Forward in the Fifth gets grant

Forward in the Fifth has received a \$240,000 two-year grant from the Ford Foundation, according to infor-

mation provided by Ginny Eager, Executive-Director of the Forward in the Fifth.

The grant will fund a leadership development program aimed at Fifth District parents, teachers and principals who are, or will be serving on site-based management councils mandated by the Kentucky Education Reform Act of 1990.

"We feel that the site-based decision making component of the reform law is vital to the overall success of the entire reform effort," said

John Lindgren addressing students in the Destination Graduation tutoring program.

Forward in the Fifth chairman JoAnne James. "We plan to offer these training workshops to reinforce the skills necessary to successfully implement site-based decision making in Fifth District schools.

The program, slated to begin early in 1992, will first offer workshops aimed primarily at teachers and principals, but that will also be open to the general public. They will be offered at various locations around the Fifth District throughout the spring semester.

The second phase of this leadership development program will be additional workshops, designed to train members of actual site-based councils. They will start during the latter part of the school and continue through the 1992-93 school year.

In addition, the Ford Foundation grant will fund a series of math enrichment workshops for Fifth District elementary teachers. Participating

teachers will learn how to use math manipulatives (concrete objects used to teach math concepts) in their math instruction.

"Destination Graduation" is an in school tutoring program to assist students in attaining a high school diploma. Ms. Nancy Thames of the program in Estill and Rockcastle counties. Among the many functions Ms. Thames performs is providing college student role models for the high school students as well as in having class work with praise and reward activities. One such activity was provided recently when a pizza party was held and John Lindgren spoke on the value of obtaining an education. Shown above with Mr. Lindgren are Mike Freson, Randy Chasteen, Gene Evans and Greg Damrell.

Teen Center Perspectives

By: Dina Murray

Christmas is right around the corner and many houses are decorated with lights. Those of us here at the Rockcastle Teen Center enjoy riding around town and seeing the decorations.

During this past week, the teens have seen two different Christmas

productions that were terrific. The teen center chair saw one show Saturday night in Lexington that had people of all ages participating in it - from a baby to grandparents. This Christmas show's focus was on the story of Christmas - the birth of the baby Jesus. The second show that the Junior High went to see was put on by the Brookhead Elementary School choir Monday night. They did a fantastic job, and even a few of the teens from the Teen Center were part of it. Also, Sunday afternoon, there was

Mrs. French's 5th grade social studies class has enhanced their study of Colonial America by celebrating Christmas in a traditional way. The students decorated a tree with popcorn, cranberries and homemade ornaments. They especially enjoyed lighting real candles on their tree as they studied this old German custom. They also made Amish Friendship bread and shared their bread and a starter with the principal, Mrs. Howard. Sounds of traditional Appalachian Christmas music accompanied their studies.

The Roundstone Elementary School 7th and 8th grade chorus performed at RES for the students and staff at 1:30 p.m. on Tues., Dec. 17. They also performed for the Roundstone School P.T.A. at 6:30 p.m. It was wonderful to hear these young voices singing traditional holiday songs. Sherri Mink assisted the Chorus by performing on the piano. Special thanks to Mrs. Pike, Sherri and the chorus for all their hard work.

The staff at Roundstone Elementary has been participating in several activities to help make the holidays less stressful and more enjoyable. This includes special events for the students, such as a display of staff members' baby pictures, plays and traditional holiday songs. The staff and students would like to say a special thank you to Mrs. Darlene

Larkey for her beautiful Christmas display in the foyer of the school. Merry Christmas and Happy New Year from the staff and students at Roundstone Elementary School

Youth Services Center sponsors design contest for RCHS

High School Art Department. The purpose of the contest was for interested students to design a logo concept for the Youth Services Center's brochure.

The Bank of Mt. Vernon graciously donated a \$50 U.S. savings bond to the artist whose work was selected, Hope Carmack.

Superintendent Bigge Towery Jr. and the Rockcastle County School Board are pleased to see this type of cooperation between school, administration, and local businesses. This includes special events for the students, such as a display of staff members' baby pictures, plays and traditional holiday songs. The staff and students would like to say a special thank you to Mrs. Darlene

A Christmas present arrived early for these five juniors last week. Junior class rings were received on Wednesday December 11. Proudly "showing off" their rings are Melissa Mink, Patty Clark, Crystal Hacker, Janice Alcorn and Kristy Hansel.

Each year during this holiday season Mr. Lawrence Bullock's Art classes enhance RCHS with their colorful artistic decorations. Above is the 2nd period General Art I class with an example of their art work.

Like "little elves" these industrial arts students are busy finishing their project before the semester ends. Above, Phillip Welch, Jason Alcorn, Scott Anglin and Mike Simpson are assembling their lawn rockers project.

Above are several members of Mr. Roger Vanzant's shop class around their finished projects. These students have progressed from the initial planning/design stages to the final finish coat. Each student finishing a project will be able to take the project home and proudly display this useful project.

Faulkner home burns at Livingston

A fire destroyed the home of Mr. and Mrs. Bruce Faulkner on Mullins Street in Livingston Monday night and threatened three other homes before Livingston firemen brought the blaze under control.

The second floor of the Faulkner home was occupied by Donnie Jones. No one was injured.

Assistant Fire Chief David Mason said the fire probably started in a flue.

The Mt. Vernon Volunteer Fire Department also was called in when the fire got out of control and threatened the other homes belonging to Mary Singleton, John Phelps and Virgil Young. Front siding on the Phelps home was damaged.

Mason said the fire was reported at 11:11 p.m. and firemen were on the scene in seven minutes. The department has had complaints that the response time to fires were slow, Mason said.

Residents appreciate the help from the Mt. Vernon firemen, Mason related. "If they hadn't responded we could have lost five or six houses."

Firemen remained on the scene until about 4 a.m. (Contact you from the LVFD is on page A2 in this issue).

Mike Collins, an owner of Collins Construction in Mt. Vernon, escaped serious injury Tuesday morning after the brakes failed on his dumptruck while hauling dirt over a steep embankment. The truck heavily damaged a garage owned by Harold Kelly.

New senior building

By Ray McClure

A new Multipurpose Senior Citizens Center could be under construction at Mt. Vernon, but reduced in size from the original plan.

Mrs. Shirley Cummins, executive director of Rockcastle Senior Citizens, said this week she hopes the center can be completed in eight to 10 months depending on the weather.

She reported only \$172,000 has been awarded by the state, down from a projected \$348,000 which included the senior center and child day care.

"We just have to reduce the project but we believe we can do it without sacrificing many of our services," Mrs. Cummins said.

Planned is a building on land between the Comprehensive Care Center and old U.S. 25 near Valley View Apartments. The land was contributed by the Cox family.

Eliminated will be child day care, Mrs. Cummins related. "We just don't have enough for that at this time

(estimated at \$98,000), and it's doubtful it will be at Brodhead. But something may be worked out for child day care later on. However, adult day care will remain."

The new center will replace the center at the Rockcastle Library. The new facility will contain activity rooms, dining area, rest rooms, nurse station and other needed areas.

The seniors have also received \$20,000 to renovate the center at Livingston, a building owned by Bobby Wilson.

