

Parents & Teachers School Bus Safety Alert

A child's clothing can be dangerous when getting off the bus. A number of children have been injured or killed when their clothing became caught when exiting the bus.

Dangerous clothing that can get caught in handrails, doors or other areas include:

- Jackets or sweatshirts with drawstrings
- Backpack straps
- Scarves or other loose clothing

Please talk with your children about these Safety Rules:

- Stay away from Danger Zones around the bus
- If you drop something near the bus, don't pick it up. The driver may not see you. Tell the driver & follow his/her instructions.
- Remember that motorists don't always stop for the school bus. Use extreme caution when getting on or off the bus.

The Family Room

By Dr. Don Whitehead

By Dr. Don Whitehead
Warning: Dangerous Curves Lie Ahead in Marriage
 "Nobody ever told me that marriage would be like this!" Norm exclaimed in frustration. (All characters are fictitious.) He and his wife, Vera had come for marriage counseling. Their marriage of six years had run into problems.

Norm and Vera could have avoided some of these problems if they had known some facts about marriage. Here are the facts no one told them:

1. Being "in love" is not enough to make a marriage work. Norm and Vera had been head over heels in love. In their nine-month courtship they spent every moment they could together, talking and talking. They could sit for hours just staring at each other and feeling that wonderful in-love feeling.

That feeling does not last. It comes and goes in any marriage. It takes a deeper love to carry the couple through those times when neither one of them feels "in love."

2. When Norma married Vera, he married her family too. Vera was close to her family and they were going to be involved in her life whether Norm liked it or not. He might as well learn to deal with it.

"Nobody told me about all these 'in-law' problems," Norm complained. "I thought the marriage would be just Vera and I."

3. Being right doesn't matter. When Norm and Vera first came for counseling, they each tried to convince me that their interpretation of the facts was the right one. They wanted me to take sides in their fight. I said, "I have seen people struggle to prove they are right all the way through to divorce. 'Who is right?' is

not the question. The question is 'can Norm and Vera learn to live with each other?'"

4. No couple lives "happily ever after." Those fairy tales about Snow White, Cinderella and the prince are just that: fairy tales. In real life all marriages encounter rough times. Couples have to deal with problems about which they never dreamed. Instead of "happily ever after" their life together becomes "sometimes good and sometimes a struggle."

5. While married Vera and Norm experienced the strongest feelings they had ever had. They had highs and lows like they had never had before. "That woman can get me so mad," Norm said, "that I can't even think."

"Norm makes me feel so guilty," Vera added, "that I would do almost anything for him." That in-love feeling is a great emotional high, but there are also emotional lows in marriage.

6. Sex is not the most important part of marriage. While it may be difficult to convince two twenty-year-

olds of the truth of this statement, it is still true. The physical part of the marriage relationship is not as important as the emotional part.

Share the above list with someone who is engaged or recently married. Perhaps they can see themselves and avoid some of the pitfalls about which no one warned you and me. Talk over the list with your spouse. Do you agree or disagree with my conclusions? Let me know at 402 Coomer Street, Suite 204, Somerset, KY 42503.

Local residents spend \$1.3 million on lottery

Rockcastle County residents spent \$1,317,581 on lottery tickets during the past year, according to statistics released by the Kentucky Lottery Corporation.

Local residents were also paid \$806,360 in prizes during the past twelve months. Of all the money that is spent on the lottery in Kentucky 60 percent is returned in prize money, seven percent is used as operating expenses, 27 percent is paid to retailers which sell the tickets.

In Laurel County and Pulaski County residents purchased nearly \$6 million dollars in tickets. In Laurel County \$3,634,172 was returned in prize money and in Pulaski County \$3,614,441 was returned.

Rockcastle has 3.7% unemployment rate

Rockcastle County continues to have one of the lowest unemployment rates in the state and the lowest in the six county region of the Corbin Area Labor Force.

Rockcastle's rate of 3.2 percent unemployment in May and 3.7 percent in June is lower than Clay at 6.3 percent, Jackson at 4.0 percent, Knox at 5.5 percent, Laurel at 4.7 percent and Whitley at 4.6 percent.

George Privett of the workforce development cabinet could not pinpoint the reason for the low unemployment rate but said the fact that Rockcastle has several large employers of their own and several more in surrounding areas only about thirty minutes away was probably the largest factor.

In May, Rockcastle had only 195 people unemployed, while 5,896 people were employed. The nation's unemployment rate was 4.7 percent in June and the state's was 4.1 percent. 18,000 more people worked in Kentucky in June than in May.

Four injured in three car wreck at Burr

Four people were injured in a three car wreck at Spur Service Station in Burr on Sunday night.

According to Rockcastle Deputy Sheriff Doug Thomas, Richard L. Kirby, 17, of Mt. Vernon pulled his Chevrolet S-10 pick-up into the path of a car driven by Felicia E. Jones, 20, of London around 7:30 p.m. Thomas said after Kirby and Jones' vehicles collided the Jones vehicle struck a Plymouth Laser driven by Crystal Childress, 18, of Mt. Vernon. Childress was sitting in the Spur parking lot. Childress' passenger, Freddie Denny, 28, of Mt. Vernon was pinned in her vehicle and had to be removed by members of the Mt. Vernon fire department.

Childress, Denny, Jones and Jones' passenger, 13-year-old Felicia Jones were all taken to the Rockcastle Hospital where they were treated and released.

Pittman injured in Thursday wreck

Lauri Pittman, 21, of Brodhead was injured in a single car wreck on Ky. 328 at Quail Thursday afternoon.

According to Deputy Sheriff Darrell Doan, Pittman hit a bridge embankment on 328 around noon and traveled into a creek bed. Doan said the 1988 Nissan caught fire after the wreck, but Pittman managed to crawl away from the car. Pittman was taken to Rockcastle Hospital and later transferred to the University of Kentucky Medical Center with a shoulder injury.

Property at Renfro sold for \$372,500

Less than three acres of commercial property at Renfro Valley was sold at auction last week for \$372,500.

A one acre tract between the I-75 exit ramp and Hardee's Restaurant at exit 62 on Hwy. 25 was sold to Barbourville businessman John Corell for \$200,000. Mt. Vernon businessman James Noe purchased a .8 acre lot and .9 acre lot along Hwy. 25 for \$172,500. That property was the site for the Dogwood Loom House for several years.

Local realtor and auctioneer Sam Ford, whose company handled the auction said neither men commented about their plans for the property.

Students back to school on August 12

The first day of classes for Rockcastle public school students will be next Wednesday, they are scheduled to attend one half day.

