

'Berry Picking Time'

One morning recently, just as day was breaking, I was standing at my open kitchen window dreamily looking at the old knurled apple tree in the orchard when the twittering of awakening birds aroused me from my reverie. This chorus of young birds greeting a new day to me back to a time when this same soft music accompanied me to the berry fields. The ancestors of these little entertainers were just as active then as they are today. Mat and I would arise shortly before dawn and have four large buckets ready for filling by the time it was light enough to walk down the hollow and up on the next hill where the berries grew the biggest and sweetest. The two little ones, Judy and Rod, would be left in bed to sleep for the next two or three hours. It took us to fill our buckets. They had been taught to stay in the house and play if they woke up and we weren't there and we would be back soon. They understood we had chores to do that took us far from the house but it was never for long. Blackberry picking was one of them.

Sweet and Sour

By: Zi Graves

The discomfort of the heat to sit down to a table loaded with fresh vegetables cooked on top of the stove and finish it off with a big dessert dish full of blackberry cobbler baked in the oven at the same time and topped with fresh cream that had been kept cold in the spring house. The berries used in the cobbler was only a very small portion of what had been picked. The rest of them would be canned for winter use and be made into jam and jelly or juice. This was another chore accomplished by the sweat of ones brow. And I mean sweat. It took hours in the steaming kitchen to clean the berries then cook them into jelly and jam and store them in neat little jars. Water also had to be carried from the spring to do all this withering wood chopped to keep the fires in the stove going. Then to line hungry kids had to be dressed and fed and cows had to be milked, chickens fed and vegetables gathered from the garden. This was not the work of a super man and woman but was the normal job of feeling ones family

"When I look back to those days and think of all the things that could have happened it makes cold chills run up my spine. Yet I must say the training and discipline paid off for those babies grew into responsible and trustworthy adults."

Fifty years ago we had to raise and harvest what we ate. Garden vegetables, corn from the field and wild berries were eaten all summer and canned or dried for the winter months. My first blackberry cobbler was always a treat for the fourth of July dinner and what a treat that was. A lot of fresh blackberries bubbling in the pot smelled every one within smelling distance to "come and dine" even though the eating area was steaming from the heat emanating from the wood stove that had to be kept hot for hours to do its duty. It was well worth

Fairview

By: Mrs. Hubert Chasteen

Rev. Harvey Pensel delivered a very nice message Sunday morning June 30th that was thoroughly enjoyed and one that we needed to hear. Our Sunday school attendance was one hundred and twenty nine. We thank God for each one, and also for the large crowd we had for worship service.

Let's always remember to pray for our pastors wherever or whenever they are. They all need our love and prayers.

Our Sunday School average attendance for the month of June was one hundred and twenty five.

Visiting Mrs. Edith Mullins of Snider and other relatives here over the weekend were Mr. and Mrs. Virgil Tinch and daughters Mrs. Beth Johnson and infant daughter Rachel. Mrs. Jackie Wilson and three children Shannon, Shelby and Michael and Mrs. Betty Wright and children Lori and Todd, all of Franklin, Ohio.

Recent guests at the home of Mr. and Mrs. Eugene Alexander have been Mr. and Mrs. Edw. CARDS OF THANKS

We would like to thank our friends, and neighbors for their kindness following the death of our loved one. We appreciate the flowers, food, visits, cards and prayers. We also wish to thank Bro. Billy Estes, Mrs. Linda White, the pallbearers, Watson Funeral Home and all who helped in any way. Your thoughtfulness will always be remembered.
The Family of Nora Almeda Harris

We the family of Eva Phillips, would like to thank everyone for the sincere kindness and sympathy shown during the loss of our loved one. We sincerely appreciate all the prayers, love, support, food, flowers, cards and phone calls. We especially thank Harvey Pensol, the singers, Jason Wilson and Mattie Miller and family, Kristi Fischer for the beautiful piano music; the pallbearers and the Calaway Mission Church. A special thanks also to the staff of the emer-

gency room of the Rockcastle Hospital, the great staff at the UK Chandler Medical Center, and the kindness and support of Dowell-Martin Funeral Home. We cannot express in words how grateful we are to all of you for the kindness and gratitude shown during the time of our sorrow.

The children of Eva Phillips
Shirley, Annabel, George, Earl and James

This is to express our deep appreciation and gratitude to all the relatives, friends, and neighbors, who were so thoughtful and kind to our family in the loss of our beloved wife and mother, Zillah French. Special thanks must be conveyed to Bro. Steve Day, Bro. Carl McCray, the Pine Hill Missionary Baptist Church, Maple Grove Baptist Church, East Somerset Baptist Church, Teresa Parrett, Doris Cash, Lana Renner, the nephews who served as pall bearers, Dr. Harry Kennedy, the staff of Somerset Dialysis Center and Cox Funeral Home.

Sincerely, Charlie French,
Faith Payne and Ginny Renner

During the recent sad news in our family, the love and kindness shown by our friends and neighbors was a great comfort to us. We would like to express our thanks to all those who sat with us, brought food, sent flowers, gave money, and said words to show their sorrow at our loss. Thank you to Bro. Elzlie Doan, Bro. Vernon Doan, and Bro. Emerson Hall, to the singers for the beautiful songs, nd to Dowell-Martin Funeral Home for their kindness. A special thanks to the men who dug the grave and to the pallbearers, to the neighbors that came to help clean, you went beyond being neighborly, and no words can ever tell you how much your thoughtfulness meant to us. For each prayer said, that we don't even know about, thank you.

God Bless each of you,
The Family of Joseph Lee Phillips

The family of William Wallace "Bob" Barnett wishes to thank our friends and neighbors for their great show of kindness and thoughtfulness

during the loss of our loved one. We want to send a special thanks to those who brought food to our homes, those who sent flowers, and to the many friends who came to pay their respects to "Uncle Bob" as he was affectionately known to many who knew him. A special thanks to the Berea Hospital Staff, Dr. Schloemer and a very special thank you to the SNF staff at Berea Hospital who were so kind to him during his stay at the hospital. To all of you, please know your kindness will never be forgotten.

Sincerely
The Family of Bob Barnett

"What Saith the Scriptures"

The term Christ in the New testament corresponds to the Old testament word Messiah, JN 1-41. Both terms, Christ and Messiah mean "the anointed one." Jesus is "The Anointed One," of God. In the Old Testament, three classes of people were anointed; Priests (Lev. 8:12), Prophets (1 Kgs. 19:16), and Kings (1 Sam 16:12). Jesus is the Christ, the anointed one; because he prophet, priest and king, all in one! Jesus Christ is that prophet of God that Moses said would come: "For Moses truly said unto the fathers, a prophet shall the Lord your God raise up unto you of your brethren, like unto me; and he shall see hear all things whatsoever he shall say unto you. And it shall come to pass, that every soul, which will not hear that prophet shall be destroyed from among the people." Ac 3:22-23. Yes, Jesus is God's spokesman for today and we had better listen to what he has said in the word of God, for if we don't, his will be destroyed. Jesus is anointed to be our high priest after the order of Melchisedec, "For he testified, Thoud art a priest forever after the order of Melchisedec." Hebs. 7:17. Jesus is a "merciful and faithful high priest in things pertaining to God, to make reconciliation for the sins of the people." Heb. 2:17. yet, Jesus can only intercede as a high priest, if he come to him by obeying the gospel. Jesus Christ is that prophet of God that Moses said would come: "Even he shall sit and rule upon his throne; and he shall be preat upon his throne; and the counsel of peace shall be between them both." Jesus sits now at the right hand of God, Col. 3:1. Heb. 1:3. Ac. 2:34. upon his throne. Jesus is King of Kings and Lord of lords, 1 Tim. 6:15, rev. 17:14. The premillennial blasphemous God by saying that Jesus is not King now. Zech. 6:13, says that he will be "preist upon his throne, if Jesus is not upon his throne now then he is not priest now. Jesus cannot be a king here upon the earth for Heb. 8:4 says that he cannot be a priest here upon the earth. Yes, Jesus is King; have you submitted to his rule and reign by obeying tot the gospel?

