## Stands will take on a "new look" by end of '91 season

Rockcastle County fans will have something new to look at and enjoy, come 1992, a new concession stand.

But, this not your ordinary concession stand, it will include an official's locker room, a new press box, concession stands on both sides, men and ladies' restrooms and more seating for the fans.

Construction will begin sometime this week and the old concession stand will be torn down by the Rocket's next home game.

This has been on the drawing board for over a year now, but due

to the project coming in higher than the estimated first bid, it was held up for over a year.

Coaches and fans had hoped the project would be done for this football season, as earlier slated.

Another feature for the fans will be the addition of aluminum seats on top of the existing bleachers now.

"I hope everyone will be willing to look over a mess here and there, walk over a mud puddle or a concrete block if needed, and just excuse the mess," Head Coach Tom Larkey said. "I think it will be well worth it," he added.

## Renfro Valley Jamboree bowl first ever

The Rockcastle County Rockets played in the first ever bowl game sponsored by Renfro Valley Folks, Inc. Friday night.

The Renfro Valley Jamboree Bowl was a success for the Rockets, as they defeated the Lynn Camp Wildcats 22-0 for their first win of the season.

The Rockets received a trophy for their win and J.D. Harris was selected by a committee as offensive MVP and Johnathon Saylor was selected defensive MVP.

Halftime festivities included crowning the first Jamboree Queen with senior Kristi Sargent taking top honors by popular vote of the student body.

Renfro Valley Folks also gave away door prizes in

**"Rockets' ends and receivers"**

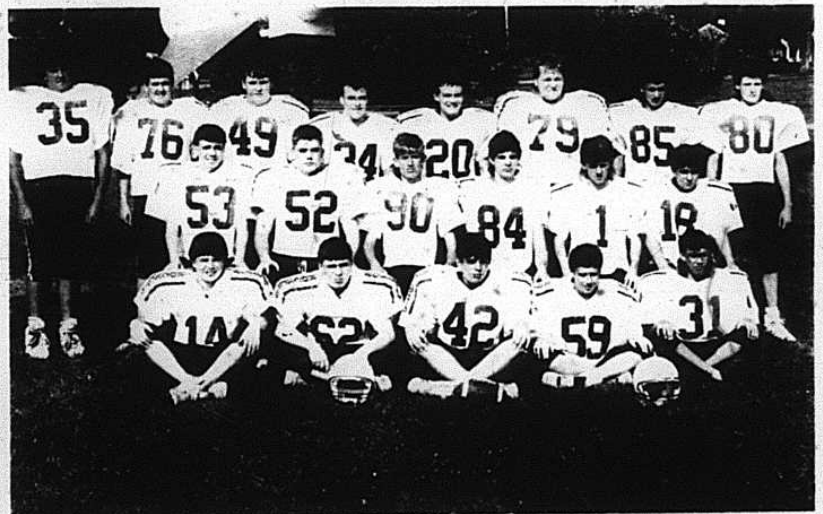

the form of tickets to shows and gift certificates.

"I feel the first annual Jamboree Bowl was a great success. I guess the biggest reason is because we won. I look forward to many more bowls to come," Head Coach Tom Larkey said.

## Council rejects request to drop tax

By: Richard Anderkin  
An owner of Renfro Valley Folks, Inc., wants the Mt. Vernon City Council to drop their privilege license tax or use it to help promote tourism in the area.  
Calling the tax unfair, Ralph Gabbard, president of the corporation, which owns and operates the historic country music complex, asked the council to excuse the balance his company owes the city of Mt. Vernon for 1991. To date, Renfro Valley Folks has paid Mt. Vernon \$800 in tax.  
Renfro's privilege fee is tied di-

rectly to the number of tickets sold to entertainment events in the valley.  
The three percent tax was passed last year by the council and applies only to tickets that are sold to entertainment events. The only other business in Mt. Vernon affected by the tax is The Ole Opry House, also located in Renfro Valley.  
Gabbard told the council during a 45 minute presentation that because of several factors, mainly the recession, it has been a leaner year than expected in Renfro Valley and that he wanted the council to excuse the tax on the entertainment tickets until

January of 1992.  
But, the five council members present, voted unanimously against Gabbard's proposal to excuse the tax.  
Gabbard also asked the council to abolish the three percent tax on entertainment tickets all together, but the council voted against that as well.  
The council did however agree to look into a proposal that would set aside a small portion of the tax money to help promote tourism in Mt. Vernon and Renfro Valley.  
A somewhat disgruntled Gabbard said Wednesday that his company was more than willing to pay their

fair share and to help promote Rockcastle whenever and wherever possible, but he was not pleased with the council's actions.  
"You shouldn't tax the process, the tax should be levied on the profit," he said. "Give us time to get on our feet, we have invested millions in Renfro Valley and have not even come close to making a profit," he said. "Once we are profitable then tax us, we will be more than willing to pay our fair share," he said.  
"You can look at tourist attractions in this state, such as the Mammoth Cave area, that are dying be-

cause the people in those communities do not work together," Gabbard said.  
"And, other areas of the state, such as Elizabethtown, are flourishing because people work together," Gabbard said.  
"They can say what they want to, but that tax was created for Renfro Valley Folks," Gabbard said.  
Gabbard gave the council no accounting of how much Renfro Valley Folks owes the city.

**Teachers at MVES vote for SBDM**  
Mt. Vernon Elementary principal John Hale announced this week that the staff at Mt. Vernon School voted last week to move Mt. Vernon school under the direction of a School Based Decision Making Council.  
Hale said that members of the committee, three teachers and two parents would be selected at a later date.

## Hasty shot in Monroe

A former Rockcastle County resident was shot and killed in Monroe County, Michigan last Thursday morning.  
Lisa Lopez Hasty, 29, of Toledo Ohio was apparently shot in the back as she stood inside a tavern in Monroe County Michigan.  
According to police reports Ms. Hasty's assailant shot through the front wall of the tavern.  
Roger Lopez, Ms. Hasty's brother said that police were looking for a man who is also being sought in connection with another murder.

A spokesperson for the Toledo coroner's office said that Ms. Hasty died from a single gunshot to her back. Ms. Hasty was transported to a Toledo area hospital where she lived about thirty minutes. She died at 1:30 a.m.

Ms. Hasty pleaded guilty in Rockcastle County Circuit Court on June 15, of 1987 to wreckless homicide.

She had been charged with the shooting death of Johnny Falin, 34, of Orlando. Falin was fatally shot on Hwy. 1004 near Jean's Restaurant. At the time Ms. Hasty told police that a group of men pulled her and Falin over and that an argument ensued and a unidentified man shot Falin.

Ms. Hasty was later tried for the murder of Falin, but a jury deadlocked on her fate.  
In June of 1987, Circuit Judge Dan Venters excused Ms. Hasty's guilty plea to a lesser charge and placed her on probation. A stipulation of the probation was that Ms. Hasty live out of state.

## Livingston Citizen of the Year

Mrs. Jane Smith was honored Saturday night as the Livingston citizen of the year for 1991. Mrs. Smith, a long-time Livingston school teacher was honored before the annual alumni basketball game at Livingston school. On hand to help her receive her award were from left, Letha French, a daughter, Jane Kraut, a granddaughter and Irene Campbell another daughter.

## Mother, son die Indianapolis family suffers tragedy

An Indianapolis family formerly from Rockcastle County, experienced a double tragedy this week. Reva Gentry, 71, died on Labor Day in Indianapolis after a long battle with cancer.  
Mrs. Gentry's son, James Dale Gentry, 41, was found dead by family members at Gregory's Motel in Renfro Valley, Wednesday morning.  
The younger Gentry was in Mt. Vernon awaiting the funeral services for his mother, who had been living with him in Indianapolis at the time

of her death.  
Rockcastle County Coroner Bill Dowell said Wednesday that James Dale Gentry was found dead by his wife and brother. An autopsy was conducted on James Dale Gentry, Wednesday afternoon at the University of Kentucky Medical Center, but Dowell said that preliminary results did not indicate a cause of death.  
Services for James Dale Gentry will also be held at Cox Funeral Home.

## Court applies for \$257,094 grant

For the third time, the Rockcastle Fiscal Court has applied for a \$257,094 grant to construct a new Rockcastle County Health Department Building in Mt. Vernon.  
The application for the grant to go toward the estimated \$500,000 building was passed over two times by the state in favor of department projects in other counties.

A representative from Cumberland Valley Area Development District told the court at its Tuesday meeting the project could be turned down again, calling for another application during the next funding quarter.

If approved, the building would be constructed near the Comprehensive Care Center in east Mt. Vernon on land given to the department by the Cox family.

County Judge/Executive Roland Mullins told the court the county could join the National Flood Insurance Program if enough residents would want it.

Persons in flood prone areas could get insurance. Flood insurance is not now available.

Under the program, walled and roofed buildings and mobile homes would be protected. Not eligible are bridges, docks, crops, walks and driveways and underground structures.

All new structures must have a permit that would be issued by the individual appointed by the court, and licensed through the national program.

A quarter-mile long road named Luther Cox road was approved for the county road program.

The court approved another payment on the courthouse annex construction totaling \$154,401 to CB&S Construction.

To those who have never lived on a gravel road, the dust created by passing vehicles may not seem significant. Residents along these arteries know well the agony of cleaning only to see more dust filtering around windows and doors and depositing throughout the house.

## Third time county has applied for money for new building

Persons living on gravel roads have expressed pleasure over ridding their area of dust and potholes.

"We have lived on Stevens Road for 45 years," said Anna Lee Chastain, "so I was elated. We had had so many promises in the past. I'm thrilled to dust to get rid of the dust."

Her testimony was echoed by others including Lola Todd, Defores Albright, Doris Sowder, Dorothy Gatliff, Virgie Weaver, Dianne King and Arvie Smith.

The county program for blacktopping is designed to fulfill three purposes: eliminate the dust for residents, reduce maintenance cost for the county, and provide safer better travel conditions for all. Major hurdles had to be overcome before initiating the program: funding, equipment, costs.

Settling the bonds which will be paid off from state gasoline tax money provided the funds. Savings on day-to-day business provided limited funds for equipment—seven diesel trucks, blacktop spreader, blacktop roller, boom mower and tractor, ditcher, and tractor and side bush hog mower.

Purchased new the equipment is valued at \$643,000. Even with the bond money the cost was prohibitive at \$25,000 plus per mile. The entire issue would get approximately 24 miles of road. However, blacktop and gravel could be purchased for approximately \$5,400 per mile. Kentucky stone leased the county a place to mix at \$1.00 per year. A portable mixer is brought in periodically.

Using the county road crew, the court had found a way to lay possibly 250 miles. The county had 176 miles of gravel, thus a plan emerged that allowed progress to begin that will virtually eliminate the gravel roads.

Angie Stallsworth lead the RCHS band through Livingston, Saturday morning.

## Points East

By: Ike Adams

How many people do you know named Ike? I'm talking still alive people. Eisenhower doesn't count and besides him you got your Reverend Ike and Tim Turner's ex-hubby. And my Uncle Ike whose older sister decided he needed and deserved a namesake that he wasn't apt to get unless she came through.

I have often grieved and felt discrimination when I ventured into a souvenir store and shopped through those racks of title name plates. I mean they'll have several hundred first names on one side of a keychain fob and a picture of Riverfront stadiums on the other and I've always wanted one. But they only make them for people like Jim and Bob and Larry and Andy and folks like that. I even saw Amos on one the other day. But no Ike. Not once and I'll bet I've checked 'em out in at least a thousand places.

I suppose if you looked through enough phone directories you might eventually find another Ike. Ike Mullins used to live in Haysi, Virginia. But since my uncle Ike Adams passed away in 1969, I have assumed that my handle was just mine. So when I find myself left out when everybody else is buying keychains, I have at least been able to take some consolation that by golly, I do at least, have a unique name. And there's something to be said for that.

When the question has been raised, "Do you know Ike Adams?" I doubt that anybody has ever replied, "Which one?"

But last week I was in Floyd County and no fewer than a dozen people made a point of telling me that they had seen my letter to the editor in the Lexington paper. And a lot of 'em were hot about it. Upset is an understatement.

At first I thought that I was dealing with some people who pack grudges for years and they were just not getting up the nerve to take issue with me. I figured that maybe they'd been to one of these "How to do Confrontation" workshops that I see advertised all the time and they'd been meaning to tell me off since 1989, because sometime that year I made a vow that the next time I wrote for the Herald Leader would involve some cash changing hands.

"Which letter are you all taking about?" I wanted to know.

"The one in yesterday's paper!" The two famous Abner letters that apparently ran on August 18. The one that apparently said that there is a real hot place in Hell for anyone who doesn't take a stand against abortion.

And it was signed by Ike Adams of Wilmore, Kentucky.

I pointed that out to the complainants and told them that I lived in Paint Lick which is at least 50 miles from Wilmore. I also had to admit that, in fact, there is a rather devoted Methodist who lives in Wilmore named Ike Adams and, Heaven help us all he likes to write.

I sent one Ike letter several months ago telling him who I am and all about me but he never wrote back. I don't know how old he is, whether we're kin, or anything like that. He doesn't want to talk to me and if I was as religious as he is, I wouldn't want to talk to me either. He doesn't seem to be the sort of fellow who would, for example, cuss in a column and I do that all the time except for Rick Anderker's papers. Rick inserts at #5&S's instead of cuss words.

I'm also pretty sure that me and Ike would have a real interesting discussion about the separation of Church and State if we were to meet so perhaps it's best we don't.

Now if you see my name in the Appalachian Voices section of the Herald - that little corner they give hillbillies on Sunday so folks in Eastern Kentucky will buy a few copies of the paper - you may assume that I wrote it and that a hundred dollars or so changed hands. But I've been told that getting paid by the Herald Leader is sort of like getting blood out of a turnip so don't go buying the paper with any expectations that the Appalachian Voice you're going to read is mine.