Cash to stay at high school

Rockcastle County High School Principal Ronnie Cash said Tuesday that he was staying on the job. Cash said last week that he had considered retiring recently because he had worked 27 years in the school system which qualifies him for full retirement - but now had decided to stay at the school.

Cash is beginning his twelfth year as principal at RCHS. Before that he served as a teacher and assistant principal.

Little World's Fair underway

Austin Taylor, 3, of Brodhead and Andrea Harness, 4, of Crab Orchard, enjoyed one of the rides at the 103rd annual Little World's Fair going on now in Brodhead. The fair runs through Saturday night.

Chief Circuit Judge Daniel Venters, right, swore in newly appointed Rockcastle County Circuit Court Clerk Teresa Vanzant on Monday afternoon. Mrs. Vanzant, 37, of Orlando, replaces her father Denver Miller, who officially retired July 31. Mrs. Vanzant will serve until the November General Election when she will face challenger Brenda Lovell. The winner of that race will serve the remainder of Miller's term.

Mt. Vernon may require permission to place tiles

The Mt. Vernon City Council may soon pass an ordinance requiring that residents obtain a permit before they can put tile on their property.

The council discussed such a move at their regular monthly meeting on Monday night.

City employee Dennis McClure suggested that the council pass an ordinance requiring property owners to get an encroachment permit from the city before they put in any tile. McClure said it was needed so the city could oversee such projects and

"Two File" (Cont. from front)

Cromer, 51, has filed for re-election and faces opposition from councilmember Karen King, 45. No one has filed for any city office in Brodhead as yet.

In division three school board, incumbent board chairman Dr. Billy George Griffith, 51, of Mt. Vernon, has filed for re-election. No one else has filed. Division three school board consists of the precincts of North Mt. Vernon, West Mt. Vernon, and Bullock.

In division four school board, incumbent Martin Vanzant, 57, of Orlando has filed re-election. No one else has filed. Division four school board consists of Orlando and Climax precincts.

To be a candidate for school board, a person must have a high school diploma or G.E.D. certificate. They must also be 24 years of age and have been a Kentucky Citizen for three years. They must also have the signatures of 20 persons within their division and pay a \$20 filing fee.

Potential council candidates must be 21-year-old and have two signatures of voters in their city.

Mayor candidates must be at least 25 and also have two signatures.

The filing deadline for the fall election is August 11 at 4 p.m. in County Clerk Norma Hook's office.

"Tiles" (Cont. from front)

keep cheap tile from being put in and then stopping up and causing roads to flood and wash. The property owners could also buy the needed materials from the city.

The council agreed to discuss the project at the next meeting.

In other business, Councilwoman Karen King asked Mayor Gary Cromer why the city did not use 911 to dispatch city police officers.

Cromer said that although Rockcastle Judge Executive Buzz Carlotta had publicly stated the city did not participate in 911 and had also tried to get the fiscal court to drop the city's representative on the 911 board, the city was the largest participant in 911 in the county because of the number of phones in the city limits.

The Mayor also said that all city fire calls were dispatched through 911 as were all ambulance calls.

The Mayor said that because of security, confidentiality and safety, the city dispatched their officers themselves. The Mayor explained that anyone who needed a police officer in the city limits could call 911 and the call would be forwarded to the city dispatchers.

Councilman Clark Mullins also asked police chief Bill Mink, if the city police could patrol around Lake Linville more on the weekends because of a complaint he had received from a resident. Clark said 40 or 50 people were gathering at night to party along the lake shore and causing a disturbance.

Councilwoman Karen King also asked Mayor Cromer if it was legal for him to use city employees in his private business and they pay them.

Cromer told King he had used city employees only a total of three to four hours this year to answer his phone while he was doing business for the city. "I have it all completely documented and the city attorney and county attorney have told me it was legal," Cromer said.

King said some citizens had asked her about the situation.

The council also passed on a request to make the baseball field at Lake Linville the permanent home of the Hot Rods. Doug Proctor who has coached the three, four and five year old team for thirteen years made the request.

Mayor Cromer told Proctor that the council could not obligate the next council for such a request, but he should come back to the council in January.

In July the Mt. Vernon City Police Department issued 107 citations, filed 172 charges, 21 DUI arrests were made, 260 calls for service were made, they worked 18 accidents. They assisted other agencies 12 times, arrested 17 motorists and opened 22 criminal cases.

Thank You
To everyone who donates to R.A.A.P. jars placed in local businesses throughout Rockcastle County. This collection is still adding up so we can purchase a piece of land on which to build an animal shelter. We have had four separate offers of land as donations, but, for different reasons (mostly location) have had to turn them down. We greatly appreciate, however, your generosity in offering, and your continued support of R.A.A.P.'s work.

Land Needed
Rockcastle Adoption Agency for Pets, Inc. (R.A.A.P.) is pleased to announce that the IRS has approved R.A.A.P.'s non-profit status. R.A.A.P. is actively seeking land on which to build an animal shelter. Since our funds at this time are minimal, we are looking for someone to donate land. Some materials for building have already been donated. All donations to R.A.A.P. R.A.A.P. reach its goal for Rockcastle County. For more information, call Terry Lunce, 758-9202, Heather Brown, 758-8284, Vickie Myers, 256-5183 or Sue Boshart at 256-0252.

R.A.A.P. Collection
Saturday, August 22nd, Rockcastle Adoption Agency for Pets, Inc. will be at the Hwy. 150 and 461 intersection collecting donations to start an animal shelter in Rockcastle County. If you can help collect for a couple hours (over 16 years old only) or have four bright orange

Rickels-Noe reunion held

Submitted by Ann (Rickels) Whitaker
 The Rickels-Noe reunion was held at the Family Life Center at Renfro Valley on July 25th, 1998. Mabel Rickels and her nine children were present including Ray Jr., Gene, Midge, Ann, Rodger, Glenna, Doug, Jane and Jim. There were 77 in all who attended the reunion. There were nine of the Noe family that was there also. Several friends came by and ate with us and visited for a while. Always glad to see and have friends to drop by. Families came from several states including Kentucky, Ohio, Indiana, Illinois, Tennessee, Arkansas, Texas and Florida. Plenty of food was enjoyed by all and all enjoyed horseshoes, bingo, volleyball, basketball and games for the younger kids. A good time was had by all and hope to met again next year, same place, same time. Last Saturday in July. Come by and join in the fun. See you next year.

health and in regulating blood pressure. Vitamin C functions as an antioxidant and may have an additional role in chronic disease prevention. One medium tomato meets 40% of our daily need for vitamin C.

