Livingston Homecoming this weekend

Don't forget this weekend's annual Livingston Homecoming.

Activities will begin Friday night, Sept. 2 with gospel singing and, on Saturday, the parade will begin at 11 a.m. on Saturday with County Clerk Norma Houk as Grand Marshal. A pancake breakfast will precede the parade from 8 a.m. to 10 a.m. in the homecoming room behind the school. The cost will be \$5 for adults and \$2.50 for children and there will be "diabetic-friendly" food available. The recognition program will be held immediately following the parade and the awards program will be immediately afterwards with special recognition for the Citizen of the Year and others.

The Homecoming Queen Contest will begin at 3 p.m. and the Pretty Baby Contest at 4 p.m.

Ballgames will be held at the gym beginning at 5:30 with the "young" guys playing and at 7 p.m. in the "old-timers" game.

There will be vendors, including food booths.

On Sunday, Bro. Gary Parker will lead a devotional service noon and the Prestiest Pet contest will begin at 1 p.m. Barbara Moore will provide special entertainment at 2 p.m.

The annual auction will begin at 2:30 and the day will be completed with country music and dancing beginning at 8 p.m. until 10 p.m. or later.

Customers stealing Western "Water"

Western Rockcastle Water Customers should be aware.

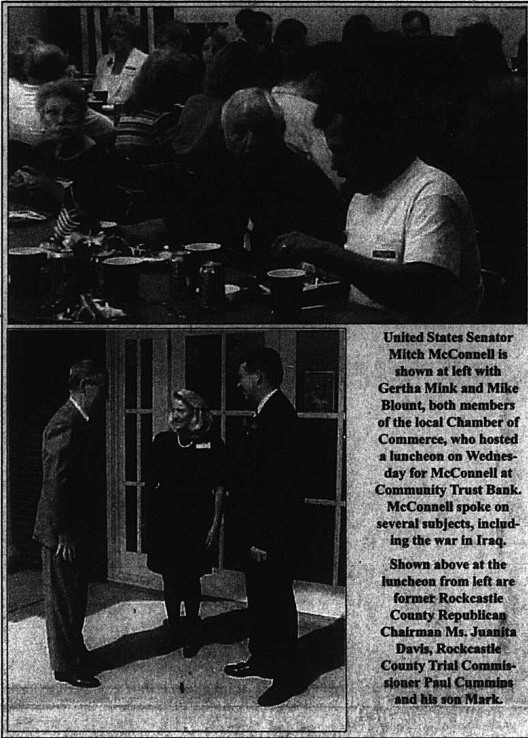

Anyone caught tampering with water meters or illegally obtaining water will be prosecuted, according to the water association's President, Denver Burton.

Burton said last week some customers have been stealing water with the use of "jumpers," after meters have been pulled for non-payment.

Thousands of gallons have been stolen in the last six months and, last week, workers for the association had to fix a leak, which was the result of stealing water. No one has been charged in that incident as of yet.

Workers with the association now have cameras inside their vehicles at all times, in an effort to stop the water thefts.

Law enforcement officials are also trying to help with the problem. (Cont. to A-9)

United States Senator Mitch McConnell is shown at left with Gertha Mink and Mike Blount, both members of the local Chamber of Commerce, who hosted a luncheon on Wednesday for McConnell at Community Trust Bank. McConnell spoke on several subjects, including the war in Iraq. Shown above at the luncheon from left are former Rockcastle County Republican Chairman Ms. Juanita Davis, Rockcastle County Trial Commissioner Paul Cummins and his son Mark.

U.S. Senator McConnell in Mt. Vernon Wednesday

By: Richard Anderkin
United States Republican Senator Mitch McConnell of Louisville was in Mt. Vernon on Wednesday for the Rockcastle County Chamber of Commerce.

Approximately 100 people heard comments from one of the most powerful lawmakers in the country.

The veteran senator, who was unanimously reelected Majority Whip by his Republican colleagues in November, 2004 fielded many questions from those in attendance.

Senator McConnell is the second ranking Republican Senator in the United States and has been in the senate since 1984, when he defeated longtime Democrat senator Walter "Dee" Huddleston.

That year, he was the only Republican challenger in the country to defeat a Democrat incumbent.

McConnell fielded questions pertaining to issues ranging from gas prices to the supreme court nominee.

However, his primary comments dealt with the controversial war in Iraq. McConnell spoke for approximately twenty minutes, laying out his view of the war as a just war.

Senator McConnell said that, in going through the horrifying experience of September 11, 2001, America had to change her defense strategy.

"We realized that we could no longer be on the defensive, we had to be on the offensive. Our President made the decision to react to this act of war by challenging the opponent overseas and away from our homeland," McConnell said.

McConnell further elaborated on the war by drawing some eye-raising comparisons. "We've lost 1,800 American lives in the Middle East. I'm not diminishing the significance of the sacrifice of the fine soldiers that lost their lives in any manner. But, in losing 1,800 honorable soldiers, we have liberated 50 million people. I also think that we become quite impatient as a society due to 24 hour news. We are actually moving quickly in Iraq in comparison to how we, as Americans over 200 years ago, moved in drafting a constitution. "It has taken only 13 years for Iraq to draft a constitution. It took the United States of America eleven years," said Kentucky's senior senator.

He also made reference to the combat baking plane in Afghanistan.

and the mission there. "For six years, children didn't go to school in Afghanistan. Thanks to us, children are now receiving the most invaluable commodity a young person can have, an education.

At the conclusion of his speech regarding Iraq and Afghanistan, McConnell fielded questions from those in attendance.

Rockcastle County Judge/Executive Buzz Carlotta asked what could be done to prevent the closing of the local FSA office from occurring. McConnell answered that the tobacco buy-out, a bill he was the main sponsor of had affected that situation, and that no matter what a certain number of agencies would be closed.

Rockcastle County tobacco farmers were receive \$17 million over the next ten years because of the buy-out. The only thing Rockcastle Countians can do to influence the decision is to attempt to convince state directors of the FSA of the need for the office in Rockcastle County.

When asked about the rising gas prices by local trial commissioner Paul Cummins, McConnell cited one of the reasons as the excellent shape of the global economy. "Economies such as India and China, that historically haven't been prosperous, are now doing fairly well. They have the money in their pockets to travel. With that said, the demand for oil is going up and the supply must catch up with it," McConnell said.

Vet. rep here September 6

You may be entitled to receive benefits from the Federal Veterans Administration that may include compensation for disease or injury received while in service, pension for wartime veterans, survivor benefits and assistance with medical expenses.

The Kentucky Department of Veterans Affairs provides counseling and assistance to veterans and dependents in filing claims for state and federal veterans benefits. This is a service provided by the Commonwealth and there is no charge or fee of any kind.

A veterans benefits field representative will be at the Rockcastle County Courthouse in Mt. Vernon on Tuesday, Sept. 6th from 10 a.m. to 1 p.m. For further information, please call 1-877-773-7747 to speak with a veterans benefits field representative.

In Child Support Collected

Rockcastle moves to 40th in rankings

Statewide child support performance rankings were recently released by the Cabinet for Health and Family Services and the Rockcastle County Child Support office ranked 40th in the state in overall performance for the state fiscal year ending June 30, 2005.

Child support performance figures are calculated on several categories, including the establishment of paternity, the establishment of child and medical support orders and child support collections, among others.

For the 2005 fiscal year, the Rockcastle County Child Support office collected nearly \$1,000,000 in child support payments.

Since the end of the fiscal year for 2003, the Rockcastle County Child Support office had leaped from 96th in overall performance, to now being ranked 40th out of the 120 Kentucky counties.

For the last two years, the

Rockcastle County, Livingston receive \$81,749 in PRIDE grants

The Rockcastle County Fiscal Court was awarded a PRIDE Community Grant for \$50,000. The one-year grant will be used to clean up illegal dumps at Bryant Ridge Road, Rank Cromer Road, Wolf Creek Road and Tank Hill Road.

