

Awakening Positive Self-Esteem in Young Children

By: Hazel Jackson

If children are to thrive and blossom, they need to feel valued for who they are and loved with no strings attached. And they need to be given age-appropriate experiences that challenge them and allow for frequent success.

There is no better time to instill positive self-esteem than the early formative years of a child's development. Although self-esteem can be and often is improved in later life, it's much easier to build good feelings about one's self early in life when tearing down a negative self-concept is not required.

One way to strengthen self-worth and confidence in children is to clear away roadblocks to positive self-esteem. Here are four esteem-building roadblocks that are common among many parents and caregivers of young children.

Roadblock #1: WE TAKE CHILDREN FOR GRANTED

When you are around children all the time, it's easy to take them for granted. Constant exposure to it's wonders numbs us to the miracle of childhood. We fail to cherish the children around us. Sometimes, we do not even treat them with respect and courtesy. Our insensitivity sends the message that we don't care.

No one takes children for granted intentionally. It just happens. Guard against this tendency. Remind yourself regularly to see each child freshly with eyes of wonder and appreciation. Remember that much of the world you see and live in everyday a child sees for the first time. Join in the child's wonder and let it instruct and refresh you.

Roadblock #2: WE ARE TOO HURRIED, TIRED OR PREOCCUPIED

If we feel pressured, fatigued, depressed or preoccupied with other concerns, our minds become restless and our bodies tense. Children are quick to pick up these feelings, and often mirror them back to us. Successfully managing stress and nurturing our well-being

provides an excellent example for young children. What's more, it gives us energy, alertness and enthusiasm to share with our children.

Roadblock #3: WE TALK ABOUT CHILDREN LIKE THEY CAN'T HEAR

The sensitive ears of young children hear much more than we sometimes realize. Think back to your childhood. Is there some remark you overheard that even now causes painful memories? The message we receive in those early years long remain etched in our minds. Even unconscious memories can continue to influence behavior in adulthood.

Avoid sarcasm, name calling, shame, and verbal disrespect of all types. Keep the tone of your voice warm and positive. Most importantly, never speak unfavorably about a child to another person. Whether the child is within earshot or not, learn to voice your concerns in language that is kind and nurturing as well as honest. Nothing more severely damages a child's self-esteem than public criticism, be it direct or indirect.

Roadblock #4: WE DON'T LISTEN

Remember, much of what for you is old hat is brand new and wondrous to a child. When children receive little or no adult attention, some withdraw, and other act out. Over time, children who are not sensitively listened to may find it difficult to acknowledge, understand, and express their feelings and thoughts. Later in life, this inability can lead to stunted potential and relationship problems.

Listen with respect and a fresh, open mind to the children in your life. Listen with full attention and with all your heart and soul. You may be amazed at how much fun this can be and how much you learn. And the children in your life will love it. It will be a two-way blessing—guaranteed!

calving. Of those heids, 40% of their calves are born in June through August or the summer months. Calves born in summer months can be expected to weigh over 100 pounds lighter at weaning than those dropped at other times. Other reasons are related to a herd's management and productivity.

By following a controlled, seasonal calving program, better care can be given cows at calving time. Percent calf crop is the major economic factor in a cow-calf operation and care at calving time affects percent calf crop. It is very difficult to properly check cows which are on a year-round calving season.

Herd health and management is facilitated. There are many jobs which are important to the health and management of a herd which are more likely to be properly done if your cows are on a controlled calving season. Some of these practices are vaccination, dehorning, castration, identification, de-worming, and weaning. If a farmer can perform all these jobs at one time, it is

much more likely that they will be done and the labor requirement will be much less. Pregnancy testing and culling open cows can greatly influence percent calf crop and herd profits. However, it cannot be conveniently carried out with year-round calving.

Blood cow nutrition can be improved. Winter feeding of the brood cow is the most expensive phase of cow-calf production. If some of the cows are dry and some

are nursing calves during the winter, the herd cannot be fed in the most efficient manner. Since cows nursing calves require at least 50% more protein than dry cows, neither group can be fed properly if they are running together.

Marketing or stocker finisher operations are improved. A calf crop which is uniform in age and size can be marketed to a better advantage. Large uniform groups of calves will usually bring several cents per pound more than those sold individually. If calves are uniform in age, they will also fit into the farm stocker or feeding programs.

Culling and selection of replacements based on production records can be better accomplished. To make meaningful comparisons among brood cows, calves must be born within a 90 to 120 day period. One of the main criteria for culling cows is the relative performance of their calves. Accurate comparisons between cows cannot be made if the calving season is too extended. Acceptable performance implies not only weaning weight, but also that a cow produce a calf each 12 months.

How Does a Farm Start Controlled Calving Season?

In most herds with a year-round calving season, a natural calving concentration already exists. Nutrition is the major factor responsible for brood cows cycling and conceiving. Since pastures are usually at their peak of quality in spring and early summer, plus weather conditions are more favorable to breeding, a natural concentration of calving may occur in late winter and spring (March, April). No system of getting on a

controlled breeding program can completely eliminate the delaying of some cows from their current calving schedule. However, by taking advantage of the natural concentration in a herd, the problem can be minimized.

In Loving Memories

In Loving Memory of My Dear Mother, Ethel Mason Who Passed Away February 3, 1997

I lost a very special friend When I lost my Mother. She was always there when I needed her.

I could always go to my Mother with my problems and she would do her very best to help me work something out.

It's hard but I must realize, That God needed a very special angel. So he picked my mom.

You will never know how much You miss your Mother, until you can go home.

For you see I have no home to go back to.

Sadly missed by her loving daughter, Artie Mae Stevens

In Loving Memory of Mama and Daddy Mama, Delia Peters, died February 6, 1997. Daddy, W.F. (Bill) Peters died July 6, 1988.

Precious memories of Mama and Daddy linger on, because they were so kind, loving, praying, comforting, encouraging, church attenders, forgiving, Christians, honest, helpful, neat, friendly, concerned, patient, worked hard and gave us a loving Christian home we never wanted to roam. I thank God all the time for the most wonderful parents in the world. We will meet Mama and Daddy in Heaven some day, because they lived the right way.

To church and Sunday School we all went and were not sent. Neighbors, family and friends on them they could depend, because Jesus was their best friend. How happy we will be when our parents and Jesus we will see.

Words can't be found to tell, you how much I love you, miss you, and thank you for all you have done for me. Knowing how you now have no pain, also we will see you again. Anytime, any hour, any place as Christians anything they could face. Prayer and faith was so important to us, because there was no a fuss.

In Loving Memory Of Eugene and Liddle Reppert and Family Members

A million times we've needed you. A million times we've cried.

If love alone was to save you,

You never would have died.

In life we loved you dearly.

In death we love you still.

In our hearts you hold a place.

That no one else can fill. It broke our hearts to lose you. But you did not go alone. For part of us went with you. The day God took you home. We miss you, We love you dearly, Your Children.

In Memory Of The Westerfield Family

David and Eliza Westerfield From Mom and Dad's baby daughter,

Lora Westerfield Hamilton

I miss you all so bad and three grown sisters. They were so good. And those infants that were so small. They couldn't even crawl. But when that great book opened,

And their names were called, They got up and walked. With those golden shoes upon your feet, But the little ones you could hardly see. All had been redeemed by the blood. So they all went through the golden gate.

Mom and dad I can hardly wait. It won't be long until you two daughters will meet you. We're holding on to that big hand. And cannot fail Oh just think how sweet it will be. All our family will be united. I will know all my folks. So good bye for a short time.

The U.S. Department of Agriculture, Rural Housing Service (RHS), formerly part of the Farmers Home Administration, will accept preapplications for Housing Preservation Grant (HPG) funds until the close of business March 24, 1998. Eligible applicants include qualified public and private nonprofit organizations. Prior recipients must have substantially achieved its goals under a previous award to be considered for additional assistance. These grant funds are to be used to help repair or rehabilitate rural housing. Proposals will be submitted which target 1) single family homes owned and occupied by very low or low income rural residents, or 2) rural rental properties, or 3) rural rental cooperative. No combination proposals will be accepted.

