

# Kentucky Education Reform Act of 1990

## Curriculum Framework

The curriculum of schools in Kentucky shall be centered around the development of seven (7) student capacities and six (6) common goals as defined in Section 2 of the new law.

### 7 Capacities

It is the intent of the General Assembly to create a system of public education which shall allow and assist all students in the following capacities:

- \*Communication skills necessary to function in a complex and changing civilization.
- \*Knowledge to make economic, social, and political choices.
- \*Understanding of governmental processes as they affect the community, the state, and the nation.
- \*Sufficient self-knowledge and knowledge of his mental and physical well-being.
- \*Sufficient grounding in the arts to enable each student to appreciate his or her cultural and historical heritage.
- \*Sufficient preparation to choose and pursue his life's work intelligently.
- \*Skills to enable him to compete favorably with students in other states.

### 6 Goals

The Council on School Performance Standards will frame the following six (6) goals for the schools of the Commonwealth in measurable terms which define the outcomes expected of students:

- \*Schools shall expect a high level of achievement of all students.
- \*Schools shall develop their students' ability to:
  - Use basic communication and mathematical skills for purposes and situations they will encounter throughout their lives.
  - Apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, and practical living studies to situations they will encounter throughout their lives.
  - Become a self-sufficient individual.
  - Become responsible members of a family, work group, or community including demonstrating effectiveness in community service.
  - Think and solve problems in school situations and in a variety of situations they will encounter in life.
  - Connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various media sources.
- \*Schools shall increase their students' rate of school attendance.
- \*Schools shall reduce their students' dropout and retention rates.
- \*Schools shall reduce physical and mental health barriers to learning.
- \*Schools shall be measured on the proportion of students who make a successful transition to work, post-secondary education and the military.

## Of Special Interest to the Public

### \*School-Based Decision Making

By January 1, 1991, each local board to adopt a policy for implementing school-based decision making; provide for each participating school to have a council composed of two (2) parents, three (3) teachers and an administrator to determine matters relating to instructional materials, student support services, personnel, curriculum, extracurricular programs, and other aspects of school management. Provide that school-based decision making shall be implemented at any school where two-thirds of the faculty votes to do so; each district must have at least one school with school-based decision making.

### \*Performance-Based Assessment Program

The State Board For Elementary and Secondary Education shall develop and implement a statewide assessment program as early as the 1993-1994 school year, but no later than the 1995-1996 school year. The State Board is to seek the expertise of authorities in the field of performance assessment in developing both a full-scale statewide assessment program and an interim testing program. The interim testing program will cover student skills in reading, mathematics, writing, science and social studies in grades, four, eight and twelve. Tests will begin in the 1991-1992 school year. Results will be used as a baseline to determine school success in the 1993-1994 school year.

### \*School Rewards: "School in Crisis"

State Board to establish system of determining successful schools and dispensing rewards; school staff to make general decisions regarding spending reward money, individual staff to spend it accordingly. Schools which are not successful shall develop a school improvement plan; "school in crisis" defined, certified staff placed on probation, students may transfer to a successful school, distinguished educators assigned to assist staff with implementing school improvement plan; school may appeal the performance judgement and Board may adjust it.

### \*Early Childhood Education

Beginning with the 1990-91 school year each district is to implement a developmentally appropriate half-day preschool program for all children four years old by October 1 of that year

and at risk of educational failure. Districts may obtain a one year delay if adequate facilities are lacking. Standards for the program shall be as set out in the act and as set by state board regulation.

### \*Pre-school for Handicapped Children

Effective with the 1991-92 school year, any child who has been identified as handicapped in accordance with Public Law 94-142 as amended by Public Law 99-457, or as exceptional by KRS 157.220, and who is three (3) or four (4) years of age, or who may become five (5) years of age after October 1 of the current year, shall be eligible for a free and appropriate preschool education and related service.

### \*Kindergarten

Kindergarten, considered the first year of the ungraded primary school program, is to be provided one-half day, five days a week for a full school year.

### \*Family Resource/Youth Service Centers

Creates a Task Force on Family Resource Centers and Youth Service Centers to develop plans for family resource centers to be located in or adjacent to elementary schools where 20 percent or more of the students are eligible for free school meals, and for youth resource centers in or adjacent to high schools meeting that same criteria. The family centers shall include preschool and after school child care, health services, employment counseling and training, and drug and alcohol abuse counseling.

### \*Ungraded Primary School Program

Successful completion of the ungraded primary school program is a prerequisite to a child's entrance into the fourth grade. Ungraded primary schools shall be in place for the 1992-93 school year in accordance with regulations to be developed by the State Board.

### \*Educational Technology

The Council for Educational Technology is created as an advisory body to the state board. By January 1, 1991 it is to develop and present to LRC a five year plan for the use of educational technology. The plan is not limited to use of technology in instruction, but also covers its use in administration and the practical aspects of technology delivery such as hardware and software.

### \*School Day/School Term

A minimum of six (6) hours of work shall constitute a school day. The minimum school term shall contain 185 days with a minimum of 175 instructional days.

### \*Compulsory "School Attendance Age"

Commissioner of Education shall make a recommendation to the 1992 General Assembly on raising the age for compulsory school attendance from 16 to 18; continue current requirements (6 - 16) until then.

### \*Waiver of Student Fees

Each district shall have a policy by which student fees may be waived for student who qualify for free and reduced price lunches. Districts shall have a process for notifying students of the waiver provisions. District policies shall be in accord with state regulations.

### \*Assessment of Property Value

Amend KRS 160.470, governing district finances and the levying of school taxes, to require all real property subject to taxation be assessed at 100 percent fair cash value.

### \*School Budgets and Tax Rates

Amend KRS 160.470, governing school budgets and tax rate limits, to make conforming changes to reference the provisions of this Act that relate to tax rates, how they are levied, and their limits; require all school districts (for school year beginning after 6/30/90) to levy a minimum equivalent tax rate of 30 cents for general school purposes; define "equivalent tax rate"; make local board subject to removal if fail to levy minimum tax.

### \*Job Vacancies

Job vacancies shall be posted in local board offices for public inspection. Thirty-days before a vacancy is filled, the superintendent shall notify the CSSO of the vacancy, and the CSSO shall keep a registry of vacancies for public inspection.

If a vacancy must be filled in less time, to prevent disruption of necessary instructional or support services, the CSSO, on application of the local superintendent, must grant a waiver before the position can be filled. If a waiver is granted, no individual can be hired until the CSSO approves the applicant. Approval of either a waiver or appointment must be made by the CSSO within two working days.

### \*Nepotism

Restricts employment of relatives of superintendent, board members, and principals (if working in same school). Relative defined as father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law and daughter-in-law.

### \*Local School Board Eligibility

After the effective date of this Act, a person elected to a local board shall have at least a high school education or GED certificate. After the effective date a person shall not be eligible for election if he has a relative employed by the school district during his tenure. Board member may not attempt to influence the hiring of any school employee except the superintendent; establish annual in-service training requirements for board members.

### \*Employee Political Limitations

School district employees prohibited from activity in school board election campaigns.

### \*Office of Educational Accountability

An Office of Education Accountability (OEA) is established under the direction of the Legislative Research Commission (LRC). The office will be headed by a deputy director appointed by the LRC. The purpose and mission of the OEA will be to audit all segments of the state school system with an eye toward eliminating waste, duplication, mismanagement, political influence and illegal activity. Allegations of wrongdoing which have not been adequately resolved will also be investigated. The OEA has authority to review all public records necessary to fulfill its duties. Periodic and annual reports will be required of the OEA.

## Attention - Parents of Fifth (5th) Grade Students

**These students must have record of two measles-mumps-rubella vaccines to enter the 6th grade in August 1990**

As you may know, measles disease continues to be a significant health problem for our school-age children. This is especially true for those students in middle high through high school. Because the vaccines used prior to 1980 were less stable than those currently in use, as many as 20% of these students may not be immune. Measles disease tends to be more serious for older children and adults. Therefore, it is important that these students be adequately protected.

The Kentucky Department for Health Services has recently issued a policy that requires all students to have two doses of measles-mumps-rubella (MMR) prior to entry into sixth grade. Since the vast majority of students have already received one dose of this vaccine, only one additional dose will be required.

If you have a child in the fifth grade, and there is record of only one dose having been received, then your child needs to receive a dose of MMR vaccine before the beginning of the next school year. To avoid anticipated backlogs in July and August, it is suggested that you make plans to have your child immunized in the next few months. It is recommended that students be immunized in their month of birth prior to sixth grade entry.

The local health department has adequate supplies of the MMR vaccine, and are giving the MMR vaccine to students now in the fifth grade. Please be aware that no child will be turned away due to an inability to pay. An alternative would be to receive the vaccine through your physician.

Thank you for your cooperation.

## Testing

Rockcastle County students have taken the CTBS/4 test this year (Comprehensive Tests of Basic Skills, Fourth Edition, Benchmark Series). The testing dates were April 30 - May 4. Each school in the county gave the CTBS during this week.

We have worked very hard in our school system this year in preparing our students to take the CTBS. Our teachers have been very cooperative and diligent in their efforts toward helping our students do their very best.

We feel quite sure that the state department will not mandate the use of the CTBS/4 again next year for testing purposes. After the 90-91 school year, the state has said we would use some type of interim test until a test is developed that will measure the new curriculum that our state will be using.

We believe that the work we have done this year, in making our students aware of the importance of testing and the teaching of test-taking skills, will help them be better at taking tests on any level.

If you are interested in your child's test results, contact their principal or guidance counselor after July 15, 1990 and hopefully the data will have arrived from Frankfort. One method of reporting test data is by percentile. The percentile rank tells you the percentage of students at your child's grade level who got fewer items correct on the test than your child. If your child's score is in the 74th percentile, that means that he/she scored better than 74 percent of the students taking the test.

### Here's Another Way to Think About Percentile Rank

If your child's percentile rank is:	It means your child's score is:
1 - 20.....	Much below average
21- 40.....	Somewhat below Average
41- 60.....	Average
61- 80.....	Somewhat above average
81- 99.....	Much above average

Success is the best kind of motivation and the educators in Rockcastle County want all of our students to succeed.

## Health Records needed for enrollment in Kindergarten in August 1990

- I. Immunization Certificate  
(Students must present this first day of school in order to enroll)
- II. Tuberculin Skin Test Certificate  
(or complete record of skin test on school medical examination form)
- III. Complete Medical Examination  
(The Rockcastle County Health Department will be giving physical examinations. If you would like your child to receive a pre-school physical there, please call the Health Department to find out if you meet the guidelines. It would be good to make an appointment as soon as possible for the physical).

## Staff Development

Kentucky law mandates that Kentucky school systems have four (4) days of in-service each year. Rockcastle county has already planned three (3) days of that in-service for the 90-91 school year.

The in-service committee has agreed that it would be a very good idea to have someone who is a dynamic personality as well as superior speaker work with us on the first day of in-service. August 15, 1990 will be our day to begin the first day of the first year under the reform act that will usher in all the new changes in Kentucky. The committee has chosen to have Mamie McCullough come and lead us in a program called "Together we can make a difference in Rockcastle County." We are very excited to have this presentation by Mamie McCullough.

In the second and third days of our in-service program we are going to have Dr. William Thames, a professor at Eastern Kentucky, share with teachers what effective instruction is and what the latest research has to say about instruction and children's learning.

Because of all the new ideas and changes that will be brought in by reform, we are not planning the fourth day of in-service until a later time.

## Textbook Adoption

This year our school system adopted music and vocational books. We had a textbook committee that looked at all the samples that were on the state adoption list. The committee chose MacMillan books for elementary music. The vocational teachers were able to choose the books they each wanted from the textbook adoption list.

The adopted textbooks were on display in the schools and the state department has already received our choices for textbook adoption.

Next year, our system will adopt math books which will be used in the 91-92 school year.

## Tentative School Calender 1990-91

August 15	In-service, RCHS, all teachers
September 3	Labor Day - no school
October 5	CKEA, For Teachers - no school
November 22	Thanksgiving Day - no school
November 23	No School
December 24	Christmas vacation begins
January 2	Return from Christmas vacation
April 4-5	KEA, For Teachers - no school
May 13	Last Day of School

# 25TH BIRTHDAY CELEBRATION OF CHAPTER 1

Chapter 1 is proud of Mrs. Bobbie Ann Durham and Mrs. Delphia Cox who have been in the program since 1965. Mrs. Durham and Mrs. Cox look back on the last 25 years as being both challenging and rewarding. Rockcastle County is fortunate to have these two reading specialists on staff. CONGRATULATIONS.

**Brodhead Elementary Chapter 1 Teachers**

Left to right: Rita Shaffer, Reading/Math; Kathryn Payne, Math; Bobbie A. Durham, Reading; June Taylor, Reading/Math. Brodhead Chapter 1 celebrated with certificates of participation for reading and math. Math races and free reading time was given on Friday.

**Livingston Elementary School**

From left: Jerry Mink, Principal; Mrs. Lucille Carloftis, Reading; Mrs. Vickie Arnold, Librarian; Bobby Webb, Math; Mrs. Martha Eversole, Reading/Math. In honor of the celebration Mr. Mink donated free coffee and doughnuts for all teachers and aides. Also, students who participated in the "Read-In" or "Math-a-thon" received candy and/or a prize. These activities were planned by the Chapter 1 teachers and all students in the school were invited to participate.

Mr. Webb gives awards to the "Math-a-thon" winners in Mrs. Katreka Cash's fourth grade class.

"Chapter 1" is short for "Chapter 1 of the Education Consolidation Improvement Act of 1981, (formally known as Title I of the Elementary and Secondary Education Act of 1965). This was further amended by the "Hawkins-Stafford Elementary and Secondary School Improvement Amendments 1988."

Chapter 1 is the largest federal aid program for our nation's schools. The goal of Chapter 1 is to provide extra help and instruction for the students who need it most. Our program serves over 600 children in the four elementary schools each year. You need to know about Chapter 1 because it can help. Most Chapter 1 children do better in school and feel better about themselves. Their parents understand them better. Teachers can benefit from suggestions and support that parents offer and from the satisfaction of seeing children succeed. Chapter 1 programs generally offer smaller classes, additional teachers and assistants, extra instruction in reading, math, language arts, a variety of teaching methods and materials.

The Chapter 1 teacher and the regular classroom teachers work closely together.

The local program is reviewed each year by administrators, teachers and parents. As a parent, you are part of the Chapter 1 team! You influence your child's education more than any teacher of school. Your involvement can boost your child's achievement. By taking an active role in Chapter 1 you will show your child:

1. how important he/she is to you
  2. how important education is to you
  3. that you and the school are a team to help children succeed
- Your Chapter 1 program needs you to help:
1. determine program goals
  2. plan and carry out programs
  3. work with your child at home - even in school as a teacher's assistant or volunteer

The annual Chapter 1 meeting is the place to start and you are invited. It is the perfect time to learn more about Chapter 1, learn your rights as a Chapter 1 parent, meet other parents and teachers, begin a process of communication and cooperation between parents and schools. The 1990 meeting is scheduled for May 22, 1990 from 1 to 3 p.m. at the Rockcastle County Board of Education. This year's theme is "Share A Love of Learning." Please make plans to attend.