The City of Livingston received a \$31,749 Community Grant to clean up dumps on the Rockcastle River and U.S. 25, as well as dispose of trash collected during city-wide cleanup events this fall and next spring. The grant also will pay for a replacement part needed at the city's wastewater treatment plant.

Rockcastle County will benefit from grants awarded to nonprofit organizations to monitor water quality in the Cumberland and Kentucky Rivers. The Upper Cumberland River Watershed Watch group was awarded \$23,250 to equip the volunteers who collect water samples along the river and pay for lab analysis of the water samples. The Kentucky River Watershed Watch group received \$6,500 for the same purpose.

For information about becoming a Watershed Watch volunteer, call 1-800-928-0045 and ask for extension 473, or visit the program's Web site at www.kywater.org/watch.

"The local governments and nonprofits that went after these grants are to be commended," said Richard Thomas, PRIDE executive director. "Congressman (Hal) Rogers makes sure PRIDE funds are available for cleaning the region's environment, but it is up to communities to put the funds to work."

"I encourage citizens to contact their local grant recipients to see if volunteers are needed to help with the grant projects," Thomas continued. "Another thing citizens can do is report littering and dumping to the local solid waste coordinator. Cleaning

Rockcastle office has received the Outstanding Improvement Award at the statewide awards ceremony held in Frankfort.

"This is not about awards," (Cont. to A-9)

up after a few irresponsible people is expensive, and we need to send the message that we no longer will put up with their illegal activities."

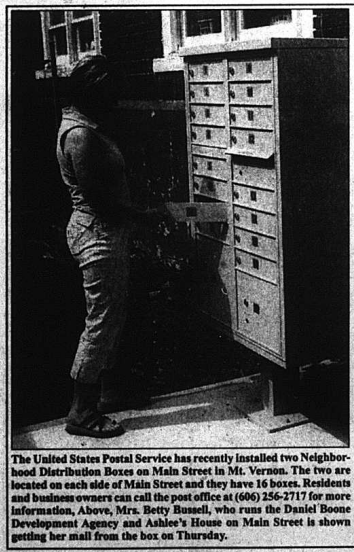

PRIDE announced today that 54 Community Grants, totaling \$2,033,168, were awarded this year. The grant funds will be used primarily to remove illegal dumps, operate recycling programs and dispose of trash collected during community cleanup events, such as the PRIDE Spring Cleanup. Other projects include equipping volunteers to monitor water quality and constructing wetlands.

Since 1997, PRIDE has invested \$22,618,434 in grants to tackle the

Blood Drive is Sept. 20th

It's a matter of supply and demand. The supply of blood collected by Central Kentucky Blood Center is not meeting the demand for that blood at the 67 hospitals served by CKBC. Hospital patients across central and eastern Kentucky need your help. Within 48 hours of your donation, your blood could be transfused into a patient suffering trauma from a car accident, a child undergoing cancer treatment or a mother-to-be experiencing a difficult C-section.

Rockcastle County Community asks you to please roll up your sleeve and help your fellow Kentuckians. You never know who might need blood in an emergency—yep, a family member, neighbor, fellow church goer, co-worker or a complete stranger. The blood supply belongs to all of us and must be kept at a safe level. (Cont. to A-10)

The United States Postal Service has recently installed two Neighborhood Distribution Boxes on Main Street in Mt. Vernon. The two are located on each side of Main Street and they have 16 boxes. Residents and business owners can call the post office at (606) 256-2717 for more information. Above, Mrs. Betty Bunsell, who runs the Daniel Boone Development Agency and Ashlee's House on Main Street is shown getting her mail from the box on Thursday.

The Marathon station at Renfro Valley was the first to raise gas prices on Wednesday raising the prices regular unleaded to 29.99. Other gas prices in the county were raised to over \$3.00 per gallon the same day. Gas prices were expected to soar due to the recent Hurricane Katrina which battered the Gulf Coast Monday.

Points East

By Ike Adams

The garbage truck runs on Charlie Brown Road every Tuesday morning (almost set your clock by it) and it's a super deal for folks who have containers that the collection guys can empty onto the city grade compactor that groans and growls just like the ones in Lexington or New York City.

Except, here in Garrard County, they don't wake you up in the wee hours with the banging and thrashing and whining of hydraulic smashers and loaders cursing each other like happens in the cities. Around here it's a very quiet affair. You don't even know that the garbage truck has or is running unless you are sitting on the front porch and see it with your own eyes or come home and find your garbage cans empty.

The bill is like \$46.50 every three months. Figures out to less than 4 bucks a week per household.

Easily the best deal, all things considered, on garbage collection in Kentucky, given the courteous and professional service we get.

On the other hand, I live in a solitary location prone to visitations from possums and raccoons and many stray or underfed dogs and cats who have learned to tip my garbage cans. Putting my garbage out on the road is in a Wells Fargo safe would only deter them for a nightfall. I am absolutely sure that we have coons in the neighborhood capable of picking the finest locks and possums capable of eating through high grade steel. We have dogs and cats capable of dragging hard-locked garbage containers into the next county.

So, what I do is stash the week's garbage in the bed of my truck in tough bags along with a pound or so

of good rat poison. Then every Sunday afternoon I haul it over to Doug Rhodus's place where he has the dumpsters parked and I throw it away myself into the back of one of the compactor trucks. It's still a heck of a disposal deal.

I drive down White Lick Creek, maybe four or five miles and take in the sights. Thanks to Bill and Henry West and all their kin and offspring, the little White Lick Valley is an ever-changing vista of agriculture. It's easily the prettiest place in Garrard County so I drive slowly and then I wind up at Doug's to rid myself of garbage in the trucks he has parked there out of the way.

At Doug and Johnetta Rhodus place, I quickly toss my refuse into the back of dumpster and head for their garden.

Besides having the neatest, if not most beautiful place in Garrard County, (Even the garbage trucks are clean when they get parked out beside the barn) Doug has easily the best garden I've ever seen grow. Not just this year but every year.

Last Sunday I did the routine. Then, after emptying my pickup, I went scouting around the garden.

If you could somehow lift the Rhodus garden onto a gymnasium floor and haul it into the Safe Air, nobody else would be in the running. It would be instant Blue Ribbon.

Unfortunately, I can't run pictures with this column but do imagine half a college gymnasium floor, Imagine straight rows of tomatoes side to side, maybe a dozen varieties stacked end

(Cont. to A-4)

VIEW FROM THE BENCH

Expungements: Cleaning Up After Yourself

In the wake of recent pardons for nine administration officials caught up in the merit system investigation, an inevitable question for their attorneys will arise about what to do with the records from their arrest. Though pardoned, those current or former officials still have criminal records consisting of arrest reports, fingerprints, photographs and other information. Future employers, law enforcement officials, and the public can determine with minimal effort that each of the nine former defendants has a criminal record. While the pardon exonerated each defendant's criminal liability, it does nothing to erase records pertaining to the charges.

This same situation exists for every defendant charged and then acquitted at trial, or for whom the charges are dismissed. Similar situations exist where a defendant pleads guilty to an infraction. In each instance, a former defendant may find himself disqualified from a wide range of employment including military service, daycare work, education, or innumerable other positions. Each of these positions routinely require criminal history records checks. Most schools also require such checks for volunteer positions. Some parents choose not to participate due to the embarrassment which will result by disclosure of an indiscretion which resulted in a criminal charge years before.

Recognizing that a single conviction for a minor offense should not forever brand a defendant as an outlaw, the General Assembly enacted a series of mechanisms designed to minimize the impact of minor transgressions. Similarly, Kentucky law permits those defendants who are charged but never convicted to erase records relating to their arrest. Felony convictions and domestic violence orders cannot be expunged or voided.

