

The Rockets' defensive players are the unsung heroes of this year's team and are shown here homing in on a Whitley County runner. The Rockets were credited with 73 tackles during their, 20-16, win over Whitley. Pictured for the Rockets from left to right are William Bullens, Darrell Sizemore, William Hellard and Dallas Graves.

Sophomore Jason Kirby talks it over with junior varsity head coach Jerry Penso during last week's game against Pulaski County. Kirby has been the starting quarterback for the JV Rockets this year and under his tutelage, has guided the team to a perfect, 9-0, season. The Rockets defeated Berea, 45-0, Tuesday night to seal the perfect mark.

## FmHA loans for Rockcastle and Jackson total \$890,850

Loans and grants approved by the Farmers Home Administration office serving Jackson and Rockcastle County totaled \$890,850 during fiscal year 1990, according to Robert W. Hornsby, FmHA County Supervisor.

Rural Housing loans led the investments, totaling \$890,850. Some of these were made for repairs and additions to existing dwellings, but approximately 80 percent of the funds were used to finance new dwellings. In addition, houses were sold from government inventory, and houses already in the program were transferred to eligible applicants.

The servicing delinquency rate for housing loans is 8.9 percent and for farmer program loans, it is 8.8 percent.

FmHA is the rural credit service of the U.S. Department of Agriculture and provides financial assistance and counseling to rural residents and communities. The agency provides a full range of farm, housing and community facility loans and is an Equal Opportunity Lender.

The county office is located at McKee. Permanent employees in the local office are: Robert W. Hornsby, Barry R. Turner, Jeanette Chrisman and Lois A. Day.

On September 28 and 29, the Roundstone Cub Scouts of Den 1, attended the Cub Family Campout held at the Blue Grass Ordnance Army Depot in Richmond. The boys enjoyed sleeping out in tents, the campfire, singing and games. Each boy received a patch for attending. Those attending were, from left: James Thacker, Bryant Reams, Joshua Lyons and Thomas Coffey. Adults who attended were Vickie and Jim Thacker, Kathy Coffey and Jeff and Melanie Lyons.

## Kentuckians will benefit from Indigent Care Program

Kentuckians in need of medical care and with very little money to get it will soon be able to receive care through a new state supported Hospital Indigent Care Assurance Program. Persons in need will receive care regardless of their ability to pay.

Rockcastle Hospital will receive about \$51,000 as its share of the program money. The hospital paid in \$17,000 to receive the \$34,000 according to Lee Keene, hospital administrator.

The program is funded by assessing "ALL SHAPES AND SIZES" (Cont. From Second Front)

To a little one: Are you having a good time? Answer: "I'm tired."

Looking through the door, one little fellow pulled on his mother's hand and said: "Can I go in and watch television?" He didn't.

When presented with two pieces of candy, one older girl said, "Don't you have any chocolate?"

Another boy, to his mother: "Haven't we already been here."

Mother and little daughter had an empty bucket at 7:30: "Were they getting a late start?" "No, we went home and emptied it."

To a tiny girl: Are you a rabbit? Answer: "I don't know."

As necessary, Mamas follow the little ones, sometimes carrying the bag. Once in awhile Daddy comes along. They often encourage the little one to say thank you. It mostly comes out, "Thank you."

There's very little litter left in trick-or-treat. Sure, there are little fingerprints on glass doors, the remains of an apple core or so. Once in awhile a flower bud gets trampled, or there's a left over candy wrapper. But mostly, the little ones just clutch their loot and hurry on as if a headless horseman is about to grab their treats and ride away.

News commentator Dan Rather was commenting just before the start of the trick-or-treat rush that it was time for the ghosts and goblins to take to the streets across America.

He was saying it is amazing how children seem to love Halloween almost as much as Christmas.

That's not so amazing. It's candy time, and it's playtime, and time to pretend. Halloween is one of the good things that go with childhood, and children know it.

ing a one percent charge on the annual operating costs of state hospitals, based on the number of Medicaid patients.

The federal government is matching the state program on a 73 percent federal to 27 percent state for every Medicaid dollar spent.

According to Roy Butler, commissioner of the state Department of Medicaid Services, rural hospitals will benefit most from the program.

"It will probably keep some hospitals from closing their doors," he said.

About \$16.5 million will be paid early in November, and another \$16.5 million in December. There will be two more quarterly payments by July 1991.

Only about 10 hospitals in the state are not participating in the program. They did not report handling a sufficient number of Medicaid patients.

The more indigent patients seen by individual hospitals, the more their return in dollars through the program.

Rural hospitals benefit most, because they tend to have to cover more unpaid medical bills because they serve a large percentage of indigent. Some rural hospitals have a Medicaid rate as high as 40 percent, compared to the average rate of 13 percent.

Hospitals under the program can be identified by required signs posted in their emergency rooms that read: "This hospital serves all patients regardless of race, color, creed, ethnic background or ability to pay."

On October 5, the Roundstone Cub Scout of Den 1 visited the Hummel Planetarium in Richmond. Each boy enjoyed the program. Attending were, from left: Joshua Lyons, Thomas Coffey, James Thacker and Bryant Reams. Adults attending were Vickie Thacker, Kathy Coffey and Melanie and Rebecca Lyons.

## What's the Outlook?

It's been a good year for Kentucky's deer herd and hunters across the commonwealth and they can expect a successful 1990 season. The general gun season for deer is open November 10-19, except in Zone 6 where the season closes after November 14.

John Phillips, deer program coordinator for the Kentucky Department of Fish and Wildlife Resources, says this year's harvest could exceed expectations. "We've had adequate rainfall this year which has produced abundant ground vegetation -- and we've seen abnormally warm weather conditions. We've had a good fawn crop."

Phillips labels the herd in the Western two-thirds of the state "stable." The only exception is Zone 1 (Livingston, Crittenden, Webster and Logan counties) where population numbers are up considerably. "To maintain the balance necessary to assure a healthy herd, we need a good harvest in Zone 1," said Phillips.

Phillips says the largest increases in herd and harvest will be in Eastern Kentucky.

Initial reports indicate that the deer harvest for Kentucky's bowhunters will be up slightly this season. And, although the numbers aren't yet in, it's expected that muzzle-loading enthusiasts enjoyed a similarly successful harvest during their two-day "early" season.

## The Importance of Deer Hunting

Deer hunters play a vital role in Kentucky's deer herd management program.

To assure a proper balance and a healthy future population, it is necessary to remove a calculated number of does and bucks from the herd each year. Both man and deer benefit from good stewardship of wildlife populations.

Deer harvest regulations are the result of careful study and are tailored-made for each particular region (harvest zone). That's why all hunters are required to check their deer at check stations. Knowing how many deer were out there at the start, and biologists can accurately project how many will need to be taken next season in order to maintain acceptable populations.

Left unchecked, Kentucky's deer population would "explode" from its current post-harvest level of about 300,000 to over 2.5 million -- in less than five years. The effect on man, animal, land and food supplies would be devastating.

Those who oppose controlled sport hunting contend that Mother Nature will take care of deer population levels. She will. Starvation, predation, winter loss -- Mother Nature is not always kind and gentle:

Intelligent population control and use of a wildlife resource is essential in today's world. And through conservation and wildlife management, we have the proven capability to mold "the nature of things" into a realistically liveable situation. It may even be safe to say that Mother Nature has come to depend on man's support.

Practical experience and scientific research consistently point to controlled sport hunting as the most favorable and fundamental method of successful deer management. Anything less than responsible care of the deer herd and making sure damage and waste is kept to a minimum, is completely unacceptable to both wildlife managers and the public they serve.

## New This Year

The 1990 General Assembly passed several new laws which affect deer hunters in Kentucky.

Some of these new laws have to do with the wearing of hunter orange, obtaining written permission to hunt, shooting across roadways and spotlighting.

Hunters should also remember that zone locations and harvest regulations can change annually. What was a Zone 1 county in 1989 may be a Zone 2 county in 1990.

The 1990-KENTUCKY DEER HUNTING GUIDE provides general explanations of new statutes affecting deer hunters and discusses the most common violations. These booklets are available where hunting licenses and deer tags are sold.

A deer hunter without his deer guide is "unarmed."

## Odds are . . .

Did you ever wonder what the chances are of being selected once you've applied for a deer quota hunt?

As you might expect, the odds vary from area to area and range from better than "even money" bets to "long shots."

The "long shots" include Yellow-bank Wildlife Management Area (WMA) and Dewey Lake WMA where, because of the high number

of applications, the chances of being drawn are just slightly better than one in 10.

On the other hand, it's a better than "even money" bet that hunters applying for quota hunts in Grayson Lake, West Kentucky or Peabody/White City WMAs will be selected.

## License Requirements

All persons who are required to purchase a hunting license are also required to purchase a deer permit before hunting whitetails in Kentucky.

On the flip side, those who are exempt from purchasing licenses are also exempt from purchasing deer tags.

No one, however, is exempt from tagging and checking harvested deer at an authorized check station. Estimates are that 25 percent of otherwise legally harvested deer are never brought to a deer check station.

Generally speaking, persons who

do not need hunting licenses or deer tags include: Kentucky residents hunting on their own lands, tenant farmers hunting upon farmland where they reside and work, Kentucky residents 65 years of age or older, Kentucky residents on military furlough, Kentucky residents who are certified totally and permanently disabled and Kentucky resident veterans who are permanently and 50 percent disabled as the result of military-related injuries. (For complete legal wording, refer to KRS 150.170.)

All hunters, regardless of their license status, must personally check their deer at a check station, no exceptions. And, that deer must be tagged.

Hunters who are exempt from purchasing deer tags must attach a card or piece of paper giving their name, address, date taken, and location. All deer must be tagged -- even if with a homemade tag -- before the carcass is moved.

## Jaw Return Program

The Kentucky Department of Fish and Wildlife Resources is encourag-

ing deer hunters to participate in its "jaw-return" program.

