Students reap benefits of parental involvement

By Karen Click

The Kentucky Education Reform Act is the most extensive school reform ever undertaken and a new and very basic change demands the involvement of parents in schools.

Parents now sit on school councils and serve on school committees. The preschool and primary programs require schools to involve parents. Committees formed by the Department of Education, such as the task force on high school restructuring and the social studies textbook selection committee, included parents. School district superintendent screening and school facilities planning committees must include parents.

est educational surroundings and the attitudes about the importance of education. The gain is not limited to primary or elementary level. When continuing through high school, there is great benefit. Just having parents involved in the early years is not enough. They must be involved at all grades.

Years ago, the school was the center of community life. Most children lived with two parents including a mother who could stay home and take care of them. Those days are long gone. Few community activities take place in schools now.

teachers is necessary for success.

The first step is to create a positive attitude between the school and home. Parents demonstrate a positive attitude by becoming more involved in their child's school -- by attending PTA meetings and other school functions, serving on school council committees or volunteering at school or in the family or youth services center.

Schools can reach out to parents by holding parent-teacher conferences at times convenient for working parents, in calling parents about their child's successes, holding school council elections over a several day period or establishing a place at school, around a coffee pot, for example, where parents feel welcome to visit with other parents.

Why all this interest in parents? Except for school board members, no decision-making authority has rested in parent's hands before now.

Parent involvement is a very important factor in school success. Students whose parents are involved in school have higher achievement, better behavior and more motivation than students from the same socioeconomic background but no parent involvement.

Studies have demonstrated the important role a family has in educating its children. The family supplies the earli-

Years ago, the school was the center of community life. Most children lived with two parents including a mother who could stay home and take care of them. Those days are long gone. Few community activities take place in schools now.

In most two-parent families both parents work. Many children are growing up in single parent homes and in poverty. As society changes, then schools must change to effectively work with parents in educating children.

When these come together the schools reflect the community.

Each school community must design its own program for parental and community involvement.

Involvement should be based on active, equal partnerships with parents. Parents must be a vital part of the committee that designs the plan. Good communication between parents and

teachers is necessary for success.

The importance of the school staff in a parental involvement program cannot be overemphasized. They help through PTA's and administration. In-service programs can help them be more comfortable working with parents.

As each school's teachers and parents work on a new relationship, they are not alone. Many national groups have materials available free or for a small fee.

When teachers and parents team up as co-workers in a child's education, then everyone wins. Teachers find their classes more orderly and students more ready to learn.

The atmosphere at the school reflects the community's belief in the importance of education. But the most important thing is the child will feel better, behave better and learn more.

Our Readers Write

Dear Editor,
 I attended a rally on Saturday, Sept. 18, of approximately 400 persons at the Mt. Vernon Court House to protest the killing of Gary Shepherd at his home by Governor Breton Jones' Marijuana Eradication Task Force (METF). I firmly believe that this killing was unnecessary as a police action and that it indicates that the METF is dangerously out of control. Based on conversations with my friends and fellow citizens, I think there is wide agreement that immediate action must be taken to demilitarize the METF and to bring it under the discipline of law. The members of the METF have shown disrespect and contempt for ordinary citizens of Rockcastle County and citizens in other Eastern Kentucky counties by flying dangerously close to their homes and disturbing their livestock and crops with raging winds from the blades of their military helicopters. I think that the Marijuana Eradication Task Force has become a tool for political grand standing by many state and local law enforcement officials. When this political use of police power is combined with the macho-military attitude of some State Police and National Guard members,

a serious threat is created for the rights of all citizens. While I am concerned that our laws are enforced and that criminals are brought before the bar of justice, I am more concerned that our police power is out of control and has become abusive of the citizens. As an individual citizen I feel less threatened by criminals than I do by police power becoming abusive. I think we must, as Americans, remain equally vigilant about fighting crime and keeping police power constrained and operating within the authority established by law. I think that the killing of Gary Shepherd and the rough-shod treatment of other citizens by the paramilitary operation of the Governor's Marijuana Eradication Task Force constitute an immediate and present danger to our Constitutional rights. I urge Congressman Harold Rogers to call for Attorney General Janis Reno to launch post haste an investigation of the killing of Gary Shepherd and to move to demilitarize the METF before further among citizens who are being abused by the METF and before more unnecessary killings take place. The METF uses the latest in com-

bat equipment against its targets, often innocent citizens, including automatic weapons, grenades, and body armor. In its arrogance and pseudo-military swagger, the METF seems unconcerned with what is termed in usual military parlance, collateral damage to the equipment and technology used by METF. I wonder if the METF had a video camera pointed at the evidence, and if they did not, we all should ask why they did not? It is also wonder whom we should fear more: the marijuana growers or the METF with their machine guns and grenades.

Respectfully yours,
 Elmer T. Whither

Revival
 Flat Rock Baptist Church invites each and everyone to a revival. Services begin Oct. 4th through 8th at 7 p.m. Evangelist, Bro. Sheryl Thomas. Pastor Bro. Gene Noe.

Gospel Singin' in the Hills

The first annual "Gospel Singin' in the Hills" will take place Oct. 1 and 2 at the Laurel Lake Baptist Camp near Corbin. More than 19 hours of gospel music will be presented by some 36 groups and individuals from Appalachian churches including bluegrass, southern, mountain folk, and contemporary gospel.

Participation in the singers from the region are "Chris Robbins" of Renfro Valley and The Messengers Quartet often featured on "Mull's Singing Convention." A more youth oriented, contemporary group known as "Matachi," appearing on Saturday night, was featured at "Dollywood" this summer.

The 15 year old Coffey twins will be featured from the Mt. Vernon area as well as Joyful Noise of Broadhead. Bring lawn chairs and blankets for the outdoor amphitheater at the camp. The Laurel Lake Baptist Camp is located approximately 15 minutes from Corbin Exit 25 of Interstate 75 on the way to the Grove Marina and Recreation Area on Laurel Lake. There will be signs from the interstate.

That's Friday evening, Oct. 1, 4 to 11 p.m. and Saturday, 10 a.m. to 10 p.m., Oct. 2. Admission is free. Overnight camping is available. And, lots of food and concessions will be available featuring a fish fry on Friday evening and a barbecue on Saturday evening. Everyone is welcome at the "Gospel Singin' in the Hills." For more information, call (606) 528-3522. Proceeds will go to the camp.

The Bank of Mt. Vernon Plaintiff
 V.
 Earl Baker and wife, Martha Faye Baker, Rockcastle County, Kentucky and United States of America Defendants

NOTICE OF SALE

Pursuant to judgment and order of sale entered in this action on September 10, 1993, for the purpose of satisfying the judgment against the defendants in the amount of TEN THOUSAND THREE HUNDRED SIX AND 00/100 DOLLARS (\$10,306.00) plus interest and attorney fees, I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

At the Courthouse on East Main Street on October 1, 1993
 Beginning at the hour of 10:00 A.M.
 said property being more particularly bounded and described as follows:

TRACT NO. 1: A house and lot located in Livingston, Rockcastle County, Kentucky, on the south side of High Street, fronting 98 feet on High Street, and bounded on the east by the lot owned by Mrs. Susan Mullins, the east line being 64 feet and six (6) feet in length, bounded on the south by a lot owned by Maggie Dickerson, the south line being 90 feet in length, bounded on the west by the lot of W. H. Hicks (Mart Hicks), the west line being 61 feet in length and running with the plank picket fence as it now stands. Defendants, Earl Baker and Martha Faye Baker, obtained title to said real property by deed dated August 3, 1982, executed by C.T. Huffines, President of the Bank of Mt. Vernon, of record in Deed Book 118, page 117, in the office of the Clerk of the Rockcastle County Court, Mt. Vernon, Kentucky.

TRACT NO. 2: Beginning at a stone on the west side of U.S. Highway #25 with a dead black oak stump for pointer; this corner being in the old original Sambaurok line; thence North west to a white oak stump; thence south about 250 feet to R.D. Dickerson corner; thence west about 175 yards to the old line, it being the old Sambaurok line; thence south a straight line about 300 yards to the J.C. McGuire corner (now Arnold); thence east about 100 yards to a stone; thence about 150 yards to a stone on the point of the hill, just on the east side of the burial lot which is under fence of Jake Ponder and Vernia Ponder; thence a straight line down the hill and east course to the beginning and containing 10 acres, more or less. The burial lot which is mentioned above does not go with this conveyance but has been excepted by the former owners, Jake Ponder and Vernia Ponder. There is excepted from the above described real property a portion of same heretofore sold to the Commonwealth of Kentucky by decedents, by deed dated December 2, 1952, and of record in Deed Book 67, page 460. Defendants, Earl Baker and Martha Faye Baker, obtained title to said real property by deed dated July 1, 1974. Defendants, Earl Baker and Martha Faye Baker, obtained title to said real property by deed dated July 1, 1974, executed by Billy Medley, et ux, of record in Deed Book 96, page 227, in the office of the clerk of the Rockcastle County Court, Mt. Vernon, Kentucky.

The property will be sold upon the following terms and conditions:

1. The real property shall be sold for cash or upon a credit of sixty (60) days with the purchaser required to pay a minimum of twenty-five percent (25%) of the purchase price in cash on the date of sale and to secure the balance with a bond bearing interest at twelve percent (12%) per annum.
2. Unpaid taxes or liens of record at the time of entry of judgment shall be paid out of the proceeds of sale.
3. Buyer shall pay the 1993 County, State and School taxes on the property.
4. Buyer shall have possession of the premises upon compliance with the terms of sale.
5. In the event plaintiff, The Bank of Mt. Vernon, is the successful bidder and the sale price does not exceed the amount of plaintiff's judgment, no deposit or bond shall be required and the property will be conveyed to The Bank of Mt. Vernon in due season upon payment of the expenses of sale.

PROVEN SERVICE GENUINE CONCERN REAL EXPERIENCE

Rockcastle County Retired Teachers

At the August meeting of the Rockcastle County Retired Teachers we had our annual potluck, or picnic meeting. (Everybody brought too much, so we ate too much). There are well over a hundred retired teachers in our county, but only about 15 or 20 regulars come to the meetings.

At this meeting Sue French, who has served us long and well, stepped down, and Gatliff Craig took the chair as our new president. Please come to our October meeting to show your support for Gatliff and our organization.

On Sept. 22, twelve of us went to Irvine for the 9th Annual Meeting of the East District of the C.K.R.T.A. A very knowledgeable group of people spoke to us about membership, insurance, health care, the proposed Legislative Program for 1994, and other topics of interest. We were served a very good lunch by the folks at Cedar Village Restaurant, where the meeting was held.

At the afternoon session new officers for 1993-94 were introduced and then, one of our own, Geraldine French, gave a memorial to the deceased, retired teachers. Everyone was very moved by her presentation, and very complimentary. Frank Hatfield was so impressed, he asked if he could have it put in the K.R.T.A. News.

We would like to share this memorial with you.

