asked to join state as they led us in the Pledge of Allegiance. This was followed by their presentation of songs and poetry about fall. Great job state team! A different primary center or older class will provide monthly programs for all PTA meeting.

The PTA Book Fair was very successful this year and enjoyed by all. What a wonderful sight to see parents and children together with such enthusiasm and surrounded by books. The Book Fair began Thursday night following the meeting and continued during the school day on Friday and Monday. Each student had the opportunity to visit the fair and make purchases. The school receives a percentage of free books to be placed in individual classrooms based on amount of sales. Some books will also be selected to be placed in our school library. PTA will receive a percentage of the money collected and this will be used for other projects we have planned.

On Monday, September 12, the static primary classes designed invitations to send to several Sowder Nursing Home residents in living to their classroom and for lunch at B.E.S. on Thursday, Sept. 15. The following residents joined us for this special occasion: Lorn Atwood, Zella Stencil, Lina Treadway, Tula Pritchett, Christine Nicely, Spicy Carter, Elizabeth Roberts, Margaret Morin, Alta Philbeck and Ethel Mason.

Students and residents alike enjoyed the day together. Members of the static team will visit the nursing home Thurs. Sept. 22. Mrs. Margaret Morin will be the guest story teller for the day.

A special thank you to the cafeteria staff of BES for preparing a wonderful lunch, the Sowder Nursing Home staff for bringing our guests and the Family Resource Center for organizing the program. More intergenerational programs will be held throughout the year.

Mrs. Ellington's class is studying the letter T and invited Ms. Saica from the BFRCC to their class. She presented each student with a toothbrush and explained the purpose of the BFRCC.

The Brodhead Family Resource Center Advisory/Council meeting will be held Thursday, Sept. 15. An explanation of the program and goals for the upcoming year were discussed. The 4th grade would like to thank Taylor's Produce for donating the apples for their new mathunit. They will be weighing the apples and investigating the changes and amount of time it takes for these changes to occur.

The following article appeared in the April 1994 issue of The Advocate which is a publication of the Kentucky Department of Public Advocacy's Journal of Criminal Justice Education and Research. (This is last school years 4th grade).
Dear Advocate,

We are students from the fourth grade classes at Brodhead Elementary in Rockcastle County. We have been learning about the three branches of government, about courts, law and the justice system. Also we learned about how a trial works and what people work in the courthouse. Our class plans to visit Frankfort in the spring for a field trip.

Our class decided to put on a trial. We charged Goldilocks with criminal mischief, criminal trespass, and theft under one hundred dollars. We wrote bond motions and members of our class wrote opening statements, questions for witnesses, and closing arguments. We were helped by the lawyers from the Somerset Public Defenders Office. Several of the lawyers came and answered our questions, explained about the law, and spent time talking to us. They also came a second time as supporting lawyers and as the judge for our trial. Our jury found Goldilocks guilty of all charges.

Our class discussed the pros and cons of being a public defender. We brainstormed lots of ideas. We

thought of good reasons to be a public defender like helping people, learning new things and learning about the law. The bad thing about public defense work includes that the pay is poor. It is a hard job, there are too many cases and not enough lawyers, and it may be dangerous. Time with your family may be limited and the job can be depressing. The public defenders that came to our school said even though the job was hard, they had to do it because they made sure everybody had a fair trial. Without public defenders, some poor people might not get the help they deserve.

We know the General Assembly has been discussing the need to give more money to public defenders of the state. We are sure you understand that these employees need more money, appreciation, and support. We know you respect these public defenders and we do to. That's why we are writing this letter.

PTA News

I would like to say "Thank You" to all of the parents and teachers who attended last Tuesday's PTA meeting. A special "Thanks" is given to Margaret Offit who filled in as secretary and to Anna Gibson, Sheila Hayes, Emily Gibson and Selena Smith for volunteering in the child care room.

We have a volunteer program in school so if you would like to become a volunteer contact the school or Family Resource Center to find out more information. Just an hour or two a week could be a lot of help to

the teachers.

Congratulations to Mrs. Charlotte Hansel for becoming the newest parent on the SBDM Council.
Thank you,

Paula Cowan's News

This week in Paula Cowan's class we have had a lot of fun. We read fables. Two fables are *The Lion and The Mouse* and *The Fox and The Grapes*. We also learned that fables are short stories, they teach a lesson and they include animals as the main characters.

In math we had a test and everybody did a good job.
Now we are beginning to learn place value.

In units we are discussing the 7 continents and the 50 states.
Next week we look forward to making a book about the 50 states and the 7 continents.

P. McClure's Class
Language arts, science, health, math and social studies have been integrated in a unit centered around whole language titles. *Here Are My Hands* and *Peanut Butter and Jelly*. The students have discussed body part, good food for their bodies with emphasis on the meat group in which peanuts are included, how to do the Hokey Pokey and get the body parts moving, and plant parts using the peanut plant as an example.

Students learned about things in order (sequence) when following a recipe to turn peanuts into peanut butter. They observed cause and effect and created a chart telling how to make peanut butter. After tasting the peanut butter made in class, they ate a peanut butter and jelly sandwich made from commercial products and discussed the difference between the two peanut butters.

Students located the peanut-growing states of the U.S., Africa, Asia, and South America on maps after hearing about the history of peanut butter.

Each student brought his or her favorite teddy bear to school to help learn about patterns, counting bear ears by twos, adding bears and then playing "detective" by asking the teacher questions to discover what was hidden in a bag. After eliminating unimportant evidence, students finally knew it was gummy bears. After estimating how many gummy bears were in the bag and deciding how to divide the bears fairly, the students ate the bears!

So far this school year no one has been absent in our class. As rewards the students have enjoyed ice cream three times and pizza and pop once. We are planning to go to Pizza Hut for free pizza if no one misses before Thursday, Sept. 22.

Student of the Week (Sept. 5) was Jessica Allen. She wants to be a policeman when she grows up.

Students of the Week (Sept. 12) was Melanie Bullock. She wants to go to college when she finishes high school.

Student of the Week (Sept. 19) is Kayla Barnett. She wants to be a teacher when she grows up.

Happy Birthday to Bryce Dixon on Sept. 22nd, and Alicia French on Sept. 26th.

Our music classes at MVES have all been studying rhythm. We have learned all about the quarter, eighth, half and whole notes. We have had a lot of fun creating rhythm patterns with our spelling and vocabulary words. We even used our names to create patterns!

In our "Superstar Behavior" we have two classes who have earned four stars. Ms. Shelly Parkinson's morning and afternoon entry level classes. Congratulations and keep up the super effort!

Fifth grade students are anxiously awaiting addition for the 5th grade Honor Chorus. Auditions will be held on Sept. 19, 20 and 21 in the music room. Ms. Cornelius will post the results later that week. Good luck to all who are auditioning!

My Papaw

By: Audrey Lovins
The clock was ticking, tick tock. It was 20 minutes before we got to go home. Then all of a sudden the intercom said, "Audrey Lovins will be leaving." I was scared because I knew something was wrong. So I went out of Mrs. Cameron's room. I was running down the hall. When I got to mom I said, "Papaw, fell out of a tree." I said, "How." She said, "He was climbing a tree and he lost his balance and fell." I started to cry. When we got to the hospital I went running to my papaw's room but mom

chicken pox.
It's not real exciting having the chicken pox because you can't play outside because you might give them to someone who hasn't had them yet. Once you get them you will never get them again. My mom took a picture of me so I could show my children what you look like when you have the chicken pox.

I was glad when they were gone. I could go outside and play with my friends and I was happy to know I would never get them again.

Red Dots . . . Chicken Pox
By: Austin Miller

On one hot summer day I got the dreadful chicken pox. I was itching like crazy! I looked on my skin and all I could see was little red dots. I said, "Oh no, I've gotten 100 times by a honorary creature. But then mom told me that I had chicken pox.

Then mom made me an oatmeal bath. When I take an oatmeal bath I don't itch anymore but when I get out I go back to itching again and you can't scratch when you have the

RCMS 6th grade participates in residency

It was an exciting way to begin the year as part of the new Rockcastle County Middle School, said Tracy Gabbard, referring to a 6th grade study on Africa.

The unit included a weeklong residency with Oyo Fummilayo, professional storyteller, author, actress, and singer from Ghana. Ms. Fummilayo worked with the 6th grade enterpris-

ers classes of Tracy Gabbard, Leon Davidson, Ken Mattingly, Mrs. Brenda Ballinger and Mrs. Regina Burton. The residency offered the students an accurate picture of the art, music, dance, literature, and cuisine associated with African culture.

While studying facts about Africa, the students were involved in several projects with Ms. Fummilayo which

included vegetable and fruit print-making, creating native masks, writing folk tales, African rhythms and songs, cooking African foods, and transforming their team hallway in an African village.

One of the week's highlights was a visit by Donuame Igalou, a Nigerian drummer who presented a fascinating study of African rhythms and drums she has made. "I liked playing Donuame's drums. It was like a dream come true to play on the drums," said Rodney Spoonmore. "I really listened to everything Oyo and Donuame told us," said Cathie Midkiff.

The week-long residency culminated on Friday with the students performing before an audience of parents, guests and peers. Each class dressed in native costumes and shared a particular African project. The African study was enhanced by the assistance of the Exploratory teachers: Greg Daugherty (music), Mrs. Debbie Bugg (art), Mrs. Carla Parsons (life skills), and Mrs. Nancy Hale and Allen Fensol.

According to Mr. Gabbard, "It was extremely rewarding to see the students so excited about learning. The great thing was seeing every child involved. Their appetites have been whetted and they are ready for our next units of study. That is what teaching is all about!"

Oyo Bostic is shown with "Oyo" as she tells him about the cowtail wand that only Master storytellers get.

Extended Services will be offered

Rockcastle County Schools will begin Extended School Services (ESS) for the 1994-95 school year during the month of September. Additional information will be available at the individual schools since

beginning dates will vary somewhat. These sessions, commonly known as tutoring sessions, will be for students not meeting desired outcomes in their individual grade level. Services are free of charge to all qualifying stud-

ents. The intention is to increase the number of successful students who may be currently experiencing difficulties. Parents and students with questions in regard to Extended School Services should contact the principal.