Mr. Thomas G. Fern, State Director for the Rural Development mission area of USDA (RD), announces that Kentucky's allocation for the HPG Program is \$252,521 for Fiscal Year 1998. A request from any qualified applicant will be considered up to 50% of the State's allocation of

funds. Applicants must demonstrate a need for repair and rehabilitation of the targeted housing type in the area to be served, acceptable plans for selecting recipients and assuring the quality of work performed, support for the program by the local government of the area to be served, and the availability of other funds which would be used to supplement the funds received from RHS.

Applicants must make their Statement of Activities available to the public (for review and comment) fifteen days prior to the deadline for submission of the preapplication to the Agency. This notice to the public must be placed in a newspaper no later than March 9, 1998. Publication in a local newspaper is desirable.

More detailed information about the Housing Preservation Grant Program, including preapplication packages, may be obtained from the USDA State Office for Rural Development at (606)224-7325. Completed preapplications are to be submitted to Rural Development, 771 Corporate Drive, Suite 200, Lexington, KY 40503, no later than March 24, 1998.

seasons can be difficult. Over a period of years, adding heifers to calve first will help concentrate the calving season even more. Start breeding replacement heifers 20 to 30 days ahead of the final long-range planned breeding date for your herd (May 1).

By using a bull lot, adding heifers to calve first, and culling late calvers, most herds can be on a 60-day calving season within three to five years.

The calving season would be 60 days. By starting breeding on May 20th to July 20th, calves would drop March 1st and continue over the next 60 days. Advantages of this concept are as follows: dry cows are taken through the winter and require less stored feed. Rebreeding is improved by increased grazing during late spring and early summer. Herd health and other management practices can be done at one time. Calves will be grouped by size better. The feed supply of spring grass will provide higher weaning weight. Replacement heifers may be chosen from larger, older animals by performance records.

The advantages all lead to more efficient and profitable beef production.

Educational programs of the Kentucky Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability or national origin.

caring and more than willing to explain if I had questions. I watched as she cared for her husband, children, mother-in-law and grandchildren. I marveled at the peace and happiness she displayed while going about her daily tasks. Although Frances did not have great worldly possessions around her, she seemed happy beyond these things. By simply being Frances she was a teacher of great dimension to me. Some of the things I have learned from her are of the greatest value in my life.

I would have liked to say to Frances, "What's your rush? Don't leave yet," but that would be selfish. It was time for Frances to go. She knew she would be with God on Christmas morning, and how wonderful she must have felt. I thank Frances for all she has done for me and for all she has taught me. I pray she will continue to rain her good graces down on me as I remember her fondly.

I will miss you my friend, may God bless you,

"It is Written"

We continue our study of Acts 17, where Paul preaches to the men of Athens, giving answer to the 1st question of life. Where did we come from? Why are we here? Where are we going? Last week we looked at the answer to the first question. Where did we come from? Answer: God made us!

Today, we investigate Paul's answer the second question; the purpose of life: why are we here? In vs. 27-29, "That they should seek the Lord, if haply they might feel after him, and find him, though he be not far from every one of us. For in him we live, and move, and have our being, as certain also of your own poets have said. For we are also his offspring. Forasmuch then as we are the offspring of God we ought not to think that the Godhead is like unto gold, or silver, or stone, graven by art and man's device." We should seek the Lord, for he is our maker. Solomon made a momentous study of life, what our purpose was for our existence. He sought out a wide variety of activities. His findings? Ecclesiastes 12:13-14, "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil." Our purpose is to seek after God, to serve and worship him. He is not far from any one of us, if we will seek after him, for he can be found. The reason people can't find God, is the same reason a thief can't find a policeman.

"Calving Season"

A system for converting from year-round to a 90-day controlled calving season over a period of three years would present less loss and fewer problems than to try to convert in one year. The following information is suggested for getting on a controlled breeding system, when a natural spring concentration exists.

--Build a good, strong bull pen or well-fenced bull pasture. An electric fence, in addition to regular fence will likely be needed.

--Remove bull from herd. If a natural concentration of calving exists, remove the bull within 30 days after the first calf is born. In small herds with December and January calves this year, you may still start this program by using Prostaglandins that cause cattle to cycle again. Be sure the bull lot is ready and in use. The first season will require the longest use of the bull lot. After a calving season is formed, 40 days in the bull lot is all that is necessary.

--Put bulls back with the herd so that you decide when calving season will be. For a season beginning March 1st, bulls should be placed with cows on May 20th.

(Cont. from B4)

--Late calvers can be handled two ways. Culling July and August calving cows may be the easiest way to concentrate a calving season. Some farmers may choose to move these to a fall herd. However, keeping two calving

Old Man Winter hammers county

Power outages reported over entire county

By: Richard Anderkin
Old man winter dealt Rockcastle County and the rest of the state of Kentucky a mighty blow Tuesday night dumping as much as a foot of snow in some areas of the county.

Officially, Rockcastle weatherman Bud Cox measured nine inches of snow at his weather station in Mt. Vernon at 8 a.m. Wednesday morning.

However, by noon, several areas of the county were reporting as much as 14 inches of snow and snow drifts of three to four feet. Trees were also reported down all over the county. Those downed trees were mostly to blame for power outages that also occurred all across the county. Kentucky Utility and Jackson Energy crews worked throughout the night to try and restore power, but many of the homes affected were isolated cases, which required crews

Bill requiring age limit to marry, sails through the House

By: Richard Anderkin
The Kentucky House of Representatives voted 90 to 3 Tuesday to pass a bill that will make it harder for young Kentuckians to get married.

State Representative Danny Ford of Mt. Vernon, House Minority Leader, said he thinks the bill will be passed by the Senate and signed by the Governor.

House Bill No. 37 is likely to become law in July and will require that a district judge approve any marriage for a girl under the age of sixteen and that girl must also be pregnant.

Kirby home raided by police again

The home of a 71-year-old Chestnut Ridge woman was raided by police last Thursday night, following a tip from a person charged after a routine traffic stop.

Mt. Vernon police said that when they, and members of the local Sheriff's office, searched the home of Mattie Kirby, they found drugs, cash and drug paraphernalia.

Mrs. Kirby was not arrested but the case will be presented to the Rockcastle Grand Jury. Conducting the raid were Mt. Vernon police sergeants Barry Adams and Matt Bryant along with Deputy Sheriff Doug Thomas.

Mrs. Kirby of Sherman Kirby Road was indicted in November for other drug related crimes. They included: trafficking in marijuana and controlled substances. That indictment stemmed from a September 29th search of her home.

State Representative Barbara Colter of Manchester sponsored the bill in an effort to cut down on the number of children getting married in Kentucky.

Colter said Tuesday that in many cases, children had been born into slavery in the state, citing several instances where a 12 or 13-year-old child would marry a 40-year-old man.

Rep. Ford to introduce bill to help medicaid patients

State Representative Danny Ford of Mt. Vernon will introduce legislation this week to try and stop what he calls abuse of some elderly people.

Ford said Tuesday that private firms hired to review the cases of Medicaid patients in the state every ninety days, were going overboard in many cases and even kicking elderly, destitute people out of nursing home.

Ford said that many of these people have no place to go.

The problem was brought to Ford's attention when 94-year-old Gracie Hargis was ordered from nursing home where she had stayed

Heather Bray, center, daughter of Richie and Jenny Bray of Mt. Vernon, was crowned Homecoming Queen Friday night. Theresa Chislum, left, daughter of Brenda Adams, and Tara Abney, right,

daughter of Johnny and Pennie Abney were the other finalists voted on by the student body.

No, Saylor's Pharmacy was not closed for business but if you wanted to visit the pharmacy--it had to be through the back door. The weight of the snow caused the awning on the front of the business to collapse shortly after the pharmacy opened Wednesday. No damage was done to the building except for destroying the awning.