Persons charged with criminal offenses who are then found not guilty or against whom the charges have been dismissed with prejudice, meaning the charges cannot be retried, and where the dismissal was not in exchange for a guilty plea to another offense, may seek expungement in the court where the charges were filed. Expungement of acquittals or dismissals may not be filed sooner than 60 days following the entry of the order of dismissal. Prosecutor are always given the opportunity to object. As a practical matter, such motions are almost always granted as the defendant has been exonerated at trial or the case was so weak to begin with that the prosecutor dismissed the case.

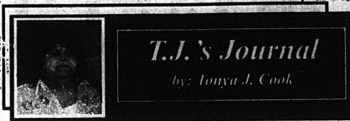

Persons convicted of a misdemeanor or violation, such as minor traffic offenses, arising from a single incident, may also petition the court for an expungement but no sooner

than five years following successful satisfaction of the sentence imposed. Thus, a person convicted of a first time DUI offense and sentenced to jail, payment of a fine, and probation for two years must wait until the two year probation period is successfully completed prior to the five year period required by statute begins to run. For minor infractions for which only a fine is imposed, once the fine and costs are paid in full, the five year statutory waiting period commences.

Special statutes also exist which afford first time drug possession convictions. A person convicted of a first time drug possession—whether misdemeanor or felony—may petition the court for an order setting aside and voiding the conviction upon satisfactory completion of treatment, probation or other sentence. If granted, the court grants a certificate voiding that conviction and the conviction cannot then be deemed a "first offense" in the event of subsequent drug prosecutions. A voided conviction also is (Cont. to A-4)

Judge David Taylor

There is a huge fog outside of my window this morning. I remember hearing from a child on up to count the number of foggy mornings in August, and that would be the number of snows in the following winter. Also, I recall the omen of the woolly worm. Its stripes were a certain indicator of the severity of the upcoming winter, as well as how many "bad spells" there would be. Personally, I've never found either source to be a very accurate predictor of the weather.

I've been noticing for about a week that several trees are beginning to change from their fresh green foliage to that of vibrant yellows, reds, and oranges. Evidently, we may have an early fall and winter.

It's hard to believe that this is the last week of August, and Labor Day weekend is upon us. It is at this time of year I like to read some of my favorite poems. One of them is called "The Last Rose of Summer". It is very lovely, but melancholy. If you have never read it, let me encourage you as it is well worth finding. Now that the "official" end of summer has come, I find that I haven't really accomplished much during the summer. There are several remodeling/redecorating projects that are unfinished at our house. The yard is still undergoing our landscaping project that was started last summer. This summer, we've planted a couple of trees here and there and put down some turfs for flower gardens, and that is about it. We blame it on the excessive heat. It's as good of an excuse as any. Now that cooler weather is coming, maybe we can get something done. The way I've got it figured, is that if we ever finally get done with all of our projects, about a week later we'll either have to go to the nursing home, or die.

In short, I guess we need to "Gitt-R-Done" as the new catch-phrase goes. By the way, that is Stanley's pet peeve as well as mine. We wish everyone would get "R" done, and go on to another letter of the alphabet. "R" has had far too much attention. I think if we ever finally get done with all of our projects, about a week later we'll either have to go to the nursing home, or die.

(Cont. to A-4)

Our Readers Write

Thank you, Judge Lambert...

Dear Editor,

First of all, I would like to say how proud I am of my daughter. She is in college to seek her second choice of a career. The first choice was to become a juvenile case worker. She wanted to make a difference but, having a best friend of the family who already was discouraged that. All the horror stories she would tell, children that were lost in the system, judges that didn't seem to care. I will remember all the times she would tell of kids put back in homes with drugs or abusive parents, only to OD, run away or, worse, die at the hands of their abusers. All because the judge didn't take the time to care.

So, the career she wanted was never discussed until recently. We were sitting at my table and she looked at me and said she was changing careers. I was shocked. I knew how she always felt so "asked what changed her mind." She looked at me and said, Debbie. She said Debbie had showed her that you can make a difference and, more so, do something about the situation. If you can just change one life it's worth it. The only problem she said was that we need more "Debbies." So, Debbie Lambert, we both thank you for standing up for what you so strongly believe in. It's not hard to realize what you do for our children and their families.

I had a conversation recently with one of the children that was before Judge Lambert a while back. She said, at the time of your ruling, she thought how unjust and unfair and that she had cried for days. Now, she told me, if you had not done what you

did, she would have probably been pregnant or dead by now.

I don't understand why more people don't see this. It's not like you pick them off the street and drag them, kicking and screaming into court. They create the problem and it's obvious they can't work it out on their own. They obviously don't know what to do or they wouldn't be in front of your court. But, when they don't, then you're dead.

Parenting doesn't come with instructions. We all make mistakes and bad judgments. The Family Court system was created to help these families in crisis. They have dedicated their lives to this. Our Judge was people-elected and, in my opinion, is one of the best. She is a caring judge and will help these kids that are so badly off track. So, instead of the vicious slander and boo-hoing,

Decreasing Asthma Triggers

Presented By: Dr. Callie Shaffer

Asthma is still a serious disease. The number of deaths from asthma is not decreasing in spite of better medicines. In fact, the trust people have placed in these effective medicines may be the cause of delays in seeking treatment of some severe attacks.

But preventing attacks is as important as treating them, and often easier. A person can frequently control some of the triggers which cause asthma.

Animal dander are a controllable source of asthma attacks. Cats are the traditional cause, with "cat asthma" being well-known. If a person is allergic to dogs, then cats must be kept out of the house. Horses, dogs and birds can also cause problems. Feather pillows should be avoided.

The more serious problems occur with dust mites and molds. These are constantly present, although the quantity may vary. Starting the furnace each fall will stir up mites and molds that have accumulated during the summer months. Dust mites and molds can be limited by keeping the house cooler and dryer during the summer months.

Pollen exposure can be limited by using air conditioners and spending less time outdoors, especially on windy and high pollen count days.

Chemical irritants can usually be avoided. These include cigarette smoke, industrial chemicals, and even everyday household products. Infections are a common trigger of asthma attacks, especially viral infections. While these infections can not always be avoided, some can be prevented by avoiding unnecessary exposure to crowds during flu seasons. Also getting a pneumonia vaccine and a yearly flu shot is very important, especially for anyone over 65.

Elizabeth Taylor

Elizabeth Nadeene Stevens Taylor, 73, of Bee Lick, widow of Delmas Grene Taylor, died Tuesday, August 23, 2005 at St. Joseph East in Lexington.

She was born March 6, 1932 in Level Green, the daughter of Ondus and Eva Leona Whitaker Stevens. She was a member of Fairview Church of Christ and an employee for 15 years of Genesco in Danville.

Survivors include two children, Garry Taylor (Janet) of Bee Lick and Larry Taylor (Pam) of Willalla; two brothers, James Stevens (Maxine) and Everett Stevens (Connie), both of Somerset and two grandchildren.

Besides her husband and parents, she was preceded in death by a brother, Orville Stevens and a sister, Wanda Todd.

Funeral services were conducted Fri., August 26 at the Marvin E. Owens Home for Funerals with Bro. Curn Herrington officiating. Burial was in the Fairview Cemetery at Willalla.

Casket bearers were: Dale, Jim, Jordan Whitaker, Derrick Pittman, Danny and Rick Stevens.

Honorary bearers were: Rita and Michelle Taylor and R.G. Whitaker. Memorial contributions are suggested to the Fairview Cemetery.