**Mt. Vernon Elementary Chapter One Teachers**

From left: Charlotte Griffith, Reading; Mary J. Hysinger, Reading/Math; Doris P. Cash, Math; Ruby Cornelius, Reading/Math; Delphia Cox, Reading; Debbie Smith, Reading/Math. Mrs. Griffith was coordinator of activities at MVES during Chapter 1 Week. The bulletin board shown in the background, as well as reading and math certificates were part of their celebration exercises. Displayed on the bulletin board was a special card for Mrs. Delphia Cox from the other teachers congratulating her on 25 years in the program.

**Roundstone Elementary Chapter 1 Teachers**

From left: Patricia Renner, Lois Cameron, Lora Lee Mink, Shelby Poynter.

In the photo are the Chapter 1 team teachers and students involved. Front row, from left: Christopher Cobb, 7th grade; Paula Bishop, 6th grade; Patricia Bowling, 8th grade; William Seiber, 4th grade; Janie Coffey, 5th grade. Absent was David Riley, 3rd grade. Back row: Shelby Poynter, Linda Osborne, Yvonda Center, James Ward, Kathy Reynolds, Tracy Gabbard. Absent was Darlene Larkey.

## Harry Sparks Vocational School

P.O. Box 275 - Mt. Vernon, Kentucky 40456  
(606) 256-4346

To the Citizens of Rockcastle County:

Work in America is undergoing drastic changes and vocational education is striving to prepare today's students for the job market of the future. By the year 2000, job success will require higher-level skills. An estimated three out of four jobs will call for education and training beyond high school. Computer and technological skills will be more critical than ever in the workplace but so will academic skills (reading, writing, mathematics), problem-solving ability and the ability to communicate.

Today's competitive economy demands excellence in education for Kentucky workers. The Harry Sparks Vocational School is a state operated vocational training center providing job training skills to local high school and post-secondary students. The Vocational School is also involved in developing training programs for Business and Industry.

This school year the Harry Sparks Vocational School was awarded the Kentucky Department of Education's Flags of Excellence. This is a tribute to the students, who are achieving above all other vocational students across the state. The vocational school was one of only eight (8) area centers selected state wide.

I would like to take this opportunity to encourage your support for Kentucky's Technical Education Programs and remind you that tomorrow's work force is being trained today. It is important to recognize that the earlier we train our work force, the better our nation is able to compete with the world population markets. Eighty (80%) percent of the occupation now and in the future have ties to vocational technical training.

Together we can prepare today's youth for tomorrow's challenging work force. So help keep Kentucky strong with a well-trained work force by supporting Kentucky's Vocational Technical Education.

*Donna Hopkins*

### Harry Sparks Vocational School Faculty and Staff

First row, from left: Emmie Hopkins, Business and Office; Shelby Fathergill, Business and Office; Claretta Hodges, Business and Office; Donna Hopkins, Principal. Second row, from left: Jess Hoskins, Respiratory Care Program Director; Kristi Reynolds, Secretary and Henry Todd, Electronics. Third row, from left: Bobby McCool, Welding; Freddie Mullins, Respiratory Care Clinical Instructor; Warren Burton, Automotive Technology and Jack B. Dailey, Electricity. Not shown: Mike Hancock, Adult Agriculture/Sheep Production, Harold Kirby, Custodian and William Gibbons, Custodian.

### Harry Sparks Vocational Short-Term Training

The Harry Sparks Vocational School is now providing short-term training for prospective employees of Renfro Valley Folks, Inc. and other area businesses. The training is centered on the operation of Renfro Valley Folks, Inc. and the promotion of tourism in Renfro Valley and the surrounding region. Areas for which training is being provided include:

- 1) First Impression/Hospitality/ Customer Relations
- 2) Retail Sales/Cash Register Operations
- 3) Food Service/Waitress-Waiter (formal and short-order)

Electricity

Welding

Business

Automotive Technology, Business & Office, Electricity, Electronics and Welding programs offer training to secondary and post-secondary students. A high percentage of the students obtain employment after completion of their training.

## Harry Sparks Vocational School Receives 1989 Flags of Excellence

Excellence in education is at the center of today's competitive economy. All of our schools strive for excellence. However, only a limited number attain the levels established by criteria to be designated with the symbol of excellence. The following criteria were used in selecting the Flags of Excellence.

- \*Meets or exceeds established standard for work station utilization (85%+)
- \*Meets or exceeds established standard for completion rate - secondary level programs (65%+)
- \*Meets or exceeds a 90% passing rate on Kentucky Vocational Achievement Test (KVAT) - postsecondary
- \*Meets or exceeds established standard for placement rates of 90%
- \*Meets or exceeds 4.00 average on Employer Satisfaction Survey school-wide average -- and must receive the number of surveys equal to one half of those who completed and are employed in field training.

## Respiratory therapy class now offered

In 1987 a new class was added to the program offerings at Harry Sparks Vocational School. Because of the uniqueness of Rockcastle County Hospital long-term ventilator unit, the need for such training in the county was recognized.

The curriculum consists of instruction in specialized courses in respiratory therapy, in addition to concentrated study in the basic sciences, mathematics, and communication skills. The program is one year in length and consist of a combination of school based classroom theory and laboratory experience coordinated with clinical experiences in a hospital setting. Graduates are qualified to take the national board examination in respiratory therapy at the entry level offered by the National Board for Respiratory Therapy.

The respiratory therapy technician

work closely with the physician and other members of the health team to provide the patient with effective treatment of respiratory disorders and includes the use of life support equipment.

Most technicians are employed in the anesthesiology or pulmonary medical departments of hospitals. Respiratory Therapy Technicians may find employment in general hospitals, clinics, public health agencies, children's hospitals, agencies. Factors which contribute to employment opportunities are an increased population, a growing elderly population, greater awareness of health resources, and the expansion of home health agencies. In many areas the respiratory technician is given opportunity to specialize in specific skills care with additional education.

Paul Abney (L) and Sara Miracle (R), graduates of the Respiratory Care Program are employed at Rockcastle County Hospital as Respiratory Therapist.

## Tackett one of five best in state in Imaginative Write Contest

Chris Tackett, a freshman at RCHS, was recently honored by having his entry into the 1990 Imaginative Writing Contest chosen as one of the five best 9th grade selections from across the state.

Chris received special recognition at the annual Imagination Celebration held at the Kentucky Center for the Arts in Louisville April 28. To win, Chris had to imagine what the world might be like in the year 2040 and describe what one might see.

His English teacher, Mrs. Nancy Mullins, chose Chris' response to send to the contest sponsored by the Kentucky Department of Education. Chris is the son of Allen and Carol Tackett

of Rt. 1, Brodhead.

Here is an excerpt from Chris' entry:

"Looking at the United States in 2040, I see that my little hometown, part of the City of the East Coast, is alive with hovercraft quietly skimming magnetic paths and gliding by buildings of recycled plastic made during the Plastic Flood of the 2010's. America has two cities - the City of the East Coast and the Western City, formed by metro growth. The central area of America has some wooded area left. The world gets electricity from the heat energy of the core of the earth. People have rejected the negative attitudes of the '80's, known as the "Negative 80's," and everyone is positive about the world and each other.

Rockcastle County High School Receives Most Improved Attendance Award. In the photo are, from left: Dr. John Brock, State School Superintendent; Buford Parkerson, Director of Pupil Personnel; Ronnie Cash, RCHS principal; George Poynter, Chairman, Rockcastle County Board of Education; Tabetha Clark, RCHS student and Bige W. Towery, Jr., Superintendent.

Chris Tackett and Mrs. Nancy Mullins, English teacher at RCHS, are shown with the certificate Chris received for submitting one of the five best essays in the state in the 1990 Imaginative Writing Contest sponsored by the Ky. Department of Education.

## Carrie Mullins is DAR and FHA winner

Leadership, service, patriotism and dependability are the qualities the Daughters of the American Revolution (DAR) look for when choosing a senior to receive the annual DAR Citizenship Award. The faculty and senior class at RCHS chose Carrie Mullins, class president for the past two years, to receive the award this fall. Carrie subsequently won the regional DAR Citizenship Award competition after submitting an essay and biographical information. She was honored at a luncheon during the State DAR Convention in Lexington in March.

In early July, Carrie will be traveling to Texas to represent Kentucky in the national FHA STAR (Students Taking Action with Recognition) events competition. Carrie's state-winning illustrated talk focused on the problems of illiteracy in America and how volunteering as a tutor can help. According to Mrs. June Stevens, FHA advisor at RCHS, Carrie was the only state

winner from the region and the first state winner from RCHS. Carrie volunteers as a reading tutor at the Family Life Center, a project initiated and sponsored this year by her FHA chapter

Carrie plans to attend the University of Kentucky this fall and study political science.

Carrie Mullins DAR/FHA Winner

## Mrs. LuEd Nielsen is Volunteer of the Year

Mrs. LuEd Nielsen began her first volunteer work in Rockcastle County as president of the American Cancer Society. She has spoken to student groups on various subjects including proper nutrition, cancer prevention, smokeless tobacco and other health concerns as requested by teachers. Mrs. Nielsen's main focus is to unite our schools for the common goal of doing what is best for the children.

She has given support to Mt. Vernon Elementary School by serving as treasurer of their PTA working as much as 40 hours many weeks. She has acted as tutor for students, helped teachers in their classrooms, performed secretarial tasks and various other duties. As gifted and talented chairperson, she has headed up many activities. One outstanding accomplishment was directing a clothing bank for students and families who may have lost their home due to fire or some other disaster.

Some other organizations in which Mrs. Nielsen is active are

American Red Cross, Literacy Council, KIDS, Senior Citizens Advisory Council, F.E.M.A. and R.E.A.P. Food Bank and homeless programs, Hospice of Kentucky River and Kiwanis Club.

Mrs. Nielsen says "If I can help one person to read, keep one

person from getting cancer, feed and clothe one person, help one person cope with death and dying, teach one person to help himself, then I feel that I have helped make our community a better place. With God, all things are possible." She has truly dedicated her life to helping people better themselves.

Thank you for a job well done!

Mrs. LuEd Nielsen receives Volunteer of the Year Award from Mr. John Hale.

## Kinder Dirby #1

Mrs. Martha Eversole, kindergarten teacher at Livingston Elementary, used the "Kinder Dirby" as a highlight for her study of Kentucky. Mr. Mink, principal, said this will become an annual event. This year's winner was "Mr. Frisky" ridden by jockey Blake Arnold.

### Parade of Colors - Line-Up "Students and Horse Ridden"

Blake Arnold, Mr. Frisky; Jessica Ballinger, Burnt Hills; Shannon Bullock, Summer Squall; Ashley Carpenter, Island Sun; Bethany Clark, Fallen Sky; Melvin Gibbons, Native Dancer; Adam Hellard, Thirty-Six Red; Amanda Johnson, Real Cash; Chris Kirby, Power Lunch; Jason Martin, Black Star; Josh Middleton, Unbridled; Sandy Moore, Secret

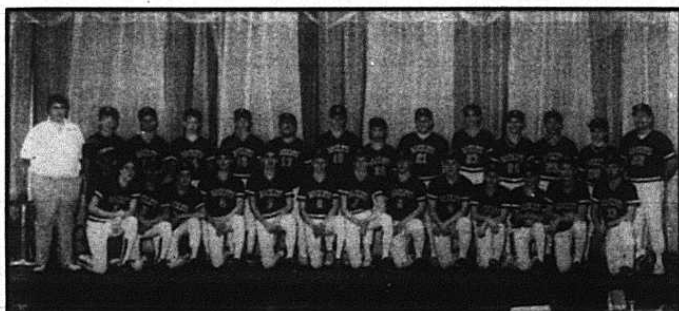

Success; Jonathan Phelps, Top Notch; Tawana Phillips, Seattle Slew; Heather Powell, Silver Ending; Tina Powell, Go For Wand; Bruce Smith, Man o'

War; Maranda Smith, Forty Niner; Justin Woodall, House Buster; Erin Vanwinckle, Private School.

Shown in the above photo are the students following their parade of colors along with trainer (P.E. teacher) Darla Reams.

## Spring Sports at RCHS

**RCHS VARSITY BASEBALL** Rocket baseball has always stood for hard work and pride in ones self and the game of baseball. Although this year has been one of rebuilding and inexperience, RCHS has been known for their excellence in the field and in the classroom over the years. The future looks good for RCHS baseball with a renewed interested in the community toward baseball. Coach: Ryan Riddle.

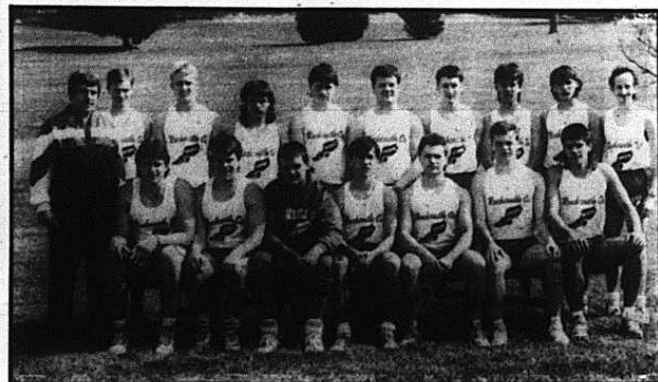

Girls Track Team

**RCHS TRACK AND FIELD** Track and Field is a new sport at RCHS. A variety of events include sprints, long distance, relays, and hurdles. The shot put, discus, high jump and long jump make up some of the field events. It is a sport that could fit into any ones athletic ability. Coaches Tom Larkey and Tammy Cox are optimistic about the new sport. They would like to extend an invitation to all students to try out for the team. The future of Track and Field at RCHS is looking good.

Rockcastle Softball

The 1990 Rockcastle Softball team consist of 18 players. The Rockets have 5 seniors, 2 juniors, 4 sophomores, 3 freshmen and 1 eighth grader playing four the team this year. The Rocket's season runs from the last week of March through the second week of May. The KHSAA restricts schools to only playing a total of 35 games in one season. The Rockets average playing 3 to 4 games a week and all the games are doubleheaders. Our record so far this season is 8-14. The Rockets have missed quite a few games this past week due to rain. The Rockets are now playing in the 44th district. This district also includes Laurel, Corbin, Pulaski and Somerset.

