other girl alleged in her statement to authorities that Moore has raped her several times since June 1.

In a court appearance Monday, Moore pled not guilty to both charges and District Judge Walter McGuire appointed a public defender.

A preliminary hearing has been scheduled for September 18.

Suspected arson

A \$500 reward is being offered for information leading to the arrest and conviction of persons that intentionally started a fire at the home of Glen and Trula Miller at Maple Grove, Wednesday night.

According to Miller someone poured gasoline on his garage doors at around 11:30 p.m. and set them on fire.

A passing motorist saw the fire and notified Miller's daughter who in

November ballot finds 37 who seek local government seats

By: Ray McClure

For those who thought the election was over and done with when they voted in the May primary, think again.

There will be 37 listed on the ballot at the November General Election.

There may be even more names added on election day. At least two others have been considering a write-in campaign. One of them may seek a magistrate seat. The other, Wayne Mounce, is seeking the District 2 constable seat. Mounce was defeated in the primary by Jim King.

Even today, many of the candidates are on the campaign trail, some have been active since the May primary.

"I always like to get a good, early start," one candidate said. "It takes awhile to get around my area."

Both candidates who are seeking the County Judge/Executive seat are campaigning and have been for over a month.

Republican Roland Mullins and

Democrat Gatliff Craig are seeking the post. Both are expected to wage a spirited campaign.

Both candidates are highly respected and both have been administrators and active in civic affairs. Mullins has been director of the Cumberland River Mental Health/Mental Retardation Center at Corbin. Craig was executive director of Cumberland Valley Area Development District at London until his retirement.

Both candidates are familiar with obtaining funding for projects in which state and federal governments are involved.

The winner will replace incumbent Judge Hubert Thacker who did not run for another term.

At Mt. Vernon, incumbent Mayor Gary R. Cromer is challenged by Charles "Tommy" Bussell, who is an incumbent city councilman. All city races are non-partisan.

Both have been active in city affairs. Cromer is owner of Appala-

chian Medical Equipment and Supplies Inc., in Mt. Vernon. Bussell is an employee in Berea College Utilities.

Another spirited campaign is in the offing at Brodhead where incumbent Mayor Billy B. Bussell is challenged by Mrs. Ruth M. Bussell, wife of city policeman Joe Bussell. Brodhead seldom has a lively election.

One other mayor, Billy A. Medley of Livingston, has no opposition for another term.

Another race that could be lively is for sheriff. Shirley Smith, a Republican and Wildlife farmer, is opposed by Democrat David F. Bishop, owner of David's Tire Center in Mt. Vernon.

Races for magistrate are on tap in District 1, 3, and 4.

In District 1, Republican Charles D. Holbrook, Brindle Ridge farmer, is opposed by Democrat Tom Wallin, an employee at Mt. Vernon Produce and custodian at the Bank of Mt. Vernon.

In District 3, Republican Clinton Brown, Ottawa farmer, is opposed by Democrat Gary Scott. Brodhead teacher and former magistrate, who was appointed by Gov. Wallace Wilkinson to fill the seat on the Rockcastle Fiscal Court vacated by Doug Bishop.

In District 4, incumbent Republican Magistrate and farmer Amos Barlette is opposed by Democrat Stephen Bullen, farmer and retired Rockcastle forest ranger.

Two incumbent magistrates are unopposed. They are Jack Bradley in District 2 and Donald Bullock in District 5.

In the District 3 constable race, incumbent Randall Stephens is challenged by Democrat E. Junior Daugherty.

There will be races for council and commission in the three cities. Seven candidates are on the ballot for the six seats on the Mt. Vernon.

Schools will need to remove asbestos; \$8.6 million budget

By: Jim Griesch

The Rockcastle County Board of Education voted to spend \$85,391 sometime next year on asbestos clearance when the old Mt. Vernon Elementary School building is torn down to make way for a parking lot for the new building.

The added expense is needed because asbestos removal was not contracted for, specifically, when demolition of the old building was first considered.

Barry Cooper, from Intertech & Associates of Monticello, told the board that asbestos isn't a dangerous problem at the site, but that the ever-changing whims and moods of the health bureaucracy could later cause an even more expensive headache, if the asbestos is not removed now.

Actually, the asbestos involved includes tiles and the paste holding the gym floor down, as well as insulation in a crawl space and tile and insulation in the concrete building currently being used to house some students.

Cooper said that none of that asbestos poses a threat to health, and probably wouldn't affect demolition, but could be an administrative headache.

There is money for the removal in the budget.

The board also approved both a general budget and a working budget for the 1989-90 Fiscal Year.

The new budget is for \$8,609,006.08, up slightly over last year's budget of \$8,402,968.

Of that amount, \$6,160,790.04 (or 79.4 percent) is geared toward instruction and students.

About \$4,908,292.04 is slated for instructional programs and teaching salaries. That's 57 percent of the total budget. Another \$96,000 is set aside for attendance services and health services, and an estimated \$700,000 is reserved for transportation.

Food services get \$475,000 more, and Chapter 1 programs have \$482,565 for them. Another \$178,933 is for special education and early childhood programs.

The working budget is much more detailed, and sets up costs for the day-to-day running of the system.

The system's finance officer, Richard Bray, shows \$455,000 expected from local taxes.

He pointed out that the system loses

about \$48,000 each year because of the uncollected and delinquent taxes in Rockcastle.

He pointed out that only 87 percent of the total available in taxes is collected each year.

Old Belly Acres property being cleared

By: Ray McClure

Jimmy Renfro watched patiently last week as bulldozers cleared the remains of old Belly Acres Restaurant on the Renfro Valley interchange of I-75.

Renfro of Flat Lick in Knox County, a coal mine owner and operator, pointed from time to time as bulldozers dug up slabs of concrete and cleared brush and trees from the three-acre area across the road from Derby City South Truck Stop.

An owner of the property along with John Cottrell of Barbourville, also a coal mine owner and operator, Renfro was emphatic. "The site is not for sale, True, I've had calls about it, but I have other plans at the moment." He did not elaborate.

Rumors have persisted that the property had been sold to a fast food chain for a million dollars. Renfro admitted he had had some fantastic offers, but he repeated his earlier statement that the property is not for sale.

Renfro, whose ancestors lived in Renfro Valley and after whom the valley is named, said he had relatives

Workers have been clearing the old Belly Acres Restaurant property at Exit 62 off-75 on US 25. The owners say the property is not for sale.

Dear Editor,

The League of Women Voters of Kentucky calls on our representatives in Washington to commit themselves to meaningful debate on a vitally critical issue facing the American electorate: campaign finance reform. Partisan politics has so far placed the issue in "committee limbo." With the House and Senate soon to convene and 1990 races looming, Congress must act now.

The average price for a successful congressional race in 1988 was approximately \$3 million for a Senate seat and \$350,000 for a seat in the U.S. House of Representatives. Total spending for those congressional campaigns exceeded \$450 million, representing nearly a four-fold increase in current projections. The 1990 federal races will continue this pattern of escalating campaign costs. These staggering figures have set up prohibitive financing hurdles for qualified candidates and are largely responsible for the increasingly influential political role special interest groups have with elected officials. Special interest groups contributed almost 34 percent of all receipts for House and Senate races in 1988, with an even higher percentage earmarked for ranking congressional members. More and more, calls for the reform of present campaign finance rules are being heard from all sectors, including incumbent politicians.

The League of Women Voters of Kentucky urges Congress to enact comprehensive legislation that will:

- 1) curb the undue influence of large special interest group contributors and wealthy individuals;
- 2) provide public benefits for congressional candidates who accept voluntary spending limits;
- 3) restore federal tax credits for political contributions by individuals;
- 4) provide for limits and full disclosure on such questionable campaign practices designed to circumvent existing campaign laws such as "soft money" and "bundling" of contributions;
- 5) repeal the "grandfather clause," which permits certain members of Congress to retain unpaid political contributions for personal use once they leave office;
- 6) support reforms that will enable the Federal Election Commission to more vigorously monitor and enforce campaign finance laws.

By acting now Congress can enable future candidates to compete more equitably and effectively prevent the undue influence on elected officials. Without action, suspect campaign spending practices, will undoubtedly further erode both the confidence and trust of the American people in our representative government.

Sincerely,
Mary T. Wakfield,
LWVKY President

A big "thank you"

Dear Editor,
I would like to take this opportunity to give a very special thanks to everyone who helped me out during my recent fire on August 16th at Valley View Apartments.

Those who helped me were Reverend Eddie Hammonds of First Christian Church, all members of First Christian Church, Daniel Boone Weatherization, Mt. Vernon Fire Department, WVKY for announcing things we needed, Social Workers at Social Services Office, Dr. Lee Cain, Tex Amy, Jimmy Clark, Christian Appalachian Project, Tom Denny and everyone else who donated clothes and things and a very special thanks to the Red Cross, all crew working on the new Comprehensive Care at Valley View Apartments, my mother and father, Mr. and Mrs. Jerry and June Harper, Mrs. Linda Denny and her daughter Miss Patty Clark. I don't know what we would have done if it hadn't been for all these people. Again thank you all so very much and God bless you.

