Library News

By Geraldine Robbins

In February of this year I gave you a brief history of Allen Penson, the newest member of the Rockcastle County Library Board and in continuation of this, I want to introduce Evans Gatliff Craig, the board chairman.

Gatliff attended Sayers Elementary School and Brookhead High School. He received a B.A. degree and a M.A. degree from Eastern Kentucky University.

He served in the army in the United States and in Munich, Germany.

Gatliff is married to the former Nell Wanda Parsons and they have three children. Dana lives in Atlanta, Ga., Patrick of Jackson, Kentucky and Christopher will be attending Auburn University in the fall. Gatliff and Nell are the proud grandparents of one little granddaughter, Anjelica Rae. She is the daughter of Pat and Ann Denney Craig.

Some of the positions Gatliff has held are teacher, guidance counselor and assistant principal for the Rockcastle County Board of Education, Cumberland Valley Economic Opportunity Council, and was Administrative Assistant and Field Coordinator for the Commonwealth of Kentucky. He became Executive Director of Cumberland Area Development District in 1969 and retired from this position in 1986.

Gatliff now lives near Brodhead and is enjoying his work as a farmer. He is a member and Elder of the Providence Church of Christ and he does a lot of volunteer work. In addition to serving on the library board, he is a member of the Extension Council, Rockcastle Beef Assoc., State Beef Assoc., Rockcastle Co. Industrial Authority, serves on the Sue Bennett Board of Trustees and is Regional Coordinator for the Bicentennial Commission.

Gatliff is a dynamic leader and has the expertise to help make our library grow. We are fortunate to have had a person as this on the Rockcastle County Library Board.

I want to remind you again about

the READiscover Summer Reading Program. Please register your children by June 1st so that we may be able to make plans according to the number of children that will be coming to the special programs. We will be making some crafts and we need to know the number of items to purchase.

We have received a new collection of video and audio tapes. Also there are 100 new large-print books available from the Department of Libraries in this new novel, she was a spellbinding tale of obsession, multiple personality, and murder. A terrifying twist at the climax makes *All Around The Town* Clark's most gripping tale of psychological suspense.

Also available is *The Gossamer Cord* by Philippa Carr. Love, loss, and madness mark the lives of twin sisters in this suspenseful addition to the Cornwall saga. Rich in intrigue and historical detail, *The Gossamer Cord* demonstrates Philippa Carr's considerable storytelling abilities.

A notification book, *Tough Plants For Tough Places* by Peter Lowrey is one that avid gardeners will enjoy. Tired of spending time and money on your yard only to get disappointing results? *Tough Plants for Tough Places* brings you the know-how to enjoy your yard without being its slave. This book describes and illustrates more than 100 easy-to-grow garden superstars -- plants that thrive and look beautiful with minimum fuss and care.

Also some new fiction and nonfiction for young readers are available.

City clamps down on parking on Main Street

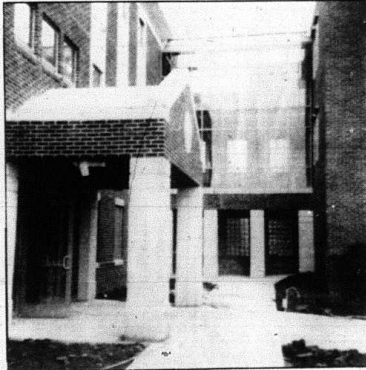

If you're going to park on Main Street in Mt. Vernon, the two-hour limit will be enforced. There'll also be additional parking spaces when the city completes removal of loading zones. Marking tires and writing tickets will be Safety Officer Barry Lee Adams, 29, of Mt. Vernon, formerly of Crab Orchard and a former employee of security at Renfro Valley.

According to Bill Mink, people have been abusing the parking areas. Store owners have complained people are parking in front of their stores to go shopping in other stores or sometimes in other counties. So from now on Officer Adams will write tickets for non-moving violations and that includes parking over two hours. Gone will be loading zones in front of the former Mt. Vernon Hotel, Dollar Store and several others.

The yellow car parking area in front of the Bank of Mt. Vernon will be set aside for bank customers for limited time. Anyone receiving a ticket will have to pay \$5 and can be paid at City Hall. After 24 hours the price will be \$15. After 5 days it will be \$25. Parking in parking lots will not be affected. Only those where parking meters were used.

Judge Mullins reports

County on the move

Connector for new judicial annex at Rockcastle County Courthouse.

From bridges to dump sites, judicial complex to industrial development, blacktop to road signs, the Rockcastle Fiscal Court has had a busy spring, according to Roland Mullins County Judge/Executive.

Bridges
Fiscal Year '93 may be bleak for the bridge program. Funds for the smaller bridges like the one at Mt. Zion and the one at Backeye have been frozen across the state. However, these two bridges will be completed. Judge/Executive Roland D. Mullins said he hopes to get funding for at least two more of the smaller bridges during fiscal year '93 as well as the Copper Creek, to Lincoln County span.

Blacktop
The blacktop season has begun with very few hitches according to Chester Lakes, Rockcastle County road supervisor. "We have resurfaced about five miles of deteriorating roads. The gravel road to blacktop program is now in full swing with three miles completed. The new heavy duty roller is giving us a better job and speeding the process," said Lakes.

Judicial Complex
The judicial complex building project is coming to a close. Bob Eirod, Supervisory for CB&S Construction predicts an early June completion date. Woodwork in the court rooms, blacktop for the parking are nearly complete. The connector between the old courthouse and the new complex has been erected. This provides elevator access to both buildings. The State Administrative Office of the Courts will reimburse the county for maintenance, utility, and repair costs. That office also pays the construction cost. This means that Rockcastle gets the new facility with all costs spread among the 3.6 million population of Kentucky rather than just Rockcastle County's 14,500 population.

Eight indictments returned

A Livingston man charged with rape was among eight indictments handed down by the May grand jury. Brady Durham, 32, was charged with allegedly raping a 20-year-old Livingston woman through the use of forcible compulsion. The incident reportedly took place on April 27. Five days following the incident, Durham allegedly threatened physical harm and to kill the woman if she were to press charges. He was therefore charged with intimidating

a witness and terroristic threatening. He was released on bond. Facing charges of cultivating marijuana over 5 plants, 18-year-old Shannon P. Owens was indicted for having a total of 9 plants in his back yard. Following the alleged beating of an Orlando woman on April 12, Marty Morgan, 35, was charged with assault and wanton endangerment. Morgan reportedly beat Martha Fields in the head with a handgun and fired shots close to her head.

Both Michael Bullock, 22, and Johnny Bullock, Jr., 24, were charged with wanton endangerment in the first degree following an April 23rd incident. They were indicted for shooting in the direction of Michael Woods, Mark Bullock and Kelley Cameron. All five were served were released on bail and are scheduled to appear in court on May 22.

Weather claims crops

By: Ray McClure

The warm winter may have pleased the general public, but it didn't help farmers. Tobacco fared better than some other plants except in some tobacco beds. When farmers opened beds for planting there were no plants. "We don't know for sure," said Harold Ballinger, county executive director of ASCS, "but we think it might have been the late cold weather." Alfalfa probably took the worst beating. The warm weather broke the dormancy and the plants started growing. Then along came a freeze and the plants froze back to the crown. Not once, but twice. "The first cutting of alfalfa won't be very good at all," Ballinger said.

There won't be a lot of hay for that matter, also a casualty of the weather. The first cutting will likely be about half normal. Float plants which are grown under controlled conditions. Less than five percent have been planted. Corn fares better, with about 90 percent planted and doing well. Surprisingly, there are about three percent more gardens this year than last. One problem has been the Colorado potato beetle that survived the mild winter and is now attacking plants. "More and more people are gardening now than in the past," Ballinger continued. "They're planting in window sills and in patio boxes. It's hard to believe so many are trying gardening this year."

Hedricks safe in Nigeria

As religious tensions in Northern Nigeria increase, so does the concern in the U.S. for missionaries who serve in that area. A former pastor at the First Baptist Church in Mt. Vernon and his wife, Bro. and Mrs. Charles Hedrick, were the subject of much concern for several days locally as it was rumored they that were unaccounted for as religious rioting between Muslims and Christians intensified. According to national news reports, the death toll as of Tuesday morning increased to 21 fatalities as a result of arson and violence. There have been religious riots within the last few days in Nigeria," said Betty Kay Yamaoka, a Foreign Mission Board representative, "but I spoke with co-workers of the

Hedricks' yesterday who said all of our missionaries there are safe. She continued by saying that she feels confident the co-worker is a very reliable source and that the Hedricks will continue with their plans for a furlough beginning May 29. According to Yamaoka's conversation with the missionaries yesterday, rioting has been incredibly intense within the past few days, yet is beginning to calm as military and police patrols are guarding the city of Kalamu, where the Hedricks reside. In addition to the patrols, a dusk to dawn curfew has been imposed on the city and surrounding areas in order to reduce the amount of riots and violence.

Lancaster man killed in wreck

A Lancaster man was killed Monday when he lost control of his pickup truck on a wet road and hit a pole. Joe Cutsinger, 60, died of a broken neck shortly after the accident, according to Coroner Bill Dowell. The accident occurred on U.S. 150 just west of Pine Grove Cemetery in Brodhead. Police reported the wet road probably was a factor in the accident.

Burglary at Snyder

Charles Lee Bullock, 44, an employee of RBS road company, at Snyder, reported 230 radiators, one air compressor and a welder, estimated to cost \$700, stolen. A .38 Smith and Wesson with a five-inch barrel was reported by Loyd Mason of Orlando to be missing from his home.

Smoky fire at Mary Ida's

A fire caused by a smoldering pile of clothes at Mary Ida's Store on Main Street, sent firemen to the scene about 6 p.m. Monday. The smoke apparently was from the clothes lying on an extension cord. When firemen arrived there was a small blaz that was quickly extinguished. The fire apparently caused an air conditioner to short out. Residents upstairs left their apartments when the smoke seeped through. They left the building on their own and were not evacuated. The building is owned by Lee Cain. For a time Main Street was blocked off in case fire trucks might have to be used.