Boys Track Team

**TENNIS** The Rockcastle County High School team is coached by Benny Blanton and Darla Reams. The team is composed of 12 girls and 4 boys. All matches are played at other schools, since RCHS has no tennis courts at this time. Our team is young and inexperienced this year but we plan to make great strides in the future.

**GOLF** Golf is a spring sport offered to all students in Rockcastle County. All home matches are played at Cedar Rapids Country Club. You may enter four (4) golfers in the region. These golfers are picked according to their average scores during the season, the remaining golfers will be substitutes in the region. The style of play during the season is 9 holes. Coach: David Perkins.

## Annexation on ballot after council turn-around

By: Ray McClure

In a surprising turn around, the Mt. Vernon City Council voted Monday night to put part of its annexation ordinance on the November ballot. The council left standing a section of the ordinance that includes Renfro Valley and will take steps to annex that section as soon as possible. The vote came in spite of numbers that showed, according to city calculations, that those opposed to annexation did not have enough valid signatures on the petition opposing annexation.

Five councilmen voted to put areas along U.S. 150 west and U.S. 25 south on the ballot. Councilman Ott Bond abstained. The motion was made by Lloyd Cain and seconded by Bob Bailey.

It was to have been the second and final reading of the annexation ordinance. The first reading was approved at the previous meeting of the council by a 4-0 vote. Councilman Ott Bond and William Cash did not attend that meeting.

The vote was a victory for opposing Attorney Debra Hembree Lambert who pleaded with the council for fair play. She said all the opponents wanted was to let property owners and registered voters living in the areas decide the issue at the polls.

The council only agreed to the ballot if Renfro Valley could still be annexed, since only five out of the 34 property owners/registered voters living in the area signed the petition.

According to city figures compiled by City Attorney John Clutz, there was a minimum of 674 property owners and registered voters living in the area. Opponents presented a petition with 521 names. After a city check, 272 voters were purged leaving 249 valid signatures, or less than the 50 percent required by law to bring the proposition to a vote.

The handwriting was on the wall shortly after Mayor Gary R. Cromer brought up the second reading of the annexation ordinance.

Attorney Lambert read what she stated was a partial list of names of persons she said were purged by the city, but who she thought were valid voters in the areas to be annexed. She enumerated about 40. However, at no time did she question the city's figures.

Following her discussion, Councilman Lloyd Cain wondered aloud that since there were as many opposed to annexation as it appeared, then perhaps those opposed should be allowed to vote on annexation. Councilman William Cash agreed noting that he didn't care how many names were valid or not he preferred

(Con't to B-10)

(Con't to B-10)

A crowd of over 1200 people filled the auditorium at Renfro Valley last Friday night to see the first show in the new structure. In the photo at the top of the page, local favorites Jan Cummins, Susan Tomes and Virginia Meece entertain the large crowd with gospel songs. In the photo above, long-time favorite Ernie Sowerby picks and sings during the Jamboree show. The actual grand opening of the new barn is scheduled for this week end.

## Mt. Vernon tackles variety of items

Annexation was not the only business enacted by the Mt. Vernon City Council Monday night.

The council approved a request by Mrs. Shirley Cummins, director of Rural Transit Enterprises (RTEC), for a parking space in front of the old post office building on Main Street to park buses (vans). The building will be used by RTEC as a headquarters.

RTEC plans to purchase the old post office building for \$75,000 for a four-county headquarters and passenger waiting room. RTEC was recently awarded a \$151,680 grant for RTEC operations and purchase of the building. The local share of the

project is \$18,960.

As an incentive to clean up areas of the city, Mayor Gary R. Cromer asked each councilman to present him with a name of a resident once a month who has made a concerted effort to clean up and improve his or her property. The persons named will be recognized by the council at a meeting. The project is to run from June 1 through October.

In other action, the council approved two-hour free parking on Main and Church Streets for a 90 day period as a test of city parking meters to see if they are still profitable or nec-

(Con't to B-10)

## Ban on water line extensions in effect

By: Ray McClure

A water line extension ban is still in effect for the Mt. Vernon water system, and to date there are no signs it will be lifted any time soon.

The ban includes new water line extensions into an area where none now exists but not new hookups to lines already in existence, or water line extensions that have received approval prior to the effective date of March 13.

The ban includes, in addition to Mt. Vernon, Western and Northern water districts and Brodhead. All parties have been notified.

According to John T. Smither, manager of the Drinking Water Branch, Division of Water, Frankfort, the reason for this action is that "the Mt. Vernon water treatment plant is approaching its production capabilities,

and therefore, it is not able to adequately serve its customers."

The ban is in effect until the city of Mt. Vernon "demonstrates to the satisfaction of this office that it can adequately supply the water needs of all its customers," Smither said.

What will that take? At the present time Crawford & Crawford, engineers of Burnside, is working up a survey of the Mt. Vernon system in order to advise the city on the future needs of its customers.

According to Jack Crawford, at the present time, the plant is pumping and treating water 24 hours a day and he estimated that the necessary changes to the system could cost about \$1.7 million which would include, as previously reported, an additional 1 million gallon storage tank in North Mt. Vernon, enlarging the water lines

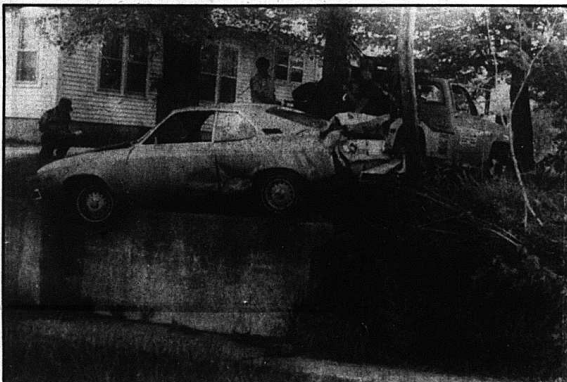

from the plant to Mt. Vernon and from downtown Mt. Vernon to the storage tanks on Town Hill. There may be additional needs as the survey progresses.

Crawford said plans are to re-submit applications to various government agencies for help in financing the project.

One resident called the state ban a safety precaution until the water is cleared up.

"There is plenty of water now because we have had lots of rain, but when we get into the dry season of the year we could be in trouble, even here in Mt. Vernon, with all the added hookups and extensions that I have heard have been made. The plant can't supply the demands for water at peak times."

That occurred in 1988 when a (Con't to B-10)

A Mt. Vernon man was only slightly injured Tuesday when his 1976 Opel was struck in the rear by another car. Dennis Payne's vehicle came to rest on top of a concrete wall after striking a telephone pole in the city limits of Brodhead.

Hunt, \$117.50; Rodney Johnson, \$1115.00; Lee Roberts, Sr., \$47.50; Debbie Hellard, \$97.50; William Pennington, \$197.50; Paul Morris, \$67.50; Reid Ann Fredrick, \$97.50; Anthony Hansel, \$67.50; Mark Haines, \$82.50, warrant issued/license suspended; Brian Saylor, \$122.50, warrant issued/ no bond/license suspended; Bobby J. Stepp, \$1007.50; Buford Bradley, \$86.50; Allen Albert Saylor, \$255, bench warrant issued for failure to appear

## Our Readers Write

Dear Editor:

For those of you that have not heard the complete story about "Renfro Valley Record Shop" and the surrounding controversy, here is my side of the story.

"My wife and I owned and operated Renfro Valley Keepsake Shop and Joann's Snack Bar. We sold tapes, records, Renfro Valley crafts and souvenirs. In August of 1989 we sold our businesses to Chester Elkin. At that time we had for and received a sales tax business for "Renfro Valley Record Shop" dated August 21, 1989. It's posted on the wall at our shop.

"At about the same time I bought a "swamp" and started a new building. The first new business to open in Renfro Valley. Some people said, "you have moved too far out," or "you are going to be all alone out there in the woods" and I honestly worried that I might be. Meanwhile, I got out and set up a new business, tapes to businesses, under the name "Renfro Valley Record Shop."

"After we were sure that we wanted to build, I put the name "Renfro Valley Record Shop" on file as the name for our business, dated November 10, 1989. It can be seen at the county court clerk's office.

"All the above was done before any plans for Renfro Valley were made public, and we didn't know for sure what would happen.

"In December, 1989, I ejected a large ad in "The Renfro Valley Bugle" that ran for four months. The headline read "Coming Soon, Renfro Valley Record Shop." We had many responses from all over the country and mailed out lists of what we offered. There was not one word about our using Renfro Valley in our name during this time.

"Tax number, corporation papers, assumed name certificate, registered service mark, opened accounts with companies, signs painted and many customers writing to "Renfro Valley Record Shop." Opened for business and feeling better since some of the things had actually started happening down the road at Renfro Valley Folks.

"We bought thousands of dollars of merchandise last winter, some of it from Renfro Valley Folks, Inc. and much of it has Renfro Valley, Ky. on it. Remember the talk about how Renfro Valley Folks wanted to sue with the people of the community? A few days after we opened we received a letter from a Lexington attorney, saying that we had until the 26th of March to take the name off our building and all Renfro Valley goods from our shelves, or face the possibility of lawsuit. Warren Rosenthal and Ralph Gabbard's names are on it. Not one of Renfro Valley Folks, Inc. had said a word to me before this time. So much for working together.

"It is not only the name of our store, it is all the goods on our shelves with Renfro Valley on them. This would certainly make a big hole in our business. I have the letter if anyone would like to read it.

"I keep hearing em say "we have a trademark and we are trying to protect what is ours." They own a trademark to put "Renfro Valley" on a record label. Not for a store but a

specific record label. I have no right to produce, copy, or sell these records and have never done so. The plain and simple truth is they want the name and store for their own. Renfro Valley when it's opened ours, so we just lost it out and start over? No thanks!

I agree they are spending a lot of

## I DISSENT

By Larry Forgy  
100 First Security Plaza  
Lexington, Kentucky 40507  
(606) 231-3000

Larry Forgy is the former Budget Director and Director of Fiscal Management for Kentucky. He has also served as University of Kentucky Financial Vice-President, and Finance Chairman of the Kentucky Council on Higher Education and the University of Kentucky Board of Trustees. Forgy was a member of the Coms' Committee on Education Reform.

"A function of free speech... is to invite dispute. It may indeed best serve its high purpose when it... even stirs people to anger."

Mr. Justice Douglas

For weeks I have watched as the metropolitan daily newspapers of Kentucky have vied with one another to see which could heap the highest praise on the General Assembly for its tax-school bill (H.B. 940) and 1990-92 biennial budget.

For weeks H.B. 940 has been praised by every politician favoring it as the greatest governmental act since the Constitution and one which will surely usher in the millennium.

## I dissent.

The Budget and tax bills are the greatest example of unrestrained and irresponsible taxing and spending in the history of the Commonwealth and her people.

The \$1.32 billion tax increase contained in H.B. 940, on a per capita basis, is over \$350 for every man, woman, child and baby in Kentucky, and, when you consider that a high percentage of Kentuckians pay no income taxes, it is apparent that this tax bill will be enormously burdensome to working people everywhere. But, not one page of study was ever released by the government showing what such an increase would do to individual taxpayers or our competitive position as a state.

Legislative leaders, to show their independence, raised taxes over 28% higher than the \$1 billion tax increase demanded by Governor Wilkinson. The people of this state will be saddled with higher sales taxes, personal income taxes, corporate income taxes, usage taxes and property taxes.

On July 1, the sales tax will go from 5% to 6%. Next month income tax withholding from wages will go up. On April 15, 1991, thousands of taxpayers will be scurrying to small loan companies to borrow for state taxes under withheld and on January 1, 1991, new property tax assessments will begin which will result in higher property taxes in, at least, half of Kentucky's 177 school districts. All this is to fund the most bloated and wasteful spending program in Kentucky history.

Think of it, on top of the \$1.32 billion in new taxes, the state will realize over \$350 million in growth money (i.e. new money produced under the old system); add to that lottery money of \$180 million plus the lottery surplus and the state will spend almost \$1.9 billion more under the new budget than under the old. This is a 30% increase in state General Fund spending. 30%!!

In the capital area, the budget moves from the imprudent to the ridiculous. It has more pork in it than the Bourbon Stock Yards. The authorized new bonds are over \$1.1 billion; the biggest increase in debt in our history. Seventy-five projects were added by the General Assembly to the governor's already huge capital budget to "sweeten the pie" for legislators who voted for the taxes. The projects range widely from swimming pools and golf courses to park lodges, museums and many largely unneeded, university buildings.

To those who say this budget and the tax increases were caused by the Supreme Court's decision on school reform, I answer, not so!

While I, like most Kentuckians, favor and understand more money for better schools; the people should not be misled. Of the tax increase, only 45% is being spent on school reform. The other 55% goes to the general government and to pork. Viewed another way, combining the tax increase, revenue growth and lottery money, the state is raising \$3 in revenue for every \$1 going to school reform.

Several departments of state government will receive a larger percentage budget increase than will elementary and secondary education. This mammoth increase in spending is not just "for the children" and should not be sold as such, either by its sponsors or by the news media. That is propaganda.

I said in May, 1989, and say again, the whole court ordered requirement of equity could have been funded for \$200 million per year. I was branded then as a "minimalist" and "too conservative".

I still contended this entire problem could have been resolved with only the sales tax increase, plus the growth money and the lottery money. That would have granted almost \$1 billion in new state revenue. From this the roughly \$600 million this budget contains for schools, could have been spent, leaving almost \$400 million for other problems of state government; quite enough for a sensible budget, but \$900 million less than was spent.

Finally, as to the question of school reform; conservative government is deliberate progress toward a defined goal. H.B. 940 is far from that; it is revolution, not evolution.

Common sense says it is imprudent to support overnight a school system with over 600,000 students, 1,400 plus separate schools and 35,000 teachers and start from scratch. Experimentation with our whole school system is folly.

H.B. 940 will create serious labor-management problems, will gut out local school officials, will not add one new hour of school, will not reduce average class size by a single child and will shift our age-old policy of local control to a monolithic, state-wide system dominated by a powerful new commissioner in Frankfort and by the leaders of the General Assembly. Changes needed to correct nepotism, under-assignment and political interference could have been achieved without disturbing the whole system. Most of the changes are in structure and have little to do with what is being taught. It is a question of power.

Now, add all this to the fact that both the House and Senate Appropriations Committee Chairmen are already hinting that we will have to have another tax increase in two or three years to fully fund school reform and you have the total picture.

As they say regarding "Pumell's Old Folk's Sausage, the legislators and the governor went "whole hog."

But, Kentucky taxpayers got the "chittlins" and it is high time they were told.

## Sweet & Sour by Zi Graves

For two Saturday in a row I was involved in activities concerning our high school. It was two Saturdays well spent.