Rockcastle County Weatherman Bud Cox was busy Wednesday morning measuring the snowfall that fell in the county Tuesday night and Wednesday. At 8 a.m., Cox had measured nine inches and by noon it was 12 inches. Some areas received 14 inches of snow over the two days.

person can get married with the signature of three parents.

Last week Rockcastle County made news statewide when a 12-year-old girl and an 18-year-old boy were married in Livingston by local preacher Billy Medley.

The mother of 12-year-old Stephanie Newcomb, Edna Sue Newcomb, signed for her daughter to get her marriage license on January 16.

Mrs. Newcomb said last week that she fully supported her daughter's marriage to 18-year-old Mark Alfred Carpenter and that the two of them were in love.

Mrs. Newcomb said her daughter was not pregnant and that her family always attended church.

Mrs. Newcomb said that she herself married when she was 13 and she did not appreciate the news story in last week's *Signal*.

Representative Ford said the bill would probably be voted on by the Senate next week.

Last year, 317 children under the age of 16 were married in Kentucky.

More Kentuckians smoking cigarettes than five years ago

Despite national and state advertising and public relations campaigns that loudly proclaim the dangers of smoking, the percentage of Kentuckians who smoke has risen in the past five years, according to the University of Kentucky Survey Research Center's annual Kentucky Health Survey.

Of Kentuckians surveyed, 29.8% smoke now, up from 27.9% in 1992. Results from a 1996 survey conducted through the Centers for Disease Control show that respondents in states contiguous to Kentucky report less tobacco use (when asked a similar question (People 18+ who have smoked at least 100 cigarettes in their life and who reported smoking every day or some days): Indiana 28.7%, North Carolina 25.7%, Tennessee 28%, Virginia 24.8% and West Virginia 26.7%.

"These high rates will cost us all tremendously in the foreseeable future, not just in health care dollars, but more importantly in personal grief and pain," said Richard Clayton, director of the University of Kentucky Center for Prevention Research. "We must get serious about reducing smoking in the Commonwealth. These results are not about the health of tobacco, they are about the health of our state and its citizens."

The Kentucky Health Survey has been conducted yearly since 1988. The survey is funded, in part, by the UK Chandler Medical Center Research Fund.

The survey sample included 677 Kentuckians 18 years of age or older. Participants were contacted during October by telephone using a random-digit dialing method that gave every residential telephone line in Kentucky an equal probability of being called. The response rate was 50.6% of all eligible respondents. The margin of error for a sample of this size, says interim director of the Survey Research Center Ronald Langley, is about 4%.

The center was established in 1979 to provide university researchers and policymakers in government and the private sector with the facilities, expertise and staff to conduct surveys using telephone interviews, mailed questionnaires, and face-to-face interviews. Since that time, SRC has conducted more than 400 studies.

Selected survey highlights are attached. For further information, contact Ronald Langley, interim director

of the University of Kentucky Survey Research Center, 606/257-4689; e-mail: langro1@ukcc.uky.edu.

Image Entry begins major expansion

Bill Deaton, President and CEO, announced plans to hire up to 500 additional employees to support the increasing production needs of *Image Entry's* clients. "Our goal at *Image Entry* for the next year is to double the size of each of our offices," Mr. Deaton said. "While our industry continues to change, *Image Entry* will be positioned to change as well. *Image Entry* plans to continue technology integration throughout its product and service offerings. Therefore, we are confident that we will be able to provide a long-term future for our employees and staff."

Image Entry is completing the construction of a new 16,000 square foot building in the Laurel Industrial Park on West 80. "We expect to occupy the new structure by March 1, 1998," Mr. Deaton said. "The facility will house the company's micrographics and clerical operations. This will include all mailroom activities for the company's clients. One of my greatest concerns is the availability of resources to meet the company's expansions. If anyone needs a job with a company that has a future and cares about them, we would welcome their application!" Anyone interested in a position should apply at 1770 Highway 461, Mt. Vernon, KY or call 606-878-5508, Extension 211 for more information.

Image Entry is a full-service data and document management company offering a variety of services including on-line data conversion, complete data entry and processing, digital documents storage and retrieval system, (micrographics services including microfilming, bio-week, processing, duplication, and microfilm-to-image conversion), fulfillment and clerical support and hardware acquisition.

Image Entry is also expanding its micrographics and imaging services.

Vice President of Operations, Chris Deaton, is heading the new division of *Image Entry* which will provide a "total solution" to companies adding organizations needing micrographics and imaging support. "We have offered many of these services in the past but we now have new capacity to offer these and other services on a local, regional and state level. These new services will include Kodak solutions, and will be targeted to banks and hospitals in particular. Our scanning/imaging products and services will span multiple businesses. Many of these solutions will be combined with products and services from *Image Entry's* sister company, *CompuNet America*." *Image Entry* is an Equal Opportunity Employer and currently has offices in Annville, Boonesville, London, Manchester, Monticello and Mt. Vernon.

for ten years because her case worker said she no longer was eligible to stay there.

"This person had vascular disease, limited eyesight and alzheimers," the House Minority Leader said.

If Ford's bill becomes law, a doctor would be required to conduct a medical investigation of the patient's condition before they could be moved from a nursing home or extended care facility.

**Magistrate
Second District**

Dear 2nd District Voters:

I have officially opened my campaign for Magistrate in the 2nd District. Since I'm appealing to you for this job, I thought I'd send out something like a resume so that some of you, who don't know me well, could learn a little more about me. Then you can make a better decision on who to give the authority of Magistrate of the 2nd District to help make decisions on what affects you, the voters.

I'm the daughter of Wilson Renner and the late Cora Lee Graves. I married Paul Kirby right after graduating from Mt. Vernon High School. I elected to get married and start a family, instead of attending Berea College where I had registered and planned on attending and becoming a building engineer. I regret that I didn't get my college degree then, but I have taken some classes and still continue more classes. I feel like the best education is on-the-job training though, and I have gained a lot of information from all the different jobs I've had. The best paying jobs were away from Mt. Vernon and I'd like to see that change. I have three grown boys: Doug, Jason and Stacey. I appreciate the industry we have here but I'd like to see more. I have worked at both of the first two factories: Rockcastle Mfg.—sewing machine operator and Mt. Vernon Plastics—printing department. Also, some of my other jobs have included Pic Pac Supermarket Bakery & Deli, Genesco: Shoe Factory and Whirlpool of Danville. I ran my own Fabric and Sewing Shop in Mt. Vernon for awhile and worked at Paul's Meat Market—slaughter and packaging plant.

You name it, I've just about done it.

My last job was a welder at Toyota in Georgetown. I had to quit there because I did a lot of damage to my arms from the fast pace and repetitive motion. All that I do now is about ten hours of cleaning per week and have a seat on the Mt. Vernon City Council. Since I've held this seat, as all of you know, I've put the people first and stood up for their best interests. I will stay on the City Council through this year regardless of how this race turns out. I would like to think that I've been of some help to the people while I've served them.

I hope that you won't hold it against me for being a woman and in the race for magistrate. I think it's time for a woman to sit on the Fiscal Court. I'll make you a better magistrate because I have the time to work for you. If you'll elect me to be your magistrate, I not only will visit you and work hard to fund the road work you need, but also, I'll work to find alternative ways to get the taxes that have already been put on us lowered or off and **I WILL NOT VOTE FOR ANY NEW TAXES!**

So, before you promise your vote to someone else: consider that I need the job and I'll work harder for you, the people, in the 2nd District.

Thank you so much for your vote and support.

