May God bless each of you,
Mollie D. Bryant

NOTICE

On December 15, 1989, the Kentucky Public Service Commission submitted to the Legislative Research Commission amendments to its administrative regulations on gas safety and service (807 KAR 5:022); gas gathering systems (807 KAR 5:026); reporting of gas leaks (807 KAR 5:027); gas well determinations (807 KAR 5:031); electric (807 KAR 5:041); small power production and cogeneration (807 KAR 5:054); and telephone (807 KAR 5:061).

Pursuant to the requirements of KRS Chapter 13A, a public hearing on the amended regulations be and it hereby is scheduled on January 23, 1990 beginning at 10:00 a.m., Eastern Standard Time, in Hearing Room 2, at the Commission's offices at Frankfort, Kentucky.

Final Notification of FmHA's Findings of No Practical Alternative to a Floodplain Impact and No Significant Environmental Impact

The U.S. Department of Agriculture, Farmers Home Administration (FmHA) has received an application for financial assistance from the City of Livingston, SA# KY881010-0879. The specific elements of this proposed action are the construction of approximately 29,000 feet of 6-inch water transmission main; 11,900 feet of 4 and 6-inch water distribution lines; a new 25,000 gallon water storage tank; and replacement of approximately 11,600 feet of 3, 4, and 6-inch water lines within the City of Livingston. The proposed amount of FmHA financing is \$461,000 and the total project cost is estimated to be \$911,000.

Notice is hereby given that an order has been entered dispensing with administration of the estate of Ersie Cummins McKinney, deceased. All persons having claims against said estate shall present them, verified according to law to Clangan Hamm, Rt. 1, Box 504, Brodhead, Ky. or to Clontz and Cox, P.O. Box 749, Mt. Vernon, Ky. attorneys for said estate, no later than January 29, 1990. 13x2

Card of Thanks
The family of Claud Chaney would like to express their appreciation to everyone who helped in their time of sorrow. We especially appreciate Urban and Mable Hamm for sharing their home with us. Special thanks to Dowell and Marian Funeral Home for their kindness and support and Bro. Wendell Romans for his consoling words and prayers. We will never forget the love and kindness shown to us by our family and friends.
Ruth Chaney and Family

FmHA has assessed the potential environmental impacts of this proposed action and determined that construction of the water transmission main and distribution lines may impact the 100-year floodplains of the Rockcastle River and Roundstone Creek by encouraging new structures within the floodplains. Therefore, FmHA will require as a condition of its funding that the potential adverse impact be mitigated by an ordinance approved by the City of Livingston to prohibit the extension of new water service to additional structures within these floodplain areas.

BONDED SERVICE HOME IMPROVEMENT

1-800-637-1529

No Money Down-Bank Financing

The location of the proposed transmission main and distribution lines in the floodplain is necessary because the new transmission main must follow U.S. 25 which is located along the Rockcastle River floodplain and because the project involves the replacement of existing waterlines, some of which lie in the floodplain of Roundstone Creek.

Contact Sharon Isaacs 623-4089 or 986-4524

The proposal to construct waterlines within the floodplain is compatible with existing state and local floodplain protection standards.

The Appalachian Regional Commission and the U.S. Department of Housing and Urban Development are also participating in this project.

FmHA has also determined that the proposed action will not significantly affect the quality of the human environment and will not prepare an environmental impact statement.

Any written comments regarding these determinations should be provided within 15 days of this publication to Ms. Mary Ann Barron, State Director, Farmers Home Administration, 333 Waller Avenue, Lexington, Kentucky 40504. FmHA will make no further decisions regarding this proposed action during this fifteen-day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to the FmHA District Office, 1501-P South Main Street, London, Kentucky 40741.

A general location map of the proposed action is shown below.

Federal law prohibits discrimination on the grounds of race, color, national origin, religion, age, handicap and sex in this program.

County may get \$1 million for roads

By: Ray McClure

From Bloss to Boone; from Gum Sulphur to Gauley, and points between, each week of each year a county road has to be repaired.

As County Judge/Executive Roland Mullins told the Rockcastle Fiscal Court at a called meeting last Thursday, it is a never-ending job.

The cause is sometimes a heavy rain, a deep snow, sleet, ice, salt, but most of all, it is the freezing and thawing that puts a strain on roads, inviting ruts and potholes.

the state, and amount that varies somewhat, but generally is in the \$600,000 range.

The debt service would not exceed 12 years, and would not exceed 10 percent of the eligible fund, excluding certain fixed expenses that are considered normal and recurring. The debt service amount is currently 8 percent.

Basically, and under the plan, the court would not have to wait for piecemeal allocation of its road fund money, but would have it readily on hand when need arose.

For example, a stretch of road in need of repair continually could be contracted out and rebuilt with money already on hand for the job.

"We now pay for gravel and it soon disappears or washes away," Judge Mullins told the court. "With the bond money, we could get a section of road ditched and drained and blacktopped and not have to do it every week, month or year."

In short, the county would have money on hand to do the work, and it could be done better. Also, inflation is continuing and the county keeps getting behind on the amount of work that can be done. The county now has just over \$58,000 to spend on materials through June.

"I think it is a good idea," the judge said. "We should look into it. It could be a lot of help for us now and in the future."

Before bonds are issued, they must be approved by the Kentucky Local Finance Officer. Al Howell, at the Kentucky Department of Local Government, who reviews Rockcastle County's budget, confirmed the county would have enough money to pay about \$129,000 annually in debt

With that problem cropping up so often, Judge Mullins asked the magistrates if it wouldn't be better to pursue a bond program that would allow the county to stay ahead of the repair jobs on county roads.

The magistrates agreed the judge should look into a revenue bond program to determine if it would be a practical way for Rockcastle County.

Under a bond plan, the county would issue revenue bonds to support construction and/or reconstruction of county roads and bridges.

Terrell Ross, of the investment banking firm of Ross, Sinclair and Associates, Inc., of Lexington, was at the meeting and told the court the county could issue bonds totaling \$1,055,000. Of that amount, \$907,300 would be deposited in a county construction fund. In short, up-front money easily and readily available.

A further breakdown shows the underwriter's discount for the project would total \$21,100; the cost of issuance, \$21,100 and debt service revenue, \$105,500 (escrow account) for a total of \$1,055,000. Money to support the debt service on the bonds would come from the county's road fund that it receives annually from

the state, and amount that varies somewhat, but generally is in the \$600,000 range.

The debt service would not exceed 12 years, and would not exceed 10 percent of the eligible fund, excluding certain fixed expenses that are considered normal and recurring. The debt service amount is currently 8 percent.

Water problems spur petition; 271 signatures

By: Richard Anderkin

A petition has been circulated by a group of local citizens who are concerned with the operation of the Western Rockcastle Water Association.

A total of 271 members of the association have signed the petition, which requests a complete investigation of the operation of the water district.

thing in our power to get our customers water, we simply do not get enough water from the city," he said.

Burton said the reason residents in the Spiro section had no water pressure was because most are at a high altitude and that there is not enough water coming from the city to fill their holding tank.

"I would welcome an investigation," Burton said. "Maybe then we could get some cooperation from the city." The petition will be presented to County Judge/Executive Roland Mullins, State Representative Danny Ford and the Public Service Commission.

As for an unpaid \$25,000 bill the city says Western owes, Burton said that Western has always told the city they would pay what they owe, although it was an accounting error made directly by the city, if the money was used to find out why there is no water pressure. "We've even told them that if it was found out to be our problem, we would pay to fix it, and if it wasn't we expected them to take care of it," Burton said.

A special meeting of the Western board of directors is scheduled for later this month to discuss the bill and complete a response for the Mt. Vernon City Council who is threatening to cut off service to Western. Presently Western serves 1,400 customers.

The petition was spurred by a lack of water, specifically in the Spiro area, where water pressure is low or non-existent many times.

Karen Bullock, who lives in the area, said that there had been a lack of water pressure for nearly four years and that many times there was no water at all.

President of the water association Denver Burton, said this week that an investigation would be fine with him because he did not think Western was at fault for the lack of pressure.

"We do not get enough water from the city, (Mt. Vernon), we've been with them to find out what the problem is and we just get the run-around. They simply will not give us enough water to fill our holding tank at Sand Knob," Burton said.

"I think any type of investigation would show that we are doing every-

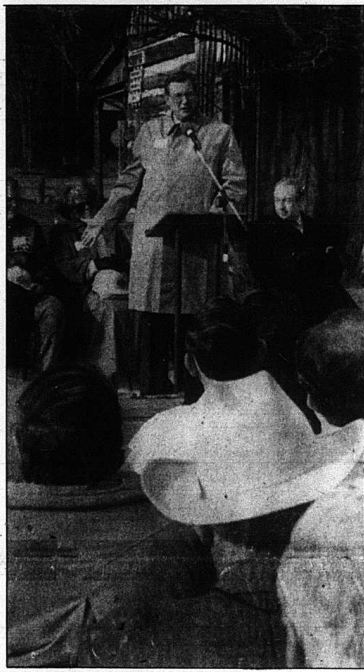

thing in our power to get our customers water, we simply do not get enough water from the city," he said.

Burton said the reason residents in the Spiro section had no water pressure was because most are at a high altitude and that there is not enough water coming from the city to fill their holding tank.

"I would welcome an investigation," Burton said. "Maybe then we could get some cooperation from the city." The petition will be presented to County Judge/Executive Roland Mullins, State Representative Danny Ford and the Public Service Commission.

As for an unpaid \$25,000 bill the city says Western owes, Burton said that Western has always told the city they would pay what they owe, although it was an accounting error made directly by the city, if the money was used to find out why there is no water pressure. "We've even told them that if it was found out to be our problem, we would pay to fix it, and if it wasn't we expected them to take care of it," Burton said.

A special meeting of the Western board of directors is scheduled for later this month to discuss the bill and complete a response for the Mt. Vernon City Council who is threatening to cut off service to Western. Presently Western serves 1,400 customers.

Ralph Gabbard, one of the owners of Renfro Valley Folks, gestures to a site that will be a pond in the new Renfro Village, which is now under construction. Gabbard and others broke ground on the multi-million-dollar project last Thursday. (Other photos are on B-1.)

Livingston project will exceed \$900,000

Livingston is deep into its proposed \$911,000 water project, but there is still a condition to be settled.

In a notification to the city, the Farmers Home Administration (FmHA) has asked for an ordinance that would prohibit extension of new water service to structures that might be built within the floodplains of the Rockcastle River and Roundstone Creek.

"It's not really a big deal, and the

project is progressing through the usual channels," according to E. Gene Bundy of the FmHA office at London. Meaning, not many people would want to build houses or other buildings in an area that frequently floods.

An FmHA survey indicated the proposed transmission main from Woods Creek to Livingston follow U.S. 25 which is adjacent to the Rockcastle River floodplain. Also, the project calls for replacement of some lines lying in the Roundstone Creek floodplain.

In the note to the city, it is stressed that the proposed water lines will not affect the "quality of the human environment."

Money for the project includes \$461,000 loan from FmHA; \$293,654 from a Community Development Cont. to A-2

Governor wants billion dollar tax increase

For those who haven't heard, Gov. Wallace Wilkinson is calling for \$1 billion more in taxes over the next two years.

The total budget would be \$8.6 billion over two years.

How to pay for it was also explained.

If you make less than \$18,000 a year, don't smoke cigarettes, and don't have cable television, you'll probably give the governor a vote of confidence.

But if your income is over \$18,000 and you spend money on maid service, limousines or lawyers you may not like the tax package.

The governor wants to add 7 cents to the 3 cent tax on cigarettes.

He also suggests extending the sales tax to professional services. He would add one percent to the corporate income tax, and for those who have taxes prepared, rent limousines, seek legal advice, advertising, and watch cable television, you'll be taxed 5 percent, the same rate as other merchandise.

The governor's plan would cut taxes for low income Kentuckians, with those making less than \$5,000 a year taken off the tax rolls.

Denney is not guilty

Even without taking the stand in his own defense, a Rockcastle County man was found not guilty of driving under the influence in a district court trial Tuesday.

Stevie Denney, 38, of Cincinnati, Ohio and formerly of Rockcastle was arrested on September 18 of last year, the same night that someone shot into Trooper Jim Silver's home.

State Trooper Dallas Belle of the London Post, who was called to Rockcastle following the shooting, arrested Denney after following him for two and a half miles.

The trooper testified that Denney never ran off the road, but did weave some while he was following him.

Belle also testified that Denney smelled like alcohol, but that he did not have any trouble communicating

Brodhead rehires city employees

By: Ray McClure

With several residents in attendance and a petition with a reported 143 signatories facing them, the Brodhead City Commission approved rehiring of all of its employees for the coming year at a meeting last Wednesday.

The hiring included city policeman Joe Bussell who some residents thought might be fired.

It turned out to be all Joe Bussell's night, and he made the most of it with the commission room filled with supporters, plus the petition, all favoring his continuing on the payroll.

Bussell also had a few things to tell those in attendance. Included was that he had joined the police to "help the people of Brodhead."

The policeman pointed out he had spent \$2,024 of his own money since he became a Brodhead policeman in 1986.

Apparent low bidder was Karish Construction of Mt. Vernon for \$232,200.

Second lowest bid was from C.R. Crume Associates, contractors, Lexington, for \$236,575. Highest of the nine bids submitted was from Center Contracting of Corbin for \$308,721.

The plan has been cited by the Environmental Protection Agency for allowing untreated sewage to flow into Dix River following heavy rain.

Money for the project will come from a grant and a loan.

The commission accepted a low bid of \$10,981 for a new 4-wheel drive, long bed pickup truck from Hatfield Chrysler-Plymouth-Dodge of Winchester.

In a final action the commission voted to open the city's lock box in Citizens Bank. The box has not been opened since 1978-79 during the term of city clerk Frances Whitehead.

He said his own expenditures included, uniform, \$189; uniform and jackets, \$218; four tires that were slashed by vandals, \$600; weapon, \$275; personal weapon, \$55; badge and name tag, \$50; coveralls, \$35; hat, \$15; dress hat, \$50; radio, \$300; battery, \$55; flashlight, \$125 and other items.

He told the group he had not received any money from the city for the expenses he incurred and had not asked for any.

He also stated that "98 percent of the people of Brodhead" thinks he is doing a good job, and that they don't want him to quit. He added that it was all rumors and he had never been called in for a discussion.

Bussell said the latest effort to get him fired had to do with his arrest of an 84-year-old man for drunkenness. He explained he was called to a local restaurant because the man was drunk and his actions were out of line. He added when the man was escorted out of the cafe he fell in the street, but he was not mistreated by him (Bussell).

