

A Message from the Superintendent

Bige W. Towery, Jr., Superintendent

1991 will continue to be a year of change for public schools in Kentucky. Our schools will be very busy with the continued implementation of programs which comply with the provisions of the Kentucky Education Reform Act of 1990 (KERA). Some of the pri-

mary components of KERA will be introduced in our schools this year and planning for other basic components will also be underway.

Programs of major importance to parents and community members are as follows:

Early Childhood

Education Program— Services will be provided district wide for qualifying four (4) year old children. Services will also be provided at the district level for all three (3) to five (5) year old handicapped children.

Upgraded Primary Program— Each elementary school will design a plan which meets the requirements of KERA and will be ready to fully implement that plan for the 1992-93 school term.

School Based Decision Making—At least one (1) school in Rockcastle County will implement School Based Decision Making (SBDM) beginning July 1, 1991. Teachers in all schools are permitted to implement SBDM for the 1991-92 school term if they so desire. By July 1, 1995 all schools will implement SBDM.

School Performance Standards and Performance Based Assessment—The Council on School Performance Standards will soon present the goals which define what is expected of students including a high level of achievement, certain specified abilities, an increased rate of attendance,

a reduction in dropout rate, and reduction in physical and mental health barriers to learning. The State Board will disseminate a model curriculum framework. A performance based assessment program shall then be implemented to ensure school accountability. The State Board shall administer student testing program to assess basic skills in grades four, eight, and twelve; local boards required to publish annual performance reports.

Extended Student Services—Extended student services are currently being offered qualifying students in Rockcastle County. Services consist of before and after school tutoring, counseling opportunities, use of library facilities/access to reference materials, etc. Summer school opportunities will be provided to qualifying students in the summer of 1991. During the 1991-92 school term, extended services will be further expanded.

Family Resource Centers/Youth Service Centers—In February local districts may present pro-

posals for the operation of the centers. 125 schools statewide will be selected to begin such services during the 1991-92 school term. Rockcastle County will submit a proposal.

As you can detect, a lot of exciting and challenging things are happening in Kentucky schools. We know that the manner in which we operate schools is changing rapidly. Change is evident in all aspects of our school programs. The degree of success we experience in implementing the provisions of KERA is dependent upon how we react to change. I believe that the teachers, students, parents and community members in Rockcastle County will work together to develop an even stronger and more effective educational program for our children. I call upon everyone to engage in this process in a spirit of involvement and cooperation as we work together to develop and maintain one of the finest school systems in Kentucky.

MVES Receives Second Flag of Progress

Congratulations! Mt. Vernon Elementary School received its second Flag of Progress at ceremonies conducted in Frankfort on November 27, 1990. The principal, teachers/total staff, students and parents are to be commended for such a distinguished accomplishment. MVES has established high goals and expectations for their school and is demonstrating on a continuing basis that through a pursuit of excellence and quality these goals can be achieved. Various statistics for the school indicate a constant improvement for the past five (5) years.

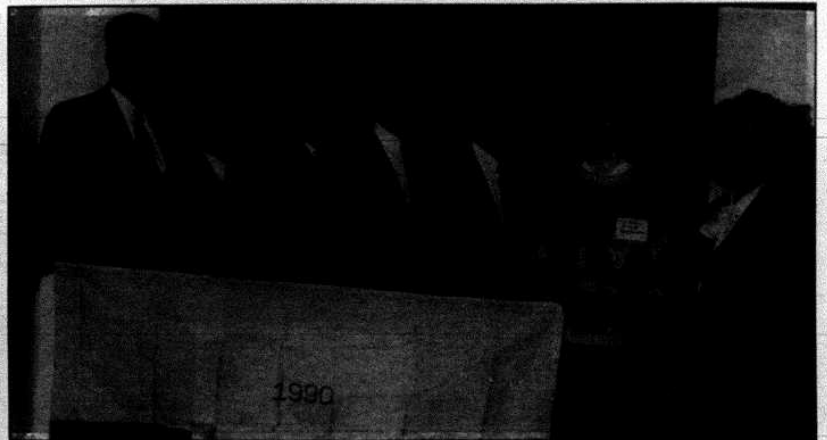

Flags for Progress—This program is designed to recognize schools with outstanding

improvement in the following areas:

Annual Dropout Rate: Decreased by .5 percentage point if greater than 5%.

Test Scores: Increased by 5 percentage points in grades three, five, seven, and ten the percent of students scoring at or above the NCE national average as compared to the previous year. Mandated grades having 80% or more of the students scoring at or above the national median are not subject to the 5 percent point improvement criteria.

Attendance: Improve over the previous year by one percentage point or achieve 95% or better.

James Daniel, President—Kentucky Educational Foundation; Tim Moore, Kentucky Teacher of the Year; John Hale, Principal, Mt. Vernon Elementary School; George Poynter, Chairman of Rockcastle County Board of Education; Bige W. Towery, Jr., Superintendent; Cliff Mullins, President of MVES Student Council; Betty Steffy, Deputy Commissioner—Kentucky Department of Education.

EARLY CHILDHOOD PROGRAMS

Rockcastle County Schools has seen tremendous growth in Early Childhood this year. Two new programs (PACE and the Four Year Old Preschool) have been implemented and one program (Early Childhood Handicapped) has expanded. We are excited about these programs and what they will mean to the education of our children in this county.

FOUR YEAR OLD "AT-RISK" PRESCHOOL PROGRAM

This program was mandated by the Kentucky Educational Reform Act. It is a developmental preschool program for children who are four by October 1 and who are "at-risk." "At-Risk" is defined as any child who is eligible for free lunch. Other children can also attend the program if space is available. Our program in Rockcastle County uses the High Scope Curriculum which recognizes that life experiences are the basis for learning. The program is concerned with social, emotional, physical, and mental development of children. We have two centers, at the present time, located at Brodhead Elementary School and Roundstone Elementary School. Classes meet Monday through Thursday for a half-day. Meals and transportation are provided. Fridays are reserved for teacher planning and home visitation.

Above: Group Time

Below: Story Time

Above: Center Time (Play Time)

Below: Field Trips

PACE (Parent and Child Education)

The school system received a special grant from the Kentucky Department of Adult and Technical Education to implement the PACE Program. It is a family literacy program. Parents can work on and obtain their G.E.D. while their three or four year old attends preschool. The program is located at Brodhead Elementary School. Classes meet Monday through Thursday from 8:15 to 11:45. Meals and transportation are also provided.

EARLY CHILDHOOD HANDICAPPED PROGRAM

This program has been in the county for several years but staff and services have expanded this school year. We serve children who are ages three to five and who have some type of handicapping condition. For example, they may have a physical handicap, a speech delay, or a functional delay in any area of development. Children can be placed in a preschool setting, or they receive home instruction. Parent Workshops are also held every four to eight weeks on various topics including nutrition and tips for holiday survival. All parents of preschool children are encouraged to attend.

IMAGES FROM THE MOUNTAINS is organized by Appalshop, the media arts organization in Whitesburg. After opening in Whitesburg at the end of 1990, the exhibit tours Eastern Kentucky throughout this year. Funding for this program has been provided by The Andy Warhol Foundation for the Visual Arts, the National Endowment for the Arts,

Images from the Mountains

IMAGES FROM THE MOUNTAINS: A TRAVELING EXHIBIT OF APPALACHIAN ARTISTS will be on display at the Rockcastle County Library February 8-24, 1991. The public is invited to meet Rockcastle County artist Darlene Martin at an exhibit opening on February 8, 1991 at 6:30 p.m. Ruth Hazzard (artist in residence) from Madison County will also be a participant as well as co-coordinator for the exhibit.

Now in its fourth year, IMAGES FROM THE MOUNTAINS is a juried exhibit that showcases Eastern Kentucky artists. This year's exhibit includes 27 paintings and prints by 21 regional artists. Susan Dickson, Director of the Ohio Arts Council's Individual Artist Program, selected the work and gave Merit Awards totaling \$1,000 to five of the IMAGES participants. Featured artists and their home counties are:

Breathitt County:	Clarence Wooton
Carter County:	Sam McKinney (Merti Award Winner) and Ruby Queen
Fleming County:	Gretchen Bainum
Floyd County:	Thomas Whitaker
Greenup County:	Sandy Nelson-Perrine
Harlan County:	Barbara Rochelle Wills
Johnson County:	Nan Spradlin
Knott County:	Robert Moler (Merit Award Winner)
Letcher County:	Patricia Brown Shelton (Merit Award Winner) and Jeff Chapman-Crane (Merit Award Winner)
Madison County:	Betsy Kerzinger and Ruth Hazzard
McCreary County:	Charlene Strunk
Morgan County:	Helen Price Stacy and Kopana Terry
Powell County:	Alan Cornette
Rockcastle County:	Darlene Martin
Rowan County:	Robert Franzini (Merit Award Winner) and Cynthia Lin
Russell County:	Ruth Ann Antle

and the Appalachian Center of the University of Kentucky.

• Appalshop is located at • 306 Madison Street, Whitesburg, Kentucky. For more information, please contact • Gallery Director Becky Bingman at • (606) 633-4252.

Success—Pilot Reading Program

Success in Reading and Writing correlates language arts without separating reading from writing. The program contains flexible lesson plans for an integrated curriculum based on the whole language philosophy. Without ability grouping, Success fulfills all the objectives of basal programs in a whole class setting. Meaningful phonics and spelling instruction are part of every day; so are independent reading and process writing.

Success provides broad learning options for all students. Pupils, freed from the confinements of prescribed textbooks, plunge into learning by using a wide variety of printed materials such as newspapers, magazines, library books, and encyclopedias. Every child—from the youngest kindergartener whose own vocabulary helps build the class word charts for daily, individual writing, to the savviest sixth grader—is learning.

The everyday materials used in Success provide a solid bridge between school and home.

4th Graders—Jessica Newcomb and Damien Eversole; kindergartner—Alex Martin

Cooperative Learning

Livingston kindergarten and fourth grade students exchange information about Kentucky. Kindergarten students are learning about their state through a special project called *Teaching Our Unique Cultural Heritage* (TOUCH Kentucky). Kentucky history is taught in the fourth grade.

The two grades shared projects, books, etc. about Kentucky. Both levels seemed to enjoy and learn from each other.

Extended School Services

Extended School Services offer tutorial services for students weak in subject area, counseling sessions, and instructional sessions to increase students' interest in education. These at-risk students (based on test scores and socioeconomic status) need additional tutorial/guidance help to successfully complete and remain in school.

At-risk students include those who need additional instructional time in order to sustain their present level of performance, those who are low performing in relation to their peer group and those who are at risk of being retained in a class, grade or failing to graduate on time.

Computer Technology in Every School

Technology Plan

The school system in Rockcastle County is very excited about what is happening in the area of technology. Our school district has taken a big step in the direction of educating every one of its students in the use of computers. The Rockcastle County School Board has approved spending approximately \$300,000 on this important endeavor.

The school system did not make this decision without spending a great deal of time developing a plan for the implementation of technology into our program.

Mr. Towery had a committee of people representing each school work with him to help develop the plan. Each school was asked to

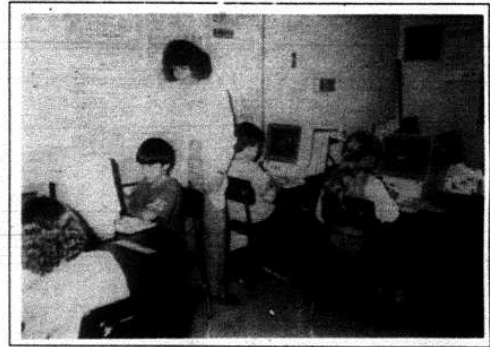

design a plan for the use of technology in their school that would enhance their existing instructional program. The end product from the work of the committee has resulted in a plan that is different for each of our five schools.

The high school has developed a plan that will provide a computer lab for math and science along with some computer work stations in the library.

The elementary schools have chosen to put their computers more in the classrooms so the teachers can learn to use them as well as the students. In some of the elementary school classrooms, especially in grades two and three, we will be using a program call TLC. The TLC is teaching and

learning with computers. The program calls for four or five computers to be placed in the classroom for work in the areas of language and math. The classroom is then divided into three or four areas where students move from one area to the next and do different tasks.

The technology plan that Rockcastle County has started, and will continue to expand as funds become available, will not replace many of the things our teachers are currently doing. There will still be books, chalkboards, and written assignments for students to complete. The computer is simply another tool that teachers will have that will make their instructional program more efficient and complete.

Chapter I TLC Lab

Chapter I Believes in TLC

Teaching and Learning with Computers (TLC) is an IBM software program now in operation at Mt. Vernon Elementary School in the Chapter I Computer Lab. This program is used in grades one through six for math and grades two through six for reading. Students visit the lab at least 60 minutes each week. The computer lab is also available for advanced scheduling by teachers one period each day. The lab is designed with various working areas—a writing station, listening station, research station and typing station.

The teachers plan the lesson and the computer lab assistant, Mrs. Jennifer Cash, is on hand to lend computer expertise and help to teachers and students. We have also been able to furnish State Remediation teacher, Ms. Mary J. Hysinger, a weekly schedule for her first and second grade students. The Chapter I teachers participating in the project are Doris P. Cash, Ruby Cornelius, Delphia Cox, Charlottt Griffith, Kathryn Payne and Debra Smith.

And Staff Development

S.U.M.

Our system is implementing a new math program. The title of the program is Success Understanding Mathematics (S.U.M.). The program is a series of strategies that uses all types of manipulatives to help students visualize what happens where they add, subtract, multiply, and divided whole numbers, fractions and decimals.

The program is appropriate for grades one through six and includes two days of intensive training. We have already trained about half of our teachers in grades one through six and will have another workshop in February.

We believe this program is very good because it enables students to see a picture of what has always been a mental operation.

A.C.E.S.

Roundstone Elementary School has become a pilot school for the implementation of a new science program called Activity Centered Elementary Science (A.C.E.S.). The new program is based on the philosophy that students should be actively involved in scientific activities; in order to benefit and learn the most from science.

The school has been provided with a science kit for each grade level and some guides as to discovery activities that the kit can be used for. Our teachers at Roundstone are in the process of being trained to use the program, and they are already beginning to incorporate some of the activities into their science program.

Our system has plans to help each of our other elementary schools have the A.C.E.S. program next fall. We are planning to have the teachers from Roundstone and a consultant from the Kentucky Department of Education help us with training.

$$2 + 2 = 4$$

Student Profile

Class Members Win in State Contests

Our class entered the Drug Poster Contest early this year. Jennifer Dykes was state runner up. She received a letter of congratulations from the governor and a \$75.00 bond. We also entered the PTA Reflections Contest and had several school winners. We had entries in each division: literature, music, art, and photography. This was Mt. Vernon's first year to participate in this national contest and we felt very good about our efforts. Our school winners were sent on to Somerset for district judging (where they competed against several surrounding counties) and our room had two (2) district winners there. Cherie McHargue won both the art and literature division for grades 4-6 and Jason Denney won the photography contest for grades 4-6. These students' entries will be sent to Louisville for state judging. Our class also had three school winners in the conservation contest: Chad Silvers, Aatish Patel and Kenneth Bustle. I've been very lucky this year to have had such a talented and cooperative group of students. I believe all children can benefit from art and firmly believe it should be included in our curriculum.

We have many talented children in our county and, if they learn very early to be comfortable with the arts, they can develop their abilities to their fullest potential.

The Teacher Incentive Project Grant (TIP) I won this year will be used to bring an Appalachian musician into our school in April. The whole fifth grade at Mt. Vernon will benefit from this artist's teaching. His name is Mr. Jim Webb, and he's a professional musician specializing in folk music. Each fifth grade group will receive the same amount of time with him. I feel one reason I won this grant was the support I've re-

ceived from my principal, Mr. Hale, and my Chapter I Coordinator, Mrs. Claudinnia Cash. Both these people understand the benefits of art and music as well as academics in a good, social school curriculum.

Our class also has benefited from the instruction of Mrs. Ruth Hazzard, our artist in residence, this year. We have really been happy to have her and she has taught us a lot.

I hope in the near future that our county will be able to afford full time art and music teachers for our elementary schools.

Sharon McKinney's Class

Dale Whitaker Guidance Counselor, RCHS

A 1975 graduate of Rockcastle County High School, Mr. Whitaker holds an A.A. degree from Sue Bennett College, a B.S. degree in Psychology/Health from Cumberland College, and a Masters/Rank I in Secondary Counseling from Eastern Kentucky University.

While in college, Dale was vice-president of Sigma-Nu, Who's Who Among Junior Colleges, participated in collegiate basketball, and graduated Magna Cum Laude. Dale received an academic scholarship all four years of undergraduate work.

Mr. Whitaker began his teaching career in the fall of 1981 at Rockcastle County High School. He taught General Science and Health for four years. The past six years he has served as guidance counselor at the RCHS. Besides the regular duties, Dale serves on several committees and is the chairman of the Vocational Assessment Committee and the Guidance Committee.