Condolences to the family of Mrs. Taylor may be made to her online registry at www.marvineowensfuneralhome.com

WE MAKE FUNERAL PLANNING EASIER

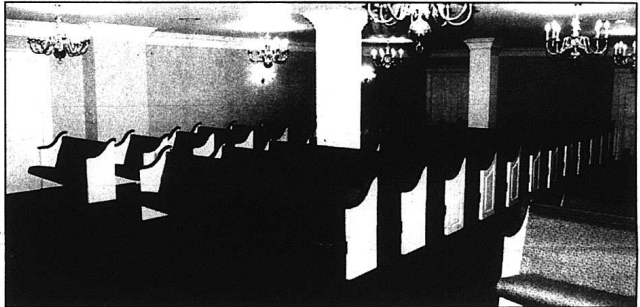

Bud and Lewis Cox, third and fourth generation of the Cox family funeral service tradition in Rockcastle County

More and more people are pre-arranging funeral services, for themselves or for loved ones.

In our lifetime, we make extensive plans for major events, such as baptisms, graduations or weddings. Pre-arranging a funeral is a simple matter that gives you peace of mind in knowing your personal wishes will be met. Prepayment is not required, although many different payment options are available.

Pre-planning is an immeasurable gift for your family. For more details on funeral planning, call us or stop by our office and we will discuss the complete funeral arrangement process with you.

Our funeral chapel has comfortable pews with back support and seating capacity of 175

Our solartium lounge offers a quiet peace of solitude with healing views of nature

Patient trips are popular at RHRCC

When many people think of nursing and rehab facilities, they get an image of seniors sitting in wheelchairs or lying in bed. But at Rockcastle Health & Rehabilitation Center (RHRCC), the residents are out and about enjoying life in the community.

As a matter of fact, one of the most popular services at RHRCC is patient trips. Personal and group trips are scheduled from March to December. Residents decide where they want to go, whether it's shopping, attending family events, or just riding around in the country.

Lorene Williams, an RHRCC resident, said the day trips are something she looks forward to.

"I love getting out, getting away from everything," she said. "Being with the girls, carefree. The most important thing is seeing the beautiful scenery."

This summer residents took a special trip, arranged by the Social Services and Activities Department, to fish at Sonny and Mary Napier's pond. Nine residents spent the day having fun in the sun, and there's still some debate about who let the big one get away.

"Trips are very important to most of our residents," Ann Harris, of RHRCC's Social Services Department, said. "It gives them the opportunity to feel more independent and provides mental therapy for them. We try to make the Center as much like home as possible. But the trips provide something that no healthcare worker can."

And resident Nancy Coffman agrees.

"I like being out having a good time," she said. "It makes me feel

better. I wouldn't like it at all if we didn't take trips."

Resident Ruby Braughton said it also means a lot to her to go on trips. "I can do more for myself," she said. "It makes me feel better to be with people. My favorite place to go is Wal-Mart, but I like them all."

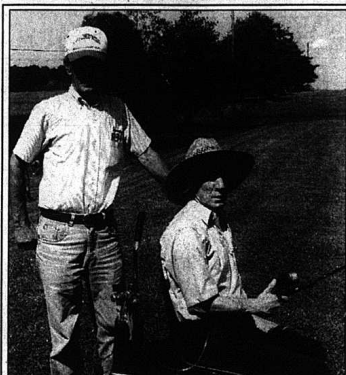

There are many aspects that make Rockcastle Health and Rehab unique as a long-term care nursing and rehab facility. Being locally owned and affiliated with a locally-owned hospital gives residents something they can't find just anywhere - neighbors they know and trust as their caregivers and a continuum of care should they need hospitalization.

But day trips may be the most important to some residents. Minnie Bradley summed it up.

"It gets my mind off being in the nursing home," she said. "Of course they're all good to me, but I love to go on trips. I just like to go."

Rockcastle Health & Rehabilitation Center, Inc.'s family-oriented team of health care professionals is dedicated to delivering long-term nursing care and rehabilitation services in a comfortable, home-like atmosphere. With 114 beds, it is the only facility of its type in the county and one of the few in the state to be accredited by the Joint Commission for the Accreditation of Healthcare Organizations.

For more information about Rockcastle Health and Rehabilitation, or any of the programs managed by Rockcastle Hospital and Respiratory Care Center, visit www.rockcastlehospital.org or call 606-758-8711.

Residents and patients of RHRCC recently enjoyed a beautiful day fishing at a pond, owned by Sonny Napier (left). Also pictured is resident Wayne Manus who caught the most fish with a total of eight.

Robin Strub, Ashley Harrison - volunteer, Torie Estes - staff, assisting Ruby Braughton and Jessie Lear took part in the fishing outing.

"Points East"

(Cont. from A-2)

to end.

Imagine rows of pole beans just now blooming and setting on—McCasland, Corn Field, Blue Lakes—higher than your head and thicker than hedge rows. Imagine peppers of every sort and color and any sort of squash. Imagine fall greens—turnips, white and pink—kale, spinach, mustard, lettuce just now coming up and you will see what fall gardening is all about. And I'm just scratching the surface. Doug's garden would make the cover of any seed catalogue you've ever seen.

Imagine all of this in dark rich earth, perfectly arrayed rows, without a weed among it and you have a general idea of what Doug and

Johnetta Rhodus's garden looks like as you read this. And it's only gonna get better until the first hard frost.

Johnetta says she doesn't have anything to do with the growing but when the garden keeps on coming in, she does most of the picking.

In the meantime, Doug says you are welcome to take a look at the garden, but don't be tromping out in it. He still has a lot of stuff coming up. Heck, if the coons stopped getting into my garbage cans, I'd still make the Sunday evening run to get rid of my trash and feel privileged to do it because that's the best excuse I have to drive down White Lick and see what's coming up or getting ripe in the Rhodus garden.

"TJ's Journal"

(Cont. from A-2)

windshields, bumper stickers, and various articles of wearing apparel. It's even been uttered by patrons of certain establishments we frequented. At least if they're going to use this phrase, someone should have the decency of spelling it correctly. As far as I can tell, it should read "Get 'er done!" I can just see someone at a White House state dinner about half way through the main course exclaiming in his best drawl, "Git-R-Done!" I'm sure that Donald Trump and other such executives have heard this phrase many times at board meetings. I myself may even decide to use it the next time I go to a fine restaurant, formal wedding, or perhaps at a graduation ceremony. They said that the South would rise again, and evidently it all hinges on the letter "R".

"Bench"

(Cont. from A-2)

cannot be used to impose legal disabilities imposed by conviction of a crime. By statute, this procedure may only apply once to a defendant.

The most underused statutory provision permits persons upon written request to any law enforcement or public agency to "segregate" arrest records, fingerprints, photographs or other data relating to the arrested in his or her case and to have those files "separate and apart" from those of convicted persons. Upon receipt of such request, agencies must not only segregate the required records but notify all agencies with whom it has shared such records to segregate such records and show on each record the disposition of the case. The practical effect of this provision is to make it more unlikely that a casual record search will disclose the existence of a prior charge and ensures that if disclosed, the actual disposition—i.e., a dismissal—will be known.

These statutes honor jury verdicts of not guilty and ensure that defendants who were either mistakenly charged or for whom little or no proof of guilt existed are not forever burdened by the albatross of a criminal record. These statutes also allow persons guilty of a single minor transgression many years previously and who have paid their debt to society to participate as citizens with unblemished records.

"Letters"

(Cont. from A-2)

let's be adults and stand behind her. My daughter was right. We do need more Debbie's. We finally have someone who cares and tries to make life more bearable for our unfortunate children. Isn't that what it's all about.

Sincerely,
Sue Rodler

"Gifts From the Heart Day.."

Dear Editor,

The Rock of Ages Mission/Ministries is having a Gifts From the Heart Day. It will be Sat. Sept. 3 from 9 to 4 at the mission on Hwy. 461.

We will be accepting monetary donations, food and personal care products at this time. There is not a day that goes by that someone does not need a meal, and you can help by giving. Below are some suggested products, other products not listed are welcome also.

