High school receives bomb threat Friday

A bomb threat at Rockcastle County High School last Friday turned out to be just that, a threat. Rockcastle County High School principal Ronnie Cash said Tuesday that someone called the pay phone at the school and told students and one teacher, Angle Ponder, that a bomb would go off in the gymnasium at 3 p.m. Cash said the caller phoned at least three times threatening to set off

a bomb.

Cash said that he and his staff followed procedure and notified Kentucky State Police and Mt. Vernon City Police.

The principal said that staff members and maintenance people searched the school and even searched the roof for a bomb. He said that police recommended the search and told him that evacuation of the building was

his choice.

Cash said the building was evacuated a few minutes before the caller said the bomb would go off.

late Bessie "Maw" Cummins, who upon seeing an ocean for the first time and watching it "foll," turned to her son-in-law, Olin Godby, and asked, "Does it do that all the time?" Dearly beloved, I never thought the day would come when I'd say I enjoy being in "hot water" in hot maker, that is. I've been in the other kind of "hot water" many times. Sometimes because I was a pastor, and other times because I was naive certain! Je her her half wor one such stupid. Let me tell you one

or stupid. Let me tell you one such experience.

It was Nominating Committee time at a certain village church where I was a 'student pastor.' One church position to be filled was that of church plantst. The committee considered only two people, both in high school. One was a senior, the other a sophomore. The senior 'just knew' she would be nominated. But those of us on the committee knew the senior outly play "The Love of God" so superbly that no one could recognized it.

(This story took place before the advent of "contemporary Christian music," back when church music succeeding the country, and singers sang with their eyes opened.)
The sophomore was the unanimous choice of the committee. She played with her heart as well as the hands – and later graduated from the

in Boston.

Quite early on the day after the committee made its recommendations to the church and the church approved them all, I answered the telephone. It was the deacon father of the senior who wasn't selected.

"Boucher, we've not more 'maters'.

I told him it was a committee choice. But he fired back, "If you had pushed for Sussie, the committee would have goine along with it. So tell me, just between the two of us, what have you got against Sussie?"

Talk about naive and stupid. In those days I "reasoned" that the thing to do was to be 'up front' in everything. Be open. Be honest. Put your cards on the table, etc. (I'm still 'o-pen, 'which doesn't play too well with the tigh-li-upped.)

day she passed me in a curve – and had a big, long cigarette hanging out of her mouth! Can you justify putting someone like that on the church piano

Joe eventually got around to saying something like "Me and Alice are thinking about moving our member-ship somewhere else."

ship somewhere else.

That ploy rankled me no little bit, and I said something like "Do you want me to tell you bye now or later?" (Let's hear it for diplomacy!)

Later that week I apologized to Joe for the "now or later" statement, but

"To er is human; to forgive divine." Dear hearts, I learned a couple of things from that parish imbroglio first, the music department of a church is all too often the "war" department of a church is all too often the "war" department of a church. It almost makes you think that some congregations! and of musical instruments in worship is a good idea. Almost, I. say.... there could be a domptioned over who should lead singing. (I have a tale or two about that allso.)

The other thing I learned from my association with Oe and Alice is a tid-but of advice I pass along. If you are a church member, don't play "mind" games with your pasts of the has more discounted by the control of the control not for naming Martha as our pianist. My apology was in vain. The dye was cast. And I need not tell more, except to say that twenty years later Joe was openly bad-mouthing me in that church

How I wish I'd had more sen How I wish Id had more sense than to think Christians are open with each other. Some Christians can be truthful without falling out. (That's also true of some non-Christians.) And some do heed Paul's advice to confess your faults one to another without parting company. It doesn't take all my fingers to count those I've known who have actually done so.

I could not undo that tomato patch faux pas. And for the next two years at that church I stayed in "hot water." Joe and Alice saw to that. I, however, do remember something else about that incident: the encouragement I received from a handful of other memreceived from a nangui of other members, members who endured my pastoral goofs and clerical idiosyncrasics. They understood that I, like most pastors, was human. Pope was right: "To err is human; to forgive divine."

Dear hearts, I learned a couple of thing for the pastors, was human.

Today we find the liberal media, the liberal government, various humanistic organizations and social elite wishing that Christians, pro-lif-ers, family preservers and conserva-tives would just sit back and be silent. We see that their agenda is to sup-press and intimidate those who differ we see that their agenda is to sup-oress and intimidate those who differ with them. How did this agenda come to be? When did "one nation under God" decide it is radical or extreme to follow God's laws and command-ments. 93rd birthday

Amos Powell celebrated his 93rd birthday October 31, 1995 at the home of his son, Clyde Powell. Seven of his children and 28 grandchildren were present.