Mayor Bussell polled the audience in the meeting room and all said they were there to support the policeman.

When the commissioners returned following a closed meeting they voted unanimously to rehire all city employees. Brodhead's other policeman, Grant Petrey, was also rehired.

At a called meeting last Thursday morning, the commission opened bids on work to upgrade the city sewer plant.

500 receive heating aid

To date, over 500 persons have signed up for help with heating bills under the Home Energy Assistance Program.

Of that number, about 300 have received checks, going mostly to young, low income families, according to Mrs. Betty Carter, coordinator at the local office of the Daniel Boone Development Council.

The program will continue until April or until the money runs out. Mrs. Carter said she did not know when that might be.

Schools will remain open

With attendance in Rockcastle County schools on the rise Wednesday, there is no plan to close the schools because of the flu, according to Superintendent Bigge Towery.

Attendance was 89 percent on Wednesday compared to 87.8 on Monday and Tuesday. Monday was the first day this year that attendance fell below 90 percent.

The superintendent said there were two or three viruses going around in the county, but he did not think any one of them was the serious type (Shanghai) that has shown up in other districts.

Six school systems closed Tuesday for the remainder of the week due to flu type symptoms including Pulaski, Casey, Menifee, Estill, Greepup and Raccoan Independent.

So far, only seven cases of influenza have been confirmed in Kentucky in laboratory tests, however, very few cases are confirmed by such tests. Most of the information comes from contacts with doctors, nursing homes and schools.

Rogers here February 2

U.S. Rep. Harold Rogers plans his annual visit to Rockcastle County on Feb. 2.

Rep. Rogers will be at the Rockcastle County Courthouse at 10 a.m. Anyone having problems with any branch of the federal government is invited to attend.

COURT HOUSE RECORDS

Deeds Recorded

Clarence and Louise Carter, real property located in Rockcastle County in the Elmwood Cemetery to Neal Conner, Tax \$0.

Sallie Mullins, real property located in Mullins Station to The Fairview Church and Graveyard. No tax.

Danny and Betty Jo McKinney, real property located on the west side of Ky. Hwy. 70 to Scott and Shelley Harper, Tax \$9.50.

Louise E. and Doris Brown, real property located in Rockcastle County to James and Gail Miller, Tax \$3.50.

Ronnie and Patricia Lanham, real property located in Rockcastle County to James and Gail Miller, Tax \$3.50.

James E. and Shelley Gail Miller, real property located near the community of Roundstone to John and Omj Abrams, Tax \$4.50.

Jim Bussell vs Joe Williams Lovins, Sr. and Joe W. Lovins, Jr. money claimed due for damage to auto, \$453.00. 90-S-003.

Marriage License

Rita Carol Beckett, 34, Mt. Vernon, Mt. Vernon Plastics to Gary Reed, 28, Mt. Vernon, Motor Wheel, January 15, 1990.

"Livingston Grant"

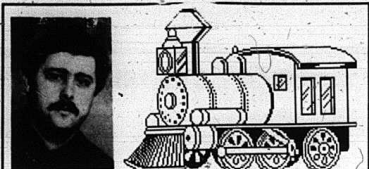

(Con't from front)

Block Grant and \$150,000 from the Appalachian Regional Commission, leaving \$6,346 which could be made up in the building or from some other source.

To be constructed are 29,000 feet of 6-inch transmission line from Woods Creek; 11,900 feet of 4-and-6-inch water distribution lines; 25,000 gallon storage tank on Gauley, and 6,000 feet of about 6,000 feet of 3.4 and 6-inch water lines within the city.

The new system will serve about 214 customers.

The city now gets its water from the "boils," a water source located beside Roundstone Creek near downtown Livingston.

Charting Rockcastle

By: Richard Anderkin
Managing Editor

Last week Governor Wallace Wilkinson said he wanted the state legislature to implement a statewide mandatory garbage plan.

Wilkinson should treat that idea kindly because it is a rare breed for him. It is a good idea.

And one thing is certain without the state making it mandatory, it would never occur in Rockcastle County.

It would not occur because it is very unpopular with a large majority of the electorate.

It would take a majority vote of the fiscal court and quite frankly the votes are not there.

Even though I think Roland Mullins will do an excellent job as county judge I'm feeling strongly that he would probably consider such a move political suicide and look for alternative ways to clean up our beautiful countryside instead of making garbage collection mandatory and charging a fee. No matter if it was a minimal cost.

Most legislators will tell you right up front that Wilkinson's garbage

proposal will have a rough row to hoe in Frankfort. You see they too are leery of dictating requirements to Kentucky residents, who traditionally balk at being forced to do anything.

It is sort of like the much needed seat belt law, that will likely not be introduced in this session of the General Assembly, either.

Five Kentucky counties have mandatory garbage collection laws and a sixth one tried it.

Ballard County in Western Kentucky tried it for a while, but a screw up in an ordinance caused the fiscal court to have to vote on it again. That time they voted it out in fear of losing their seats on the court. But it was too late for Judge/Executive Lloyd Key, who lost a bid for reelection in November. He blamed it on the garbage plan, but said that he had no regrets because it was needed.

If there is another Kentucky county that needs mandatory pick-up worse than Rockcastle, they are in sad shape. They must have old stoves and refrigerators laying in their streets.

There is a countywide pick-up available. It has been in place for quite some time, but the participation rate is not very high.

The state estimates that over 10,800 tons of garbage will be produced in Rockcastle County this year. Every person will generate 3.94 pounds of garbage each day.

But local collectors say that only about 25 to 30 percent of the 5,300 households in the county actually dispose of their garbage properly.

The other seventy percent either burn, bury or put their garbage in one of the almost 100 illegal dumps in the county.

The state estimates there to be over 5,000 illegal dumps in Kentucky. State officials say that 450,000 tons of garbage is either burned, buried or tossed over the hillside. That amounts to about 20 percent of the garbage produced in Kentucky each year. And the state says the biggest problem is in rural counties, where residents do not have a garbage collection system and don't want one.

Of course these are the same guys that said every county had to have a countywide garbage plan in operation and a full-time garbage coordinator. We got around it in Rockcastle by giving the title to the road supervisor - with every intention of doing nothing about the worsening problem. So you can take what the state says with a grain of salt, as well.

Of course, talk is cheap, and when it comes to funding a garbage collection system it will take more than talk, it will take money. The kind of money that small counties like Rockcastle do not have.

But wait, the Governor has proposed allocating \$20 million dollars for the program, so counties can borrow from the fund to get started.

However the most inexpensive way for the county to collect garbage would be to lease to a garbage collection firm, who would be responsible for collecting the garbage and of course the money.

The only way this would ever work in this county especially, is to make it mandatory, to pass an ordinance which included a big fine and possible jail time for non-compliance and most of to hire a full-time, competent garbage coordinator to oversee the program. His salary would simply have to be an expense the county would have to bear, but when you think about it, it would be a small price to pay for a clean county.

But you have to remember that mandatory garbage collection will have to be passed by state legislators, who are usually more concerned with staying a legislator than doing what is best for the state.

One final note.

Governor Wallace Wilkinson promised new taxes. Tuesday he said he is in favor of about a billion dollars in new taxes. But Wilkinson is not seeking any new taxes on the mouth so out of his political action committee, in hopes of securing some of the millions of dollars in bonds the state will have to sell.

This guy is something else. He talks out of both sides of his mouth so he can't remember who has told what or what has told to whom.

People believe if you catch a falling leaf, you will have a good and happy life.

Legislative Report

By: State Representative
Danny Ford

The General assembly, in its first full week of legislative activity, began considering some of the priority issues that we will continue to face this session. Education, health benefits, economic development and many other problems are before the legislature and while the task will be difficult, there is the hope in Frankfort that this session will be a productive one.

Early in the week, the House passed, and sent to the Senate, House Bill 155 which creates a new job development district program. This program aids those districts with high unemployment by giving preferential treatment to businesses that locate in those areas.

In action before committees of the House, work is beginning on legislative initiatives in areas dealing with drug abuse programs, regulations for aiding child support, workers' compensation, the environment, revenue

initiatives and programs aiding senior citizens and welfare recipients. I will update you on these issues as they wind their way through the committee process on their way to the floor.

The Governor surprised many of us this week by announcing that he may not deliver his budget address to the General Assembly by the date prescribed by law. The Appropriations and Revenue Committee eagerly awaits the budget, but the process may be delayed depending on when the finally decides to submit his estimates and requests. Hopefully, I will have more information for you on this by next week.

Let me close by reminding you that a great majority of the work we will accomplish this year is still yet to come. If you have any thoughts you would like to share with me, please let me know by calling 1-800-372-7181. This toll-free number will allow you to let me know how you feel on specific bills and particular issues. I look forward to hearing from you.

ROCKCASTLE COMMUNITY

Bulletin Board

Circuit Clerk's Office Note

The Circuit Clerk's office will close at noon on Thursday Jan. 18, 1990. They will reopen Friday morning, January 19, 1990 at 8 a.m. The road test and permit test will not be given Friday January 19, 1990.

Commodity Distribution

Commodity distribution will be Wed., Jan. 31 at the regular sites. Commodity will consist of peanut butter, pork, butter, beans, flour and honey.

Bookmobile Schedule

Mon., Jan. 22: Livingston and Lamerco. Tues., Jan. 23: Disputanta and Anglin Falls.

Stress Management Seminar

Leadership Rockcastle is sponsoring a seminar on stress management and burn-out prevention at the Rockcastle County Hospital Conference Room, Thursday, Jan. 25 from 6:30 to 9:30 p.m. Bro. Wendell Romans, pastor of First Baptist Church in Mt. Vernon, will be leading the seminar.

AA's "Just For Today"

Alcoholics Anonymous will hold their meetings on Thursday nights at 8 p.m. at the Family Life Center in the multi-purpose room. At the barn, take a left and it is the first house on the left. The meetings are confidential and everyone is welcome. There is no fee. Please come and join us. Take a step in the right direction. For more information, call 256-5612.

Points East

By: Ike Adams

A couple of years ago I let my daughter, Jennifer, talk me into getting a kitten from one of our neighbors. Actually I didn't require much convincing because I enjoy having a cat around the house too. Besides, this particular kitten was born of a long line of mousers and actually held the potential to reduce the annual plague we have with mice right after the first cold spell each fall.

It was with deep disappointment that I report that Jennifer's cat, Lucky, did not inherit nor appreciate the tradition from which he sprang. He would sleep with a mouse if it were brave enough and if the truth were known, he probably did sleep with several during the sub zero weather we recently experienced. Lucky's lifestyle consists of eating, sleeping and I suspect he uses the toilet on occasion. But he never was quite able to determine what a litter box is for and has spent the greater portion of his life blissfully sleeping off his fat under the floor. He allows himself to be petted if he thinks it will increase the helping in his food bowl, but beyond that he prefers to be left alone.

What we have in Jennifer's cat is another mouth to feed and the most appropriately named animal "with which I have ever been associated. And although I do not begrudge Lucky his room and board, I need and expect more out of a relationship with a cat than he has been willing to share. So, over the last several months I have been actively searching for just the right feline to call my own.

What I have in mind is a Himalayan-Siamese. For those of you who are unfamiliar with selective cat breeding, a Himalayan is a cross between a Persian and a Siamese. For the most part, Himalayans have the same color scheme as Siamese and very long hair like Persians. However, if you take a Himalayan and breed it back to a Siamese you get a critter more in line with what I believe a cat ought to look like without

all that hair. I'm talking big, smart, (as cats go) affectionate and beautiful to look at. The kind of cat that you wouldn't mind spending five or ten dollars on if you couldn't find one for nothing. And I know that a Himalayan-Siamese is what I want because Jan Mitchell has one and it's as perfect as cats get.

So I commenced calling folks who had them advertised for sale and the Lexington and Louisville papers. But Lord have mercy folks, they want more money for a #9! cat than I'd pay for a new rotor-tiller, which, incidentally, I have to buy within the next couple of months. I talked to one lady in Lexington who told me that her kittens started at \$450.00 and went up.

"Mam," I replied. "You're only \$440.00 out of my price range, but would you mind telling me how many kittens you've sold at those prices?"

"None, yet," she told me, "but that's what I paid for the mother of this litter and that's what I intend to get."

"Well," I said, "if you don't have any luck at that price give me a call back. I'll pay you \$10 for one of em."

She hung up on me without saying a word. I waited about ten minutes and called her back to tell her my phone number. She said she had written it down.

And I won't be surprised if she calls back. If she doesn't, I may take a long hard look at getting into the cat breeding business myself. Anybody who can't make money selling cats at ten dollars a head doesn't have much business sense. Anybody who would pay more than that for a cat doesn't have any sense at all.

Footnote:
We are still plugging the Garden Seed Catalogue giveaway. Apparently folks thought we were just kidding, or felt that they were imposing on our charity and good will, or got mad because we spoke ill of the governor when we announced the

Great Adams Seed Catalogue Scam a couple of weeks ago... So far we have only about 25 takers and we need at least fifty.

If you wish to get tons of junk mail and assure yourself that the mailman will have something for you every day of the week, please mail two postage stamps and your name and address to me. The kids and I will then put your name on a mailing list which we will mail off to more than thirty companies that offer free catalogs. Mostly we send them to seed companies, sporting goods, and cloth-

ing outfits with heavy emphasis on seeds.

You'll start getting catalogs in mid February. The companies will send the mailing lists off to other sources and you will get lots of mail that you probably won't even open.

If you enjoy getting offers in the mail, this is the best way in the world to get started. We use your stamps to mail off the list and that's the total cost of the endeavor. We can't take you off though, once you get on. Write to Ike Adams, Rt. 2, Box 50, Paint Lick, Ky. 40461.

where I would see things far worse than the halls.

I was astounded at what I saw.

I've heard from some of the others different versions of why the ceilings are leaking and in some spots literally crumbling in. Why buckets have to be used to catch the leaks when it rains. The walls are bulged out and are peeling and cracked. The window frames are so rotten there are holes to the outside. Some say it is the flat roof that is the cause. Some say it is stopped up gutters under the eaves and the overflow does it. Still others say it is condensation from the heater pipes in the walls. Regardless of the cause I was amazed at what I saw and would suggest any one interested especially a civic minded group to take the same tour.

"That courthouse was built, I think, during Charlie Carter's term in office and he did it in spite of the opposition he got from many of the people. It was a job needing to be done and he did it. It was a nice new brick courthouse and was sufficient for the time. Even if it did have a flat roof, several times since then it has been repaired for leaks and now, it just must be done again.