Those who participate will receive a free hunter orange KDF&WR "Co-Operator" cap.

To qualify for the free cap, hunters must remove the lower left jaw from the harvested deer, clean it, let it air-dry for a couple of days and return it to the Kentucky Department of Fish and Wildlife Resources.

Pre-addressed jaw-return envelopes are available at deer check stations.

Wildlife biologists gain valuable information by studying the returned jaw bones. The data generated is an important part of Kentucky's deer management program.

## In Loving Memories

### In Loving Memory of

Dana Faye Durham  
I never know on that day that God was gonna call you a way. It doesn't seem possible for you to be gone. Our time as friends wasn't very long.

But God did allow me to be with you for a while. Just enough time to encourage me with your never ending smile. I know you made it to the other side on Heaven's beautiful shore. To never have to fear no more I will never forget you. You were a very special friend. You may not be here in body but oh how I wish you were, that's why I wouldn't miss Heaven for the world. Loved and sadly missed by your friend Sherri W.

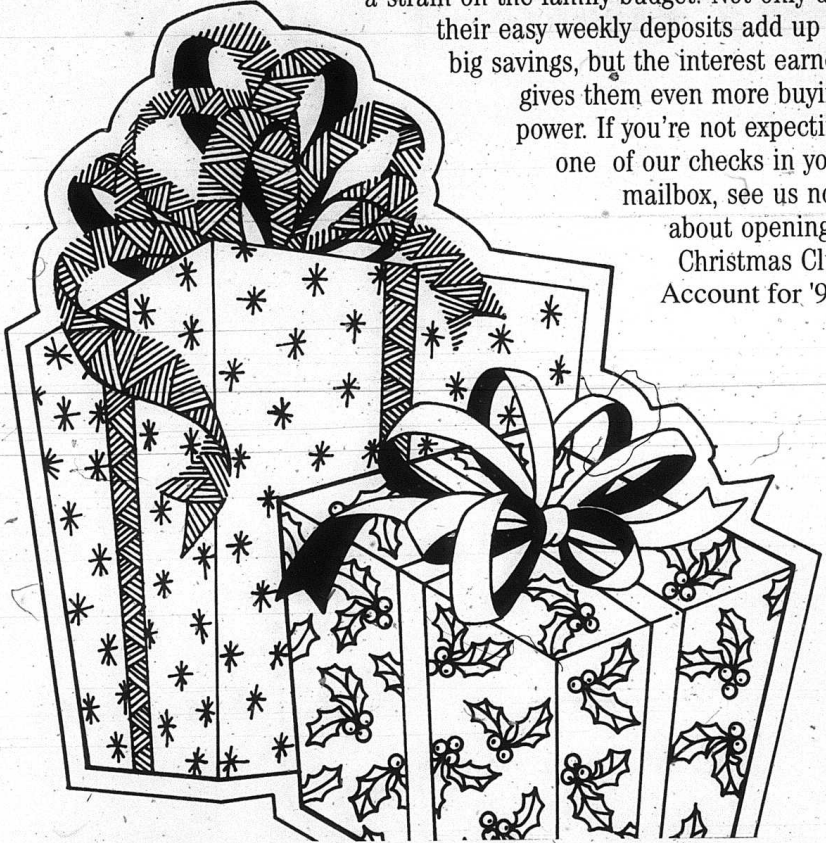

In Loving Memory of Delbert Cromer  
Husband and father who passed away October 21. He is at rest now, no worries no more. We loved and lost and he will always be remembered. No other will ever take his place in my heart. To have been married 33 years, he will always be remembered. Loved and sadly missed by his wife Lola Cromer, children and grandchildren

## Extension Home Economics

By: Cheryl Witt  
Co. Ext Agent  
for Home Economics

By Presidential proclamation, the week of November 18 through 24 has been designated as National Family Week.

A strong family is made up of persons who appreciate each other. They value what they have. Members prize or cherish one another, and they show it. They do not take each other for granted. Family members daily show their appreciation for the little things that are said and done.

When one person prepares a meal, the other expresses his thanks. The child expresses his appreciation when a parent plays a game with him or drives him to a friend's house. Every person in the family works at making the house into a home.

Members of a strong family feel good about themselves. They feel treasured or appreciated and want to be with others in the family. They cherish their home and members of the family.

This does not mean that in healthy families everything goes smoothly. Real families have problems. Unlike some of their television counterparts, real families are not perfect. Living in a family means living with constant change, and change often causes stress. Some families, however, consistently are better than others at coping with the stress that some prob-

lems create.

The Kentucky Cooperative Extension Service has prepared a series of six high quality, research-based newsletters designed to strengthen families. This upbeat series, filled with practical ideas, is being made available to interested persons in celebration of National Family Week.

Call the Rockcastle County Cooperative Extension Service at 256-2403, or write to P. O. Box 900, Mt. Vernon, KY 40456, or stop by the Extension office at the Ag Service Center, Richmond Street, Mt. Vernon, for your free six-part Family Week newsletter series.

### The Kogers of Madison Co. to be on KET feature

One Kentucky family -- the Kogers of Madison County -- successfully maintain a family farm thanks to hard work, outside employment, and a strong faith in God and one another. The Kogers' story will become part of the larger one told by *Common Issues in World Regions*, an eight-part international instructional television series produced in part by KET. The Koger segment is titled "A Family Farms."

### KET explores two of state's natural wonders in November

A special edition of *Kentucky's Natural Heritage*, a KET series examining the unique environment of the commonwealth with a wide range of biological and geological characteristics, airs on KET 10 p.m. Monday, November 5. The 30-minute special is composed of two segments from the popular 1985 series.

## Grain supplies revised down

The U.S. Department of Agriculture last week revised downward its grain supplies for corn, wheat and soybeans -- which should have boosted prices. But it didn't.

"The reasons that prices didn't jump were jitter about an impending recession and high oil prices. Both factors kept prices tethered at pre-report levels," said Steve Riggins, a grain marketing expert with the University of Kentucky College of Agriculture.

Corn production levels were dropped 96 million bushels by lowering yield estimates; soybean production was dropped by 12 million bushels; and wheat by 11 million bushels, he said.

Higher crude oil prices, coupled with anxiety over reports of a recession, will lower the demand for grain stocks, including that used for livestock, he said.

Although the federal government defines a recession technically as a drop in gross national product for six months in a row, some economists believe a recession is on its way. Enough traders apparently believe the recession rumor that the market is swayed by it, Riggins said.

"Based on the market signals, I think farmers need to be consider only short-term storage before sale rather than long-term storage. In addition, they may want to replace some of their sales with call options," he said. Uncertainty about oil prices, however, may dampen fall plantings of soybeans in South America, which could mean better prices for the commodity a year from now.

"Tight credit due to high national debt already is focusing South American farmers to cut back on their fall planting intentions. Continued higher crude prices will tend to exacerbate their plight," Riggins said.

## Report to Kentucky

SENATOR WENDELL FORD

U.S. Senator, Washington, D.C. 20510

### KENTUCKY'S STRONG S&L INDUSTRY CAN BE NATIONAL ROLE MODEL

We continue to be fortunate that Kentucky is part of the solution and not part of the problem when it comes to a savings-and-loan scandal now recognized as the worst example of financial corruption in our nation's history.

I have been very impressed with recent reports of the strength of our Kentucky savings and loans. And I have shared these reports with the Senate in the hope of encouraging fair-minded S&L reformers that will not interfere with the outstanding progress we are making in Kentucky.

Unlike their counterparts in some other states, our Kentucky savings-and-loans have never strayed from their mission of offering vital home-ownership opportunities to hardworking families. I want to make sure that Kentuckians never lose these opportunities because of unfair stereotypes arising from scandalous activities in other parts of the nation.

Our S&Ls deserve strong praise and even stronger support for the job they are doing in overcoming these stereotypes.

Kentucky is one of only six states with an increase in S&L loan volume, and it is also in a group of only six states showing an increase in savings-and-loan assets over the past year.

Our Kentucky S&L industry showed a very healthy capital-to-assets ratio of 6.42 percent in this same period. And it ranked eighth among the states in maintaining total S&L income in an extremely difficult period for the entire industry.

As you know, these difficulties stem in part from extreme boom-and-bust economic cycles in parts of the Southwest and elsewhere. But they also stem from blatant speculation and massive fraud on the part of poorly regulated S&L "wheeler-dealers" in these same regions.

The Administration now estimates that the cost of cleaning up failed S&Ls in these regions will come to a staggering \$117 billion for fiscal 1991 alone. Total costs, including payments to federally insured depositors, could reach a truly incredible \$500 billion over a period of years.

Kentuckians were not among those who created this disastrous situation. But Kentucky taxpayers will be helping to pay the price for many years to come; and we must be very careful not to compound this unfairness as we continue to deal with the S&L scandal at the national level.

Much of our response must be directed at those who have cheated honest Kentuckians and other Americans out of their hard-earned money. We need to put the S&L crooks in jail and recover as much of their ill-gotten gains as possible. At this writing, we are moving to enact a tough new omnibus crime bill that should go a long way in this direction.

Our government has made some regulatory reforms and will continue to look at others, including possible changes in the S&L deposit-insurance program. The cost of such changes must be reviewed very carefully for fairness. Our strong Kentucky S&Ls should be used as role models in a drive to shore up a vital national industry. We need the support of all Kentuckians in making sure that they are not made to suffer unfairly for the sins of others.

Mommy as her children knew her  
To some Mommy was the call she  
heard  
Hidey Granny to others as they  
hugged her  
And God came down and touched  
her with His last kiss  
So then death's Angel came in his  
power  
For it was time, at home, where she  
slept  
She'd go to be with Jesus in the morning  
hour.  
  
No more pain for her, no more sorrow  
So thanks for all of you that cared  
For all the food and all the flowers.  
For all your kindness and all your  
prayers.