In Memoriam of the deceased retired teachers 1992-1993

We would like to honor those of the teaching profession who have gone on to a higher calling this past year. This is an awesome task; it is like trying to describe a glorious sunset, an especially beautiful season or some great work of art and beauty. One would have to break the language barrier to be able to do this.

I had no idea there was so many of them until I read the names in a recent publication. Just for a three month period -- it is a lengthy list. (KRTA News-June 1993). It seems so impersonal and inadequate just to lump them all together in one big list, when we know each life was precious, unique and had its own story. While we are helpless to do more, we can take comfort today in

the knowledge that they are in the hands of one who fully understands and accepts them as the individuals

they were and are. They are with one who knows each moment of the life they lived here on this earth; one who understands each dream they dreamed, each heartache they felt, each success, each failure, each struggle, all their hopes and the reasons behind them all. Today they are not lumped in one big group but are realizing their heart's desires. They are completely loved; they are at peace.

To quote our own beloved Kentucky writer, Jesse Stuart, using his own words which are written on his monument and reads like this, "I can-and, I am firm in my belief that a teacher lives on and on through his students. . . Good teaching is forever and the teacher is immortal." I would describe these teachers as "golden rulers." Many if not all of them taught for little money and valued their profession above all else. No missionary upon the field ever found a nobler cause than that of these teachers. It was a time when people in all fields valued their profession above money and one could purchase the services of another professional without the fear of being robbed or broken up.

Regardless of these teachers' many, many years and lived a full long life or if like my own precious daughter taught only a few years and died an untimely death, we appreciate the beauty of their lives and the ways they shared with others.

Most of these people saw change paramount to any in the known history of mankind. Travel went from horse-back to rockets in outer space. Medicine went from deaths due to simple diseases and infections to complicated medicine and operations on most any part of the body. Communication went from requiring days for news to travel to instant viewing of happenings around the world in minutes, viewed right in one's own home. Back breaking labor gave way to specialized machines to do most any job. Information was mass compiled and stored in computers to be fed back at the touch of a finger-upt. Comfort in homes went from primitive like living to one of almost magic conveniences. The list of accomplish-

ments is endless and it all came about in an average life-time. What I am trying to say is, these teachers must have done something right, because they taught the men and women who brought about these changes. Of course their death's diminished us all, we are involved in their profession, we are involved in man-kind.

Who among us hasn't fantasized about a perfect life, complete acceptance, peace, happiness, unconditional love, and perfect working conditions? Today, these people who have gone on, know that type of existence.

I would like to read to you a well known poem by Rudyard Kipling that describes an artist's point of view of perfect working conditions. I think with the change of a few words it would speak for teachers, other professions or for anyone. Listen to the words of "When Earth's Last Picture Is Painted" and see if it describes your fondest wishes.

When Earth's Last Picture is Painted

By: Rudyard Kipling

When earth's last picture is painted And the tubes are twisted and dried, When the oldest colors have faded, And the youngest critic has died, We shall rest--and our faith, we shall need it--

Lie down for an aeon or two, Till the master of all Good Workmen Shall set us to work anew!

And those who are good shall be happy;

They shall sit in a golden chair, They shall splash at a ten-league canvas

With brushes of comet's hair; They shall find real saints to draw from,

Magdalene, Peter and Paul; They shall work for an age at a sitting

And never grow weary at all!

And only the master shall praise them, And only the Master shall blame,

And no one shall work for money, And no one shall work for fame,

But each for the joy of the working, And each in his separate star

Shall draw the thing as he sees it, For the God of things as they are.

Top Ten Reasons to sow a cover crop

By: Dana McKinney
SCS Earth Team Volunteers

1) Protect program benefit - Cover crops are required for highly erodible land to receive USDA benefits, including price support for burley tobacco.

2) Control soil erosion - Reduces soil erosion especially during heavy rainfalls when primary crops have been harvested.

3) Legumes add nitrogen - Studies show that hairy vetch produced the equivalent of 98 pounds of nitrogen per acre when used as a cover crop.

4) Saves fertilizer - Prevents expensive fertilizer from leaching out of top soil and washing off fields by erosion.

5) Restore your soils - Cover crops go a long way toward restoring productivity to eroded soils by forming new top soil.

6) Improve water quality - Cover crops will reduce water runoff, increase water infiltration, and reduce water evaporation by providing ground cover.

7) Get natural weed control - Cover crops shade ground to restrict growth of weed seedlings, and may allow farmers to reduce use of pre-emergence herbicides

8) Plant in standing cover crops - Bonuses include less-trips across fields, which goes a long way toward reducing soil compaction and fuel cost.

9) Harvest all the cover - An obvious payoff from cover crops comes if you can harvest them as grazing, haylage, or hay crops.

10) New crops on the way - Some exciting new cover crops are being evaluated. They include: sun hemp, lupine, searly maturing vetches, and new varieties of caley peas and button clover.

Shelton was assisted in choosing his enlistment options by Staff Sergeant Alan Seymour of the U.S. Army Recruiting Station at University Shopping Center, (623-1270), in Richmond.

Shelton, the son of William J. Hicks of Mt. Vernon, and Mary D. Shelton of Livingston, is a senior at Rockcastle County High School.

The 17-year-old has enlisted in the Army under the special Delayed Entry Program (DEP) which allows qualified applicants to delay, by as much as one year, the date they must report for active duty after enlisting.

Shelton will report for active duty in July 1994.

Shelton will receive his Army basic training at Ft. Benning, Ga., and will remain there for his advanced individual training. He will be able to continue his education with the \$30,000 Army College Fund.

Cadet Day completes training

Army Reserve Cadet David K. Day has completed training in fundamental military skills at the Army ROTC Camp Challenge at Fort Knox.

Camp Challenge is designed to give college juniors and sophomores who have not taken ROTC courses the chance to enter the program. Cadets received training in basic rifle marksmanship, drill and ceremonies, small arms tactics, and communications.

The cadet is a student at Eastern Kentucky University, Richmond.

Day is the son of Keith and Connie K. Day of Crab Orchard and a 1987 graduate of Lincoln County High School in Stanford.

One of Harlan County's best students has been in elementary school for 20 years.

As a 6th grade teacher at Loyal Elementary, Pat Scott has nearly two decades worth of experience in the classroom. Still, she's managed to keep on top of the changes every educator must face. Thanks to the Professional Development Program, Pat Scott's not only one of Harlan County's best teachers, she's also one of its best students.

The Professional Development Program affords teachers throughout the state an opportunity to learn more about a wide range of subjects. While some training is based on specific areas of need, much of the program is a direct response to teachers simply wanting to learn more for the sake of their students. In Pat's case, she became so proficient in Cooperative Learning, she now trains other teachers on the subject.

Through the Kentucky Education Reform Act (KERA), the Professional Development Program is providing our children with the best kind of learning tool they could hope for. Teachers such as Pat Scott.

ROBERT H. BROWN for District Judge

"...and justice for all."

I believe high ethical standards must begin with the candidate. That's why I've placed limits on financial contributions made to my campaign. No one can contribute more than \$100.00 to my campaign fund.

We are all too familiar with the corruptive influence that big money politics has had upon our nation and our state. I believe that placing limits on campaign contributions sharply reduces favoritism and partial treatment for a privileged few and preserves a fair and just system for all as our Constitution intended.

Justice is not a commodity that can be bought or bartered; it's a right for us all.

Eastern Kentucky University to celebrate 1993 Homecoming

The 430 Eastern Kentucky University graduates residing in Rockcastle County have extra reason to come back home to Eastern for Homecoming '93 Oct. 22-24.

There's the usual activity on campus: parade, 5K run, Colonel Country Fair, receptions, queen coronation and, of course, the afternoon football game. But this year the excitement also moves to the Valley, Renfro Valley, that is, "Kentucky's Country Music Capital." Comedians, Singing Stars. And the site of a Homecoming extravaganza to benefit the EKV Department of Music.

At noon and again at 3 p.m. Sunday, Oct. 24, "America's Funniest Professor," EKV alum and former faculty member Carl Hurley, will add his homespun comedy to the foot-tapping music of the EKV Show Choir (the only collegiate show choir in the state) and the Renfro Valley Jamboree cast at the 1,500-seat New Barn. Tickets for either show are \$10 for adults, \$5 for students and children, and may be purchased through either Renfro Valley Entertainment Center (1-800-765-7464 or 256-2664) or EKV's alumni affairs office (622-1260 or, toll-free in Kentucky, 1-

800-262-7493, ext. 1260). All proceeds will go to EKV's Department of Music Scholarship Fund.

"We're always looking for new ways to make Homecoming exciting for alumni and friends," said Larry Bailey, director of alumni affairs, and the Country Showcase Benefit Concert at Renfro Valley combines a good time with a worthy cause, supporting scholarships for a very fine music program."

Renfro Valley is located 25 miles south of Richmond near Mt. Vernon, just off I-75 at Exit 62.

The Colonel Country Fair, 11:30 a.m. - 1:30 p.m. Saturday, Oct. 23 in the Alumni Coliseum parking lot, will live up to its name when some of the Renfro Valley regulars and the EKV Show Choir perform. Besides the musical entertainment, fair-goers will be able to choose from a wide variety of food booths.

The fair also offers one of the best opportunities to meet former classmates, and visit with favorite professors and other members of the Eastern family. Tailgaters are welcome.

The Homecoming Parade will kick off the weekend festivities. Beginning at 10:30 a.m. Saturday, the

annual event will proceed down its usual route - Lancaster Avenue to Main Street. The parade will feature floats, marching bands, motorized floats, queen candidates, and probably a few surprises.

The 16th annual 5,000-meter Homecoming Run, with categories for all ages, will lead the parade. The entry fee is \$10 through Thursday, Oct. 21, \$12 afterward. Trophies will be awarded to the top finishers. For more information, call (606) 622-1244.

The deadline for registering a parade float is Oct. 8 for off-campus entries and Oct. 15 for on-campus entries. Among on-campus entries, a \$150 prize will be awarded for the first-place float, and second- and third-place floats will earn recognition plaques. Construction and assembly of on-campus floats must take place at the Blue Grass Army Depot work site.

The theme of this year's parade is "Magic Moments."

The 1993 Homecoming Queen coronation ceremony will begin at 1:30 p.m., just before the Colonels take on Tennessee Tech. Game tickets are \$10 and may be reserved by calling the EKV athletic ticket office at (606) 622-3564.

All events are open to the general public. "It's very much a community celebration," said Bailey.

The Mary Frances Richards Alumni House will host an open house/reception from 9 to 11 a.m. Saturday, and the Arlington Mule Barn will be the site of a post-game reception from 4:30 to 6:30 p.m.

In addition, receptions, brunches, and other events are planned by various EKV colleges and departments. For more information about these or other Homecoming events, contact the alumni affairs office at 622-1260 or, toll-free in Kentucky, 1-800-262-7493, ext. 1260.

Fall planting gives plants a head start

Sping fever entices many people to plant trees and shrubs. However, fall planting will give most plants a better start.