I've had to break my pen and throw the circuit breaker that runs to my typewriter on several occasions because I wanted to write a letter to the editor of the Herald Leader, but I have somehow managed to refrain

vs Wayne Singleton, \$2,769.95 claimed due for merchandise. 91-CI-00074.

from doing so since I took the vow. Trouble is, a lot of people don't know that. Last night as I was driving through Paint Lick, one of my neighbors saw my truck coming and she went to waving and flagging with her newspaper. I stopped and she told me to go straight home and read the letters section. "They're giving you Hell with a capital H," she yelled and she seemed glad about it. I love this person dearly even though she is a misguided Democrat who intends to vote for Brereton Jones. I also figured that maybe Brer Horse or Grady Stumbo were finally yelling out because heaven knows I've been stomping at their toes.

But nosiree. The letter was from a reader who literally hung Wilmore Ike out to dry and if he said all the things she accused him of, it sounds like old Ike had it coming. And I expect that he'll be replying. What I'm trying to do right now is spread the word that there are two of us. If someone comes up to you and starts talking about the letter I wrote to the Herald Leader, you tell 'em just as fast as you can that it's not your Ike. Tell 'em I don't write letters to the Herald Leader. Tell 'em I may not even subscribe to the darn thing after this month because they've fired D.G. Fitzmaurice and still raised the price again.

If Wilmore Ike does start fighting back, I may find it necessary to write in spite of myself just to clear things up. But right now I have my fingers crossed that all of this will blow over and I'm hoping that Wilmore Ike will maintain a lower profile. Apparently my column doesn't get into any of his reading material because if it did I can almost guarantee that he would be upset about the confusion and he'd

be telling all his friends. "That ain't me. I swear that ain't me". He might not say swear, but I guarantee he'd be doing some denying.

"You've got me confused with Paint Lick, Ike," He'd be telling folks, and I'm getting ready to sue that (what-

ever Methodists call people they don't like) for slander.

And as I close the column this week I sit here wondering how on earth all the John Smiths get along with each other when there doesn't seem to be room in the state for two Ike Adamses.

**National Literacy Day is Sept. 8**

**Learning to read is like seeing the light after a lifetime spent in the dark**

The Rockcastle County Literacy Center is working to teach adults in our area to read and to improve their reading skills. Last fall the literacy council joined with Christian Appalachian Project, Family Life Center School. The literacy program is currently serving approximately 26 adults in our region. Our dedicated community and CAP (Christian Appalachian Project) volunteers have made this program possible. Sonja Rogers and Laura Mize are RCLC (Rockcastle County Literacy Council) volunteers.

Laura Mize has been a volunteer tutor since 1989. She started with RCLC in January of this year and teaches two students. She tells us that both students are doing fantastic and improving their reading skills.

"She describes her experiences as fulfilling and gets personal satisfaction in 'knowing that I am giving people something that no one can take away,'" Laura finds what subjects her students are interested in and uses these in her teaching. One of her students wanted to read the Bible, so Bible verses are now part of the reading lessons. Another reason for reading is an interest in this area. Laura pointed out the importance of better jobs for Rockcastle County, but without an educated workforce, we may not be able to attract those jobs.

Laura says that she is "impressed with our program (RCLC). There is a real desire to learn to read for her students and that there is support for the tutors."

Sonja Rogers is the assistant literacy coordinator for the RCLC and a CAP community volunteer. Sonja tutors a number of literacy and GED students within the program. She teaches at the Family Life Center School and School on Wheels as well as the satellite locations in Livingston and Berea. When asked about her tutoring experience, Sonja says, "I just wish I would have done this 30 years ago. Sonja got her GED through CAP in 1988. Since then she has been active in the literacy and GED programs to help others and as she says to "pay back" the help she received. Sonja works full time and says that "you get more out of it than you put into it in the way of personal satisfaction."

Sonja told us about one of her students that had made very rapid progress in reading and math. He went up four grade levels in just 6 months. "This past summer Sonja attended the New Opportunity school for Women at Berea College. She is scheduled to go to New York City later this month to be on The Sally Jesse Raphael Show."

One of Sonja's students is Juanita Mink. Juanita's goal is to get her GED. In between her busy schedule of gardening, canning, looking after elderly people and sewing, Juanita says she "enjoys studying." According to Sonja, Juanita is an excellent student and has advanced rapidly in reading and math.

Juanita left school during her first year of high school because of illness of her family. She found out about the adult education programs when she met Natalie Vasquez, a volunteer teacher, at a friend's house.

Juanita's studies have inspired others as well. She is now helping three of her friends that have asked her to teach them. Juanita says that some people think they can't learn because they are too old, but she knows better. Juanita has been out of school for 50 years.

The Rockcastle County Literacy Council appreciates all of our volunteer tutors. These people are dedicated individuals who are making a difference in the lives of others and in our community. A special thanks to Don Jones, Marilyn Feldkamp, Laura Mize, Pat Keene and Sonja Rogers. A special thanks to our CAP volunteers Anne McEveit, Sandy Murphy, Liz Paulow, Nancy Navatte and Elizabeth Skeffington.

Anyone who would like to become a trained literacy volunteer can call the Family Life Center School at 256-5307. The next tutor training workshops are scheduled this month. All training and materials are free. All it takes is willingness to spend about two or three hours each week to help someone learn to read."

**Background information**

Junior, age 30, started with me in August of 1988. At that time, and for a long time afterwards, I was hard-time getting him to talk to me in whole sentences. I would have to pull information out of him piece by piece and then telling him to give it to me again in a sentence, oftentimes by first telling him how to say it in a whole sentence.

When we finished the New Begin-

nings Book 8, which dealt with people telling of their experiences and feelings about learning to read and the changes it made in their lives, I thought it would be a good follow-up to ask Junior to respond to the questions above. These were his exact words that I recorded as he spoke—in whole sentences too!

To better understand some of the things he mentions let me explain some facts/opinions/observations that I have.

Junior attended regular school until his sophomore year. He was about 19 at that time. Apparently he was passed along from grade to grade because of his age.

Junior lived with his mother and a stepfather who didn't much care for him according to Junior. This man often hit Junior, sometimes about the head, three times at him and locked him out of the house. His granny told him it was because of this (the hitting), that "he is the way he is." The implication here seemed to be that he had a difficult time learning after that.

In talking with Junior there is reason to suspect that he was doing okay in school up until about the third grade at which time his teachers noticed he wasn't reading as well and talked to him about it. I have no former school records to confirm any of this information, just what Junior has told me. It seems that it was around this same time that his first stepfather was in the picture. Junior felt he couldn't take the abuse any more and so he left home and went to living with his Granny.

During the next period of his life

one of the things the school officials thought might be a problem was that he had trouble seeing and so they kept after his family to get his eyes examined. They eventually did and he got glasses but he never wears them. I think that there might be reason to have his eyes examined again. Oftentimes he seems to unconsciously cover one eye to read better. I'm very suspicious of this. Maybe new glasses would facilitate him to some extent.

Some members of his family, his Granny for one, think that junior's going back to school to learn to read better is foolish. He's had a difficult time with these folks when he is in their company because they try to convince him to give up. But his mother and present stepfather are very interested in him learning as much as he is capable of and support our work very much. They have been a real influence in his endeavors.

Junior rarely has missed a class in almost three years we have been meeting. He has either been very ill or out of town where he couldn't get back in time to come. This has happened only a few times. He is always there on time and usually early. We did take two weeks off last summer and will probably take a week or two off this summer, but that is all. Actually it has been changes in my schedule, more than his, that has been the reason for not meeting from time to time. Junior almost always has his homework assignments complete when he arrives.

We meet at the Rockcastle County Library twice a week (Tuesday and Thursday) for an hour and a half each time.

Junior was at about a first grade reading level when we began and is now up to about a third grade reading level. The progress is slow but there is definitely progress. I try to keep the classes interesting as well as to reinforce by using all the different means available - various texts, workbooks,

phonics books, flash cards, word lists, modeling, reading together, reading alone, writing, tape recording, language, spelling, penmanship, math, social studies, literary books, maps, anything and everything that I can think of to get the information and make it his.

I am very proud of Junior but more importantly, he is proud of himself and he has every right to be. He works hard.

The tutor asks the student: Now that you are becoming a better reader, how do you feel about yourself? What changes have you noticed in yourself?

Junior writes: I feel great about myself. I've come a long way. I try to make something of myself in reading.

I needed to learn a long time ago. The teachers didn't take time to teach me. They kept on passing me because of my age.

In high school my Granny took me to have my eyes checked. The teachers and principal kept telling Mommy to have my eyes checked.

They had me in a workshop making boards and things. That made Granny mad and so I didn't go back. Today I've come a long way in reading and spelling and math and taking care of my money.

People would like me to give it up (schooling) but I'm not going to give it up.

Laura Mize, left and Sonja Rogers, middle are two tutors in the Rockcastle Literacy Program. Juanita Mink, right is one of Sonja's students in the program.

**P.P. of A.  
GENERAL  
EXHIBIT**

Brock with one of his entries in the PP of A exhibit "Morning Flock."

**Local photographer's work displayed at Exposition**

Two prints created by Doug Brock of Brookhead were recently accepted into the General Collection of the 100th International Exhibition of Professional Photography held July 14-16 in Dallas.

Titled "Morning Flock" (top photo) and "Last Ride," the entries and more than 2,500 other photographic works constitute the world's largest annual exhibit of professional photography.

gathered simultaneously under one roof. More than 6,000 entries submitted to Professional Photographers of America, Inc. (PP of A) for entry into the exhibition were judged by 70 eminent photographers.

In recognition of the achievement, PP of A members receive a merit certificate for each entry accepted into the collection, which can be applied toward the Master of Photog-

raphy Degree granted by the association.

Founded in 1880, PP of A is the world's oldest and largest association for professional photographers. The organization provides educational services and establishes standards of professional performance for its more than 17,000 individual members and 214 affiliated organizations world-wide.

**More can be accomplished by working together**

No doubt the city of Mt. Vernon needs the extra revenue. Many small municipalities are having a rough time making ends meet and Mt. Vernon is no exception.

But, I'm somewhat concerned that everyone doesn't understand the benefits that a successful Renfro Valley will bring to Rockcastle County.

Sure it is big business and it is a private venture. But the entire operation at Renfro Valley can be and already is a plus to Rockcastle County.

They employ 300 people in the valley, the majority of those folks are from Rockcastle County and, if everything goes according to plan, they will employ many,

many more once the theme park is built.

Renfro folks have made some people mad over their trademark lawsuit and I'm not sure that wasn't a mistake on their part, but Renfro Valley folks is not the big bad wolf that many local people would like to make them out.

They have tried to become involved in local events and they have donated their facilities to most all worthwhile projects.

Many people may not think so, but we are lucky to have Renfro Valley.

We could be like a lot of other rural counties in Kentucky and

"Last Ride" was Brock's other entry.

not have any jobs to offer our residents. Sure, not all the jobs they provide come with a CEO salary, but they do provide jobs to people who need them and part-time jobs to students who need some extra cash in order to keep Mom and Dad from footing all their expenses.

As Ralph Gabbards said, fighting against each other will not benefit anyone.

It is amazing what lengths some people will go to, to see that their siblings aren't mistreated, have everything that the rest of the kids have and all the opportunities due them from society.

In Wednesday's Herald-Leader there was a story about a Houston woman who was convicted of plotting a murder to help her daughter become a cheerleader.

Of course after you have been in the newspaper business awhile you realize that it takes all kinds of people to make this old world go round, but you also realize that people over react time and again and that most things many think

are important, aren't important at all.

A good friend of mine just got home from the hospital where he had spent the last week with his two-year-old daughter, who has juvenile diabetes. Of course with all of the advancements that have been made in the past few years his little girl will be fine. She'll have to take a shot every day, eat three square meals and three snacks and have her blood sugar level tested almost daily during the remainder of her childhood. But, when you consider what could have happened to her years ago, these are only minor inconveniences.

The story from Houston reads almost like a horror story, but all too often parents do drastic things to protect their children.

Prosecutors portrayed Holoway as obsessed with a need to protect and promote her children. The story came from Houston, but sometimes I think it could happen anywhere. I've often been told that parents are blind when it comes to their children and, with

two of my own, I understand how parents can get in their mind that they must protect and promote their children at all costs.

It certainly is not good for children to get everything they desire and in the end children who do get their every wish usually end up with major problems. When Mom and Dad are gone, many people who were handed everything they ever desired, can't even make a living for themselves much less support a family of their own. It seems that many times we parents can be our children's worst enemy. Before we decide that nothing but the best is good enough for our kids or that we will go to any length to make sure they don't get slighted, think about families that deal with such childhood diseases as Cystic Fibrosis.

There are local children that fight Cystic Fibrosis daily and there are many, many people hoping for a cure to a disease which affects a youngster's respiratory system. That my friends,

(Cont. to A8)

**FROM NOW ON, THE COMPUTER LAB AT ESTILL CO. HIGH WILL BE FULL OF MORE THAN JUST PROMISE.**

It will be full of equipment and supplies that the school couldn't afford and before they received new funds created by the Kentucky Education Reform Act (KERA). The new funding formula for education in Kentucky guarantees that all school districts will have the money they need to educate their children. Some districts have received as much as a 25% increase in how much they spend. Better education for Kentucky's

children is closely linked to the money that's available to pay for it. And thanks to the Reform Act, school districts like Estill Co. have the money they need to improve their schools. Kentucky's education reforms are already working for school districts all across the Commonwealth. We urge you to get involved and support the reforms taking place in your district. To find out how you can help, call 1-800-928-2111.

A message from The Partnership for Kentucky School Reform

# Obituaries

## McGuire

Mrs. Reatha Bell McGuire, 53, Crawford Street, Berea, died Sept. 3, 1991 at her residence.

She was born Aug. 23, 1948, the daughter of Eli H. and Pearl Ann Gadd Chasteen, a keypunch supervisor at Appalachian Computer Service and a member of the Lighthouse Baptist Church.

Survivors include her husband, Dallas M. McGuire; her parents Eli H. and Pearl Chasteen; a son Dallas Vincent McGuire of Berea; two daughters Ella Rene McGuire of Berea and Ramona Denise McGuire Vanwinkle of Berea; four brothers, William Chasteen of South Lebanon, Ohio, Floyd and Tony Chasteen of Lebanon, Ohio and Steve Chasteen of Bechtel; one sister Maudie Hasty of Berea and two grandchildren.