For the words at church and all the  
singing  
Our mommy, granny or mammy as  
we knew her  
Will be standing waiting on  
Resurrection morn  
And now a day further is forever and  
ever  
But we can only wait for that  
tomorrow.

## Rockcastle Hospital expansion

A contract was signed Wednesday that will be the beginning of a \$3.5 million construction program at Rockcastle Hospital, according to Lee Keene, hospital administrator.

The contract is with C.B. & S. contractors of Somerset.

Keene said work should begin about Nov. 12 and be completed in about 18 months.

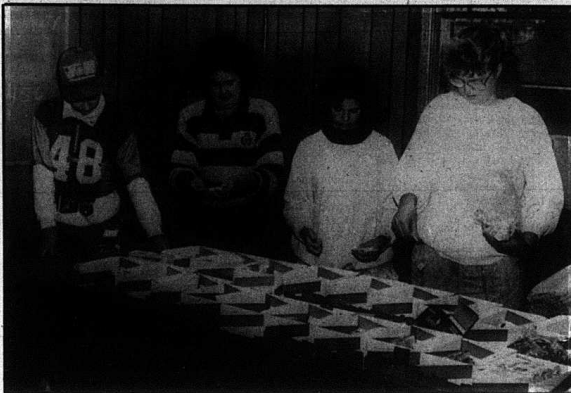

The expansion will be in the hospital's respiratory care center, which now has 32 beds available for treatment of long term ventilator care patients.

The 23,788 square foot, two story addition will include 32 more beds.

A total of 84 new jobs are expected to be created that will reportedly generate about \$1.2 million in additional wages. The hospital's current payroll is over \$2 million.

When the expansion is completed the Rockcastle Respiratory Care Center will be the largest long term ventilator facility in the United States.

Most of the money for the project comes through a long term loan as \$100,000 from an Urban Development Action Grant, and other sources.

Members of the Mt. Vernon Pentecostal Church were busy last Friday afternoon preparing care baskets for Rockcastle County servicemen stationed in Saudi Arabia, as part of the Desert Shield Operation. The group prepared about 30 baskets for the men and women. Pictured above from left, are some of the members of the church, Zachery Cromer, Becky Daughtry, who coordinated the special event, Amber Plowman and Kelley Harner.

## Shooting at Red Hill??

A reported shooting on Red Hill last week turned out to be only in the supposed victim's imagination.

Charles Prater of Bronx, N.Y. reported he had been shot by his buddy, Anthony Difico, also of the Bronx, according to a report by Deputy Philip Chesnut.

When Deputy Chesnut and the ambulance arrived they took Prater to Rockcastle Hospital where he ran away. Police checked the trailer in

## Rockcastle needs foster parents

By: Richard Anderkin

Rockcastle County is in desperate need of foster parents to provide care for all types of children, according to Mike Bryant, supervisor for the local state social services office.

"Right now about 30 children need a foster home and there are only three in the county," Bryant said Tuesday.

## Wesley Lewis Griffith dies of natural causes

Rockcastle County deputy coroner Roy Martin said Monday that he would rule the death of a five-year-old Mt. Vernon boy as natural.

Martin said that the final report from the state medical examiner's office indicated that Wesley Lewis Griffith died from acute respiratory deficiency caused by a severe type of infectious flu.

The deputy coroner said that severe infection caused the child's system to shut down. Martin said the autopsy indicated that the child had had the deadly infection for only about a day.

The five-year-old was found by his father in his Mt. Vernon home on Sunday October 21, lying beside his bed. The child was dead on arrival at Rockcastle Hospital.

According to the deputy coroner's report the child complained of a sore throat and was coughing before he went to bed on Saturday night.

The child was buried last week in Leslie County.

## Report needy families to state

Anyone aware of a family in need this Christmas, or if that person's family in need, contact the Department for Social Services located in the Scott Building on West Main Street in Mt. Vernon.

The Rockcastle County Department for Social Services Office will be distributing applications for Christmas gifts between 8 a.m. and 4:30 p.m. Monday through Fridays until Nov. 9. Applications must be completed and returned no later than Nov. 9.

Selection of families who will receive Christmas gifts will be determined by the amount of donations received by DSS. Families with exceptional need will be given priority. Anyone wishing to donate gifts or money for the needy can contact the Department for Social Services at 256-2138.

## Plans for parade

There's going to be a Christmas parade this year, but with a few changes.

Sponsors of the parade, The Rockcastle County Street Rodders, hope to make the parade countywide. It has been tentatively scheduled for 1 p.m. Dec. 8.

Club president Jackie McKinney said, "We want the parade to be countywide and the county's largest, so we need your help."

He said any club, civic group, business, church or individual is invited to participate.

There will be a \$300 prize for the first place float, \$200 for second place, and \$100 for third.

Persons interested may call McKinney at 256-5755, vice president Don Long at 256-5305, or Laverne Winstead at 256-2626.

## Restoration of Saltpetre Cave area is planned

Minor renovation of facilities at Great Saltpetre Cave and restoration of the surrounding woodlands to a natural condition are planned by the historical preservation foundation that owns the property.

However, there are no plans to reopen the cave to commercial tours. An open house will be held next spring for local residents to visit the cave.

The foundation that owns the property remains anonymous at its request.

The cave is managed by Greater Cincinnati Grotto and the Blue Grass Grotto of Lexington.

Great Saltpetre Cave was first discovered in 1798 when John Baker became lost inside, for a few days, with his family. By 1800 James Kincaid was actively mining saltpetre from the cave. Saltpetre is the major ingredient of gunpowder, badly needed during the pioneer era for defense and hunting. Great Saltpetre Cave played a significant role in the War of 1812 by supplying saltpetre to make the gunpowder used in several battles. Recent research shows that Great Saltpetre Cave may have out-produced Mammoth Cave during the 1812 wartime production boom.

Saltpetre, or niter, is found in the soils of many caves in the eastern United States, and was mined and

## School building decisions

# Construction subject of four public forums

Four public forums have been scheduled (one for each elementary school district) during the month of November by the Long Range Building Plan subcommittee of the Strategic Planning Committee for Rockcastle County Schools.

The forums are to get public input into two alternative plans for new construction. From this public input, the subcommittee will formulate a recommendation to the county Board of Education and the school facilities survey team from the state Department of Education. The state survey is scheduled for early 1991.

The subcommittee held their first meeting Monday night and formulated the two alternative plans, based on factual information given them in regard to fiscal resources potentially available and state regulations governing a school district's facilities construction plans.

The two choices arrived at by the subcommittee, and on which the public will be asked to comment, are as follows:

- Construct a new county consolidated middle school (Grades 6-8). This would alleviate the need for additional classroom space throughout all elementary schools in the county. However, this would also place the status of maintaining Livingston Elementary School in jeopardy. The concept would be that our school system would have elementary school centers (Grades K-5), a middle school center (Grades 6-8) and a high school center (Grades 9-12).
- Construct a new Livingston Elementary School; renovate and add needed space at Brodhead and Roundstone Elementary Schools. This would require restricting approximately 150 to 200 students presently attending Mt. Vernon Elementary School to attend the new Livingston Elementary School. The concept then would be that our school system would continue to maintain four elementary school centers (Grades K - 8) and a high school center (Grades 9 - 12).

As can be seen from the above information, there are some very important decisions to be made in order to make a recommendation to

- Mon., November 5, 1990 7 p.m.  
Mt. Vernon Elementary
- Thurs., Nov. 15, 1990 7 p.m.  
Livingston Elementary
- Mon., November 19, 1990 7 p.m.  
Brodhead Elementary
- Mon., November 26, 1990 7 p.m.  
Roundstone Elementary

the appropriate entities in regard to the Rockcastle School System's future facilities construction plans. Therefore, the general public is urged to attend the following public forums to give comments and concerns to the subcommittee for a Long Range Building Plan in regard to the choices listed.

## Fiddle Convention at Renfro Valley

An Old Time Fiddler's Convention will be held Friday and Saturday, Nov. 2 and 3 in Renfro Valley.

Fiddlers have always been a part of Renfro Valley. The Eighth Annual Fiddlers Convention provides an opportunity to listen to the precise movements of skilled fiddlers as they express their individual styles. This is not a competition but a gathering of old time fiddlers sharing music and fellowship.

Friday, Nov. 2 at 4 p.m., in Renfro Valley's Old Barn, each fiddler will be interviewed briefly and then asked to play three tunes. Fiddlers could play a waltz, a reel, or a breakdown, whatever style they do best.

Saturday, Nov. 3, at 10 a.m., and again at 1 p.m., fiddlers will play in the Old Barn at Renfro Valley. There will also be tune swaps, workshops, displays, and demonstrations.

Fiddlers, fiddlers to be and fans of fiddlers are invited to participate in the Convention. Call 1-800-765-7464 for reservations and information.

**Roger's rep here**

A member of U.S. Rep. Harold Rogers staff will be at the Rockcastle Courthouse at 10 a.m. Nov. 7 to assist any individual who has problems with the federal government.

Persons with questions about the schedule may call 1-800-623-8588.

Bryant said that in September, 16 children were placed outside the county because no appropriate bed was available in Rockcastle County.

The qualifications for being a foster parent are: must be 21 years of age or one parent in the home less than 65 years old, married at least two years, criminal record check, income enough to provide for own family, health examination for all family members, three personal references and two credit references, home must be large enough to accommodate additional children in the way of bed space, etc., and eighteen hours of training for both parents is required.

Bryant said that anyone that wants to be a foster parent because there is money in it, should not even apply.