Love, Me

In Honor of our Parents,
Nathan Dave Westerfield and
Eliza Cotton Westerfield from their daughters
We thank you Dad and Momma for
being our parents. You all were the
sets and now you both an ear terst. Dad
you were so cool, with those eyes of
bue. I'm the image of you Moma,
with your eyes so brown. You were
always around. Daddy, you were so
quiet but that's all right. We love you
all so much. Dad you passed away
when I was a baby. i never knew you
but Momma kept your memory in my
heart so I feel like we never were
apart. Momma lived on for many
years. She missed Dad so bad. But
she made us happy. She brought us
up right. Always giving us good
advice. Momma told us the beautiful
words Daddy said. Oh, look what I
see. How beaufful Heaven must be.
I see the lights, they are coming for I see the lights, they are coming for me, Momma with a beautiful smile. I knew she wouldn't be back. She's one to meet Dad.

inciement weather, thanks to a 14-13 loss at home Friday night. The Boyle County Rebels, 10-2, knocked the Rockets, 10-2, out of the state high school football play-offs Friday night in front a stunned home

crowd.

Boyle County, who had been touted as the Rocket's toughest opponent of the season, showed why, Friday night as they came from behind to beat the favored Rockets.

The Rebels jumped on the Rockets in the first period taking a 7-0 lead on a six-yard run by Rebel runner

ets in the first period taking a 7-0 lead on a six-yard un by Rebel runner, David Moore. But, in usual Rocket fashion, they bounced back in a hurry to take a 13-7 halftime lead. Rockeastle scored on two touch-down runs by junior Jon Cromer. The first was a one yard run, followed by the extra point lick by Raymord Blackburn. The key score of the game was one that did not happen. After Cromer scored his second touchdown the quarter on a 10 yard run, Black-Cromer scored his second touchdown of the quarter on a 10 yard run, Blackburn's extra point kick was blocked. It would prove to be the fatab blow to the Rocket's season.

Cromer's second touchdown was set up by a mishandled Rebel puntatempt that gave the Rockets the ball on the 15 yard line.

The Rebels got the ball at the start of the third quarter and drove into Rocket territory. But cornerback Ronnie Vanzant picked off a Rebel pass to stop the drive and give the ball back to the Rockets.

Two offsides penalties against the Rebels on Rocket fourth down helped the hometown get within field goal range and still leading 13-7.

But the football was marked on he left hashmark, making Blackburn's attempt at the field come from an angle. The junior placekicker overcompensated just slightly on his attempt and the ball sailed to the right of the goal post, about two feet.

of the goal post, about two feet. The Rebels got the ball and drove it down the field on a 89 yard scoring drive that culminated in an eight yard touchdown pass. The Rebels added the extra point and had a 14-13 lead. The Rocket offense spalled in the court quarter and the Rebels held on for the victory.

The Rebels defense was the toughest the Rockets had faced all season long, made obvious by the

season long, made obvious by the fact that the Rockets leading rusher Jon Cromer gained only 58 yards on

21 carries.

Quarterback Jamie Linville also had a tough night throwing the ball completing on three of eighteen passes for 55 yards and two interceptions. A strong wind didn't help the passing game either.

Senior Neil Sparks had fifteen

yards on three carries and Dallas Rigsby and Jason Brown each had three yards on just one carry. Brown also had one catch, a spec-tacular one in the first half, for forty-eight yards. Jason Childress had one catch for two yards and John Ham-mond had one catch for its wards. d had one catch for six yards

All total the Rockets had just 135 yards of offense, their lowest total of the season. Boyle had 195.

Defensive lineman Eddie Todd, played probably his best game of the season Friday night with seven tack-les and assists, while linebacker Dallas Rigsby was in on fourteen tackles to lead the team.

Stevic Owens also played ex-tremely well from his defensive line-man position with eight tackles and assists.

assists.

Adam Browning, who played very consistent for the Rockets in his only season in the Blue and White, had six tackles and assists.

Neil Sparks played well as usual from his defensive end position, getting in on seven tackles.

Junior Slade Calhoun added three

tackles and David Coffey had five tackles and assists from his linebacker

Jason Childress was in on four ckles, Ronnie Vanzant assisted on to tackles and had one solo and the sy interception. Jarrod Singleton added two tack-

book plus postage and handling.