Thanks to Calvin and Dean Mize for inviting me to share in the reading of and judging the essays on, "Litter in Rockcastle County." The episode was like being in a real life drama. Here were some of the babies I had watched grow into women and manhood writing essays about the decisions of world problems. I'm glad I did not have to make the final decision alone of which was best in the set I read. They were all so good I asked for the privilege of reading them after the decisions were made.

There was evidence of research and thought in every paper. Thanks go to the teachers of these students, you did a great job making them aware of this problem. I saw enough evidence of leadership ability in these essays that make me wonder at the statistics that say Rockcastle County is at the bottom of the educational list, nation wide. Whoever did that evaluation had better take another look and change their statistics or prejudices.

I've always believed we have some of the most intelligent people in the nation that live in Rockcastle County. Just taken awhile to get enough roads built to get them out where they can take their rightful place in society. Of course we have a way to go yet, but by the looks of those essays we have students ready to take the lead to higher heights.

Once I told a lower worker off for ridiculing the uneducated people from the hills of Kentucky. I told him some of the smartest people I'd ever known came from these hills and when given the chance to get out where they could go to school they learned quickly and well. He responded by telling of his experience of listening to their uncouth jokes. This was all I needed to make me fire back, "that's just what I told you. They learn fast and the first thing they heard from these city folks was dirty jokes so that's what they thought these educated city folks wanted to talk about. And to be able to talk to them they had to speak their language." (why was he listening anyway? He never brought the subject of illiteracy up again.)

Since that time it has been proven several times that my statement was correct. Once we had roads leading out of the hills we had children traveling them to places of higher education. Three of these have been mine. I can count, off hand eight more college graduates from my area and this is a sparsely settled area of 1249. Fifty years ago it was a task to get a child through the eighth grade. That's when we had no roads and used one room schools.

My children, as well as most of the others, worked their way through Berea College. We are lucky to have Berea College this close. Other states

gladly use the talents and skills our children learn there. Judy, with her degree in psychology works in a clinic in Michigan. Rod is using his degree in business running his dairy farm in W. Va. Only Polly is being used to teach here in the state of Kentucky. We educate them, other states use them.

This is the reason I know these hills and hollows of Kentucky have nurtured the possibilities of another Einstein (physicist) Jonas Salk, (developer of the salk vaccine) or Louis Pasteur, (bacteriologist). All they need is a chance and encouragement. That little tow headed kid in the head of an isolated hollow may be the one to fine the cure for cancer or aids if he is encouraged to try. These are the things I thought of when I read these essays. Potential leaders! Here are a few of the things they had to say. I keep talking "trash" till everyone in Rockcastle County is aware of what it is doing to us.

Make people aware of each bit of trash, chewing gum and candy wrapper as well as bigger things. They all cause litter. Pitch in -- not out.

We take for granted a miracle will clean up our trash. The miracle is us. We must clean up our environment if we are to preserve the beauty of it for our children.

Recycle -- get pay for your cast-aways. Children learn good and bad habits from their parents - be sure your litter habits are good ones.

Adapt a road - This was from several.

Everyone clean - every family clean up your own land.

Anyone caught littering must do road clean up.

Anyone caught littering be fined heavily. This was also suggested several times.

Schools and restaurants quit using styrofoam serving dishes or plastic throw aways.

Quit using plastic diapers.

Accept trash bags in the car and use them.

Landfills must be placed where they won't pollute.

Resolution to stop, as of now, throwing out chewing gum or candy wrappers and pop cans.

Don't throw out -- throw in A car bin

Big industry throws away huge amounts of litter and seems to not care. Their only care seems to be money.

Industry, educated people and pollution is killing our most wonderful gift on earth -- nature.

Teachers should include in their teaching about pollution the location of dumpsters. Where are they?

Proper means of disposing and more information by means of posters and the news media about recycling is needed.

Our forests and wild life are being destroyed. Several times mentioned. Smell the roses now for soon they will be covered with trash.

Place trash cans on side walks in town to encourage people to keep cleaner sidewalks.

People do not want to settle in a county covered with litter.

Business will shy away from a county whose people show no pride in its appearance.

Our forests are being killed so we are in danger of our life line oxygen.

I think this is enough for you to get the same idea I did. These kids are aware and capable of eliminating this scourge in our county.

One more now! I wish I could have done this to every one I read. Do one in its entirety.

I think that as a citizen of Rockcastle County, the United States and the planet earth, we owe it to ourselves and our children to clean up our garbage and pollution problems.

The world is considered in many cases to be a small place, but when one thinks of trying to clean up the entire world, it seems quite larger. It would be impossible for any group or organization to clean up the entire world by themselves, for there are just too many places to clean. Therefore, we must consider having each

country tackle its own garbage and pollution problems.

Some smaller countries, like Portugal, would find that cleaning up their land, although a tough job, could be done. The larger countries such as the U.S.A. and the U.S.S.R. however would find it to be a monstrous task, and neither could ever think of accomplishing it with ease. Think about it. There is quite a difference between the land mass of Portugal and that of the U.S.S.R. It just wouldn't seem fair to the larger countries. Therefore, we must also consider going a step further, finding a common denominator for all countries -- their people!

No matter how large or small a country is, it is made up of people, and those people can most easily clean up the entire world. If every person would be responsible for their own garbage and waste, then the increasing pollution problem would come to a halt. True, we would still have to clean up pollutants from years behind, but, as ever driver should know, before you can change from overdrive to reverse, the car must stop!

It wouldn't be fair to ourselves or our children if we sat around and waited for someone else to clean up the world, for it will never happen. The only way that we can secure a peaceful and clean society for future generations is to do it ourselves -- each individually -- one piece at a time.

Do any of these sound like they are coming from illiterates? On my way home from the bake sale and back wash Saturday I saw this bit of advice in action.

One lone worker, Denver Phelps, was cleaning up a section of the road he adopted. It begins at the caution light and ends two miles down the

The First Annual Kinder Derby Race was held at Livingston Elementary School last Friday and, shown above, are the winners, with their "mounts," of the five heats from which the winner of the Derby came. In the photo are: Blake Arnold, Mr. Frisky; Adam Hellard, Thirty Six Red; Josh Middleton, Unbridled; Heather Powell, Silver Ending and Shannon Bullock, Summer Squall. Blake Arnold, aboard Mr. Frisky won the "Derby" in the final heat. The school also recognized the efforts of Martha Eversole, teacher, and Charlene Cole, aide, on behalf of the Kinder Derby.

**RCHS Minute**

**Drama Play**

Mrs. Russell's Drama Class will present "Lute Lunchonette" to the student body on Thursday, May 10th. Students will pay \$1 in 2nd period to attend.

**Baccalaureate**

Sunday, May 13, will be baccalaureate services for the graduating seniors. Rev. Jimmy Whittaker will be the speaker.

**AP History Exam**

The Advance Placement history exam will be given on Monday, May 14th.

**Six Weeks Exams**

Seniors will be taking their final 6 weeks tests on Wednesday, May 9th and Thursday May 10th. Students who are absent must have a doctor's excuse in order to make up the test.

**Awards**

Awards night for seniors will be held on Tuesday, May 15th at 7 p.m. Graduation

Graduation will be on Thursday, May 17th. Project Graduation will be held following graduation for all seniors who have signed up.

**MVETS PTA Salutes Teachers May 6-12**

Mr. Vernon PTA is joining thousands of others throughout the nation this week in celebrating National PTA Teacher Appreciation Week. Our school teachers are doing an outstanding job. We want our students,

Amanda Sturgill received a Certificate of Award in recognition for her outstanding effort in the Rockcastle County Conservation Reading Contest. Amanda, a first grade student at Mt. Vernon Elementary, is the daughter of Roger and Bonnie Sturgill of Mt. Vernon.

PTA members, and parents to show their appreciation this week by being kind and wearing their smiles when visiting our Mt. Vernon Elementary School. Our teachers try very hard to influence all our kids. They play a very important role in our children's lives. Everyone will agree a child's education determines his/her future. I would personally like to say thank you to all the teachers that have worked with me and supported me this year. Sometimes we forget to show our appreciation and say thank you for a job well done. This is all the teachers' week to be pat on the back for their devotion to our children. Mt. Vernon PTA has several activities planned this week to show how much we care. Those interested in more information about Teacher Appreciation Week should contact: Darlena Bowles, Mt. Vernon PTA, president, at 256-2953 or 256-5496. Darlena Bowles

cost money, so bring your books in and we will not charge overdue on them.

Allynn Davis Librarian

**Tiger Pause**

In a continuing effort to help clean up our county, Mr. Marvin Stone will be at our school today (Thursday) with a truck to haul litter to the quarry. If you need help in disposing of old stoves, sofas, etc., please have them at the school between 9 and 2 p.m. Remember that BE's gets credit for all litter you deposit at the quarry. Be sure to tell them that it goes to our credit.

Our faculty enjoyed a bountiful breakfast on Tuesday in honor of National Teacher Appreciation Week. Thanks, also, to PTA for the beautiful, delicious apples that were given to each of our faculty and staff on this special day.

Mr. Payne was duly surprised on Monday morning when he arrived at school. We chose to celebrate him on the beginning day of Teacher Appreciation Week. He was presented with a very special video, featuring all students, teachers and staff who expressed their appreciation to him for all his help, caring and support over the years. Each class designed something to put outside their door with a personal message to Mr. Payne. This was indeed a special celebration for a very special person.

Our athletic banquet on Monday night was a huge success. This could not have been possible without the cooperation of our parents who supported this program. We appreciate

you and our student athletes and cheerleaders. These students put in hours of after-school practice and deserve the recognition they received for jobs well done. We also appreciate our coaches for the many hours they give to these programs.

We are looking forward to our 7th and 8th grade banquet Friday night at 7 p.m. Following the meal, the students will enjoy a dance in their honor.

Awards Day is at 1:30 Thursday, May 17. Parents are invited.

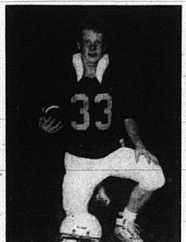

Our eighth-grade graduation ceremony will be on Monday, May 21, at 7 p.m. Everyone is invited to congratulate our great class of 1990 upon their graduation.

We are featuring two of our special itinerants, Mrs. Mary Gregory and Miss Molly Hanifin. Mrs. Gregory is our speech therapist, whom we share with Roundstone and Livingston. She received her B.S. from the University of Tennessee and her M.A. from the University of Kentucky. She also has an ASHA certification in speech-language pathology.

Miss Hanifin is our guidance counselor and we share her with Livingston. She received both her B.S., M.A., and Rank I from E.K.U. These ladies have big responsibilities in various schools, and we are so glad that they are on the Tiger Team!

**Livingston Winners**

The following eighth-grade students at Livingston Elementary School won for their essays concerning water conservation.

1st Place - Roy Lee Sturgill

2nd Place - James Edward Hammond. Mitzi Sue Howard won third place for her essay.

These eighth-graders were recognized for their essays concerning "A Famous Explorer I Would Like to Travel With."

1st Place - Mitzi Sue Howard who also won third place for her water conservation essay.

2nd Place - John Helton

Jason Newcomb (photo not available), an eighth grader at LES, won first place in for his speech "A Most Memorable Time" Second was Alice Marie Hodge, also an eighth grader.

3rd Place James Edward Robinson

Mt. Vernon Elementary School recently completed their participation in the Rick Pitino Easter Seal Shoot-Out for the 1989-90 school year. A total of \$4,500 was raised by 190 students, representing a ranking of 3rd place for MVES in the state. In recent years, MVES has raised \$25,000 for the Ky. Easter Seal Society. A special thank you to those people who have contributed to this success.

Top winners in the Easter Seal Shoot-Out at Mt. Vernon Elementary School were, from left: Travis Anderkin, Suzanne Brown, Jonathon Burdette, Melinda Alorn, Andy Hale, Kevin Bradley and Kent Smith.

 Wednesday: Pork barbecue on bun, potato wedges, cole slaw, milk, frosty creme  
 Thursday: Pizza, garden salad, buttered corn, milk, fruit  
 Friday: Cook's choice

### Your Child's Health

By: Dr. John Payne

In the past few years several deaths, (12 in the Chicago area) have been reported from infants or toddlers drowning in five gallon buckets. These sturdy plastic buckets, which hold a variety of commercial and industrial products, are great for use as mop or garden buckets.

The problem is that such buckets are so well constructed, and have straight rather than sloping sides, that infants cannot get out of them if they fall in head first. Young children are top heavy, with large heads in comparison to the rest of their body. They are poorly coordinated, and may not be able to tip the bucket over. A curious look at the water in the bucket can quickly lead to a tragic death.

Extreme caution must be used with such a container if there are little ones around. Leaving them unattended for even a minute is not safe. Toilets can also pose such a hazard if the lid is left up.

### Metropolitan announces Youth grant program

Metropolitan Life Insurance Company today announced its 1990 Community Improvement Youth Grant program, aimed at encouraging hands-on civic projects by young people. May 31 is the deadline for applying.

Each year the company makes grants of up to \$250 to groups of young people who submit the best proposals for projects to benefit the community. These grants are intended a seed money\* to pay for materials, while the youth donate their time.

Any group of five or more people between the ages of 12 and 18 with an

 We love you  
 Judy, Angie and Carter

Goodness, gracious,  
 sakes alive  
 Brenda Gail Taylor is 35!

## Poet's Corner

### Mother's Day

By: Mary Perry

Today is Mother's Day all over this fair land,  
 So if she's there with you, why not take her by the hand.  
 She loves you with all her heart, and that heart is so big you see,  
 That there's room in it for every ache and every skinned up knee.

She cooks and washes and mends our clothes, she works the whole day through,  
 And there's not many things she refuses to do for us too,  
 And when the day has ended and the family is all in bed,  
 Mama gets down on her knees and slowly bows her head.  
 She prays Dear Lord take care of my

children, and their daily too,  
 And help them to do your will in everything they do.  
 Help me to be a good mother, and learn to love more every day,  
 And thank you Dear Lord, for the blessing's of life,  
 In Jesus name I pray.

Now if Mama's not there with you,

and you see her from time to time,  
 Let me now in closing, give you this little rhyme.  
 Have you hugged your mom today?  
 Did you send her on her way, with Love Love Love,  
 She's a person just like you, and she has feelings too.  
 So give her Love Love Love,  
 Why she'd walk a country mile, just for a big ole hug and a smile,  
 So give her Love Love Love.

## Charting Rockcastle

By: Richard Anderkin  
Managing Editor

You have to admire Danny Ford for voting against the tax increase and education reform bill.

Although the local representative is like the rest of us in the fact that he believes we need changes in our education system, he had enough back-bone to stand up and tell his colleagues what they were doing was not in the best interest of the state.

A couple of days after the General Assembly Danny told me that we, in effect, had a bunch of thugs running this state. Those weren't his exact words, but close enough.

And until I researched what the General Assembly had done to Kentucky I did not fully understand his statement. I do now.

