VOTE FOR Barbara Bennett
write-in candidate for Mt. Vernon City Council

I would appreciate your vote and support during the November General Election for Mt. Vernon City Council. Take a few extra moments when you vote and elect someone who has the ability, determination and desire to make Mt. Vernon a better place for us all to live.

I have the time and energy to research issues concerning our town and the integrity to vote in the best interests of our citizens. I am a part of Mt. Vernon and want to help make our town a better place to live and raise our children.

Please remember me on election day --

An elderly Ottawa woman was killed in a three car accident in front of the Rockcastle County High School last Thursday morning. Mrs. Christine M. Brown, 80, died at the scene of the 11:30 a.m. accident, from blunt force trauma, according to Rockcastle County Coroner Bill Dowell. According to

Rockcastle Deputy Sheriff Darrell Doan, Mrs. Brown failed to apply the brakes to her car before slamming into the rear of a Nissan Pathfinder, which hit a Chevy Blazer. The two other vehicles involved in the accident were sitting at the light in front of the school. Neither of the drivers in the other vehicles were injured.

Carmichael found guilty of attempted extortion

A federal jury of three men and nine women refused to buy the story that Commonwealth Attorney Ray Carmichael was investigating a Somerset pawn shop owner and bookie when he asked for \$100,000 in cash. It was just an old-fashioned shake down, the jury concluded, and found Carmichael, the chief criminal prosecutor in Rockcastle, Lincoln and Pulaski counties guilty of attempted extortion. Carmichael faces a sentence of 27 to 42 months in a federal penitentiary when U.S. District Judge Karl S. Forester pronounces final sentence on January 22. Carmichael, 39, was convicted

Getsi pleads to lesser charge

A Mt. Vernon man who was charged last year with twenty counts of first degree sexual abuse has pled guilty last week in circuit court to lesser charges.

Matthew Getsi, 33, of Mt. Vernon was indicted last December, accused of molesting three boys he was trying to adopt, but on Friday he pled guilty to one count of sexual abuse in the second degree. A misdemeanor.

Assistant Commonwealth Attorney Greg Owsley, who accepted the guilty plea from Getsi said that Getsi would be sentenced to 12 months in jail, but that his sentence would be probated for two years.

Owsley said Getsi would have to go into a sexual treatment program and that he could not have any contact with the children involved in the case.

Getsi was a counselor and friend to the children when the case was reported to authorities by a foster parent of one of the children.

Owsley said that all parties involved in the case thought the sentence was something that could be accepted because it spared the children the trauma involved with a jury trial.

Lead investigator in the case KSP Detective Gary Lane said that he also thought the plea arrangement was good for the children. "This way the children involved do not have to get on the stand and recall this bad situation," Lane said.

Owsley said that a person is deemed guilty of sexual abuse in the second degree when he or she subjects another person less than fourteen years of age to sexual contact.

Getsi will be formerly sentenced on December 11.

Indictments returned

The Rockcastle County Grand Jury handed down eight indictments Friday for crimes ranging from not paying child support to selling dope.

Frederick J. Russell, 26, of Brodhead was indicted on one count of trafficking in marijuana under eight counts. He is accused of having 4.66 ounces of "pot" in his possession on June 21 with intent to distribute while

in possession of a firearm. The case is being handled by Rockcastle Deputy Sheriff Doug Thomas.

Otis Bradley, 57, of Chestnut Ridge was indicted on one count of cultivating marijuana over 5 plants. Bradley's home was searched by police after they received an anonymous tip on August 15. Police say they found 95 "pot" plants growing in side the home.

State police Detective Gary Lane is handling the case.

Larry Wayne Lawson, 39, of Richmond, was indicted on three counts of flagrant non-support of his three minor children from December of 1994 to September of 1998.

Rockcastle County Attorney Jeff Burdette said Lawson owes in excess of \$14,000.

Gary L. Denny, 35, of Mt. Vernon was indicted on two counts involving a June 10th incident at the home of his wife.

Denny is accused of shooting into the home of Nadine Denny and violating a domestic violence order when he went with 500 feet of Ms. Denny. KSP trooper Millard Root is

Board votes for week long Spring break April 5-9

The Rockcastle County Board of Education voted unanimously on Tuesday night to allow a week long Spring break in April, no matter how many days school is dismissed because of weather.

As it stood before, school would have been out for an entire week that first week in April only if school was dismissed less than ten days prior to April 2.

The request for the change was made by RCHS teacher Connie Riddle, whose husband Ryan is the head RCHS baseball coach.

Mrs. Riddle told the board in September that the team wanted to spend that week in Florida preparing

Candidate for Livingston council says council did not listen to citizens

Livingston City Council candidate Tim Hayes said Monday that he thinks the city council there should have paid more attention to a petition against the hiring of the city's current police officers.

"The election officers are responsible for making sure that only voters in the city vote in city races," she said.

Hayes said that he thought the council members should have taken the petition more seriously and not just glanced at it.

Hayes said that he thought the council members should have taken the petition more seriously and not just glanced at it.

Hayes, owner of Hayes Grocery in Livingston said his voice and the voices of the other 86 people who signed the petition was totally disregarded by the city council when they hired Bill Hammons and Jimmy Poynter on September 24.

The grocery owner said that Jimmy Poynter, one of the officers hired, even signed the petition because he thought it was funny. "The rest of the people on that petition don't think it's funny," Hayes said.

Hayes said the meeting at which the officers were hired was moved up from Saturday to Wednesday and held an hour too early to avoid any controversy.

"We think the council totally disregarded the public's opinion on this matter, and we hope the voters will remember the September 24 meeting when they vote in November," Hayes said.

Besides Hayes, incumbent council members Curtis McHargue, Katha Carpenter, Alveda Bond and Todd Mink have all filed. Also filing for council seats in Livingston were Paul Owens, Charlie Newcomb, and Marquita Phillips. Incumbent Mayor Sandra Tyre has opposition from Dean Jones and J.C. Griffin.

Hayes said that a number of people in Livingston think that Hammons and Poynter harass people and that it has gotten so bad that people are actually avoiding Livingston when the officers are on duty for fear of being stopped for no reason. Hayes said that of the 87 people on the petition about 64 percent of them live in the city limits. Hayes said he felt sure it was a majority of the registered voters in the city limits.

County Clerk Norma Houk said she wasn't sure how many people were actually registered to vote in Livingston's races this Fall because of the way the precincts are divided.

Hayes said that he thought the council members should have taken the petition more seriously and not just glanced at it.

Cromer home raided Sunday

A routine traffic stop by the Mt. Vernon City Police has led to the arrest of a Pine Hill man.

Mt. Vernon city police officers Matt Bryant and Barry Adams and Rockcastle Deputy Sheriff's Charles Grey and Tim Cameron executed a search warrant at the home of Brian Cromer at Pine Hill around 3 a.m. Sunday morning.

Police contacted a large amount of alcohol and small amount of marijuana as well as a police scanner.

Cromer, 29, was charged with the illegal sale of alcohol in a dry territory, possession of marijuana and unlawful possession of a police radio.

Correction

In the October 1 edition of the Mount Vernon Signal we reported that Barbara Deann Lovell, was the step daughter of Ronnie Bradley of Quail. That was incorrect, Ms. Lovell is no relation to Bradley.

Alred is new assistant co. attorney

Rockcastle County Attorney Jeff Burdette has announced the recent hiring and appointment of Russell Alred as assistant Rockcastle county attorney.

Alred, who has been with Burdette's office since August was sworn-in by Chief Supreme Court Justice Joe Lambert on October 2.

Alred is a native of Harlan County and resides in Mt. Vernon. He attended Cawood High School and graduated from Centre College in Danville in 1994. He received his law degree from Salmon P. Chase College of Law earlier this year and has worked as a clerk for the Harlan and Kenton County Attorney's offices while in law school.

Alred has concentrated on child support enforcement and will continue to focus on that crime in Burdette's office.

"In adding Russell to our child support team, which includes Patty Hayes and Kathy Robinson, I not only expect our good efforts to continue, but that we can concentrate on more cases, especially those families that are doing without support," Burdette said.

State figures show that Burdette's office finished in the top five percent statewide last year in overall performance with 160% increase in

support payments over the past four years.