"When transplanting, 90-95 percent of feeder roots are left behind," said Bill Fountain, extension horticulturalist with the University of Kentucky College of Agriculture. "These real small, hair-like roots take up water and nutrients for the plant."

If plants are transplanted in fall, they have winter months to redevelop a root system for water uptake before hot weather in summer, said Fountain.

"Roots will grow when soil temperature is over 32 degrees, he said. "Soil rarely freezes more than one or two inches deep in Kentucky, so roots will regenerate through most of the winter."

Planting too deep is the most common mistake made when transplanting. Plants should be at the same depth they were originally growing, he said. The planting hole should not be dug any deeper than the depth of the soil ball because settling will occur.

The hole for the plant should be two to three times the diameter of the soil ball. No foreign materials such as sand, peat moss, or pine bark should be added when filling the hole.

"Another common mistake is to use a soil ball that is too small for the plant's size," said Fountain. "This will limit root development and plant growth."

Minimal maintenance is required throughout the winter. Plants should be watered only when it is dry during the first 1 to 3 years, he said. No fertilizer is needed the first year

either. There is adequate phosphorous and potassium in Kentucky soil for the plant. Nitrogen pushes growth above ground and is not needed until there is a good root system below ground to support this growth. Plants only need to be staked if there is a danger of them blowing over. Wrapping also is not necessary, but if used, should be removed by the first of April.

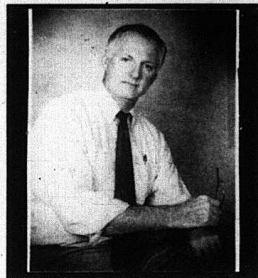

A few plants such as red oaks, birches, and black gum do transplant better in the spring.

Fall is a good time for buyers to visit nurseries and garden centers. Many nurseries have fall clearance sales to avoid overwintering large quantities of plants. Sales people are not as busy and gardeners can often receive better service in the fall.

Carloftis appointed as County Judge/Executive

With one day to go, Rockcastle County got a new County Judge/Executive Tuesday.

As expected, he is judge/executive-elect Buzz Carloftis of Livingston.

Gov. Breton Jones made the ap-

pointment late Monday as Rockcastle was about to be without a judge on Sept. 30.

Carloftis will continue to serve until his term begins in January. He will have to be sworn in twice. Once for

the three month term and again in January.

Carloftis succeeds Roland Mullins whom he defeated in the primary in May. There is no Democrat candidate and no one is a write-in, yet. A write-in has until 10 days before the November election.

First Christian gets \$98,000 bequest

It was "Praise the Lord" time at the Mt. Vernon First Christian Church this week.

Rosa Gentry Caudill who died recently left the church \$98,000.

Mrs. Caudill was the sister to the late Robert Gentry Sr., and aunt of Bob Gentry, former auto parts dealer in Mt. Vernon now of Orlando, Fla.

According to pastor Tom Kelley, it was decided in the board meeting that the "money from her estate was earmarked for the construction of a much needed fellowship hall/family

life center to be erected on church property subject to the recommendation of an architect."

The church approved the board's recommendation for the use of the funds.

Pastor Kelley said "it is understood that the proposed new building will in no wise diminish the effort to refurbish the current building."

Plans are ongoing for remodeling and changing the building's heating systems from coal to gas.

5.02 inches of rain for Sept.

With one day to go, a total of 5.02 inches of rain fell in Mt. Vernon in September, according to figures at Cox Funeral Home.

Most fell on Sept. 3 when 2.40 inches came down. There was .98 of an inch on Sept. 15, .52 on Sept. 25, and .77 of an inch on Sept. 1.

High for September was 92 on Sept. 1. Low was on Sept. 29 when the temperature reached 41 with scattered frost.

Arrest made for "pot"

Mt. Vernon city police arrested a Cove Branch man Sunday in the Dart Mart parking lot.

Boyd Stewart, 32, was charged with trafficking in marijuana, reckless driving, and prescription drugs not in a proper container.

He is free under a \$5,000 property bond.

He is scheduled for Circuit Court Oct. 12 where he will also be charged with receiving stolen property and driving on a suspended license dating from 1990, and 1992 three charges of trafficking in marijuana, and three charges of transaction with a minor in the second degree.

Knox Co. man detained by State Police at interchange

State Troopers from the Harlan Post detained a Knox County man Monday night at a Mt. Vernon interchange on I-75 who was wanted in Barbourville for questioning in a murder.

Delbert Partin, 37, of Mackey Bend in Knox County was apprehended as he came from Berea.

Police wanted him for questioning in the death of Betty Carnes, 37, whose decapitated torso was found in a barrel where both were at Tremco Mfg. Co. in Barbourville.

Family and friends of Ms. Carnes said Partin had harassed the woman from time to time, said Knox Coroner

Jerry Garland.

Ms. Carnes was last seen about 11 a.m. when she went on a break. She did not return or come home in the afternoon. A search proved fruitless.

Partin was seen at the factory early Sunday but told fellow employees he was delivering books.

Her whereabouts remained a mystery until Monday when a worker wheeling a 55-gallon drum of hazardous waste noticed the barrel was heavier than usual. He took off the lid and found Carnes body and head inside.

Lt. Gov. Patton to speak to Kiwanis

Lt. Governor Paul E. Patton will be the guest speaker of the Rockcastle Kiwanis Club at their noon meeting Thursday, October 14 at the Kastle Inn Restaurant in Mt. Vernon.

The public is invited to attend the luncheon and hear Lt. Gov. Patton speak. Please call the restaurant for reservations at 256-0787.

Patton is the first lieutenant governor in the state's history to be appointed cabinet secretary. He originated the massive economic development legislation package proposed by Governor Breton Jones and passed by the 1992 General Assembly.

A long-time supporter of election reform, Patton played major roles in election reform laws passed by the 1988 and 1992 General Assemblies.

As Judge/Executive of Pike County from 1982 to 1992, Patton, was considered innovative and progressive. He brought the first two non-coal industries ever to Kentucky's largest county. He also enacted Kentucky's first county-wide mandatory garbage collection program, along with an oil recycling program. An unpopular idea when first proposed, this program is now modeled by other counties.

His proposal to stabilize the Coal Severance Tax Program led to legislation in 1986 that guarantees the return of severance tax revenues to coal producing counties. His continued efforts as lieutenant governor resulted in new legislation ensuring increased revenues to those counties.

"He helped establish the first Eastern Kentucky Leadership Conference and continues to push for progress in eastern Kentucky.

"He served as Deputy Secretary of Transportation under former Governor John Y. Brown, Jr., and served on both the Kentucky Crime Commission and the Kentucky Tourism

Commission under former Governor Wallace Wilkinson.

"He is a former member of the Pichard Committee for Academic Excellence and the Task Force on Workplace Literacy. He also implemented a unique program for his employees in Pike County to attain their GED and is a founding member of Leadership Kentucky.

"He spent twenty years in the coal business building his own successful coal enterprise. He then retired to begin a new career in public service.

"He graduated from the Univer-

sity of Kentucky in 1959 with a degree in mechanical engineering. He was born in Fallsburg in northeastern Kentucky and graduated from Louisa High School.

Patton's wife, Judi, chairs the 1993 Ronald McDonald House Expansion fund-raising drive. She served as a member of the Attorney General's Task Force on Child Sexual Abuse and is on the Kentucky Opera Board of Directors. The Pattons have four children: two daughters, Bambi Johnson and Nicki Rathbun and two sons, Jan Johnson and Chris Patton.

Lt. Governor Paul E. Patton

George "Possum" Jones certainly didn't "need no rockin' chair" Sunday as he entertained a record crowd at Renfro Valley Sunday afternoon. John Michael Montgomery, below, and McBride and the Ride were also on hand for the record crowd.

Thousands hear George and John

By: Ray McClure

The largest crowd in the history of Renfro Valley listened to singers George Jones, John Michael Montgomery and McBride and the Ride Sunday afternoon.

At times the backup on KY. 461 reached U.S. 150 before visitors were allowed in. The crowd was estimated at 8,700.

Virginia Bray, who was secretary for John Lair for nearly 40 years, said only one other event came close to the Sunday crowd. That was the first rodeo held in the Valley some years ago.

McBride and the Ride was the first to sing followed by Montgomery and then Jones.

Along with the guests, there was the unpleasant. Mt. Vernon city police arrested 11 for alcohol intoxication during the event. No one was charged with driving under the influence.

The boat people going home from a Lake Cumberland weekend were caught in the traffic jam as well as persons living in the area who did not attend. Everyone seemed to take the inconvenience in stride.

An early arrival, or a visitor, staying at Day's Inn on the I-75 Renfro interchange had bad luck.

Robert Dick from Illinois had his van broken into Friday night. They broke a window out and made off with a Motorola telephone, a video camera, drum cimbels, 36 cassettes and his sunglasses.

Deputy Sheriff Darrell Doan investigated the break-in.

Indictments

The September session of the Rockcastle County Grand Jury has resulted in indictments for crimes ranging from child abuse to rape.

A Mt. Vernon man was indicted for first degree criminal abuse after he reportedly beat a 3 year old child repeatedly with a belt causing physical injury and constituting cruel punishment.

Donnie R. Moberly, 23, of Rt. 5 Mt. Vernon is charged with beating the child of Roberta Johnson, also of Mt. Vernon, on August 24.

Drive-by shooting

A drive-by shooting went unreported this week to police in Mt. Vernon.

A Danville girl was driving her car off U.S. 150 between Richmond Street and Westgate Shopping Center when someone fired at the car breaking the windshield.

She drove on to Danville where

she reported the incident to her insurance company.

She was reported alone in the car and was uncertain where the shot came from.

Mt. Vernon police and the sheriff's department did not receive a report of the incident.

Helicopters not armed

A commander of the Governor's Marijuana Task Force has denied a contention by marijuana legalization advocates that his unit uses armed helicopters.

"This is a law enforcement operation, not a military operation, so the helicopters have no need to be armed," said Kentucky State Police Sgt.

Shelby Lawson, the strike force's eradication supervisor.

Earlier this week, a group of pro-marijuana advocates gave Gov. Breton Jones petitions signed by more than 2,000 people asking for an end to the use of armed state helicopters during marijuana raids.

Accident on U.S. 25 south

T.D. Proctor of Brodhead was shaken up in an accident Sept. 23 on U.S. 25 south of Mt. Vernon.

Proctor pulled out of Peg's Market and struck a vehicle driven by Brenda B. Owens of Mt. Vernon.

Viewpoints

Points East

By Ike Adams

Several people have written in over the last couple of weeks to defend that noxious weed, the Goldenrod, that is better known to Kentuckians as our state flower.

I have been advised by goldenrod fans that it's pollen is so sticky that the wind can't blow it and that it can't possibly be the reason for my headaches, sneezes, scratchy throat, shortness of breath, burning eyes, runny nose, ill temper and generally disagreeable attitude toward life. A few correspondents have even demanded that I retract my accusation.

