28th Judicial Circuit  
Rockcastle Circuit Court - Division II  
CIVIL ACTION NO. 94-CI-00159

**CHARLES CLONTZ, ET AL, PLAINTIFFS**

**V.**

**WAYNE CLONTZ, DEFENDANT**

**NOTICE OF SALE**

Pursuant to judgment and order of sale entered in this partition action on January 13, 1995, I will offer at public auction, the hereinafter described real property in Rockcastle County, Kentucky,

**AT THE COURTHOUSE ON EAST MAIN STREET**  
**ON FEBRUARY 10, 1995**  
**BEGINNING AT THE HOUR OF 10:30 A.M.**

said property being more particularly bounded and described as follows:

On the waters of East Fork of Skaggs Creek, and known as the R.N. Ferguson farm, and BEGINNING at a large elm on the north side of said creek, it being a corner to the land now owned by Wm. M. Thomason; thence with the line of said Thomason N 46 E 23 poles to a stone set up in the stump of a hickory with oak, dogwood and ironwood pointers; thence N 3 1/2 E 103 poles to a hickory near the top of a ridge with chestnut oak pointers, thence N 27 E 44 poles to a stone set up at the stump of a large hickory on top of the said ridge; thence N 56 E 34 poles to a black oak; thence N 45 1/2 E 19 6/10 to a stone set up in stump of black oak with chestnut pointers; thence S 44 1/2 E 15 poles to a stone with ash pointers, a corner of land of G.W. Hansel; thence with his line S 63 E 127 poles to a stone with pointers, corner made at the intervening of Lucinda Price's stake corner; thence S 1/4 E 41 poles to three Price's stake corner; thence S 1/4 E 14 poles to three chestnut oaks on a hillside, corner of F.P. Kirby; thence with the old north line S 47 W 21.4 poles to a stone with walnut pointers at the intersection of the line of Charles Jones fifty acre survey; thence with said line (now E.P. Kirby's) N 39 1/2 W 33 1/2 poles to a stone at the cliff; thence S 70 1/2 W 2 poles to a white oak stump on north side of creek, a corner to the lands of B.S. DeVault; thence N 27 1/2 W 42 poles to the beginning, containing one hundred eighty-five (185) acres, more or less.

And being the same property which Bill Clontz and Carma Clontz obtained by deed dated March 22, 1943, from Catherine Price and her husband, Ray Price, recorded in Deed Book 61, page 106.

Charles Clontz, Jack Clontz, Sue Renzenbrink, Mildred McKinney and John Clontz, and defendant, Wayne Clontz, obtained a three-fourth (3/4) undivided interest in said property by deed dated October 26, 1988, from Carma Clontz, a widow, recorded in the Office of the Clerk of the Rockcastle County Court in Deed Book 135, page 299. They obtained the remaining one-fourth (1/4) undivided interest by the intestate death of Bill Clontz, which is evidenced by Affidavit of Inheritance recorded in Deed Book 94, page 54.

June Clontz, Karen Clontz, Earl Renzenbrink, Dearl McKinney and Beverly Clontz are spouses of Charles Clontz, Jack Clontz, Sue Renzenbrink, Mildred McKinney and John Clontz. Wayne Clontz is single.

The property will be sold upon the following terms and conditions:

1. The property shall be sold to the highest bidder for cash or upon terms of twenty-five (25%) percent of the purchase price in cash at the time of sale and the balance payable in thirty (30) days.
2. If the entire purchase price is not paid in cash on the day of the sale, the purchaser shall be required to execute bond in the amount of the unpaid portion of the purchase price with surety to be approved by the Master Commissioner. This bond shall bear interest at the rate of twelve (12%) percent per annum from date of sale until paid, and shall have the effect of a judgement.
3. The purchaser shall have possession of the premises upon compliance with the terms of sale and risk of loss of improvements shall thereafter be on the purchaser.
4. If the purchaser should default on said bond, the Commissioner may resell the property under the original terms and conditions.
5. If there is any lien on the property held by the United States, a federal right of exemption shall exist.
6. This sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise.

**PUBLIC NOTICE**: Pursuant to Section 251 of the Job Training Partnership Act, known as Public Law 102.367, the Cumberland's Service Delivery Area, acting under the authority of the Cumberland's Private Industry Council, will be accepting Request for Proposals starting at 8:00 a.m. Central Standard Time on February 13, 1995 until March 17, 1995 for funds to be utilized by public and private organizations to provide Academic Enrichment Services to approximately 140 disadvantaged youth ages 16-21. The Academic Enrichment component will consist of Basic Skills Remediation which will include but not be limited to Math, English, Reading, Vocabulary, and will begin approximately June 12, 1995 and end approximately July 28, 1995. These services will be a component of the Title II-B Summer Youth Program. Academic Enrichment will be offered to the thirteen (13) counties of the Cumberland's Service Delivery Area which include, Adair, Casey, Clinton, Cumberland, Green, McCreary, Laurel, Pulaski, Rockcastle, Russell, Taylor, Wayne and Whitley Counties, if possible. Those agencies not currently on

the bidders list of the Cumberland's Service Delivery Area may request application packets and those agencies requesting additional information shall submit all inquiries to Mr. Steve Clark, JTPA Director of the Lake Cumberland Area Development District, P.O. Box 1570, Russell Springs, Kentucky 42642 or call 502-866-4200.

**Bill Monroe: The Father of Bluegrass music on KET**

"I've never been a lazy man. I like to work." A classic understatement, considering the speaker has been a working musician since 1927, a recording artist since 1936 and a member of the Grand Ole Opry since 1939. At the age of 81, despite bouts of cancer and heart disease, Bill Monroe leads his handpicked band of Bluegrass Boys on hundreds of one-nighters each year. KET airs a special on this great musician Call **Bill Monroe: The Father of Bluegrass**, 8 p.m. Monday, February 6.

**YARD SALES**

**Inside Sale**: Saturday, 9-7 at the home of John D. Cromer on Bowling Ridge in Brodhead. Given By Rissie Cromer and Barbara Bussell. Christmas decorations, comforter sets, household items, infant bouncing seat, baby Keds and Nike shoes, infant boy clothes, infant snow suits, women's plus size clothing, ladies shoes, kitchen appliances, sewing machine, bicycles and tables. Cans in case of snow. 18x1

**Shaker Village celebrates African-American Shaker Heritage on KET**

On the weekend of Feb. 11, 12, the Shaker Village of Pleasant Hill will celebrate an important and timely portion of its history that has rarely been told. The weekend event entitled, **Dark Angels - The Story of African-American Shakers**, explores the important contributions of African-Americans in Shaker communities.

The Shakers were the first group in America to freely admit members of the African-American community to their ranks. At the Shaker Village of Pleasant Hill, slaves were frequently purchased from their owners and given their freedom. They were treated as equals and invited to live and work with Shaker brothers and sisters. This was especially significant since history records that local citizens were enraged by the very idea of blacks and whites living to-

gether as if they were the same. The weekend will feature the lasting contribution music composed by black Shakers. Special performances by a community choir from Lexington-area churches are scheduled in the Meeting House at 11 a.m. and 3 p.m. on Saturday and 2 p.m. on Sunday.

"Created Equal," a talk on Shakers and equality is also planned for 2 p.m. on Saturday and 3 p.m. on Sunday. Other activities include guided tours focusing on Shaker architecture and history, the 1820 Meeting House and Centre Family Dwelling, The Ken Burns film, "The Shakers," which will be shown at 3 p.m. on Saturday.

All programs are included in the price of a Shaker Village admission ticket. For more information, call (606) 734-5411.

**Girls' all 'A' basketball championship game on KET**

KET is proud to be broadcasting the finals of the high-school girls' A basketball tournament from McBrayer Arena on the Eastern Kentucky University campus in Richmond. **The Kentucky All 'A' Girls' Classic** airs on a tape-delayed basis on KET at 11 p.m. Sunday, February 12.

The All 'A' Classic, now in its sixth year, provides more than just a championship game. It provides students

from small schools throughout Kentucky with an opportunity to participate in a variety of events and activities which showcase their talents and spirit. These activities include statewide academic scholarship competition, two different cheerleading competitions, and the organizer of a state-wide Fellowship Youth Rally featuring inspirational and motivational speaker Meadowlark Lemon, a former Harlem Globetrotter great.

**SUMMER YOUTH EMPLOYMENT AND TRAINING PROGRAM**  
If you are a youth ages 16-21 and interested in a summer job and meet the eligibility guidelines for the JTPA Summer Youth Program, you may be chosen to fill one of the available openings in your county. The Cumberland's SDA serves the counties of Adair, Casey, Clinton, Cumberland, Green, Laurel, McCreary, Pulaski, Rockcastle, Russell, Taylor, Wayne and Whitley. Summer Youth openings are on a first-come, first-served basis at high schools or your local JTPA/under-21s SA office. See list below.  
The program will begin approximately May 15, 1995 and end approximately August 15, 1995, with an hourly wage of \$4.25 and approximately 240 hours for each participant. Due to the same amount of funding as last year, job openings will be filled on a first-come, first-served basis until slots are filled.

Some herbs touted on labels of diet aids, herbal teas and health foods for their therapeutic qualities may have little value and may have adverse effects on your health.

The U.S. Food and Drug Administration found several of the herbs purported effects to be questionable.

Below is a description of herbs commonly found in diet aid products.

**Ma huang**, also known as ephedra, is a stimulant to the central nervous system. It contains the drug ephedrine, used in asthma treatments and nasal decongestants. Ephedrine may cause high blood pressure and rapid heart rate. Large doses produce headaches. Individuals with a history of heart disease, diabetes or thyroid disease should avoid any product containing ephedrine.

**Kola nut**, also a stimulant, has a high caffeine and theobromine content. So it acts as a stimulant and appetite depressant. It can act as a diuretic when consumed in combination with other common herbal ingredients. Kola nut can produce heart palpitations and nervousness.

Disability: accommodated with prior notification.

**Chromium picolinate** is a product studied in the treatment for diabetes, high cholesterol, atherosclerosis and obesity. Chromium aids cells in their uptake of glucose from the bloodstream for energy utilization.

Presumably, chromium provides energy and burns fat. However, no studies to date have determined that chromium aids in burning fat. Using a chromium supplement is unnecessary unless your diet is deficient, which is unlikely for those who eat a balanced diet.

**Spirulina**, a blue-green algae, contains high amounts of protein and Vitamin B-12. Thought to give energy bursts and suppress appetite, no evidence concludes that this algae yields these results.

**Bladderwrack** is a brown algae found in kelp products. It promotes the iodine-containing thyroid hormones. This helps treat obesity only in individuals suffering from iodine-deficiency, a rare occurrence today. Bladderwrack also can act as a laxative. People on sodium-restricted diets should avoid these products because of their high potassium and sodium content.

**Burdock root** is distributed in a dried form. It is used to treat chronic skin conditions like psoriasis and acne. The root contains anti-microbial properties, but only traces were found in the dried commercial products. Belladonna or deadly nightshade can contaminate commercial samples of burdock root which may lead to atropine poisoning.

**Licorice** is a flavoring for candy and tobacco products and is an ingredient in cough and cold treatments. Excessive amounts of licorice can cause high blood pressure, headaches, lethargy, excessive potassium excretion, cardiac arrest and heart failure. Most licorice flavored candy, however, contains anise oil as the flavoring, instead of licorice.

**Ginger root**, another flavoring agent and spice, has been shown to aid in the prevention of motion sickness. Very large intakes of ginger root may have the potential for causing depression of the central nervous system and cardiac arrhythmias.

**Be pollen** is made up of sugars, starch, protein and mineral content. It is a common allergen and is quite common.

**White willow tree** contains the analgesic similar to aspirin and is often recommended for relief of pain and headache. The bark may have varying amounts of iodine, which may not be standardized.

Educational programs of the Kentucky Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability or national origin.

### Controlled Calving Season

Why should beef farmers be concerned with developing a scheduled or controlled calving season?

Surveys show that two out of three beef heifers are on year round calving. Of those heifers, 40 percent of their calves are born in June through August or the summer months. Calves born in summer months can be expected to weigh over 100 pounds lighter at weaning than those dropped at other times. Other reasons are related to a herd's management and productivity.

By following a controlled, seasonal calving program, better care can be given cows at calving time. Percent calf crop is the major economic factor in a cow-calf operation and care at calving time affects percent calf crop. It is very difficult to properly check cows which are on a year-round calving season.

Herd health and management is facilitated. There are many jobs which are important to the health and management of the herd which are more likely to be properly done if your cows are on a controlled calving season. Some of these practices are vaccination, dehorning, castration, and weaning. If a farmer can perform all these jobs at one time, it is much more likely that they will be done and the labor requirement will be much less. Pregnancy testing and culling open cows can greatly influence percent calf crop and herd profits. However, it cannot be conveniently carried out with year-round calving.