In the fall of 1990, Dale was elected president of the Upper

Cumberland Association for Counseling and Development. The 42-member association includes counselors and admission directors from Laurel, Clay, Jackson, Knox, Bell, Harlan, Whitley and Rockcastle Counties. As president, he becomes a board member for the Kentucky Association for Counseling and Development. He will assume his duties in August 1991.

Dale is the son of Mr. and Mrs. Willard Whitaker, is married to the former Sandra French and resides at Route 2, Mt. Vernon.

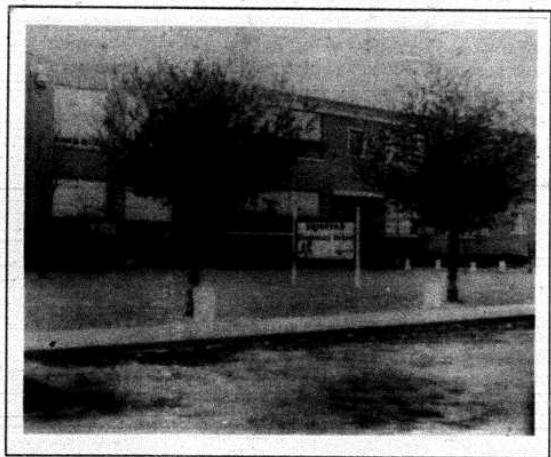

Claudinnia B. Cash Chapter I Supervisor

Ms. Cash has been employed by the Rockcastle County Board of Education for the past 20 years. She is presently serving as Chapter I Supervisor. Other duties such as State Remediation, Testing, Basic Arts, and Writing to Read round out her busy schedule. Working closely with Superintendent Towery, other central office staff members, and the Rockcastle Board of Education members, implementing Kentucky Educational Reform is both challenging and exciting. When asked what was most rewarding in her educational career, she responded, "Being instrumental in a child learning to read and then developing a love for reading."

Ms. Cash graduated from Brodhead High School in 1963. She received a B.S. and M.A. in Elementary Education from Eastern Kentucky University. In 1978 she received a Rank I in Elementary Principalship with an indorsement for elementary and secondary supervision. She is presently serving as President of Upper Cumberland Association of Educational Supervisors which meets monthly to discuss current topics in education. This association includes supervisors from Rockcastle, Bell, Clay, Harlan, Jackson, Knox, Laurel, and Whitley Counties. Ms. Cash is a member of the International Reading Association (IRA) and the local Jesse Stuart Reading Council in Richmond.

Claudinnia lives in the Ottawa section of Rockcastle County with her husband, Charles, and two sons, Chuck and Curtis. She is the daughter of Cloyd and Jewell Bowling. Her only brother, Collin Dennis Bowling, lives in Berea.

Brodhead Elementary School

Brodhead Elementary School evolved from a consolidation of the three county high schools in 1972. The building currently houses grades pre-school through eight.

The philosophy of Brodhead Elementary School adheres to the belief that the basic and fundamental role of educators is to develop the potential of each student to his optimum capabilities, to provide, for each student, meaningful and positive experiences that will enable them to feel good about themselves and to become self-supporting and able to make a worthwhile contribution to their society and to mankind.

The faculty and staff further believe that each student must not only be exposed to a strong academic program, but that moral and ethical values are an important aspect of a successful and happy life. We strongly support the concept that each child has dignity and human value.

The school is served by the following personnel:

Tom Payne, Principal; Mark McKinney, Assistant Principal; Mary B. Hamm, Guidance Counselor; Nancy Parkerson, Librarian; Pam Martin, Yearbook Advisor; Katherine Bradley, Mary Neville Cash; Caroline Graves, Beta Club Sponsor; Lisa Johnson; Nelson Graves, Sixth; Patsy Morgan, Sixth; LaJoy Graves, Fifth and Sixth; Onna Kaye Owens, Fifth; Judy Doyle, Fifth.

Charlotte Bullock, Fourth; Linda Cummins, Fourth; Kelly Pensol, Fourth; Lillie Parsons, Third; Kathy Dyehouse, Third; Duina Thompson, Third; Sharon Ponder, Second; Jelena Bradshaw, Second; Jennine Parsons, Second; Lena Hayes, First; Jennifer Adkisson, First; Margie Bishop, First; Regina Little, Kindergarten; Rita Shaffer, Kindergarten, Chapter I, Cheerleading Sponsor; Tammy Stevens, PACE; Annette Gevedon, PACE.

Carol Riddle, Secretary; Jane

McClure, Office Assistant, Lunchroom Cashier/Bookkeeper; Mary Gregroy, Speech Pathologist; Kenna Mogg, Child Psychologist; Mabel Cash, Nurses Aide; Doris Towery, County Health Supervisor; Elizabeth Pike, Music; Robert Pybas, Band; Gary Scott, Physical Education, Coach; Debbie Cash, Girls' Basketball Coach.

Instructional Assistants: Judy Petrey; Doris Wright; Donna Howard; Darlene Harris; Goldie Blanton; Jennifer Neeley; David Taylor; Mary Ann Childress; Dennis Lawrence, Lunchroom Supervisor.

Chapter I—Reading/Math: Bobbie Durham; June Taylor; Regina Blanton, Academic Coach; Rita Shaffer.

Lunchroom Staff: Wanda Carroll, Manager; Geraldine Anglin; Helen Albright; Doris Blanton, Mary Russell; Ruby Thompson.

Bus Drivers: Garner Brown; Albert Cash; Everett Cash; Billy Bussell; Benny Craig; Henry Hayes; Danny Sargent; Everette Albright; David Riddle; Carol Martin; Randall Adams; Barbara DeBorde; Linda Mays.

Custodians: Jackie Lawrence; Bill Melcher; Nancy Bradley.

BES maintains a highly organized and structured physical education program with a continuity that is most meaningful for students as they go from grades K-8.

Success in school is directly related to attendance. Attendance percentage at BES is one of the highest in the state, running over 98 percent. Incentives are often used to promote attendance. BES has an exclusive partnership agreement with Dabney Feed and Supply, the first and only partnership proposal solely with the school and a business.

BES adheres to the county-wide grading policy as follows: 93-100-A; 86-92-B; 79-85-C; 70-78-D; 69-F.

Our school counselor is available on Mondays, Wednesdays, and Fri-

days; the other two days are allotted for Livingston Elementary. The counselor's role is to work with teachers, principals, the school nurse, and other school personnel to help the child better understand self and the world around him/her. The emphasis is on prevention, and the counselor has group guidance activities and individual students are seen on a referral basis.

Our library boasts a collection of over 10,000 books. Mr. D.A. Robbins, principal from 1936 to 1970, deserves the credit for the library's basic foundation. Mr. Robbins bought books "of all kinds" throughout his tenure. The librarian maintains the circulation of books on computer and has kept the audio-visual material current and up-to-date.

BES serves breakfast and lunches to the students. This year (90-91) has been the best for lunchroom participation with an average of 575 students eating daily. All students are provided the opportunity and encouraged to participate in the program.

Extra-curricular activities are an important part of any students' educational experience. We are proud of our athletic teams and our cheerleaders. Some of the other student organizations are:

Academic Team: This group consists of 10 to 15 members from grades six through eight. Mrs. Regina Burton, their advisor, coordinates a schedule and the team competes in various academic competitions.

Beta Club: A service organization that has performed various community services under the direction of sponsor Caroline Graves.

Student Council: This organization's membership consists of ten junior high students who represent the student body. Mr. Mark McKinney, sponsor, facilitates the group which meets twice a month.

4-H: Students in grades four through eight are encouraged to participate. Classroom teachers are the sponsors for their students.

Drama Club: Under the direction of Mrs. Pam Martin, this club presents a dramatic production to the student body several times a year.

BES serves gifted students in grades one through eight. In grades three through eight, we have a "pull-out" program; in grades one and two, enrichment is done in the individual classrooms.

If a child has a communication problem adversely affecting educational performance, then a referral is made to our speech pathologist. The pathologist sees the child in regular therapy throughout the year.

Writing to Read is an instructional system that works within the

context of a planned learning center. The Writing to Read Center makes efficient use of computers and other equipment and provides students the opportunity to practice certain skills, while working with instructional tools. An instructional aide is employed to assist with kindergarten through first with this program.

BES offers students vocal music and instrumental music. Since these teachers are itinerants and we share them with other schools in the county, we are limited in their services.

BES has three classes designed to meet the needs of those students who have been evaluated and have met the specific qualifications for special education classes.

To conserve and improve the health of our students, we have a full-time nurses' aide who appraises the health status of pupils through screenings and referrals.

Chapter I is a federally funded compensatory education program designed to meet the special educational needs of educationally deprived children. The aim of the Chapter I program is to provide a diagnostic-prescriptive approach to remedy the child's unique problems and needs in Reading and Math.

BES has joint projects with the community and local businesses. The Brodhead Fire Department has been a supporter with the BIT and Career Education. Druther's, Pizza Hut, Citizens' Bank, The Bank of Mt. Vernon, Dabney Feed and Supply, Ford Brothers, Inc., area churches and countless others have been ready

supporters of BES.

BES has hosted the BIT (Brodhead Invitational Tournament) for ten years. This premier tournament is well attended and guest schools are honored to be invited. The tournament is well organized and is a classic among athletic events.

School spirit is evident in the spring when Brodhead alumni return to reminisce and view the changes. The Alumni Banquet is well attended by graduates who exemplify that the BES philosophy has been successful through their worthwhile contributions to their society and to mankind.

BES offers extended services through tutoring in the afternoons. Students who are having academic difficulty are offered an opportunity for extra help through this program.

The basic curriculum is enhanced with the teaching of enrichment programs in Algebra, foreign language, etc. Our faculty continues their professional development by attending workshops, college classes, and staff development. Innovative teaching strategies are quickly adapted and mastered by our highly qualified staff. BES participates in the Foxfire Program through Berea College. The program instructs teachers how to bring culture into the curriculum, specifically Appalachian Culture.

BES is looking forward to having a computer in every classroom. The computers will allow students opportunity to develop skills that have become increasingly vital in our world of computerized technology.

Partnership Agreement

This agreement, made this 10 day of October, 1990, by and between

Brodhead School
hereinafter, 'the School' and
Dabney Feed Supply
hereinafter, 'the Partner.'

Witnesseth:

Whereas, the parties hereto desire to improve the quality of education received by the students of the School by working together in this Partnership.

Now Therefore, in consideration of the mutual promises contained herein, the partners agree:

1. The School shall make every effort to ensure that the students receive the academic instruction necessary for this Partnership, as specified in the 'Partnership Proposal' attached hereto and made a part hereof by reference.
2. The Partner shall endeavor to fulfill all requests made within each Proposal.
3. Both parties shall continually communicate to each other the achievements of the students and discuss ways to improve the results of the Partnership.

In Witness Whereof, the parties have set their hands and seals this _____ day of _____, 1991.

New Foundations in Education

Parent Involvement

Mt. Vernon PTA

This has been a very busy and exciting year for the Mt. Vernon Elementary School PTA officers, volunteers, and members. We were happy to host the Open House for our new school the Sunday before school started, and we had somewhere around 1,000 citizens come to see our new school.

One of the main projects for the year was to purchase three computers, cabinets, and some software with \$6,000.00 we had put into a CD with some of the proceeds from Spring Fling. Our computers have come in and are in place. The teachers are still checking out their software needs.

We had our first "Reflections" contest for PTA. Mrs. Sharon McKinney was a great help to our school and is deeply appreciated for the encouragement and help she has given to the students in participating in PTA contests. We had 13 out of 36 winners on District Level. We had three first place winners who will now go on to State, and if they win there, they will go on to National. Brodhead has always been very active in participating in this project, and we are very proud of our students and how well they did.

We have been involved with the "ApplesComputer" contest sponsored by Foodfair, and we have over \$60,000 in cash register receipts. This shows that our community really can be a big help in getting educational materials and tools for our children.

We have also had Santa's Workshop and our Make-a-Wish Tree for Christmas. These were also very successful and fun to be involved in.

We are currently working to get prepared for Spring Fling, a dance, Cupid's Corner, Prom and Graduation. We have several ideas that we are considering as a special project to apply proceeds to from these functions. As always, everything is done with our students in mind. All money goes back to the students one way or another.

We are very proud of the volunteers that have been helping out this year. It means a lot to the teachers and the students to have a helping hand around when one is needed. This is our best year for membership, and we are still signing up members. At the present time we have 267 members. Our faculty and staff are almost 100%, and the contest we had for the student who signed up the most members went to Angie Lawless and the room with the most went to Shannon Bales. Angie got \$25.00 and Mrs. Bales' room received \$50.00. We will have another contest soon so get your neighbors and friends to sign up. Come by school and visit with any of the PTA people and see what we do. It is a wonderful feeling when a child comes up to you and hugs you and says "Thank you for being here."

Brodhead PTA

Since its reinception in 1982, PTA has continued to be a strong organization. Through their efforts air conditioners were installed in all classrooms, a covered walkway was built, playground equipment was updated, art supplies have been provided and materials have been purchased for classroom use. Each year the PTA sponsors a Book Fair, which allows students an opportunity to purchase inexpensive books. Also PTA usually coordinates a Fall or Spring Program to involve all of the students.

PTA Presidents (past and present)—Judy Stewart-Shackleford, Benny Craig, Kenneth Chatelle, Delores Albright, Peggy French, Phyllis Holbrook, Rita Hayes, Jennifer Neelery, and Marion Cable.

Current Officers—Marion Cable, President; Jennifer Neelery, Vice President; Judy Adams, Treasurer; and Mary B. Hamm, Secretary.

Roundstone PTO Becomes PTA

The Roundstone PTO met on January 15th. The agenda for the meeting included progress reports on Kroger Receipts (We're getting there!), a new drug program (Parent-to-Parent), results of the Chili Supper/Santa's Workshop (a slight profit), and the most important item—those members present voted to become a member of the Parent Teacher Association. The PTA offers, among its benefits, to provide special speakers, tax help and free publications upon request.

The new PTA is looking forward to the new year. Please join us at our next meeting.

PTA volunteers for the 1990-91 school year are: Debbie Moore, Berniece Parsons, Carol Bowman, Anita Todd, Sharon Thacker, and Linda McWhorter.

Boost Reading by Building Your Own Family Library

One way you can encourage your child to love reading is by having books in your home. Of course, few families can afford to buy every book their children like. But with a little planning, you can have a library that will help spark your child's interest in reading.

Here are some tips on building a family library.

- Buy paperback books. You can make these books last longer by covering them with clear plastic self-sticking paper.

- Encourage your child to swap books with friends. Invite kids to bring their favorite books to your house for an after-school "read-in." Afterwards, they can exchange or borrow books.

- Plan a book swap for your school. Admission: two or three used books. Give each child a ticket for each book turned in. Then allow children to exchange tickets for books other kids have brought. This way, each child can go home with several "new" books to read.

- Look for a used book store. You can often buy books for a very reasonable price. Your library may also hold a used book sale.

- Give books for gifts. Establish a family tradition of giving books for holidays. If you're not sure what books to choose, consider a gift certificate to a book store.

Kids' All-Time Favorites—In Paperback

1. *The Outsiders* by S. E. Hinton. Dell/Laurel Leaf, 1968. 5,855,085.
2. *Are You There, God? It's Me, Margaret* by Judy Blume. Dell/Yeareling and Laurel-Leaf, 1974. 5,278,412.
3. *Charlotte's Web* by E. B. White. Harper Trophy, 1973. 4,607,131.

New Research Says Every Child May Be "Gifted"

A Harvard researcher named Howard Gardner is changing the way educators view "intelligence." He says parents and teachers should use the word intelligence.

Some children are great at reading and writing. Other children are good in math. Still others are artistic, or good with their hands, or good with people.

Some children have a good sense of space—they may grow up to be sculptors or architects. Some kids seem to "think with their bodies." They may grow up to be dancers or athletes. Gardner says all these children are "gifted."

What is your role as a parent? You know your children better than anyone else. You know their

strengths and weaknesses. You can motivate them to think of themselves as gifted.

Find things your children do well. Give them a change to be successful. If they enjoy art, make sure they have art supplies. If they are good in sports, join an athletic team.

No child is equally strong in all the areas of intelligence. All children are better at some things than they are at others.

By helping your children develop their own intelligence to the fullest, you'll also help them develop a sense of themselves. And that will help them grow into a strong, capable, and, yes, gifted adult.

These ABCs Will Help Parents, Schoolchildren

- A. Attend all school functions.
- B. Be aware of the damage that you will cause by telling your child that he or she is stupid.
- C. Communicate the importance of education to your child.
- D. Don't criticize a teacher, textbook or school in front of your child.
- E. Encourage your child to talk about what happened at school each day.
- F. Fix your child a good breakfast every day.
- G. Good readers are made not born. Read to your child for 10 minutes every day.
- H. Help your child get organized for school the night before.
- I. Impress upon your child the importance of a good attendance record.
- J. Join the parent-teacher organization at your child's school.
- K. Keep up with what is happening at your child's school.
- L. Lying for your child is not acceptable. You should not write fake excuses.
- M. Monitor how much TV your child watches.