Services will be held Thursday (today), Sept. 5 at 2 p.m., at the Osborne-Wray Funeral Home with Rev. Roy Himes officiating. Burial will follow in the Chasteen Cemetery.

## Hasty

Mrs. Lisa Lopez Hasty, 29, of Toledo, Ohio and formerly of Mt. Vernon, died Aug. 29, 1991 in Toledo.

She was born in Berea, June 30, 1962, the daughter of Inez Becharum Lopez and the late Raymond Lopez and a member of the Pentecostal Church.

Survivors in addition to her mother, Inez Collins of Mt. Vernon, is a son Joshua Jones of Mt. Vernon and a brother, Roger Lopez of Livingston; her paternal grandmother Benita Lopez of Silver City, New Mexico; a step brother, Steven Collins of Ft. Wayne, Indiana; three step sisters, Donna Brewer of Brodhead, Rose Hensley and Becky Northern, both of Mt. Vernon.

Services were Sept. 1 at Dowell and Martin Funeral Home with Bros. Virgil Bustle and Allen Hensley officiating. Burial was in the Elmwood Cemetery.

Funeralbearers were: Clayton Singleton, Richard Northern, Fred Brewer, Jerry Hensley, Kevin Hensley and Altonzo McCollum.

## Boese

Mrs. Celia Boese, 78, of Mt. Vernon, died Sept. 3, 1991 at the Harrison Memorial Hospital in Cynthiana, Ky.

She was born in Harlan County on March 22, 1913, the daughter of the late James A. Blair and Mary B. Whitl, a retired inspector for the Dresser Company, a member of the Fairview Baptist Church and the widow of the late Clyde Raymond Boese.

Survivors include two brothers, Edd Blair and Kermit Blair, both of Fairview and two sisters, Mrs. Cleo Buisby of Fairview and Mrs. Emma Isaacs of Cynthiana.

Services will be at 2 p.m., Sept. 5 (today) at the Fairview Baptist Church, with Rev. Harvey Pensol officiating. Burial will follow in the Blair Cemetery.

Arrangements by Dowell and Martin Funeral Home.

## Brown

Mrs. Mattie Sowder Brown, 77, died Sept. 4, 1991 at Sowder Nursing Home after a long illness.

Arrangements are incomplete at Cox Funeral Home.

## Mullins

Mrs. Goldie Mullins, 69, Mt. Vernon, died Aug. 28, 1991 at the St. Joseph Hospital in Lexington.

She was born in Laurel County June 2, 1922, the daughter of Wesley and Mary Murphy Seales, widow of John Mullins and a member of the Bible Baptist Church.

Survivors include two sons, John Mullins, Jr. of Hamilton, Ohio and Grover Mullins of Mt. Vernon; six daughters, Marie Drew of Millford, OH, Barbara McIntosh and Mary Lovell, both of Mt. Vernon, JoAnn Hall of Dalton, Ga., Gail Hudgens of Joliet, Ill. and Karen Moore of Lexington; two brothers, James Seales of Hamilton, Ohio and Robert Seales of Mt. Vernon and a sister Carrie Thompson of Millford, Ohio; 24 grandchildren, 13 great-grandchildren and three step-grandchildren.

Services were Aug. 31 at Dowell and Martin Funeral Home with Bros. Bobby Owens and Don Stayton officiating. Burial was in the Elmwood Cemetery.

Funeralbearers were: Roger Lovell, Douglas Lovell, Jr., Timmy McIntosh, Robert Seales, James Seales and Hobart Thompson.

## Gentry

Mrs. Reva Gentry, 71, of Indianapolis, Ind., and formerly of Rockcastle County, died Sept. 2, 1991 at the home of her son after an illness of several months.

She was born on March 19, 1920 in Rockcastle County, the daughter of the late Harrison and Grace Hines Ramsey. She was a member of the Holiness Church and was a retired machinist.

Survivors are six sons: Junior, Dale, Frankie, Kenneth, and Wayne Gentry, all of Indianapolis; and Dean Gentry of Mt. Vernon; three daughters, Mrs. Doris Bowden of Rancho Cuamonga, Calif., Mrs. Elizabeth Winburn of Springfield, Mo., and Mrs. Joann Baker of Indianapolis; five brothers, Joe Ramsey of Lancaster, Cleve, Thomas, and Billy Ramsey, all of Indianapolis; and Frank Ramsey of Loveland, Ohio; four sisters, Mrs. Christine Blackburn of Indianapolis, Mrs. Glenna French of Madisonville, Mrs. Irene Penner of North Salem, Ind., and Mrs. Sadie Pittman of Mt. Vernon, 25 grandchildren and 21 great grandchildren. She was preceded in death by her husband, Willie Gentry, by a son, five brothers and three sisters.

Services were to be held at 2 p.m. (today) Thursday, at the Cox Funeral Home Chapel with Bro. Rolla Cornelius officiating. Burial will be in Gentry Family Cemetery.

## Banks

Bluford R. Banks, 59, of Lebanon, Ohio and formerly of Rockcastle County, died August 30, 1991 at the Bethesda North Hospital in Cincinnati, Ohio.

He was born in Conway, the son of John and Edna Lutes Banks, a member of the Subb Mill Pentecostal Church, a veteran of the Korean Conflict and retired from the Lefford Trucking Company.

Survivors include a step-son, Donald R. Bowling of Fairfield, Ohio, two step-daughters, Joyce A. Devereaux of Fairfield, Ohio and Linda L. Howard of Hamilton, Ohio; four brothers, Albert Banks of Mt. Vernon, Elmer Banks of Gas City, Indiana, William R. Banks of Mt. Vernon and Robert R. Banks of Berea; three sisters, Ann Carpenter of Hamilton, Ohio, Alice Banks of Mt. Vernon and Brenda Fox of Miami, Ohio; four step-grandchildren, one step-great grandchild. He was preceded in death by his wife Carrie Adams.

Services were conducted Sept. 4 at Scafold Cane Holiness Church with Bro. Joe Isaacs officiating. Burial was in the Scafold Cane Cemetery.

Local arrangements were by Dowell and Martin Funeral Home.

## Hammons

Willard "Marty" Hammons, 23, of St. Cloud, Florida and formerly of Taylor County, died Sunday, Aug. 25, 1991 at the Humana Hospital in Kissimmee, Florida after a short illness.

He was the son of Billy Martin Hammons of Mt. Vernon and Mrs. Carol Wilson of Atlanta, Georgia. Besides his parents he is survived by his grandmothers, Mrs. Lora Marshall of Greensburg, Ky., and Mrs. Lela M. Hammons of Mt. Vernon; three brothers, John Lee Wilson of Campbellsville, William Hammons and Brian Hammons both of Brodhead; four sisters, Mrs. Susan Hammons Camden of Parksville, Mrs. Carla Ripley of Frankfort, Mrs. Vicky Dyer of Campbellsville and Mrs. Vicky Akorn of Mt. Vernon.

Services were Thursday, Aug. 29, at the First Baptist Church in Mt. Vernon with Bros. Lester Caldwell and Raymond Offutt officiating. Burial was in the Elmwood Cemetery.

Funeralbearers were: Steve Coffey, Tim Coffey, Brad Coffey, Joe Marshall, Brian Hammons, John Lee Wilson and William Hammons.

Local arrangements were by the Dowell and Martin Funeral Home.

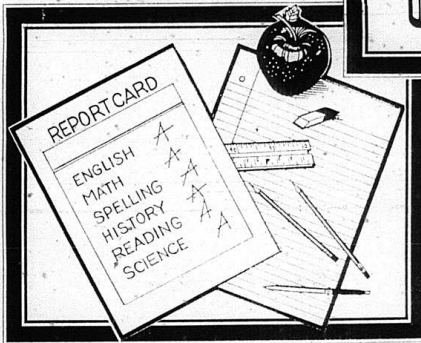

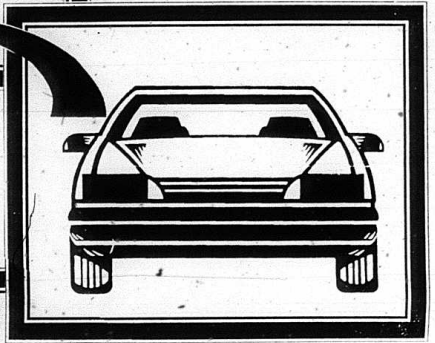

## Neeley

Delbert (Henry) Neeley, Jr. 63, died Aug. 21, 1991, at the Berea Hospital, after a lengthy illness.

He was born Feb. 16, 1928, the son of Delbert, Sr. and Ada Carrier Neeley in Berea. At the time of his death, he was a resident of Rt. 3, Mt. Vernon, having resided in the Rockcastle County area most of his life. He was a member of the Baptist faith and was a retired employee of the City of Berea Sanitation Department.

He is survived by his wife, Mary Miller Neeley; four brothers, Armon Neeley; and Willard Neeley, both of

## Social and Women's News

### Turpin - Lucas

Leah Turpin and Roy Lucas were united in marriage Sat., Aug. 10, 1991 at Mareburg Baptist Church. Bro. Shelby Reynolds officiated the service. The bride is the daughter of Sherman Turpin and Brenda Derrick of Lexington, Mr. Lucas is the son of Maggie Lucas of Mt. Vernon and the late Roy "Schommer" Lucas. The couple now reside in Mt. Vernon.

### Open Reception for 50th Anniversary

Reverend and Mrs. Jack Bruce of Mt. Vernon, Ky. will celebrate fifty golden years of marriage with an open reception given by their five children from 2 to 5 p.m., Sat., September 14, 1991 at the First Baptist Church in Mt. Vernon. The couple were married September 14, 1941 in Cumberland, Kentucky. The Bruces also have 12 grandchildren and 2 great grandchildren. All friends and relatives are invited to this joyous occasion.

### Davis-Mize vows said Sunday, August 11

Linda Davis and Conley Mize were married Sunday, August 11, at the home of the brides' mother, Alma Jackson, and sister, Mrs. Ray Warren of Barboursville. The bride wore an English blue suit with white accessories and carried a bouquet of assorted blue flowers.

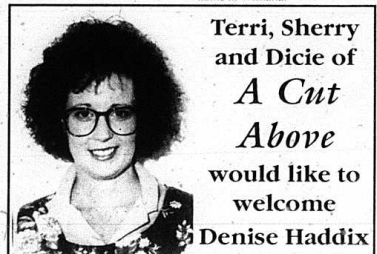

The wedding party consisted of children of the bride and groom, Jim and Craig Davis escorted their mother.

Daughters, Lynn Miracle and Lisa George were co-matrons of honor. Johnny and Ronnie Mize were groomsmen. The Reverend Dennis Chesnut of Barboursville performed the wedding. Wayne Plemons, uncle of the bride, recorded a special selection of songs to be played during the wedding. Laura Mize sang "Wind Beneath My Wings" while accompanying herself on the guitar.

The reception table was decorated with an English blue table cloth with a white lace overlay cloth. The brides and groom's cakes were decorated with English blue. Mrs. Dean Ramsey and Mrs. John Williams, of London, were reception attendants.

Guests included Wayne Plemons of Weaverville, North Carolina; Mr. and Mrs. James Davis and children, Linda, Nicci, Devron, and Shelli of East Bernstadt; Miss Tanyl Castle of Lily; Craig Davis of London; Gary Messer of Keavy; Lanny Cathers of London; Lynn Miracle and children, Melissa and D.J. of London; Mr. and Mrs. Rory George and children, Jennifer and Stephanie of East Bernstadt; Mrs. Dean Ramsey of London; Mrs. John Williams of London; Lisa Spenser of Mt. Vernon; Mr. and Mrs. Johnny Mize and children, Jennifer and Josh of London; Mr. and Mrs. Ronnie Mize and Sally of Mt. Vernon; Mr. and Mrs. Calvin Mize and Laura of Mt. Vernon and Ray Warren of Barboursville.

After a honeymoon in the south, the bride and groom have made their home in Willifalla.

## Absolute Auction

of  
Mr. and Mrs. Winford VanWinkle's  
**House and 3  
Acres** (In Tracts)  
Sat., Sept. 14, 1991  
10:30 a.m.

LOCATION: Hwy. 421 at the top of Big Hill in the community of Morrill, situated in the edge of Jackson Co. just across the Madison Co. line.

Because Mr. and Mrs. VanWinkle have purchased another home they will soon be moving. Therefore, they have commissioned our company to sell for the absolute high dollar this well-located property.

This property will be offered in tracts, reserving the right to regroup the tracts and offer as a whole, selling whichever way reflects the highest return to the sellers.

**Tract #1: House and Lot.** The house is of log construction and has had some remodeling such as vinyl siding and a new concrete porch. The house consists of a kitchen, 2 bedrooms, bath, two rooms upstairs that could be used as bedrooms. It has new carpet in 3 rooms, w/d hookup and city water. This tract is further improved by a two car concrete block garage, 3 department outbuilding plus several fruit and shade trees.

**Tract #2: A Lot.** Approx. 125' frontage on a gravel road. This lot would be a very desirable home site with ample room for garden. It has city water and electricity ready to go.

**Tract #3: A Lot.** Approx. 120' frontage on Hwy. 421 and extending back approx. 300'. This lot has city water and electricity available at the front of the lot. This tract would make a desirable home site with room for a garden.

**Auctioneer's Note:** If you are in the market for a very desirable home or building lot that is conveniently located between the cities of McKee, Mt. Vernon and Berea, then be sure to attend this Absolute Auction sale. This home has some historical value because it was constructed in the Civil War era.

TERMS: 10% down day of sale, balance in 30 days or before.

Note: All announcements day of sale take precedence over all printed material.

"SYMBOL OF QUALITY"

U.S. 25 SOUTH • MT. VERNON • 256-4127

**New Computer Lab at RCHS**

New technology money in the Rockcastle County school system is evident this year. Ms. Mary Minor instructs students in the use of the computers in the new computer lab at Rockcastle County High School.

Students are shown practicing computer use in the new computer lab at the high school.

