Cards of Thanks & In Memoriam

In Memory of Mary West Preston
By her son
James S. West
Harrison, Ohio

Do not stand at my grave and weep. I am not there, I do not sleep. I am a thousand winds that blow, I am the diamond glints on snow. I am the sunlight on ripened grain, I am the gentle autumn's rain. When you awaken in the morning's hush I am the swift uplifting rush Of quiet birds in circled flight. I am the soft star that shines at night. Do not stand at my grave and cry, I am not there; I did not die.

Card of Thanks
The family of Hazel Barnett would like to express their sincere Thanks to each and everyone who helped in any way during the sickness and death of our mother. Thanks to those who sent food, flowers and money. Also thanks to Emerson Hall for his kind words. Also Norma Hall for her nice songs. Special thanks to Dr. Mays, Dr. Weighels and Dr. Arvin. Also Dowell and Martin Funeral Home. May God Bless each and everyone. The family of Hazel Barnett.

Card of Thanks
The family of Jack Cash would like to say a special thank you to all who helped us during the illness and loss of our loved one. To those who brought food, sent flowers, Dowell and Martin Funeral Home, Rockcastle Co. Hospital, Staff. Bro. Lorraine Wilson, and Bro. Danny McKibben, the singers and the pallbearers, any one else who helped in any way. Children, Grandchildren and Great-grandchildren Thank you

Card of Thanks
The family of Tennyson Lovell would like to express our appreciation to those who comforted us during our bereavement. A special thanks to those who sent cards, flowers and brought food. Also to the staffs of the Rockcastle County Hospital and the Cox Funeral Home for their kindness and consideration. We especially want to thank Bro. Melvin Sisson and Bro. James Head for their consoling words, the pall bearers and the Comie Army and Aneta Vance for the songs. Wife, Faye and daughters, Gail, Judy and Vicki

Card of Thanks
We would like to thank everyone for the beautiful flowers and the many kindnesses shown during the sickness and death of James D. Decker. Also, a special thanks to Cox Funeral Home and the staff at the Rockcastle Co. Hospital.

Commonwealth of Kentucky
28th Judicial Circuit
Rockcastle Circuit Court
Civil Action File No. 90-CI-067-J

Ed DeBorde **PLAINTIFF**
VS: Notice of Sale
Vivian Faye King and husband,
Dwayne King **DEFENDANTS**

Pursuant to judgment and order of sale entered in this action on September 27, 1990, and for the purpose of satisfying an indebtedness owed by defendants to plaintiff in the sum of Seven Thousand Four Hundred Sixteen and 40/100 Dollars (\$7,416.40), plus interest at the rate of 6% per annum from May 18, 1987, until paid, I will offer at public auction the hereinafter described real property in Mt. Vernon, Rockcastle County, Kentucky.

On Friday, the 26th Day of October, 1990
Beginning at the Hour of 10:30 a.m.
said property being more particularly bounded and described as follows:

TRACT NO. 1 - Beginning at a white oak near a drain; thence a straight line west to a white oak; thence straight line south to a pine in Johnny McHargue's line; thence east to a black oak near a drain; thence straight line north back to the beginning and containing two (2) acres more or less.

TRACT NO. 2 - Beginning at a white oak, Bill Falin's corner; thence northerly up the hill to a black gum on top of a ridge in B. Falin's line; thence westerly with Falin's line to a black oak, corner to Jim Falin and in line of Jack Hurd; thence southerly with the lands of Jack Hurd to a white oak, second corner to Tract no. 1; thence with the first line of Tract no. 1 to the point of beginning and containing twenty (20) acres more or less.

Defendants Vivian King and husband, Dwayne King, obtained title to said real property by deed dated May 18, 1987, executed by Betty L. McFerron, of record in Deed Book 131, page 136, in the office of the clerk of the Rockcastle County Court, Mt. Vernon, Kentucky.

The property will be sold upon the following terms and conditions:

1. The property shall be sold to the highest bidder(s) for cash or for a deposit of TWENTY-FIVE (25%) per cent of the purchase price in cash at the time of sale and balance payable in SIXTY (60) DAYS. The purchaser shall be required to execute bond with surety thereon, to be approved by the Master Commissioner, for the balance of the purchase price. The bond shall bear interest at the rate of twelve (12%) per cent per annum from date until paid, and to remain and be a lien on said property until fully paid.
2. The purchaser(s) shall have the privilege of paying all of the purchase price in cash or paying the bond before maturity by paying the principal amount thereof, together with all interest accrued thereon to the date of said payment.
3. Purchaser(s) shall be responsible for the 1990 property taxes.
4. Purchaser(s) shall have possession of the premises upon complying with the terms of sale and risk of loss of improvements shall thereafter be on the purchaser(s).
5. This sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise.

Parents want Red Devil name dropped from Mt. Vernon school

By: Richard Anderkin
Many local citizens, most of them members of the Maple Grove Baptist Church, want the team mascot at Mt. Vernon Elementary School changed. And, Tuesday night at the regular meeting of the Rockcastle County Board of Education those citizens, armed with a 813 signature petition, asked board members to change the Red Devil mascot at Mt. Vernon.

"I will take my children out of school and teach them at home myself, if this does not get changed," said Sheila Nicely, a parent who spearheaded the petition drive.

Mrs. Nicely and other members of the Maple Grove Baptist Church, told board members that they did not think the Lord would look favorably on a school that had the Devil as a mascot.

William Mullins told board members that it was simply a religious issue. "Satanism is a religion, it

is recognized by the federal government and it is something that we do not want any of our children involved in, in anyway," he said. He pointed out that Christians were not allowed to hang the Ten Commandments in classrooms and that prayer was not accepted in class either.

Keith Sowder told board members that he thought they were playing politics with the issue. "I think you could do something about this if you only would, you tell us it is not for you to decide, but we think it is," he told board members.

"You look up the word Devil in the dictionary and every definition refers to Satan," said William Mullins. "We do not want our children identifying with the Devil mascot," he said.

"We know that 20 years ago no one thought anything about the significance of the Devil mascot, but with the way everything is going in the world today, we simply do not

think it is an appropriate mascot for the children at Mt. Vernon," said Mrs. Elizabeth Abney, who has a granddaughter at Mt. Vernon. Mrs. Abney also told board members that she thought that children were being placed in a bad situation. "We tell our children that the Devil is bad and that we don't want them to have anything to do with any type of Satanism and then the school tells them that it is o.k. to be a Mt. Vernon Red Devil and in order to be a mascot or cheerleader they must wear clothing depicting the Devil, "it just isn't right."

Tim Hampton also said that he thought the Lord would not bless Mt. Vernon School because of the Devil mascot.

However board member Clayton Cash told the concerned parents that he felt like parents could teach children the difference in what is right and wrong at home and that if the board changed one mascot name they

were opening up the door to change them all, for whatever reason.

And, Mrs. Sandra Bullock told the board that she had two children at Mt. Vernon, who knew the difference in worshipping God and only having the Red Devil as a mascot.

Superintendent Bige Towery Jr., told the group that he certainly respected their request, but that he did not feel it was a board decision. He said that any decision concerning the school's Mascot should come from the school and the community.

Referring to a May board meeting when about 20 parents and students asked the board not to change the Devil Mascot because of tradition, Towery said, "It is obvious to me that there are many parents and students in the Mt. Vernon area that do not want the name changed and I do not want to see something like this separate the school and damage the

Republican U.S. Senator Mitch McConnell Church amendment passes, other three lose here

Rockcastle followed the rest of the state in Tuesday's General Election giving incumbent Republican U.S. Sen. Mitch McConnell a majority in the Senate race.

McConnell defeated Harvey Sloane in Rockcastle 1,979 to 924 or 1,055 votes.

Rockcastle also followed the rest of the state by voting "No" on three amendments a "Yes" on one.

Rockcastle voters said no 1,679 to 328 to Amendment 1; no to Amendment 2 by 1,622 to 327; no 1,571 to 291 to Amendment 3, and yes, 1,345 to 992 to Amendment 4.

In another county vote, constable, District 1, Johnny Jones defeated Brenda Woodall 234 to 140.

Unopposed but receiving votes were State Rep. Danny Ford, 1911; incumbent U.S. Rep. Harold Rogers, 1745; and incumbent Broedhead councilman C.B. Owens Jr., 102.

Rockcastle countians cast a total of 3,008 votes or 37%. Total registration is 8,145.

All counties surrounding Rockcastle voted for McConnell. Closest Sloane counties to Rockcastle were Boyle and Marion.

Across the state, it appeared the tax issue was not a major one except in a few cases. The 434,151 yes vote to 174,770 for Amendment 4 on church taxes may have helped

Annexation loses 209 to 39

If anyone thought residents of areas to be annexed to the City of Mt. Vernon would vote to join the city, they were very mistaken.

Voters living in areas to be annexed voted 209 to 39 against annexation.

So, for the next five years, the time limit on trying annexation is on the shelf.

Said one voter who was against annexation: "I can't see anything we would get out of it except another tax bill."

Those who were for annexation cited police protection, fire protection, and lower insurance rates, but it obviously did not impress voters.

The one-sided vote against annexation came as no surprise, one official going so far as to guess it would be two-to-one against annexation.

The areas to be annexed were along U.S. 25 south to the I-75 Burr interchange and west along U.S. 150 to Ky. 461, then north to the vicinity of Red Top Restaurant.

McConnell since older and more conservative voters may have gone to the polls to vote for Amendment 4 and cast McConnell votes.

Few attend public forum for building

Parents of students at Mt. Vernon Elementary School obviously do not feel threatened by any recommendations the Strategic Planning Committee's subcommittee on long range building plans might have for them since the turn-out for the first public forum Monday night at MVES was very light. In fact, there were only eight in attendance that were not subcommittee members and several of those were school-related personnel.