Quiet simply, fellow Kentuckians, you have been had.

Sure, education reform was needed and, of course, we had to have

a way to pay for it. But do you realize that the General Assembly raised taxes by 1.32 billion dollars. Of that 1.32 billion only 45% is being spent on education reform. The other 55% went for special projects for legislators and senators who supported the tax and education bills.

And, you probably won't see any of those special projects coming to Rockcastle, because Ford would not play politics with your tax money.

To say that the tax increase passed by the General Assembly was for education is simply untrue, because more of the money generated by the tax increase will go to special projects like golf courses, swimming pools, museums and more university buildings.

If you want an overall picture of just how bad the average Kentucky taxpayer has been treated, read the

editorial on page 2 of this week's paper. Larry Forgy tells the whole story.

But getting back to just how political Kentucky's leaders were, a last minute decision to vote against the education and tax measure cost one representative a \$2.5 million community center in his home county.

Rep. Joe Barrows of Versailles had initially voted for the bill, but changed his vote. When he did, a \$2.5 million community center for Woodford County was removed from the state budget.

And the ones that did vote for the increase were rewarding by getting pet projects of all kinds.

Similarly, a new community college building for Hazard was taken out of the budget. Hazard is the home of Republican Floor Leader Bill Strong. Also taken out of the budget was \$200,000 for an amphitheater at Kincaid Lake State Park.

Sen. Mike Moloney, a Lexington Democrat, who is chairman of the Senate Budget panel, admitted to the press that the amphitheater was located in an area where a lot of Republicans are from. Moloney said that was unfortunate because they all voted no.

Danny Ford did not have to worry about having anything taken out of the budget; because he never agreed to vote for the outrageous piece of legislation in the first place.

Again, to understand fully, what the General Assembly did to you, you really need to read Forgy's editorial, it tells it like it is.

Some lucky RCHS senior will drive home in this 1986 Ford Escort which will be given away during Project Graduation, following graduation ceremonies Thursday night, May 17th. The car was donated by Berea Ford and Project Graduation and is just one of many prizes which will be won by seniors during the all-night party at the high school.

road. He adopted it by himself and is keeping it clean - one bit at a time. If you don't throw it out, he won't have to pick it up.

Now to you young adults who wrote these beautiful essays -- you know the answer -- you have given many good answers for solving it, now, use that potential leadership ability to accomplish what you've recommended.

And to the seniors beginning your trek into the adult world -- good luck and God go with you.

"Youth Grant Program"  
(Cont. From A6)

adult sponsor is eligible to apply. Organizations such as YMCAs, Scouts, Boys or Girls clubs, community groups or recreational centers are also invited to submit grants.

This is the eleventh year Metropolitan is offering the grants. They are intended as start-up money for projects that could involve the youth in meaningful activities. Metropolitan also responds to community needs through its own employees who do volunteer work for nonprofit agencies, and through corporate donations to these groups.

Application forms are available at the local Metropolitan Life office.

Mr. and Mrs. C.F. Mullins Jr. of Louisville visited his parents Mr. and Mrs. C.F. Mullins Sr. last week.

## Fairview News

By: Mrs. Hubert Chasteen

Sunday School attendance at the Fairview Baptist Church May 6th was one hundred and twenty seven, and for worship services we had a large attendance. Our pastor, Rev. Harvey Pensol delivered two very good sermons on Sunday. In his Sunday morning sermon he said, "We don't fear God any more" and "We have come to terms with the world."

We older people have seen many changes in our world during our life time. When I look back on my life, and think about how we lived years ago, it seems like I have lived in two different worlds. We have seen many great inventions that have made our lives easier and I thank God for each one. But in the last few years we have seen many of our good moral values disappear. We don't see the love, trust, honesty, truthfulness and respect among people like it used to be. But I always thank God for the good dedicated Christian people that we still have. Those that still have a concern for others and will help in time of need. So we see many things going on in our world today that we don't approve of, but we must go on with our life and live the best we can with God's help. So let's pray for each other and especially for our unsaved

relatives, friends and neighbors. Bless their hearts we love them.

Mr. and Mrs. Bill Brock of Indian Hills, Paint Lick, spent the weekend in Pigeon Forge, Tn. They attended the Dolly Parton on Friday night and the opening of Dollywood on Saturday and one of the Dolly and Kenny Rogers Concerts. They really enjoyed their trip.

Mrs. Stella Coyle of Muncie, Ind. has spent the past few days here with her sister-in-law Mrs. Edith Mullins. She attended Sunday School and Church at Fairview and everyone was so glad to see her. While here others visiting her and aunt Edith were Mrs. Mary Thomas of Berea, Mr. and Mrs. Perry and Evalena Bowman of Pine Hill, Alene Woods and Anna Ellen Reed and Jesse Mullins.

Brian Brock spent the weekend with his grandfather Cletus Peters. Visitors recently at the homes of Mr. and Mrs. William Alexander and Mr. and Mrs. James Reppert were Eugene Alexander and Kenneth.

Mr. and Mrs. R. J. Ridgell and Sherry visited his parents Mr. and Mrs. Elmer Ridgell in Corbin on Sunday.

Our daughter Joyce Seals and husband James of Paint Lick and our son Wayne and wife Carolyn of Berea visited with us on Saturday afternoon.

Weekend guests of Mrs. Mary Cope were Mr. and Mrs. William Cope of Dayton, Ohio.

Please remember church and Sunday School. Let's always remember to pray for each other. Love and prayers.

# National Hospital Week May 6 - 12

As the old saying goes "Actions speak louder than words." At Rockcastle Hospital, we have made many strides toward being able to offer the best in health care of any small hospital in rural Kentucky. Our Abbott Spectrum Chemistry Analyzer and our C.T. Scan are state-of-the-art equipment that you will not find in most hospitals our size. We have purchased this equipment in an effort to better serve the needs of a great Rockcastle County.

## Rockcastle Hospital

Newcomb Avenue - Mt. Vernon - Phone 256-2195

# Mount Vernon Signal

Second Section

Thursday May 10, 1990

A flag that was given to her by the Marine Corps at the funeral of her husband, Jess Tom Pike, was presented to the Mt. Vernon City Council by Naomi Pike Monday night. The flag will fly in triangle park in downtown Mt. Vernon. A retired Marine Corps captain and former school teacher, Pike died Jan. 23, 1987. Mayor Gary R. Cromer accepted the flag and thanked Mrs. Pike for her sacrifice and thoughtfulness.

## Mascot name will stay same

By: Richard Anderkin

The Mt. Vernon Red Devils will be the Mt. Vernon Red Devils when the new school opens this fall.

At the Rockcastle County Board of Education meeting last week, MVES principal John Hale told board members and Superintendent Bige Towery Jr., that he had conducted a survey concerning changing the mascot name at his school and that there was no major interest in changing the name.

Hale told the board that he felt that everyone had had a chance to express their feelings on the matter and that there simply was not enough support for a name change.

Several weeks ago, Hale began polling students, parents and teachers about a possible name change for the school's mascot, because of several complaints about the Red Devil mascot.

About 18 people including Hale were at the meeting to voice their opinion on the matter. Some of the 18 were students who wanted the name left as is.

There was no one at the meeting in favor of a name change and after the board heard from Hale and Dr. John Parsons, a Mt. Vernon alumnus who has children attending the school, they took no action on the matter. The

name remains the same. RCHS doesn't have a new girl's basketball coach just yet, but all indications are that one will be hired soon.

Towery told board members that he had interviewed Christy Beaver, a special education teacher at Mt. Vernon, who is a former college basketball player.

RCHS principal Ronnie Cash said that he would recommend that Beaver be hired after interviewing her last Friday.

The final decision will be left up to the board, but Towery had said that he wanted to try and hire someone already in the system that was interested.

Beaver, 23, played college basketball at Morehead State University.

When the Rockcastle Rocket football team moves into a new district next year, more room and better facilities will be needed to handle crowds from Corbin, Somerset and Middlesboro, at the present field. At the board meeting the board gave their approval for any needed changes at the field.

In other business the board approved G.E.D. certificates for Phyllis Brashear, Famey Hopkins and Loretta McFerron.

## Cathie Bailey new manager Graduation is Friday at Family Life Center School

A new program manager, new teacher at the school, a graduation Friday night and a summer learning program are just a few of the things happening at the Family Life Center School in Renfro Valley.

Cathie Bailey, a former teacher in the school on wheels program has taken over as program manager of the Family Life Center School, a local school that has helped almost 400 local people attain their General Equivalency Diploma, (GED).

Bailey replaced Gary Eldridge who resigned in February. A graduate of Ohio State University with a degree in education, Bailey has worked at the Family Life Center School since September of 1988.

Ms. Bailey lives at Conway and is presently working on her Master's Degree at Eastern Kentucky University.

One of her first moves as program manager was to place Kaye Cameron in the school at Renfro as full-time teacher.

Ms. Cameron has been with the program since June of 1986. She has worked in both the School on Wheels Program and the regular school. Presently there are about 200

students in the two programs.

This Friday night about 50 people will graduate from the school during graduation ceremonies in Renfro.

Rockcastle County School Superintendent Bige Towery Jr., is the speaker.

Ceremonies get underway at 7:00 p.m.

Ms. Bailey also announced this week that the school will hold its fourth annual Summer Learning Program.

The learning program is designed for third through sixth grade students who want to try new ways to acquire and use knowledge, according to Ms. Bailey.

The program will be open to willing students who agree to be involved for 21 days of hands-on learning activities. There is no charge for the program, which will be held at the school beginning July 2.

Topics of study will include: reading, writing, storytelling, math applications, science and nature and social studies in Rockcastle County.

The school is open Monday through Friday 8 a.m. to 5 p.m. For more information call 256-5307.

## Brodhead honors alumni...

(Photos by: Doug Brock)

The Class of 1940, 1950, 1960 and 1970 were honored recently at the Brodhead Alumni Banquet. The Class of 1940 is pictured above, left to right: Glen Hysinger, Beulah Bradley, Elnor Smith Burke, Lola Jones Roberts, Jessie Hasty, Agnes Smith Howard, Elmer Ponder and Lucille Abright Ponder.

Fourth row from left: Marvin Crawford, Sherman Turpin, Jackie Hayes, Ronnie Singleton and Bill Ponder. Fifth row from left: Frankie Bradley, Arnold Debord, Tim Barber and Dean Baldwin.

Dr. Betty Steffy

## Dr. Steffy to speak at graduation

Dr. Betty E. Steffy will deliver the commencement address to 197 graduates of Rockcastle County High School on May 17, 1990.

Dr. Steffy is the Deputy Superintendent for Instruction, Kentucky Department of Education. She is a nationally renowned educator and recognized as an expert and leader in the area of curriculum.

Dr. Steffy received her doctorate from the University of Pittsburgh. Prior to coming to the Kentucky Department of Education she served as a visitor of instruction in Pennsylvania, and superintendent of schools in Long Island, New York and Moorestown. (Con't to B-10)

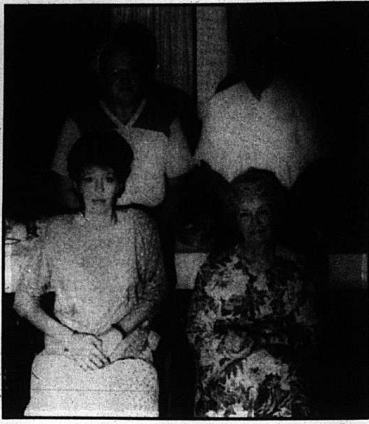

Kaye Cameron, left, is the new teacher at the Family Life Center School and Cathie Bailey is the new program manager.

For the men were back row from left: Henry Vanzant, third high; Richard Anderkin, second high and Babe Daughtery, high average.

## Track & Field preliminaries begin May 10 at Bryan Station

The Rockcastle County High School track and field teams ended their regular season last Thursday at Lincoln County and now have all of

this year's efforts focused on the sectional and state finals.

The region preliminaries beginning Thursday, May 10, at Bryan

Station at 4:30, will begin this year's bid for a state berth out of Region 6 narrowing the field of competitors in the short dash (400m and below) to nine. Those nine will then advance to the sectional finals.

The region preliminaries will also host the finals for several field events including the shot-put, long jump and

high jump for the boys division and the discus for the girls division. All other events will take place during the sectional finals.

The sectional finals are scheduled for Saturday, May 12 at the University of Kentucky and will match the top qualifying teams and individuals of the 14 schools in Region 6 against

(Con't to B-3)

## Rockets baseball team loses to Wayne Co. and Corbin

Wet weather limited the Rockcastle County High School baseball team to only two games this past week.

The Rockets traveled to Wayne County Thursday where they fell short 10-3 and hosted the talented Corbin Redhounds Monday, who handed the Rockets another loss 21-9.

According to Rocket's head coach Ryan Riddle, the Rockets played a descent ballgame but had problems with their pitching. "Wayne County only got five hits but we walked 10 batters," Riddle said.

The game was suspended after four and one third innings due to

(Con't to B-3)

# Sports continued...

## Martin, Northern named to all-tourney Girls lose in district Laurel romps 29-5

The 1990 softball season has come to a disappointing close for the Rockcastle County High School girls softball team.

The Rockets, with a 9 and 15 record through the regular season, added one more loss their column when they lost 29-5 to Laurel County in their first round action of the 43rd District Tournament Tuesday night.

"We just didn't come out to play," said Rocket's head coach Debbie Cash. "We made too many errors, and just didn't hit the ball like we should," she added.

The Rockets recorded only 10 hits against Laurel and produced only five runs, a far cry from their 16 and 17 runs they have scored so many times this season.

"I was disappointed," said Cash. "I know we can play much better than we did."

Cindy McCauley was the only

Rocket with a pair of hits as she went two for three during the game.

With a one for three night and good solid fielding, Rocket's seniors, Stephanie Northern and Gina Martin were selected to the all tournament team for the 43rd District this year.

The championship game of the 43rd District is scheduled for Thursday (today) between Laurel County and Pulaski County at 6:00 p.m.

The Rockets ended their regular season play last Thursday at Madison Southern. They split the two game series by losing the first game 7-5 and winning the second 12-3.

Leading hitters in the series for the Rockets were: Kristi Sargent, .670; Shonda Renner and Jennifer Thacker, .600; Christy Coleman, .444; Melanie Leeco and Gina Martin, .333; Rita Ponder, .250 and Cindy McCauley, .200.

lightning, only two outs away from a official five inning ball game. Riddle, however, certified the game as official due to the 10-3 score.

Senior Mike Lopez led the Rockets in hitting against Wayne with a perfect 3 for 3 evening.

The Rockets didn't fair so well Monday against Corbin. Corbin jumped on the Rockets with seven runs in the first inning which eventually led to 21 runs.

"Corbin is the best team I've seen in the district," said Riddle, "and the best coached team," he added.

