Members of Livingston and Mt. Vernon volunteer fire departments extinguished a blaze at a home on Gauley Branch on Monday morning. The log home of Steve and Janet Bolton was heavily damaged by the fire, which apparently started around the fireplace. The original cabin was built around 1860, and was completely restored several years ago, by well known artist Sandy Spiegel. The Boltons lived at the house with their children and did not have any insurance on the structure. Livingston firefighter John Kuhn said that most of the fire damage was limited to two rooms, but that there was extensive water and smoke damage throughout. At left, Mrs. Bolton shows firefighters how to gain access to an upstairs bedroom.

## Inmate escapes

A Rockcastle County Detention Center inmate walked away from the lock-up around 2:30 a.m. Wednes-day morning. According to police, Charles Marlow, Jr., 31, of Mt. Vernon was

apparently outside the facility dump-ing garbage, when he ran off from a deputy jailer.

#### Lady Rockets lose to Berea and Jackson Co.

It was a tie ballgame through six-innings last Thursday night but, in the seventh, the Berea Lady Pirates came through with three runs to get the win, 11-8.

n, 11-8. In the bottom of the first, Jessie In the bottom of the first, Jessie Hayes got on base for her team and later scored on a fielder's choice off the bat of Josie Benge who was out at first. The Pirates oame back in the top of the second to score six runs off two hits, two walks and three Booket service.

off two hits, two walks and three Rocket errors.

In the third, the Pirates added two more runs, to go up 8-1. But, the Rockets countered in their half of the third with five puns. Anober Falin led off with a triple and later scored when Rachel Childrens was safe at first on an error on the Pirates shortstop. Hayes drew a walk and she and

Childress both scored with aggressive base running sided by a Pirate error and a wild pitch. Cassie Hamilton drew a walk and Rachelle Riddle singled to right, driving in within three at 16 the Rockets to within the result of the Rockets to the bottom of the inning. Falir again tripled, driving in Carter and Jases Sorden on a passed ball. Rachel Childress then drew a walk and stole excord and a fielder is second and scored on a fielder's choice off the bat of Jessie Thacker,

tieing the score at 8 all.

There was no scoring ere was no scoring action for team in the 6th but a combination of four walks, a single and three Rocket errors gave the Pirates an 118 edge in the top of the 7th and the Rockets could only muster one run off a single by Cassie Hamilton who stole second and thirst and score of a Pirate error for the final 11-9. A good Jackson County pitcher kept the Rockets bats quiet while the Lady Generals weer racking up 10 runs off 8 hijs and 8 walks. The Rock-

ets only runs in the game came in the fourth inning. Childress drew a walk to begin the inning, Thacker singled up-center and got the RBI and Carter then singled to center to score

The Jayvee team also lost to Berea and Jackson Co.

It seems that the biggest surprises for the students were the amount of money-taken for taxes, cloid care expenses, and the amount of their salars. Our staff beard several times. "I'm not going to be a teacher. I can't buy anything." Students often had a career interest that was not compatible with their GPA. These students were given a lower paying job in the same field. It was suggested that they work hard during high school to in-crease their GPA and in turn, be able to make their career goal a reality. #### ROCKCASTLE COUNTY HIGH SCHOOL SEATBELT SAFETY CAMPAIGN

The Rockcastle County Health Center is sponsoring a seatbelt safety campaign.

A seatbelt survey was conducted at the high school on March 5, 2001. The survey results showed that of 232 students viewed as they were leaving school, 76% were not wearing seatbelts.

#### WHY SHOULD YOU WEAR SEATBELT?

- Motor vehicle crashes are the leading cause of death for children of every age from 5-18 years old.
- For young drivers (ages 15-18) involved in fatal crashes, 43% were not using a seat belt; among those who were killed, 59% were not using a seatbelt.
- · Lap/shoulder belts, when used, reduce the risk of fatal injury to front seat passenger car occupants by 45% and the risk of moderate-to-critical injury by 50%.
- The fatality rate for young drivers (16-19 years old) is about four times as high as the rate for drivers aged 25-69.

Can the Rockcastle County High School drivers beat the Jackson County High School drivers?

We did the same seathelt survey in Jackson County on March 13th and 68% of their drivers viewed did not have their seatbelts on! Jackson County had 8% more students wearing their seatbelts.

#### WE ARE ISSUING A CHALLENGE!

Can Rockcastle County High School Drivers improve their seathelf usage more than Jackson County High Drivers?

The Rockcastle County Health Center will be repeating the seatbelt survey in May. But you won't know when.... So be sure to be wearing your seatbelts!