Blanton named Americorps student coordinator in Rockcastle

Brodhead resident Bruce Blanton, a 1985 graduate of Rockcastle County High School, has been named student coordinator for Rockcastle County in Eastern Kentucky University's Student Service Consortium.

Blanton, who went on to earn a bachelor's degree in education at ECU in 1992, will work directly with the Rockcastle County school system to facilitate service-learning projects and foster civic values by linking schools and communities.

EKU's College of Education was recently awarded \$238,000 through the 1993 National and Community Trust Act to administer the Student Service Consortium, which involves a collaborative, regional partnership of school districts, institutions of higher learning, community agencies and public advocacy groups. As a part of AmeriCorps, the new national

service program created by the Act, the Consortium will implement a broad spectrum of service-learning experiences for thousands of area students from kindergarten through post-secondary and allow college students or graduates to earn an educational award in exchange for 10 months of community service.

Service-learning, one of the tenets of educational reform, is a way of learning in which young people gain and apply academic and social skills by addressing authentic community needs. Possible projects might include community clean-ups, peer tutoring, assisting at senior citizen centers and nursing homes, adopting a hospital wing, etc.

For Blanton, who has worked in a community school-to-work transition program in recent years, the setting and the job are a natural fit.

Commonwealth of Kentucky - 28th Judicial Circuit
Rockcastle Circuit Court - Division II
CIVIL ACTION NO. 94-CI-00096

The Bank of Mt. Vernon Plaintiff
vs.
Frankie Albright and Helen Albright Defendants
NOTICE OF SALE

Pursuant to judgment and order of sale entered in this action on September 9, 1994 for the purpose of satisfying the judgment against the defendants in the amount of THIRTY-NINE THOUSAND THREE HUNDRED TWENTY EIGHT AND 64/100 DOLLARS (\$39,328.64), plus costs and interest, I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

At the Courthouse on East Main Street on October 6th, 1994
Beginning at the hour of 10 a.m.
said property being more particularly bounded and described as follows:

Being all of Lot No. 27 in Evergreen Estates, fronting on Hemlock Circle, as shown on plat of record in Plat Book 2, page 70, in the office of the Clerk of the Rockcastle County Court, Mt. Vernon, Kentucky. Reference is hereby made to said plat for a more complete description of said lot.

Mortgagors obtained title to said real property by deed dated July 3, 1991, executed by Gary Mink, et ux, of record in Deed Book 143, page 429, in the office of the Clerk of the Rockcastle County Court, Mt. Vernon, Kentucky. Said deed contains certain residential restrictions.

The Property Will be Sold Upon the Following Terms and Conditions:

1. The real property will be sold for cash or upon a credit of sixty (60) days with the purchaser required to pay a minimum of twenty-five per cent (25%) of the purchase price in cash on the date of sale and to secure the balance with a bond bearing interest at twelve percent (12%) per annum.
2. Unpaid taxes or liens of record at the time of entry of judgment shall be paid out of the proceeds of the sale.
3. Buyer shall pay the 1994 County, State and School taxes on the property.
4. Buyer shall have possession of the premises upon compliance with the terms of sale.
5. In the event plaintiff, The Bank of Mt. Vernon is the successful bidder and the sale price does not exceed the amount of the plaintiff's judgment, no deposit or bond shall be required and the property will be conveyed to The Bank of Mt. Vernon in due season upon payment of the expenses of sale.
6. This shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise.

Combined Final Notification and Finding of No Significant Environmental Impact

The U.S. Department of Agriculture, Rural Development Administration (RDA) has received an application for financial assistance from the Western Rockcastle Water District, SA# KY930910-1103. The specific element of this proposed action is the construction of approximately 122,000 L.F. of 4" and 3" waterlines in various sections of western Rockcastle, eastern Lincoln and northern Pulaski Counties. RDA has assessed the potential environmental impacts of this proposed action and determined that the location of the proposed waterlines would impact the 100-year floodplain. It has been determined that there is no practicable alternative to avoid this impact. The basis of this determination is as follows:

- The floodplain will be impacted by the installation of the proposed waterline and the items of construction necessary to lay the line.
- The proposed water distribution system or portions thereof must be located within the floodplain in order to serve the proposed customers.
- The applicant will be required in the FmHA Letter of conditions to amend, its by-laws whereby it will deny water service to any new customers planning to build in a floodplain.
- The proposed action conforms to applicable state and local floodplain protection standards.

RDA has also determined that the proposed action will not significantly affect the quality of the human environment and will not prepare any environmental impact statement.

Any written comments regarding these determinations should be provided within 15 days of this publication to Mr. Thomas G. Fern, State Director, Farmers Home Administration, 771 Corporate Drive, Suite 200, Lexington, Kentucky 40503-5477. FmHA will make no further decisions regarding this proposed action during this fifteen-day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to the FmHA District Office, 207 London Shopping Center, London, Kentucky 40314. Federal Law prohibits discrimination on the grounds of race, color, national origin, religion, age, handicap, and sex in this program.

NOTICE OF HEARING Rockcastle County Board of Education

The Rockcastle County Board of Education will hold a public hearing in the Rockcastle County Board of Education's central offices building on September 29, 1994 at 7 p.m. to hear public comments regarding a proposed general fund tax levy of 44.8 cents. The general fund tax levied in fiscal year 1993-94 was 44.8 cents and produced revenue of \$864,810.29. The proposed General Fund tax rate of 44.8 cents is expected to produce \$956,753.24 for 1994-95. Of this amount \$173,067.25 is from new and personal property. The compensating tax rate for 1994-95 is 43.9 cents for real estate and 44.2 cents for personal property and is expected to produce \$938,605.68.

The general areas to which revenue in excess of 1993-94 revenue is to be allocated is as follows: cost of collections \$3,951.39, building fund \$10,070.02, and instruction \$77,921.54.

The General Assembly has required publication of this advertisement and the information contained herein.

5% interest equipment loan offered through the Rockcastle Soil District

The Equipment Revolving Fund is administered by the Kentucky Division of Conservation. The principal program was established in 1948 to provide funds to Kentucky's 121 Conservation Districts for the purchase of specialized equipment. The equipment has been used in projects to conserve or protect Kentucky's soil and water resources. Equipment considered for loans through the program includes dozers, backhoes, front-end loaders, earthmover pans, no-till drills and planters, precision applicators for agricultural chemicals, equipment trailers, equipment for animal waste systems, and distribution and other specialized equipment suited for conservation work.

Conservation Districts make application to the State Division of Conservation for a loan, which may be for up to 2 1/2 of purchase price of unit including sale tax. The minimum required 1/3 down payment may be made with cash or other necessary funds. The unit will be leased by the District to a local contractor who agrees to provide conservation work, at a reasonable price, agreeable to supervisors of that district. Loan applications are considered and voted upon by members of the Kentucky Soil and Water Conservation Commission. Upon approval, a contract is drafted by the Division setting forth terms of the loan, use, permitted, repayment schedule, fees, reporting requirements and any other necessary terms. If the equipment is to be sub-leased to a contractor, a similar lease contract between the Conservation District and the contractor is also drafted.

work or acre on which the equipment operated. Contracts are set up for complete payment of the principal over a three-year period for any loan less than \$50,000 or a four year period for loan over \$50,000. Principal must be paid current, according to schedule, at the end of each sixth month period of the contract, but specifically monthly payments of a certain amount are not required. Equipment, such as no-till drills, precision applicators, etc. will be set up on 36 equal payments.

If you have any questions or need additional information concerning the Equipment Revolving Fund, write or call: Becky Daugherty, District Clerk, Rockcastle County Soil Conservation District, P.O. Box 156-Mt. Vernon, Ky. 40456-0156. (606) 266-2541.

IMPORTANT NOTICE OF PROPOSED SETTLEMENT OF CLASS ACTION AND FAIRNESS HEARING

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF ALABAMA SOUTHERN DIVISION

Russell Price, et al vs. Ciba-Geigy Corporation
NO. 94-0647-CB-5

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON®

And Their Spouses, Children, Other Relatives and Legal Representatives:

GALECRON® WAS A COMMERCIAL AGRICULTURAL PESTICIDE WHICH WAS MARKETED IN THE U.S. BY CIBA-GEIGY CORPORATION. IT WAS NOT MARKETED FOR RESIDENTIAL OR HOME GARDENING USE.

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON® MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER A PROPOSED LEGAL SETTLEMENT.

You may be eligible to a class of people covered by a proposed settlement of a legal action ("Settlement"), and you may be entitled to receive the benefits of the Settlement. This Notice tells you who is covered by the Settlement, and describes the litigation, the benefits of the proposed Settlement, and your legal rights. All Settlement Class members who do not wish to exclude themselves from the lawsuit will be bound by the Settlement if it is approved.

PLEASE READ THIS NOTICE CAREFULLY - IT MAY AFFECT YOUR LEGAL RIGHTS.
FOR MORE INFORMATION CALL 1-800-565-3126

By order of the United States District Court for the Southern District of Alabama, a class action has been conditionally certified for settlement purposes on behalf of Settlement Class Members as defined below who may now or later have claims against Ciba-Geigy Corporation arising out of work-related exposure to Galecron®. On January 30, 1994, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 1115 S. Joseph St., Mobile, Alabama, 36602, at 9:00 a.m. Central Time, so the Court can determine if the class should be finally certified and if the Settlement summarized in this Notice should be approved as fair, reasonable and adequate. This hearing may be continued without further notice.

I. DEFINITION OF CLASS
Under the Settlement, Galecron® is defined as chlordaneform, or any chlordaneform, containing product, either manufactured, formulated, packaged, distributed, sold, or on behalf of Ciba-Geigy Corporation or its subsidiaries, regardless of the trade name of the product, or any metabolite of Galecron®, including the substance known as ACCT or SCAT.