For those who are not familiar with the book, as the title suggests 'Rockcastle Recollections' is an early history of Rockcastle County as remembered and recounted by many early settlers and citizens of the county. The book also details much of the early development of Kentucky as a whole and the area which became Rockcastle County in particular; this was a subject on which Mr. Lair spent many years of research and study and history buffs will find to special interest. The book deals with such subjects as Rockcastle countiers' involvement in the wars of 1815; the American Revolution, Civil Way. Wolfd War I and the Alamo, as well as county statistics and officials, schools and churches, industries and professions and a list of some of the county "firsts." In addition, the book includes a biography of the author, John Lair, along with a sketch of his career as originator and developer of the Reinto Valley Bam Dance and Country Music Center, located in Rockcastle County, Kentucky

Tiny Tim Written by Goldie Emerick Clark to celebrate the birth of Brandon Joseph Young Brandon Joseph Young
Hi there! I'm Tiny Tim,
And who are you?
Do you live a-top Pill Hill too?
Where soft breezes blow
Where seldom I see much snow
My, oh my, what a thrill
To live a-top this great hill

There are wild flowers, Wild blackberries, Birds and trees. You will be enthralled With all these, And many, many more natural things.

Mv Mom's name is Stella -A bright shining star She knows the score Wherever you are

My Pop? Well, he keeps score too -No lazy bones can live A-top this great hill. So my bag is packed -I'm off to school!

Tim passes so fast ...
There is much to be learnedNew medicines, new pills
To cure all kind of ills!
Tim home at last ...
Dr. Tim!
My satchel is bulging-

I am ready to go. But the old car

Just won't go.

I'll fly over to Hannah's
Thoroughbred farm
There's her best horse
Standing by the big red barn door ...
Just waiting ...
He can run faster than a deer! Hannah is always willing to share I know she won't care!

Old man Jones is waiting At the head of the holler. He has bet his bottom dollar I'll bring this miracle pill To cure his every ill!

Today In Banking

Some "Straight Talk" On Banking Today... That Can Make Banking Better For You...

One Day At A Time

Achieving financial freedom is a tall order for anyone. It takes hard work, patience, and a whole lot of doing without.

Saving is one of those things that takes time before you really begin to see the progress that's being made. When you think of long term goals, such as attaining freedom financially, there is a tendency to lose sight of the fact that you reach the goal by doing the right thing on a day to day basis.

If you save every week, a geometric progression occurs by which you earn interest, and then you earn interest on the interest. With time this accelerates and before you know it, you've reached your goal - one day

Dear Editor,

I would like to address you on a problem I have with your newspaper. This problem has bothered me for quite sometime. I am a student at Rockeastle County High School. I am also a member of the RCHS Band. The RCHS Rockets seem to be the pride of the town right now. And why not, right? I mean they are the best team this side of Kentucky at least in my opinion. But, people in this town seem to ver look another this town seem to over look another sense of pride in the RCHS territory, the RCHS Band.

he RCHS Band.

I seem to notice that on Friday nights when the "Mighty Rockets" play, that there is always a photographer snapping touchdown passes, interceptions and massive tackles. And there is always a wonderful article of how the Rockets enshed the opposing team, Yet, Falso notice no recognition for the hard work the RCHS Band shows through our field shows during half time and the spirit lilled stand music we play during the cold quarters of the game.

Dear Editor, I was recently given the opportu-nity to accompany a group of Rock-castle County Middle School students to Louisvile and Frankfort, as a parto Lousvile and Frankfort, as a par-ent chaperone. The group of ap-proximately 70 middle schoolers are members of the school's "Y" Club. Their faculty advisor, Mrs. Nancy Hale, arranged for this large group of students to attend the 1995 Youth Assembly and Model Supreme Court Conference November 6 through November 8. The students partici-pated in a youth-in-government pro-gram designed to provide hands on experience in the executive, legisla-tive, and judicial branches of government. This was a tremendous learn-

ing experience for the students.