Subcommittee chairman Richard Bray, school finance officer, opened the meeting by explaining the two choices for building that the subcommittee had arrived at and then asked for comments.

Pam Chalfiff was the first to comment, saying that she had come to the hearing determined to have a middle school (6-8 grades) but was not so determined since hearing that the future of Livingston Elementary School might be in jeopardy if a middle school were built as opposed to a new grade school there.

Mrs. Chalfiff said her support for a middle school was because she felt more could be offered academically and sports-wise for those interested in that area.

Mary Jane Hysinger, a teacher at MVES, spoke in opposition to a middle school. Mrs. Hysinger, emphasizing that she was speaking as a parent rather than an educator, said she felt the national trend was going away from grouping children in the middle/junior school group and that she personally would not want to bus her own son, who is a junior high age student now, to a junior high school because of safety and because

of her dislike of grouping.

Tommy Jones from the Brush Creek area was the only parent present concerned about the possibility of restricting which would put his child in the Livingston school district.

Mr. Jones expressed surprise that more parents were not present since he said there had been a lot of discussion in the area about the possibility and a lot of opposition to bussing the children six miles to Livingston rather than the two miles to Mt. Vernon.

One suggestion that came up at the meeting was John Hale's, principal of MVES, who said that he thought it might be feasible to convert the new MVES to a middle school and build two new grade schools for Livingston and Mt. Vernon. However, Bray responded that he, personally, felt this was not feasible since there was not adequate space at that site to make the conversion to a middle school.

Some figures given out at the meeting shows that with a middle school, Broedhead enrollment would go from approximately 601 to 406 in K-5; Livingston would drop from 243 to 152; MVES from 799 to 550 and RES from 435 to 290.

If the middle school concept is not chosen, then a new grade school would have to be built at Livingston and this would entail restricting and the probability of having to add on to at least Broedhead and Roundstone schools to accommodate state-mandated programs.

Bray pointed out to the group that surrounding school districts are going toward the middle school concept.

Pulaski Co. is in the process of building a second high school so their two junior highs (7-9) can be converted to middle schools; Laurel County, the same situation; a new high school and the conversion of their junior high school to a middle school and in Jackson County, a new middle school.

Pat Midkiff, another member of the subcommittee, said that research showed that while junior highs were not meeting the needs of preparing children for high school, mainly because of being too large, too impersonal, that middle schools did a better job and were usually set up so

that there was little interaction between the 6th and 8th graders.

During the meeting, it was repeated and emphasized by Mr. Bray that the subcommittee's job was not to make recommendations since a lot depended on the status given Livingston School by the State Dept. of Education's facilities survey scheduled for the early part of next year.

Parents and others concerned in Livingston will have the next chance to voice their opinion when the public forum moves there Thursday, November 15 at 7 p.m.

Some residents of the newly annexed Renfro Valley area may get a tax adjustment on their tax bills.

Their property tax was assessed on a yearly basis by the city's computer when it should have been for only six months.

Final reading was held by the council that raises overtime parking on Main Street to \$5, if paid promptly. It will be \$15 if not paid within 24 hours, and \$25 if not paid for 48 hours. There is two-hour free parking on Main Street.

Joe Aker requested and got use of the city water tower on Davis Street for an antenna to use for cellular telephones. The charge is \$25 a month.

The council will meet Nov. 15 to 1-4

Rockcastle is in outer edge of earthquake zone

The prediction that an earthquake might occur about Dec. 3 along the New Madrid seismic zone north of Memphis, Tenn., causing an increase in earthquake insurance, according to insurance company officials.

Although Rockcastle would be on the outer edge of the quake zone, some damage could occur, according to a prediction by Climatologist and inventor Iben Browning, whose prediction of a quake along the fault could occur Dec. 3 has been discredited by most scientists.

Some local residents, fearful of heavy damage, have added quake insurance to their home policies, even though it can be expensive.

No homeowner has earthquake insurance unless they have asked for it, and it ranges from 2 to 5 percent of the amount of coverage on the prop-

erty. The amount depends on the company.

The big difference in a policy is the deductible which can be as much as the company sets. In one particular case the deductible is \$2,900.

One local insurance agent reported several persons have added the insurance in Rockcastle County, including him.

Nothing has caused as much confusion and activity in the insurance business as that prediction," he noted.

Most persons questioned said they did not intend to take on the added premium since Rockcastle is on the outer edge of the fault zone.

A strong tremor has not occurred along the New Madrid fault since 1811-1812 when the area was devastated by the two days of tremors that created Reelfoot Lake, and for

awhile forced the Mississippi River to run north.

Most scientists agree that a major quake could occur by 2040, but they cannot be sure that it will not happen before that time.

The fault line runs through parts of Missouri, Illinois and Arkansas, but areas in Kentucky, Mississippi, Tennessee, Iowa, Indiana, Ohio, Kansas, Texas, Alabama, Georgia and Louisiana would feel the tremors.

Mike Oberden is director of management planning and information at the State Farm Mid-South Regional Office in Monroe, La., which covers insurance claims for Louisiana, Arkansas and Mississippi.

Oberden said that 12,000 endorsements had been added in Arkansas and 11,500 endorsements in Mississippi, double the amount of earthquake policies taken out last

year.

So far, he said, about 100 endorsements of earthquake insurance have been added to Louisiana homeowners.

For those who may be interested, here are some steps persons can take just in case, according to information supplied by Gary Asher, Rockcastle director of emergency services:

Look in every room for potential hazards, such as bookcases, tall cabinets and appliances which may fall over during a quake. Many of these can be bolted to walls. Heavy items stored on high shelves and fixtures which are not securely fastened may also pose dangers.

Know where shut-off valves for natural gas, electricity and water are located so you can turn them off after an earthquake. Breaks and leaks in utility lines can pose serious hazards.

Set up an emergency kit for use in earthquakes or other emergencies. It should include first aid supplies, a flashlight and portable radio with fresh batteries, non-perishable foods and bottled water and tools.

Conduct earthquake drills at home, in school and at work. Be sure you

Family History Column:
Dear Editor,
Need information on the Drewry Harper family who came from North Carolina into Laurel County in the 1830s, then to Pulaski County in the early 1840s, settling in the Lower Line Creek area where Drewry and his wife Hepsy Turner Harper are buried.

Did this family have relatives traveling with them, or already residing in either Laurel, Pulaski, or Rockcastle counties prior to their arrival? If so, what were the names, their relationship with our ancestors and where did they settle?

Would like to know if anyone has traced this particular line of Harpers back to the country from which they immigrated, who was the first to reach America, where he settled and the approximate year of arrival.

Thank you for providing space for exchanging information.

Dear Editor:
(1) News information on Mary (Polly) Soughard (1816-1876) whose daughter, Mary Ann (1846-call1884), married my great-grandfather, William Curtis Harper, son of Drewry and Hepsy Turner Harper of Lower Line Creek, Pulaski County.

What was the name of Polly's husband, father of Mary Ann? Her sister Martha (Helen)? How do Nathan and Elizabeth Southard fit into the lives of these two girls? Who was Hobart (or Holbert)? They lived near Pango.

Can someone help us locate the burial site of William C. Harper, who reportedly moved from Pango back to Pulaski County in the 1880s. Is his wife also buried there?

Dear Editor,

A sterling Cincinnati news staff columnist, enlightens us about the highly famous and wealthy transcendentalist. A mediator from India, He is Maharishi says he will bring permanent peace to the world by using about 7,000 meditators. He claims he could easily neutralize Saddam Hussein and usher in permanent world peace.

This is one of the most comical writers in Cincinnati, but at this stage of the game, I am not able to digest a lot of comical, because when this world onslaught against Iraq starts it will be fast, deadly and a surprise to the world, even though we are all expecting.

Our men are getting so over-pressed and in danger of being overcome from being distracted.

Our militia are putting forth every ounce of energy to assure the world of safety, and doubting their own. How many of these brave men will be forced to give up their lives? Will we need some New Veteran's Administration Hospitals for the orthes who are mangled and broken.

I am not able to see how this world is safe with a man of such calibre, Saddam Hussein still living in it, his PLO friend included.

I thank you sincerely,

Dear Editor,

Your letter is written in response to a number of articles that have been written to you in the past few weeks. All these articles have been written by one "person" - Margaret Dycheouse. When I first read her letters I tried not to speak out, but at last I feel that I have to speak out.

First off who do you think you are? You write faithfully every week trying to enlighten us with your new words you just learned that day. You hardly ever have anything good to say about this country or its leaders. Granted, our leaders may not be the best the world has to offer, but considering the condition the world is in today I feel that they are doing a terrific job. You seem to have some

Charting Rockcastle

By: Richard Anderkin

The 1990 general election is over and the only thing I am confused about is how so many state legislators got re-elected.

Remember these are the guys, along with the governor, that raised every tax known to man to pay for an education reform that is sure to make all of our children Rhode Scholars. The only thing they forgot to tell you was that only about 29 percent of the new tax money is going for education and the rest is going for pet projects of the legislators that voted for the huge tax increase.

If you do not think the state is mismanaged try this on for size, Florida and Nevada do not even have a state tax.

RPA
Closer to home, some very important and tough building decisions are on the horizon for the Rockcastle school system.

And when it is all said and done, I know there are going to be some very unhappy people in the county.

I found out a long time ago that you cannot please all the people all the time and when it comes to the possibility of closing or moving a school, it is very likely that you won't be able to please anybody.

However everyone should keep in mind what is best for the county and the children as a whole. I for one think a new middle school is the best answer.

A new middle school could eliminate overcrowding at the grade schools and prepare our children better for high school.

With a middle school, classes such as Latin, Algebra and vocational could be offered because there would be enough students to take these courses. Now there is not enough top students in each grade school to take these courses and therefore it is not feasible.

It would also get the primary grades away from the junior highs. Most principals will tell you that the junior high grades dictate everything that goes on in the schools. Without the upper grades the lower grades would have a better learning atmosphere. There would be no ballgames to attend and very few activities outside school hours to distract the younger children.