The Settlement Class is defined as:

- (1) All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have not been exposed in the United States to Galecron®:
 - a. **Plant Workers:** An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides, whether in whole or in part, Galecron®.
 - b. **Formulators:** An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® while at a plant or site which was involved in manufacturing, formulating or packaging Galecron® or in the waste stream, demolition or maintenance of any facilities used for the foregoing activities at such St. Gabriel, Louisiana or McIntosh, Alabama sites; or
 - c. **Applicators:** An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® while involved in the application of pesticides which contained, in whole or in part, Galecron®, including but not limited to aerial and ground applications, fumigation, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; and
 - d. **Other Covered Workers:** An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® at the Cleard Land, Air, Water Corporation or Environmental Pollution Abatement, Inc. disposal sites located near Bayou Saint, Louisiana, at Empire, Inc. Deer Park, Texas; or at a testing research laboratory, whether or not owned by Ciba-Geigy Corporation; or
 - (2) The spouses, parents, children or other relatives of the Exposed Persons described above.
- (Collective "Settlement Class Members"). Note: If you are an Exposed Person, you are a Settlement Class Member, whether or not you have been diagnosed with bladder, Spouses, parents, children or other relatives are Settlement Class Members but the claims they are settling are limited to those arising from an Exposed Person.

Relevant Dates
Galecron® was registered for use from 1968-1989. Some Exposed Persons may have been exposed before or after those dates.

er, which amount will decrease with age to a minimum of \$17,500 if the Exposed Person is 85 years or older. An Exposed Person may collect separately for (a), (b) and (c) above, so that the Settlement Payments may total up to \$410,000. The cash payments described above will be reduced by 12.5% if the Exposed Person had smoked in the five years prior to diagnosis. A separate 12.5% reduction will be made if he or she had failed to participate in the health screening program in each of the three years prior to diagnosis in or each year that the program was available, if less than three years. The DCA Fund will also pay \$10,000 to any Exposed Person who was diagnosed with hematuric cystitis within three months following exposure (this is a one-time payment regardless of the number of manifestations). In addition, the DCA Fund will pay for administrative costs, and Class Counsel's attorneys' fees, costs and expenses as determined by the Court. All cash payments from the DCA Fund are paid only by account of a compensable claim of an Exposed Person, i.e., an eligible Plant Worker, Formulator, Applicator or Other Covered Worker, as defined in this Notice. Cash payments to a spouse, parent, child or other relative will only be made if they are the legal representative of an Exposed Person.

The benefits of the DCA Fund will continue as long as the MMT Fund continues, or until the DCA Fund is exhausted as set forth below. The DCA Fund has agreed to pay up to a maximum of \$450,000 for the benefits afforded by that fund. If the DCA Fund is exhausted, Ciba-Geigy may continue paying for compensable claims. If Ciba-Geigy does not continue to pay Settlement Class Members will be able to opt out of the DCA Fund and will remain their right to pursue any legal claims they may have for medical monitoring, medical treatment, care, or increased risk of illness or cancer, because medical monitoring and treatment will continue to be available.

- (3) **Other Conditions:** The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court approved epidemiology Panel determines a reasonable medical certainty that any other medical condition is caused by Galecron® exposure, the decision of the Medical Advisory Panel or arbitrator shall be eligible for medical monitoring (if feasible), medical treatment, and cash payments. The cash payments will not exceed the maximum amount payable for the covered medical conditions set forth above.
- (4) **Administration:** A nationally recognized entity or entities with medical, investment and medical claims administration experience will be appointed by the Court to administer the Settlement. The Administrator will determine whether a condition is a compensable medical condition under the settlement. Any disputes concerning a Settlement Class Member's entitlement to benefits will be resolved by a Medical Advisory Panel by a single arbitrator, depending upon the issue to be decided. The decision of the Medical Advisory Panel or arbitrator shall be the effect of an arbitration decision and shall be binding upon all parties, including the Settlement Class Member.
- (5) **Release:** Settlement Class Members who do not exclude themselves from the Class release all past, present and future claims (relating to the covered medical conditions listed above and (ii) relating to an Exposed Person's exposure to Galecron®, including all claims alleging that any other covered person, injuries or risks are caused by exposure to Galecron®, intentional or negligent, and compensation claims, and any other condition those risks medical conditions listed above will be released, but will receive no compensation or treatment, unless the Court approved epidemiology Panel finds that such condition is a compensable medical condition. This release is effective as against Ciba-Geigy and certain additional releases as defined in the Stipulation of Settlement, including Ciba-Geigy, Ltd.

If you believe you are a member of the Settlement Class, and you have any questions regarding any of the benefits set forth above, you are urged to call 1-800-565-3126 for further information.

V. CLASS REPRESENTATIVES AND CLASS COUNSEL
The Court has designated the following Settlement Class Members, Russell W. Price, Ph.D., St. Joseph's Hospital, Jennifer Brown, Ph.D., Ken Harley Woodward, Alan Woodward, Joe H. Bowman and Martha Anne Bowman, as class representatives to represent all Settlement Class Members. The Court has also designated the following individuals, Timothy E. Eme, J. Cecil Gardner, Joseph J. McKernan, S.C. Middlebrooks, III, Charles W. Patrick, Jr., and Pamela W. Pendley, as the Settlement Class Counsel, who will represent the Settlement Class. The Settlement Class Counsel believe that the proposed Settlement is fair, reasonable and adequate. Class Representatives and Class Counsel have entered into the proposed Settlement after weighing the substantial benefits against the probabilities of success or failure, and the long delays that would be likely if the case proceeded to trial.

There has been no agreement or understanding between the parties regarding attorneys' fees. At the fairness hearing, Class Counsel will request the Court to award attorneys' fees and reimbursement of costs and expenses, to be paid from the DCA Fund. Class Counsel will request a percentage to be awarded not to exceed 20% of the benefit conferred on the class, half of which will be requested to be paid over a 2-year period while legal work continues.

VI. RIGHTS AND OPTIONS OF SETTLEMENT CLASS MEMBERS

- If you are a Settlement Class Member, you have the following options:
- (1) **You may do nothing and remain a Settlement Class Member.** If you choose Class Counsel to represent you, you will be bound by the Settlement Class Counsel, and Class Counsel, at no cost to you individually. You will be bound by any judgment or final disposition of the litigation, and you will participate in the benefits available as a member of the Settlement Class. It is important, however, to fill out the REQUEST FOR INFORMATION FORM in order to remain in the Settlement Class.
 - (2) **You may remain a Settlement Class Member and either represent yourself or hire your own attorney to represent you.** You may do this if you are not represented by an Entity of Appearance with the Clerk of Court and send a copy to Class Counsel and Ciba-Geigy, at the address set forth below. Such Entity of Appearance must be filed by December 10, 1994.
 - (3) **You may remain a Settlement Class Member and object to the Settlement.** Any Settlement Class Member who objects to the Settlement must file with the Settlement Class Counsel the proposed Settlement must mail such objections and any supporting papers to the Clerk of Court, at the address set forth below, on or before December 10, 1994. If the person filing the objection intends to appear personally at the January 30, 1995 Fairness Hearing described above, he or she must file with the Clerk, on or before December 16, 1994, a Notice of Intent to Appear. Any Settlement Class Member who files an objection to the Settlement must also be notified to the Clerk of Court by the following address:

Class Counsel:
Galecron Class Action
Henry H. Albrock, Jr.
P. O. Box 974
Adams and Reese
Charleston, SC 29402 4500 One Shell Square
New Orleans, LA 70139

(4) **If you choose to remain a Settlement Class Member under Options 1, 2 or 3 above, you may receive the benefits afforded by this Settlement within six months of the Court's Order of Final Disposition of the litigation.** If you do not wish to receive the benefits afforded by this Settlement available to Settlement Class Members on an interim basis prior to final Court approval of the Settlement, the appropriate Proof of Claim forms will be required (see Section VII below), and an appropriate release will be required for any cash payments made. During this interim claims procedure, class counsel's fees and expenses will be paid upon approval of the Court and ultimately deducted from the DCA Fund of the Settlement.

(5) **You may request exclusion from the Settlement Class.** If you wish to be excluded from the Settlement Class, you will not be bound by any judgment, disposition, or settlement of the class action, but you will not be able to participate in the Settlement. You will remain free to pursue any claims you may have. If you wish to exclude yourself from the Settlement Class, you must mail a request for exclusion to the following:

Clerk of Court
United States District Court
For the Southern District of Alabama
1115 S. Joseph Street
Mobile, Alabama 36602

Your exclusion request must set forth your full name and current address. Your written request for exclusion must be post-marked no later than December 16, 1994.

VII. FORM OF CLAIM PROCEDURE

In order for an Exposed Person to receive medical monitoring, medical treatment, and cash benefits under the settlement, the Exposed Person must file a Proof of Claim for a covered medical condition exposure to Galecron®. In order to receive medical treatment or the disease compensation outlined above, a Settlement Class Member will also be required to have been diagnosed, subsequent to exposure, with one of the covered medical conditions listed above. A Proof of Claim of the covered medical monitoring may be submitted at any time during the duration of the program. A Proof of Claim for a covered medical condition must be submitted within one year of diagnosis (or, if the condition has already been diagnosed, within one year after approval of the Settlement).

The Proof of Claim is designed so that you may complete it yourself. Class Counsel is available to answer questions you may have about claims procedures, without charge to you. If you desire legal assistance, you are free to retain an attorney of your choice.

To obtain a Proof of Claim form for medical monitoring, medical treatment or disease compensation, please call 1-800-565-3126 or fill out the REQUEST FOR INFORMATION FORM below and mail it to Class Counsel at P.O. Box 974, Charleston, SC 29402. No benefits will be available to any member of the Settlement Class unless he or she submits the necessary Proof of Claim Form.

Wool and mohair support levels set

The support price for 1994 shorn wool markings is \$2.09 per pound, 5 cents per pound more than the 1993 level, according to Sue Higgin, acting CED of the Rockcastle County ASCS Office.

Mohair markings will be supported at \$4.739 per pound, slightly higher than the 1993 rate.

Price support payments are computed as a percentage of each producer's returns from grease basis sales. The percentage is the amount required to raise the 1994 national average price for wool up to the \$2.09 per pound support price.

Mohair will be supported at 85 percent of the percentage of parity at which shorn wool is being supported. The Mohair payment rate will be determined in a manner similar to shorn wool.

In accordance with farm legislation, the 2-year phaseout of the wool and mohair programs begins with the 1994 marketing year. Payments for 1994 will be calculated using the support prices announced, but producers will receive only 75 percent of the calculated payments.