Lessons of Life is theme of Carpenter's address

by Laura Mize

In his address to the Rockcastle County graduating class of 1992, the president and CEO of CSX Transportation, Pete Carpenter talked about the lessons of life and how they affect everyone. "Take it from one who has made the journey," said Carpenter, "these lessons for life will carry you through. I learned them here." A native Rockcastle County, Carpenter stated that lessons of the heart were learned by the graduates as they were taught love, self-respect and self-esteem as well as optimism. The lessons of the heart, Carpenter said, "build on that foundation. You were taught self-reliance. He continued by saying the students were

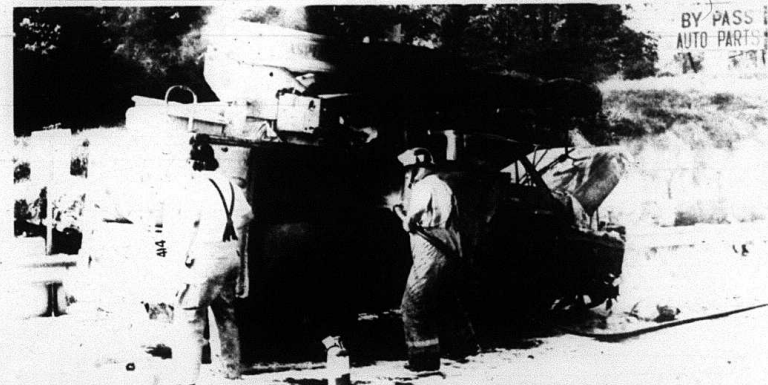

given a good start on what must be a lifetime devotion to learning. "Change is constant," he said. "Man's knowledge continues to expand, and that knowledge changes society. We must be receptive to change, willing to listen and learn every day of our lives." Lastly, he referred to lessons of the backside, being the more "painful" lessons we've learned. "Here we learned our sense of right and wrong," he said. "They taught us that we all have to put something back, not just take. Giving back more than you take -- that is a true measure of success." "Put all these lessons together," said Carpenter. "And you have the group of responsible adults I see

A reception for Pete and Marilyn Carpenter, president of CSX Railroad, was held at the home of Kentucky Supreme Court Justice Joseph and Mrs. Lambert Tuesday night. The reception was held following graduation at Rockcastle high school at which Carpenter was commencement speaker. At center is former Republican gubernatorial candidate Larry Forgy who also a guest at the reception.

A bucket truck lost his brakes at the intersection of U.S. 150 and Ky. 461 last Thursday and crashed into a pickup and exploded. Howard Pelphrey of Stanton, driver, was not injured. Hit by another pickup was Charles Latham of Bronston, who also was not injured.

Tim Benze of Quail was uninjured when the bucket truck hit his pickup. His truck spun around and struck the Latham pick-up traveling south on Ky. 461. Mt. Vernon firemen extinguished the blaze.

Dear Editor,
 Once in a while a candidate stands out from the rest. Pete Frye is one of those candidates. Pete Frye is down-to-earth yet well informed. I was impressed with Petes honesty and true concern for people. I think Pete Frye will make a very good State Senator for the 27th District. He is well informed of the issues in our district.

I am asking all Republicans to vote in the upcoming Primary Election for Pete M. Frye, State Senator.

Dear Editor,
 The Scalford Cane Cemetery Association would like to thank everyone who has helped in the past with upkeep of the cemetery.

Thanks also to a wonderful group of singers, who willingly helped us out with their time and talent. Thanks!!!

Again this year there will be a benefit singing, several groups of singers, under the shelter on cemetery ground May 24 after church. Bring a lawn chair and lunch and enjoy the afternoon of good music and fellowship.

Points East

By: **Ike Adams**

Several weeks ago I planned, for the first time in 20 years, two rows of Irish Cobblers. I don't normally waste space, time and hard labor on taters in my garden because I can get them cheaper and do so much cleaner at the grocery store. Taters are, in fact, hard work and expensive to grow when you compare the effort to supermarket prices. There is no way in the world that anybody can buy seed, fertilizer and gas for the tiller and grow more taters than the same amount of money will buy at the Kroger store.

But Loretta likes her taters to have mud and dirt on them before she cooks them with her peas so I broke down and planted 25 pounds and they made two rows exactly fifty feet long. I used another 25 pounds of 15-15-15 fertilizer in the tater rows and dug it in with a big log chain that I have never used for anything else. I bought the chain at an auction for five dollars back in the seventies and I've been moving it around ever since. I knew that sooner or later it would come in handy.

Every time someone helps us move from one house to another they want to know what I'll take for that darn chain and I keep insisting it ain't for sale. Everybody wants to know what I'm going to do with it and I tell 'em that it's an antique and, as you already know, an antique doesn't have to have any utility. The chain weighs nearly 30 pounds and one of these days I may hang it up on the wall or something.

I can just hear Loretta explaining to folks:

"This my picture frame that Cassius Clay used to own. And that little what-not shelf belonged to my great grandpa and that ole dipper guard was used at the well at her place. And that clock came out of the Brown Hotel in 1922 and that little vase is over a hundred years old."

And that, well that's Ike's antique log chain. The last time it fell off the wall it killed our cat."

Anyway, one of the other reasons I planted taters was to get some use out of my log chain. But I planted them way back in March and it occurred to

me, last weekend, that they ought to be up by now. I got mine in the ground two weeks before Clyde Crase, and Clyde's taters are nearly big enough to bloom. I don't have a single sprout showing.

So, on Saturday afternoon, I got down on all fours with a trowel and started digging into my taters. I took three or four good scoops off the top of the row and on about the fifth scrape, as I was pushing down on the trowel, the dirt gave in and my arm, trowel and all, went into the ground way up past my elbow. I lost my balance and my chin hit the dirt. For a minute I thought I was falling into a mining break.

I cleared the dirt away and the reason my taters hadn't come up was readily apparent. There was a tunnel in the row where the seed should have been that you could have run a Tonka Toy through. I'm talking big dirt away and stuck my arm back in it. I commenced digging and the tunnel followed the bottom of the row from one end to the other. The other row

Babbage reports voter registration increased in Rockcastle County

Secretary of State Bob Babbage said voter registration has increased in Rockcastle County during the past five months.

Babbage also noted that since the last presidential preference primary election the county's voter registration has risen by 127.

State Board of Elections records shows that 8,326 Rockcastle Countians are registered, according to Babbage who chairs the state board.

Of that number, 6,585 registered Republican and 1,708 Democrats with 33 independents and other parties.

Republicans are down slightly from last year (13 less) and Democrats are up (53). There are 4,223 registered males and 4,103 females registered.

"Usually voter registration increases prior to a presidential election," Babbage explained.

Babbage has made the goal of increasing voter registration one of the priorities of his term as Secretary of State. By virtue of his elected position, Babbage is the chief election official of the state and chairs the State Board of Elections.

"Voter participation in Kentucky is near crisis proportions," Babbage said. "Voters in Kentucky turnout on election day in numbers lower than in any state touching our border with the possible exception of West Virginia," he added.

"A democracy is supposed to represent the will of the majority. In Kentucky we have democracy by a third," Babbage said.

He explained that approximately one-third of the state's eligible citizens are registered and vote regularly; one-third is registered and declines to vote; and the remaining one-third is eligible, but unregistered.

To address the problem of low voter turnout, Babbage is directing a more active voter education and registration effort in the two agencies he heads.

Additionally, Babbage has recruited business, labor and civic leaders to start a privately funded, non-profit, nonpartisan foundation called Democracy Incorporated of Kentucky, with the sole purpose of raising funds to implement programs to increase voter education, registration and participation.

"The only way we can re-establish the democracy is to open the doors of government and the electoral process and invite the public to return," Babbage said.

He added that programs in other states and countries similar to those projected for Democracy Incorporated have proven very successful in increasing voter registration and participation.

Campaign finances

In the competition for dollars in Kentucky's 5th Congressional District, several candidates with small budgets are digging into their own pockets for donations.

Prestonsburg lawyer Ned Pillersdorf donated \$8,967 to his campaign, according to the campaign report for April 1 to May 6. He is one of eight people running in Tuesday's Democratic primary. The winner will face incumbent Hal Rogers, R-Somerset, who already has a war chest of

"Carpenter Address" (Cont. from front)

assembled here.

Crossing over into an adult society was stressed as Carpenter said, "Tonight we older adults join you in celebrating this milestone. I salute your success in reaching this important milestone."

He continued by urging the students to disregard talk about the decline of America. "This is still the most robust economy in the world."

In closing, Carpenter quoted the famous English poet, Robert Browning. "A man's reach should exceed his grasp. Or what's a heaven

for?" "Nourish those dreams," Carpenter encouraged. "Don't be ashamed of them. Strive for those dreams." (Cont. to A-6)

"County on move" (Cont. from front)

vealed that 8,102 people were employed. Unemployment had fallen to 7.5 percent. The March, 1991 figures were 7,867 employed with an 8.8 percent unemployment. The Court, the Industrial Authority and the Cumberland Valley Area Development district (CVADD) have just completed a development plan for the industrial site on the west side of U.S. Highway 150 at Mt. Vernon. Included are topographic maps, site location, site layout, and infrastructure development plans. Ancillary to the plan is a marketing strategy study.

The marketing materials examines labor force, transportation services, infrastructure services, target industries, and a review of funding sources for the industrial prospect. Next on the industrial development agenda is site development. Preliminary dis-

cussions have been conducted with the existing development officials from Frankfort. It is anticipated that 80 percent financing can be received from EDA for this endeavor.