Some of us are not going to like the decisions made, but we all should try to consider what is best for the entire county.

He went on to tell me that he considered my political views dangerous. He thought I cussed too much and he didn't like it when I made fun of the Governor. (I don't cuss all that much and I thought everybody made fun of our governor.)

Anyway, the man had me backed up in a little corner between the produce rack and the meat counter and he was chewing me out loud enough that it attracted the attention of two or three other customers. He said I was wrong in my views about education and he even questioned my gardening practices.

"But", he said, "I really liked that piece you wrote about your dog and them about your cats and if you'd write stuff like that every week, son, people might start liking you."

I said, "Buddy I got a new dog and if you'll let me get out of here I'll run home and write about him right now."

Those of you who keep up with this drive that I get paid for putting in your paper every week may remember a eulogy I did for Newton, the Bassett Hound who was killed on the road earlier this year. I received dozens of letters, the majority of which advised me to get another dog, because the gist of my thinking at that

time suggested that it wasn't healthy to get as attached to an animal as I was to Newton. Folks suggested that the best way to deal with the sorrow of losing a pet was to get another. So I went out and traded into a couple of cats, but that's another story. In the meantime, I've been without a four legged buddy to help me garden and putter around outside.

Last Saturday, Shannon, my wonderful little sister-in-law, showed up in Paint Lick with a laundry basket in her arms. Nestled on a towel in the basket were three Bassett hound pups, sound asleep from the long drive they'd just taken, starting at the head of Blair Branch in Letcher County three hours earlier. Newton multiplied by three... in fact, his half brothers and a sister.

The deal was that I could have one if I'd pick it out. The deal I thought I'd out before her arrival was that she could pick one out and bring it to me and I would with whichever pup Shannon thought would get along with me best.

There's only room for one pup in our family right now. We've got too many animals taking up space and eating too much already, so I couldn't have all three. In fact, four out of five members in this household were not

in favor of a pup at all.

So I spent most of the week-end studying the relative merits of the pups because each had a unique identity and I liked all three of them. I promise you that I could write a book about the differences in those three pups. There's no sense in starting in this column. So to make the story short I will tell you simple, that I selected Bogart.

Actually I wanted to call him Reuben, but brother Keith said I'd get the County Judge in Letcher County, Reuben Watts, mad at everybody in the family. Keeter's afraid Judge Watts wouldn't like it if I named a dog after him and he knew that I'd have it in the paper.

I wasn't thinking about anybody in particular when I came up with Reuben. It just seemed to fit. I know several Reubens and I like 'em all. Most of 'em would be proud to have this Bassett hound named after 'em. After Shannon, Steve and Keith left on Sunday, Loretta suggested that we name him Keeter (Keith's AKA). I told her that if Keith was concerned about Reuben Watts getting mad because he had a canine namesake, he'd be sure raise heck if I named the pup Keeter.

Shannon still has four pups out of

a dozen left, if you see anyone looking for a good pet. She's only getting a hundred dollars each for 'em. I wouldn't take \$500 for Bogart. Her phone number is 606-633-9797 and she'll talk about dogs all night.

In the meantime, I hope my pal over in Crab Orchard is happy. Bogart's apt to be in the news pretty often.

Literacy Commission represented at Governor's reception

On Sunday, October 7, the Rockcastle Literacy Council was represented at a reception at the Governors Executive Mansion, Frankfort, by Lu Ed Nielsen.

The reception was given by Mrs. Martha S. Wilkinson and the Kentucky Literacy Commission to honor the commonwealth's efforts in eradicating the illiteracy problems.

A tour of the mansion was given and Mrs. Nielsen met Mrs. Wilkinson. Refreshments were served and music was provided. A special presentation was made to Mrs. Wilkinson from the Literacy Commission.

By: Ike Adams

A man I'd never laid eyes on before last Thursday evening walked up to me in the grocery store.

"You're Ike Adams aren't you?" he wanted to know.

"Depends on who wants to know", I told him because I'm not used to people just walking up and telling me who I am if I'm not acquainted with them unless they're running for office or have a sales scam to lay on me.

And I wasn't in any mood to deal with either one.

I asked him why he did that because it's the same thing except that sometimes one of the papers will be a week behind or ahead of the others. He said, "I have to read it three times before it starts making any sense and sometimes I still don't know what you're getting at."

(Most of the time I don't either)

Coffey is member of national Horticulture Judging team

By: John McQuerry
County Extension Agent
for 4-H

Marilyn Coffey started her long quest for one of the goals she had established in 4-H years ago. Last week Marilyn reached the top of her pinnacle when she traveled to Greenbay, Wisconsin to the National 4-H Horticulture Judging Contest. Marilyn was one of four team members on the Kentucky Judging team -- a great honor to say the least.

While at the National Contest, their

team placed 6th Overall which was the best a Kentucky team has ever accomplished. Individually, two of the team members placed in the Top 12 in the Nation. Marilyn also competed in the Extemporaneous Speaking Contest in which she was a Runner-Up National winner.

Marilyn is the daughter of Lewis and Barbara Coffey of Brindle Ridge. We know they are very proud of their daughter. Along with them, the 4-H Council and all the people associated with the 4-H program would like to commend her on an excellent job.

Marilyn Coffey - National Team Judging Member

Around Brodhead

By: Mary McWhorter

Guests of Mr. and Mrs. Arthur McKinney Saturday were Mr. and Mrs. Charles Owens, Mr. and Mrs. Allen Owens of Knoxville, Tenn. and cousin Doris Owens of Corbin. They were cousins of the McKinneys whom they had never met before. It was a happy occasion. Angela McKinney and Jimmy McKinney celebrated their birthdays Sunday at the home of Mr. and Mrs. Arthur McKinney and Darrell. Those present were Mr. and Mrs. Jimmy McKinney, Sandy, Shane and friend Blake and Hope of Lexington, Mr. and Mrs. James Milton McKinney, Adam and Sara of Richmond, Mr. and Mrs. Genis Burdine, Janet and Steve, Mr. and Mrs. Novice Gentry Nicley and Kathy, Mr. and Mrs. Billy McKinney and Jeff, Mr. and Mrs. Tim McKinney and Blake, Mr. and Mrs. Jackie McKinney and Josh, Angila and Eric McKinney and friend Jeff VanHook. We sadly missed Danny and Betty

Jo as they were on a tour of Australia and New Zealand. Mr. and Mrs. Arthur McKinney visited Cecil Brown, a cousin and Aubrey Phelps in the nursing home last week.

Mr. and Mrs. Richard Courtney of Crittenden visited her sister Mae Doan and also visited Walter at the nursing home and their cousins Monroe and Gertrude Renner. Mae returned home with them for a visit with her other brothers and sisters and families. Mae returned home Saturday.

Our deepest sympathy goes to Mrs. Emma Shuts and all her family in the loss of their mother, Mrs. Mattie Sowder and also to Mrs. Bob Adams

Bryant-Winkler

Mike Winkler and Teresa Bryant of Brodhead were married November 3, 1990 at the home of the bride.

Mr. and Mrs. Troy Roberts of Rutledge, Tn. and Mrs. Sam Newton visited Mrs. Vallie Burton last Friday.

Dorothy Oakley of Henderson visited Mrs. Lillian Anglin and Mr. and Mrs. Bobby Anglin during the weekend.

Mrs. Linda Eaton and daughters Angie and Julie, Mrs. Jennifer Mate and baby and Patricia Holland were in Richmond Saturday.

Mrs. Stanley Graves of Indiana is visiting her father Curt Eversole, who

and all her sisters in the loss of their brother, James Clark, also James' widow and children in Stamford. Our prayers are for you.

Mr. and Mrs. Bill Craig of West Chester, Ohio visited with all of us Craigs and Wilma's brother Paul Hamm and family. It sure was good to have them in church with us Sunday evening. Now it's your time to come visit with us Neal, we all love you. Also hello to Sonny, Kim and daughters, we will be looking for you.

Pat and I were in Berea Sunday after church hoping to visit Sarah and Wanda Poff but couldn't find them at home, so now we are even. They came by last week to see me and I was gone, they left a note on the door. I worked at Parker Seal several years with them and a lot of others whom I would love to see. We were all like one big family.

The trees were so beautiful in Berea, all turning golden. Seeing so many students coming to and from the dorm reminded me of Ron and Bob when they were in college and I would drive by and ask someone outside to tell them I was there and I'd visit a short time with them in the car before coming home.

Sarah Albright, who is in a nursing home in Ohio, is doing well. Her sister Bessie Proctor is now bedfast at the home of her daughter Geneva. Our prayers are for her. We sure miss

them since they had to leave home. Everett Albright is still improving from his illness. He wishes to thank everyone for all the prayers, cards, flowers, etc., everything was appreciated.

Everett and Jean Albright and Garner and Mary Ann Brown celebrated their thirtieth wedding anniversary at the home of Jean and Everett enjoying a cookout.

Mrs. Nora Perry and husband Harold of Lexington spent Wednesday with her father Roy Hubbard and wife Esther.

Mrs. Eva Woodall and daughter Barbara Singleton were supper guests of Roy and Esther Hubbard Wednesday evening.

Mrs. Eula Peters and husband Lester of Lebanon, Ohio were Saturday visitors of Roy and Esther Hubbard, Eula was one of Mrs. Hubbards co-workers in Ohio.

Mr. and Mrs. Harley Adams, Tommy and Daphne Adams were last weekend visitors of Carl and Lucy Adams and Carl and Betty Hedrick in Indianapolis, Indiana.