On the other hand, I have spent a considerable amount of time and money in the process of figuring out the sources of my misery. I do appreciate the photographs of Goldenrod blowing in the wind, goldenrod captured in the evening sunset, goldenrod glistening in the early morning dew and butterflies perched upon goldenrod blossoms, but I'm here to advise you that even crab-grass is pretty if you catch it in a good pose. And I promise you faithfully that Goldenrod causes me agony for which modern medicine has yet to offer any feeling of relief.

There's a host of medicine in the forms of pills and shots that temper, when they do not cure completely, such things as ragweed pollen and the fuzz off sycamore and oak. I know this to be true because I've tried them all when shedding seasons dictate.

Goldenrod pollen is, in fact, much heavier and stickier than the more common plagues of folks allergic to our native weeds. But have you ever driven by or walked through a plot of goldenrods without smelling them? If you have then I would suggest that your sniffer needs fixing. They have a rather pleasant aroma and that's the point. Molecules much smaller than the eye irritate your nose before you experience the sense of smell. And I can smell goldenrods through a gas mask.

It's those molecules that give me fits and, if the truth be known, frustrate many other folks who've taken all the shots and pills.

I can pull poison ivy up by the roots and handle it in any number of other ways without ever getting an itch. I can chop it with a hoe and haul off the residue with no more side effects than the average person might experience raking leaves or wedding the garden. But it's set afire and I get a whiff or two of the smoke. I literally get pneumonia. If you're going to kill poison ivy, DON'T BURN IT. You could, in fact, kill someone. Spray the darn stuff with RoundUp and let it die and rot.

I'm in league with those folks who would kill every rattlesnake and copperhead in the country because I figure what little good they're doing for the environment could be picked up by non-poisonous snakes. I kill every poison snake I come across and it

aggravates me to no end that a few environmentalists are on the taxpayers' payroll earning upwards of \$40 thousand each year to protect rattlesnakes and copperheads.

Whether it's true or not, there's a rumor that fish and wildlife workers in Virginia have stocked poison snakes in a few localities where they seemed to be extinct. That's like cutting off your nose because your face is ugly. What on earth is wrong with good old black snakes and rat snakes, except that they can't bite and kill you? And what can a rattlesnake do that a black snake or rat snake can't? The answer has to do with hospitalization and funeral homes.

It seems to be that normally sensible fish and wildlife professionals are doing way too much to make sure that a few venomous snake lovers keep jobs. The next thing you know a bunch of educated idiots are going to be warning the countryside worried about poison ivy and ragweed. I'd be willing to bet that it happens in my lifetime. When every copperhead in the country has its own personal bodyguard these people are going to demand jobs protecting something. Poison ivy makes as much sense as

Let killer bees from Mexico or Africa invade the state and I promise you that a bunch of looney bins on the state payroll will go to bat for the bees when I start spraying them with Raid. My biggest problem with this fanaticism is that poison snakes and killer bees aren't paying any taxes or buying any hunting and fishing licenses or doing the world any other semblance of good. And folks like me and some of you who dutifully buy our hunting and fishing permits are paying good money to protect and preserve trash species that the world might better survive without.

In my own neck of the woods, even as I write, a pack of coyotes have howled and yelped three or four times over the last half hour to celebrate whatever they've killed. Probably a rabbit or several members of a covey of quail. Or worse, a newborn lamb. A few years back, on our place, quail and rabbit hunting were excellent. I seldom see either one now. I don't even see the darn coyotes. I only hear them celebrate after dark when they've made a kill and they celebrate with more and more frequency as they become the principal wildlife of our county. The apparent goal of our wildlife management people is to have them eat every other species that lives and breathes and then starve out.

More than a few of the biologists who are employed by Kentucky's Fish and Wildlife Department celebrated when coyotes showed up and, truth be known, they're celebrating still, even as their colorful heroes are wiping out their sporting game. Did you ever try to eat a coyote? Did it ever cross your mind that they might be edible? The officials in our fish and

wildlife department are now allowing that some of them should be shot. Some game, don't you think?

The money we spend on hunting and fishing licenses is paying the genius at Fish and Wildlife to propagate bears in our immediate back yards for crying out loud. And you have a bunch of dingbats running around claiming that bears are harmless and that they're somehow invaluable to the overall balance of things. Shoot a bear that might mangle your kid in your backyard and you'll get a hefty fine, if not some jail time. It hasn't happened yet, but I'd bet even money that folks up in Leitch and Harlan County will have more than one opportunity to attend a funeral caused by a bear over the next five years. It's just a matter of time but it happens the courts will consistently side with the college educated crowd who maintain that bears have the same right as humans. I'd also bet that the state will have invested upwards of half a million dollars in making sure it happens by the time it does. It's utterly senseless but it is the business.

They call it wildlife management. I call it wildlife lunacy. We've done pretty well without bears and coyotes over the last fifty years. We absolutely don't need rattlesnakes and copperheads any more than we need poison ivy, crabgrass, goldenrods and crooked politicians. But we're gonna have them. Your government will make sure of that and your tax dollars and license fees will pay for it.

You could do every favor by writing to your Fish and Wildlife Commissioner and letting him know that the bear and snake freaks might look for jobs in Virginia or Montana while the rest of our Department focuses back on the job of responding to the folks who pay it's living. And if they can't figure out just what that is, they ought to be all fired and let someone with a lack of sense start over.

If you don't want to write, feel free to clip out the column and write AMEN across it. Send it to the Governor or anybody else in Frankfort. Word gets around up there. It doesn't do much good, but it does get around.

Livingston Elementary students who have "perfect" attendance so far this year are pictured above. First row from left: April Denney, Matt Faulkner and Josh Sowder. Second row: Seth Halford, Misty Hamilton, and Felicia Jones. Third row: Alex Martin and Kayla Cook. Fourth row: A.J. Hensley, Amy Ellrott, Robby Carpenter and Daniel Clark. Last row: Ashley McClure, Boyd Smith, Jerilyn Mink and Paula Cowan.

Roamin' Rockcastle

By Hilda Payne Gabbard

A cold, coming October wind hit us one morning as we took our coffee to the front porch. September's nice weather is gone, leaving me with such a lonely feeling. I feel I can't face the autumn days that are here.

Colored leaves are blowing across our yard and I hear the "hunk" of wild geese as they fly over in a wedge shape with a leader.

Have you ever sat down at a breakfast table and stirred new molasses with butter to make a breakfast with hot fluffy biscuits? Hot coffee rounds out the meal and you'll have to be carried away from the table.

That's what we've been doing all week since the men-folks have started to make molasses.

They have made up the Clear Creek Batch and will start on another crop at Berea in the middle of this past week.

We took names for the first run of molasses making but the second crop will be "first names, first sold molasses" the men said.

This 23rd day of September was the first day of fall by the calendar already there are large patches of red and yellow leaves in the maples in our yard.

I was in Mt. Vernon last Monday. The town seemed quiet.

Mr. Anderkin, owner, and Sara were in the front office of the Signal when I took my copy of this column to be printed. I sometimes ask Mr. Anderkin to "blow up" (make larger) the picture and he does such a good job, I'm going to pay him, and Mrs. Anderkin in sorghum molasses.

Out in town, I headed down the street to Hiatt's 5 and 10 Store and stopped to check on a pink dog-wood tree that they had ordered for me about six feet high. I have one already but I need another to complete a decorating purpose. Suddenly I wanted some coffee and stopped two women crossing the street. I ran to them. "Who could it be, body go in this town for a good, clean cup of coffee!"

They quickly turned and pointed at one across the street with the title Family Cafe over the doorway. I walked in and said, "You have got

some first rate publicity out front so I'll drink some coffee."

So I met John Davis, a nice looking young man, and his cute red-headed sister, Vicky Davis, who makes a great cup of coffee.

The place was clean and shining, as a new nickel, with a good menu on the board. I told them I might get my husband to come and eat there bringing me along.

The Lambert family have always been close friends to our parents and family so I decided I'd go and see our friends, but it is a kinfolk town.

They are all lawyers. Attorney James W. Lambert is the father of the other boys and works from his office. James H. has been county attorney but just works in the office building with his father and being a lawyer. He

Introducing ROBERT H. BROWN

CANDIDATE FOR

DISTRICT JUDGE

Pulaski and Rockcastle Counties
• Nonpartisan Judicial Ballot •

"I want to serve as your District Judge. This November I am opposing Walter Maguire for the privilege of serving you as District Judge. I believe my qualifications, experience, and a record of public and community service uniquely prepare me for the challenges of District Judge."

QUALIFIED AND EXPERIENCED

Bob has practiced law in Somerset for the past 12 years. He is currently the Directing Attorney for the Somerset office of Appalachian Research and Defense Fund of Kentucky, Inc. (Legal Services), which provides legal assistance to low income and working class citizens in Pulaski and Rockcastle Counties. Before becoming Directing Attorney, Bob worked as a staff attorney.

As an attorney with Legal Services for 12 years, Bob has handled many cases similar to the majority of cases coming before District Court, including family law, domestic violence, juvenile, housing, consumer, and others. Working with social service agencies is an integral part of Bob's work and of the District Court system. Bob has extensive experience working with such agencies and a longstanding record of participation and cooperation with them.

Before law school, Bob worked for the Administrative Office of the Courts, as a Judicial Records Analyst and later as an Executive Officer. While there, he worked with circuit and district clerks to convert Kentucky's judicial system to the system it is today. His work included implementation of the current District Court system. Bob is a graduate of the University of Kentucky College of Law and also earned an undergraduate degree in political science at UK in 1974.

Bob is a member of the Pulaski, Kentucky and American Bar Association. Bob was a recipient of the Reginald Heber Smith Fellowship, a national honorary fellowship based on demonstrated commitment to serving the legal needs of disadvantaged populations.

Bob was recognized by the Pulaski County Bar Association in 1992 for dedicated and distinguished legal service to indigent citizens in Pulaski County.

A trainer for the Office of Kentucky Legal Services Program, Bob has trained new Legal Services lawyers throughout the southeastern United States.

GENUINELY COMMITTED TO PUBLIC SERVICE

Deeply committed to public and community service, Bob has a lengthy history of working with local groups that strive to build a stronger, safer community. Bob has actively and consistently been involved in organizations that benefit others. Currently he volunteers or supports the following:

- Member, Board of Directors of Hospice of Lake Cumberland since 1986, serving as president in 1989
- Member, Board of Directors of Habitat for Humanity of Somerset / Pulaski County
- Member of task forces which focus on issues of domestic violence, housing, unemployment, and other social problems
- Member, Somerset / Pulaski County Concerned Citizens, serving as vice president in 1990.
- Elder of First Presbyterian Church of Somerset and works with teen youth group
- Patron of Lake Cumberland Performing Arts
- Friend of Somerset Community College Theatre

FAMILY

Bob is the son of John Knox Brown, II and Mary Catherine Heber Brown, who helped start a UK Community College in Hazard in 1968. His father still teaches history and political science there. His mother, now retired, taught calculus.