Brood cow nutrition can be improved. Winter feeding of the brood cow is the most expensive phase of cow-calf production. If some of the cows are dry and some are nursing calves during the winter, the herd cannot be fed in the most efficient manner. Once cows nursing calves require at least 50 percent more protein than dry cows, neither group can be fed properly if they are running together.

Marketing or stocker-finisher operations are improved. A calf crop which is uniform in age and size can be marketed to the better advantage. Large uniform groups of calves will usually bring several cents per pound more than those sold individually. If calves are uniform in age, they will also fit into on-the-farm stocker or feeding programs.

Culling and selection of

replacements based on production records can be better accomplished. To make meaningful comparisons among brood cows, calves must be born within a 90 to 120 day period. One of the main criteria for culling cows is the relative performance of their calves. Accurate comparisons between cows cannot be made if the calving season is too extended.

#### How Does a Farm Start Controlled Calving Season?

In most herds with a year-round calving season, a natural calving concentration already exists. Nutrition is the major breeding responsibility for brood cows cycling and conceiving. Since pastures are usually at their peak of quality in spring and early summer, plus weather conditions are more favorable to breeding, a natural concentration of calving may occur in late winter and spring (March, April). No system of getting on a controlled breeding program can completely eliminate the delaying of some cows from their current calving schedule. However, by taking advantage of the natural concentration in a herd, the problem can be minimized.

A system for converting from year-round to a 90-day controlled calving season over a period of three years would present less loss and fewer problems than to try to convert in one year. The following steps are suggested for getting on a controlled breeding system, when a natural spring concentration exists.

—Build a good, strong bull pen or well-fenced bull pasture. An electric fence, in addition to regular fence will likely be needed.

—Remove bull from herd. If a natural concentration of calving exists, remove the bull within 30 days after the first calf is born. In small herds with December and January calves this year, you may still start this program by using Prostaglandins that cause cattle to cycle again. Be sure the bull lot is ready and in use. The first season will require the longest use of the bull lot. After a calving season is formed, 40 days in the bull lot

so that you decide when calving season will be. For a season beginning March 1st, bulls should be placed with cows on May 20th.

—Bulls can be handled two ways. Culling July and August calving cows may be the easiest way to concentrate a calving season. Some farmers may choose to move these to a fall herd. However, keeping two calving seasons can be difficult. Over a period of years, adding heifers to calve first will help concentrate the calving season even more.

—Start breeding replacement heifers 20 to 30 days ahead of the final long-range planned breeding date for your herd (May 1).

—By using a bull lot, adding heifers to calve first, and culling late calvers, most herds can be on a 60-day calving season within three to five years.

The ideal season would be 60 days. By starting breeding on May 20th to July 20th, calves would drop March 1st and continue over the next 60 days. Advantages of this concept are as follows: dry cows are taken through the winter and require less stored feed. Rebreeding is improved by increased grazing during late spring and early summer. Herd health and other management practices can be done at one time. Calves will be grouped by size better. The feed supply of spring grass will provide higher weaning weight. Replacement heifers may be chosen from larger, older animals by performance records. Advantages all lead to more efficient and profitable beef production.

Fiscal court pays Northern water line bills

The Rockcastle Fiscal Court paid four bills at a called meeting of the court Jan. 27.

A total of \$1,591, less 10 percent retainage fee, went to S & F Electric of Lexington for labor and materials for the Rockcastle Jail Renovation Project now under way.

Clifford Collins was paid \$63,794 for waterline construction for the Northern Rockcastle Improvement Project.

CMW Engineering received \$4,657 for engineering and design for the Northern Project.

Will Lender and Associates of Berea was paid \$2,000 as program administrator for the Northern Project.

Manchester man returned to county jail

A Manchester man who walked away from the Rockcastle County jail on January 8th has been recaptured.

Robert Wombles, 29, was serving as a trustee to jailer Joe Howard when he walked away from jail.

Rockcastle Sheriff Shirley Smith and deputies captured Wombles at a residence in Pine Hill after they received a tip from a local resident.

Wombles was hiding in a closet on top of a water heater when he was apprehended.

The Manchester man pled guilty to third degree escape Monday in district court and was sentenced to an additional thirty days in jail.

No one else was charged in connection with the case.

Lambert files for state office

Former Rockcastle County Attorney James H. Lambert has filed for the republican nomination of Kentucky State Treasurer. Lambert filed his papers with the secretary of state on Monday.

The three time county attorney, has been working as an attorney for the state highway department in Frankfort since he left office in January of 1994.

Lambert will face John Glascock of Prospect in the May primary.

Charged

A Richmond Indiana man was charged with receiving stolen property after police arrested him at a residence on Hwy. 490.

James R. Fraizer, 34, was arrested after police received a tip from the woman he was staying with.

Frazier is accused stealing a four-wheeled drive vehicle in Indiana. He was arraigned in Rockcastle District Court on Monday where he pled not guilty. He is currently being held in the Rockcastle County jail.

January weather

Final precipitation figures for January showed 6.59 inches of rain/snow fell during the month.

On Jan. 28, a total of 23 inches fell, 41 of an inch on Jan. 29, and 1 inch of snow on Jan. 30 along with 23 of melted snow.

A total of 2.5 inches of snow fell at Cox Funeral Home in Mt. Vernon in all of January.

The high temperature for January was 69 on Jan. 13. The low was one on Jan. 5.

Mrs. Penny Lovell of Livingston died instantly Sunday night, after the 1984 Pontiac she was driving was hit head-on by a 1982 Toyota driven by Susan Mitchell of London. Besides Miss Mitchell, three other people were seriously injured in the accident. Above Gary Prewitt of Town and Country, prepares to remove the Lovell car from a rollback wrecker. Miss Mitchell's car is pictured below.

Local woman dies in two car wreck Sunday

Icy roads are being blamed for a head-on collision that killed a Livingston woman and critically injured four others, including a four-year-old boy.

The accident occurred around 10:30 p.m. Sunday night on U.S. 25 south of Livingston.

See Complete Obit - Pg. A-7

Madelene Penny Lovell, 48, died in the mishap.

Two other women in her car, Nancy Durbin, 19, and Melissa K. Morris, 20, also of Livingston, were injured.

Two persons in the other vehicle were Susan Mitchell, 30, and Reuben Mitchell, 4, were both injured.

The accident happened near 10:30 p.m. in a curve beyond the former location of a chair factory. It was snowing and wet. No alcohol was involved, state and local police reported.

Penny Lovell was pronounced dead at the scene of the Sunday night accident near Livingston.

All the injured, except Melissa Morris, were taken to the University of Tennessee Medical Center in Knoxville, Melissa was admitted to (Cont. to A11)

Court funds for Comp Care, cut off by Judge

By Ray McClure

Last week it was senior citizens. This week it is Comprehensive Care, from County Judge/Executive Buzz Carlolfis point of view.

Rockcastle is one of 11 Comprehensive Care Centers in the Cumberland River Comprehensive Care Program that has about 30 clients, not including out patients.

And once again, Judge Carlolfis is (Cont. to A11)

Bullock, Reynolds join P.V.A. race

Two more local residents have filed for the office of Rockcastle County Property Valuation Administrator.

Doug Bullock, a Republican and Billy Reynolds, a Democrat, have thrown their hat into the ring.

Bullock joins Margaret Offutt and Cleidith Thacker in the Republican primary while Reynolds will appear

only on the November ballot, as the Democrat nominee.

Bullock, 40, of Mt. Vernon is seeking political office for the first time as is Reynolds, 30, lives at Houston Point with his wife Rebecca and two small children.

Bullock and his wife, Jearl have one child, Nikki who attends RCHS.

State transportation workers have been working in Mt. Vernon for a couple of weeks installing a four-way traffic light at the intersection of Richmond Street Hwy, 150, and U.S. 25 and Town Hill road. Workers said Tuesday that the light should be in operation as early as next week.

Doug Bullock

Billy Reynolds

Many local residents are very concerned that the light will actually cause more traffic congestion at the busy intersection. But that hasn't deterred the state's plans in the least. Traffic will now stop at the intersection from all four directions.

## Judge should stick to agenda

Commentary by Richard Anderkin

Rockcastle County Judge-Executive Buzz Carlolitis is at it again! This time he is taking exception to a \$10,000 payment the county has made in the past to the Cumberland River Comprehensive Center in Rockcastle County.

The judge said in a prepared statement this week that he would have no part of paying the money to Comp Care, because as he put it, "taxpayer's money must not be used to give high-paid executives a bonus."

And, what the judge thinks about Comp Care and the way they handle their funds is all well and good, but in a somewhat more subtle way this time, the judge took another swipe at way things were done during the former administration of Roland Mullins.

I thought that two years after the fact, the judge would notice the election is over. Someone close to the judge needs to tell him that he won, and it is time to get on with his agenda and forget the practices of the past.

We elect people to public office and once we do, I'm satisfied that the majority of us, expect there to be change, good or bad, that is the chance you take when you elect someone

new. I also believe that the judge would be better off and so would the county, if he would simply stick to his own agenda and forget the agenda of a former county-judge.

It certainly seems the current county-judge has been more concerned with undoing what the former judge did than doing for himself.

The latest revelation from the judge's office has to do with whether or not the county should pay \$10,000 over a four year period to the local comprehensive care center to help fund their program. As the article said, Hubert Thacker didn't pay it, probably because he wasn't asked, or because he did not feel it necessary, but Roland Mullins did.

Mullins is also the former executive director of Comprehensive Care, and I am sure that he felt the \$10,000 was spent for a needed benefit to the county.

You can rest assured that he made his decision based on whether or not he thought Rockcastle Countians would benefit from the programs at Comp Care.

The current judge has obviously done the same thing, his reasoning is

somewhat questionable, since I'm sure that very little of the \$10,000 the county pays Comp Care has gone to pay executive bonuses. \$10,000 is hardly a drop in the bucket for an organization that has an \$8 million budget annually.

Carlolitis did not mention that he is a former employee of Comp Care and the only way that he would know that executives are paid bonuses, is by working there.

This is very good that the judge would use his inside knowledge to cut off funding, because obviously he thinks Comp Care is too loose with their pocket book.

But, that is just the point, it is his decision and not the former judge, who cannot make those decisions anymore. And we all know that no two people think exactly alike on any subject. The judge needs to simply

set his own agenda and make his decisions based on what he believes is best for the county and not on whether or not the former administration did this or that.

After watching the county-judge conduct himself in a couple of public meetings the past few weeks, I thought the judge had found his own stride. He encountered some very heavy opposition to his ideas for Livingston school, which would allow Daniel Boone Development Council to purchase and restore the property. It was an excellent move by the judge to save the property and place it in the hands of people who could afford to fix it, but when he first brought the idea before Livingston residents at the local board of education meeting, he met considerable opposition. He explained in great detail what he wanted to see take place and he made it perfectly clear that he was only acting in the best interest of the Livingston community.

### Points East

By  
Ike Adams

Whether or not the Groundhog sees his shadow is, by my estimation, of little consequence to what we can expect of literally hundreds of Woolly worms, mostly delegates to last Fall's Winter Weather Watching Convention, congregating in my basement where they are getting ready for a celebration they plan to hold some-

time in April. As you may recall, The National Association of Woolly Worm Winter Weather Watchers (NAWWWWWW), predicted that this winter would be mild until mid-March or early April at which point we should get the heaviest snow of the season.

(Cont. to A4)

## Rockcastle Community Bulletin Board

### Little League in need

The Rockcastle Little League is in need of concrete blocks to build dugouts for the new field. If you have any concrete blocks lying around, whether one or 50, the Little League would appreciate your donation. Call 758-9220 to donate.

### Bookmobile Schedule

Mon., Feb. 6: Scaffold Cane, Disputanta, Anglin Falls, Clear Creek and Wildie.  
Tues., Feb. 7: Buffalo Castle Village and Negro Creek.  
Wed., Feb. 8: Ottawa and Bee Lick.  
Schedule subject to change, due to weather conditions.

### Cemetery Association

The Scaffold Cane Cemetery Association will meet Feb. 24 at 7 p.m. for election of officers according to by-laws. All interested persons are invited to attend. The meeting will be held at the home of Steve Bullen, Route 3, Mt. Vernon.

### Kiwanis Club

The Kiwanis Club will meet Thursday at noon at Kasle Inn. The speaker will be Ruth Saffell, Professor LFN School.

### GED Test Given

The Official GED test is now given at the CAP - Adult Learning Center in Mt. Vernon. It is no longer necessary to travel to EKU for this test. The test is scheduled at CAP on U.S. Hwy. 25 for Monday, Feb. 6 at 4 p.m. You must register in advance to take the test. Call the Adult Learning Center at 256-5370.

### Singles Club

The Singles Club will meet Sat., Feb. 4 at the Rockcastle County Library meeting room. For more information call 256-4347. We play cards, scabble, bingo, music, dance and more.

### Vet Service Officer

The Veterans Service officer will be at Rockcastle County Courthouse Feb. 6 from 9 to 2 p.m. to assist veterans, widows and dependants with claims.