I want to thank the evangelists for the revival: Monday-Bro. Carl Morton; Tues.-Bro. Bobby Lakes; Wed.-Bro. James Dargavell; Thurs.-Bro. Ronnie Wolfe; Fri.-Bro. Bob Jones; Sat.-Bro. Bob Jones; Sunday morning-Bro. John Clem; Sun. night-Bro. John Clem. Bro Robert Parker and his wife, sister Joan Parker and daughter Belinda visited the Grace Baptist Church last Sunday morning and Sunday night, Oct. 21. They live in Georgia.

Bro. James Dargavell preached Wednesday night again. I would like to thank Mr. Howard Saylor for sponsoring the little league score board over WRVK radio on Sat. mornings from 9 a.m. and also the youth football scoreboard, same time on Saturday mornings from 9 a.m. until 9:05 a.m. You can call Howard at Saylor's Pharmacy at 256-5224 for comments, located on Richmond Street in Mt. Vernon.

Pray for me, all you Christians, I am not feeling well but the good Lord will touch me.

Thank You
We would like to thank Ann Moore for the beautiful photography at our wedding, both our fathers and mothers for everything they did for us, cousin Billy for the art work and all friends and relatives for attending our wedding. You all made our day so special.

Our Readers

Write

(Cont. From A2)

sort of idea that our leaders are trying to drag us all into hell, and when they do they'll escape to some other planet in a space-ship. Come on, let reality slap you in the face for a while. This idea may make a good science fiction movie but I'm sure as any intelligent person knows this will never happen. My advice to you is to go to bed early at night and stop watching re-runs of Star-Trak.

Secondly, not that long ago you wrote a letter criticizing our vice president Dan Quayle. Why? The man hasn't even made any decision whatsoever that has affected you or me. You are like so many others who have put him down for no reason. Is it just me, or does that seem like a prejudice to you? Why not let the man do his job, make a contribution to our government and then make your comments freely.

Thirdly, you criticize our President for putting our troops in Saudia Arabia, sure nobody wants another Vietnam for it was a sad story but I feel that he is doing the only thing he can do. Because America is an industrialized society we have become dependent on other countries to supply us with oil. If Hussein, the puppet master. Praise be to our soldiers who are seeing that doesn't happen. As Socrates once said, "You may not respect your leader, but you should respect the position he or she holds."

I'm sure I speak for everyone when I say that we all know the shape of this country's in. However, a few of us like to look at the brighter side of things. Then there are people like you who only see the bad in everything and feel that you have to tell everybody about it. In today's world we need a country that works together, not against each other. If you feel like you have to change the world then maybe you should try other techniques. For instance pray for our President and our country. Set up an organization and write to your local congressman and maybe you might consider running for President yourself. (although I'd have nightmares of that idea) I feel that you should try to find something constructive to do with your time, instead of trying to unravel the system of democracy we have in this country.

The Rockcastle County FFA Chapter recently held the FFA Creed Speaking contest. Participants in the contest were, front row, from left: Mickey McClure and Johnny Lamb. Back row: James Robinson, Chuck Graves, Chris McHargue and Jason Stewart. Winner of the contest was Chuck Graves and he will represent the chapter in the regional competition.

Mt. Vernon Message

Mt. Vernon Elementary was allowed to send six representatives from the 5th grade to the 4-H speech contest held at M.V.E.S. on November 6. All the children worked very hard on their speeches. The Chapter 1 teachers did the judging, we felt they were qualified because of their special training in the language arts. Our winning students were Josh Bray on Leukemia, Cherie McHargue - Poppy and Me, Chad Silvers on Environment, all from Mrs. Sharon McKinneys room. Christy Mink - My First Dog from Mrs. Melinda Kinners room. Kent Smith on Statue of Liberty from Mrs. Karen Powell's room. Melissa Cromer on Cancer from Charles Napier's room. Congratulations to the winners and good luck November 6.

The halls of MVES were invaded Tuesday by ghosts and goblins. The students and teachers were dressed

for Halloween. There were witches, turtles, farmers, cats, pirates, batmen, and clowns. It was an exciting day for all.

The PTA volunteers gave a presentation to K-1 graders on seat belt safety. We explained the importance of seat belt safety with a song and color sheet for each child to take home. Each child received a certificate for being good listeners and learning about the safety reasons for seat belts. The children were great listeners.

The Mt. Vernon PTA would like to invite you to attend our meeting at 7 p.m. Nov. 13, in the school lunchroom. Paul Waddles will speak on Extended School and Jack Fortner from the D.A.R.E. will speak on drugs. Please attend.

Mrs. Shannon Bales 6th grade class has perfect attendance of 54 days. These students can not be recognized

enough for their great accomplishment. We wish these students continued success as they reach for their goals. We really appreciate your loyalty. Keep up the good work, you are very special and can do anything you set your minds to.

The membership drive contest ended Friday with Mrs. Shannon Bales class as our top winner in bringing in the most members, of 48. The classroom will receive a check from the PTA in the amount of \$50. Congratulations 6th grade. Ms. Angie Lawless is our winner of the student with the most members credited to her. She will receive a check from PTA in the amount of \$25. Congratulations to Angie and we appreciate every student's efforts and support on the program.

Thursday at MVES was unreal. The RCHS chorus under the supervision of Mrs. Joanna Ward gave a wonderful performance. The fantastic music and very important message on drugs was heard by all our students. The chorus does a great job

and we appreciate them sharing their talents with us. Thanks Mrs. Ward for a job well done.

Our Apples For Students program is going great. We are offering our students another incentive this week. The classroom with the largest total of cash register receipts on Friday November 9 will receive a free movie in their room with a free apple for each child in that room. Please send your cash register receipts from Food Fair for our Apples For the students Program. Your response has been wonderful for this program. We need your help and support. Thanks!

Sincerely yours,
Darlene Bowles, President
Mt. Vernon PTA

Scholarship winner

Kristy Fletcher, daughter of Ginger and Kevin Fletcher of Mt. Vernon, has been awarded the Marlene Begley Young Scholarship in Piano at Eastern Kentucky University. She is a freshman music major at EKV. The scholarship is given annually in memory of the late Robert B. Begley and honors his pianist daughter Marlene Begley Young of Lexington. The scholarship award is given to a student majoring in piano at EKV and is based on talent and ability. With Fletcher, who is a 1990 graduate of Rockcastle County High School and plans a career in music education, is Mrs. Robert B. Begley, left, and Dr. John Roberts, chairman of EKV's Department of Music.

Junior High Tiger Talk

Heath Saylor's favorite food is pizza and his favorite hairstyle is flat top and stripes. In his spare time he likes to play football. His hobby is motor-cycling. He enjoys listening to M.C. Hammer. Heath thinks the student council will be good because we can tell them what we think. He likes our new assistant principal, Mr. McKinney, because "he gets things done that need to be done". Heath doesn't think it's important to be like everyone else. When asked about the Persian Gulf crisis he felt that his father and all of the other soldiers are there for no reason at all.

"Continuing Education"

(Cont. From A8)
Tuesday evening from 5:30 - 7:30 p.m. with Roseann Longworth, instructor. The cost of \$25 includes the text.

This course will teach proficiency in American Sign Language (ASL), the method of communication used by most profound deaf people. New signs will be introduced each week, and course participants will use the signs conversationally during each class session.

Making Paper Earrings - Just in time for Christmas - child dressing up for holiday parties or for gift giving! Participants will make two pairs of earrings out of water color paper. Regina Vanhooser will be the instructor and the class will meet Thursday, Nov. 15, 6:30 - 8:30. The cost of \$11 includes the supplies.

For more information, please call the Continuing Education office at SCC at 606-679-8501, ext. 210. Pre-registration is requested.

Danielle Sowder's favorite food is pizza. Listening to the radio is her hobby and in her spare time she watches television. Her favorite rock group is War and her favorite movie star is Mel Gibson. Her favorite hairstyle is a curly perm. Her opinion on the Persian Gulf crisis is that they are crazy for wasting money when it could be used for other things. Danielle thinks the student council is very important. She doesn't think it's important to dress alike.

Tonya Callahan enjoys playing basketball and talking to her friends. Her favorite rock group is Poison and she likes "her" hairstyle. Tonya feels the student council gives Mr. McKinney ideas about improving our school, and she also thinks it has helped our attendance. If Tonya could make improvements to our school she said, "I would try to make the food in the cafeteria better."

John Koening was asked if he had three wishes what would they be and he replied, "On tour with Metallica, live in California, and own my own skateboarding company." John enjoys skateboarding a lot. He says, "It's a way of life." His favorite food is Godfather's pizza and his favorite drink is Ale-8. John feels drugs are crazy to use because they hurt you."

Mrs. Caroline Graves has been teaching math at BES for about one and one-half years. She wanted to teach at BES because she lives in Brodhead and she feels she would be more dedicated since she went here too! She chose to teach junior high because she thinks the students are unique and that she can relate to them. Mrs. Graves favorite food is sweet and sour chicken. She likes all varieties of music.

When she is at home she likes to play the piano, work outdoors, and play with her son, Ben, and dog, Chaney. We enjoy having Mrs. Graves as a part of junior high!

Winners are not uncommon at Brodhead Elementary and this week we congratulate Slade Moore and John LaFavers for their county win in the 4-H Poster Contest.

Mrs. Judy Doyle and Mrs. Katherine Bradley spent last Wed. A.RCHS in a NASA Space Workshop sponsored by Forward in the Fifth. Sue Darnell, space-specialist, instructed the participants of ways space technology can be integrated into the curriculum. This professional development series is one of the many ways that Forward in the Fifth has benefited our schools. If you are interested in being a member of Forward in the Fifth, just send your \$2 membership fee to the school.

Mrs. Ladoy Graves' fifth and sixth grade class has enjoyed various fun learning activities this year. They have studied bar graphs and circle graphs using M&M's and Skittles. They used Reese's Cups to show that words can have more than one meaning and popped popcorn in celebration of National Popcorn Month. Self Learning can be a broadening experience!

Mrs. Little and Mrs. Goldie Blanton are proud of their kindergarten students' attendance. They report the morning class has several days perfect attendance and the afternoon class with twelve. Parents deserve much of the credit with their encouragement and support.