The courthouse, like our own homes, is the image of the people within. The

expense to fix it also like that of our home must be paid by the owner. We, the taxpayers and citizens of Rockcastle County, I think, are the owners.

This brand new administration with all its enthusiasm and promises may be able to tackle this job and bring the condition of the courthouse back up to standard.

But it will take understanding and patience by everyone.

It will take more than the fiscal court to wield a big enough broom to clean up the whole county. It will take people organizing their own communities to clean up roadways and some old fashioned road workings by people living on dirt roads as emergency repair. I know what people are saying for often I feel the same way; they get paid for it so why should I do it? That's all well and good and perhaps true when we see money being paid to workers whose only move seems to be to reach for his paycheck. But it is we, the people living in the affected area who pay for it in the long run by having our cars torn up or not being able to get out sometimes even to a doctor.

I know all about not having a passable road. I've helped gather rocks by

(Cont. to A4)

Sweet and Sour

By: Zi Graves

Congratulations to our new Judge, Roland Mullins. "He fought a good fight and won the race". He ran against some mighty fine people too. And the prize they were running for was not a crown but a chance to put Rockcastle County on the map. He will do it too. Leadership Rockcastle, a newly organized group of mostly young professionals, has taken as their first project, the job of having the halls

and stair ways of the courthouse cleaned by professional cleaners. This will make it easier for the daily workers to keep it in a way becoming a courthouse.

Last week I, as one of these members, was at the courthouse approaching office holders for donations to pay for this. I finally reached the third floor and Denver Miller's office where I was graciously received. After responding to my request he invited me to go on a tour of the third floor

Letters to the Editor

Readers disagree with "Points East"

Dear Editor, I decided to write this letter after reading the Points East article in last week's Signal. It seems to me that Mr. Ike Adams has missed the point of the second amendment of the Constitution and the right to keep and bear arms.

The Second Amendment does not say that we the people have the right to keep and bear arms as to use for hunting. In fact, it says nothing about hunting or target practicing or so called sporting weapons. It says "the right of the people to keep and bear arms, shall not be infringed."

"The Bill of Rights" was designed to protect the law abiding citizens of the U.S. If the governments and officials today would do more to enforce the laws we already have, and punish the criminals when they are convicted, we wouldn't need all of these new gun control laws. Patrick Purdy should have been in jail at the time that he killed all of those children in California. He had already been convicted of a half dozen crimes including robbery and arms dealing, yet he was running free. And the weapons that he used to commit that crime should not have been the issue. Purdy could have killed just as many people using a semi-automatic deer rifle, such as the Remington 742 that I use each year.

Mr. Adams also wrote a lot about fully automatic fire arms. The fact is that the AK-47s and other so called "assault weapons," available to the public are not automatic weapons. Fully automatic firearms have been severely restricted since the Federal Firearms Act of 1934. Actually there is no real difference between the actions of a Remington model 1100 shotgun, Remington 7400 hunting rifle, Marlin Model 60, 22 rifle and the type 56S AKM used by Patrick Purdy in the California school yard. They are all semi-automatic.

I think it is wrong to blame the guns for the crimes committed by the nuts and the drug dealers in this country.

After all if they didn't have any so called "assault rifles" they would come up with something else. They always do.

Dennis Bray
Brookhead, Ky.

Dear Editor,

In response to your article in last week's Signal, I would like to say that the Representative that informed you on how he stood on gun control is a very good man and he speaks for the people who elected him to office, which is the Majority of the people. He is just speaking for the NRA and it doesn't matter if he is Democrat or Republican.

Speaking from experience, I can tell you that there are many ways to use any weapon for sporting purposes, be it automatic semi-automatic, single shot, or whatever. Guns can be used not only to kill game but also in target shooting by oneself, shooting competition in club matches, reloading ammunition and shooting targets with different guns to compare ballistics, etc. All of these things are hobbies which some of us enjoy very much.

There are some of us so called idiots that enjoy guns as a whole, even the AK-47. It is narrow-minded people like yourself, that can't see any farther than the tip of your nose, that are endangering this right of freedom for all of us. Anyone that thinks that doing away with AK-47s, or any other weapon is going to solve anything has got to be totally insane. People that use the AK-47 or any other weapon for the purpose of killing will get hold of those weapons illegally through Black Markets. Just because the United States makes it illegal to own such a weapon here doesn't mean Diddy about other parts of the world. There are some countries that make small fortunes from illegal arms sales and will continue to do so until the end of time.

For argument's sake, let us say the government did ban all AK-47s and semi-autos totally, and no one in the whole world could get hold of such a weapon. Ha, Ha, Ha, Ha. Next, if people started using single-shot rifles and shotguns to do their killing, then I guess we would do away with all single-shot guns. Then if people started using sticks and stones, I guess we would have to do away with sticks

and stones. Ha, Ha, Ha, Ha. Narrow-minded? You can't impose penalties on innocent people just because a small minority of greedy, heartless, murdering drug dealers and crazies have no respect for the law or the people. All they are concerned about is their own wealth and well-being and to hell with everyone else.

In my opinion if citizens would stand up for what is right and elect strong people to the branches of government that make and enforce our laws, people that have a little backbone instead of electing outlaws and weak people that are only concerned about the next election to the extent that they are scared to do their job, then laws would be changed to protect the rights of the people instead of only the right of the criminal.

The government could stamp out this small minority overnight if they wanted, but they are afraid that they would violate the criminals' civil rights and civil liberties.

One of the best solutions to any such problem in my opinion is to make one person responsible for his or her wrong doing. When you become an adult, you become responsible for your own actions.

Until the courts start going back to stricter punishment and enforcing the death penalty for those who choose to kill and poison our society, things will never change - they will only get worse.

As for the NRA, they speak for the people that believe in their rights to bear arms. And as for killing a deer with an AK-47, they were just trying to make the point, that any gun, no matter whether it be automatic, semi-automatic, etc., is no more dangerous than the person operating it. Some people are just too narrow-minded to see that.

I urge each of you to write your state senator and representative and let them know what you think. It is time for them to pass and enforce laws that will punish the criminal and not laws that take away the victims' rights.

Larry D. Carter
Mt. Vernon, Kentucky

Dear Editor:

I feel that I must reply to the hysterical, emotional, and ridiculous article, "Points East," by Mr. Ike

Adams, Mt. Vernon Signal, Jan. 11, 1990.

His senseless tirade against the N.R.A. and automatic firearms would be ludicrous if it weren't for the seriousness of the issue at all levels, local, state and national.

Be assured that the N.R.A. is not comprised of a bunch of idiots. If Mr. Adams contends that people like Charlton Heston, Gen Charles Yeager, The Hon. Joe Foss, Warren Cassidy, ex-President Ronald Reagan, etc. are idiots, then we need also more idiots like that in the N.R.A. as well as other phases of our society.

I will assure Mr. Adams that N.R.A. president Joe Foss, nor any other N.R.A. official went hunting with a fully automatic rifle, since fully automatic firearms are illegal to hunt with all fifty states, to the best of my knowledge.

Mr. Adams can also rest assured that he, N.R.A. members and nobody can go to any sporting goods store and purchase a fully automatic firearm over the counter. No way! In fact, at the present time it is illegal for any civilian to have in any circumstance. Check it out with B.A.T.F./I.R.S. if you are not convinced.

Mr. Adams' childish tirade about bazookas, Sherman tanks, and missile silos leads one to believe he has spent too much time in front of the TV and not enough time learning the difference between fully automatic firearms versus semi-auto. firearms. Obviously, he doesn't know the difference.

Time and space does not permit an in depth explanation of the N.R.A.'s stand on firearms ownership, but suffice to say, that the N.R.A. has never, does not now, advocate the use of fully automatic firearms for hunting. Some automatic firearms have been around and used for various sports and recreational uses for nearly a century. It's just possible Mr. Adams may have been referring to such firearms.

If Mr. Adams doesn't believe the "anti-gun" people aren't out to take all guns from the civilian population, then I suggest he contact H.C.I. Inc. in Washington, D.C. I believe they can change his mind.

Summing up the situation, I would like to ask each and every gun owner or anyone else who believes in our right to own and use firearms legally, to write their various representatives at all levels and ask them to oppose any legislation pertaining to so called "gun control." Gun control, as it is commonly referred to today, has never worked and never will work in our country.

Mr. Adams, in the future, please stick to your often informative, often comical and sometimes humorous column. I enjoy it ----- most of the time.

Thank you,
A proud, angry, N.R.A. member

Dear Editor:

We would appreciate your help in announcing the following public service message.

The Kentucky Department of Mines and Minerals will be conducting an Underground Mine Foreman Class. The class will begin January 23, 1990 at 6 p.m. These classes will be held on Tuesday and Thursday nights from 6 p.m. to 10 p.m. There is no charge for this class. The requirement for Assistant Mine Foreman is 3 years underground mining experience and 5 years underground mining experiences for the mine foreman.

Please bring a postal money order or a bank money order for \$20 for a study guide book on the first night of class. If you have any questions call (606) 878-0610, Ext. 243.

An open letter
To the people of Mt. Vernon

From all the slander from the law and gossip you people have said about me from the sheriff department and long tongues over in Mt. Vernon I do want it straightened up in the next issue printed. I don't have nothing against no one over there and don't care nothing for no body but my wife so I wish people would stop bothering her. This may lead to 1983 action if not straightened up.

To the Lexington Herald and the
Courier Journal in Louisville

My name is John Harvey Taylor. Marion Adjustment Center is a place for a man to do time. It is hard to go hungry every day. I hope the Parole Board and the Commonwealth won't hold it against me. I went to M.A.C. Feb. 8, 1989. From then until Dec. 8, 1989 I lost 47 pounds from starving. I do hope you, the Commonwealth, do understand when you starve a man and try to make him act like a chained up dog. It won't work. I hope the paper will print this. I only liked 20 months to the Parole Board but I wouldn't be nothing but bones if I had gone back to M.A.C. The place just ain't no good. I do hope that this

will be printed in the news paper. I can't spell too good but I know someone will make out what I mean. Don't hold this against my wife cause she did not know what I had in my mind to do she did not have nothing to do with what I did, o'k? Don't hold it against other prisoners for what I did. If you need anything when they need at M.A.C. If I take a notion to go back I will go on my own but it will be where I won't go hungry 24 hours a day. Good luck on straightening up M.A.C.

John Harvey Taylor 92126

"Sweet and Sour"

(Cont. From A3)

the truck load to fill chug holes and Mat would beat them in. Our neighbors got together and practically built

this road before we could get the road resurfaced in building it. It took fifteen years to even get them started. The county never did show interest in building one.

So community action can be a very important aid in many different ways. I am also a believer in weight limits being put on roads. Once a road is built the big trucks with their over loads hit it and demolish it before the local residents can get a fair chance to use it. Our road was built as a farm to market road but the big business messy coal companies, make it a business road. It's almost an impossibility for a county the size of Rockcastle to keep these roads repaired.

There are many more problems facing this new administration that solutions must be found for.

More work and less welfare is one. Education is extremely important. Not only education in the classroom but teaching the people they are responsible for many of the problems facing us. One problem is the roadside filth. When people realize it is their soft drink cans, fast food containers and soiled diapers that is the cause I'm sure they will carry a simple grocery store bag in their car to put it in until they reach home. It's as simple as that.

Judge Mullins, you and the magistrates have a gigantic job ahead of you. Good luck.

And many thanks to those who donated to Leadership Rockcastle to pay for the cleaning.

If everyone knew what was happening at Blue Cross and Blue Shield of Kentucky, we wouldn't need this ad.

Things are changing at Blue Cross and Blue Shield of Kentucky. What was considered good performance in the past won't cut it in the present. We're working to get better.

In June, a new president, Steve Iow, took over the reins. He talked with employees about how to make our company better. He talked to customers: the ones we have, the ones who left, and the ones who never tried us. Now, we've begun turning those words into actions.

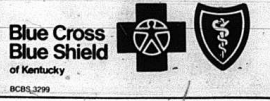

"We've got a real challenge ahead of us. It's up to every employee to energize our company... to make it more proactive, more customer-driven than ever before."

That philosophy is sparking a company-wide revolution. We're streamlining claims procedures for more efficient processing. We're breaking our customer service folks into smaller, specially trained teams so they can answer your questions more quickly. And there are more changes coming.

"I want to see this company move back to its original value system, a system of caring for the customer, and a belief that the customer is important. In our rapidly changing, complex and competitive world of healthcare, it is even more important for us to get back to personal service and products designed to fulfill customers' needs."

Changes were needed. Changes are being made. Choose us again, or for the first time. And choose the company that realizes good isn't good enough anymore. Call Blue Cross and Blue Shield of Kentucky or your independent agent.

Good isn't good enough anymore.

Around Brodhead

By: Mrs. Mary McWhorter

Aunt Lou Payne has returned to her home after an extended visit with her sister Mrs. Ann Gill and Carl. Ann has recuperated well from a broken hip, we are so thankful for God's mercy to her and hope she will be able to visit again in Brodhead soon.

Mrs. Janet Daniels of Lake Forest, Ill. has returned to her home after an enjoyable visit with her dear brother Mrs. Fannie B. Albright. Other visitors with them were Lloyd and Emma Shuts, Warren and Lois Albright of Birmingham, Ala., also they visited Mrs. Lobe brother James Reynolds and family of Wildie and Mr. and Mrs. Ambrose Albright and daughter Josephine.

Mrs. Vivian Owens, Ruth Mink and myself were in Richmond for lunch and to visit our eye doctor. We also stopped by Peoples Restaurant in Berea for supper.

Visitors of Mrs. Bertha Adams while she has been ill were, Mrs. Tressa Adams of Junction City, Jimmy Adams, Mrs. Jewell Harmon, Ruby Gabhard, Bro. and Mrs. Whit. Berene Adams, Maggie Kidwell. Ber-

tha has improved enough to get back in church for which she is thankful. Mr. and Mrs. Jim Parson and Elizabeth Ann of Lexington were Saturday evening visitor of mine and Pat and Freddie and McKie Lea, Mrs. Dessie Hamm and daughter and husband Mitch of Ohio, Coo Hamm and wife and family of Ohio, Bill Hamm, wife and family of Ohio, Lee Hamm and wife and family of Ohio were all here due to the death of their daughter and sister Jean Brock. They all visited with Mrs. Mina Laswell and others. Our deepest sympathy goes to all the family.