Choose firm, well-shaped tomatoes that are fragrant and rich in color. They should be free from blemishes, heavy for their size and give slightly to pressure. Store ripe tomatoes at room temperature and use within a few days. Do not refrigerate as cold temperatures

make the flesh pulpy and kills the flavor. Ripen green tomatoes by placing in a pierced paper bag for several days at room temperature.

Tomatoes and other vegetables can be purchased at the local Farmer's Market. The Farmer's Market is open on Wednesday mornings at the Brodhead fairgrounds and on Saturday morning at the Renfro Valley Festival Field. For free information on canning and freezing tomatoes, contact the Extension Office at 256-2403.

Tomatoes are Nutritious

By: Hazel Jackson
 County Extension Agent
 for Home Economics

Tomatoes are packed with health-promoting vitamins and disease-fighting phytochemicals. Add that to the fact that tomatoes are also a source of fiber, have little sodium and fat, no cholesterol (like all fruits and vegetables) and only 35 calories per medium tomato, and you have a good reason to try to consume all the tomatoes coming in from the garden.

Tomatoes are a significant source of vitamins A and C. Vitamin A is

essential for vision, normal growth, reproduction and a healthy immune system. Carotenoids are the type of vitamin A found in foods of plant origin and then converted into vitamin A. A medium tomato supplies about 20% of our daily value for vitamin A.

Vitamin C, also known as ascorbic acid, plays a vital role in combating infection, keeping gums healthy and healing wounds. Vitamin C is also involved in bone

Local residents attend UK Health Career Program

Heather Dawn Burton, daughter of Terry and Cynthia Burton of Brodhead, and Chadwick Dale Silvers, son of Jim and Nancy Silvers of Mt. Vernon, attended a six-week residential program at the University of Kentucky Chandler Medical Center.

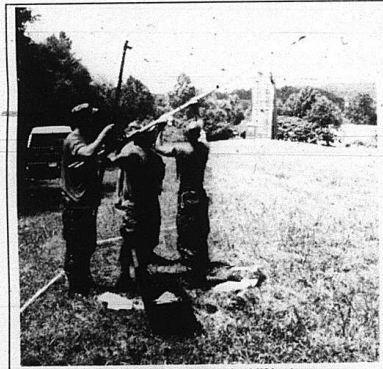

Burton and Silvers are among 27 high school graduates who attended the Professional Education Preparation Program (PEPP). The program, for students entering college in the fall, helps prepare them for a successful career in medicine or dentistry.

Chad Silvers and Heather Burton participated in UK's Health Careers Program.

Adrian Isaacs crosses one-rope bridge over deep ravine.

Cadets design and construct a load-lifting boom.

Cadets conduct river-crossing.

Cadets received a briefing and an orientation ride on the M113A2 armored personnel carrier.

Students are selected based on their grade point average, ACT scores, extracurricular activities, volunteer work and a written essay. The majority of students selected to participate are from areas of Kentucky with health professional shortages. PEPP hopes to address the needs

Reynolds is Rogers Scholar

Brandy Reynolds, of Mt. Vernon, has participated in the prestigious Rogers Scholars program during the week of July 12-19. Rogers Scholars is an intensive one-week summer session for rising high school juniors held at The Center of Rural Development in Somerset. The program emphasizes technology, leadership and entrepreneurial skills with the ultimate goal that no young person will need to leave home to find his or her future.

Rogers Scholars are selected from the finest students from the forty counties served by The Center. To be chosen as a Rogers Scholar, a student must have at least a 3.5 grade point average, exhibit leadership skills in their school and community, have three letters of recommendation, earn a math score of at least six on the California Test of Basic Skills

of rural areas by preparing students for the demanding medicine and dentistry programs. Students attended courses designed to provide them with a foundation in science, math and about many areas of health care through visits to local hospitals and nursing homes.

(CTBS) and write a 300 word essay about the effects of technology upon rural communities. "The selection process, even in this first year of the program, was highly competitive," said Hilda Legg, executive director & CEO of The Center. "We are proud of Brandy's accomplishments and hope that the Rogers Scholars program plants a seed in the young people of our region so that they will choose to utilize their talents in rural Kentucky."

Rogers Scholars participate in hours of training, interact with leaders from across the state, analyze their personal leadership styles well as create a community project to implement in their home county.

Bradley makes UK Dean's List; receives Chemistry Award

The faculty of the College of Arts and Sciences announces its Dean's List. Only full-time students in the college who have achieved a standing of 3.6 or better are included. The

Dean's List is, therefore, a select group of students who have demonstrated academic achievement. Christopher Arch Bradley is a Dean's List student, honored for both fall 1997 and spring 1998.

Bradley and Janna Marie Hackett shared the honor of the Freshman Chemistry Achievement Award at a luncheon where they were presented Certificates of Awards for their outstanding achievements in Chemistry. These two individuals were chosen by a select panel of chemistry professors and instructors at UK.

Chris Arch Bradley is the son of Frank L. and Pat Bradley of Brodhead and a 1997 graduate of RCHS.

Blanton, Eaton and King named to 'A' Honor Roll at Georgetown

Angela Ruth Blanton, daughter of Mr. and Mrs. James Blanton of Mt. Vernon; Angela Suzanne Eaton, daughter of Mr. and Mrs. John Eaton, Jr. of Mt. Vernon, and Talona Kay King, daughter of David King and Karen King of Mt. Vernon, have been named to the 'A' Honor Roll at

Georgetown College for the 1998 spring semester, announced Vice President/Provost Dr. Charles N. Boehms.

Students named to the 'A' Honor Roll must earn 12 semester hours and have a grade point average of 3.75 or higher.

Eaton named to Dean's List

Angela Suzanne Eaton, daughter of Mr. and Mrs. John Eaton, Jr., of Mt. Vernon, has been named to the Dean's List at Georgetown College for the 1998 spring semester, announced Vice President/Provost Dr. Charles N. Boehms.

Students named to the Dean's List must have completed 60 semester hours with a cumulative grade point average of 3.5. Continued attainment of a grade point average of 3.5 for two consecutive semesters is required to remain on the Dean's List.

Six complete Camp Can Do at Artemus

Six Rockcastle County Army JROTC Cadets successfully completed Camp Can Do, the annual Cadet Leaders Course, from July 23-27, 1998 at the Kentucky Army National Guard's training area near Artemus. For the first time, the course was taught off-campus in a field-training location and focused on developing leadership and decision-making skills, instead of teaching Cadets how to present training.