The PTA Fundraiser (candy and popcorn) has arrived. Students who sold large amounts will need their parents to pick their orders up at school. Also, the PTA monthly meeting is tonight (Thursday). You can have input as to ways profit from the Fundraiser may be used.

Students participating in the Eastern Kentucky University grant, Designation Graduation, are going to Eksters, Saturday to see a production of "The Lion, the Witch and the Wardrobe". This play will be performed by Model students in

season, 26, Curtis Carlton.
Tied individual records: quarter-back sacks one game, 3, Scotty Hines; punts blocked, 1, Jay Brown; touchdowns one season, 14, J.D. Harris and touchdowns from line of scrimmage, 13, J.D. Harris.

Williamsburg game

The Rockets entered the season

against Lynn Camp and were plagued with injuries and they ended the season with Williamsburg and again were plagued with another injury.
J.D. Harris, the leading rusher for the Rockets, received a broken ankle on the 11th year carry. Teammate Mike Spires had the other on a four yard run.
But it was fate that took over as junior running back William Bullens stepped in to take over the running assignment for the Rockets' offense and did so in high fashion.
Bullens rushed for 242 yards while scoring five touchdowns to

spurt the Rockets on to a, 48-21, win over Williamsburg.
Bullens had two of the three touchdowns scored by the Rockets in the first quarter. Bullens took the first in on a 23 yard run and the second on a 11 yard carry. Teammate Mike Spires had the other on a four yard run.
And Bullens was able to snatch his third TD of the game in the second quarter on a 21 yard scramble. And quarterback Scott Parkey tucked on the fourth score for the Rockets, six plays later, on a two yard run.

Although Williamsburg did manage to post three touchdowns for 21 points during the game, it was all Rockets in their final victory.
Bullens got his final two scores in the second half, the first on a three yard carry in the third quarter and his final in the fourth on a 24 yard return of a fumble recovery.
It was another easy win for the football team of Rockcastle and a cold night for Coach Larkey and defensive coordinator Tony Saylor. Although they were drenched with the ceremonial water jug before the game had actually ended, they conducted themselves like true gentlemen and continued the game as if nothing ever happened.

Larkey also said that he would like to extend his gratitude and appreciation to the whole community of Rockcastle County for their support during the year especially when the Rockets needed it.
Larkey also announced that the Rockets' banquet will be held Tuesday, November 20, at RCHS. Invitations will be sent out.

The Junior Varsity Team won one of its three matches, beating Clay County by one point, but losing to Knox Central by 10 and to Laurel County by four.
The teams will travel to Russell County tonight to spar against Russell and Laurel Counties.

American Cancer Society News

By: Lu Ed Nielsen

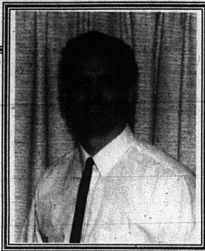

On October 3, the American Cancer Society held Grocer's Day which was sponsored by our local Food Fair Grocery. Bill Doan, manager, was very gracious in working with us. This was the first time this was held with Food Fair, reported Lu Ed Nielsen, president of the local unit.

Approximately \$300 was donated through Food Fair's 5% gift of their gross profits for the day. Also \$76 was collected from the Pepsi wagon and balloon bust and raffle tickets.

I want to thank Ginny Gilpatrick for her nutrition demonstration, Roxanne Hammond and Linda Martin for their blood pressure clinic, the Special Ed Class at MVES for the help with the Pepsi machine and hotdogs, Buford Parkerson, Betty Carter, Eddie Hammond, Alice Clout, and Cathy Silmon for all their help and a special thank you to Bobby Saylor for the use of her property and electricity. This project has special meaning to her because of the illness of her father.

Thank you WRVK for your remote broadcast and to the Mt. Vernon Signal for their publication.

Yesterday, Nov. 5, I spent the day at UK Medical Center. I saw approximately 18 children from a small baby to an 18-year-old who were getting chemo. To see these small children take these drugs in an effort to save their life was extremely touching. At this time I am not aware of any children in Rockcastle County having any form of cancer, leukemia or AIDS. If you know a child please let me know. I can be reached at 758-4088.

Livingston High School reunion held at Ramada Inn October 27

The Livingston High School reunion was held at the Charcol House at Ramada Inn in London, Oct. 27, 1990. Those in attendance enjoyed a delicious dinner as well as wonderful socializing with friends and getting reacquainted with classmates of former years.

Another business meeting was held with Harold Robinson chairing until Burchell Clark and Patricia Phillips Kincer were elected to serve as co-chairpersons. Corky Mink Waddles was elected as secretary/treasurer. Clara Fields and Billie Gilliam will serve on the food committee. Other committees are in the process of being formed.

Elsie Gilliam Jones of Lameroy was honored for being the earliest graduate in attendance. Elsie won a door prize of a beautiful basket of flowers. Mr. and Mrs. Bobby Mullins of Richmond, Indiana won the other door prize which was dinner for two. Those in attendance voted to contribute two dollars each to get a fund started for operating expenses and hopefully in the future being able to contribute to Livingston School in some way or helping a Livingston student by providing a scholarship.

It was decided that the yearly reunion will be held on the last Saturday night in October at the Charcol House.

A decision was made to start a "Livingston High School Hall of Fame" to which at least one teacher will be inducted each year. There will be a committee for screening nominations and making the final selection before the reunion each year. The nominee will be announced and honored at the reunion.

Nominations may be made by writing a letter, telling how a teacher from LHS influenced your life. Give reasons for nominating the teacher to the "Hall of Fame". Letters may be sent to: Mrs. Keith Kincer, Lavender Falls, Lameroy, KY 40341. Letters should be received by Sept. 15, 1991. Start planning now for next year by making your nominations. Concern was expressed for those who do not attend the LHS reunion. We know that there are occasions when anyone cannot attend but we believe more of you could attend with some effort. We really would like to see you there.

Cox honored for academic achievement by Phi Kappa Phi

A Rockcastle County resident is among 29 Eastern Kentucky University students honored recently for academic achievement by Phi Kappa Phi, one of the nation's most prestigious honor societies.

Shirley S. Cox of Maple Dr., Mt. Vernon, received a certificate at a special awards ceremony held Oct. 18.

EKU's chapter of Phi Kappa Phi sponsors an awards ceremony each fall semester to honor outstanding underclassmen. Induction into the full society is held in spring semester for students completing their third year of college study.

Grade point criteria are the same for both the awards ceremony and the full Society. Underclass honorees need have completed only 24 to 36 hours of work.

Phi Kappa Phi, a national honor society founded in 1897, is devoted to the encouragement and recognition of outstanding scholarship in all academic fields.

To be selected for membership, a student must be of good character and maintain a minimum grade point

average of 3.7 on a 4.0 scale for the first three years of university study.

"We are always pleased to recognize those students who excel academically," said EKU President Hanly Livingston.

"Because of the high academic standards for admission, being honored by Phi Kappa Phi is truly an outstanding accomplishment."

EKU's chapter was established in 1971. Since that time, more than 1,150 Eastern students have been invited to membership.

The fall semester underclass honor ceremony is a custom that is being reported at EKU; Society officials report.

"We hope that by recognizing outstanding underclassmen, they'll be encouraged to maintain their high level of work," said Dr. Charles L. Elliott, an associate professor in the EKU Department of Biological Sciences and the secretary-treasurer of the EKU Phi Kappa Phi chapter.

"If so, they'll be able to join us later in their academic career and be inducted into full membership in Phi Kappa Phi."

FHA trip to Massachusetts was informative; adventurous

As everyone gathered in front of the school at 4:45 a.m. on October 25, the excitement could be detected in the actions and voices of the group. As we loaded into four cars to drive to the Lexington airport, we could hardly believe that in a few short hours we would be on our way to Massachusetts.

At the airport we said our last good-byes to family and friends, and boarded the US Air flight 123. From Lexington we flew to Pittsburgh for a short layover, and then on to Massachusetts.

When we arrived from our three hour flight, we gathered all of our belongings and packed them into rental cars. Since we arrived at 10:15 a.m. there was plenty of time for some sightseeing and shopping. Our first stop was Cape Cod, where we spent our first night, and from there we rode a ferry boat over to Martha's Vineyard.

The next morning we traveled on to Framingham, Massachusetts for our opening sessions held at the Framingham State College. The theme, "Tune in to the 90's", was presented through slides projected onto three screens. One of the main ideas of the slide presentation was becoming more aware of things that are happening today in the world around us. After the opening session, a guest speaker spoke on some common teen issues, such as pressure from peers and teenage pregnancies. Around 11 p.m. everyone returned to their sleeping quarters for a good night's rest.

Early Saturday morning, officers divided up and attended many of the following meetings: Imagine Me (discovering yourself), High Anxiety (dealing with stress), Body Shop (Keeping your body fit), An Open Door (learning more about the homeless), Discover the Beat (learning more about FHA/HERO). The officers worked hard developing better skills to take back to the local chapter.

Sunday started with the morning inspiration presented in the Grand Ballroom of the hotel. Afterwards, the officers split up once again to attend more officer training workshops.

The closing, given by Mr. George Dare, was a funny and inspirational talk, with added musical lyrics, called "Rich Enough to Give Back". The message expressed how giving to others, through actions and words, may help them in the long run.

From Framingham we traveled on through New Hampshire, and then on to Maine. In Maine we did a little shopping and rested up from our unfilled weekend.

Monday morning we left Maine and headed for Vermont. There we stayed at a ski resort in the snow covered mountains. While we were there, we saw Norman Rockwell's home, and a covered bridge which he had painted.

Massachusetts was both the first and last stop. There we spent a little time in the gift shops, and then boarded the flight headed for home.

Model Lab Children's Theatre. Our students have received tutoring and incentives for participation and have been on field trips. Earlier the students attended a ballgame at Eastern.