Miss McKie Lea Pruitt of Ashland spent the holiday weekend with her mother and brother Pat and Freddie Pruitt Jr. McKie and I also visited with Elizabeth Proctor, Clay and her mother Clara while Monday. Elizabeth is leaving soon for Texas to join her husband Tony Clay who is stationed there. Mrs. Brenda Bradley and Mrs. Cathy McKibben sure were very welcome guests Monday at my house as they brought dinner for us all and Cathy altered some dresses for me, not that I've lost weight, they were Christmas gifts from my children and don't you know they think I'm larger than I am. Ha, Ha!

On Saturday Janice, Jimmy and Elizabeth Ann from Lexington came to replace my worn out T.V. with a new one that Bob had them buy in Lexington. Now you know that that didn't hurt my feelings either. Many thanks to my children and Cathy McKibben and Brenda Bradley for being so good to me and also to Lon, Carol and children who are so good to me. Dwan and Brenda, Evelyn, Paul and sons did a lot for me while they were here too.

Mrs. Juanita Norris and her mother Mrs. Maggie Kidwell were in Covington visiting Maggie's sister, Mrs. Lorene McClintney, who is very sick. Our prayers are for her.

Mrs. Mabel Burdette was Monday visitor of Mrs. Mae Holbrook bringing her a beautiful dried bouquet of flowers which made her very happy. Steve Albright and his sister Janet Daniels were recent visitors of Billy Murphy and Nina Cash and also visited their uncle Ambrose Albright and family.

Benny Craig and son Corey were Sunday dinner guests of Willie and Mabel Taylor.

Mr. and Mrs. Mike Barr and daughter Bobbi Jo, Mr. and Mrs. Stephen Hunt, Angela and Jeffrey, Mr. and Mrs. Gary Cromer, Michelle and Zachary, were all visitors of Mrs. Julia Hunt Sunday after church.

Recent visitors of Elva Mobley were Theo and Hazel Nantz of Somerset.

Recent visitors of Grace and Evan Brown were Mrs. Eleanore West, Mrs. Marie Alcorn, Pat Chestnut and her daughter-in-law Sue and baby April, Mrs. Irene Taylor, Albert Cash and Reba Cash.

Our deepest sympathy goes to the family of Clarence Simpson who passed away recently also to others who have lost their loved ones.

Recent guests of Mr. and Mrs. Delbert Long were Harrison and Lela Johnson of Clay City, Irene Taylor, Johnnie Taylor, Jimmy Blevins, Theo and Hazel Nantz, Fay Johnson and Geneva Brown.

Those visiting Jewell Denney dur-

ing the weekend were Engene Denney and children Lennie and Bonnie, Mrs. Ronnie Denney and boy friend and Mrs. Phillip Payne, Steve and Scott.

Let's all remember the Brodhead Homecoming is May 25th, 26th and 27th.

The Willing Workers Homemakers are asking everyone having old eye glasses to donate them to the Lion's Club of America. These glasses are used to help those not fortunate enough to buy eye glasses. Give your glasses to any Homemaker member or leave them at Charles and Patsy Fletcher's store in Brodhead.

Quail News

By: Vivian Owens

Mrs. Verla Casey of Valley Station spent a few days last week with her mother Florence Albright and also visited Mrs. Lucille Ponder Saturday.

Mr. and Mrs. Elmer Ponder and Verla Casey were dinner guests of

Florence Albright Friday. Mr. and Mrs. Glenn Whittle spent Friday night with her aunt Mrs. Sella Scoggins and Garvie.

Wayne Caldwell of Ohio spent the weekend with his mother Mrs. Edna Caldwell.

Mr. and Mrs. Warren Albright of Birmingham, Alabama visited Mr. and Mrs. Ambrose Albright and Tooter recently.

Dr. and Mrs. Guy Albright and Mrs. Lucille Purcell visited Mr. and Mrs. Ambrose Albright and Tooter this Monday morning.

Mrs. Steve Tracy of Versailles spent Friday night with her mother Mrs. Zelma Hayes and family.

Mrs. Vivian Owens, Mrs. Christine Brown, Mrs. Ruby Thompson visited Mrs. Molly Bryant and Mrs. Isabelle Jones this past week.

Gordon Eldred visited his aunt Mrs. Sella Scoggins and Garvie and his sister Mrs. Glenn Whittle and Mr. Whittle Friday at the home of Mrs. Scoggins.

Recent visitors of Mr. and Mrs. C.S. McKinney were their daughter,

Mrs. Sharon Lovings and grandsons, Jim and Jack and Jack's girlfriend, Sandy.

Unlike a furnace that converts fossil fuel or electricity into heat, a heat pump collects heat that already exists in the outdoor air.

Ice Cream Ingredient Causes Weight Loss

WASHINGTON - Scientists are baffled by a new weight loss formula that causes people to lose weight even though they don't change the way they normally eat.

Studies published in respected scientific journals such as The British Journal of Nutrition say that cyanoguanidyl tetrahydrofolate, an ingredient often used to thicken ice cream, can cause permanent weight loss without dieting or exercise. Although several explanations for the weight loss are suggested, the most likely according to scientists, is that the ingredient seems to "trap" high calorie fat particles, decreasing their absorption in the intestines.

Scientists at National Dietary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, have successfully isolated and incorporated cyanoguanidyl tetrahydrofolate into an improved formula that greatly enhances the potential for weight loss over the period of time. Called Food Source One, the revolutionary new formula provides a three-way scientifically designed process to help prevent calorie absorption.

The mechanism by which Food Source One works to decrease body weight is a complicated process called nut-binding. When chewed and swallowed immediately before meals, high calorie fats are replaced with lower calorie nutrients, thereby providing optimum nutrition and a minimum number of fat calories as explained in an instruction sheet that accompanies the tablets. The instructions should be followed for optimum results.

Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for the treatment of obesity.

Food Source One is available at:
Mt. Vernon Pharmacy
Richmond Street

"What Saith the Scriptures"

17 years ago next Tuesday will mark the anniversary of the famous Roe vs. Wade Supreme Court decision that legalized abortion in our country. How sad it is that many are confused and misled on the vital issue. Let's look to the Word of God to find the answer on how one should view abortion.

In Luke 1, we read of Mary coming to visit her cousin Elizabeth who was 6 months pregnant with John the Baptist. "And it came to pass, that when Elizabeth heard the salutation of Mary, the babe leaped in her womb; and Elizabeth was filled with the Holy Ghost: vs. 41. Notice the unborn is called a "babe" not pregnancy issue or fetus. You see, it doesn't sound too bad to remove some "pregnancy tissue" to you, call it the "babe" that is within me. When Jesus was born in Luke 2, we hear the angel saying "and this shall be a sign unto you; ye shall find the babe wrapped in swaddling clothes, lying in a manger." vs. 12.

Now I want you to notice that the word "babe" here is exactly the same in the English text in the Greek also as in Luke 1:41. So the scriptures call John, who was yet in Elizabeth's womb, a "babe"; and Jesus who was born in Bethlehem a "babe." When people can see this, then to kill the unborn is wrong just as it would be to kill those already born. Rm. 13:9 forbids murder of human beings. That's why it is wrong to have an abortion.

One of the most dangerous places for one to live is inside a mother's womb, for 1-1/2 million babies are killed each year in abortion mills. Now bombing abortion clinics is not the solution to fighting this evil, but through teaching the truth can people learn to do better.

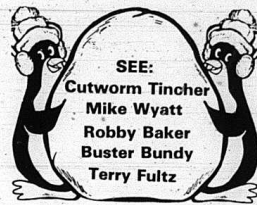

Finally, even if one has done wrong in having an abortion, you can be forgiven through the grace of our Lord Jesus Christ. Those on the day of Pentecost, who Peter said were guilty of killing the Son of God, found forgiveness when they believed and obeyed the gospel. Read Act. 2:38, 41.

Stress management seminar planned for January 25

Leadership Rockcastle, a recently formed leadership development organization, is sponsoring a seminar on stress management and burn-out prevention. Bro Wendell Romans, pastor of the First Baptist Church in Mt. Vernon will be conducting the conference, Thursday, January 25 at the Rockcastle County Hospital Conference Room from 6:30 p.m. to 9:30 p.m.

Bro. Romans majored in psychology at Centre College in Danville and has led stress conferences in Kentucky and Ohio for both church and non-church related participants.

There will be no admission fee and refreshments will be served during scheduled breaks. Please pre-register by contacting Shirley Cox, phone 256-2345 of Karen King at 256-5402.

Bro. Wendell Romans

Report Cards

Students at RCHS will receive

report cards on Wednesday, January 17th. Students must pay lunch charges and class library fees before they can have their report cards.

Balfour Company

A representative from Balfour Ring Company will be here on Thursday, January 18th. Anyone who has a ring with a problem, should make sure they see the representative.

Possible Spring Break

If we don't miss over 10 days of school, we will receive a Spring Break during the week of April 2-6, 1990. A total of seven days is how many days we have missed so far.

EHA to go to State

On Saturday, January 13, seven FHA members traveled to Bell County to compete in STAR Events.

The Chapter came home with three 1st place winners and four-second place winners. The 1st place winners will compete on the state level in March. First place winners were: Carrie Mullins, Cynthia Wolfe, Anita Sowler. Second Place Winners: Shanda Middleton, Lisa Blanton, Melissa Mink and Jennifer Coffey.

Rockets Play Garnard on Friday

The boys varsity will play Garrard County at home on Friday, January 19th. A dance will be held following the game.

All clubs will meet on Wednesday, January 24th.

RCHS Minute

Please note!

How would you like to earn extra income while helping your community? Temporary jobs with the U.S. Census Bureau are now available in this area.

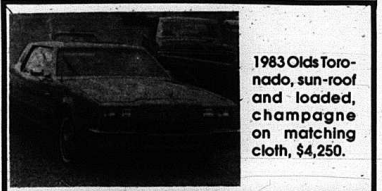

Contact your nearest state employment services office now for details. A recruiter will be a Brohead Fire Department in Brohead January 20th at 10 a.m. and Harry Sparks Vocational School, next to the high school, January 23rd at 4 p.m. and again at 7 p.m. \$5.50 per hour and 24 cents per

mile car allowance with flexible hours.

RECC Reduction

The Kentucky Public Service Commission has approved a request by East Kentucky Power Cooperative Corporation to revise its tariff. The revision will reduce the corporations annual revenues by about \$2.5 million.

The Commission authorized each of East Kentucky's distribution cooperatives, including Jackson County RECC, to allow for the reduction.

1983 Olds Toronado, sun-roof and loaded, champagne on matching cloth, \$4,250.

DEATHS

Austin

Mrs. Zella Austin, 74, of route 1 Brodhead, died Tuesday, January 16, 1990 at the Berea hospital.
She was born September 10, 1915 in Rockcastle County, the daughter of the late Samuel and Mattie Whitaker Cromer. She was a former nursing home employee and a member of the Brodhead Christian Church.
Survivors include her son, Kelly G. Austin of Tennessee; a step-daughter, Mrs. Clydene Linville, Hender-

sonville, Tenn; two brothers, Vernon Cromer, Richmond, Indiana and John D. Cromer of Springdale, Ohio; one sister, Mrs. Faye Hensley, Richmond, Indiana and five step grandchildren. She was preceded in death by her husband Clyde Austin and three brothers.
Services will be at 1:30 p.m. Thursday, January 18 (today) at the Watson Funeral Home Chapel with Bros. Steve Ritter and Don Jones officiating. Burial will be in the Oak Hill Cemetery.

Renner

Mrs. Beulah M. Renner, 65, of Indianapolis, Ind., and formerly of Rockcastle County, died Jan. 13, 1989, at a hospital in Indianapolis. She was born in Rockcastle County June 8, 1924, the daughter of the late Leonard Cope and Laila Bustie Cope. She was a member of the Souls Harbor Church in Indianapolis.
She is survived by: her husband, George L. Renner; three sons, Sherman, Gary Bruce and George R. Renner, three daughters, Sharon Jackson, Carol King, and Shirley LeMaster; four brothers: Homer, Paul, Walker and Bobby Cope; two sisters, Laura Shepherd and Mattie Ponder, 16 grandchildren and 10 great grandchildren.
Services were held Jan. 15 in Indianapolis by the Rev. J.D. Redmon. Burial followed in the Forest Lawn Cemetery.

Bowles

Charles Anderson Bowles, 84, of Livingston, died Jan. 17, 1990 at Berea Hospital. Services will be at Dowell and Martin Funeral Home where arrangements are incomplete.

Bray

Mrs. Ruby (Cromer) Bray, 65, of Reading, Ohio, died Dec. 27, 1989. A native of Rockcastle, she was the wife of Earl Bray.
She is survived by sons William M. and Robert E. Bray, and a sister, Jean Wright.
Services and burial were in Ohio.

"Fiscal Court"

(Con't. from front)
service on the bonds, which is the amount the investment banking firm estimates would be needed for the annual principal and interest requirements.
According to Ross, his firm would handle all necessary details and work with the judges, magistrates and county road foreman Elmo Anderkin on developing a county road plan of repair and reconstruction, a plan that is required to be submitted to the Transportation Cabinet for approval.
If approved, the plan would not affect the employment of county road workers, at least at the beginning, since not all roads would be under

contract at the same time.
Working county roads is an ongoing requirement, and Anderkin named those roads where emergency work has been done in recent days.
They included: Coy Vance Road, Christian Church Camp Road, Cupps Chapel, Trace Branch, Sieve Albright, Abney, Bryant Ridge, Crooked Creek, Owen Allen, Fuzzy Duck Hollow, Boone Cromer, James Kirby, Robert Miller, Buffalo Hollow bridge, Frank Cope, Sand Hill, Shirley McClure, White Oak, Clark Hill and Mullins Station Road.
Anderkin did not spell out other roads to be worked in the next few days, but apparently there are several.

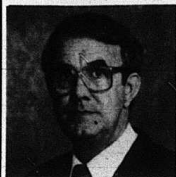

Also during the meeting, the court approved a request by officials of Renfro Valley Folks, Inc., to widen a mile or more of Hummel Road at Renfro's cost.
Ralph Gabbard, president of Renfro Valley, told the court the road needs to be widened to take care of a parking area for an estimated 2,000 to 3,000 cars that are expected to come to Renfro Valley when Renfro completes its plans.
An apparent low bid of \$19,834 from Robert E. Philbeck of Mt. Vernon to cover the grandstand at Brodhead fairgrounds was among six bids the county received for the project. Second low bid after Philbeck's was \$24,500 by Denzil R. Allen of

Orlando. Highest was \$36,000 from N & N Contractors of Mt. Vernon, J.C. Newland of Brodhead bid \$32,900; Dee Hopkins, \$32,412, and M & D Excavation Service of Barbourville, \$29,150.
In another action, the court approved Mrs. Anna Rose Mullins to be coordinator of Disaster Emergency Services for the county. Should a disaster occur, she would coordinate agencies in the county. There is no salary attached to the position.