Ms. Debbie Cash assists students at RCHS in their "hands-on" activity. The activity is in anticipation of the new performance assessments brought about by KERA as well as the Effective Schools Program instituted at Rockcastle Co. High School.

**AP English students writing drama**

Advanced Placement English students, along with Mrs. Carol Bryant and Mrs. Ann Henderson, in top photo at left, listen as Mrs. Nancy Sexton, Walden Theater, Louisville, conducts a workshop on playwrighting at Rockcastle Co. High School. Mrs. Henderson, far right, will serve as local consultant as the students write a musical drama about the founding of Renfro Valley. Besides Mrs. Bryant, other teachers involved in this project are Allen Pensol and Mrs. Iris Young. The project is sponsored by a grant from the Ky. Arts Council.

In the bottom photo, Mrs. Sexton directs students in an imaginative writing activity called "Writing Red," which is designed to "set the stage" for later writings. Lois Cromer, one of the Advanced Placement students, videotaped the workshop so that another class could view the activities.

(Photos on this page by Jim Cox)

**Teen Center Perspectives**

By: Ginny Gilpatrick  
Rockcastle Teen Center

Sometimes it seems that teenagers expend an incredible amount of energy in an effort to self-destruct. An account on the front page of last week's *Signal* described a thirty-five mile police chase of a fourteen year old girl driving a car stolen from her grandparents. While this is not common practice for the teens we know and love here in Rockcastle County, there is a recognizable tendency for many to seek thrills and avoid responsibilities that deviate from their parents' established values.

An adult, exercising mature judgment based on many years of experience, will choose productive activities to occupy his time. Leisure and relaxation will balance the work day to produce a sense of accomplishment without exhaustion. Children and teens need to learn this balance; it does not come naturally as evidence by adults who have never achieved a satisfactory rhythm in their lives. "Human nature" will often lead to the path of least resistance. At the Teen Center this is one of the reasons why when it comes to making a commitment to playing interspersed with hanging out in the smoking area, endless soda-sipping and loud music which effectively blocks out the higher thought processes. The Teen Center attempts to provide a setting for relaxation, and curtailing teens' self-selected brand of socialization is not always popular.

However, in the belief that most teens feel best about themselves when they are involved, the staff have carefully considered goals and structured activities which will support them. It is their belief that achievement of these goals will enable young people to participate in life more fully and make constructive choices as to how to spend their time. The goals of the CAP Teen Center are to improve communication skills, to increase self-sufficiency and self-esteem, to promote a healthy lifestyle, to bridge the gap between races and communities, and develop decision-making skills.

While programming includes time for simple unwinding after school and at the end of the evening, the hours from 4 to 7 are filled with choices of activities run by the staff. Transportation is provided for teens who wish to participate. Regular runs by the CAP can be arranged from the schools at Brodhead and Roundstone. The Teen Center phone is 256-4919.

**Week's Schedule**

- Monday - Writing/art/fashion
- Tuesdays - Teen Council/organized games/foods; Karate/Human sexuality 5:30 - AA, Al-Anon, Alateen, 7:30
- Wednesdays - Trips or guest speakers on employment, training, fitness, etc.; Teenage parent group/movie (5 p.m.)
- Thursdays - Crafts (friendship bracelets, t-shirts etc.); Travelling chorus with Theresa Renner (5 p.m.); Teen Challenge (Christian perspective on relevant teen topics (6 p.m.))
- Friday - Service project; Opinion groups (5 p.m.); Cook dinner (5:1 or 5:30 cents for service project participants)
- Saturday, Sept. 7 - Trip to Richmond Mall and choice of maintenance promptly at noon. Bring money.

**Hysinger honored**

Lee Earl Hysinger Jr. of Mt. Vernon, was one of 218 specially selected junior high students nationwide who participated in the seventh annual Joseph Baldwin academy for Eminent Young Scholars at Northeast Missouri State University, Kirksville.

The Joseph Baldwin Academy is designed to enrich the learning process of young gifted and talented students by challenging them with a college curriculum. Students who are completing the seventh or eight grade by June 1991, score in the top three percent on a nationally normed achievement test and are nominated by their school's principal or council.

## A Taste for Tomatoes

The fresh taste of tomatoes, just off the vine and still warm from the sun... is there any taste that says summer better?

Plant hybridizers have been up to their elbows in the vines, improving strains. Last year, the Park Seed Company even sent a few hundred tomato seeds up into space on a shuttle to see how they would produce when they got home. (The word on "space tomatoes" is still pending.)

Many tomatoes are now borderline high-acid/low-acid; without testing, you can't tell what the acid level is. To guarantee that the tomatoes you can eat are a high-acid food and can be safely processed in a boiling water bath, they must be acidified. It's rec-

ommended that you add 2 tablespoons bottled lemon juice or 1/2 teaspoon citric acid directly to each quart of tomatoes you can (add it to the jar before filling). Halve the amount for pints. Add a bit of sugar to offset the acid taste, if you like.

First, you'll want to peel your produce, use firm, red tomatoes; wash and dip them into boiling water for 30 to 60 seconds or until skins split. Quickly dip them into cold water, slip off skins, and core. Trim any bruised or discolored areas, and cut tomatoes or leave whole. Acidify; add salt if desired. Allow a 1/2 inch headspace and process according to recipe and type of canner. A hot or raw pack method may be used.

### Salsa - Canning Recipe

- 5 pounds ripe tomatoes
- 3 cups chopped onions
- 1 cup seeded and chopped chili peppers
- 1 cup cider vinegar (labeled 5% acidity)
- 3 1/2 teaspoons salt

Dip tomatoes in boiling water for 30 to 60 seconds until skins loosen. Dip in cold water and slip off skins. Core and chop tomatoes. In a 6- to 8-quart saucepan, combine all ingredients. Bring to boil, stirring often. Reduce heat and simmer 30 minutes, or to desired thickness. Immediately fill hot pint jars with salsa, leaving 1/2-inch headspace. Carefully run a non-metallic utensil down inside of jar to remove trapped air bubbles. Wipe jar tops and threads clean. Place hot lids

on jars and screw bands on firmly. Process in Boiling Water canner for 20 minutes.  
Yield: 6 pints

### Spaghetti sauce with meat - Canning Recipe

- 30 pounds tomatoes (approx. 1/2 bushel)
- 1 cup chopped celery or green bell peppers
- 1 cup chopped onions
- 1 pound fresh mushrooms, sliced, if desired
- 5 cloves garlic, minced
- 1/4 cup dried parsley flakes
- 1/4 firmly packed brown sugar
- 2 tablespoons dried oregano leaves
- 4 1/2 teaspoons salt
- 2 teaspoons ground black pepper

Dip tomatoes in boiling water for 30 to 60 seconds or until skins split. Dip in cold water and slip off skins. Core and quarter tomatoes. In a 14- to 18-quart non-aluminum saucepan, bring tomatoes to a boil. Reduce heat. Simmer for 20 minutes. Put through food mill or sieve. Return pureed tomatoes to saucepan. In a large skillet, brown ground beef. Drain well. Add celery, onions, mushrooms and garlic. Cook until tender, add cooked vegetables, parsley flakes, brown sugar, oregano leaves, salt and pepper to tomato puree. Bring to a boil. Reduce heat and simmer, uncovered, until thick enough for serving (approximately 10 hours; the initial volume will be reduced by one-half). Stir frequently to prevent burning.

Immediately fill hot pint or quart jars with mixture, leaving 1-inch headspace. Wipe jar tops and threads clean. Place hot lids on jars and screw bands on firmly. Process quarts for 70 minutes and pints for 60 minutes in pressure canner at 12 pounds pressure for gauge canner or 15 pounds pressure for weighted gauge. Yield: Approximately 13 pints  
TIP: To reduce cooking time, seed and drain tomatoes before cooking.

### "DELBERT NEELEY" (Cont. From A5)

Mt. Vernon, Harold Neeley and Cammie Neeley, both of Berea; two sisters, Bert Eva Clark of Mt. Vernon, and DeFreda Collins, Berea. Services were held Aug. 21 with burial in Pilot Knob Cemetery, Berea. Williams Funeral Home of Berea was in charge of arrangements. Pallbearers were: Carrol Cam, Jessie Cope, Larry Cope, James Earl Sparks, Shannon Clark and Jack Reuter.

The Mount Vernon Signal, Thursday, September 5, 1991 A-19

4 1/2 teaspoons salt  
2 teaspoons ground black pepper

Caution: Do not increase the proportion of celery, peppers, onions or mushrooms. Prepare tomatoes as in recipe above using a 14- to 16-quart non-aluminum saucepan. In a large skillet, cook celery, onions, mushrooms and garlic in oil until tender, then add to tomato puree with parsley flakes, brown sugar, oregano leaves, salt and pepper. Bring to boil. Simmer, uncovered, until thick enough for serving (about 6 hours; the initial volume will be reduced by about one-half). Stir frequently to prevent burning. Immediately fill hot pint or quart jars, leaving 1-inch headspace, run a non-metallic utensil down inside of jar to remove trapped air bubbles. Wipe jar tops and threads clean. Place hot lids on jars and screw bands on firmly. Process quarts for 25 minutes or pints for 20 minutes in pressure canner at 12 pounds for gauge canner or 15 pounds for weighted-gauge canner. Yield: 9 pints or 4 to 5 quarts. TIP: To reduce cooking time, seed and drain tomatoes before cooking.

### NOTICE TO PARENTS, TEACHERS, AND EMPLOYEES OF THE ROCKCASTLE COUNTY BOARD OF EDUCATION

On October 22, 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The law required EPA to develop regulations which provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. On October 30, 1987, EPA published the Asbestos-Containing Materials in Schools Rule [40 CFR Part 763 Subpart E]. This Rule requires all public and private elementary and secondary schools to inspect for friable and non-friable asbestos, develop asbestos management plans that address asbestos hazards in school buildings, and implement response actions in a timely fashion.

To carry out the above activities involving inspections, management plans, and response actions the Rockcastle County Board of Education has utilized accredited personnel. On April 30, 1987, EPA published the Model Accreditation Plan [40 CFR Part 763 Appendix C to Subpart E] required by AHERA, which specifies training, examination, and other requirements for persons who inspect, develop management plans and design or conduct response actions in schools. The Model Plan became effective on June 1, 1987.

In 1988, the Rockcastle County Board of Education retained Barry W. Cooper, P.E., who completed an initial inspection to locate all asbestos-containing building materials (ACBM) and developed and submitted to the State of Kentucky an asbestos Management Plan that includes the results of the inspection. In December of 1988, the Rockcastle County Board of Education began to implement this management plan.

Reinspections are required every three years. By July of 1992 the buildings owned and operated by the Rockcastle County Board of Education will be reinspected as required by the above named laws and the Management Plan for each school updated.

Copies of the management plan are always available for review for those interested persons at the Administration Office at Rt. 5, Box 69, Mt. Vernon, KY and at the Principal's Office at each School any time during normal office hours.

Copies are available for duplication at a cost of 25 cents for each 8-1/2x11 page of the Management Plan.

**Willy Witt Wins Spot on 1992 4-H Horticulture Team**

Willy Witt of Rockcastle County won a spot on the 1992 4-H horticultural judging team by winning a runner-up spot in this year's state 4-H horticulture judging contest at the State Fair. Bill Fountain, Extension horticulture specialist with the University of Kentucky College of Agriculture, presented him with his award and explained that because next year's national finals are held at the Kentucky State Fair, this year's runner-up team will participate in the national finals. Next year, and thereafter, the winning team at the State Fair will compete in the nationals the following year.

**Children's drama classes at SBC**

A special Saturday class will be offered at Sue Bennett College, London and will run for seven weeks beginning Sept. 7.

The class will be 90 minutes from 10:30 to noon, on seven consecutive

Saturdays and will offer close up work in acting, stage movement, blocking, make-up, lighting, set design, and is offered to beginning children interested in taking part in theatre.

Registration is set for Saturday, Sept. 7 at 9:30 a.m. in the Belle Bennett Building in Dr. C.C. Kinnison's office. The fee may be paid at that time. If there are any questions call Dr. Kinnison, director, at 864-2238. The fee for the seven week session is \$60.

**Report to Kentucky**

**SENATOR WENDELL FORD**

U.S. Senator, Washington, D.C. 20510

**CONGRESS WISELY INCREASES FUNDING FOR THE APPALACHIAN REGIONAL COMMISSION**

This past March, I wrote in my Report to Kentucky about a troubling move by the Bush Administration to cut \$70 million dollars from the Appalachian Regional Commission in the budget proposal for the coming fiscal year.

The Administration proposal would have left the Commission with \$100 million to continue its work in 13 Appalachian states, compared with budgets of more than \$380 million during the late 1970's.

I said in the Report that several of my colleagues and I in Congress would work to restore funding to at least last year's budget of \$170 million, and would try to secure additional funding if the money was available.

I am pleased to report that our efforts were met with success this past Saturday when President Bush signed Public Law 104, the Energy and Water Appropriations conference report, which will increase the funding of the Commission to \$190 million this fiscal year.

Kentucky stands to fare very well in the ARC's budget for the coming year with increases in area development funds and distressed county funding.

In area development funds, our state will receive \$2,410,000 -- an increase of \$300,000 over last year. These monies will be used for community development and infrastructure improvements, such as water and sewer projects and industrial parks, which are designed to attract new jobs to hard pressed communities.

The ARC will also be placing a greater emphasis on human development -- including literacy programs, job training and leadership skills programs that will focus on preparing Appalachian residents for employment and better-paying jobs in these communities.

Our state will also fare well in the ARC's increased budget for distressed counties assistance, which includes 36 of 49 Kentucky counties represented by the Commission. Funding for this year will increase to \$2,515,000 -- an increase of \$305,000.

These are just a few examples of the worthwhile investments the ARC can make in Kentucky and other states with adequate funding. Over the past 26 years, the ARC has invested almost \$740 million in infrastructure and other much needed improvements in our country's 19 poorest.

As I said in March, we need to continue to cut federal spending, but our challenge is to do so while making vital investments in our future.

Our challenge is to build a strong federal, state and local partnership to insure that every area of our country is economically strong in an increasingly competitive world.

I believe the continued wise investment in the Appalachian Regional Commission will help communities in eastern Kentucky do just that.