The most remarkable changes in this year's course were the participants (a total of 26 Cadets, teachers, civilian volunteers and Kentucky Army National Guardsmen) and the method of training (a 4 day program conducted entirely in the woods). The physically and mentally challenging training course was characterized by the Cadets as "...the toughest thing we've (JROTC) ever done" and "harder than Summer Camp."

The Cadets successfully completed the physically and mentally challenging training under severe weather conditions which included high temperatures and humidity, as well as rain. Working as a team, they were able to negotiate a deep ravine with a 1-rope bridge to recover a simulated supply cache; cross the Cumberland river over a single rope while keeping their equipment dry; design, construct and use a broom to lift and move a 30-pound load from a "contaminated" area to a safe area without being able to get closer than 8' from the box; and complete both a day and night compass course.

As a result of the training, the Cadets gained enhanced decision-making skills, significant improvements in their self-confidence, the ability to bring their classroom education to bear in solving "real world" problems, and a more positive understanding of the synergy between students and faculty. Their interaction with the Guardsmen provided a clear understanding of the relevance of education to career success, as well as an appreciation of the professionalism of the Guard.

The course graduates were John Abrams, Joe Clark, Brian Doan, Adrian Isaacs, Joey Reynolds and Jeff Smith. Ms. Dawn Quigley and Mr. Steve Holman, both certified teachers, completed the course as the team supervisors.

The training would not have been possible without a grant from Local Labor Market 16's School-to-Work program and the unstinting support from Company B, 1st Battalion, 149th Infantry (Mechanized) from the Kentucky Army National Guard.

Library News

By Geraldine Robbins

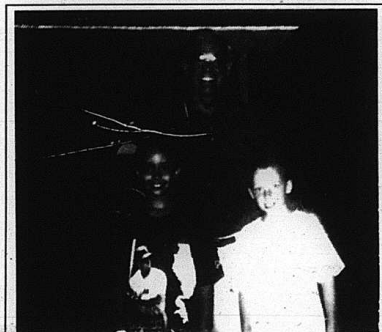

The big news here at the library is our closing for the next two weeks (Aug. 10-22) for inventory. I hope this isn't a great inconvenience for our patrons. You are welcome to get extra books the rest of this week and they will not be due for four weeks. For those of you who have overdue books, please get them in this week. It will make it easier on those of us who are doing the inventory, if the overdue books are here and we don't have to hunt through all the overdue cards to locate the book.

This is all part of our plan to automate the library as soon as possible but certain steps have to be followed and the inventory is one of the first steps. We have to know exactly how many books that are here. So many have been lost that we do not know about. Everything that is being done at the library is our way of making it a better place for the citizens of this county. We want this to be the center for information and also to be the place to come to for recreational materials (books, videos, audio books, magazines, etc.). We hope to have several new books, videos and audio books ready for our patrons when we reopen.

There has been extensive weeding of the adult biographies recently and these are for sale at 25 cents each. Please come and look at these before we close. We need to get them out of our way. A lot of these books had not been checked out for more than twenty years but they might be interesting for someone and most are in good condition.

The summer reading program (Readers of the Round Table) was a great success with over 6,000 books checked out to the children in the library and on the bookmobile during June and July. Our young people surely have been busy reading this summer and this is great. Good readers make good students and that is what we all want for our children. Some other special programs for the children will be planned in the future.

We hope to have a new children's service librarian hired by the time we open up August 24th. Betty has done an excellent job with the children and we want to continue this and even add more activities for them. Again we want to thank Betty for the many years of service to the library and all the things she has done for the children.

Dakota Smith, son of Bill and Bev Smith and Jake Woodall, son of David and Terri Woodall had the privilege of running into Gov. Paul Patton at Myrtle Beach last month while on vacation. They are both third grade students at Mt. Vernon Elementary.

Who Am I?

When you see me walking down the street, please don't kick me, it may hurt, please don't yell at me, I have feelings too.

When you see me getting into your trash, please help me, I'm only hungry.

When you hear me cry out at night, it's not because I'm trying to do you harm or frighten you, it's because I AM one of God's creations. He loves me and cares for me just as He does you; I don't ask for much, someone to love me, a little compassion and kindness, a pan of fresh water and maybe just a piece of bread.

You look at me and say, "how ugly, how dirty," it's just an old stray who should be done away with.

Please remember I'm this way because someone did this to me, I AM one of God's creations. He loves me and cares for me just as He does you; I don't ask for much, someone to love me, a little compassion and kindness, a pan of fresh water and maybe just a piece of bread.

Each of us have seen these precious animals, dogs, puppies, cats and kittens that fit the above description; honestly, look into your heart, how does it make you feel, does it make you angry that your trash has been torn apart, or does it touch your heart, or maybe your response may be "oh, it's just an animal." God created them, not to be harmed, destroyed, abused.

I've been in Europe for a number of years and when I came back to

Rockcastle County, I was so surprised and happy to hear about the wonderful group of people who are trying so hard to make a dream become a reality. Just remember, it could be you and I out on the street, hungry, alone and frightened. Just please don't close your heart when you see that "stray" that's only trying to find water, something to eat and may have a dream of someone caring.

This isn't about money or material things, it's only about a sincere feeling of caring and compassion.

Truthfully, this doesn't only apply to animals, it applies to eat and as well. One's actions toward one another, the words we speak each day, orally and mentally are much more powerful than we realize. If we knew their great creative or destruct-

condemned, we would be more diligent in watching what we say and think.

Words as well as actions can build or destroy. All you have to do is

observe a person's reactions when harsh words are spoken, when we're praised or appreciated. When we're "put down," hurt or embarrassed or

condemned, we're down cast. Mistakes are a fact of life, it's the response to the error that counts. The only limit to our realization of tomorrow will only be our doubts of today. Remember the jays you see in stores, drop only a penny.

Thank you, Treasure Bentley Broadhead, KY

Another JobStart success

On Friday, July 31st Tammy Whitaker completed her 12 weeks with the JobStart Program. With graduation to be held, she requested a breakfast celebration for the ceremony. With that in mind the menu was planned, preparation took place and everyone enjoyed the meal while words of encouragement and happiness were shared with Tammy.

JobStart makes every graduation special for the participants via memorabilia that will not soon be forgotten. During the graduation Paula Woodman, Program Manager of CAP's Adult Learning Center, spoke of the accomplishments of the students and reminded them that even after they graduate, JobStart will continue to assist them in obtaining their goals. Judy Dillingham, caseworker, Anne

Elkins and Karen Lorenz, instructors congratulated Tammy on her success with the completion of the job skills training program and a job well done during her time in the program.