Pulled wool will continue to be treated at a level comparable to the price support level for shorn wool through payments on unshorn lambs.

Be Good To Your Eyes

By: Lee Cain, O.D.

For most people, seeing is probably the most vital of the five senses. We depend on eyes for so much. Surely we ought to take care of them. Here are some important guidelines:

- Wear sunglasses outdoors on sunny days year-round to protect against ultraviolet rays. If you must use a sunlamp or a tanning booth, wear opaque goggles; closing your eyes is not enough.
- Never share eye makeup or use product testers in stores. Discard eye makeup every four to six months to avoid contamination.
- Wear goggles or safety glasses for sports or working with power tools or dangerous chemicals that might splash.
- If you wear contact lenses, choose daily wear lenses and follow carefully the eye doctor's recommendations for care.
- Avoid straining your eyes by working in bad light. It won't ruin your vision, but it's likely to give you a headache.
- Don't overuse eye drops; if eyes are often red, see your eye doctor.

Briefly

Dumps

An estimated 22 county roads have open dumps and litter cleanup will be performed during October, November and December.

The tentative schedule was presented to the Rockcastle Fiscal Court recently.

During October only two in the tentative implementation schedule are projected to be completely cleared. They are Spiro/Byrd McCall Place, and Brindle Ridge.

During November 10 open dumps are scheduled to be completely cleaned. They are:

Crooked Creek (off 1004), Crooked Creek (about six miles out), Brush Creek Bridge, Lowman Hill, Highway 490, Flat Gap Road, Buffalo Hollow Road, Calloway Road, U.S. 25, south of Livingston, and Hammond Fork.

During December, 10 open dumps are scheduled to be completely cleaned. They are:

Tark Hill Road, Water Tank Hill, Burnt Ridge Road, Copper Creek Hill, Oak Hill Road, Possium Kingdom, Disputanta (GR 1787), Floyd Renner Road, Conway Road and Cupps Chapel.

Court

A \$56,030 check to the Christian Appalachian Project (CAP) for the completion of three houses in the county was approved by the Rockcastle Fiscal Court at a called meeting Wednesday.

The county only acts as treasurer for these state and federal funds.

Home construction was made to the following: Myrtle Kidwell, \$19,294; Joe McNally, \$17,442, and William T. Abney, \$19,294 according to Nancy Meadows, housing coordinator.

The funds were left over after a \$159,000 housing grant in 1993. CAP donated the labor and some money to complete the three houses.

Mrs. Meadows told the fiscal court work is about to start on four houses on Town Hill that will be torn down and replaced.

Donations needed

A Brodhead family is in desperate need of clothes, food and furniture after their apartment burned in Brodhead Monday morning.

Jean Smith and her three children, James 10, Kayla 6 and Cromer, 3 lost everything in the fire at Kastle Village.

Anyone wishing to donate to the family can do so by calling 256-9727 or 256-5116 anytime.

Cow

It was standing peaceable in a field when a shot rang out, and -- a 700 pound Charolais steer belonging to J.M. Prewitt dropped in its tracks.

The steer was shot in the left shoulder by a small caliber rifle Friday or Saturday morning in a field on the Robert Miller Road in the Level Green area.

Deputy Doug Thomas investigated. He is not sure if the steer was shot from the road or in the field.

Weather

As of Tuesday morning, only 2.03 inches of rain had fallen at Cox Funeral Home during August.

Most rain for the month fell on Aug. 6 when 1.08 inches fell .60 fell on Aug. 18.

Rain this month compares to 3.46 inches in August 1993. There may be more rain before the month has ended. High for August was 86 on Aug. 17. Low was 46 on Aug. 19.

Apartment fire at Brodhead

Brodhead and Mt. Vernon firefighters were called to a Monday morning fire at Kastle Village apartment. When Brodhead firefighters arrived they found a second story bedroom engulfed in flames. Apartment 71 sustained heavy smoke and water damage but firefighters were able to control most of the fire to that apartment. Three other apartments in the building were evacuated. In the second photo from the top, David Ott and Ronnie Roark head into apartment 71. In the photo above Charlotte McClure removed her belongings from apartment 70, and at right Brian Bussell prepares to hose the fire down.

Because of large surplus Burley production may be cut by half

Portions of this article are reprinted from the Lexington Herald-Leader.

When tobacco farmers thought things could not get any worse for them, a surplus of tobacco may reduce the amount of tobacco farmers are allowed to grow next year by as much as 48 percent.

The reductions of 30 to 48 percent would help stem the growing surplus of burley now in warehouses. But groups representing tobacco growers and congressmen from tobacco states are at odds over whether to allow such a huge cut or to tamper again with a federal formula intended to balance tobacco supply and demand.

The outcome of the debate could have a big effect on the incomes of every tobacco farmer.

Leaders of the Kentucky Farm Bureau Federation and the Burley Tobacco Growers Cooperative Association say that following the formula will reduce the tobacco glut and prevent a big increase in the fee farmers must pay to buy and store surplus tobacco.

But U.S. Rep. Scotty Baesler, D-Lexington, and other tobacco-state lawmakers say farmers can't stand such a heavy hit in quotas, the amount of tobacco they can sell.

"I think that would be ridiculous," he said yesterday. "I'm getting a little bit tired of the farmer taking the hit all the time."

Meanwhile, a leading tobacco expert at the University of Kentucky said yesterday that tobacco farmers have two choices on next year's crop: take a cut in burley prices or reduce quotas substantially.

"We've got some very difficult times ahead of us," Will Snell, an agriculture economics professor, told the legislature's Tobacco Task Force.

Sales of Kentucky tobacco, which hit \$918 million last year, could drop to less than \$600 million a year within two or three years, he said. That would mean at least a 35 percent decrease in tobacco revenue for farmers.

In recent years, tobacco-state farmers have produced more burley than cigarette companies wanted to buy.

The burley co-op, using money from a fee farmers pay on each pound of tobacco sold, has bought the excess.

The pool of excess tobacco is likely to exceed 500 million pounds with this year's burley harvest, a glut comparable to the mid-1980s, when farmers took price cuts.

Quotas would have to be cut 30 percent to 48 percent next year under a federal formula that uses existing tobacco supplies, exports, and cigarette companies' buying plans to balance supply and demand, according to Snell.

Bob Miller, director of the Tobacco and Peanuts Analysis Division for the U.S. Department of Agriculture, predicts a 44 percent reduction in next year's quota under the formula.

Baesler and Rep. Charlie Rose, D-N.C., have a proposal pending that Cont. to A-7

Four indicted for break-ins at Rockcastle Middle School

Four Rockcastle County men have been indicted by a Grand Jury for breaking into the Rockcastle Middle School Aug. 7.

Charged with third degree burglary are Gordon Sowder of Mt. Vernon, Joe Michael Spoonamore and Donnie Cromer of Brodhead and Jason Vanzant of Brush Creek. All four are about 19 years old. All are RCHS graduates.

Taken in the break-ins were two computers, a two-way radio, a telephone and an aquarium. Sowder and Spoonamore are charged with one count each of burglary on Aug. 7. Cromer and Vanzant are charged with two counts each on Aug. 7 and the month of May.

Bond was set at \$10,000 cash or property. Spoonamore is the only one to remain in jail as of Tuesday.

The next unpopular decision

Earlier this year the Rockcastle County Board of Education voted to close Livingston Elementary school. That decision was made because board members and administrators said it was the best decision for all Rockcastle County students, especially for Livingston students, who would be afforded the same opportunities as other students in the county. The school board said the main reason Livingston students would be better off is because of the new facility at Mt. Vernon. What they evidently did not take into consideration is the fact that no matter how nice a facility is or how much new technology is available to a student, if you don't have room for everybody to be comfortable in their learning environment you simply do not have a better situation for students.

The absolutely only way the overcrowding at Mt. Vernon school can be remedied is to enforce district lines. Brodhead and Roundstone Elementary schools are very nice educational facilities with certainly the same competent staff as Mt. Vernon and they are not overcrowded in any way shape or form.

Yes it will be an unpopular decision, especially for teachers, who live out of district, but who teach at Mt. Vernon and for people working in the Mt. Vernon area, but living out of district. In order to make their first unpopular decision a fair and just decision, and we are of the opinion that this school board is fair and just, they must make the next unpopular decision and should make it before the next school year.

PRECIOUS SOULS, CHILDREN OF AN EVIL AGE, greetings and similes from the megapols of World, where preacher Silas A. Quatlebaum once prayed before his sermon: "O Lord, fill my heart with worthwhile stuff and nudge me when I've said enough."

Speaking of preachers, the church where I'm an unfaithful member is without a pastor. Our last pastor was top-notch, but you never know for sure what the next one will be like. The people will judge him for the most part by two sermons, better known as "trial sermons." He will be preaching his "sugar sticks," and if he can was eloquent inside of twenty-five minutes and tell a good joke or two, he will be a shoo-in. Later on, we'll find out what he's made of.

He may turn out to be the best pastor the church has ever had, more

popular than any other. But rest assured, dear hearts, most people will regard him, because he is a preacher, as "different."

If a preacher tries to live up to the expectations of all his flock, he will soon go bonkers. And some do! One member wants him to be a "good ole boy," but another member thinks he should be "serious." One likes a sermon with a tad of jocularity; another demands that there be no light-heartedness. Some want him to preach against abortion every other Sunday; another thinks once a year is enough -- and some prefer it never be mentioned. And the list goes on, but let me illustrate.

In the early thirties, when I was a pastor and a high school teacher, I attended a pot-luck supper for parents and teachers. During the meal,

one parent remarked that I didn't act like a preacher.

"What do you mean?" I asked. "Because you seem so happy," she replied. (Now do you get my point?) On another occasion, I found I was perceived as "different." I stopped at the local "country store" on a cold, snowy day and got into a game of checkers with Charlie Goodlett, back by the big stove, while Chester Gaye watched. Charlie had beaten me several times when a man walked into the store, saying he had slid off the road and needed someone to help push his car. Onas Goodlett, the aging proprietor of the store, "Well, there are two men and a preacher back there. Maybe they'll help. I'm in no shape to."

