The picture at left was taken around 9:30 a m on Sunday. The bank clock on Hwy. 150 in Mt. Vernon read 11 degrees. However, that day the recorded low temperature was actually six degrees and the high was 18. School was cancelled for the first time this year Monday. The picture above shows Mt. Vernon Elementary

School and the snow covered parking lot. School is now

scheduled to be dismissed on May 11th.

Students have snow day for the first time this school year

The first "snow day" of the 2004-05 school year, was Monday after a snowfall on Sunday which left only a half inch of snow on the ground. However that snow was preceded by freezing rain and the very cold temperatures made roadways slick and howardows.

"We've been lucky with the weather this year," said Rockettle County School Superintendent Larry Hammond.
Monday was the only day this week students missed.
According to weather forecasters it will likely be the only day missed this week because the mercury is supposed to rise.
As of press time Wednesday the temperature was 50 degrees.
According to school records, in the 1979-80 school year, the first day missed was on January 30th. That is the record for the latest day missed in a school year.

in a school year.

In 1986, the first day school was called off was January 22nd.

As it stands now, student have attended 96 days of the required 175 days and school is scheduled to be dismissed on Wednesday, May 11th, according to Director of Pupil Personnel Roce Brown, who also heads up the school's calendar committee. According to local weatherman Bud Cox, a total of 5.56 inches of precipitation has fallen in the county during the month of January. Of that 5.56 inches only one has been snow.

The low recorded temperature has been found adjress on which was recorded on Tuesday, January 18th. The recorded high temperature, 67 degrees, was on January 13th.

### Police officer's actions cost city, insurance company over \$93,000

The actions of a former Mt. Vernon City Police Officer has resulted in nearly \$100,000 in cost for the city of Mt. Vernon and their liability insurance carrier.

Two suits against former officer Sim Thacker and the city were brought in 2003 by local attorney willis Coffey.

brought in 2003 by local attorney Willis Coffey.

One suit was the result of an ar-rest in lune of 2003 of Roger "Crow" Mink, 44, of Mt. Vernon.

According to police records Thacker received a complaint that Mink had threatened somone and he arrested him at the Derby City Truck Stop in Mt. Vernon. The suit alleged

that Thacker used extreme force and used his authority as an officer to basically abuse Mink.

only likes a few pounds.

Mrs. Hayes, with 330 lbs. packed on her 5'4" frame, underwent gastric by-pass surgery early in July of 2004. She lost 151 pounds in the first six months and 38 inches around her waist. "Imet the doctor's goal, of 150 pounds in a year, in the first six months and I am going for my own personal goal now of losing 43 more pounds," Mrs. Hayes said.

The procedure is not a simple one. It involves major surgery, a lot of pain at first and a change completely in eating habits, according to Hayes.

"I only have 12% of my stomach left. It is the size of a golf ball with a dime-sized opening," Hayes said. She is also limited on what she can at and must thoroughly chew each to make sure it will fire confortably through the dime-sized opening. No cakes, cookies, ice cream, soda pop, fred foods, bread, piety foods are allowed because of the sugar, carbs, cut and all dairy products must be low. In spile of trying many different.

In spite of trying many different dieting methods, Mrs. Hayes has had a weight problem all her life, weight problem and in 300 lbs. in high school. She had ballooned to 330 pounds and, in January of 2004, she decided enough was enough and something had to be done.

was enough and sometime, and to do done.