Sincerely,
Lorlee Duncan and children

Dear Editor,
The Mt. Vernon PTA has just started its first membership drive! We would like to thank the following businesses for their support! These businesses have not only joined the PTA, but they have also offered special discounts to those who are carrying a current 1989-1990 PTA Membership card.

Drunth's is offering 10 percent off of all purchases (does not include other discounts, and inside dining only) Sept. 11 - Oct. 11.

Pizza Hut is offering 10 percent off all purchases (does not include coupons) Sept. 11 - Dec. 24.

Mt. Vernon Florist is offering 5 percent off through Christmas

Video Alley is offering 20 cents off of each video rental (no coupons) through October 11.

Video Fantastic has given a certificate for a drawing of all of those that have joined the PTA by Friday the 15th for five free movies.

As you can see this year we have a lot of support from our local merchants. Some people are under the impression that you have to have a student in school in order to support the PTA, that is not true!!! Any one that cares for the welfare of our students are able to join. It only costs \$2, and as you can see by our discounts, you will more than get your money back! Any one interested in joining the Mt. Vernon PTA, please come by the school during school hours and I will be glad to sign you up!

Thank you so much
Chlydia D. Howland

Fairview

By: Mrs. Hubert Chasteen

Greetings to all you good people everywhere. Hope you are well and happy.

To all those in nursing homes, hospitals or in their own homes, who are ill, depressed, or hurting in any way, just remember that Jesus loves you, we love you and you have our prayers and concern. God bless you.

Our love and prayers also go out to the many good ministers who are preaching God's Word to a lost and dying world. Hope all you good people love your pastor as we love ours at Fairview.

Rev. Harvey Pensol filled his regular appointment at Fairview over the weekend with good attendance. Sunday School attendance was one hundred and thirty two. Thank the good Lord.

We met the first time last Friday evening at the church for a special prayer session for our Fall Revival which will begin Sept. 24th. Evening services begin at 7 p.m. with evangelist Rev. Jack Bruce. Our next prayer session will be Friday evening Sept. 15th at 7 p.m.

Thank the good Lord for the rain we've had this morning -- also for our crops and good gardens we've had this year. We ladies have been very busy canning, freezing and drying the good fruits and vegetables God has blessed us to have. We thank Him from the bottom of our heart for being so good to us.

Mr. and Mrs. William Cope and two children of Dayton, Ohio spent a few days last week-end with his mother Mrs. Mary Cope. Mrs. Cope is blessed with a wonderful family -- all her children are so good to her.

My adult Sunday School class enjoyed a delicious meal and evening of good fellowship at the home of Luther and Nancy Isaacs on Saturday. Some were unable to attend, but those present were Luther and Nancy and two daughters, Jennifer and Carol; Ken and Kitty Canterbury and two sons; Jimmy and Judy Cummins and daughters Dreama, Jamica and Monica, and myself. Guests attending were Janet Ridgell and daughter Sherry and Loyd Pickle and granddaughter Nicole Pickle. Luther and Nancy and daughters have recently moved into a lovely new home and they all are so happy and we are happy for them. We thank them for the good time we had and pray God's richest blessings upon them. All my Sunday School class members are very dear to me, I love them very much.

Mr. and Mrs. R.J. Ridgell and Sherry visited his parents Mr. and Mrs. Elmer Ridgell of Corbin on Sunday.

Recent guests in our home have been Joyce and Kim Seals, Wayne and Carolyn Chasteen and sons David and Diarryl, Tip Reppert and Mrs. Annie Chasteen.

Remember church and Sunday School. Pray for one another. To all you young people I'd like to say - "Stand up for everything that's right" "SAY NO to drugs and YES to life" God bless you.

Conway Sunshine Homemakers

By: Sandi Thomas

The Conway Sunshine Homemakers met Saturday, Sept. 7th at Conway Fellowship Hall at 7 p.m.

We held our elections and filled our calendar books out. We also discussed ways of getting in touch with people who might be interested in joining a homemakers club and decided to make a list of people and send invitations to them for our next meeting which will be Oct. 7th at 7 p.m. at Conway Baptist Church.

We are looking forward to some new lessons and learning new crafts. Some are also enjoying finding out what some of us did over the summer and what new projects we hope to do!

Our new president, Linda Williams, reminded us of our Teddy Bear project for Rockcastle County Hospital during Christmas week and collecting food for a needy family, in our own area, for Christmas.

It looks like we will be a growing club this year. We are always looking for new faces with new ideas on crafts and cooking; new projects for young mothers with small children, new decorating ideas on small budgets, etc.

Come as our guest on October 7th and see if you would like to join our club and share your talents with us and we may share ours with you.

After eating some delicious finger sandwiches and fresh fruit. We adjourned our meeting until next month.

Wedding Bells Chime

By: Zi Graves

When the "love bug" bites it is no respecter of persons. Old and young alike are affected.

The wedding on Monday, Sept. 4 was one where a senior couple, Pauline Kiger, Mt. Vernon and Ishmael Tackett, Apache Junction, Az. were the victims. But unlike most bite victims this was a happy couple and they went merrily on their way after a beautiful wedding ceremony at the Mt. Vernon Pentecostal Church. The minister Buford Parkerson officiated at the ceremony.

Pauline was dressed in a pale peach crepe and lace, ankle length gown and carried a white Bible with a small bouquet of rose buds and baby breath with white ribbon streamers. The bouquet of rose buds was in honor of her great grandchildren.

Her attendant was her daughter, June Sears of Cheviot, Ohio, who was dressed in a floor length pale blue

gown.

Ishamel's attendant was his daughter, Margaret Ann (Peggy) Daley of Houston, Texas, and she wore a medium blue ankle length dress.

The simplicity of the wedding added to the charm and beauty of such a joyous occasion.

Chad Abney, great nephew of Ishamel and Jason Wilson, sang the "Lord's Prayer" and it was an appropriate blessing for the couple.

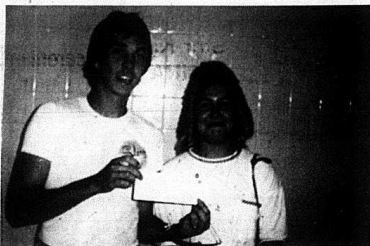

After the ceremony, and best wishes were offered, everyone was invited to the reception room where a table was spread and filled with - you guessed it - food. The main attraction being two cakes made and decorated by Clara Fields. One iced in white the other chocolate with appropriate decorations. This was a complement to the two large punch bowls of pink punch that was constantly being refilled.

After a couple of days away, they

Accidental Discovery May End Obesity

WASHINGTON - Obesity may be controlled naturally with a new type of pill, discovered by accident, a research scientist confirmed recently.

In studies, scientists noted an unusual side effect. Patients receiving an ingredient in what is now being called FS-1 all lost weight, while body weight in control groups remained constant.

Scientists say the mechanism behind the weight reduction is not clear, but suggest it is partially due to a decrease in the intestinal absorption of calorie-rich dietary fats. Although scientists for some time have known of substances with the capability of producing this effect, the dramatic impact on weight reduction was not known until recently.

The director of research and development at National Dietary Research, an organization committed to the investigation and research of nutritional solutions to world-wide health problems, stated, "The mechanism by which FS-1 works to decrease body weight is actually a more complex and sophisticated process called nutrifinding. When chewed and swallowed immediately before meals, FS-1 releases nutrients with low calorie content into the body, while high-calorie fats are eliminated, thus providing optimum nutrition and a minimum number of calories."

Studies with FS-1 indicate weight loss results clearly superior to products currently available for the treatment of obesity. In a comparative study by NDR, whose research topics have been the subject of articles published in recent medical and nutritional journals, FS-1 was found to be the most effective treatment for obesity and the most acceptable to patients.

The discovery comes as welcome news to thousands of obese sufferers waiting years for this type of breakthrough. According to a spokesperson at NDR, FS-1 can be made available to the public immediately, because it is not a drug and contains only natural ingredients recognized as safe. A drug with essentially the same weight loss capabilities might take as long as eight years to be available, due to lengthy delays encountered in the approval process. FS-1 is currently available on a limited basis through physicians and pharmacies. An instruction sheet for proper use and optimum results is provided with each bottle of 100 tablets.

- Tract #2** - 32.8 acres - south side of Line Creek road - mostly woodland with few acres cleared.
- Tract #3** - 67.397 - south side of Line Creek road - old Cooper School property - most all woodland.
- Tract #4** - 48.46 acres - north side of Line Creek road - some woodland and bottomland.
- Tract #5** - 41.2 acres - north side of Line Creek road and adjacent to the Buffalo road - mostly bottomland - improved with the pictured barn.
- Tract #6** - 35.4 acres - north side of Line Creek road and adjacent to the Buffalo road - mostly all bottomland.
- Tract #7** - 74.2 acres - fronts on the Buffalo road - forest land.
- Tract #8** - 95.86 acres - fronts on the Buffalo road - mostly all forest land.

