That dispute apparently arose over some kinchen equipment from the Brothead Elementary School, which was domated to the cut; said he asked for and sectived the equipment and that he had distributed it as he thought was bost.

There was some discussion about a large cooler being put in the same building as the fire trucks, but Cash said that the city owned all of the buildings and for fire trucks, but Cash said that the city owned all of the buildings and could put things where they wanted to.

An exhaust fan that was given to the city was also apparently given to the Brothead Dari-Delite because Cash said the restaurant was a big help to the city from time to time especially during the fish frys.

Cash said that the cooler was there for everyone's benefit including the Ladies Auxiliary.

Councilman Curt Brown said he thought the city and the fire department should work together and that the did not see any problem with the way the Mayor had handed things.

Brown said that he thought that the cooler could even in the city limits who had a freezer go out and did not want to jose all their fozors terms.

"We just need to all work to-gether," Brown said.

Cash also made mention that he had heard rumors that councilimen Everett Albright and Larry Taylor were off the council.

He called that nonsense. "A Mayor ean't do that, council mem-bers are voted in by the people," Cash said.

So, the smell of food and safety of a porth with only an old woman and cat guarding it was too much temptation to the bums hunting for a free meal and they quietly slipped up on the porch and helped themselves, to what the cath had left in her dish. The first night, I heard a noise so, with gun in hand, went to the-door to see what was going on and here stood a big old groundhog, rattling Mama Cat's empty glish.

In not sure what they are doing with it, but two jays could not possibly be eating that much dog food. I'm no longer eager to write a letter to the makers of Kibbles and Biss on behalf of Blue and Lovely but if they are looking for a secondary market, my blue jays sure love the stuff and its considerably cheaper than black oil sunflower seed. And what I have mistaken for genuine affection from the jays is apparently nothing more than impatience for me to put the food out.

And it occurs to me that long-over-due thanks should be extended to those who continually give of their time, energy and money, not to men-tion the valuable land that has been donated by those who could scarcely afford it. Such acts of kindness and sacrifice are so often taken for granted, and it's a shame

With the death of her parents, Mary Ann McKinney and husband, William L. inherited the land and changed the name from "The Colyer Graveyard" to "McKinney Cemetery." The succeeding heirs continued the tradition of donating burial space to any neighbor who requested it. Which was still quite common in those days of chap land and little money. But the time came when free land became an extinct as the dinnosur, though Swan Bulleck, who eventually bought the McKinney property, graciously donated a strip across his field for a road to the cemetery, which the county

Community Celebration Saturday, June 30, 2001 8:00AM - 12:00 Noon (EDT)

Over the past 25 years, the people of the Lake Cumberland area have entrusted us with something very valuable - their health care. This is a trust we to care for you, or for some of your friends or family members. We consider it a privilege to care for each patient who comes through our doors. So, when we host our Community Celebration on June 30, we won't just celebrate the 25th anniversary of this hospital. We will celebrate friendships and relationships. We will celebrate new lives and renewed hopes. We will celebrate you! Please join us!

and took me by the hand, and said my place was ready, in heaven far above, and that I'd have to leave behind, all those I dearly love.

But as I turned to walk away; a tear fell from my eye, for all life I'd always thought, I didn't want to die, I had so much to live for, so much yet to do, it seemed almost impossible, that I was leaving you.

I thought of all the yesterdays, the good ones and the bad, I thought of all the love we shared, and all the fun we had.

If I could relive yesterday, just even for a while, I'd say goodbye and kiss you, and maybe see you smile.

But then I fully realized, that this could never be, for emptiness and memories, would take the place of me.

And when I thought of worldly things.

things,
I might miss come tomorrow,
I shought of you, and when I did,
my heart was filled with sorrow.

But when I walked through heaven's gates, I felt so much at home. When God looked down and smiled at me, from His great golden throne, He said, 'this is eternity, and all I've promised you.

How Can I Make Myself Feel Worse
"How can I make myself feel worse?" Have you ever asked your-self that question? Of course not: No one wants to feel worse than he alone wants to feel worse man he are ready does but sometimes our actions leave us in worse shape than before. Consider the following scenarios

Jeave us in worse shapff than before. Consider the following scenarios. (All characters are fictitious.)
Jim is not happy with his job. He thipks he does not get the same conjuderation as other employees. His impression is that the boss talks to everybody but him, and he was recently passed over for a promotion that the thought should have been his. He complains to his wife, "I'm afraid may be a first of the same conjuderation of the same properties." I'm decided to have a heart-to-heart talk-with his boss. Normally his would have been a good idea, but Jing was so angry about the preceived misteatment that he "went off" on his boss and was fired. Now he is unemployed and feels worse than before.