Vacation Bible School

Flatrock Missionary Baptist Church at Orlando will be having their Vacation Bible School July 8 through 12th beginning at 6:30 p.m. each evening. Everyone welcome!

Maple Grove Baptist Church News

Maple Grove Baptist Church had good attendance for their Vacation Bible School last week. The children had a lot of fun singing and learning the Bible stories.

Special awards were given for those reading the most chapters and the ones bringing the most visitors. We had a special guest called Trader Sam that delighted the children each night.

On Thursday the children enjoyed popcorn and snow cones. On Friday they enjoyed a weiner roast and fireworks. Most important - decisions were made for Christ.

Thank you to everyone who helped this week and a special thanks to all the parents who trusted us with their children.

Brummett honored

The West Broadhead Church of God celebrated Mother's Day with Sally Ann Brummett, who is 93 and a charter member and her family. Her six children are Myrtle Helton, Edna Middleton, Densy Brummett, Denver Brummett, Bernard Brummett and Edith Coffey.

Work crews were busy Tuesday building a floating concrete wall on the new Rockcastle County Courthouse annex. The \$2 million structure is completely earthquake proof.

Fiscal court buys four trucks

By: Ray McClure
Four used trucks were purchased by the Rockcastle Fiscal Court at its regular meeting Tuesday.

One bid for \$37,200 for all four was accepted by the court from Larry Stegers Sales of Frankfort. There was only one bid.

The trucks are 1986 GMC, single axle, 12,000 pound front, 23 pound rear. They have power steering and

air condition. The court will install the truck beds.

County Judge/Executive Roland Mullins told the court, one new truck was purchased last year for about the same amount and called it a mistake. The court accepted the bid unannounced.

Magistrates accepted the sheriff's yearly financial status report for 1990. It shows receipts of \$106,558.62

and expenditures of \$106,468.81 or an excess of \$89.83. Executions of various orders added \$60. The sheriff has \$149.83 left.

The court listed 50 roads to be blacktopped during the first quarter of fiscal year 1992, and will be published later.

Also approved was the annual commodity agreement between the county and Cumberland Valley Area

Development District.

And, the court approved transferring \$25,000 from the jail fund to the general fund and \$45,000 from the jail fund to the county road fund. The jail fund will be reimbursed when the state sends county road funds to the county, and the general fund will send money back to the jail fund when taxes become available, about October.

Over four inches at Sand Springs

Heavy rains hurt crops, roads

The Fourth of July came a few days early in Mt. Vernon.

Late Sunday and up until daylight Monday lightning lit the sky and thunder rolled with hardly a moment in between.

During it all, 1.67 inches of rain poured down, according to figures at the Cox Funeral Home weather station.

Mt. Vernon survived, but it was the south area of the county that got most of the rain.

Gary Hansel reported the Rescue Squad was called to the Shirley McClure residence at Sand Springs that water was threatening his house.

Hansel said the rescue unit had to stop in the vicinity of Sand Springs Baptist Church because the road

was "humped up" and the farther south water was over the roads.

Hansel reported Bernice McHargue telephoned that there was 4 inches of rain in her rain gauge and it was still raining. She lives on Lloyd Owens Road.

"It's say some folks lost tobacco, corn and gardens," Hansel related.

Probably the biggest loss was by Boone Cromer whose 3 1/2 acres of tobacco was totally ruined.

At Monday's meeting Bond resigns from council

By: Ray McClure

In a surprise move, Arthur (Ot) Bond, popular Mt. Vernon City Councilman, resigned from the council Monday night.

His resignation means there will not have to be a council election in November. Six candidates remain with six seats to be filled.

The new council will be incumbents Wayne Adams, Clarice Kirby, Clark (Joe) Mullins, Robert Bailey and newcomers, Lou Vanhoose and Bessie King.

The council voted to purchase the new truck. Bond voted no.

It was the second resignation from the present council. William (Bill) Cash resigned several months ago under similar circumstances, a disagreement over policy. He was replaced by Mullins.

The council will likely appoint Mrs. Vanhoose or Mrs. King to fill Bond's seat since both will be on the council in January.

For several months the council has operated with five councilmen, and sometimes, four. Mrs. Kirby was absent several times because of a conflict over her working hours at Toyota. Wayne Adams has been absent for several meetings because of illness. He did not attend Monday's meeting. Mrs. Kirby attended. She recently received injury to her arms while on the job at Toyota.

When you feel you can no longer be up to the city, it's time to step aside," Bond told Mayor Cromer. "I have no hard feelings about this, it's just that I think I should quit."

Mayor Cromer expressed his regrets.

"That apparently was not all of the story. Bond has not always approved of things the council has voted, the most recent Monday night when the council voted to approve the low, and only, bid for a \$700, 10-foot Ford dump truck from Paul Miller Ford of Lexington - a cost of \$30,982.

In other business Mayor Cromer reported new water contract discussions have been completed by the city and made known to Western Water Association, and to other districts. The districts will discuss the contracts before a final decision is made. The mayor did not say if the water rate is up or down.

Swimming in Lake Linville also came before the council. Apparently, people are swimming in the lake which is a violation of a city ordinance.

Signs went up around the lake which were pointing out there is a fine of \$25 and costs to swim. Mayor Cromer told City Attorney John Clontz to check the city ordinance with possible revisions in mind.

During the discussion on the truck, Bond told the council there are many good, used dump trucks available in the \$9,000 range, and the money saved could be used on other projects. Mayor Cromer replied that there is sufficient Municipal Road Aid from the state for work on city streets and equipment purchased this year. He noted that the money is not city budgeted tax money. He also related the city's only dump truck is a 1973 model and is used constantly, mostly to haul sludge from the city sewer plant.

Police Chief Bill Mink reported his department's activities for June.

There were 206 complaints; 16 traffic accidents; 20 assists; 10 motorist assists; 7 domestic incidents; 4 transient reports; 10 public services rendered; 9 Mt. Vernon Fire Department runs; and 5 cases opened.

2nd annual Wildie Days

The Second Annual Wildie Home, coming and Ballard Parson's Day was held Saturday, June 29, at Ballard's Store in Wildie.

Approximately 100 people attended. After eating, the crowd listened to music provided by The Eversole Brothers (Eric and Elwyn), Sheriff Shirley Smith, Carl Mowbray and Walter McNew.

as this year's Wildie Citizens of the Year. Uncle Bill is 91 years old.

This event will be held on the Saturday immediately preceding July 4th each year. Plans were made to construct a shelter near Ballard's store. Donations will be accepted for the shelter, construction and should be either sent to Ballard Parson's in Wildie or should be given to Ballard at his store.

Boat dock event will honor troops

Veterans of All Wars and Desert Storm troops will be honored at a celebration from 1 p.m. to 10 p.m. Saturday at Lake Linville Boat dock. It's free.

There will be an all-day gospeling, remote controlled model airplanes and entertainment by Granny Fanny.

At dusk there will be a candlelight ceremony and a time for prayer.

At 10 p.m., there will be fireworks put on by the VFW Post.

Visitors should bring their own chairs and candles. In case of rain, the events will be held July 13.