### LES Committee meet

Meeting for the committee on Livingston School building will be rescheduled for Thurs. or Friday night according to the weather. People interested will be notified when the meeting will be.

### Little League Signup

The Rockcastle Co. Little League will hold a registration signup for those wishing to play Little League baseball this spring on Saturday, Feb. 4 at Brothead Elementary from 9:30 - 4 p.m. New players need to bring official birth certificate or blue card from Health Department. Registration fee is \$20.

### Sunshine Volunteers

The Sunshine Volunteers at Rockcastle Hospital and Community Club will have their regular meeting Friday night at 7 p.m. at the library meeting room. There will be a special speaker and special singing. Pot-luck. Everyone welcome.

### Right to Life

The Right to Life will hold their monthly meeting, Feb. 2 at 7 p.m. in the Community Room behind the county library. Everyone welcome to attend.

### Corn Growers Assoc.

Meeting for the Corn Growers Association for Lincoln, Pulaski, Rockcastle and Wayne Counties will be held Mon., Feb. 6 at 6:30 p.m. at Western Steer Steakhouse in Somerset.

### Board of Realtors

The Dix River Board of Realtors will meet February 7th at the Kasle Inn (West Western Motel) in Mt. Vernon at 6:30 p.m. All members are urged to attend. The Kentucky Association of Realtors will have an orientation program from 1 to 5 p.m. Feb. 13 at the First Southern National Bank Hospitality room in Lancaster. For more information contact Danny Ayres at the Danny Irvine Real Estate firm in Lancaster.

### Band Boosters

The Rockcastle Band Boosters will meet Feb. 6 during band practice. We will be meeting in the cafeteria. All band parents are urged to attend. We will be planning various fund raisers for the year.

### Project Graduation

Project Graduation will have a meeting Monday, Feb. 6th at 7 p.m. at the High School Library.

### Upcoming classes offered

Plan ahead for these embroidery classes. Each requires that you bring your own materials; call 256-2403 for a materials list and to preregister. Feb. 9 at 10 a.m. "Basic Embroidery" at the Extension Office; Feb. 9 at 6 p.m. "Silk Ribbon Embroidery" at the Extension Office.

### Aluminum can tabs

If you are saving aluminum can tabs for the Kentucky Cancer Program's "Indian Summer Camp" for children with cancer and leukemia, drop the tabs off at the Extension office soon. The tabs must be turned in to the Kentucky Cancer Program before March 1.

John Norman Meadows

PRECIOUS SOULS, CHILDREN OF AN EVIL AGE, greetings and congratulations from the wintry world of Wald, where most denizens are powerfully pleased that January 94 did not repeat itself. Our more Stoic Wablians, however, take everything in stride and wouldn't be impressed if our country's welfare' horse showed up at the courthouse shouting "Give us work. Let us earn our way."

Well, a-bless my soul in the bosom of Abraham! The church where I'm a so-so member is gearing up to vote on a prospective pastor. We consid-

ered a man last fall, but he didn't make the constitutional cut. Eighty-five percent of members present and voting. I voted "for" that fellow, and will do the same next Sunday unless I hear "something serious" that would make a man too loath to be my pastor, such as eating peas with a knife or afflicted with AHS (Ailing Hibiscus Syndrome). I'm told that back in the seventies Dr. Daisy Moses of Beverly Hills, California discovered a cure for AHS but died before she could go public with her formula.

In the absence of a pastor, I've been making the constitutional cut. Let their clan expand) in a study of *The Book of Jeremiah*. Now, upon hearing the word "prophet," folks usually think of "one who predicts the future." And that's correct but not complete. A biblical prophet was, first of all, one who voiced the Lord's verdict *then and there*. And the greater part of biblical prophecy has to do with the "right then" or the very near future of those who heard that message. Sometimes, however, that "right then" message had additional import for the far-off future.

Dear heards, do you realize that the messages of all the Old Testament prophets (with the exception of Jonah) failed to turn the hearts and lives of those to whom they delivered their sermons? Even old bald-in-the-back Elijah, who summons heavenly fire at Mt. Carmel, didn't succeed in the long run. The Israelite pro-Baal bunch's repentance was fickle at best. And the idol-wrecking "reformation" of King Jehu, who had no use for the fastest chariots around and took over Israel after Jezebel went to the dogs, went awry.

King Jehu made a hard, right turn and proved to be little better than Ahab and Jezebel. (Word has it that some present-day religious denominations are "playing Jehu.") In fact, the prophet Hosea condemned the end result of Jehu's "restoration." There are at least a couple of reasons that was so. One, the people were "set in their sin" and were hellbent on staying as they were. Two, the prophets didn't "pull any punches" when they preached. Their words were hard and harsh, as in "offensive" - a sure-fire way to influence people and be rejected.

I said all that so I could say this (a tad Nixonian, don't you think?); there is a world of difference between a prophet and a pastor. A pastor's task is that of caring for the sheep. True, he sometimes has to rub them raw with his staff, but he doesn't do that all the time.

When I first started preaching -- at the too-tender age of fourteen -- I thought my job was to "give 'em hell" every time I got in the pulpit. And did, I reckoned it a compliment when a parishoner said after church, "Preacher, you ripped me up one side and down the other today."

In one pastorate early on in my ministry, three generations of "right-movers" got it in for me. I didn't influence the church to make Suetta Kightmore our church pianist. Some-

# Roamin' Rockcastle

By: **Hilda Payne Gabbard**

I'm telling you that I'm glad January is gone, this being the 31st and last day. I've had more sickness, worry and a bad time with my birthday when I'm getting older, 49, for those who keep asking how old I am. I don't think it's anybody's business but you know how some people are.

Take Fred Williams for example who says he'll find out my age by making three phone calls and one will be to my niece Nura Hart.

But Nura will be mad at me for telling Hilda's age and Hilda will be mad at Nura for telling me and they'll stop doing business at this bank and I may lose my job, Fred shook his head. "I don't believe it's worth the hassle I'd have," and he shook his head as he walked away.

I believe the lottery on my age is doing fine. Kay Williams made a guess of "sweet sixteen" and she might be closer than she thinks.

Everybody at the bank put their name on a beautiful birthday card that was sent to me from the bank and I figure they meant to join the lottery on my age and pay the \$1 fee as soon or they get a raise from the president who is Fred Williams.

I don't know all of these people but I sure want to thank them for their kindness.

When you get up in years, you appreciate their kind deeds that they do I hope they all win.

I heard some gossip -- or -- news while I was there. It seems a handsome bachelor, who has two kids, may be walking up the aisle with a very lovely woman who has four children in the near future.

The person who told me this, asked me to keep quiet about his telling me.

Back to my birthday, the card was so beautiful I could frame it and the verse made it more to appreciate -- "The words started: 'You're sort of body special and that means your day should be special as well, in the happiest way!'"

This is Groundhog Day if you didn't know it. Old timers get their weather from signs in nature. If the sun shines

and the groundhog sees his shadow, we stand to get six more weeks of bad weather for he returns to his hole and gets more sleep. If the weather is anything like we've had in the last few days I don't blame him for I can't get out for news and may just sleep a lot myself.

I was in Wayne Dollins Hair Plus beauty shop in Berea last Saturday when a good looking boy and his mother, Kathy Thomas, came in for a haircut for him, Tommy Thomas, who is a basketball player for Mt. Vernon's Middle School.

In talking to Tommy, I asked him if the girls chased him or if he had a love life and he shook his head.

Tommy had black hair and dark eyes which would cause the girls to chase him. I hear he's counted as one of the good players on the team.

I want to thank Lura and Kaye Clark for the very cute card that they sent for my birthday. Lura was a student of mine at the Anglin Falls School, and she says she still loves me even though it's been many years ago -- Don't tell them how many years, Lura.

I want to wish a Happy Birthday on February 4th to my granddaughter, Diana Cornett in Texas and also to Geneva Gabbard on Gabbardtown Road at Berea and one at Florence to Wiloma Ewing on the 12th who expects to be my daughter-in-law in the future and is a very nice person. For Christmas, she gave me a beautiful Afghan of rose, purple and white and I was so thrilled. Now, when I lay on my couch, I wrap up in it and stay warm.

I had a very nice letter from Lelamae Francisco Gaines of Sun Center, Florida who is a good reader of the Signal. She invites me down for a visit and I may surprise her and drop in for a week or so visit.

I have plumgranny seeds if anyone will send me a stamped and self addressed envelope. My address is 2163 Menelaus Road, Berea, KY, 40403.

I'll be taking Valentine rhymes next week so have a romantic one ready for me.

John and I both were sick on my birthday and didn't get to go out for the dinner that Kay and Leo Abney had invited us to at Somerset. I'm so sorry that we didn't get to go and thank them very much for the invitation.

It would have been so nice to eat and not have to wash dishes.

Well I saw something that I'd never seen before and it was beautiful when on January 28, I attended a double ring wedding of sisters, April Dawn Cole to Ronnie Joe Gray and Tisha Marie Cole to Michael Eugene Barrett at the Dixie Park Baptist Church in Berea.

The church was decorated in pretty colors and the two sets of candles were lit by mothers, Jeanne Cole and I didn't get the other lady's name. Everything was done in two weddings which were performed by pastor Mark Sarver.

Brother Harold Cole, father of the brides, was everywhere making pictures of the brides, his daughters.

April and Tisha looked good enough to eat, I told them, in their long, white, lacy, wedding gowns.

Brother Sarver would perform for one couple then move over to the other couple and say the same words to them while they repeated the vows after him.

I had given both girls the same wedding gifts, a beautiful frame for their wedding picture which should be wonderful to see.

We went downstairs for the reception which again was done in two of the bridal tables with wedding cakes and punch at two tables.

John was ill and didn't get to go. I told him he missed kissing two beautiful brides nor I didn't get to hug the handsome grooms because he didn't go.

Till next week when I go into Valentine poems. Positive people believe it is more important to know where you are going than to see how fast you can get there.

## Senior Citizens MENU

February 6 - 10, 1995

Monday: Sausage patty, tomato juice, cheese grits, biscuit, hot apples

Tuesday: Salmon patty, green beans, country tomatoes, roll, banana

Wednesday: Fried chicken, whipped potato, winter mix, roll, cookies

Thursday: Open Friday: Cabbage roll/tomato sauce, buttered corn, wheat bread, apple crisp

## News deadline is noon Tuesday!

## "Points East" (Cont. from A2)

NAWWWWWW correctly forecasted that we would have several days in January where the temperature approached or exceeded 60 degrees. In fact it reached 70 one day in Paint Lick a couple of weeks ago. They also predicted that January would be much wetter than normal and that the precipitation would fall, for the most part, in the form of rain. At this writing the rainfall is two inches above normal and we have yet to get more than an inch of snow at one time in Paint Lick.

NAWWWWWW is now saying that February will essentially be a repeat of January. More rain and some more warm days with a couple or three rabbit tracking skills of snow that will melt off overnight.

But sometime after the first of March we should be prepared for the closest thing we'll see to a blizzard this year. NAWWWWWWW maintains that this genuine winter storm is more likely to fall after the middle of the month than early on and that, in fact, there may be two such storms. They say that a late one is a certainty, while an earlier one around the last couple of days of this month into the first week of March is also a distinct possibility.

I can't recall the exact date except that it was on the Thursday, (either the 5th or the 12th) when all the Lexington television personalities were predicting doom for Friday. "Get ready for more than a foot of snow and don't plan on traveling, etc., etc.," they advised.

The NAWWWWWWW guys were chuckling when I went to the basement to fire up Ole Mama Bear after work that evening. "Not a thing to worry about," they insisted.

"How much rain do you reckon we'll get," I inquired? And, as usual, Loreta yelled down the stairs wanting to know who I was talking to. My wife worries when she hears me carrying on conversations with wooly worms because she can't understand a thing they're saying and, consequently, doesn't believe for a moment that I am engaged in serious

dialogue. I've learned over the years, however, to ignore her sleep talk. Anyway, Cindy, Brad, Brian and company had her on edge. "I still think we ought to run out and get an extra gallon of milk and stuff," she kept insisting and then she showed me a flyer noting that Kroger's had pork tenderloin on sale for 87 cents a pound. I figured 25 pounds of pork chops at that kind of price was worth a trip to Richmond so off we took.

And that's about what we came home with. The stores had sold out of milk, white bread, lettuce and the waiting lines were at least 15 minutes at every cash register. I also wanted to make a stop at Wal-Mart to pick up an oil filter but I never even went inside. The parking lot was full of folks packing snow shovels, sleighs, toboggans and fifty pound bags of rock salt. The waiting line for snow tires was at least a dozen vehicles deep. Everybody was getting ready for the impending blizzard.

Sometime around midnight, the blizzard turned to rain and Paint Lick Creek was overflowing at daybreak. Next morning hundreds of little youngsters were standing on their porches trying to figure out what to do with their new bobbeds and dozens of television personalities were applying extra make-up to their faces wouldn't look so bad when they tried to explain why the storm didn't materialize.