But the Rockets, however, did do much better than their last meeting when Corbin crunched them 26-0 earlier in the season.

The Rockets didn't lay down but fought back to score seven of their nine runs in the last inning.

Mike Lopez had a solo homerun while sophomore Micah Parkerson blasted a three run shot to help the Rockets in their losing effort.

The Rockets have three more games left in regular season play before they take the field in the district tournament.

Rockcastle and Clay County both ended the regular season with 2 and 1 records in district play but since Clay defeated Rockcastle 6-3 earlier this year, they get the number one seed in the district tourney.

Rockcastle gets the number two seed and will take on the number three seed, Jackson County, in first round of the district tournament Monday May 14 at Oneida at 5:30 p.m.

### "Track & Field"

(Cont' from B-2)

those of Region 8.

Those fortunate enough to qualify with the best time or distance will be there awarded a state birth and advance to the state final which will also be held at the University of Kentucky, Saturday, May 26.

Rockcastle County High School track and field coaches Tom Larkey and Tammy Cox have been very proud about how well their teams went during the preliminaries and finals. They do expect some good performances to be recorded but are keeping them in a realistic perspective.

Having competed in six meets this year, the Rockcastle boys track team finished the year with 33 wins and 20 losses while the girls ended up with 16 wins and 35 losses.

Both Rockcastle teams placed third out of the four teams that attended the last regular season track meet at Lincoln County this past Saturday.

Individual scoring for the Rockcastle boys were: Joe Ramsey, 2nd in the 110m high hurdles and 3rd in the 300m hurdles; Jay Brown, 2nd in the 100m; Billy Todd, 4th in the 100m and 2nd in the 200m; Dane Cox, 3rd in the 200m; Kevin Hensley, 3rd in the 800m and 4th in the high jump; Jeff Navare, 3rd in the long jump; Scotty Hines, 2nd in the shot put and 1st in the discus; Jay Brown; Billy Todd, Dane Cox, and J.D. Harris, 1st in the 400m relay and Billy Todd, J.D. Harris, Jeff Navare and Chris Creech, 1st in the 1600m relay.

Individual scoring for the girls of Rockcastle at Lincoln County were: Bonnie Sigmon, 3rd in the 400m; Jamie Lovins, 2nd in the 300m hurdles; Karla Bullock, 1st in the 300m hurdles and 3rd in the discus; Lisa Spencer, 3rd in the high jump; Lisa Spencer, Tiffany Carter, Jamie Lovins and Amy Thacker, 3rd in the 400m relay; Lisa Spencer, Tiffany Carter, Jamie Lovins and Bonnie Sigmon, 2nd in the 800m relay and Lisa Spencer, Jamie Lovins, Amy Thacker and Tiffany Carter, 2nd in the 1600m relay.

The Rockcastle teams were also active last Tuesday when they competed at Somerset. The Rockcastle boys finished fourth out of the eight team field and the Rockcastle girls finished eighth.

Scoring for the boys were: Scotty Hines, 3rd in the shot-put and 2nd in the discus; Joe Ramsey, 5th in the 110m high hurdles and 5th in the 300m hurdles; Jay Brown, 2nd in the 100m and 5th in the 200m; Billy Todd, 5th in the 100m and 6th in the 200m; William Hellard, 1st in the 400m; Jeff Navare, 5th in the 800m; Dane Cox, Billy Todd, William Bullens and Jay Brown, 2nd in the 400m relay; Jeff Navare, Jay Brown, Billy Todd and William Hellard, 3rd in the 1600m relay and Chris Creech, Kevin Hensley, Dane Cox and J.D. Harris, 4th in the 1600m relay.

Girls scoring for Rockcastle were: Janet Collins, 4th in the shot-put; Karla Bullock, 5th in the shot-put; Lisa Spencer, 6th in the 400m; Tiffany Carter, 4th in the high jump; Dawn Lewis, 5th in the high jump; Tiffany Carter, Jamie Lovins, Traci Moore and Amy Thacker, 4th in the 1600m relay and Tiffany Carter, Dawn Lewis, Lisa Spencer and Traci Moore, 5th in the 400m relay.

Last weekend, James Majcher, Berea sculptor and a member of the Clear Creek Arts Camp staff, finished his work on the camp's sign in preparation for their open house Sunday, May 13 from 1 to 6 p.m.

## Arts Camp prepares for open house

What is your child going to do this summer during the annual break from academic studies? Watch too much television?

Would you like to provide a unique creative experience for your child this summer? An experience impossible for schools to provide? An experience where your child can become involved with painting, sculpture, photography, music, drama, drawing, creative writing?

The Clear Creek Arts Camp, Inc. has been established to provide an in-

tense creative environment for local children, ages 5 to 12, during their summer vacation from school. The camp is located on an 80 acre farm in Rockcastle County, 10 miles from Berea. The farm is home to a rambling farmhouse, woods with a waterfall, a creek that flows year round, fields of grass, a sturdy old tobacco barn, an organic garden, two goats and a few ducks.

The camp was started by a local group of artists and teachers who wanted to give children the opportunity to expand their imaginations and stimulate the expression of their individual creativity. Lois Kleffman, director of the camp, states that the focus of the Clear Creek Arts Camp is on process rather than product. Children's intense involvement with materials is the camp's goal, according to Kleffman, who has her master's degree in education and taught for several years in the Jackson County school system.

variety of surfaces, on-going construction of an outdoor structure and pit-firing of clay sculpture. The camp starts June 18. Children attend the camp five hours each day for five days. Transportation to and from the camp is provided along with a healthful lunch, consisting of fresh vegetables, home-baked bread, fresh fruit and fruit juices.

At the camp, children are involved in daily physical exercise including dance and hiking. There is no competition. No child's work is compared to another's. A low child/adult ratio is maintained. No more than 12 children per week are accepted.

"Anyone who is excited about their child spending a week in a creative, expansive environment should come to our open house and check us out," Kleffman said. The camp's open house is this Sunday, May 13 from 2 p.m. to 6 p.m. and will include refreshments and musical entertainment.

The camp's staff offer a variety of creative experiences for their students including larger-than-life painting on

For more information and directions to the Clear Creek Arts Camp, call 256-3735.

Would you like to hear first hand about the new Education Reform Act? Brodhead PTA presents guest speaker Rep. Danny Ford Thurs., May 10, 1990 7 p.m. at B.E.S. Everyone Welcome

## Attention - Everyone!

## Volunteers trained and honored

The senior center volunteers of Rockcastle County Senior Citizens were provided a training session, followed by a banquet in their honor (April 19) at the Mt. Vernon center. Volunteers provide services at the three senior centers in the county, which would require additional staffing hours without their assistance. The volunteers who assist in the kitchen, are to meet the same requirements as paid staff. Each year, volunteers are provided a training session to keep them informed of the food service guidelines. Volunteers provide other services for the centers by clearing the tables, taking out trash, outreach services, transportation, counting and recording donations. One of the most important roles played by a volunteer are those who assist other persons and make it possible for them to be able to attend the program. The center managers presented the volunteers with a certificate.

Mt. Vernon Center:  
Linda Proctor (coordinator), Sandra Wagner, Pearl Newton, Mary Jane Gadd, Ethel Barron, Hazel Slem, Clara Mae Jones and Harold Jones. Others (not present) were: Tommy Howard, Perry Bowman and Doug Proctor.

Livingston Center:  
Todd Mink, Edna Cameron (site Manager), Mosey Cameron, Verdi Whit and Rosie Mink, others (not present) were Charles Wagner, Pauline Poynter and Janie Nicely.

Brodhead Center:  
Albert Lunceford, Mary Ann Cromer (site manager), Ed Jones, Alifair Burkhardt and Vennie Arneson (not present)

Connie Wagers, (left) Program Director of the Family Life Abuse Center in Mt. Vernon receives a Certificate of Recognition from Tilly Black-Bear, Chairperson of the Executive Committee of the National Coalition Against Domestic Violence. Wagers received the certificate at a victims' recognition luncheon held in Lexington as part of the Fayette County Victims' Rights Week.

"Let the husband  
render unto the wife  
due benevolence: and  
...also the wife unto  
the husband."  
-1 Corinthians 7:3

**T**he M is for Mother, whose day is at hand,  
To remind you of what she has done,  
With an O for the old days, when she'd understand  
All the cares of your life just begun.  
Now the T is for tears she removed from your eyes,  
While when everything seemed to go wrong.  
Just the H bids you honor her counsel so wise,  
Which has helped you in getting along.  
Then the E is each word of advice from above,  
That God gave her to show you the way,  
And the R will remind you to give her your love;  
So remember your Mom on her day!

- Gloria Nowak

Motherhood is, after all, woman's great and incomparable work.

- Edward Carpenter

"She opened her mouth with wisdom; and in her tongue is the law of kindness."

- Proverbs 31:26

## Church Announcements

**Revival**  
Youth Rally

**Benefit Singing**  
Gospel Sing

**Singing**

Calvary Apostolic Light-Houses, brand new church, located just off Hwy. 150 close to gravel quarry, is having a youth rally on May 11 at 7:30 pm. Since a good crowd is expected and the church is small, permission has been obtained to use the Mt. Vernon Elementary School gymnasium. Pastor Rev. Janus Blanton and the saints welcome everyone to come out and to worship and enjoy God's blessing. For further information call 256-4315 or 256-3569. Everyone welcome.

**Memorial Day Homecoming**  
There will be Memorial Day Homecoming services at Sand Hill Baptist Church on Sunday, May 27 with dinner being served. There will be singing beginning at 1:30 pm. Everyone is welcome. If anyone cannot attend but wishes to donate to the cemetery fund please send donations to Virginia A. Nicley, Church Treasurer, P.O. Box 218, Livingston. Money received will be used only for the upkeep of the cemetery.

There will be revival services at Mt. Vernon Church of the Nazarene May 14 - 20th, 7 pm each evening with Sunday School at 11 a.m. and Morning Worship at 11 a.m. Rev. Delores Melvin will be preaching. Special music by Rev. Melvin and Shirley Hagen. Pastor Rev. Charles C. Hurst. Everyone is cordially invited.

A revival will be held at the Mt. Zion Baptist Church beginning May 6 through May 12, at 7 pm. Singers will be "Voice of Victory" from Laurel County; "Joyful Noise", Broadhead; "Ralph Allen and Group" from Livingston. Everyone welcome.

There will be a Benefit Sing at the Maple Grove Baptist Church Saturday, May 12 at 7 pm. All proceeds will go to help the family of Kenneth Richards. All singers welcome. Please come and join us with your support.

There will be a gospel singing at Sand Hill Baptist Church May 12 at 7 pm. Singers will be "Voice of Victory" from Laurel County; "Joyful Noise", Broadhead; "Ralph Allen and Group" from Livingston. Everyone welcome.

**In Loving Memories & Cards of Thanks**

**In Loving Memories of Mother**  
times you spent with us and happy time you had before God took you away, your loving smiles so sweet it broke our hearts the day you were called away. You're still in our hearts and you still stay. Since your gone your memories live on.  
Loved and sadly missed by your mom and dad brothers Dean and Donna Cromer

Love your family, Cecil and Jeffrey King and Mrs. Vikki Preece

**In Loving Memory of Dan Cameron** who passed away on May 10, 1982. I mourn for you in silence, daddy, no eyes can see me wend. But many a silent tear is shed while others are asleep.  
Your memories are my keepsake, with those I'll never part. God has you in his keeping... But I have you in my heart.  
Loved and sadly missed Wanda and family

**In Loving Memory of Delbert G. Cromer** on May 13, 1981  
Dear love one, you have been gone 9 years today. We love you still and miss you so much, your sweet memories are still with us, you bring back loving memories of joy and happy

**Card of Thanks**  
The family of JD French would like to thank everyone for their prayers, cards, visits during his illness and death. Also the doctors and nurses at Rockcastle and UK hospitals who did all they could. We appreciate the kindness of those who sent flowers, food, support an encouragement.  
Thanks to pallbearers, singers and the minister Roger West. Also Dowdell and Martin Funeral Home.  
Card of Thanks  
The family of Jesse Proffitt wishes to thank each and every one who visited Jesse in the hospital and at his daughter Helen who cared for him in her home, the nurses and Dr. Arvin at Rockcastle Hospital. Also the St. Joseph Hospital in Lexington, the doctors and nurses and the ones that visited there. We thank the Watson Funeral Home for their kindness, Barbara Faulkner for the beautiful songs, the grandsons and pallbearers. Wife, children and grandchildren

**NOTICE**

The Rockcastle County Fiscal Court will be taking applications for commodity cards, beginning May 15, 1990, and running through May 17, 1990. Applications will be taken from 9:00 a.m. to 2:00 p.m. on each of these dates.

Applications will be taken for the Broadhead Site at the Broadhead Fire Station. Applications for the Livingston Site will be taken at the Livingston Senior Citizens Center. Applications for the Mt. Vernon site will be taken at the Rockcastle County Courthouse.

It will make things faster if you bring proof for all of your sources of income, and you must bring social security numbers for everyone living in the household. If you receive SSI, Social Security of AFDC, you should bring your updated letter designating benefits, or your food stamp eligibility card. Social Security recipients can bring a copy of their check or check stub. If employed, you should bring a check stub or something indicating the amount of gross income you earned. Farmers should bring check stubs or income tax return information to indicate farm earnings. All sources of income must be declared, including interest income. Cards are issued based upon gross income, not adjusted income.

Only one card will be issued per household. If two families reside in one house, then eis only one card issued for the entire household. All household members income must be included, as well as social security numbers for all members residing in the household.

No one will be authorized to pick up food for more than 2 households. If you pick up for your own household, you will be limited to only picking up for one additional household. Applicants must secure the social security number for their authorized representative.

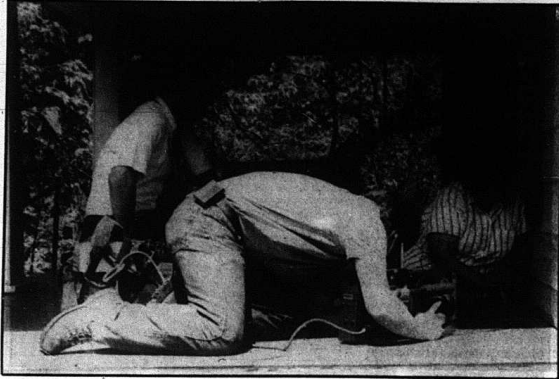

Persons not possessing a commodity card on the date of the next distribution, will not be permitted to pick up commodities, as we will only be able to access enough funds to serve those families that have preregistered. The next distribution date will be advertised and held during the month of July.

**"WATER BAN"**  
(Cont. From Front)

drought reared its ugly head. That year, excessive water usage drew down Lake Linville, the city's source, to a dangerous level. At that time then Mayor Elizabeth Baker issued a "water watch" asking residents to conserve water. As it turned out, rationing was not needed.