While surfing the internet, she discovered information about the gastric by-pass surgery, or 'stomach starting.' She educated herself on the procedure and says she was amazed to find out how it had changed people's lives. During the research, she found Dr. Randall Bolar in Lexington, the doctor who eventually

Mrs. Hayes' family had concerns
for the procedure. "They did not want for the procedure. "They did not want me to have this done and were afraid the surgery would kill me. But, as the surgery would kill me. But, as they saw my health get worse, they soon realized that the gastric by-pass surgery was my only hope of living," Mrs. Hayes said. At one point, she said, all her doctors told her that if she didn't start losing weight, she

Finally, on July 7th of last year, Mrs. Hayes actually underwent the surgery, It was a hospital stay of three days and the morphine pump eame in handy, according to Mrs. Hayes, who said she went into the hospital taking six medications daily and came out taking one. After leaving the hospital, Mrs. Hayes was only able to take one ounce of liquid every half hour for tow weeks. But, at the first post-surgery doctor's visit, the hal lost 42 pounds in that two weeks. She then graduated to soft looks and still uplean beef, grilled or baked chicken, steak, seafnod and very soft vegetables. She also takes vitamins and Tums for the calcium daily.

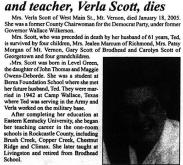

As soon as she was able, Mrs. Hayes began an exercise regimen that involves a routine of three hours a day, seven days a week. She walks an average of 20 to 30 miles a week and this has done wonders to tone up her skin after losing over 150 pounds.

Right after exercise, your pulse may be 130 beats per minute. If you are fit, it drops 30 beats in the first minute, in this case to 100 beats per minute. This level of fitness is usually obstanted by exercising at a moderate level of exercision for 20-30 minutes three times a week.

### Library 1 **News**

This month has gotten off to a rocky start with the weather conditions wavering back and forth, but the programs are underway! The second annual "Books For Bikes" has already begun. This year two extra age categories have been added to sweeten the incentive to read! Ages 3-5, ages 6-8, and ages 9-12 are all welcome to participate in the program. There will be six bicycles given away at the end of the campaign. Three boy bikes and three given away at the end of the campaign that we will be awarded. Specific rules are in the Signal this week. We want to thank all of the sponsors for their assistance in this great program. Jeffery T. Burdette, Rockcastle County Kiwanis Club, Rockcastle County Service Learning Grant and Rockcastle County High School Rey Club we appreciate you for your concern and dedication to literacy in our county! There are forms at the librarycounty! There are forms at the library for each child to take to draw a picfor each child to take to draw a pic-ture and or write something about the book they have read. The students ages nine - twelve must write at least one sentence about the book they have read. As the children read the books they are to burn their forms in to the library. Books are to be-checked out only from the Rockeastle County Public Library to qualify. Parents of smaller children can read the books to them and help them with their drawings. Encourage your chil-dren to participate in this wonderful

reading program.

A message of hope from your friends at

Mt. Vernon Pentecostal Church

"It is Written"

"It is Written"

Today we would like to consider the words of James chap. 1:2-5, "My brethren, count it all joy when ye fall into divers temptations: Knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing. If any of you lack wisdom, let him ask of God, that giveth to all men therally, and upbraideth not, and it shall be given him." How in the world can we count it joy to fall into the various trials? The joy is not the rail itself, but what it produces in us, that is what we can rejoice in. Trials makes us stronger if we let them. Just as we have different exercises for the different parts of the body so we can be strong all over, even so in the spiritual. Trials develops spiritual muscles, that can make us perfect and entire wanting nothing. The trials are various, thus they work various muscles of the spiritual man. If we lack the wisdom to see what we can learn and gain from our trials, we can pary for wisdom. The wisdom of how to handle the trials, the wisdom to have the insight of what we can benefit from them. How can this make me grow? What can I learn from these problem? How can I make these trials stepping stones instead of stumbling stones. Now emust ask in faith, nothing wavering; and God will hear the prayers of the righteous. For the double minded man is unstable in all his ways. (Always glad to study with people.)

Upon the occasion of what would

has never ceased.
What is it about Elvis that keeps him close to our hearts and minds after all these years? The answer is both simple and complex—much like the man himself. Even as an ardent fan, it is impossible to address such a question with the full-ness that lies within the answer. Primarily, it is that voice. Whenever I hear it, whether in spoken word or song, it brings a comfort, a kind of familiarity which is akin to the warmthe evoked by a closely held loved one—a mother, a brother, a child ITI stumble upon a song of his on the radio, it will literally bring a smile to my face. And then, just as spontaneously, I am again captured—willingly and completely. I know of no other voice in the world that off people There is a power there that supersedes the natural.