Two men and a preacher! I wanted to ask Onas what he meant by that but didn't. But it is a fact, Friends. Preachers aren't really a part of the human race. And some clerics would agree! They relish being god-like (pronounce that GAWD-like). And not a few enjoy being God.

Now, one Swiss minister and renowned theologian I know about, Karl Barth, was really "different" in a down-to-earth way. He smoked a pipe, liked a good joke, loved a good movie, and drank from a beer mug on

I tell you I'm going to be moving my front porch office back to the kitchen (table) office any day now because the weather is changing, days getting shorter, leaves falling from

the humming bird vine that I get better than I write.

We were in Lexington Saturday where the salesmen at Paul Miller Ford twisted John's arm until he bought a Ford truck.

"No, I'm joking about that. Two salesmen who were very helpful, kind to us, and friendly, did all their best to help find the truck he wanted since there were hundreds and hundreds of trucks on the lot, and find the kind he wanted, they did. The fellows were young men, Pat Rogers and Bob Lucas who are good at their job. John got the color and all the other things he wanted including the trade in for his older Ford truck.

The boys were single, roommates, and handsome to see. I told them I was going to write about them in the Signal and they got a kick out of that. I told them that lots of pretty girls read this paper and when they hear that the girls might just come over and buy a new Ford!

I told John who says he's going to retire and sit on the front porch after this year, he should buy a smaller truck and he did, taking my advice for once.

The truck is colored a pretty blue with all the things that make it run smoother. But the body is pretty high from the ground so Todd Jennings of Jennings's Body Shop is putting me some running boards on the sides to make it easier for me to climb in the cab. My family don't want me to drive anymore since I sideswiped a bunch of mailboxes. In fact they have told John to hide my keys but I have four sets so he can't find them all!

I also told John there would be no more cooking around here so that should hold things down.

My son, Russell, and friend, Wilma Ewing from Northern Kentucky, stopped by to see us Monday afternoon after having been to Natural Bridge for the day. Russ said they climbed up the mountain side to see the view from the top when they could have ridden up in a chair lift but wanted to see if they could make it by climbing.

Wilma said, "Yes, and there was a lot of groaning and grunting before we got up it."

"But guess who did the most," Russ teased her.

He has promised to help me do some house cleaning since he is on vacation so I expect him and my younger son, Chesley, to come down Saturday and do a lot of window washing also sweeping down spiderwebs which hang from the ceiling.

But the boys also will expect me to cook dinner (lunch) for them of soup beans, cornbread, green onions and of course fried Irish potatoes. I don't know who will be getting the bar-

Now got hurt, last Wednesday, but it was quite a jolt. Rebekah N. Calloway, 18, of Mt. Vernon stopped at Main and Richmond Streets, made a left turn on to Richmond Street, kept turning ending on the sidewalk and a large post in the rear of the Signal Building which caused the truck to wind up in the position shown in the above photo. The pickup was owned by Jason Stewart of Orlando.

I asked Lee Abney the name of their singing group from Gallie, Mike Gay, Mark McGuire and Lee Abney. If they come to sing in your community, be sure to go and hear them for they are like no one you've heard before, the Gospel Messengers.

I heard the Johnny Harding family had some kind of family gathering. I hope to know more about it next week and will let you know in my weekly column.

The sorghum molasses business is coming along fine. John and Arthur Davidson had three patches to make up so they are working with the second one now from over at Clear Creek on the Betty Payne Bisbee farm.

They have made some pretty molasses and I bought a gallon to give a smidging to my friends.

Sherrill Cornett, who lives in Florence, comes down to her dad's home over the weekend. Sunday, she invited John and I to come over after church and eat Sunday "brunch" with them.

I declare, Sherrill is the best cook. She had fried fish for John for he likes them so well, green beans, fried silver king corn, cake with strawberries and whipped cream but she moaned about her cornbread since it fell apart in the skillet.

She said, "I hate to make a failure

Willie Nelson, Gibson/Miller Band in concert at Renfro Valley Sunday

Country music legend Willie Nelson, fresh from a farm aid concert in Louisiana last week, will headline Renfro Valley's fall Mega Concert scheduled for Sunday in the valley.

Thousands are expected for the annual outdoor concert, which begins at 2 p.m.

Joining Nelson will be the American Country Music group of the year the Gibson/Miller Band and Bobbie Cryner. Tickets for the Mega Concert are \$19 now and at the gate. Gates will open at 8 a.m. and no alcoholic beverages are allowed on the premises.

Cpl. Seals serving with Military police

Marine Cpl. Nathan Seals, of Ferguson St., Mt. Vernon, recently reported for duty with 1st Military Police Company, 4th Force Service Support Group, Lexington.

The 1988 graduate of Rockcastle County High School joined the Marine Corps in May 1988.

Amn. Kirby serving with coalition forces

Air Force Airman James M. Kirby is serving with the coalition forces here in support of Operations Desert Storm, Southern Watch and Cease Fire.

The goal of the coalition forces is to enforce the "No Fly" zone in support of United Nations resolutions against Iraq.

Kirby, a special purpose mechanic, is the grandson of Lorene Pender of

Mason Lake Road, Berea and son of James O. Kirby of Mt. Vernon. He is a 1993 graduate of Berea Community High School.

on cornbread before the queen of cornbread makers."

Before I thought, I said, "who?" and Sherrill replied, "Why you. You always make the best cornbread."

She is back in teaching this year and says she'll retire but law, she'll not make as much in another job as she does in teaching. The northern counties of Kentucky pay a lot more than the southern counties. I found that out years ago so I retired from the Erlanger-Elsmore schools and have a good income from the education system.

If I didn't, things would be rough on Menelaus Road.

Geraldine Davidson, who is Arthur's pretty wife is helping the men make molasses. I joked about it in last week's paper so I said to her, "You may be in other work after this week for I advertised you in my column as a good molasses maker." They had gone to Virginia over the weekend.

I declare, some men can't stand for women to do things better than they can. Conley Saylor is about such a man.

When he read what I had said about Lee Abney's wife, Kaye being such a good driver when she took me to Richmond to see the doctor who had operated on my right eye for a cataract.

When Kaye went into Superior Market, Conley was waiting for her. "What's this about you being such a good driver as I read in the Signal? What did you do to Hilda to get her to write that? The her up in the back seat so she could gully guess at how you are driving?" Everybody knows women have all the accidents and can't come close to a man driver. Why women can't even come close to driving as men do!

You see what I mean by men being jealous of the ability of women?

Did I tell you of the crop of plumgrannies that I am raising. I gathered all the ones that came up as a volunteer vine and gave them away to friends, mostly Henry Nelson's friends who stopped by to see us when they came to Renfro Valley recently. But I will have a bunch on the vines I am growing near my back porch where they vine up a lattice and the plumgrannies hang like striped lemons. I'll mak a picture for this column if I can.

An interview with Bro. Wendell Romans

It is not often that an individual catches the imagination of an entire community. But for First Baptist Pastor Wendell Romans, such was the case after he accepted the pastor's position at Rockcastle County's largest church.

Bro. Romans has retired from First Baptist Church in Mt. Vernon after 5 years and recently over 400 people attended a reception in honor of him and his wife, Lena.

Our John Norman Meadows caught up with "Preach" last week for a short interview.

JM: What was your first day of retirement like?
WR: Well, it seemed odd not going to the office, like I had lost something. That afternoon I told one person the day had already been thirty-six hours long.

JM: How will you spend your free time?
WR: Most everyone expects you to take up fishing. I may, but not likely. I've built a shop where I can finish rough antiques in the winter, and in the summer I'll revive my hobby of horticulture, growing my own plants. I'll have a greenhouse and a garden.

JM: Will you continue preaching?
WR: Oh yes! That's my first love. I'll preach for every Sunday through the first of November.

JM: What will you miss most about the pastorate?
WR: That will definitely be contact with people on a day to day basis. **JM:** Where will you and Lena live?
WR: In Beaver Dam, just one block off Main Street.

JM: Will there be a major change in Lena's life?
WR: Not nearly as much as in mine. She will still be involved as a Special Children's Consultant for the Sunday School Board (of the Southern Baptist Convention), and I'm sure she will be very involved in the local church.

JM: What has Lena meant to you as a pastor's wife?
WR: She's my number one supporter, my encourager, and my constructive critic.

JM: Do you remember when you preached your first sermon?
WR: Oh, yes. It was the last Sunday of November, 1950. To a half-time church in Logan County. And in January, 1951, they called me as pastor. I was there two years. Soon I became pastor of another half-time church. I liked that -- I only had to prepare four sermons a month!

JM: How many pastorate have you held?
WR: Eight.

JM: What aspect of the ministry do you like most?
WR: As I've already indicated, working with people. The part I like least is "busy" work, office work.

JM: What have you enjoyed most about your stay in Mt. Vernon?
WR: The genuine, unselfish love of the people for us. I've been accepted by people all over the county. And Lena has been appreciated here as at no other church.

JM: I've noticed that you never refer to the strife in the Southern Baptist Convention from the pulpit. Why is that?
WR: The pulpit is no place for it. The minute you mention it you immediately divide the congregation.

JM: In addition to your pastoral responsibilities, you've been involved with the Hospice program in the county. Did that at times seem like an overload?
WR: Well, at times it was taxing, but because it is such a vital ministry to the patient and to the family I was

glad to help.

JM: Did you, like so many young preachers, have a "father in the ministry"?
WR: Yes. C.W. Divine. He's no longer living.

JM: Oh, I remember him. He held a revival for First Baptist when Wendell Belew was pastor. He led my father back to the Lord. Do you have a favorite passage of Scripture?
WR: The eighth chapter of the Book of Romans.

JM: Mine too! Do people ever jokingly ask if you wrote the Book of Romans?
WR: Oh yes. And I say, "No, but my brother, Paul, did."

JM: Where did you get your formal education?
WR: At Centre College and Southern Baptist Seminary.

JM: Most preachers I know have had some funny things happen in church. Have you?
WR: Well, I remember the first Sunday in our new sanctuary at Mt. Washington. I was baptizing that night. But the baptismal pool was too deep, so some men of the church had constructed a raised, wooden bottom in it. When I stepped out in the pool, the anchoring gave way, and I floated up!