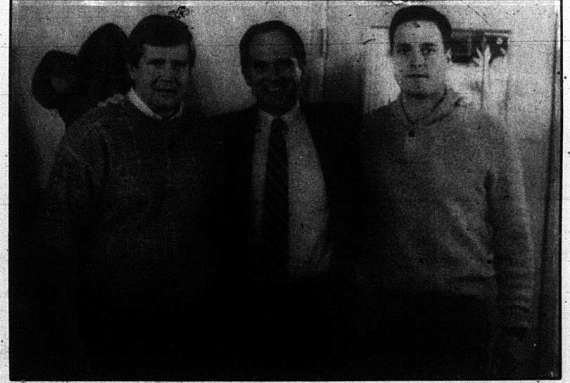

"Sure the state pays for the child's expenses, but if a foster parent does a good job and provides absolutely everything a child needs, more than likely they will spend some of their own money on the child."

Bryant said that several factors are taken into consideration when placing children in homes.

The placing of children is determined by the stamina, capacities and skills of the foster parents and the affect of a foster child's placement upon the equilibrium of the family as a unit.

The supervisor said that he was

Cont. to A-12

Lieutenant Governor Bereton Jones, center, met with about 25 persons at Kastle Inn Monday night. Jones is expected to announce his candidacy for Governor of Kentucky. With him is Larry Doyle, left, who planned the event, and Jeff Stevens, right.

### Grandmas are Special/ Grandchildren are Special

Many things trigger thoughts of important events in my lives. One such thing happened last week when I was having some tests made by one of our young professionals.

[Aren't we lucky to have so many of our youth come back home to set up their practices to help their home folks? When we look about us we see young doctors, lawyers, dentists, ophthalmologists, pharmacists plus many other professionals in other fields who have decided to stay in the area where they were raised and schooled. I think its time we recognize these young leaders of our future and say - "Welcome Home".]

During the chit chat following the test I asked my caregiver about his grandmother whom I had previous cause to know he thought much of. After answering my inquiry with a special smile on his face he added, "Grandmas are special people."

That statement took me back to the time I became a grandma the first time and I hope I also became a special person.

It was on a beautiful snowy Christmas morning in 1967 our neighbors, Ruby and C.B. Adams, drove over two miles of snow packed roads to tell us Judy had delivered a baby boy that morning. It was before there were phones in our area so our neighbors heard it first.

Emotions overwhelmed me, a Christmas baby boy. A new experience of joy in my life. Three months later she brought him home for us to see and get acquainted with.

I was like all other grandmothers and was sure he was the sweetest, prettiest, smartest and most adorable baby that had ever been born. Of course his mama thought the same thing. We called him Deno.

His soft dark hair was almost curly, his dark brown eyes were fringed with heavy lashes, he was pleasantly fat and loved to be squeezed. His ready laughter was contagious as we lay on the bed and tumbled about. He was a mama's boy though and always wanted her in his sight.

As this little fellow grew in size he also grew in my heart. He had his choice of the chambers in my heart and filled it to overflowing. He learned to talk quite young and was saying grandma very distinctly before he was two. His inquisitive mind was ever exploring new territories. Once when he had done something exceptionally cute I squeezed him tight as I said, "how in the world did Judy and Kon ever get such a sweet baby?" His reply came back quickly, "they just planted a good baby seed."

I didn't want to be accused of spoiling a grandchild so when I asked Judy about it she said, "It's a grandmas privilege to spoil, the parents duty to discipline. I guess I spoiled him a little but my nature says discipline is a must if a child is to ever have respectable behavior and that is a well behaved child so I also did a little disciplining. His behavior never was perfect but he sure was a lovable little fellow."

When Deno was two, his little sister Ann, my first granddaughter, was added to my heart. She was another of those beautiful brown eyed, dark haired babies that can be so outstanding in a room full of other children.

Now I had a little girl to occupy the next chamber of my heart. She has held on to it and guarded it as her very own for 20 years. She knows that is her special place in my life. Anastasia, what a pretty name for a dark eyed mix of a girl. At one time I didn't like the name but now that she has worn it for twenty years no other name would suit her, except Ann, the shorter name she call her.

It was Ann and I that played all the little girl games together. She would go into fits of laughter and beg for more when I would sing and act out the little ditty "three little ducks that I once knew." I believed in teaching children how to sing and act and enjoy the little things about them. Singing has been such a part of my life I can't bear to see a child miss out on its beauty.

Judy and Kon moved back to Michigan when Ann was about three. They had been living in Hazard where Ron taught in the Community College. I thought my heart would surely break when they took these two treasures away. Those four little arms that had entwined my neck and tied strings onto the chambers of my heart would be missed more than any words could describe. But parents, not grandpar-

ents, must decide where they want to put down roots. Now our visits together would be limited to about two

a year. None-the-less our relationship was always close and they loved to come back to the farm. That was where grandma and grandpa lived and here was where they would find open arms to hug them and their favorite dishes cooked for them. They loved green beans cooked like I cooked them, with potatoes and bacon topping the big kettle full picked fresh from the garden. Pound cake was a must also. Ann still insists no one can bake a pound cake like her grandma. So, they have always found a pound cake on the cake stand and a pot of green beans cooked especially for them.

I no longer have two laughing babies tucked into my heart instead I have two adult young people occupying it. They are now in college but

they still know and use that sanctuary that is their alone.

About a year before Judy moved back to Michigan with her family Polly and Chuck presented us a second grandson, Chad. Thank God for Chad for more reasons than one.

Of course he wasn't allowed in Deno and Ann's chamber of my heart but he had his own special one that had been set aside for him. Often they would join together in the biggest chamber of all where I held court with them and they mingled together for memories to last me when things got tough after the two of them moved away.

Chad was my almost red headed, blue eyed gem I added to my collection of treasure. It's odd how each jewel, regardless of kind, adds it

The Mount Vernon Signal, Thursday, November 1, 1990 P-A5

sparkle to a collection. One may think diamonds are the only jewel worth collecting but let her add a ruby to the collection and a new dimension of beauty shows. This is the way it happens as we add grandchildren to our lives. Each has a very special sparkle and when they are together they make a collage of exceptional beauty. So Chad's bluntness and drab speech, when he began talking, added such a touch to my growing collection. Deno and Ann spoke with the northern accent but Chad had all the southern qualities in his voice. To see them together and hear their conversations one would never believe they were related. Their common heritage showed in other ways though such as their love for each other and their love of learning.

It was Chad I read most to and played all the childhood games with. He learned to play scrabble with me by the time he was seven and could often beat me. Since he lived close by I was with him more so our lives became more entwined and I have more of his keepsakes stored away, not only in notebooks but in my heart as well.

When Chad was two the newscame from Plattsmouth, Neb. that the last jewel had been added to my collection. Rodney and Helen had just become the parents of a son Birch. So another chamber in my heart was filled by a little curly haired boy that was destined to carry on the family name of Graves. He was also destined.

Interment was at the Morrow Cemetery, Morrow, Ohio.

## Madison Southern senior is suicide victim

Jennifer Elaine Bowman, a popular senior at Madison Southern High School, shot herself to death Sunday

Jennifer Bowman

at her home on Bowman Road in Berea.

Investigators were not clear about a motive for the suicide.

Madison County Deputy Coroner Charles Stiles, who investigated the 16-year-old girl's death, said, "The only thing we can figure is she got a speeding ticket for going 71 mph in a 55 mph zone Saturday night."

Stiles said the girl, who had no previous record of traffic violations, apparently was afraid that she would lose her driving privileges. He said she had left a note to her grandparents, who had adopted her.

Jennifer was described by those who knew her as a good student who was involved in many extracurricular activities. She had been listed in the Who's Who book of American high school students and had been in the Central Kentucky Youth Leadership Program.

She was the first runner-up in the Miss Berea Centennial Pageant last summer and was a 1990 football homecoming queen candidate at her school.

"She was an above-average stu-

dent. Very popular. . . She was involved in a lot of things," Madison Southern Principal Jesse Ward said.

Ward said he could not "buy into" the theory that Jennifer shot herself because of the speeding ticket. He said the reason probably never will be learned.

"All teen-agers have pressures on them, you know that."

Jennifer also was a member of the school's tennis team, the statistician for the football and basketball teams and a member of the Fellowship of Christian Athletes. She also was a member of Students Against Drunk Driving and secretary of the Industrial Arts Club. She was a member of the Pep Club and a former member of Madison Southern's high school team.

She was a member of the Silver Creek Baptist Church.

Surviving are her grandparents and adoptive parents, James and Betty Bowman; a brother, Jim Bowman of Berea; two sisters, Nancy Duncan of Louisville and Mikki Bowman of Berea; and a great-grandfather, Thomas O. Bowman of Berea.

Services were held October 30 at

Silver Creek Baptist Church. Osborne-Wray Funeral Home in Berea is in charge of the arrangements.

## The Bottom Line profiles on KET Nov. 4

"How are the farmers in our area doing these days? Find out when The Bottom Line airs on KET at 11 p.m. Sunday, November 4.

Join Hosts Ralph Merket and Robert Taylor as they examine economic activity at several different farms in the Kentuckiana area.

According to Merket, who also produces the series, this installment of The Bottom Line will include visits to a popcorn farm, a tobacco farm, a "U-pick" farm, and a vegetable farm.

"We visited an independent farmer who controls 550 acres with the help of two other people!" Merket said.

## Willing Workers Homemakers Club

By: Elizabeth F. Mullins

Super hostesses, Roberta Taylor and Glenna Brooks, welcomed no ghosts or goblins, Thursday, Oct. 25, at 7:30 p.m. at Roberta's home.

"Why?" Those that attended chose other costumes instead.

Clara Proctor's daughter, Elizabeth, made a Scare Crow of her, Barbara Watson chose a workman's outfit; Willie Lawrence was the shiniest dress; Virginia Fletcher's was a black and orange outfit with Halloween glasses and purse; Patricia Fletcher and Elizabeth Mullins tried to look like an ornament.

When Patricia Fletcher, the acting president, asked Sylvia Whit and Ruby McKinney to present the night's lesson, you would have thought it was Christmas.