Auctioneer's Note: Whether you're a farmer looking for some good bottomland, a hunter, conservationist, timber buyer or investor, you should look these tracts over before sale day. The property is accessible enough to be convenient, yet remote enough to ensure privacy. Remember, it's an absolute auction, the last bid will buy! No minimum, no reserve!

Your Forest Ranger

By: Marvin L. Stone

Tree planting season approaches

Many people who would like to plant trees don't realize you can plant in the fall as well as spring. For many people it may be inconvenient to plant trees in the spring, as other farm jobs may be more pressing at this time. Luckily for the farmer, he can plant trees during the fall when other work is not as pressing. The fall planting season is from mid-November to mid-December, and is an excellent time for tree planting. During this time, winter rains keep the trees alive through the process of establishing roots in their new home. During the spring, a long dry spell can occur after the trees are planted and can result in poor tree survival.

Like any other crop however, it takes time and proper management to grow trees. Some safe guards must be followed to insure a successful plantation such as planting the right species for a particular site and using good planting techniques.

In fall planting this includes mak-

ing sure there is at least a grass cover on the ground so that the trees aren't damaged by frost. Trees on bare ground are forced out of the ground by alternate freezing and thawing.

Once established, the trees should be properly cared for, by doing necessary cultural work, and protecting the trees from insects, diseases, grazing and wildfire.

Assistance in the forms of technical advice is available to woodland owners through the Kentucky Division of Forestry to assist landowners in proper forest management. Monetary assistance is also available through the Federal Forestry Incentives Program which is administered through the County ASCS Office.

If anyone is interested in tree planting they should contact the County ASCS Office or the Kentucky Division of Forestry, P.O. Box 130, Pineville, Kentucky 40977, phone 606/337-3011. Remember, it's a good idea and profitable too, to plant trees on idle acres. So sign up today and watch your investment grow. Also you can contact county ranger Marvin L. Stone at 256-5031.

Schools

(Continued from Page A-1)

The tax rate was also set Tuesday night. Property such as real estate will again be taxed at 29.9 cents per \$100 evaluation, just as it was last year. Motor vehicles will be taxed at 11.2 cents, the same rate since 1982-83.

The budget shows the \$8 million figure as expenses, and only \$7,621,473.72 expected in receipts. But, Bray said, the schools began the Fiscal Year with about \$900,000 in the bank.

Of that amount, \$350,000 is being put aside to pay for the construction at Roundstone School, leaving an effective balance of about \$500,000.

Board chairman George Poynter made a nice point when he asked

what the average monthly cost of running the system is.

Bray said it would be about \$700,000 spread over 12 months.

Poynter was trying to show that \$500,000 sounds good, but isn't enough to run the system for just one month, without money coming in from the various sources.

The local tax money represents just six percent of the total budget. State funding -- \$5,843,771.72 -- is 76.7 percent of the total budget.

Federal funds for food, special education, Chapter 1, some vocational programs and some early childhood programs amounts to \$1,210,702.00, or another 15.9 percent.

Only 1.4 percent of the budget -- from interest, the sale of equipment, textbooks at the high school, and facilities rental -- comes from other sources locally.

Power equalization money -- \$438,683.78 -- was accepted and divided into four state-specified areas.

The largest amount, \$218,189, goes to supplement teachers' pay for those needed to teach and keep the system from going over the mandated caps in class sizes.

Shots fired

hit the house, which is located in McGuire subdivision.

Police have made no arrests, but several additional officers have been placed on duty in Rockcastle.

Boom Boom Reports

After a brief campaign venture through the Fifth District, Boom Boom speculates that all bureaucrats have placed themselves on too high a pedestal, received too much sunshine, wilted and are falling to the ground. In the future, let us be wary of these free loaders, lest they drag us down and destroy us all.

I will petition the Congress of the United States to demand all bureaucrats post their exorbitant salaries, wear badges, inform taxpayers concerning location of public troughs -- as we, the taxpayers, are the employers of the bureaucrats at least we deserve to watch as they do us in.

Concerning one farm product: If tobacco prices had maintained the same price index as bureaucrats salaries, the farmer would be receiving \$28 per pound for this product. Other farm products are in even worse condition - something must happen.

Another \$49,723 goes toward teachers' salaries. The state is paying each teacher an average of \$315 this school year.

Another \$169,237.78 has been earmarked for the employment of non-administrative personnel, aides, and other support people.

And, \$21,534 is budgeted for aides who have non-teaching supervisory jobs so that teachers may have duty-free lunches, a state mandate.

In another big-ticket item, the board approved spending \$157,628 for six buses. Transportation director Larry Hammond said that's about \$1,000 more per bus than last year.

Four of the buses will be 64-passenger buses. One will seat 34, and the other will hold 19.

All are diesel-driven, have the latest in safety equipment, including a roof-level escape hatch at push-out windows.

All will replace existing buses, and will pay for themselves through state aid over 10 years.

In other non-personnel matters, the board:

- approved a new Chapter 1 parent involvement policy. New federal laws require a parent committee, which oversees and opens new policies dealing with Chapter 1 programs.
- accepted the state's accreditation report from this summer. That report was presented locally at a public hearing on August 3 at the high school.

- approved a review of athletic program procedures already in use.
- approved for the record re-bids on two items of the Roundstone construction. Roofing went to Dixie Roofing at \$14,845. Windows go to Central Kentucky Glass for \$9,339.

- approved an additional \$1,477 in costs to bring a dust collection system at the high school up to par. The system as is does not have enough power to do the job needed.
- approved three field trips. Sixth graders at Brodhead will visit the planetarium at Eastern Kentucky University and the high school journalism class will visit EKU on Sept. 22. The high school FHA class will go to Jackson County High on September 30.

- recognized a Bond of Depository with Bank of Mt. Vernon to secure money on deposit there.
- okayed a fund-raising project to sell floral plants by the Mt. Vernon School PTA.
- approved the annual performance report, which is to be submitted to the state department of education.

- announced a special board meeting at 7 p.m., Tuesday, Sept. 19, which will be devoted to reports on instructional programs.
- announced that the Oct. 3 board meeting will be at Brodhead Elementary, and that the county's 4-H people have invited the board to eat supper at 6:30, before the 7 p.m. meeting.

City Council.

They are incumbents Wayne Adams and Clarice Kirby, and new-comers, Billy Doan, William Cash Jr., Lloyd Cain, Arthur "Ot" Bond and Bobby Bailey.

Rumors have persisted that at least one of the candidates may withdraw. If so, the six remaining candidates would automatically be elected without balloting.

At Brodhead, five candidates are seeking the four seats on the Brodhead City Commission. They are: Incumbents, Paul D. Owens, Eddie Cash, D.A. Robbins and Johnny Wilcox. The one newcomer is Keith Willis.

Six candidates are seeking four seats on the Livingston City Commission.

They are incumbents Todd Mink, Margaret Burdine and Earl Baker, and challengers, Terry Salyer, Denver Howard and Billy Mason. Incumbent Denver Mullins did not run again.

Farm HOTLINE!

The Kentucky Department of Agriculture is operating toll-free hotline for Kentucky farmers needing assistance in responding to loan delinquency notices from Farmers Home Administration.

FmHA recently sent notices to approximately 300 Kentucky farmers who were at least 180 days behind on loan payments. Those farmers have 45 days to respond to the initial notice. Those who fail to respond could face foreclosure.

Farmers needing assistance can call the hotline at 1-800-541-6401 between 8 a.m. and 4:30 p.m., Monday through Friday. A department employee will be available to answer questions pertaining to the process for responding to the notices. The department also can refer callers to financial counselors who are qualified to help farmers complete the FmHA forms.

returned to show some of the Kentucky scenery to his daughter and son-in-law, to whom Kentucky is new and exciting.

Pauline and Ish will be leaving soon for a motor trip through the south where each has relatives and friends. Then they get westward toward Arizona, his home, where they will spend a part of each year.

Isn't love and retirement exciting and wonderful?

Good Luck you two— Besides the local guests and Mrs. Tackett's two other children, Bill and Maxine and Keith and Pat, they were honored by several out of town guests.

They were: Emily Glover and Elizabeth Mullins of Broadhead, Herbert Tackett, Tackett (Bud) and Lynn Bares, Cincinnati, Ohio, Jim and Peggy Daley, Houston, Tx., Craig Kincer and Kyle, Mason, Ohio, June Sears, Cheviot, Ohio, Kim, Larry and Corey Lane, Columbus, Ohio, Nita and Don VonBargen, Blue Ash, Ohio, Vi and Lee Bailey, Sharonville, Ohio, Donna Morahan and children, Sharonville, Ohio, Biff and Donita Conrad and children, Fairfield, Ohio, Bucky and Irene Buehle, Gary and Carolyn Hulse, Milford, Ohio, Carol Lever, Cincinnati, Ohio and Joanne Rogers, Mainville, Ohio.