**Scout-A-Rama set for Sept. 7 at Mall**

On Saturday, Sept. 7, the Boy Scouts of America-Kit Carson District will present SCOUT-A-RAMA! The Boy Scouts will perform various demonstrations outside, as well as inside the mall from 10 a.m. to 3 p.m. Everyone is invited to attend!

The Richmond Mall is located at Eastern Bypass in Richmond. Mall operating hours are Monday-Saturday 10 a.m. to 9 p.m. and Sunday 12:30 p.m. to 6 p.m.

**Enrollment records set at SCC**

Dr. Rollin J. Watson, president of Somerset Community College, has announced that fall enrollment is 2,611, which is an increase of 25 percent over last fall's, 2,094, enrollment.

In anticipation of the large influx of students, SCC employed thirteen new faculty members and seven administrative and staff personnel during the summer, bringing the college's total faculty, staff, and administration to 127, and an additional 132 part-time instructors, making the college one of the area's largest

employers. "All new faculty and administrators

To meet the educational need of the fall registration, SCC has scheduled 92 off campus classes in 12 locations in their service area. "Over 1,000 students are enrolled in these sites," said Margy Johns, director of extended programs. "This is an increase of 21 percent over last year. McCreary County continues to lead in the number of students attending SCC, followed closely by Wayne," said Johns.

**September is National Cholesterol Month! Community Screenings at Berea Hospital**

Cholesterol, blood pressure and weight and nutritional counseling will be offered at the Community Screenings scheduled at Berea Hospital on Friday, September 13th.

All services except cholesterol test will be free. There will be a \$3.00 charge for the cholesterol test. For more information, contact the Outreach Services Department at Berea Hospital, 986-3151, Ext. 597 or 522.

**ABSOLUTE**

**Auction**

of Mr. Charles D. Burton's

**97 ACRE FARM IN 15 TRACTS Saturday, September 14, 1991 10:30 a.m.**

*Willalla Section of Rockcastle County near Pulaski Co. Line*

**LOCATION:** Approximately 10 miles southwest of Mt. Vernon, approximately 20 miles north of Somerset on Hwy. 70 and the Level Green Road. Auction signs are posted.

Due to other business interests, Mr. Burton has authorized our firm to sell, for the absolute high dollar, this excellent property. The property will be sold from the house tract. The farm will be sold in tracts, reserving the right to regroup or combine in any manner to reflect the best results for the seller.

**TRACT NO. 1 -** Contains .66 of an acre located on Hwy. 70 and is improved with the pictured-ranch style house. The house has 3 bedrooms, living room, dining room, kitchen, 2 baths, and laundry room. It also has central heat and air with heat pump, hardwood floors with carpet, basement and city water.

**TRACT NO. 2 -** Contains 4.6 of an acre and is located between the house and Willalla Grocery. It is improved with a mobile home. Mobile phone and lot will sell separately and then together.

**TRACT NO. 3 -** Consists of a lot located on the south side of the Willalla Grocery and contains 27 of an acre.

**TRACT NO. 4 -** Is located at the intersection of the Poplar Grove Road and the Old Broadhead/Somerset Road and contains .66 of an acre. It is improved with an old garage building that could be utilized as a shop.

**TRACT NO. 5 -** Fronts on the Old Broadhead/Somerset Road and contains 23.21 acres most of which is all fertile cropland. It is improved by a tobacco/stock barn measuring approximately 60x76.

**TRACT NO. 6 -** Fronts on Hwy. 70 and contains 53.27 acres consisting of cropland, pastureland and some woodland. It is improved with an andy pond, 20x50 upright silo with an attached 32x120 feed shed.

**TRACT NO. 7-8-9 -** These tracts front on Hwy. 70. The tracts contain .66 of an acre, .64 of an acre, 1.22 acres, respectively. Each of these lots would make an ideal building or mobile home site.

**TRACT NO. 10 -** Contains 1.66 acres and has 234 ft. of frontage on the Level Green Road.

**TRACT NO. 11 -** Contains 1.92 acres and has 229 ft. of frontage on Level Green Road.

**TRACT NO. 12 -** Contains 3.78 acres and has 327 ft. of frontage on Level Green Road.

**TRACT NO. 13 -** Contains 4.37 acres and has 414 ft. of frontage on Level Green Road. This tract is improved with a 52x50 tobacco barn.

**TRACT NO. 14 -** Contains 4.71 acres and has 586 ft. of frontage on Level Green Road.

**TRACT NO. 15 -** Is located on the west side of Ky. 70 and contains approximately 1 acre.

All of the tracts have city water available.

The basic tobacco allotment for the entire farm is approximately 1,350 lbs. Should the farm sell in tracts, the tobacco base will be divided accordingly by the Rockcastle County ASCS office.

**Auctioneer's Note:** Whether you are looking for small tract of land on which to build a house or several acres on which to farm, you can find it at this auction. Remember it is an absolute auction and the last bid will buy.

**TERMS:** 20% down day of the auction, balance due in 30 days with delivery of deed.

For additional information, contact Mr. Charles D. Burton, the owner, or the auctioneer.

## Coleman in the STAR program

Adam Coleman, son of Mr. and Mrs. Danny Coleman, of Mt. Vernon, is among several Cumberland College students serving in the STAR program for the 1991-92 academic year.

The STAR Orientation Program is

in its second year at Cumberland College. STAR, (Students Trained and Read), refers to student mentors, one male and one female who will serve with a faculty orientation leader in working closely with a group of 25 freshmen and faculty in the orientation classroom, known academically as Insights 101.

These "STAR" upperclassmen have been keeping in touch with their

own group of freshmen during the summer to help create a more comfortable feeling upon their arrival at Cumberland.

Once the freshmen are on campus, their STARs will guide them through their first days and weeks of college life. The Insights 101 class will cover important student "survival" skills such as study habits and thinking about the role of higher education.

## Tiger Pause

The following seventh grade students qualified to participate in TIGER Talent Identification Program - sponsored by Duke University. To qualify, a student must have good school attendance, currently be enrolled in the seventh grade and must have attained in the 97th, 98th, and/or 99th percentile on the CTBS, in math, reading, and/or total battery. The students are Amy Robinson, Holly Norton, Devin Graves, Chris Arch Bradley, Derek Tomkins, and Denise Brummett.

The selection of members for our Technology Committee has been completed. The members are Nancy Parkerson, Regina Burton, Jim Ward, Judy Doyle, Jeannine Parsons, and Mark McKinney. According to Mrs. Kelly Pensel, District Technology Coordinator, this committee will be responsible to write a five-year plan, implementing the use of technology at BES.

Mrs. Elizabeth Pike, music teacher, reports that the six graders are almost ready for their recorders (flute-like instruments). An artist in residence will be visiting our school in late September. He will be introducing our Primary Grades (1-3) to the dulcimer and guitar.

The Mount Vernon Signal, Thursday, September 5, 1991. A P.I.R. rett, Charles "Chuck" Saylor, and Jeremiah Taylor. Participating in the band program involves a commitment from mature, disciplined, students as well as supportive parents. We would like to express condolences to Robert Pybas, our band director, in the recent loss of his father.

Three of our students are on the Rockcastle County High School golf team - Jeffrey Owens, Jonathan Pope, and Corey Scott. The kindergarten classes would like to thank Sherry Cash, Acteons Leader of Broadhead Baptist Church, for the art supplies donated by this youth organization.

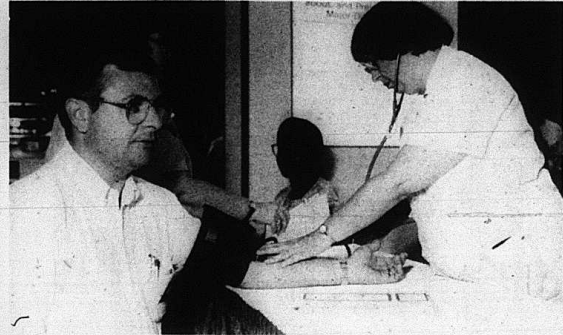

"LEE HYSINGER" (Cont. From A8) seler are eligible. Lee was chosen from more than 2,500 nominees on the basis of his formal application, school transcripts and score on an additional qualifying standardized examination.

Lee is the son of the late Lee Earl Hysinger and Mary Jane Hysinger. He is in the 9th grade at Rockcastle County High School. This is the second year that Lee has been to the Academy.

Book Sale On Friday, Sept. 6 and Saturday Sept. 7, the Friends of the Madison County Public Library will sponsor a used book sale in the Richmond Mall. Proceeds from the sale will go to the Madison County Public Library.

Our early childhood personnel - Annette Gevedon, Tammy Stevens, Mary Ann Childress, Rita Shaffer, and Leslie Camie - will attend a staff development program Friday. STEPS is a transitional program that helps children move smoothly from preschool into kindergarten.

The tentative list of junior high band students include: Chris Arch Bradley, Leslie Gibbons, Alice Hill, Slade Moore, David Osborne, Sherry Pugh, Aaron Stallworth, Sherry Smith, Carla Sgraves, Sarah Bar-

Rep. Danny Ford of Mt. Vernon takes part in a cholesterol and blood pressure screening sponsored by Citizens for Public Action on Blood Pressure and Cholesterol, Inc. and Bristol-Myers Squibb Company at the National Conference of State Legislatures meeting. Rep. Ford was one of 1,310 state legislators to participate in the event held recently in Orlando, Florida.

# REAP needs donations

According to Lu Ed Nielsen, of the Rockcastle Emergency Assistance Program (REAP), the program is completely out of soups, crackers, powdered milk, macaroni, spaghetti, fruit, fruit juices, flour, corn meal. There are plenty of volunteers in stock but they alone do not constitute a very balanced diet. Since 10 to 15 people a day are being seen thru REAP, and at 375 day supply times 3 meals, it doesn't take long to go thru supplies. The above named items are not readily available from God's Pantry.

The agency may very well have to close until further notice, Mrs. Nielsen said. REAP has not received any donations since February of 1991. The total donations that have been received for 1991 is \$1,052 from benefits at Renfro Valley, Mrs. Nielsen reported.

The agency has utilities that are required by God's Pantry to have on the premises. Electricity and heat are necessary to keep the food from spoiling due to high heat and cold temperatures. Water is needed for sanitary reasons. Office materials,

stamps, etc. are an expense. Travel for food is an absolute need. During the month of August, REAP gave food and other assistance to 32 clients for a total of 288 meals. In July, REAP served 16 people for 147 meals. 7 clients have been referred for GED/literacy programs, 2 for CAPhelp, 4 for Free Lunch/Breakfast programs, 1 to Votch, 1 for Cancer Society, 1 for Hospice help, 1 for SSI assistance, 1 for clothing bank, 1 for transportation help, 2 for jobs and 1 for Comp Care support. Of the 288 served in July and

August, there were 117 children. During the past twelve months, REAP has given out food for 5,400 meals for 450 individuals. If each church would donate \$5 a month, and there are 57 churches listed in the Signal, REAP could get a constant good diet bought for clients. **Hunger doesn't take a vacation. Please help with tax deductible donations, food drives or donations of food.**

Contact Lu Ed Nielsen at 256-9599/256-3217 or mail to P.O. Box 60, Mt. Vernon, Ky. 40456.

# Mammography facility accredited

The mammography facility at Berea Hospital has been accredited by the American College of Radiology. This means that it has met the necessary requirements, which include a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality and breast dose. The accreditation must be renewed every three years.

More than 2,100 facilities have been accredited nationwide. This program was started in response to two major concerns expressed by radiologists, other national medical organizations, and the public: (1) that qualified personnel perform and in-

terpret mammograms and (2) that dedicated mammographic equipment be used to ensure that women receive optimum mammographic examinations with the lowest possible risk. One in nine women will develop breast cancer in her lifetime. Early detection is the key to survival. Mammography done in conjunction with breast physical examinations provides the most accurate diagnosis of early breast cancer.

The American College of Radiology, the American Cancer Society, the American Medical Association, and nine other major medical organizations, recommend the following guidelines for women without symp-

oms: -Between the ages of 40-49, a mammogram should be done every 1-2 years, a physical breast exam every year.

-After age 50, a mammogram and physical breast exam should be done every year.

# Tex-Mex, polka combine in upcoming Lonesome Pine Special

Two great Texas bands highlight a double-header encore featuring classic Tex-Mex and polka music when **Kentucky Center Presents: The Lonesome Pine Special**. Flaco Jimenez and Brave Combo' airs on KET at 10 p.m. Saturday, Sept. 7.

## Singleton Family Reunion

The Singleton family reunion was a great success. We want to especially thank Thomas and Sandy Wagner for their great help. We thank you and appreciate what you have done.

Those present were: Harry Singleton, his son Jim and grandson Jamie, of Georgia; Everette and Kathern Singleton and his son Wesley Singleton of Ohio; Leonard Singleton and wife Doris of Ohio; Alma Singleton and Loraine of Ohio; Bill and wife Hazel Singleton and son Billy of Indiana; Margarette Dahl of Iowa, daughter and husband of California (didn't get the name); Gertrude Trudy and husband Lewis Baker of Washington, their daughter Linda, Alpha Hoff of Ohio; Barbara Jean, her husband Kenny Gausman and children of Ohio; Sally and Hubert Jennings of Ohio; Cumia Abney of Mt. Vernon; Dewey McGuire of Mt. Vernon; Manley McGuire of Orlando; Ross Singleton and wife Ollie of Orlando; Linda Wendy Hensley of Orlando; Gladys Higgins, Mt. Vernon; Alma and Delmer Vanzant and boys of Mt. Vernon; Vernita Mason, Mt. Vernon and her daughter Pam and boys of Ohio; David and Judy Singleton of Maple Grove Rd.; Ardella E. Ball, Mt. Vernon, her daughter Evonda Northern; Donna Zehr, her daughter Jessica and her daughter Kayle and Christopher of Berea; Betty Simpson of Berea; John Singleton of Mt. Vernon; Reda French, Mt. Vernon, her daughter Sandy Thomas Wagner, Mt. Vernon; Audry Purcell and husband of Mt. Vernon; James and Linda Smith of Maple Grove Road, Mt. Vernon; Clifford Land of Somerset; Johnny Curry, wife Macey, her daughter of Ohio and Keith Singleton of Mt. Vernon.