Mrs. Dyehouse's class has had 21 days of perfect attendance. Kathy McCauley, parent and volunteer through the Home Extension Office, has visited Ms. Linda Cummins', Ms. Kelly Penso's and Ms. Charlotte Bullock's fourth grades, with the Latch Key Program. Mrs. McCauley instructs the children concerning personal and home safety procedures while home alone before or after school. We appreciate Mrs. McCauley's interest and efforts in the safety of our students.

Teen Center News

This was a week of good-byes at the Teen Center. Last weekend a young boy left to attend Oneida Baptist Institute. On Wednesday our volunteer left to go back to his home in Joliet, his three months of service to Christian Appalachian Project having been completed. Finally, on Saturday, one of our girls moved out of the country with her parents. These young people were among those who Walked for Hunger, sold Spook Insurance, and daily added their enthusiasm and support at the Center. They have left a void and they are missed.

Their absence brings to mind the slogan that titles the Rockcastle Teen Center Flier, "You are a Valuable Person". "We value your feelings, your ideas, your independence." When these young people left we all became keenly aware of just how much we valued their presence; no matter that there are over a hundred others who use the Center, each is unique and tears are shed when one leaves.

All teens are invited to attend any of the scheduled programs, or just

drop in to play games with their friends, work on projects, or do their homework. If you have a special talent or interest, or if you are afraid you won't fit in with the crowd, let the staff know and we will help you find a special place. We do value individual differences and try to provide some activities that will appeal to just about everybody. Coming up on the Saturday after Thanksgiving is a trip to the EKU Planetarium. Teens who would like to go need to sign up and pay in advance. The cost is three dollars and the van will stop at MacD's on the way. Participation will be on a first to register basis.

Open Forums

to discuss new construction project for Rockcastle County School System

Thurs., Nov. 15, 1990 7 p.m. - Livingston Elementary

Mon., Nov. 19, 1990 7 p.m. - Brodhead Elementary

Mon., Nov. 26, 1990 7 p.m. - Roundstone Elementary

The forums are being held by the subcommittee for a 'Long Range Building Plan' of the Strategic Planning Committee and two plans will be presented for discussion. After all forums are held, the subcommittee will then make their recommendation to the Rockcastle County Board of Education.

Plans for discussion are:
Construct a new county consolidated middle school (grades 6-8) This would alleviate the need for additional classroom space throughout all elementary schools in the county. This would also place the status of maintaining Livingston Elementary School in jeopardy. The concept would be that our school system would have elementary school centers (Grades K-5); a middle school center (Grades 6 - 8) and a high school center (Grades 9 - 12).

Construct a New Livingston Elementary School; Renovate and add needed space at Brodhead and Roundstone Elementary Schools; This would require redistricting approximately 150 to 200 students presently attending Mt. Vernon Elementary School to attend the new Livingston Elementary School. The concept would be that our school system would continue to maintain four elementary school centers (Grades K-8) and a high school center (Grades 9 - 12).

Some very important decisions need to be made in order for the subcommittee to make a recommendation to the Board of Education in regard to the school system's future facilities construction plans.

It is important that the general public attend the public forums to give comments and concerns to the subcommittee.

\$11,000 grant from state

Residents of Rockcastle County can retire a debt and construct some office spaces at a public transit facility as a result of a state grant announced recently by Gov. Wallace G. Wilkinson.

An \$11,000 grant from the Area Development Fund has been awarded to the Rural Transit Enterprises Coordinated, Inc. for construction of office spaces and a conference room at a public transit facility in Mt. Vernon.

It will also help retire the building note. Local funds in the amount of \$788,19 have also been committed to the project.

The Area Development Fund is a capital projects program administered by the Department of Local Government in the Office of the Governor.

The state's 15 area development districts make recommendations to the department on the basis of state law and policy for project funding. The Cumberland Valley Area Development District Board of Directors recommended this project.

Several fires during week

Barn fires kept Mt. Vernon firemen busy last week.

A barn belonging to Everett W. Sparks on Little Clear Creek Road was destroyed by fire about 8:30 p.m. Nov. 3. Mt. Vernon firemen reported.

Another barn, thought to be owned by Wilber Norton on Cave Ridge was heavily damaged by fire about 8:30 p.m. Nov. 3.

And again, on Nov 3 at 7:30 p.m., a fire destroyed a Jeep owned by Sue Denny on Chestnut Ridge Road, firemen reported.

Livingston firemen extinguished a fire at the home of Roland Tankersley. The house was heavily damaged, firemen reported.

Improvements for Quail - Bea Lick road

The state will provide funds for a sight distance correction on KY 328, Quail-Bea Lick Road in Rockcastle County, according to Gov. Wallace G. Wilkinson.

"We are continuously seeking ways to improve the safety of Kentucky travelers," Wilkinson said. "This much needed project in Rockcastle County is a prime example of these efforts."

According to Transportation Secretary and Commissioner of Highways, Milo D. Bryant, the project is estimated to cost a total of \$25,000 and will be funded through the Rural Secondary Special Emergency Account. Transportation Cabinet workers will be completing the work on the road improvement as soon as time permits.

Financial help requested by ambulance service

By: Ray McClure
Claiming hard times, Tom Welch, chairman of the Rockcastle Ambulance Board, asked the Rockcastle fiscal court for more money for expenses at a meeting of the Rockcastle Fiscal Court Tuesday.

Reporting the service has not had an increase from the fiscal court since 1986, Welch said if more money is not available, "We'll just have to throw

Fires destroy 50 acres here

Forest fires burned about 50 acres in the south area of the county over the weekend, according to Rockcastle Forest Ranger Marvin Stone.

There were several fires during the time that may have been set. They were in the Daniel Boone National Forest and at least two or more that were extinguished on property belonging to Z. Graves and Calvin Mize.

One other fire was reported in the Sand Hill area. The fires were the first reported in 1989-90 fiscal year it was \$271,000. In the past two years several large fires had been reported by this time of the year.

it back on the court to resolve." He asked the court to pay the remaining \$18,000 owed on an ambulance that is two years old and cost about \$32,000 to purchase and equip. He also asked the court to up the court's contribution from \$1,500 a year to \$3,000 a year.

He pointed out that the ambulance service wrote off \$36,000 in unpaid bills in 1988 - 1989 and \$81,000 in the 1989-1990 years. He said maintenance on the service's ambulances was \$4,300 a year in 1989 fiscal year, \$8,159 in the 1989-90 fiscal year, written off since July 1 was \$27,000.

He said the service could not change the rate for ambulances, \$75 for a pick-up plus \$2 a mile.

County Judge/Executive Roland Mullins told Welch "We want to help and it is important that we see how we can help." He suggested he and Welch get together and go over the finances of the service noting in the service report that figures show gross revenue for 1986 was \$142,000 and in the 1989-90 fiscal year it was \$271,000. The magistrates and Welch agreed to discuss the finances.

Following a meeting with the Brothead fair board and 4-B owners

the court approved application for a \$40,000 grant from the Land and Water Conservation Fund to upgrade the fairgrounds including drainage, bleachers and lighting. The grant will be \$20,000 with in-kind contribution of \$20,000 by the court. The court approved the appointment of Judy Proctor of Conway to the Rockcastle Library Board.

Christmas parade Dec. 8

The Rockcastle Region Street Ridders are organizing a countywide 1990 Christmas Parade for December 8 at 1 p.m. Line up at Mt. Vernon Elementary at 12:00 noon. The theme for floats is a "Rockcastle Special Christmas" \$300 - first; \$200 - second; \$100 - third.

Brush Creek construction site robbed

Building contractor Devala (Dee) Hopkins had an unpleasant weekend.

Building a house in the Brush Creek area, Hopkins lost several hundred dollars in thefts. Reported to Sheriff Shirley Smith were the following items: Two drills, three 100-foot extension cords, a 4-foot level, a leather nail pouch, a 30-foot tape measure, a hammer, three door locks, two inside black porch lights and an aluminum folding ladder.

Deputy Sheriff Phillip Chesnut investigated. Anyone with information is asked to call the sheriff's office.

Sheriff Smith found a stolen burgled 1981 Chevrolet Camaro on Green Pond Ridge. The car belonged to Tim Willis of Beata.

the sheriff. County Clerk Norma Houk asked the court to approve \$90,000 for salary increases for her deputy clerks and to allow her to hire two part-time clerks to operate the office computer. The court agreed. Money comes from her fees.

Two officials from Falcon TV cable told the court they would check several areas to determine if the company could provide service asked by county residents.

The court voted to ask company officials to appear at a court meeting after Jan. 1 to discuss rates.

The court approved payment of \$12,000 to architect Garlan Vanhook.

Bishop Lafayette band member

Angela-Michelle Bishop, a senior at Lafayette High School, is a clarinetist in the Lafayette Marching Band which won the recent Championship of Bands at Eastern Kentucky University last Saturday night. The band was named Ky. State Champions in the Class A-A Division before 20,000 in attendance.

Angela is the daughter of Mr. and Mrs. Gene Bishop, formerly of Brothead and the granddaughter of Mr. and Mrs. Shiri Brown of Brothead, who attended the finals Saturday night at EKU.

The Lafayette High School band consists of 111 marching band members and 47 color guards. They have been named grand champion in all the marching contests they have entered this year including the prestigious Contest of Champions in Murfreesboro, Tenn. where they competed against bands from Kentucky, Tennessee, Indiana, Illinois and Ohio.

Concert will benefit REAP

A special benefit gospel concert featuring Jeff and Sheri Easter, has been scheduled for 3 p.m. Sunday, Nov. 18 at Renfro Valley.

Also performing will be Marsha Fuller-Williams, from Lexington, who is seen on most local telethons. Tickets are \$10 each for adults and half-price for children under 12, with a portion of the proceeds being used to benefit the Rockcastle Emergency Assistance Program (R.E.A.P.).