Anderkins buy Berea newspaper

The Anderkin family, which owns and operates the *Mount Vernon Signal*, announced this week that they have purchased *The Berea Citizen* in neighboring Madison County.

James Anderkin Jr., his wife Perline and their family have operated the *Signal* since 1966 and also own a small weekly newspaper in London, *The Laurel County Weekly*.

Richard Anderkin, managing editor at the *Signal*, has taken over as general manager of the 92-year-old *Citizen*. However, he will continue with his duties at the *Signal*.

The Anderkins bought the newspaper from Chris Outaway, of New York. No terms of the deal were disclosed.

Along with the newspaper, the Anderkins also purchased the *Citizen Exchange*, a shopper which is circulated to 23,000 Madison County residents each week.

August pageant

The Miss Rockcastle USA Pageant committee has been formed. The date set for the pageant is Aug. 12, 1991 at 7 p.m. at the Renfro Valley Barn.

The Miss Rockcastle Pageant is sponsored by the Chamber of Commerce. Karen King is the advisor to the committee. For information regarding participation, call Mrs. Vicki Cox at 758-8450.

Bowling is accused of the January and February 1989 shooting deaths of Ronald Smith and the Rev. Marvin Hensley in separate holdups. His trial had been set for Aug. 12, but a Laurel Circuit Court judge postponed it Thursday pending a change-of-venue hearing Aug. 5.

Bowling trial September 9th

Rockcastle Circuit Court Judge Dan Venters, Friday, set a September trial date for a Clay County man accused of attempted murder in a servestation holdup.

Ronnie Bowling, 22, of Manchester, also faces murder charges in two similar incidents in Laurel County.

A gag order also was issued Thursday in the murder cases.

Bowling was arrested in late February 1989 after a shoot-out with Rky Smith at a Burg gas station. He had been scheduled to stand trial June 18 on that attempted murder charge.

Bowling has pleaded not guilty to all of the charges. He has been in the Laurel County Jail for more than two years in lieu of a \$100,000 bond.

Residents received \$193,600 in help

The state said yesterday that 193,600 low-income Kentucky households got \$19.7 million since last July to pay for winter heat.

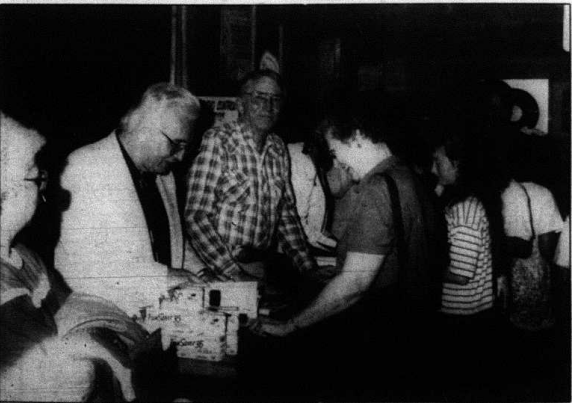

In Rockcastle, 1,870 residence received winter heat help for a total of \$243,603.

The number of households was a Kentucky record for the 10-year history of the state and federally funded Home Energy Assistance Program, the state Department for Social Insurance reported.

The spending was \$2.5 million more than during the previous budget year and second to the record \$20.5 million in 1986, the department said.

The program paid \$7.2 million in an opening phase that was available to all low-income households. The average benefit was \$74.73 for 97,000 households, down from \$109 the previous year, when there were 158,000 applications.

A second phase, restricted to people facing heat emergencies, paid \$12.4 million, an average of \$129.18 to 96,605 applicants. The previous year's average was \$125.30 a household.

Ernie Sower and Bun Wilson, two of Renfro Valley's finest entertainers, were busy last Friday night signing autographs and meeting visitors in the recently opened Music Shop. The autograph session is held each Friday and Saturday night following both the Barnard and Jamboree shows.

Letter to the Editor

Reader concerned about condition of local party

Dear Editor,
I believe everyone knows there is some dissension in our party and this must be resolved before the election this November if we expect to win the race for governor. I do not mean that we will play a major part in the outcome of the race, but you know the old saying, every little bit counts. I hope that we can get the most of the Republican voters out on that day and I hope we can pick up a few Democrat votes, perhaps some that voted against Mr. Jones in the pri-

mary, but on the other hand, we might lose some that voted for Mr. Forgy. Those who supported Mr. Forgy should be mighty proud of the race that he made as we know this was the first time that he has made a state wide race. He carried our county at several votes, along with Laurel, Pulaski and other counties in the 5th region. I hope that Mr. Hopkins can reverse that come November for we will surely need all the votes we can get. Now I am not giving up, and won't until the last vote is counted

that night. One thing that hurt Mr. Forgy was the fact he dropped out of the race some four years ago and I heard that a number of times. They seemed to think that if he had stayed in the race that he would have won, both the primary and final race, but we have no assurance that would have happened. I am sure that Mr. Forgy had a good reason for dropping out four years ago. Now the primary is over so let bygones be bygones, and all go together this fall. If we expect to win

this race then it will take all of us, and perhaps get some Democrat votes. What I study about the most is that there won't be many voters out. The last election just about thirty percent of the voters came out, including both parties. I think that we can do better than that, however, we can't make them vote but we can ask them. I have found out one thing, there are a lot of voters that expect you to ask them to vote, however I just don't want with that. I think that we have the best chance

for a Republican Governor this fall that we have had since Governor Nunn was in. Perhaps I have just wasted my time in writing this letter, but if I have caused any of Mr. Forgy's supporters to forget the primary and go along with us, then my time has been well spent.
Sincerely,
Archie French

We're serious, How did tommy toes get that small?

We need help from the experts to settle a controversy that is brewing in Paint Lick and the surrounding communities. We even have county Extension agents disagreeing with each other over what one believed to be a rather simple question that has now become one of those unsolved mysteries that they make into television shows nowadays.

The question is, and we are dead serious about this, how do tommy toes get to be that small. Tommy toes, originate, of course, on any tomato vine that you happen to pull up and grow in your or simply leave planting around an out house, sewer plant or any place that a hog ever stopped to do its business. In more polite society they are called cherry or salad tomatoes. They may vary in size and even shape from that of a small marble to as large as a pecan or golf ball. You can even order seed from a number of catalogues, but they can be had for free at any of the aforementioned locations because they sprout in abundance or "volunteer" as my mom used to say.

Over the last two years I have saved tommy toe seed from several different plants and I have made an interesting discovery. Tommy toe seed produces fruit that can get as large as a football if you fertilize them properly. I have three plants in my garden right now that came from seed I saved and labeled in three different envelopes last year. I planted them in individual containers and I know good and well what I'm talking about. I've been accused of mistaking by one horticulturalist who just plain old told me that I'm wrong and he near went

back to the university with a tommy toe plant stuck in his yaxox.

The same thing happened to me last year when I saved seed respectively from the Becca Sewer System, a hog lot on Brindle Ridge in Rockcastle County and a spot where a porta john had turned over at the Jessamin County Fair. I wound up with a common beefsteak and what I'm fairly sure were Better Boys because all three plants produced whopper tomatoes.

Last year I harvested what I call the Breen's Barn Variety, the Sam Cummins yellow babies that grew around his milk house, and some volunteers that sprouted up when our own septic tank got indigestion. I strained out the seed, placed them on paper towels, labeled the towels on the spot, dried them on top on my Mustang for a couple of days, folded up the towels, placed them in envelopes and then labeled the envelopes. This year I planted them in individual peat pots and labeled each pot. That was several weeks ago. I transplanted two of each variety in my garden and all six now have tomatoes bigger than baseballs and still growing.