JM: Have you, like many preachers, had an embarrassing moment in church?
WR: Oh sure, but my most embarrassing time happened before I became a preacher. I was just a young

teenager. Back in those days church in order to conserve water, kept a baptismal pool filled. It was a hot summer day. The church was un-locked and no one was around. So, to cool off, I went in, stripped down, and began swimming from steps to steps. I hadn't been there long when I looked up. There stood Mrs. "X," the "matriarch" of the church, a prudish old lady. When she saw me naked in the pool, she ran. I don't think she ever mentioned it to anyone. I guess she was as embarrassed as I was.

JM: It's a joke among preachers that they resign every Monday morning. How do you ever feel that way?
WR: Normally, maybe a few times. But over all, I've always been satisfied.

JM: What do you have to say about the retirement fellowship last Sunday?
WR: Well, the church out did itself. Over four hundred people signed the register, including several pastor friends and folks from previous pastorate. It was a wonderful, fantastic send-off.

JM: Do you have a most memorable event during your stay at First Baptist?
WR: No, I don't think there is any single thing I remember. I think more of something outstanding that has happened over the years -- when someone came down the aisle to whom I had witnessed. Those are thrilling times, what you're for!

JM: How do you address that was Richmond.
WR: Mr. and Mrs. C. Mullins of Louisville were visiting C.F. Mullins Wednesday.

JM: Mr. and Mrs. Finley Wooten of Port Charlotte, Fla. has returned home. Mrs. Wooten's mother, Mrs. Lena Johnson, accompanied them to Florida for a visit.

JM: Mrs. Minnie Garner of Lennox spent most of the past week with her sister, Mrs. Lois Mullins, who is a pastor in the hospital.

JM: Tasha Harris spent the weekend in Corbin with her grandparents.

JM: Mr. and Mrs. Noel Faulkner spent a few days in Ashland, North Carolina the past week. Recent visitors of the Noel Faulkner family were Delmer New, his son Donald of Webster, Fla., Mr. and Mrs. Darrell New of Reston, Virginia, Mr. and Mrs. Paul Mullins of Lexington, Mrs. Fay Taylor of Service Hill and Mrs. Marie Yaden of Liberty.

JM: Josh Mullins and his family were home for the weekend.

JM: Mrs. Minnie Ponder isn't any better. She is still at home.

JM: DBDC will undertake the project described above via Emergency Shelter grant (ESG) funds from the U.S. Department of Housing and Urban Development (HUD) under Title VIII of the National Affordable Housing Act of 1990. The crowd was large and the reception wonderful at the recent reception in honor of Bro. Wendell Romans upon his retirement from the pastorate. Bro. Romans has been at First Baptist Church in Mt. Vernon for the past five years. In the top photo at left, Mrs. Carol Pybas attended the guest book and one of those registering during the day was Mrs. Pybas' mother, Mrs. Edna Cummins. Top right, Bro. Romans greets parishioners Irene Baker and Judy Duerson and, below, an overview of some of the over 400 persons who attended the reception.

"Burley Cuts"

(Cont. From Front)

would limit quota cuts to 10 percent. That's the same artificial mark that federal lawmakers set on crops last year and this year.

If the formula had been strictly followed, last year's cut would have been 22 percent, Miller said. This year's cut would have been 34 percent.

Danny McKinney, chief executive officer of the Burley Tobacco Growers Cooperative Association, said there has been so much surplus tobacco grown in the last two years that farmers would take a hit one way or the other, sell less tobacco or pay a higher no-net-cost assessment.

That fee covers the cost of buying and storing tobacco not sold at auction. This year the no-net-cost assessment is 4.5 cents for every pound of tobacco sold, up from a penny a pound last year.

McKinney and Snell agree the fee could soar to double digits if surplus

tobacco continues to overload the pool.

That could be just as devastating for farmers as quota cuts, said McKinney and David Beck, director of governmental affairs for the Kentucky Farm Bureau Federation.

"We can't continue to build the pool stocks," Beck said.

The boards of the burley co-ops and the farm bureau voted earlier this year to recommend ending the artificial limit on how much the quota can decline.

McKinney said she spoke with Baseler last week and was amenable to a compromise.

Farm groups also are trying to persuade cigarette companies to buy some of the huge tobacco reserves at discount prices, Snell said. But it still could take several years to recover because domestic demand for tobacco is declining and U.S. prices are nearly double what other countries charge for leaf.

Editors Note: Danny McKinney lives in Rockcastle County and is a tobacco grower.

"CAR SHOW"

great way to spend the day and support Cardinal Hill.

More than 100 awards will be presented to the top placing cars, as well as four cash grand prizes and some special surprise awards. All proceeds will benefit the Pre-School Program at Cardinal Hill. Entertainment will be provided by Car Show Disc Jockey Charlie Napier from Rockcastle County.

"This is the largest car show I host each year. Every body looks forward to it since it kind of closes out the season, and it is always a beautiful location at Boonesborough Park," said Mr. Napier. "Almost everyone here has had a family member or friend who was helped by Cardinal Hill. It's a great cause."

In the past nine years, this benefit car show has raised more than \$120,000 for the Cardinal Hill Pre-School. "Events such as this help us continue providing quality care to infants and children with disabilities," said Cardinal Hill President Kerry Gillilan. "We are always very excited about this show."

The Cardinal Hill Pre-School serves children from birth to five years old with a wide range of disabilities. The program is designed to help children and their families meet physical, mental, communication and social needs.

The Cardinal Hill benefit car show is open to the public. Admission is \$2 per person and children under 12 are free. To get to Ft. Boonesborough take I-75 South to exit 95 - go east 5 miles to the park. Camping is available on the grounds. Sponsors for the 1994 show are S & S Tire and Auto Service Centers, McDonald's of Central and Southeastern Kentucky and K-93 (WVLC-FM).

Annual Cardinal Hill Car Show set for Fort Boonesborough

The 10th Annual Cardinal Hill Pre-School Car Show, in conjunction with the Madison County Antique and Street Rod Association, will be held Saturday and Sunday, October 8th and 9th in Ft. Boonesborough State Park in Richmond. Last year, more than 700 cars and trucks were on display and over 5,000 spectators attended the show.

"We are very excited to be part of this show," said Madison County Antique and Street Rod Association President Bill Gray. "I have been showing cars for more than 15 years and these car shows are great outings for the entire family. There will be food, all types of vendors and D.J. Hummel Homecoming

Another great day for the Hummel Homecoming event though so many of our families and friends were sick and unable to be there. We missed you all and you were in our thoughts and prayers. We were glad for the ones that could be there. Good food, good fellowship, singing, prayer and preaching were wonderful. So many remarks were overheard, "best one yet." "Hope many more can be there next year."

Those attending were: Virgil McNew, Cold Springs; Walter Coffey, Lockland, OH; Archie McGuire, Eaton, OH.; Harold and Irene Duncan and Bobby Baker, Oxford, OH.; Ron and Linda Steele, Covington; Ron and Sarah McGuire, Hamilton; Gary, Linda and April Rose, Tenn.; Don, Teresa, Danielle and Michelle McGuire, Ind.; Virgie Reynolds, Fairfield, OH.; Randy Reynolds and two daughters, Bea Baines, Wolatunga, Ind.; Bob, Janice and Amanda McGuire, Ind.; Steve, Angie, Laura, Rachel and Julia McGuire, New Lisbon, Ind.; Bobby, Katie Julia and Sarah Coffey, Ind.; Gerald McGuire, Gene Gray, Jason Puckett, Edgar and Gladys Adams, Dewey McGuire, Debby Abney, Becky Abney, David Northern, Joe

On the pulse of the sun rising in the eastern sky As the dew lightly settles on the spring's green grass A gentle southern lady sits, her cane by her side, in an old comfortable chair by the window Her silver framed glasses are perched above her nose Her steady fingers stich square cloths together

A gentle smile plays across her soft face as she thinks of her loved ones Her love and gentleness blossoms like a Black Eyed Susan that neither withers nor succumbs to the coldness of the dark She taught us love, courage, And faith In times of laughter, she softly laughed with us and told us stories of the past in that soft southern gentle voice In times of sadness she held us in her arms and wiped our tears until we smiled

The passing cool breeze that comes from the hills through

the window, brushes along the silken flesh and fills her wandering spirit She turns to look out the window to inhale the sweet nectar of the wild flowers and pines A brighter smile escapes her lip yet a touch of sadness if hidden in her ebony eyes As she gracefully whispers goodnight to her old Kentucky home and good morning to a place with no frontiers

Played excellent first half

Rockets beat Everts 20-6

Maybe not pretty, but a win nevertheless could best describe the Rockcastle County Rockets' 20-6 margin over the visiting Everts Wildcats Friday night.

The Rockets, now 3-1, played flawless early on in the game scoring two touchdowns in the first quarter and their last just three seconds into the second quarter. They were blanked in the remainder of the game.

"I'm glad we got on top quick in the game," said head coach Tom Larkey earlier this week, "because our kids got relaxed in the game."

Rockcastle kicked-off to start the game and held the Wildcats to three downs to set up the biggest play of the game. On the following punt, Jason Cromer received the ball at his own 40 yard line. From there, Cromer side-stepped two men to scamper 60 yards into the end-zone to put the Rockets up, 6-0, just two and a half minutes into the game.

The Rockets' extra-point kick was good.

The Rocket's defense again held Everts on their following possession, forcing them to punt. The series would again set up another Rockcastle touchdown. This time, an 80 yard drive down the field.

The drive was keyed by a 30 yard pass from quarterback Jamie Linville to receiver Jason Childress on a long third and seven. The reception put the Rockets just over midfield into Everts territory.

From there, the Rockets' offensive line took charge opening huge holes for their running game. Jarrod Singleton was the first back through with a 16 yard run up the heart to the Everts 22 yard line. Following a holding penalty against the Rockets, Neil Sparks banged his way back up the middle for 14 more yards.

The series was capped off by Singleton on a nine yard dash with 2:33 left in the first quarter. Singleton also carried in the two-point conversion to put the Rockets up, 14-0.

"Our strength continues to be our offensive line," Larkey said. "We just haven't established a great running game."

"We have several that can run the ball well and we still are improving," he added.