The music of Jeff and Sheri Easter represents a continuation of the legacies of two of gospel music's foremost families. Jeff began performing with gospel music's famed Easter Brothers when he was 13, playing bass guitar, piano, drums and harmonica. In 1985, Jeff became a member of bluegrass gospel's favorite family, the Lewis Family, twice when he married Sheri and when he joined the Lewis touring ensemble.

Sheri also started singing in her teens, traveling to local churches on the weekends with a contemporary Christian group. Sheri performed with the Lewis Family through high school and college. Sheri's emotive vocals twice earned her the Favorite Female Vocalist, Contemporary, title from the Society For The Preservation Of Bluegrass Music.

R.E.A.P., the organization that will benefit from a portion of the proceeds of this special concert, is a local food supplement program that has served over 500 families (Over 2,000 people) since it was established in 1988. The volunteer based operation provides food for burnout victims,

flood victims, people who have lost jobs and have no assistance.

R.E.A.P. is an associate member of God's Pantry, a large food bank in Lexington. Both R.E.A.P. and God's Pantry are affiliates of the National Second Harvest Program.

R.E.A.P. can supply the basic food needs for families from 1 to 10 for 3 to 5 days. Use of their service is limited to 4 to 6 visits per year.

The program was sponsored by and has worked closely with the Christian Appalachian Project's Christmas Food Box Program.

The president of R.E.A.P. and Pastor of the First Christian Church in Mt. Vernon, Bro. Eddie Hammonds, tells us that the program has also worked in conjunction with the Department of Social Services and local gospel groups in their annual Christmas Benefit Sing at Renfro Valley.

"Several local businesses, churches, civic groups and individuals are involved in supporting R.E.A.P.," Hammonds said, "as well as other organizations such as Parker Seal, Boonesway Farms and Laurel Hill."

But the supply has not begun to meet the demand in this area. However, it is events like the gospel benefit at Renfro Valley that will help to build supply so that we can better serve the needy in this area," says Hammonds.

Eight seniors played their last game as Rockcastle County High School football players Friday night, at RCHS, against Williamsburg. The seniors can always remember themselves as members of one of the best

Rockets end season with, 48-21, win over Williamsburg and tie RCHS season record

By: Spencer Bengé

They cheered for only a moment and then shook the hands of Williamsburg and walked silently away. A hug was exchanged here and a handshake there. They cheered no longer, the Rockcastle football season was over.

However, the Rockets did defeat Williamsburg, 48-21, Friday night at RCHS and did tie the RCHS season record of nine wins and only two losses. But the emotion of the players told a different story.

The realization of not making the playoffs set in as they marched into the end zone for their final lecture from Rockets' head coach Tom Larkey. And the realization only hardened when time came to bid farewell to the senior players, who played their last game as a Rocket. Those seniors are Scotty Hines, Darrell Sizemore, Jay Brown, Kevin Goff, Chuck Davis, Mike Spires, Mitchell Durham and Billy Todd.

"I'm very proud of you," said Coach Larkey in his final speech after the game, "and I think you all have a lot to be proud of, too."

Of course, Larkey was right. The Rockets have accomplished a great deal this year and although they do have reason to be disappointed, they have a whole lot to be proud of.

The season briefly

The Rockets with their superb football program were a dominating force early on through the season. They matched and outplayed the first six teams they faced and only im-

proved as the season progressed.

And Coach Larkey backed the fact when he said earlier this week that the 1990 Rockets were the most improved team from one year to the next that he has ever been a part of.

But of course, their 9-2, record speaks for itself.

The Rockets always put on a good showing through the season, whether it was a blowout, which most were, or a close game. And they only failed twice, once to powerhouse Bell County and once to Cawood in over-

time. But it was the Cawood game that proved to be the big game of the year and the one that eliminated the Rockets from this year's district playoffs.

And two controversial calls by the referees during the Cawood game may very well have been the deciding factor of the game. The score was tied with the Rockets in possession in the closing minutes of the ballgame.

The Rockets were deep in Cawood territory and were faced with a third down and six yards to go. Sophomore running back J.D. Harris got the call and carried the ball to what looked to be a first down. But after the field was cleared the ball was marked about a foot behind the first down marker.

So now faced with fourth and inches, the Rockets went for it. Quarterback Scott Parkey tried the quarterback sneak and again it appeared the Rockets had the first down. But one again the ball was marked short of the first down.

And Coach Larkey was the first to admit that after reviewing the game tape that he was confident that they

did get the first down.

However, the game did go into overtime and it was there that Cawood scored the deciding touchdown that eliminated the Rockets from the playoffs.

And from the Cawood game on the Rockets set their goal of tying the school record of 9-2 and did just that with three consecutive wins. And made their mark as one of the best football teams ever at RCHS.

A record year

Not only were the Rockets successful but they were impressive. The Rockets set eight new team records and tied two. They also set seven new individual records while also tying four. All records that have been established during Coach Larkey's tenure at RCHS.

The new team records: most points scored, 252; highest point average per game, 22.9; Most points in one game, 54; most fumble recoveries one season, 12; most yards rushing one game, 379 and most yards rushing one season, 2753.

Tied team records: season record, 9-2 and shut-outs one season, 2. The new individual records: most touchdowns one game, 5, William Bullens; most yards gained one game, 242, William Bullens; most fumble recoveries one game, 3, William Hellard; most quarterback sacks one season, 11, Scotty Hines; most extra-point one game, 6, Curtis Cotton; most points by kicker, 29, Curtis Cotton and most extra-points one

Mt. Vernon takes first and Roundstone third in Science Hill Tourney

The Mt. Vernon Red Devils 7th and 8th grade girls' team, who have been undefeated within Rockcastle County for the past two years, swept the Science Hill 7th and 8th grade girls' Tourney held this past weekend at Science Hill. The Roundstone Eagles took third place.

Mt. Vernon defeated Roundstone, 58-40, Saturday to advance and then went on to crush host Science Hill, 65-32, in the championship game Sunday to capture the title.

And Roundstone punched out Shephard, 57-42, in the consolation game to take home third place.

Receiving honors by being selected to the all-tourney team were Mt. Vernon players Becky Osborne and Heather Deckard and Roundstone's Jamaica Cummins and Teresa Robinson.

And also deserving recognition are the Mt. Vernon cheerleaders, who took home first place in the cheer-leading competition. Look for a photo of the winning cheerleaders in next week's Signal.

Mt. Vernon head coach Judy Bullock watched her team get the hot hand as Melinda Smith and Becky Osborne both pumped in 19 points each to lead the Red Devils to victory over Roundstone Saturday. Heather Deckard also fired in an impressive 15. And adding to the score were Brandy Chasteen with four points and Melinda Alcorn with one.

Jamica Cummins snatched the high point total with 14 for Catsby Short's Eagles while Teresa Robinson followed in with a close 12. Other Eagles scoring in the losing effort were Ginger Mink with seven, Kim Poyner and Amber Coffey with two each and Stacie Isaacs with one.

Becky Osborne opened up the cannon again in Sunday's championship win over Science Hill by pouring in a tourney high of 24 points. Also reaching double figures were Heather Deckard with 17 and Melinda Smith with 14. And rounding out the 65 were Brandy Chasteen with four and Cassie Mullins, Melinda Alcorn and Dee Reams, all with one.

Three players helped the Roundstone Eagles to their 57-42 win over Shephard Sunday for third place. Teresa Robinson fired in 20, Jamaica Cummins had a good night with 18 and Ginger Mink followed suit with 13. And also reaching the scorebook were LeAnn Sigmon with four and Stacie Isaacs with 2.

Aside from the tourney, there were several games around the county this past week.

Science Hill got some revenge Monday night when they defeated the Livingston Red Devils, 42-23.

Scoring for Livingston were Rosemary Parker with 11, Amy Parker, Tammy Smith and Dorothy (Cont. to B-3)

Scalf all had three points, Susie Carpenter had two and Rhonda Collins got one.

Mt. Vernon also played again Monday night at Brodhead and came from a 13-0 deficit in the third quarter to win, 30-21.

But it was Becky Osborne coming to the rescue again for the Red Devils as she poured in 20 points, all in the second half, to bring her team over the hump for the win. Other Red Devils scoring were Heather Decker with five, Brandy Chasten with three and Dee Reams with two.

Leading the Brodhead Tigers in the losing effort was Donna Cash with 14 points. Amy Robinson also had four, Angie Moore got two and Tonya Calahan had one.

The Brodhead 5th and 6th grade girls' team on the other hand got their win handily, 20-6, over Mt. Vernon. Kristi Moore fired in 18 to lead the Tigers to victory while Beth Durham added the other two.

Scoring for Mt. Vernon were Dana Reynolds with four and Bethanie Hammonds with two. Mt. Vernon also took on visiting Garrard County last Thursday. Garrard won the 5th and 6th grade game, 29-6, and the 7th and 8th grade game, 42-23.

Scoring for Mt. Vernon in the 5th and 6th grade game were Nikki Bullock with four and Bethanie Hammonds with two.

Mt. Vernon 7th and 8th grade players scoring in the second game were Melinda Smith with 10, Becky Osborne had nine and Dee Reams with four.

Scouts will be scouting for food November 10-17

The Blue Grass Council, Boy Scouts of America will be conducting its annual food drive, "Scouting for Food", Nov. 10 through 17. The Boy Scouts, Cub Scouts, and Explorers in fifty south central and eastern Kentucky counties will go door to door handing out food bags on the 10th and then collecting the filled bags on the 17th.

This is the third year for this food drive conducted by Scouts all across America. "Scouting for Food" is a very unique food drive. It is one of the only organized food drives covering such a large geographic area. In each of the counties, where there is an emergency food center, the food remains in that county. The Scouts are helping people in their community.