PRECIOUS SOULS, CHILDREN OF AN EVIL AGE, greetings and affection to you and yours from me and mine here in the heart of this heav'n blest dell called Wab'd, life-long home of the late Sebaltius E. Driddspetal, long-time vendor of *Diribilly's Blackstrap Molasses* and *Curtis' Consumption Cure* (Guaranteed), and part-time organist for Wab'd's Blue Moon Generally Baptist Church, who said, "A lot of trouble in the world is caused by folks trying to reform others first."

Blue Moon Church, by the way, now uses the piano and organ on alternating Sundays, since their new preacher, Brother Gemal, declared it "happy" and "smacking of pride" to use the two instruments simultaneously or at the same time. And that explains why Seb' Driddspetal plays the organ part-time.

And, on fifth Sundays, Blue Moon sings a *cappella*, lest the Church of Christ's ban on musical instruments in worship prove true — no, not even spoons or a Jew's harp — and Blue Moonsers end up in the Eternal Dump So, they sing without accompaniment on four Lord's Days as "insurance."

In other news from out Wab'd's way, I'm glad to report that Farley's Jimsmore, about whom I wrote last week, is relieved that the second cut on that cancerous area on his face got it all! Clean! But Farley's wife, Mastic Lou, says he on a "healthy eating" kick, starting with a ban on *capsar-tame*, which is found in a lot of stuff like sugarless chewing gum, diet colas, and most sugar substitutes. And Farley wants Mastic to put a lot of fish in their diet. And fresh fish is not easy to come by in Greater Wab'd (Wab'd needs an ocean or a small sea. City Hall should get to work on it!) Said Mastic, "Farley's forcing me to learn a new way of choosing and preparing food. Well, I'm willing to do that over time, but not overnight. And if he mentions one more thing to "leave off" this week, he might get a fist sandwich for supper."

Plans are under way for next Spring's Greater Wab'd's annual Fes-tion Festival held during the third week of June. Stelly Mae Ogmather, owner and operator of *The Flowers*

Playhouse on Big Split Pike, has been chosen as Festival Coordinator. And she's asking for help. So, right now, dial 256-2365 or 256-2240, and ask for Stelly Mae! Tell her you'll be glad to help.

Every year there is a shortage of folks who will make poison ivy wreaths to be worn in the parade, the custom hearkening back to the grandiose days of Rome when a plethora of patricians wore poison ivy "hats." And they were also placed on the heads of Olympic event winners.

Forty years! That's how many Nancy and I completed as husband and wife last Saturday night. We had planned to eat out at Red Lobster in Richmond with our good friends Al and Eva Griffin. But, beloved, when that rainy front went through during the middle of last week, my arthritis was on a tear. It usually eases up when the front moves on. Not this time. I think my arthritis is in collusion with my *manicual* lumber — they'll do anything to spoil a good time. So, Nancy fixed steaks on the outdoor grill and set before us a mawvable feast. (But thinking of Farley, I had trouble eating my *red-meat* steak.)

Nonetheless, we had a grand time together. Al brought his electric drill and special bits to put up a Venetian blind on the metal door to the Op Center, my new basement office where I monitor world-wide terrorist movements, and extra-terrestrial landings and launches on top of Norton's Mount behind Nod's Little Acre. Just last week I was able to thwart a Shi-'ite Muslim attempt to blow up the Dungenmore Memorial International Bridge that spans the swirling confluence of Cymon's Branch and the North Fork of Skegg's Creek. Had the Shi-'ites succeeded, an unbelievable traffic tie-up would have tested Greater Wab'd's Crisis Center to the hilt, and then some.

Nancy and I have had our good times, and we have had our heart-splitting bad times. But thanks be to the Almighty we were given the strength to endure and stay together. There were times when Nancy was strong, there were times when strength was demanded of me, and somehow, I found it.

Beloved, if you get married and have it in your head that you can always get a divorce if things don't work out, you will end up divorced. But if you take seriously that line about "until death do us part," you will make it — and discover that it takes more than soap opera love to cement a marriage. It takes commitment — and communication.

(I do agree, however, that some marriages should be dissolved, and have advised such at times. But let's not get into the reasons for such.)

Still, I'm convinced that young folks nowadays have very little understanding of what "commitment" means. And they too quickly give up. There are couples whom only death can part. And they are rich beyond measure, even tho' they may not have an abundance of what the Good Book calls "filthy lucre."

Speaking of Blue Moon Generally Baptist Church, I told you last week that they have a new pastor, who

Today, Rockcastle County has homemaker clubs at Brodhead, Conway, Mt. Vernon, and Quail. Homemakers clubs meet each month for an educational lesson, taught by trained club members. A county-wide membership is available for Rockcastle residents who can not attend club meetings. County-wide members can receive the educational information in printed form.

Today's homemaker members are involved in leadership on the club, county, area, and state level. Homemakers are involved in a wide range of community service projects from sponsoring blood drives, to volunteering time to assist other agencies and the Extension Service. This week, Oct. 12-17, has been designated Ky. Extension Homemaker Week. The homemakers would like to share some of the past and present history through photos. For more information on club or county-wide Homemaker membership, contact the Extension Service at 256-2403.

Extension Homemakers Week

A Look at the Past and Present

for Home Economics

In the early 1920's, home demonstration clubs were organized in 24 counties in Kentucky. By 1937, Rockcastle County had clubs at Chestnut Ridge, Quail, and Wildie. Clubs were advised by Sarah Trumbo, Home Demonstration Agent for southern Madison and Rockcastle Counties.

In a 1937 narrative report, Ms. Trumbo discussed clubs and their lessons:

"Each club has one regular

meeting during the month. The majority of these meetings have been all day meetings. A few clubs prefer to have half day meetings during the summer months when they are busy with canning and farm tasks.

Ten leaders' training school meetings were conducted by the University Specialists assisted by the Home Demonstration Agent. Eight of these lessons were on "The Art of Home Decoration" given by Miss

In August 1975, the Quail Extension Homemakers Club dedicated the Quail Community Park. Club members, pictured left to right, are Christine Taylor, Shirley Long, Charlotte Bullock, Betty McKinney, Norrita Thompson, Virginia Hansel, Patsy White and Ora Lee Hurst. The Quail Homemakers Club continues to maintain the Quail Park. The club sells refreshments at the local farm machinery sale to raise funds for adding, replacing and maintaining the park equipment and ground.

From The Just Us Files

By Jerry Cox

It's been some time now since my last article. During that time, we've seen widespread news coverage on the three C's - Clinton, Carmichael and Cash. It is indeed tempting to dive in and give my spin on each of these news events, but I will eschew the temptation and write on something else close to my heart.

Some years ago, the then Attorney General of the United States promulgated the infamous Thornton memorandum. This memo, in effect, said that United States Attorneys were immune from the ethical restraints imposed on all other lawyers and condoned the act of their talking with clients of defense lawyers without the defense lawyer's knowledge or consent. This conduct is prohibited by the ethical rules of all 50 states, as well as all federal jurisdictions and the American Bar Association rules.

The Thornton Memo was roundly condemned throughout the United States in both State and Federal Courts and even frowned upon by many federal prosecutors. I can proudly say I know of no federal prosecutors

in Kentucky who violated those ethical rules.

When Janet Reno was named Attorney General many, myself included, thought both the practice and Memo would be withdrawn. I now know we were wrong, but it has bothered me that I should have known better. An even more egregious approach by the U.S. Department of Justice evolved.

A unanimous resolution of the Conference of State (Supreme) Court Justices has condemned this conduct by Reno and her minions.

Recently, in *U.S. v. McDonnell Douglas Corp.*, 132 F.3d 1252 (8th Cir. 1997) the court rejected this high handed conduct of the Department of Justice.

Of even greater significance, the United States House of Representatives on August 5, 1998, called for a halt to the Department of Justice abuses and the Senate should echo this action soon.

As stated by Jerry Lefcourt, president of the National Association of

Criminal Defense Lawyers put it, "No one, not even federal prosecutors, should consider themselves above the law."

"House is Right to Reject Department of Justice Attempts to Hold itself Above the Law; Congress Should Re-Subject Federal Prosecutors and Regulatory Lawyers to Ethical Rules."

"(The prosecutor) is the representative not of an ordinary party to a controversy, but of a sovereignty whose obligation to govern impartially is as compelling as its obligation to govern at all; and whose interest, therefore, is not that (he) shall win a case, but that justice shall

be done. . . . He may prosecute with earnestness and vigor - indeed, he should do so. But, while he may strike hard blows, he is not at liberty to strike foul ones." *Burger v. U.S.*, 295 U.S. 78 (1935)

Nor should his boss, the nation's Top Prosecutor, be able to make it otherwise."