Our Readers Write

Dear Editor,
We would like to thank Mrs. Anna Lee Chastain for over 30 years of giving the news and happenings of Fairview. She enables people to see their names in print other than in an obituary. A small community relies on each other and enjoys reading about the happenings in their community. There are many relatives and friends of people in Fairview that live out of the county and state that subscribe to the Mt. Vernon Signal. These people like to hear about their relatives and friends they miss. If Anna Lee did not volunteer her time to write about these people, then there would be less subscribers. So Anna Lee I hope you live a long healthy life and continue to be able to write many more Fairview News columns. Keep up the good work. May God richly bless you, a very special lady.

Jewell Davidson

Dear Editor,
In reply to Christine McKinney's letter to the editor last week (1-29-98), may we make a few observations for our readers to consider.

Let me begin with her last paragraph. "Now granted, I'm no authority on musical instruments nor a scholar of the Bible, but I can read." I looked up the word scholar in a couple of dictionaries. It means, a pupil or student; it comes from the Latin word, of a school; a student with a strong interest in learning. Thus we gather from the dictionary definitions of this word scholar: it is a person who is a pupil or student; it means to be schooled; and has a strong interest in learning. So to say one is a scholar of the Bible, is simply to be a student or pupil with a strong desire to learn from the word of God. I believe Jesus said in Matthew 28:19 "Go therefore and make disciples of all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Spirit." NAS, (ASV also translates this way, "the KJV has this marginal reading also). A disciple is a learner, pupil, student, a scholar if you please. The desire is to not only learn, but then to apply and follow the Master's teachings. Now it seems to me that this is the root problem with a lot of people in the world; they are not being students of

pupils, with a strong desire to learn from the Bible.
All the verses that were cited from the Old Testament about instrumental music: 1 Chron. 15:16; 1 Chron. 23:6; 1 Chron. 15:24; 2 Chron. 15:6; 2 Chron. 15:16; 2 Chron. 33:3; 4; Psalm 49:4; Psalm 98:5-6; Psalm 147:7; Psalm 149:3; Psalm 150:3-6, certainly prove that instrumental music for the Jewish worship was acceptable and pleasing to God. Now if we do but a little study from the Bible, we will find that we are NOT under the Old Testament law, but under the New Testament law. Let's notice a few verses on this point, and let God teach us his will. Hebrews 8:1-13, "For if that first covenant had been faultless, then should no place have been sought for the second. For finding fault with them, he said, Behold, the days come, saith the Lord, when I will make a new covenant, with the house of Israel and with the house of Judah: Not according to the covenant that I made with their fathers in the day when I took them by the hand to lead them out of the land of Egypt; because they continued not in my covenant, and I regarded them not, saith the Lord. For this is the covenant that I will make with the house of Israel after those days, saith the Lord; I will put my laws into their mind, and write them on their hearts; and I will be to them a God, and they shall be to me a people. And they shall not teach every man his neighbor, and every man his brother, saying, Know the Lord, for all shall know me, from the least to the greatest. For I will be merciful to their unrighteousness, and their sins and their iniquities will I remember no more. In that he saith, A new covenant, he hath made the first old. Now that which is old is made of nothing, and is ready to vanish away." I am a Jew nor am I under the Old Testament. I am simply trying to follow the teachings of Jesus in the New Testament. Consider also Matthew 17:3-5 "And, behold, there appeared unto them Moses and Elias talking with him. Then answered Peter, and said unto Jesus, Lord, it is good for us to be here: if thou wilt, let us make here three tabernacles; one for thee, and one for Moses, and one for Elias. While he yet spake, behold, a bright

cloud overshadowed them; and behold a voice out of the cloud, which said, This is my beloved Son, in whom I am well pleased; hear ye him." At the mount of transfiguration, Moses and Elias; who represent the law and the prophets, the Old Testament, appear with Jesus. What did God say from heaven? "This is my beloved Son, in whom I am well pleased; hear ye him." Did he say, "Hear ye THEM?" Well, did he? No! He said, "Hear ye HIM!" I don't listen to Moses and the prophets, I listen to Jesus of Nazareth: for I want to obey God! Additionally, let me point out a passage of scripture that shows the consequences of going back to Old Testament law: Galatians 5:1-4, "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage. Behold, I Paul say unto you, that if ye be circumcised, Christ shall profit you nothing. For I testify again to every man that is circumcised, that he is a debtor to do the whole law. Christ is become of no effect unto you, whosoever of ye are justified by the law; ye are fallen from grace."

Now concerning the text in Rev. 14:2, (also Rev. 5:8, Rev. 15:2) about harps, let's consider a few things. First, can we prove that these are literal, for there are a lot of symbolic images used in the book of Revelation? The NAS translates the verse, "And I heard a voice from heaven, like the sound of many waters and like the sound of loud thunder, and the voice which I heard was like the sound of harps playing on their harps." The voice was LIKE water, thunder, harps. Notice John heard a "Voice" which indicates it came from people not an instrument. Then too, can we prove they are to be done here

on earth? We marry here on earth, but will not do so in heaven. Lk. 20:34-36. Notice in all three places in the book of Revelation, all or everyone is doing what is described. The conclusion would be, that all must play on harps today, to follow this line of reasoning to justify instrumental music in worship. Also note, that in the next verse in each of the texts above, it mentions singing. Finally, why do people talk about these harps, but then use pianos, organs, guitars, etc. in their worship?

My friend pointed out; "If you find any condemnation of church music, or anything that can be construed as such, you must tell us where." Let's notice a few verses on this. Matthew 15:8-9, "This people draweth nigh unto me with their mouth, and honoureth me with their lips; but their heart is far from me. But in vain they do worship me, teaching for doctrines the commandments of men." Since we cannot find any New Testament passage that authorizes instrumental music, it must be based on the teachings, doctrines and commandments of men. Romans 12:2 "And be not conformed to this world: but ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable and perfect, will of God." Notice that Paul said we must prove what is the good and acceptable will of God. All we have to do is just find one single verse in the New Testament that authorizes instrumental music in worship today, to prove it to be acceptable. We cannot assume it to be so, but prove it to be so! Matthew 7:23 "And then will I profess unto them, I never knew you: depart from me, ye that work iniquity." Iniquity means lawlessness, as the NAS and ASV translates the phrase; doing things

without law, having no law, having no authorization for one's actions. In Mt. 7:21 Jesus said, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." God's will is recorded in the Bible, all we have to do is find one verse to justify instrumental music in worship.

Finally, my friend writes, "Obvi-

ously, there are a lot of people and churches who have similar views. If we're wrong, God is going to have some explaining to do." God has already explained himself in his word of the Bible, all you have to do is simply be a scholar (pupil or student) of his word!

Sincerely,
Dan McKibben

By Warden Alexander,
FSA Director

It is once again time to accept applications for new burley tobacco farm quotas. These applications will be taken through February 17th. Before an allotment or quota is recommended it must be determined that each applicant meets all eligibility requirements as set forth in the guidelines for burley tobacco. Eligibility requirements include: Producer has no burley tobacco quota, has land suitable for tobacco production, has 2 of 5 years marketing history of burley tobacco and 50% of all income is received from farming. Per-

sons wishing to make an application for a new burley tobacco farm allotment should contact the FSA office in the county where the farm is located not later than February 17th.

The 1998 Burley Tobacco Reform ballot will be mailed on February 20th. All eligible producers are encouraged to vote. Eligible voters include: Owners, Operators, Tenants and Sharecroppers engaged in the production of burley tobacco; Owners who's tobacco is under the CRP

program; and Owners who lease out their tobacco quota.

Burley tobacco producers are reminded to promptly return their marketing cards to the office as soon as all sales are final.

As a condition for approving a burley tobacco disaster lease, an application for disaster credit must be filed by the producer before the crop is harvested. Due to weather related conditions an exception has been made for the 1997 crop year to also accept disaster credit applications after the crop has been harvested. The following conditions must be met: Crop must have been affected by a natural disaster or disease and

suffered at least a 20% loss, sufficient acreage planted to produce the effective quota, COC approves the application. Producers who have a loss, and think they may want to disaster lease, should contact the office. Deadline for disaster leasing is

February 17th.