Now when we get to the bottom of this, somebody is going to feel pretty ignorant so I'm refraining from mentioning any names in the paper. A number of theories are currently being perpetuated and all I want to know is the correct one.

First we have the amino acid theory which holds that the digestive system of most mammals produces an enzyme that alters the chromosomes of any tomato seed they di-

gest, burnt enough to keep it from coming up. The fruits of such plants will be dwarfed, but their seed will revert back to whatever their parents were.

That sounds logical to me because it sort of fits with my experience.

However, another theory holds that tommy toes develop from the seed of any hybrid tomato. One of my neighbors says that it's a scam the seed companies run so you have to buy from them every year. In other words, if you save the seed of a hybrid tomato, you will have tommy toes forever which is precisely what I want. I'm tired of telling people who ask at the dinner table that they came off a plant that grew up out the septic tank. That spoils some appetites in a hurry. You'll see people who were just bragging about how good they were suddenly become finished with their salads. The only problem with this theory is that I have been attempting to start tommy toes from seed for years and I've yet to pull it off. I've saved by hybrid tomato seed of at least a dozen varieties and most of them have performed pretty much the way

they did the year before.

Another theory is that mammal waste is very high in nitrogen and that has a stunting effect on the seed. Then we have the soup and food theory which holds that various cattle feed and brought on vegetable soup actually contains tommy toe seed. The companies put in them because they won't let anything go to waste. We have the bird dropping theory which hold that tommy toes are natu-

Drunk drivers hurt more than themselves

I just got off the phone with a good friend of mine that has had to go through some hard times recently due to the results of alcohol. It didn't involve him, but his mother instead when she was innocently driving down the road. As everyone may already know, Steve Halcomb's mother, Charlotte, was struck by a drunk driver recently when she was returning home in Quail on Highway 70.

The only good news to come out of the ordeal is the fact that Mrs. Halcomb will be alright, that is, after a great deal of suffering she has already encountered during her hospital stay.

Mrs. Halcomb didn't ask for two broken legs, broken ribs, a broken collar bone, a punctured lung and all the other cuts and scratches she received in the accident. And most of all, she didn't deserve them.

She was a victim of negligence, it's that simple. The fact is, we pass cars on the highways all of the time. We don't know if the vehicle we are passing is occupied by a sober or drunk driver, it's a chance we take.

Mrs. Halcomb met a particular driver that night that was drunk. He not only put his own life at risk, but the lives of others as well.

That particular drunk driver lost his life that night and almost took two more with him (his passenger and Mrs. Halcomb). I'm sure he didn't mean to do it but, still, it happened. Why do drivers continue to get

rally spread by several species of birds who happen to drop them around manure piles, human or otherwise, and they sprout in the fertile soil.

And I'll bet money there are numerous other theories now that I'm going public with the controversy. I want to hear them all and I am particularly interested in hearing from anyone who thought he or she was growing tommy toes and they turned out to be Beefsteaks or Marjoligos or whatever.

Sooner or later we're going to get to the bottom of this. For example, I am already in touch with a fellow who raises hogs and he intends to let me feed them full size tomatoes and then save the manure. If tommy toes come up out of it next year, I'm gonna have a lot of faith in the enzyme theory. In the meantime, if you know of even one tomato seed that you think is going to come to be that way, will you please drop the information in the mail and send it to me at 9890 Hwy 52 West

Paint Lick (you can't lick), Kentucky 40461. We'll put your name in the paper if you want it that way or we'll keep it out if you prefer not to make a fool of yourself. Let me hear from you in either regard before there's a killing over this argument.

behind the wheel of a vehicle when they are intoxicated? Probably because they believe an accident will not happen to them. We are all guilty. We see something on television or read it in the paper but we think, "that will never happen to me."

We can be killed or injured just as easily as the next person. We are all only human.

The truth of the matter is, drunk driving is irresponsible, it's one accident we encounter in our lives that can be prevented. It takes only a little

thought to know that you have had to much to drink and just a few minutes to find a sober driver that will be more than willing to take you somewhere if the need arises.

Steve said something of great interest to me before we ended our conversation. He said, "You know, this accident happened in the complete opposite of others, it's usually the drunk driver that lives and the innocent victim that dies."

Teen Center Perspectives

By: Ginny Gilpatrick
Rockcastle Teen Center

"Power" often carries a negative connotation. "Empowering teenagers" is a concept that often triggers defensiveness and suspicion in parents and others who are in a position of authority over teens. The immediate fear is that if teens are given power, then the parent figure will somehow lose control.

Quite the opposite is true. When widening opportunities for power are given to children as they mature, a level of capability and a bond of trust gradually builds. A capable and trustworthy child develops inner control and does not require supreme effort on the part of the caretaker to control him or her with rules and constant surveillance and astringent of contrived consequences. All normal individuals are born with a longing and striving to be in a controlled, or secure, state. The parents' role is to act as puppeteer until and only until the child has mastered the ability to move about on his own.

When a teen makes a serious mistake, as when he breaks a leg, a period of renewed support and control must come into play. Trust, emotional or physical, must be reestablished, giving the teen a degree of power in the healing process is essential. The caretaker's role is to provide a wholesome environment and establish safe limits. By acknowledging his own limitations in controlling the teen's behavior he is encouraging the child to use his power to make wise decisions rather than to exercise his power to act rebelliously.

The CAP Teen Center staff recognizes the hardness of the ground on which a teen may fall. By providing structured opportunities they encourage children to structure their own lives for success. By considering and accepting teens' ideas, they empower them to make constructive decisions in areas where control is important to them. By setting limits on their behavior, the staff reinforces the system of control which must be internalized by every self-sufficient individual.

All teens are welcome to try out any of the scheduled activities at the Center. Note particularly the wilderness camping trip on July 11; teens must sign up by Friday, July 5, and participate in preparation groups. Also note that roller skating in Somerset will replace this week's Friday Dance; permissions are required.

Summer School News

By: Ace Harris

John Wilson

The third week of summer school at Rockcastle County High School began with lessons on the history of Rockcastle County. On Monday we had two speakers, Betty Henderson and Buz Carlotis. Mrs. Henderson spoke mainly about our town of Mt. Vernon and how the schools began. Mr. Carlotis spoke mostly about Livingston and the southeastern section of the county. Martha Eversole also contributed to Mr. Carlotis' lecture by preparing and providing us with a handmade booklet containing interesting facts, maps and stories about this county.

Later on in the week, Ann Henderson spoke to the summer school students about the history of Renfro Valley and how her father, John Lair, first started Renfro Valley. Also on this day we had the privilege of watching the Bittersweet Cloggers, under the direction of John Van Winkle, perform for us in the school cafeteria.

On Friday, we went on a field trip to EKV for enrichment classes during which James Still, a popular Kentucky author, spoke to us about his work in Appalachian literature. He read some of his verses and stories and spoke to us about his love of writing and how he got his start.

From there we went to historic Arlington Country Club when we made possible a brunch which was made possible by Mrs. Nancy Thames, the director of Destination Graduation at Eastern Kentucky University.

The afternoon activities then took us to Pearl Buchanan Theater on campus to watch Steve Wise perform "The Lion of White Hall" in which he portrayed Cassius Clay in a one hour telling of the life and times of this famous Kentucky politician. A slide show also added to this interesting performance.

Finally, Carl Hurley, a former EKV professor and popular comedian entertained us with his jokes and encouraged us with his comments about being successful.

Thanks to all who helped to make this week so enjoyable.