Hope we didn't forget some that was here. Thank you for your presence and hope to see you next year, good Lord willing. Hope we see Wanda Mason and Farris Coffey next time.

## Upcoming Reunions

**Jim Baker Reunion**  
The Jim Baker Family reunion will be held Sept. 7 at the home of Byron and Glenna Baker. All friends and relatives are invited.

**Bullens Family**  
The Bullens Family Reunion will be held Sunday, Sept. 8, at the Berea City Park. Bring a basket lunch and enjoy the day with friends and family.

**Vanwinkle Reunion**  
The Vanwinkle Reunion will be held Sunday, Sept. 8, at the Family Life Center at Renfro Valley. All friends and relatives are invited to attend. Please bring a covered dish. Signs will be posted.

**Pine Hill School Reunion**  
There will be a reunion held for those that attended the Pine Hill School on Sunday, Sept. 15, at the Appalachian Family Life Center, approximately one mile north of Renfro Valley on old U.S. 25. Watch for the signs on the right beside the Family Life Barn. After turning right go to the bottom of the hill and turn left. It is the shelter house on the right at the top of the hill. Bring a covered dish and come with us. For more information contact Verla Shelton at 256-5386.

## 103 contestants in Renfro's Talent Round Up

103 contests spent almost ten hours performing in the old Barn on Saturday August 17. Dennis Isaacs of McKee, Ky. was chosen as the county vocalist and overall winner. John Holbrook, from right here in Renfro Valley, won the comedy division, while Doug Rogers, of Somerset was chosen best instrumentalist and Tim Lawson, of Berea won the Gospel division.

## KHC is now more flexible

L. Rogers Wells, Jr., Secretary of the Finance and Administration Cabinet and Chairman of the Board of Directors of the Kentucky Housing Corporation, has announced that KHC has created more flexibility in its program resulting in greater homeownership opportunities for low-to-moderate-income Kentuckians. Effective immediately, KHC is making funds available in the form of lower interest rates for homebuyers.

The lower interest rate loans have a term of 25-30 years and will be available to qualified homebuyers on a first-come, first-serve basis. The purchase price may not exceed \$63,000 for new homes and \$60,000 for existing homes.

Harold Kelly drove his 1972 GMC truck in Saturday's parade in Livingston. Other pictures from the annual Homecoming appear on Pg. B-6 and B-7.

## Bill Tallmadge is top race walker

Bill Tallmadge of Berea is the top race-walker in the world among those 75 and older. He won the championship at Turku, Finland where he participated in the IX World's Veterans' Championships July 18-28.

Over 5,000 athletes from 53 countries were entered in this track and field event which takes place

every two years. There were 20 walkers in the 75-79 age group. Tallmadge led all of them winning the 5 km with a time of 32:48 which was 28 seconds ahead of his nearest rival.

Tallmadge began training in 1984 and entered his first national competition in 1985. In 1987 he set a world record for 71 year-olds in

the 25 km distance.

Bill is a member of the Berea Body Recall team which travels throughout the U.S. demonstrating exercise to older adults. He credits Body Recall classes for getting him started in life fitness.

"I seemed to always be sitting down," he said. "Body Recall got me on my feet."

## Heart Clinic set for Madison County on September 25

A one day consultative and diagnostic heart clinic for cardiologic patients will be held in the Madison County Health Department on Wednesday, September 25.

Cardiologists from the University of Kentucky Medical Center will conduct the clinic.

This clinic provides a diagnostic service for the patient along with recommendations for treatment and management of the case. It also provides an opportunity for the referring physician to consult with the cardiologist regarding the patient.

Only those patients who have been referred by a physician and have a written referral will be admitted to the clinic. Counties in this clinic area are Clark, Estill, Garrard, Jackson, Jessamine, Lincoln, Madison and Rockcastle counties.

## CF bike-a-thon in Brodhead September 7

Bicycle riders to ride in the Cystic Fibrosis Bike-A-Thon Saturday, Sept. 7th, 12:30 to 4 p.m. at the Brodhead school. In case of rain the event will be held Sept. 14. Come have fun and help save the lives of children with C.F. You may pick up sponsor sheets in the office at school, in the classroom, or at Citizens Bank, then get sponsors.

Have checks made to Cystic Fibrosis Foundation.

The event will be supervised and refreshments served to all riders. The six collecting the most money will receive one of the following:

A baseball autographed by the World Champion Cincinnati Reds!  
A telephone in the shape of a football!

Sleeping Bag!  
Basketball autographed by Rick Pinnot!

A large ceramic horse!  
A jewelry box!  
These are on display in the window of Fletcher's grocery. The one collecting the most money may choose then second - third - fourth - fifth - sixth.

In addition to prizes above:  
Collect - \$10 - win - double dip ice cream from Dari-DeLite  
Collect - \$35 - win - official CFFT-shirt

Collect - \$65 - win - Tote bag  
Collect - \$100 - win - AM/FM clock radio or 6-pak cooler plus T-shirt

Collect - \$150 - win - AM/FM headset radio or 2 way walkie-talkie plus T-shirt

Collect - \$250 - win - AM/FM cassette stereo or 7 x 35 binoculars plus T-shirt and many more choices listed on back of each sponsor sheet.

## Rockcastle roads get much needed improvements

New blacktop is rolled on Kings Hollow Road, one of many being upgraded by the county.

Kings Hollow Road looks different after the workmen complete their job.

A section of Sand Hill Road gets blacktop much to the joy of residents.

From Burnt Ridge on the Madison/Jackson Counties line; to Tark Hill, to Pongo, to Sand Hill, to Chimax, Rockcastle County road crews are busy laying blacktop. For residents along these routes an automobile-age problem has been partially solved.

Each month the road department works over 100 sections of road. This represents 10 to 25 phone calls per day to request gravel, grade, ditch and/or clean culverts. "Relief from these daily pressures will give time for preventive maintenance and other endeavors," according to Judge/Executive Roland Mullins.

A real grain is placed on the 18-man county crew when the paver operates. Seven to nine trucks haul. Two men flag. One man runs the paver; two men operate the screws; one man aligns the paver box; one man does the mechanic work, and one man supervises.

Even with the stress on manpower, road supervisor Chester Lakes reports that 207 road jobs other than blacktopping were done in June, July and August. How do they do it?

"Hard work on the part of the men," says Lakes. Also, Lakes does an hour or so planning each night to spread the manpower and resources across the county. When the plant is mixing materials, the men complete emergency and maintenance work. "Will he ever catch up?" Lakes wonders about it. "322 miles of county roads, limited finances, and so few workers create quite a challenge."

To date this summer, the county has completed 10 miles of surfacing in District 4, Amos Burdette's, magisterial district; 10 miles in District 3, Clinton Brown's district. Several miles have been completed in Districts 1 and 2, Charles Holbrook's and Jack Bradley's district. District 5, Donald Bullock's district will be worked next.

By the end of this blacktop season, the goal is to have completed 10 miles in each magisterial district for, a total of 50 miles. Plans are to complete another 50 miles next year, and another 50 miles the following year.

This program will make the magistrate office a lot more manageable," according to Magistrate Holbrook. He went on to say that, "activities now involve always trying to catch up."

The court laid out the hard surface plan. It involves completing those most expensive to maintain, most traveled, worst roads first.

During the week of Aug. 19, Judge/Executive Bill Robbins from Madison County visited Rockcastle to view the blacktop program.

Judge Robbins is interested in setting up a similar program to eliminate the gravel in Madison County. By using the Rockcastle formula, he feels that the project can be achieved.

The county's boom mower clears along Mullins Station Road, a never-ending summer job for county workers.

Planning road work is one of the jobs of county magistrates. Above are magistrates Jack Bradley, Donald Bullock, Amos Burdette, Charles Holbrook, Clinton Brown and County Attorney James H. Lambert.

Joining County Judge/Executive Roland Mullins to discuss road work in Rockcastle County was Madison County Judge/Executive Bill Robbins who is interested in how Rockcastle's program would work in Madison County.

# Sports

## Rockets win first Jamboree Bowl

By Paige Bengé

It was the first game of the season. It was the first bowl game ever held. And it was the first win. The Rockcastle County High School Rockets opened their '91 campaign last Friday with a dominant 22-0 victory over the visiting Lynn Camp Wildcats in the first ever Renfro Valley Jamboree Bowl.

Head Coach Tom Larkey said in an interview Tuesday, "I feel we beat the best team Lynn Camp has fielded in quite a while."

The Rockets failed to score on their first possession of the game but with six minutes left in the first quarter, J.D. Harris scored the Rockets first touchdown on an interception from Lynn Camp's 23 yard line. Harris completed the two-point conversion and the Rockets led 8-0.

Both teams remained quiet the rest of the first quarter until senior quarterback Scott Parkey threw a 36 yard pass to junior end Jason Kirby for the second touchdown of the game. The two-point conversion was intercepted and at the end of the first quarter the Rockets led 14-0.

Parkey's pass to Kirby was one of only four passes made all night by the Rockets. Coach Larkey said, "Even though we didn't throw the ball a lot, I was pleased with how Parkey was on target. I liked how he was standing back in the pocket and looking for receivers. His experience is beginning to show already."

Lynn Camp managed to run the Rockets kick-off back to the Rocket's 21 yard line but all hopes for a touchdown by Lynn Camp fans were crushed when junior Bobby Coffey recovered a Lynn Camp fumble on the Rocket's 19 yard line.

Coach Larkey, in talking about the defense said, "I was really pleased with the way our boys physically handled Lynn Camp. We do that best." He also noted that the defense missed tackles that they should have made.

The first half ended with the Rocket's leading 14-0. The second half didn't start out as well as the first half. The Rockets were immediately faced with a first and goal situation by Lynn Camp, but sophomore Michael Shaffer pressured the quarterback and Ricky Moore was there to recover the fumble.

Coach Larkey noted that he was disappointed at times with the defense but at the same time he was pleased with the defense. "I wasn't pleased when we would get inside the 20 yard line and not score but it was pleased when we got backed in our own goal line and we held them."

With their good defense in the third quarter, the Rockets managed to hold onto their 14 point lead going into the fourth quarter.

J.D. Harris' 84-yard touchdown run in the fourth quarter was the only

Head Coach Tom Larkey is presented the championship trophy of the Renfro Valley Jamboree Bowl Friday night by Tom Bennett, vice-president of Renfro Valley Folk, Inc. and Donna Faye, a performer at Renfro Valley Folk who sponsored the first annual Jamboree Bowl.

other points to light up the scoreboard. Bullens completed the two-point conversion for the Rockets and their lead was 22 points.

Lynn Camp then ran back the Rocket's kick-off, but a clipping penalty on Lynn Camp brought the ball back to their own 12 yard line.

Coach Larkey commented, "My biggest disappointment was our kick-off coverage. We worked every day at camp on our kick-off game, yet it didn't look as though we did."

The Rockets held the Wildcats and the first ever Jamboree Bowl belonged to the Rockets.

"I was real pleased with our offense, except for the fumbles," he said. The Rockets fumbled the ball four times, but managed to recover three of them. "I feel we moved the ball real well," Larkey said.

When asked which player's performance stood out in his mind, Larkey answered, "William Bullens. I feel he had a great game not only defensively but as a blocking back. He made a lot of key blocks for Harris and Saylor." But he was quick to say that every win is a team effort, as shown by Friday night's victory.

Larkey also noted that he was not happy with the PA System at the high school. He said that fans should expect a new system with a stereo, tape deck and speakers similar to the one used at UK games by the next home game. He feels this will be a much needed improvement.

In the statistics department, the Rockets rushed for 279 yards and passed for 58 yards.

Individually, Scott Parkey completed two out of four passes for 58 yards. He also completed a 36 yard touchdown pass to Jason Kirby.

J.D. Harris carried the ball 17 times for 187 yards. Johnathon Saylor had 7 carries for 58 yards. William Bullens had three carries for 4 yards. Michael Shaffer had three carries for 20 yards and Greg Bowman had two carries for nine yards.

J.D. Harris scored one touchdown on a 25 yard interception and scored another on an 82 yard run. Jason Kirby scored a touchdown on a 36 yard reception from Parkey. He had 96 yards rushing and 30 yards passing.

Defensively, Johnathon Saylor had six tackles and two quarterback sacks. Mike Durham had six tackles a quarterback sack and an assist on a sack. William Bullens posted 11 tackles. J.D. Harris had seven tackles and one interception. Stacey Nicely, Bobby Coffey and Curtis Cotton all had four tackles.

Brian Mink, Bobby Coffey and Ricky Moore each had a fumble recovery.

The Rockets travel to Metcalfe County (see scouting report) Friday night for their second game of the season. The game starts at 8:30 p.m. (our time.)

### Dove season opened September 1

Dove season opened statewide in Kentucky on Sept. 1 and extends throughout the month. The second portion of the popular three-part season opens Oct. 5 and runs through October 18, while the final segment begins on Nov. 30 and lasts through December 5.

Weather-wise, it's been another

## Junior varsity beats Bell County 16-12

The Rockcastle County Junior Varsity opened up their regular season Tuesday night and they did it in style. The Rockets defeated Bell County 16-12 with a fourth quarter drive.

Junior Jeff Navarre scored the go-ahead touchdown from the four yard line early in the fourth quarter to give the Rockets a two point lead. Sophomore Michael Shaffer completed the extra point conversion for a 16-12 lead.

Mikhael Shaffer scored the first touchdown of the game from the eight yard line. Sophomore quarterback J.D. Bussell then completed the two-point conversion to Stacy Smith, which pushed the Rockets lead to eight.

Bell County scored once in the second quarter but failed to complete the extra point. The Rockets still had a two point lead at the end of

the first half.

Bell County went ahead of the Rockets in the third quarter with another touchdown and yet another failed extra point attempt.

But this was all Bell County would score again. Shaffer intercepted a pass on Bell County's last drive of the game.

"I thought we played pretty good, but not outstanding," Coach Chris Cornelius said Tuesday night.