- N. Never do homework or projects for your child.
- O. Observe the work your child brings home from school.
- P. Praise something in every bit of work that your child brings home.
- Q. Quiet corners in your home encourage study. Set up a special study area for your child.
- R. Request conferences with teachers or counselors when trouble begins to appear.
- S. Send a happy, well-rested, well-organized and appropriately dressed child off to school each morning.
- T. Take your child to the library on a regular basis.
- U. Understand that learning is not always easy.
- V. Value your child as an individual.
- W. Work with your child's teachers and school.
- X. X is often an unknown ingredient. It's the extra things that you will do to help your child succeed in school.
- Y. You are your child's most important teacher.
- Z. Zip it all up with love.

\$1.7 million price tag

Fiscal court approves annex bond sale

By: Ray McClure

A resolution approving \$1,730,000 in first mortgage revenue bonds for construction of a courthouse annex was given the green light by the Rockcastle Fiscal Court Tuesday.

A second resolution to advertise for bids on the bonds was also approved by the court. Both resolutions were passed unanimously.

According to a discussion by Ferrill Ross, bond agent, 96 percent of the building will be used by the court and 4 percent by the county. The total cost can fluctuate 10 percent either way.

Eight percent of the annual lease payment from the Administrative Office of the Court (AOC) in Frankfort will be used for the bonding company to amortize the bonds, which is a payment of \$120,192 quarterly.

The AOC will also pay \$72,525 quarterly to the county for maintenance and operation of the building and to take care of any major problems that might arise, for a total of the combined two payments of \$192,717.

Also, \$100,000 is listed to pay for structural changes in the present courthouse, also to be paid for by the AOC.

Once the building is paid for in 20 years it belongs to the county. Then the AOC reduces its payments to \$100,000 annually that will go to the county's general fund.

It was reported 30 plans for the building have been requested by contractors. Bids are to be opened Feb. 26.

A breakdown of construction cost estimates show the following:

Site work, \$27,500; demolition, \$6,500; general construction \$809,210; plumbing, \$50,000; H. V.A.C., \$146,000; electrical, \$87,000; fire protection system, \$22,000; equipment and furniture, \$135,000; contingency, \$107,000; architect, engineer fee, \$70,000; site cost, \$50,000. The gross square foot

cost is \$89.91

In other business, the court passed a resolution to apply again for grants money to construct a new Rockcastle Health Department Building.

The court did not act on requests by the Rockcastle Ambulance Service for more money since no ambulance personnel came to the court to discuss the problem. The court's discussion is for a \$5,000 payment now and to pay the ambulance service for all 12 months of 1991-92 fiscal year. The court now gives the service \$1500 a month.

County Clerk Norma Hook presented her year end statement of receipts, disbursements and excess fees to the court. The statement, in detail, is on page B10 of this issue of the Signal.

The court approved of the state's annual county road aid in the amount of \$451,523.

In a vote, the magistrates unanimously said "no" to Green River Cable TV that had asked for a \$2 a month raise in base rate service. The "no" vote means nothing, since cable TV is not regulated.

The court approved transferring \$50,000 from the Jail Fund to the Rockcastle County Courthouse Annex construction account.

Structural maintenance on three county bridges was approved. They are: Mullins Station Road over Roundstone Creek, Chestnut Creek Road over Pitman Creek, and Bray Bridge.

Also approved was the addition of Charles Kirby Road to the county road program and a request by David Lindsey to reopen a county road in the Hummel area. The court said it

would approve the request after Lindsey gets permission from other property owners and starts a house on the property.

Approved was grading of Mullins

Station Road to Red Hill Road. The court would let the county worked 147 roads in January and the county receives 20 calls a day about roads.

Mayor says ban on water lines could be lifted soon

By: Ray McClure

A ban on water line extensions in Rockcastle water districts may be lifted in three or four weeks.

That information was revealed at a meeting of the Mt. Vernon City Council by Mayor Gary R. Cromer Monday night.

The mayor said all necessary documents have been filed with the Division of Water in Frankfort and hopefully the ban will be lifted.

The ban on water line extensions was put into effect March 16, 1990 by the Kentucky Division of Water and was to remain until the city "demonstrated it could adequately supply the water needs of its customers."

A \$500,000 grant to help upgrade the city water plant was turned down recently because the state regarded the present plant as supplying enough water for its customers.

Total cost of the water project is estimated at \$1.7 million. Local funds would total \$15,000.

In other business, the council voted to put a 3 percent per day tax on rented spaces for campgrounds and recreational vehicles. There are two

campgrounds now available, Beauty View to the rear of Renfro Valley Shell, KOA, and soon, Renfro Valley campground on the east side of Renfro Creek.

Officials of the Christian Appalachian Project asked the council to allow that area to connect to the new Renfro Valley sewer system.

The council approved, if the city sewer plant and lines running through the valley can handle the sewage.

The council was told Falcon TV Cable has agreed to serve the area between Mt. Vernon and Renfro Valley along U.S. 25.

Also before the council was a "Model Policy for forfeiture of assets by law enforcement agencies" which the council approved.

The policy sets out regulations governing the seizure of property confiscated during the commission of a crime.

At the request of Billy Hammonds, the council approved upgrading the Coon Club Building at Lake Linville. The club will do the work in lieu of a year's rent which is \$350.

Mayor Cromer appointed a committee of councilmen to come up with details for a street specification revision, and a second committee to consider details before the council adopts the state pay scale for employees.

Police Chief Bill Mink presented the monthly police and fire report. It is as follows:

Complaints, 200; arrests, 13; assists, 39; courtesy notices, 3; domestic

incidents, 9; traffic accidents, 6; motorists assists, 12; public services rendered, 18; transient reports, 5; death investigation, 1; cases opened, 10.

Mt. Vernon Fire Department reported 10 runs. The department reported 4 alarm tests. Livingston Fire Department reported one call.

State passes mandatory garbage plan

If the Kentucky House goes along with the Kentucky Senate's vote Tuesday there will be statewide mandatory garbage collection. The vote was 29 - 7.

Under the plan, all residences will receive collection. The cost has not been set, but residents will be charged a monthly rate, those refusing collection will be charged the same.

The mandatory collection bill probably will dominate House debate today (Thursday) in Frankfort.

The bill calls for universal collecting because 10 percent of the garbage generated in the state is illegally dumped into sinkholes or over creek banks.

The bill urges counties to form regional solid-waste planning districts. Each district would have to find a plan for handling its own garbage.

The bill does not prevent hauling out-of-state garbage into Kentucky.

Toxic waste could seep into Rockcastle County

By: Ray McClure

A company official representing the state told a meeting of the Rockcastle Disaster Emergency Services (DES) that the very northern section of Rockcastle is considered a fringe area if there should be an accidental

release of toxic chemicals at the Bluegrass Army Depot in Richmond, Ky.

Bob Martin, a planner for S.C. Technologies of Harrisburg, Penn. discussed toxic chemicals at a meeting of the Rockcastle DES Tuesday at the Rockcastle Hospital.

Cont., to Page A-8

Devil mascot remains at Mt. Vernon school

It might have been a new monthly board meeting Tuesday night at Mt. Vernon Elementary School, but it was the same old story as board members, concerned citizens, and parents discussed the controversy of the Red Devil Mascot.

As reported in last week's Signal, Mt. Vernon Principal John Hale presented the board with the results of the recently completed survey of Mt. Vernon Elementary parents.

That survey showed a two to one margin in favor of not changing the mascot. Of the 341 surveys turned in to Hale, 237 were against a change and 104 were for a change.

Hale told the board that in his opinion the mascot should remain the same.

However, William Mullins, Elizabeth Abney and Sheila Nicely were not pleased with the results of the survey and Hale's recommendation. All three area residents are part of the group wanting the mascot changed.

"When are our rights going to be held up," asked Elizabeth Abney, who later left the meeting in obvious disgust.

"Children should not be forced to be associated with a satanic symbol like the devil," said William Mullins.

Mullins also told the board that he did not think the results from the school survey were as significant factor as the 800 plus signature petition

his group had previously given to the board. The survey must include the entire county, Mullins responded.

As the issue was getting no closer to being resolved, Board Chairman George Poyner responded by "We (the school board) are the wrong people to deal with this issue and we will go by Mr. Hale's recommendation. That decision should be made at the school level."

Mullins then told the board that he wanted to go on record as saying, "We have more numbers of citizens in favor of changing the mascot than keeping it the same."

The board then passed a motion in favor of Hale's recommendation as he stated it to the board, as a result his survey.

In other business the board voted to amend the school calendar to include off day for students and teachers on Monday, February 18.

According to Superintendent Bige Towery, the calendar already provided for an off day for students on February 15, and since only one day of school has been missed in Rockcastle County this year; the board felt a four day weekend would be of benefit to the students. Teachers however will report for work on the 15th.

With a lot of the work already

\$2.40 per month increase

Falcon to raise cable T.V. prices

Because of increasing operation costs, Falcon TV cable will increase their customer's basic rate by \$2.40 a month effective March 1.

Robert Taylor, regional manager, said in a letter sent to customers, the "programming rates alone will be increasing over 35 percent in 1991; postage will rise 9 percent and gasoline for service vehicles 20 percent."

"Our goal is to deliver to our customers the best possible cable TV service for the lowest possible cost," Taylor stated.

Broken down, basic service will

increase 8 cents a day or \$2.40 a month. All pay services will increase 50 cents a month and charges for additional outlets, remotes and converters will go up 25 cents a month.

New channels to be added by March include: "Headline News," 24 hours a day, and "American Movie Classics," a 24-hour of Hollywood's golden era.

"I hope you'll agree that cable TV is well worth the additional cost. In many cases a whole month of basic cable TV costs less than taking the family out to dinner or a movie."

Doan will present Phillip Davis case to Grand Jury, Friday

Rockcastle County Deputy Sheriff Darrell Doan said Monday that he will present the tragic death of a six-year-old boy who died after the death of Phillip Davis to the Grand Jury on Friday.

Michael Kirby, a Rockcastle Elementary kindergarten was struck by a car on January 21, as he crossed U.S. 25, after getting off school bus.

Phillip Davis, 44, a Mt. Vernon businessman was driving the car when Kirby was struck. Davis told Doan that he did not see the child until after the accident.

Phillip Davis is not a registered sex offender, but he is being investigated by the police as a possible suspect in the death of Kirby.

Local woman dies after jumping from Clays Ferry bridge

A Rockcastle County woman jumped to her death from the Clays Ferry Bridge on Wednesday evening, according to state police at the Richmond Post.

It was the second time in a week that a woman was reported to have jumped from the bridge.

Janet Miller, 54, of Dayspring, was found dead on the bank of the Madison County side of the Tennessee River about 8 p.m. Her death is still under investigation by state police and the Madison County coroner's office.

One week before, on Jan. 28, Livingston police responded to a report that a woman was seen jumping from the bridge at the 100-mile mark on U.S. 25.

RALLY

A Rally in support of service personnel in Saudi Arabia and other areas will be held at the Mt. Vernon Rotary Club for 2 p.m. Feb. 17.

The Rally will be held at the clubhouse. If there is bad weather, the Rally will be held at the Rockcastle County High School Gymnasium.

The club requests anyone who has friends and relatives overseas or in the service especially to attend. The names of those service men and women from Rockcastle will be read at the Rally.

Persons are also requested to bring a flag and yellow ribbon. There will be music and a few short talks. Refreshments from the National Guard.

Club members are asked to attend a meeting at 7 a.m. Feb. 12 at Beulah Valley Lodge to discuss the Rally and make plans.

McConnell says '91 burley quota to increase 20 percent

McConnell says that the burley quota for 1991 will increase 20 percent. The quota for 1990 was 125,000 metric tons. The quota for 1991 is 150,000 metric tons. The quota for 1992 is 180,000 metric tons. The quota for 1993 is 210,000 metric tons. The quota for 1994 is 240,000 metric tons. The quota for 1995 is 270,000 metric tons. The quota for 1996 is 300,000 metric tons. The quota for 1997 is 330,000 metric tons. The quota for 1998 is 360,000 metric tons. The quota for 1999 is 390,000 metric tons. The quota for 2000 is 420,000 metric tons. The quota for 2001 is 450,000 metric tons. The quota for 2002 is 480,000 metric tons. The quota for 2003 is 510,000 metric tons. The quota for 2004 is 540,000 metric tons. The quota for 2005 is 570,000 metric tons. The quota for 2006 is 600,000 metric tons. The quota for 2007 is 630,000 metric tons. The quota for 2008 is 660,000 metric tons. The quota for 2009 is 690,000 metric tons. The quota for 2010 is 720,000 metric tons.

Our Readers Write

Dear Editor,
In reading the column "What Saith the Scriptures" in the January 31 edition of the Signal, I noticed a portion of scripture; that I believe was taken out of context.

Mr. McKibben refers to a passage in 1 Thessalonians 5:1,2 to support his statements regarding the Lord returning as a "thief in the night." I too believe that the Lord will return as "a thief in the night"; but only to those who are in darkness.

In 1 Thessalonians 5:4-5 the Lord says to us through His apostle: "But ye, brethren, are not in darkness, that that day should overtake you as a thief. Ye are children of light, and of the children of the day; we are not of the night, nor of darkness."

I believe that the reader can clearly see that the Lord's return will not come upon true Christians as "a thief in the night"; but only to those in darkness.

Mr. McKibben also declares that the Book of Revelation deals with things in the First Century Church and not to things today. Has death and hell already been cast into the lake of fire? (Revelation 20:14). Have the new heaven and new earth already come into being with the passing away of the first heaven and first earth? (Revelation 21:1). Has all sorrow, pain, and crying been abolished? (Revelation 21:4).

As one reads these particular scriptures I believe one can see that there are many things within the Book of Revelation that are yet to come.

I also believe that Christians cer-

tainly will be prepared for the Lord's coming for they live as if His coming will be this very moment. The Lord has not left His children in darkness concerning His return for throughout scripture He gives us signs of the end of time. One of these scriptures can be found in 2nd Timothy 3:1-5. As

one reads that scripture one can see some signs of the end times. The Bible also tells us in Hebrews 10:25 that we need to assemble together and exhort one another especially as one sees the day approaching. This certainly tells us that Christians will be able to foresee the coming of the Lord, although not the specific day or hour.

The MVES PTA meeting will be held Tuesday, Feb. 12 in the Mt. Vernon Elementary cafeteria at 7 p.m. Everyone invited to attend. Main topic will be a budget review.

Kiwanis Club Meeting

The Kiwanis Club of Rockcastle County will have its next meeting Feb. 7 at room at the Renfro Valley Lodge. Guest speaker will be Ste Mills, Lt. Gov. for District 6. He will speak on "What's Going on in the District." There are a lot of things going on and if you would like to be a part of this active community service organization, come join us and see what we are doing. The major emphasis for the 1990-91 term will be addressing the needs of children, prenatal through age five.

Historical Society Workshop

Rockcastle Historical Society Workshop will be Sat., Feb. 9 at the library community room from 10 a.m. to 4 p.m.

Young Republicans

Anyone between the ages of 18 and 40 interested in joining and becoming a active member of the Rockcastle Co. Young Republican Club should come to the Rockcastle County Courthouse, 3rd floor courtroom on Tues., Feb. 12, 1991 at 7 p.m. The yearly membership is \$5 per person.

Obituaries

Roy Lucas

Roy "Schooner" Lucas, 55, of Paris, and formerly of Mt. Vernon, died Feb. 1, 1991 at the Bourbon General Hospital after an illness of several weeks.

He was born on July 12, 1935 in Bourbon County, the son of Lawrence Lucas and Myrtle Baker Buchanan, both of Paris. He was the former owner of Lucas Sanitation in Mt. Vernon, was a Mason and Shriner, and a member of the Baptist Church.

Survivors in addition to his parents are: Two sons, Roy L. Lucas and Mike Cromer, both of Mt. Vernon; four brothers, Charles A. Lucas, Joe Lucas, Charles L. Buchanan, and Gayle R. Buchanan all of Paris; four sisters, Mrs. Patsy Napier and Mrs. Marlena Rose, both of Paris, Mrs. Brenda Fredrick of Lexington, and Mrs. Brenda McElroy of Louisiana and two grandchildren.

Services were held at the Cox Funeral Home Chapel with Rev. Harvey Pensil officiating. Burial was in Elmwood Cemetery.

Burial officers were Johnny J. Ormes, Bill Ormes, Johnny Rose, Tommy

Hines, Tommy Bussell and Noel Oliver.

Logan Wilmott

Logan "Buster" Wilmott, 73, of Mt. Vernon, died Jan. 31, 1991 at the Rockcastle Hospital after an apparent heart attack.

He was born on Jan. 5, 1918 in Rockcastle County, the son of the late Rose Wilmott and Grace McCull Wilmott Bethuram. He was the retired owner and operator of the Mt. Vernon Cab Company for many years, and was a Kentucky Colonel.