Sign up for the Livestock Indemnity Program (LIP) began on January 20, 1998, and ends on February 20, 1998. Producers with eligible losses of livestock which were the result of damaging weather or related condi-

tions may file an application for benefits anytime during this sign up period. A specific amount of money is available and, therefore, a factor must be determined. Producer shall file

News From The Aunt Polly House

By Mable Reppert Burdette

"Cook and Wash Dishes" I've been upset for the last few days, more than I need to be. It seems, I clean house, I cook, I do the wash on Sunday. To help me get ahead on Monday, I cook and wash dishes. It's every day, two times a day. I do to feed, porch to sweep, birds to feed, Cat to feed, cook and wash dishes.

I never have any time for myself. My sewing is setting in the coming of the dining room. My water colors are waiting. But I cook and wash dishes. I clean the kitchen floor and the dish-washer runs over. I clean the stove the pan boils dry. I sweep the garage and my husband makes a mess. I cook and wash dishes.

I cut my thumb and it bleeds on the floor. I cook and wash dishes. I put a woman to clean the house And I work harder than she does. I dust, straighten the books, pick up the shoes, straighten the couch. I cook and wash dishes.

The oven needs cleaning and the freezer needs help. I cook and wash dishes. Well, I told myself, it's woman's duty to do those things. And be glad, you have someone to cook and wash dishes for. But you know, it's beginning to sound like a broken record, I cook and wash dishes. Is it this crazy weather? Or dark

gloomy days of February. Too cold to get out and do much. Like going shopping or buying material for a new project. But you know, I cook and wash dishes. Well, spring will be here And I'm counting the days. February, March and April. How many days is that you say? Well, you say, the calendar, if it's right. That's 89 days until spring. So 89 days times two makes 178 times. I will cook and wash dishes. I hope the water don't freeze Or the electric goes off. And the car don't run out of gas When spring gets here. I plan on opening the antique shop. Do a little fishing, gardening and flower beds. But I still cook and wash dishes.

The Rockcastle Co. Health Center is pleased to announce that Susan Sears has completed the nurse practitioner program at Emory University in Atlanta, Georgia and has passed the State Board Examination for Advanced Registered Nurse Practitioner. Susan has been employed at the Health Center for the past five years. Her practice will focus on Women's Health primarily in the family planning and cancer screening programs.

applications for benefits in the county where the loss occurred. LIP is in effect only for counties that had losses from March 1, 1997, through November 26, 1997, that requested a Presidential or Secretarial disaster declaration. (Rockcastle is eligible.) Beginning January 1, 1999, all payments made from the FSA office will be made by direct deposit. This means that all participation in the AMTA (com) program need to come in and make arrangements for their payments to be made directly to the financial institution of their choice. If you do not make arrangements by January 1, 1999, to receive your payment through direct deposit, you will no longer receive program payments from this office.

Is Uncle Sam calling you? Is he asking you to pay him tax on your 1997 earnings?

If so, you still have until April 15, 1998 to purchase an IRA from CITIZENS BANK and deduct it from your 1997 taxable income

Call one of our three locations today for information on an IRA and save those tax dollars for yourself.

OUR PRAYERS SHOULD THANK THE LORD FOR HIS WISDOM

Those of us who pray regularly know how easy it is to turn a prayer into a "wish list" of material advantages, and then we are disappointed when our wishes aren't granted. All too often we pray for silly, trivial things, or things that would be harmful to us, or even those that would benefit us at the expense of others. For example, we may pray that our team will win the game tomorrow, when our opponents have just as much right to a victory. We should pray for good health, wisdom, and self-improvement, some of which may require a little cooperation on our part. The best prayer simply affirms our belief that God knows what's best for us and will provide it. We can learn this at our House of Worship, or wherever we happen to be.

Rockets get wins against Whitley Co. and Knox Central

The Rockcastle Rockets got their fourth win of the season last Friday night, 73-53 over Whitley County.

The Rockets jumped out to an early 10-2 lead and never looked back as nine Rockets got into the scoring column with Andrew Cash leading the way with 23 points.

In spite of the difference in the foul ratio, 19 on the Rockets and 6 on the Colonels for the game, the Rockets never had any difficulty with the Colonels, leading at all the quarter stops: 22-12; 31-23 and 50-32.

Besides Cash's 23; John Brown got 17; Layne Nicely 9; Steve Bradley and Matt Brown, 6 each; Travis Anderkin, 5; Dusty McClure 3 and Blake Childress (who only shot twice but worked the boards hard all night) and Billy Kirby, 2 each.

The Jayvees got a lopsided win against the Whitley County Colonels - 67-33.

Eliason Rockets got into the game with 10 getting into the scoring column.

After leading only 12-8 at the end of the first quarter, the Jayvees came back in the second quarter to outscore the Colonels 25-2 for a 37-10 half-time lead. The lead at the end of the third quarter was 51-20.

Josh Rowland came off the bench to take high scoring honors with 11; Jacob Burdette, Christopher Parsons and Josh Lyons all had 10 each; Matt Brown got 9; Daniel Morgan, 5; Ben Kraft and Blake Calhoun, 4 each and Matt Smith and Billy Haddix, 2 each.

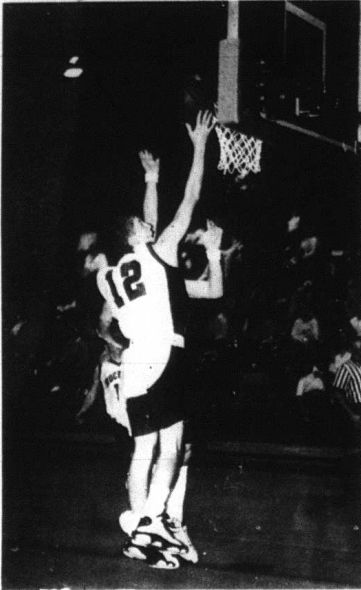

The Knox Central Panthers, who last year missed a trip to the state tournament by one point, are having a rough time of it this year and Tuesday night's game at Rockcastle was no exception with the Rockets coming out on top 88-68.

The Rockets shot out to an early 13-5 lead but the Panthers fought back to pull to within six at the first quarter stop 25-19. And, at half-time, Knox Central was ahead 35-33. But, the Rockets dominated the third quarter, outscoring the Panthers 27-8. In the fourth quarter, the Rockets got a little lax on their ball-handling, enabling the Panthers to get to within 10 at 64-54 before building their lead back to the final 20.

Andrew Cash led the scoring for the Rockets with 20 and John Brown got 17. Dusty McClure came off the bench to get three points in the second quarter, but added 14 to that total in the second half to also have 17 points in the game. Others scoring were: Layne Nicely with 13; Steve Bradley, 8; Matt Brown and Billy Kirby, 4 each; Travis Anderkin, 3 and Blake Childress, 2.

The Rockets, now 15-6 on the season, will host district rival Jackson County Friday night and will travel to North Laurel next Tuesday night.

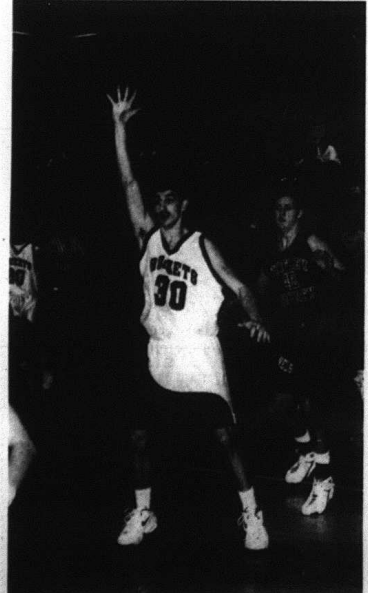

Support the Rockets and Lady Rockets in their district game against Jackson County this Friday night.