Food: Tuna, canned meats, beef stew, soups, cereal, oats, pancake flour and syrup, cake mixes and frostings, noodles, canned veggies, bottled water, canned fruits, pinto beans, etc.

This will keep our food chest stocked for the needy.

Personal care: bath soap, shampoo, conditioners, anti-psoriasis, razors, shave cream, after shave, toothpaste and brushes, combs, etc. We have none of the above products on hand.

Other products: dish soap, laundry soap, mops, brooms, trash bags, toilet paper, diapers, etc.

We are doing this on this one day because we really need your "Gift From the Heart." We are preparing for a great response! Thank you, Rockcastle County, you're the best.

Please tell others about this so they can help also. We need to have these items for disaster victims and for those who may just need a meal. We need to be ready when they come to us. Small monetary or product gifts are appreciated as much as large ones. We would like to hear from some of the local churches and businesses that we haven't heard from in the past. You know, for some people, a small can of tuna may be a meal. Just think of what a meal could consist of with your help. You are the

ones who help us help the hungry. God bless us all for helping us to help others.

Call 758-4203 or 758-8546 for more information.

Anglin - Brock

Mr. and Mrs. Bobby Anglin of Paint Lick wish to announce the engagement and forthcoming marriage of their daughter, Misty, to Brian Brock, son of Mr. and Mrs. Bill Brock of Berea.

Misty is the granddaughter of Russell and Jewell Anglin of Paint Lick and Geneva Matlock of Cartersville. Brian is the grandson of Betty Isaacs of Paint Lick and Cletus Peters of Conway. Misty is a 2000 graduate of Garrard County High School and a 2005 graduate of EKVU in elementary education. She is employed by Garrard County at Lancaster Elementary. Brian is a 1995 graduate of Madison Southern High School and a 2000 graduate of EKVU in Construction Management. He is employed at D & B Electric and Communications.

The wedding will take place on Sept. 24 at 6:30 p.m. at Leavel Green Christian Church in Cartersville with the reception immediately following. No invitations will be sent. All family and friends are invited to attend.

McCoy - King

Eugene and Vanessa McCoy of Orlando wish to announce the upcoming marriage of their daughter, Rebecca McCoy to Anthony King, son of Patsy King of Mt. Vernon.

The wedding will be held at the Brush Creek Holiness Church on Saturday, September 3rd at 1:00 p.m. A reception and shower will be held afterwards at the church. All family and friends are invited to attend.

Family Life Abuse Center's 1st Annual Auction and BBQ

The Family Life Abuse Center, a mission of the Christian Appalachian Project will be sponsoring their 1st Annual auction and barbecue on September 9th 2005. We will be selling barbecue sandwich platters (choice of chicken or pork) with potato salad, baked beans, cole slaw, homemade dessert and choice of drink (lemonade, coffee, ice tea) for \$6.00. We will be preparing proddered to go meals between 3:00pm and 6:00pm. All prodders need to be placed by September 2 by calling 256-9511.

We will begin the evening activities at 6:00pm and the auction will begin at 7:15pm. Some of the items

for auction are: a UK basketball signed by Tubby Smith, color television, get away packages, digital camera, play station 2, marble garden bench, air compressor, UK jacket, Garden angel, home theatre system, tool set, fishing gear, and much more - over 100 items will be auctioned.

The shelter serves over 100 women and children each year. With federal and state funding not keeping up with inflation, we are constantly looking for way to augment our funding. However, this is only one piece of what we are trying to accomplish, the other is awareness.

Often time's people mistakenly make the assumption that domestic violence and abuse are issues that they will not be faced with. On average, this issue will affect one in four individuals in their lifetime. Someone you know, love, or work with may be suffering at the hands of a loved one or family member. The most important thing that a community can

do to work to end violence and abuse is to participate in and support domestic violence awareness activities. The message must be sent to those who perpetrate abuse that it will not be accepted. Domestic violence and abuse thrive in secrecy and isolation. Education is the key to understand how to assist the victim of abuse and hold the perpetrator accountable for their actions.

We would like to thank the entire community of Rockcastle County for their dedication and support of domestic violence awareness and prevention programs. Community businesses and organizations have generously donated their products and services to ensure our auction is a "great" success. The staff and participants sincerely thank everyone who has contributed.

50th Wedding Anniversary

Mr. and Mrs. Russell Bullock will be celebrating 50 years of marriage on September 9, 2005. A reception will be held in their honor Sunday, September 4, 2005 at the Brodhead Baptist Church from 2 to 4 p.m.

Mrs. Bullock is the former Magdalene Bentley from Brodhead. The couple was married September 9, 1955. From this marriage came five children: Terry, Barbara, Ronnie, Kathy, Karen. All friends and relatives are invited to help us celebrate this joyous occasion. No gifts please.

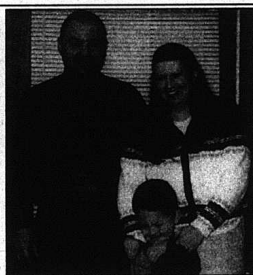

Happy 45th Anniversary Arvil & Alma Branstetter

To the best parents anyone could ever have! Love you Both - Lee & Girts

Climax Holiness has truly been blessed by Pastor Robert Miller, his wife Regenia and son Kagan for the past two years. Brother Robert - the church family would like to say that we love, appreciate and thank God for you and your family. May God bless you as you have all of us.

He was married to the late Dorothy Clark for 56 years and is retired from Richmond Power and Light. Mr. Bond was six children, 10 grandchildren and 9 great grandchildren. He resides in Richmond, Indiana where he has lived since 1945.

September declared National Cholesterol Education Month

September is National Cholesterol Education Month and the theme is "Know Your Cholesterol Numbers, Know Your Risk." For all of those wondering about their cholesterol levels, now is the time to find out. Rockcastle Hospital and Respiratory Care Center, Inc is offering free cholesterol screenings at the Rockcastle Medical Arts Building beginning September 6th through September 16th. Cholesterol Screenings will begin at 9:00AM and will end at 12:00PM each day.

No appointment is necessary, but participants should fast at least 12 hours before their test. Results will be mailed to participants. Cholesterol is a fat like substance that builds up in the artery walls. Dietary fat and genetics determine blood cholesterol levels. High cholesterol is among the top four risk

factors for heart disease. Other risk factors are smoking, high blood pres-

sure, and lack of exercise.

There are two types of cholesterol, low-density lipoprotein (LDL) and high density lipoprotein (HDL). LDL is considered "bad" cholesterol because it moves slowly through the arteries causing buildup. HDL is considered good cholesterol because it not only carries away cholesterol from the arteries and back to the liver, where it is removed from the body, but it also removes bad cholesterol.

Studies show that everyone over the age of 20 years should have his or her cholesterol measured at least once every 5 years.

For more information on cholesterol screenings contact Rockcastle Hospital and Respiratory Care Center, Inc. at (606) 256-2195.

Bullock gets Outstanding Citizen Award from state

Mt. Vernon City Councilman Charles Wayne Bullock, has received "The House of Representatives of the Commonwealth of Kentucky Outstanding Citizen" commendation. The commendation was recently presented to Bullock by State Representative Danny Ford at the Cumberland River Comprehensive Care Center in Mt. Vernon.

Bullock, a councilman for the past 13 years, was given the legislative recognition for outstanding, dedicated and consistent service to his community of Rockcastle County

and, on a motion by Representative Ford, Mr. Bullock was "deemed by this honorable body worthy of its special acknowledgments for his special serving as the Mt. Vernon Litter Coordinator, president of the All American Club, Mt. Vernon PRIDE Coordinator for seven years, Litter Coordinator for Mt. Vernon Elementary School grounds and as a member of the Mt. Vernon City Council for the past 13 years. For this, said recipient is deemed as Outstanding Citizen of the Commonwealth and vested with the privileges and responsibilities therein."