CHARLTON HESTON FOR CONTEL

Some companies will tell you how hard they work to serve their customers. But we'd rather let our customers be the judge of that. That's why we introduced the Customer Satisfaction Index, a "no holds barred" survey conducted by an independent organization.

It asks customers to rate us in critical areas of service. And instead of taking a survey once in a blue moon, we take it once a month. So even though we got good marks last month, we have to answer to you again this month. That's the whole idea behind the Customer Satisfaction Index.

If we go out of our way to get your comments, we'll go out of our way to live by them.

They've started already with the winter weather forecasting gimmickery at the big state papers. Somehow its newsworthy in Lexington Herald Leader columnist Dick Burdette's judgement that Dick Frymire has issued his 24th annual winter weather prognostication. I don't see matter the Frymire is perpetually wrong. Burdette makes sure it gets in the paper.

I read the forecast as usual and I believe that Frymire has beaten the odds after all. I don't think you could try to be as wrong about the forecast as he has been over the years and do it. He's taken random guesses so many times that the odds are almost overwhelming that he'd be right once in a while. It's actually happened maybe three times.

The truth of the matter is that it's too early for any reliable weather information to be around. I'll be at the Woolly Worm Convention next month and will let you in on the scoop as usual. In the meantime don't be paying much attention to what you read from the urbanites. I already know a few things that you won't have to worry about this winter though.

The big one that I'm looking forward to has to do with my lawn. I feel sure that it will stop growing before the end of October. Frymire likes to be precise in his predictions so I'll be likewise in this one. I predict that I won't have to mow my grass again after October 24 or before April 15, 1990.

Also, October 24 is the latest date that you will be irritated over the fact that your car has a problem associated with the air conditioner. You will be pleasantly comfortable without it and it will not cause your motor to overheat and embarrass you in traffic. You will notice a dramatic increase in your automobile's gas mileage and you will notice that the gas has more power. You will cease to feel guilty that your air conditioner is destroying the ozone layer which should make you sleep much better than you were able to all summer.

And that's not all. You can stop worrying about the weeds in the attic after October 24. They will simply disappear for awhile. You can also take down the fly paper, stow away the swatter and make sure you put that new can of RAID so that you can remember where it is come May of next year. I know you believe that it vanishes before spring, but try anyway. Even Frymire has been tight a time or two.

Those of you with tick phobias may

take long walks through the park and actually concentrate on the surroundings instead of worrying about all the stuff you'll surely catch if a tick gets on you. Won't be no ticks around after October 24. Take my word for it. Enjoy yourself outside. Even chiggers and poison ivy won't bother you. No fear of snakes? Not to worry. I hereby predict with full confidence that there won't be a poisonous snake bite reported out side of a snake handling church between October 24 and the first of next May in all of Eastern Kentucky. Won't be any mosquitos either and that's a blessing. It's gotten to the point that I just about as soon put up with snakes. I've hunted stuff with a shotgun smaller than the mosquitos in Paint lick. And they can take a vial of blood out of you faster than a school nurse.

Go ahead and get the sweaters out of storage and let them be airing out over the next few weeks. You'll need a sweater if you venture outdoors much after October 24. I'm not sure what kind of coat you'll need to keep handy yet. But like I mentioned before, The Woolly Worm Convention is coming up and I'll have a full report so that you can decide for yourself what kind of outer garments you can figure on needing. However, I can almost guarantee that you'll need a sweater.

Christmas is almost sure to come on December 25. Lord I dread that already. You won't be able to get through town after the first of December because the streets will be crowded with folks frenzily spending the milk money purchasing clothing that doesn't fit, tools that have no utility, fishing tackle for men that never wet a line in their lives and never will, pajamas for men that won't wear em, perfume that will make women break out in hives, shavers for folks that already have thirty and socks. I'd like to have a penny for every pair socks that will be bought this Christmas.

"I don't know what to get her", Loretta says about a dozen people every Christmas.

"Try socks", I tell her. That's what everybody gets me. I've got 1967 vintage socks still wrapped and mounted on those little miniature clothes hangers they used to hang 'em on the display rack at Hoover's bargain basement in Whitesburg.

Here's the last prediction. I have more but the editor says I'm out of space.

During the Christmas Shopping Season of 1989, Hoover Davahare will advertise a special on socks proclaiming that they've been known to last twenty two years.

Around Brodhead

By: Mary McWhorter

I had a good surprise and short time visit Saturday afternoon from my step-daughter-in-law, Linda Griffin McWhorter, Kessinger and husband Bruce and Dennis of Berea were Sunday visitors of Mr. and Mrs. George Adams and Mrs. Bertha Stephens.

Saturday visitors of Bertha Adams were Phyllis Deatherage, Ronnie Leon of Clarkson and Linda's brother J.C. Griffin and wife Alene of Frankfort. They said they had really enjoyed a good dinner at Jean's Restaurant before visiting me and were on their way home.

Mr. and Mrs. Bruce Sargent, Danny Bruce and Dennis of Berea were Sunday visitors of Mr. and Mrs. George Adams and Mrs. Bertha Stephens.

Butch and Lana Adams spent Labor Day Weekend with Bertha Adams. Carolyn McKinney and her mother Bertha Adams were in Mt. Vernon on business last week.

Mrs. Velma Pingleton of West Chester, Ohio was Sunday night visitor of her mother, Mrs. Cuba Croley. Mrs. Mamie Halcomb, Jerry Burke and Mrs. Stella Burke, all spent Labor Day Weekend in York, S.C. visiting Herbert Halcomb and family. Eugene, Sue and Tena Halcomb also spent the weekend in S.C.

Bobby Bowman had the misfortune of breaking his arm and shoulder due to an oil tank falling on him. He is a patient in Patie A. Clay Hospital at this writing. Our prayers are for him.

Walter Doan is slowly improving at his sister's home in Somerset. His wife Mae is with him also.

Herbert Ray and Diane Adams of Somerset were recent visitors of his mother Mrs. Lena Adams.

Mr. and Mrs. Walter Adams and son Johnnie and Irene's sister Grace of Stanford are spending this week in Albany, Georgia with Danny and Joann Price and children.

Brother Paul Carmichael and wife Millie of Cincinnati, Ohio spent Sunday night and Monday with Joe

and Ruth Bussell. Wayne and Debbie Price were in Somerset for a birthday supper in honor of Brenda Price and Doug at the home of Chet and Judy Price.

Others attending were Arlos and Martha Proctor, Butch and Sharon McKinney and son Christopher, Alia and Beckie Price.

Rick Bussell who is recuperating at his home after spending time in the hospital, due to a back injury, visited his parents Dee and Mary Sunday. He is feeling some better and will know more after his visit with his doctor in Lexington.

Eddie Hart of Somerset was a recent visitor of Billy and Wilene Bussell.

Mrs. Novena Proctor had more surgery on her foot and is recuperating at the home of her son Bob and Clara Proctor.

Mrs. Alfair Burkhardt attended seven nights in a meeting at West Brodhead Church of God. A preacher from Jamaica was the speaker. She also attended the Senior Citizens Retreat from Church of God, three days in Lexington recently, and a homecoming at Brodhead Church of God Sunday.

Visitors of Bob and Mary Adams were James and Leona Clark of Stanford, Dorald Hurley and wife Margaret of Louisville, George Mobley and wife Anna, Alvin Earl Whitaker and

wife Dorothy, all of Boone County and Mary McCullah of Mt. Vernon.

Weekend visitors of Mrs. Bertie Taylor were Mr. and Mrs. Charles McWhorter of Louisville and Mr. and Mrs. Levi Burns of Indiana.

Mrs. Edith Lowery of Somerset, Edward Thompson, Kenneth and Georgia Thompson all enjoyed a cookout at the home of Mrs. Irene Taylor on Labor Day.

Fairview Church of Christ enjoyed a picnic dinner at the Quail Community Park after service Sunday.

Eddie and Sharon Durham of Fairfield, Ohio visited her mother Janet Hampton, also her grandmother Mrs. Lafa Bussell and Eddie's father, Lee Durham, in Livingston.

Mrs. Lou Payne visited her doctor in Mt. Vernon Monday.

Mr. and Mrs. Carl Gill went back to their home in Frankfort Monday after a two weeks stay at their home in Brodhead.

Bob Lear is still improving and enjoys company, he says, come by any time and chat awhile with him.

Mrs. Alma Adams was admitted to the Central Baptist Hospital in Lexington for surgery Sept. 12. Our prayers are for her.

Mrs. Kaite Doyle attended a homecoming at Randall and Thelma Adams home on Chestnut Ridge Saturday afternoon. A large crowd and good time was had by all.

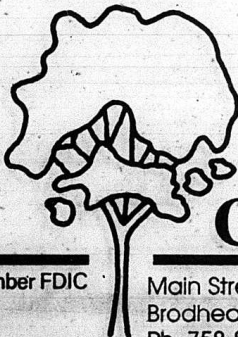

Citizens Bank President Bobby Proctor talks with Mabel Mize owner of Foodland.