Bob is a third generation University of Kentucky graduate after his mother and his grandfather, Robert Heah, who worked as a Franklin County farm extension agent for 30 years.

Bob has been married to Brenda White since June 26, 1992. Brenda holds a Master's degree in Social Work from UK and is completing a Master's degree in English from EKU.

Eagle Echoes

Students in grades four through eight are a diverse group with wide variety of interests. Their reading materials, writing portfolios and artwork reflect a number of subjects already being addressed in the classrooms.

Upper-level classes have been involved in the theme, "Rights and Responsibilities" which has involved student variety of literature which presents various viewpoints concerning changing ideas of personal and group rights and obligations.

Middle level students are involved in researching Native American culture; their own natural surroundings; and even television and video production. These projects show a concern for the patterns of the past, while learning more about present day technology.

Fourth grade students have been reading and writing about tiny aliens from another planet. They are having to decide if a particular story told from a little girl's point of view really happened or if it was only an active

imagination. To help them relate to the size of the creature in the story, they created their own alien from a paper clip. Using this model, they began to write their own stories using some of the same elements taken from their literature. Students have worked in teams drafting and editing, and are now beginning to work on their stories in the computer lab for inclusion in their writing portfolios.

Tiger Pause

The fourth grade classes of Mrs. Kathy Reynolds and Mrs. Katreka Cash would like to thank Mrs. Geraldine French and Mrs. Elnora Burke for their demonstration on the skill of quilting which enhanced their study of pioneer America.

PTA President, Debbie Busle, surprised the students with suckers Tuesday in recognition of National Kids Day.

The students of the 21st Century class hosted the visit of Mrs. Judy Hudson and Mrs. Brenda Saylor, Monday. The Cooperative Extension Office supplied these ladies who spoke on proper food preparation and kitchen safety. Mrs. Beverly Sexton

Roundstone parents - You are cordially invited to attend our annual Chapter 1 Parent/Teacher conference on Monday, October 18th from 8 to 4:30 p.m. We want to take this opportunity to extend a welcome from the Chapter 1 staff at R.E.S. and encourage all parents to become informed about and involved with our program.

spoke with the students, Tuesday, about proper nutrition and Mrs. Lynette Fortney talked with the students regarding eating disorders.

The School-Based Decision Making Council will meet Tuesday evening at 7 p.m. in the library.

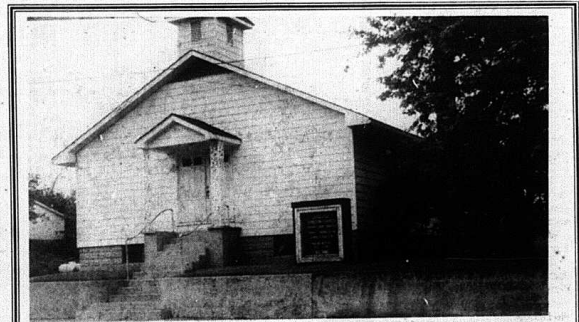

Brookhead School will host the annual 4-H Recognition banquet, Tuesday evening at 6:30. Our county 4-H extension agent, John McQuerry, is in our school this week organizing clubs in grades 4-8.

STATIC Primary group has been studying trees as they have been involved in several activities with the study unit. The students walked to the home of one of their classmates, Natalie Taylor and identified the various trees observed while on the walk. A field trip to Brummett's Apple Orchard on Sept. 24 allowed further study of trees. The group would like to thank Patches (Debbie Laswell) and Lots of Spots (Avery Bishop) for the skit on The Giving Tree. The class enjoyed reading the book and want to thank the clowns for the time spent in their classroom.

Remember the students will be dismissed approximately an hour early this Thursday, Sept. 30 for practice of bus safety evacuation. Also, there is no school this Friday, October 1.

Showstoppers, our performing arts chorus under the direction of Mrs. Pamela Martin, are currently working on a presentation for the student body. The drama class is also getting their acts together for a forthcoming production.

School pictures have arrived and an exchange site photo with a price sheet have been sent home by the students. Please make your selections and submit picture costs by Friday, Oct. 8.

The Livingston Christian Church would like to announce its 100th birthday with the event of a Homecoming Celebration. This event will take place Sunday, October 10th. In addition to the warm welcomes we extend to all our current and former members and their families, we also invite all those who have been friends and visitors to our church throughout its history. The church has been remodeled over the years to accommodate the needs of its vast age. The most recent renovation has been to the church basement which has received a totally new face. A potluck dinner will be served immediately following the church service. All who are present are welcome to join. Special singing will be heard throughout the afternoon and we heartily expect there will be much fellowship and nostalgic reminiscing for both our old and new friends.

P.M. class brushing the "big" teeth.

Mrs. Tammy Wilcox and Mrs. Mary Ann's preschool classes would like to thank Ms. Tammy Wilcox, dental hygienist from Drs. Parsons and Reynolds office for visiting their class. Ms. Wilcox showed the children the correct way to brush their teeth and talked about the importance of brushing their teeth three times a day. The children are now brushing their teeth at school after breakfast in the a.m. class and after lunch in the p.m. class. Thanks for the stickers and the activity book Ms. Wilcox left for us.

Primary news

The Primary 1 and Primary 2 students have had an exciting first six weeks. The thematic unit for the period was entitled ME. The students had a good time learning about themselves and their classmates. Some of the activities included in the unit were Thumbprint Art, Family trees, graphing family members, body tracings, a tongue taste test, making a yarn web while discussing positive feelings, and much more. Also included were lots of good stories, poems, and discussions. A favorite song of the students was "Oh, What a Miracle Am I." The students are looking forward to the next thematic unit which will be on animals and will include a field trip to Lexington.

Many thanks go out to our parent volunteers. Judy Hammond and Kimberly McFerron volunteer daily in the Primary 1 and Primary 2 classrooms. We appreciate you, Judy and Kim. We also appreciate Janice Kenner, Ms. Stewart, and Jackie Jones.

The Primary 1 students look forward to your weekly visits to read them stories.

Ms. Fain and Mrs. Cowan's primary 4 language arts class has been busy using their "imagination." Last week they read about Walt Disney and how he used his imagination to create his empire. This week the students will use their minds to make an "Imagination Creation." They will use household items to create a project which they will present to the class by explaining the directions for completing their project.

Intermediate news
Jack Jones Jr., with Kentucky Utilities, visited Michael Robbins' 5th grade on Monday, September 20, to discuss ways of conserving energy in our homes. Each student was given a booklet called *Tips for Energy savers*.

Newspaper in Education Sponsor
Ms. Grigsby's class would like to express their gratitude to Pridemore's Grocery for being their Newspaper in Education Sponsor for first semester. The class is presently seeking a sponsor for second semester. If you feel you can be a sponsor, or a co-sponsor, please contact Ms. Grigsby at LES. The cost is \$150 per semester. Consider Connection

Although parents are children's first and most important teachers, an Indian proverb states that it takes an entire village to teach a child. The LES S.H.A.R.E. (School, Home and Reform Education) Project is intended to help us reach the goals of K.E.R.A. (Kentucky Educational Reform Act). Some of our parents are busily giving time out of their busy schedules to lend a helping hand.

On behalf of Livingston School, I would like to thank these parents for their time and efforts. Through their participation in S.H.A.R.E., many positive benefits result. Volunteers are a special group of people who care about what happens to the people in their community. I realize that many of our parents work, as I do, and are unable to give time at school. There are many other ways to work with their child's school in supporting his/her education, such as: seeing that their child is attending school, communicating with the teacher, making sure homework assignments are completed, and conveying to the child the importance of a good education.

LES wants our parents as partners in helping each child reach his/her full potential. Working together will help prepare our students to lead productive lives in dynamic society. We can make a difference.

T.I.P. Qualifier
Congratulations to Judy Spencer, a LES 7th grade student who has qualified for participation in the Talent Identification Program (TIP), sponsored by Duke University, Durham, N.C.

To be eligible students must receive a "Proficient" or "Distinguished" rating on any math or verbal section of the KIRIS.

We are proud of you Judy!

Early Dismissal
Bus evacuation drills will be conducted on Thursday, September 30. Please note that students will be dismissed at 2:15 on this date.

No School
Please remember that school will not be in session on Friday, October 1, due to C.K.E.A.

Mt. Vernon PTa launches 1993 membership drive

Oct. 1 through Nov. 1 marks the beginning of the Mt. Vernon PTa month long membership drive. The PTa will be concentrating its efforts on recruiting new members and strengthening participation in projects throughout the year.
This year the Mt. Vernon PTa will be reaching out to all members of the community who care about children and want to donate their time and talents. Membership in the PTa is open to anyone - not just parents and teachers of Mt. Vernon. The PTa's first meeting of the year will be held Oct. 12 at MVES.

We are sponsoring a contest. The classroom that brings in 100 percent in membership will receive a pizza party. The class that brings in the most memberships will receive \$50 to be used any way that the teacher and students decide. The student who brings in the most memberships will receive \$15. Please support your Mt. Vernon PTa.

In loving memory of Mildred Ann Bullock's 21st birthday on Oct. 3rd.

As each day passes by we miss you more and more but I know someday soon we will meet you again on that golden shore. Oh what a blessing it will be when we our Jesus we see and hear Him say shake hands with Mildred again. And I know this will come to pass when we reach heaven at last for God has promised those who mourn would be comforted.
Loved and missed by,

In Memory
To my nephew Jeffrey Clinton Bailey who went to heaven Sept. 22, 1991. I'll love you forever.
Aunt Lisa

There's an angel in heaven, I love so very much. Although he's up there, I can still feel his touch. I can feel his love inside of my heart. It's so strong as though we're not apart. He went to heaven, God gave him wings. In a choir of angels, my nephew now sings. When I feel alone or when I am scared. I think of my angel and how much he cared. I know that he is always watching over me. Everything that's happening I know he can see. So I just close my eyes and remember all his love. And I also remember my angel is watching from above.

"Roamin' Rockcastle" (Cont. from 2)

is the husband of my cousin, Brenda Holt, who teaches in Berea High School.

It's handy to have a lawyer in the family. I might need one to sue Conley Saylor on weight in his store.

As I left, I saw someone in their outer office who Mr. Lambert said was Diane King from Clear Creek.

I couldn't place her for some time but she laughed and said I'd been to the King's underground house. Then I knew her! I was so glad to see Diane doing so well. I'll say, "Hello," to Junior and thank him for being a reader of this column.

I started home and stopped out at the edge of town across from McDonald's Restaurant where a rack stood by the roadside with bitter-sweet bunches hung on it.

A man came out and talked to me about his gathering the colorful berries. Ronnie Weaver had a can hung on the rack in which customers could

Deputy Sheriff Doug Thomas exercised crowd control during the Sunday afternoon outdoor concert featuring legendary George Jones, held at Renfro Valley.

put the money in case he was not there. I must say that Ronnie is a trusting soul for when people have a need, it's tempting to take out some.