From left: Danny Jones, Executive Director of Cumberland River Comprehensive Care Center; Ralph Lipps, former Executive Director of CRCC; Charles Wayne Bullock, Mt. Vernon City Councilman; State Representative Danny Ford and Roland Mullins, former Executive Director of CRCC.

We will be accepting applications at Rockcastle Co. Senior Citizens & Day Health Care Center on Hwy. 150 in Mount Vernon, Ky. September 20th and September 22nd from 10 a.m. to 2 p.m.

"What Saith The Scriptures"

Peter in Ac. 10:34-35 said "Of a truth I perceive that God is no respecter of persons: But in every nation he that feareth him, and worketh righteousness, is accepted of him." Let's notice some lessons from Peter's statements here.

First, Peter was stating a truth: literally that God is not a respecter of race, i.e. God does not accept or reject based on the "race" of things. It does not make any difference whether one is a Jew or a Gentile, black or white, rich or poor, educated or uneducated, male or female. These are not what God cares and makes judgments about, in being accepted of him. But he will show us what does make a difference with God in vs.35, for God is a respecter of character.

"But in every nation," God is ready and willing to accept people unto himself. The gospel of Jesus Christ is for all humanity, Lk. 24:47.

Now notice what is necessary to be accepted of God. "He that feareth him and worketh righteousness is accepted of him." The fear of God, Solomon said, is the beginning of wisdom and knowledge; Pr. 17, 9:10. We must stand in awe and reverence of the great God of heaven. He also says we must also work righteousness. What does he mean work righteousness? Paul in Rom. 1:16-17 says, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek. For therein is the righteousness of God revealed from faith to faith. As it is written, the just shall live by faith." God's plan of righteousness, is found in the gospel. By obeying the gospel, men and women in every nation can be accepted of God. Have you obeyed the gospel of Jesus Christ?

Provided church of Christ

Dan McKibben 758-9316 E-mail: Dan.McKibben@uno.com
Web Site: www.WhatSaithTheScriptures.com
Time of Services: Sunday 10am Bible Study, Worship 10:40 & 6:00pm; Wednesday 7:00pm. Radio program, Sunday 8am, 14:00 AM

In addition to the above, Mr. Bullock has been active since 1988 in erasing the stigma of mental illness. He assisted Carolyn Repper (Morrison) in 1988 in forming the first consumer/family driven NAMI (National Alliance for Mental Illness) called Cumberland River Alliance for Mental Illness, in the United States. He has attended various statewide conferences to educate others about mental illness.

Mr. Bullock's accomplishments include, but are not limited to, his political work as Youth Democrat Chairman, Democratic Chairman for several years.

He has received numerous awards and citation (24 since 1987) and has worked under three mayors in Mt. Vernon. He has served six terms as City Councilman.

"Mr. Bullock has distinguished himself as an outstanding citizen who loves Rockcastle County and its beauty and people," Rep. Ford said.

Rockcastle County's A-H Land Judging team excelled in the Junior division of the Kentucky State Fair Land Judging Contest capturing six of the top ten placings. Shown, l-r, front row, are: Ben Whitaker (7th Place); Grant Burdette (12th Place); Jessica Albright (4th Place); and Jeffery Albright (3rd Place). Back row: Dustin Reynolds (2nd Place); Steven Brown (9th Place); Brandon Jones (14th Place); and Richard Barron, (8th Place).

ROCK beats Trojans 49-3

After the unexpected lopsided loss to the Danville Admirals in their season opener, Rockcastle County traveled to Cawood on Friday with an attitude to seek vengeance.

Tom Latkey's squad did just that in making their season record an even 1-1. The Rockets dismantled the Trojans early by scoring six touchdowns in the first half alone before putting it on cruise control in a 49-3 victory.

Senior quarterback Matthew Burkhardt contradicted a shaky first game by throwing for 224 yards and three touchdowns on 10-14 passing in the Cawood win. Junior tailback Dusty Miller took rushing yard honors by gaining 63 yards on only six carries. Rockcastle County totaled 101 yards on the ground for the night.

After winning the coin toss and

electing to receive, the Rockets managed a 74-yard, eight play drive to open the scoring. Burkhardt plunged in from the one yard line with 8:46 remaining in the first quarter. Miller proceeded to add the two-point conversion to make it 8-0.

Bucky Skinner went in from the 18 the next time Rockcastle County had the ball. He then completed the seven-point play by making the extra-point kick and make the Rockets a 15-0 leader.

Rocket freshman Tanner Perkins got in on the scoring action next. Cawood's long-snapper sailed a snap over the reach of his punter that eventually landed in the end zone in Perkins' possession. Once again, Skinner added the extra-point.

The Rockets ended the first half

on a three-yard touchdown connection from Matthew Burkhardt to junior receiver Shawn Childress making the score at the break 36-0.

In the second half, Burkhardt connected to Gabe Stallworth for a 3-yard touchdown pass before closing the scoring by hooking up Stallworth yet again for a 64-yard bomb to close the scoring at 49-3.

"I feel like we played a pretty good ballgame. We learned a lot from last week (a 34-0 loss to Danville) and knew we had to come to Cawood tonight and win this one," said Latkey, a former Cawood assistant coach.

Rockcastle County travels to Cynthiana on Friday night for a showdown with a highly talented Harrison County team. Harrison County was picked in various preseason polls to win their 3A region. Harrison County in the same region with teams as notable as Fort Thomas Highlands, Covington Catholic, and Lexington Catholic.

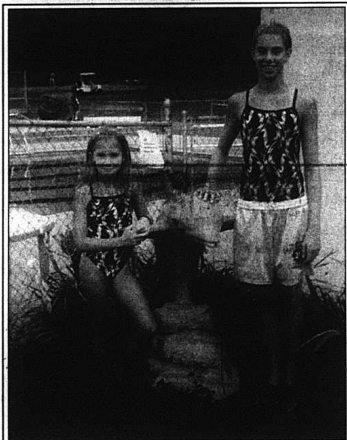

Rockcastle County defensive players Zack Burkhardt, David Robbins and Josh Garrison gang tackle a Cawood running back in the Rockets 49-3 thrashing of the Trojans on Friday night. The Rockets will travel to Harrison County on Friday night. Game time is slated for 7:30 p.m.

Freshman wide receiver Tanner Perkins hauls in a touchdown reception in front of a Whitley County defender. The freshman team was victorious in their first game of the year.

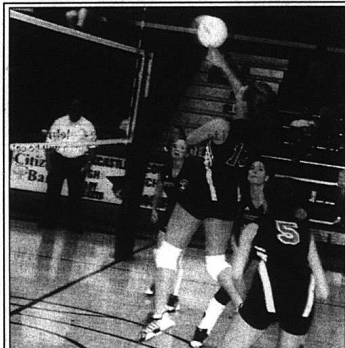

Junior tailback Dusty Miller runs through the hole paved for him by senior fullback Bucky Skinner in the Rockets 49-3 victory over Cawood on Friday night.

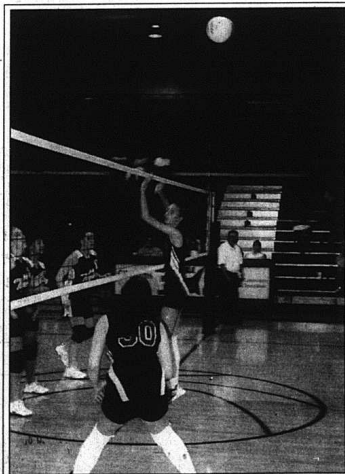

Top Dolphins

Lauren Burton, left, won four gold and was high point girl for 7&8 year olds at LCSA Conference. She was also high point for her age group for Cedar Rapids. Sara Hammond won two gold at the conference and was the top point swimmer overall for Cedar Rapids. Coach Bill Powell, of WKU, commented on Lauren as the best young swimmer in the conference.