Dump Sites

The state has approved a proposal to purchase loading equipment and a dump truck. This is designated for county-wide illegal dump cleanup. Larry Shepherd, supervisor for the cleanup efforts expresses concern that funds had not been released. "If we could have had the equipment prior to the spring growth, the task would have been simpler," Shepherd continues on a smaller scale, however. He utilizes prisoners from the Lincoln County Regional Jail five days per week. "Literally thousands of tons of solid waste have been removed," according to Shepherd.

Once the roads have been paved, the illegal dumps removed and water service expanded, county development might match Palaski, Madison, Boyle, and Laurel is a theme that Judge/Executive Mullins often relates.

Rockets advance in district with victory over Oneida

The heavily favored and number one seeded Rockcastle County Rockets' baseball team has moved one game closer to a 49th District Tournament championship. They easily routed the opposing Oneida squad, 19-6, at Roundstone Elementary's field Monday to advance from the first round of the tourney.

Sporting a 10-3 seasonal record, the Rockets blasted by Oneida behind the superb pitching of sophomore J.D. Bussell. Bussell went the full six innings to face 32 batters. He gave up six runs (four earned) and four hits while walking only four and striking out nine.

Bussell's performance was also backed by an outstanding night from the Rockets' battery, who sent 19 runs across the plate on 21 hits.

After trailing 1-0 in the top half of the first inning, the Rockets countered in the bottom of the inning to take a 4-1 lead. The Rockets never trailed afterwards.

Bussell was the first man aboard in the first inning and later scored on a single by Jason Fletcher. Chris Newland followed with a single and eventually scored along with Fletcher on a double by Micah Parkerson. The last run of the inning was credited to

Mikhael Shaffer when he tripled to drive in Parkerson.

The Rockets gathered two more runs in the second inning; Bussell again led off the inning and was hit by a pitch. He stole second and scored when Oneida's center fielder committed an error on a ball hit by Jonathon Saylor. Fletcher drove in Saylor with a single.

Singles by Shaffer and Jason Kirby and a sacrifice by Greg Bowman accounted for the two runs the Rockets scored in the third to take an early 6-5 lead.

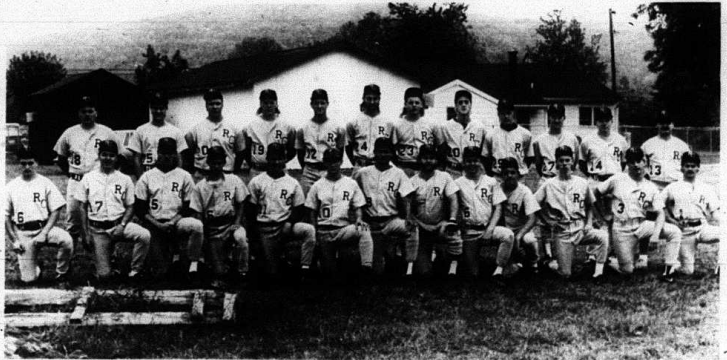

Oneida managed only one more run through the final three innings of play while the Rockets rallied for 11. During the stretch, the Rockets out-hit Oneida 12-1.

The Rockets hosted Clay County in the championship game of the 49th District Tournament Wednesday evening. Action from the game will be in next week's Signal.

Against Oneida, the Rockets went to the plate 37 times. They scored 19 runs on 21 hits while they drew two walks and stole three bases.

Individually, Greg Bowman was one for three with one walk, one stolen base, one SAC, two RBIs and

Rockets' softball team finishes season, 20-9, in district play

After experiencing their best season ever with an impressive 20-9 record, the Rockcastle County Rockets' softball team witnessed their season ending game when they were upset in district tournament play.

The number two seeded Rockets were eliminated by Somerset, 8-7, in the first round of the 44th District Tournament Monday night at Corbin. The favored Rockets had already defeated Somerset four times during the regular season, all were close with one game going into extra innings.

Although the Rockets never led during the game, they rallied early on to keep the game close.

Somerset scored first with a six run rally in the top of the second inning to spread the margin early at 6-0.

However, the Rockets got one back in the bottom of the second when Lori Barrett doubled and then scored on a single by Angie Moore. The Rockets also produced four more runs in the bottom of the third to pull within one run of Somerset, 5-4. Singles by Regina Collins, Kristi Sargent and Cindy McCauley and double by Christy Coleman and Lori Barrett accounted for the four run inning.

Somerset managed another run in the fourth but the Rockets countered

with one in the fifth. Coleman was the first runner aboard with a single and later scored on a single by McCauley to again trail by only one, 7-6.

Again Somerset upped their lead to two with a run in the sixth on a single and Rockcastle error.

However, the Rockets again countered with one run in the bottom of the seventh and threatened to tie the game with two outs. A fly ball by Melanie Leece set the first out for the Rockets. Both Sargent and Coleman followed with singles to represent the tying runs. McCauley was the next batter and hit into a fielder's choice for the second out of the inning. But a double by Barrett sent Coleman across the plate to pull the Rockets within one.

With two out and McCauley on third, Moore stepped to the plate with a chance to tie the game. However, a hopeful hit was caught by the right fielder to end the game and end a great season for the Rockets.

In highlighting the game, a controversial call came in the third to take a run away from the Rockets. The call came when Melanie Leece scored from second on a single by Sargent. Umpires ruled that Leece missed third and called her out, a run that would have been the tying run of the game.

As a team, the Rockets went to plate 38 times, they scored seven runs on 20 hits and drew only one walk.

Individually, Melanie Leece was one for four; Kristi Sargent was two for four with one run scored; Christy Coleman was four for four with two RBIs and three runs scored; Cindy McCauley was two for four with one run scored; Lori Barrett was three for four with three RBIs and one run scored; Angie Moore was one for four; Becky Osborne was one for three; Donna Cash was three for three; Kim Kirby was zero for two; Irene Gruter was zero for one; Janet Kirby was two for three and Regina Collins was one for two with one walk and one run scored.

In final regular season action, the Rockets split their two game series with Berea last Wednesday. They lost the first game, 6-5, and won the second, 6-1.

In the first game, the Rockets went to the plate 33 times. They scored five runs on 13 hits and had only one walk.

Individually, Irene Gruter was zero for two; Kristi Sargent was one for three with one home run, one RBI and one run scored; Christy Coleman was one for two; Tonya Callahan was one for one with one run scored; Cindy McCauley was one for three with one run scored; Lori Barrett was two for three with one walk, one RBI and one run scored; Becky Osborne was one for two; Donna Cash was two for three with one RBI and one run scored; Angie Moore was zero

Rockcastle County track teams compete in regional meet at UK

The Rockcastle County boys' and girls' track teams competed in the regional meet Saturday, May 16 at the University of Kentucky.

Rockcastle is in Region 6AA which is the largest field of teams in the state. There are 14 teams in Rockcastle's region compared to 8-10 if other regions. Region 6AA is also rated the strongest in AA. A participant must place in the top four in their event in order to advance to the sectional on May 23. With each team entering two in each event, a total of 28 athletes will be competing for the top four positions.

Lisa Spencer, the sophomore

standout, scored all 20 points for the girls' team. Spencer, who specializes in the 400 dash, finished second with a time of 1:04 in the dash during the regionals. Spencer, who also took third in the long jump at 14' 10 1/2" and third in the high jump at 4' 8", will advance to the sectionals.

William Bullens, who was recently selected as the "Best Male Athlete" at RCHS, also did well in the region. Bullens place second in

the long jump at 20' 5" and third in the triple jump at 40' 11 1/4" and will advance to the sectionals in these two events. His jump of 40' 11 1/4" broke the school record, a record he already held. Bullens also was a member of the 400 relay team that place sixth. He also broke the record for scoring the most individual points in a single season, a record previously held by

(Cont. to A-5)

Kristi Sargent, center, recently signed an athletic scholarship for softball with Cumberland College. Present during the signing were Rockets head coach Debbie Cash and Cumberland head coach Scott Gregory.

Rockets' Lori Barrett and Christy Coleman were selected to the 44th District Tournament All-Tournament team for their performance during the tourney Monday night against Somerset.

Academic All-State

The Rock's football team has seven players who have been named to Academic All-State for the first semester of school.

Taking the first team honors this year were Willy Witt, 4.0; J. D. Bussell, 3.8; Dallas Graves, 3.8; and Eric McKinney, 3.8.

The following students received honorable mention: Josh Bullock, 3.3; Chris McHargue, 3.3; and Shawn Shearer, 3.3.

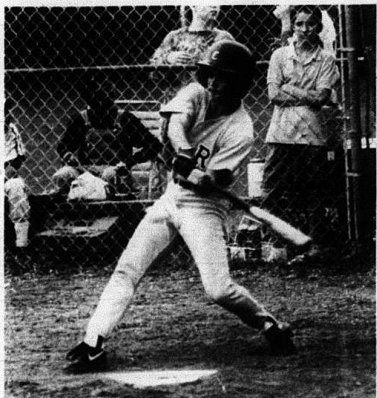

To qualify for first team, each student had to have a 3.8-4.0 GPA (grade point average).

Those selected for honorable mentions had to have a 3.2-3.7 GPA.

Other players with a "B" average included: Brian Carter, Donnie Price, John Kirk, Scotty McFerron, Kent Mullins, Jason Alcorn, and Stacy Smith.

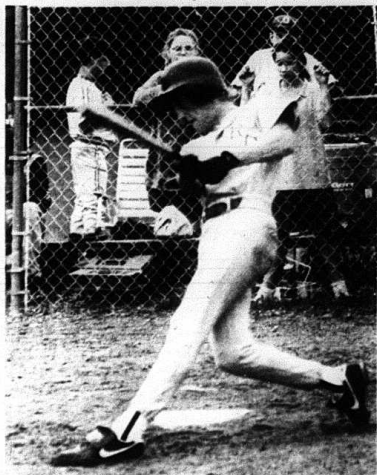

Serving their last year as managers for the Rockets' softball team were Michelle Callahan and Pam Owens.