If you all see Cindy and Brad and Brian and their colleagues, please have them pass on a suggestion to all those new snowmobile owners on behalf of NAWWWWWWW. Don't be trading for a bass boat just yet. March is just around the corner and all that snow stuff will come in handy yet.

## "Heresay" (Cont. from A2)

body told her she could play the piano.

One Sunday morning I went "prophetic" and hundreded forth at three prophet pews full of Kightmores. I said everything but names. As old lady Kightmore came by in the foyer where I stood to shake hands with my exiting flock, she said, "Preacher, that sermon was without a doubt." Then she looked off into the distance for a moment. The look on her face somehow led me to think I had "gotten through," that she was about to surrender. She continued, "I was the ~~sortest~~ sermon I ever heard in all my born days."

Well, after giving strong consideration to joining the Church of Christ, I assaulted the Kightmores even more -- even when they weren't present. One Sunday, after my "persuading" the congregation with a "Kightmore" invective, Trudy Ransdall, paused

before me as she left that day. A middle-age member, she genuinely wanted me to do well. "Bro, Johnny," she said with a smile, "I heard a little poem the other day. You might like it." I asked her to recite it. She did. It goes "Lord, fill my mouth with worthy stuff. And judge me when I've said enough."

So we're about to vote on "hiring a preacher" at my church. The man is no stranger to the valley of shadows. Having heard several of his messages, I sense that he is a caring person. And I do hope that those who vote want just such a person in our pulpit. We need more than a preacher. Like most churches, we need a leader whose sermons have been wrought on the anvil of prayer and refined in the fire of reality. We have enough prophets nowadays. What we need are dedicated pastors who -- before they are off to cure the world's ills -- will tend and feed their flocks where they are.

The only objection I have to "the man before us" is the fact that his mustache and hair aren't the same color. That will have to be remedied because it isn't biblical. The mustaches, beards, and hair of the patriarchs and prophets always matched. There were hints of two-shades but all-in-all they matched. I'll bet Charlton Heston was never two-hued, before or after he led the children of Israel through the Red Sea.

Therefore, I recommend that, if this man is "voted in," the church should include in his financial support package an on-going supply of Parkersol's Facial Hair Toner for Men. I suggested such to the deacons and they agree unanimously. They do not think, however, that we should foot the bill for "evangelical" hairdos when he goes out of town "to have revival meetings." After all, we didn't do that for our last preacher.

## "Judge" (Cont. from A2)

When Rockcastle Water Association President David Ballinger tried to put Carlifons on the hot seat concerning an overlapping water line extension application, the judge again handled himself very well. He had already worked the problem out and he did not allow himself to get caught up in needless nitpicking. He has worked very hard to get more water for Rockcastle countians and we're of the opinion that if he would concentrate his efforts on projects such as the water line extensions, the implementation of 911, the building of a few community parks and the continued renovation of the Rockcastle County Jail, he and the county would fare much better.

## Your Cooperative Extension Service: Their 1994 report to the people

The Rockcastle County Cooperative Extension Service is a unique informal educational system which works with families, youth, communities and businesses. Programs in agriculture, home economics, youth development (4-H), and community development are offered across the Commonwealth. Workshops, demonstrations, consultations and publications are based on University research, and most are free.

Extension is funded by federal, state and local sources. It is located on the University of Kentucky and Kentucky State University campuses, and in county offices across the state.

### EXTENSION AGRICULTURE PROGRAM

#### Tobacco

The 1994 growing season will go down on record with one of the highest per acre yields. Very limited effects were felt by drought, blue mold and black shank.

Special efforts through producer meetings and a special newsletter helped farmers choose varieties more resistant to black shank. Only 2 farms identified black shank as compared to 25 in 1993.

Last years demonstration plots found no significant advantage to yield by using float plants. However, farmers feel the advantages of not pulling plants outweighs the extra cost. A vacuum seeder is available in the Extension Office to assist farmers in direct seeding for float plant production. 10 farms used this to seed over 75 acres. Assistance was also given to farmers growing float plants in calculating fertilizer rates and monitoring fertilizer levels in the float bed.

A nitrogen study found that higher than recommended nitrogen application lowers production per acre. Also found was an unusually high suckering rate, making chemical control less effective.

This years demonstrations included a spacing study with 16-20-24 inch in row spacing as well as an insect spray study.

Over-production is the #1 problem facing tobacco producers. 27% cuts in quota over the past 3 years are not being followed. A large carryover is developing with as much as 1 million pounds in carryover possible.

#### Beef

~ 36 different producers participated in the annual beef producer meetings. Topics covered included "How much is a Good Bull Worth?", "Do Large Lick Blocks Have a Place in Your Feeding Program?", "How Do You Choose the Right Mineral?", and "What Dewormer is Best?".

~ 9 different farms entered 14 steer calves in the Beef Association Preconditioning Derby for a 28-day feed trial. Average gain was 124.6#/hd or 4.45# average daily gain. A Feed Conversion of 4.41#/gain placed gains at \$0.44/lb. Farmers also found that calves just off the cow held over night lost 25 to 30 pounds.

#### Corn/Forages

~ 44 soil tests were submitted and fertilizer recommendations made for 799 acres of corn; 61 samples on 779 acres of grass and alfalfa; 49 samples on 95 acres of tobacco and 14 samples on 19 acres of commercial vegetables.

~ 21 farmers participated in a forage meeting on production practices for clover and alfalfa.

Information on seed cost for certified varieties and additional yields in U.K. variety trials highlighted the program.

~ Work continues with farmers who have johnsongrass in corn and can benefit from 2 new post-emergence chemicals. 2 on-farm demonstrations were conducted. Slides from previous demonstrations are also used in each pesticide training to show demonstration results.

~ 3 pesticide training sessions certified 97 farmers to apply restricted use pesticides.

~ 4 farms participated in the multi-flora rose control program.

~ 4 farms participated in the thistle control program.

#### Agriculture Youth

"Agriculture in the Classroom" combined Math class with beef production for Mt. Vernon's 6th grades. 87 youth were taught about Rockcastle County agriculture. This was followed by a Math lesson calculating feed cost and returns for calves fed through the winter.

4-H Landjudging training allowed 9 youth to participate in the

State Fair. One member was recognized for 2nd place in the Senior division.

### EXTENSION HOME ECONOMICS PROGRAM

#### Nutrition & Health

~ Nutrition and Foods lessons are offered at the 2 Senior Centers and the Adult Day Care. The lessons offered this year have included:

Fiber & Breakfast Foods, Food Pyramid: Fat & Cholesterol, Low Cholesterol Foods, Diabetic Foods and Holiday Foods.

~ Health nutrition lessons for the county's Extension Homemakers for the year included: Nutritional Concerns of Women, The Caffeine Connection, and Stretched Out But Not Strung Out. Written materials for the lessons were also mailed to approximately 35 county-wide members.

~ The Home Economics Agent also provided lessons for these special groups in the community:

TOPS WEIGHT LOSS GROUP - The New Food Pyramid & Fat Reduction in the Diet; DIABETIC SUPPORT GROUP - Holiday Foods for Diabetics; HIGH SCHOOL HOME ECONOMICS CLASSES - Snacks for Young Children and Simple Safe Toys; BRODHEAD ELEMENTARY SCHOOL 7th & 8th GRADERS - Stretched Out But Not Strung Out and Clothing Care; MICROWAVE SERIES FOR THE PUBLIC - Lunch-n-Learn series once a week for 4 weeks.

The Mt. Vernon Signal • Thursday, February 2, 1995 • P.45 classes were offered: Sewing Workshops, Christmas Sleighs, No-Sew Tree Skirts, and Do-It-Yourself Holiday Ideas.

~ The following resource management programs were taught by the Home Economics program for other groups: Spouse Abuse Shelter, High School Horticulture Class and School Age Child Care Program.

#### Resource Management

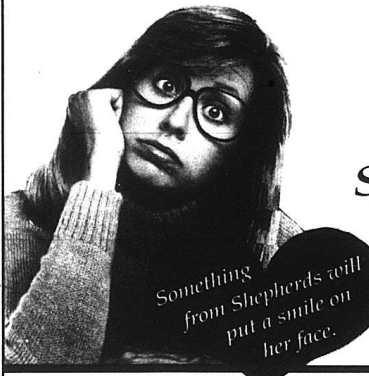

~ A recorded cost savings of \$431 was made by participants using do-it-yourself techniques during workshops.

#### Family Stability

Lessons on Family Issues that have been taught for other groups include: How To Talk So Kids Will Listen, Self-Esteem and

**Simon and Smith make plans to wed**

Christina Silmon of Mt. Vernon and Anthony Smith of Waynesville, Ohio would like to announce their engagement. The wedding will be an event of January 6, 1996. Christina is the daughter of Cathy Silmon of Mt. Vernon and Johnny Silmon of Malaysia. She is also the granddaughter of Dean and Lu Ed Nielsen of Mt. Vernon and Doyle Silmon and the late Helen Silmon of Louisiana. Christina is a 1992 graduate of Rockcastle County High School and is currently attending Eastern Kentucky University. Tony is the son of Deborah Doyle of Waynesville and Randy Smith of Brandon, Florida. Tony is the grandson of Dick and Mable Campbell of Waynesville. Tony is a 1991 graduate of Waynesville High School and is currently employed by Monroe Mechanical, Inc.

**Quail News**

By Vivian Owens (delayed)

Urban Hamm visited his sister Mrs. Janie Mae Jones then stopped by to visit with Mrs. Jewel Albright and Tootie Tuesday.

Mrs. Isaac Blankenship and Mrs. Larry Todd visited Ruth Mink Sunday evening.

Mrs. Irene Brown and Mrs. Edith Thompson visited Mrs. Edna Caldwell Tuesday.

The family of Eivara Elder has our prayers and sympathy in the loss of their love one.

Coleman of Williamsburg visited her grandmother Mrs. Oma Mullins Saturday.

Mr. and Mrs. Jimmy Kersey and son Zachary of Hustonville spent Saturday night with her parents.

Mrs. and Mrs. Hubert Stephens of Louisville visited Mrs. Ruby Taylor Wednesday night.

day Friday evening at the home of his grandparents Mr. and Mrs. Delmas Bullock and Kristy. Others helping him celebrate were Sasha and Alvia Bullock and Mrs. Vivian Owens. They enjoyed cake and ice cream.

Mrs. Billy Miller and daughter Angie visited Mrs. Oma Mullins Friday afternoon.

Mrs. Grace Jackson and Mrs. Debbie Napier and daughters of East Bernstadt visited Mrs. Maggie Whitaker Saturday to help her celebrate her ninety first birthday. We wish her many more.

**Busy Bees Homemakers**

Busy Bees Homemakers held their first meeting of 1995 on January 10th. President Barbara Prator called the meeting to order and the devotional was given by Cecilia Renner.

Carolyn Gilbert, secretary of the club, took the roll call, which was answered by: A Goal For 1995. Last meeting minutes were then read. New business brought up was various community projects for the coming year.

The lesson for the month was titled Breakfast Makes a Difference. It's very important that we eat a good nutritious breakfast to start our day. Next meeting will be on February 14th, Valentine's Day, each member will bring a covered dish to share during refreshments.

**"Extension Report"**

(Cont. from A5)

Parenting, The Family Trends of the 90's and Home Safety.

**Leadership**

The County Homemakers Council continues to plan the

county-wide events and activities. The Council is made up of representatives from each club, as well as the county officers. The

Homemakers clubs have helped to collect 128 pints of blood through their sponsorship of 4 blood drives throughout the year. The

Homemakers also collected 259 pounds of can tabs to benefit summer camp for kids with cancer. Two new Extension Homemaker clubs were started this year in Mt. Vernon. The total number of active clubs within the county is six. The membership in December was 75 and has now risen to approximately 100 club and county-wide members.

Rockcastle County Homemakers have three members representing the county on the Area Council: Area President, Area Treasurer and Area Chairman for Family.

**EXTENSION 4-H PROGRAM**

~ 4-H is still the largest youth organization in the world. It addresses the need of helping young people become productive, self-directing and contributing members of our county, state and ~ In Rockcastle County, there are 1,930 youth participating in 4-H Programs through organization, enrichment, special projects and other 4-H events.

~ Special Interest Programs conducted in school classrooms, grades K-8, include: Breakfast Makes A Difference, Water As A Nutrient, Nutritious Snacks, Manners, Self-Esteem, Water Quality, Recycling, Kitchen Safety, Economics: Generic Vs. Name Brand Foods, Keeping Fit, Consumer Safety, Dangerous Look-A-Likes and the Broadhead School 4-H Breakfast Week. All of these classes were taught by Extension personnel.

~ 166 volunteer leaders volunteered their time with Rockcastle County youth as 4-H club leaders, camp leaders, judging team leaders, project leaders and council members.