We would also like to thank the U.S. and Kentucky Departments of Education and Bell South Corporation who made our trips possible.

Six women from Rockcastle selected as OYWA for 1991

Six young women from Rockcastle County have been selected "Outstanding Young Women of America" for 1991 and complete biographies will appear in the annual awards publication of that issue.

They are: Martina Cromer Lucas, Gail Sue Bowles, May DeBord Arnold, Rebekah Sue Hammond, Melissa Carol Benson and Kimberly Ann McGovern.

Now in its 25th year, the OYWA program is designed to honor and encourage exceptional young women

between the ages of 21 and 40 who have distinguished themselves in many fields of endeavor, such as service to community, professional leadership, academic achievement, business advancement, cultural accomplishments, and civic and political participation.

Achievements in these areas are the result of dedication, responsibility, and a drive for excellence—qualities which deserve to be recognized and remembered.

Bro. and Mrs. Hamilton celebrate '65'

The Rev. and Mrs. W. J. Hamilton will celebrate their 65th wedding anniversary on July 3. They are the parents of six children, grandparents of eight and great grandparents of six. The Rev. Hamilton is a retired plumbing and heating contractor. He is a full time pastor of the Conway Baptist Church.

Wedding bells rang at the Brodhead Adult Day Center

Bill Brown and Laura Overbay were united in marriage by Robert Robinson at the Center in Brodhead at 1:15 on June 13, 1991 with Mike Brown (grandson) as bestman and Vivian (daughter) as maid-of-honor. The event was witnessed by the staff, clients and the couples family, at the Center.

Linda Clark and Doug Leger to wed

Linda Clark and Doug Leger would like to announce the forthcoming marriage to be held Sunday, July 7, at 3 p.m. at the home of Mr. and Mrs. Delbert Leger of Calloway. Everyone is invited to attend. A household shower and a reception will be held after the wedding.

Wolfe-Rogers wed at Renfro Valley

Cynthia Clay Wolfe, daughter of Mr. and Mrs. Ransom R. Wolfe, Jr. of Mt. Vernon, and Travis J. Rogers, son of David Rogers and Barbara Nelson of Somerset were married at Renfro Valley on April 27, 1991. Brother Eddie Hammond officiated the ceremony. The bride is a 1990 graduate of Rockcastle County High and an elementary education major. She will attend Myra Costa Community College in the fall. The groom is a graduate of Somerset High School and is a member of the United States Marine Corp. The couple will reside in Oceanside, California.

Willing Workers meet

By: Elizabeth F. Mullins

On June 27, the Brodhead Willing Workers Homemakers Club met at Nina Cash's new home.

After climbing the spiral stairs and seeing this interior and furniture, the nights lesson leaders told the groups about "Decorating With the Country Look."

First Ruby McKinney passed out a quiz to see how much we knew about this subject.

Then Sylvia Whitt started the lesson.

"Develop a Plan," she said, "before combining colors, textures, fabrics and furniture styles," to start the lesson.

Ruby McKinney added to Sylvia's part of the lesson and passed out magazines with pictures of the country look.

These two ladies make a good pair to give a good lesson!

Nina Cash read minutes of our last meeting and gave the treasurers report.

We had enough left after homecoming expenses to send two children to camp, with some left.

Carol Riddle added information of importance.

One thing was to ask members to be sure to take something they had made to the Floral Hall at the Brodhead Fair grounds, on Tuesday July 30th, from 10 a.m. to 1 p.m., as the Floral Hall opened the same day from 6 to 9 p.m.

Barbara Watson gave an oral nutritious recipe while those present wrote it down to try soon.

Then all of us went to the kitchen's counter to pick up nutritious refresh-

ments. Yes, a blessing was given by Sylvia before we devoured the refreshments, as we sat around tables in the dinette and dining room.

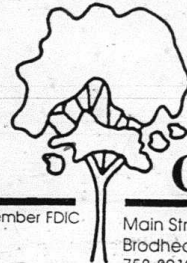

60th Wedding Anniversary Celebration

Felix E. Reams and Irene D. Reams of Orlando will celebrate their 60th anniversary on July 13 at Knights of Columbus Hall in Claryville, Ky. Reams is retired from Interlake Steel Newport, after 42 years of service. The couple has six children, Marlon Reams, Helen Sakkinene, Emily Burton, Dennis Reams, Mildred Carter, and Linda Miller. They have 21 grandchildren and 19 great grandchildren. The couple lived in the Northern Kentucky area for 43 years and upon Felix's retirement moved to their original homestead, a 500 acre farm in Orlando.

We left after 10 p.m. with a parting invitation by Nina. She said, "Now don't wait until next year. Home-maker meeting to come to see me, come by any time." July 25th meeting will be at Carol Riddle's home. Mark it on your calendar!

This Fourth of July Celebrate Kentucky

KENTUCKY'S BICENTENNIAL MEDALLION

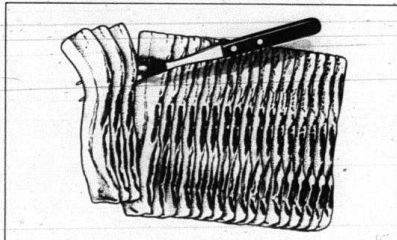

Feast, Family and Fireworks! For 200 years, Kentuckians have been celebrating their membership in the greatest union in the world. You can remember this year's celebration forever, when you purchase Kentucky's Bicentennial Medallion. Crafted in Antique Bronze (\$5), Fine Silver (\$35) and Gold-Plated Silver (\$40), these works of art put Kentucky's heritage within everyone's reach. Buy it for yourself or give it as a gift. Remember the fireworks!

Honoring Kentucky's Past by Building Kentucky's Future

Proceeds from medallions are used, in part, to fund Kentucky Bicentennial Commission activities during the celebration year and as a source of fund raising for non-profit organizations throughout the state.

Welcome Home
By: Ada Bullock
Somerset

I rolled my wheelchair to the window to watch the parade go by
My mind was filled with memories as tears dropped from my eyes
Visions of that horrible war seemed to take control
And I was back in Vietnam with the dying on front row.

We had no choice, we had to go
The draft was in effect
It wasn't for money or a degree
which got us into that mess
No parades or celebrations
was awaiting our return
From the leaders of our country
no recognition we had earned

What a difference the Bush War made
in terms of recognition
The shortest war ever fought
gets the greatest of attention
I'm proud of the men and women
whom served in the Persian Gulf
They obeyed the call of duty
— just like the rest of us.

Too much time has gone by
to show the respect we were due
But thanks to those who remember
we fought for freedom too
After millions of dollars, and
thousands of lives
How many parades will be enough?
To keep the glamour at its height
Of the war in the Persian Gulf

I'm looking forward to that parade
on heaven's golden shore
Where we'll all receive the same
respect
And my wheelchair I'll need no more

Yes, that will be the greatest parade
When we march around God's
throne.
With His loving arms opened wide
We'll all be welcomed home.

Hi, my name is Amberly Beth Renner. I turned one year old on June 21. My mommy and daddy are Kim and Greg Renner of Mt. Vernon. They gave me a big party with lots of family and friends.

Those who were at my party were Mommy, Daddy, Nanna and Papaw Renner, Mamaw and Papaw Falin, Aunt Becky, Uncle Scott, Aunt Lisa, Great-Nanny, Great Grandpaw and Grandmaw Hasty, Great Grandpaw Elliott, Big Paw and Mary Falin, Great Aunt Edith, Great Aunt Jean, my cousins; Johnny, Kym, Justin, Ruby, Gensy, Jennifer, Stephanie. My friends: Jeffrey, Lisa, Jennifer and Brittanie.