Rockets' lead-off hitter Greg Bowman takes a cut during the district tournament against Onelda Monday.

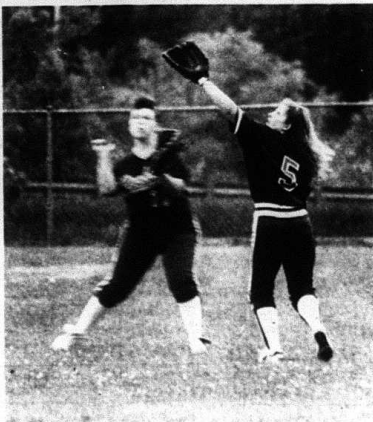

Third baseman Jason Fletcher fields a throw during the first round of the district tournament.

Micah Parkerson is shown in action during the Rockets' victory over Onelda, 19-6, Monday night.

Christy Coleman, the Rockets' third baseman, puts a tag on a Somerset runner in Monday's district tournament.

Janet Kirby and Donna Cash prepares to field a fly ball during the Rockets' loss to Somerset, 8-7, in the district tournament.

in an event to advance to the sectionals. Collins placed fourth in the 800 dash with a time of 2:11, breaking his old school record of 2:12.47. Collins made a good showing although he ran against last year's state champion and other favorites.

Others to score for the boys to complete their 20 team points was J.D. Harris, who placed sixth in the

100 dash at 11:91 and the 400 relay team, which finished sixth at 46:60. The relay team consists of Sherman Collins, William Bullens, J.D. Harris and Stacy Smith.

Coach Tom Larkey said he was real pleased with both the boys and girls seasons. He wishes to thank all the people that volunteered their help in running the home meets this year.

Proud Rockcastle

About two hundred years ago,
Give or take a year or so
On occasional feet, with scarce a
sourd,
Warriors trod this "dark and bloody
ground."
And stalked the settlers who dared to
hew
Great oaks from forests where they
grew.

In retrospect, we feel their pain
Proud red man's loss was the white
man's gain.
Virgin forests, good game, fine
streams,
For the pioneer, a land of dreams.
And so they trekked through Cum-
berland Gap,
With a long barreled rifle and a
coonskin cap.

New ground was "grubbed," planted
with corn,
In a lonely cabin, a new babe was
born.
To carry forward the family name,
Harvest the crop and hunt the wild
game.
Hard working, fair playing, minds
hard to sway
Our Rockcastle ancestors had come
here to stay.

Calloway School reunion

A group of five alumni of the
Calloway school and friends gathered
last Thursday at the home of Edith
Martin to visit and pay respects to
teachers from the school who still
remain in the county.

Having closed its doors in the
middle of the 20th century, the
Calloway school has been out of
existence for years, yet many students
still recall the many memories shared
in the one-room school house.

"I remember getting my lunch
stolen by a little girl there once," said
one of the ladies jokingly.

The purpose of the reunion was to
honor past teachers from the school,
which included Willia Chestnut,
among others.

Ms. Chestnut is 88 this year and
recalls her days at the school fondly.
County Judge Executive, Roland
Mullins, addressed the guests by
saying that while the youth are
important in the formation of the
future, older generations are just as
important as they "pass along values
and knowledge."

The reunion was organized by
CAP volunteer, Vi Ellis who prepared
a luncheon for all the guests.

County Judge Executive Roland Mullins enjoyed his visit with those attending the Calloway School reunion.

Four alumni of the Calloway School gathered last Thursday to visit, along with other friends. Pictured above are from left to right: Martha Adkins, Lela Jones, Ida Smith, and Edith Martin.

Vote For and Elect Pete M. Frye State Senator on May 26, 1992

To the People of Rockcastle County:
I am a candidate for State Senator in the 27th District which now includes all of Rockcastle County.
I represent change, growth and a better way of life for our counties. Being from Owsley Co., I know first hand the needs of our people and it isn't 3.75 million for the horse industry. It's affordable housing, health care and a better economy.
Please find listed below the things, as your State Senator, that I will strive for on a priority-one basis:

1. A three-lane highway linked from I-75 to the Mountain Parkway
2. Full support for our retired teachers.
3. The only candidate endorsed by the Ky. Right to Life Association.
4. Repeal personal property tax on vehicles in favor of a once-a-year license fee \$25-\$100.
5. 25% discount on insurance rates.
6. Affordable health care with group rates.
7. Promote the coal and oil industry.
8. Ban out-of-state garbage and no mandatory pick-up without regulations.
9. Amend taxes on city water/sewer, telephone and cable TV.
10. Regular cable TV.
11. Maintain and improve our existing roads.
12. Clean-up of our waterways.
13. Greater care for our senior citizens/veterans.
14. Restructure child abuse and foster children's programs.
15. Better housing (affordable) for our district.
16. Mandatory blood tests required for marriage license.
17. Internal affairs division for all law enforcement agencies.
18. Stop excessive waste in state government.
19. Promote new and better industry for our counties.
20. Speak out against 900 # any porno-related materials on TV (F.C.C.)
21. Periodic blood tests for dentists, doctors and nurses.
22. Tougher laws on D.U.I.
23. And most importantly, put drugs out of our schools, and introduce the Bible back in school as a history course, with corporal punishment, and let Madalyn Murray O'Hair rave on.

Friends, if you believe in these things as I do, then on May 26, 1992...

(Cont. from A2)

was the same say. There was no sign that a tater had ever been planted in my garden.

But about the time I got to the end of the second row, I dug up a big hoo full of dirt and unearthed the fattest mole I've ever seen. It was more like a blind rat. Twenty-five pounds of tater seed. No darn wonder he was fat. And I'll bet the rest of his family is pretty healthy too. I'm telling you people the rest of the country may be going to the dogs, but Garrard County is going to the moles!

On Sunday I related the story to a friend in Jessamine County who will not let me use his name in the paper

because he wants other people to like him too. Anyway, Fred had a horrible mole problem last year and I wanted to see if they had eaten his taters. Fred informed me that he had planted Kennebecs and they were, in fact, blooming. He also informed me that he had gotten rid of his moles.

And that's what I really intended to write about because Fred and a few other folks have discovered how to get rid of moles. They got the basic recipe from Louis Hellenmeyer of Hillenmeyers Nursery in Lexington.

Mix 4 ounces of castor oil and 8 tablespoons full of liquid dishwashing detergent in a blender until it's frothy. Add 4 ounces of water and blend again, until frothy. Pour the mixture in a hose-end sprayer, set it on 15 gallons and saturate your gar-

den or wherever the moles are that you want to be shed of. After it's soaked about 15 minutes, go back and spray the ground with about twice as much water so it'll soak into the mole holes. If you have a big yard you may need to make up several batches.

I have had some people tell me that moles are deathly allergic to castor oil. If they get it on them, they die a horrible death. And I hope that is actually what happens. That's what I want to believe. I do, in fact, hope it make them suffer.

Other folks say the moles simply can't stand the smell of castor oil so they simply move onto other premises. That makes me wish I lived next door to Breton Jones because I have about a million that I need to move to someone who really deserves them.

My personal theory about what happens can't be described in a family paper in very polite terms. Let me simply say that I made the mistake of telling my mom once that I was "boundup" (constipated). She made me take a spoonful of castor oil and I stayed unbound--way unbound--so unbound that I couldn't cough without having a bowel movement for about a month. If I'd been living in the kind of close quarters that moles do, the whole family would have had to move. And I don't think they would have come back either.

You may have trouble finding castor oil. Tom Clark at Uncle Tom's General Store in downtown Paint Lick still had about a dozen bottles and was ordering more when I spoke with him late this afternoon. I plan on buying at least four more bottles in addition to the four I've already purchased. I've tried at least a dozen other places with no luck and Tom is the only fellow I know who seems willing and able to stock it. So there you have the perfect excuse to get in your car and tool on over to Paint Lick. Our little town is already famous for various other reasons, but if Tom can keep his shelves stocked, we may well gain renown for becoming the mole killing headquarters of Kentucky.

Larry Carter tagged out in Kentucky and Ohio this spring taking a total of three turkeys. The largest turkey weighed 18 lbs., had a quinch beard and 7/8 inch spurs.

LEGAL NOTICE

Certification of Food Service Personnel Cumberland Valley District Board of Health

Section I Intent and Scope

The Cumberland Valley District Health Department hereby finds and declares that certification of persons who are employed by food service establishments is necessary in order to better protect the public health.

Whereas it is the duty of the Cumberland Valley District Health Department pursuant to 902 KAR 45.005 to insure that sanitary conditions are maintained in all food service establishments and

Whereas it is the duty of the Cumberland Valley District Health Department to establish policies, plans and programs to safeguard the health of the people of Cumberland Valley District and

Whereas the Department finds it necessary to use employee certification as a tool to insure that all food service establishments are sanitary.

Therefore, pursuant to the authority granted to the Cumberland Valley District Health Department under KRS 212.210, 212, 230, 212.240, 212.260, the following regulation is hereby adopted.

Section II Definitions

The following definitions shall apply in the interpretation and the enforcement of this regulation:

- (1) Board shall mean the Cumberland Valley District Board of Health.
- (2) Department shall mean the Cumberland Valley District Health Department and its duly designated agents.
- (3) Persons, applicant, permit holder, employee or owner shall mean and individual or firm, partnership, company, corporation, trustee, association of any public or private entity.
- (4) Food Service establishments shall mean any public or private, for profit or non profit establishment that provides food on a regular or routine basis.

Section III Food Service Schools

Food Service Schools shall be offered to all owners and employees of food service establishments in the District. Owners and employees of all food service establishments will be given 30 days notice of such school and shall be required to attend at least one school every three (3) years.