Survivors are: His wife, Mrs. Mildred Floyd Wilmott of Mt. Vernon, a sister, Mrs. Lucille Houck of Rt. 1, Mt. Vernon; a half sister, Mrs. Mary Jane Hale of Boca Raton, Fla., seven nieces and one nephew. He was preceded in death by two brothers.

Services were held Feb. 3 at the Cox Funeral Home Chapel with Bro. Eddie Hammond officiating. Burial was in Pinyon Grove Cemetery.

Burial officers were Bentley Durham, Brian Durham, Bruce Hook, Steve Deborde, Guy Deborde, and Garlan Deborde.

Cecil Rash

Cecil Rash, 75, of Mt. Vernon, died Jan. 31, 1991 at the Rockcastle Hospital.

He was born in Rockcastle County Sept. 22, 1915, the son of Aden and Myrtle Rash. He was a retired farmer.

He is survived by his wife, Lena Kirby Rash of Mt. Vernon, and four sons, Billy Ray Rash, Ronnie Rash, Dennis Rash and Joe Rash, all of Mt. Vernon, and a daughter, Bertha Marie Livesey of Lexington; five brothers, James Rash, Brad Rash, Millard Rash and Junior Rash all of Dayton, Ohio and Kenneth Rash of California; two sisters, Betty Weartz of Cincinnati and Edna Hudson of Miamisburg, Ohio, seven grandchildren and five great grandchildren. He was preceded in death by a son.

Services were Feb. 3 at Dowell and Martin Funeral Home by Bro. Burgess King. Burial was in the Rash Family Cemetery.

Burial officers were Troy Kirby, Ronnie Kirby, Brent Kirby, Roy Fredrick, Mike Bullock and Junior Bullock.

Curtis Adkins

Curtis B. Adkins, 83, of Mt. Vernon died Feb. 5, 1991 at the Veterans Administration Hospital in Lexington. He was born in Pike County Nov.

8, 1907, the son of John and Anna Steffen Adkins. He was a retired factory worker, a veteran of World War II and a member of the Flat Rock Baptist Church.

He is survived by his wife, Martha Grubb Adkins of Mt. Vernon, and a daughter Patricia Miller of Cincinnati, Ohio. Also surviving are two grandchildren.

Services will be at 2 p.m. Thursday (today) at Dowell and Martin Funeral Home by Bro. James Head. Burial will follow in the Elmwood Cemetery.

Earnie Hamm

Earnie Hamm, 25, of Rt. 1, Brodhead, died unexpectedly Jan. 30, 1991 at the Rockcastle Hospital of an apparent heart attack.

He was born on Oct. 28, 1965 in Rockcastle County, the son of the late E.J. and Audrey Cash Hamm. He was a carpenter.

Survivors are: a brother, Eddie Hamm of Rt. 1, Brodhead; two sisters, Mrs. Donna Hamm and Mrs. Pat Bradley, both of Rt. 1, Brodhead; three nephews and a niece. He was preceded in death by a brother, Danny.

Services were Feb. 2 at the Ottawa Baptist Church by Bro. Vestal Mecca officiating. Burial was in Ottawa Cemetery, Watson Funeral Home was in charge of arrangements.

Burial officers were Jackie McKinney, Mike Calley, Larry Allen, Danny Martin, Buck Brown and David Blanton.

Russell Baker

Russell Baker, 80, of Rt. 1, Brodhead, died Feb. 2, 1991 at the Rockcastle Hospital after an illness of several weeks.

He was born on July 12, 1910 in Rockcastle County, the son of the late Willie and Malinda Tipton Baker. He was a farmer and a member of the Brodhead Baptist Church.

"OUR READERS WRITE (Cont. From A2)

What shall the scriptures? It is certainly time for all to look and see? Rev. M.L. Halford

Survivors are a son, John E. Baker of Rt. 1, Brodhead; four daughters, Mrs. Frances Carter of Mt. Vernon, Mrs. Ellen Dailey of Somerset, Mrs. Lena Melcher of Brodhead, and Mrs. Joann Campbell of Mt. Washington; a sister, Mrs. Marie Harris of Harrodsburg; 16 grandchildren and 21 great grandchildren also survive. He was preceded in death by his wife, Mrs. Bessie Mae McElmire Baker and an infant son.

Services were held Feb. 4 at the Watson Funeral Home Chapel with Bro. Steve Ritter officiating. Burial was in Pine Grove Cemetery.

Burial officers were David Carter, Jerry Carter, Donnie Carter, Johnny Dailey, Frankie Daily, Joe VanHook.

Arminie Sloan

Mrs. Arminie Sloan, 84, of Mt. Vernon died Feb. 3, 1991 at Central Baptist Hospital in Lexington.

She was born on Oct. 7, 1906 in Rockcastle County, the daughter of the late Hiram and Laura Bell Miller McGuire. She was a member of the Fairview Baptist Church.

Survivors are: Two daughters, Mrs. Hazel Saylor of Lexington, and Mrs. Cleada Mays of Mt. Vernon; five grandsons, one great-grandson. She was preceded in death by her husband, Foster Sloan and by one grandson.

Services were held Feb. 6 at the Cox Funeral Home Chapel with Rev. Byron Jessup officiating. Burial was in Elmwood Cemetery.

Burial officers were Bob Murphy, John Flynn, Kenneth Lewis, Duane Lawson, Mark Lawson, and Huey Anderkin.

Wayne Chaney

Wayne D. Chaney, 53, of Dry Ridge and formerly of Rockcastle County, died Jan. 28, 1991 at his home of a heart attack.

He was born in Rockcastle County, June 8, 1937, the son of Lewis and Fanny Allen Chaney. He was a retired truck driver.

He is survived by his wife, Barbara Ann Chaney Chaney; two sons, Darrell L. Sanders and Duane A.

Chaney; a daughter, Dolores A. Chaney, all of Dry Ridge; a brother, Carl D. Chaney of Hamilton, Ohio.

Services with burial were in Pleasant View Cemetery in Dry Ridge.

To Whom It May Concern, I don't know how I can begin to thank each and everyone of you that helped through my time of sorrow, but to each one that sent flowers, cards, food, to the ones that kept my home running smoothly when it was packed from wall to wall, to the ones that said so, so many kind words, to the ones that didn't know what to say, just hugged me or held my hand, and especially to all the hundreds of prayers that have went up on behalf of my family. It would be impossible to personally thank each of you, but my deepest thanks goes out to each of you and you know who you are. I would like to list a few people that have helped so much: Rev. and Mrs. Glenn Daugherty, Fort Logan Home, Stanford Police Dept., Mid County Rescue, Fort Logan Hospital, the list could go on and on. Thanks to all the policemen that came to show their support, they came from every corner of the state. It was so touching. They did an excellent job. Also thanks to all the people from all over Ky, that are sending cards that I don't even know. Thanks to each and all.

On behalf of the family
Sincerely,
Dorothy A. Chaney
Wife of slain Police Officer
Gary Kidwell

The family of Charles Reppert wish to express our thanks and deep appreciation for the many acts of kindness and love shown to us by the family of Charles' death. The love, flowers and expressions of sympathy are appreciated more than words can say. Special thanks to Dr. Michael Bryant, Brother Shelby Reynolds, Brother Zade McClure, Joe Fain and Connie Amyx for their words of comfort, beautiful music and songs. We also thank Brother Wendell Romans, First Baptist Church and Dowell and Martin Funeral Home for their excellent service and kindness.
The family of Charles Reppert

Points East

By: Ike Adams

John Clark, the daytime proprietor of Uncle Tom's general store in Paint Lick went by Loreta that a lot of people were upset about the big stink between me and Brent. Brent Moore is my landlord and next door neighbor. Loreta delivered the news in the same tone that John had used when he told her.

Concern. Looked worried. Implying that I should be too. Further implying that Brent and I had a problem we needed to fix before it got out of hand.

But Loreta and John are both bad about pulling on legs. And I know both of them pretty well. I was also wise to the joke because I had just driven from Lancaster to Paint Lick. And between my house and the graveyard in Lancaster there were seven big stinks.

Dead skunks. And one was lying in the road between our house and the Moores.

Between now and the end of February there will probably be 25 more. I'm not exaggerating. I believe the one between me and Brent to be the one I encountered under my house a couple of weeks ago. At least both of them had unusually wide stripes down their backs. More white than black and it's normally the other way around.

Most polecats aren't as distastefully featured as the one that played in Bambi. Sometimes you'll see one with just a spot on top of its head. I don't around its collar. Sometimes they'll have little white on their tails, but this broad white stripe business is a rarity. The one in my business was nearly all stripe and I'm convinced that it is, in fact, the big stink between me and Brent.

I don't know where they come from, but between them and the coyotes, the Knobs are being overrun with two species of wildlife that I don't consider very desirable. I rate both of them right up there close to copperheads and rattlesnakes. I don't have any use for any of them and no biologist has yet been able to convince me that they do anything for the normal course on nature that something a little less dangerous couldn't perform just as well.

Skunks can be passive carriers of

rabies for years. I doubt, though, that they find it necessary to do much biting. Most dogs have the same reaction I did when they come face to hindside with a polecat, but almost every year we have a little outbreak of rabies somewhere in the Knobs or the flatlands. I'd be willing to bet that they begin with a skunk bite.

Apparently skunks breed this time of year. I hardly ever see them any other time but they sure are stirring right now. I came in a hair of wrecking last night just outside of Berea because a skunk jumped up out of the ditchline.

They'll run right out in the middle of the road and they're not very fast. If they think there's a chance that you're gonna hit 'em, they'll stop and throw up that tail. It works on me every time.

One night last spring I was coming home on 21 when I noticed some cars stopped just ahead of me. Brake lights glowing and a couple of flashlight beams bouncing around. I figured somebody was broke down, because there was no sign of a wreck, but I noticed that a couple of cars coming from the other direction were also stopped 75 feet or so in front of the ones in my line.

I got out of the truck and started to walk up to the next vehicle to see if they knew what was going on. When I heard three or four people scream and they came tearing in my direction.

"Get out of the way!!! Run!!! Watch out!!! Help!!!"

Turned out that two polecats were romancing right on the center line and had traffic blocked. Somebody had thrown a rock at them and they had done what skunks do to anything that attacks them. The stink is so strong it'll nearly knock you down. And if you hit one with a car, you can forget about drinking coffee on the way to work for two or three months. It'll also break you from eating out if you don't have anything else to ride in to the restaurant.

I've been a knobber for 17 years now and I know from observation that skunks are getting thicker and thicker. When we first moved here it wasn't unusual to see a dead skunk in the road every once in awhile, but I

can remember when it was considered a novelty, even by some people who have lived here all their lives. You'd see two or three in the course of a year.

I can remember our family coming back from grocery shopping one night when we first moved to Paint Lick eight years ago and talking about how strange to see two skunks dead between here and Richmond at the same time.

There's seven between here and Lancaster right now and that's about nine miles. Three between here and Berea and that's about eight miles. It figures out to a dead skunk in the road about every mile and a half. You can't get the smell out of your nose till here comes another one. It didn't used to be like this.

I'll leave the coyotes for another time cause they're thicker than the skunks are. A biologist told me that the reason the coyotes are so thick is because they have plenty of skunks to eat. I've actually seen with my own eyes right here in Garrard County, a coyote snatch a dead rabbit off the side of the road in broad daylight. Three other people witnessed the same event. We want to know why the coyotes aren't hauling off the skunk carcasses.

Rockcastle Saddle Club News

By: Bobby Cummins

We, the Rockcastle County Saddle Club, would like to invite everyone who is looking for a fun filled Sunday afternoon to bring their horse and ride with us.

Our club meets at the Saddle Club building on the old Broadhead Road every first Monday of the Monday at 7 p.m. We have Potluck Supper and discuss upcoming events.

At the January meeting we had the election of officers: They are as follows: Eugene Philbeck, vice president; Rosalind Philbeck, secretary; Sheila Leger, treasurer; Bobby Cummins, reporter. We have nine directors, Bobby Durham, Mike Leger, Abby Taylor, J.C. Reynolds, Eddie Abner, Jan Combs, Kenneth Abney, Ray Philbeck and Bobby Cummins.

The February meeting was called to order by president Darrell Owens after we had our Pot Luck supper. There were many members and visitors present. We discussed our scheduled rides for the upcoming year which will begin on April 6th. We are selling tickets on a G.E. Marcher to be given away on our March 23rd banquet.

If you need more information contact Darrell Owens at 758-4138.

Cards of Thanks and In Memories

The family of Michael Kirby would like to thank everyone who sent flowers, cards and money. A special thanks for all the support and love we received in their time of sorrow.

The Kirby Family

In Loving Memory of Our mother and father Eugene and Lydia Keppert and other family members

Your family misses you sadly and find the time, long, since you went.

We think of you daily and hourly Tears that we shed in silence, We breath a sigh of regret.

You were our's, and we remember Tho all the world forget.

Not dead to us who loved you, Not lost, but gone before.

We are parted for awhile, We know we will meet again, Someday we know not when, We shall meet in a better land, And never part again.

In our hearts here lies a picture Of loved ones laid to rest. In memory's frame we will keep it For you were the best.

You are not forgotten Nor ever will be.

As long as life and memories last, We will remember thee.

Dearly loved and sadly missed Your family

In Memory of Elvina June Curry

She was a good little girl, never done any wrong I don't know why she had to go, but my love and memories linger on.

I love her and others do too She did not do anything wrong She was killed for nothing And left me in this world alone

I miss her very much And I know she misses me too But to Heaven she has gone, don't you think so too. She told the truth and it cost her life.

I have to play on the hillside alone But we buried you sissy on our playground where You and I once roamed, so I would not feel so alone

Sissy, you can tell the truth where you have gone God will not let anyone harm you or shoot you down I will be to see you someday

And in Heaven we can roam and play, never have to go away or be afraid.

I love you sissy Earlane Curry

In Loving Memory of Elvina June Curry Who was killed one year ago February 1, 1990

"I can't bear to be without you" This is what your Valentine said When I bought it for you I never knew That in a few short hours you would be dead.

You were an angel sent from God above and by mommy and many others, you were dearly loved Your smiling face we will never forget Our love for you grows stronger yet.

Even though to Heaven you've gone to stay Our memories of you will never fade away

The sweet little things you did and said No one can ever take the place of you especially When you'd say mommy I love you.

Still today I love you so Your life to me was more precious than gold Now I know you're an angel above Until we meet again God will keep you with his love.

Sadly missed by her mother Lane Curry I Love You

Berea Hospital offering health screening services February 8 and 22

All services except the cholesterol test will be free. There will be a \$4 charge for the cholesterol test. For more information, contact Berea Hospital outreach services department at 986-3151, extension 4640.

Local Red Cross organizing Family Support Group for military families

Dear Editor,

The Rockcastle Chapter of the American Red Cross is organizing a family support group for the families of the military people who have been called to active duty. This is not just for those who have gone to the Middle East, but also the families whose loved ones will be stateside, but are in active service.

We are attempting to contact each family that we know has someone in

active status, but you can help. Please call the Red Cross Office in Mt. Vernon, 256-5315 and leave word with Betty Carter or Mary Falin. I know that there are some that have missed. It is very important that the Red Cross knows the names of those people so that we can contact either the family or the military person in case of an emergency.

LuEd Nielsen

Billie, Lesia Burdine and Criss Bullock are visiting the Burdine sisters in Tenn.

Mr. and Mrs. Grover Shelly of Louisville are visiting her mother Mrs. Hazel Halcomb this week.

Stuart Mullins of Frankfort spent the weekend with his grandparents Mr. and Mrs. Lee Mullins recently.

Willing Worker Homemakers

By: Elizabeth F. Mullins

No, the icy streets in Brodhead, Jan. 24, didn't keep the faithful members of the Willing Workers from meeting together.

They met at Patricia Fletcher's home on Main Street, with Virginia Fletcher co-hostess.

First, the lesson was presented by Jean Albright on "Aging Parents."

1991 Brodhead Homecoming was discussed. A final plan wasn't made for how the homemakers could help or for a Homemaker Float.

Kathy Taylor and Sherry Asher were welcomed as new members. Naturally the club was delighted to

have two young, vigorous members added to their roll call.

Important dates to remember are: Feb. 11 - Bicentennial Quilt Workshop; Feb. 28 - Leaders Training; Healthy food; Mar. 14 - International Dinner - The theme will be New

Zealand - 6:30 p.m.

Sympathy is extended to Loraine Newland in the death of her husband, J.C. Newland.

Get Well wishes were sent to Zella Stencil in Sowder Nursing Home

Northern Rockcastle County part of toxic chemical waste area

Cont. from front

The meeting, chaired by county DES director Gary Asher, was held for the purpose of informing persons in the area of the dangers of toxic chemicals that could possibly drift on the wind into the county if an accident happened at the Richmond depot.

"Rockcastle is on the fringe as related to the depot at Richmond," Martin said. "The chemical could reach the northern section of the county, so it is wise that we have a plan just in case."

The area of Rockcastle includes a line beginning in the most northwest corner at Copper Creek Road eastward to Ky. 1505, and to along Old Conway Road to Three Links-Climax Road and on out of the county to the northeast.