Mt. Vernon Personals

(Con't from A-6)
Mrs. Samuel Newton Somers, Patricia Holland, Mrs. Mae Barron, Shirley Burton, Henry Owens, Everett Thomas Rickels, Ed Houston, Mrs. Linda Blanton and granddaughter, Mr. and Mrs. Everett Adams of Crab Orchard, Coleman Houston.
Mrs. Rebecca Burdette is a patient in the Rockcastle Hospital.

Rockcastle County Board of Education Hiring Practices

The Rockcastle County Board of Education has recently implemented new hiring policies/procedures. This information is intended to familiarize the public with the process to be utilized in filling positions (both certified and classified). Hiring practices which are intended to establish a fair and equitable process shall be based upon the following premises:

- A method for the timely announcement of district job openings; Job Register will be maintained and available at all times for public inspection.
- A system providing for a fair review of all applications. The superintendent will make the final recommendation to the board, but the system requires input to the superintendent from other personnel.
- A process which requires that Board minutes note the employment of a person related to the superintendent or a board member.

Specific Hiring Policies/Procedures Adopted by the Rockcastle County Board of Education

- Qualifications:
The Superintendent shall only recommend individuals who are certified/qualified for the positions they will hold, excepting in the case where no properly certified individuals apply...
- Criminal Records Check:
Prior to the initial employment of applicants a criminal records check will be required. The criminal records check of school bus driver applicants shall include a criminal history, alcohol and illegal drug use, and driving infraction/conviction(s) prior to recommendation. No person shall be employed as a bus driver who has been convicted of driving any motor vehicle under the influence of alcohol or any illegal drug within the last five (5) years.
- Job Register:
The superintendent/designee shall maintain in the central office a Job Register listing all current job openings in the district. The register shall describe the duties and qualifications for each opening. The register shall be open to public inspection during the central office hours. A list of job openings shall be updated each month and posted in each school building.
- Review of Applications:
A. All applications for employment shall be received and maintained in the central office.
B. Applications for job openings shall be filed on the appropriate, designated form and it shall be the responsibility of the applicant to update the application according to established guidelines.
C. Upon receipt of application, each applicant shall be notified that his/her application has been received, reviewed and placed on file for current and future reference.
D. When a position becomes open, it is placed on the job register; appropriate supervisory personnel shall assist the superintendent/designee in screening the application forms. Established job qualifications shall be the basic criteria reviewed in this screening process along with evaluation records/recommendations from previous supervisors.
- Interviews:
Upon completion of the screening process, appropriate applicant(s) shall be interviewed by designated personnel to determine a recommendation which shall be submitted to the Board for a final approval.
- Relationships:
Upon initial employment of a relative of the superintendent, a board member, or other elected public official, the name of that relative and his/her relationship shall be set forth in the Board minutes.
- Emergency Hiring:
In order to prevent disruption of necessary instructional and support services and provided the requirements of KRS 160.380 have been met, the Superintendent shall be authorized to fill vacancies between Board meetings, subject to approval by the Board at or before the next regularly scheduled meeting.

During emergency situations, job openings may be filled without listing the job register or posting in district buildings.

Emergency hirings and the grounds for declaring an emergency shall be set out in the minutes. Emergency hirings shall be subject to the requirements as set out in this policy under the side heading of "Relationship."

NOTICE

If you currently have an application on file and wish to have it remain active, please call 256-2125 or 256-4144 before March 1, 1990. All applications will need to be updated or new application forms submitted. The entire Board Policy and Procedures can be reviewed daily at the Central Office Building from 8:30 to 4:30 p.m.

4-H Poster Contest

Over the past month and a half, 4-Hers in each grade school have been competing in the 4-H Poster Contest. Poster winners were selected in each grade, 4th through 8th. First place winning posters will compete in the Wilderness Trail Area contest next spring. Congratulations to each participant! Winners are as follows:

1st place 4-H Poster Contest winners, 4th-6th grade, were Korry Lowery, John LaFavers and Beth Durham

1st place 4-H Poster Contest winners in 7th and 8th grades were, left, Adam Compton and Melissa Hayes.

Brodhead Elementary Tiger Pause

Our Tigers are busy, busy, busy! Mrs. Pam Martin presented a challenge to her enrichment class that simulated creative thinking skills. The lesson involved each student making a original invention costing no more than \$1 for its components. Any materials around the house, etc. could be used. Here's a list of who made what - Rebecca Blanton, belt reverser; Steven Hamra, multi-pencil holder; Jennifer Owens, 'wipout' cleaner; Beth Collins, no-spill cup holder; Freddie Pruitt, candy machine; Danielle Sowler, travel telephone model; Coby Smith, paper wad shooter; Amy Long-Martin, belt reverser; Emily Gisher, multi-pencil holder; Shannon Tompkins, 'New Kids on the Block' dart game; Shannon York, Futuristic club can T.V. Model.

The Junior Beta Club is holding their induction ceremony, Friday, Jan. 19 in the school gymnasium. Since the ceremony is entitled "Welcome," parents are cordially invited.

Tuesday, Jan. 9th, the Roundstone Eagles and the Brodhead Tigers, grades 4-8, enjoyed an assembly in our gym. The program, all about space, was presented by Sue Darnell of the Department of Education. This program was coordinated through the central office staff. We appreciate our central office staff that is aware of the varied interests of our student body.

Mrs. Charlotte Bullock's fifth grad

enjoyed a 'Banana Split Party' recently. This reward is granted for any class having perfect attendance for 20 days.

With the beginning of our 6th month of school (our months are set up 20 days per month) an Attendance Promotion Campaign has started. For the next three months - each Friday, a child who has not missed that week - places his/her name into a drawing for a stereo headset. The name then goes into the bag for a drawing at the end of the third month period (probably end of April). The student whose name is drawn, will receive a prize of a Nintendo. Doing this is a special incentive for our students, but remember the end reward is the joy of learning and positive self-discipline.

The eighth grade students placed orders for caps and gown in the fall. Many ordered extra tassels and were excited to receive them this week. These mementos will be a constant reminder of anticipation toward graduation in the spring.

We are hoping to have some of our students' art displayed at the KSBA (Kentucky School Board Association) annual conference, March 2-4, in Louisville. Encourage your child, if in grades 5-8 to participate in this project.

Another project, "Reflections" is currently in progress, our coordinator, Mrs. Sharon McKinney, says the deadline for entries is Thursday, Jan. 25. These are programs that allow all of our students the opportunity to be creative.

Next week we will begin a new series highlighting one of the faculty, because we are proud of them.

EKU Dean's List

Twelve Rockcastle County students have been named to Eastern Kentucky University's fall semester Dean's List.

To be eligible for Dean's List recognition at EKU, students attempting 14 or more credit hours must achieve a 3.5 grade point average out of a possible 4.0.

The students are: Michelle Renee Adams, Rt. 3, Mt. Vernon, pre-nursing (associate); Trina Gayle Bustle, Rt. 1, Mt. Vernon, mathematics (teaching); Christopher Joseph Craig, Rt. 1, Brodhead, pre-veterinary medicine; Janis Lynn Durham, Livingston, psychology; Peggy Durham Kirby, Rt. 1, Mt. Vernon, early elem. ed. grades K-4; Darlene Lakes Martin, Rt. 2, Mt. Vernon, home economics education.

Sherrri Genevieve Mink, Rt. 3, Mt. Vernon, undeclared; Satia Lynne Morgan, Brodhead, psychology; Jeannine M. Parsons, Mt. Vernon, teacher certification program; Thelma Paulita Thomason, Mt. Vernon, pre-engineering; Sandra F. Whitaker, Rt. 2, Mt. Vernon, medical technology, upper division; Worth Anne Whitt, Brodhead, undeclared.

Winter warm ups -- Soups and Stews

Few things are as inviting when you come home from the cold of winter than the aroma of a soup or stew. We often associate these with long oven or range-top simmering, but many are easy to make in the microwave oven.

Most soups and stews are as economical as they are easy to make. You can substitute ingredients and they offer tasty ways to utilize leftover meats, vegetables and cooking juices. Although you can purchase both canned and frozen soups and stews, the homemade combinations can be as healthy as you want them to be.

Most of these soups and stews can be prepared fairly quickly. They are perfect for weekend cooking since they reheat well and the flavors often improve upon standing. Either refrigerate or freeze the soup or stew in serving containers. The soups quickly thaw and/or heat at serving time. Soups can be frozen for up to three months or refrigerated for up to three days.

Soups and stews can provide nourishing, substantial main meals as well as great lunches and snacks. Served with a salad and crusty rolls or cornbread, they make a satisfying meal combination. Whether your winter is warm or cold, enjoy the aromas and flavors of these soups and stews.

Enjoy flavors of southwest cuisine in this hearty chili stew. Use mild or hot green chilies, depending on taste preference.

Mexico Chili

- 1 lb. lean ground beef
- 1 small onion, chopped
- 1/2 teaspoon cumin
- 1 can (28 oz.) tomatoes, undrained
- 1 can (15 oz.) chili beans, drained
- 1 can (4 oz.) diced green chilies
- 1 tablespoon flour
- 1/2 teaspoon sugar
- 1/2 teaspoon cumin
- 1/2 teaspoon dried oregano leaves

- 1. Crumble ground beef in 2-quart microwave-safe casserole; add onion and garlic.
- 2. MICROWAVE (high), uncovered, 5 to 6 minutes or until meat is no longer pink, stirring once. Stir to break meat into small pieces; drain. Add tomatoes, cutting tomatoes into small pieces. Stir in beans, chilies, flour, sugar, cumin and oregano, mixing well. Cover with casserole lid.
- 3. MICROWAVE (high) 7 to 8 minutes or until mixture boils and thickens, stirring once.

Chicken soup, everyone's favorite, is easily and economically made in the microwave.

Country Chicken-Noodle Soup

- 1 cup thinly sliced celery
- 1 cup thinly sliced carrots
- 1 small onion, chopped
- 1 clove garlic, minced
- 1 Tbsp. butter or margarine
- 1 lb. chicken thighs
- 6 cups hot water
- 1 cup medium egg noodles
- 2 tsp. instant chicken bouillon
- 1/4 tsp. poultry seasoning

- 1. Combine celery, carrots, onion, garlic and butter in 2-quart glass mix 'n' pour bowl or casserole.
- 2. MICROWAVE (high), uncovered 5 to 6 minutes or until vegetables are just about tender, stirring once. Remove skin from chicken, if desired. Add chicken, water, noodles, bouillon and poultry seasoning to vegetables. Cover.
- 3. MICROWAVE (high) 13 to 15 minutes or until chicken is done. Carefully remove chicken from soup. Cut chicken from bone; return chicken to soup. If necessary, microwave 1/2 to 2 minutes to heat.

About 6 servings
210 calories each

- TIPS:**
- *Other favorite chicken pieces can be substituted for thighs
- *For chicken-Rice Soup, substitute 1/2 cup uncooked long-grain rice for noodles.

Prepare a speedy stew for a family supper by starting with ground beef rather than less-tender stew meat.

Meaty Ground Beef Stew

- 1 lb. lean ground beef
- 5 to 6 medium carrots, cut into 1/4" teaspoon salt
- 5 to 6 small red potatoes, scrubbed
- 2 medium onions, quartered
- 2 Tbsp. flour
- 1 envelope (1.25 oz.) dry beef flavored mushroom soup mix
- 1 cup water
- 1/4 teaspoon salt
- Dash pepper
- 1 package (5 oz.) frozen spinach

- 1. Crumble ground beef into 2, 1/2 quart microwave-safe casserole.
- 2. MICROWAVE (high), uncovered 5 to 6 minutes or until no longer pink, stirring once. Stir to break meat into small pieces; drain. Add carrots, potatoes,

TIPS:

- *About 4 medium potatoes, peeled and quartered can be substituted for whole red potatoes.
- *About 2 cups chopped fresh spinach leaves can be substituted for frozen.
- (Cubed ham and frozen hash browns streamline this chowder recipe - a great use for leftover ham.)

Ham and Potato Chowder

- 1 small onion, chopped
- 1 cup chopped celery
- 1/4 cup flour
- 1/4 cup butter or margarine
- 3 cups (12 oz.) frozen Southern style hash browns
- 1 1/2 cups cubed ham
- 4 cups milk
- 1/4 cup flour
- 1/4 cup snipped fresh parsley
- 1/2 tsp. salt
- 1/8 tsp. pepper

- 1. Combine onion, celery and butter in 2-quart glass mix 'n' pour bowl or casserole.
- 2. MICROWAVE (high) uncovered 5 to 6 minutes or until vegetables are just about tender. Add hash browns and ham. Cover with plastic wrap or casserole lid.
- 3. MICROWAVE (High) 4 to 5 minutes or until hash browns are tender. Stir in milk, flour, parsley, salt and pepper.
- 4. MICROWAVE (high) uncovered, 9 to 10 minutes or until mixture boils and thickens slightly, stirring twice.

About 6 servings
305 calories each

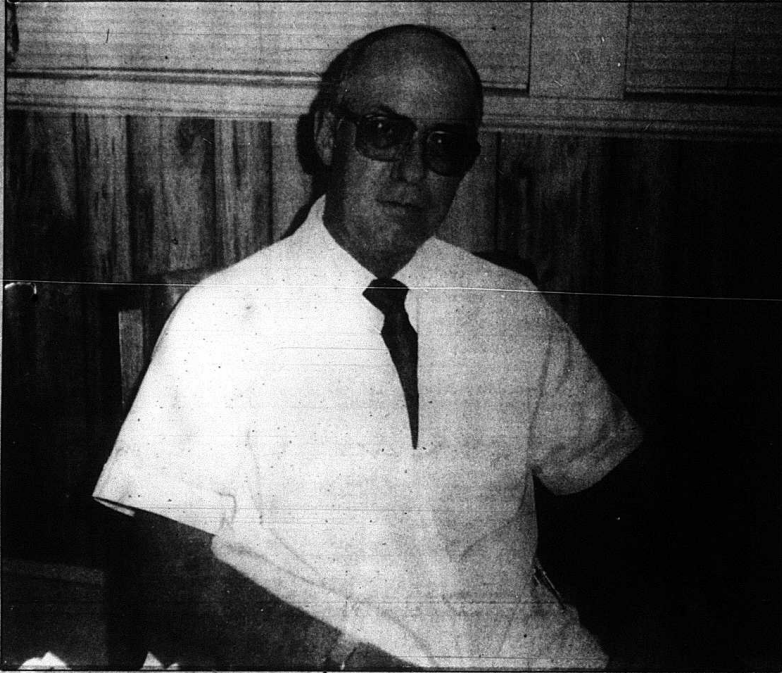

Tips:

- *Frozen O'Brien potatoes can be substituted for regular hash browns. Or, use two frozen hash brown patties. Increase time in step 2 to 6 to 7 minutes.
- *Cubed or sliced cooked sausage or Wieners can be substituted for ham.