The arguments put forth by Reno and the Department of Justice besder upon the inane and vacuous.

Again thousands of dollars have been wasted in legal battles that ultimately could not be won and most certainly should not have been won. It's time for the president to replace Janet Reno.

Well, bless Bess, Abigail can sing! And she is so devoted to the Lord and the Church, and is "in the spirit" most of the day. You can sense that when you hear her sing with that heavenly given contralto voice of hers. I heard her sing at the opening of the Farmers Market Fall Festival. Her rendition of "Whispering Hope" thrilled my soul and shivered my timbers.

But what happened to Abigail after that was not so "thrilling," according to a source - who wants to remain anonymous - as I got it from that source.

Apparently, Abigail was thrilled within herself, as if while she sang she was lifted up into the seventh heaven. So she said. Furthermore, she was not a little peeved when she left the Market to go to *Nothing But The Truth Book Store* where she addressed a roomful of "Submissive Southern Baptist Women Prayer Warriors" and then took tea with them.

Abigail was quite euphoric as she departed. On her way out she spied a bumper sticker that read "Hank if you love Jesus." Feeling a tad righteously sassy, she bought the sticker and had her visiting ten-year-old grandson, Listol, affix it to her bumper. And with sticker in place, she, and Listol in the back seat playing with his Rubix Cube, began their trek homeward. And that's when Abigail had an experience that topped their thrill at Farmers Market. Here, in her own words, from my source, is what transpired to give Abigail even more "ecstasy." She said:

"I was stopped at the light of a busy intersection [US 25 and Hwy 150 in Mt. Vernon], just lost in thought about the Lord, and I did not notice that the light had changed. It's a good thing someone else loves Jesus or I may have never noticed that the light had changed."

"I found that lots of people love Jesus. Why, the gentleman behind me started to honk like crazy, and then he leaned out his window and screamed, 'For the love of God, Go!' I thought of 'Go ye, into all the world and preach the gospel to every creature.'"

"And then another nice man behind him yelled even louder, 'Go! A-merry! And Suffering Shadrach! I have written too long. Therefore, dear hearts, here endeth my report for the week. The Great Physician willing, I'll bring you more news and good tidings next week. Until then, beloved, you might give a measure of meditation to the wisdom of the late Bartholomew McNugh, long-time Wabdomian maker of *Silver King Buggy Tops*, and part-time peddler of *Occam's Blue Steel Razors for Far-Out Liberals and Simpatistic Conservatives*, who said, "During a depression we loose our houses, during prosperity we loose our homes."

Library News

By Geraldine Robbins

Thanks to everyone who came by to see us at the Bittersweet Festival. We really enjoyed Friday afternoon and evening but Saturday was another story. We could not uncover the books for very long because of the rain so I finally gave up and took everything back to the library. I'm not really complaining because we really needed the rain and, of course, the same books are now available at the library. I do want to apologize to the parents that brought their children out for the Story Book Parade after it was cancelled. Lynda tried to call everyone at noon but there were a couple of parents she could not contact and one of the ladies that brought a child did not have her registered and Lynda could not call her.

Hopefully, next year things will be better and plans will be made well in advance for the parade. Things have been hectic here and since the other parade was so late in the afternoon, we weren't quite sure if the parents would want to bring the children at that time. So, a decision was made at the last moment to have the story book parade.

We sold quite a few books in the short time we were there and we always enjoy seeing our friends even if we don't make a sale.

Books are still on sale at the library for 25 cents each. Where else could you find a bargain like this?

We are going through a lot of the books that were not catalogued and several of these are on the "For Sale" table. You can always find something interesting to buy from our selection.

Halloween will soon be here and we are planning a party for the children. Lynda is planning some special things and there will be a pumpkin decorating contest. She will be giving more information on this and other events soon.

There have been some of the preschool and kindergarten classes coming in to visit the library recently. We always invite any of the classes to visit with us. We like to show them around the library so they may know about some of the services available for them. We have students from first grade to college students coming in for information.

The Library Board of Trustees is now in the process of making a new five-year-plan and, in order to help them with the planning, we have a survey we would like for everyone to fill out. We would like for both patrons and non-patrons to do this. We want to know from the non-patrons

HERE ARE TWO PRETTY STARTLING STATISTICS:

1. Each year in the United States, more women are diagnosed with breast cancer than any other form of cancer.
2. Eighty percent of women with breast cancer have no family history of the disease.

HOWEVER, THERE IS ONE ENCOURAGING STATISTIC:

If breast cancer is detected in the first stage, when it is confined to the breast, there is a 97 percent chance of survival.

During October, Breast Cancer Awareness Month, Rockcastle Hospital and Respiratory Care Center (RHRCC) is offering mammograms for only \$65. You'll also receive a free RHRCC tote bag filled with goodies, coupons and information about breast cancer. Every participant will be registered for a drawing of an autographed copy of June Mumme's book, *Play the next Play*. One book will be given away each week in October.

Call RHRCC's X-ray department at 256-2195 to schedule your appointment.

MINDS IN THE MIDDLE

Thursday, October 15, is our Parish-Teacher Conference Day at Rockcastle County Middle School. Teachers will be available from 3:00-5:00 p.m. to discuss what is going on in the classrooms, review progress reports or just to become acquainted with parents.

If you have not yet purchased a yearbook, that may also be done at the Parent-Teacher Conferences. Friday, October 16, is the deadline for ordering.

We also are having a Lady Rocket home basketball game Thursday. Those parents who attend the Parent-Teacher Conference will have free admission to the ballgame. The RCMS football team will be playing at Southern Pulaski Thursday evening at 6:00 p.m.

The Y-Club will be meeting Monday, October 19, to discuss the annual Spring Break Trip. The meeting will begin at 5:00 p.m. Parents are strongly urged to attend. Tuesday will be a very busy day at RCMS. The Lady Rockets will be competing at South Laurel, the Cross County team at Somerset, and our Academic Team will compete against North Laurel at each site. Ron Ribben Ward will be in grade as of October 23-30. To get in gear for that week, we will be having an assembly program in which Tuesday afternoon. Guest speaker Ron Cole will be here to help us kick off our time for drug awareness and education.

The eighth grade Challengers and Sprints Team will be visiting the Camp Wildcat Civil War reenactment on Friday at part of their social studies Civil War unit.

The Challengers would also like to welcome a new student, Halke Simpson, to their team. The 6th grade Voyagers team would like to welcome Christy Polly to their team.

Our PTA is currently having a membership drive. If you have not yet joined PTA, you may do so Thursday night. The membership drive will continue through Friday, October 16. Congratulations to Cheryl Falin, winner of the CD player raffled by the cheerleading squad.

RCMS eighth graders recently chose students to represent the Who's Who section of the yearbook. Austin Miller and Elizabeth Matekovich were selected as Mr. and Miss RCMS.

Other winners included: Most Popular - Aaron Anderson; and Nightmares Teacher's Worst Nightmare - A.J. Hensley and Suzanne Nicely; Best Personality - Audrey Lovins and Bryan Mullins; Most Athletic - Chris Clow - James Wheat and Nicole Nicely; Most Attractive - Austin Miller and Amy

Barnett, Shewet - Stephen Boreing and Angel Barron. The eighth graders selected 6th graders Blake Roberts and Johanna Abney as 8th grade Wanna Be's.

Every student will have evenings when they do not want to do their homework. Parents sometimes ask for tips in dealing with this struggle.

Set aside time each night when no TV's, radios, or telephones are on. Every family members is doing something quiet. If you feel your child is bored with an easy assignment, ask the teacher to give him/her a more challenging one. Always make sure the child is capable of doing the homework and praise them for what they do.

Tutoring is now available on Wednesday and Thursday afternoons until 4:00 p.m. If you would like more information about tutoring, please call Mrs. Owens at 256-5188. Remember that the student is ultimately responsible for getting the work done and should be the one to suffer the consequences if homework is not completed. Good homework habits will last a lifetime!

Mt. Vernon Message

The Sunday following Labor Day is National Grandparents' Day. In celebration of this day, Mrs. Gabli's class has written, "I Learned It From My Grandparents!"

Here are some excerpts from those writings: My Papaw lets me now the yard. Sometimes my Papaw and I get the patty bugs off the plant. My Papaw and I go fishing. My Papaw is Zade McClure.

By Jacob Riddle

Dear NaNa, You are very special to me. I love you NaNa. You taught me how to whistle. My NaNa's name is Janice Denny.