JobStart is a unique program in Rockcastle and four other surrounding counties, that is geared toward meeting the individual needs of each student. JobStart's goal is to empower each student in many areas and is open to anyone over the age of 16. If you are interested in gaining job skills and overcoming obstacles in your search for employment and having fun while learning you may call 256-9612 and ask for Judy or Anne for information or 256-5307. Classes are held Monday through Friday, 8:30-12:30, at the Christian Appalachian Project Recreation Center.

Edge out Knox Co. by 4 points

Dolphins win LCSA conference

The Cedar Rapids Dolphins took first place in the 1998 Lake Cumberland Swim Association Conference meet held at Cedar Rapids over the week end.

The Dolphins, under the direction of first year coach Lindsey Doyell, edged out the Knox Co. Piranhas 786-782 for their first championship since 1994. At last year's conference, the Dolphins were defeated by 19

points by the Piranhas for the championship.

The Dolphins are lacking badly in male swimmers, particularly in the 9 and 10 year old group where they had no entrants. Andrew Hammond, the only 13-14 year old swimmer for the Dolphins, dominated his group, taking a first in all five swimming events. Cody Cox, the only 15-16 male swimmer, took a first and four second in

his events. The Dolphins particularly dominated in the female 15-16 events. The combination of Angela Owens, Tara Burton, Suzanne Brown and Tara Cox took first places, four seconds, a third, two fourths, two fifth places and one sixth. Angela, reportedly, gave up two weeks of vacation in Florida, to swim in the conference.

The Dolphins took four of the fourteen high point swimmer awards. Brittany Calhoun, in her first year of participating in conference, tied for the most points for age 6 and under with Audra Beckman of Lakewood; Allison Anderkin was high point winner in the 11-12 age category; Andrew Hammond was high point winner in the 13-14 age group and Suzanne Brown won the high point award for the 15-16 category.

Finishes for Dolphins by races were:

(Cont. to A11)

Allison Anderkin was the high point winner for the 11 & 12 girls.

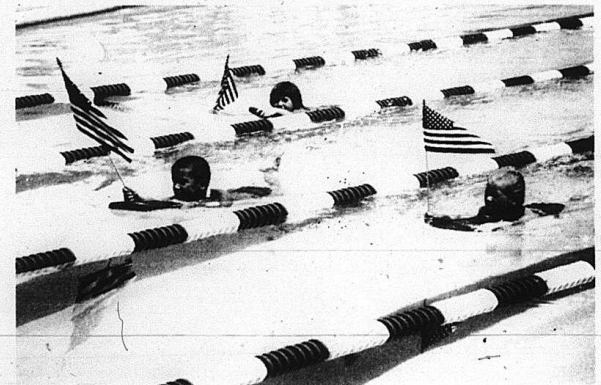

Brittany Calhoun, left, and Audra Beckman of Lakewood Country Club tied for the six and under high point swimmer. The award was presented by Rick Bryant.

Angela Owens got a first, swimming the 15-16 girls breast stroke. Owens also took a first in backstroke.

At right, taking a page from the Bluegrass State Games, three Rockcastle swimmers opened the Lake Cumberland Swim Association Conference held at Cedar Rapids before the start of the conference were, from top: Sarah Hammond, Leyton Hensley and Katy Mattingly.

At left, Cody Cox swims in the breast stroke, an event in which he took second place. Cody got four seconds and one first in the conference.

Andrew Hammond won all his individual races and finished as high point male in the 13-14 age category.

Suzanne Brown was the high point winner in the 15-16 age category.

14-and-15-year-old All-Stars lose to Louisville Valley; finish runners-up

It was a David and Goliath type battle as Rockcastle County, population 15,000, took on Southwestern Louisville, population about 200,000. The Louisville Valley team was composed of players from Buler High School, Valley High School, Western High School, and state powerhouse Pleasure Ridge Park High School. Valley is a state AAA school and the others are AAAA schools.

Rockcastle lost by score of 4-2 last Tuesday night in Catlettsburg but can certainly be proud of their performance in this year's tournament as they were outlasted by only Louisville Valley for the right to compete in the national Senior League Tournament.

Greg Harper did an excellent job pitching and held Louisville scoreless the first three innings. Louisville scored one run in the fourth inning and another in the fifth to make it 2-0 going into the bottom of the sixth inning.

Rockcastle stranded five base-runners in the first three innings before breaking into the scoring column in the sixth to throw a real scare into Louisville. Derrick Bussell led off the sixth with a single, Greg Harper drew a walk to follow, Chris Parsons hit a double to left field, scoring Bussell. Greg Harper then scored on a wild pitch to tie the game.

In the top of the seventh, Louisville managed two more runs to regain the lead.

Rockcastle went down in order in the bottom half of the inning, ending the game. The Rockcastle players were awarded Senior League pins recognizing them as Kentucky's 1998 2nd place team.

Congratulations to players Billy Haddix, John Bray, Shea Taylor, Derrick Bussell, Greg Harper, Chris Parsons, Brad McNew, Josh Hale, Billy Hackworth, Brandon McIntosh and Brandon Bishop and coaches Everett Harper, Jim Bussell and J.D.

Bussell on a job well done. They represented our county in a highly competitive manner and did it with class.

The Rockcastle County High School Rocket Baseball team finished in the top ten in several categories for the 1998 baseball season.

The Rockets finished second in stolen bases with 113 in 22 games. They finished sixth in on base percentage and they finished seventh in team batting average with a .356 average.

Second baseman Travis Anderklin also finished tenth in the state in stolen bases with 23 steals in 22 games.

CHS' girl's basketball players Brandy Reynolds and Jessi Ricketts fared extremely well in a recent camp at Transylvania University. Reynolds a junior at RCHS and Ricketts a freshman both play guard. Reynolds was named Camper of the Week and Ricketts came in third.

Mt. Vernon Elementary School teacher Chris Cornelius won the recent men's invitational tournament at Cedar Rapids Country Club. Cornelius, who had won the event once before, carded a two under par 142 for the two day event to capture the title. Warren Cash, also of CRCC, placed second with a score of even par 144. Cumberland College golfer, Jeffery Owens, also of CRCC won the second flight with a 160. Bob Fox also a CRCC member won the fourth flight with a total of 165. 98 golfers participated in the annual event.