That building will be made handicapped accessible, get dropped ceilings and be rewired among other things. At a recent meeting of the board of Rockcastle Senior Citizens organization, McGill & Associates of Berea was chosen to do the preliminary work on the new center.

Mrs. Cummins reported the board has not decided whether to let the

Agencies lend helping hand during holiday season

The Human Services Department of Rockcastle County has been the foundation to the Christmas donations throughout the county this year.

The department accepted applications from people who are in need of assistance during the holiday months.

Each application was carefully reviewed, and the families who appeared to be most in need were chosen first.

The selected families' names were then given to the various organiza-

tions, such as the Renner / Different Way Benefit, the Street Rodders of Rockcastle County, and the Renfro Valley Folks for the Tree of Love.

CAP Food Baskets and Gifts

Between December 13 and 20, more than 3,000 people will celebrate Christmas with the Christian Appalachian Project (CAP) this year.

CAP will distribute gifts and food boxes to approximately 3,658 people

in seven Eastern Kentucky counties—Floyd, Knott, Magoffin, Garrard, Rockcastle, Lincoln and Casey.

It is a celebration because families have participated in CAP programs throughout the year. The families are signed up in July and August of each year. They have usually participated in CAP's elderly, attics, home repair, youth and teen centers, Community Health Advocates, summer camp, child development, outreach and garden programs.

The Christmas Basket program solicits sponsors of families from throughout the county. The sponsors are given clothing sizes and gift requests, and then buy the gifts which are sent to CAP during November.

CAP provides the food boxes, which will include ham, peanut butter, crackers, rice, pudding, oatmeal, macaroni and cheese, soup, baking mix, apple juice, peaches, yams, evaporated milk, cake mix, marshmallows, Cheerios, beef stew, a variety of beans, corn, flour, potatoes,

oranges, apples, stuffing mix, and in some cases, Pepsi. The food stuffs are given by CAP.

Renfro's Tree of Love

In the true spirit of Christmas, Renfro Valley workers have contributed their time and energy to help supply less fortunate residents of the county with food and gifts.

The Tree of Love, located in Santa's Workshop in the Renfro Village, gives the public a chance to share in the gift of giving to needy children.

A list of families was obtained from the Rockcastle County Human Resources Department of needy families, and Renfro Valley hung one ornament for each child in these families on their Tree of Love. Visitors to Santa's Workshop are invited to choose and ornament, which represents a child. The visitor then purchases gifts for the child for Christmas.

Each ornament on the Tree of Love represents one less fortunate child. Visitors can choose an ornament, then purchase gifts for them, bring them back to Renfro Valley who will in turn give the gifts to the children.

A majority of the 65 ornaments that represent the children have been accounted for, so there is still time to give to the Tree of Love. All of the children, up to age 15, will receive gifts. Renfro Valley will give gifts to all children on the Tree of Love if they have not been chosen already.

According to Renfro Valley spokespeople, the majority of Tree of Love participants have been local families who want to give to needy Rockcastle Countians.

Although there are several ornaments left on the Tree of Love, Renfro Valley, Inc. will oversee that each and every child on the tree will receive a gift. If any ornaments are left, the Folks will supply gifts for them.

Truck stolen at Richmond

A 1989 Chevrolet 4-wheel pickup was stolen from the parking lot of Mt. Vernon while it was parked at Richmond Mall last week.

The red pickup was parked near the Penny Store entrance. All they left was a broken window.

Singleton reported Richmond police said 101 vehicles have been stolen in recent weeks. Thieves are taking 4-wheelers, Blazers and Chevrolets.

Singleton said too many are taking parts and guessed they are being taken out of state.

Lair book now on sale

"Rockcastle Recollections" went on sale Dec. 18 at the Rockcastle Library.

Persons interested in purchasing a copy, the book is \$14.50 including tax.

If the book is to be mailed, include \$3 for shipping and handling and address it to Rockcastle Recollections. For information, call 256-2319.

Weather facts

A total of 6.74 inches of rain, and very little snow, has fallen in Mt. Vernon to date in December.

The high to date this month was 67 on Dec. 2. Low was 13 on Dec. 5. Monday's low was 17.

Burley price vary

Kentucky burley tobacco markets opened with stronger prices this year compared with last, but prices varied more widely among grades.

"Most tobacco in Kentucky sold in the \$1.77 to \$1.82 per pound range with some lots of better quality fetching \$1.85. Volume was heavy," said Will Snell, extension agricultural economist with the University of Kentucky.

Snell said that he expects that the price differential between grades may narrow later in the marketing season depending on crop size.

"Buyers apparently believe there is more tobacco to be marketed this year than I do. Many of the houses also believe that there will be less marketed this year than the buyers believe," Snell said.

Cold wind chills parade

Folks came to the parade shivering and jiding from the wind Saturday; nearly a thousand visitors braving the elements to welcome Santa Claus to Mt. Vernon.

In one of the coldest but sunniest days since the annual Christmas parade began, visitors huddled in doorways and cars coming out only when the horns and sirens could be heard.

It was the best parade yet, one visitor said. "It just gets better and fonder every year. Too bad the weather don't always cooperate."

Attendance was less this year, mostly because of the cold wind that sent chills through the crowd. Before the parade, the Hill Top Stomper of Mt. Vernon entertained the crowd with clogging. The girls' short dresses must have been an encouragement to clog faster.

The parade was dedicated to the Rockets football team which finished the season with an 11-2 record, losing to Danville in the playoffs.

There were prizes awarded. Rockcastle Manufacturing won first place in the commercial floats with its depiction of the parade theme, Story Book Christmas.

Second place in commercial floats went to Audio Sound of Richmond.

First place in the non-commercial floats went to Tiger Cub Scouts of Mt. Vernon. Second place went to Roundstone Junior Girl Scouts. Third place went to Roundstone Boy Scouts, Pack 3.

There were 10 floats. Renfro Valley and parade sponsor, Rockcastle Region Rodders asked not to be judged.

There was plenty of entertainment including the London and Lexington Oleka Shriners who brought their little cars and trucks to please the children. The Rockcastle High School band led the parade. An ambulance and hummer vehicle came from the National Guard.

As the parade wound down after

about 40 minutes, the cars came, fancy and otherwise, followed by the horses and wagons.

LaVerne Winstead and Jackie McKinney gave lots of time in coordinating activities. Money for the float prizes came from the Bank of Mt. Vernon, Citizens Bank, Renfro Valley Folks, James Lambert and the Rodders.

Points East

By: Ike Adams

A couple or three years ago one of William McClure's buddies from the Blue Springs country in Rockcastle County wrote me a letter in which he offered to sell arbutus Troybilt tiller for \$600.

I lost the letter because I didn't have \$600 at the time and no prospects of coming into that much disposable cash in the foreseeable future. I still don't have the money but I have built up a line of credit at the Central Appalachian People's Federal Credit Union and I feel fairly certain that they would enable me to purchase a Troybilt at that price.

But I can't remember the fellow's name. It's like losing a winning lot- tery ticket.

June Widman and Gil Rosenberg loaned me their Troybilt for the past gardening season and I became hooked on the product. They have a Troy Horse, but they spent the summer in Berea where they had no room to garden and I managed to borrow it in exchange for vegetables.