He told the several professional people who attended along with county Executive Roland Mullins and Mt. Vernon Mayor Gary Cromer and other city and county officials that the government is in the process of destroying the "toxic agent" and Congress has mandated that everything be done to have maximum protection

for the public in the active zone.

Martin also suggested several plans for the area, but settled on "evacuation" for those in the county area, either to be evacuated by the Army or National Guard or to leave on their own.

Martin stressed there had never been a toxic chemical release at the Richmond depot that drifted off the post, and added that Kentucky has the smallest amount of toxic chemicals in the U.S.

Martin reported the depot at Richmond has blister agents, mustard gas and nerve agents.

He also described what is done should there be a release, along with other information.

He related that, "Potential causes of a release of toxic chemicals which might affect Rockcastle County include rupture of more than one container, or explosive release through detonation of more than one munition."

The rate at which the chemicals would disperse into the environment in the event of a release is dependent upon several factors, including: type of release, weather conditions at the time of release, and type of agent used.

A major release of chemical agent under worst case meteorological conditions is unlikely, but it must be anticipated in the planning process. Such a release could affect all of Madison county, and a part of several other counties which border Madison County, including the northern portion of Rockcastle County.

In the event of such a release, persons living within approximately 10 kilometers (6.2 miles) from the center of the chemical exclusion area would be the first to be affected. It is believed that under ideal (worst case) meteorological conditions, it will take approximately one hour for the agent plume to cover this distance.

School Board Cont. from Front
completed by private donations, the board voted to advertise for bids for a track to be installed around the football field at RCHS. School officials hope the track can be completed by the time track and field season starts this Spring.

G.E.D. certificates were approved for Jackie L. Blackburn, William G. Cromer, Rhonda V. French, Terri G. Gibbons, Sabrina G. Owens and Carolyn S. Whitaker.

This area is defined as the Immediate Response Zone (IRZ), and is wholly contained within Madison County.

Persons living in the northern portion of Rockcastle County are near the edge of an area known as the Protective Action Zone (PAZ). This area extends from the edge of the IRZ out to a point approximately 22 km from the chemical exclusion area at LBAD. This area encompasses most of Madison County and approximately the northern 1/4 of Rockcastle County.

Should a release of toxic agent occur which threatens the PAZ, the most viable option to protect the public evacuation of persons in the path of the release. The population within the Rockcastle County portion of the PAZ is estimated at less than 1,000. This includes the communities of Boone, Climax, and Conway.

Actions taken under this plan are intended to be defensive and protective in nature. Direct interaction with the chemical agent will be the responsibility of the personnel at LBAD who have both the equipment and training to directly intervene in a release of toxic agent.

In the event of a release, LBAD will notify Madison County officials, and Kentucky DES in Frankfort. Kentucky DES will further disseminate the notification by the most rapid and efficient means available, including prompt notification of Rockcastle County officials.

If evacuation of some or all of the population in the affected areas is deemed appropriate, adequate transportation will be made available for all transportation-dependent persons, including school children, and other persons who have no available private transportation.

When resources of the county are depleted, additional support will be coordinated through the Kentucky Division of Disaster and Emergency Services.

The U.S. Army, through the Commander, LBAD, will ensure that services are made available, upon request, to communities affected by a toxic release. These services may include:

- detection and decontamination of affected off-site areas; assistance in the medical treatment of off-site casualties; to include health care personnel trained in the treatment of such casualties; and additional antidotal drugs as required; and

notification to local authorities when areas affected by toxic chemical agents are deemed safe for reentry.

Celebrate Arbor Day with ten free trees

Ten free American redbud trees will be given to each person who joins The National Arbor Day Foundation during February 1991.

The free trees are part of the non-profit foundation's Trees for America campaign.

"American redbuds are outstanding flowering trees which will add graceful beauty to your home and neighborhood," John Kosnow, the Foundation's executive director, said. "Redbuds have clusters of rosy pink flowers in spring, and dark green summer leaves turning to yellow in the fall."

The trees will be shipped postpaid at the right time for planting between March 1 and May 31 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to Ten Redbuds, National Arbor Day Foundation, 100 Arber Avenue, Nebraska City, NE 68410, by Feb. 28.

Lincoln Day Banquet is February 15

The Lincoln Day Banquet will be held on Feb. 15, at Renfro Valley. At 6 p.m. there will be a tour of the Renfro Valley Museum. At 7 p.m. a boarding house meal will be served at the Lodge Restaurant featuring live country music entertainment by the "Renfro Valley Folks".

The cost of a ticket will be \$15. Tickets may be purchased at the door or by calling Norma Houk at 256-2831 the day of the banquet.

"WILLING WORKERS" (Cont. From A8)

to Elizabeth Mullins who had eye surgery in Florida.

Silent Prayers were offered for all our friends in Persim Gulf War.

Refreshments were served by the two hostesses and enjoyed very much.

Door Prize was won by Jean Albrit.

Fifth Congressional Caucus

Ford elected Chairman

State Rep. Danny Ford has been elected chairman of the General Assembly's Fifth District Republican Caucus.

The caucus, comprised of lawmakers who represent various portions of the Fifth Congressional District, elected leaders during the current special session, which is completing its third week of activity.

The caucus was formed to help legislators promote the common interests of the Fifth District. Other officers are Reps. Ray Altman, R-Campbellsville, vice-chairman; Jo Elizabeth Bryant, R-Williamsburg, secretary-treasurer; and Tommy Todd, R-Nancy, who will represent the district on the House Republican campaign Committee.

"More and more issues before the

General Assembly are regional in scope," Ford said, "and by meeting and discussing these issues as a group, we become more effective voices for our constituents. It's always good to speak with one voice whenever possible and 12 votes carry more weight than one."

Among the regional issues the caucus will take a particular interest in include economic development, transportation and tourism as well as corrections and environmental concerns.

During the current special session, for example, there is a proposal to allow several counties to form regional landfills to deal with their solid waste disposal needs.

Ford has been a member of the House since 1982.

Sweet and Sour

By: Zi Graves

Hands for Service

The other day while doing an examination of my painful arm and shoulder the doctor tested muscle and hand strength along with the many other things he had to check out. He had no trouble feeling the strength that flowed from the rough strong hand I presented to him and grinned down at me as he said, "You wouldn't be a farm girl would you? Now what would make him say a thing like that unless it was to put me at ease? What could be the difference in a work hardened hand of a farm woman and the work hardened hand of a city gal? It put me to thinking.

These hands of mine have worked both places so we will consult them and see what the difference is. When I was a young girl living in town, one of my tasks was keeping the porches and all walk ways swept. This usually entailed a lot of sweeping so my hands became tough at an early age. There was also sweeping to be done in the house since vacuums were not very common back then and that turned out to be my lot also. This was my introduction to work with my hands. As I grew older

other things such as washing dishes and mopping floors was added. All these things are hard on the hands but I never thought of it being so. Spring house cleaning was always a trial on hands. That was when all the windows had to be washed with soap and water then rinsed with vinegar and shined and shined till nary a streak showed. All woodwork had to be scrubbed and the walls washed down if new paper wasn't to be put on. These were jobs for the girls in the family to do and they all took their toll on young hands and pretty nails.

Play also was a hazard to soft hands. Skipping rope was good exercise and lots of fun but many a callus was developed by the constant clenching of a rope while it swung to and fro. Hop scotch and marbles contributed their share of broken nails and grimy skin. How many girls of today know how to pitch a flat disc of shale into a square drawn in the dirt then skip on one foot from square to square, pick up the piece of shale and return to the beginning point without losing either their balance? How many girls, or

boys either of today, can shoot a glassie into a circle drawn in the dirt and filled with marbles with enough force to scatter the marbles and scatter several of them outside the circle? This game played in the grime and grit of a vacant space in every yard where there were children was hard on the hands and knees but it sure was fun.

Later on when this city gal was older though she took her place in the work force at a factory, potteries, tile factories, assembly lines in automobile factories were only a few of the places where an ambitious young woman could find employment and become financially independent. Of course there were career girls who finished their education and became stenographers, nurses and etc but the majority took factory jobs before marriage and often kept it up after marriage until the babies began to come. At that time in history there was no insurance nor plans for a moon to take a couple of months off to have her baby then go back to work so she usually stayed home and raised her own family after the first one appeared.

This kind of living was the background for my years in the country that prompted the casual question asked by the doctor.

My hands were already toughened by years of use before I ever

moved to the country and hoed in my first garden, so they were not strangers to calluses nor to the feel of dirt. They quickly got used to a hammer when I helped Mat build our home. (They never did get used to an ax though). These were new uses for hands that at one time in my life I had dreams of using in the medical world of nursing. That dream I had reluctantly put aside years before but it still came back to haunt me every time I heard of a neighbor in need of help when sickness would strike. My mother had taught us through stories she told of her years in the country, to always help a neighbor in need and especially in sickness.

She was not a mid-wife, neither was I but I have sat for hours with a woman in labor doing what I could to ease her pain until a mid-wife or doctor arrived.

One time I stopped by a neighbor's house to see how she was and found she was in labor and her husband was in the field plowing and no one had gone for the midwife. I sent him on his way and stayed with her two little boys until they could get back. Night came on and there was only one lamp in the house. I was using it to prepare a meal for the two boys and keep them in the kitchen but she would call out, "help me", and I would run to her bed side with lamp

in hand, then a cry would come from the kitchen, "we are afraid in the dark," so back I'd run to two scared little boys. Finally a new voice was added to the turmoil and when I peeped under the covers a tiny little girl had added her voice to the confusion. I moved her to a safer, dryer part of the bed and returned to my charges, still crying, in the kitchen. It was only minutes later the midwife and daddy came merrily into the now quiet house and Mary Ann took care of all the details and soon a happy family was

Happy Birthday, Randall, Ricky, Jack Love, Mom

6th Birthday
Jamie Weaver, daughter of Bobby and Tammy Weaver of Mt. Vernon, celebrated her 6th birthday February 5th.

She may not look it here, But she'll be 42 on Sunday. Happy Birthday, Glenna Love, Haley and Willie

gathered around the fireplace talking of ways to include this little girl in their life and I took off for a two mile walk up a long dark hollow for my own family.

This wasn't the last delivery of babies I helped with nor was it the only kind of sickness I helped with. When anyone was in need of any of the skills I had learned from my mom, or by book and experience, all they had to do was call on me, then if I couldn't help we always tried to keep a truck that could get them to a doctor. That was Mat's job.

Another incident with a new born didn't turn out so happily. I was sitting with a very dear friend who had given birth a few days before to a child with several problems. She had already decided medical care wouldn't save him so wouldn't consent for someone else to take him the 25 miles, over rough roads to see a doctor. Back then doctors weren't as common as they are today and the medical care wasn't as sophisticated. This pioneer "type" woman recognized the symptoms of what she was sure was a fatal problem and accepted it. Not very long before day break. I was

holding the tiny bundle in front of the fire and decided a warm bath might ease his restlessness. I made a tent of quilts to hold all drafts out and keep the heat in and gently removed the tiny garments from the little skeleton frame then bathed it from head to toe, patted-baby powder on and slipped clean cuddly baby clothes back on him. I'm sure he felt better but it was not enough to keep him alive. By mid afternoon the sound of hammer and nails could be heard making his tiny coffin. I never helped make a coffin but years later I did help with the lining of one, you see, I was trying to live up to my mother's teaching care for the sick and bury the dead.

There are many, many ways one acquires the image of a country girl or city gal and it would take a professional to recognize either. If one could have been present when I tried to milk the first time he would have sworn "that city gal" would be back in the city before the cream could rise on the little bit of milk she had managed to squeeze out of that full udder. But that was some fifty two years ago and I'm still here.

If one could see into the heart of a

city girl trying to become one with her new environment and feel the desperation of adjustment he would recognize a new breed of pioneer.

Kid gloves, high heels, a fur stole casually draped over a tailored suit, sitting with your hands discretely folded in your lap while attending a dinner or board meeting, these things can hide or disguise the rough and calloused hands with broken nails but they cannot erase the experiences that made them so.

Neither can the calluses and broken nails, the large hard muscles and stooped shoulders hide the innermost part of our being, the gentleness that blooms from the caring about others. My hands saw no difference.

P.S. This is to my faithful followers of my column. I'm having problems with my writing arm so may have to stop writing for awhile. (my pen/fil doesn't think well in my left hand). But thanks to all of you who have given me so much support.

Continuing a tradition of personal service

Bentley Sparks

Sparks Funeral Home
1951

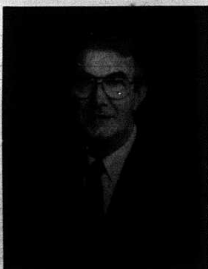

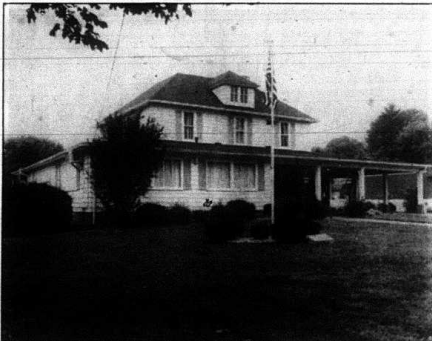

Alfred Sparks

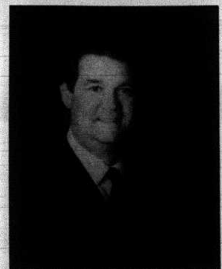

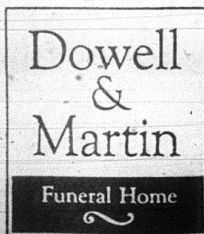

This elegant home, with its distinctive construction and traditional woodwork and warm interior, was built around 1901 by Mr. Reuban Mullins. Mr. Mullins was the father of Mrs. Grace Riddle who presently resides next door. The grounds had 21 maple trees, an orchard, a tennis court and the home was considered to be one of Mt. Vernon's finest.

Robert Sparks, who worked for the W.J. Sparks Quarry, moved into the home in 1908 and he and his wife, Lena Bentley Sparks, raised six children - Bentley, Harry, William J., and Robert Sparks, Margaret Sparks Craig and Elizabeth Sparks Williams. Harry Sparks was a former President of Murray State University and the area vocational school was named in his honor.

In 1951, Bentley Sparks and his son, Alfred, founded the Sparks Funeral Home in this, their old homeplace. In 1969, the home was purchased by Billy Dowell and Roy Martin and is known today as the Dowell & Martin Funeral Home continuing a tradition of Personal Service as rich in heritage as this old homeplace.

Renfro entertainment director dies

Glenn Pennington, 67, director of entertainment at Renfro Valley Folks, and a former part owner, died Feb. 4, 1991 in Central Baptist Hospital, Lexington, after a long illness.

Pennington directed and produced four shows weekly at the Renfro Valley entertainment center, including the Barnardine, Renfro Valley Jamboree, Sunday Morning Gatherin' and Renfro Valley Mountain Gospel Jubilee.

He had been a country singer and bass fiddle and guitar player himself as a young man.

Replacing him as interim director of entertainment will be Pete Stamper, a long time member of the Renfro Valley Barnardine.

Pennington, who lived at Norwood Acres in Berea, ran an auto dealership in Berea for 26 years. He retired from that in 1981. He began his career in music as a youngstringer singing bass in a church quartet in Corbin. He joined the Vaughan Five Quartet, based in Knoxville, Tenn., as a teenager. The group had a program on radio station WNOX in Knoxville called the "Midday Merry-Go-Round" and performed in road shows and concert tours. In 1942, he was

hired as a bass singer at Renfro Valley. The Barnardine was a national show at the time.

Pennington joined the Rusty Gate Quartet with Jerry Behrens, Red Turner and Trey Gibbs. The quartet performed on the Sunday Morning Gatherin' as the Memorymen.

Later Pennington was a solo singer on the Barnardine. Sunday Morning

Gatherin' along with his first wife, Lily Mae Ledford, one of the original Coon Creek Girls, and put together other Renfro Valley acts.

Surviving are his wife, Vivian Pennington; two sons, both musicians, Robert Glenn Pennington Jr. and J.P. Pennington, both of Lexington; a daughter, Barbara Greenleaf of Nicholasville; a stepdaughter, Phyl-

is Lee of Ohio; two stepsons, Darrell Kirby and Bunch Kirby, both of Ohio; a brother, Vernon Pennington of Berea; five grandchildren; seven step-grandchildren; and a step-great-grandchild.

Services will be at 2 p.m. Thursday at Berea Baptist Church. Funeral arrangements were by Osborne-Wray Funeral Home.

Circuit Judge Dan Venters will seek second term

Judge Daniel J. Venters has filed for re-election to the office of Circuit Judge for the 38th Judicial Circuit, which includes Pulaski and Rockcastle Counties.

Judge Venters' present term of office will expire in January 1992.

Upon filing for re-election, Venters stated: "The decision to seek re-election was not made lightly or casually. I have considered other options; after seven years with the highest caseload of any circuit judge in Kentucky, I am tired but not discouraged. I look forward to the commencement of a second term.