They had a large plastic bag of large handmade Christmas wreaths and a basket full of homemade Christmas tree decorations.

We decided the covered styrofoam ball was the prettiest decoration.

After the decorations were passed around for all the homemakers to see and examine, Ruth Bussell, a new member, showed us some she had made and taught some of the Sowder Nursing Home occupants to make.

Twelve days of Christmas decoration booklet was then given to each member with pictures of decorations of all they had seen!

All this put us in the mood to discuss "Santa Claus Coming to Town" in December, after Nina Cash called the roll and read minutes of the September meeting.

Barbara Watson promised to find the best restaurant prices for the homemakers Christmas Dinner.

Patricia announced that \$389 was collected from the sale of Christmas items.

A motion was made and seconded to buy Emily Glouck's Slopky Yoke outfit to wear in the Sowder Nursing Home.

Club agreed to sponsor keeping Methodist Cemetery moved during next summer again.

Carol Riddle agreed to be 1990-91 Brodhead Willing Workers president.

After all this activity, the ladies were glad to partake of the delicious refreshments, after a blessing was given by Ella Mae Martin.

November meeting hostesses will be Barbara Watson and Deborah Newland on Nov. 15th at 7:30 p.m.

Deadline for county correspondents is noon Tuesday

## Fairview News

By: Mrs. Hubert Chasten

Rev. Harvey Pangel filled his regular appointment at the Fairview Baptist Church over the weekend. Sunday School attendance was one hundred and thirty five, eleven short of the 146 on Oct. 21st. And we had an overflowing crowd for worship service and we thank God so much for each and everyone of them.

Cletus Peters, our music director for many years, underwent triple bypass heart surgery Sept. 14th and isn't able yet to lead our singing, but is (Cont. to A8)

tined to be the last jewel in my collection of precious gems and the one that filled my heart. The joy he has brought to it since then is beyond words.

"As a baby he would cuddle in my arms especially if he was sick and would often cease his whimpering as I held him close and crooned a lullaby to him. As a little boy he would tease with me as if I was also a child.

He always knew when he arrived for a visit he would be greeted with hugs and kisses and he tried to make us believe he didn't like this part. I wonder now if he really meant it. If so, I'm sorry he never told his feelings, but whoever heard of a child not enjoying being made over? Anyway, he was a very special little boy. I've always called him my "littlest" one and even though he is now a six footer I still think of him as my little one. He is my youngest and I think that in itself should make him my littlest. He no longer accepts that title and is willing to accept it for he now realizes the importance of it to me.

He knows I don't mean little in stature or smallness of intellect. He is the one that stands head and shoulders above the rest of the marching band he is a member of and his magic touch on the saxophone keeps him in first place there. His thinking isn't small either.

He is already looking forward to a career in the world of science. Still he will always be my "littlest one".

Each of my grandchildren has such a special place in my life and heart. There is why each is special.

Deno was my very first grandchild.

Anastasia is my only granddaughter.

Chad is the only child of my own youngest child, Polly.

Birch is also the only child of my only son and will therefore keep the Graves name alive. He is also my littlest one.

I've tried to never make any difference in the way I treat them. Yet, every child has his/her own personality and needs so must be treated in such a way as to satisfy them as individuals.

I hope I've read their signs right so someday each of them will also be able to say and mean it, "Grandmas are Special".

### Poopumgas, Big Oil and Read My lips By: Preston Parrett

Me and my faithful horse Poopumgas  
Were plowing in the early morning dew  
Poopumgas was pulling a double-shovel plow  
Straining to cut through the weeds straight and true  
Get a title Poopumgas don't step on the corn  
That's a good boy just stay in the balk  
How a little you kumskleah  
We don't want to harm a stackhead  
Who're the answer to big oils prayer  
You've blown off a lot of gas  
And they can smell it in the air  
Over on the other side of town  
Chairman Greed was in good humor  
For he could smell the gas drifting by  
Said "We'll sock it to the consumer"

now able to attend every service and we are so thankful for his improvements. He is a fine man so dedicated to his Lord and his church. Cletus, we all love you and our prayers are with you.

One of our congregational songs Sunday morning was "How Great Thou Art" and all those beautiful voices blending and harmonizing together was wonderful. It's a joyful feeling when we are able to sing praises to God. For all His goodness we can never praise Him enough. I'd like to pass this little saying on to you, "Most of Modern Man's troubles stem from too much time on his hands and not enough on his knees".

I'm sure all those who live in the Scaffold Cane and Fairview area were saddened to hear of the death of Aden Viars. He lived in Nashville, Tenn. but died in a Springboro, Ohio hospital, Oct. 4th, 1990. Burial was in Ohio. As a young man he lived on Scaffold Cane and was married to a Fairview young lady, Mary Miracle. Many of us around here were good friends and school mates of these two and loved them very much. So to these loved ones left behind we extend our sympathy, love and prayers. May God bless you all.

Baptismal services were held at our church Friday night, Oct. 12th, after worship service was over. This was the last night of our revival. Baptized were two young men, one of whom is a member of the National Guard, and had to report to Fort Campbell on the following Sunday Morning.

Hubert Chastcen visited with Tip Reppert a few days ago.

Guests of Mr. and Mrs. Glen Ponder last Wednesday night and Thursday were his sister and brother-in-law, Mr. and Mrs. Lowell Baker of Versailles.

A cottage prayer meeting was held at the home of Eugene and Hallie Alexander Saturday night Oct. 20th. The Galilee Baptist Church of Madison County held these meetings all week in preparation of their upcoming revival to be held the following week. There was a good turn-out and we all enjoyed it very much. Hubert and I and Teresa Singleton attended, all the others were from Galilee.

Mr. and Mrs. R. J. Ridgell visited his parents Mr. and Mrs. Elmer Ridgell of Corbin, Oct. 21st.

Mr. and Mrs. Todd Johnson and daughter Rachel of Franklin, Ohio visited relatives here from Friday night until Sunday evening. Mrs. Todd (Beth) is Mrs. Edith Mullins' granddaughter. Beth and baby attended church at Fairview Sunday.

Mrs. Hubert Chastcen and daughter Janet Ridgell and Janet's daughter Sherry visited Mrs. Della Bullens in the Pattie A. Clay Hospital, Richmond and Mrs. Mary Cope in the Berea Hospital Sunday afternoon. These two wonderful ladies are good friends of mine and I love them dearly. I was so glad to see Mrs. Bullens two daughters Goldie Issacs and Nancy Lanter and Mrs. Cope's daughter, Alice Schupp, who were visiting their mothers.

Please remember church and Sunday School. We are living in a very wicked world now and we need to live a good life and attend church every time we can. As the world grows darker we need to let our light shine brighter. God bless you.

Congress  
They were all blowing hot air  
Let's form a committee  
See what's going on out there  
They appropriated ten million dollars  
Then appointed a bi-partisan group  
Who appointed a special task force  
To find out all the poop  
By the time all this was done  
Big oil had huge wind falls  
And the vehicle driving public  
Were down to their underalls  
Then the President and his budget committee  
Lowered the final blow  
They added on a five cent gas tax  
To make sure we couldn't go  
Good people lest we forget that needs repeating  
The government and big oil laid it on us nineties  
By raising prices and adding a five cent gas tax  
They bared us to our skinnies

The Reason for Autumn  
By: Christine Harper McKinley  
If I could but stop Father Time in his flight  
I'd choose to stop him right here  
And keep forever mid-autumn,  
The loveliest time of the year!  
God must have made autumn especially  
To strengthen our faith in His might  
By painting the good earth with magic,  
A breathtaking, wonderful sight!  
Earth artists, with talent and training,  
their paintings can never compare  
With the enchanting beauty of autumn  
That Nature created with care;  
Their art work is only a copy  
of the Master's expression of love,  
And autumn was given especially to show  
That He's still in His mansion above.

To Brandy and Timothy Kirby  
Were You Ever a Mom?  
By: Linda Kirby  
Mom - did you used to play,  
with kites and skipping rope?  
Did you ever wash your hands,  
forgetting to use soap?  
Did you ever walk squishy mud  
or like to play in the rain?  
Did your mom "say eat your vegetables"  
Again, again, and again?  
Did your aunts and uncles kiss you?  
Did you wish that they would not?  
Did you always mind your manners  
and do what you were taught?

Did you run and jump and slide  
or fall and scrape your knees?  
Mom, were you ever really once  
a little kid like me?

S/Sgt. Sowder deployed to Middle East operation  
Staff Sgt. Kenneth E. Sowder Jr. has deployed to the Middle East with American military forces participating in Operation Desert Shield.  
Operation Desert Shield is the largest deployment of U.S. military forces since Vietnam. The operation is in response to Iraq's invasion of Kuwait and threat to Saudi Arabia.  
It is the presence of dedicated military people like Sowder that brings America's principles to life and gives them strength and meaning, President George Bush said.  
The service member is an aircraft armament systems technician at Spangdahlem Air Base, Germany.  
He is the son of Kenneth and Mosie J. Sowder of Mt. Vernon.  
The sergeant is a 1972 graduate of Mt. Vernon High School.

## Michelle Hamm selected for Young Leaders Conference

Michelle Hamm of Mt. Vernon, daughter of Mr. and Mrs. Johnny Hamm, has been selected to attend the 1990 National Young Leaders Conference from November 6 to November 11. Having demonstrated academic achievement, leadership and citizenship, Michelle will be among 350 high school students from across the nation at the conference for outstanding young leaders sponsored by the Congressional Youth Leadership Council.

The theme of the National Young Leaders Conference is *The Leaders of Today Meeting the Leaders of Tomorrow*. Throughout the six-day conference, the scholars will meet

with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Highlights of the program will include welcoming remarks from a Member of Congress on the Floor of the United States House of Representatives, a government relations forum comprised of senior-level congressional staff and lobbyists from corporations and public interest groups, and a panel discussion led by prominent journalists at the National Press Club. Diplomatic embassy visits and a briefing at the State Department will also be among the week's activities.