The win marked the first Rocket team to beat a Bell County team during the Larkey era.

The junior varsity will now travel to Powell County next Tuesday night for their second game. Their next home game is not until September 30th against Wayne County. Admission is \$2.00 for adults and \$1.00 for children. Proceeds go to the Quarterback Club.

Kristi Sargent, daughter of Linda Mason of Mt. Vernon and Raymond Sargent of Brodhead was crowned the queen at the first annual Renfro Valley Jamboree Bowl Friday night.

good year for wildlife in the commonwealth. Kentucky Department of Fish and Wildlife Resources' wildlife biologists and field personnel are reporting high numbers of doves and fully expect 1991 to be an exceptional year for bird hunting.

There are no substantial changes in the regulations affecting dove hunting for 1991. Of course, all hunters born on or after January 1, 1975 are now required to carry a hunter education course completion card while hunting in Kentucky.

The daily bag limit for doves is 15, the possession limit is 30. Shooting hours during the September and October seasons are 11 a.m. to sunset; Nov. 30 through Dec. 5 shooting hours are sunrise to sunset.

It's illegal to hunt doves over a baited field. Baited fields are those where grain, salt or attractant other than those produced by legitimate agricultural operations have been placed. Remember, a field is considered baited for 10 days after all bait has been removed.

Some wildlife management areas have seasons and regulations which differ from standard statewide guidelines. Those exceptions are listed in the official Kentucky Hunting Guide for Dove, Woodcock, Snipe and September Wood Duck, available from the Kentucky Department of Fish and Wildlife Resources, divi-

sion of Information and Education, #1 Game Farm Road, Frankfort, KY 40601; phone (502) 564-4336.

## Stands will have a "new look" at the end of 1991

Rockcastle County fans will have something new to look at and enjoy, come 1992, a new concession stand.

But, this not your ordinary concession stand, it will include an official's locker room, a new press box, concession stands on both sides, men and ladies' restrooms and more seating for the fans.

Construction will begin sometime this week and the old concession stand will be torn down by the Rocket's next home game.

This has been on the drawing board for over a year now, but due to the project coming in higher than the estimated first bid, it was held up for over a year.

Coaches and fans had hoped the project would be done for this

football season, as earlier slated. Another feature for the fans will be the addition of aluminum seating on top of the existing bleachers now.

"I hope everyone will be willing to look over a mess here and there, walk over a mud puddle or a concrete block if needed, and just excuse the mess," Head Coach Tom Larkey said. "I think it will be well worth it," he added.

**Rockets will face off with Metcalfe County away Friday night at 8:30 p.m. "our time"**

### Scouting Report for Metcalfe County

Location: 60 miles west of Somerset on Cumberland Parkway. Take Edmon-ton Exit, go into Edmon-ton, school is on the right before reaching the town square.

Game time: 8:30 p.m. "Our time"

Scouting report for Metcalfe County shows a team that throws about 75% of the time. Metcalfe is returning a 1st Team PAC All-Conference quarterback. Coach Larkey feels that his offense can control the game on ground alone. Since the Rockets are not known for their passing, it should be an interesting game. Passing versus running?

Candidates vying for queen in the first annual Renfro Valley Jamboree Bowl are from left: Sonia Morgan, Sonya Houk, Cheryl

Clark, Chastity Smith, Kristi Sargent, Stephanie Pope, Jan Durham and Jennifer Krill.

J.D. Harris, left, was presented the MVP for offense Friday night against Lynn Camp and Johnathon Saylor was presented the MVP for defense. Harris rushed for 187 yards and Saylor had six tackles and two quarterback sacks. The awards were part of the first annual Renfro Valley Jamboree Bowl. The Rockets defeated Lynn Camp 22-0. Presenting the trophies are Tom Bennett, vice-president of Renfro Valley and Donna Faye, a performer at Renfro Valley.

Representing the Rockcastle County High School Rockets during the opening gaffe coin toss against Lynn Camp in the Jamboree Bowl last Friday night were from left: Robert Didiot, William Bullens, Johnathan Saylor and Curtis Cotton.

## Get permission before hunting

Before hunting on private land, an ethical and responsible hunter should always obtain the landowner's permission. As hunting spots become more and more difficult to find, good hunter-landowner relations must be carefully (and continuously) cultivated. It's a good idea to work year-round developing positive relations with land- and farmowners -- don't wait until the day before you plan to

go hunting to make contact. Make it a practice to tell the landowners (in so many words) that you'll be extra careful not to damage their property, especially fences and gates, and that you'll avoid areas where farm animals are present.

It's a good idea to let the landowner know specifically when you're planning to hunt. Don't just drive back through the fields, stop at the house,

knock on the door and let folks know you're on their property. If no one's home, leave a note.

It's also a good idea to share the bounty: Give the landowner some game -- preferably dressed and ready to cook. You'll be surprised at the relationships you'll develop. You may even find, that folks will contact you to ask when you're coming back! And don't forget to say, "Thanks!"

## Service Awards

Sandra E. Smith, top photo, and Tim K. Stewart were awarded plaques recently by Larry Carter, manager of the local Best Western Motel, for five years of service. In addition to the plaques, the two will receive a two-day stay at any Best Western in the United States.

## KET events

### Music, controversial issues featured in upcoming programs on KET

Points of view on both sides of the abortion controversy are featured in an upcoming program in the P.O.V. series and *Masterpiece Theatre* looks at the international drug trade -- while music lovers can look forward to two programs featuring both popular and classical selections -- in programs airing in coming days on KET.

### Music of John Williams, Steven Spielberg Featured September 7

Evening at Pops pulls out all the stops to celebrate conductor John Williams' 10 years at the helm of the Boston Pops Orchestra in a special program airing at 8 p.m. Saturday, September 7.

In this salute to Williams' talents as a composer of blockbuster Hollywood film scores, *Pops* visits his frequent collaborator, director Steven Spielberg, who reminisces about his long association with the composer. Many of the motion pictures the two worked on together -- including *Jaws*, *Close Encounters of the Third Kind*, and *E.T.* -- are featured in film clips.

### Illegal Drug Trade Featured in *Masterpiece Theatre*

*Masterpiece Theatre*, which has presented many dramas set in yesterday, focuses on the present day in "Traffik," beginning on KET at 9 p.m. Sunday, September 8.

The three-part series focusing on the international drug trade, which will be narrated on consecutive evenings at 9 p.m. as is current as the headlines in the morning newspaper. International in plot, setting, and characters, "Traffik" traces the heroin route through three stories filmed in three different countries with three different casts speaking their native tongues. Filmed on location in Pakistan; Hamburg, Germany; and in England, the series is a tense journey through the twilight world of international drug smuggling -- a world raked by green, paved with gold, and shadowed by violent debt.

### Abortion Advocates, Foes, Take Stand in "Casting the First Stone"

A thoughtful, provocative look at the circumstances and values of six grass-roots activists on both sides of the abortion issue is at the center of "Casting the First Stone," a P.O.V. presentation airing on KET at 11 Saturday, September 7.

## Birthdays

Rick has met his "Waterloo" at the age of 32!! We love you very much, Barbara, Sheana and Whitney

**91st Birthday**  
Mrs. Maggie Dermon celebrated her 91st birthday August 22 at her home in Brodhead with her son, Wade Lee Dermon, Jr. Many friends came to visit her and she received lots of cards and gifts and a phone call from her daughter and grandchildren in Texas. We love you Mrs. Dermon and wish you many more happy birthdays.

To my one and only love, James Wilson. I love you so much and I always will. Love, Your Wife, LeAnn, Ashley and James, Jr.

## Salvation Army Success WHAT'S BEING DONE • HOW YOU CAN HELP Programs for all Ages

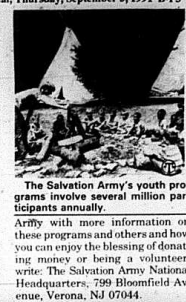

By Andrew S. Miller, National Commander

When people come to a Salvation Army Center to offer a donation or to volunteer their time, they're often surprised to hear there's no "typical" Army service or program. Here's news on the variety of programs aimed at helping those in need, help themselves.

The Army's youth programs involve several million participants annually through boy/girls clubs and community centers. A new program to provide trained peer counseling for teens is now available at Booth

House, the Salvation Army group home in Syracuse, New York for runaway and homeless young people. The staff trains young people in such skills as personal planning, self-esteem, jobseeking, group dynamics and community resources.

A roomful of computers at the Army's Belmont Services Center, North Carolina, is part of a nationwide Adult Basic Literacy Education program that helps adults learn reading and math skills. Other varied Army services and programs across the United States include shelters for the elderly, refuge for abused women and their children and disaster relief centers. For free booklets on the Salvation

The Salvation Army's youth programs involve several million participants annually.

Army with more information on these programs and others and how you can enjoy the blessing of donating money or being a volunteer, write: The Salvation Army National Headquarters, 799 Bloomfield Avenue, Verona, NJ 07044.

# ROAMIN' ROCKCASTLE

By HILDA PAYNE GABBARD

Well, it's here. I mean fall for we are now into September when you read this.

I've had so many pretty flowers that I hate to see summer go. Yet nature, as if to make up for the loss of many things gives us color in falling leaves, red and yellow apples on the tree, siver in the money plant, from lavender to deep purple in many roadside flowers. The holly trees beginning to grow their red berries in time for Christmas so we get something with the change of seasons.

I'd like to take some space to thank one of the parts of this column-my readers- and the special ones-my writers.

If I didn't hear from you, how in the world would I know what you think of this stuff!

First I'll tell of my faithful reader, Henry Voltmer on Cedar Creek in

Indiana, since the beginning of this column on October 15, 1981 in the Mt. Vernon Signal where I first met my friend as a beginner in writing after retiring from school teaching in Northern Kentucky.

I don't believe I could have made it or have gone through so much if Henry hadn't helped me all the way with his kind words as well as visiting John and me on Clear Creek. He says he'll be down this summer with friends to visit us again but I'm a thinking its those pretty women at Renfro Valley he's going to see.

From Cincinnati, Ohio, Jim Lunsford comes to Berea on business, stops at the Citizen office to meet me and to invite me out for lunch with him since he reads my column in his copy of this paper.

That's like Santa saying he'll bring me a gift if I quit telling things

on my friends (which I can't do). To get out of cooking and dishwashing is my dream. But I was out of town so thanks anyway, Jim, for the thought.

To my old friend, and former reader, Naomi Edwards from Danville, Indiana, who from the early beginning of this column, I want to thank you for letter in the "Our Readers Write" section of the Signal.

You wrote the "way to live" was Work, Laugh, Recognize God's Power then you gave a wonderful list of things to do for the tile words.

Naomi, I have cut out the letter and am framing those words for my desk to use for each day's help. I'm so grateful for your friendship.

Since I write, then, of the rattlesnake being cooked and eaten on Clear Creek and you liked reading about, I'm going to see if I can send you some frozen rattlesnake meat.

You'll be the envy of your neighbors.

Out of New Richmond, Ohio, I've received mail from good readers, Louis and Edith Sipple who write they are glad the new "Boss" kept me when the citizen changed hands and was sold (law mercy, so am I)

Edith says they like all the new features which make the paper so I'll tell the "powers that be" how much some readers appreciate the "new citizen".

Edith and Louis have a son here, Dr John Sipple, a chiropractor in Berea. There is a third generation here with Mike Sipple, a mechanic who works at Sipple Auto.

This is the family record: In 1976 there were 20 mechanics in the Sipple family. In 1991, there are 5 chiropractors.

So here is a family that really can be proud of themselves. Elmer Hensley, who wrote from Byron, Georgia says he's a native of Kentucky who stays so homesick all the time that reading this column (as he does), makes it worse than ever. Elmer was born in Rockcastle (a-ha, that tells his trouble) and says he has been homesick for Kentucky since the day he left but is planning to return in three more years, probably when he retires.

He visited Scaffold Cane recently and stopped at Blon Holt's grocery and while there saw Herman Ramsey. He tells that Martha Hill was his first teacher at Scaffold cane school in the 50's.

Elmer, I'm giving you the name and address of a Berea man living in Georgia too. Maybe you two could get together to talk about Kentucky. He is Marvin Kavanagh, 5503 Walker Duckster Station Road, Albany, Georgia 31707.

Marvin is also a reader of this column so good luck in locating each other, but please don't talk about me. It's done enough up here!

In 1982, after we returned to Clear Creek to live, we met Brother Jim Kirby, the pastor of Clear Creek Baptist Church and heard him preach.

He had a strong power in the delivery of his message which affected me. It was as if I were born again when listening to his message.

We moved to Madison County and did not hear Brother Jim for some time. We heard he also made a change and went elsewhere.

Reading the church directory, in a newspaper, I saw he had become pastor at Roundstone so Brother Jim Kirby came into our lives again.

Hearing this man, I realized he had grown in grace with powerful preaching and we agreed he

reminded us of the old time preachers that we used to hear many years ago.

They made their mark on people as did Hughey Ponder, Jimmy Harving and Charlie Lunsford at the Clear Creek church. Sheridan Overby, Jimmy Lambert and the oldest one I can remember was Old Timer Dan Phelps at Macedonia who looked like Noah with his long, thick beard.

Helen Brother Kirby to David, the shepherd boy, who fought against the giant, Goliath. The giant represents sin in so many ways and the simple weapons used by David are the powerful words given by God to Brother Jim when he fights with them.

I am running out of space- will tell of the Homecoming next week.

Till then: Remember that the most beautiful things in the world are the most useless- peacocks and lilies for instance.

## Around Brodhead

By: Mary McWhorter

The Hamm Reunion was well attended with 128 present.

Attending were Bob and Hazel Smiley, Debbie and Jason Jamerson, Edith and Willard Nicely, Sony and Doris Jean Farris, John G. and Maxine Albright, Steve and Arlene Wayne, Gorman and Lillie Reynolds, Chester and Irvas and Linda Reynolds, Loraine Wilson, Hobby and Lorene Lawrence, Willard and Nina Brown, Leo and Wilma Reynolds, Huston and Florence Samp, Charles and Holawiese Hughes, Danny, Connie, Lorie and Katelynne, Mary Ann Brown, Lisa, Tiffney and Heather Hopkins, Gary, Susan, Little Gary, Jamie and Amanda Ramsey.