At the time of the drought, the water plant was pumping at full capacity. In July 1988, the plant pumped 1,200,000 gallons a day on the average, some days more, especially on weekends. In May 1988, the plant

treated 31,049,600 gallons.

At the present time, which is not a peak time, the plant is averaging about 900,000 gallons a day with a capacity to treat 1,780,000 gallons a day, a figure that the Health Department considers maximum for the size of the plant.

Currently, the most water is being used by the Western District. Last month Western's total was just over 8

**"Annexation on Ballo"**  
(Cont. From Front)

a vote. Cain then made a motion to put the measure on the ballot but allowing Renfro Valley to be annexed.

Attorney Clontz told the council he would check to determine how to proceed with annexing Renfro Valley area. That section was one of two in the original annexation ordinance.

Following the vote there was loud applause from those who attended. About 40 persons, not all opposing annexation, were at the meeting.

Actually the council could have proceeded with the second and final reading of the annexation ordinance based on the city's figures, but the council apparently did not want to go into a long court fight. That could take years," as Attorney Lambert said.

Regardless, it has been an expensive endeavor by the council, that included a detailed survey, maps, charts, time spent, and now, the cost of setting up an election in November.

million gallons, compared to 3.5 million used by the Northern district; about 1.9 million gallons by Brodhead and about 16.5 million gallons by Mt. Vernon. In April, the Mt. Vernon plant pumped 29.9 million gallons. Livingston has its own system and will soon begin construction of a new system throughout the area.

To date, in the Mt. Vernon service area, there are 1,677 customers. The Western district has 1,400; Northern district, 540, and Brodhead, 448, for a total of 4,065 customers using water from the Mt. Vernon plant.

Currently, a group called the Rockcastle Water Association has been formed and is making a concerted effort along with County Judge/Executive Roland Mullins to get water into all sections of the county.

The group has been meeting, according to Judge Mullins, and will continue to make an effort to get water to about 200 customers in five areas of the county, including Clear

Creek, Slaty Branch, Bowling Ridge, Pongo and Brush Creek areas.

Judge Mullins said he felt sure residents in those areas were disappointed with the "slow down," but he felt sure eventually there would be water in those areas.

Some of it would come from Livingston, some from Jackson County and some of the other county districts.

Persons on the Rockcastle Water Association include: Ruth Bullock, Hilda Hampton, Walter Ballinger, Money Ed Cummins, Joe Martin, Louie Northern, Harold Ballinger, Joe Clark, Henry Lee Abney, Murphy Martin Jr., Willard Whitaker, Gilbert Shepherd, Edgar Morris, Geraldine Mize, John F. Harding, Olen McGuire and Ray Kirkby of Livingston.

**"City Council"**  
(Cont. From Front)

essay. The meters will be covered during the period. The vote was 4-2 with Ott Bond and Bill Cash voting "no."

The council agreed to pay \$500 to Town & Country Service Station for part of a \$1,100 tow and storage bill on a 1982 Buick Regal that was awarded to the city by the court.

Marvin Mink and Jack Dailey agreed to excuse the remaining \$600 as a goodwill gesture to the city and drew the thanks of the mayor and the council. The city can now sell the car.

The owner is unknown. The car had no license plates and was towed to the station from I-75 and had been at the station for several months.

The council reaffirmed an earlier vote to furnish the equipment and manpower to pave Elmwood Cemetery Streets if the cemetery board would purchase the blacktop.

The council approved a resolution allowing Mayor Cromer to sign necessary forms relating to Community Development Block Grants the city may apply for in the future.

And in final action, the council voted to erect a street light on Greenway Drive. William Cash and Robert Bailey abstained since they live in the area.

Dr. Sisfy has been very involved with curriculum improvement/development in the Rockcastle County School System.

## New Diet Product Passes Pharmacist's Test

WASHINGTON -- Before offering a revolutionary new diet product to his customers, a Wilmington, North Carolina pharmacist put the product to his own test. In a documented statement, the pharmacist said "after using the product FOOD SOURCE ONE I did not have the desire to nibble. I took FOOD SOURCE ONE in the morning and at lunch and did not get hungry. In the evening I ate my usual meal and as a result I lost 14 pounds in 15 days."

In a separate report, after fighting a weight battle for twelve years, a Daytona Beach, Florida woman, on the recommendation of her physician used the product and lost 30 pounds. She stated, "not only have I lost thirty pounds, but my cholesterol has dropped from 232 to 143. I have two closets full of clothes that have not fit me in two years which I can now wear. This product is very easy to take and I feel good. I now have one

daughter and two sons-in-laws who also decided to go with the plan. Thank you for a product that in my opinion is a real aid to dieters."

Developed by National Dietary Research, FOOD SOURCE ONE packs the balanced nutrition of a meal into a compact tablet. FS-1 makes you feel full like you just got up from the dinner table, but without the calories. FS-1 works by mimicking the food assimilation process, due in part to the special mechanism by which FS-1 works to decrease body weight called nutri-bonding.

FOOD SOURCE ONE is unlike any other product on the market and is available only through physicians and pharmacists. FS-1 is not a drug and contains only natural ingredients known to be safe. Physicians and pharmacists are praising FOOD SOURCE ONE as a natural, drug free alternative for the treatment of obesity.

Alternates -- Republicans: Ray Kirby, Ann Mullins, Rowena Singleton, Alta Bullock.

Democrat: Edna Miller, Burnetta Norton, Russell Parsons, Margaret Owens.

## Abney visits UK for Merit weekend

Charles M. Abney of Mt. Vernon, son of Charles and Polly Abney, was one of the 300 outstanding high school seniors who participated in the University of Kentucky's recent Merit Weekend.

Abney plans to major in electrical engineering at UK. During Merit Weekend, he was able to register for the 1990 fall semester at UK, meet many of the University's faculty, staff and current students, view the campus and learn more about the opportunities college life offers at UK.

"Every college and department was represented this year, and students and their parents really appreciated the fact that UK would care enough to have that much representation," said Donald Witt, director of advising conferences at UK.

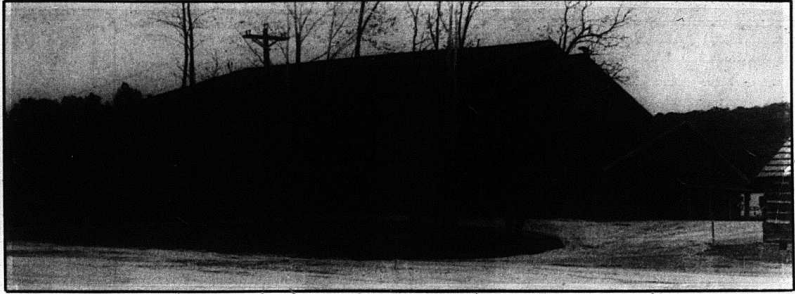

To attend Merit Weekend, students must have been accepted for admission to UK and scored a 27 or above on the American College Test (ACT) or at least 1,100 on the Scholastic Aptitude Test (SAT).

On Friday evening, students and parents attended a reception followed by lectures on "Tradition and Transformation in early Christian Art" by UK associate professor Christine Havice, and "From Jericho to Jazz: The History of the Trumpet," by UK professor Vincent DiMartino.

## Financial situation good at Piney Grove Cemetery

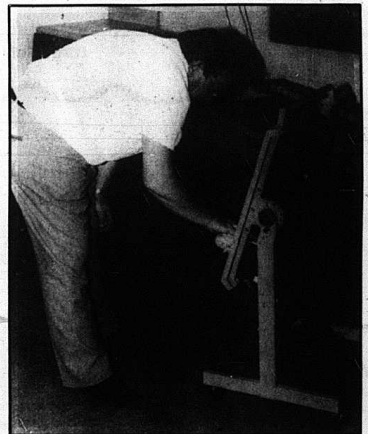

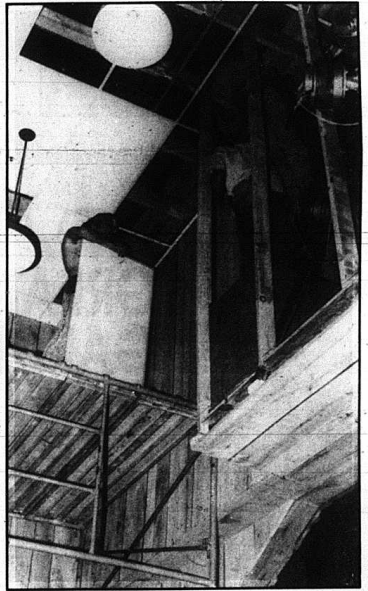

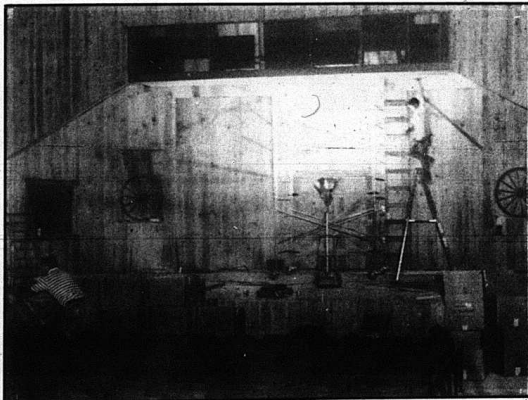

Financial situation is good. Last year one of the three lots back of the cemetery was bought and paid for and now another lot is up for sale. The price is too high at the present time. The perpetual fund is growing. It would be a good time to donate to this fund. Do it while you are living. End of June the fund should reach fifty thousand dollars. Anyway, to keep this fund growing we will need two thousand dollars this year to mow the grass. Someone will be on duty, at all times during the decoration period to take your money.

Brodhead Cemetery Board

## New barn opens in the valley

The new 1,500 seat auditorium at Renfro Valley opened last Friday night for its first show. Over 1,200 people attended the Barn Dance and Jamboree, including at right, Joe, Clark, Sonya and Cliff Mullins. Joe's father Harry was an entertainer on the Barn Dance for many years. To get ready for the opening workers moved at a fever pace last week to complete the seating, stage work and ceiling panels, while in the bottom right hand corner, Pete Stamper cleaned the new sound equipment that was moved in.

The 1989 Mt. Vernon Plastics Attendance Awards Banquet was held at Kastle Inn Restaurant on March 13. Those receiving awards are pictured above front row from left to right, Eliza Argenbright 1 year, Lillian Bullock 2 years, Nevada Doan 1 year, Tessie Childress retirement, Louise Mullins 2 years, Norma McGuire 3 years, Virginia Durham 1 year, Barbara Allen 1 year, Barbara Burdette 2 years, Jackie Ivy, Plant Manager. Back row: Mary Woodall 1 year, Lee Bullock 1 year, Billy Alcorn 1 year, Jeff Ham 2 years, Gary Bullock 2 years, Lonnie McGuire 2 years, Linville Grubb 1 year. Employees not shown: Steve Childress 3 years, Delbert Reynolds 1 year, Harold Bullock 3 years, Billy Lake 1 year and Eddie Cromer 1 year.

## Mt. Vernon Plastics honors perfect attendance people & retirees

Mrs. Louise Mullins of Climax is shown accepting an award for her retirement from Jackie Ivy, Plant Manager of MVP. Louise was one of the first employees hired when MVP opened in 1980. "Congratulations"

Mrs. Tessie Childress of Mt. Vernon is shown with Jackie Ivy, accepting a retirement award. Tessie has been with MVP since 1981. "Congratulations"

## Earlier age at puberty can improve beef cattle herd efficiency

By: Tom Mills  
County Extension Agent  
for Agriculture

Time is money in the beef cattle business. Time is one of the big costs associated with beef cattle herds. One way producers can turn time into money is to have heifers achieve puberty at an earlier age.

The age heifers achieve puberty influences the calving period and calving pattern for the beef herd. So time of puberty affects the size and number of calves available for sale. It is a major determinant of the lifetime efficiency of a beef cow.

Nutrition can affect the onset of puberty. Poor nutrition can delay the onset of puberty. Heifers on a low plane of nutrition have a low secretion of the hormone that plays an important role in initiating onset of puberty. Animals on a low plane of nutrition do not exhibit heat or ovulation at the time well-fed heifers reach puberty.

Nutrition influences the time a heifer reaches puberty by affecting growth rate. Generally, heifers that grow fast reach puberty at an earlier age than slow-growing heifers. But we don't know what aspect of growth is important in timing onset of puberty.

Nutrition is important so the heifer will achieve an adequate growth rate to attain puberty by one year of age.

Another reason nutrition is important is so the animal will have body size that is adequate to prevent calving difficulties.

Research is underway to identify the mechanisms linking growth and

nutritional status to onset of puberty. Ultimately, this research may lead to development of specific methods to optimize growth and reproductive performance of beef heifers.

**Rockcastle Circuit Court**  
**Civil Action File NO. 90-CI-008-J**

Kentucky Housing Corporation PLAINTIFF

VS; NOTICE OF SALE

Robbin Lee Bishop and Sharon Rae Bishop, his wife DEFENDANTS

\*\*\*\*\*

Pursuant to judgment and order of sale entered in this action on April 13, 1990, and for the purpose of enforcement of a mortgage lien in the amount of \$22,014.73 with interest from May 1, 1989, at the rate of 9.625% per annum until paid, I will offer at public auction the hereinafter described real property in Mt. Vernon, Rockcastle County, Kentucky,

AT THE COURTHOUSE DOOR  
ON FRIDAY, the 18th day of MAY, 1990  
BEGINNING AT THE HOUR OF 11:00 A.M. EDT

said property being more particularly bounded and described as follows:

Beginning at a steel pin on the North side of Albright Street, Brodhead, 175 feet East of Tyree Street, also at the East side of the 10' alley thence with Alley North 35°50' East 262.0 feet to a steel pin; thence South 54°50' East 120 feet with the steel pin at post on the North side of 10' Alley running to Maple Street; thence along end of Alley South 10°30' East 11.5 feet to a steel pin; thence with Chandler as follows: South 88°10' West 69.5 feet to the steel pin and South 19°35' West 174.0 feet to a steel pin at the end of edge of Muser's drive on the North side of Albright Street; thence with Albright Street as follows: North 85°45' West 70 feet to steel pin and North 61°15' West 63.4 feet to the beginning, containing .575 acres more or less. As surveyed by S.B. Riddle, Registered Land Surveyor, November 23, 1983.