It takes more than just opening your doors to make a business successful. It takes long hours, hard work, employee management and, most of all, good financial planning.

At Citizens Bank, we certainly appreciate all of the efforts of successful businesses such as Foodland of Brodhead and we are always ready to help in any way, especially in financial planning.

Successful businesses like Foodland are one of the biggest reasons we are successful at Citizens Bank -- the bank that is striving to meet the needs of our county.

Support education in the Fifth

Rockcastle Forward in the Fifth is an independent community-based organization formed for the purpose of improving the quality of education

in Rockcastle County. Resources are directed toward areas of need and are allocated for worthwhile programs in a stable, equitable, and timely manner. We seek community involvement and support for our schools, encouraging open communication between the community and schools in order to increase community confidence.

This organization has sponsored numerous mini-grants to teachers in each of our five schools, thereby making it possible for children to have various educational experiences outside the regular classroom. It has sponsored a work-study program designed to keep students in school and to reduce our number of drop-outs. It supports regular attendance among all our students and provides encouragement.

You can be a vital part of Forward in the Fifth and are encouraged to lend your support to this positive organization by completing the form below and mailing it with a two-dollar membership fee to Gary Eldridge, president, Forward in the Fifth, Rt. 3 Box 35, Mt. Vernon 40456.

Academic Teams

R.C.H.S. NEWS

The Rockcastle County High School Academic Team has named members for the 1989-90 season.

Seniors include Chad Abney, Kim Barnes, Brandi DeBore, Angela McKinney, Carrie Mullins, Kevin Rowe, and Michael Singleton. Juniors chosen were Cindy Gregory, Michelle Hamm, Chuck Mink, Robin Mullins, Anita Sowder, Chris Thompson and Jason Willis. These students will play variety level and are coached by Mrs. Janet Wells.

Sophomores and freshmen play on the junior varsity level. Sophomores are Matt Bryan, Andrew Martin, Anthony Mink, Scott Mullins, and Stacy Smith. Ninth graders chosen were Trent Clark, Marilyn Coffey, Callie Mullins and Adam Trebilo. The J.V. Coach is Mr. John Wells.

Both teams have a 24-game season, beginning at Putaski County on Thursday, Sept. 28. RCHS will host games on Oct. 5 and Nov. 14 in the RCHS Library. All games begin at 5:30 p.m.

RCHS has also been chosen to tape "In The Know", an academic contest on WLEX-TV, channel 18, in Lexington. Details on the air date will be announced later.

Health Care at its best

X-Ray Technician Mark Whitley operates the C.T. Scanner.

One of the reasons that the Rockcastle Hospital has become one of the most well-equipped hospitals of its size in the state, is our commitment to modern technology. One example of this commitment was the recent addition of the computerized C.T. Scanner, which is used to make complete images of the brain or other body members that can be viewed on a monitor or film.

This technology is just another step in providing the kind of health care you expect from the hospital that is -- "Growing to meet your needs."

County schools 42nd in state management study

By: Jim Griesch

Rockcastle County school officials were surprised, but pleased, by the latest "Management Study Data" which lists the county system as the 42nd most effective, managed among the state's 177 school districts.

Rockcastle had a score of 2,147. Low scores, as in golf, are good. The county got its best scores in the percentage of money in the budget that goes toward instruction. In 1986-87, Rockcastle was No. 2 in Kentucky, and last year was 30th.

The system also got high marks in the percentage of budget for maintenance, 8th in 1986-87, and 17th in the 1987-88, and for the percentage of

budget used for administration, 28th in 1986-87 and 31st last year. The system also was 25th two years ago in money invested, and 31st last year.

What the study shows is who is, and who isn't effectively spending money to teach the state's school children.

Over a dozen factors are combined to rate the schools. Others included are such items as:

- The percentage of the district's budget used for the operation of buildings;
- The deficit of a system's general fund;
- Measuring how efficiently the district spends money on transportation;

tion;

- A measure of classes taught by teachers out of their field;
- The percentage of teachers with master's degrees or higher in a district;
- Student attendance and drop-out rates;
- Test scores;
- The ratio of non-certified personnel to certified staff (last transportation staff).

Rockcastle officials had not received a copy of the study Tuesday, and were not aware of where Rockcastle stood in any one of the categories.

Local officials are also maintaining a low profile on their standing,

pointing out that districts often jump or drop wildly from year to year, depending on a number of things.

Gordon Nichols, an assistant state superintendent, said that Rockcastle could really shoot up with increased test scores and attendance figures, as well as teacher attendance.

Teacher attendance in Rockcastle last year was about 97 percent, which Nichols said reflected good morale.

When informed of the district's 95.96-percent attendance rate for students, he said that would boost the school's standing significantly.

Student attendance was only 14.3rd in 1986-87, and 152nd in 1987-88, the two years covered in the study.

Several factors create problems

figuring relative costs and worth. The number of buses bought is one.

Districts with a number of older buildings, and districts going through a flurry of building projects will also have their budgets stretched out of line.

The age and condition of buildings will affect both the operational and maintenance budgets of any district.

However, some of the subject criteria are fairly stable, and should not jump wildly from year to year.

Among them are such things as the percentage of administrative costs, student attendance and drop out rates, and the percentage of teachers with advanced degrees.

Minor changes could be expected in those categories, but not drastic

changes.

Superintendent Bige Towery points out there is no deficit in the general fund.

"On June 30 (the end of the system's fiscal year) we had over \$900,000 in the bank. Even adjusting that to pay for the Roundstone addition, we still have over \$500,000 in the bank."

And, the system had 73.2 percent of its teaching staff holding master's degrees in 1987-88.

Rockcastle also ranked just 147th in transportation.

Both Rockcastle superintendent Bige Towery and Nichols felt that the transportation figure would be hard

Two indicted, preliminary hearings held

Two men have had a preliminary hearings in Rockcastle District Court following their indictment by a Rockcastle Grand Jury.

John H. Hurt, 32, of Covington, is charged with driving under the influence of alcohol, operating a motor vehicle on a suspended license and possession of cocaine.

Hurt was arrested when he was stopped by police on suspicion of DUI, and police found two bags of cocaine.

He posted bond for his appearance Oct. 27.

Dwight D. Hughes, 36, of London, is charged with flagrant non-support.

He posted bond for his appearance on Oct. 27.

Mt. Vernon council plans called meeting

There will be a called meeting of the Mt. Vernon City Council at 7 p.m. Monday at city hall.

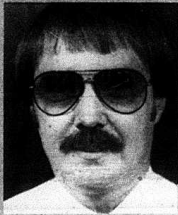

On the agenda will be the annexation plan for the city. At the council's regular meeting Sept. 5, only three councilmen were present, not enough for a quorum, so the meeting was officially postponed until Monday.

The public is invited.

Own experiences help form ideals held by county's top teachers

By: Jim Griesch

High school teacher Iris Young, junior high teacher Betty Henderson, and elementary teacher Charlie Napier are the Rockcastle system's Teachers of the Year for 1989-90.

Each teacher in the system was eligible to apply for the award. Each elementary school could nominate one from grades Kindergarten through sixth, and one from grades seven and eight, and the high school nominated one.

From there, the county-wide honorees were selected by a committee -- Phyllis Bullock, Eddie Hammond, Neurel Miracle, and Cathy Bailey -- based solely on detailed applications turned in by each of the school-level winners.

The facilities from Roundstone and Livingstone elementaries did not participate.

The Rockcastle teachers will be part of a state-wide honors dinner in Frankfort in early November, with state schools superintendent John Brock and Kentucky Education Association president David

Allen among those honoring the teachers.

Rockcastle superintendent Bige Towery said, "I'm pleased we are taking the effort to recognize our good teachers. There were a lot of good candidates; nevertheless, this is a good way to recognize some of them."

All three of the teachers said in a Monday conversation that they would like to see teachers given more of a say in the on-going reorganization of the state's schools.

They, like many of their professional contemporaries, feel the politicians' charged with making the changes, have paid too much attention to political turf, not enough attention to those who work within the schools daily.

Here are some insights to teaching, and to the three honorees:

Iris Young
On students: "As they share, they almost always reveal positive attitudes toward education and themselves."

Adjustments made in bus routes; school people shifted

By: Jim Griesch

The annual September scramble to complete several personnel assignments in the school system has been completed.

Several adjustments have been in bus routes and drivers and services.

Paul R. Cox has been assigned as substitute bus driver, and Ed Roberts' name has been added to the list. He had been left off the first list issued at the beginning of school.

Jearl Evans and Edna Cameron have been hired as regular drivers on small bus routes, elevated from substitute drivers.

Evans will drive the Mafer Hollow-Blue Springs route, replacing

Gary Marler. The annual salary: \$2,121.

Cameron will drive the Singleton Rd.-Red Hill route, replacing Mossey Cameron. The salary: \$1,542. Mossey Cameron has been reassigned to the Poplar Gap-Crooked Creek route, replacing two contract haulers.