Heather Hopkins kills the volleyball in the Lady Rockets win over Clay County last Thursday night. The Lady Rockets are 9-5 and will play another district for next Tuesday night when they host Oneida. The Rockets easily defeated Clay County and then North Laurel on Tuesday night. Also in the photo are from left: Jessica Robinson, Jill Owens and Morgan Thacker.

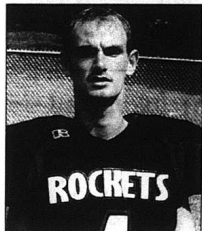

The Rockcastle County Lady Rocket Volleyball team has won their last two matches, totally dominating Clay County on Thursday night and North Laurel on Tuesday night. Shown above in action are Lady Rocket varsity players Laura DeKauwe and Erica McKinney. The Lady Rockets play at Oneida at home on next Tuesday night. They are favored to win the 13th region title again this year.

RCHS girls' cross-country team ranked second in state

The RCHS girls' team is ranked 2nd in Class 2A according to a preseason poll released recently. The girls return every single member of last year's Class 2A State Runner-up team and are one of the favorites to win the state championship title this season. Three-time defending state champion Ft. Thomas Highlands is ranked number one in the preseason. The girls also won the Region IV Championship for the third year in a row and are favored to win a fourth this time around. Along with the high team ranking, RCCHS also has four athletes ranked in the top twenty in the state in Class 2A. Senior Kayla Hayes is ranked third after finishing fifth in last year's state meet. Senior Jessi Asher is ranked seventh. She finished ninth at state last season. Eighth grader Laura Dollins is ranked eighth after finishing 12th last year. Fifth grader Michaela Hunter is ranked 19th and finished 30th at state last year. Seventh grader Sara Hammond finished 45th last year and should soon break into the top twenty.

RCCHS began their title quest with the first meet of the season, the Battleground Invitational at Richmond. Despite the unbelievably high temperatures and heat index, the RCCHS varsity girls' and boys' teams performed very well. The RCCHS girls were also missing three of their top competitors.

Rockcastle's girls ran an extremely hard-fought race and finished an impressive second overall, losing a close one to Dixie Heights. With a full team, RCCHS would have easily one. Kayla Hayes cruised to an easy 1st place victory in the race with a great performance. Laura Dollins

finished third with an exceptional race of her own. Jessi Asher ran very well and placed fifth. Sophomore Courtney Bullock ran well and finished 18th overall. Senior Ashley Bullock completed the scoring for RCCHS with an exceptional 23rd place finish.

The RCCHS boys' team was led by newcomer Martin Baerfeld, an exchange student from Germany. With only one day of practice under his belt, Martin decided to compete. He performed exceptionally well despite the lack of conditioning and finished 29th overall. Senior Derrick Baker ran an excellent race as well and finished 30th overall. Derrick is after another berth in the Class 2A State Championships after qualifying individually a year ago.

Both RCCHS and RCMS will compete in the Henry Clay Invitational at Masters Station Park this Saturday. The middle school girls' race is at 9:00, while the middle school boys run at 9:30. The varsity girls compete at 11:30 and the boys at 12:15.

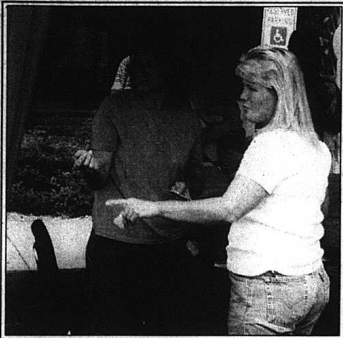

The RCMS girls' cross-country team got the season off to a great start with an exceptional performance at the Battleground Invitational held in Richmond. Team members include, from left: Jasmin Johnson, Samantha Smith, Sara Hammond and Kristen Bullock.

Fixed Annuities can provide guarantees in a world of uncertainty

Danny Miller, Agent
New York Life Insurance Company
 Perhaps the most disturbing question facing retirees is: "How can I preserve my financial security if something happens to my retirement funds?"

That question has become reality over the past few years, as millions of people watched their retirement savings decline in value. Younger workers will probably have an opportunity to recoup lost assets and wait out cyclical downturns. But for retirees and older workers facing retirement, this is generally not an option.

Adequate retirement nest eggs usually take decades to build. Someone close to retirement, or currently enjoying it, can't just start over. And, depending on one's age and health, it may be unrealistic to return to the workforce.

However, there is a step you can take to ensure that your money won't run out. You may want to consider allocating a portion of your retirement funds to fixed annuities—financial vehicles that replace unpredictability with a guarantee.

Longer Lives and More Financial Concerns

The appeal of fixed annuities is obvious. We live in a world of uncertainty, and annuities can provide guaranteed growth and a constant income stream. Here are two points to ponder:

1. Nest eggs can crack. Securities markets are not as predictable as we would like them to be. When the market is hot, many people scoff at the single-digit returns of fixed assets. However, equity-based products offer the potential for significant gains, but they also come with the risk of eroding your principal.

2. You could live a lot longer than you expected, and possibly outlive your retirement income.

Today's average life expectancy is now 74.4 years for men and 79.8 for women and increasing. If a person retires at 62, they could easily live another 15 or 20 years. This may put a strain on pension plans, Social Security and private investments. A retirement fund designed to last 10

years can get stretched thin if it has to provide income for another 20.

Accumulation and Payout Options
 Fixed annuities can help you manage such retirement risks. They offer a number of advantages that directly address these concerns. For example:

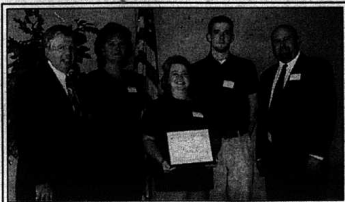

Fixed deferred annuities offer attractive interest rates and tax-deferred growth. While your money accumulates, there are no income taxes due. You'll pay income taxes on the interest you earn only when you withdraw your money or receive income payments. (Withdrawals prior to age 59½ may be subject to a 10% IRS penalty.) In addition, income from fixed deferred annuities generally does not affect Social Security benefits, and will provide a guaranteed fixed return with no risk to your principal.

Certain fixed rate immediate income annuities offer a guaranteed, lifelong income. You will continue to be paid for as long as you live—20, 95, 105 or longer. In addition, if you need to provide for your spouse, you can opt for a survivor annuity, which continues to pay benefits even after one annuitant dies. And if you're concerned about whether you'll live long enough to make an annuity worth it, you can select a life with period certain annuity. With this option, you'll receive benefits for life OR for a selected period (10 years, 20 years, etc.), whichever is longer.

In either case, at your death, any remaining value passes directly to your beneficiary, avoiding probate and attorney's fees. In this respect, your affairs remain private, since annuities do not become part of the public record.

Is a fixed annuity right for you? For further information on how annuities and other financial products can help preserve your retirement income, please contact Danny Miller, Agent, New York Life Insurance Company, at 606-308-5618.

I guarantee it dependent upon the financial strength and claims paying ability of the issuing company.

and, anyone caught, will be subject to federal charges, Burton said.

"The stealing affects all of our customers and we are determined that it will stop," Burton asserted.

Anyone with information should call the Water Association at (606) 256-8283.

Western Rockcastle Water has over 4,000 customers in five counties and supplies approximately a million gallons of water a day.

Lightning prediction

Forecasters at the NOAA Storm Prediction Center in Norman, Okla., which is a specialized office within the National Weather Service, now have additional tools to more accurately predict the occurrence of cloud-to-ground (CG) lightning flashes within thunderstorms. The lightning climatology and lightning prediction system helps meteorologists determine areas where these lightning flashes could threaten lives and property and start wildfires.