The Rockets basically closed the door on Everts' next possession. Forced with a third and 12 situation, Everts chose to put the ball in the air only to have it picked-off by Childress, who carried the ball inside Everts' 43 yard line before being

brought down. A personal foul following the play against Everts moved the ball on down the field to the 29 yard line.

On the next play, Linville again found Childress open for a 27 yard reception. John Cromer eased in from the two yard line to post Rockcastle's final score just three seconds into the second quarter.

The point after was no good and the Rockets led 20-0.

"The two passes from Linville to Childress were the key plays in our scoring drive for the game," said Larkey.

Linville threw for 79 yards on the night completing four of six passes with two interceptions. He also suffered a chipped knuckle on his left hand during the game. Linville underwent surgery on the finger Tuesday.

Everts posted their only score on their first possession in the second quarter on a 46 yard run.

"I felt like Everts is the biggest team on our schedule in size. They have 19 seniors and all experienced returning players in about every position," said Larkey. "It was a big test for us on our season," he added.

The Rockets will play host to Madison Southern Friday. It's also homecoming for the Rockets.

Central comes into the game with a 1-3 mark. They are just coming off a 41-6 win over Fleming County. Offensively for the Rockets: John Cromer 10 rushes for 48 yards and 1 TD; Neil Sparks had 11 rushes for 80 yards; Jarrod Singleton had 16 rushes for 69 yards with a TD and PAT; Zach Cromer had 2 rushes for 9 yards; Jason Childress had 3 pass receptions for 75 yards and Donnie Eversole had 1 rush for 2 yards.

Defensively for the Rockets: Eddie Todd had 4 tackles, 1 solo and 3 assists; Jason Weaver had 3 tackles, 3 assists and a half sack; Greg Mirik had 2 tackles and 2 assists; Stacey Kirby had 10 tackles, 2 solos, 8 assists and a half sack; Shawn Shearer had 4 tackles, 1 solo, 3 assists and 1 sack; Jeremy Lane had 1 tackle and 1 assist; Neil Sparks had 4 tackles and 4 assists; Donnie Eversole had 10 tackles, 3 solos and 7 assists; Saben Blair had 5 tackles and 6 assists;

The queen will be crowned at halftime Friday night during the Rockets game against Madison Central.

Dallas Rigby had 4 tackles, 2 solos; 2 assists and 1 interception; Jason Childress had 3 tackles, 3 assists and 1 interception and Jason Cromer had 11 tackles, 3 solos and 8 assists.

Games are played at Roundstone field

Rockcastle's premiere offensive lineman, Stacey Kirby led the way for running back Neal Sparks, #30, in Friday night's win over Everts. Kirby, on his back in this photo, is considered by Rocket coaching staff to be the best offensive lineman to wear a Rocket jersey. Kirby and the rest of the Rockets will host Madison Central Friday night for homecoming and may be without the services of starting quarterback Jamie Linville who chipped a bone in his left hand last week.

Jason Childress who had three receptions Friday night for 75 yards didn't quite get to this pass as an Evert defender stepped in front of him to pick off this Jamie Linville throw. Two of Childress's three catches were key plays in the Rocket's two offensive scoring drives. The other Rocket score came on a 60-yard punt return by Jason Cromer.

The Rockcastle Youth League Football program is in full swing with two weeks of the sixth and seventh grade season already complete. Above, Brodhead Bengal Dustin Crawford, #2, looks for a receiver against the Wildcats Tuesday night. Trying to protect Crawford is #11 Derrick Bussell and #55 Jason Moore. Below, Wildcat running back Josh Singleton, #21, looks for room as #24 Bengal Brandon Bishop closes in. The Wildcats won the contest 24-0. In the earlier game, the Bucs lost to Lynn Camp 8-6 but after it was learned that Lynn Camp was playing an ineligible player they were forced to forfeit this week's win and last week's 14-0 win over the Wildcats. The Bucs defeated the Bengals 19-7. The forfeits make the Bucs 2-0, the Wildcats 2-0, Bengals 0-2 and Lynn Camp 0-2. The little teams kick-off at Roundstone Thursday night at 6:30.

Our Readers Write

Dear Editor,
We want to thank everyone that helped us in any way during the Livingston Homecoming.

There was a rumor going around that we were not going to have a Homecoming. Don't you believe it. We love our Homecoming every Labor Day weekend.

Next year 1995, I am almost 100 percent sure we will have a large high school marching band in the parade. I think that would be great.

There were some really nice floats in the parade. First place was LEAP \$25; 2nd place was the Ladies Auxiliary \$15; 3rd place was a tie between Livingston Baptist Church and Livingston Lion's Club, \$10 each.

The L.V.F.D. did a great job lining up the parade and setting off the fire works.
Thanks to all the people that entertained us. The good Gospel groups on Friday night, Blue Grass Groups on Saturday night and the Spirit Image band on Sunday night. You all did a fine job and no one was paid a penny for all the hard work you did. And we must not leave out Donald "Fuddle Foo" McClure. It was so good seeing you again. You come back anytime you can and play for us.

Next year we plan on having some different events.

This year we had the Southeastern Kentucky Antique Gas Engine and Tractor display. Everyone sure seemed to enjoy it.

In closing I want to mention the people that always work so hard in getting everything ready and trying to get enough money together to pay the bills. Maude Mullins, Billy Medley, Mary McHargue, Tavis Bryant, Darlene Mink, Cloe Bryant,

Margaret Burdine, Kathy Carpenter, Rita Carpenter, Henry Carpenter, J.C. Griffin and Billy Wayne Bryant. Again let me say thanks to everybody that helped us in anyway. It is impossible for me to thank everyone individually. I just know I would leave someone out.

Yours truly,
Livingston Homecoming Committee
Dell Ponder, chairman

Dear Editor,
September 25, 1995, had been declared an International Day For Safe Disposal by the Chemical Weapons Working Group, an international coalition for the safe disposal of chemical weapons. Here in Kentucky a march and rally for safe disposal will take place on Sunday, Sept. 25 from 3 to 5 p.m. in downtown Richmond.

As a parent, homeowner and native Madison County, I believe we must dispose of chemical weapons. They should not, however, be incinerated. The E.P.A. has stated that none of the nation's incinerators are complying with the E.P.A. standards. The environment, health and property values deteriorate in communities with incinerators. We cannot allow one to be built here. There are alternatives to incineration.

As Chief Seattle reminded our ancestors: "All things are connected. What befalls the earth befalls the sons and daughters of the earth. We did not weave the web of life, we are merely a strand in it. What ever we do to the web we do to ourselves."

Please join us in the March For Safe Disposal.

Sincerely,
Debra L. Hille
Berea, Ky.

Dear Editor,
Are Representative Baesler comments about Surgeon General Elders a smoke screen to mislead the good citizens of the 6th district?

Representative Baesler said, "Kentuckians tell me that they'll have a rough time supporting even someone like me who has never offended them because she seems to be speaking for the Democrats."

I say let the voting record of the non-offending representative help us determine if we are dealing with two peas in a pod.

Your hard earned tax dollars are supporting the following through the National Endowment for the Arts (NEA) as reported in Human Events. Tim Miller whose "art" consists of sexually stimulating himself on stage during a presentation of "My Queer Body." Not to be outdone is Holly Hughes whose artistic genius is stuffing various vegetables into body orifices. How about, Anne Sprinkle who urinated into a bucket and invited the audience to examine the insides of her genitalia with a flashlight. Move over Mona Lisa.

Surgeon General Elders thinks "Homosexuality is now healthy and normal." The House of Representatives, took a simple amendment that would have eliminated federal funding for schools or educational programs that teach, "Homosexuality as a positive life style alternative" and substituted a meaningless: affirmations just to make themselves look good to their constituents, states an American Cause newsletter. Representative Baesler and Surgeon General Elders must agree, he voted with the majority.

It is atrocious that children can't pray in school because they are tax funded, but your tax dollars can support this

garbage.
Surgeon General Elders said, "We've got to be strong to take on those people who are selling out our children in the name of religion." Is there any difference insomeone who makes absurd statements and someone who votes to spend your tax dollars to support rubbish being passed as art and education?

Call your non-offending Congressman and find out why he voted to fund these programs. Elders may be talking trash, but Representative Baesler is buying it with your tax money. Looks like the same pod to me.

Sincerely,
Kenny D. Williamson

Clear Creek welcomes new students

Fifty new students helped launch 68 years of training at Clear Creek Baptist Bible College, Pineville.

Kentucky sent the most students, followed by Tennessee and Ohio. Other states represented include Alabama, Alaska, Arkansas, Georgia, Illinois, Indiana, Maryland, Michigan, Missouri, South Dakota, South Carolina, Texas, Virginia and West Virginia. The campus gained an international influence from Anya Krivosheeva, a native of Semipalatinsk, Kazakhstan, Russia.

The average age, 27, is younger than usual because 26 students are in their twenties, and some freshmen are in their thirties, and three are in their forties. The oldest freshman is age 48. One student received special

admission since he was below age 21. He has a college transfer and will turn 21 in his first year.

Twenty-four married couples have 50 children among them, 28 girls and 22 boys.

Two of the class will work toward a GED before pursuing a degree program, and half of the group have previous college credit.

The students came from diverse occupations: machinist, sales, transportation, military, electrician, press operator, farmer, relief skipper/dockhand, construction, chemical filtration, factory, fabricator, secretary, food service, child care worker, welder, bivocational pastor, coal miner, computer, maintenance, and merchandising.

Clear Creek Baptist College receives gift

Cannonsburg resident Mrs. Lou Towler Eastham has given \$1,000 to Clear Creek Baptist Bible College, Pineville, to establish a student scholarship. Interest from the endowment will provide financial aid to ministerial students who attend the college from Boyd County and Greenup Baptist Association.

Mrs. Eastham commented, "I earlier established a scholarship at the community college and wanted to have one at Clear Creek to help the gospel spread around the world. So

many of my pastors have come from Clear Creek."

Mrs. Eastham is a charter member of First Baptist, Cannonsburg, established in 1930. The pastor is Rev. Stan Williams, a 1984 Clear Creek graduate. Williams commended, "As a former student I appreciated financial assistance when I was there. With higher costs, financial aid is even more important."