The deal was that I would get in my crop and get the tiller back to them after a few weeks. I've had it for nearly a year now. In fact, it thinks that it is a member of the family because I make a habit of going out to the garage two or three times a week and petting on it. I call it "Baby".

Baby is the most wonderful gardening helper with whom I've ever done, influenced by my wife's spent in Rockcastle this winter. It has been a wondrous time for me.

Katherine Mullins Green

The American novelist, Thomas Wolfe, once said you can't go home again. I beg to disagree.

Many years have passed and memories gathered since I have been home for Christmas.

Times have changed. Years have flown into the past, but memories are strong and everlasting, as I prepare for Christmas - once again - in Kentucky.

Winter clouds fly fast through the heavens. Cardinals and other courageous birds dot the landscape, adding sparkle to the soft, muted colors of winter.

Expectations are growing as stowed ornaments and gifts are brought out to adorn the Christmas tree.

Presents are wrapped in mysterious beauty. Holly branches and evergreens cascade in lush abundance. Candles glow from the misty windows as only Christmas candles can.

Pungent fragrances pour from the kitchen as preparations for the Holiday feast begin.

Yes, times have changed. But to look into the fields and solemn mountains - it could be, as if time stood still. All this, with a gathering of the family - yes, I've come home again.

Dear Editor,
I am trying to find my children, Thomas Lee Carpenter (Hoskins), age 17, and Jessica Ann Carpenter (Hoskins), age 15.
They are the grandchildren of Junior and Jerry Anglin of Mt. Vernon. Their mother is Kimberly Anglin (Hoskins), wife of Michael Hoskins.
My children have been adopted under duress. I didn't know they were being adopted.
I haven't seen my children in 13 years. If anyone knows where my children are now, please let me know at the following address: Junior and Jerry Anglin know where they are but refuse to tell me where they are living, but I know they visit them.
Thank you,
Bert Lee Carpenter

Thank You from the Livingston Fire Dept.

On behalf of all the members of the Livingston Volunteer Fire Dept. I would like to express my appreciation to the Mt. Vernon Volunteer Fire Department for their help in containing the fire on Mullins Street in Livingston on December 16.

Also, I would like to thank each member of the Livingston Volunteer Fire Department for their effort and hard work. Although we were criticized for not responding fast enough, the truck and firemen were at the scene within seven minutes after the alarm was sounded.

There was minor damage to three other dwellings. All the firemen are to be commended for a job well done. The house that burned was a complete loss, but several homes were saved by great effort of all the firemen.

I would like to say thanks to each and every fireman that risked their life to fight this fire and the neighbors should say thank you also.

David Mason, Asst. Fire Chief
LVFD

I hinted to Loretta that a new Troybilt would be a real nice Christmas present so she went out and priced them. A new model of Baby costs approximately five times our net worth. There are some small farms in Garrard County that can be had for less than the cost of a Troybilt tiller. The combined value of both our vehicles would barely make a down payment on the one I want.

It's a fine gardening implement, but my God, all I want to do is grow a few rows of beans and cabbage. A few hills of cucumbers and tomatoes and maybe a pepper plant or two. Maybe work in a long row of Zinnias and Mangolds alongside the road and like that.

If the Kentucky Lottery folks would put a Troybilt House on the

Library News

By: Geraldine Robbins

Merry Christmas and a Happy New Year to all our patrons and friends of the Rockcastle County Library. This has been an enjoyable year of me working with everyone and trying to make the library a warm and comfortable place for you to come into to get books and other materials. We are also glad for you to just come in and say hello and look at the new magazines and other things of interest.

Also, Pam and I want to say Hello and Best Wishes to all the bookmobile patrons. I miss seeing all the friends I have out there after having worked as bookmobile librarian for eighteen years. Most of you have been very pleasant and courteous to me over the years and this made my work much easier.

Pam is doing a terrific job as my replacement and I hope you will show her your appreciation for her service.

"POINTS EAST"

(Cont. From A2)

prize list, instead of a million dollars, I might start playing that scam.

In the meantime, I'm at a loss. I figure that a brand new Troybuilt, 8 horsepower tiller is probably worth \$350, maybe even \$400. I'd pay that much for one in a heartbeat.

What I won't pay for is the 100,000 pounds of paper that the company cranks out for every tiller it sells. They use the paper to advertise the tiller, by going to and just another tiller. I'd like it to have roots and netles. I'd like it for it to provide shade in the summer and a place to hang lights this time of year. Buy a new Troybuilt and you're purchasing a tree except that it has been mulched into paper with lots of ink. For every dollar you spend on the tiller, you're spending three on the tree they killed to advertise it. And that's a sad comment on American Enterprise. It's a sadder comment on a fine piece of equipment whose manufacturers claim to be ecologically responsible.

But if you know of someone who is disillusioned with his or her Troybuilt. If you know of an estate that is being settled wherein a Troybuilt is up for grabs. If you bought one last year and found gardening to be frustrating and just another allergy, then call me because I may be able to help you out. If you're willing to write off the tree they used to advertise the tiller, I'm ready to pay a fair price for the implement itself.

It's also time to commence the great Adams Family again, the Signal Seed Catalogue Scam. Here's the way that works. We've been doing it, by the way, for ten years so it's perfectly legal.

You send 29 cent postage stamps to the address that I will provide at the end of the catalog. My kids will put your name on a mailing list and send it off to several dozen companies who publish free catalogues. We'll plug the Scam for the next two or three weeks in the paper and if things go the way they normally do, seventy-five or so of you will sign up. The kids will use your stamps to put postage on envelopes to the seed, tool, sporting goods, sexy lingerie, etc. companies who supply catalogues and you will get mail like you have never seen before.

If you signed up last year and I were you, I'd save my stamps. You'll get the same mail again in the Spring. However, if it's been more than two years since you took advantage of this scam, we have lots of new catalogues and we do, in fact, like to see our mail carriers earn their keep.

Don't do this if you like your mail person. Because you will add many pounds to whatever he or she has to sort and pack around. On the other hand, you do pay taxes. And if you like to shop at home, we are prepared to bring the opportunity to do so to your mail box during the late winter months. We specialize in garden seeds (about 30 catalogues) but you will also get correspondence from folks who sell everything from transparent panties to baby chicks.

We had a letter recently from Mable Crater in Science Hill, Kentucky. Mabel says that she has to walk nearly a quarter mile to her mail box and that she used to get stuff like the phone and electric bill and a letter from her son in Arizona once a month. She tells me that she has had mail every day for the last thousand days it has been and she actually thanked me for that!

Don't sign up unless you want mail. Lots of it. Several of the seed companies are giving away Troybuilts, by the way. I'll gladly pay \$600 to anyone who wins an 8 horsepower model they can use.

Send your stamps to Ike Adams 6945 Hwy 52 W, Paint Lick, Ky, 40461. Be patient. Your mail box won't start busting until the first week of February. You'll be cussing me in March, but hey! I'm used to it.

to you. Rockcastle County has some of the finest people in the world and we appreciate this. It makes our job much more pleasant in serving you. A lot of people still aren't taking advantage of the many free services we have to offer. We extend an invitation to those people to come in and see us in the new year.

The library will be closed Dec. 25th and 26th so that we may spend some time with our families. Also, we will be closed Jan. 1st and the bookmobile will not be out the entire week of Dec. 23rd to 27th.