Section IV Certification of Owners and Employees of Food Service Establishments

Immediately following, and in conjunction with all food service schools, comprehensive testing will be used to determine eligibility of employees and owners of food service establishments for certification. Testing will be available during interim periods for owners or employees who for various reasons were not available during the regular testing periods.

All owners and employees of food service establishments located in the Cumberland Valley District shall attend a food service school and successfully complete the testing program with a minimum test score of 70%. The test may be repeated until minimum proficiency is shown. A certificate shall be issued to all persons satisfactorily completing this program.

Section V Fee Schedules for Testing

All employees and owners of food service establishments in the Cumberland Valley District and any persons being tested in this program shall be charged two dollars (\$2.00) for the first test in conjunction with the food service school. Owners and employees of food service establishments requiring subsequent tests and tests on an individual basis will be charged a fee not to exceed three dollars (\$3.00). Owners of food service establishments are responsible to insure that all fees are paid.

Section VI Compliance with Certification Regulation

All owners and employees of all food service establishments in the Cumberland Valley District shall complete requirements for certification through the Cumberland Valley District Health Department by January 1, 1992. All persons presently employed and all employees hired during the effective time of this regulation shall be certified by the Cumberland Valley District Health Department as prescribed herein. After January 1, 1992, no person will be allowed to work in a food service establishment in said District without obtaining necessary certification. Owners of food service establishments shall be responsible for insuring that all persons in his employ are certified as required.

Section VII Partial Invalidation, Effect of:

If any work, clause, section or paragraph of this regulation shall be declared invalid, the invalidity of such work, clause, section or paragraph shall not effect the validity of any of the remaining provisions.

Section VIII Repeals

All regulations or parts of regulations of the District Board of Health in conflict herewith are to the extent of such conflict hereby repealed.

Section IX Effective Date

This regulation shall become effective thirty (30) days after the date of publication.

Births & Birthdays

Happy 3rd birthday Kelli Love, Mom and Jason

Brady Scott Noland

Hi, my name is Brady Scott Noland. I celebrated my 3rd birthday on May 3rd with a "Hot Wheels" party at the home of my grandparents in Brodhead. I would like to thank everyone who came to help me celebrate my birthday and for all the nice gifts I received. My mommy and daddy are Jennifer "Jenny Sue" Lear of Brodhead and Anthony "Tony" Noland of Crab Orchard. My maternal grandparents are Doug and Billie Sue Lear of Brodhead. My paternal grandparents are Bobby and Juanita Noland of Crab Orchard. My great grandparents are Mrs. Maggie Lear and the late Givens Lear of Brodhead, Mr. and Mrs. Jake Ross of Paint Lick, Mrs. Betty Noland and the late Phillip Noland of Crab Orchard.

I have five uncles and three aunts. Bill and Joyce Lear, Jeff Lear, Ricky and Selena Bullock, Mark and Robin Watts and Mike Noland.

Six cousins, Bridgette Lear, Kayla and Kyle Lear, Curtis and Sasha Bullock and Heather Watts.

Thanks again for all the nice gifts. "I Love You All."

Happy Birthday Mom! I love you very much. Tammy

Kayla Brooke Lear

Hi, my name is "Kayla." I celebrated my 4th birthday April 13 with "Little Mermaid Party." I would like to thank everyone for all the nice gifts I received. I'm the daughter of Jeff Lear and Jenny Kay (Doan) Lear and the sister of Timothy, Kyle.

My maternal grandparents are Doug and Billie Sue Lear of Brodhead. My paternal grandparents are Jessie and Lorene Doan of Mt. Vernon.

Thanks again to everyone who helped me celebrate my birthday.

We're Joanie Mac and Jackie Danae Alexander, twin daughters of Jack and Sandy of Brodhead. We were born March 7, 1992 at Humana Hospital Lake Cumberland. Joanie Mac weighed 4 lbs. 1 1/2 ozs. and was 16 3/4 inches long. Jackie Danae weighed 3 lbs. 7 ozs. and was 18 inches long. Paternal grandparents are Bill and Ruby Alexander of Brodhead. Maternal grandparents are William and Debbie Bentley of Brodhead and Frankie and Betty Hensley of Mareburg. Our great grandmothers are Mrs. Geneva Cromer and Mrs. Argie Bentley of Brodhead. We have very special great-grandparents, Mrs. Lucille Houk, Charles Machal and Mr. and Mrs. Warren Hoggard.

Protective Parenting

We cannot leave the moral development of our children to chance. Clearly the best way to instill moral values in children is through parents who practice and explain both their values and the practical knowledge on which they are based. But the unfortunate fact is that not all families practice morality, and many of these who do are shy to articulate their sexual standards to their children.

There is a kind of irony to this issue. People who are casual about sex talk about it easily; those who regard sex as part of the sacredness of the marriage relationship are less apt to talk openly about it; consequently their children learn casual attitudes about sex from the children of the former. It is the latter group who are more likely to object to sexual education being offered in the schools. Having myself grown up in the era when "Nice girls didn't", I wish today's children could grow up in as

protected environment as existed in the fifties. But TV, and the escalation of the growing up process in our society has changed all that. I am saddened at the sight of thirteen year old girls tectering in four-inch heels and spaghetti straps to premature proms.

Growing up never reverses itself. Once a gate is opened out of the Garden of Eden of childhood, human nature draws the developing adolescent onward to yet another gate. Holding hands and stolen kisses, which were satisfying expressions of sexuality to yesterday's young teens, are old-hat today for many sixth graders.

I wish children did not need to know about condoms and other means of birth control. I wish they didn't have to conceptualize abortion. But with motherhood and AIDS, not to mention other sexually transmitted diseases and emotional problems increasing by leaps and bounds within the "normal" teenage population as the alternative, perhaps we had better support education on the subject. With the AIDS alarm as the impetus, communities across the United States have instituted aggressive sex education efforts. The principles of these programs have a number of elements in common:

Money Matters

A Series Of Informative "Plain Talk" Thoughts Regarding Your Money Matters

Today's Farmer

With each year farming seems to be getting more complex. Today's farmer must be an economist and agronomist, not to mention a mechanic, veterinarian, chemist, biologist, purchasing agent, commodity broker, computer programmer, and the list goes on and on.

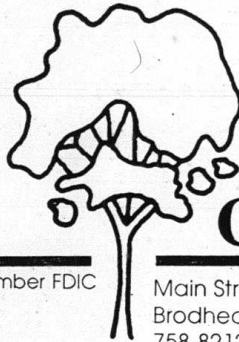

Throughout the years we've seen several changes in farming and none of them seem to make things any simpler. So our hats are off to today's farmers. They deserve the respect of us all.

When you stop to consider what today's farmers are up against, you realize just what kind of a job they are doing feeding a hungry world.

Spring Festival report Mt. Vernon Elementary

Friday morning session at the Mt. Vernon Elementary School began with a great roar of fun and laughter. There were kids bouncing in the moonwalk, kids with balloons pinned on their smiling faces, and kids playing games for prizes. The kids were having the time of their lives. As we continued through the evening the enjoyment grew with the Bittersweet Cloggers and Hilltop Stompers performances. The upbeat of the clogging put everyone to patting their feet and clapping their hands. Mrs. Karen Powell's 4-H Club act of the Adam's Family was great. The audience really enjoyed getting to watch their children perform. Joshua Bray did an excellent job also in his delivery of the drums. A special thanks to the students for their hard work. The beauty of the evening was at 8 o'clock when the candidates of Mt. Vernon Elementary marched down the aisle. The Royalty Coronation was led by last year's Prince and Princess (Jonathan Burdette and Kristy Lovell) followed by last year's King and Queen (Christy Mink and Blake Childress). Our kindergarten and first graders were our flower girls and crown bearers (Derick Hensley and Jessica Riddle) (Shane Nicely and Ashley Bell) (Cody Owens and Amy Barnett). The second grade candidates followed (Josh Hale and Kristy Chistum). Our third grade candidates were (Wesley Falin and Cheyenne Carmack) with fourth grade (Thomas Daugherty and Lindsay Bell). The fifth grade candidates for Prince and Princess were Kevin Bradley and Amanda Osborne. Our 1992 King and Queen are 6th graders John Brown and Megan Holbrook.

Six retired teachers attend KRTA conference recently

By: Geraldine French

During the second week of April the above ladies represented Rockcastle County Retired Teachers in Louisville at the KRTA Conference held at the Executive West Hotel. Pictured, left to right, is Sarah Fay Hamm, Aslee Bray, Geraldine French, Geraldine Holbrook, Sarah Fay Hamm, Shirley Martin and Sue French.

Highlight of the conference was a potluck food party with live entertainment and prize drawing the first day.

The second day was a full workday. Reports and talks were given by the Executive Council on issues facing the KRTA. Topics reported on and discussed were legislative activities in the General Assembly in Frankfort this year. AARP, health care proposals, TRS match funds, medical insurance funds, prescrip-

tion drugs, and taxation. During this session Rockcastle County received an award for having 99 percent of its teachers belonging to KRTS.

A highlight of the conference was an address given by Rev. Bob Russell after the noon meal was served in the Derbyshire Dining Room. Dr. Russell's topic was "Let Not Your Heart be troubled." Dr. Russell was introduced to the audience as a Louisville minister with a congregation of 6,000; a man with a Sunday morning radio broadcast reaching all the eastern U.S. and a man who knew how to get directly to the root of human problems. He proved to be an excellent communicator. The audience seemed to hang on to each word he said. Even though problems facing the KRTA seems bleak people came away from the conference feeling good because of Dr. Russell's address.

J.W. Bunch, second from left, a senior at Rockcastle County High School, will be able to attend Eastern Kentucky University this fall, thanks in part to the Destination Graduation Program and the generosity of the local community. Destination Graduation tutors from Rockcastle County, including Paulita Thomason, left, and Tanya Parrett, third from left, solicited donations throughout the county. Thomason is a senior at EKU, while Parrett graduated earlier this month. At right are Betty Conley, a Rockcastle County High School teacher, and Dale Whitaker, a guidance counselor at the school.