Thank you for celebrating with me and for the nice gifts.

Dear Editor,
By reading the Signal you need some input to fill the paper. Here is a small poem I wrote, perhaps you can use it in the 'Poets Corner' in a future edition, at least I hope so. You have a

Lordy, Lordy ain't it Nifty that she is 50!
Happy Birthday Charlotte Love,
Preston, David and Phyllis, Barb and Rick, Sheena and Whitney, Steve and Mom

very good paper in my opinion. Keep up the good work.

Your friend,

**A Tribute to my niece,
Doris McNeas**
By: Lewis F. Bowling

What is in our hearts is hard to say
Doris is gone, she went away
Our loss is heavens gain
She has gone where there is no pain

Up there on that golden shore
To be with Jesus forevermore
With daddy and mother, sisters and brother
Husband John that she loved so dear
and missed so much for many long years

As weeks turn to months and months to years
Time will dry up some of our tears
We will think of her day by day
She won't be gone, she is just away

When our allotted days are gone
We can join her in that home
With our loved ones gone on before
There to dwell forevermore.

'Lite' entrees for summer days

The trend today is lite and healthy, lite does not need to be a sacrifice of good taste. Rather, it often denotes "smart" eating -- consuming reduced quantities of fat, sugar and salt and avoiding excesses of any food.

When the weather is warm and our lives busy, we usually feel better when we forego heavy, rich meals. There are many appealing alternatives and frequently, they are easily prepared in the microwave oven with a minimum of preparation and cleanup.

Pasta Plus Salad

- 2 cups uncooked rotini pasta (6 ozs.)
- 1 clove garlic, minced
- 1 1/2 cups sliced zucchini
- 1 cup sliced carrots
- 1/2 cup sliced celery
- 1 tablespoon water
- 1/2 cup sliced ripe olives
- 1/4 cup pesto
- 1/4 cup vegetable oil
- 2 tablespoons cider vinegar
- 1/4 teaspoon sugar

1. Cook rotini as directed on package. Drain, rinse and set aside.
2. Combine garlic, zucchini, carrots, celery and water in 2-quart microwave-safe casserole. Cover with casserole lid.
3. MICROWAVE (high) 4 to 5 minutes or until tender-crisp. Add olives. Combine pesto, oil, vinegar and sugar; mix until blended. Pour over vegetables. Add pasta and toss to coat. Cover and refrigerate until chilled, at least 2 hours.

About 5 Servings

Tips: To prepare without pesto, add 1 teaspoon dried or 1 tablespoon fresh oregano or basil and 1 1/2 tablespoons Parmesan cheese with oil, vinegar and sugar.

Lemon Chicken

- 1 teaspoon cornstarch
- 1 tablespoon soy sauce
- 1 lb. skinned boneless chicken breast
- 2 tablespoons sugar
- 2 teaspoons cornstarch
- 1/4 cup water
- 1 tablespoon catsup
- 1 teaspoon lemon juice

1. Combine 1 teaspoon cornstarch and the soy sauce in 8-inch round microwave-safe baking dish or pie plate. Add chicken, turning to coat with mixture. Let stand 10 minutes.
2. Meanwhile, combine sugar, 2 teaspoons cornstarch, water, catsup and lemon juice in 1-cup glass measure; mix well.
3. MICROWAVE (high), uncovered, 1 to 1 1/4 minutes or until mixture boils and thickens, stirring once. Set aside. Cover chicken with vented plastic wrap.
4. MICROWAVE (med-high--70%) 7 1/2 to 8 minutes or until no longer pink, rotating dish once. Let stand covered 5 minutes.
5. MICROWAVE (high) sauce 30 to 60 seconds or until heated. If desired, stir in cooking juices from chicken. Serve sauce over chicken. If desired, serve over hot cooked rice or shredded lettuce.

About 4 Servings

Sunshine Fruit Salad

- 1 tablespoon margarine or butter
- 1/4 cup sliced almonds
- 1/2 cup unsifted powdered sugar
- 1 package (3/4 oz.) instant vanilla pudding mix
- 1/4 cups milk
- 1/3 cup frozen orange juice concentrate, softened
- 1 cup (8 ozs.) plain yogurt
- 1 can (20 oz.) pineapple chunks, drained
- 2 peaches, peeled and sliced
- 2 cups sliced fresh strawberries
- 1 banana, sliced

1. MICROWAVE (high) margarine in 9-inch glass pie plate 30 to 45 seconds or until melted. Stir in almonds until coated; sprinkle with powdered sugar.
2. MICROWAVE (high), uncovered, 3 to 4 minutes or until nuts are lightly toasted, stirring 2 or 3 times. Spoon onto waxed paper. When cool, break into pieces.
3. Meanwhile, combine pudding mix,

milk and orange juice concentrate in mixing bowl. Beat with whisk until smooth. Blend in yogurt.

4. Combine fruits in bowl. Pour pudding mixture over fruit; mix lightly. Cover and refrigerate at least 2 hours. Sprinkle with nuts just before serving.

About 8 Servings

Tips • Other fruit combinations can be used. Just allow about 6 cups fruit for this amount of dressing.

- For smaller quantities, only use part of the pudding mixture. Serve the remainder as pudding, topping for cake or over fruit for another meal.
- One-half cup sour cream can be substituted for yogurt. Increase milk to 1 1/2 cups.

Quik Fresh Fruit Pie

- 1 package (8 oz.) light cream cheese
- 1/3 cup sugar
- 1/4 cup milk
- 1/2 teaspoon almond extract

1/2 8-ozs. pkg. frozen whipped topping, thawed (1 1/2 cups)
Prepared 9-inch graham cracker crust
2 cups fresh fruit, sliced if necessary

1. MICROWAVE (high) cream cheese in 1-quart glass mix 'n' pour bowl 30 to 45 seconds or until softened. Add sugar; beat until smooth. Blend in milk and extract. Fold in whipped topping until blended.
2. Pour into crust, spreading evenly. Cover and refrigerate until set, about 2 hours. Arrange fresh fruit on pie, just before serving.

About 8 Servings

Tips • If desired, spoon a glaze over fruit. Warm a prepared glaze or 1/4 cup favorite jelly in the microwave oven 15 to 30 seconds. Spoon over fruit.

- When using peaches, pears or bananas which tend to darken, first dip in mixture of half lemon juice and half water.

Two Rockcastle County 4-H'ers participated in the 1991 Cow Camp which was held in Maysville, during the month of May. 'Blossom End Rot could pose threat for tomato producers

By: Tom Mills
County Extension Agent
for Agriculture

Tomato growers should expect more blossom end rot this year as a result of spring weather conditions. Blossom end rot is caused by calcium deficiency in fruit during the developing stages. While blossom end rot is most common in tomatoes, it also can affect peppers.

As the name suggests, a small spot appears on the blossom end of the fruit and develops into a dark brown area that can affect up to half of the fruit. If nothing is done after this problem appears, it can lead to 100 percent crop loss.

Stress from lack of moisture is the main causal agent. Without adequate calcium intake obtained from moisture, the cell walls collapse, causing

District Republicans here

The Rockcastle County Young Republicans Club hosted the Fifth District Young Republican Convention at the Renfro Valley Lodge on June 29.

Several delegates, members and guests from Young Republican clubs in various counties in the Fifth district were in attendance at the convention.

Guest speaker at the meeting was State Representative and Rockcastle club member, Danny Ford. Also, speaking on behalf of Lieutenant Governor candidate Eugene Goss, who was unable to attend the meeting, was Jim Coursey of Logan County. State Young Republican Chairman Russell Jones presided over the convention as officers were elected.