While I was in Mr. Lambert's office, a man came in with some papers to be filled in with his wife, Viola Mr. Lambert asked him if he knew me.

"No, I can't say I do," he said. "Do you ever read Roamin' Rockcastle?" Mr. Lambert asked.

"Yes, I read it all the time. We don't miss a paper for we like it," he said.

"Then Burgess King met Mrs. Roamin' Rockcastle," Mr. Lambert was having fun, he was tickled to be doing this.

Now to what everybody is always interested in - mortality food. I told you about buying a half bushel of little 'country greasy beans' from Lewis and Dorothy Potter from the Farmers Market at Berea High.

If you have a piece of country seasoning meat lay a piece on the beans. Put in new potatoes on the side of the kettle and bathe them in melted butter. A pan of cornbread made with cracklings. Slice a big sweet onion to have along with red and yellow tomatoes. man! You'll have to be pulled away from the table.

Now I'm writing all this for Jane Dondandville, a reader in California who could whip herself with a switch for leaving Rockcastle and good hill country food.

John put white field corn in the garden and it's ready to be pulled from the corn patch so we'll be having new corn meal to make crusty cornbread. I believe I have gone too far with this 'food talk'.

I think Nathan Bluford Payne in Michigan now plans to come to Rockcastle with his wife, Laura, to see how the hospitality is in Berea and on Clear Creek where he was born and raised.

You know it has been said that

"you can take a country boy out of the country, but you can't take the country out of the boy." This fits Nathan Bluford exactly!

Opal Gadd Bell from Niles, Ohio calls about saving her some molasses and she, and a brother, Clyde will come down to get "the sweet stuff."

Opal said that she had heard from Jane Vanwinkle at Mt. Vernon that the Gabbard brothers and Barnett were selling the molasses.

Opal's mother, Reacie Gadd, living near her in Niles, Ohio is getting along fine and she said to tell their many kinfolks in Rockcastle.

Myra Hart called me to say she had visitors who were good readers of the Signal.

They were Sherman and wife, Jacie Clark who live on Scaffold Lane Road. They talked so nice about my column that I'm going to take them some dried pumpkin that John fixes up the best.

Now the Clarks have kinfolk in

Richmond, Indiana whom they say is a number one reader. Clara Hale, and the Clarks say she can hardly wait for the Signal.

Nyra Hart had company recently from California, her nephew, Michael Fowler. He is such a handsome fellow, and a bachelor too, that he could upset all the girls in Berea but he didn't stay long enough. And he wore a mustache too.

Mike is the grandson of my sister, Virginia, deceased, and always comes to see Nyra, his aunt, when he gets to Kentucky.

I'm always on the go so I didn't get to see him this time. He probably heard Nyra had baked me an apple cake and came to taste it.

If you want to know how an apple cake tastes, just ask Lee Abney (my cousin).

I gave Kaye, his wife, a piece and said, as a joke, "Take this to Lee for all the beautiful songs he sings at church."

Rockets scalp Indians 50-7

By: Richard Anderkin

"Like a well oiled machine," is the way RCHS head football coach Tom Larkey described his Rockets' performance against Madison Central Friday night.

The Rockets scored on every possession of the first half giving them a 36-0 lead enroute to a 50-7 win over the Indians. The Rockets scored twice in the second half.

"Our kids basically dominated the game on both sides of the football, we played well," Larkey said.

It only takes a quick look at Friday night's statistics to see just how well the Rockets did play against the 4-A Central squad.

The Rock held Central to 40 yards of total offense for the entire game. 24 yards on ground and 16 in the air. The Indians only score came after sophomore quarterback Jamie Linville fumbled the football inside the Rockets' one yard line.

Of course Central is just one victim of the five Rocket opponents that have been dominated on both sides of the football.

For the year, Rockcastle has outscored its opponents 206 to 47 or 41.2 points per game to 9.4. They have rushed for 1477 yards while giving up only 404 yards on the ground. Rockcastle's air attack has accounted for 466 yards and their opponents have thrown for 311.

Friday Night the Rockets had 466 yards of total offense, 338 on the ground and 128 in the air.

But, RCHS coaches think this Friday night will be a different story.

The Rockets will begin defense of their district title and perfect record in two years of district play when Somerset comes to Mt. Vernon Friday night.

"It will be a barnburner," assistant coach and defensive coordinator Tony Saylor, said Tuesday. "Our kids

must be ready to play, for us to win," he said.

Somerset is coming off a 21-7 win over Southwestern. Pulaski County and will bring a 4 and 1 record into Friday's contest. The Briar Jumpers only lost game at the hands of the Lincoln County Patriots, a top 3A program in the state.

Last year the Rockets escaped Somerset with a 14-7 win.

Friday night, senior Doug Cromer led the Rockets in rushing with 105 yards on just 7 carries. Cromer also scored once for the Rockets, a 48 yard run from scrimmage.

Quarterback J.D. Bussett rushed for 49 yards on 3 carries and scored one rushing touchdown. Bussett completed 7 of 10 passes for 128 yards and three touchdowns. Bussett was also intercepted for the first time this season.

Fullback Shawn Thacker had 48 yards on 7 carries, tailback Mike Shafer had 20 yards on 4 carries, he caught 1 pass for 12 yards and scored a touchdown on the ground. Shafer also scored two extra points.

Jason Cromer had 47 yards on 9 carries and 1 touchdown. Zach Cromer picked up 23 yards on 4 carries and he also scored once, while senior Jason Payne had 23 yards on 5 carries.

Back-up quarterback Jamie Linville had 7 yards on 2 carries, Mike Tackett had 2 yards on 1 carry, Dallas Rigby had 4 yards on 1 carry, Jerry Adams had 1 yard on 1 carry, Neil Sparks had 3 yards on a carry.

Brian Carter had one catch for 29 yards, which was good or a touchdown, Jason Hunt had 23 yards on one catch and Micky McClure had two receptions for 38 yards and 2 touchdowns. Tackett also caught one pass for 7 yards.

The top photo shows a familiar sight for Rocket fans this year as the varsity players have gotten lengthy breather in the second half of every contest thus far. Stacy Kirby, Jay Stevens, Chris Goff and Mike Shafer take advantage of the time off during Friday night's romp over the Madison Central Indians.

The Rocket brain trust watched their team handily take the message of yet another opponent Friday night, 4-A Madison Central Indians with a 50-7 thrashing. In the photo are, from left: Coach Tom Larkey, and assistant coaches Chris Larkey and Tony Saylor.

The Rockcastle Region Rodders recently participated in the Lake Cumberland "Kruzers" car show. All six members who showed, placed in the top three in their class. The club also received the trophy for club participation. Front row, left to right, Melissa Singleton and "Gidget," Dale Winstead, Debbie Bentley and Sue Long. Back row, left to right, Steve Singleton, Lewis Cox, Jack Chaliff, William Bentley and Don Long.

Wendy's Players of the Week for this week are, from left: Jason Hunt, Brian Mink, John Kirk and Gordon Sower. This Friday night, the Rockets host the Somerset Briar Jumpers.

"INDICTMENTS"
(Cont. From Front)
Johnny Hobbs of Manchester was indicted for second degree burglary, theft by unlawful taking, assault and terroristic threatening.

His indictment stems from an August 3rd incident, in which he is charged with entering the apartment of JoAnn Hobbs on Carter Drive in Mt. Vernon. According to the indictment Hobbs stole money, hit JoAnn Hobbs in the head and threatened to kill her.

James Lewis Mink, of Livingston was indicted for wanton endangerment and criminal mischief.

Troy Kirby of Mt. Vernon was indicted for second degree rape and David Mahaffey of Livingston was indicted for wanton endangerment and criminal mischief.

All cases are still pending in Rockcastle circuit court.

"Rockets Win"
(Cont. From A10)

Linebackers Louie Davis and Gordon Sowder led the Rocket defense with 7 tackles each, while McClure had 6 and Aaron Cox and Mike Tackett each had 3. Hunt had 2 tackles, as did Brian Mink, Chris Goff and Jay Stevens. Stacy Kirby and Jerry Adams each had a tackle.

Hunt, Mink, Sowder and John Kirk were chosen as players of the game by the Rocket coaching staff. The Rock junior varsity also upped their season record to 5 and 0 with a 24-8 win on the road against Williamsburg Monday night.

Both and Robbie Pybas of Mt. Vernon were kept busy Sunday afternoon grilling hamburgers for the record crowd attending the George Jones, John Michael Montgomery and McBride and the Ride outdoor concert at Renfro Valley.

"Roamin' Rockcastle"
(Cont. from 9)

Kay said later, "Lee didn't give any of us a bite. Ate it all himself."

"Next time take a club to him, I suggested for I hadn't meant to cause family trouble. Till next week. Aim for service, not success, and success will follow"

Re-Elect
Gary R. CROMER
Mayor

When electing a Mayor to serve the next term, many concerns must be addressed. The following are but a few.

1. Which candidate has represented **ALL** the citizens of Mt. Vernon and not just the special interests of a few?
Mayor Gary R. Cromer
2. Which candidate has attended 100% of the meetings since being elected, including those meetings which were controversial in nature?
Mayor Gary R. Cromer
3. Which candidate has always put Mt. Vernon **FIRST** when negotiating contracts for water and sewer services?
Mayor Gary R. Cromer
4. Which candidate has not made promises for the sake of being elected?
Mayor Gary R. Cromer
5. Which candidate will give **YOU, THE CITIZEN** his total commitment to keep Mt. Vernon moving forward with **EVERYONE'S** best interests in mind, not just the few with special interests?
Mayor Gary R. Cromer

Gospel Music Convention

The 48th annual Kentucky State Gospel singing Convention will be held, Oct. 8, 9 and 10 at the Allen County Scotsville High School Auditorium, in Scottsville.

On Friday and Saturday nights, Oct. 8 and 9, over 70 southern gospel quartets and soloists have already been scheduled to appear on the programs, which will start at 6:30 p.m.

On Sunday, Oct. 10, beginning at

1:30 p.m., a special singing will round out the three day event, featuring The Barricks from Glasgow, The Heartland Quartet from Elizabethtown, and the Counsellors from Somerset.

There is no admission charge and the public is invited. For more information, you may call Rex N. Agers, president, at 502-651-9307 or Gary Martin, secretary, at 502-237-4816.

Country Showcase Concert at Renfro is Oct. 24

LOOKING OVER THE TALENT—Pete Stamper, right, vice president for entertainment at Renfro Valley, and Gordon Thompson, left, the house band's lead guitarist, watch an Eastern Kentucky University Show Choir rehearsal along with Choir director Bob Lawrence. The Show Choir will join "America's Funniest Professor" Carl Hurley and the Renfro Valley Jamboree entertainers in the first EKV Country Showcase Benefit for the Department of Music, at 3 p.m., Sunday, October 24 at Renfro Valley. The event caps Homecoming Weekend festivities for Eastern.

More than five decades ago, John Lair opened the Renfro Valley Barn Dance as a way to showcase local talent.