At this conference were 21 other schools from the state. I want to publicly commend our group of students for their superb behavior while

in attendance at this three-day event. Also, Mrs. Nancy Hale should be commended for her hard work and effort in supervising our students while at this conference. Mrs. Hale's while at this conference. Mrs. Hale's stamina, and her excitement about the experience transferred to our students and a wonderful time was had by all. The students discovered that learning, although hard work, can be fun. Thanks, Mrs. Hale, for your energy and level of commit-

ment to Rockcastle County Middle School students! Joyce Cum

A large broad-brimmed hat, dyed in an elusive mixture of colors, to produce a distinctive shade of pale gold, it was presented to Emily Pearson by her longtime friend and employer, Mabel Arkwright, with a little store in the West End of London. Emily eventually owned the business itself because her friend had come to rely on Emily more and more as time went by.

After Mrs. Arkwright's death, Emily exhausted by the extra work that had fallen on her shoulders and exasperated by Dr. Steve Montane, her late employer's physician, takes off to the south of France to stay at a hotel that had been warmly recom-mended by Mrs. Arkwright. It was 1880, and many fashionable guests were staying there. It is here that she

Rockcastle County Schools Plan for Inclement Weather/School Closings/Early Dismissals

effort will be made to keep parents and concerned citizens informed as to school closings, early dismissals and possibly a delay plan.

The number one concern is the safety of students. After an extensive evaluation of road conditions in the county, taking into consideration all roads, a decision will be made in regard

School closings will be announced on 3 radio stations and 3 television stations. They are as follows: WRVK (AM-1460), WKXO (AM-1500, FM-106.7), WVLK (FM-93); Television - WKYT (Ghannel 27), WLEX (Channel 18), WTVQ (Channel 36). If possible, the closing will be announced the evening before the closing date. If a determination cannot be made the day prior to the closing date, every possible effort will be made to reach a decision by 6 a.m. The announcement will be made no later than 6:30 a.m. This will be conducted the same for the delay plan. If it is concluded the delay plan would be the appropriate plan of action.

If the delay plan is used, breakfast will be served upon the arrival of students at school.

Early dismissal of school due to inclement weather will be announced on WRVK. Roads will be closely monitored as school is in session to determine if there is a need for early dismissal If the need for early dismissal does occur, parents should make arrangements to meet children as they arrive early

Parents and students should not call any radio or television stations to inquire about school ciosings. This could delay the information distribution to the necessary channel by tying up

Rockcastle County School System Delay Plan

Occasionally, there are mornings when an additional hour is needed to check bus routes and temperatures/weather conditions sometimes can change between 6 a.m. and 7 a.m. As a result, the Rockcastle County School System will consider a one-hour delay in school openings due to weather conditions

If a one-hour delay status is warranted, the delay will be announced by the following radio stations: WRVK (AM 1460), WKXO (AM-1500 and FM 106.7), WVLK (FM-93), and the following television stations: WLEX (Channel 18), WKYT (Channel 27), WTVQ (Channel 36), at 6 a.m. of as soon as possible.

There may be a time when a few isolated bus routes may not be made or may be delayed for an hour while the rest of the bus routes will be made on the regular schedule. These bus routes vill be announced only on WRVK radio station.

In instances of a delay schedule, breakfast will be served as soon as students arrive at school

Thursday was a exciting day because Mrs. Cash's Intermediate class got to have a banana split party. We got the banana split party because everyone in our class ate breakfast for two weeks. Everyone felt better when they ate breakfast. And our stomach didn't growl around ten o'clock. We had a choice of chocolate, vanilla, and strawberry ice late, vanilla, and strawberry ice cream. Most of us chose all three, and our choice of toppings were chocalate, strawberries, and pineapple. The banana split was topped off with whipped cream, a cherry and

community called, "Pumpkinville," It was held by Brodhead Elementary School.)

Each class was asked to open a business. At each business students sould earn or spend their pumpkin bucks. Students took turns working at their class business. Students who were not working could earn and spend their pumpkins bucks. Some of the places we could earn money, were at the listening center, making ice cream and ring toss. We could spendour bucks, bowling with pumpkins, having our face painted, sumpkins, having our face painted, sumpkins, having our face painted, sumpkin stamping, or guess the circumference of a pumpkin. After we earned our money there was a bank. We went and turned in our check and to got our pumpkin bucks. The money was on fractions. We had to know our fractions will fact the state of the stat

that we had manufactured and packaged in assembly line. At first we had manufactured and packaged in assembly line. At first we are around and advertised our product, soon we were out of pumpkin seeds. It was fun but at the same time we learned you had to work hard to earn the money. When we spentour money we wanted to make west choices. We had to know our fractions so that we would know if we hade enough money to make our purchase or not. It was to make our purchase or not. It was truly like a real society.