The Rockcastle County High School Rockets kick off their 1988 season in the Recreation Bowl at Mt. Sterling on August 22. The Rockets face the same team that put them out of the play-offs at the end of last season in the opener, Lexington Catholic. Game time is 6 p.m.

The Rockets play at South Laurel on August 28, at home against Southwestern Pulaski on Sept. 4, at Berea, against Madison Southern on Sept. 11, at home against Dayton on Sept. 18, at Scott County on Sept. 25, at home against Wayne County on Oct. 2, at home against Corbin on Oct. 9, at Estill County on Oct. 16 and at Somerset on Oct. 23.

State Champions!

On July 10, 1998 the Fishers of Men National Tournament Trail held their state tournament on Barron Lake. Mark Blanton and Doug Brock, Jr. won first place with six bass, weighing 23 lbs. Doug and Mark will be competing for the National Championship along with several other teams from the county. This tournament will be held in early October at Gunnersville Lake in Alabama. If anyone is interested in fishing this tournament trail for 1999, contact Donovan Smith at 758-8120.

Student to be married in classroom

Classes at the Christian Appalachian Project's JobStart Training Center in Renfro Valley will be interrupted at 11:00 a.m. Thursday morning, August 6, and the classroom will be turned into a wedding chapel so that one of the students can get married.

Lorie Martin, the bride-to-be, is a young widow enrolled in the JobStart Program who has been completing a wide variety of studies designed to boost her job skills and enable her to enter the work force. The groom, Doug Meadows, is a carpenter she met last year when he came to make some repairs on a home she was renting.

"Two of the skills we stress in our curriculum are planning and creativity," said Judy Dillingham, a JobStart Program staff member. "About a dozen of our students have been involved in helping Lorie plan her wedding. They've gotten so involved that they wanted to have it right here in our building and that's where the creativity is coming in. At least it sure is something different for us," she said.

The Christian Appalachian Project's JobStart Program is aimed largely at helping people get from welfare to work. Started in the Fall of 1997 with partial funding from the Kentucky Cabinet for Workforce Development, it's goal is to have 347 participants complete a 12 week course where they learn basic computer skills as well as how to operate business and office machinery. Students also learn interviewing skills, good work habits, build their self-confidence and address a host of other personal goals that will make them better prepared to enter the labor force.

JobStart Training sites are located in Booneville, Lancaster, Anville and Renfro Valley. On-site interviews at the wedding in Renfro Valley may be conducted with:

Dukes of Hazzard Reunion Tour at Renfro September 5th

In a few weeks you won't have to travel to Hazzard County or even tune your television set to the Nickelodeon Channel to see the "Duke" Boys.

They will be in Renfro Valley on September 5th, as part of their 1998 Reunion Tour.

John Schneider and Tom Wopat, better known as Bo and Luke Duke along with Sonny Shroyer, also better known as Deputy Sheriff Enos on the ever popular Dukes of Hazzard television show, will reunite in Renfro Valley. The General Lee, a 1969 Dodge Charger used in every show filmed, will also be on the Valley grounds for the reunion.

Since the Dukes of Hazzard, which ran on CBS from 1978-1985, John Schneider has been a very busy man. He has worked on several television projects, worked in the theater and recorded albums.

Tom Wopat has also worked on Broadway, in television and recorded albums of his own since the Dukes of Hazzard quit filming in 1985.

Sonny Shroyer has also had roles in several television and big screen productions and even had his own television series, "Enos" since the Dukes of Hazzard.

With syndicated reruns of the Dukes of Hazzard television show (1978-1985) running daily on Nickelodeon, a second generation has become hooked on the antics of the Duke boys, Deputy Enos and their famous automobile, "The General Lee," which is sure to attract a crowd of attention when it arrives at Renfro Valley.

Most recently, John Schneider, "Bo Duke" starred in two films for CBS.

The first was the eagerly anticipated and highly-rated, "Dukes of Hazzard," followed by the mini-series, "True Women," where he appeared as the legendary Sam Houston, opposite Dana Delany.

Schneider was last seen on the CBS show "Ordinary Extraordinary," on Friday nights this summer. He is also a series regular on the CBS hit, "Dr. Quinn, Medicine Woman." His additional television credits include a series regular role on "Heaven Help Us," executive produced by Aaron Spelling and the Family Channel original movie "Night of the Twisters," which remains the highest rated film for the network.

A respected singer/songwriter, Schneider, did 487 performances of the Tony Award winning musical, "Grand Hotel" and has eleven solo albums and four number one singles. He recently released, "Worth the Wait," which is available through his own production/distribution company, Faith Works Family Films.

One of Schneider's proudest accomplishments is co-funding the Children's Miracle Network, the only annual fund-raising event of its kind

in the world.

Since its inception in 1982, the telethon has raised over one billion dollars for hospitals in the United States and Canada.

All moneys raised are given directly to children's hospitals located throughout North America. On a local level, proceeds raised by the Children's Miracle Network go directly to the University of Kentucky's Children's Hospital in Lexington. While many actors have causes and charities they work for, Schneider's crusade is to save television.

He has steadily produced and distributed quality family entertainment through both Faith Works and his distribution company, Family Adventure Films.

It's a rare performer indeed who can claim starring on a classic television action series that's become part of American pop culture, winning top-billing on Broadway marquee in award-winning hit musicals, recording solo albums featuring country chart-makers and playing the leading man in a hit situation comedy.

That rare performer is Tom Wopat, "Luke Duke."

With the success of *Cybill*, the hit CBS sitcom starring Cybill Shepherd, which premiered January 1995, Wopat has once again reassessed his versatility and enormous popularity. As Jeff Robbins, Cybill's ruggedly handsome stuntman ex-husband #1, he proves to be one of the few traditional leading men on television today willing to play comedy.

On his days off from Broadway or, these days, taping *Cybill*, it's not unusual to find him on his way to a Nashville recording studio or to a performing arts center somewhere in the country for a concert.

Sonny Shroyer "Deputy Enos"

was born in Valdosta, Georgia, a small town on the Georgia-Florida border. Shroyer, whose given name is Otis Burt Shroyer, Jr., grew up steeped in the traditions of the deep South.

He worked in the tobacco warehouses and helped his father in their fruit stand-ice cream parlor business.

His prowess in high school football handed him a football scholarship at Florida State University. He later ended up playing football in the movie, "The Longest Yard," with another FSU football player, Burt Reynolds. However, his football career was cut short by an injury, and Shroyer finished his education at the University of Georgia where he earned his degree in business.