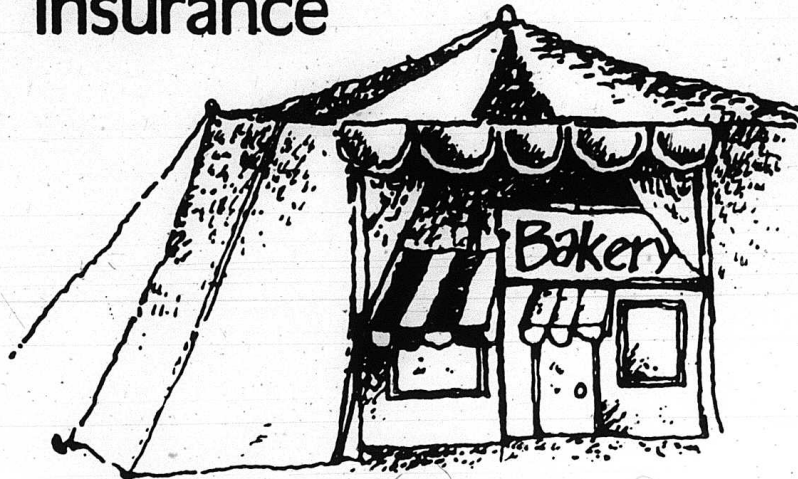

Being all of the same land acquired by Robbin Lee Bishop and his wife, Sharon Rae Bishop, by deed from Built-Wel Development Corporation dated December 6, 1983, recorded in the office of the clerk of the Rockcastle County Court, Mt. Vernon, Kentucky.

**THE PROPERTY WILL BE SOLD UPON THE FOLLOWING TERMS AND CONDITIONS:**

- The property shall be sold to the highest bidder(s) for cash or for a deposit of TEN (10%) per cent of the purchase price in cash at the time of sale and balance payable in SIXTY (60) DAYS. The purchaser shall be required to execute bond with surety thereon to be approved by the Master Commissioner, for the balance of the purchase price. The bond shall bear interest at the rate of twelve (12%) per cent per annum from date until paid, and to remain and be a lien on said property until fully paid.
- The purchaser(s) shall have the privilege of paying all of the purchase price in cash or paying the bond before maturity by paying the principal amount thereof, together with all interest accrued thereon to the date of said payment.
- Purchaser(s) shall be responsible for the 1990 property taxes.
- Purchaser(s) shall have possession of the premises upon confirmation of the Report of Sale by the Rockcastle Circuit Court and payment of the purchase price as described herein.
- The risk of the loss on improvements on the real property passes to the purchaser at the time of delivery of the Master Commissioner's deed to the purchaser(s).
- This sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise.

**ROBERT E. ROBINSON, Master Commissioner**

# For Business Insurance

## YOUR COVERAGE NEEDS ARE SPECIAL

No other business is quite like yours. No other business has quite the same insurance coverage needs as yours.

Unless your special needs are carefully considered, you could be overinsured in certain areas. Or you may not be adequately covered for risks you might not be aware of.

With State Auto's Preferred Business Policy we can tailor your insurance program to your individual needs...with all the coverage you need but only the coverage you need.

You'll find we are friends you can depend on.

# Local deaths & funerals

## Miller

Harvey Raymond Miller, 75, died April 29, 1990, at the Patty A. Clay Hospital, in Richmond, after a long illness.

He was born May 17, 1914 in Rockcastle County, the son of Harvey Miller Sr. and Paline (Chastain) Miller. He lived most of his life in Rockcastle County, but had lived in the Berea area for the past 20 years. He was of the Baptist faith.

He is survived by his wife, Mattie (Wills) Miller, five sons, Owen, Jerry, and Donald Miller, all of Berea, Arthur Miller of Paint Lick, and Oscar Miller of Franklin, Ohio; a step-son, Everett Wills of Mt. Vernon; three daughters, Ann Hensley of Paint Lick, Mary Neeley of Mt. Vernon and Betty Miller of Berea; step-daughter, Anita Wallace of Tampa, Fla., and George Miller of Somerset, 14 grandchildren and three great-grandchildren.

Services were May 1, at Williams Funeral Home in Berea, with William J. Hamilton officiating. Burial followed in the Scafold Cane Cemetery.

## Walsh

Mrs. Nellie Marie Walsh, 62, of Cincinnati, Ohio died May 3, 1990 at

the Good Samaritan Hospital in Cincinnati.

She was born in Covington Jan. 25, 1928, the daughter of Robert and Delia Cunagin Sams.

She is survived by her mother, Delia Sams of Daytona Beach, Fla.; a son, Donald Scroggion of Las Vegas, Nevada; two daughters, Dorothy Ann Daas and Carolyn Krienbaum, both of Cincinnati; two brothers, Bruce Sams of Cincinnati and Wiley Cunagin of Pittsfield, Mass.; three sisters, Dorothy Ball of Cincinnati, Corinne Johnson and Clara Mays, both of Daytona Beach, Fla. Also surviving are four grandchildren and three great-grandchildren.

Graveside services were May 6 at the Bales Cemetery by Bro. Burgess Daugherty. Arrangements were by Dowell and Martin Funeral Home.

## Morris

Delancy B. Morris, 86, of Lamerco died May 3, 1990 at his residence.

He was born in Rockcastle County April 2, 1904, the son of Mark B. and Artemish Gentry Morris. He was retired from the L. & N. Railroad and a member of the Morning View Holiness Church. He is survived by a son, Harold

Morris of Winchester and three daughters, Rowena Bond of Livingston, Ky, Katha Carpenter of Lamerco and Terling Daugherty of Mt. Vernon. Also surviving are 12 grandchildren and 14 great-grandchildren.

Services were May 5 at the Morning View Holiness Church by Bros. Rolla Cornelius and Burgess Daugherty. Burial was in the Morning View Cemetery. Arrangements were by Dowell and Martin Funeral Home.

Palbearers were Dale McClure, Mike Hopkins, Roy Whitehead, Wilmer Robinson, Wayne Robinson and Bill Burkhardt. Honorary bearers were Steve Morris, Neal Singleton and Mark Carpenter.

## Owens

Lawrence H. Owens, 71, of Versailles, treasurer of the Republican Party of Kentucky for the past eight years, died May 3, 1990 at Lucille Parker Markey Cancer Center in Lexington.

A native of Livingston, he was a retired Army officer who served in World War II, the Korean War, and Vietnam.

He is survived by his wife, Leona Hear Owens of Versailles; a daughter, Mary Anne Sears, Lexington; three sons, Lawrence H. Owens, Jr. of Rockville, Md.; Jim Owens and George Owens, both of Dark, Md.; five sisters, Mae Ivik and Inez Myers; Dayton, Ohio; Bea Jones, Ft. Lauderdale, Fl.; Jean Fossi, Redding, Pa.; and Lucille Owens, Las Vegas, Nevada; two brothers, Paul Owens, Dayton, Ohio, and Ralph Owens, Lexington; and five grandchildren. Funeral services were May 5 with burial in Sunset Memorial Gardens in Woodford County. Memorials are suggested to the Lucille Parker Markey Cancer Center, Lexington.

## French

James Donald French, 62, of Orlando, died May 3, 1990 at the U.K. Chandler Medical Center in Lexington.

He was born in Rockcastle County Jan. 27, 1928, the son of Jim and Mary Sheperd French. He was a self-employed logger and saw mill operator.

He is survived by his wife, Evelyn French of Orlando; two sons, Donald Keith French and Anthony Bruce French; two daughters, Mary Jane Clark and Esther Pauline Clark, all of Orlando; four brothers, Bill French of Mt. Vernon, Charley French of Pine Hill, Junior French of Mt. Vernon and Everett French of East Bernstadt; five sisters, Dorothy Robinson of East Bernstadt, Audrey Purcell of Mt. Vernon, Jean Leger of Calloway, Jerline Dooley of Mt. Vernon and Russ Gentry of Orlando. Also surviving are three grandchildren. Services were May 6 at Dowell and Martin Funeral Home by Bro. Roger West. Burial was in the Briar

Field Cemetery.

Palbearers were: Everett French, Denver French, Johnny Dooley, Terry Robinson, Paul R. Robinson and Frankie Dooley.

## Hamm

Mrs. Mollie E. Hamm, 67, of Mason, Ohio, and formerly of Rockcastle County, died May 5, 1990 in Montgomery, Ohio.

She was born in Lincoln County Sept. 25, 1910, the daughter of John Harve and Nannie Southern Brown.

She is survived by four sons, Paul Hamm of Broadhead, Ray Hamm of Mason, Ohio, John Hamm of Waynesville, Ohio and David Hamm of Loveland, Ohio; two daughters, Joyce Sutton of Amelia, Ohio and Wilma Craig of Maud, Ohio; a sister, Fannie Braley Bowling of Cincinnati. Also surviving are 13 grandchildren, nine great-grandchildren. She was preceded in death by her husband William Oscar Hamm.

Services were May 9 at the Fairview Church of Christ by Bro. James Cooper. Burial was in the Fairview Cemetery.

Arrangements were by Dowell and Martin Funeral Home.

## "What Saith the Scriptures"

In our last article, we began a study of Mt. 16:13-19. We showed that Jesus promised to build his church upon a massive rock, i.e., that Jesus is the Divine Son of the Living God.

In Mt. 16:18, Jesus said "and upon this rock I will build my church." Jesus had not yet built his church but was going to. Some try to get the building of the Lord's church in the days of John the Baptist, but such is not so. In vs. 19, Peter was told he would be given the keys of the kingdom of heaven, which refers to the church that Jesus was to build. Prematurely he had distorted the importance and character of the church that Jesus built. Various passages point toward the establishing of Christ's church or kingdom. Mk. 9:1 said "That there be some of them that stand here, which shall not taste of death, till they have seen the Kingdom of God come with power." Jesus after his death promised this power to come in Lk. 24:49 and in Acts 1:8. Then in Acts, Ch. 2, we read of the power coming upon the Apostles. In vs. 47 of Acts 2, we read "and the Lord added to the church daily such as should be saved."

This building of the Lord's church began in Acts 2. The rest of the New Testament speaks of the church or kingdom in the present tense, cf. Col. 1:13; Eph. 5:23; Heb. 12:23, etc.

Our text in Mt. 16:18 also states that "the gates of hell (hades asugns) shall not prevail against it." Jesus, though he was crucified and his soul went to hades, Ac. 2:27, such would not stop him from building his church! You see if Jesus was not raised from the dead, Paul showed the several consequences of such a doctrine in 1 Cor. 15:12-19. Christians who are members of the body or church of Christ are without hope, yet in our sins, having a faith that is vain and useless. No, even death could not stop Jesus from building his church, in fact, it was through death and his shed blood that he purchased the church, Paul told the elders "to feed the church of God, which he hath purchased with his own blood." Yes, the devil was trying to destroy God and plans, but in actuality the devil was helping in the plan of God. To be continued....

"A good teacher can give a child at least a chance to feel, 'She thinks I'm worth something. Maybe I am.' Good teachers put snags in the river of children passing by, and over the years, they redirect hundreds of lives."

Among School Children

## Education Reform:

# A New Focus for Kentucky Schools

## A Message from the Superintendent

Superintendent Bige Towery, Jr

All of us by now are aware of the sweeping changes which are about to occur in Kentucky schools. The massive Education Reform Act of 1990 will impact for many years the way schools are operated in the Commonwealth and the process of restructuring our schools has already begun. It is important that everyone understand as fully as possible the various components of the comprehensive reform package.

In this publication, you will find a summary of the most influential sections of the new law. A copy of the entire Education Reform Act is on file in my office and the public is welcome to review the document at any time. Members of my staff are prepared to answer your questions regarding the Reform Act. You may call 256-2125 or 256-4144.

I do not agree with all the requirements of the law and I am sure that many of you have your own differing opinions with some of the content. I also feel that some changes/amendments will be made in future sessions of the Kentucky General Assembly.

However, the important thing at this time is that we recognize the reform effort is now law and all of us must put forth our best effort to make the measures work for the benefit of our children.

It is important that we realize the "new law" will not address all our problems and that as a community we must continue to promote quality education and work together in a cooperative spirit. I am not sure that quality education can ever be mandated or legislated, but will continue to be correlated to the degree of commitment and high expectations of each local district's professional staff and citizens.

In the years I have been your superintendent, I have been encouraged with the desire for a good educational program from both the professional staff and the citizens of Rockcastle County. I am convinced that now with the added benefit of additional fiscal resources we can address most of our concerns/problems.

This week, we are honoring the teachers in our system and taking the time to recognize how important they are. Good teachers are the key to good schools and we have so many effective teachers in Rockcastle County. But good teachers need your support and encouragement. Research tells us that teachers have been demoralized by constant criticism and lack of public support in recent years. I believe that is about to change in Kentucky because of the respect teachers are given in the new Education Reform Act.

I applaud the teachers of our system for the extra effort they have given this year. We dedicated this school year as one to promote quality instruction and, as superintendent, I have been proud of the response by our teachers. We have taken significant steps this year toward attaining our goal of developing an effective instructional program.

The late Ed Prichard, who was so instrumental in advancing Kentucky's education improvement effort said, "The heart of education is still the relationship between the teacher and the student in the classroom . . . This question of the improvement of the quality of teaching, of the esteem and the respect for the teaching profession, the inspirational relationship between teacher and student, is at the heart of the educational process and all others must cluster around that idea."

Teachers do "change lives" and I commend the teachers of Rockcastle County and say thank you for your dedication, your willingness to help us build a quality instructional program, and most of all for your caring attitude.

In conclusion I wish to stress that even with educational reform and the best of teachers, our schools face discouraging social problems which make it difficult to achieve significant academic success for many of our pupils. I don't want to appear pessimistic because we must believe we can raise standards and set higher expectations, but realistically schools will always reflect the values of family, community and society. In today's society problems of lack of discipline, drug abuse, teenage pregnancy, child neglect/abuse, domestic turmoil, etc. negatively impact the teaching-learning process. Society must become aware of

how its values influence education. The family and the community establish parameters of control over social problems and schools will need help in promoting a greater value for education.

Many children suffer from the injustices of certain domestic settings and the social ills of society. For some children school provides the only security they experience. That's why it is so important that the school is a safe, caring, drug free and inviting place to be. Schools do far more than dispense knowledge; schools look after the health, emotional, nutritional and social needs of children, and such roles are ever increasing.

Any successful school reform measure must be premised upon the understanding that it will take a cooperative effort of the school, the parents, the students, and the community to reach our goals.

The future will be exciting and challenging for educators as we implement the new reform measures. I believe we will see improvements in our schools which will enhance the educational opportunities available to our children. The degree of success probably rests with our attitude and commitment for implementing change.

As we close a most successful school year, I want to thank everyone who contributed to that success. I wish all of you a safe and pleasant summer vacation.

Rockcastle County received the most improved attendance award from the state. Pictured above from left, Buford Parkerson, Director of Pupil Personnel; George Poynter, Chairman, Rockcastle County Board of Education; Robin Shivel, RCHS student; Bige W. Towery Jr., Superintendent; and Dr. John Brock, State School Superintendent.