Do You Know Who These People Are?
The one who is standing the tallest and is wearing the black belt is Elia
Thomas McComike Payne. She first married Edd McCormick and her
second husband was Tully Payne. They lived at Pine Hill. No one seems
to know who the other two ladies are.
This picture was made 1921-22 at Livingston. If you know who they
are, please let me know by mail: Marie Payne, 223 McClendon Rd.

And it is likely to bring longer-lasting and more fre-quent joy than either the pool or the

hot tub.

Consider the dollars spent by a family of four in Florida or Gatlinburg or Myrtle Beach in a week. For a growing number of homeowners, investing travel dollars at one's home makes real good sense. (And the enjoyment is substantial and often-not just one time a year!)

Andasto maintenance-ask somewheat in when in word of the property of th

one what's involved in keeping up a pool or hot tub. A waterfall and pond are less trouble than either. In fact,

are less trouble than either. In fact, consider the time spent mowing and caring for a spot of lawn. With a waterfall and pond you eliminate some yard...and the small amount of pond maintenance will be fun compared to law mowing.

If this sounds like something for you, think carefully before jumping headlong for one of these water features. Type, size, location need planning. Consider the law of the land, the amount of sanlight, the view from inside, the view from the deck/

patio...improperly built or too-small will lead to re-building later. There are do-it-yourself kits, but unless you have a knack or love for learning and doing new things, you'll probably want to have someone with experience to create your new resi-

ntial waterfeature. Happy "pondering" in your para-

your yard and pond, but fruit! Kids will have lots of fun hours outside tasting the many fruits in your land/ aquascape. Adults also enjoy the sweet fruits.

School-to-Work Kentucky is an initiative of the Commonwealth administered by the Cabine, for Workforce Department. The goal is to bester prepare Kentucky's students to meet the stalle current and future workforce needs. It seeks to integrate career education into every Kentuckian's school experience. Forward in the Fifth is a private nonprofit local education fund that serves 59 public schools system in 41 castern and southern Kentucky commiss. It was organized in 1986 to address the fact that Kentucky's Fifth Congressional District (as it was prior cil.

dress the fact that Kentucky's Fifth CongressionalDistrict (as it was prior to 1991) had the highest percentage of adults without a high school edu-cation in the nation. Forward in the Fifth's vision is that members of our communities will have the educa-tional opportunities necessary to live full and productive lives. Our mis-

sion is to: raise educational levels in the region; encourage life-long learn-ing by providing opportunities for parents, educators and community members; and to foster partnerships between communities and schools.

We will also provide to you a copy or our water report in its entirety upon request. This is a vailable at City Hall, located at 7 West Main in Brodhead. Each person is a valued customer and we want you to be informed about our water utility. If you want to learn more you may also attend any of our regular meetings. Regular meetings are held on the second Monday night each / month, at 7:00p.m. at City Hall.

Brodhead Water Works routinely monitors for constituents in your drinking water according to Federal and State Laws, as does our water supply system, Mt. Vernon Water Works. The following table shows the results of our monitoring for the period of January 1, 2000, through December 31, 2000. Some dates are only required by law every 3 years.

** All drinking water, including bottled drinking water, may be reasonable expected to contain at least small amounts of some contaminates. It is important to remember that the presence of these contaminates does not necessarily pose a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

ADDITIONAL INFORMATION

ADDITIONAL INFORMATION
Mayor Cash and the employees of the Brodhead Water Works, work with continuing effort to provide top quality water to every tap in our system. We sak that all customer help us protect our water sources, which are the heart of our community, our way of life and our children's fiture.

Our operators are trained, tested, and certified by the state of Kentucky, to provide the best quality water available to our customers.

NOTICE:
We are publishing this water report in the Mt. Vernon Signal. Additional copies
are available upon request at the Brodhead City Hall, located at 7 West Main in
Brodhead, Kentucky.

SPECIAL PRECAUTIONS

PECIAL PRECAUTIONS forms people may be more vulnerable to contaminants in drinking water than the general oppulation. Immuno-compromised persons, such as person with cancer undergoing hemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or their immune system disorders, come elderly, and infinite can be particularly at risk from minicitions. These people should seek advice about drinking water from their health care revoviders. EPA/CDC guidelines on appropriate means to lessen the risk of infection by syptosporidium and other minicrobiological contaminants are available from the Safe brinking Water Hotline is 800-