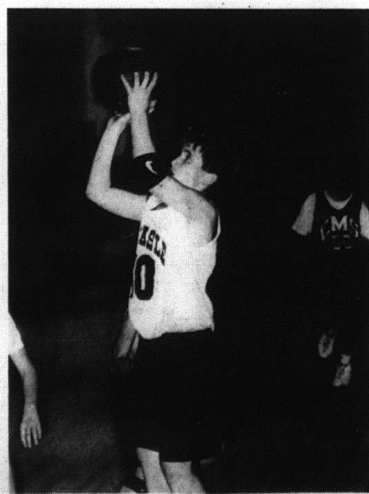

Junior Layne Nicely goes for a lay-up against Whitley County last Friday night. The Rockets have won by 20 in their last two outings over Whitley and Knox Central. Nicely had 9 in the Whitley Co. game and 13 against Knox Central.

Senior Blake Childress fights for a loose ball in action against Whitley County last Friday night. Childress has been a big force for the Rockets on the boards this season.

Senior John Brown calls for the ball inside in the Whitley County game. Brown scored 17 points against Whitley and the same against Knox Central. The Rockets are 15-6 on the season.

Sixth grader Luke McCauley puts up a shot against Corbin Monday night. After beating Corbin to win an invitational tournament at Northern Pulaski, the 6th graders fell to the Redhounds Monday night 45-42. McCauley had one point at Northern Pulaski and eight Monday night.

Now 11-8 on season

Lady Rockets beat Richmond Model and South Laurel

The Rockcastle Lady Rockets are now 11-8 on the season, getting two wins in their last two outings over Richmond Model last Thursday night 69-42 and over South Laurel Monday night 54-42.

Cosch Chryssi Noble got to clear her bench in the Model game and nine Lady Rockets got into the scoring column with Tiffany McClure leading the way with 16 points.

The Rockets led at the quarter stops, 18-10; 37-20, 45-29 and the final 69-42.

Besides McClure, other Lady Rockets scoring were: Jessica Cobb, 9; Amanda Osborne and Nikki Bullock, 8 each; Brandy Reynolds and Jessie Ricketts, 6 each; Brooke Roberts, 5; Suzanne Brown, 4; and Jennifer Cromer and Britney Owens, 2 each.

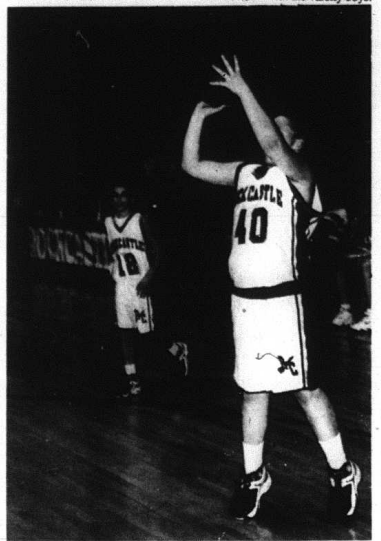

Monday night, the Lady Rockets met a good South Laurel team and, for a while, the Lady Rockets had a hard time getting their offense in gear, losing the first quarter 14-9. But they came back in the second quarter and

outscored South Laurel 15-8 to take a 26-22 half-time lead. In the third quarter, the Lady Rockets added to their lead, winning the quarter 10-5 and added to their margin in the fourth quarter for the 54-42 win.

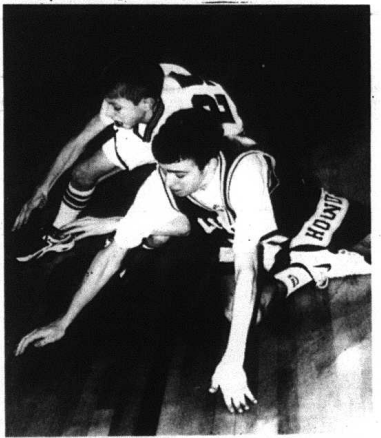

McClure and Brown tied for high scoring honors with 17 each; Reynolds was the other Lady Rocket

in double figures with 10; Osborne got 4 and Bullock, Roberts and Ricketts, 2 each.

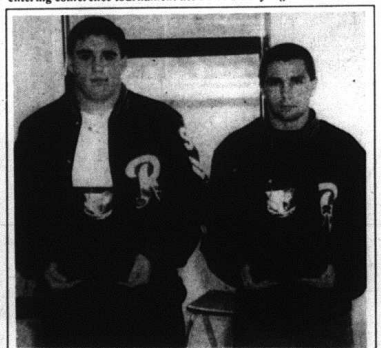

The Lady Rockets are scheduled to take on district rival, Jackson County, Friday night in a game with the varsity boys and will meet North Laurel next Tuesday night, at North Laurel, again with the varsity boys.

Seventh grader Dustin Robinson puts up the short jumper in action Monday night against Corbin. The seventh grade lost 65-52. Robinson had two points in the game. Also in the photo is Austin Miller, No. 12.

Eighth grader John Bray fights for the loose ball against a Corbin Redhound. The 8th graders defeated Corbin 56-54 to give them a boost entering conference tournament action Thursday night in Somerset.

John LaFevers and Dusty McClure were recently honored for their performances during the 1997 football season when they were selected as members of the "1997 All Mountain Senior Team" by Mountain Sports View, a periodical published in Hazard, KY which is dedicated to advancing the student/athletes of Eastern Kentucky. They (shown with the plaques they were presented) were honored at a banquet luncheon held at the Perry Central High School for their accomplishments both academically and on the football field. John and Dusty would like to thank Wendy's Restaurant and the Rockcastle County Quarterback Club for their sponsorship and support throughout the year.

RCMS 8th grade beats Corbin, 56-54, to finish regular season

The Rockcastle County Middle School eighth grade team finished their regular season in style Monday night -- with a 56-54 overtime win over the Corbin Redhounds. This is the first time the Middle School eighth grade Rockets have been able to beat Corbin.

In fact, the last time a Corbin team was beaten was in an eighth grade all-star game by the Rocket all-stars, five years ago.

It didn't look good for the Rockets in the first quarter -- there were five fouls called against the Rockets in the first 2:48 and two were against Mikey Howard and three were against the Rockets go-to guy William Blair. The Rockets were down 5-2 when Howard and Blair had to go to the bench and got down 11-2 before the Rocket offense took hold and outscored the Redhounds 8-1 to come to within 12-10 before Corbin could score again with two free throws.

Down 12-9 at the first quarter stop, the Rockets kept on battling and a shot by Andrew Hammond at the buzzer put the Rockets ahead 24-20 at the half.

The third quarter saw the return of Blair and, of the seven points scored in the quarter for the Rockets, Blair had six and Josh Hale added a free throw. The Rockets were up 32-26 when Corbin went on a 5-0 run to pull to within one at the end of the period 32-31.

Coach David Perkins had pulled Blair out of the game with just over two minutes remaining in the third period and Howard and Hale also were out at the end of that period with foul problems but Perkins inserted all three back into the game to begin the fourth quarter. However, the fourth quarter belonged to Hammond, whose dunk at the four minute mark put the Rockets up 41-35 and whose basket with 10 seconds left in regulation tied the score at 45 all and sent the game into overtime.

Blair got the first two baskets for the Rockets in overtime and Josh Taylor added two clutch free throws to put the Rockets up 52-48 but the Redhounds were not done, getting two baskets to pull to within one at 53-52 and, following a free throw by Hale, another basket that tied the

score at 54 all with ten ticks left on the clock. However, the Rockets got the good inbounds pass and good movement down the floor to Hammond

who put in a lay-up at the five second mark. By the time Corbin got a timeout called, there were two seconds left and the referees made the scorekeeper put two more seconds on the clock but the Redhounds couldn't convert and the Rockets had the good win.

Corbin had beaten the Rockets 20 points earlier in the season.

Hammons led the scoring with 17 points; Blair got 14 in the second half; Hale was next with 11; Josh Taylor came off the bench to put in 8 points and Mikey Howard got 6.

The seventh graders didn't fare so well, losing their second game to Corbin in as many encounters this season, 65-52.