Some new books that are ready to be checked out are:

Hour of the Hunter by J.A. Jance - Native American mystery and wisdom are in the background of this mystery thriller. Diana Ladd's husband killed himself after being accused of killing a young Indian girl. His partner in crime has now been released from jail and is after Diana and her son.

Her son's nanny, Pam, is an Indian wise woman who has powerful resources. With Diana, these two women and a local detective, band together against the killer as he moves closer and closer to Diana. But can they band together tightly enough to stop this crazed killer?

Frontier by Louis L'Amour - L'Amour's writing career is awesome: 87 published novels, 17 short story collections, three works of non-fiction and a collection of poetry. Combined with the photographic talents of Muench, this book brings the history of the American frontier to an unprecedented peak.

Giving readers a personally guided tour across the broad sweep of the North American continent, L'Amour has written 25 essays especially for this book. His fact-filled prose conveys the impact of the land on the people who came to it, and shows how the challenge of the frontier shaped our nation and continues to inspire us today. Illustrated with 140 photographs by acclaimed Photographer Muench, this is a book readers will return to again and again.

Wastelands by Stephen King. The wait is over for the millions of fans eagerly anticipating the next installment of the riveting Dark Tower series. Enter the realm of the mightiest imagination of our time as the Last Gunslinger crosses the desert of damnation and approaches the Dark Tower of his dreams and nightmares.

The Duchess by Jude Devereaux - Ms. Devereaux, whose novels have more than 20 million copies in print, is back with a magical love story set in late nineteenth century Scotland. Claire Willoughby, an all-American girl, goes to Scotland in search of a titled husband. Once there, she finds handsome Harry Montgomery, the Eleventh Duke of MacArran, and quickly becomes engaged. Harry owns his own castle, Bramley Castle, and upon their engagement, takes Claire with him to visit. Claire meets an odd assortment of relatives and discovers, in many unusual twists and turns, some curious branches on Harry's family tree.

Don't forget our videos and audio tapes. We have two new Christmas videos.

Why do more Rockcastle Area Families Recommend Dowell & Martin Funeral Home...

Billy and Kay,

We just wanted to thank you for everything you did for our family in our time of grief. You did so much to make it easier on all of us.

Also, we want you to know how grateful we are for your many kindnesses at the funeral home - staying open so much longer than planned, the personal attention showed to each of us and our friends who shared our grief. For letting us take our time in making arrangements and selecting the casket. For having the graveside service set up at a more convenient location for everyone. But, mostly, for the time & attention to detail you spent on making our Mom/Khadma look so beautiful, without any evidence of her injuries. Words cannot express how much we appreciate that. With warmest thanks,

Kay & Bill

You've done so much - we could never begin to thank you enough.

Can't put in words our appreciation for your kindness shown to me and my family during our grief - less.

Dowell - Martin

Thank you for your kindness during our time of sorrow. I have been to lots of funeral homes but yours is the best. My dad had expressed that also. May God bless you.

Dear Sirs;

I want to thank you both very, very so wonderful to my family, during the most distressed days of our lives. You assured us that our loved one (you seem) to smile compared to all your efforts... I shall never forget you. Your patience and concern with me still seems unreal... a total stranger to you and you treat me "under your wings" as you would a long time friend. You ignored any frustration that slipped out, soothed my tensions, and responded with total warmth and understanding. I shall never forget those terrible terrible days, and even now, I'll always remember how much you did to ease the pain.

To Dowell - Martin Funeral Home Staff,

We wish to express our heartfelt thanks and deep appreciation to all of you for your kindness, support and professional service during our time of need. Your sincere concern and assistance before, during and after the funeral of our husband and father means more to us than words can express.

To the Staff:
I WANT TO EXPRESS OUR APPRECIATION FOR SERVICE, CONCERN, AND LOVE THAT WAS GIVEN BY YOU ALL DURING OUR TIME OF SORROW AND GRIEF.

AS YOU WILL KNOW THIS WAS A VERY DIFFICULT TIME FOR US. ESPECIALLY SINCE THIS WAS THE FIRST DEATH IN OUR IMMEDIATE FAMILY YOU HANDLED EVERY DETAIL IMMEDIATELY.

THANK YOU FOR CHASING THE HORROR IN SO MANY WAYS DURING THIS WHEN SHE WOULD FOR SURE, EXACTLY WHAT TO DO.
I THANK YOU.

Dear Billy + Kay,

Mother + I would like to take this moment in time to tell you how very much we appreciate your thoughtfulness + caring after we lost Daddy.

The special care you showed in making everything go so smoothly made a very difficult time much easier for us to bear.

Daddy had great respect for Dowell + Martin + he would have been pleased with all the arrangements of his funeral.

God has blessed Dowell - Martin with caring people + we are very grateful for your friendship. Thank you again + God Bless!

Dear Kay + Bill:
Life is difficult to live with out the presence of our loved ones and it is very hard to see you all the time and to see you all during the recent loss of our loved one.

Charting Rockcastle

By: Richard Anderkin

At Berea's Chamber of Commerce banquet Thursday night, Ralph Gabbard, an owner in Renfro Valley Folks, gave what I thought was a very good speech. A speech that could have been considered controversial, but one that was straight to the point and one that, as he said in the beginning, you didn't have to agree with because it was only his personal observations.

He talked of the daily stress and pressures that we all seem to have put on ourselves in the past few years. He talked of the days when family

members would all eat their nightly meal together, when they would talk about the day's activities and share each others problems. He talked about how simple life used to be.

My Dad has always told me that you can never go back the way they once were, because you are in a different time, surrounded by different people and facing different circumstances.

But, as Gabbard said, the simple way of life in our country seems to have disappeared. And, if my Dad is right, there is no going back.

It seems that we are all too busy to enjoy life, to watch our kids grow, or even help the neighborhood strip his tobacco.

Rockcastle County Street Rodders Car Club contribute to needy at Christmas

The Rockcastle County Street Rodders have donated stockings full of fruit to needy families in Rockcastle County.

The Renners / Different Way Benefit Concert

The Different Way and the Renners, both gospel groups, donated their time and talent at a benefit performance at Renfro Valley.

The proceeds of the performance went to help provide food, clothing and gifts to less fortunate families of Rockcastle.

A total of 85 people attended the concert, with \$160 in cash and 10 bags of food donated.

The concert was a success. With the economy at a low, the donations were greatly appreciated.

One Recipient of Needy donations tells her story.

It's a familiar story for many Rockcastle Countians in the 1990's: low wages, rent payments due and it is Christmas time.

One family that will receive the goods and donations from the organizations and projects, such as the fruit stockings, Tree of Love, and Outreach food baskets, fits the profile previously mentioned.

The family consists of a father, mother, an infant child and another on the way.

The father was laid off from work four months ago, and the mother had to cut her working hours in half due to her pregnancy. "My check just pays for the rent and that's it. The food and things are really appreciated," said the mother.

The family received a Thanksgiving basket this year from CAP's Outreach program. "I think it is good for people who don't have anything," she stated.

In addition to their financial hardships, the mother has diabetes, and has to travel to her doctor every two weeks in Lexington.

The family hopes to get settled soon, but in the meantime, these projects help the families enjoy Christmas.

people in this country. Many of those people are children - that my friends is terrifying to me. In the supposed land of milk and honey - something has gone wrong. As Gabbard asked, when did it happen?