Our circuit court faces a formidable challenge. The growth of population and commerce in Pulaski and Rockcastle counties have been among the highest in the state. Increased litigation is simply one of the by-products of that growth. Since 1983, our case filings have increased 21.7 percent (Statewide, circuit court caseloads have increased an average of 13.1 percent). To meet this challenge we must make the best use of the limited resources available to us without additional resources, the Court's ability to meet the needs of the public and the legal community will decline.

I am very grateful for the support that this community has given to me in the past. I hope to continue to serve

in a manner befitting that support.

I am especially grateful to the lawyers of this circuit, without whose consideration, patience, understanding, encouragement and support, a circuit judge could not function. I am also grateful for the assistance of District Judges, William Cain and Walter Maquire.

And most importantly, I appreciate the tireless assistance of my Circuit Court Clerks, Denver Miller and George Flynn, and their dedicated staffs," he concluded.

Circuit Court Judges are elected for eight-year terms. All Judges in Kentucky are elected on a non-partisan basis. State law forbids judges from seeking election under the banner of any political parties.

Judge Venters was elected to the Circuit Court in 1983. He had served as a District Judge since January, 1979. Prior to that, Venters practiced law in Somerset and served as Assistant Commonwealth Attorney with Commonwealth Attorney, Harold D. Rogers.

Pilot program will help dislocated Rockcastle workers

A pilot program to help Rockcastle County's dislocated workers organize their own businesses will begin Feb. 18 through efforts of Eastern Kentucky University's Center for Economic Development.

Specifically, "The Rural Entrepreneurship Enterprise," or TREE, program includes an intensive 160 week course to assist dislocated workers in starting new businesses and offers follow-up assistance to those who proceed with their business plans.

"The program will help people gain some of the skills they'd need to become business managers," said Jeanne Gage, assistant director of EKU's Center for Economic Development in Richmond.

"We're very excited about this program," she said, "not only because it may help a large number of people in central and southeastern Kentucky, but because it's one of the first programs of its kind."

The program is targeted toward dislocated workers in Bell, Clark, Clay, Estill, Harlan, Jackson, Knox, Laurel, Letcher, Madison, Powell, Rockcastle, and Whitley counties.

The program is funded by a grant from the state Department of Employment Services under the Job Training Partnership Act (JTPA) Title III program.

Under a cooperative agreement with Southeast Community College, classes will be offered in Corbin, Cumberland, Middlesboro, and Richmond, depending on enrollments.

Deadline for application to the program is Monday, Feb. 4.

Classes are scheduled to begin the week of Monday, Feb. 18. Classes will meet for three hours, one day a week.

In general terms, applicants must meet the criteria for a "dislocated worker."

Such people have lost their jobs and are unlikely to return to their previous industry or occupation; have lost their jobs as a result of a permanent plant closure; have been unemployed for extended periods with limited opportunities for reemployment in a similar occupation in the local market, or were self-employed and are now unemployed because of general economic conditions in the community.

EKU's Center for Economic Development was established in October, 1989 through a \$100,000 grant from the Economic Development Administration of the U.S. Department of Commerce.

The Center offers technical assistance to businesses and local governments, primarily in Kentucky's 5th, 6th and 7th congressional districts.

Its mission is to create jobs, enhance economic development, and promote environmentally responsible community development strategies. The Center is housed in EKU's Department of Government.

For additional information about the program, contact David Silver, program coordinator, at (606) 622-2334 or (606) 528-0551.

Mullins residence raided by police

State Police report troopers from the London Post raided the residence of Elsie Mullins Friday on Ky. 461 five miles south of Mt. Vernon.

Troopers reported they confiscated 709 cans of beer, 122 bottles of liquor, a police scanner and a small amount of cash.

Jones selects Doyle, Stevens

Democratic gubernatorial candidate Breton Jones has named Larry Doyle and Jeff Stevens to lead his campaign in Rockcastle County.

Doyle, who will chair the local effort, is a jeweler and part-time farmer while co-chairman Stevens works with the Okanite Cable Co.

"I feel Breton Jones will work to improve all aspects of Kentucky's economy, along with continuing to improve education for Kentucky's children," said Doyle, one of the members of the Kentucky Racking Horse Association and the Broadhead Masonic Lodge No. 566.

Stevens, who belongs to the National Guard, said he believes Jones "will be open-minded to bringing about needed improvements in all Kentucky counties and will work to improve health care."

"This is such an outstanding team to lead our campaign in Rockcastle County," Jones said of his co-chairs. "I know that Larry and Jeff will play a very important role in our success, and I look forward to working with them through the primary and general elections."

Jones is considered the frontrunner in the race for the Democratic gubernatorial nomination.

He was elected lieutenant governor in 1987 by one of the largest margins in the state's history and has established several programs since taking office to provide services to Kentuckians statewide.

Milliken to head SCS in Kentucky

Billy W. Milliken has been selected to head the Soil Conservation Service in Kentucky. His appointment was announced by the agency's acting chief, Roy M. Mack Gray.

Milliken, who has been state conservationist in South Dakota since March 1988, began his new assignment in Lexington, in October.

A native of Tennessee, Milliken started with the agency in 1966 as a soil conservationist, student trainee, in Franklin, Tennessee. He also worked as a soil conservationist at Trenton and Camden in his home state.

In 1971, Milliken directed his career toward the agency's administrative functions. He served as contract assistant, contract specialist, administrative assistant, and personnel officer in Tennessee. In 1974 he transferred to Indianapolis, Indiana as assistant state administrative officer.

Local republicans show support for Larry Hopkins

Local Republican leaders are behind U.S. Congressman Larry Hopkins' bid for the Governor's seat.

Most local officials and other members of the local party turned out to see and hear the Congressman at the Kastle Inn Restaurant Friday morning.

Rockcastle was the first stop in a tour of some of the towns in Kentucky's Fifth Congressional District.

Hopkins told a crowd of about 50 that he would not quit on them as did Larry Forgy four years ago, and that he needed their help in the May primary and in November.

"I am extremely grateful to Fifth District Congressman Harold Rogers for hosting me on this tour of the western part of his congressional district. The Fifth District is the bed-

rock of Republicanism in Kentucky. If you want apples, you go to the vineyard; if you want grapes, you go to the orchard; if you want sold, you go to the Fifth Congressional district," Hopkins said.

Some of those on hand to greet Hopkins were County Republican Chairman Alonza McCollum and vice-chairman Juanita Davis, County Judge-Executive Roland Mullins, Kentucky Supreme Court Justice Joe Lambert and his wife, attorney Debra Lambert, County Attorney James H. Lambert, Circuit Clerk Norma Houk, Circuit Clerk Denver Miller, Coroner Bill Dowell and other county officials.

Hopkins is attempting to become the first Republican Governor to hold office in Kentucky since Louie B. Nunn did so in the 1960s.

Hopkins is a ranking member of the Armed Services Committee and has been deeply involved with the Persian Gulf Crisis. He told the crowd that Americans should be behind our men and women in the Gulf and show support for them every chance we get.

The former Marine said that the President was committed to getting Iraq out of Kuwait and would not consider a cease-fire until they withdrew.

Hopkins will face well-known Lexington attorney Larry Forgy in the May Republican Primary.

So far little or no support has been shown for Forgy in Rockcastle County.

The letters printed below are the winners of the Santa Letter contest. The winners can drop by the Signal to claim their \$25 or call and we will deliver the prize money to your home.

State extension for U.S. troops

Soldiers serving in the Persian Gulf or in support of the military's Operation Desert Storm now have an extension for state license renewals and payment of property taxes.

Gov. Wallace Wilkinson signed an executive order authorizing the extension on Jan. 25. However, the order does not apply to a proposed 12-month extension for filing income tax returns, which is being considered by the General Assembly in special session.

The extension applies to renewal of vehicle registration and drivers' licenses, retaining of professional licenses and certificates, and other types of licenses and fees, including requirements for professional continuing education.

The order authorizes state agencies, local PVAs, county clerks and licensure boards to grant an extension, which will expire 90 days after the individual returns to the United States.

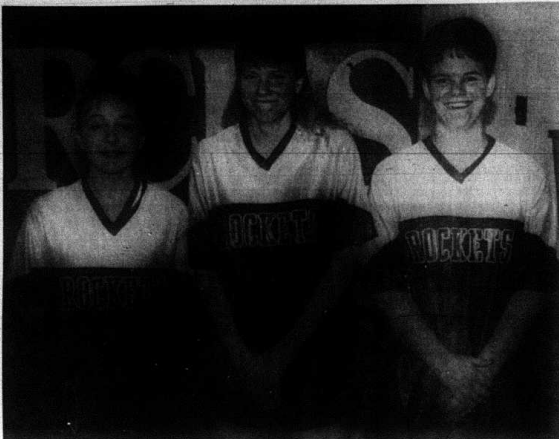

The BEAST - Brodhead Elementary Academic Success Team 1991 District Governor's Cup Champs

The 1991 District Governor's Cup competition was held on Feb. 1 and 2 at Mt. Vernon Elementary School. Overall school winner was Brodhead Elementary with Roundstone Elementary receiving runner-up. The winners from BES who will advance on to regional competition at South Laurel Jr. High School include: Kyle Robinson, chess reced; Randall Hasty, math; Jeffrey Owens, quick recall; Rachel Trebalo, Language Arts and quick recall; Chris Bradley and Chance Potter, science. Second row: Slade Calhoun, Social Studies; Andrew Giesler, math; Mary Elkins, future problem solving; Becky Bussell, math; Beth Harper, quick recall. Back row: Regina Burton, coach; Ruthie Harrison, Julie Allen, Melissa McGuire and April Price, math and Bobby Mosley, social studies.

Sports

**Got a Sports Item?
Planning a Tournament?
Call Spencer Bengé—
256-2244!**

From left, Lady Rocketts' seniors Jennifer Clark, April Burton and Karla Bullock all played their last home game at RCHS Tuesday night against Jackson County. They were honored, along with their parents, and presented a bouquet of roses during ceremonies before the game.

Rockets take two more losses plus lose another player to injury

By: Spencer Bengé
When asked if he was having some bad luck, Rockcastle County Rocketts' Head Coach David Perkins answered, "If I didn't have any bad luck, I'd have no luck at all."
True.
There's probably not just a whole lot of anything else that could go wrong for the Rockets this year.
Thus far, senior starting guard Tim Cottrell suffered an ankle injury one month ago and has not returned to a full 100%, senior starting forward Billy Todd sustained a broken foot two weeks ago and will be out the remainder of the season and most recently, senior big man (6'5") Scotty Hines suffered a broken leg this past week against Jackson County and will also be out the rest of the season. Ironically, Hines was the replacement, midway through this season, for the injured Todd.
Call it an omen, terrible timing or

these happenings, the Rockets dropped two more games this past week, both were on the road. One was to Jackson County, 87-74, last Friday night and the other to Mercer County, 57-54, last Saturday.
"We played pretty good," Perkins said earlier this week, "but we didn't shoot very well." The Rockets, who trailed Jackson throughout the
Cont. to B-4

jersey with number 20 printed on it (jersey worn by Todd and Hines) but any way it looked at, it's just plain bad luck.
Although the injuries didn't help, it's not the end of the world. The Rockets still have loads of talent remaining and still have a very good chance in the upcoming District Tournament, to be played at RCHS.
Anyway, somewhat as a result of

Pin Busters regain first place in Rockcastle Bowling League

The Pin Busters, 59-29, won three games to regain sole possession of first place over the Top Guns, 57-31, in the Rockcastle Mixed Bowling League in Richmond last week. The Ten Pins, 55-33, are still in third place.
In action, the Pin Busters bowled the high team series HDPC with a

2493. Second went to the Jets with a 2422 and third high to DARE with a 2374.
The Pin Busters also had the high team game HDPC with an 868 and tied for third high with the Jets at 847. The Rockets had the second high with an 853.
Cont. to B-4

Lady Rocketts settle for one of three: seniors honored at last home game

By: Spencer Bengé
The Rockcastle County Lady Rocketts managed one win out of three chances this past week while also honoring three senior members, who played their last game as a Lady Rockett at RCHS Tuesday night.
April Burton, Jennifer Clark and Karla Bullock were all honored, along with their parents in Tuesday's game against Jackson County.
As for the three game series, the Lady Rocketts routed Madison Southern on the road last Thursday, 55-28, lost a heartbreaker to Estill County Monday night, 55-54, and were handily defeated by Jackson County, 71-47, Tuesday.
Bluntly, the Lady Rocketts played an extremely good ball game against Southern. The duo of Bullock and Burton combined for 27 points to pave the way and lead the Lady Rocketts to a 12-6 lead in the first period and a 28-16 cushion by intermission.
An excellent show of defense followed in the third period to shut down Southern's offense to only four points and give the Lady Rocketts a commanding, 43-20, lead.
The Lady Rocketts only added to the fire in the final period by nailing 15 of 25 from the charity stripe thus, allowing them to walk away with an easy win, 55-28.
The Lady Rocketts played relatively the same type of ball game against Estill, a good one, but found the outcome just a little different, a one point loss.
"I really think that Estill wanted to win," Lady Rocketts Head Coach Christy Beaver said, "We really didn't seem mentally prepared," she added.
Beaver comments were mainly focused on the first half where Estill charged out to a 10 point lead, 17-7, in the first period and then carried a 28-21 lead into the half.
"We played a bad first half," said Beaver, "If we had played in the first half like we did in the second, we would have beat them," she commented.

The Lady Rocketts put it all together in the early goings of the second half, much thanks to Cindy McCauley's game high of 19 points, and by the end of the third period, had tied the score at 37.
But according to Beaver through the fourth period, "They just outplayed us."
Outplayed with willingness to win because when the dust settled, Estill had only outscored the Lady Rocketts; 18-17, in the final period to take the hard fought battle by only one point.
Of course, the Lady Rocketts' loss by only one point to Estill was a whole different story when compared to their 24 point thumping from Jackson County the following night.
Talented Jackson totally dominated all aspects of the game and wiped the slate clean right from the start. The proof was in the quarter scores, 15-4, 30-14, 54-26 and the final, 71-47. The loss to Jackson set the Lady Rocketts mark to 7-12 thus far this season.
Scoring for the Lady Rocketts in

the Southern game were: April Burton, 14; Karla Bullock, 13; Jan Durham, 10; Cindy McCauley, 9; Kristi Sargent, 4; Beth Amys, 3 and Christy Coleman, 2.
Lady Rocketts scoring in the Estill game were: Cindy McCauley, 19; April Burton, 12; Jan Durham, 9; Kristi Sargent, 7; Karla Bullock, 4 and Christy Coleman, 3.
Scoring for the Lady Rocketts against Jackson were: Karla Bullock, 11; Cindy McCauley and Jan Durham, 8 each; April Burton and Kristi Sargent, 7 each and Danetta Ford, Christy Coleman and Jennifer Clark, all with 2.
JV Action
The Lady Rocketts junior varsity were successful in capturing two wins out of three tries this past week. They defeated Madison Southern, 32-22, and Estill County, 39-37, but fell to Jackson, 37-25.
Scoring for the junior varsity against Southern were: Greta Burdette, 12; Jan Durham, 11; Heather Deckard, 4; Christy Coleman and

Lady Rockets' Player of the Week

for Jan. 27-Feb. 2

In her first year of basketball, junior Jan Durham has already proven that she can play the game and, in the process, has been selected by Lady Rockets' Head Coach Christy Beaver as this week's player of the week. Durham played an exceptional game against Mercer County last week with some consistent shooting and very strong rebounding. In fact, Durham fired in seven points and pulled down a whopping 10 of the Lady Rockets' 38 rebounds during the game. Beaver said Durham always contributes a lot during their games, as well as practice, and has an attitude beyond reproach.

Rockets' Player of the Week

for Jan. 27-Feb. 2

Senior floorleader David Sargent has been selected by the Rockets' coaching staff as this week's player of the week for his performances in the Jackson County and Mercer County games. Sargent fired in 22 points against Jackson and 13 against Mercer to lead all Rockcastle scorers last week. He is also the leading scorer for the Rockets this year with an average of 16.5 points per game. Sargent, who excels in academics as well as sports, is a highly regarded individual by not only the coaches but by his peers as well.

More to thank

The Rockcastle County High School cheerleaders, who traveled to Sea World in Orlando, Florida for the National High School Cheerleading competition last week, would like to thank some more individuals and businesses for their support and donations throughout the year and for the trip.

A special thanks to Debra Lambert, Singleton Insurance, Focktown Bank of Mt. Vernon, Woodwell and Martin, Taylor's Produce, Druthers, Saylor's Pharmacy and Kevin Fletcher for his efforts in making signs for the squad.

from the field. They found their true heartache coming from the free throw line.

Rockcastle County Boys' All-Stars

Linescores
Tues. Feb. 5

8th Grade
Rockcastle - 37 Garrard - 54
Scoring for Rockcastle were: Ken Hopkins, 13; Bobby Miller, 12; Willie Morris, 4; Tim Miller, 3; Jason Cromer and Cliff Mullins, 2 each and Chris Kirby, 1.