In 1961, Sonny posed in football gear for a photographer who was shooting pictures for the back cover of the program for the Georgia-Georgia Tech football game. That picture launched Sonny's professional modeling career. After many more print ads and commercials, Sonny landed his first movie role in "Like a Lion on June Bug" with Mercedes Mc-

Cambridge and "Payday" with Rip Torn. His movie career blossomed with many more films, including "Smoke and the Bandit" and a mini-series, "Freedom Road." Additionally, his credits include television appearances as a disturbed parent on "In the Heat Of The Night." Also, Sonny played Alabama Head Coach, Bear Bryant, in the paramount Block Buster feature, Forrest Gump, with Tom Hanks.

Renowned for its car crashes and daring-do, The Dukes of Hazzard today are claimed by younger audiences as their own, finding it hard to believe such exciting programs could have existed in the "prehistoric" days of their parents. Renfro Valley proudly presents the "Dukes of Hazzard Reunion Tour" on September 5 at 7 p.m. in the New Barn Theater. Be sure to bring your camera for photo opportunities with the stars and the General Lee.

For tickets and information, call 1-800-765-7464 or (606)256-2638. Visit our Web Site: <http://www.renfrovalley.com>.

Bo and Luke Duke will be at Renfro September 5th.

Child Abuse--A Matter of Fact

By Peter O. Samples, State Chairman
Prevent Child Abuse - Listen and Observe
CHILD ABUSE AND NEGLECT IS A SERIOUS AND WIDESPREAD PROBLEM THAT CANNOT BE STOPPED WITHOUT ALL OF US WORKING TOGETHER. HERE ARE SOME WAYS YOU CAN HELP:

Learn to recognize the warning signals and indicators of child abuse and neglect. If you suspect that a child is a victim of child abuse or neglect, contact the social service agency or call 1-800-222-5555. Encourage your friends to do the same. Most people do not want to hurt or

neglect their children, but are faced with problems they cannot solve alone. Help them get help and save a child from harm. In the case of your

The following details of the 1906
Rockcastle County Fair first appeared in
the Mount Vernon Signal on December 21, 1906. It was recently transcribed from microfilm of that issue of the Signal. One of my Internet genealogy friends, Mrs. Cindy Durham Crawford, of Batavia, Ohio loaned me some of the University of Kentucky King Library microfilms of the Signal. I thought it would be a nice gesture to share these gleaming with the Signal's present readers.

"It Is Written"

Peter in Ac. 10:34-35 said "Of a truth I perceive that God is no respecter of persons: But in every nation he that feareth him, and worketh righteousness, is accepted of him." Let's notice some lessons from Peter's statements here
First, Peter was stating a truth that he had come to learn. He was not merely giving an opinion or a mere "think-so" on these matters. He had learned that God is no respecter of persons. Literally, God is not a respecter of face, i.e. God does not accept or reject based on the "face" of things. It does not make any difference whether one is a Jew or a Gentile, black or white, rich or poor, educated or uneducated, male or female. These are not what God cares and makes judgments about, in being accepted of him. But he will show us what does make a difference with God in vs. 35, for God is a respecter of character.
"But in every nation," God is ready and willing to accept people unto himself. The gospel of Jesus Christ is for all humanity and should be preached and taught to every creature. Mk. 16:15, Mt. 28:19, Lk. 24:47.
Now notice what is necessary to be accepted of God: "He that feareth him and worketh righteousness is accepted of him." The fear of God, Solomon said, is the beginning of wisdom and knowledge, Pr. 1:7, 9, 10. We must stand in awe and reverence of the great God of heaven. Far too many do not fear God, and some don't even believe in him. He also says we must also work righteousness. What does he mean work righteousness? Paul in Rm. 1:16-17 says, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth, to the Jew first, and also to the Greek. For therein is the righteousness of God revealed from faith to faith. As it is written, the just shall live by faith." God's righteousness, is found in the gospel. By obeying the gospel, men and women in every nation can be accepted of God. Have you obeyed the gospel of Jesus Christ? Let us know if we may help you.

Absolute Auction
of
the late Mrs. Grover Burton's
HOUSE AND 89 ACRES MORE OR LESS
Saturday, August 15, 1998 at 10 a.m.
Walnut Grove section of Pulaski County, Ky.

Location: 17 miles north of Somerset. Turn east off Kentucky 39 onto State Road 935. Follow 935 two miles to Bee Lick Creek Road. Follow Bee Lick Creek Road 1.2 mile to Burton Road or turn off Hwy. 461 near the Mt. Pleasant Baptist Church onto State Road 934. Go 2.3 miles on 934 and turn on Latham Road. Proceed 1.1, 2 miles to auction site. Auction signs are posted.

In order to settle the estate of the late Mrs. Burton, her heirs have authorized our firm to sell the property at absolute auction.
The farm contains 88.76 acres by new survey with approximately 53 acres of crop land according to the Pulaski County FSA office and a balance in woods. Water is provided by a creek, pond and spring. This farm fronts on both the Bee Lick Creek Road and the Burton Road.
The farm is improved with the above pictured home which offers living room, kitchen, dining area, 3 bedrooms, a bath plus enclosed porch and partial basement. Other amenities include: washer/dryer hookup, oil furnace, city water, wall to wall carpet and storm doors and windows.
In addition to the house, the farm is also improved with a concrete block garage, 32x48 tobacco barn, and small block storage building.
The tobacco base is leased for 1998. The basic tobacco allotment of 2,538 lbs. will remain with the farm.
Auctioneer's Note: If you're in the market for a good farm in a great agricultural area, be sure to mark your calendar and make plans to attend this absolute auction on Saturday, August 15th at 10 a.m.

Reprinted from the 1992 Rockcastle History Book which was published by the Rockcastle County Historical Society.

Rockcastle County & Its Places
Rockcastle County (April 1810), a little bit of Knox, Lincoln, Madison and Pulaski Counties was taken to form Rockcastle County. The county was named for the Rockcastle River which flows along its southeast border. The river was named Lawless River by Dr. Walker in 1750. It was renamed in 1767 by Isaac Lindsey. He renamed it for a huge rock with an overhang that could provide shelter for a large number of persons; the early settlers called the natural formations "rock castle". The county has 318 square miles with a population of 13,929. The county seat is Mount Vernon.

Brodhead: This sixth class city is located on US 150, at the head of Dix River. Until the Lebanon Branch of the L&N Railroad reached this point in February 1868, it was the site of a drover's stable and stagecoach stop, called Stigals Station. The station and post office were established May 14, 1868, with Elsworth O. Farris being the postmaster. Stigals Station was renamed Brodhead, supposedly, for Richard Brodhead (1811-63), who was responsible for building the railroad to this point. The town was incorporated in 1880. The Mayor of Brodhead is Mr. Billy Bussell.