Tommy Collins, who drives a bus for handicapped students, has had a raise of \$885 to \$3,780, to pick up one additional student on Buffalo Hollow Rd.

In addition, substitute drivers will receive three days' pay for initial training, now required by the state. Update training a day at a time will be

paid next school year.

Nelson Graves has been hired as a co-coach with Gary Scott at Brodhead. The two will split the coaching supplement.

Jason Coguer has been hired as boys basketball intramural coordinator at Livingston, replacing Ken Abney.

The board okayed the resignation of Vicki Scott as Roundstone cheerleading sponsor, and Pam Martin as Brodhead cheerleading sponsor. In their stead, Tracy Gabbard and Dorothea Parsons will share the duties at Roundstone, Rita Shaffer will sponsor at Brodhead.

Several other actions finalized

actions begun at the August meeting.

Betty Jo McKinney, an English teacher at the high school, was scheduled to be hired as a special education program consultant by the Upper Cumberland Special Education Cooperative, and provisions were made for her pending job change.

The change was made Aug. 14. Janice Miller has been hired to replace her as JTPA language arts teacher, and Darlene Harris as aide.

McKinney, and Shirley Surface

London, have the Rockcastle system as their Fiscal Agent.

McKinney's office is housed at the Rockcastle central office.

Cheryl Yeum has been hired as vocational home economics teacher at the high school for the first semester, filling a leave of absence.

Kim Childress has been hired as a lunchroom supervision aide at Mt. Vernon for 2.5 hours per day.

Clyde and Betty Burdette have been hired as substitute custodians.

Ten more substitute teachers have

been hired, pending certification and meeting of state and local requirements. They are: Walter Bowman, Netza Cash, Edna Dawson, Tammy Stevens, Kenneth Ledford, Madonna Mullins, Danielle Kelly-Osborne, Juanita Wells, Kimberly White and Margie Wilcox.

The board also approved GED certificates for Judy Abney, Lois Arzuff, Veronica Blair, Teddy Day, Elizabeth Fletcher, Deborah Rountree, Gwendolyn Smith, and Betty Spires.

Ralph Lipps replaces Roland Mullins at Cumberland Valley Mental Health

Ralph Lipps has been appointed executive director of Cumberland River Regional Mental Health/Mental Retardation, replacing Roland Mullins who retired August 31.

A Laurel County native, he is an 18-year veteran of the Mental Health Board.

Lipps received his Bachelor of Science Degree from Cumberland College, Master of Arts Degree from Union College and additional graduate work from Eastern Kentucky University, Union College, University of Tennessee and Syracuse University.

Lipps began his career January, 1970, as a Family Service Worker in Laurel and Rockcastle Counties, helping to establish the first programs for developmentally disabled adults and children in the Region. He later worked with the Kentucky Infant and Preschool Program in Laurel County. During the mid 70's Lipps was employed as a case worker and director of a Developmental Disabilities Program with the Daniel Arthur Rehabilitation Center, Oak Ridge, Tenn.

Ralph Lipps

He returned to the Cumberland River Mental Health Board in the Fall of 1974, as the Director of the Laurel County Child Development

Program and 1979 was promoted to the position of personnel director and has served in that position with added responsibilities during the past ten years.

Lipps stated that his main goal is to provide quality service to the consumers served by the agency.

The Cumberland River Regional Mental Health-Mental Retardation Board Inc., is accredited by the Joint Commission of Accreditation of Health Care Organizations.

The Center operates eleven outpatient clinics in the following locations: Manchester, McKee, Corbin, Williamsburg, London, Barbourville, Pineville, Middleboro, Harlan and Benham as well as Mt. Vernon.

Lipps is married to Judy (Patton) Lipps also a Laurel County native, who recently completed her Master of Social Work Degree from the University of Kentucky. They have a daughter, Jennifer, 16, a junior at Laurel County High School, and Jason, 14, a freshman at South Laurel Junior High School.

Brandi Hayes (center) and Patricia Duncan (being held) met Smokey The Bear at Crafters Paradise Saturday. Smokey was also at Save-A-Lot. He will visit the schools this week, bringing a message of fire prevention to Rockcastle County's school children. He was escorted by county ranger Marvin Stone (right).

Teachers

(Continued from Page B-1)

On teachers: "I believe teachers should claim their pay."

I believe it is my duty to try as hard as I can to equalize the chances for all students to learn.

As a teacher, I have accepted the responsibility of teaching young people the reading and writing skills they will need to function as productive citizens in a society which is often critical and demanding.

Major issues today: "The major issues in education today is cultural and economic deprivation of young people who live in (those) environments."

By the time they reach high school, (students) are often angry at the whole adult world, and view teachers, parents and the whole school system as the enemy.

The solution: better trained teachers and better educated parents.

On the teaching profession: "Help to see that the most capable students become teachers and principals."

Charlie Napier

He says he decided to become a teacher as a 13-year-old eighth grader at Broadhead, due largely to

the efforts of "an interesting teacher," Mrs. Mildred Randolph.

On teaching: "Teaching is a job for those who want to make a difference in the future of our children."

On problems and trends: "The major problem is in the home -- broken homes -- which have a devastating effect on children."

On the profession: "Be careful with labels... teachers need to be listened to (by students, other professionals, those who want to learn). Teachers must be held accountable for the outcome of our schools."

Betty Henderson

She attended a one-room school for five years, and says that "some of those teachers had an important impact upon her."

On education: "The value of commitment to one's task... to complete that task to the best of one's abilities is most important."

On issues and trends: "Standardized testing of students, moving away from the idea of educating children to function in society, and moving toward the idea of teaching to pass the test."

On problems: "The lack of effective communications between homes and the schools."

On teaching: She "would encourage capable students to teach."

Teaching requires talent, flexibility and commitment.

On teachers: "Teachers (need to) maintain high professional attitudes and business-like demeanor."

Since the courts, the politicians, some newspapers and a multitude of committees, agencies and grass roots groups have been telling us what's wrong with education for the past several years, and the state is faced with revamping the entire school system, here are some thoughts by the three local people being honored.

Young: "What's wrong with our schools? Our students know. If you want to know, just ask them, and I usually agree with them."

Napier: When the schools are finally reorganized, "some counties will have more impact than others" because of representation on the committees mandated with making the changes, because of professional standing, and personal relationships.

Henderson: "We in Eastern Kentucky have a culture that is unique." She was saying that the forthcoming changes don't necessarily have to wipe out those qualities which are beneficial and unique to the region.

Perhaps she has the key idea to educating people:

"We have to get kids here to believe they are worthwhile people."

Library News!

By: Geraldine Robbins

The Rockcastle County Library will soon be having a new service for their patrons. The library and 10 other libraries have formed the Cumberland Valley Video Consortium and have purchased a large number of videos. Each library will have an equal number of videos and they will be rotated every two months, so we will be getting new ones continually.

The videos have been chosen with an emphasis on educational, self-improvement, and quality children and adult productions. We will not be competing with the video stores, we are just providing another service that will appeal to the whole family. The patrons will be allowed to check out the videos for a period of 48 hours. They will be free, but a fine of \$1 per day will be in force after the 48 hours, if they are not returned.

Check with the library for the date of arrival.

Pulaski's speed too much for Rockets

By: Jim Griesch

"Four!"
"Fore!"
No matter what the coaches' warning last week, No. 4 for Pulaski County - Rodney Stevens - was too much for the Rockcastle County Rockets.

Pulaski, a traditionally struggling Class AAAA program, used Stevens to scream past Rockcastle 28-14 last Friday night.

Stevens was the main scream in the game. He rushed for 240 yards on only 16 carries, including one for a 95-yard touchdown.

The run, the longest of the year by an opposing player, put Pulaski ahead to stay with 5:31 left in the third quarter.

On the play, Stevens swept off to his left, all the way to the sidelines, then moved up the field for about 10 or 15 yards. From there, he stormed across the field and headed for the 50. From the Rockcastle 40 m, he was by himself until right at the goal line, when he was tackled by two within five yards of him.

A two-point conversion upped the margin to 21-14, and erased a 14-13 Rockcastle lead from the first half.

Pulaski got another long-distance TD in the second quarter. The "other" halfback, Matt Johnson, cut through a big hole in the Rockcastle line from his own 20, cut back against the grain to his right, and went up the sidelines ahead of everyone else the last 40 yards.

Stevens missed a conversion kick following that run, which allowed the Rockets to hang on to that 14-13 lead through the halftime break. Johnson wound up with 101 yards rushing on just nine carries, making the Pulaski two-some the most efficient and explosive the Rockets have seen so far this year.

The two running scores matched two changes into the end zone by RCHS' Kevin Rowe. He got a TD in

each of the first two quarters, both from a yard out.

Rowe's first score had put Rockcastle ahead 7-0 with 5:31 left in the quarter. The score was set up by Jonathan Saylor's recovery of a Stevens fumble at the Pulaski 30. That was the only Pulaski run from scrimmage before the RCHS score.