Senior Citizens' Menu

January 22 - January 26
Monday: Roast beef, cooked carrots, whipped potatoes, wheat bread, lemon pudding, milk
Tuesday: Fish portion, green beans, cole slaw, corn bread, banana nut cake, milk
Wednesday: Spaghetti/meat sauce, broccoli, tossed salad, Italian bread, hot coffee, milk
Thursday: Sausage patties, cheddar grills, tomato juice, biscuit, fried apples, milk
Friday: Stuffed peppers, whipped potatoes, pinto beans, cornbread, fresh fruit, milk

Rockcastle Hospital Welcomes Dr. Kesner

Rockcastle Hospital is proud to announce that Dr. Carl W. Kesner has joined our staff. Dr. Kesner is a general practitioner presently with Early Memorial Hospital in Blakely, Georgia.

A graduate of Berea College and the University of Tennessee Medical School, Dr. Kesner will begin his practice February 1, along with Dr. McAfee, general surgeon, in the former office of Dr. P.J. Monteyne in the hospital.

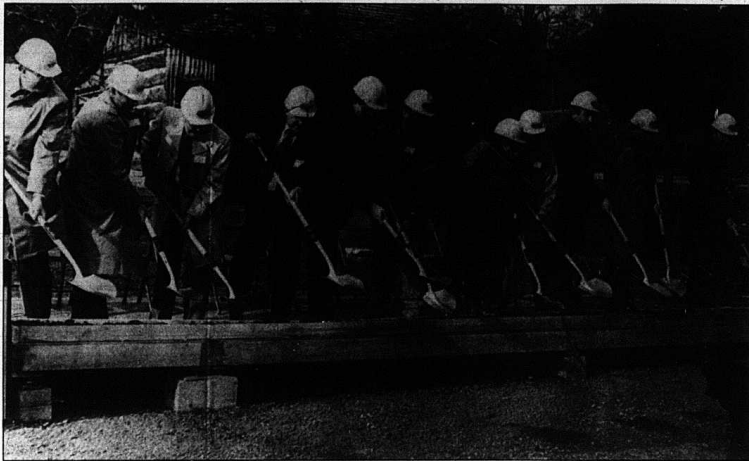

Dr. Kesner is a welcome addition to the staff at Rockcastle Hospital -- the hospital growing to meet your needs.

Thursday January 18, 1990

Renfro Valley Folks, owners and management along with local officials broke ground on the new multi-million dollar Renfro Village, which is expected to be completed by May 1. Most of the Village will be located where the parking lot is now.

An artist conception of the new Renfro Village.

Once completed the new auditorium at Renfro Valley will seat 1,500.

Ground breaking for Renfro Village

Renfro Village will be a delight for the senses - the smell of fresh baked bread, the sound of great country music, the smooth feel of finely carved wood and the taste of great down-home cooking will all merge in a rustic turn-of-the-century village located right in the middle of a scenic Kentucky valley.

Renfro Village, currently under construction, will be open this spring as part of the multi-million dollar renovation and expansion of the historic Renfro Valley country-music complex.

The village's landscaped main street -- lined with shade trees, benches and bricked walkways -- will lead you past numerous working craft shops and exhibits and an old-fashioned restaurant to Renfro Valley's two main show barns.

The historic Old Barn recently underwent a renovation that included the addition of insulation and central heating and air conditioning, a sprinkler system for fire protection, new dressing rooms backstage for the entertainers and new rest rooms in the lobby. New padded seats are also planned for the Old Barn, although it will look much the same as it has over the past 50 years.

Just behind the Old Barn will be the new 1,500-seat auditorium that will house the historic Renfro Valley Barn Dance.

The aroma of fresh baked bread and the splash of water falling from water falling from a giant waterwheel will be the first things you notice as you enter Renfro Village.

Water from the scenic pond to your right will be used to turn the huge wheel, which in turn powers large millstones that are used to grind wheat into flour and corn into cornmeal, which will be used to bake that delicious bread and other pastries that you smell coming from the adjacent bakery.

But this is just the beginning. The aroma of baked goods will be replaced with the smell of wood shavings as talented craftsmen turn wood into furniture, baskets and other fine items.

At another shop, you will be able to watch a skilled artisan take a lump of clay and masterfully turn and shape it with his or her hands to form bowls and cups amid the musky sweet aroma of the earth.

You will be able to feel the expert skill that has been handed down through generations as you touch the stitches on a beautiful handmade quilt and you can hear the thump thump of a loom as the shuttle is passed back and forth and material is pressed together in colorful rugs.

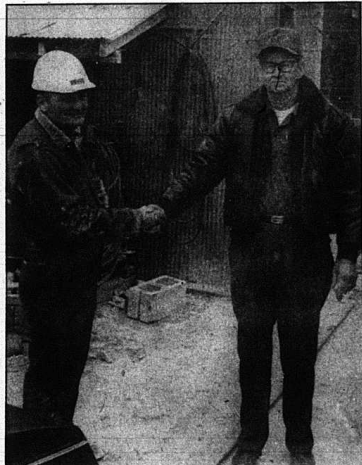

As you walked down the serene main street pass the colorfully decorated Barn Dance.

Ky. Stone retirees

Kentucky Stone Plant Manager Bill Reynolds, left, congratulates Burgess Evans upon his retirement from the local rock quarry. Evans, 62, worked 37 years for Ky. Stone beginning in January of 1952. Mr. Evans lives at Willalla.

Reynolds also congratulates Donald Mink of Mt. Vernon who retired in August of last year. Mr. Mink, 65, worked at Ky. Stone for 30 years beginning on April 6, 1959

Board discusses achievement test

By: Richard Anderkin

Achievement Tests are no longer considered a terrible, horrible thing students must face each year.

These days Rockcastle school officials are making a concerted effort to make local students more comfortable about taking and doing well on the Comprehensive Test of Basic Skills.

"It was once a dirty word around here, something most of us thought we shouldn't talk about," school superintendent Bigge Towery, Jr., said during a board meeting last week.

But that is no longer the case. "We certainly are teaching the test, but have started earlier this year talking about the test and teaching our children test taking skills, something

that has been done in other systems for many years," Towery said.

Continuing with the objectives they set when school started last Fall Towery and members of his staff made it clear that instructional excellence is still their top priority for this school year. "Our teachers have also been more prepared about teaching things the children will be tested on," said Chapter I coordinator Claudinna Cash told board members.

Towery, Cash and Instructional Supervisor Shelby Reynolds talked at length with members of the local board about instruction at their regular monthly meeting last week.

Reynolds said that he and the principals were working very hard to see that the quality of instruction improves and that teachers are aware

of the needs of their students.

"We will bring our test scores up to compare with surrounding districts," Reynolds said. "It was very disturbing that our students tested lower last year than students in some adjoining counties," he said.

To help local teachers and students several employees from the state department including, Dr. Steve Henderson, Kay Freeland and Dr. Peg Taylor have been working in the local system.

Dr. Taylor is an instructor at the University of Kentucky, where she teaches learning skills. She is working with Forward in the Fifth this year.

Dr. Henderson and Mrs. Freeland are from the state's office of instruction.

Transportation Director Larry Hammond also gave the board a short presentation about the school's transportation department.

The presentation was spurred by a request from board member Clayton Cash about contract haulers.

Presently 11 contract haulers transport 26 children at a cost of about \$1,000 per month.

In other business the board voted to:

Approve GED certificates for Brenda J. Owens and Barbara S. VanWinkle.

Approve a leave-of-absence for the second semester for RCHS teacher Betty Cain.

Employ substitute teachers Doris Blevins, Edward Luckinger, Carolyn B. Stevens and Linda Williams.

B.I.T. begins Monday night

The 14 and 1 Brodhead Tigers will host the Annual Brodhead Invitational Tournament beginning Monday night.

With the opening tip off at 6 p.m. Monday the BIT will see action through Saturday Jan. 27.

Date and time for the games are in the tournament brackets below. Participating in this year's tournament are Roundstone, Wayne County, Mt. Vernon, Red Foley, Richmond Model, Livingston, Sand Gap and Brodhead.

The RCHS cheerleaders will be performing Friday night between games. The cheerleaders will be doing the routine that they will be performing when they go to compete in Orlando, Fla.

Monday, Tuesday and Saturday at halftime and between games, the Rockcastle County 3-4 grade intramural basketball teams will be competing.

The Brodhead Tigers B-team captured the championship of the Lions Club Tourney after giving the Mt. Vernon Red Devils their first in county loss Thursday night 40-24 at Livingston. Pictured above are the Brodhead Tigers champions. (Back row, l to r) Jason Childress, Rodney Ellison, Purnell Brummett, Devin Graves, Corey Scott, Robby Bengt and Coach Nelson Graves. (Front row, l to r) Robby Barron, Jonathon Pope, John Adams, Kevin Jones and Anthony Mink. Absent when picture was taken was Chad Severance. For individual scoring in tournament see linescores.

Boys lose to Lakers by 3

By: Spencer Bengt

The Rockcastle County Rockets let a close one slip away Friday night as they were defeated 79-76 by the Russell County Lakers at RCHS.

After leading by 10 in the second half the Rockets were edged out by

the Lakers in the final two minutes of the game.

The Rockets opened up the game executing good pick and rolls allowing Rocket players to cut underneath the basket for easy lay-ups.

But on the other end the Lakers had an inside game of their own.

Using quick passes around the horn to shake the Rockets, the Lakers kicked the ball inside to their big man and took a 2 point advantage into the second quarter.

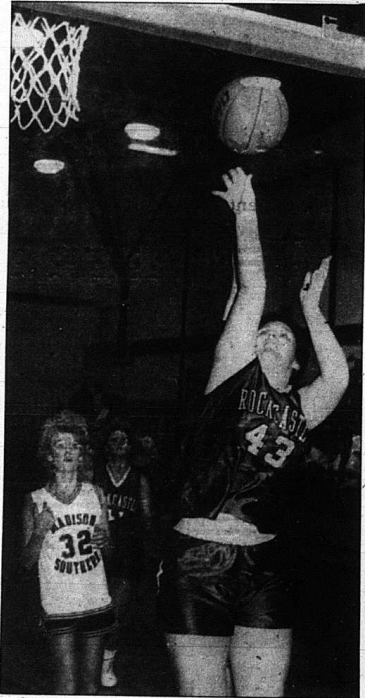

Rockcastle senior center Darren Smith tied the score at 17-17 after making 2 free throws with 7:38 remaining in the first half. But the Rockets would not take the lead until 2:52 remaining in the half.

Now leading 28-27, the Rockets went on to out rebound and outscore the Lakers 38-33 giving the Rockets the biggest lead of the half by either team.

After getting hurt early with the Lakers inside game, the Rockets opened the second half denying the Lakers any inside pass, thus allowing the Rockets to up the margin to 10.

But the Rockets good defense did not last as the Lakers were able to muscle the ball inside to bring the

Cont. to B-4

Lady Rocket Karla Bullock scores 2 of her 7 points on a fast break against Madison Southern Monday night. Pictured in the background is Lady Rocket Donna Harper.

Girls defeat Southern, lose to Garrard Co.

By: Spencer Bengt

The Rockcastle County Lady Rockets Varsity won 1 of 2 this past week, while four players were absent due to illness.

Lady Rockets Jennifer Thacker, Donna Harper, Clara Figg and Danna Ford were all out during Thursday night 60-55 loss against the Garrard County Lions at home.

But with only Donna Harper returning to the lineup in Monday night's game, the Lady Rockets bounced back and defeated the Madison Southern Eagles 50-37 at Berea.

Although trailing in all four periods, the Lady Rockets played well against the Lady Lions.

Garrard County's "all star" Kim Powell, who averages 40 points per game, was held to 29 by Lady Rocket defense.

Not far behind Powell was Angie Senters, who led the Lady Rockets with 20 in the losing effort.

But against the Madison Southern Eagles Monday night, Rockcastle had little difficulty, as the Lady Rockets were led by Stephanie Northern with 17.

Although the game was tied after one period of play, the Lady Rockets jumped out to a 30-18 lead over the Lady Eagles by halftime.

Good full court pressure by the Lady Eagles troubled the Lady Rockets in the third quarter, as the Lady Rocket lead was cut to 7.

But good freethrow shooting throughout the game and down the stretch kept the Lady Rockets ahead, as they tossed in 18 of 32 from the stripe.

Lady Rockets scoring against Garrard County were: Angie Senters, 20; Stephanie Northern, 13; Karla Bullock, 8; April Burton, 4; Angie McClure, 4; Tiffany Carter, 4 and Cindy McCauley, 2.

Against Madison Southern, Lady Rocket scorers were: Stephanie Northern, 17; April Burton, 9; Karla Bullock, 7; Angie McClure, 6; Donna Harper, 6 and Angie Senters with 5.

The Lady Rocket Junior Varsity fell short of 2 games this past week. The first Lady Rocket JV loss Cont. to B-4

Freshman down Pirates, Eagles

The Rockcastle County Freshmen Rockets nipped the Berea Freshmen Pirates 40-39 for the Rockets first win of the year, Saturday at home.

The freshmen Rockets trailed by 10 at the half 21-11, but the Rockets came back in the second half opening up in a tight full court press which held the Pirate offensive attack to 4 points in the third quarter.

With the score at 25 all, the Rockets went into the final period looking for their first win.

With a 3 point lead cut to just 2 by a Berea 3 pointer, the Rockets were fouled and sent to the line with only seconds remaining.

The Rockets missed the front end of a one and one and Berea was fouled on the rebound.

With a chance to tie, Berea could only manage to sink 1 of 2 shots.

The Rockets, in control of the half and the game watched the final seconds tick off giving the Freshmen Rockets a 1 point victory over the Pirates.

Scoring for the Rockets were: Scotty Bullens, 16; Scotty Winstead, 7; Stacy Smith, 7; Corey Craig, 4 and Sean Mullins, 2.

The freshmen also defeated the Madison Southern Eagles 53-39 Monday night and raised their record to 2 and 9.