Mrs. Eastham is a retired school teacher. Her last assignment was fourth grade at Cannonsburg Elemen-

The smallest light is seen in the darkest night.

tary. Her teaching career started in 1928 in a one room Boone County school. She recalls riding horseback to teach. A graduate of Morehead State University, Eastham actually started teaching before graduation from high school. Born in Lawrence County she is the only surviving child of John W. Towler and Esther Elkins Towler.

Homecoming Events

"Harvesting Memories for Tomorrow," is the theme for the Cumberland College Homecoming 1994, scheduled for Oct. 14 and 15. A full slate of events is planned for those two days, according to Rick Fleener, Director of Alumni Services.

Registration of alumni and friends of Cumberland College, as well as voting for the Alumni Board of Directors will be held from noon until 6 p.m. on Oct. 14 and 8 a.m. until 3 p.m. Oct. 15 in the Anne Brock Building located at the college entrance.

A golf scramble will be held at the Crooked Creek Country Club in London from noon until 5 p.m. Departmental Reunions will be held from 2:30 until 3:30 p.m.

An open football practice will be held at 3:15 p.m. with questions and tours of the new Jim Taylor II Stadium with Tom Dowling at 4 p.m. Also there will be a women's soccer game at 4 p.m. against Lee College at the 11th Street Field.

The Alumni/Student supper will be held at 4:30 until 6 p.m. at the T.J. Roberts Dining Hall. The music department buffet will be held at the BCC grill from 5:30 until 6:30 p.m. Departmental and organization reunions will begin at 6:30 p.m. and last until 7:15 p.m. The music department reunion concert at the recital hall will begin at 7:30 and end at 8 p.m.

Reducing sugar is healthy for everyone

By: Hazel Jackson
County Extension Agent
for Home Economics

Reducing the amount of added sugar that we eat is healthy for all of us. It is especially important for people who have diabetes. If you are diabetic, with some planning you can have foods that look very similar to those you already enjoy but thought were off limits.

The Extension Office has a limited number of diabetic cookbooks that are available free of charge. If you are diabetic or have a diabetic family member, call 256-2403 for a cookbook.

This recipe for carrot cake also makes a good muffin when the batter is baked in cupcake tins. The muffin makes a good addition to morning juice or coffee.

Carrot Cake

- 1/2 cup margarine, room temperature
- 3 eggs or 6 egg whites
- 1 cup unsweetened pineapple juice
- 2 1/2 cups flour
- 1 teaspoon baking soda

- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1 teaspoon nutmeg
- 1 1/2 teaspoons cinnamon
- 3 cups grated carrots
- 1 cup unsweetened crushed pineapple, drained

Method:
(1) Preheat oven to 350 degrees F.
(2) Lightly grease and flour 9 x 13 inch baking pan and set aside. (Non-stick vegetable spray can be used.)
(3) Cream eggs and butter. Stir in pineapple juice. Add remaining ingredients except carrot and pineapple and beat 2 minutes, stir in carrots and well-drained pineapple.

(4) Pour into pan and spread out evenly. Bake 30-35 minutes until center springs back lightly when touched and cake is lightly browned. Bake 20-25 minutes if baked in muffin pans.

REAP update

Rockcastle Emergency Assistance Program, (R.E.A.P.) has become a very important part of our community since being started as a Foodbank in 1987.

This past year, 1993-94 ended June 30, 1994. We fed 511 families, (1,974 people), which included 685 adults and 1,289 children, with a total of 32,454 meals.

The families we served needed assistance due to some of the following reasons: out of food stamps, late check, unemployed or ill, theft of check or food stamps, waiting for assistance approval, fire or other emergency, waiting to get Social Security or SSI benefits, perhaps terminally ill, or a death in the family.

A family is most often referred to us by the law enforcement officials, Social Services, Social Insurance, Health Department, CAP, Spouse Abuse Shelter, Outreach, Family Resource Center and Schools, and families and friends. During the course of working with these families, I am usually in contact with several agencies to get additional help for the family. It is not a case of giving a bag of groceries and sending them on their way.

We are a full emergency assistance program, but we have very limited funds.

The program was initially started out to be supported by all the churches in our community, but only a handful keep us going.

It hurts me deeply to tell someone, "I'm sorry, we don't have the funds to help you." Some people tell me that they help their own. Others say that they will never need our help. And, yet some say to me that they only see the abusers of the system and they don't need our help. If every church

Last night at 2:30 a.m., the police department called about some transient needing assistance. Through the Ministerial Association, my FEMA funds, and REAP, we got them taken care of.

At noon I had a call from Derby City Truck Stop. A couple hitchhiking, who hadn't eaten in 24 hours. He was willing to work in exchange for room and board. We put them up at Mt. Villa Motel. He agreed to help

Mr. Patel put in air conditioners and do odd jobs for two night's rent. Jim at Derby City gave them a meal, and we fed them three meals through the Snack Shack. The Mt. Vernon Police Department took them to the motel. I will take some food that does not need to be cooked or refrigerated. I referred them to Georgia to help with flood recovery with the American Red Cross. He has some experience with the Red Cross. He is also

experienced in hotel maintenance. A family called. They have a sister dying with cancer. Can we get an air conditioner or a fan to help her to be comfortable? I took the referral for Hospice Care.

I received a call from Home Health. Can we help a disabled man who can only use Ensure and doesn't have a medical card. Social Security has denied his claim. I had them refill his claim. He is waiting for SSA approval. He has no income. I checked with FEMA and I can help him get this much needed supplement.

This was a normal day. I am on call 24 hours a day, 7 days a week. We need your help to keep going.

May God Bless and Keep You,

Health Line news

By Beverly Carter-Stexton

Governor Breton Jones has proclaimed September 25 - October 1, 1994 as Local Health Department Recognition Week in Kentucky. It is hoped this will raise local public awareness of health department services.

Many people are unaware of the services available through the health department. Services offered include: school physicals, physicals to participate in sports, and check ups for growth problems or handicaps for children; children can get their immunizations, based on a sliding fee scale, for \$2 or less per shot; households who do not have fluoridated water may receive fluoride drops for infants and children if they qualify; a supplemental food program is offered to pregnant women and small chil-

dren who qualify; infant car seats, when available, are offered on a loan program free of charge. Programs for women include pap smears and follow-ups, breast checks and mammograms, pregnancy tests and counseling, birth control and free condoms for men and women, and prenatal care programs for pregnant women.

Other services include flu shots, tetanus shots, diabetes control, a diabetic support group, T.B. skin tests and T.B. treatment, cholesterol and blood pressure checks, sexually transmitted disease testing and treatment, HIV/AIDS confidential testing/counseling and referrals for treatment, records of births and deaths, Home Health care for qualifying individuals, home care through the Home Health Department for persons 60 or older; environmental and consumer

Kiwanis Club news

By: Lu Ed Nielsen

Rockcastle Cancer Program in Somerset.

"Priority One" for the Kiwanis Club is children from birth to 5 years of age. All types of fundraisers are held to raise money to help in many areas of contributing to "Priority One."

During the summer, Kiwanis collected the tabs off of aluminum cans and sent them to the Kentucky Cancer Program for raising funds to help Indian Summer Camp, which is a special camp for children who have Cancer or Leukemia in our local area. The camp is located in Irvine and it costs \$350 per child to have the opportunity of being with other children who are undergoing therapy, such as chemo or radiation and may need special diets, medication or other special items. These children go hiking, swimming, horseback riding and just have a very special good time. The camp is sponsored by the Ken-

tucky Cancer Program in Somerset. If you would like to help the Kiwanis Club in this fundraiser you may take either the tabs, or the empty cans, to Mt. Vernon Scrap on Hwy 25. Ask them to put them down for the Kiwanis Club and we will send a check to Kentucky Cancer Program. If you would like to make a monetary donation for this important cause you may send a check directly to Kentucky Cancer Program, 501 College St., Suite C, Somerset, KY 42501-1315.

This fundraiser will be a year round program. Let's see how many children we can send to camp.

"We quickly become close to patients and their families. This is person to person care."

"Our Special Care Unit is a very warm place where the staff becomes a link between the patient and the family. These patients do require intensive care, and that care means nurses that are very skilled in not only the medical and technical aspects, but the psycho/social needs too.

Anxiety levels are high for the patients families....visitation is limited, so we try to update them as often as possible. Plus, we explain the 'whats and whys' of all the equipment. This alleviates a lot of anxiety, especially when there's suddenly something 'different' on a loved one's monitor.

I'm very proud of our unit. Beyond the sophisticated support technology, there's real 'feeling' care here. This is a special place."

"What Saith the Scriptures"

One of the amazing doctrines of the Bible is that God (deity) became flesh. Let's look at this profound subject found in the Bible.

In Jn. 1:1-2, 14 we read "In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God... And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the father), full of grace and truth."

Jesus Christ is the "Word" in these verses. Why is he called the Word, because words express our thoughts, feelings, our mind, and Jesus fully expresses to mankind the thoughts and feelings in the mind of the father, Jn. 14:9. This word, John says was God, not God the father but, Deity, Divinity, the state of being God as the father, he has the same essence or nature. The Word has always existed as the father has always existed. But the Word, became or was more flesh. Jesus Christ birth into this world taking on human flesh had a specific point of beginning, Mt. 1: 1, Lk. 1: 6, 2. Jesus had a fleshy body like you and I have. Jesus was tired, hungry, thirsty, in Jn. 4 at Jacob's well. He was tempted in all points like as we are, yet without sin, Heb. 4:15.

Paul affirmed that God came into the flesh in Phil. 2:6-8. Though Jesus had the nature of God, and was equal with the father yet he humbled himself to come into this world to serve as a bond servant in a subservient of flesh. He humbly submitted to the will of God, even to the point of death, even the death of the cross.

Why did Jesus make such a sacrifice for humanity? It was because of the great love he has for us, Jn. 3:16, 1 Jn. 4:19. This was the only way possible that sinful man could be redeemed was by the perfect sin offering of Jesus' death on the cross.

Friends, if you haven't responded to the Lord's great love and sacrifice, then please consider soberly about obeying the gospel of Jesus Christ, Mk. 16:16, Ac. 2:36-41.