Rowe had a 10-yard run, Dane Cox one of nine, to key the drive. Rowe actually scored on fourth down from inches out of the end zone.

Stevens set up a score-tying drive after the kick-off.

He had runs of 32 and 13 yards to move Pulaski from its own 34 to the Rockcastle 21.

The Rockets held until fourth down at the five, but Marc Cundiff hit Chris Lambdin over the middle for a TD pass. Lambdin simply beat two defenders to the middle of the end zone for the catch.

Rockcastle then drove 73 yards in 14 plays and took 7:18 doing it following the kick-off.

On the drive, Pulaski had a key 15-yard face mask penalty, and Rowe had runs of 12 and 8 yards, while Cox had a six-yard run that set up a first-

and-goal at the Pulaski 7.

From there, Rowe rammed it home from just inside the one on third down. But, that was all of the effective offense Rockcastle would show.

The second half, Pulaski coach Dennis Fisher had four players, the two linebackers, the two ends, key Rowe. Where he had gotten 115 yards on 19 carries in the first half, he had just 52 on 11 carries the second. His longest run of the second half, 21 yards, came after Pulaski had moved it to 28-14 on a 10-yard pass from Cundiff to Lambdin with 5:49 left in the game.

Rockcastle coach Tom Larkey and top assistant Tony Saylor had been saying all week that Pulaski has a good back (Stevens) as the Rockets would see all year.

And, they both said that Johnson would present major problems. But, Pulaski was 0-3 going into the game, and most people simply did not hear the warnings.

Rockcastle, now 2-2, must go on the road for a second time this year having to win to maintain a winning record.

The Rockets play at Harlan this

Sophomore quarterback Scott Parkey calls out signals at the line of scrimmage early in last Friday's 28-14 loss to Pulaski County. The Maroons shut out Rockcastle in the second half and picked off two of Parkey's passes in the process.

Friday, in a 7:30 game. The Green Dragons are 1-3, but have lost by narrow margins to Class AA and AAA teams.

If anything, Pulaski exposed all of Rockcastle's weaknesses this year.

First, the Rockets have almost no effective team speed. Billy Todd, who has a 63-yard run in his credit, was held to minus two yards in seven carries by Pulaski. In fact, Todd, who missed one game due to KHSAA

Game Four Report Card

The Poses

- ✓ -- The inside running of Kevin Rowe.
- ✓ -- Forcing four fumbles and recovering them.

The Negatives

- ✓ -- Allowing the four longest runs from scrimmage this year in the same game.
- ✓ -- Failing to maintain a lead. Failing to score in the second half for the first time this season.
- ✓ -- Not getting a proper call on a clip on an 80-yard run for a TD by Pulaski. The call is not negotiable. The official cannot decline to make the call because it is not part of the play, such as is discretionary on pass interference in the pro game.
- ✓ -- Having a drastic lack of overall team speed pointed out in dramatic terms by Pulaski.

Ponder is CRCC club champion

By: Richard Anderkin

Twenty-year-old Brian Ponder of Mt. Vernon, is this year's men's club champion at Cedar-Rapids Country Club.

Ponder captured the title last week by defeating last year's champion Donnie Helton of Brodhead in a sudden death play-off.

The E.K.U. student birdied the second hole in the play-off to become only the eighth golfer in the 20 years of the tournament to win.

Seven time club champion Ronnie McClure forfeited in the first round of play, after experiencing back pain.

Going into the eighteenth and final hole of regulation play the two golfers were tied.

Helton saw his hopes of winning a second straight title go astray when his putt for birdie from about six feet tipped out of the hole. Ponder two-putted for par and the two went into sudden death.

Both golfers parred the number one 353 yard par four to advance to number two, where Ponder won the match.

Helton actually shot the lowest score with a one over par 73, but with the match play format, where holes are counted and not score, Ponder was able to win by shooting a two over par 74.

In advancing to the finals, Ponder beat his dad C.C., Clayton Cash and Dave McCaskey Jr. Helton's victims included, Tommy Payne III, Warren Cash and John Clontz.

This year's invitational tournament winner Chris Comelius won the first flight when he defeated Tommy Payne III in the championship round, while Bill Sower defeated Shane Bullock for the bragging rights in the second flight and Earl Noe walked away with the title in the third flight when he handily defeated Doug Mullins.

On his way to the title, Noe knocked off three time club champion Charles Baker.

Jesse Harris of Crab Orchard won

Brian Ponder holds his silver tray, emblematic of the Cedar Rapids CC men's club golf championship. He won in sudden death in match play.

Winners of other flights

- 1st Flight -- Chris Comelius
- 2nd Flight -- Bill Sower
- 3rd Flight -- Earl Noe
- 4th Flight -- Jesse Harris

the fourth and final flight when he defeated Dr. John Parsons in the finals.

Paynes, Browns, Noe win Labor Day Tourney

Tom Payne Jr., his wife Tincy, James Brown and his son Matt and Earl Noe won the annual Labor Day Scramble tournament, at CRCC.

The group shot an eight under par 64 to ward off their closest challengers at seven under par to capture the \$100 first prize.

Sixty golfers participated in the annual event.

Junior high girls basketball season will tip off on September 18 in Berea

If it still 80 degrees outside and the high school football schedule is about one-third gone, then it must be time for basketball.

The Rockcastle County girls' junior high schedule begins next Monday, on Sept. 18, when Mt. Vernon travels to Berea for the first game of the 1989 season.

All four county schools square off against each other next Thursday, on Sept. 21.

However, each of the coaches has already begun crying the blues. Nobody claims to have much this year.

In the middle of the summer, Mt. Vernon's Judy Brooks was already talking about having only one player among her top six returning.

Debbie Cash of Brodhead says she has just one eighth grader, three seventh graders, and one sixth

grader with which to rebuild. Daria Reams at Livingston says there are just 15 girls in her whole school's seventh and eighth grades this term.

She certainly doesn't expect all of them to play basketball this year, and that automatically makes her a young team, she says.

Of course, everybody knows that one of those teams will be the 1989 county champion, no matter what the coaches say.

Just get ready, tighten down the velcro shoe laces, and go to the games. The Mt. Vernon at Berea game is just the first of a steady diet of six months of Kentucky's favorite sport.

Tip it up. Let the games begin.

Bengals, Redskins win on youth football fields

In week two of the seventh and eighth grade league play, the Bengals blanked the Wildcats 26-0, and the Redskins stopped the Bucs 28-6.

Aaron Cox scored on a 30-yard pass from J.D. Bessell for the only TD of the first half in the Bengals-Wildcats game. Bussell added a conversion run for a 7-0 halftime lead.

In the second half, Mikhael Shafer scooted 35 yards for another score, and Kelly Carpenter went 18 yards for another third period score, upping it to 19-0.

In the final quarter, Sherman Collins returned an interception 55 yards for the last score. Bussell again ran for the conversion.

No individual scoring was available for the Redskins-Bucs game. Jamie Linville scored three times last Thursday, as the Redskins opened the 5th and 6th grade league football season with a 34-0 win over the Wildcats. Linville scored on runs of 9, 1, and 6 yards, and added a kicked conversion for a 20-point night.

Saben Blair added two runs from a yard out each, and Eddie Todd also kicked a conversion two-pointer.

Linville also scored a touchdown in Tuesday's game for the 7th and 8th grade Redskins, making him the first player to score a TD in each league this year. Players may "play up" in

age group and size, but may not "play down" to the next youngest group.

The second game at Roundstone Elementary found the Bucs topping the Bengals 22-12, after building a 22-0 lead through three quarters.

The Bucs got scoring runs from short range by three different players. Jason Weaver ran one in from three yards out, Steve Owens one from two, and Jason Medley one from a yard out. Weaver kicked two PATs.

In the final quarter, Bryan Bradley scored on a 62-yard run for the Bengals to pump some life and drama into the game. Jason Childress got a five-yard run with 2:01 left.

Play resumes in the 5-6 league at Roundstone this Thursday.

"What Saith the Scriptures"

A lot of people today are out teaching and saying "Just preach Christ and leave everybody else alone" or "Preach the man but not the plan." Let's see what the Bible says is involved in preaching Christ.

In Ac. 8, we read "Then Phillip went down to the city of Samaria, and preached Christ unto them." Then as we read on in this account "But when they believed Phillip preaching the things concerning the Kingdom of God, and the name of Jesus Christ, they were baptized, both men and women. Then Simon himself believed also; and when he was baptized, he continued with Phillip, and wondered, beholding the miracles and signs which were done." vs. 12-13.

Phillip preached Christ which involved preaching the Kingdom of God, believing and baptism. Thus, to preach Christ involves more than just talking about Jesus, it involves preaching the things Jesus taught.