~ 43 speeches were presented at the County Speech Contest while over 400 speeches were given in the county classrooms. 4-H works jointly with local teachers to make this program a success. 12 4-Hers' speeches went to the Wilderness Trail Area Contest and 1 4-H'er received Champion in his age category. These skills learned will last a lifetime.

~ 330 youth in Rockcastle County learned other communication skills in county events such as demonstrations, poster contest, variety show, fair exhibits, fashion revue, judging teams and record books.

~ 48 Rockcastle County youth attended 4-H Summer Camp 7 adults and teen leaders also attended camp to supervise the youth. Each youth learns different responsibilities as well as educational experiences that they can take back home.

~ 65 4-H members attended a first time 4-H Recognition Banquet at the County Extension Office. 4-

Hers were brought together from all elementary schools for a lunch and a recognition program awarding them for their accomplishments and hard work. Extension professionals prepared the meal and served cake and ice-cream to the youth.

~ 47 4-H'ers attended after school sewing projects at 4 elementary schools. 11 leaders also attended these sewing projects to help the 4-H'ers with their garments.

~ 20 4-H'ers participated in the State 4-H Fashion Revue. They modeled their garments they made in the after school sewing projects.

~ 3 youth participated in the State 4-H Horticulture Judging Contest at the Kentucky State Fair. 2 of these youth advanced on to participate in the National Horticulture Judging Contest in Biloxi, Mississippi.

~ 6 youth participated in the State Dairy Judging Contest at U.K. 2 Jr. members received top honor. 1 Sr. member placed 9th in High Individual, 1st in Oral Reasons, and was chosen to represent Kentucky on the National Team.

As part of this team, she attended the 1994 Pennsylvania All-American Judging Contest and traveled to Madison, Wisconsin for the National 4-H Dairy Judging Contest.

**EXTENSION COMMUNITY DEVELOPMENT PROGRAM**

Extension Agents serve on the Improvement Council, Fair Board and Interagency Committee. Also, the Homemakers' Clubs are very active in community improvement activities.

**Professional Improvement**

Extension Agents keep abreast of subject matter information through in-service trainings. Agents participate in State and National Association meetings.

**Reward offered for information**

A reward has been offered for information leading to the arrest and conviction of anyone involved in a break-in at Robbie's Antiques at Conway.

Deputy Sheriff Randall Reynolds said that anyone entered the shop by breaking in a back door sometime between midnight and 5 a.m. Wednesday morning.

The owner, Lorene Robinson has offered the \$100 reward.

Taken in the break-in was a cash register, two antique belt buckles, three knives and \$20 in cash.

Anyone with information should contact Deputy Reynolds at the sheriff's office.

**Classified deadline is NOON Tuesday**

*We try to put our patients at ease . . .*

Radiology has a unique function in the hospital. At Rockcastle Hospital, technology is the key to helping diagnose a disease or injury. But, it takes specially trained personnel to utilize this technology.

In the eight years I've been here, Radiology has changed dramatically. It's a much larger department now and we've added new diagnostic services, including mammography and our own CAT scanner.

When patients come in, they're often scared, so we we try to explain the procedure and answer their questions. We're like family here, we want our patients to be comfortable.

I think taking time to talk to each patient and being polite is important. "We really care about people at Rockcastle Hospital."

# Obituaries

## Lovell

Mrs. Penny Lovell, 48, of Livingston, died Jan. 29, 1995 near Livingston of an automobile accident.

She was born March 24, 1946 in Rockcastle County, the daughter of the late Benney and Marie Mullins Spivey. She was a member of the Baptist Faith.

Survivors are her husband, Bud Lovell of Livingston; five sons, Eddie Sturgill, James C. Morris and David Morris, all of Livingston, Chuck Lovell of Brodhead and Darroly Lovell of West Memphis, Ark.; four daughters, Miss Kellie Lovell of Livingston, Mrs. Tammy Jewell of West Memphis, Ark., Mrs. Karen Hicks of Fort Mead, Maryland and Miss Monica Lovell of Newton, Kan.; two brothers, J.B. and Bobby Spivey, both of Eaton, Ohio; seven sisters, Mrs. Adell Mullins and Mrs. Ann Miller both of East Bernstadt, Mrs. Lucille Taylor of Mason, Ohio, Mrs. Ruby Elaine Owens of Three Rivers, Mich., Mrs. Jeanne Griffin of Boca Raton, Fla., Mrs. Brenda DeLamaca of California and Miss Joan Spivey of London, and seven grandchildren. She was preceded in death by one brother.

Services will be Feb. 2 (today) at the Cox Funeral Home Chapel with Bro. James Head, Bentley Allen and Billy Medley officiating. Burial will be in Lovell Cemetery.

## Carpenter

Hughie Jack Carpenter, 87, of Livingston died Jan. 29, 1995 at Maymount Hospital in London.

He was the son of the late Jack and Rosie Sandlin Carpenter and a minister of the Pentecostal faith. He was preceded in death by his first wife, Erle Carpenter.

Survivors include six children from this marriage; Rosie Boggs and Reba Russell of London, Floyd Carpenter of Miamisburg, Ohio, Jasper Carpenter of Livingston and Sherman Carpenter of Union, Ohio. He was later married to Ida Mae Jones, who survives. He is survived by 12 children from this marriage, Raymond and Charles Carpenter of Orange City, Florida, Teresa Allen of Fort Wayne, Indiana, Deloris McIntosh of Lexington, Irene Barrett of London, Ellen Lamb of Waynesville, Ohio, Jack Carpenter of Somerset, Harold Carpenter of Dayton, Ohio, Billy Joe Carpenter and Bentley Carpenter of Livingston, Sue Gald of Berea and Linda Kay Alexander of Big Hill. He is also survived by two sisters, Melva Lear of Richmond and Mae Jones of Richmond, Indiana.

Hughie was blessed with 50 grand children, 41 great grandchild and one great great grandchild. Services were February 1 at the Pine Hill Holiness Church with Revs. Thea Wilder, Bobby and Allen Hensley officiating. Burial was in Carpenter Cemetery in McKee. Lakes Funeral Home in McKee was in charge of arrangements.

This obituary courtesy of Dowell and Martin Funeral Home.

## Baker

Mrs. Audrey A. Baker, 73, of Brodhead, died Jan. 30, 1995 at the Rockcastle Hospital.

She was born Jan. 10, 1922 in Laurel County, the daughter of the late Henry and Florence Green Patton. She had been a businesswoman, a member of the Order of the Eastern Star of Livingston, the Daughters of the Nile of Akeley Temple of Lexington and was a member of the Baptist Church.

Survivors are a son, Henry "Monty" Baker of Brodhead; four grandchildren, Christopher M. Baker, Carol G. Baker, William Westley Baker and Amy Baker; one great grandchild, Zachary Baker; three brothers, Charles Patton of Somerset, Horace Patton of East Bernstadt, and Terry Patton of Live Oaks, Fla. She was preceded in death by one son, Larry Baker, her husband, Monroe Baker and a sister, Geraldine Watkins.

Services will be held Feb. 3 at 11 a.m. at the Cox Funeral Home Chapel with Rev. Harvey Penso officiating. Burial will follow in the Elmwood Cemetery.

Friends may call at the funeral home from 6 p.m. to 9 p.m. Thursday.

## Smith

Mrs. Nellie Smith, 77, of Cynthia, died Saturday, January 28, 1995 at Harrison Memorial Hospital.

She was a native of Rockcastle County, a member of Irvingville Baptist Church and worked for the Clay Seed Company in Carlisle. Survivors include her husband, Joe A. Smith; a son, Danny W. Smith, Lexington; two sisters, Mary Durham, Crab Orchard and Hazel Mullins, Mt. Vernon.

Services were Feb. 1 at Whaley-McCarthy Funeral Home in Cynthia, with Revs. Thomas R. Moore and Wilson Mathes officiating. Burial was in Battle Grove Cemetery.

Pallbearers were Bobby Webb, Jerry Nichols, Charles Keith Smith, Elbert Smith, Jonathan Smith and Jason Smith.

Honorary pallbearers were Alma Smith, Mayme Brunker, Roger Durham, David Shroat, Jeff Doyle, Vivian Richardson, Suzanne Thacker, Anna Sue Nichols.

This obituary courtesy of the Dowell and Martin Funeral Home.

## Delph

John L. Delph, 72, of Cincinnati, Ohio and formerly of Rockcastle County, died Sunday, Jan. 29, 1995 at the V.A. Medical Center in Cincinnati, Ohio after an illness of several months.

He was born May 6, 1922 in Harlan County, the son of Charlie C. and Ella Hampton Delph and a member

of Staggs Creek Baptist Church.

Survivors include his wife, Vera Delph of Cincinnati, Ohio; a son, George "Eddie" Delph of Brodhead; three daughters, Laura Grace Mason and Lorolla DeBord of Mt. Vernon and Johnetta Farthing of Coldiron, Ky.; four sisters, Cordelia "Pat" Staubum of Live Oak, Fla., Charleen Jenkins of Mt. Vernon, Rella Taylor of Cincinnati, Ohio and Helen Jenkins of Brooklyn, Michigan; 21 grandchildren and 24 great grandchildren.

He was preceded in death by his first wife, Laura Mae Hayer Delph, his parents, one brother, one sister, one daughter, a grandson, one granddaughter and one great grandson.

Services will be Thursday, Feb. 2 at 11 a.m. at Hodapp Funeral Home, 7401 Vine St., Cincinnati, OH. Burial will be in Spring Grove Cemetery in Cincinnati, Ohio.

## O'Mara

James O'Mara, 81, of Berea, died Friday January 27, 1995 at the Berea Hospital after a long illness.

He was born March 4, 1913, in Rockcastle County, the son of the late Thomas Coyle and Lelia Mae Lovell O'Mara. He was a retired Home Supply Salesman and a member of the Christian faith.

Survivors are a son, Joe Lovell O'Mara of Loveland, Ohio; two daughters, Mrs. Patricia Boneta of Louisville, and Mrs. James Charlotte Vansant of Wilmington, Ohio; two brothers, Tom C. O'Mara of Roanoke, Va. and Robert M. O'Mara of Fort Myers, Fla.; a sister, Mrs. Marguerite McDaniel of St. Petersburg, Fla. eight grandchildren and eight great grandchildren.

He was preceded in death by a brother and by a grandchild.

Services were Jan. 31 at the Cox Funeral Home Chapel with Bro. Harvey Penso officiating. Burial was in Elmwood Cemetery.

Pallbearers were Luis Boneta, Russell Gooden, Joe O'Mara, Shaan O'Mara, Bill O'Mara, Bill Dixon, Josh Vanzant.

Honorary pallbearer was Johnny Dees.

## Owens

Chester H. Owens, husband of the late Emma Thompson Owens, died Sunday, Jan. 29, 1995 in Knoxville, Tenn.

He was born July 14, 1909 in Rockcastle County.

Survivors include a son, Charlie E. Owens of Indianapolis, Ind.; a daughter, Mary Jane Crawford also of Knoxville, Tenn.; two sisters, Nettie Wilcox and Lena Sowder.

Services were Tuesday, Jan. 31 at the Vorhis Funeral Home in Cincinnati. Burial was in Reading Cemetery.

This obituary courtesy of Cox Funeral Home.

## In memory of Liddle Reppert who passed away Feb., 1975

With tears I saw you sinking, And watched you fade away, It broke my heart to lose you

I wanted you to stay, But when I saw you sleeping so peaceful, free from pain How could I wish you back to suffer that again.

It broke my heart to lose you, But you didn't go alone.

For part of me went with you the day God took you home, A million times I've needed you, a million times I've cried If love could have saved you

mom you never would have died. Things we feel most deeply are the hardest things to say, My dearest mom, I love you in a very special way.

If I could have one lifetime wish, one dream that could come true, I'd pray to God with all my heart for yesterday and you. We Love You -Your Children-

## CARDS OF THANKS

We the family of Roger Eugene Wilson would like to thank everyone for their love, understanding and kind words in our time of sorrow. We also would like to thank everyone for the flowers and food that was sent. A special thank you to Watson's Funeral Home, Rev. Charles Shivel and Barbara Faulkner. From the family of Roger Eugene Shivel 18x1

The family of Jesse Clifford would like to thank everyone for their love and kindness during the loss of our loved one. Special thanks to Rockcastle Hospital and staff, Central Baptist Hospital, Dowell and Martin Funeral Home, to everyone who brought food and flowers, Estill Clifford for the wonderful service, also his wife Ann for her love and kindness, and

## Gurney Norman stories dramatized on KET

Night Ride and Fat Menore, acclaimed films based on short stories from Kentucky author Gurney Norman's book *Kinfolk* (Gnomon Press, Frankfort) debut on KET at 9 p.m. Monday, February 6. The films were produced and directed by Andy Garrison, an independent filmmaker from Whitesburg.