Michelle will meet with Senator Wendell H. Ford, Senator A. Mitchell McConnell, Representative Harold Rogers, or designated members of their staffs. These meetings provide an opportunity to discuss important policy issues and focus on topics of state and local concern. Culminating the National Young Leaders Conference will be *The Most Congress on National Service* during which scholars assume the roles of United States representatives by debating, lobbying, and voting on proposed volunteer service legislation.

## Mt. Vernon Message

The PTA membership drive will end Nov. 2, Friday. The PTA is working toward a 200 percent increase from last year. Mrs. Shannon Bales' 6th grade class is leading in the contest of bringing in the most members. Ms. Sandra Lear's 4th grade class is in second place. The classroom with the largest number of members will receive \$50 for that room. Our thanks to the students for all their hard work in helping us reach our goal. Keep up the work through this week.

The students help take care of. Hal- lowen pencils were awarded for students hard work on Monday in Ms. Bugg's class. The accomplishments of our students has been brought to our attention. Sandra Hammock is doing so well in math, she is able to tutor other students in the room. Bentley Pigg has an A average in reading. James Mink is most improved in reading.

## Open Forums

to discuss new construction project for Rockcastle County School System

- Mon., Nov. 5, 1990 7 p.m. - Mt. Vernon Elementary
- Thurs., Nov. 15, 1990 7 p.m. - Livingston Elementary
- Mon., Nov. 19, 1990 7 p.m. - Brodhead Elementary
- Mon., Nov. 26, 1990 7 p.m. - Roundstone Elementary

The forums are being held by the subcommittee for a 'Long Range Building Plan' of the Strategic Planning Committee and two plans will be presented for discussion. After all forums are held, the subcommittee will then make their recommendation to the Rockcastle County Board of Education.

Plans for discussion are:

**Construct a new county consolidated middle school (grades 6-8)** This would alleviate the need for additional classroom space throughout all elementary schools in the county. This would also place the status of maintaining Livingston Elementary School in jeopardy. The concept would be that our school system would have elementary school centers (Grades K-5); a middle school center (Grades 6 - 8) and a high school center (Grades 9 - 12).

**Construct a New Livingston Elementary School: Renovate and add needed space at Brodhead and Roundstone Elementary Schools.** This would require redistricting approximately 150 to 200 students presently attending Mt. Vernon Elementary School to attend the new Livingston Elementary School. The concept would be that our school system would continue to maintain four elementary school centers (Grades K-8) and a high school center (Grades 9 - 12).

Some very important decisions need to be made in order for the subcommittee to make a recommendation to the Board of Education in regard to the school system's future facilities construction plans.

It is important that the general public attend the public forums to give comments and concerns to the subcommittee.

### "MT. VERNON MESSAGE"

(Cont. From A-10)

My Administration, as has been the case from President Franklin Roosevelt to President Ronald Reagan, is committed to the security and stability of the Persian Gulf.

America does not seek conflict, nor do we desire to chart the destiny of other nations. However, America will stand by her friends and allies. I have been encouraged by the number of other countries that have joined the international effort to defend Saudi

The 5th grade classes of Mrs. Karen Powell and Charles Napier at Mt. Vernon Elementary were treated to a special Social Studies presentation by David Owens, an Eastern Kentucky University education major. Mr. Owens shared his experiences, knowledge, and a few of his treasures from several European countries. The program was much enjoyed by the students and teachers.

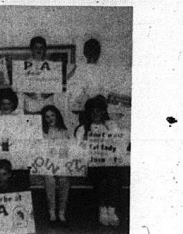

in the afternoon. If they make it until Wednesday, Mrs. Layoy Graves' fifth and sixth grade will have had perfect attendance for 40 days in a row. This is a remarkable achievement!

We appreciate those who promptly answered the Extended Services Survey. This needs survey will help determine the types of services (e.g., summer school...) offered for those wishing to receive extra academic help. Mrs. Lillie Parsons and Mrs. Pam Martin are serving as committee members.

Arabia against aggression. As a result of this nearly universal support, all those with a stake in the security and stability of the Persian Gulf and middle East will benefit.

I ask that, when you say your prayers at night, you remember those brave men and women of our Armed Forces and their families, who are committed to protecting and defending America's interests.

God Bless you,  
Sincerely,  
President George Bush

Students at MVES participated in a membership poster contest recently. The posters will be displayed in local businesses. Each winner received a check for \$5. Winners in the photo are: front row: Dustin McClure. Second row, from left: Tara Mink, Melissa Kirby, Miranda Phibbeck, Jennifer Dykes, Jeannette Robbins. Back row: Ashley Anderson, Aatish Patel, Chad Silvers, Jason Proctor. Congratulations winners! These students were from Mrs. Brewer's 3rd grade; Mrs. Powell's 5th grade; Mr. Love's 4th grade and Mrs. McKinney's 5th grade.

The PACE (Parents and Children in Education) program has begun at Broadhead.

The Citizens Bank and the Bank of Mt. Vernon have agreed to co-sponsor "A Day On Campus" for our eighth graders. In the spring, the students will visit a college campus and spend the day touring the campus, visiting various departments and interacting with college students. A high school student must complete the pre-college curriculum as a prerequisite to enrolling in college. Since our students will be registering for high school in the spring, this on campus experience affords an opportunity to view the significance of college and give students a deeper appreciation of what education should mean to them.

The Beta Club is beginning November 1 with their annual Harvest Food Drive. The homeroom which collects the most cans will receive a banana split party. The food will be donated to R.E.A.P., since they are in need.

Mrs. Owens' fifth grade was recently treated to a pizza party because they successfully completed "Book-It", a program sponsored through our library by the Pizza Hut of Mt. Vernon. Students must read and report on a specific number of books.

Mrs. Doyle's fifth grade language classes are writing to Kentucky soldiers in Saudi Arabia, one of whom is Pfc. Glen Smith of Mt. Vernon. Mrs. Owens' social studies classes are using the situation in the Middle East to study Eastern customs and geography.

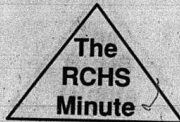

Our third and fourth grade challenge students will be going to the Lexington's Children Museum Wednesday, Nov. 7.

Classes (grades 4-8) are currently working on speeches for the 4-HTalk Meet at MVES November 6th.

The monthly PTA meeting will be Thursday, November 8, at 7 p.m. in the cafeteria. Please make an effort to attend.

The halls were teeming with goblins and ghouls Tuesday, when teachers and students vied for best costume creation. The "cookers" were in the spirit as well. They were dressed in Halloween garb and served a menu consisting of monster gook, fodder chomp, ghost slime, witches brew, and jack-o-lantern cake.

Mrs. Dyehouse's third graders were pleasantly surprised to receive a letter from Dallas Gibbons, who is stationed in the middle East. Dallas told the students many facts about the conditions and customs of where he is stationed. Dallas promises to visit the class when he returns. Study

Six weeks exams will be on Thursday, November 8th for 1st, 3rd and 5th periods. On Friday, November 9th, tests will be given to 2nd, 4th, and 6th periods.

### Chorus

The chorus will travel to the elementary schools for a concert focusing on Drug Education, Thursday the 1st and on Friday the 2nd of November.

### Dykes runner-up in state-wide poster contest

A 5th grader was one of sixteen Kentucky students honored for using their artistic talents to warn other students about the dangers of alcohol and drug abuse.

Jennifer Dykes, a student at Mt. Vernon Elementary School was a runner-up in the 4-6 grade category of a statewide poster contest sponsored by the Governor's Office for a Drug-Free Kentucky and Kentucky Rural Electric Cooperatives.

"We know one of the most effective ways of reaching children with the prevention message is by having other children share it with them," said Gary Faulkner, Executive Director of the Governor's Office for a Drug-Free Kentucky. "We felt that having a poster contest was a way of involving children in sharing that message in a manner other students will understand."

More than 4,500 posters in all shapes and sizes flooded into Frankfort, keeping a panel of specialists serving as judges busy for an entire day. Competition was held among grades K-3, 4-6, 7-9 and 10-12.

Bart Simpson and the Teenage Mutant Ninja Turtles were popular themes. Winners were announced at the Governor's Conference on Alcohol and Drug Abuse in Louisville on Oct. 4th. Each was awarded a U.S. Savings Bond for their contribution.

hard in school" was his advice in closing. Dallas is a second cousin to Melissa Renner, a student in Mrs. Dyehouse's class.

Wednesday, Nov. 7 ends the second six-week grading period. Report cards will go home the following Wednesday.

### Teen Center News

The PACT will be given to sophomores on November 6th in the cafeteria. Spazza Friday, November 2nd, the Rockets will host Williamsburg. If the Rockets win this last game they will tie a school record 9-2 set in 1987. Last Friday night the Rockets beat Whitley County 20-16. There will be a dance from 10-12 following the game.

### English Class travels to see Plays

The Senior Advanced Placement English classes traveled to Lexington to attend plays by Chamber Repertory Theatre at Transylvania University.

What makes certain people assume responsibility while others shrink from it? These young men happen to be among the oldest who use the Center (except Jamie, who is a very talented sixth grader), so perhaps maturity has something to do with it. One characteristic I've noticed that these boys have in common is an ability to look you in the eye and talk straight, an indicator of self-confidence. Parents can help build confidence in their children by praising them when they even attempt to do something to help out. Along with the praise, however, must come help and opportunities to learn competence in skills, and assignment of responsibilities that are equal to the child's capabilities. Constant criticism, or forgetting to express appreciation foster a child's doubt about his self-worth and he will be less inclined to shoulder responsibility.