Although it has undergone many changes in recent years, "Kentucky's Country Music Capital" has never veered from its founder's vision.

True to that tradition, Renfro Valley Entertainment Center and Eastern Kentucky University will join efforts Sunday, Oct. 24 to stage the first EKV Country Showcase Benefit Concert for the Department of Music.

Eastern's 17-member Show Choir, the only collegiate show choir in Kentucky, blends music and choreography in its crowd-pleasing, diverse productions. The group, which routinely performs to sold-out audiences on the Richmond campus, will premiere its country music segment at Renfro Valley under the direction of Rob Lawrence.

The Country Showcase event affords Show Choir members a unique opportunity to showcase their talents and, at the same time, help raise much needed scholarship funds for Eastern's Department of Music, said Dr. John Roberts, chair of the department.

"All of us here at Eastern are concerned about rising tuition rates," Roberts said. "The enthusiasm of our students, plus the professionalism of the Renfro Valley people and Carl Hurley's appearance should make for a wonderful afternoon."

"I think this will be a show that will have something for everybody," Roberts added. "The enthusiasm of our students, plus the professionalism of the Renfro Valley people and Carl Hurley's appearance should make for a wonderful afternoon."

The current Renfro Valley Jamboree cast is carrying on a proud tradition of music and comedy begun Nov. 4, 1939, when the first live Renfro Valley Barn Dance was held.

Renfro Valley is located 25 miles south of Richmond near Mt. Vernon, just off I-75 at exit 62.

The 3 p.m. event, which caps Homecoming Weekend festivities at Eastern, will feature the homespun comedy of America's Funniest Professor, Carl Hurley, along with the EKV Show Choir and the Renfro Valley Jamboree entertainers. The triple bill, in the 1,500-seat New Barn, truly is all-local since Hurley, an Eastern grad and former professor, hails from East Bernstadt in Laurel County and many of the Show Choir performers also come from Eastern Kentucky communities.

Tickets for the event are \$10 for adults, \$5 for students and children, and may be purchased through either Renfro Valley (1-800-765-7464 or 256-2664) or EKV's alumni affairs office (622-1260 or, toll-free in Kentucky, 1-800-262-7493, ext. 1260). All proceeds will go to EKV's Department of Music Scholarship Fund.

The Country Showcase benefit is the second stemming from a partnership formed earlier this year between EKV and Renfro Valley Entertainment Center, Inc. That partnership provides performance opportunities for EKV students and faculty and to showcase various forms of music available through Eastern and the Renfro Valley entertainment complex. In April, the EKV High School Show Choir Spectacular featured high school show choirs from five states competing in the New Barn.

"New talent has always been our lifeblood," said Pete Stamper, vice president for entertainment at Renfro Valley, "and it's exciting to tap the resources of EKV's Department of Music."

Michael Twitty at Renfro

When Conway Twitty died earlier this summer, country music lost a legend and Renfro Valley lost the star of its Nov. 14 concert date.

That concert was cancelled because, as Renfro Valley executive vice president Dean L. Henricks explained, "No one could replace Conway. He was in a class by himself."

Instead, Renfro Valley decided to dedicate its Nov. 13 Barn Dance and Jamboree shows to Conway's memory. To help keep that memory alive, Renfro Valley has enlisted a very special guest: Conway's son Michael. Michael Twitty will make guest appearances on both the 7 p.m. Barn Dance and the 9 p.m. Jamboree shows on Nov. 13.

Guests at these shows can expect entertainment in the Twitty tradition. As Michael explains, "I have to be more than just a singer, a performer. When people give you the gift of their attention, their time, you must give back the very best you have to give, all you have to give."

Reviews of Michael Twitty's concerts have called the entertainer "compelling," adding that he "generates a contagious excitement with up-tempo material and gives every word of a ballad new and tender meaning."

Should the audience want Michael to do a Conway song, he is happy to oblige. With just one warning: "I

Corporations late in filing annual reports to be dissolved

Check your drawers! Officers of Kentucky corporations should check to see if they have mailed their annual reports as required by the state, according to Secretary of State Bob Babbage.

Corporations who are late returning their annual reports were mailed delinquent notices September 3, Babbage said. The notice allows corporations 60 days from the date it is

mailed to file the reports. If corporations do not respond, they can and will be administratively dissolved by the state November 1, Babbage said. Corporations that are dissolved but continue to operate as a corporation violate state law.

Corporations that are dissolved may be required to pay a penalty fee plus past due annual report filing fees.

Registration books close Oct. 4 for General Election

Rockcastle Countians have until the county clerk's office closes on Monday, Oct. 4 to register to vote, Secretary of State Bob Babbage said.

"Many important offices will be filled by election on Nov. 2," Babbage said. "The majority of eligible citizens should register and vote to truly represent the wishes of the majority," he added.

Voter registration in Kentucky has increased with each election since Babbage took office in 1992.

Between the 1991 and the 1992 general elections registration increased by 184,301. Registration usually declines after a presidential election, but between the 1992 gen-

eral election and this spring's primary election, registration in Kentucky increased by 83,929.

"An increased public awareness about the importance of voting and new programs to make voter registration more convenient have contributed to reversing the trends of low voter registration in Kentucky," Babbage said.

As the chief election official in Kentucky and the chairman of the state board of elections, Babbage has earned national recognition for innovative voter registration programs.

"Private businesses have been very supportive of many of our programs

EKU assists development of early intervention in county

Eastern Kentucky University is participating in a project to help ensure that the needs of handicapped, developmentally delayed and at-risk children from birth through age 2 are being met within the Cumberland Valley Area Development District, which includes Rockcastle County.

Along with the seven other state universities, EKV is participating in the Kentucky Early Intervention System (KEIS). Under the leadership of the State Cabinet for Human Resources, each university is responsible for a region of the state. EKV will serve a 26-county area of south central and southeastern Kentucky that also encompasses the Kentucky River and Lake Cumberland ADDs.

A four-person EKV team, headed by project director Dr. Esther Leung, will work with existing agencies to ensure that a regional system of early intervention services is functioning effectively.

"Access is our number one priority," said Janclay Wilson, the team's full-time project specialist. "Some counties are underserved, and some are underexposed. A real concern is that so many parents are not aware that their children need services. Or they may be aware there's a problem, but not know where to find a solution."

For that reason, she added, the team hopes to work closely with the regional medical community.

Christmas Island coming at General Burnside State Park

It will be a bright Christmas on General Burnside State Park, even if it doesn't turn out white!

Christmas Island, a seasonal lighting display project sponsored by the Somerset-Pulaski County Tourist Commission, is set to begin Nov. 17.

More than 200 seasonal lighting displays, many of which are animated, will be lit up all over the 450-acre park in celebration of the season.

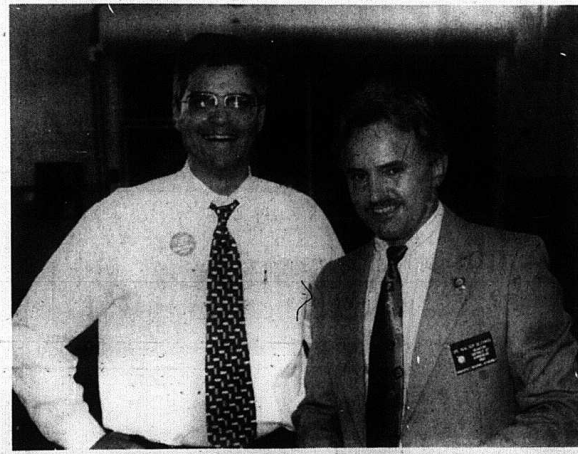

Christmas Island will include animal-reindeer archways, a Victorian village, a paddlewheel boat, an animated jack-in-the-box and rocking horse, and many, many more displays.

The project is the first of its kind for the Kentucky State Park system. "The entire community is excited about it," Julie Goody, Executive Director of the Tourist Commission said. "Thanks to the cooperation of South Kentucky RECC, Kentucky State Parks and Kentucky Utilities, we're going to have a first class drive-thru program."

Christmas Island will begin Nov. 17 and run through Jan. 1. Admission fees of \$5 per car, \$10 per van, and \$20 per bus will fund the project.

Christmas Island will be open from 6 p.m. until 10:30 p.m. Sundays through Thursday, and 6 p.m. until 11:30 p.m. Fridays and Saturdays.

For additional information call the Somerset-Pulaski County Tourist Commission at 1-800-642-6287.

Secretary of State Bob Babbage discusses Kentucky's program to implement the new federal voter registration law known as "Motor-Voter" with State Senator Dr. Walter Blevins, D-West Liberty. As the chief election official of Kentucky, Babbage will be in charge of getting the federal law in place. Dr. Blevins is a member of the Senate Appropriations and Revenue, the Banking and Insurance and the State Government committees. He will play a role in the revisions of law necessary for Kentucky to comply with the Federal mandate.

Mt. Vernon Personals By: Vallie Burton

Pauline and Ismael Tackett returned home Tuesday from a three week visit with his daughter, Peggy Daley and husband James in Caracas, Venezuela. While there they visited several places of interest, Angel Falls, etc. They were called to Cincinnati due to the death of her brother-in-law, Lee Bailey, Sept. 19th.

Mr. and Mrs. Craig Kincer and son Kyle of Springboro, Ohio and Mr. and Mrs. Kevin Kincer and son Michael of Lebanon, Ohio visited their grandmother Pauline Tackett and Ish Sunday afternoon.

Alan and Odessa Kincer of Virginia Beach, Va., are visiting relatives here and Livingston. They will be settling in this area after being in the U.S. Navy 8 years.

Mr. and Mrs. James Houston of Ohio visited his parents Mr. and Mrs. Coleman Houston recently.

Sympathy is extended to all who have lost loved ones recently. May the Lord comfort each one.

Loretta Milburn and friend of Union, Ohio visited Mrs. Vallie Burton and Mrs. Verla Owens recently. They also visited Sam Newton in the St. Joseph Hospital at Lexington.

Mrs. Vallie Burton has returned home after spending a few days in Lexington due to the illness of her son-in-law Sam Newton of Somerset who is surgery Thursday at the St. Joseph Hospital. Mrs. Newton is staying with him. We wish him a speedy recovery.

Mr. and Mrs. Harris Burton, Mr. and Mrs. Bobby Anglin and Mrs. Nancy Hurley, Mr. and Mrs. Clyde Burtlett, Bro. Ron Roberts, Bro. and Mrs. Buford Parkerson and Tommy H. Mink visited Sam Newton at the St. Joseph Hospital last week.

Charles Houston of Florence visited his parents Mr. and Mrs. Coleman Houston recently.

Everett Cromer of East Bernstadt visited Mr. and Mrs. Coleman Houston Sunday afternoon.

Recent visitors of Mrs. Archie Kirby and Mr. and Mrs. Raymond Kirby were Mrs. Lillian Holt and children of Louisville, Mr. and Mrs. Edward Stephens and Amanda and Mr. and Mrs. Steven Carroll and baby son, all of Lexington and Mr. and Mrs. Robert Barron and Judy of Paris.