## Obituaries courtesy of area funeral homes

## YOUR FAITH CAN HELP YOU OVERCOME YOUR BAD HABITS

Because of the stresses of your hectic life, like many of us you may have fallen into the trap of smoking, alcohol or some other substance, and weren't even aware that you had become addicted. This can jeopardize your job, your marriage, your health, and even your life and the lives of others, besides being a big waste of money and a terrible example for your children. But take heart, you can quit if you really want to. Go to a treatment center if you like, but perhaps you don't really need one. It will be hard at first, but it will get easier. Just keep busy, and think of how nice it will be to get rid of that dependency. Also, turn to your House of Worship. It can be a real source of help in straightening out your life.

*All habits gather by unseem degrees -- As brooks make rivers, rivers run to seas. --John Dryden*

*"And lead us not into temptation, but deliver us from evil..." --Matthew 6:13*

## Here's One Big Reason Why You Should Be In Church Next Week.

Your children. Whatever their ages, there's so much they can learn in church. Principles that will serve them well throughout life. And help them to be better human beings. Because our church is a place where positive life values find expression. Where the ordinary and the angelic are intertwined. Where the nature of life and the meaning of happiness are conveyed through simple yet profound Bible stories. That's why we're inviting you to join us on worship. So that your children can experience the love that only God can give. So please come. Whatever your age, there's hope that you might learn something too, because Jesus cares for you.

**Here's Hope**  
A Ministry of the Mt. Vernon Signal

## New social worker joins Hospice staff

Jennifer Koch, a graduate of Morehead State University's Social Work Program, has joined the Hospice team in Rockcastle County. Her experience includes completion of a student practicum with Hospice of the Bluegrass where she developed a "firm commitment to achieving the highest quality of care for Hospice patients and their families."

The second of ten children, Jennifer grew up in Bourbon County where as a high school student she was involved in a variety of community service activities. During her

college years, Jennifer was the recipient of numerous honors including the Bourbon General Hospital Five Year Achievement Award, Who's Who Among Students in American Universities and Colleges, and Outstanding Resident Advisor for 1992-93. She was also recognized as an outstanding peer educator in the area of stress management.

Jennifer began orientation with Hospice of the Kentucky River on December 19, 1994 and will officially begin her work in Rockcastle County on January 16, 1995.

Jennifer Koch

## Quail Homemakers

On January 16 at 7 p.m. the Quail Homemakers met at the home of Carolyn Brown. Fifteen members and two visitors were present. Our visitors were Renda Brown and Martha Hamm.

The roll was called by each person telling about a goal she had set for the new year. Some wanted to lose weight, others to have a better attitude at work, and most everyone would like to just do better in everyday.

The devotion was read by Lorene Lawrence. Our lesson was entitled, "The Importance of Eating a Good Breakfast."

Betty Lou Whitaker was the winner of the Bingo Game. Everyone enjoyed the delicious refreshments Carolyn had prepared. Our next meeting will be at Debbie Brown's, Feb. 20th. Any visitors will be welcomed.

## It's a Girl!

Connie L. and Homer L. Price of Crab Orchard are proud to announce the birth of their daughter, Adrianna Yvonne Price, born January 9, 1995 at Fort Logan Hospital in Stanford. She weighed 7 pounds 5.5 ounces and was 19 inches long.

Anna Rae Lovins of Stanford is the maternal grandmother and paternal grandparents James and Edith Price, Crab Orchard.

She was welcomed home by a sister Cassandra Marie, age 5.

## Births & Birthdays

Happy Birthday Randall, Ricky and Jack I love you all! Mom

Alyson Washburn celebrated her second birthday December 26. Alyson is the daughter of Sherry Creech Washburn. We had a wonderful birthday party and would like to thank everyone who came and shared in the fun! "Alyson, mommy loves you and hopes you had a great second birthday. You have made a wonderful difference in my life and I hope I make you happy by being your mom."

## It's a Boy!

Jo Ann and Albert Seals, of Conway, would like to announce the birth of their son, Albert Franklin Seals born January 13, 1995 at 9:06 a.m. at Fuci Logan Hospital. He weighed 8 lbs. 8.2 ozs. and was 21 1/2 inches long. He was welcomed home by Michael, 8, James, 6 and Ashley, 5.

The newest members of the Kiwanis Club are Tony Hopkins and Greg Philbeck shown with their sponsors Geraldine Mize and Bev Rockwell following their induction Thursday, Jan. 26.

# Rockets get fourth win with 80-57 defeat of Pulaski Southwestern

Following losses to Whitley Co. and McCreary Central last week, the Rockets bounced back against the Pulaski Southwestern Warriors Tuesday night with an 80-57 win.

Friday night, Rockets center Gary Burns put 24 points through in the Rockets 87-63 loss to Whitley Co. The Colonels are a strong team and the Rockets couldn't stop a 15-0 run by them late in the first quarter after the score was tied at 7 all. Numerous turn-overs by the Rockets attributed to the run.

The Rockets made a mini-comeback in the second quarter behind some tough inside work by Gary Burns and Matt Baker, cutting the 11 point first quarter lead to seven at 19-26 but the Colonels then took command and went on to outscore the rockets 21-8 for the 47-27 half-time lead.

Whitley Co. had a better third quarter than the Rockets and extended their lead by five, 67-42.

Coch Coach Clayton Cash took advantage of the lopsided lead at the end of the third quarter to let several subs see action with nine Rockets getting into the scoring column.

Besides Burns, other Rockets scoring were: Baker and Eric McGuire with 11 each; Mark Carpenter, Corey Scott and Travis Anderkin, 4 each; Ken Hopkins 3; Lester Bullen 2 and Eddie Todd 1.

Saturday night, the Rockets traveled to McCreary Central to take on the Raiders who also had only three wins on the season. It should have been a tight game but it wasn't as the Rockets never did get into their rhythm and the Raiders were in sync all during the 77-57 rout.

The Raiders were led in scoring by freshman Bryan Carpenter with 18. Campbell does not play on the freshman or Jayvee team and was the leading scorer despite sitting out quite a bit of the game with early foul trouble.

The Raiders tied the score at seven all midway through the first quarter and then went on to score the next nine points in the period for a 16-7 lead at the first stop.

## Jayvees Lose Two

The Rocket Jayvees, 1-14 on the season, lost their last two games to McCreary Central, 56-34 and Pulaski Southwestern 63-52.

The Jayvees trailed by nine at the first quarter stop, 13-4 and, by seven at the half, 25-18. Then, in the third quarter, the Jayvees didn't find the basket, scoring only 3 points while the Jayvee Indians put 17 points through for a third quarter score of 42-21.

Eleven Rocket Jayvees scored in the game, none in double figures, with Adam Powell getting seven to lead the Rockets; Ronnie Vanant scored 5; Mark Carpenter 4; Matt Ford, John Brown, Billy Kirby and Travis Anderkin, 3 each; Jon Pope and Jimmy Kidwell, 2 each and Bryan Bussell and Jon Adams, 1 each.

Tuesday night, it look for three quarters as if the Jayvees might chik up their second win of the season as the lead switched back and forth. The Rocket Jayvees were down by only three at the third quarter stop 38-35. However, in the fourth, the Warriors took control and outscored the Rockets 25-17 for the final 63-52.

Mark Carpenter and Adam Powell tied for scoring honors with 12 each; Jon Adams got 7; Ronnie Vanant and Matt Ford 6 each; Jon Pope got 5; Jimmy Kidwell and Billy Kirby 2 apiece.

## Freshmen now

11-1

The freshmen added two more wins last week to bring their season record to 11-1. Both wins came at the expense of McCreary Central and both were hard-fought wins.

Following Thursday night win, 54-42, the Rockets traveled to Whitley City and the outcome was the same with the Rocket freshmen missing throughout the game until center Blake Childress got a bucket to put the Rockets ahead 31-30 at the third quarter stop, capping a quarter in which the Rockets outscored the Raiders 14-8.

In the fourth quarter, the Rockets made good on 12 free throws, helping them to the 45-38 win.

The game was actually won by the freshmen at the free throw line, hitting on 23 out of 39 while the Raiders were only 2 for 5 chances in the game.

Childress led the scoring with 16 points, ten from the charity stripe; Dusty McClure got 11; Travis Anderkin scored 8, including six free (Cont. to 11)

The Rockets were outscored 16-7 in the second quarter; came back in the third by four, 19-15 but fell behind more in the fourth 24 to 30.

Burns again led the scoring with 14; Baker got 12; Scott got 11; Hopkins 10; McGuire 7 and Todd 3.

In the game, the Rockets made ten threes; were 7 for 15 from the free throw line and also made ten twos.

The Indians made only three threes but put 27 twos in and were 22 for 27 from the charity stripe.

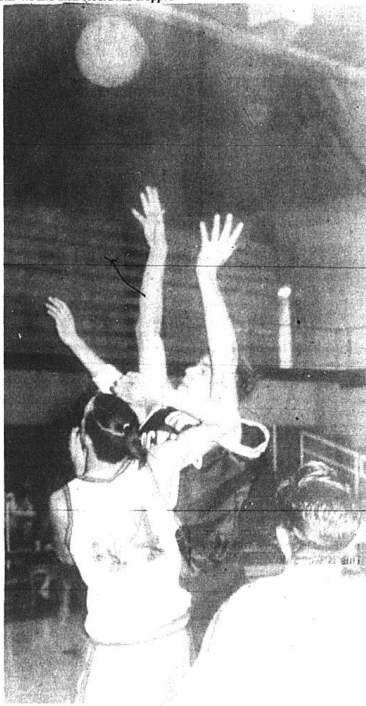

However, Tuesday night, a good contingent of Rocket fans traveled to Pulaski Southwestern and were rewarded by seeing the Rockets notch their fourth win of the season 80-57. The Warriors are playing shorthanded with the departure of three varsity starters and their record has dropped

to 5 and 9.

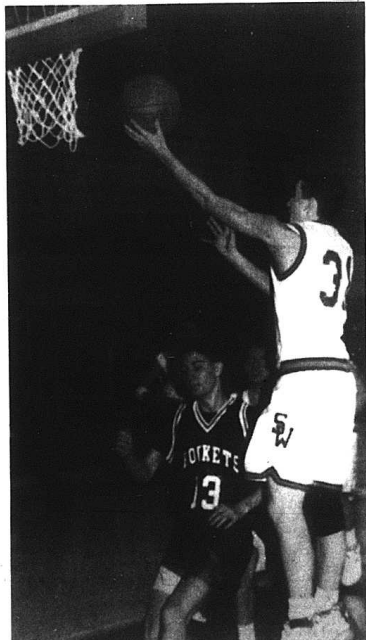

The Rockets, behind the great inside work of center Gary Burns and seven three (three by Ken Hopkins), were in control of the game from the outset, taking the lead at 9 to 6 in the first quarter and never looking back.

For the third game in a row, Burns led the scoring with 20; Eric McGuire got 18; Ken Hopkins 13; Corey Scott, getting a rare start, canned 8; Blake Childress came off the bench to score 5; Todd got 4; Carpenter, Dusty McClure and Adam Powell scored 2 each. Thirteen Rockets saw action in the game.

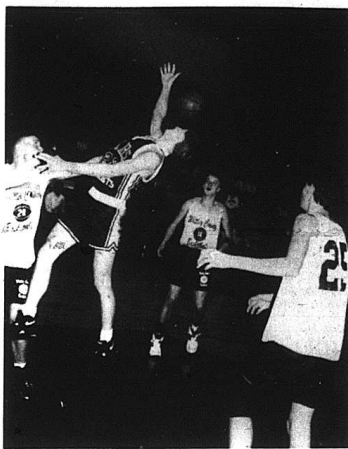

This Friday night, the Rockets and Lady Rockets hosts North Laurel in a season rapidly drawing to a close.

Junior center Gary Burns goes for the goal in heavy action against the Warriors of Pulaski Southwestern Tuesday night when the Rockets got their fourth win of the season.

Jayvee Adam Powell tried unsuccessfully to ward off a Jayvee Warrior in the first game Tuesday night. The Jayvees played valiantly but couldn't cope with a fourth quarter run by the Warriors.

Sophomore Matt Ford tries hard for a rebound in action at Whitley Co. recently. The Jayvees have played hard all year long but have not been able to get on a winning track.

Freshman Dusty McClure heads out on offense against the McCreary Co. Raiders. The freshmen defeated the Raiders twice last week and only have three games remaining in their regular season.

# Middle School 8th graders post 19th win with 62-41 defeat of Danville

Thirteen eighth-graders got in the scoring column in the RCMS's 62-41 win over Danville last Thursday night.