Besides a few turnovers in the first quarter, the Rockets played good sound basketball backed by tough defense and a 18 for 35 night from the charity stripe.

Scoring for the freshmen Rockets were: Mike Albright, 12; Scotty Winstead, 12; John Hamm, 9; Jason Kirby, 8; Scotty Bullens, 8; Corey Craig, 5 and Stacy Smith, 3.

Saylor Pharmacy's Basketball Contest

Saylor's is located on Richmond Street in Mt. Vernon Ph. 256-5224

Rick Pitino's "hombinos" have not won a game out of the friendly confines of Ruppe Arena. But the good news is that they have not lost an SEC contest in Lexington either. If Pitino can get the cats fired up and Reggie Hanson can stay out of foul trouble the Cats will most likely make Wade Houston's Kentucky Homecoming an unpleasant trip. Look for the Cats to prevail in a close one.

Will Dale want to "duke" it out with Digger? Probably not because Chris Jackson and L.S.U.'s two seven footers won't allow Notre Dame to get that close. Brown, the great motivator, has the most talent he has been able to assemble in Baton Rouge since the likes of Dewey-Scalles and Rudy Macklin and Digger Phelps and company have little chance of derailling the 14th ranked Bayou Bengals.

The best game of the weekend will probably be the Kansas and Missouri match-up. Rick Calloway, Jeff Pritchard and Mark Randall will lead unbeaten Kansas, ranked number one in the country against the Tigers, who have only one loss against 15 wins. If Doug Smith and Anthony Preefer get on track, the Big Eight Conference could be tied and Kansas could fall from the ranks of the unbeaten. Look for Missouri to win this one by five.

Number nine Georgia Tech travels to Charlottesville, Virginia to take on Terry Holt's Virginia Cavaliers. It is highly unlikely that the home court advantage will make much difference in this one. Georgia Tech who handled 17th ranked North Carolina State with ease last Saturday may be the class of the Atlantic Coast Conference this season. Bobby Crammins' club has only one loss so far this season and should handle the Cavs in this one.

Florida will travel to Mississippi State Saturday to take on the Bulldogs who are 8 and 4 on the season, but have only one win in the SEC. Don't look for the Bulldogs to roll over and play dead for Livingston Chapman and company. Take State.

In other games, after a Saturday game in New Orleans LSU travels to Bama where they will lose. Georgetown will defeat Connecticut. Other winners are Memphis State, Minnesota and Georgia.

Pick the most winners and get \$25 in cash for Saylor's

Games will be played January 20 and 21

Brodhead Invitational Jan., 22-27

Brodhead Elementary School - Games Begin at 6:30 p.m.

Grace Baptist and First Christian tied for league lead with 4-0 records

First Christian moved into a tie for first place in the Christian men's basketball league with a 69-49 win over Bible Baptist #2, Monday night. Ronnie Brown led the winners with 18, while David Bryan scored 18 in a losing effort for Bible Baptist #2.

Grace Baptist also upped their season record to 4 and 0 with a 57 to 45 win over previously unbeaten First Baptist. Billy Reynolds knocked in 15 for Grace and Harold Haddix and Tommy Mullins each added 10 for the losing team.

Grace Baptist and First Christian will fight it out for first place in a 7:30 showdown at Mt. Vernon Elementary school, next Monday.

Despite a 30 point effort by David Pensol, Brodhead Baptist lost their third straight game in overtime to Ottawa Baptist 78-75. Steve Phelps had 27 for Ottawa and Terry Burbon added 16. Tommy Payne also added 17 for the losers.

Kenny Graves and Zandale Hasty lead Scaffold Cane Baptist to a 61-57 win over Northside Baptist. It was Scaffold Cane's first win of the year. Mike Dixon led Northside with 16, while Kevin Parrot got 11. Northside is still winless this season.

League Standings through January 15, 1990

Team	Wins	Losses
Grace Baptist	4	0
First Christian	4	0
First Baptist	4	1
Wildie/Mareburg	3	1
Ottawa Baptist	2	2
Bible Baptist #2	2	2
Scaffold Cane	1	3
Northside Baptist	0	4
Brodhead Baptist	0	3
Bible Baptist #1	0	4

January 22nd games at Mt. Vernon Elementary

6:30 p.m.	Bible Baptist#2	vs.	Scaffold Cane
7:30 p.m.	Grace Baptist	vs.	First Christian
8:30 p.m.	Ottawa Baptist	vs.	Wildie/Mareburg
9:30 p.m.	Bible Baptist #1	vs.	Brodhead Baptist

Keith Cable to graduate from Wright State

Was member of wheelchair basketball team

Senior Keith Cable, a 1982 graduate of Rockcastle County High School, is competing in his final season on the men's wheelchair basketball squad at Wright State University in Dayton, Ohio.

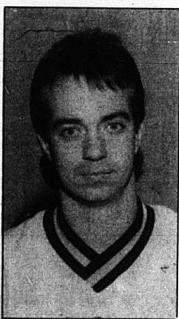

Cable, who made his WSU debut two years ago, has proved his worth as a solid contributor under first-year head coach Andy Krieger. As one of only two Raiders to start all 14 games this season, he is averaging 4.9 points and 2.4 rebounds per game. In addition, Cable has the team-high in assists with 22 and an impressive 37.7 shooting percentage. He turned in a career-high of 14 points against Southern Illinois on Dec. 8 in a conference tournament at Champaign, Illinois.

"Keith's offensive game has definitely improved this year," said Krieger who spent the past two years as an assistant coach. "he is going to the basket more, being more aggressive, and is definitely helping the team."

Last year, Cable averaged 3.7 points and 2.9 rebounds per game while starting 27 of the club's 28 games. After a 14-14 campaign a year ago, the offensively rejuvenated Raiders have surged to a 9-5 record this year, including a third-place finish in the first of two conference tournaments on the schedule. The wheelchair basketball squad competes in the Central Intercollegiate Conference which includes Temple, Southern Illinois, Wisconsin-Whitewater, Southwest State (MN), and the three-time defending national champion, Illinois.

The remainder of Wright State's agenda includes the conference's national championship tournament on Feb. 2-4 in Champaign, Illinois, and a doubleheader against the Kentucky Wheelcats in Lexington on Saturday, Feb. 17 at 2 p.m.

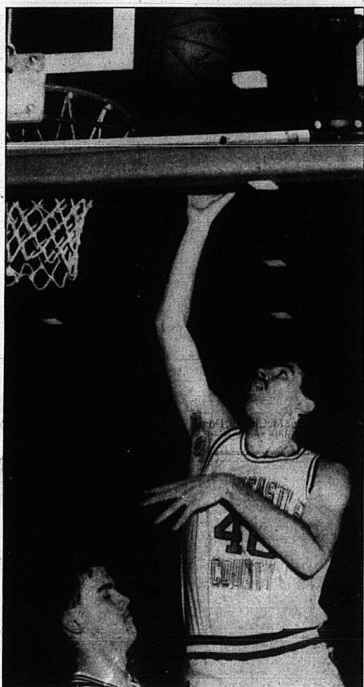

Cable, a management information systems major, is the son of Norman and Lydia Cable of Brodhead.

"Boys lose"
Cont. from B-2

Lakers within one 60-59. With a 10 point lead narrowed to one, Rockets coach David Perkins called a timeout to regroup his team with 7:07 remaining in the game. Good penetration from Rocket senior guard Robbie Phillips who had 26 points on the night, allowed the Rockets to score after the timeout. But the Lakers fought back and with 2:44 remaining forced a Rocket turnover which allowed the Lakers to tie the game at 72. The game would now have to be decided from the free throw line. Rocket Billy Todd nailed 2 from the stripe, pushing the score to 74-72 in Rockcastle's favor. The Lakers came back with 2 of their own to even the tally with 7:11 remaining after Rockcastle's David Sargent committed his fifth personal foul. With a Laker rebound from a Rocket jumpshot, the Lakers brought

the ball down and scored on a 10 foot jump giving the Lakers the lead at 76-74. It was then that Rockcastle's Darren Smith drew a foul and was sent to the line. Smith missed the front end of a one and one and the Lakers with the rebound were able to score and take their lead to 78-74 with 1:20 remaining. A 3 point attempt by Rockcastle's Billy Todd was deflected by the Lakers and the loose ball recovered by the Lakers. With :24 seconds remaining the Rockets had to foul and Darren Smith fouled out sending the Lakers to the line to sink 1 of 2 taking their advantage to 79-74. Trailing by five, Rockcastle's Steve Clark sank 2 pressure free throws to pull the Rockets within 3 with :16 seconds left. The Rockets had to foul quickly as the Lakers came down the floor. Rocket Billy Todd committed the desperation foul with only :4 seconds left sending the Lakers to the line.

After a Laker miss, Rocket Mich Parkerson grabbed the rebound and had to force an out pass that was intercepted by the Lakers, thus denying the Rockets a chance to tie the game. Rockets scoring were: Robbie Phillips, 26; Steve Clark, 18; Billy Todd, 11; Darren Smith, 10; David Sargent, 7 and Mich Parkerson, 4. In other action this past week, the Rockcastle Rockets varsity and junior varsity visited Lynn Camp, January 11. Although the Rocket varsity lost 93-78 to the Lynn Camp Wildcats, the Rockets junior varsity picked up a win against the Lynn Camp varsity 68-44. The Rocket varsity behind Steve Clark with 31 points, only trailed by 7 after three periods of play. But the Rockets found the 6'5", 6'4", and 6'4" front line of Lynn Camp, along with making 29 of 39 free throw attempts, just as much as Lynn Camp went on to win by a 15 point margin. Other varsity Rockets scoring were: David Sargent, 10; Billy Todd, 10; Darren Smith, 6; Mich Parkerson, 6; Robbie Phillips, 4; William Bullens, 4; David Eaton, 4; Scott Parkey, 2 and Tim Cottrell, 1. The Rockets junior varsity on the other hand had little trouble defeating the Lynn Camp Wildcats junior varsity Thursday night. Trailing by only 3 after the first quarter, the Rockets JV put on a

scoring run led by William Bullens' 18 points to outscore the Lynn Camp Wildcats 58-31 through the last 3 periods of play. Other Rocket junior varsity scorers were: Mich Parkerson, 13; Scott Parkey, 10; Tim Cottrell, 9; Roger Hasty, 8; Chris Newland, 7; Kevin Mullins, 2 and Paul Cox, 1. In other action, the Rockcastle County Rockets junior varsity were able to come out on top against the Russell County Lakers junior varsity Friday night 43-38. The Rockets who led throughout the game, brought their record to 5-2 with the win. Individual scoring for the Rockets were: Mich Parkerson, 13; Chris Newland, 12; Tim Cottrell, 8; Roger Hasty, 8 and Scott Parkey, 2.

Lady Rocket April Burton leaps over Madison Southern with an inside jumper, while Lady Rocket Stephanie Northern looks on. The Lady Rockets went on to win 50-37.

"Girls win"
Cont. from B-2

came at the hands of the Garrard County Lions, 51-39, Thursday night. The second was at Madison Southern, where the Lady Eagle JV defeated the Lady Rocket JV, 42-24, Monday night. Struggling with a shortage of players, the Lady Rocket JV called up three Mt. Vernon Red Devils to participate in last week's action. Brandy Chasteen, Becky Osborne and Melinda Smith, all Seventh-graders, joined in with the Lady Rocket JV to give it their all. Scoring against Garrard County were Lady Rockets; Cindy McCauley, 15; Beth Amyx, 10; Tiffany Carter, 4; Brandy Chasteen, 4; Christy Coleman, 3; Christina Silmon, 2 and Melinda Smith with 1. Lady Rockets scoring against Madison Southern were: Cindy McCauley, 8; Beth Amyx, 5; Tiffany Carter, 3; Christy Coleman, 2; Christina Silmon, 2; Brandy Chasteen, 2 and Becky Osborne with 2.

Miss Falin weds Mr. Marcum

Mr. and Mrs. Jimmy Falin of Orlando and Mr. and Mrs. Lewis Marcum of Middlesboro, Ky. would like to announce the marriage of their children Lori Falin and Mark Marcum.

The two were united in marriage on Dec. 29, 1989 in Chattanooga, Tenn. by Rev. G.A. Bennett. The ceremony consisted of the bride's

brother Eddie Falin and sister-in-law Sandra Falin serving as best man and matron of honor and the bride's nephew Hank Edward Falin serving as ring bearer. The two will be honored with a wedding shower on Feb. 17, 1990 at the home of the bride's parents. Mr. and Mrs. Marcum have chosen to make their home in Chattanooga, Tenn.

Mrs. Chesnut observes 101st birthday

Mrs. Bessie Chesnut celebrated her 101st birthday Sunday, Jan. 14th at her home with her granddaughter and husband, Mr. and Mrs. Monroe Woodall; her great-granddaughters, Luke and Sherri Linville, Lynn and Debbie Hammond; great-great-grandsons, Sean and Dustin Linville. She was born in Rockcastle County on January 15, 1889.

Mrs. Chesnut would like to thank everyone for the flowers, cards and gifts she received.

A.A.R.P. club begins new year

A.A.R.P. Chapter 3215 got off to a good start for year 1990. Colson Blanton, the chapter's new president got all his board members, officers and committees organized at his first meeting of the year.

This happened Jan. 9, 1990 at Kaslie Inn Restaurant and everyone present celebrated by a nice social chat while eating their lunch.

The following Friday night, Jan. 12, the first meeting of the year was held at the library all-purpose room. This first meeting of Chapter 3215 that Colson chaired got him off to a flying start. Judge Roland Mullins was the speaker for the evening. For all you members and invited guests who didn't come, you missed a good opportunity to hear one of the best speakers we have had.

Judge Mullins told us about the many problems and some of his plans to bring Rockcastle County up to par with the rest of the state. And maybe just a bit farther up the ladder than some. He emphasized the need to have complete cooperation of all the

(Cont. to B6)

Suella Boone to wed Charles Napier

Mr. and Mrs. James Brent Boone of Pongo, would like to announce the engagement of their daughter, Suella Lynette Boone to Charles Edward Napier, son of Charles Napier of Brodhead. Miss Boone is a senior at Rockcastle County High School. Mr. Napier is a 1989 graduate of Rockcastle County High School and is employed by Smith Construction. A July wedding is planned.

Educator honored

The Ladies Auxiliary Club, The Lions Club, and The Volunteer Firemen of Brodhead, met in May 1989 to select an Outstanding Citizen to ride in a red convertible and lead the parade in the first Homecoming celebration the town had ever witnessed.