This food drive is also one of the easiest for the community to participate in: the Scouts do all of the work. The bag should be filled with canned or non-perishable items, such as chunky soups, dry milk, baby formula, and peanut butter. If you do not receive a bag, please contact the Scout office at (606) 231-7811 or a local

scout unit. The sponsors providing the bags for this drive are Ale-8 One, Foodtown, and SuperAmerica. These sponsors should be commended for their community spirit. It takes 150,000 bags to cover those 50 counties.

Bluegrass Council

Four Rockcastle County adults attended the Bluegrass Council Annual Council Scout Pow Wow in Lexington on Sat. Nov. 3. Attending from Roundstone Pack 203 were Kathy Coffey and Vickie Thacker, and from Mt. Vernon Pack 263 were Vickie Tyler and John Tyler.

After registration at 8 a.m. there were over 20 training classes to choose from, such as cub grub, leathercraft, Webelos activities, games, plastercraft and many more. Lunch was in the form of the Blue/Gold Banquet. Closing ceremonies were at 4:30 p.m. Many new friends were made, phone numbers exchanged and plans made to attend the Pow Wow next year.

Kevin Smith enlists in U.S. Army

Kevin Leon Smith, of Mt. Vernon, has enlisted in the U.S. Army's Delayed Entry Program. He is the son of Jimmy and Hazel Smith. Smith graduated from Rockcastle County High School in May 1988.

As a member of the delayed entry program, Smith secured his choice of training, while taking up to 12 months before actually reporting for active duty. He will report on November 23, 1990 to Fort Leonardwood, Missouri, where he will attend the Army's eight

week basic training course. Upon completion of basic, Smith will report to Fort Lee, Virginia, for training as a Petroleum Supply Specialist.

Army recruiter SFC Michael Carr assisted Smith with his enlistment and Army College Fund application. Anyone interested in learning more about Army opportunities may contact SFC Carr at 630-A University Shopping Center, Richmond, or call him at 623-1270.

Transplant trees, shrubs this fall for healthy specimens next spring

By: Tom Mills
County Extension Agent
for Agriculture

Fall is the best time of the year to move trees or shrubs that have outgrown a location or set out new ones. The climate and the plant conditions encourage reestablishment of trees and shrubs set out in the fall. The best time to transplant is late September through early December, with the exception of plants that are

marginally winter hardy and those classified as broadleaf evergreens. Deciduous plants can be moved any time the soil is not too wet or frozen solid.

When plants are dug, up to 90 percent of the feeder roots are cut off. These small roots are responsible for absorbing water and nutrients, and must be reformed if the plant is to become established in the new location.

A plant's root system will grow, forming new feeder roots, most rapidly when the soil temperature is between 32 degrees and 50 degrees. The soil temperature in Kentucky is in this range most of the winter. So, plants transplanted in the fall have the opportunity to become reestablished before the onset of hot, dry summer weather.

Conversely, plants moved in late spring do not reform as many feeder roots before new leaves start making demands for water and nutrients

"PUBLIC FORUM" (Cont. From Front)

good work that is going on at Mt. Vernon. Board Chairman George Poynter told the group it was certainly a touchy subject and that the board could not make any type of decision on Tuesday night, but the board would look into the matter and try to decide how would be the best way to handle the situation for all concerned.

Poynter also commented that he did not think the group in attendance would be satisfied if a poll of students and parents came back unfavorable. "You people still would not be satisfied with the Devil Mascot, would you?" Poynter asked. The group agreed that they would not be satisfied until the name of the Mascot was changed.

Earlier this year Mt. Vernon principal John Hale polled students and parents about a possible Mascot name change. He reported to the board that there was no significant findings that indicated a desire by the community and school as a whole to change the name.

Just what the next step is for the concerned parents was somewhat unclear, but the Mascot situation at Mt. Vernon seems to be far from settled.

"Revised Ordinances" (Cont. From Front)

vote on the revised duck hunting ordinance and other proposals. The monthly police and fire report was made to the council and included: 160 complaints, 10 alcohol intoxication arrests, 4 other arrests including driving under the influence arrests, 22 traffic accident investigations, 28 assists, 14 motorist assists, 4 public services rendered and citations, 6 domestic incidents, 1 theft/robbery report, 1 criminal summons served. The fire department had 11 fire runs, 2 safety programs, 1 fire prevention program, 2 false alarms and 1 smoke investigation.

City Christmas decorations need upgraded or replaced, so the Mt. Vernon City Council voted Monday night to try to get some club or organization to help with the project.

Mayor Gary R. Cromer appointed Clarice Kirby and Bob Bailey to contact various groups for their help. The city plans an expanded Christmas parade and other activities for 1 p.m. Dec. 8. The decorations will be discussed at a special meeting on Nov. 15.

Staying Home Alone Personal Safety

By: Bart Ashley
Child Development Specialist

Every year more than a million children "disappear" or are sexually abused. However, while most parents fear harm from strangers, research indicates that the majority of abductions and child abuse is committed by individuals familiar to the child. In 30 per cent of child sexual abuse cases, the child knows the offender. And only a few thousand of the missing children reported each year have been kidnapped by strangers. Most of the missing children seen on posters or milk cartons are the victims of parental kidnapping or have run away from home.

Safety away from home. Children between eight and eleven, especially girls, are the most common victims of child molestation. There is also some evidence that the number of boy victims may be increasing. Child molesters use a variety of methods to entice children to go with them, including simple requests ("Nice day. Feel like going for a walk?"), pretending to be sent by an authority figure ("Your mom got sick and asked me to come get you"), promising something desirable to the child ("Would you like to see some baby kittens?"), or requesting the child's help ("I'm looking for Elm Street, can you show me where it is?").

When children are away from home and adult supervision, they should walk or play with friends whenever possible and should stay in populated areas. Dark or isolated places should be avoided. If a stranger tries to talk to the child, the child should keep walking without engaging in conversation and immediately tell an adult. While some parents feel that it is permissible for the child to talk to the person from a distance, most law enforcement officials feel this puts the child at greater risk of being controlled by the adult. All agree, however, that the child should never go near, go with, or accept gifts from a stranger. To avoid the problem of a person pretending to be sent by a family member, it is recommended that every family establish a "secret code word" -- a word known only to family members -- that the child can ask for from the stranger.

If a child is followed by someone, he should go immediately to a public place or a friend's house to get help. He should not go home if no one is there and should never go to a deserted area. If someone attempts to grab him or approaches him, the child should scream "help" and attempt to run away and get adult assistance.

Arriving home. When children come home and no one is there, they should quickly check the windows and doors for signs of forced entry. If everything appears normal, the child can go inside, immediately locking the door. (It is especially important for the child to remember to remove the key from the lock after opening the door.) However, if something looks funny or if there are signs that someone may be in the house, the child should go immediately to a neighbor's and call the police. An extra key should be left with a neighbor in case the child loses her key or gets locked out. Keys should never be "hidden" outside. If the child can find it, so can someone else.

Answering the door when alone. When the doorbell rings, the child's first responsibility is to identify who is at the door. This can be done by saying "Yes?" through the closed door. If the door has a special viewer, the

child should also try to identify the person visually. Unless the person is well-known and expected, the child should continue to talk through the closed door. The child should not let the stranger know he is alone or give any information about other family members. The child can still be polite, honest, and helpful. For example, if the person asks for a parent or other family member, the child can say, "She can't come to the door right now. Can I take a message?" If a person is selling something, the child can respond, "Thank you, but I'm not interested." A person delivering a package can be told to leave it outside. If they need a signature, the child can take the company name and number and have the package delivered for another delivery date. Or the child can ask the delivery person to leave the package with a neighbor.

One of the most difficult situations for a child to handle is a request for help. Children are taught to be polite and helpful to adults, especially those in trouble. However, children are seldom capable of providing real assistance to adults, and may be placing themselves at risk. It is better therefore for them to ask the person to try next door or for the child to call a neighbor to come over and deal with the situation. Whenever dealing with a stranger at the door, the child should feel free to call a neighbor or parent if she feels uncomfortable in the situation, doesn't know what to do, or the stranger persists in asking questions.

Your child has learned many of the above safety guidelines in this session. However, it is important for parents to reinforce this learning. Many young children are able to provide the correct responses upon request, but when they are put in a real situation, they either do not remember what to do or simply panic. To avoid this, it is important to give your child practice in actually using the procedures. Attached to this lesson are several role-playing activities. Ask your child to act out these situations. This will help ensure that your child reacts quickly and correctly if the situation should ever occur. It is also important to review this material with your child every few months.

I have done it, not the people, the politicians, the protestors, me.

I am an Airborne Paratrooper, Ranger and Jump Master. I am a professional soldier. I chose my life. I volunteered. I didn't have to do anything I didn't want to. I had choices and I chose to be what I am. So, I want to tell all the people who say "don't send our boys over there to die." I'm no "boy", I am a man.

Do not speak on my behalf, you don't even know me. Do not talk unless you are where I am. Don't burn my flag. If you want to change something, vote. But I chose my life and as a wise soldier once said, "I do not plan to die for my country, I plan to make that bastard die for his life."

whistdown summer weather.

Another advantage of fall plant-

ing is that plants do not have leaves, which is where most water evaporation takes place. With less water loss, the transplant will become established more easily.

During the fall, consumers can often buy trees and shrubs at a reduced price, because nurseries do not want to maintain them through the winter.

The following guidelines are keys for successful fall transplanting:

- * Select the proper tree or shrub for the site.
- * Remove all treated or synthetic burlap and plastic twine.
- * Dig the planting hole at least twice the width of the soil ball on the tree or shrub.
- * Do not add peat moss, sawdust, sand or other soil amendments to soil

used to fill the planting hole. Amending this soil can hinder root growth by keeping roots from growing into the unamended soil.

- * Plant trees or shrubs at the same depth as they previously grew.
- * Provide adequate water to get transplants off to a good start. This is especially important during abnormally dry winters.