7th Grade
Rockcastle - 69 Garrard - 24
Scoring for Rockcastle were: Anthony Noel, 22; Jason Childress, 9; Ronnie Miller and Eddie Todd, 5 each; Corey Scott, Pernell Brummett, Scotie Cotton, Adam Prewell, Jarrod Singleton and John Hammmons, all with 4 and Jason Medley, Chad Severance, each with 2.

Rockets

Cont. from B-2

game, proved that by managing only a mere 33.3% from the field against Jackson.

But believe it or not, although the Rockets shot so poorly, they did outscore both Jackson and Mercer

Very much like their last meeting, Jackson mailed over one-third of the points from the charity stripe. In fact, they fired in a whopping and impressive 25 tosses of 33 attempts. And Mercer did the same thing. They pumped in 19 of 29 attempts to account for over one-third of their scoring.

Too many fouls are committed says Perkins.

But the Rockets have been known for their overzealous play, especially with a little too much body contact. But it's something they have been working on and something that is indeed improving.

Still, it reflected throughout the game against Jackson. The Rockets fell behind early, 21-15 in the first period, by allowing Jackson to tack on six from the charity stripe in the period. From there, the Rockets went on to commit a grand total of 25 fouls forcing six players to have three or more fouls when the game finally wound down.

It wasn't a blow-out, but fate just wasn't there. The third period brought the biggest disaster, Hines' broken leg, and set the pace for the remainder of the game, Jackson's favor, 87-74.

One statistic that might sum the game up is the Rockets' season free throw percentage, 59.1%.

Another interesting statistic for the Rockets is their season field goal percentage, 42.2%. But probably the most interesting is the fact that the Rockets are averaging 72 points per game and are only giving up 67 points to their opponents. The lump sum of this particular stat for the Rockets, who are 8-12 thus far, equals out to the Rockets outscoring their opponents by 104 points so far this season. Very deceiving if compared with their record.

Anyway, the Rockets bounced back from their loss to Jackson to let everyone in Mercer County feel their presence as a highly competitive ball club.

"We played one of our better floor games all year against Mercer," said Perkins.

Still, fighting foul trouble with all five starters eventually ending up with three or more fouls, the Rockets played a heads up game and, after trailing by seven at the half, 34-27, charged back to overpower Mercer and take the lead in the third period, 42-41.

The final period saw the lead exchange hands on several occasions. But with 1:24 remaining and the score tied, the Rockets relinquished the lead for good. Called for double-dribbling, the Rockets turned the ball over to Mercer, who in turn capitalized with the score.

Through the next minute, the Rockets watched Mercer extend their lead to three, 57-54 (final score). And with only three seconds left, were able to get one last shot off. Senior David Sargent took the last shot and as Perkins said, "I thought it was going in." But it didn't.

Of course, it wasn't a total loss. Perkins said they played a very good ball game and it was a ball game needed, especially in the sense to lift the moral of the players with all the injuries taking place. So don't write them off yet.

The Rockets will now face Whitley County Friday on the road.

Scoring for the Rockets against Jackson were: David Sargent, 22; Micah Parkerson, 15; William Bullens, 10; David Eaton Jr., 9; Chris Newland and Tim Cottrell, 6 each and Kevins Mullins, 3.

Scoring for the Rockets against Mercer were: William Bullens, 18; David Sargent, 13; Micah Parkerson, 11; Tim Cottrell, 7; Chris Newland, 3 and David Eaton Jr., 2.

JV Action
The Rockets' junior varsity also fell to the Jackson County junior varsity Friday night in a close ball game, 47-40.

The quarter scores were 14-12, 23-20, 30-28 and the final 47-40. Jackson led all four periods.

Scoring for the Rockets' junior varsity were: Michael Shafer, 16; Corey Craig, 5; John Hamm and Scottie Bullens, 4 each; J.D. Bassell and Jason Fletcher, 3 each and Stacy Smith, 2.

Lady Rockets

Cont. from B-2

Christina Silmon, 2 each and Jennifer Clark, 1.

Junior varsity scorers in the Estill game were: Jan Durham, 18; Danetta Ford and Greta Burdette, 6 each; Heather Decker, 4; Christina Silmon, 3 and Jennifer Clark, 2.

Scoring for the junior varsity in the Jackson game were: Christy Coleman, 8; Jan Durham and Heather Decker, 6 each; Danetta Ford, 3 and Christina Silmon, 2.

Bowling News

Cont. from B-2

Roy Winstead took high men's

series with a 649. Jim Cromer followed in second with a 619 and Babe Daugherty in third with a 615.

Roy Winstead also had high and second high men's game with a 235 and 232. Henry Yanzant took third with a close 231.

Evelyn Mullins took high women's series with a 490. Following in at second was Pennie Fortner with a 482. Alice Faulkner was third high with a 465.

High women's game went to Pennie Fortner with a 205. Evelyn Mullins' 188 was good for second

high and Sandra Middleton's 186 was good for third high.

Roy Winstead had high men's series HDCP with an impressive 727. Jim Cromer was second with a 691 while Babe Daugherty was third with a 648.

Roy Winstead also took high men's game HDCP with a 261 and second high with a 258. James Anderson took third high with a 247.

Evelyn Mullins captured high women's series HDCP with a 604 while Pennie Fortner took a close second with a 599. Judy Lawless was

third with a 596.

Pennie Fortner had high women's game HDCP with a 244. Sandra Middleton was second with a 230 and Evelyn Mullins third with a 226. Still holding high men's average is Babe Daugherty with a 187. Jamie Noe is second with a 185. Following closely in third is Henry Yanzant with a 184.

Kim Daugherty holds high women's average with a 161. Not far behind is Alice Faulkner in second with a 160 and Jamie Bryant in third with a 157.

There will be a gospel singing at *Rose Hill Baptist Church* February 16 at 6:30 p.m. [weather permitting]
Featured singers will Joyful Noise, True Believers, The Lord's Servant and more. Pastor Mosey Cameron. Everyone welcome!

HELP YOUR HOUSE OF WORSHIP WHENEVER IT NEEDS YOU
The word "help" is one of the most versatile ones in our language. It can mean something as little as holding a door open for someone, or as much as offering your services as a full-time volunteer to help the poor. Your local community is full of people and organizations in need of your assistance, and this list includes your House of Worship. When you think of all the blessings you have received there if you have been attending the services regularly, you will be filled with a natural desire to do whatever you can in return. This might involve making phone calls, typing the bulletin, baking cookies, painting the stripes in the parking lot or performing some other needed job. You depend on the Lord for many things; show Him that He can depend on you to be there when you are needed.

"Every man shall give as he is able, according to the blessing of the Lord thy God."
- Deuteronomy 16:17
Sometimes give your services for nothing, calling to mind a previous benefactor.
- Hippocrates

22 Local students named to EKU's fall semester Dean's List

Twenty-two Rockcastle County students have been named to Eastern Kentucky University's spring semester Dean's List.

To be eligible for Dean's List recognition at EKU, students attempting 14 or more credit hours must achieve a 3.5 grade point average out of a possible 4.0.

Students attempting 12 credit hours must earn a 3.75 GPA, and

students attempting 13 credit hours must earn a 3.65 GPA.

For the fall semester, EKU named 1,156 students to the Dean's List. Of this number, 363, or 31.4 percent, earned a perfect 4.0 GPA.

"We are always happy to recognize outstanding academic achievement at Eastern Kentucky University," said EKU President Hanly Funderburk.

"Teaching is our primary focus here at Eastern," he said. "And we believe that the outstanding academic performance of these students is a reflection both of their hard work and the hard work of our teaching faculty."

Dr. Funderburk said the entire EKU academic community shares the students' pride in achievement. He wishes them well in their further studies.

EKU serves more than 15,000 students on its 350-acre Richmond campus, throughout its 22-county primary service region, and beyond.

Local students named to EKU's spring Dean's List include:

Those from Mt. Vernon are: Sheila M. Alsip majoring in communication disorders; Trina Gayle Bustle majoring in mathematics (teaching); Jason Dean Chastoon majoring in pre-veterinary medicine; Brandi Lee DeBorde majoring in chemistry; pre-medical science; Kristy Leigh Fletcher majoring in music; Darlene Lakes Martin majoring in Home Economics Education; Danny Ray

McNew majoring in pre-occupational therapy; Sheri Genevieve Mink majoring in Early Elementary Education grades K-4; Janice C. Mullins majoring in Middle Grades 5-8; Heather Gaye Reynolds majoring in pre-accounting; Susan Rae Smith majoring in Early Education, grades K-4; Cynthia Clay Wolle majoring in Early Elementary Education; Grades K-4.

Those from Brodhead are: Cynthia Taylor Anderkin majoring in Early Elementary Education grades K-4; Sonya Marlene Bullock major-

ing in Basic Business Education; Christopher Joseph Craig majoring in Agriculture: Pre-veterinary; Ethyl Charlene Holbrook majoring in Insurance; Mark Andrew McKinney majoring in Music Merchandising; Audrey Tanya Parrett majoring in Early Elementary Grades K-4; Worth Anne Whitl majoring in Child and Family Studies; Everett Harold Woodall majoring in Early Elementary Grades K-4.

Those from Wildie are: Johnnie Anthony Coffey majoring in middle Grades 5-8.

Bullen, Bullock and Napier receive degrees from EKU

Three Rockcastle County students received their degrees from Eastern Kentucky University at the end of the University's fall semester.

They are: Charles Ray Bullen, Mt. Vernon, physical education; Katherine R. Bullock, Lexington, Marketing, retailing management; Tammy Napier, Brodhead, middle grades, 5 to 8.

The University's 737 December graduates were honored by receptions sponsored by EKU's nine colleges. These receptions were held on Saturday, Dec. 15, at various locations across the campus.

Faculty and administrators of the colleges were on hand, as well as

hundreds of family members and friends of the new graduates.

Eastern holds no formal commencement ceremonies in December, but all fall semester graduates are invited back to participate in the annual spring commencement—this year scheduled for 1:30 p.m. Saturday, May 11.

The new degree-holders join more than 60,000 EKU alumni in Kentucky, the region, and across the United States.

Eastern Kentucky University serves more than 15,000 students through programs offered on its 350-acre Richmond campus, throughout its 22-county service region, and beyond.

Blair and Morgan selected for Who's Who publication

Two students from Rockcastle County are among 84 Eastern Kentucky University students honored this year by election into Who's Who Among American Universities and Colleges. They are Teresa B. Blair and Satica Morgan, both of Brodhead.

"Each year 60 to 70 EKU students are recognized for their academic

performance and leadership abilities by election to Who's Who," said EKU President Hanly Funderburk.

"We're very proud of these students, and we feel confident they will continue to give a high level of service to their Alma Mater and to their communities throughout their careers."

PROJECT GRADUATION MEETING

A meeting for Project Graduation will be held Thursday night, Feb. 7 at 6:30 at the high school in the library.

Our seniors need your support. Please attend this meeting if you are interested.

Two pledge DKE at Centre College

Two Mt. Vernon students are pledging the Delta Kappa Epsilon fraternity at Centre College.

Dane Cox, son of Jerry and Vicki Cox, is a 1990 graduate of Rockcastle County High School, where he participated in football, the 4-H club and the math club. Cox is a member of the football team at Centre.

Kevin Rowe, son of Donald and Linda Rowe, is a 1990 graduate of Rockcastle County High School,

where he participated in basketball, basketball and football, earning all-state honorable mention honors for two years in football. Rowe is also on Centre's football team.

Delta Kappa Epsilon is one of six social fraternities on campus at Centre.

Founded in 1819, Centre is among the oldest liberal arts colleges in the nation.

Phonathon will contact EKU alumni

Beginning Feb. 3, Eastern Kentucky University will call many of the 365 EKU alumni living in Rockcastle County.

The calls are part of a five-week effort by 400 student volunteers to raise \$95,000 for scholarships and other University programs. The students will call more than 25,000 Eastern graduates nationwide during Phonathon '91, EKU's sixth annual telephone campaign.

The phonathon will run from Sunday, Feb. 3, through Sunday, March 10.

"The student volunteers will ask Eastern graduates to contribute to the University's Alumni Annual Fund," said Lally Jennings, assistant director of alumni affairs at EKU and a phonathon coordinator.

Eastern graduates have made the annual phonathon one of the University's most successful support programs, Jennings said.

"Students gain a better understanding of the importance of private support for public-assisted universities like Eastern, and it also provides a good lesson in volunteerism."

Cards of Thanks

The family of Estel Gentry would like to thank everyone for the kindness shown in our time of sorrow. We deeply appreciate and thank you for your prayers, visits, food, flowers, cards, thoughts, and words of comfort. We want to also thank Bro. Loraine Wilson and Bro. Danny McKibben for their consoling words and to Dowell & Martin Funeral Home for their kindness.

Mary Gentry and Family

We the family of Gary Kidwell would like to thank everyone who was so kind to us during our time of sorrow. The food, flowers, your kind words, and thoughts will always be treasured. Thank you to Rev. Glenn Daugherty and Rev. Denton Sears for their kind words. Thank you to Freda Nickey for the beautiful songs, Thank you to Bobby Martin and to all the police officers who came by, this really touched our hearts. Thanks to all of you, the lady of a wonderful son and brother, who were not forgotten.

Sadie Missed
 Elmer and Bernice Kidwell and family

The family of Sadie P. Ramsey wishes to thank all those who offered words and gifts of sympathy upon her recent death. We also want to thank all those who were so kind to her during her long illness, and especially the Sowder Nursing Home and compassionate care.

The Family of Sadie P. Ramsey

School Happenings

Mt. Vernon Message

This week we would like you to meet the sixth grade. There are 88 students and three teachers. Wendy Hensley, Ann Owens, and Kim Doan interviewed the three teachers: Mr. Gerald Alexander, Mrs. Shannon Bales, and Mrs. Sheila McQuary.

Wendy Hensley interviewed Mrs. Bales. I ask her about her teaching and she said, "The reason I like teaching is because I like the children and the way they all work together." She's been teaching at M.V.E.S. for 12 years and she thinks her class is good at working. She said, "I love my class like they're my own and I want to stay with them for many years."

Kim Doan interviewed Mr. Gerald Alexander. The first question I asked was how long had he been teaching. He said "2 1/2 years". The second question was "Why do you like teaching?" He said, "A child that wants to learn is a pleasure to teach, and a teacher can have a feeling of accomplishment when the skill is grasped by the student. I believe that teachers should teach with the goal of improving the society we live in by improving the outlook of the future."

The third question was, "What don't you like about teaching?" His response was, "mainly the paperwork involved, plus there just doesn't seem to ever be enough time to devote to students who need it most."

The last question was, "Where have you taught?" He said, "Mt. Vernon only."

Ann Owens interviewed Mrs. McQuary. I asked her "What do you like about teaching?" Her response was, "Being with children and watching them learn, grow and mature."

How long have you been teaching?

"Three years," she said. I also ask her what she didn't like about teaching and she said, "Too many students at one time and not being able to give them the attention they need." Finally, my last question was "What's the hardest experience you've had since you've been teaching?" She said, "Teaching a split classroom my first two years."

We are happy to say that Mr. McQuary has rescheduled the 4-H Valentine's Dance to be February 22 at 7 pm till 9 p.m. We are getting excited about the 4-H Variety Show as we begin to prepare for it.

By: Tatona King

Mt. Vernon Elementary held its annual spelling bee on Tuesday, Jan. 29 at 9:30 in Ms. Mobley's classroom. Finalist from the 4th through 8th grades participated.

They were: 4th Ms. Clark - Brad Powell; Ms. Lear - Jennifer Cromer; Mr. Love - Lee Ann Booth

5th Mrs. Kincer - Crystal Childress; Ms. McKinney - Dusty McClure; Mr. Napier - Greg Durham; Ms. Powell - Nicole Bullock

6th Mr. Alexander - Robert Alcorn; Ms. Bales - Angie Lawless; Ms. McQuary - Kevin Rader

7th Ms. Darst - Steven Owens; Ms. Henderson - Melissa Cummins; Ms. Parsons - Jason Weaver

8th Ms. Abney - Deanna Thomas; Ms. Brock - Lee Hysinger; Mr. Singleton - Angie Miller

Angie Miller was absent and did not participate.

The winner - Melissa Cummins from 7A. She will go on to compete with winners from the other elementary sometime in February.

Mrs. Kincer's fifth Grade

Mrs. Roberts has been our teacher since Mrs. Kincer has been off. Mrs. Kincer has a baby boy. His name is Logan Michael. He was welcomed home by a little sister, Morgan Jane. Mrs. Kincer returned last Friday. We have been studying the Solar System in Science and fractions in math.

We really are glad to get our new clock and maps. We are not being the Middle East is a map filled out a map on the Middle East.

Joke of the week:
Knock knock: Who's there.
Hiawatha.
Hiawatha who?
I was a good person until I met you.