**Thank You**  
Thank You to the anonymous person who paid the \$300 gas bill at Clear Creek Baptist Church.

The family of Edgar L. Morris want to say thank you to everyone who came to the services, sent flowers, cards, food, gave their support, prayers and showed so much kindness and love during our time of sorrow. Special thanks to members of Union Bethel Baptist Church at Red Hill for their extra support and prayers. The Dowell & Martin Funeral Home for the caring and concern shown while mourning and carrying out the arrangements. The Reynolds Raymond and Tyler Hampton for their words of comfort and tribute and the Melleys for their beautiful songs.  
The Morris Family

Notice: Due to confusion on the specifications during previous bidding, the Broadhead Volunteer Fire Department is re-bidding a new pump truck chassis to be used as a mini-pumper fire truck. Specifications for the proposed chassis may be picked up at the Broadhead City Clerk's Office at the Broadhead City Hall between September 5th, 1991 and September 11th, 1991, between the hours of 8:30 a.m. and 12 noon. Bids will be opened at the Broadhead Fire Department on September 13th at 7 pm local time and read aloud. All interested parties are urged to submit bids. The Broadhead Fire Dept. is an Equal Opportunity purchaser and employer. The Fire Department reserves the right to reject any and all bids. All bids should be mailed or brought to the above address by September 13, 1991 or brought to the bid opening and presented in a sealed envelope to the Fire Department at the time of the bid opening at 7 p.m. on the 13th of September at the Broadhead Fire Department.  
David Ott, Chief  
Broadhead Fire Department

**Housing loans**  
The First Security Mortgage Company of Lexington has joined Fannie Mae in an endorsement of the Farmers Home Administration Rural Housing Guaranteed Program. Will H. Hodgkin, president of First Security, announced today that their bank would act as a correspondent bank for other supervised lenders throughout the state to market RH Guaranteed Loans to Fannie Mae and provide required servicing. Under the Administration guarantee loans made by qualified lenders up to 100 percent of the cost of housing which may be located on individual tracts or in approved subdivisions. The loans are scheduled with a repayment period of 30 years and have a fixed rate

of interest. Mary Ann Barron, state director of Farmers Home Administration, indicated that Kentucky has an allocation of \$5,142,000 which must be used prior to Oct. 1, 1991. Ms. Barron also stated that FmHA is giving top priority to assisting lenders in processing loans under this program for the remainder of this fiscal year. The assistance is available for new or existing housing for low and moderate income applicants who are unable to obtain financing for purchase of a house without an FmHA Guarantee. Individuals interested in the new guaranteed loan program should contact their Farmers Home Administration County Office for further details and a list of approved lenders who are participating in this program.

The family of William Carter Owens wish to thank all the wonderful friends and neighbors for their prayers, support and kindness shown during the illness and death of their loved one. A special thanks to Bro. Wendell Romans of First Baptist Church, Zelma, Belvia, Kirby and Stacey

# Rockets' Football

## Rockcastle County Rockets

### Rockets face new beginning in 1991 season

Football has always been a tradition in Rockcastle County, especially during Rockets' head coach Tom Larkey's tenure with the high school team. But this year's tradition is taking on a new look, in fact it could be called a new beginning.

A new beginning in the sense that the 1991 Rockets are taking on a new schedule in their new district.

Rockcastle will join Middlesboro, Corbin, Wayne County, Somerset and Madison Southern in Region 3 District 2 this year.

The feeling around the Rockets' locker room is of great excitement and anticipation for the remainder of the season.

Rockets' head coach Tom Larkey, by far the most successful football coach at RCHS, said, in an interview last week, that he felt really good about

this year's ball team and the realignment of their district.

"Our goal is to win the district, get into the play-offs and go from there," he said.

But to achieve Larkey's goals, the Rockets are going to have to go up against the toughest schedule they have ever faced.

"We have a tough schedule," said Larkey.

The Rockets will have to face all five of their new district rivals in the final five games of the season. Three games are at home and the other two are away.

The two teams considered the toughest in the group are the first two the Rockets will face. Somerset will roll into Rockcastle County October 4th for the first of the series. The outcome of the season could possibly depend upon the results of the meeting.

Still, the key game of the year will be the second of the series when the Rockets square off against Corbin. Larkey commented that overall, he thought Corbin would be the toughest team the Rockets would face all year.

The caliber of Corbin and Somerset are told in their great history of football as both schools have numerous state titles under their belt.

But such teams excite the Rockets. Larkey mentioned that this year's team has possibilities of being the best team he has ever coached since he has been at Rockcastle.

"Overall, we have a stronger team than last year. We have size and speed plus experience and depth," Larkey commented.

The Rockets will dress a record 74 players this year which includes 54 varsity play-

ers and 20 freshmen.

A total of 14 seniors, two times as many as the Rockets

had last year, 10 juniors, 31 sophomores and 20 fresh-

# Rockets' new beginning

(Cont. from page 2)

men make up this year's roster.

"These kids have a great attitude. They are working hard and putting a lot of time into it," remarked Larkey. "They feel the importance of hard work."

Also, nine of the fourteen seniors are starters.

Larkey's strategy for the '91 campaign is very similar to last year's, a lot of running and very little passing.

There are some exceptions.

The '91 Rockets intend to use their strength by running over a lot of people. They are also working on some misdirection plays including hiding the ball.

"We're going to key on running the ball," said Larkey. "I think everyone knows that we're not really a threat at passing the ball."

The greatest advantage the Rockets have this year is the four returning players in the backfield. With Scott Parkey

at quarterback, J.D. Harris at tailback, Jonathon Saylor at fullback and William Bullens at halfback, the Rockets are going to be a definite threat from the ground.

All four are experienced and are highly talented which will only make Larkey's job easier. And with all four under Larkey's fingertips, a wide variety of offensive ground strikes are possible.

Unlike last year when the running game was keyed around J.D. Harris, this year with the four combined, the Rockets will be able to, at least,

distribute the ball a little more evenly, thus creating a lot of guess work for the opposing defense.

For example, in last Friday's opening Jamboree Bowl win, 22-0, against the Lynn Camp Wildcats, the Rockets put the ball on the ground 32 times. Harris did carry 17 of those but Saylor was handed the ball seven times. Other carriers were Bullens with three and Greg Bowman with two.

But if it does happen that one player gets more running time than any other throughout the remainder of the season, it will probably be Harris. However, don't count Saylor or Bullens out. Especially Saylor, who, as of right now, is the fastest and strongest player on the Rockets' roster.

An important factor that could come into play for Larkey's backfield is the offensive line. The Rockets lost key players, such as Scotty Hines, Darrell Sizemore and Kevin Goff, from their line last year, especially Hines, who the Rockets based most of their running game behind throughout the '90 season.

Larkey admits that those are hard shoes to fill but says the line taking the field this year will be just as good and stronger.

Stacy Nicely, a six-foot and one-inch 223 pound senior, has taken on the assignment of replacing the absent Hines at right tackle. According to reports, Nicely will fill the tackle position "nicely" and has already proven to be a valuable asset to the Rockets' offensive line.

"Nicely replaced Hines at right offensive tackle and is basically stronger than Hines," Larkey said of Nicely.

A total of 14 seniors, two times as many as the Rockets had last year, 10 juniors, 31 sophomores and 20 freshmen make up this year's roster.

"These kids have a great attitude. They are working hard and putting a lot of time into it," remarked Larkey. "They feel the importance of hard work."

Also, nine of the fourteen seniors are starters.

Larkey's strategy for the '91 campaign is very similar to last year's, a lot of running and

Rockets playing their last year for the Rockets at Rockcastle County High School are, front from left, William Bullens, Billy Phillips, Matt Bryant and Acree Harris. Second row are Robert Didiot, Steve Hines, Mike Durham, Clark Mullins and Stacy Nicely. Back row are Scott Parkey, Curtis Cotton, William Hellard, Mike Jones and Jonathon Saylor.

## Rockets enter new region and district

Wonder how the Rockets are going to do this year?

That's a question circulating through Rockcastle County right now and one that will soon be answered.

However, it's not the average question asked each year before football season begins. The difference this year is that the question pertains to the new Region 3 District 2 the Rockcastle County Rockets' football team will fall in.

In the past, the Rockets have played competitive teams such as Bell County and then weaker teams such as McCreary Central. But this year, the new schedule will be tough with teams like Corbin, Somerset and Middlesboro from top to

bottom.

So again, the question is, "How will the Rockets handle the stiff competition from one week to the next?"

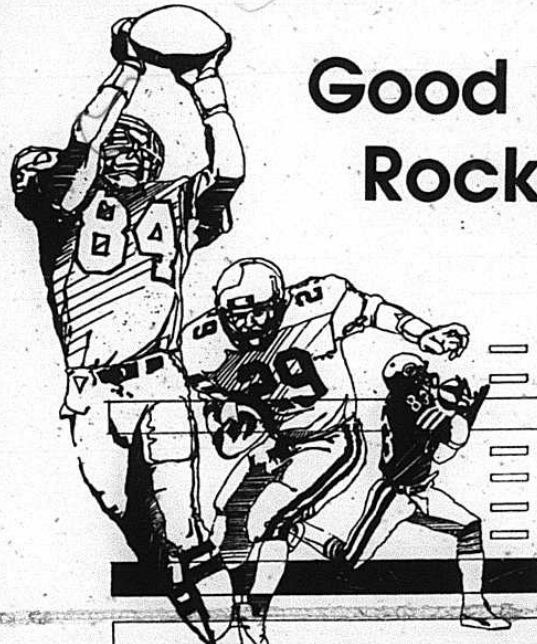

Rockets' head coach Tom Larkey was the first to admit that this year's schedule is tough. But his goals, going into the new district, are no different than last year's. "Our goal is to win the district, get into the play-offs and go from there," he said in a pre-season interview last week.

For the Rockets to pass the first phase of their goal and win the district, they will have to defeat the district's arena of rivals which includes Corbin, Middlesboro, Somerset, Madi-

## Rockets face new beginning

(Cont. from page 8)

out the '90 season.

Larkey admits that those are hard shoes to fill but says the line taking the field this year will be just as good and stronger.

Stacy Nicely, a six-foot and one-inch 223 pound senior, has taken on the assignment of replacing the absent Hines at right tackle. According to reports, Nicely will fill the tackle position "nicely" and has already proven to be a valuable asset to the Rockets' offensive line.

"Nicely replaced Hines at right offensive tackle and is basically stronger than Hines," Larkey said of Nicely.

But of the casting of the Rockets this year, the majority are experienced. The few that are inexperienced have what Saylor calls, the ability to overcome.

Judging from the outcome of the Rockets' opening game win over Lynn Camp, the season could very well be as good or better than any. Still, the true test is yet to come when the Rockets face the latter part of their schedule and lock heads with the Somerset and Corbins.

Will it be like last year, a 9-2 season. The best is yet to come....

## Rockets enter new district

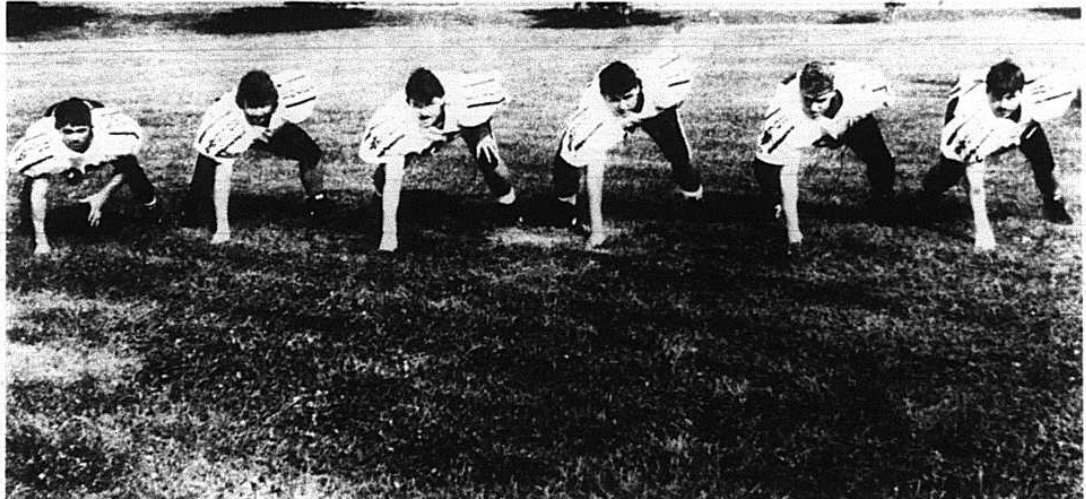

(Cont. from page 10)

son Southern and Wayne County.

But Larkey, who always keeps things in perspective, remarked that this year's team does have the possibility of being the best team he has ever coached during his tenure at RCHS. His modest outlook is simply, "I really feel good about this ball team."

Of course, fans know as well as Larkey that the Rockets can compete with these schools. And, if the truth be known, the addition of Rockcastle County has only made the schedule tougher for the opposing teams.

An advantage to the new district, for all teams but especially Rockcastle, is the loca-

From left, J.D. Harris, Jonathon Saylor, Mike Durham, Stacy Nicely, Curtis Cotton and William Bullens will all play an important role for the Rockets' defensive alignment during the 91' season.

tions of the schools. The team and fans will now only have an average of 25 to 40 miles to drive to games. The end result will be larger crowds, both on the road and at home, for the already successful Rockets' games.

The greatest advantage to this year's realignment is the new play-off system. Last year only the top two teams from each district went to the play-offs, but this year the top four teams from each district will qualify for post season play.

So for the Rockets, they would have to finish last within their new five team district in order for them not to be able to advance to post season play.

At the same time, each school will be limited to 10 games so that the extra week, when most teams played an eleventh game, can be used for the extra week of play-offs. To win a state championship a school must win 15 games.

The 1991 Rockets are at least one game closer with their 22-0 win over Lynn Camp last Friday night at RCHS.

Could it be 14 more? We'll just have to see.

*Good Luck!! Rockets in both your new season and new district!!!*