In the 60's, and 70's with the flower children and Vietnam? Or was it in the 80's with so many people making so much money, but charging more on credit than they were making? That, along with the fact that no one in Washington seems to care that our national debt is in the trillions of dollars seems to be the key to me. I hate to blame everything on the government but they are to blame for many of our problems.

As Gabbard said an immigrant can come into our country, immediately have a child and start collecting \$600 from our welfare program. While I certainly am not against helping our fellowman, it is very difficult to grasp why we can dish out money by the millions for, whatever reason and can't keep children from sleeping on the street.

"I have always believed in a strong military in this country, but Operation Desert Storm proved without a shadow of a doubt, that we have more than we need for our own protection," quote from Gabbard's speech, which after reflecting on a while I totally

agree with. By cutting military spending and putting those billions back into the economy we can all benefit from better education and better health services.

I always thought that small towns such as Berea and Mt. Vernon were somewhat recession proof, but in 1991, I'm sad to say that I am wrong. We are in the midst of a serious recession and unless things change it is going to get worse during the next few months and then if things don't pick up, there will be a Democrat president in the White House.

I know all of my Republican friends and some of my family members will think I've lost my mind, but, in a way, that may be good. I don't think things could get any worse under a Democrat president and after all we've had one Democrat in the White House in twenty years. Maybe it is time for a change. But, then you think back to Jimmy Carter's term, 20 percent interest rates and 20 percent inflation. That, I guess would be worse than the recession we are presently in.

Gabbard said that if every individual and business in America paid a flat tax rate of 10% on income and profits, with no deductions, the country would be debt free tomorrow. If Gabbard is right, then President Bush and Congress should pass the law tomorrow. After all many of us pay 20% to 30% a year now and I think we would all prefer to pay just 10%. To do that however, those that

aren't paying taxes at all would have to pay their share. On a brighter side, if your family is well and if you have a roof to sleep under and food to eat, things are not

as bad as they are for some. Do something for the less fortunate this Christmas and it will help you feel better about the recession.

"What Saith the Scriptures"

I heard a fellow make a comment the other day that in the 60's, 70's & 80's, "Free Sex" was promoted; nowadays for the 90's "love sex" is being promoted. Paul, in Eph. 5:6 said, "Let not man deceive you with vain words" in the context of vs. 3-6, he is talking about immorality. Let's study what God says about sexual behavior and dispel these vain words about this subject.

During the 60's & 70's and the first part of the 80's, when "free sex" and phrases like "make love, not war" were being promoted, in truth, fornication and adultery were what was being endorsed. People were deceived about it being "free," and that such acts were "love." New strands of syphilis and gonorrhea; herpes and then AIDS came on the scene and all this immoral sex was no longer "free." It was never really love but lust and passion that was being promoted. God says "Marriage is honourable in all and the bed undefiled; but whoremonger and adulterers God will judge" Hebs. 13:4. Yes, God shall judge men and women in eternity but he has also put consequences for sin here in this life too; that's why all these venereal diseases happen. (It's true sometimes innocent people catch these diseases, but innocent people have always gotten hurt because of the wickedness and sin of others).

Now the promotion for today is "Safe Sex" which is really the same old immorality, with only some slight changes. Like, wearing a condom or being a little more selective of your bed partner(s). Such is nonsense, it's God's Will "that ye should abstain from fornication," I Thes. 4:3. "Safe Sex" should be either abstinence (i.e., no sex) or sex within the confines of marriage. The marriage bed is undefiled as we noticed from Hebs. 13:4 above, every other sexual activity is sinful. Plus, there is a good chance of contracting V.D., which can cause sterility, blindness, nerve diseases, a host of other problems and yes, even death. Young people don't be deceived by all the vain talk about "Safe Sex" nowadays. Listen to what God has said about these matters and possess your vessels (bodies) in sanctification and honour. You will never be sorry you kept yourself pure till marriage.

Fairview News

By: Mrs. Hubert Chasteen

Rev. Harvey Pensol filled his regular appointment at the Fairview Baptist Church over the week end with good attendance. Our Sunday School attendance was one hundred and thirty and several more came in for worship service. Thank the Good Lord.

We thank God so much for our little country church where we can gather from time to time with our relatives, friends and neighbors and for the love that is shown to each other. Jesus loves us and He wants us to love one another. To me, where there is no love, there is no peace or happiness. I've never had any problems with loving people. I wish the whole world could love and care for each other more than they do.

To all those who have lost loved ones recently or have heartaches and sorrow in their home, just remember that someone is praying for you and cares deeply for you. And, you know too that Jesus loves you.

Several people have been suffering with the flu and some schools have closed due to this outbreak. Hope by now you all are feeling much better.

On Sunday night, Dec. 16th at our church, a program was presented entitled "Christmas Around the World." Each Sunday School class reported on a foreign country, about their traditions, their Christmas food and the way they celebrated the holidays. They also made ornaments representing these countries and hung them on our Christmas tree. We also made a dish of food to represent each country and enjoyed these delicacies after the program was over. We had a large crowd and the evening was enjoyed very much. The program was on Missions.

Mrs. Mary Cope has had recent guests - her daughter, Mrs. Jean Hayes of Winchester (over-night) and her son, William, and family of Bee Lick. Eugene and Hallie Alexander were dinner guests of their daughter and family, Mr. and Mrs. Rex and Jewell, Davidson and children of Brodhead on Thanksgiving Day.

Our visitors recently have been Mrs. Thelma Thacker of the Roundstone area, James and Joyce Seals of Paint Lick and Wayne and Carolyn Chisler of Berea.

Visiting at the home of Mr. and Mrs. William Alexander of Brodhead Saturday were his brother, Eugene, and Eugene's two grandsons, Cody Alexander and Jeremy Davidson.

Visiting her brother and family, Mr. and Mrs. Bert Ingram of Berea, recently were Eugene and Hallie Alexander.

Sunday supper guests of Mr. and Mrs. Eugene Alexander were their daughter and family, Rex and Jewell Davidson, Jonia and Jeremy.

Well, most people are busy getting ready for Christmas and everything around here is rather quiet and not much going on.

Gergely - Mullins

Mr. and Mrs. Stanley Mullins would like to announce the marriage of their son, Pfc. Ralph S. Mullins, Jr. to Eniko Gergely, daughter of Mr. and Mrs. Levente Gergely of Germany. This special event took place Dec. 16, 1991 at the home of the groom. Dennis and John Rigby attended along with family members. A reception was held following the wedding ceremony. The couple will make their home in Germany where Pfc. Mullins is stationed with the Army.

Around Brodhead

By: Mary McWhorter

(Delayed)

The Fairview Church's Christmas program will be presented on Saturday evening, Dec. 21 at 7 o'clock and the Christmas Cantata will be presented by the choir Sunday evening, Dec. 22. Everyone is welcome and invited to attend.

So, as Christmas is approaching rapidly, I just wish to say to each of the dear readers of the Signal, I wish for you the most blessed Christmas you have ever had with your family and loved ones. If your parents are still with you, you are most fortunate and if you have other members of your family gone, such as a child, brother or sister, my heart goes out to you. My parents are gone, so are four brothers and two sisters. So Christmas with me is a sad time of memories long past. But, I still have four sisters and two brothers to love. And, I do have my own family and many relatives and so many friends that I love dearly. So, remember Jesus is the reason for the Season and center your Christmas in Christ - Love - N prayers. God bless you.