Conway: This place is located on US 25. The post office was established on Conway on February 29, 1884, with William Hart being postmaster. Conway was renamed Conway several months later for a Mr. Conway, who was a surveyor and partner in Conway and Taylor, land owners and developers.

Copper Creek: This community was named for the many copper head snakes found in this area.

Disputanta: This community is located at the mouth of Davis Branch on Clear Creek. Mr. D.N. Williams suggested the name when two local factions could not agree on what to call their new post office, established on June 25, 1886, with Henry H. Wood, postmaster. The post office was closed December, 1977.

Gum Sulphur: This community located west of Brodhead on Highway 150, was named for an artesian well which was used for medical purposes.

Hansford: The first post office was established on August 7, 1871 and may have been named for its first postmaster, Will R. Hansford and his family.

Horse Lick: This community, perhaps, was named for the salt licks and the horses that would come to the licks for salt.

Hummel: This little town was built up in the early 20th century around the quarry and mill acquired in 1896 by the Cincinnati based David Hummel Building Co., for which it was named. The post office was established, June 11, 1923, with James

A. Franklin as post master. The post office has closed and the Hummel area is now known as Langford Station, named for the pioneer Langford family.

Lebanon: The post office was established in 1925. It was located in a store and restaurant at the mouth of Parker Branch in Laurel County. The store was owned by Clarence and Charlotte Lamoreaux. They named the community for themselves. The post office was moved to Rockcastle during World War II and again in 1957.

Livingston: This sixth class city is located on US 25 and the Rockcastle River, seven miles southeast of Mount Vernon. A post office called Fish Point, was opened there on May 13, 1840, with Thomas Pope, postmaster. The L&N Railroad extended its Lebanon Branch to this point in 1870 and established Livingston Station, renamed for James Livingston. The city was renamed Livingston in 1882. Faye Baker is the mayor of Livingston.

Mareburg: This community is located on Highway 150 west of Mount Vernon. It was once a station on the L&N Railroad's Lebanon Branch called Mt. Guthrie, for James Guthrie. The Railroad's third president. In 1882 it was renamed by the railroad for James Maret (1855-1936), then station agent and telegraph operator at the Mount Vernon station, after he prevented the collision of two trains at this point.

The post office was established at Mareburg on March 27, 1885, with Benjamin F. Sutton, postmaster.

Mount Vernon: This fifth class city is the county seat of Rockcastle County and is located on U.S. 25 and 150. This site was called White Rock in 1810 because of a large white rock that was located on this site. The name Mount Vernon was applied when the post office was established on September 26, 1811. It was, supposedly named for Washington's home in Virginia. The Mayor of

Mount Vernon is Mr. Gary Cromer.

Mullins Station: This community is located on Roundstone Creek and east of Mount Vernon, was named for a local Mullins Family. The post office established on June 18, 1886, was always known as Withers for the family of the first postmistress, Mary A. Withers.

Negro Creek: (West Brodhead) This community was named for a negro slave that was killed at this site.

Pine Hill: This community is located on US 25, southeast of Mount Vernon. The post office was established on April 16, 1867, with Rees B. Ward, postmaster. It is now a rural branch of the Mount Vernon post office. The site was named for the abundance of pine trees.

Renfro Valley: This community is located on US 25, north of Mount Vernon. The valley formed by Renfro Creek, a tributary of Roundstone Creek, was probably named for James

Renfro. His nephew, John, is said to be one of the first settlers in the valley. The Renfro Valley post office was established in 1939.

Roundstone: This community is located on Roundstone Creek, a branch of Rockcastle River, which was named for the round stones found in its bed. The post office established, as Round Stone on March 18, 1856, with James Sayers, postmaster, was closed in 1896.

Sinks: Named because the Roundstone Creek "sinks" underground at this point.

SCHOOL BUS RULES AND REGULATIONS

The privilege of any pupil to ride a school bus is conditioned upon their good behavior and observance of the following rules and regulations. Pupils violating these rules and regulations shall be reported to the principal of the school which the pupil attends for necessary corrective action.

Safety is the primary concern in the transportation of pupils. In order to assure proper safety, it is vital that pupils and parents understand the rules and regulations of school bus riding. Following is a list of basic rules and regulations adopted by the Rockcastle County Board of Education and the Kentucky Department of Education:

1. Arrive at bus stop on time. The bus has many scheduled stops and cannot be delayed.
2. Never stand in the road while waiting for the bus. Parents should encourage safety measures for pupils as they wait for the bus and walk home from the bus.
3. Cross a safe distance (10 feet) in front of the bus so the driver can see you.
4. Take a seat upon boarding the bus and do not change seats while the bus is in motion.
5. The driver is in charge of the bus and pupils and has the authority to assign seating arrangements.
6. Keep noise to a minimum so that the driver's attention can be devoted to driving.
7. Do not extend arms, legs or head out the bus windows.
8. Obey the rules posted on each bus.
9. Do not block aisles in any way.
10. Knives/other sharp instruments are not permitted on the bus.
11. Never run toward the bus. Always load and unload when the bus has come to a complete stop.
12. Apply the above rule (No. 11) when transferring buses.
13. Never use the rear exit unless an emergency exists.
14. Ride only your assigned bus unless you have a signed note from the Principal. Parents must write or call the principal to obtain permission for pupil to ride another bus or to exit at a different stop.
15. Report any damages to the bus.
16. Do not occupy more space in a seat than required.
17. Open and close windows in compliance with the driver's instructions.
18. Pupils and parents are to accept the responsibility of listening for dismissal announcements on the radio on days when inclement weather disrupts the regular schedule.
19. The following rules are of particular concern and the activities mentioned are prohibited at all times:
 - a. Use of profane/foul language
 - b. Smoking or other use of tobacco on the bus
 - c. Fighting on the bus
 - d. Destruction of bus property
 - e. Defiance of driver's authority
 - f. Throwing objects on or from the bus.
20. **Disciplinary Action:** Violations of the above stated rules and regulations shall be reported to the appropriate school principal. The principal shall record the incident and determine the appropriate disciplinary action. Should any pupil persist in violating any of these regulations, it shall be the duty of the driver to notify the principal and, after due warning has been given to the pupil and such violation persists, the principal and/or board of education shall then forbid such disobedient pupil the privilege of riding the bus. Written notice of the action of the principal shall be furnished to the parents and the superintendent.