The Rockcastle County Club had two members elected to office during the convention, Jeffrey T. Burdette, who also serves as chairman of the Rockcastle Young Republican Club, was elected Fifth District chairman; and Kim Hoover was elected Fifth District secretary.

The next Young Republican meeting is scheduled for Aug. 6th at 7 p.m. in the Circuit Courtroom, third floor

of the Rockcastle County Courthouse. Anyone who is interested in joining is invited to attend.

New drunk driving law

So you're going to have a drink or two for the road.

If you're stopped and fail the sobriety test, a new D.U.I. law went into effect Monday that could mean trouble.

The law, passed by the last Kentucky General Assembly, makes it easier to convict someone of driving under the influence of alcohol or drugs and provide tougher penalties for those found guilty.

It also creates a mandatory substance abuse program that applies to all offenders. The 90-day program must be completed before licenses are reinstated after convictions.

Here are key provisions of Kentucky's new law on drunken driving. **Illegal to drive with a blood alcohol content of 0.10 or higher.** Prosecutors no longer have to prove DUI defendants were impaired.

Suspension of driver's license for 90 days on a first offense.

Handicap license can be obtained for final 60 days of first suspension. Small green stickers must be posted in vehicle windows of drivers who have such licenses, however.

License suspension at arraignment for drivers under 21, refusal to take a blood alcohol test or people previously convicted of DUI.

District courts handle all license suspensions.

All offenders must attend a 90-day alcohol- or substance-abuse treatment program.

Courts must report status of DUI cases.

Fourth offense is a Class D felony.

Berea Craft scheduled July 12-14

The 10th Annual Berea Craft Festival will be held the weekend of July 12-14 near Berea, which has become internationally acclaimed as a major center for American folk art and crafts.

Approximately 115 craftpersons from 24 states will exhibit and demonstrate their craft at Indian Fort Theatre.

Whatever one's interest - whether it be music, food, flowers, quilts, toys, books, jewelry, ceramics, woodwork, brooms, carvings, musical instruments, rug, baskets, etchings, trunks, handmade wearables, or just "folk art" - it can be found at the craft festival.

Festival hours are 10 a.m. to 6 p.m., Friday through Sunday, at the theatre on the edge of Berea College Forest, two miles east of Berea. Parking is free and plentiful, and admission is \$3.50 with special rates for groups and senior citizens. Children 11 and under, free.

For further information, contact Berea Tourism, (606) 986-2540.

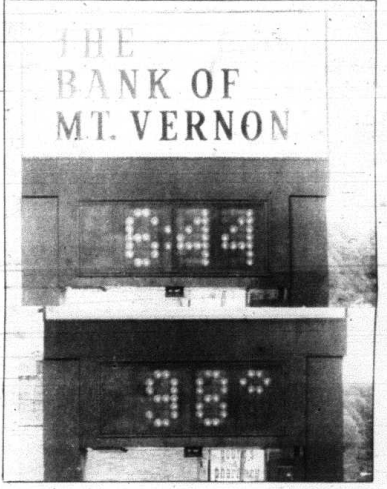

Ky. Housing program

Kentucky Housing Corporation recently finalized a \$60.5 million tax-exempt mortgage revenue bond issue which will afford more lower- to moderate-income Kentuckians the opportunity of homeownership.

Proceeds derived from this bond issue are available to KHC-eligible families through participating lenders across the state on a first-come, first-served basis.

All loans will carry a 30-year term at a fixed rate of 8.375 percent with either FHA mortgage insurance or VA guarantee. Down payment is less than 5 percent.

John Martinez, KHA executive director, said this bond issue is crucial to lower- and moderate-income Kentuckians wishing to purchase their first home, as Mortgage Revenue Bonds (MRBs) are due at sunset December 31 of this year.

The clock said 6:44 p.m., the temperature gauge read almost 100. Mother Nature has been hard on Rockcastle County with temperatures reaching near 100 degrees, several days this week.

Clark's festival July 4, 5 and 6

This is the weekend. It's time for another Old Joe Clark Bluegrass Festival at Renfro Valley, July 4, 5 and 6.

There'll be many well-known singers and performers, as usual. To mention a few: Lewis Family, Osborne Brother, Stevens Family, Parker Brothers, Raymond Fairchild, Bill Sky Family, Outdoor Plumbing and Old Joe Clark and Terry.

The festival will be located in the same place as last year. Hours are: Thursday, 3 p.m. to 11:30 p.m. Friday and Saturday, noon to 11:30 p.m.

3,300 attend Renfro Rodeo

Over 3,300 people attended last weekend's Renfro Valley Championship Rodeo.

The two night event was a great success, according to Tom Bennett, vice president of Renfro Valley Folks, who is in charge of special events.

"It was standing room only both nights," said Bennett. "Renfro Valley hosts a variety of special events each year, but this was the first year for the rodeo. Will it be the last? 'No way,' said Bennett. 'Next year's is already in the planning stage.'

The rodeo was co-sponsored by Dodge Trucks and several local businesses.

People Poll "How are you planning to spend the Fourth of July?"

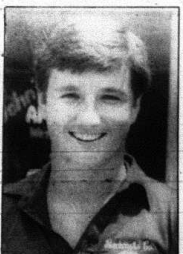

Marilyn Kates of Mt. Vernon "I really don't know yet. I'll probably go to the drive-in and see the fireworks."

Rebecca Blanton of Brodhead "Well, I don't really have any plans for it right now."

Anna Rose Mullins of Mt. Vernon "Canning green beans. It may not be all I do, but it will be the main thing."

Chris Cornelius of Mt. Vernon "I'm planning on playing golf in the Fourth of July golf tournament at Cedar Rapids."

Jennie Hansel of Mt. Vernon "I will have my relatives in from Texas and Florida, so we will probably just cook out."

Padres and Pirates win tournament; Reds and Expos fight for Senior League

Compiled by: David Brock

Two leagues have been decided while the other is still up for grabs in Little League action this week around Rockcastle County.

The Padres won the regular season championship with a 15-3 record and defeated the A's, 24-10, at Thacker Field Monday night for the Major League's tournament championship.

And the Pirates, who also won the regular season championship with a record of 14-1, captured the Minor League's tournament championship with a 21-13 win over the Bears, also at Thacker Field Monday night.

The Senior League (the only league without a champion at press time) was decided Tuesday night at Thacker Field between the Reds and Expos. However, the Expos did win the regular season championship with a 11-1 record.

On the road to the tournament championships, beginning with the Major League, the Cardinals notched the first win over the Pirates, 15-10, last Thursday at Thacker Field. The Twins followed suit in the following game with a 16-10 victory over the Reds.

In Friday's action, the A's came from behind, after trailing 14-4 in the third inning, to outscore the Cubs, 19-0, in the last two innings to win the game 23-14. The A's were sparked in their rally by a Jonathan Jasper grand slam.

The Padres also walked away with a win Friday, 20-19, over the Cardinals, in one of the better ball games of the week. Josh Martin tied the game for the Padres in the sixth inning with a three-run triple and

Rodney Moberly drove in Jeffrey French with a base hit to win the game.

Jonathan Jasper bagged his second grand slam of the week in Saturday's play to lead the A's to a 15-10 margin over the Twins and set up Monday's championship game between the A's and the Padres.

Minor League tournament action, all played at Roundstone except for the championship at Thacker field, began last Tuesday when the Angels edged out the Giants, 20-15. The Bears followed in the second game with a big, 30-11, win over the Cubs.

And rounding out the tournament until Monday's championship were the Pirates just squeaking by the Angels, 18-17, Friday and the Bears rolling over the Orioles, 21-0, on Saturday.