By Kimberly Stewart My Mamaw Smith taught me to sew. I love her and she loves me, too. On a cold day, she lets me come in. My grandmother is Edith.

By Sheota Dees My mammy and pappy taught me to watch TV, read and eat junk food and be a little nice to my sister. They gave me money for the field trip and to buy me a pumpkin at Robbins pumpkin patch. My grandparents are Ola and Bill.

By Chelsey Smith

Dear Nana and Grandad, You are very special to me. You taught me how to ride a tricycle. First I could not ride it but as I kept trying, I finally got the hang of it. Every time I come to your house, I would bring it and ride it everywhere. I would ride it and down the big riding in front of your granddad and you would watch me. When granddad came home from work, he would watch me too. My nana is called Martha and my granddad is called Jim.

By Kathryn Mattingly I learned from my papaw to shoot a gun. He is real special to me. He also taught me how to feed cows. He taught me how to drive the tractor. My papaw's name is Dwight Whitehead.

By Maverick Whitehead My mamaw is special. I love her. She taught me how to drive. My mamaw is Myrtle.

By Anthony Lawson My granddaddy taught me how to work a pazzee. My Mommom taught me how to color. They both are very nice. They play with me when I go to their house. I like that and I read to them too. Their names are Gordon and Chris.

By Lauren Graham My papaw told me that he had a big old fish in his pond. He taught me how to fish and feed the cows. He taught me how to drive the tractor. He taught me how to plant seeds. My papaw is named Dwight Whitehead.

By Bryan Clontz My papaw lets me help him in the yard. My papaw went to Tennessee as a son and when I was four, my papaw he did lift me up. When he played a game and he lost. His name is Cleb Robinson.

By Kyle Robinson My mamaw is named Mattie. She taught me to read. I like to read. She learned me to sew. You are the best mamaw and you are good.

By Normagena Cromer I have a Grammy named Lois Singleton. Lois taught me how to work in the garden. I have a panned A.L. Singleton. A.L. taught me how to hunt. I have a great grandmother. She taught me how to stuff stuff. I have a great grandmother. He taught me how to work on cars.

By Timothy Singleton My pops (Ernie Tolle) taught me to not eat fat. He also loves me very much and he taught me to write. Pops and I watched the Reds baseball game together. It is his my very much.

By Jordan Cash My mom taught me how to walk and my grandpa taught me how to talk. My grandpa likes to sew. My mom and my mammal loves me. My mammal's name is Gail Gladius.

Library news continued from A4

why they do not use the library, what they expect to find in a local library, or what they want to find for their own benefit there. And, from our patrons, we want to know how we

can better our services and what would you like to have added to the library? There is a place at the bottom of the survey for suggestions and comments and we do want you to use this space

to let us know how we may better serve you. A survey is listed elsewhere in this week's paper. You may bring it to the library, or mail it in. Our address is 60 Ford Drive, Mt. Vernon, Ky. 40456.

A lot of the surveys already in have the suggestion that we do something about the landscaping on the outside. We have not been responsible for this in the past since this is a county-owned building. There has been a lot of promises but nothing much has been done but we are going to have help from some other sources and, hopefully, soon you will see some area changes. There probably won't be much done this fall, except just getting the weeds all killed, and then the ground worked up with pebbles and straw or mulch laid for the winter months. In the spring, we are hoping to see a big change. I have really been ashamed of the exterior of our building since we have worked very hard inside to make improvements and I feel we have made things much better for our patron since we have gained more room and have arranged our books etc. in a more appropriate manner that makes it easier to find what is needed.

Some of our new books are "The Red by Nora Roberts", Tate Beaumont, a beautiful student of marine archaeology and Matthew Lassiter, a sea-scarred young man, share the same dream of finding Angelique's Curse, the jeweled amulet surrounded by legend, said to be lost at the bottom of the sea. Forced into a reluctant partnership with Matthew and his uncle, Tate soon learns that her arrogant but attractive fellow diver holds as many secrets as the sea itself.

The Loop by Nicholas Evans... A breathtaking story of love, family and man's relationship with nature by the acclaimed author of *The Horse Whisperer*. Helen Ross, a twenty-nine-year-old wild biologist, goes alone into the hostile Montana countryside to protect the wolves there from those in the nearby town of Hope who seek to destroy them. Helen struggles to save the wolves and she must also cope with her feelings for Buck Calder, a brutal and charismatic rancher, who's also the son of her most powerful opponent.

Now You See Her by Linda Howard... New York Times best-selling author makes her awaited hardcover debut with this novel of romance and gripping suspense. A talented artist is thrust into a suspicious light when a shattering, real-life murder mirrors one of her paintings.

One of the new non-fiction books is: **Hershey's Best Loved Recipes...** A collection of the best of the desserts that have been developed and tested by the Hershey's kitchens. Delicious cakes, cookie jar classics, bars and brownies, candies and other memorable desserts are included.

A large number of new books that have been requested are on order and should be arriving soon for your reading enjoyment and some for information.

Rockets play well but lose tough game to Corbin 26-18

By Dackery Larkey

Last Friday night marked the ninth time that the Rockcastle Rockets and the Corbin Redhounds had met on the field of battle -- the football field this is, and it was possibly the last time since Rockcastle is likely to move to the 3A division for the 1999 campaign.

The Rockets led the series 6 to 2 and a dog (hound?) fight between the two teams wasn't expected. However, the Hounds came out destined and confident that they could beat the Rock easily and convincingly; but, when they left the field with the victory, they undoubtedly felt lucky they had the 26-18 victory.

Rockcastle had two touchdowns called back -- a 90 yard kick off return and a 59 yard run, both by Derrick Bussell. Andy Hale also caught a pass that was thought to be a score by everyone except the men in stripes.

After Bussell had returned the opening kickoff to the 20 yard line, the Rockets picked up a first down but then Parsons pass was picked off and Corbin turned it into a score on a 55 yard touchdown pass on their first play from scrimmage. Brooks Ingram broke through the line and blocked the point after touchdown and it was 6-0 Redhounds.

On that kickoff Bussell returned the ball 90 yards for a touchdown but it was called back on a penalty.

After Andrew Carrera and Hale picked up first downs, the Rockets

were forced to punt and the punt landed on the Corbin nine yard line. The Rockets first score of the game came on a safety when the Rocket defense stepped up and put a Corbin runner into the end zone.

After Corbin's free kick following the safety, Christopher Parsons completed a pass, on third down, to Andy Hale for 30 yard, putting the ball on the six yard line. On first and goal, the Rocket suffered their second setback of the game when they fumbled the ball, giving the Corbin defense the momentum.

On Corbin's next possession, Ingram broke through the line and hit Floyd Whitaker, the Hounds quarterback, causing a fumble. Greg Harper recovered the ball on the five yard line. After a sack and a delay of game penalty, the Rockets were fourth and goal on the 11 yard line when Derrick Bussell threw a halfback pass to Josh Singleton for a touchdown. The snap was mishandled on the point after touchdown but the Rockets had claimed the lead 8-6.

Great defensive plays by Carrera, Sean Smith and Ingram forced Corbin to punt the ball away on their next possession.

On the Rockets first play from scrimmage, Bussell got to the sideline and went in for a 59 yard touchdown run. However, for the second time in the game, a penalty nullified the touchdown.

After an exchange of punts, Hale received the ball at midfield with

2:30 remaining the first half.

Josh Hendrickson led up 15 yard on a pass play from Parsons. Parsons also hit Hale with what looked like a touchdown pass but Hale was ruled out of bounds on the one yard line with 5 seconds left in the half. The Rockets were unable to punch the ball across the goal line and took an 8-6 lead to the locker room.

On Corbin's first series of the second half, Hendrickson hit a Redhound in the backfield for a loss and, on the next play, Hale picked off a Hound pass and the Rockets were on the march offensively. A pass from Parsons to Hendrickson put the ball on the Corbin nine but the Rockets were 4th and nine, when the Rockets faked a field goal and Dackery Larkey hit Hale for a six yard pickup but it wasn't enough for the first down.

The Rockets got another chance shortly when a Corbin fumble, forced by Henry Bryant and recovered by Josh Martin, gave the Rockets the ball on Corbin's 38 yard line.

Brooks Ingram carried the ball for 20 yards and 15 yards and then scored on the next play. The PAT was good by Greg Terry and the Rockets were up 15-6.