Later in Ac. 8, Phillip preaches to a Ethiopian eunuch. "Then Phillip opened his mouth, and began at the same scripture, and preached unto him Jesus." vs. 35. Then in the next verse we read, "And as they went on their way, they came unto a certain water and the eunuch said, See here is water; what doth hinder me to be baptized?" How did the eunuch know he was to be baptized? Phillip preach Jesus him which involves teaching the plan that we must obey to receive the benefits of the blood of Christ. And those who obey the plan of salvation will become a part of the plan, that is, the church. "And the Lord added to the church daily such as should be saved" Ac. 2:47. Thus to those who preach Jesus Christ will preach the man, and the plan that bring us to the man, and the plan, those who have come to the man. To those who are not preaching the plan of Salvation and about the church of the Lord, you need to repent the Jesus of the Bible. If we can study with anyone the word of God, we would be glad to help.

Pulaski game

(Continued from Page B-4)

suspension for involvement in a fight, has just 51 net yards for the year, even with the 63-yarder.

And, tailback Dane Cox is playing on gimp knees this season, and just hasn't been able to kick it into a passing gear after getting into the open.

Freshman J.D. Harris is probably the fastest back, but he's simply not quite ready, yet, to carry the burden at the varsity level.

The offensive line is young, with no seniors from tackle to tackle. Perhaps more important is a lack of

dependable depth from other juniors and sophomores at this point of the season.

They have dominated most teams in the first half, but the Rockets are currently being outscored 40-21 in the second half. Rockcastle leads 48-19 in the first half. Both games the Rockets have lost, the second half has been fatal. And, long drives to open the third quarter have become the norm for opponents.

Coupling an inexperienced line without depth with a one-dimensional running game with a non-existent passing game finally proved fatal against Pulaski.

The Rockets have completed just two of 20 passes -- 10 percent -- this year. The two receptions, both by Todd, by none since the Russell County game, have netted just 57 yards.

When Rockcastle did try to open it up against Pulaski, Parkey was intercepted twice.

To show just how one-dimensional the Rockets have become:

- Rowe has 451 yards rushing in 76 carries, all but 234 of the rushing

yards for the whole year, by the whole team. That's 65.8 percent of the yards. His nine touchdowns are all but one scored by Rockcastle.

His 113.3 yards per game, and his 54 points, should put him among the state's leaders.

His 451 yards are 60.8 percent of the entire offensive production of 742 yards.

The comforts of home will soon be a forgotten commodity for the Rockets. With seven games remaining on the second, only two are at home. Of the five on the road, three are against district rivals: Bell County (Sept. 29), Cawood (Oct. 13), and Whitley County (Oct. 27).

Blind man's bluff - Pulaski was too good last week. But, what would have happened if a clip at the Rocks' 30 had been called on Johnson's 80-yard score. It could have turned around the momentum of the game.

• Fred Hunter missed the call. The clip came some 15 yards behind Johnson, and right in front of Hunter, the field judge, who was trailing the play down the sidelines.

ACTION PLAN

CLEAN OFFICE - A courthouse that is clean and well cared for, a judge/executive office that is organized, neat, clean and attractive should be expected by each of us. A clean office, however, is more. It emits wholesome attitudes -- help the family and individual who need assistance; develop home-grown businesses; improve and expand services. The county belongs to the people. It is all right to compete. We can do better -- are all examples.

Coffey's four TD runs lead Rocket frosh 38-0

The Rockcastle County High freshmen slaughtered Powell County in Stanton last Thursday, 38-0, behind a four-touchdown day by fullback Bobby Coffey.

The frosh scored in every quarter. Coffey had TD runs of 6, 22, 55, and 35 yards. The first three came on trap plays through the middle of the line, the last on a sweep of end.

Jeff Navarre added two scores. One was a 60-yard run after taking an option pitch from quarterback Jason Kirby, and the other was on a 40-yard pass from Kirby.

Clark Mullins kicked two of six extra points, and two more scores

were wiped out on clipping penalties.

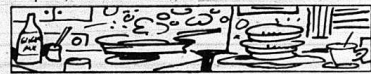

It was the first game of the year for the freshmen, who have been involved in three JV games this year.

Monday's scheduled JV game at Knox Central was rescheduled for a later date.

EKU baseball clinic

Eastern Kentucky University baseball coach Jim Ward has announced that the annual baseball clinic for coaches and youngsters, ages 9-17, is scheduled for Saturday, Sept. 16, on EKU's Turkey Hughes Field.

Activities will begin at 9 a.m. when refreshments will be served to the coaches. Players should report on the baseball field at 9:30 a.m.

The free clinic offers instruction on pitching, catching, infield, and outfield play, and will conclude with batting practice and hitting instruction.

Ward, along with Eastern graduate assistant coaches, Greg Guilliams, Gary Buel, David Moyer, Todd Guilliams, and Chris Hail, and selected members of Eastern's baseball team, will serve as the clinic instructors.

"This annual clinic has always been one of the highlights of our fall program," Ward said. "We've always been impressed with the enthusiasm and playing ability of the youngsters that attend."

There is no registration fee and no pre-registration. Balls will be provided. However bats and gloves should be brought by the players attending the clinic.

Immediately following the clinic, Eastern will play Clinch Valley College at 1 p.m. EKU features three returning All-Ohio Valley Conference players and several all-state recruits and is the defending OVC champions.

Management

to raise, given the rural nature of the county, and the large number of square miles (311) here.

Transportation costs usually favor metropolitan areas, where more students are picked up on shorter routes.

Nichols also said that state superintendent John Brock told a meeting of the state board of education Tuesday that some of the criteria used in this study might need a change, since other criteria areas might have more importance after four years.

Nichols also said that Jefferson County representatives were upset that the state's largest district finished only 155th in the study, and some northern Kentucky districts also scored low.

Brock reportedly told them that when criteria is developed that makes the Fifth and Seventh Congressional Districts look bad, it is okay. But when other areas look bad, it is not. The county system compares well with other area systems.

Only Madison County (14th) ranks

ahead of Rockcastle among county systems that border on this county. Somerset (12th) and Berea (26th) are the only two area independent systems ahead of Rockcastle.

East Bernstadt is 65th, Science Hill 75th, Lincoln County 86th, Palaski County 98th, Garrard County 138th, Laurel County 140th, and Jackson County 160th.

Jackson is one of five new districts that have been added to the state's assistance program.

Four districts that have received a lot of notoriety within the last few years for failures in both instruction and administration also rank near the

bottom in the state in management. Floyd County is 166th, Clinton County is 159th, Whitley County is 174th, and Pike County is 175th.

The two largest systems, Jefferson County and Fayette County, were in the bottom third.

Jefferson finished 155th, Fayette 120th.

Even Anchorage, which consistently ranks in the top one, two or three in test scores, performance and expenditures per pupil, ranks just 30th in management.

Another highly effective near-by independent system, Danville, ranks 59th in management.

ROCKCASTLE

Action Plan

To the People of Rockcastle County,

Jobs-I know firsthand the employment needs of Rockcastle County. At age fifteen, I left the state to find a job. Then as an adult, I have driven 150 miles a day to work. I will, therefore, fight a vigorous day to day battle to recruit jobs and to maintain the jobs we now have.

Good Training - None of us should have to face the pangs of being ignored, of seeing our ideas discounted, or of having our needs considered unimportant. Each of us deserves to have a voice, to be given special consideration, and to have our needs recognized. Since the county is yours, the Judge/Executive is to serve you.

Water-A large percentage of families in Rockcastle County have no public water. Knowing firsthand the hardships of not enough water, I intend to attack this problem immediately and forcefully if I am elected.

Roads-I was born on the banks of Crooked Creek, over a mile from the nearest road. I am familiar with the road problems and needs of our county. You can be sure that if I am elected, the county road fund will be stretched toward every household in the county.

Garbage - The other person's filth is always dirtier than your own. Roadside dumps and illegal disposal is other person's filth to each of us, and think how it looks to tourists and industrial prospects. This situation must be remedied. Also, county facilities must be maintained, kept clean and attractive.

Affordable Housing - It is my estimate that we have immediate need for 350-500 single unit owner occupied houses in the county. Developers and financial sources will be brought together and potential buyers will be sought out if I am elected to lead during the next four years.

Taxes - If I am elected in this fall's general election, I will get the most for your tax dollar, seek alternative funding for eligible items and mind the treasury on a daily basis.

Economic Development - Endeavors that introduce new dollars into the county allow for a scope of development. The expansion at Renfro Valley will tap the thousands of cars that pass on I-75 daily bringing in new money. The development of U.S. 150 will prompt building along that corridor. Promoting regionalism of business to reach the 100,000 plus population South and the 100,000 population North, both less than an hour away, will bring in new dollars. Leadership can tackle this.

Community Development - Encouraging the individual to produce by opening avenues for producing enhances any community. Assisting organizations to build, to develop, to expand, to do better to serve more promotes the common good and results in community development. This should be the commitment of any leader.

Recreation - At any age, a health body increases the ability to reason and function. The channeling of youthful energy through athletics improves the body and enhances the chances for success later in life. As Judge/Executive, I will support the development of recreational areas throughout the county. Further, I will encourage the development of little league soccer.

Fire Protection - A ready response to fire hazards saves property and lives; it also lowers insurance rates. I will support the various fire departments if elected.