Mrs. Rissie Brock of Brodhead visited her sister, Mrs. Archie Kirby, Sunday afternoon.

Mr. and Mrs. Bobby Anglin and Mrs. Vallie Burton were in Somerset Monday to consult Mrs. Burton's eye doctor.

Mr. and Mrs. C.S. McKinney visited his brother, Mr. and Mrs. David McKinney of Walnut Grove Sunday.

Mr. and Mrs. Grady Brown of Arkansas visited Willis Childress in the Rockcastle Hospital recently.

Last Saturday visitors of Mr. and Mrs. C.S. McKinney were their daughter, Mrs. Sharon Lovins and friend, Sandra Gistler.

Mrs. Dee McKinney, who suffered a light stroke last week, is now at home from the Rockcastle Hospital and doing very well.

Friday supper guests of Mr. and Mrs. Ebb Brown were Mr. and Mrs.

C.S. McKinney. Sunday afternoon visitors of Mrs. Bessie Kirby were her daughter, Mrs. Lorene Doan and great grandson, Timothy and great granddaughter Jessica.

Last Thursday night visitors of Mr. and Mrs. Joe Lovins Sr. were Sharon's parents, Mr. and Mrs. C.S. McKinney.

Willis Childress is still in the Rockcastle Hospital and is doing better. We wish him a speedy recovery.

Sunday dinner guests of Mr. and Mrs. Ivan Hayes were Mrs. Lavada Graves.

Clyde Barneit is a patient in the St. Joseph Hospital at Lexington. We wish him a speedy recovery.

Fairview news

By: Mrs. Hubert Chasten

Rev. Harvey Pensol filled his regular appointment at the Fairview Baptist Church over the weekend with good attendance but our Sunday School attendance was down to ninety two (92). But we are always thankful for everyone that attends, regardless of the number.

Well, summer has slipped away from us and we are now into autumn. We are, at this time into a rainy and cooler season. But it doesn't matter what kind of weather we have, we accept whatever God sends. We need to rejoice and be thankful for every day that our good Lord gives us. He is so good to us.

My sister Myrtle (Reppert) Wilson, husband Gerald and daughter Pamela and Pamela's son and daughter have moved to Berea from Ohio. We are glad to have them back.

Recent guests of Mr. and Mrs. Eugene Alexander were Mrs. Edith Mullins of Snider and her daughter Ardilla Tim of Franklin, Ohio who was here visiting her mother.

Mr. and Mrs. Earl Sorah and daughter Paula and Paula's infant son Justin, spent Thursday and Thursday night in Berea, returning to Elyria, Ohio on Friday. Paula was here for a job interview in Lexington. They were here long enough for most of us to see them for awhile. I enjoyed seeing them again.

Gerald and Irene Alexander and children Courtney and Cody have moved to Sand Springs from Little Clear Creek near Fairview. They will be missed but we wish them well.

A birthday dinner was given at the home of Mike and Paulette Ponder on Sunday Sept. 26th honoring his mother, Mrs. Lucille Ponder. Others present for the celebration were her husband Glenn Ponder, another son Douglas Ponder and wife Evelyn and son Scott; a daughter, Edith Rae Ponder and daughter Glennys; Mr. and Mrs. Chris Ponder and infant son Aaron; Mr. and Mrs. David Eaton and special guests Connie Hale and daughter Tonya Hale, and Dana Welch. All celebrations and family get-togethers are wonderful and happy occasions as this one was. Lucille has many friends and relatives who love her and wish her many happy returns of the day. God bless you Lucille.

Luther and Nancy Isaacs and daughter Carol recently vacationed in Rural Retreat, Va., from Saturday until Wednesday. They visited her aunts and uncles, Lewis and Verna Henley

and Mack and Evelyn Lundy. (Both of these ladies are her mother's sisters). They also visited her father's sisters, Mae Smith and Bonnie Brown and husband Ray and also several cousins. On Monday another daughter of Luther and Nancy Jennifer Case and husband Steve visited these same relatives and returned home on Tuesday. They all really enjoyed their visit.

Eugene and Hallie Alexander visited in our home on Tuesday night of last week. They also visited their son Gerald and family of Sand Springs last Saturday.

Visiting Mr. and Mrs. R.J. Ridgell and Sherry on Sunday were his parents Mr. and Mrs. Elmer Ridgell and a granddaughter and great granddaughter of Corbin.

Our Saturday afternoon guests Sept. 18 were Wayne and Carolyn Chasteen and grandson Zachary; Darrin and Monica Chasteen and daughter Danica and James and Joyce Seals, all of Berea. Also Darleen Abney and Janet Ridgell and daughter Sherry.

Mr. and Mrs. Larry Alexander visited his uncle Eugene Alexander and Hallie on Saturday.

William and Joyce Cope visited his

mother, Mrs. Mary Cope Sunday. Two of Mrs. Cope's children, William of Eubank and Jean Hayes of Wingham-

ter, have recently been hospitalized but thank the Good Lord they are both (Cont. to B10)

Library News

By Geraldine Robbins

Images From the Mountains, A traveling exhibit of Appalachian artists, is giving any artist an opportunity to submit their art work to be considered for the exhibit that will travel all around the state of Kentucky. The exhibit is open to any artist currently residing in eastern Kentucky. Any original paintings, drawings, prints, or collages are eligible for consideration. Entries must be postmarked no later than October 9, 1993.

There is a lot of good artists in Rockcastle County and I would encourage you to enter your work for consideration. This exhibit was shown at our library in 1991 and 92 and in comparing this art work with the Rockcastle County Art Show, I found a lot of the local art was even better than some of theirs. This is a good opportunity to show your work all over the state if it is chosen.

For more information and entry forms come in and see me or one of the other ladies and we will be glad to help you.

The Bittersweet Festival will be here in Mt. Vernon, October 8th and again we will be sponsoring a Story Book Parade for children preschool through age twelve. We will not be judging for best costume this year but all the children will receive some gifts. Please have the children bring the book that the costume was taken from. The parade will begin promptly at 1:30 p.m. but the children should meet at the court house by 1 p.m. All children must be registered at the library by Thurs. Oct. 7th so that we may have the correct number bring for the children. The library will have a booth on Main Street with exhibits and books for sale. We hope you will see us there. The library number is 256-2388.

Betty Lindblom and I attended a "Preschoolers Door to Learning" Workshop at the Radisson Plaza Hotel in Lexington, Sept. 24. This was one of the most informative workshops that I have ever participated in. Topics included books and materials, developmental stages, programming, and activities for preschool children. We have these new ideas and suggestions will help us to present a better program for the little ones. If you have small children why not bring them in and join our Story Hour. We try to plan activities and stories that even the smallest children will enjoy.

There will be a meeting for those people interested in the adult Reading Group on October 5th at 10:30 a.m. This will be for organizing the group and making some ladies wanted to meet in the mornings and some in the evenings. If there is enough interest we might be able to have two groups.

Please try to attend this first meeting and give us your suggestions. For all the sportsmen that love boating and fishing, we have a new book, *The "Original" Kentucky Boater's Almanac*. This is the most comprehensive boating and fishing

guide ever published in Kentucky. It includes State Parks, campgrounds, lake maps, river charts, laws, statistics, safety regulations and more.

Another non-fiction book is *More Memories* by Ralph Emery. One of the most exciting best-sellers in recent memory was Ralph Emery's *Memories*, the autobiography of the popular host of TNN's Nashville Show. Emery himself says his first book drew on one percent of his memories of his years on television. With *More Memories*, he takes readers backstage and into the limelight with tales about dozens of top stars, including Willie Nelson, Jimmy Dean, Reba McEntire, Dolly Parton, Garth Brooks and many, many more.

Illustrated with many never-before-seen photographs, *More Memories* offers a wealth of enjoyment for readers and fans everywhere.

A novel that should appeal to our many western readers is: *Thunder in the Dawn* by Earl Murray... Based on recorded history, and on the oral traditions of the northern Cheyenne and Dakota Sioux nations, *Thunder in the Dawn* brings to vivid life the early months of the Great Sioux War of 1876, and the Battle of the Rosebud. It is as well the passionate story of two people thrown together by conflict of their choosing, whose strength and determination form a bond of love and endurance that holds firm in the face of great trial.

Another novel is *Pot of Gold* by Judith Michael... This is the pen name of a husband-and-wife writing team. They are the author of six previous bestsellers. In this sensational novel, Judith Michael takes one of our most universal fantasies and spins it into glorious, spellbinding reality.

Claire Goddard is thirty-four years old, of modest means and looks. She has raised her teenage daughter, Emma, by herself, working as a designer, but without the confidence or means to fully realize her talent. Her only indulgence, once a week is buying a lottery ticket. Then one week, she wins sixty million dollars.

Overnight everything changes. She quits her job, indulges in the shopping spree of a lifetime, new house and new clothes and all the works. She and Emma even treat themselves to a celebratory cruise in Alaska. There they meet Quentin and Brix Eiger. Suddenly Claire and Emma are living in the glittering, colorful world of wealth and power. But inside the rainbow, all is not what it seems.

Appointed to governor's board Sue Hamm appointed to serve on state board

Mrs. Sue Hamm, of Mt. Vernon, has been appointed to serve on the Board of Directors of the Kentucky Higher Education Student Loan Corporation. This board provides college students with needed interest loan resources.

This is indeed an important post, requiring diligence and skill of its seven members. In 1986, the Kentucky Higher Education Student Loan Corporation was given the authority by the General Assembly to increase notes and bonds to the present level of \$553,000,000. As of June 30, 1993, the board serviced a total of 72,195 loans to student borrowers.

Sue Hamm is an outstanding citizen and a flagging supporter of our community and is young people. She

served our youth for 27 years as teacher, counselor, and then as Assistant Principal of the Brodhead Elementary School before retirement.

She is a vital member of the Rockcastle Kiwanis Club, The Brushy Mt. Institute, Mt. Vernon Woman's Club, the Rockcastle Library Board, serves on the Senior Citizens' Board of Directors, and is a volunteer to our hospital and Hospice program. She is also an active member of the Mt. Vernon First Baptist Church.

Sue is loved and admired by so many of our citizens who serve with her and are served by her. She will be a wonderful addition to the governor's board.

"Showcase Concert" (Cont. from front)

MUSIC - Hurley isn't new, of course, at least to many of his fellow Kentuckians. After an eight-year career as an education professor at EKU, he resigned in 1982 to pursue entertaining on a full-time basis. Today, his appearances range from standup country comedy to convention speaking, from university lectureships and teacher

in-service days, to seminars and workshops for business and industry. Hurley, who earned his bachelor's and master's degrees from Eastern, has also appeared on "Nashville Now," Ralph Emery's show on The Nashville Network.

Born in a two-room cabin on a three-acre hillside farm near the Rockcastle River, Hurley taps his rural roots for many of his jokes and stories.