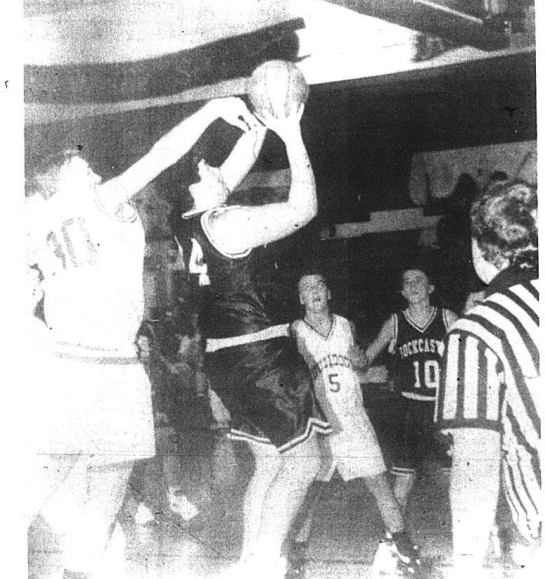

The Rockets were only ahead by five points at the end of the first quarter but played both ends of the game well in the second to outscore Danville 14-3 for a 30-14 lead at the half.

five points to their lead in the third quarter and played even in the fourth when Coach Cogger got to insert his bench for some playing experience.

Seven Bradley led the scoring for the Rockets with 11 points; Layne Nicely was next with 9; Andy Hale and William Bryant got 8 each; Andrew Carrera scored 7; Josh Martin 6; J.J. Bowles, Josh Bishop, Shawn

Scalf, Jeremy Martin, Andrew Cash and Jacob Burdette, 2 each and Mark Proctor 1.

The Middle School 8th graders are now 19-5 on the season and will play their last home game of the season this Thursday night against Southwestern Pulaski. All three teams will play, beginning at 5 p.m., and (Cont. to 11)

8th grade center Josh Martin goes to the basket with a Bulldog defender trying for the block in action last Thursday night at the Middle School.

## Junior Pro Round-up

Rockcastle County Jr. Pro offered up another exciting day of basketball action this past week at BES, as the Training and Varsity Division regular season titles were decided and a four-way first place tie was halved in the JV Division. This week, the Junior Varsity regular season championship will be decided as the season finales are played. In addition, the Training Division tournament will be held. It should be a super day of basketball action, so please come out and support the young Rockets of the future. The games this week will be played at BES. The results of last Saturday's games are as follows:

### Varsity Division (11-13 year olds)

**Magic 12 Warriors 18**  
The Magic edged out the Warriors for second place in the Varsity Division with a tense, hard-fought win. Derrick Bussell led a balanced Magic scoring attack with 5 points, while Shea Davidson, Thomas Coffey, and Zach Pennis had 4 apiece and David Rowe 2. The Warriors were paced by Greg Harper who hit for 4 points, while JJ Bowles contributed 3.

### Hornets 31 Warriors 24

The Hornets finished with an unbeaten record and officially captured the Varsity Division title. James "Bubba" Hayes again led the way with 14 points and several rebounds, while his younger brother Paul fired in 9 points and Jeremy Neely 8. For the Warriors, Jarrod Burdette led the way with 6 points, while Greg Harper hit for 4 points and Josh Lyons 3. Junior Varsity Division (9-11 year olds)

### Suns 35 Wildcats 20

The Suns picked up the win by taming a good Wildcat club behind a strong team effort. Kris Linville led the scoring effort with 19 points, while pairing with rebounding enforcer William Blair to dominate the glass. Adam Childress stepped up with an outstanding overall game that was highlighted by 9 points, several assists, and strong defense. Despite being in foul trouble, PJ Rowe again led the way for the Wildcats as he had 10 points and several steals. Jason Reynolds added 4 points for the Wildcats.

### Rockets 26 Lakers 23

The Rockets would not be denied in this battle for first place. The Lakers optimized their offensive attack with the tough inside-outside combination of Andrew Hammond and Chris Seales, who hit for 13 and 10 points respectively. However, it was not (Cont. to 11)

**K-Cab Company of Berea has been branching out and they have arrived in Mt. Vernon this week to open an office behind Carter's Market, next to Jerry's Laundromat. K-Cab is an old company in Berea, it has been in business since 1944 and is now owned by Richard and Dora Burchett, who have owned K-Cab since June of 1994. K-Cab's local phone number is 256-9161 and they offer local and out of town trips, senior citizen discounts, food delivery and medicine delivery. K-Cab fairs will be based on zones and time traveled.**

## AV/TV class begins at RCHS

Rockcastle County High School is entering its second semester of the first year in the new facility. Among the many new implementations which are constantly occurring at RCHS is the beginning of an audio-visual/television/broadcasting class. This class is the culmination of an undertaking begun by James Cox, Assistant Principal. The purpose of this class is two fold: first, allow students access to training in a real-life experience in this type media and secondly, to increase knowledge and communication from the high school to the community.

Since Rockcastle County does not have any commercial television stations, the opportunity to access the community through television would need to be through the local TV cable services (Falcon, Lewis and Wilcop). Contacts were made with each of these companies during the fall of 1994 and commitments were received for access to cable channels on a limited basis. The next step was to establish a group of students with a facilitator at the high school to begin the endeavor. This came about when the Principles of Technology (PT) class was unable to be taught and this new class was substituted with Mr. Otis Prater facilitating.

Associated activities and resources which have been established for this class are numerous: Ms. Mary Dean, Associate Commissioner (KDE), indicated she would bring a team from KET to assist in training the students. This information was shared at one of the many National Alliance for Restructuring education meetings that the high school has been involved with.

Representatives from Lewis and Wilcop Cable Companies expressed a desire to share in providing free cable access when the programs were produced.

Falcon cable Regional manager, Roy Baker, met with RCHS and

District representatives in November and expressed his company's interest and excitement for assisting in educational activities. During the meeting Mr. Baker informed the group that Falcon Cable contributes thousands of dollars annually to schools through cable broadcasting time and donating AV equipment. He indicated at that time the same would be done for RCHS by providing access to channel 19 on the Falcon Cable, donating a 25 inch color television/VCR, as well as providing literature for the Cable in the Classroom news program.

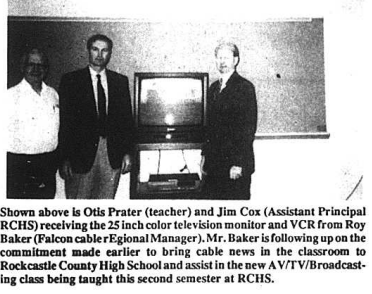

Others expressing a willingness to collaborate with Mr. Prater in this program: R.V. Vanzant (Technology Education), Ms. Nancy Mullins (Journalism), Ms. Janice Miller (Counselor), Ms. Connie Riddle (Public Engagement/News Teacher), Ms. Patty Himes (HS/AVC Applied Communications Teacher), Ms. Barbara Hiatt (AV/Media Specialist) and Alan Penson (District Art Coordinator). Scott Staton, former RCHS student, WYMT Mountain News television station anchor-person and now youth minister at the Bible Baptist Church has offered his expertise to ensure the success of this program.

The class has three goals to measure the success of this new class and they are:

- One broadcast on Channel 27's "News 101" program.
- Mr. Cox is very excited about the beginning of this class and the potential it brings, not only to the high school but to the community at large.
- Several challenges still confront the team assembled to meet the established goals, but these can be conquered through the cooperative team-

work abilities brought by each of the members. If there are any individuals in the community having some expertise and willingness to contribute knowledge, time and energy to this program contact Mr. Cox at the high school, 256-4816.

District representatives in November and expressed his company's interest and excitement for assisting in educational activities. During the meeting Mr. Baker informed the group that Falcon Cable contributes thousands of dollars annually to schools through cable broadcasting time and donating AV equipment. He indicated at that time the same would be done for RCHS by providing access to channel 19 on the Falcon Cable, donating a 25 inch color television/VCR, as well as providing literature for the Cable in the Classroom news program.

Shown above is Otis Prater (teacher) and Jim Cox (Assistant Principal RCHS) receiving the 25 inch color television monitor and VCR from Roy Baker (Falcon cable Regional Manager). Mr. Baker is following up on the commitment made earlier to bring cable news in the classroom to Rockcastle County High School and assist in the new AV/Television/broadcasting class being taught this second semester at RCHS.

recent publication an attempt was made to acquaint readers and taxpayers how their money is budgeted and spent out of the Local Government Economic Assistance Fund (LGEA).

"It is from this fund that our county government provides support for a variety of programs to assist agencies giving services to people in Rockcastle County.

"Included in this fund, and a major portion of it, is money required by law to be reserved for public roads. This fund is not grant money, it is taxpayers money returned to the state based on a formula that takes into account total household tax base.

"Make no mistake about it, this fund has limited resources, which is why the Fiscal Court cannot possibly increase one agency's funding, such as for Senior Citizens, without lowering the money set aside for some other agency such as the fire departments.

"The Cumberland River Comprehensive Center bills our county to what amounts to \$10,000 over a four year period for program support. Although I agree with, and support, the efforts of this agency, its work with the mentally handicapped and those suffering from mental illness, as well as its education services, I do have reservations about giving that agency county funds for the following reasons:

"That agency has an extremely large operating budget; in some of the mental health agencies in the state they have been reprimanded for outlandish expenditures, perhaps not Cumberland River, but Cumberland River Comprehensive Center has made a practice to pay its executives and employees large bonuses from 10 percent each year above their normal salaries. It is on this point that I have a major difference of opinion.

"The way I see it, any agency that receives approximately 95 percent of its funding from taxpayer supported programs, such as this should not give its executives and employees bonuses at the taxpayers expense. And you wondered why health care costs are so high.

"If that agency feels obligated to give their employees more money, then let them do it through a bona-fide wage increase. And if that agency does not know how to do it, I offer a very simple suggestion, lower some executives' pay scale who have been getting that bonus in addition to their very high salaries. Perhaps then they could give their employees a raise and maintain a more stable workforce.

"This is why I do not feel compelled to give that agency county funds. Why should some of Rockcastle's money go to give those executives yet more pay."

"Fatal" (Cont. from front)

the Rockcastle Hospital.

Mrs. Mitchell and Reuben were reported in the intensive care unit at Knoxville, Reuben was in a seat belt at the time of the accident.

Family members reported that Miss Durbin is in critical condition, following reconstructive surgery on her face.

Mrs. Morris, who is three months pregnant is doing much better according to family members.

"Comp Care" (Cont. from front)

not inclined to help pay for the programs at the Rockcastle Comprehensive Care Center, east of Elmwood Cemetery.

"Taxpayer's money must not be used to give high-paid executives a bonus, the judge said. "And I won't do it as long as I have anything to say about it."

"Why should I, as County Judge/Executive, be interested in how any agency conducts its business? I will not give our county's money away simply because it might have been the practice of the past.

The building that houses Rockcastle Comprehensive Care was erected in 1988. The program has 20 full and part-time employees. The area budget is about 8 million dollars annually for 11 centers, Rockcastle County's budget is 1.5 million dollars.

At one time, Rockcastle funded the program \$10,000 over 4 years. Judge/Executive Hubert Theader did not. Judge/Executive Roland Mullins did. It was being funded when Judge Carlouf went into office but he cut the money off.

The judge said in a prepared statement this week: "While I support the work of such agencies, please permit me the right to disagree with their methods of handling public funds. If they are going to ask our county for funding, then I retain the right to question how they will use our taxpayer's money, and I will not apologize for taking this stand."

The statement continued: "In a

"Middle School" (Cont. from A10)

parents of 8th grade ballplayers and cheerleaders will be honored between the 7th and 8th grade game.

The 7th grade team, now 8-13 on the year, also took the measure of Danville 65-40. Again, 11 players got in the scoring column for the 7th grade with 6th grader Chris Parsons leading the scoring with 12 points; Jacob Burdette was next with 10; Andrew Cash, Daniel Morgan and Matt Brown, 9 each; Robert Clark got 5; Jason Proctor 4 and John Renner, Steve Robinson, Neal Childress and Nick Leger, 2 each.

"Freshmen" (Cont. from A10)

throws; Chris Miller, who hustled constantly, stealing the ball, crashing the boards and just generally making a nuisance of himself to the Raiders, also scored 8 and John Brown got 2.

This Thursday night, the freshmen will host Richmond Model and Monday night will travel to Patsisk Co. for a rematch of a game which resulted in a one-point victory for the Rockets in the first game. The freshmen will wind up their regular season next Thursday night when they host Whitley Co., the only team to own a victory over the freshmen this year.

"Freshmen" (Cont. from A10)

Wolves knocked heads like a pair of heavyweights in this intense contest. Players on both teams hustled and fought for every loose ball and rebound, but the Hornets proved to be too much for the T-Wolves on this particular day. Colby Brown led the attack for the Hornets with 6 points and Nicholas Williams added 2 to pace the Hornets to the Division championship. Max Saylor led the runner-up T-Wolves with 2.

Bulls 13 Magic 10

The short-handed Bulls, who had four players out with an assortment of illnesses, played an inspired game to eliminate the Magic's hopes for a first place tie. The Bulls put in a great team defensive and rebounding effort, were led by their ace young point guard Matthew Silcox who pumped in 13 points and played a flawless floor game. Jonas Adams led the way for the Magic with 4 points.