Mrs. Powell's 5th Grade

We have a very special presentation about drama. A man named Mr. Richard Valentine from U.K. was the teacher. We were very pleased with our attendance. We also have been writing to the troops in Saudi Arabia. We have been sending pictures also. We are enjoying our VCR that was given to us for our Christmas parade float.

We've had three visitors in Mrs. Henderson's Civics class. District Judge Walter Maguire told us that he wants to learn more about government. County Judge Executive, Rutland Mullins told us about his duties, and our mayor, Gary Cromer, told us how city government works. Thanks for coming to our class.

Mt. Vernon Message continued from last week

Our Artist-in-residence, Ms. Ruth Hazzard, brought Mr. Valentine to several classes to show how to use drama in the classroom. **Covey Allen**, from 8A, proved he was multi-talented by performing "grandma", "The Wolf", and the "hunter" in an impromptu production of **Red Riding Hood**. **Liz Allen** co-starred as Red Riding Hood.

The first thing we do each day is World History. Right now we are studying about the Aztecs and Incas. We stay in World History for one hour. Our teacher is Mrs. Carla Parsons. Our class group is 7-C. By: **Chad Mahaffey**

These past weeks in our 7th grade Science Class, we have been learning about animals and their main characteristics. The first group of animals that we studied about was "vertebrates". We also learned that the word "vertebrae" means, "standing with a backbone." Now we're studying about mammals and their behavior. One mammal that we have learned about is the bird. We learned how a bird flies and what body parts help them fly. We're almost through with this chapter and when we get into our next chapter, "Human beings," I'll inform you on it. By: **Angie Robinson**

This is the schedule of Mrs. Brock's 7B Reading Class. Monday we do Power Builders in SRAs. Afterwards we do a vocabulary (Cont. to B11)

18 Rents, royalties, partnerships, estates, trusts, etc.
19 Farm income or (loss) (attach Schedule F)
20 Unemployment compensation (insurance) (see Instructions)

RGHS Minute

Vacation in February
Students will be dismissed from classes beginning Thursday, February 14 at 3 p.m. and are not scheduled to return to classes until Tuesday, Feb. 18. The reason for the students' vacation stems from the teacher in-service to be held on Feb. 15, and the observation of President's Day on Feb. 19. Students will enjoy a four day weekend.

Six Week Exams
Six week exams are scheduled for Friday, Feb. 13 and 14. These exams will reflect material covered during the 4th six weeks. On Feb. 13, exams will take place during 1, 3, 5 period classes. On Feb. 14, exams will be given during 2, 4, 6 period classes.

Governor's Cup to be held
Saturday, Feb. 9 twenty RGHS students will travel to Madison Southern to compete in the 1991 District Governor's Cup competition. The areas the students will compete in include: English Composition, Mathematics, Science, Social Studies, Language Arts, and Quick Recall. Governor's Cup consists of tests concerning these subject areas and a quick recall team that will compete against other school teams in this district. If any of the RGHS students place in this competition Saturday, they will continue to further compete.

Valentine Dance to be held
On Thursday, Feb. 14, there will be a dance following the last year's varsity home game. The Rockets will be playing against Knox Central, our senior ballplayers and cheerleaders will be honored. Only high school students and their dates will be permitted to enter the dance, if their name was signed to an attendance sheet during school hours. Mr. Cash will not permit any grade school children or others who did not come with a pre-designated date to attend.

Upcoming basketball schedule
The Rockcastle County Boys will play in Whitley County's homecoming on Feb. 8, and will play at Monticello, Feb. 12. Senior night at the "Rock" will be held Feb. 14. The boys will host Knox Central for their last home game.

Friday and Saturday, the 8th and 9th of February, the Lady Rockets will travel to Bellfry and make it an overnight trip to play at Phelps on Saturday. On Feb. 14, the girls will travel to McCreary Central. They will have two remaining games before district games, which will be held at Rockcastle this year.

The District Tournament will be held Feb. 26, 27 and March 1.

Eleven members of the Castle Chorus have been chosen as members of the 1991 Kentucky Music Educators Association (KMEA) All-State Chorus which will perform as a part of the Thirty-Third Annual In-School Conference being held Feb. 6-9 in Louisville. Students are chosen as members of the KMEA All-State Chorus as the result of rigorous auditions held during the fall each year. Selected from RCHS were, front row, from left: Callie Mullins and Amy Sears. Second row: Julie Coffey, Teresa Burdette, April Thorpe. Back row: Kevin Isaacs, Chris Thompson, David Whitl, Jason Wilson and Shaun Burdette. No shown, Matt Bryant.

Teen Center Perspectives

By: Ginny Gilpatrick
Rockcastle Teen Center

Besides drugs, how else does a teenager mask his or her feelings of inadequacy? Last week's parenting group mentioned: obsession with designer clothes, or Nintendo games, or need to acquire a host of other material possessions. They mentioned clowning, lying, exaggerating... and began to consider certain behaviors of their own children. It is normal for teenagers to feel inadequate. But it is healthy for children of this age to pursue the development of feelings of adequacy through hobbies, socializing, joining activities, earning money, and concerning themselves with the future and wider community.

When teens shrink from active participation in life, spend most of their time hanging out, continued dependence on their parents to supply them with possessions, and/or isolate themselves from family activities parents need to be aware that they are on a self-defeating path. "Awareness is your best friend," was the title of the session, and the positive message was that parents who recognize warning signs at an early stage can learn to intervene and turn things around in many cases.

Teenage parents of infants have a golden opportunity to prevent many of the problems that plague their peers today. When that lovable little fellow confined to crib, high chair and lap begins to walk, run and talk, young parents can learn the kinds of responses and treatment that will enable their child to feel good about himself from the start. It is natural to try to control a child's behavior with your voice; it is also natural to become frustrated when the normally curious child does not respond. Then it is "natural" to raise your voice, threaten, and even mishandle your child to make him respond. This approach may "work" at the moment, but it will only lead to a sense of rebellion, worse behavior, and dam-

aged self-esteem in the long run. There is a better way. Christian Alternatives for parents who want to learn how to raise healthy, happy, confident children. Parents are Teachers works in homes with parents of handicapped children, counseling is available at Family Life, and two residential programs, Spouse Abuse and Family Life Services offer daily support to families in crisis. The Teen Center offers on-going workshops for teenage parents and parents of teens. Participants are generally good parents who want to maximize the quality of their child's development. Teenage Parents meets Wednesday nights at 6:00, and Parent to Parent meets Monday at 6:30. Both groups are free and open to all who wish to participate. Parent to Parent is now in the third week of a six week cycle, those interested should call now to sign up for March.

- Week's Schedule**
- Thursday, Feb. 7 - 3 - 5:00 - Tutor/recreation
 - 5:30 - Karate or Trip Group
 - 6:00 - Teen Challenge
 - 7:30 - Devotions
 - Friday - Feb. 8 - 3 - 5:00 - Recreation

"MT. VERNON MESSAGE"

(Cont. From B10)

words. Then we read a story silently. Tuesday we do Rate Builder, also in SRA's. We're given three minutes to read two paragraphs and do eight questions. Next we have a quiz over the story we read Monday and have a vocabulary test. We read the same story aloud. Wednesday we have a listening skill, which tests how well you listen. Then we have the final test over the story. Thursday Mrs. Smith takes nine students to a remedial class where they work out of "Journeys", a book of short stories. They read and do questions. Friday she also takes them out. They review the story, then they take the test. Also every six weeks each student picks a book and reads it, to test how well they comprehend. By: Amy Prewitt '78

Favorite Winter Game

My favorite winter game is sledging. Here is how you do it. First you get on all your warm clothes. Then you go outside and get your sled. Next you go to the hill that you are going to go down. Take your sled to the top of the hill. Climb on and down you do. Have fun!

Jamie Settles, Grade 4

What I'd do if I had a day off from school because of snow.
First, in the morning I'd drink lots of hot cocoa, just to keep me warm. Then I'd get my snow clothes on, and go outside and play. I'd build a snowman with a hat, a broom, pipe, scarf and even a carrot. He'd look neat.

Becky Davis, Grade 4

My favorite winter game is having a snowball fight when there is alot of snow. First, we make forts. Then we have some snow left so we start our snowball fight. By: Kelly Murphy

Mrs. McKinney's Class

Folk Tales From India
My uncle who used to live in India told me that some people cut other peoples heads off if they went in their ally. So be careful, they still exist.

My cousins, who also used to live in India, told me that one boy had to go get something and he had to go through these people's property. They caught him and then they cut his head, hands

Pappa By: Jason Demex

My great Pappa used to get drunk and he would be mean. He would sit on the porch and chew tobacco and shoot at anything he saw. He even shot a car's door! One day he shot an opossum and two old coon dogs with a minifirepot. Once he shot his house fifteen times! Once my pappa was riding his horses in the creek when it

(Cont. to B12)

The District Governor's cup, held at MVES Saturday, was won by Brodhead's Academic Team. Congratulations to the BEAST (Brodhead Elementary Academic Success Team). The Regional Governor's Cup will be Saturday, Feb. 16, at North Laurel in London. Good luck, Tigger!

Don't forget the Valentine's Dance, Friday night from 7-9 p.m., in the school gym. The dance is for sixth, seventh and eighth grade students only.

Mrs. Kathy Dyehouse's Class enjoyed a Pizza Hut Party, Thursday, for their efforts in the "Book-It" program.

There will be a 4-H sponsored dance at MVES Friday night Feb. 22, from 7-9. The dance is for grades 4-8. Tickets can be purchased from Mrs. Pam Martin for \$2 or pay \$3 at the door.

Since this week (Feb. 4 - 8), is National Guidance Week, our counselor, Ms. Molly Hamm, would like to remind parents that they are always welcome in our school. If you have questions concerning your child's curriculum, progress, homework, attitude, behavior, learning difficulty, etc., call the school (758-8312) and request a conference with your child's teacher. Ms. Hamm works with all students, not just those that are having "problems".

The monthly meeting of the PTA is Thursday, Feb. 14 at 7 p.m. in the school cafeteria. The PTA needs your support, so mark this date on your calendar.

Mr. McKinney and Mrs. Kathy Dyehouse, will be attending non-graded primary sessions, Thursday and Friday, at Eastern Kentucky University. The non-graded primary is a component of the Kentucky Education Reform.

Mrs. Daina Thompson's third grade students have individually constructed models of their homes. The activity was done in conjunction with a unit in social studies pertaining to family living.

The fourth six weeks grading period will end, Thursday, Feb. 14. Report cards will go home, Thursday, February the 21st.

School will be dismissed for the students, Friday, Feb. 15 to allow teachers a day for professional development. Also, since there has been a lot of sickness, school will be dismissed Monday, Feb. 18. This will allow students a time to rest. Parents may want to plan for this four day weekend.

And legs then split his body in half and packed it in a box. Then they sent it to his house. His mom opened the box and had a heart attack and died. By: Aatish Patel

Kenneth's Grandpa

One day my grandpa was walking down the road and he saw a black bear. My grandpa thought what could he do? There was no place he could run. While he was thinking the bear swallowed him. When grandpa was in the bear's belly he could not see so he lit a match and all that smoke made the bear cough and when the bear opened his mouth to cough grandpa jumped out! Now he lives in a house in Mt. Vernon and he lived happily ever after. By: Kenneth Bustle

Pappa By: Jason Demex

My great Pappa used to get drunk and he would be mean. He would sit on the porch and chew tobacco and shoot at anything he saw. He even shot a car's door! Best Attendance at LES

Buford Parkerson, Director of Pupil Services, presented Livingston Elementary School principal Robert Jerry Mink, faculty and students a plaque for best attendance in Rockcastle County Schools for the 1989-90 school year. Parkerson also presented a special plaque to Mink, faculty, students and parents for the tenth consecutive year of best attendance in the Rockcastle Co. School System. The staff, students and parents are to be commended for this outstanding achievement.

An Open Letter to Parents

During the school year, parents and pupils are encouraged to make use of the counselor's services.

Many parents may wonder what the work of an elementary school counselor might be. The counselor's job is to work with teachers, social worker, principals, school nurse, and other school personnel to help the child better understand self and the world around him/her. The counselor is interested especially in working with parents as they encourage and guide their growing children. Of course, the counselor talks and works with individual pupils, too. The counselor is a person who has had experiences as a teacher and also has experienced special training in helping children to understand themselves better. The counselor does not punish children but is concerned with helping those who may be in trouble. Contrary to some thinking, most of the work is not with "bad children" or "troublemakers", but the concern is with each and every child in school because each child, no matter who, sometimes needs help with school studies, in trying to decide what to do.

with her life, or in living a worthwhile and happy life. Every person, too, must make a great number of decisions about different things, and one of the jobs of the counselor is to help the child make decisions regarding present behavior and potential alternatives.

As you may see, the counselor is here to work with you in a special way. We do not feel that we know all the answers, but are willing to help you find possible ways of working with your children. We are especially willing to help you understand better the things your children are doing in school.

We would enjoy meeting and working with each and every parent. It would be a pleasure to talk with you about the pleasant experiences and/or the concerns you have with your growing child.

Sincerely,
Mary (Molly) B. Hamm
Counselor for Brodhead and Livingston School
Loretta Powell, Counselor for Mt. Vernon and Roundstone

fell in the creek. He fired his gun. Then someone fired back and shot the horse. Then my pappa was a shooting for real!!

Mr. Alexander's 6th grade
Last week was very exciting. Monday a new girl came to our class. Her name is Jamie Grubb. Tuesday school was called off because of snow. Thursday, we had a drama program. A man named Mr. Valentine came and brought a puppet named Pete with him to our room. Mr. Alexander, our teacher, recorded it on video camera. Friday our class had art, we made snowmen. By: Jesika Rose, Shannon Cox, Jennifer Kirby

Bales' 6th grade news
There is always something going on in Ms. Bales' 6th grade class. We are trying to earn a trip to Apollo Pizza. We have 8 days perfect attendance. We need two more.

We had D.A.R.E. in our class for 17 weeks. On January 15, we all graduated and received T-shirts. Sgt. Fortner, we miss you!
Angie Lawless is our representative to the school spelling contest. Congratulations, Angie and good luck!

Mrs. McQueary's sixth grade class had a spelling bee Friday, January 25. The winner of the spelling bee was Kevin Rader. Now Kevin will compete with the other winners. We wish him and the other winners good luck!

We are sorry to say that the 4-H Valentine's dance will be cancelled. We hope that Mr. McQueary will schedule another dance soon. By: Talma King and Kim Mink
Mr. Stangier's fifth grade are continuing to make A's in spelling. This can be contributed to co-operative learning.

In Science, we studied what neap tides and spring tides are. Neap tides are when the sun, earth and moon are at right angles. Spring tides are high tides caused by the alignment of the sun, moon and earth.

We've studied fractions in Math. In reading simile, metaphors and personification have been our course of study.

We've followed the Iraq situation since it first began. We have great support for our troops and we hope you'll all remember them in your prayers. We feel it is in the best interest of our world that the United Nations take immediate and forceful action to end the Gulf War. It's also been a great geography lesson this year.

Eighth Grade by: Chriss Kirby
The Rockcastle County All-star basketball team is made up of Roundstone players, Livingston players and Mt. Vernon players. The team does not have any Brodhead players. They are coached by Mr. Jason Couger and Mr. Jerry Penso. The team is 0-3 (no wins and three losses). They play Thursday night at Mecca Middle School. (Winner of the B.I.T.)

Mt. Vernon players include: Chriss Kirby, Zach Cromer, Cliff Mullins, Jason Cromer, Ken Hopkins and Tim Miller.

Barbara Hayes and myself, Diana Thomas, both 8th graders, are in the Mt. Vernon Elementary School Library Club. We go to Library Club from 1:10 to 1:40 on Mondays and Fridays. On Mondays Ms. Parker's kinder-garden class is there. We help them check out their books. On Fridays, Ms. Beavers Special Education Class is there, we help them with the computers in the library. Besides helping students, we help Mrs. Sharon Lovell-Librarian and Mrs. Janice Dooley-Assistant Librarian shelve books, cut out laminated items, run errands and help straighten the Library.

Challenge By: Angie Lawless and Bethanie Hammond

For the past several weeks the Challenge Class has been working on a play called "Robin Hood and the March at Nottingham". They will be performing the play on March 23 at 7:30. It will be at Roundstone Elementary. Ticket prices have not been set but may be purchased at the door. We recently completed a project in Language called "Winter Wonderland." In this project the children wrote a letter to a polar bear, planned a day off from school because of snow, and told about their favorite winter sport. Some children created a comic strip showing a return visit from Frosty the Snowman. We've enclosed some of our favorite efforts. Thanks, Mrs. Clark's 4th grade.

Dear Mr. Polar Bear,
How are you? My name is Alicia I would like to visit the place where you live. I like snow and playing in it is really fun. I also like polar bears. You are very pretty bears. I would like to know more about where you live, about your family. Maybe someday soon I will be able to come to where you live and see you in person. That would be really neat. Well I will say good-bye for now.
Your friend,
Alicia Gay, Grade 4