Jason Reynolds led the scoring with 22 points, 12 in the fourth quarter. Aaron Anderkin got 18; Marty Regan had 7; Stephen Boring 4 and Jeremy Rowe and Dustin Robinson, 2 each.

After beating Corbin in an invitational tournament at Northern Pulaski Middle School by a score of 37-29, the sixth grade team fell to Corbin Monday night 45-42.

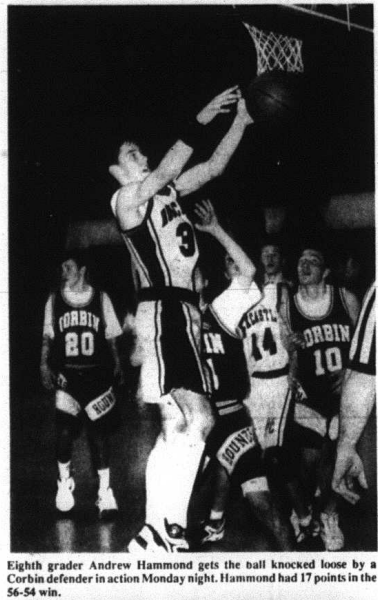

At Northern Pulaski, the sixth graders defeated Jackson County and Northern Pulaski to get into the championship game against the Redhounds and, except for a rocky third quarter when they scored only two points to Corbin's 8, the Rockets had a relatively easy time. They led at all the quarter stops 9-5, 23-16, 25-24 and the final 37-29.

The Rockets were led in scoring by Tim McInosh with 15; Devin Taylor was close behind with 14; Jarrad Burdette got 5; Steven Coffey 2 and Luke McCauley 1.

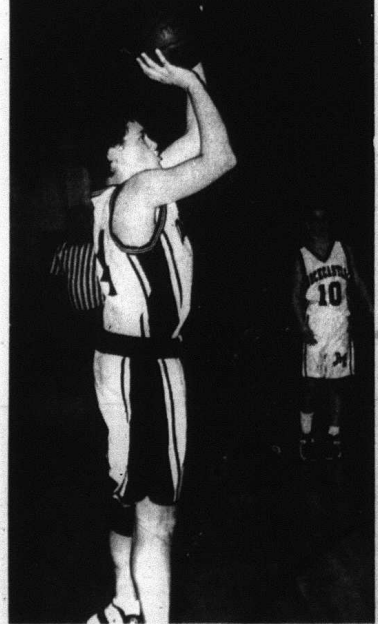

Monday night, the sixth graders battled all the way but Corbin's high pressure full-court defense caused several crucial turnovers and the Rockets had a bad night at the free throw line going one for nine for the game.

The Rockets were ahead at the end of the first quarter 10-8; at half-time 20-18 and by one at the end of the third period 32-31. But, the Redhounds came out on top in the fourth quarter, outscoring the Rockets 14-10 for the final 45-42.

This time, Devin Taylor led the scoring with 15 points; McInosh got 14; Luke McCauley 8; Jarrad Burdette, 4 and Jessie Hamm and Matthew Silcox, 2 each.

Eighth grader Andrew Hammond gets the ball knocked loose by a Corbin defender in action Monday night. Hammond had 17 points in the 56-54 win.

Mikey Howard saw somewhat limited action against Corbin Monday night because of two quick fouls early in the first quarter. But Howard came through with a couple of crucial baskets for the RCMS 8th graders and finished the game with 6 points. Also in the photo is Josh Hale, No. 10, who scored 11 points.

The Family Room

By Dr. Don Whitehead

Dale Evans Had a Horse Too
 What was the name of Roy Rogers' horse? That is a no-brainer for those who grew up watching Roy capture the bad guys. The answer of course is Trigger. (I hope the story that Roy had Trigger stuffed and displayed at his museum is false.) Many little boys grew up in the fifties playing cow-boys, each wanting to play the part of his hero Roy Rogers.

What was the name of the singing group that backed up Roy on his songs? "The Sons of the Pioneers" sang perfect harmony to Roy's lead. (Remember "Tumblin', Tumblin' Wood?") What ever happened to singing cowboys anyway? Today's Westerns could benefit from a little music after the bad guys have been captured.

Every self-respecting cowboy had a "sidekick." Can you name four boys who played Roy's sidekick? Pat Brady, Andy Devine, Gabby Hayes and Smiley Burnette played these parts with distinction. The sidekick's job was to provide the comic relief, and Pat, Gabby, Andy and Smiley were among the best.

[WARNING: If you know all the answers to these questions it is obvious that you spent far too much time in front of the TV as a kid, and I suggest you go out and get a life before it's too late.]

What was the name of Pat Brady's jeep? This was obviously in the later episodes when horses were not the only method of transportation in the west. Again knowing that the answer is Nellybelle marks you as having been a couch potato at an early age.

This was not just a show for boys

however. Little girls were not left out. Roy's wife, Dale, was an important part of the show. She had her own horse, her own gun and her own comic book and played her own part

in dispensing justice in the west. Do you know the name of Dale's horse? (Answer is at the bottom of this column.)

While little girls in the fifties could see Harriet Nelson and June Clever being the perfect domestic mothers and wives, Dale presented a different image to her legion of fans. Dale was the first working woman to be a television role model for girls.

Dale sometimes roared into the fight without Roy. Once when he had been kidnapped by cattle rustlers, Dale was the one who freed him and saved the day. Little girls who wanted to grow up to be independent achievers had a strong role model in Dale.

There was another side to both Dale and Roy however. On this side was their struggle with family pain and their witness to faith. A handicapped daughter was born to the couple early in their marriage. From here both Dale and Roy learned about life. Dale later wrote a book about their daughter, *Angel Unaware*.

While making all those TV shows and movies, Dale and Roy coped with problems at home as bad or worse than those the rest of us face. Those problems weren't the kind that could be completely solved in a thirty-minute episode.

Thanks, Dale and Roy. You gave us a good beginning. (In case you don't remember, Dale's horse was named Nellybelle.)

Poet's Corner

The Legacy
 By Preston Parrett
 An elderly lady was working Beneath a warm October sun, And one could tell by looking That her days were almost done.

Her hair was a silvery gray And her face wrinkled by time, Her skin was like parchment And had a translucent shine.

The veins on her hands Protruded above her fragile skin, And they were a greenish blue With all of them growing thin.

She was planting fall bulbs Which was a wonderful thing, For they would burst forth with beauty With the coming of spring.

She was down on her knees Digging holes in the soil, For planting hyacinths, tulips and daffodils Really took a lot of toil.

She would pause occasionally And rest her weary soul, Then she'd lean forward again And put a bulb in the hole.

The grandchild gazed at the beauty And the thought came to mind, That grandma had left a beautiful legacy For those who follow behind.

to go to the home to make the necessary repairs.

A spokesperson for KU said power had been restored to Livingston, Pine Hill and Calloway during the night and that repairs would continue until all power was restored to KU customers in the county.

The spokesperson said that power lines and trees were heavily damaged by the weight of the snow that started out as a rain and ice mixture Tuesday evening.

A Jackson Energy spokesman said that at least 16,000 customers were without power in their service area that includes Rockcastle. The spokesperson said that many of Jackson Energy's customers would not have power until at Thursday and some power would not be restored until the weekend, although crews were working around the clock.

Because of the heavy snow, students missed their first day of school in 1998. Rockcastle Manufacturing shutdown. Image Entry closed and few businesses opened at all on Wednesday. Gibson Greeting and NAACO closed their plants in Berea and both banks in the county closed at 10 a.m. Wednesday.

A shelter was opened at the Senior Citizens center on U.S. 25 for elderly people and for people with infant children so they could stay warm.

The Rockcastle Courthouse completely shutdown except for the

Sheriff's office and the Farm Service Agency.

Rockcastle County Judge-Executive Buzz Carloufs said that county road workers would work until all roads were travelable, but he also appealed for help.