**Brown indicted for non-support**

A Crab Orchard man who was indicted in October for failure to support his minor children, was finally arrested last week and lodged in the Rockcastle County jail.

Jack Brown Simpson, 54, of Hwy. 39, is charged with non-support of his children over a 14 year period.

He pled not guilty Friday in circuit court and was returned to the Rockcastle County Jail after he failed to post bond.

A public defender is being appointed to Simpson's case while he awaits further court proceedings.

**Classified deadline is noon Tuesday**

Police said it appeared the Mitchell vehicle crossed a yellow line and struck the Lovell car.

The Lovell car was going north on U.S. 25 and the Mitchell car was going south.

It was the second auto death in Rockcastle in 1995.

"Jr. Pro" (Cont. from A10)

enough against a fired-up Rocket team that was led by Josh Hale with 16 points and several steals, and his running mate John Bray who contributed 7 points and a strong defense.

Hornets 26 Celtics 21

The Hornets high octane perimeter offense was in fourth gear Saturday as they meet past a stubborn Celtic squad and into a first place tie with the Rockets headed into this week's finale. Devin Taylor, Aaron Cash, and Austin Miller hit for 11, 3 and 6 points respectively for the Hornets.

Meanwhile, Brandon McIntosh put in a very strong performance for the Celtics with 9 points and several assists. Aaron Anderkin added 8 points on offense and a never say die attitude to lead on defense for the Celtics.

Training Division (7-8 year olds)

Hornets 8 Timberwolves 2

The regular season championship was on the line as the Hornets and T-Wolves knocked heads like a pair of heavyweights in this intense contest. Players on both teams hustled and fought for every loose ball and rebound, but the Hornets proved to be too much for the T-Wolves on this particular day. Colby Brown led the attack for the Hornets with 6 points and Nicholas Williams added 2 to pace the Hornets to the Division championship. Max Saylor led the runner-up T-Wolves with 2.

Bulls 13 Magic 10

The short-handed Bulls, who had four players out with an assortment of illnesses, played an inspired game to eliminate the Magic's hopes for a first place tie. The Bulls put in a great team defensive and rebounding effort, were led by their ace young point guard Matthew Silcox who pumped in 13 points and played a flawless floor game. Jonas Adams led the way for the Magic with 4 points.

**To the People of Rockcastle County,**

I would like to announce my candidacy for the office of P.V.A.

I grew up on a farm in the Orlando section, helping the family make a living. I graduated in 1972 from Livingston High School and have worked at almost everything, from ditch digging to aircraft electrician and have done my best at all of them.

I have prepared taxes for people for the past 22 years and, according to the deputy P.V.A., made the highest score on the P.V.A. test of all the applicants. So, I feel I can do the job I seek of P.V.A. of Rockcastle Co.

My wife, Edna Jearl Doan Bullock, works as a cook at Rockcastle County High School where our daughter, Nikki, attends. Many people know my father, Glyn Bullock and my sister, Dr. Karen Saylor, and how hard they have worked at what they do. I am the same way and will work hard for you in this office and will help in any way I can.

I would appreciate your support and your vote in the May Republican Primary.

Thank you,  
**Doug Bullock**

Pd. for by Doug Bullock

someone is unable to cook himself a meal on the days of training that there is a good restaurant in town and he could purchase a sandwich. The person who complained is not ambulatory and also drives a car and I don't feel that missing a meal will be an extreme hardship on him. Thanks again to the people who work at the Livingston Senior Citizens Center.

Paul Owens  
Livingston

Dear Editor,  
Enclosed is my check for twenty dollars. You are requested to accept the proceeds of this check to cover the cost of renewal for whatever length of time may be appropriate.

On the basis of omission of possible news items, as well as in the writing of some of your columnists, I am under the assumption that the geographical boundaries of Rockcastle County have been changed so as to exclude that area north and west of Mareburg.

In the late twenties and early thirties Rockcastle County extended to a concrete bridge over the L&N railroad on highway 150. The area north of the bridge was Lincoln County.

The bridge is the site where a car occupied by Bill Rash and "Mouse" Payne became airborne. This phenomenon resulted in the untimely death of both of these fine young men, sadly missed by relatives and friends.

Yours truly,  
Lloyd D. Murphy

## Our Readers Write

Dear Editor,

In response to some of the comments last week of some Senior Citizens Volunteers of Mt. Vernon and all counties that give their time of charge. If you got paid for two days a month in training, it would include you.

I'm referring to people in official appointed jobs that take two days plus holidays off while the program was started for at least one hot meal a day for above.

Take two days a month off and get paid for training, plus holidays, the elderly, handicapped, needy don't receive what the program was intended. Take a year of two days a month makes 24 days without lunch. Then add holidays.

And I don't like when the needy get taken and people being paid for service not rendered. What do the needy, handicapped, elderly get out of all this?

Don Rice  
Livingston

Dear Editor,

This letter is in response to the letter in last week's paper complaining about the ladies at Livingston Senior Citizens having training every last month. Usually they only have training one day a month. They are trained in CPR and first aid and also homemaking classes. The training is important and could even save the life of the one who complained if he should choke on the food being served or have a cardiac arrest.

The lady at Senior Citizens also cooks soup and sandwiches on the days that the food truck does not come from Corbin and this she does voluntarily as it is not required.

The Senior Citizens of Livingston are very appreciative of the meals that are provided and feel that she does an excellent job. I feel that there should be less complaining and if

Dear Editor,

Recently, Father Edmund McCaffrey spoke on the new Catechism of the Catholic Church at Christ the King Cathedral in Lexington. Father McCaffrey is former Abbot Ordinary of Belmont Abby. He has a doctorate of Philosophy in Political Science and is a writer, lecturer, exponent of Marian devotion and spiritual director of several Roman Catholic organizations.

Father McCaffrey spoke in strong, gentle, fatherly defense of the church. He said that some will say that Jesus's commandments and the teachings of the church are harsh and restrictive, but they are not and every command has a positive side. These commandments, when we keep the, will enhance spiritual joy and happiness and will lead to eternal life. He warned that if we neglect them, we are anarchy-individual, spiritual and the common good is undermined.

Rebellion, dissent from authentic church authority, always carries with it, I think, an air of intellectual pride. Father McCaffrey spoke brightly in the virtue of humility when he said that as Catholics we have an obligation to know the faith and to accept it without compromise or watering down.

Father McCaffrey stated that the Catechism will clarify the true teachings of the church, will be a beacon to

Setting the Country

It's hard to believe that January has come and gone but here we are into February. We have certainly been blessed with a mild winter so far. Of course February may surprise us like it did last year but spring can't be far off after this month. I think most people were more prepared for a bad winter and it is better to be prepared than the way a lot of us were caught without fuel etc. We have a fireplace but it didn't help without wood. We did get a stack of wood this year and if we don't need it by spring, we'll just burn it for the pleasure of sitting by an open fire and not for the heat.

This is a good time to be planning for the gardens that we'll have in the spring. We have a good number of seed catalogs for our patrons to use and a lot of excellent books on gardening, both vegetables and flowers. Most of us are really too busy in the spring doing the actual work in the garden, so now is an excellent time to select the different varieties of seed, finding the correct time for sowing the seed and setting out plants. Come and look at the good selection of books, magazines and other materials that are available on gardening.

Also, I'm sure a lot of you are interested in feeding the birds this winter. We have a lot of good books on bird watching, making feeders and houses, and selecting the right feed for all the different birds. I haven't had a problem with getting the right feed though. We have at least fifteen different species of birds coming to our feeders at home and they all seem to like sunflower seed. I have been buying 50 pound of seed every two weeks. If they like other seed any better, I wouldn't be able to feed them. I have five feeders outside and I fill them every morning. I really enjoy the birds even though I don't have a lot of time to watch them but I can see three of the feeders from my kitchen window and when I am preparing a meal or washing dishes, I enjoy them. I especially like the Cardinals. Sometimes there will be four or five pair of them eating early in the morning or late at night. Hopefully we will be able to help you select a good bird book. Perhaps you need one that identifies the different birds.

I have just bought two new ones that help in making feeders and houses and one that has more than five hundred full color photographs and illustrations of North American birds. Some new fiction books available are... *The Proud and the Free* by Janet Dailey... *Vivacious* Temple Gordon was raised on a grand southern plantation. The sassy outspoken belle has known only luxury and laughter. But in truth no matter how elegant the Glen Gordon estate is, they are both Cherokee. Although Temple's father, Will, has attended the finest eastern school, the proud Gordons share a mixed Scot and Native American heritage. By 1830, their graceful life begins to shatter. Gangs of Georgia vigilantes roam the roads, treaties have been broken and trouble rumbles ever closer.

And Temple's finance' Reckles, dangerously seductive "The Blade" Stuart, knows the old ways Temple so dearly loves are coming to an end. Like Janet Dailey's beloved Calder family series, *The Proud and the Free* vividly depicts a passionate family

and a tumultuous era. This superbly written epic, set in the Cherokee nation on the eve of the Trail of Tears, re-creates days of shame and courage and the lives of men and women we will never forget.

2. *Acceptable Risk* by Robin Cook... From the best-selling doctor who's high voltage thrillers regularly quicker reader's pulses, comes a harrowing tale of greed, abandoned ethics, and ambition run awry in the newest era of medical intervention: cosmetic psychopharmacology.

Prozac-like drugs are being prescribed not only for their original purposes but to alter individual personalities to currently valued norms. With dead-on accuracy and the precision of tomorrow's headlines, Robin Cook explores the perilous intersection where fame and unfathomable lucre waylay and seduce the very best and brightest of those sworn to do no harm.

When neuroscientist Edward Armstrong begins dating Kimberley Stewart, a descendant of a woman who was hanged as a witch at the time of the Salem witch trials, he takes advantage of the opportunity to delve into a pet theory that the "devil" in Salem in 1692 had been a hallucinogenic drug inadvertently consumed with mold-tainted grain. In an attempt to prove his theory, Edward grows the mold he believes responsible from samples taken from the Stewart estate. In a brilliant designed-drum transformation, the position becomes Ultra, the next generation of antidepressants with truly startling therapeutic capabilities.

Once again, Robin Cook who invented high-tech horror has created a tantalizing medical thriller enriched by the disturbing ring of truth.

Some new non-fiction books are... 1. *Mountains of the Heart: A Natural History of the Appalachians*. 2. *Baseball: An Illustrated History*. 3. *The Gift of Dyslexia: Why Some Of The Smart People Can't Read And How They Can Learn*. 4. *After Cancer: A Guide To Your New Life*. 5. *Marketing Your Arts and Crafts*. Four new juvenile fictions available are... 1. *The Best School Year Ever* by Barbara Robinson... The Herdmans are the most famous kids at Woodrow Wilson School. In fact they are the most famous kids in the whole town—and they are the worst kids in the history of the world. They are dirty, rotten, lazy, and omert. They tell lies and smoke cigars and set fire to things. They stay away from school whenever they want to and won't learn anything when they are there.

Could there be something good come from this horrible clan? Barbara Robinson first introduced the unforgettable Herdmans in *The Best Christmas Pageant Ever*. Fans of this perennial favorite will not be disappointed by its equally hilarious, brilliant sequel.

2. *Really No Big Deal* by Margaret Bechard... Jonah Truman already has his hands full; it's bad enough that he's one of the shortest kids in the seventh grade, and that he can't get up enough nerve to say "hi" to a girl. It's even worse that he's trapped at every madcap kids' birthday party in town as part of his best friend's latest money-making scheme. But even the face-painting, goofy hats, and screaming kids are really no big deal com-

pared to his mom's latest news—she's dating Mr. Decker, the principle of Jonah's school. Even as Jonah tries to keep this a secret, hilarious events unfold that may bring him some romantic tangles of his own.

3. *Flour Babies* by Anne Fine... "It seems to me that if people had the faintest idea what a bother babies are, no one would ever have one." That's the consensus of the pupils of Room 8 at St. Boniface School after just eleven days of *The Great Flour Baby Experiment*. After eleven days of hauling around six-pound bags of flour with instructions to keep them dry, safe from ham, and absolutely mud-free, each and every boy in this classroom of underachievers is ready to boot his baby in the creek. Every boy except Simon Martin, that is. Simon, the biggest, laziest, and perhaps the least responsible of them

all, has taken a rare shine to his flour baby.

Never sentimental, always wise and funny, Anne Fine shows how one unforgettable misfit begins to learn something about himself, what is important to him, and how to find his own way in this world.

4. *A Llama In the Family* by Johanna Hurwitz... "There may be a big surprise when you get home from school," Adam's mother tells him. Adam's sure he's going to get a longed-for mountain bike to ride the hills near his Vermont home. But the surprise he gets has hooves, not handlebars. Enter Ethan Allen, star of Adam's mother's new llama-riding business.

Fans of Johanna Hurwitz's books will love this newest humorous action-filled story.