The Signal office will be closed Dec. 24, 25, 26 & 27

Mrs. Altair Burkhardt reports the senior citizen group enjoyed a bountiful dinner at Mt. Vernon with turkey, dressing and chicken, all kinds of cakes and pies, ham and dumplings and plenty of good coffee and pop. Also, good spiritual singing and prayer, thanking the Good Lord for another good year. Mrs. Burkhardt says she couldn't get by without senior citizens as they take her for all her needs such as grocery shopping and doctor's appointments and on trips.

Holiday guests of Mrs. Elva Mobley were Mrs. Zola Wenger and Mr. and Mrs. David Deborde and little Cody. Also recent guests were Mr. and Mrs. Ernie Todd of Goochtown and Mr. and Mrs. Henry Owens of Level Green.

Craig Singleton and friend of London were Sunday week afternoon guests of myself.

Mrs. Linda Clark and husband, Bob, and daughter, Anita of Lebanon, Ohio spent the week end with her mother, Esther Hubbard, and husband, Ray. Also attended the Brodhead Baptist Church. Other visitors were John Lewis and wife, Cindy,

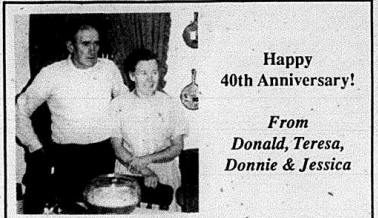

and her mother, Margaret Singletary, all of West Chester, Ohio.

Mrs. Pat Pruitt, Mickie Lea and Freddy, Jr. and myself all enjoyed a real good dinner and visited with Gervis and Carol Singleton and family in London. Also Ron, Carol and Adam from Louisville and their daughter, Holly and boyfriend of Louisville were Friday visitors and we all had dinner at Jean's.

Thanksgiving Day guests of Rosetta Brock DeBorde and children were Lucy Brock of Brodhead and Ben and Jessie Brock of Hamilton, Ohio, Russell and Ronald Hayes of Middletown, Ohio, Jim and Janice Browning and children and Mark and Beckie Holbrook and family, all of Dayton, Ohio, Geraldine Holbrook and Teddy and Anthony Holbrook, all of Brodhead and Phil and Lisa Worrell and family of Dayton, Ohio. Everyone had a good time and plenty to eat.

Delbert Long is a patient in the Berea Hospital suffering from a heart attack and pneumonia. Our prayers are with him.

Mrs. Fannie B. Albright and Lloyd and Emma Shatts attended the funeral of Bro. Charles Brown in Stamford on Sunday afternoon. My son, Gervis Singleton and I were in Stamford for the viewing on Saturday night. Our deepest sympathy goes to his

Protective Parenting

By: Ginny Gilpatrick

Last week I was at a gathering which included several women with grown children. My attention was caught by the conversational comments of June Stevens, a teacher at RCHS who is loved and respected by the students. June was relating her drive down the Christmas-decorated streets with her grandchildren who were outspoken about decorations which they did and didn't like. Hearing the negative comments, she spoke up and pointed out to them that each and every light was someone's special celebration of the Christ child and chided them for making judgments on the different ways people express their love for the season.

June expresses that she is not so hesitant to stand up for her values with her grandchildren, and she said she wished she'd been more "verbal" with her own children as they were growing up. Comments from other seasoned parents present supported this. Intuitively, as we get a little older, we realize how precious is our belief system and the traditions that support it. All too often today's children grow up with out a clear belief system... and then we wonder why they seem to blow whichever way the wind blows.

Parents generally need to be more verbal as June suggests. If your motivation for gift-giving at Christmas-time is inspired by gifts of the Magi to the baby Jesus we need to tell our children that. This will open their thoughts to the joy of giving in the season and displace the focus of the joy of accumulating.

In addition to religious convictions, your belief system includes such things as your concept of the appropriate roles for various family members (whether mothers should work outside the home; whether parents should strive to give children everything they ask for; at what age children can safely be left in charge,

etc.) It includes your sense of setting and striving toward goals. It includes the gift of a clear belief system. This gift will last long after the tree is

down.

As you are driving toward Wal-Mart for those last minute gifts, turn off your car radio and ask yourself if and when you have spoken up to your children to communicate aspects of your belief system. You may receive some cues that your child is not clear as to what you believe if he is constantly wheedling and begging you to give in to his demands. If your child's manner of behaving is not consistent with what you believe, you need to wonder whether you have made your beliefs clear to him. Dare to be verbal. So what if your child challenges what you believe? You have lived on this planet a lot longer than he has and most probably you have a sounder basis for what you believe than he does. Give your child

Cash attends Echocardiography

Sherry Cash, chief technologist at Rockcastle Hospital, Inc., has recently participated in the introductory educational program for the specialty of 2-D/m-mode echocardiography at the Gulf Coast Ultrasound Institute in St. Petersburg, Fla.

Echocardiography is an ultrasound of the heart in motion. Echo can detect abnormalities of the heart wall, heart valves, and the heart's large blood vessels.

Record for EKV enrollment

Greater accessibility to quality higher education has prompted a record enrollment at Eastern Kentucky University, according to EKV President Hanly Funderburk.

EKV has enrolled 16,525 students for the 1991 fall semester, the 24th consecutive enrollment increase at the university. Last fall, 15,371 students enrolled for classes at Eastern.

A slight increase in the number for first-time freshmen students was noted, while an increase of 15 percent in the number of students transferring to EKV from other schools was recorded.

University officials attribute the increases to students' appreciation for EKV's quality programs and efforts to meet educational needs throughout EKV's 22-county service region.

"We have worked hard in recent years to make higher education programs more accessible through the development of permanent facilities in Corbin, Manchester and Danville, a greater number of extended campus course offerings, and creative scheduling," said Dr. Funderburk.

The EKV president noted that the university has been successful in efforts to attract more high-quality students to quality programs, a car-

mg faculty, enhanced scholarships, and a challenging academic honors program. EKV's 1992 spring semester classes begin Jan. 9. Spring semester registration and additional information is available by calling the Division of Admissions, at 1-800-262-7493, ext. 2106.

Electrical class offered by Dept. of M & M

The Kentucky Department of Mines and Minerals will be conducting an Initial Electrical Class beginning on January 6, at 6 p.m. at the Barton Building in Barbourville.

The classes will be held on Monday and Wednesday nights from 6 p.m. to 9 p.m. This class will meet both State and Federal requirements.

There is no charge for this class. Take Route 459 south from Barbourville, go 1 mile, and it is a red brick building on the right side of Route 459.

Weight loss/Stop Smoking seminar

If you have ever tried to stop smoking "cold turkey" or lose weight, you know how painful it can be.

Now the people at Directional Consulting are offering a "painless way to quit smoking and lose weight."

Directional Consulting Institute has been instructing and researching in the field of hypnosis for over 16 years, and one of their certified hypnotherapists will be the featured speaker at the Best Western Kastle Inn Restaurant on Monday, Jan. 6, at 4 p.m. This is Direct Consulting's quarterly stop smoking/weight loss seminar.