Carloufs asked anyone with a chain saw that could help clear trees from their roads to please do so, in order to help county snow plows get through.

And, several volunteers used their four-wheel drive vehicles to haul stranded people around the county to safe places.

During the month of January no school was missed in the county and only two inches of snow fell. That two inches was from three or four different small snows.

Although brisk winds with the snowfall made for blizzard-like conditions Tuesday night and Wednesday morning, this week's snowfall will likely not compare with the blizzard of 1996.

In a two day period, January 6 and 7, 20.5 inches of snow fell in the county.

The mercury dropped to five degrees and no school was held for seven consecutive days.

But in 1996, no power outages were reported.

The thickest largest amount of snow to fall in the county at one time was recorded in March of 1993 when 20 inches of snow fell.

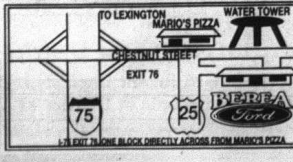

Top left: No, it's not icicles hanging from a telephone pole on Maple Drive Wednesday morning, it's the heavy snow and ice that caused numerous power lines and trees to break throughout the county causing widespread power outage. Some homes will be without power at least until the weekend.

Honorary casketbearers were David Lamb and James Dean.

Nola Kendrick

Nola Sparks Kendrick, 81, of Paint Lick, died Monday, January 26, 1998 at Berea Hospital. She was born in Rockcastle County on March 19, 1916, the daughter of the late Marion and Ella Kendrick Sparks. She retired from Boone Tavern in 1972 where she had been employed as a cook, was a member of the Holiness Faith and had attended Big Hill Holiness Church as well as Sand Springs Holiness Church.

Survivors are two daughters, Thelma Harold of Berea and Pauline Murray of Richmond, Virginia; five sons, Marion Kendrick, Noel Kendrick, Lonnie Kendrick, Delmer Kendrick and Wayne Kendrick, all of Berea; three brothers, Joe Sparks of Conway, Ray Sparks and Leonard Sparks, both of Berea; two sisters, Ina Rucker of Sommerville, Ohio

and Helen Watkins of Berea and nine grandchildren and 12 great grandchildren.

Services were Thursday, January 29, at Williams Funeral Home with Rev. Bill Rose, Rev. Leonard Wilder, Rev. Cecil Burns and Rev. Randy McPherson officiating. Burial was in the Cartersville Cemetery.

Casketbearers were Bobby Harold, Kevin Causey, David James, Scott Roby, Marcellus Hembeck and Pete Bartruff.

Gilbert Smith

Gilbert Smith, 77, of Richmond, died Thursday, January 29, 1998 at the home of his daughter. He was born April 2, 1920, the son of Earl Smith and Lizzie Creed Smith Bennet. He was a retired construction worker, veteran of World War II, and was a faithful member of Elizabeth Presbyterian Baptist Church where he served as deacon.

Survivors are one daughter, Louise (Frank) Turner; a very devoted special friend, Lucille Brooks of Richmond; one brother, Charlie B. Smith of Columbus, Ohio; one brother-in-law, Charles Fowler of Dayton, Ohio; four grandchildren, nine great grandchildren; one aunt, Ivory Warren and one niece, Earleen (Stevie) Trammell.

Services were Tuesday, February 3, at the Elizabeth Presbyterian Baptist Church in Richmond with Rev. Michael McPherson officiating. Burial was in the Madison County Memorial Gardens.

Funeral services were Shawn Parks, David Parks, Allison White, Charles Hiseel, William Warren and Thomas Smith.

Honorary pallbearers were James Mitchell, Vardy Hackett, Garnett Smith, William Parks, Ernest Williams and James A. Smith.

Williams Funeral Home in Berea was in charge of arrangements.

Cards of Thanks

Verbeba Holcomb

The family of Verbeba Holcomb would like to express our warmest and sincerest gratitude to each and every person who showed their love and kindness during the illness and death of our loved one. Special thanks goes to Rockcastle Co. Home Health, Hospice Care Plus, Sowder Nursing Home, Watson Funeral Home and to those who brought food, sent flowers, visited or said a prayer, and to Shawn Madden for his comforting words.

The family of Verbeba Holcomb

Martha Manning

The family of Martha Manning would like to thank everyone that came to the funeral home for my dad, Edward Jones. Also, I would like to thank all the ones that brought food, cards, flowers and the many prayers that went out for us. I would like to thank Brother Offutt for preaching the funeral and thank Sheila Lear for the beautiful songs. Thanks also to Dowell and Martin Funeral Home, they were marvelous. Also I would like to thank the pallbearers: Eddie Elam, Joe Moore, David Ellis Mason, Darrell Doan, J.R. Steward, J.B. Stevens, Mark Turner. You don't know what this meant to me.

Thank You All Very Much

Elna (Elva) Smith

The family of Elna Smith would like to express thanks to everyone who helped in our time of sorrow. A special thanks to Bro. Billy Medley for his beautiful words and songs. Also, thanks to Dowell and Martin Funeral Home for their service. Thanks to all our friends, neighbors and everyone who helped in any way.

Laura Cook and family

With Heartfelt Thanks

The family of Osis "Pete" Burton wish to thank everyone in the community for all the kind words of sympathy and encouragement, the cards, visits, food, flowers, gifts, and most of all for the prayers that have been offered for us during the loss of our loved one. A special thank you to Dr. G.W. Griffith, all the hospital staff, and ambulance service for your help and kindness--to the Daugherty family for the music, songs, and words of encouragement. A special thank you to Bro. Shelby Reynolds for the special message. Thank you Marvin and Judy Owens for your help and caring ways during a very difficult time.

The family of Pete Burton

Mary Ann (Allen) Boren

The family of Mary Ann Boren would like to thank everyone for their support during our loss, thanks to those who sent food, cards, and other ways of kindness. May God bless each one.

Sadly Missed By A Sister,

Laura Cook and Family

Jesse Childress

The family of Jesse Childress would like to thank each and everyone for their support through flowers, food, cards, calls and especially your prayers. We believe that God answered each and everyone, even though our pain and loss was great. We want to thank our friends and families for their love and support even though some had a recent loss of

their own. Bless you for sharing your strength with us. Thanks to Dr. Karen Saylor and the hospital staff for their help and kindness. Thanks to Bro. Harvey Pensol for his prayers and being there for us and his old friend. We also want to thank Barbara Reynolds and Bro. Parker for visiting and praying with dad at the hospital. A special thanks to Keith Bussell for the beautiful music and to the pallbearers. Thank God for good friends, family, and neighbors.

Frances Mullins

The family of Frances Mullins would like to express our deepest appreciation and warmest gratitude for everyone that showed love and kindness during the loss of our wife and mother. We would especially like to thank the Hospice Care Plus, Inc., the Rockcastle Hospital staff, Cox Funeral Home, Bro. Billy and Sister Juanita Medley and Bro. Tim Hampton for their beautiful songs and comforting words. Thanks to everyone who brought food, flowers, or just showed concern in any way. Thanks to the pallbearers: Dean Bond, Jonathan Bond, Bobby Bond, Bosco Mason, John Dale Mullins, and John Ballard Mullins. Thanks against, and may God richly bless each one of you.

"To The Mullins Family"

Having known members of your family for the past 25 years, I was extremely saddened when I heard of Frances' passing. I want to openly express my appreciation for informing me of this sad occasion Christmas morning and providing me with the details of her funeral arrangements.

Some of my fondest memories involved with having include visiting Frances, Richard and other family members. It never seemed to matter what time of day it was or how long I visited. When it was time to leave, Frances would always say, "What's your rush? Stay around a little longer."

She always made me feel at home when I visited. She always shared her knowledge of the area and stories which have enriched my caring experiences and appreciation of the community.

I first met Frances when I was still in high school. Yes, I was full of energy and dripping wet behind the ears. In her own special way, Frances helped mold me. She was patient,