However, Corbin's offense then got into gear and began combining a running game with good gains on the ground and had the ball 3rd and 6 on the Rockets 21 when they were penalized for an ineligible receiver down field. They were penalized five yards and repeated the down, however, the Rockets coaching staff later said the penalty should have been for 15 yards with the loss of down which would have put the ball on the 36 yard line and 4th and 26 for the Hounds. Be that as it may, the Hounds quarterback threw a touchdown pass on the next play, Derek Bradley blocked the two conversion attempt but the Redhounds were back in the game 15-13.

Senior Andrew Carrera

The Redhounds struck quickly for their next score. The Rockets had to punt and Corbin came up with a 33 yard gain. A pass put the Redhounds on the Rockets one and Corbin scored on the next play and the Redhounds were up 19-15.

It was three and out on three passes for the Rockets on their next possession and the Redhounds struck again, scoring on a slant pass to make it 26-15.

The Rockets began their march down the field with time running out and they were aided in their effort by two Corbin penalties. Parsons got a hard late hit which knocked him out of the game and Bussell took over at quarterback. On second down, Bussell rolled out for an eleven yard gain and took a late hit which put the ball on Corbin's 13. A high snap over Bussell's head, led to an incomplete pass so the Rockets decided to go for the field goal and take the chances with an on-side kick. The field goal by Terry was good, making it 26-18; however, the on-side failed but Corbin fumbled the ball. The ball was ruled dead and Corbin managed to run the clock out for their third win of the nine game series.

"I thought this was one of the best games ever played by a Rockcastle team since I have been coach. It was a shame that we didn't win the game, we outplayed Corbin all over the field. But, the penalties proved too costly," Coach Tom Larkey said after the game.

Brooks Ingram led the offense with 59 yards running on 10 carries and one touchdown; Andrew Carrera had 50 yards on 12 carries; Derrick Bussell picked up 45 yards on 12 carries; Josh Hendrickson accounted for 26 yards on two carries; Josh Singleton gained four yards on one carry and Chris Parsons had three yards on four carries.

Parsons was five for 13 through the air for 93 yards. Derrick Bussell had 11 yards passing and was one for three in the air with one touchdown. Andy Hale caught the ball five times for 87 yards and Josh Singleton and Josh Hendrickson both had 11 yards receiving and one catch.

Ingram also led the Rockets on defense with 8 tackles and 2 sacks. Josh Martin got 7 tackles and a fumble recovery; Josh Hendrickson was credited with 7 tackles; Henry Bryan had 6 tackles; Andy Hale five tackles and one interception; Sean Smith got four tackles and a sack; Derrick Bussell, Derek Bradley and Josh Jones had three tackles each; Greg Harper was credited with three tackles and a fumble recovery; Andrew Carrera got two tackles and a sack. Josh Martin got 7 tackles and a fumble recovery.

The Rockets will travel to Estill County Friday night to play the Engineers. Game time is 8 p.m.

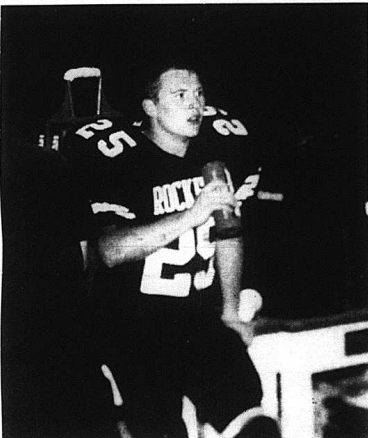

make it 13-6. On the Rockets next possession, Larkey threw to Neil Childress for a five yard touchdown and, after another great defensive stand by the Rockets, Crawford threw a seven yard touchdown pass to Neil Childress.

On the next drive, the Warriors struck with a touchdown on a pass play but the Rockets came right back with a thirty yard field goal by Greg Terry. The Warriors scored on another pass play but the Rockets came right back with a 29 yard touchdown run by Josh Dooley. William Blair accounted for the next score for the Rockets, a 25 yard touchdown run and Josh Dooley added a 45 yard touchdown scamper for the final 51-28.

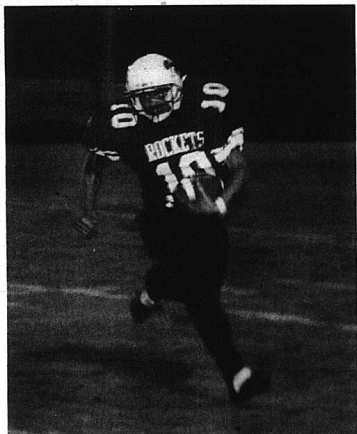

Jerrica Danielle Poynter, daughter of Chris and Janice Poynter of Broadhead, was one of the Bengal cheerleaders selected to receive the 110% cheerleading award. The award is earned by a Bengal cheerleader who has given their individual 110% during a football game. Congratulations to Jerrica and the entire Bengal cheerleading squad and their coach Mrs. Tammy Hale for making us proud to be a Bengal each and every football game. The 1998 Bengal cheerleaders are: Hillary Proctor, Emily Whitaker, Rachel Wright, Latasha Deborde, Samantha Anglin, Nichole Adams, Kayla Lear, Maria Hensley, Jerrica Poynter and Jilissa Lay.

7th and 8th grade football teams defeat Redhounds

The RCMS football program has been nothing less than perfect so far this season.

The 8th grade squad has a record of 9-0 this season after defeating the Corbin Redhounds last week 32-24 at Corbin.

What was a play from behind game for the Rockets in the first half, which ended tied at 24 changed in the second half when the Rock held Corbin scoreless and the Rocket offense continued to score when Quarterback Aaron Anderkin threw a TD pass to Michael Hayes and also completed the 2 point conversion pass to Hayes to make the final score of 32-24.

Scoring for the 8th grade was Many Reagan with one TD and three 2 pt conversions. Reagan had good lead blocking from Chris Settles, Brandon Campbell and Austin Miller. Aaron Anderkin threw three touchdown passes to Michael Hayes, who also caught an extra point conversion.

Anderkin had good protection from his offensive line, which includes Tanner Abney, Brian Mullins, Benny Northern, Clell Swinney, Michael Brummett and Stephen Boring. Abney also played extremely well on defense for the 8th grade who are 19-0 over the past two seasons.

Stats through the Corbin game for the 8th grade include Reagay with 1338 all purpose yards, Hayes with 907 yards receiving and Anderkin with 1703 yards passing and 25 touchdown passes thrown.

In the 7th grade game the Rockets simply manhandled the Redhounds winning 34-8. They are 7-0 this season and as sixth graders were undefeated.

Scoring against Corbin were: Brandon Campbell with two touchdowns, Jared Burdette with one TD, Devin Taylor with one TD and Steven Coffey was on the receiving end of two, two point conversions from Quarterback Devin Taylor. Both teams play at South Laurel Thursday.

Chili Supper at RCMS

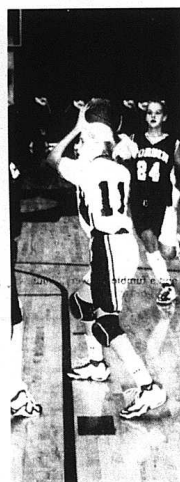

Everyone is invited to a Chili Supper Thursday, October 22 at RCMS from 5 to 7 p.m. Cost is \$3 per person and the menu will consist of chili and crackers, sandwich, fruit, cookies and soft drinks. Tickets are available through any RCMS Y-Club member or at the door. Donations to the Y-Club accepted and appreciated.

Come out and eat supper with us then go to the championship football game as the middle school Rockets attempt to bring the Conference Football Championship home to the Rock.

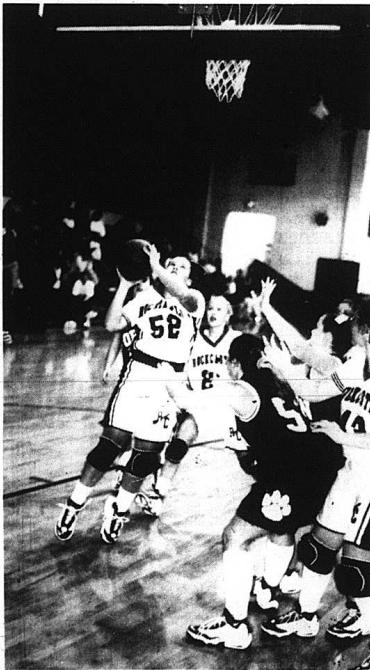

Aaron Anderkin
Y-Club president

Bryanna Bussell goes for two in the RCMS's 8th grade girls basketball game against Corbin.