"Some people spend hundreds or

even thousands of dollars on gadgets and gimmicks to help them stop smoking or lose weight. DCI explains, "but we have managed to keep our price down to \$50, and our students don't have to suffer when they throw their cigarettes away or during weight loss. Both programs are in-

cluded in the \$50 fee. Hypnosis has been used to control pain and strengthen the will for generations. We have refined the technique so that smokers and dieters can use it as well."

The Institute guarantees they will work with their students until they

reach their goal. "All they have to lose is a little time and lots of weight and a lot of cigarettes."

For further information, call (219) 385-3404.

The Signal office will be closed Dec. 24, 25, 26 & 27

POETRY ALIVE! IN SCHOOLS

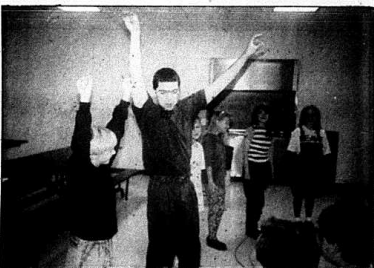

On November 21 and 22, the Rockcastle County High School English classes and the county fourth graders were entertained by the antics of **Poetry Alive!** The North Carolina based troupe uses poetry to draw out the imaginations of students in order to stimulate their minds into focusing out ordinary occurrences as subjects for poetry.

Poetry Alive! actors, Ron Myles and Allan Wolf interact with students and faculty at RCHS during a presentation of "Casey at the Bat." From left are: Paula Wilmut (catcher), Mrs. Nancy Bussett, Stephanie Pope (umpire), Scott Mullins, April Powell (pitcher), Myles Wolf.

Mrs. Iris Young and English students discuss ways to present poetry subjects with Allan Wolf and Ron Myles of **Poetry Alive!**

Poetry Alive! member Allan Wolf uses creative dramatics to enhance poetry presentation with fourth graders at MVES. On Friday, November 22, all county fourth graders were bused to MVES which hosted the **Poetry Alive!** company.

55th Wedding Anniversary
Happy Anniversary,
Danny and Ruth Sargent
on December 19th

The Sargents have two sons, Royce of Brindle Ridge, Bruce of Berea and one daughter, Cherri Collins of Brindle Ridge.

Fifty-five years I believe is right,
Seems like a long time
But it's not when things go right.

Ruth married Danny
When he was just a lad.
Sometimes she's sorry,
Other times she's sad.

Living together all these years,
There's always been fun,
And sometimes tears,
Not many make it nearly this far.

Ruth was so young,
And pretty as could be,
I believe she was only fourteen,
When Danny said that's the girl for me.

We all love Danny and Ruth,
They are fine neighbors,
I tell you the truth,
What would Danny do without Ruth?

Lady Rockets finish second in Lincoln County Tournament

The Rockcastle County Lady Rockets are now 4-2 on the season after finishing second in the Lincoln County Tournament last weekend and beating Oneida 62-24 Monday night.

The Lady Rockets beat Mercer County in the first round of the tournament, 68-51, and lost to Lincoln, 62-61 in the championship game.

"The loss to Lincoln was a heart-breaking, disappointing loss, the girls played their hearts out and they deserved to win," head coach Chrisy-Beaver said.

But, with five seconds to go in the game, what everyone believed to be a three-point shot by Kristy Sargent to tie the game up at 62, the referees saw differently and awarded Sargent only two points for her efforts and the Lady Rockets had to take home a one-point loss and a second place finish.

But the Lady Rockets showed some heart and determination when they fought back from an 11-point deficit with 1:00 minutes to go in the game to come within inches of tying the game up and sending it into overtime.

The Lady Rockets were plagued, once again by foul trouble. Starting center Cindy McCauley spent most of the game on the bench with fouls and starting guard Beth Amyx did likewise.

"We got in foul trouble too early, that has hurt us all season," coach Beaver said.

Even though coach Beaver feels the Lady Rockets didn't execute their offense the whole night, they really worked hard and never gave up.

"They wanted to win for everybody there, now they're finally wanting to win for themselves," Beaver said.

In first round action, the Lady Rockets came out and jumped on Mercer County quick to take a 14-6 lead at the end of the first quarter. But, Mercer outscored the Lady Rockets 14-8 in the second quarter to cut the Rockets lead to two at the half.

Mercer continued to outscore the Lady Rockets and at the end of third quarter Mercer County took a three

Grace and Scaffold Cane tied for first in church league

In its third week of action, two teams share the lead in the Rockcastle Church Basketball League. Grace Baptist I and Scaffold Cane Baptist are locked for first with equal 3-0 records.

In play this past Monday, First Baptist II edged out Ottawa Baptist I, 49-45, in the first game. Leading First Baptist in the win were Darrin Smith with 16 and Robbie Phillips and Jason Fletcher with 12 each. Dennis Harris had 15 and Mark Bishop 12 to lead Ottawa in the losing effort.

In game 2, Scaffold Cane easily defeated Grace Baptist II by a score of 51-30. Leading Scaffold Cane in scoring were Randy McClure with 16 and Kenny Graves with 15. Grace Baptist was led by Jeff Bullock with 14 and Butch Lunsford with eight.

Bible Baptist defeated First Baptist I, 53-42, in game 4. Billy (Red) Bryant's 16 and John Ford's 11 led Bible Baptist in scoring. First Baptist was led by Glen Roberts with 14 and Bobby Bailey with 13.

In game 4, Monday's final game, Grace Baptist I handily defeated Teen Challenge, 67-31. Four players reached double figures for Grace Baptist with Scott Parrett's 13 and Jesse Mahaffey's 12 leading the group. Teen Challenge was led by Reed's 13 and Edwards' 10.

League standings for the RCBL thus far are:

Grace Baptist I	3-0
Scaffold Cane	3-0
Bible Baptist	2-1
Ottawa Baptist I	2-1
Ottawa Baptist II	1-1
First Baptist II	1-2
Teen Challenge	0-2
Grace Baptist II	0-2
First Baptist I	0-3

point lead.

"We didn't play good in the second and third quarter, we didn't hit the boards well, didn't pass well and that was the difference in those two quarters," coach Beaver said.

But, nevertheless, the Lady Rockets did not quit and Beth Amyx's three pointers in the fourth quarter seemed to spark the Lady Rockets as they went on to outscore Mercer County 30-10 in the final period for the final score of 68-51.

The Lady Rockets faced off with district foe Oneida Baptist Monday night and there wasn't much of a ballgame.

The Lady Rockets took a big lead at the end of the first quarter, 20-8,

and then just kept adding to their lead each quarter, for the final score of 62-24.

"This game was a good learning experience for my subs, they did a really good job," coach Beaver said.

The Lady Rockets will now participate in a Wayne County tournament starting Dec. 28th.

Scoring for the Rockets against Lincoln were: Jennifer Thacker, 22; Kristi Sargent, 17; Cindy McCauley, 13; Beth Amyx, 2 and Christy Coleman, 2.

Scoring against Mercer: Thacker, 20; McCauley, 20; Sargent, 14; Amyx, 11; Coleman, 3.

Tracking the Cats

Cats play best game ever

The roar of the Wildcats was at its best last Saturday night.