In keeping with the philosophy of Christian Appalachian Project, Teen Center programs encourage competence.

which the men lived and found a .22 caliber handgun that had been stolen from Ft. Lauderdale, Fla. The men claimed to be security guards at an unidentified coal mine in Rockcastle.

Both have since returned to the Bronx. Charges are pending.

Monday night when Chesnut tried to check an auto making a u-turn at Druthers, the motorist left the scene in a hurry followed by Chesnut.

The motorist, Michael Leece of Brodhead, went through Mt. Vernon twice at speeds up to 90 miles an hour, by that time followed by Chesnut, transportation officer Ronnie Bradley, State Troopers Gary Lane and James Silvers and while chasing him in town, Policeman Chris Baker.

Police reported Leece damaged Trooper Silver's car and forced Chesnut into a ditch when Leece went up and down I-75 in the wrong lanes. When stopped, he fled on foot. His passenger, David Glavak of Brodhead, was arrested for alcoholic intoxication. Leece is charged with wanton endangerment in the first degree (5 counts); speeding 100 miles an hour in a 65 mile an hour zone (I-75); failure to illuminate headlights;

driving the wrong way on I-75; disregarding a stop sign; attempting to elude police; reckless driving and abandoning a vehicle on a roadway.

Deputy Darrell Doan gave chase to a car on I-75 at speeds of 100 miles an hour Saturday.

Doan and Deputy Chesnut arrested Victor Smith of Leslie County for speeding and attempting to elude police. The passenger, Frank Smith, gave officers permission to look in the trunk where they found two bags of marijuana. Victor Smith was also charged with trafficking in marijuana over 8 ounces.

When police stopped a vehicle on I-75 Sunday following a report the driver was transporting alcoholic beverages, they found 4,376 cans of beer and 177 bottles of whiskey.

Arrested and charged with illegal possession of alcoholic beverages in a local option territory was Ralph Ward of Jellico, Tenn. and Jimmy Lambdin of Williamsburg.

Arrested Sunday on East Main Street in Mt. Vernon for driving under the influence of alcohol by Mt. Vernon Policeman Eddie Delaney and Deputy Chesnut was Michael Leece of Brodhead. His passenger, Arnold Ambury of Berea, was charged with alcoholic intoxication.

Under the passenger seat officers reportedly found a .22 caliber pistol and shells. They charged Brodhead with having a concealed deadly weapon, alcohol intoxication and receiving stolen property. The pistol reportedly had been stolen from Marion County, Indiana.

State Rep. Phillip Clark Jr., of Danville, reported he was forced off U.S. 150 at the Country Club and up an embankment. The other motorist left the scene. Clark was not injured.

**Historical Society's Book Sale will be Nov. 9**

The Kentucky Historical Society's third annual book sale will take place Friday, Nov. 9, in the Old Capitol Annex, Frankfort.

Since 1988 the society's research library has conducted the sale to raise funds and heighten public awareness of the library. "The project makes new friends for the society and generates money for additional research materials," commented Ron Bryant, sale coordinator and rare book curator of the library. "Receipts from the two previous sales allowed us to buy microfilm copies of the Kentucky portion of the Draper Papers and the 1910 United States Census Index. These are essential research tools, and we would not have been able to obtain them otherwise."

Over 1,500 volumes will be available and will include state and county histories, genealogies, rare books, periodicals and Kentucky-related items. Only books acquired by the library that fall outside the scope of its collections or duplicates and donated publications are sold. "We have an especially large number of science fiction items this year, though most of the materials relate to Kentucky," stated Bryant.

**Road projects set for county; total \$151,409**

Several road improvement projects for Rockcastle County have been announced by Gov. Wallace G. Wilkinson.

The first of these includes grade work, drainage, and the placement of a blacktop surface on .4 miles of Brush Creek Road. This project will be accomplished through a contract Lexington yielded nearly fifty dollars for crisis food programs, a source of pride for those who walked on a cold morning.

Week's schedule - Tuesday - 3 - 5:30 - Tutoring/drop-in games/snacks  
4:15 - Teen Council (all present participate)

5:30 - 6:30 - Karate (closed to others; transport home if available)  
6:30 - 8 p.m. - Drop-in games

7 - 9:30 - Junior High Night  
Saturday - 12 - 4:00 - Drop in activities

8 - 10:30 - Games, Dance to stereo, hamburgers and hot dogs on sale

and will be advertised for bids as soon as possible.

The second project entails the placement of a guardrail on a .4 mile section of Little Renfro Creek Road and is expected to be completed by state forces.

"Travelers in Rockcastle County will benefit greatly from these two road improvements projects," Wilkinson said. "It is our priority to provide a safe and convenient transportation system throughout the state."

Transportation Secretary and Commissioner of Highways, Milo D. Bryant has estimated the cost of these projects to total \$151,409 and said the funds would come from the Rural Secondary Account. Bryant expects work on both projects to begin as soon as possible.

# Mount Vernon Signal

Second Section

Thursday, November 1, 1990

Ghosts, goblins and clowns were out in force Tuesday at Brodhead School. They included in the above photo, Duina Thompson, dressed as the witch and Lisa Johnson was the town clown. In the photo at right, Little Parsons dressed as a witch and Brenda Bradley was in the army for the day. Below Mrs. Thelma Fletcher stands besides the beautiful Halloween Harvest scene that she built at the Mt. Vernon Manor apartment complex.

## On Halloween They came in all shapes and sizes

By: Ray McClure

Goblins, ghosts, gremlins and ghouls came to my house Tuesday night to hold out bags and ask for goodies.

After 102 scary visitors of all shapes and sizes had been there and after there was no more candy, my lights went out and Halloween 1990 was over.

It was a typical Halloween, virtually the same as other Halloweens since I have been dishing out goodies for the past six years. For the most part, the little -- and some big -- spooks go about their trick and treating with determination and silence, except for a few thank yous.

Some of the little ones refuse to talk except for that "thank you now and then. Of course there are some too young to say anything except maybe, "goo."

Again this year, many came in cars loaded with a half-dozen devils and an angel mixed in, all clamoring down the driveway bag in hand.

The first year here there were a total of 97, followed in subsequent years with 107, 127, 184, 114 and Tuesday night's 102.

There is not an answer to the question of why the drop off the year. Perhaps some scary visitors didn't come because of the scary price of gasoline to bring them into town from out in the country.

We did find out from seven of several who were questioned that 4 were from Orlando, 6 from Livingston, 2 from Burr, and 8 from Brodhead. Some refused to reveal their residence.

Those little ones who did answer questions were a joy to hear.

Like: From one little hobo: "Trick or, or, or I forgot."

A boy of about 15: "I'm too old for this; but my sister is pregnant and can't get around too well."

## Gibbons and Smith part of Desert Shield

Many Rockcastle County men and women are doing their part to serve the United States in their efforts to keep Iraq from trying to control the Middle East.

Roy Glen Smith and Dallas Gibbons are among those troops serving in Saudi Arabia.

Smith, a 1987 graduate of RCHS is a water purification specialist with the 217th Quartermaster Unit out of Danville Kentucky. He spent a few weeks at Fort Knox before he departed for Saudi Arabia.

Smith, the son of Arvil and Barbara Smith, is a dairy farmer and

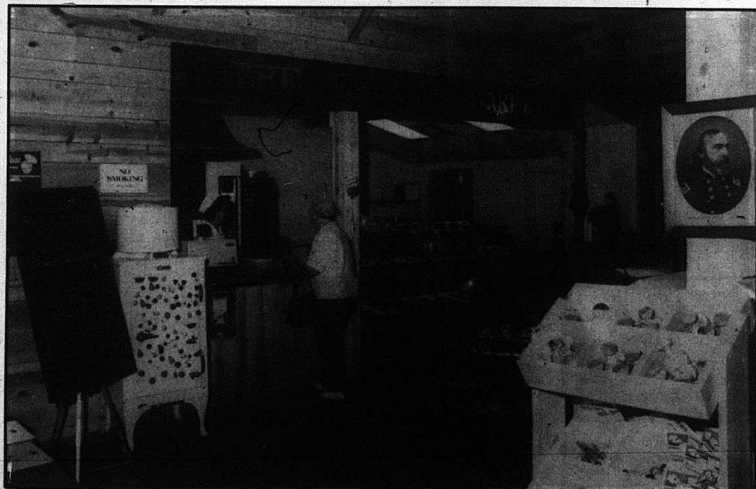

lives on Copper Creek road near Crab Orchard.

Family members say that he is very proud of Smith and they pray God will keep him safe while he is in the Middle East.

Dallas Gibbons, also a graduate of RCHS, is the son of James and Pauline Gibbons of Orlando.

Gibbons is a truckdriver and has been stationed in the Middle East for quite sometime.

Gibbons' brother James Edward is also in the armed services, but he has not been sent to Saudi Arabia as of yet.

The Gristmill Bakery is located at the entrance of Renfro Village.

## Renfro shows will recall 51 year history of world famous barn dance

Veteran entertainers like Old Joe Clark, Pete Stamper, Jim Gaskin, Virginia Sutton, Ernie Sowder, and many more will be part of the special Saturday Night Barn Dance and Jamboree on Nov. 3 to celebrate 51 years of continuous country music in Renfro Valley.

Each year the folks at Renfro Valley get together on the anniversary date to remember the good times shared with hundreds of thousands of visitors over the years. This year will be special because the 7:30 p.m. Barn Dance highlights the first half of the historical shows and the 9:30 p.m. Jamboree highlights the last half. The Victorian Village completed this summer offers shopping opportunities plus demonstrations by working craftspeople with no admission charge. Gospel music rings out from Freedom Church throughout the afternoon.

This anniversary weekend falls on the Renfro Valley Fiddler's Convention weekend when fiddlers come

from far and wide to play with fellow fiddlers just for fun. Along with all the fiddling, music and special anniversary shows other opportunities for shows are available including the Friday Night Barn Dance Show at 8 p.m., the Mountain Gospel Jubilee at 4 p.m., Saturday afternoon, and the famous Sunday Morning Gatherin' at 8:30 a.m.