Congratulations to the winners. I only wish I could personally thank everyone, parents, students, teachers, Mt. Vernon staff, PTA officers and workers for the hard work and support throughout this school year. A special thanks to Bittersweet Cloggers, Hilltop Stompers, Jim Cox, Jim Conti, Lawrence Bullock, Ms. Judy Bullock, Mrs. Joyce Philbeck, Mt. Vernon Signal, WRVK-Larry Burdette, Connie Riddle, Mrs. Cathy Allen and Mrs. Carolyn Wynn. I don't want to leave anyone out. But you know who you are and the great work you put into making this Spring Festival a success.

TIGER PAUSE

Terri Ashley and Krista Shreve completed the Red Cross babysitting course. Terri and Krista are two of our eighth grade students that participated in the program through the Rockcastle Youth Services Center.

The faculty would like to thank the 4-H Council and John McQueary, our 4-H agent, for the donuts and apples received for Teacher Appreciation.

Congratulations to fourth grader, Jeremy Reynolds, first place winner in the cultural arts division of the PTA Reflections contest. Jeremy will receive special recognition at the Awards Program, Friday, May 22.

Debbie Bustle, PTA vice-president, Allison Reynolds, secretary, Judy Adams, Shirley Martin, Onna Owens, and Molly Hamm attended the eighth district PTA spring conference, Monday evening May 18 in Somerset. The Kentucky Congress of Parents and Teachers presented the Gold Seal and Gold Leaf Award to the Broadhead PTA Chapter. Jeremy Reynolds' winning entry of the Reflections contest was on display. We would like to extend congratulations to Mt. Vernon Elementary who had more wins than any school in the eighth district.

The students of STATIC, the pri-

mary team of Mrs. Kathy Dyehouse, Mrs. Margie Bishop, and Mrs. Jeletta Bradshaw, visited Pizza Hut Monday. The students went into the food preparation area of the restaurant and made their own pizza, adding toppings of their choice. This was a culminating activity of a unit on nutrition.

Tuesday, May 19, the STATIC group toured Earl Kidwell's dairy farm. Eric Adams, Mr. Kidwell's grandson and a member of the primary team, invited fellow students to ride his pony, Star. The students then traveled to the William Whitley House where they enjoyed a picnic lunch.

Mrs. LaJoy Graves, Mrs. Patsy Morgan, Nelson Graves and Mrs. Betty Brown accompanied the sixth grade students to Levi Jackson State Park in London, Thursday, May 22.

We would like to remind parents of students who will be seventh and eighth graders this fall, to complete and sign course selection sheets and return them to school as quickly as possible.

Chapter 1 Specialists, Mrs. Bobbie Durham and Ms. Regina Burton and Chapter 1 Instructional Assistants, Brenda Bradley, Marsha Caudill, Tammy Harris, JoAnn McClure, Mary Ellen Wright, and Betty Brown met at Livingston Elementary School, Wednesday, May 20 for a end-of-the-year county Chapter 1 meeting, while guests at LES, these ladies shared in a retirement recognition for Jerry Mink, principal. Later in the afternoon, the annual Chapter 1 meeting for parents of BES students was held at BES. Topics of concern were parental involvement and goals for the 91-92 school year. Mrs. Cindy Anderkin, PTA member and parent, spoke about the importance of being a PTA supporter and member.

Mrs. Nancy Parkerson, librarian, is retiring. The legion of children who have passed through our school and whose lives have been touched in some way by Mrs. Nancy's kindness and concern are many. We wish you the health, happiness, and peace that you deserve and may your retirement be filled with joy.

Since this is the last Tiger Pause of the 91-92 school year, it's our sincere wish for each and every one of you that the coming summer hold pleasant

experiences. Have a good summer!!

Hoskins in second wreck in same spot which took first wife's life

A Crab Orchard man on furlough from prison for killing his first wife in a car accident, wrecked in the same spot last Thursday with his second wife.

Doug Hoskins, who was sentenced to four years in prison after pleading guilty to a reckless homicide charge involving the 1990 death of his 19-year-old wife Stephanie, allegedly fled the scene of the most recent accident about 4:40 a.m. Thursday.

According to Sheriff's office reports, Hoskins had taken his new wife, Michelle, at gunpoint into the car earlier that morning and may have been drinking.

He had been drinking the night that the accident that killed his first wife occurred, Hoskins was originally charged with murder in that case but agreed to plead guilty to the reckless homicide charge in a plea bargain arrangement.

Both accidents occurred on a curve

in KY 39 near Crab Orchard Elementary School. The sheriff's office said that in both accidents, the Hoskins car left the road and struck the same tree.

In the latest accident, Michelle Hoskins, 17, suffered head and leg injuries. The injuries were not life threatening, however, and she was treated at the University of Kentucky Chandler Medical Center.

No charges were filed against Hoskins initially in the latest wreck. The investigation is continuing.

Hoskins returned to the Pulaski County Detention Center, where he is a community service prisoner.

He was sentenced in March 1991 to four years in prison. He transferred to Pulaski jail in February of this year.

Last week's 40-hour furlough was Hoskins' first since he was sentenced more than a year ago. The sheriff's office said Hoskins returned to the Pulaski County Detention Center as scheduled when his furlough ended.

Livingston Elementary School cooks volunteered their time and talents to be group leaders throughout the school year. They are pictured above with refreshments made by the Livingston Champions Against Drugs group.

A team of cloggers was on hand to entertain the crowd with a dance performed to "Old Time Rock-n-Roll" at the recent talent display by the Livingston Champions Against Drugs group.

Eagle Echoes

Forty nine students will graduate from Roundstone School on Thursday, May 21, 1992 at 7 p.m. Mrs. Kathryn Howard, principal at RES will be the speaker for the event. Congratulations graduates and enjoy high school! We will miss you at RES!

Roundstone Elementary School now has a Site Based Decision Making (SBDM) Council. RES faculty selected Rose Brown, Beverly Owens, and David Pensel as teacher council members. The RES P.T.A. selected Allene Cornelius and David Parsons as parent council members.

Purcell accepted as member of Phi Alpha Theta

Aaron Purcell, son of Rodney and Betty Purcell, of Brodhead, has been accepted as a member of the Cumberland College chapter of Phi Alpha Theta, the international honor society in history.

The Cumberland College chapter has been awarded the "Best Chapter" citation fourteen of the last fifteen years and is active in presenting lectures and discussions, holds an annual book sale, and publishes an annual historical journal.

Acceptance into Phi Alpha Theta is dependent upon a student's grade point average, scholastic accomplishments, and interest in the fields of history and/or political science.

The Baby's
I like baby Praying Mantids. They are about a half of an inch. Mrs. Ponder celt twenty of them. They look just like their mother. They got a head, six legs, and a mouth like their mother. They are very small. It layed its eggs on October 7, 1991 now it is April 28, 1992. It has been seven months. They may be a little more born tonight. They look like they are praying already. They are in a green and white's gray container. It has still got the seak in the cocoon. It is still on the stick. I bet she misses her baby's alot.

The baby praying mantis
Our eggs have hatched. We came in the room. They were hatched. Little bugs were all over the place. I was so happy. I was waiting for them to hatch. I saw one hatch. It has been 7 months. I'm glad that it did not hatch and when they did they got all out when Mrs. Ponder opened the door they all ran out of the room. And when we went to lunch we did not have know food. Because all of the praying mantises is. Jessica brought a praying mantis to school. It had baby's. Then we let it go. Mrs. Ponder is scared of them. Most of them ran out the window. Mrs. Ponder put them in a box. We left them in the box and almost all of them died.

Champions Against Drugs end year with display of talents

The Champions Against Drugs Afterschool Club will finish its first year with the ending of the school year, but the impact and values the participating students gathered may very well last a lifetime.

The club is a network of after school activities that allow students to learn new skills and crafts while spending time in a wholesome, safe drug atmosphere. The club is designed to offer an alternative surrounding for the children which is educational as well as fun and inviting.

Students participated in activities such as wood crafts to cooking, and karate to clogging.

Coordinator, Ginny Gilpatrick organized the various clubs and, last Thursday, she organized an awards/demonstration program to showcase what the groups have accomplished and learned.

Champions Against Drugs is an excellent program that Rockcastle County children as well as parents are lucky to have, and it will need the support of parents in the upcoming years.

Protective Parenting (Cont. from 10)

- they teach sexual restraint and responsibility; they teach young adolescents to assume respect and responsibility for themselves.

- they help adolescents develop skills to resist pressures to become sexually active.

- they teach safe and wholesome means of expressing the strong love adolescents feel for the opposite sex.

- they draw on values of love, concern for others, responsibility to family members, honesty, shared productive hard work, and the fulfillment of sexuality within a marriage relationship.

- they stress that teens focus on setting and working toward future goals as a means of putting their sexuality in proper perspective.

- they also teach young people to talk openly about sex, often lessons are drawn into sexual submission because they are too embarrassed to speak up about it.

According to the principal at San Marcos Junior High School in California, which instituted such a program, adolescent pregnancies were reduced from 147 in 1984-85, to 20 in 1986-87. The program reflected the school's motto, "I am responsible for myself."

Unless children and their parents have an open policy about discussing sex, children will find less knowledgeable age mates with whom to exchange misinformation. Taboo subjects retain an aura of intrigue for children and encourage them to experiment unless they have an understanding of plausible reasons why they should not. This includes a firm grasp of fundamental knowledge about all aspects of sex; flagrant promotion of perversion by the media makes it necessary to clarify the facts as we see them. Parents and schools can work together to promote healthy attitudes and behaviors.

Cromer hurt in second shooting in ten days in Crab Orchard

For the second time in 10 days, an argument in Crab Orchard led to a shooting.