The 94-68 rout of Arizona State was the most impressive game of the year for Kentucky. It showed several promising glimpses of what this season possesses in potential.

First, Travis Ford played very little. The 5-9 sophomore transfer is playing only about 70 percent of his capability after a preseason knee injury.

He's not, the week off will help in the healing process because Wildcat fans are not seeing the real Ford. When he's healthy, opposing teams will have another headache to contend with against the Wildcats. Ford will blow past defenders, knock down the three pointer and make big steals. He really can't do that now on the injured knee. The fact that he is playing is a tremendous testament to his guts and determination.

Secondly, the emergence of Dale Brown was a boost the team needed at the second guard, especially after the devastating knee injury to Jeff Braveman. Brown, a junior college All American, showed vital signs of life in the rout over Southwest Texas State, but that paled in comparison to his play against the Sun Devils. Ford scored a career high 24 points and hit six of nine three pointers and was nine for thirteen overall. This performance was a real confidence builder for a shooter of his ability.

Brown, at 6-3, has the strength and size to become a top caliber player in the Southeast Conference. What happens oftentimes with a shooter in a new system is a difficult early transition. The players have tougher times offensively in the SEC... good defensive players.

Players have a tougher time trying to get their touch down because of a concentration on defense.

John Pelphrey has flashed signs of consistent play after an early season slump, while Deron Feldhaus only

solidified his reputation as the best sixth man in the country.

This time of the year, with the holidays around the corner, can be exciting but also tough on the players, especially the first year players.

The campus will be deserted after final exams this week and between football tidings will be basketball, basketball and basketball.

Remember the new 20-hour rule invoked by the NCAA applies only when school is in session.

I expect Rick Pitino to utilize this opportunity for practice time with his players. And, with Georgia Tech and Louisville on the schedule over the next week and a half, every minute will be needed.

Both games will be nationally televised by ESPN. Georgia Tech is one of the surprises of college basketball this season. The Yellow Jackets lost to Oklahoma State in the preseason NIT in New York, but boast a strong frontline with Malcolm Mackey and Matt Geiger, as well as standout point guard Travis Best, a former UConn player.

The Wildcats dropped out of the running after receiving a commitment from Travis Ford to transfer from Missouri. Kentucky has not played a road game to date and this game in Atlanta is not considered one either. But, remember, Georgia Tech is in Atlanta.

One final note. One of the more exciting games of the season was last Saturday when top-ranked Duke visited Michigan. The Wolverines, with three freshmen starters and another two as top reserves, gave the Blue Devils all they could handle before losing in overtime. Michigan is the best young team I've ever seen. As the season progresses, Michigan has the potential to be a great team, almost a dynasty.

There is a lot of parity in college basketball but their collection of talent is unbelievable.

Ten Pins remain in first place

The Ten Pins lead by six with a record of 40-20 in the Rockcastle Mixed Couples League in Richmond. The Jets are second at 34-26, while the Rockers and NAPA are tied at third with a record of 30-30.

In action last Thursday, NAPA bowled high team series with a 2358. The Ten Pins had a 2342 for second high team series while the Tin Wins took third with a 2285.

NAPA also captured high team game with an 822. The Ten Pins were again second with a 798 while the Top Guns took third with a 790.

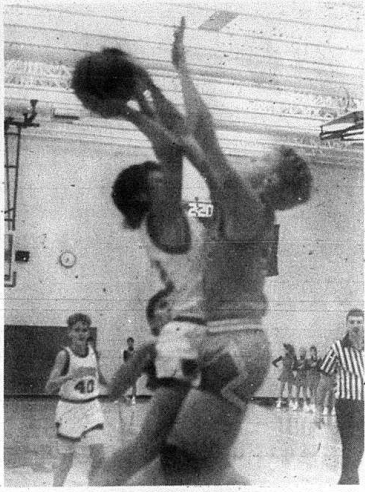

High men's series HDCP went to Dale Winstead with a 692. Spencer Bengue was second with a 673 and Henry Vanzant was third with a 599. Dale Winstead also bowled high

men's game HDCP and third high with a respective 251 and 235. Spencer Bengue's 243 was good for second.

Again, Dale Winstead also took high men's series scratch with a 584. Spencer Bengue took second with a 568 while Henry Vanzant finished third with a 542.

Dale Winstead rounded out the men's scoring by also taking high men's game scratch with a 215. Spencer Bengue was second with a 208 and James Hamilton was third with 206.

Jamie Bryant captured high women's series HDCP with a 606. Virginia Winstead was second with a close 604 while Lois Noe took third with an even 600.

High women's game HDCP went to Virginia Winstead with a 235. Lois Noe followed in second with a 232 and Judy Lawless in third with a 216.

Jamie Bryant also took high women's series scratch with a 498. Virginia Winstead was second with a 484. Debbie Bugg was third with a 465.

Virginia Winstead's 192 was good for high women's game. Following in second was both Jamie Bryant and Lois Noe at 175 each.

James Noe and Henry Vanzant share the lead for high men's average at 176. Jack Noe follows closely in third with a 175.

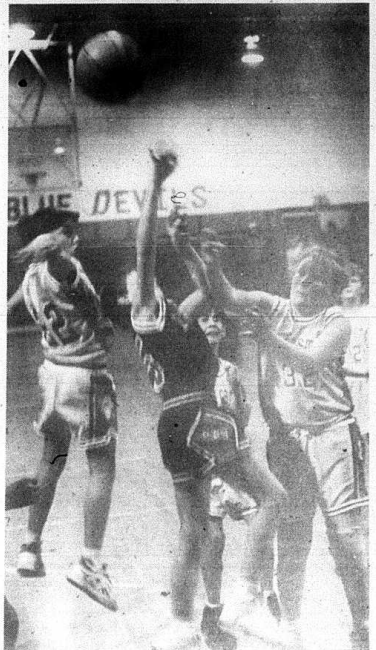

Debbie Bugg's 165 is the high women's average. Jamie Bryant follows in second with a 156 while Alice Faulkner hangs on to third with a 151.

Easterseals Shootout

The Twelfth Annual Rick Pitino Wildcat Basketball Shootout for Easter Seals is underway. Chaired by Coach Pitino, the event raises funds for Easter Seals programs throughout Kentucky.

Brodhead Elementary has participated in seven Shootouts and raised \$411,26 last year. With a goal of beating last year's total, students will solicit sponsors in their community during the next two weeks.

Students are awarded prizes based on the amount of money they raise. The boy and girl who raise the most money statewide will sit on the player's bench at a late-season Wildcat home game. The Basketball

Brodhead Tiger Jeff French goes up for two in first-round action against the Livingston Blue Devils. Also in the photo are Blue Devils Doug Medley and Steve Bradley.

Shootout is sponsored by Dairy Queen and Century 21, and conducted by Easter Seals' state office in Louisville.

Schools such as Brodhead have raised over one million dollars in eleven Shootouts. Of those funds, 99 percent stayed in Kentucky, and 83 percent was spent on direct hands-on services to thousands of children and adults with disabilities. Last year, over 24,000 Kentuckians received Easter Seal services.

The Rockcastle County Rockets are participating in a round-robin tourney at Berea Wednesday, Friday and Saturday.