The historic Lodge Restaurant and Renfro Valley Museum are two of the oldest structures in the area with the Redbud Schoolhouse, a landmark built during the Civil War, possibly being the only authentic log school building in the nation. "The folks here are continuing the tradition of preserving pioneer America with its strong principles of family, friends, and good ole country fun for all ages", said Carolyn Disney Byble, marketing manager for Renfro Valley Folks, Inc.

## Gristmill Bakery now open in beautiful Renfro Village

If you have not visited World Famous Renfro Valley in recent months, it may be time that you took the short drive to Rockcastle County's most famous piece of real estate.

There has been a multi-million dollar renovation of the valley, which includes the construction of Renfro Village.

Renfro Village is just one of the components of the phase one expansion and renovation project, which has taken much of 1990 to complete.

The village's landscaped main street -- lined with shade trees, benches and a bricked walkway -- will lead you past numerous working craft shops and exhibits and the Gristmill and Bakery.

The aroma of fresh baked bread and the splash of water falling from a giant waterwheel are just a couple of things that can be found in the bakery and gristmill building.

The bakery also offers delicious items including: sticky buns with a brown sugar glaze and smothered in pecans, cinnamon raisin buns, pumpkin and oat bran muffins, pecan tart, cookies, danishes, brownies, cream horns and three types of homemade bread, rye, whole wheat and salt-rising.

The bakery is open Tuesday through Thursday 11 a.m. to 8 p.m., Friday and Saturday 10 a.m. to 9:30 p.m. and Sunday 9 a.m. to 5 p.m.

## Dumpster fire at plant

Mt. Vernon firemen extinguished a fire in a dumpster about 6 a.m. Tuesday at the Rockcastle Mfg. plant. The dumpster was up against a building and a wrecker pulled it away. Cause of the fire was not determined.

## Rockets edge out Whitley, 20-16, for eighth win; face Williamsburg in final game Friday night

The Rockcastle County Rockets may not be able to attend the district playoffs this year but they will, more than likely, finish the season with an outstanding 9-2 record and be considered one of the best football teams that RCHS has ever put on the field.

The Rockets displayed their talent, once again, when they edged out a solid Whitley County club, 20-16, Friday night at home, to set their district record to 3-2 this year.

And if the Rockets defeat Williamsburg Friday night, it will push the season record of the Rockcastle football program, freshmen, junior varsity and varsity, to 26 wins and only 3 losses. A feat within itself that is considered astonishing.

And a key factor in the Rockets' success is their linemen, who battle both on offense and defense.

The Rockcastle defense was credited with 73 tackles against Whitley Friday night, including two shut-out quarters, the first and third. And not only did they assist the Rockets' offense, by allowing them crucial possessions during the game, but completely shut down Whitley's star running back Aaron Anderson. Anderson is ranked fifth in the state in scoring with 21 touchdowns.

Of course it didn't take long for the Rockets' offense to capitalize on the scoreless defensive battle in the first quarter. The Rockets ended a successful drive from midfield, in the second quarter, with a six yard run into the end zone by junior fullback

Jonathon Saylor. Saylor followed with the two-point conversion to put the Rockets out in front, 8-0.

However, the key play in the first half was a 65 yard punt return by sophomore J.D. Harris, which was followed by a successful extra-point attempt by junior Curtis Cotton, midway through the second quarter. The score would counter a later touchdown and conversion scored by Whitley, with only 32 seconds left in the half, thus allowing the Rockets to breathe a little easier with a 14-8, lead going into the second half.

The third quarter, a replica of the first, began with another defensive battle. The Rockets, striving for their goal of tying their RCHS season record of 9-2, against Whitley, a team with their first winning season since 1981. The result was a balanced effort which set the third quarter scoreless.

And again the Rockets capitalized on their superb defensive showing. Five minutes into the final quarter Saylor bounced six yards for the third touchdown by the Rockets. Although Saylor was denied the conversion, it appeared that the Rockets, now leading 20-8, had sealed their eighth win of the year.

But Whitley, on the other hand, didn't see it that way. Whitley fought hard during the next eight minutes and with that, punched in a six yard scramble for their second touchdown of the game. Whitley followed with the two-point run and narrowed the Rockets' lead to only four, 20-16,

with just 2:42 remaining in the game. Whitley, who were only one touchdown away from their seventh win this year, let their momentum carry them and in doing so, stopped the Rockets in their tracks on the very next possession.

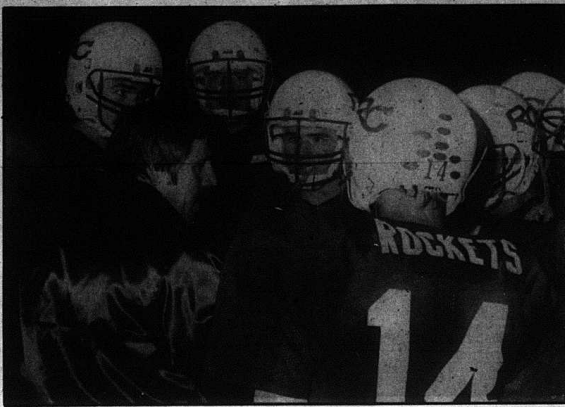

And now with the ball in Whitley's hands, on their own 30 yard line with just under a minute remaining in the game, the Rockets buckled down. But Whitley, in a series of successful offensive plays, forced the Rockets defense back to their own 28 yard line. And with only seconds remaining, Whitley had to have the big play for any hope of the victory.

But it was all Rockcastle. The Rockets broke up two desperation pass attempts by Whitley in the closing seconds which did finally seal the win for the Rockets in yet, another hard fought and close battle.

The Rockets will now host Williamsburg Friday night at the high school at 8 p.m. Friday's game will be the last game of the year as well as parent/senior night for the Rockets. The Rockets' seniors and their parents will be honored during the half-time ceremony of the game.

Posting the stats for the Rockets against Whitley were in rushing; J.D. Harris, 20 carries for 163 yards and 1 touchdown; Jonathon Saylor, 15 carries for 83 yards and 2 touchdowns; William Bullens, 4 carries for 17 yards; Scott Parkey, 3 carries for 17 yards.

## Pin Busters take over first place in Rockcastle Bowling League

The Pin Busters, who were tied with the Ten Pins, won four straight games to take sole possession of first place, at 26-6, in the Rockcastle Mixed Bowling League in Richmond last week. The Ten Pins now sit in second with a 23-9 while the Top Guns stand at third at 22-10.

Babe's Bunch had high team series HDCP with a 2395, the Pin Busters took second with a 2318 and the Mistis third at 2301.

Babe's Bunch also took high team game HDCP with a 880. The Pin Busters followed in second with a 803 while the Ten Pins and Rockers took third at 793.

Tim Reynolds took high men's series with a 579. Jim Cromer and James Noe tied for second at 565 and Jack Noe took third with a 514.

Jack Noe took high men's game with a 213. James Noe second with a 208 and Babe Daugherty third at 207.

High women's series went to Kim Daugherty with a 551. Melissa Davis was second with a 526 and Wavelene Mullins third with a 516.

Kim Daugherty also had high women's game with a 244. Wavelene Mullins followed with a 214 for second and Alice Faulkner took third at 207.

## JV Rockets crunch Berea, 45-0, for undefeated season

They may be very young with four juniors, nine sophomores and 31 freshmen, and they might have been overlooked by others but the Rockcastle County junior varsity Rockets may be the team to beat in the future.

The Rockets accomplished, Tuesday night, what most teams only dream of: they ended their season undefeated, 9-0, by crushing the Berea Pirates, 45-0.

Not only are the Rockets perfect but they are probably the most talented group of young men to ever come up the ranks at RCHS. They truly are the stars of tomorrow.

And it wasn't a fluke, the freshmen Rockets, basically the same team, also ended their season with a very respectful, 7-1, mark.

Led by head-coach Jerry Pensol and assistant coach Chris Cornelius, the Rockets outplayed opponents all year with pure talent and sheer strength.

Many said that the Rockets played well but that could be considered the understatement of the year. The young Rockets were outstanding and had to be, especially against teams such as Somerset, Lincoln County and Pulaski County just to name a few.

But coach Pensol was the first to admit that his team played extremely well against some of the top name schools.

As for Berea, Rockcastle's rival,

they had no chance. The Rockets went into the game thinking perfect and they came out of the game just that.

The Rockets put together over 300 total yards gained while scoring a whopping 45 points and denying any points scored against them. And every player on the roster had a hand in it, which shows the depth of the team.

Freshman running back Mikhael Shaffer set the pace for the Rockets with a 65 yard run for the first score of the game. The touchdown came only three plays into the game.

And what was to follow made the night extremely long for Berea. The Rockets punched in three more touchdowns and two extra-points to quickly set the score at 27-0 just in the first quarter.

Sophomore fullback Bobby Coffey snatched the second TD on a 25 yard scramble which was followed by the conversion by sophomore tailback Jeff Navarre. And it was Shaffer again, this time with a 65 yard punt return which gave the Rockets 20 points after only running four offensive plays. Navarre took the final score in for the Rockets, in the first quarter, on a 35 yard ramble. Junior Clark Mullins kicked in the extra-point and the score was 27-0.

Of course by now the Rockets knew the inevitable, they were going to finish the season perfect.

The Rockets put three more touchdowns on the board during the remaining three quarters. Freshman quarterback J.D. Busell completed a 25 yard pass to freshman receiver Jason Fletcher in the second quarter. Sophomore halfback Scotty Bullens had the third quarter score with a 25 yard run and freshman halfback Mickey McClure squeezed in the final score for the Rockets on a 10 yard carry in the fourth quarter.

But even when the game was over the Rockets were not finished playing. The Rockcastle players had
