Brent Kirby found guilty of reckless homicide in '93 case

A Rockcastle County man was found guilty Tuesday of reckless ho-micide in connection with a 1993 shooting death of a Chestnut Ridge

Earl Brent Kirby, 44, of Rt. 3, Mt. Vernon had been indicted for the March 28, 1993, shooting death of his uncle. Lester Frankie Griffin, 49, or two different occasions.

The first indictment came shortly after the shooting incident, in which Kirby apparently shot Griffin above the left eye. The case was dismissed in 1998, but a few weeks later another Rockeastle County Grand, Jury indicted Kirby again charging him with murder.

murder.

In August of 1999, prosecutors and defense attornies were unable to seat a jury in Rockeastle County in the case and in October of last year the case was moved to Lincoln County.

the case was moved to Lincoln County. Following Tuesday's verdict, de-fense-attorney Jerry Cox of Mt. Vernon said that if his client had of been tried in Rockeastle County where the alleged crime was commit-ted, he would have been fully acquit-

"He (Griffin) had already shot and killed his wife (in 1969) and then shot a local man (in 1980), so my client had every feason to think his life was in danger. "Oox said.

"Prosecutors were trying to convict him of murder and the jury found him guilty of a much lesser charge, but if a jury of his peers had heard the case; instead of people in another county, he would have been found not guilty." Cox said.

The Lincoln County jury set

Kirby's sentence at four years.
Kirby is presently serving a five year prison term for a December 1999 incident in Madison County, in which a Berea woman was critically in-jured. Kirby was charged with sev-eral crimes following an auto acci-dent he caused, including fourth offense driving under the influence, driving on a suspended license and third and second degree assault:

State says new road in study phase only

Rockcastle County-Some people were obviously against any new road and others were in favor of such a move by the Ken-tucky Transporation Cabinet.

State officials did not unveil any routes and told the crowd that the project was only in the very earliest study stages.

The Kentucky General Assembly requested the study after several Lincoln County residents including Judge-Executive Ronnie Buck-wheat Gilben requested it.
Lincoln residents apparently want quicker access to the interstate and the new road would also make it easier to travel to the new Cedar-Creek Lake, which is underconstruction Between-Grab, Orchard and Stanford.
Rockastle County Judge-Executive Buzz Carloftis said. Wednesday-that a new road through Copper Creek with a connector to 1-78 would be of great benefit to the county.
"Anew interchange in that part of the county would certainly help our county's future development, Carloftis said.

The Judge pointed out that Rockastle County has only two interchanges, while neighboring countered along 1-75 have at least four "Let Index and would also give citizens in the Copper Creek area

Over the last month, I've had a few opportunities to get out and roam around the central Appalchain high-lands of Kentucky, Virginia and Mest Virginia and into some communities. Hadn't visited since back in the sixties and seventies. For the most part, I knew where I was most of the time. Most of the towns have grown considerably and most are now surrounded by strips of discount and chain shopping places. I became pretty well acquained with Southwest Virginia and West Virginia when I was in college at Pikeville from 1961 through 1971. I spent a lot of time chasing women and fishing/for rainbow trout, on week ends and breaks from academic pursuit, along the tributaries of the New, Tug. We usually fished in groups of, three or four guys who could split the good the state of the common of the same motel room. For years, I have wanted to see the Golden Gate Bridge as the grand finals to my dove of bridges and the water beneath them. Last week, I finally accomplished that dream with the help of my Grandson Deno. He has known about my fascination and promised if, or when, I came to see him, we would take a tour of the bridges of Sap Francisco. Early the morning after my arrival for his wedings, which would be the next day, he arrived at the motel with a smile, a hug and Grandma question, "are you ready to go out with your Grand-out the same of the

Now, stepping back to the past, I'll remind my readers of other bridges and streams of water I've written about. The beautiful Ohio River can and streams of water 1 to mind about. The beautiful Ohio River can never be surpassed in my mind, nor he bridges crossing it when one views them from the top of the hill. See Intel' Cincinnati from the south. That is when I catch my breath as I look down on the Queen City with its busy highways entering from every direction like ribbons weaving their way to an ending at the water's edge of the Ohio River. Then, using the bridges as an anchor to pause beside before they continue their way south. Another bridge that did this was the one entering the U.S. from Canada, after crossing the St. Iwavrence River at Ogdensburg and