In the latest incident, Virgil Ray Cromer was shot in the left shoulder about 5 a.m. Monday with a .44 caliber magnum pistol.

The bullet passed through his shoulder without striking vital organs or bones, but he was flown to the University of Kentucky Chandler Medical Center for treatment. He was released from the hospital Monday afternoon.

Cromer's alleged assailant, Charles Mullins of Crab Orchard, was arrested and charged with assault and wanton endangerment.

Crab Orchard Police Chief Clarence Brown said the shooting oc-

curred after the two men had been drinking together. Both seemed pretty much intoxicated, he said, and argued about something just before the shooting occurred.

Brown said the incident took place near the Crab Orchard Cemetery.

The shooting follows by 10 days, the wounding of Billy J. Clark at his home on Manor Boulevard. Clark was allegedly shot by Lloyd Virgil Saylor in an argument over Saylor's ex-wife.

In that shooting, the bullet passed through Clark's stomach without inflicting major damage.

Saylor was bound over to the next session of the Lincoln County Grand Jury after his appearance in District Court Monday.

Mullins participating in medical, dental student program

A 1992 graduate of Rockcastle County High School is one of approximately 80 outstanding Kentucky graduates selected from over 160 graduates who will be participating this summer in a state program designed to assist students from areas with too few doctors or dentists in their pursuit of a career in medicine or dentistry.

Clark L. Mullins II of Renfro Valley will be attending the 6-week Professional Education Preparation (PEP) Program workshop at the University of Kentucky.

A PEP Program workshop is also being conducted this summer at the University of Louisville.

Mullins, 18-year-old son of Clark and Sondra Mullins, will be getting advanced college-prep instruction in mathematics, chemistry, study skills improvement, and professional writing. He will also be attending classes to improve reading and writing skills.

According to Larry Fowler of the Kentucky Council on Higher Education, the state agency that coordinates the PEP Program, all of the instruction is designed to improve

the participating students' chances of doing well in their premedical or pre-dental college studies.

"We're anxious for the program and the students to succeed," said Fowler. "The student's success will show in their gaining a medical or dental degree, and the program's success will show in the students going back to practice in their home areas. An evaluation of the program conducted in 1992 indicates that PEP students have been extraordinarily successful in gaining admission to medical or dental school."

The prefreshman workshops are the first of three stages of activities the Council has planned for participating students. Additional programs and services designed to help them succeed in becoming physicians or dentists will be provided throughout their undergraduate and professional school studies.

High school seniors-to-be who are interested in participating next summer should contact their school counselor for information and application forms next January or February.

Reynolds in Honor Society

Rockcastle County High School graduate Heather Reynolds has been inducted into Vinita Qui Patitur honor society at Berea College.

The purpose of the honor society is to recognize and encourage superior scholastic achievement. Members

must have achieved a 3.5 cumulative grade point average by the second semester of their sophomore year.

Mrs. Reynolds is the daughter of Lawrence and Genevieve Reynolds of Mt. Vernon.

Roamin' Rockcastle

BY HILDA FAYNE GABBARD

The wild roses are blooming again by the roadside when I take my walks. I feel a lovely romantic feeling when I see the lovely creatures of nature. I know, too, that it's getting close to the time of weddings: I think John gets a romantic feeling, too. When he goes for a walk out in the fields, or along Clear Creek's bank, he will pick whatever wild flowers are blooming and bring them back to me.

Now it's either that or he's hoping for a hot supper. Men are tricky like that!

Now I don't mind telling you that what happened Saturday afternoon in First Christian Church didn't make things any better for me. The romantic feeling that I had been having all week simply went out of bounds.

You see, we attended the wedding of my boss (number 3—the works at the paper, too), Sara Catherine Andenker and Jason Shane Coguer who were united in marriage. I got so excited, for I don't believe I've ever seen such a beautiful bride. Sara's wedding was such a beautiful creation, you thought it might have been by the Good Fairy work.

As the bride came down the aisle, I got so excited, John said, "Come back down to earth, you're not getting married!"

It was so nice to me that at the office when I took my column to her, (remember, she's my boss number three).

So, starting with the picture of the couple in this paper announcing their coming marriage, I've been thrilled about it.

Sara looked so happy as she walked down the aisle on the arm of her father, Mr. Andenker, who looked pleased, too.

Could it be that he was happy to have another man in the family? The gold in Fort Knox is not taken as good care of as the handsome little boy who came in carrying the rings on a plump, lace little cushion; he was so proud.

Then a cute little flower girl with a fancy basket came down the aisle. I don't believe any job has been as well attended to as this little girl did hers. So carefully did Allison, Sara's little sister, scatter the petals that you wonder if she counted each handful. Richard Andenker, brother to Sara, was everywhere, making pictures of the wedding.

It was as if the family meant to give their daughter, and sister, Sara a loving send off.

Downstairs, where the reception was held, the wedding party stood in a line with the guests lined up behind them. First in the line was the groom, Jason's, parents.

I asked them as I came along, "Tell me, are you losing a son or gaining a daughter?" Mr. Coguer laughed and so did Mrs. Coguer. I asked them, but she answered quickly, "Oh, we're gaining a daughter," and smiled.

Next in line was Sara and I heard myself saying, "Oh Sara, how beautiful you are!" She stepped forward

This is an example of the family history I have written for the Rockcastle History Book. By: Ruby Alcorn

George and Armilda Marler were my grandparents. I am the daughter of Clifford and Birdie Marler. My mother's parents were from Wainwright, Kentucky. They were Walter and Minnie White. My father's mother was married in 1920, they began their life at Bromo, Ky. My grandfather bought the Andrew Blanton farm for my father as a wedding present. My only brother, Walter C. Marler, was the first-born, his birth was April 15, 1929. My mother was born May 9, 1949. My father was a farmer, he raised tobacco, corn, and hay. He also had cows, horses, and a team of mules for working the fields.

I lived at home for 16 years, then moved to Orville, Alcorn of Mt. Vernon. He was the son of Solie and Lula Honley Alcorn, from Crooked Creek. My husband and I had no jobs and we were both young, so we went to live with my father on his farm. My husband worked with my father. Our first son, Edward Earl Alcorn, was born May 9, 1949. We then moved to our first home, my father owned another farm, the Johnnie T. Marler place. We made our home there for two years, we then moved to my grandfather's home, which had a large log home with two rock chimneys at each end. My daughter Judy was then born on Dec. 8, 1950. I was living where the old Bromo Post Office and grocery was. My grandparents

and gave me a hug, saying, "You did get to come and see me again. Then I got to come on to her husband, Jason, when I felt like falling through the floor."

Let me tell you about this joke. When Sara told me she was getting married I said, "Some go to the wedding to kiss the groom!"

Of course, I was joking, but when Sara passed me on to Jason, I realized my remark had been told to the family. I felt flushed as if he thought, "Am I supposed to kiss her?" I moved slightly back for I felt I was being watched, and passed on to Mrs. Andenker who was controlling her laughter and I knew then she knew about the kiss. (Sara had told her).

But Mrs. Andenker did say, "Oh, Mrs. Gabbard, I'm losing my little girl," the remark made by many mothers. I didn't have time to remind her to just make room at the table, Sara had brought another one home for the family to welcome.

Then I moved over to Mr. Andenker, Sara's father, whom I hadn't seen for years. He was still looking pleased over getting Jason in the family fold.

I want to tell Mr. Andenker that starting with my wife, Perina, all the family, wife and children are either pretty or handsome. Yes, that includes my boss number one, Richard, too. (I'd better say something nice here or my salary might get cut!).

Then we went to the bride's table where I remember a wedding cake and punch were served.

I met Cookie Ely, one of the newspaper staff members. She looked so pretty in her "dressed" dress. I wondered whether she knew about my plan and that I got cold feet.

Everybody was laughing and talking and visiting the punch bowl. It sure did taste good, and I wondered, as they did in the hills, if someone had slipped a little "white lightning" in the delicious drink.

Then a cute little boy came to the table if he had any kunquart dried peas that were served back on Clear Creek at weddings. She looked at me as if I belonged somewhere else.

Lynn Mangus, another newspaper staffer, said to me, "I bet you're sitting to the punch bowl asking me if I was putting the wedding news in this column, saying she liked to read it." This has been so beautiful! I couldn't begin to write about it. It would take a society reporter to give it the class Sara deserves," I said, and left.

But in thinking about the happy memory for Sara, I will give my version of her wedding.

It was a beautiful occasion and I'm sure Sara and Jason will have much to recall as time goes by and they see all the pictures of the wedding, made by her brother, Richard (and two video photographers as well) of their wedding.

Till next week: You can think your way to success and happiness.

George and Armilda Marler ran their home in 1858. I love the old home place where my father first began his life in Kentucky. Now the post office and grocery is gone and my grandmother has passed away.

In 1953, my third child, a boy, was born Nov. 17, 1953. We named him Shelley. The farm was a nice place to live, but our family was growing so we decided to buy a place of our own. My husband bought the Al Owens farm about one mile from my grandparents' home. We moved to our new home in 1958 and another son, Vernon, was born on Dec. 7, 1955. Cynthia our second daughter was born May 31, 1958 on her father's birthday. Our first child was born Sept. 17, 1959.

We now had six children, but wanted more. Our son Rodney was born next on Dec. 22, 1962. After this we had two more sons. Randal was born Oct. 5, 1965. Charles was our last son born May 31, 1970. I was 42 when my last child was born. I thought that our family was large enough. All of us lived happily together for many years. My children are all married now. Orville and I have five grand-children, their names are Danny, Janice, Melinda, Joseph and Eddie.

Today is May 1, 1992. I love all my grandchildren and enjoy them as my own. I go to school every day to get my Ed. After I complete my high school, I plan on going for training at the vocational school. I am 61 years young and love learning all I can every day.

Loneliness or Aloneness

Maybe I am unique and the only person in the world who has this problem of aloneness or at least will admit it and discuss it. But believe me when I say it is a reality and can drive one to insanity or to the brink of utter despair.