Jessie Hayes looks for the open girls against the Redhounds.

Lauren Clontz goes for the short jump shot in the lane against the Corbin Redhounds in the 7th grade game last Thursday night.

Several Sowder Nursing Home residents enjoyed an outing at "down on the farm" at the farm of Jack and Jennie Payne Tuesday, October 6. The fall day was perfect for a fun-filled day with lots of good fellowship, games and, of course, a fried chicken dinner. The residents also enjoyed the beautiful mums and acres of pumpkins. Thanks to Marvin Harness, Loretta Dillingham and Lonetta Daugherty for their help and a special thank you to Mr. and Mrs. Payne for letting us visit their beautiful farm. Cross Country team competes

Rockcastle's cross-country teams recently competed at Danville for their first and only trip there this season.

The varsity boys had a great meet, placing second overall out of eight teams. Leading the charge for the boys was Stewart Abney, Stewart ran an awesome race on his way to a fifth place finish and a season best time of 20:38. 7th grader Andrew Nelson also ran an excellent race and finished just behind Stewart in sixth place. Andrew also ran a season best time of 20:45. Jeremiah Myers ran very well and placed 17th with 22:55. 6th grader Brandon Cole ran well and placed 22nd in 24:14. Rounding out the scoring for the boys was 7th grader Brandon Cameron, 27th in

24:53. Other finishers included: Matthew Brookes, 28th; Ben McKibben, 35th; Tim Simpson, 36th; Adam Stallsworth, 42nd; Josh Ramsey, 44th; Zach Shepherd, 51st; Daniel Dobbs, 52nd and 5th grader, Jeffrey Parker, who ran a great race and placed 54th.

The varsity girls were also very successful, placing second overall out of eight teams. Leading the way for the girls was 7th grader Cassandra Ramsey. Cassandra ran an exceptional race and placed 9th with a season best time of 18:34. Brandy Reynolds ran a great race and finished in 12th place. Brandy also ran a season best time of 18:58. Rebekah Lyons ran an awesome race and placed 14th overall with a season

best time of 19:15. Jessica Cobb ran a season best time of 19:37 and placed 16th in a great race. Newcomer Tara Abney ran a personal best time of 19:48 and finished 18th. Rachelle Hammond continued to improve her time as she has every meet and placed 24th overall in 20:38. 6th grader Chere Embs ran a personal best time of 20:53 on her way to a 26th place finish. Jennifer Brooks placed 41st in 25:55. Other finishers included third grader Katie Burdette, who ran an awesome race and placed 40th. 5th grader Rachel Killion placed 47th with an awesome race. 6th grader Paula Rowland ran one of her best races of the season, placing 49th.

Results of South Laurel and the South Laurel Invitational will appear in next week's Signal.

Changes in deer tags and checking

Officials with the Kentucky Department of Fish and Wildlife Resources (KDFWR) are reminding hunters of a few changes about how to tag and check deer this season.

All deer taken in Kentucky must be reported to the KDFWR, including those taken by landowners, tenants and their dependents hunting on their own land. Last year, landowners did not have to check deer, but it is required by law this year.

To accomplish this, landowners, tenants and their dependents who hunt on their own land must obtain a free resident landowner/tenant deer permit. This permit is available from any local hunting/fishing license vendor and includes one state deer permit (one ANTLERED/ANTERLESS tag and one ANTERLESS tag), and the following bonus tags:

- bonus antlerless archery tag -- allows the tag-holder to take one additional antlerless deer by archery
- bonus antlerless Zone 1 deer tag -- allows the holder to take one additional antlerless deer in a Zone 1 county

Tags included in the resident landowner/tenant permit are valid only

on the landowner's property. The season limit is four deer per hunt, only one of which may be antlered.

Hunters required to purchase a state deer permit may also purchase the bonus tags for \$10 each. Bonus tags are not valid unless the hunter can prove he has also purchased a statewide deer permit. Deer tags may be used in any order -- hunters do not have to use their statewide tags first.

Another new bonus deer tag is the bonus Wildlife Management Area quota hunt tag (\$10). Hunters drawn for a KDFWR quota hunt may use this bonus tag in place of the appropriate tag from their state deer permit. All hunters, including landowners, tenants and their dependents, must be able to show proof of having bought a statewide deer permit before the bonus WMA quota hunt tag can be used.

Immediately after taking a deer and before moving the carcass, a hunter must cut, punch or mark with permanent ink the appropriate tag to indicate the day and month the deer was taken.

The hunter must attach the tag to the carcass when he is not in physical possession of the carcass or when he moves the carcass by vehicle.

Reporting harvested deer to the KDFWR is now a simple process that can be accomplished with a toll-free phone call. To check a deer, call 1-877-CHKGAME (1-877-245-4263) and follow the instructions. The confirmation number given during the call must be written on the carcass tag used to identify the animal being reported.

If hunters prefer, they may check deer at a check station nearest to where the deer was taken. Official check stations are listed in the back of the current hunting guide. Deer must be checked no later than 9 a.m. the day after the deer was taken.

Jr. Pro Sign-ups Begin October 22nd

The first sign-up time for Rockcastle Jr. Pro Basketball for the 1998-99 season will be on Thursday, October 22nd from 6 p.m. to 9 a.m. at the Little League football games at Roundstone Elementary School. Rockcastle Junior Pro Basketball is a member of the National Junior Pro Association and follows all rules issued by the National Association. Players are divided into three leagues, based on age:

- The Junior Varsity League:** For children with birthdays on or after September 1, 1986 up to or on August 31, 1988. Evaluations and team selections for this age group will be Thursday, November 5th at 6:30 p.m. at MVES gym.

RCHS FHA attends fall leadership training at NLHS

The Rockcastle County Chapter of the Future Homemakers of America attended the Region 13 Fall Leadership Training Meeting at North Laurel High School on September 17th. The purpose of the meeting was for Regional officers to train chapter officers and to explain their specific duties in office.

Rockcastle County currently has two Regional officers: Mary Beth Browning, Reporter and Shalanta Nicely, Secretary. They were trained in June by State FHA Officers at the State Leadership Training Meeting in Hardinsburg.

The RCCHS FHA have many excit-

ing projects and activities planned for the 1998-99 school year. The FHA sponsored a homecoming dance at RCCHS. In November, the officers will be traveling to Albuquerque, New Mexico to attend the National Cluster Meeting. The FHA will be hosting a pre-school class from Mt. Vernon Elementary to paint pumpkins at the October Club Meeting. In November, FHA will be sponsoring a school-wide Safety Belt Project as a means of making students more aware of the importance of wearing safety belts. Our local chapter is also sponsoring a Honduras chair, by helping with an exchange in attending school in Honduras.

"Seal Kentucky Program" returns to Rockcastle County

"Seal Kentucky" is a program funded by the E.O. Robinson Trust at the University of Kentucky College of Dentistry. This program allows for a portable dental clinic to be set up at a school. Dental sealants are applied to the back, permanent teeth of those primary, second level students (second graders) who return parental consent for this service. Local dentists and dentists from the University of Kentucky College of Dentistry will be applying the sealants. This is a free dental service for the students of Rockcastle County.

"Seal Kentucky" will be doing initial dental screenings at MVES on Monday, October 19 and at BES and RES on Tuesday, October 20. The students who do not already have cavities on the molars -- and who have parental consent -- will have sealants applied to the teeth. The portable dental clinic for doing the sealants will be set up at MVES on Tuesday, October 27 and Wednesday, October 28. The BES and RES students who qualify for sealants will be transferred by bus to MVES on one of these days.

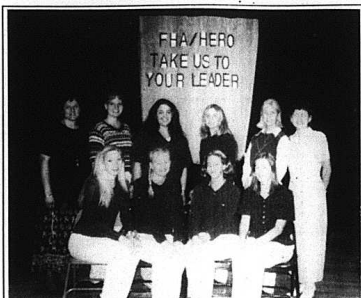

"Seal Kentucky" is a valuable service being offered to our students. All second graders should return their

permission forms to their teachers by Thursday, October 15. This service will be provided only to those students who have parental consent. Last year, approximately 100 students at MVES received sealants.

Good dental care at home and regular visits to a dentist will help your child keep his/her teeth his/her whole life. Dental sealants is one important way that the back, permanent teeth can be protected against cavities. Participating in the "Seal Kentucky" program is a way to get this valuable protection free. Be sure to return the permission form to school this week!