Lawrence River at Ogdensburg and seeing the big sign, WELCOME TO THE U.S.A. I had really enjoyed my visit to Canada, but now I paused and

ing me to my homeland. Then another bridge, The Causeway that crosses Lake Ponchartrain in Louisiani, was one I'll never forget. It is 29 miles long and one can see over the sides at all times. There are viewing areas to stop and watch the boats coming and going! I don't remember the kind of barriers to keep people safe, but one thing for sure, the view below was not hindered by high walls of concrete. Mart was so fisscinated by it he saked me to turn around and polack so we could get a better view of it from the other side. This was on ur last veacino before he was diagnosed with cancer.

These memories of bridges and water beneath them makes me wonder why, on why! do we have concrete side walls that keep us from seeing the rivers and beauty below?

In Membrance of All My Family
Seems like I can see all my family.
They have all gone home now.
They are so happy.
They don't have to go through that
Great Tribulation Day.
The mountains become higher.
Their burdens were many.
The bells started to ring and the clock
started to chiming.
The Lord called their name.
As they all started to pray.
There stood their master.

He took them away.

As they looked there stood Jesus, that purple robe that he wore so shining.

His face so bright, my folks in that great big chürch.

Oh, those beautiful crowns up on their heads and

Oh, look at all their golden dresses.

Those little infants whom I haven't seen with their little harps.

They were so charming as Jesus held them in his arms.

The bride and groom came marching in.

Allamy family marched through the door.
They all will be coming for me soon
I know.

I will see all of them.

They all marched in to the wedding

No more, suffering.

Vera added. "How could he do this to me?"

"Has he ever had an affair before?" the counselor asked.
"Maybe," Vera reluctantly admitted. "Have heard before that he had been out with someone. Each time he denied it and I believed him. Now I feel foolish."

affairs and abuse make for a devastating combination in marriage. There are not many marriages that can with-stand those problems. I must tell you that it will be hard to save your marriage. It will take a willingness to change on the part of both you and Norm." The odds that Vera and Norm's marriage can be saved are slim. SUNDAY SCHOOL Adults Defermine Attendance

When BOTH parents attend Sunday School, 72% of the children attend when grown.

When the FATHER only attends Sunday School, 55% of the children attend when grown.

When the MOTHER only attends Sunday School, 15% of the children attend when grown. When NEITHER PARENT attends Sunday School,

6% of the children attend when grown. Dad, may I talk to you, as a Dad and a Grandpa. You should know according to God's word that you are the spiritual leader of your home. As you live, you are influencing your wife and children whether for good or whether for bad. In God's sight you are responsible for your family. You cannot be neutral on this matter. If it were not for the ladies taking the lead, many churches would be closed. But God's plan is for the man of the house to take the lead. There are grave consequences when God's plan is not followed!

> TAKE YOUR FAMILY TO SUNDAY SCHOOL!

Prescription For A Laugh

Prescription For A Laugh
JUST A LINE TO SAY I'M LIVING
That I'm not among the dead
Though I'm getting more forgetful,
And more mixed up in my head.
For, sometimes I can't remember
When I reand at the foot of stairs
Or I've just come down from there.
And before the fridge, so often
My poor mind is filled with doubt,
Ilave I just put food way, or
Ilave I come to take it out?
And there are dimes when I is dark out
And there are times when I is dark out
Or I've just come down the foot of the
My poor mind is filled with doubt,
Ilave I just put food way, or
Ilave I come to take it out?
And there are dimes when I is dark out
Or just getting out of bed,
So, if it's my turn to write to you
Free's no need in getting sore.
I may think that I have written
And don't want to be a hore.
And which was not be a hore.
And when I want to be a hore.
And I wish that you were here,
And I wish that you were here,
And I wish that you were here.
Invested of malling you my letter
I had opened it instead.