There is a real difference in being alone where one can enjoy solitude and quiet while he/she meditates or naps or simply relaxes before entering the busy life outside their cocoon of peace and quiet, but it is another thing to be utterly alone in a world of people who have no common bond to the same problems, or joys, you are experiencing.

Temporary loneliness is experienced by virtually everyone at some time in their life and can usually be dealt with by a telephone call or a shopping spree, or dropping by a friend or relative whose cause for the loneliness is discussed, thereby getting it out of the way. When anything is brought out in the open it seems to go away on its own.

The loneliness or aloneness I am speaking about is another kind, it is the one associated with old people who have no family left to call on in their time of need. And perhaps to remain need is not always a fact for drastic help, need can be simply to have someone listen to you talk about a joy you have just experienced, the recounting of which induces it in your memory forever.

One of the joys of a sorrow you have been grieving about and if it is once out into the open you may be able to handle it on your own.

Or best of all the need may be for a social visit only where a person can once again laugh at the joke or puns that have been told from their youth and retell it. Most of all each person has the same need to talk as well as listen.

So many of us are so hungry for this kind of social life that has been eradicated from us as our siblings and close friends have passed on that we have a tendency to want to do all the talking.

It seems we are afraid we won't get it all said before we join those who can no longer hear us, or before we get all our complaints told.

Or what about the need to tell someone about the bad news you have just received and no one is interested. It takes someone in the family to appreciate the heartache that goes along with the report of terminal illness to a loved one.

One who can and will respond with the sympathy that comes from the heart instead of the mouth. Friends are crucial to have around in time of need but really it takes someone with blood ties or marital ties to give the comfort that touches the heart at such times. Every human being needs the touch of a loving hand on a shoulder or the touch of warm lips on a brow along with the soft voice saying the words of comfort when the mind seems to be more than one can bear, or a squeeze to the hands or shoulder and a happy note in their voice when it is a joyful occasion that has been announced.

We were not created to live alone, and the many churches do not want the beginning of time and woman was made to be the helpmate of man. Since that time it is only the recluse we hear about as being content to live by him/herself. From the time we are babies we are cuddled and taught to love.

In Loving Memory of William F. (Bill) Hale

There are lots of things in life that we do not understand. But we must trust in God's Will and be led by his hand.

It was one year ago May 24th that God took our loved one away. Our memories of the smiles, love, and happiness will never fade. Death was an angel sent down from above. Sent for the special one we loved. The family and friends did not want to say good-bye. But there will be no more pain or sorrow for him in his home in the sky. There will be a glorious meeting in heaven we know. When we see our loved one that we loved here below.

We would like to thank each of our family, neighbors, and friends that helped us through our grief and sorrow and who has supported us this past year. We would like to thank the ambulance services of Madison and Rockcastle counties, Berea Hospital, and the many churches that have prayed for our prayer lists. We thank each and everyone for all that they did for us.

Thank you, The Family of William F. (Bill) Hale

be social creatures. Marriages are big events in every society in the world and families are encouraged, then suddenly we are old and our mate is gone and we are alone. Al, O.N.E. Often for the very first time in our life and we are supposed to know how to deal with it and by all means never complain about it.

We are to go into an empty house and set down to a table meant for a family, by our lone self and try to enjoy the meal. We are supposed to go to the bed that has always held two and suddenly love the empty space beside us. We are to wake up in the morning and maybe need help getting out of bed and find there is no one there to help, not even a voice to say, "I'm sorry." It is surprising what the sound of a loving voice can do to ease a pain or soothe an aching body. It is uncanny what the very presence of another human being in a house can do for one. There is a chemistry when two people or more are in a house, I am sure that can actually be felt. If you don't believe it just try staying in an isolated house for a week all by yourself. The aloneness can be felt just like the presence of someone else can be felt. There is a resonance to them that isn't there when there are other people around. The very air is pregnant with solitude, it has a different quality to it than when another person lives beside it but is out for a stroll or is asleep. It is as if the house itself is alone, it is alone and withdraws all its warmth into the walls.

Have you ever had the need to talk to the walls? Let me tell you they do not answer! And the windows stare

McKinney named to Athenians; Vanderbilt Honor Society

Angela McKinney has been named to Vanderbilt Honor Society.

On the 4th of April, the Athenians of Vanderbilt University presented the 51st annual Athenian Sing during Parents Weekend at Vanderbilt. The Sing was started by Dinah Shore in 1942 and is a song and dance competition among various campus groups. Money raised is used by the Athenians to award scholarships to rising juniors.

During the performance 41 new members were introduced to an audience of parents, faculty, and students. Among those introduced was Angela McKinney, a 1990 graduate of Rockcastle County High School.

Athenians is a junior honor society which recognizes outstanding leadership in the areas of academics, leadership, campus activities, and com-

Bond Family Reunion

Well, here we are again, the Bond Family, for Mother's Day. The family of Mary Belle Bond and the late "Frank Bond." Mary Belle is residing at Richmond, Ind. Heritage House Nursing Home. She is formerly of Ortonville, Mo.

This year's event was again held at Glen Miller Park. Mary Belle was unable to attend this year but was visited by all during the day.

Attending this year from Kentucky were her daughter Sally Mason and children; daughter Brenda and Dillard Kirby of Lockland, Ohio; daughter Judy and Bill Wyatt and son Tracy of Eclestonia, Ill.; son Garry Mason of Cincinnati, Ohio; son Leon and Paul Mason, his daughter, Leticia. "Pat" her son and Edna Ray of Hamilton, Ohio; son Mike and Shelly Mason of Orlando; son Dec Bond and children of Orlando; son Jeffrey Lynn and Lisa Bond, their children Jeffrey Jr., Carlita, Bryon, son Brian and girlfriend Earlene McNew; Daughter Alene, McGinnis and son Frank and Michelle Bond of Mt. back at you if you look to them for company. And the table top is cold to your touch if you have the courage to sit down to eat alone. The empty chair across the room mocks you with its vacancy when you happen to look up hoping for a chance glancing at a loved one. One of the most frustrating things of all is the fact of having no other voice in the house and no cars to hear you when you speak. Even the casual chit-chat or simple demands of day to day living are no longer there. There is no one to help with the simple decision making that ordinarily takes two people to decide such as, "should I go to the doctor for this problem or do you think nature will take care of it?" We take things like this for granted until we are alone. We also take for granted the deeds the other person has been doing such as picking up, putting away, carrying out, getting you a drink when you don't feel well or giving you your medicine when you are ill. Suddenly you have to learn to completely rely on yourself whether you are sick or just want to be waited on. And you realize if you fall you will lie there until you are found so you must watch more closely what you do and how you do it. Then you pray, no my will, but Thine be done, as you head back into the corner where you feel secure from the emptiness about you.

This is the corner where you have escaped from the aloneness by learning to crochet. One doesn't have time to be absorbed by the quiet of the house during the week visiting his mother. And busy they are if a person is learning a new skill. The yarn is soft and warm to the touch and the instructions are almost as interesting as a new book. The quiet corner and the busyness of colorful warm yarn have a soothing effect and dispel the loneliness for hours at a time. It is then I find myself napping and dreaming of a past time when there was no time for the luxury of sitting in a corner crocheting, and so, time goes on.

Thank you Dr. Harold Childress

Livingston Elementary Cheerleaders - Brandi, Brandi, Crystal, Kristy, Stephanie, Jessica and Lacey, their parents and sponsor thank Dr. Harold M. Childress of New York for his donation that enabled them to purchase a popcorn popper. Due to his donation we were able to purchase the popcorn popper and popcorn supplies for the past school year. All profits from selling popcorn at ball-games were for the cheerleaders. During the 1991-92 ball season the cheerleader made enough profit to purchase new jumpers for next year's ball season. We appreciate your generosity, Dr. Childress.

Every year since 1988 Dr. Childress has sent donations to the Livingston Elementary Library, the gymnasium and the students at Christmas. Thanks for thinking of us at L.E.S. Dr. Childress.

"What Saith the Scriptures"

For the past three articles, we have been studying authority in religion. We have shown that Jesus has all authority and his authority and will is expressed in the Bible. We have shown how Bible authority is established. Today, we want to show why there is all the division and error in the religious world.

In Mt. 22, Jesus was discussing the resurrection, with the Sadducees, he told them in vs. 29, "Ye do err, not knowing the scriptures, nor the power of God." Notice Jesus said "ye do err," that is, he told them they were wrong. That's what the sects, and denominations need to hear today, they are wrong. Now there are two reasons for their error. They didn't know the scriptures nor the power of God. Today the same two reasons are the fundamental problems of error. Today, either folks are ignorant of the Bible or they don't believe what God has said in the Bible. Error can be for either of these two reasons, or both. Thus the way to avoid error is to know what the scriptures teach and to accept all that God has said in his word. Let me give some examples of how error works.

In Eph. 4:4, Paul said "there is one body," and he told us in Eph. 1:22-23 that Jesus is the "head over all things to the church which is his body." Thus the church and the body are the same. So Paul says there is one body or one church. Now, how can people promote denominationalism and division; "one church is as good as another." "In the church of your choice" in view of such plain teachings of the Bible? It's either they are ignorant of these verses or they deny the power of God in unbelief!

Another example is, the Bible teaches us in Mk. 16:16, "He that believeth and is baptized shall be saved; but he that believeth not shall be damned." Again in Ac. 22:16 "And now why tarriest thou? Arise and be baptized, and wash away thy sins, calling on the name of the Lord." Thus, we see that baptism is necessary to salvation just as belief is. Yet, many are taught that baptism is something you do to show you're already saved or because you are saved, and that baptism does not save. Now how do people get off in this error, either they are ignorant of what the Bible says or they don't believe what God says. Yes, friends, we can know the truth and obey it, Jn. 8:31, 32.