Scholarships available

High school students with a grade point average of 'B' or better and college students with a GPA of 'B+' or better are eligible for a \$1,000 college scholarship (U.S. citizens only). To receive an application, send a request by December 16, 1998 to Educational Communications Schol-

Officers for the 1998-99 school year are: President, Mary Beth Browning; Vice President for Programs, Kristy Lovell; Vice President for Achievement, Shalanta Nicely; Vice President for Star Events, Rachelle Hammond; Secretary, Brooke Roberts; Treasurer, Jamie Settles; Reporter, Jessica McClure and Activity Leader, Ashley Lawson. Advisors for the chapter are Ms. Robyn Johnson and Mrs. Darlene Martin.

arship Foundation at 721 North McKinley Road, P.O. Box 5012, Lake Forest, IL 60045-5012; fax a request to (847) 295-5972, or e-mail a request to "scholar@ceel.org."

All requests for applications must include the following: student's name, permanent home address, city, state, zip code, name of current high school or college, approximate GPA, and

year in school during the 1998-99 academic year.

Applications will be fulfilled by mail only on or about January 7, 1999. Two hundred and fifty (250) winners will be selected on the basis of academic performance, involvement in extracurricular activities and some consideration for financial need. A total of \$250,000 will be awarded.

4th Grade students visit Apple Valley

Along with their students, Ms. Eversole and Mrs. Bryant assumed new identities as their classes studied pioneer life and what it was like to attend a one-room schoolhouse in Apple Valley about 100 years ago. Students engaged in various activities, evolving around reading, visual art, math, writing, drama and music. For example, the classes read Caddie Woodlawn, assembled quilts in geometric designs, explored problems and consequences and conducted interviews. A checker tournament was also held with Bethany Taylor and Shane McClure earning bragging rights.

Special guests who shared their experiences in one and two room schoolhouses included: Ms. Dolly Roberts, Mr. Swannie Cummins, Ms. Geraldine Robbins and Mr. John Love. In addition, students enjoyed a quilt presentation by Ms. Lovell's mother, Ms. Lois Baker.

As a culminating activity, students participated in Apple Valley Day as they packed bucket lunches complete with bread and sausages, apple pies, apples, horchound candy and apple cider. After lunch, they played "Drop

the Handkerchief" before returning to life in the 21st century.

Caddie Woodlawn book review by Kayla Stewart
Our class recently read a book called Caddie Woodlawn by Carol Ryrie Brink. Caddie Woodlawn is a true story about Brink's grandma's pioneer childhood in Wisconsin. Caddie always hung out with her tattered brothers, Tom and Warren. She wanted to be a tomboy, but her mother wanted her to be a little lady, just like her pale-faced sister, Clara. Mr. Woodlawn thought that the fresh outdoors would be good for Caddie's health.

In the future, I plan to read the novel again.

to hire one additional officer.

The City of Livingston has already hired that officer, he is Bill Hammons.

Hammons was hired last month by the city council on a full-time basis. He has actually been working in Livingston since June.

O God, give us courage to change what should be changed.

-Reinhold Niebuhr

"The job of law enforcement is difficult in our rural areas when there is not enough manpower," Rogers said. "This money will enable the City of Livingston to hire an officer, which will go along way in keeping people safe."

The Department of Justice grants provide law enforcement agencies with up to 75 percent of the total salary and benefits needed to hire additional officers for a three-year period.

Negative Thinking Yields Negative Results

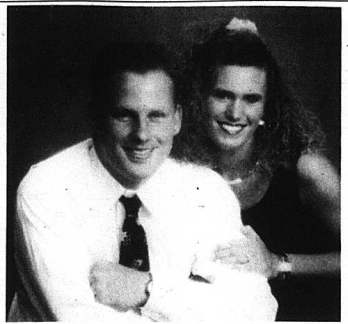

"My wife says that I see the dark side of everything," Sam told me. (All characters are fictitious.) "I'm beginning to believe she is right."

Sam and Diane came to me for marriage counseling. Married thirteen years they thought everything was going well until they began to argue about every little thing. "We

don't have a civil word to say to each other anymore," Diane told me.

Sam and Diane were doing well in their counseling. They had identified several problem areas in the marriage and were working on those together. The discovery of Sam's negativity was the latest result of their counseling together.

Sam's daughter had contributed to this discovery when she asked Sam,

Chasteen-Cotton

Mr. and Mrs. Billy Wynn of 852 Conway Road, Berea would like to announce the forthcoming marriage of their daughter, Sherri Denise, to Charles Toby Cotton, son of Ms. Brenda Cotton of Berea and the late Paul Cotton. Vows will be exchanged Saturday, October 17 at 2 p.m. at Gethsemane Baptist Church in Berea. All friends and relatives are invited to attend.

"Why do you always tell us not to get our hopes up?"

"Is that what I'm teaching my kids?" Sam wondered aloud. "They will never enjoy any part of their lives if they take my pessimistic advice."

Diane knew of another time when Sam was negative. "When I have new ideas," she told Sam, "your first comment is always about money. Usually you tell me that we don't have enough money to do what I want to do. I've stopped telling you my ideas, because you are such a wet blanket."

Sam was surprised to learn that he did this but admitted it could be true. He even knew where he learned it. "My mother and father grew up during The Great Depression of the Thirties, and both of them worried about money. I guess I learned to consider money before everything else."

"Why do you tell the kids not to get their hopes up?" Diane wanted to know.

"I don't want them to be disappointed if something doesn't work out this time," Sam replied. "I try to protect them so they won't be hurt. I don't realize that I was giving them such a negative message."

As Sam thought about his new insight, he also realized that he was negative about his job. "I see my job as a burden rather than a possibility," he told me at their next session. "My attitude at work is almost always negative. I don't enjoy what I do, and the people who work with me know it."

"Why do you continue to work there," I asked "if you dislike it so much?"

"Fear, I suppose," he answered. "Some other job might be worse so I just stay where I am. I'm afraid of making a mistake in picking another job. I'm also afraid that I wouldn't be able to find a new job and I don't deal with rejection very well."

Sam's new insight about himself led him to make some changes. He worked hard not to be negative toward new ideas, both at home and at work. He also began looking for a new job. "There's no sense spending the rest of my life doing something I hate," he said.

Attention Voters of the Third District

On Election Day, you will have the opportunity to choose who will serve you as your Magistrate during the next term. I am asking you to choose me. I would like to have the opportunity to work for the people of the Third District as your Magistrate, but the choice is yours -- you will make the decision.

If you will elect me and allow me to serve as Magistrate of the Third District, I will serve as everyone's Magistrate. I will not favor any groups, individuals or political parties. I will make decisions that I feel will be the best for the entire district and fair to everyone. I am confident that if you will give me a chance, you will be glad you did.

Thank you for your support

Ison - Dooley

Latonia Ison and David Dooley were united in marriage on August 16, 1998 at Danforth Chapel on the Berea College campus with Bro. Harvey Penso officiating. Latonia is the daughter of Judy and Albert Mabrey of West Liberty and Don Ison of Morehead. David is the son of Mr. and Mrs. Danny Dooley of Berea. The couple now reside in Berea where they are both seniors at Berea College.

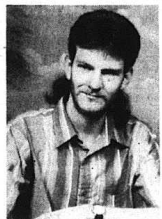

Signs of neglect in a family

In a family where neglect is occurring, the neglecting adult may be apathetic and have a constant craving for excitement and change. The adult will express dissatisfaction with his life and express a desire to be free of the demands of the child. There will be a lack of interest in the child's

and will perceive the child as a burden or bother. He will be occupied more with his own problems than with the child's problems. The child will seldom be discussed in positive terms and the neglecting adult will be overcritical of the child in most every respect.

There are several other family indicators where neglect is occurring and those will be discussed in the next article. To obtain more information about child abuse and neglect, call our hotline number at 1-800-468-8920.

activities, the adult will have a low acceptance of the child's dependency needs and will be generally unskilled as a parent. The neglecting adult will have little planning or organizational skills. He may appear to be unkempt

Carmichael (Cont. from front) another half day of final arguments by attorneys in the case. He never took the witness stand in his own defense but Carmichael's lawyers in their arguments and questioning of witnesses tried to advance the theory that he was conducting his own investigation of illegal campaign contributions.

Besides they argued, the supposed victim of the shake down, Rodney Adams of Eubank, never gave Carmichael the \$5,000 provided him by the Kentucky State Police.