I do not remember a time without him. At the tender age of three, his music was in my home. (Oh, the joys of being in a home where there is lot of music?) By age five, my mother had bought the album Leving fow; in not time at all. I had adopted it as my own. It must have been then that my life-long love affair with Elvis began.

Mrs. Scott was also an adult educator, among the first teachers in the state to be trained in adult education. She developed and implemented GED classes for Rockcastle County Schools.

Mrs. Scott supported and stressed education to all of those she encountered. If she wasn't teaching students to multiply and divide, she was teaching an adult to read. Or, you might find her on the phone, calling Frankfort for a new bridge or a needed guardrail.

Mrs. Scott was a teacher, a politician, a farmer, a friend but her best job was that of wife, mother and grandmother.

Falin received \$55,000 in his case and both men have agreed to release the city of Mt. Vernon and their car-rier of any other financial obligations involving Thacker. At the suggestion of Mt, Vernon City Attorney Jerry Cox, Falin resigned from the force the first week of December in 2003.

The city of Mt. Vernon was out pocket in the amount of \$13,500, which included their deductibles and

attorney fees.

Thacker had worked for the city since 2002.

Congratulations to Tyler Burris on his Bandolero Racing at Kentucky Speedway. Tyler raced II races out of 24. He was 69th out of 129th in the Ince Young Guns National points. His best finish was third at Kentucky Speedway. Tyler will be competing again this year in the Incx Series. He would like to thank all his sponsors and all the people involved in his racing. Also congratulations to Chris Bailey from Lake Eric, PA, one of Tyler's competitors at Kentucky Speedway on winning the Inex Young Guns National Championship.

### County Committee Meeting Scheduled

County Committee Meeting Scheduled
The Rockeastle County Farm Service Committee (COC) will hold its monthly meeting the first Thursday of each month beginning at 8:00 a.m. The meeting will be held at the FSA office located in the USDA Service Center on Hwy 150 in Mt. Vermon, KY.

The COC members are vital to the day-to-day operations of FSA. The COC members help FSA at the local level by deciding the kind of program, their county will have and how they will operate. FSA committees oper-

their county will nave and now they will operate. FSA committees oper-ate within official regulations de-signed to carry out Federal laws and applying their judgment and knowl-edge and knowledge to make deci-

Sions.

To Apoid Federal penalties and To Apoid Federal Penalties Act (AFIA)

To Apoid Federal penalties and monetary fines, foreign owners of U.S. agricultural land must report

their holdings, acquisitions, disposi-tions and/or leases of 10 years or more and land use changes to FSA within 90 days.

"The report is required by the Agricultural Foreign investment Dis-closure Act, (AFIDA) which is still in effect," Mr. Alexander said. For-eign investors are required to file a report if all or part of any agricul-tural land is sold, or the title is trans-ferred to another person.

ferred to another person.

Failure to file the AFIDA report could result in a civil penalty of up to 25 percent of the fair market value

of the interest held in the agricultural

For reporting purposes, agricul-tural land is any tract of more than 10 acres in the aggregate now in farming, ranching, forestry, or tim-

ber production. Land used for for-estry production is land exceeding 10 acres in which 10 percent is stocked acres in which 10 percent is stocked by trees of any size, including land that formerly had such tree cover and will be naturally or artificially regen-erated. This includes land in agricul-tural use when purchased, as well as land later converted to agricultural

uses.

County government offices, realtors, attorneys, lending institutions and others involved in real estate transactions are asked to notify

tate transactions are asked to notify the foreign investor of these reporting requirements.

Spousal Signatures

A husband and wife may sign FSA and CCC documents on behalf of each other UNLESS written notification is on file in the FSA office denying a spouse this authority. Spouses may sign most documents, except promiseroy notes, CRP easements, and certain security agreements.