And in the only double elimination tournament also played at Roundstone except for the championship game, the Senior League was started last Monday when the Reds edged out the Dodgers, 7-6. The Indians followed in the second game with a 14-12 win over the Pirates. And in the only game Thursday, the Expos downed the Indians, 8-4.

The Pirates retaliated Friday as they eliminated the Dodgers from the tournament with a 20-13 win. And the Pirates eliminated the Indians with a 15-3 win on Saturday.

Mickey McClure fired a shut-out against the Expos, 2-0, in Saturday's second game to lead the Reds to their second win of the tournament and to the championship game. The Expos

advanced to the championship with a 3-1 victory over the Pirates Monday.

Photos of the Senior League's tournament champions will appear in next week's Signal.

Final regular season scores from last week in the Major League were: Padres, 16 - Reds, 11; A's, 11 - Cardinals, 7; Twins, 11 - A's, 7 and Cardinals, 9 - Pirates, 4.

Senior League homerun leaders are: J.D. Bassell, Expos, four; Jason Fletcher, Reds, three; Mikhail Shaffer, Dodgers, three; Jason Payne, Pirates, two; Jon Martin, Dodgers, two; Jason Goff, Expos, two; Stacy Kirby, Reds, two; Chris McHargue, Reds, two; Freddie Pruitt, Expos, one; Gregg Goff, Expos, one; Corey Scott, Indians, one; Brian Carter, Reds, one; Greg Bowman, Pirates, one; Ricky Tank Moore, Dodgers, one and Aaron Cox, Indians, one.

J.D. Bassell, Jason Goff and Gregg Goff of the Expos, Corey Scott of the Indians and Jon Martin of the Dodgers all had a grand slam on the year for the Senior League.

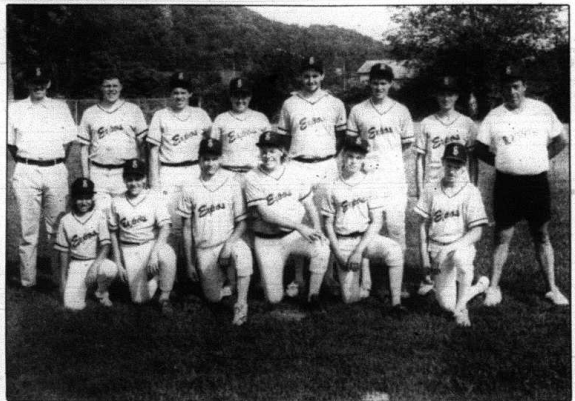

Homerun leaders for the Major League are: Mark Todd, Twins, five; Josh Blanton, A's, five; Brad Helms, Padres, four; John Mobly, Cardinals, three; Blake Childress, Cardinals,

three; Brian McMullen, Twins, three; Jonathan Jasper, A's, two; Jason Brown, Cubs, two; Brian Petrey, Twins, two; Jason Dillingham, Reds,

one; Rodney Moberly, Padres, one and Jason McFerron, Reds, one.

Jason Brown of the Cubs also had one grand slam for the Major League on the year.

Senior League	Major League	Minor League
(1) Expos 11-1	(1) Padres 15-3	(1) Pirates 14-1
(2) Reds 8-4	(2) A's 13-5	(2) Orioles 10-4

Bluegrass State Games Update

Registrations for the 1991 Bluegrass State Games are flowing in with about 5,800 persons already signed up for the various sports.

The annual Games—featuring 22 different sports—will be held July 26-28 in Lexington. The largest team registrations to date are softball with 174 teams and soccer with 144. Three new events were added this year, chess, wrestling and golf.

The deadline for registering for most sports is July 12. Entry booklets can be picked up at SuperAmerica stores or person may call toll free 1-800-722-BGSG and a booklet will be mailed.

'Blossom End Rot'

Cont. from A-10

blossom end rot to begin. Dry periods across certain areas of the county this year have lead to high stress levels in plants as they searched for moisture.

Late June and early July are the peak times for blossom and rot to occur. It is critical to keep a close eye on tomatoes and peppers for this physiological disorder in the upcoming weeks.

Mulching plants to maintain a uniform moisture level is the most practical control method for the home grower. Many commercial growers are using black plastic mulch to maintain uniform moisture level.

Commercial growers also can apply a foliar spray of calcium chloride after the problem begins to develop. However, this practice should not be used as a substitute for maintaining proper moisture and calcium levels in the soil. Proper management and the recommended treatments can significantly reduce loss even after the problem is detected.

Little League football camp

Rockcastle County Rockets' head football coach Tom Larkey has announced that this year's Little League football camp will begin at RCHS Monday, July 15 and end Thursday, July 18 for all boys in the grades of fourth through eighth. There is no charge for the camp.

Larkey and his assistant coaches will instruct during the four days and stress that the camp will be non-contact with instruction on the basic fundamentals of football.

There will also be a T-shirt given to each participant on the last day of the camp.

The camp will begin at 6:00 p.m. and end at 8:00 p.m. nightly.

In Berea Program

Berea College's Challenge '91 Program for high school students has attracted 46 participants from eight states, including one from Rockcastle. Gina Parin, a student at Rockcastle County High School, is one of them. Her program, gina, the daughter of Mr. and Mrs. Rick Parin of Mt. Vernon, is studying computer graphics.

Now in its 20th year, the current session began June 9 and continues through July 3. The program offers sophomores and juniors the opportunity to earn college credit in an academically-demanding course, to experience college life and to work in Berea's student labor program.

Courses offered this summer are "Wildlife Biology," being taught by Dr. Claude Genette, professor of agronomy and biology; "Voice Class and Small Group Singing" with Dr. Stephen Bolster, associate professor of music; and "Computer Animation and Desktop Publishing" with Dr. James Yount, associate professor of industrial arts.

ATTENTION PARENTS OF STUDENTS ATTENDING ROCKCASTLE COUNTY HIGH SCHOOL

Important Meeting Scheduled July 9, 1991

Rockcastle County High School will implement School Based Decision Making (SBDM) during the 1991-92 school term as outlined in the Kentucky Education Reform Act of 1990, Section 14. Section 14 of KERA (KRS 160.345, section 2 a, b.) reads: (a) Each participating school shall form a school council which shall be composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. The parent representatives on the council shall not be relatives of any employee of the school. (b) The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. The parent representatives shall be selected for one (1) year terms. The parent members shall be elected by the parent members of the parent teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. The principal or head teachers shall be the chair of the school council.

Copies of the Kentucky Education Reform Act and local Board policies related to SBDM are available for review at the Central Administration offices during regular business hours 8:30 a.m. to 4:30 p.m. Monday through Friday and will be available for review and discussion at all meetings scheduled to organize a parent group for RCHS.

At the second meeting held July 1, 1991, a video on "Site Based Decision Making/Informing Parents" was viewed, and Dr. Paul Lawrence from Eastern Kentucky University spoke and answered questions. We were very pleased at the large number of parents attending our last two meetings.

A third meeting has been scheduled for July 9, 1991 at 7:00 at RCHS for the parent support group for the purpose of nominating those wishing to have their names placed on the ballot for the election of the two parent members of the council. Those wishing to be elected to the council will have an opportunity to address the entire group.

The fourth meeting will be held July 16, 1991 at 7:00 at RCHS for the purpose of voting for the two parent members.

Any parent, step-parent or legal guardian of a student attending RCHS for the 1991-92 school term is eligible to become a member of this group with voting privileges.

If you have any questions, please feel free to call Principal Ronnie Cash at 256-4816.