Adams testified otherwise and Kentucky State Police recordings of the transfer of money and in subsequent taped conversations between Adams and Carmichael, the Commonwealth never said anything about missing money, but there was discussion of future payments.

Carmichael's first mention of his own investigation came when he was questioned by police after Carmichael discovered a police surveillance van outside his Somerset office when a second, larger payoff was scheduled to take place.

Assistant U.S. Attorney E.J. Walbourn said that Carmichael fabricated the investigation immediately after uncovering the state police in-

volvement by running home and creating an investigation log in his home computer. In fact, Walbourn said, the impetus Carmichael cited for his investigation to state police was a tip from Somerset Detective Doug Nelson that Adams was interested in influencing local politics.

Nelson testified at the trial last week in Lexington that he never suspected Adams wanted to influence politics and never told that to Carmichael.

Carmichael had solicited the \$100,000 from Adams' lawyer, Mark Knight, saying he wanted to create a political slush fund for candidates he favored, including the loser in the Republican primary for sheriff, Kay Stringer.

"It's undisputed that he asked for \$100,000 from Rodney Adams through Mark Knight," Walbourn told the jury.

He added that the elements of extortion were there; he was acting under the banner of his office because he had already kept Adams' name out of another case; the Commonwealth Attorney's office was investigating and Carmichael made it known that he knew of Adam's illegal activities.

"Fear caused Adams to pay that

money," Walbourn said.

Stephen Pence, one of Carmichael's attorneys, told the jury that his client was the victim of an overzealous state police and a man with a criminal past such as Adams.

Carmichael's motivation was his investigation of Adams, Pence told the jury. "It doesn't make him guilty of extortion just because he does a terrible job," Pence said.

Pence said the key is the missing \$5,000 of state police money that Adams was supposed to have given Carmichael.

"Adams is a liar," Pence told the jury, adding later, "This is all a scam by Rodney Adams."

Concluding, Pence said that the

prosecutors failed to prove a case of extortion and noted that the defense had to prove nothing.

"At best what they've proven is that Mr. Carmichael took illegal campaign contributions," Pence said.

The jury members saw enough to convince them beyond a reasonable doubt that Carmichael sought money from Adams and left the victim with the impression that he would be able to continue his gambling operation and other illegal activities. Adams is a twice convicted felon whose pawn shop deals in firearms, a violation of law - if he paid Carmichael.

The jury deliberated about five hours Thursday and another couple of hours Friday morning before reaching a verdict.

Attention: Heat Vendors
The Daniel Boone Development Council will again be administering the Home Energy Assistance Program (HEAP) for low-income people in Clay, Laurel, Jackson and Rockcastle Counties beginning November 2, 1998. Application packages for VENDORS may be picked up at each local county office after October 1, 1998. An approved vendor list will be compiled by fuel type and price so clients can select a vendor. WE MAKE FUNERAL PLANNING EASIER

Cox Funeral Home is located on Maple Drive. This elegant home with its distinctive construction and traditional interior offers a warm and comfortable atmosphere.

Few decisions offer the peace of mind that comes from pre-planning a funeral. It helps a family respond to a difficult situation without the usual urgency and that means intelligent, emotion-free choices you'll be satisfied with later. The pre-arrangement only takes a few minutes and there is no charge, however, the beneficial gift that it will give to a family is immeasurable. For more details on funeral planning, call us anytime or stop by our office and we will give you a "Personal Record Guide" and a brochure on the complete funeral arrangement process.

NOTICE TO CUSTOMERS OF KENTUCKY UTILITIES COMPANY OF APPLICATION FOR APPROVAL OF AN ALTERNATIVE METHOD OF REGULATION

PLEASE TAKE NOTICE that, on October 12, 1998, pursuant to the Kentucky Revised Statutes, Kentucky Utilities Company ("KU") filed with the Public Service Commission ("Commission") in Case No. 98-0474, an Application for Approval of an Alternative Method of Regulation of its Rates and Service ("the Application"). The Application requests that the Commission approve an alternative method of regulating KU's rates and service, as well as an Electric Performance-Based Rate ("EPBR") Tariff. If approved, it will change the method of regulating KU's rates from the traditional rate-of-return method of regulation to a method based on KU's operating performance. The EPBR Tariff, if approved, will be applied to customers' bills so that customers will share on a timely basis in the benefits of future improved performance accomplished by KU.

The proposed EPBR Tariff would apply to all electric rate schedules and special contracts for electric service. The monthly amount computed under each of the rate schedules to which the EPBR Tariff is applicable shall be increased or decreased by the Electric Performance-Based Rate Adjustment Factor at a rate per kilowatt-hour of monthly consumption during the billing calendar quarter computed as follows:

$$EPBR(q) = \frac{EPBRA(q) \times KW(h)}{EPB(q) \times FCR + MDS + GP + SO + BA}$$

- Where:
- EPBR(q) = Electric Performance-Based Rate Adjustment Factor
- EPBRA = Electric Performance-Based Rate Amount for the current quarter
- FCR = Fuel Cost Recovery
- MDS = Marginal Disposition Savings expressed as a credit
- GP = Generation Performance expressed as a credit
- SO = Service Quality
- BA = Balancing Adjustment
- KW(h) = Kentucky jurisdictional Kilowatt-hour Sales in the current quarter
- q = Current quarter shall be the second calendar quarter preceding the billing calendar quarter in which the EPBRA is billed

KU is also requesting that the Commission approve the withdrawal of its Electric Rate Schedule Fuel Adjustment Clause after all fuel costs are collected pursuant to the Uniform Fuel Adjustment Clause Regulation (807 KAR 5:056) and that orders are issued in the pending fuel adjustment clause cases of KU concurrent with the approval of the EPBR Tariff, and KU is further requesting that the Commission approve conditions permitting greater tariff flexibility in the future.

The Commission's Order of September 12, 1997 in the Matter of JOINT APPLICATION OF LOUISVILLE GAS AND ELECTRIC COMPANY AND KENTUCKY UTILITIES COMPANY FOR APPROVAL OF MERGER, Case No. 97-030 directed KU to elect whether to remain under traditional rate of return regulation or alternative regulation and file detailed plans to address any future rate regulation. The Application, alternative method of regulation and the EPBR Tariff described in this Notice are the plan, regulatory method and tariff proposed by KU in response to the Commission's Order of September 12, 1997. The Commission's review of KU's Application may result in a method of regulating KU or consumer rates other than the method of regulation and rates described in this Notice.

Any corporation, association, body politic, or person may, by motion within thirty (30) days after publication or mailing of this Notice, request to intervene in the case before the Commission (Case No. 98-0474). Any such motion shall be submitted to the Public Service Commission, 730 Schenck Lane, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request for intervention, including the status and interest of the party requesting intervention.

Intervenor may obtain copies of the Application and corresponding Testimony by contacting: Ronald L. Wilhite, Vice President of Regulatory Affairs, Kentucky Utilities Company, P.O. Box 32020, Louisville, Kentucky 40232-2020. Copies of the Application and Testimony will be available for public inspection at KU's offices where bills are paid after October 12, 1998.

I come to you as your Magistrate in the First District, asking for your support in the coming election.

If re-elected, I will continue to do all I can for the First District and for Rockcastle county.

I invite you, as residents of Rockcastle County, to attend Fiscal Court meetings.

The decisions to be made by the Fiscal Court are much more difficult than I thought five years ago. Now that I have served you, I believe with that experience, I can serve you better.

I desire better education, jobs and roads but funds have to be available and I will do what I can to get more funds from the state and federal level.

Again, I am asking for your support in the Nov. 3 election. I appreciate the support you gave me 5 years ago.

Thank you,
JOHN HOLBROOK, 1ST DISTRICT MAGISTRATE

Kiwanis News

The Rockcastle Kiwanis Club inducted a new member at their regular weekly meeting on Thursday, October 8th at the Kastle Inn Restaurant. James Miller was inducted by club president Teresa Vanzant and Rocky Rockwell who, as part of the induction service, read the objects of Kiwanis International.

To give primacy to the human and spiritual, rather than the material values of life.

To encourage the daily living of the Golden Rule in all human relationships.

To promote the adoption and application of higher social, business, and professional standards.

To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.

To provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service and to build better communities.

To cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and good will.

The Kiwanis Club meets each Thursday at noon at the Kastle Inn Restaurant. All visitors are welcome.