They chose Elizabeth F. Mullins because of her long record as a teacher in Brodhead (35 years) beside six years in Rockcastle County Schools. She was also Mayor of Brodhead in 1978-79.

Elizabeth started teaching Sunday School and Bible School at the early age of nineteen. Later she became Adult Leader of Christian Endeavor, and sang in the Brodhead Christian Church Choir. For twenty years she prepared the Communion for each Sunday Service. At present she is secretary/treasurer of the Free Brodhead Christian Church Cemetery as

one of her volunteer jobs. Her 25 cent ministry, she calls it, consists of writing notes to the sick, homebound, as well as sympathy, get well and congratulation notes.

She was the first president of the Rockcastle County Retired Teachers Association, and was a faithful attendee of local and district meetings of this organization.

Elizabeth served as president of the Mt. Vernon Women's Club, Brodhead Willing Workers Homemakers Club, Ladies missionary Group, and P.T.A. At present she is reporter of Rockcastle County Homemakers Club and Brodhead Willing Workers Homemakers, plus secretary/treasurer of the Ladies Aid Group.

If Ladies Auxiliary Club had not been born, we probably would nev

Sgt. Frederick decorated

Sgt. James M. Frederick has been decorated with the Army Achievement Medal in South Korea. The Achievement Medal is awarded to soldiers for meritorious service, acts of courage, or other accomplishments. Frederick is an artillery repairer with the 702nd Maintenance Battalion. He is the son of Jesse V. Frederick of Mt. Vernon.

This is the Big 60 Happy Birthday Bert, you are like a mother to all of us. Love, you no who!

Ashley Ann Carpenter celebrated her 3rd birthday January 14. Ashley is the daughter of Darrell and Patricia Carpenter. Her grandparents are James and Patty Carpenter and Anna Mae Lovett.

Jamie Ann and Philip Michael McFerron both recently celebrated their birthdays. Jamie's was the 7th of January, she was 7. Philip's was the 11th of December, he was 3. They are the children of Michael Joe and Patsy McFerron and the grand kids of Sam and Evelyn Mullins of Climax, Shelly Ramsey of Brodhead and the late Junior Ramsey of Mt. Vernon.

"MRS. MULLINS HONORED"
(Cont. From B5)

have had the first Homecoming in '89 but with the help of all the organizations it became a reality. Patsy Fletcher, Brodhead Homemakers president, cleaned and decorated a lot of empty store windows, and she suggested that the Homemaker Club give Elizabeth a corsage which was presented to Elizabeth the day before the parade-to-be, and told her that she was elected Outstanding Citizen.

This Outstanding Citizen proudly waved at the many people on the sidewalks of Brodhead that watched the first Homecoming of Brodhead. At 1 p.m., Bobby Proctor presented Elizabeth with a plaque stating the fact that she was Outstanding Citizen of Brodhead First Homecoming, May 27, 1989. This plaque is displayed on her dog wall by the Rockcastle County First Community Improvement Award plaque that she received in 1978 when she was Mayor of Brodhead. These honors she will always treasure.

The Rockcastle County Retired Teachers Association would like to add their appreciation for the continuing efforts to this organization that Elizabeth has given. Not only has Elizabeth been an Outstanding Citizen, she has been an Outstanding Ambassador for Rockcastle County. Thanks, Elizabeth!

"NEW YEAR FOR AARP"
(Cont. From B5)

organizations and all individual people if we are to make this county one to be proud to live in. Following this we had refreshments and sat around chatting about the problems he had revealed and the solutions he hoped for and wondered how we could help.

Colson Blanton is showing great possibilities as a leader for Chapter 3215. And Judge Mullins is undoubtedly heading for a place in the history of Rockcastle County as being the one who turned it around to begin its climb up the ladder of success.

In Memory

Barbara Jean A Tribute

By: Alene Norton Parcell

Was it so long ago?
We were girls --
teenagers,
roommates
Young women --
preparing,
anticipating.
We would always
be close,
we said,
Regardless of
where we were
or with whom.
Today, with my daughter,
I talked of you,
of your bravery
Your high ideals,
your love for life,
family, and friends!
How it was

a brief procession
of twenty-two summers.
Touching me,
All-Of-Us
with an unnamed Something
And how --
even now,
there comes a need to share
Life's overflow --
heartbreak or
heartwarming
In one shining, eluding moment
I perceive a certain
weightless touch -
Infinity.
I smile, knowing
we're still close,
regardless.

In memory of Barbara Jean Davis
(Nov. 10, 1939 - Feb. 1, 1962) Daughter
of Phillip and Allevyne Davis, and
friend to many who loved her, and
remember.

Christmas in Heaven
In memory of Jeff Coffey
passed away Dec. 15, 1989

I've had my first Christmas in Heaven
A glorious, wonderful day!
I stood with saints of the ages,
Who found Christ the Truth and the
Way

I sang with the heavenly choir:
Just think! I, who longed so to sing!
And oh, what celestial music
We brought to our Savior and King!
We sang the glad songs of redemption,
How Jesus to Bethlehem came,
And how they had called his name
Jesus,
That all might be saved through his name.

We sang once again with the angels,
That song that they sang that blest morn,
When shepherds first heard the glad

story
That Jesus, the Saviour, was born.

O, Darling, I wish you had been here;
No Christmas on earth could compare.
With all the rapture and glory
We witnessed in Heaven so fair.
You know how I always loved Christmas
It seemed such a wonderful day,
With all of my loved ones around me,
To share in the glories I see.

So, dear ones on earth, here's my greetings:
Look up till the day dawn appears,
And oh, what a Christmas awaits us
Beyond our partings and tears.
Albert Simpson Reitz

Christian writers sought for publication

The American Arts Association is seeking Christian-poets who might be interested in getting their works

published at no cost. If you have a poem you would like considered, send it to:

American Arts Association
Department B
102 Estes Drive
Gulfport, MS 39503
The American Arts Association is a group of artists from Maine to Washington, North Dakota to Texas who enjoy the relating of God's Word in the form of poetry. Currently we are working on a set of works entitled "His Precious Love." No poem is printed without a signed release from the author granting one-time publishing rights. We lay no claim to any poem. All rights are retained by the author. There is no fee for the printing of a poem. The American Arts Association is dedicated to furthering the work of our Lord through assisting Christian writers in getting their literary works into print. Some of the greatest writers of all time have come from those who truly love our Lord. We believe there are many more out there!

Sandbaggers in first place at Maroon

The Sand Baggers maintained their first place position in the Thursday night Couples League at Maroon Lanes in Richmond with 51 wins and 25 losses.

The Rockers hold second place with slim one game lead over Babe's Bunch at 47 and 28. Babe's Bunch has a 46 and 30 record.

High team series for the week was taken by the Sand Baggers with a 2523. The Pin Busters were second with a 2377 and the Coasters third with a 2343.

The Sand Baggers also took high team game with a 912. Babe's Bunch was second with an 824 and the Pin Busters third with an 817.

Rick Anderkin took high men's series with a 616. Jim Cromer was second with a 594 and Ryan Helmer was third with a 575.

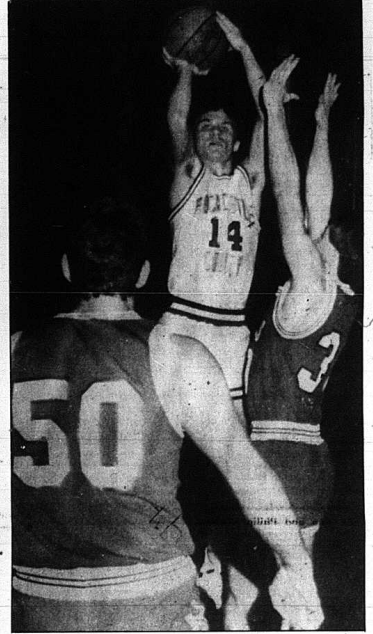

Jim Cromer took high men's game with a 234. Rick Anderkin was second at 225 and Jackie Fortner third at 220. Pernie Fortner's 535 was good for

high women's series. Wavelene Mullins was second with 513 and Evelyn Mullins took third with a 502. Evelyn Mullins had high women's game with a 201. Pernie Fortner was closed behind in second with a 201 and Millie Reynolds posted a 185 for third best.

Jackie Fortner had high men's series handicap with a 664. Jim Cromer was second with a 661 and Rick Anderkin third with a 649. Jackie Fortner's 266 took high men's game handicap. Jim Cromer was second with a 256. Spencer Bengt and Jack Lawless tied for third best with a 250 each.

Pernie Fortner also took high series handicap with a 661. Millie Reynolds was second at 642 and Wavelene Mullins third with a 618.

Fortner's 242 was also good for high women's game handicap. Millie Reynolds was second with a 235 and Evelyn Mullins third with a 231.

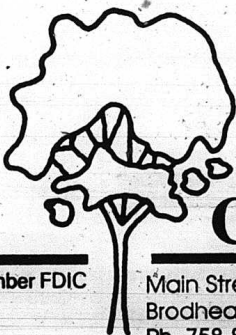

Rocket junior guard David Sargent puts up a 15 footer in Friday night's 3 point loss to Russell County.

James Kidwell, left, talks with Citizens Bank vice president Keith Smith at his Mt. Vernon gas station.

Hard work, good service and competitive prices. The same is true of all businesses. The more you put into it, the more you are going to get out of it.

At Citizens Bank we try to offer the kind of banking services that each and everyone of our customers need. James Kidwell and all of the folks at Citgo of Mt. Vernon work hard, give good service and Citgo certainly has some of the best prices for their products. We are proud to have them among our many valued customers.

Open Monday through Thursday
8:30 to 3 p.m.
Friday 8:30 to 12 p.m.

Renfro Village groundbreaking
Cont. from B-1

rated buildings, which will contain many other forms of crafts and arts, the sound of water falling will be replaced by the sound of music drifting in the air from the live musicians performing in the outdoor bandstand in a beautiful, shaded park.

Country music will be a mainstay of this traditional park, where you will also find a fish pond and a petting zoo.

If your taste buds have been whetted by the bakery, you can eat at Aunt Polly's Boarding House restaurant at the end of the street.

Renfro Village will also feature a log cabin furnished with early American pioneer furniture, a restored church and the restored log Redbud Schoolhouse, the first school and community meeting center for Renfro Valley.

You will also be able to stop by the office of Renfro Valley's monthly newspaper, the Bugle; shop in various gift shops and even visit city hall and the fire station with its turn-of-the-century fire equipment on display.

The fire station will also be a working fire station to provide protection for the complex. There will also be security offices and public rest rooms

in city hall. Groundbreaking ceremonies for Renfro Village were held last Thursday, during which Renfro Valley Folks President Ralph Gabbard announced that Renfro Village will also contain a huge, 6,000-square-foot General Store where you will be able to find just about anything to suit your fancy, from work boots to pickles in a barrel, to souvenirs.

Gabbard also revealed details of the plans for a huge million dollar country music museum, to be located in the old stone and log office building. Gabbard said the museum will have a mixture of displays on current and past country music stars along with an extensive display on the history of Renfro Valley, culminating with a life-size, animated reproduction of Renfro Valley founder John Lair, which will move and speak from tapes of his actual voice.

The new developments at Renfro Valley will also include a 250-unit recreational vehicle campground and a completely renovated Renfro Valley Lodge - the 50-year-old restaurant across US 25 from Renfro Village that is famous for its boarding house style of serving food.

The new construction and renovations are scheduled to be completed by May 1.

Reward Offered

\$2,000 Reward for information leading to an arrest and conviction of person or persons involved in the death of Jerry Rowe on Jan. 26, 1989.

IF YOU'RE FEELING DEPRESSED, HELP OTHERS WHO NEED YOU

At some time in all of our lives, things will go wrong, and we feel very depressed as a result. We may lose a job or get bypassed for an expected promotion; or an engagement may be called off. We can incur any number of financial or emotional catastrophes. However, no matter how bleak the future looks, tomorrow is another day. A new and probably better job or romance can be right around the next corner. Meanwhile, get out of yourself and help someone else. Go to the nearest hospital and do some volunteer work. Read aloud to a patient, or just say hello and chat for a few minutes. In addition to cheering these people up, this will help you realize how fortunate you are. Above all, turn to faith at your House of Worship. This can give you a real head start on a new life, in which you will be helping others as well as yourself.

Church Announcements

'Called Out'

The Gospel Group 'Called Out' will be at the Mt. Vernon Pentecostal Church Friday, January 26th at 7 p.m. Everyone welcome!

Prayer Breakfast

There will be an Associational Prayer Breakfast for the Baptist Brotherhood at Kastle Inn in Mt. Vernon, Saturday, January 20th. All the brotherhood members in the association are invited to attend or if you are interested in organizing a Brotherhood, please attend.

Calling All Youth!

There will be an organizational meeting for the Baptist Associational Youth at Ottawa Baptist Church, Saturday January 20th at 7 p.m. All the youth are invited to come and help organize so your desires will be known.

Church Yard Sale

The Angel Ridge Pentecostal Church will be having a yard sale Friday across from Rockcastle Auto Parts to help raise money.

NOTICE

PLEASE, PLEASE, PLEASE, stop dumping your litter on my land - on the left side of the road going up the hill to the Christian Church Camp and from the top of the hill to the bottom of the hill on the Copper Creek-Broadhead Rd. Take care of your litter.

Take a look at Sammy Ford's farm. He keeps the litter picked up that some of you throw into the ditches. Let's clean up the roadsides in Jan. and Feb. Nature will help cover it up the rest of the year.

NO DOWN PAYMENT

We Build On Your Lot

New 3 bedroom ranch, Energy efficient, brick home w/2 full baths, fireplace, central heat and air, Vaulted ceilings, Dishwasher, Range, WW carpeting, Skylight. Conventionally built on crawl space w/ 22 porch. Over 1500 sq.ft. for only \$44,900. Basements and garage available.

You do only the painting.

SO YOU AREN'T BELIEVING THIS ABOUT THE QUALITY AND PRICE - THERE'S MORE

Thermopane windows, Marble vanity tops, Oak cabinets, Colonial doors, Walk-in closets. Two in the 12' x 17' Master bedroom, Textured ceiling, Maintenance Free Vinyl gable and overhanging with a 50 year factory warranty. All quality construction grade lumber, Full 1/2" pad under high quality carpet. All floors glued and nailed to avoid squeaks.

So, you can see, "How is this possible for only \$29.90 per square foot? We say "Look at Wal-Mart" And you say, "But you're not a Walmart." True, but we have built over 3,900 housing units since February of 1988.