CG lightning also causes many of the largest forest fires in the United States, especially in the West. These flashes are associated with dry thunderstorms that produce lightning but

searchers develop climatologies over long periods of time (monthly or

region's solid waste problems. So far, local governments and nonprofit organizations have used PRIDE grants to clean up 2,228 illegal dumps across the region.

The PRIDE Community Grant program provides up to \$50,000 to counties, cities, other public entities and nonprofit organizations for environmental improvement projects in southern and eastern Kentucky. The program encourages community and citizens involvement in projects to promote personal responsibility for

the environment. Recipients must match the grant with a contribution worth at least 10 percent of the grant amount.

PRIDE promotes "Personal Responsibility in a Desirable Environment" in 38 counties by encouraging and providing resources for communities to clean waterways, end illegal trash dumps and promote environmental education. PRIDE was founded in 1997 by Congressman Hal Rogers (KY-5) and the late James Bickford, former secretary of the state's environmental protection agency, and is funded by the National Oceanic and Atmospheric Administration.

PRIDE recently trained representatives of the agencies and organizations that received Community Grants to administer the funds in compliance with federal guidelines. In this photo, Rockcastle County PRIDE Coordinator James Renner and the City of Livingston's Danny Bullock, Mayor Curt McHargue, Katha Carpenter and Tina Tyree received certificates after completing the training.

"Blood Drive"

level so that anyone anywhere can receive the gift of life. You could make the difference.

Central Kentucky Blood Center will hold a blood drive at Rockcastle County Community on Tues., September 20 from 2-6 pm in the conference room at the Rockcastle County Extension Office.

The requirements to be a donor are simple - be at least 17 years of age, weight at least 110 pounds and be in general good health. It only takes an hour and you can return in 56 days.

One more thing. When you come to donate, bring a friend or family member or better yet, a first-time blood donor. Help us recruit a new generation of donors who can be life-long donors.

For more information call Loretta Robinson at 1-800-775-2522.

Luke Burge and Logan McClure enjoy a slush puppy at Saturday's family day at Rockcastle Manufacturing. The pair's grandmother, Sheary Caldwell and their mother Beverly McClure, will lose their jobs this month.

"Lightning"

(Cont. from A9)

yearly). Bothwell broke up his observations into five-day blocks of time in an effort to see if more detailed patterns emerged from shorter time periods. He also derived the climatologies for every three hours to see how lightning patterns changed during the day.

"A climatology serves as one type of objective guidance in predicting where lightning is more likely to occur," said Bothwell. "It serves as a predictor by giving forecasters an accurate sense of when and where storms tend to form so they can better advise people in that area."

Bothwell said one of the driving forces behind the climatologies comes from his interest in extreme lightning events with a large number of flashes. With this lightning prediction system,

forecasters can look at the probability of one or more lightning flashes in a 40 x 40 km grid box, equivalent to an average-sized county. They can also examine the probability of more extreme occurrences, such as 100 or more CG flashes in a grid box. These large flash events can be very dangerous and destructive to many types of electrical systems. In the United States, 20 to 25 million cloud-to-ground lightning flashes occur each year and many of these CG flashes come from extreme lightning events.

"These storms with large numbers of lightning flashes are dangerous and destructive by themselves," Bothwell said. "In addition, they are often associated with severe weather such as tornadoes, hail, wind and flooding."

Forecasters can use the lightning climatology information, along with other observed and model data, to better pinpoint when and where lightning will occur. The NOAA Storm Prediction Center is currently producing experimental lightning forecasts extending three days into the future.

The NOAA Storm Prediction Center issues forecasts and watches for severe thunderstorms and tornadoes over the contiguous United States. SPC also monitors fire weather conditions, heavy rain and heavy snow events across the U.S. and issues specific national products for those hazards. Part of the NOAA National Weather Service's National Centers for Environmental Prediction, SPC meteorologists are on duty 24 hours a day, seven days a week. Established in Washington, D.C., in 1952, the center moved to Kansas City in 1954 and then to Norman in 1997.

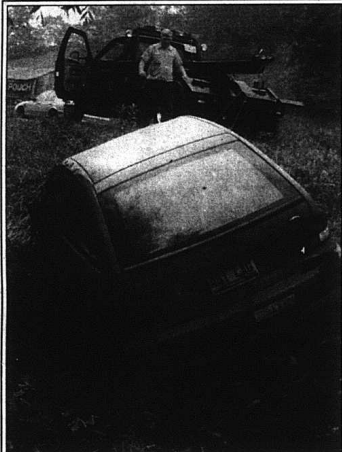

NOAA, an agency of the U.S. Department of Commerce, is dedicated to enhancing economic security and national safety through the prediction and research of weather and climate-related events and providing environmental stewardship of the nation's coastal and marine resources.

For more information, visit the Internet homepage of the NWS in Jackson at: www.weather.gov/jacksonky.

A fundraiser was held on Thursday night at the Kentucky Music Hall of Fame and Museum in Renfrow Valley. Several people attended the event which featured cellist Michael Fitzpatrick. Before the event got underway, Mrs. Ann Henderson, left, Allen Pensol, education consultant for the Hall of Fame and Ms. Kathleen Staton talked about the event. Hall of Fame Director Robert Lawson said that well over \$1,000 was raised. Mrs. Henderson's father, the late John Lair, was the founder of the Renfrow Valley Barn Dance.

Marvin Mink prepares to remove the vehicle of Linda Bond of Pine Hill who escaped injury Tuesday afternoon after she lost control of her Ford Compact on U.S. 25 near her home. Bond's wreck was one of at least three that have occurred on the same stretch of road in the past week. One person, Julia Kiby, 31, of Brodhead, was seriously injured and transferred to the University of Kentucky Medical Center after she lost control of her vehicle. Police say wet roads were the cause of most of the accidents.

Mt. Vernon firefighters responded to a fire on Chestnut Ridge Monday morning, which gutted a mobile home owned by Mary Sue Harty. Mt. Vernon fire chief Garry Hansel said he did not know who lived in the dwelling, but that an arson investigator arrived at the scene before volunteer firefighters left. Above, Steve Griffin and Jackie Wayne Weaver are shown entering the residence. The fire started in the living room.

Livingston Homecoming begins this Friday

LHS's Sturgill was the best of the best

By David Owens

It was 1956, basketball season had finally arrived for the small mountain school in the southeastern corner of Rockcastle County where Roundstone Creek empties into the Rockcastle River. The night was cold and rainy as a group of supporters stood outside the gym's entrance to the last few puffs from a cigarette and entered into the little stone WPA built gym.

There was much excitement that night for the basketball crazed town. They were coming off another good season and had a new young promising coach at the helm. Soon the time-keeper buzzed the warning horn in the capacity-filled gym while the first year coach Preston Parrett, holding a new game ball, emerged from the locker room. He walked down the steps out onto the stage on the south end of the gym floor.

The smell of popcorn and hot dogs was in the air and the reverberating sound of bouncing basketballs filled the gym. To the coach's left a squad of pretty cheerleaders clad in blue adorned with a golden "L" were leading a chant that spelled out: B-L-U-E D-E-V-I-L-S!

Filled with enthusiasm, the new coach jumped from the stage onto the gym and said to himself, "Here we go" as the fans cheered his appearance. His heart was racing and he wore a toothy smile as he marched toward the scorer's table. When he got there, he handed the game ball to the referees and exchanged friendly handshakes with the Tyler Cardinals' Coach Josh Powell as they wished each other good luck. Turning to the bookkeeper, he handed him a slip of paper on which he had scribbled his first starting line-up. Among those starters was a tall-slim-fawn legged freshman named Paul Edward Sturgill.

The game did not go as planned as the young Blue Devils showed their inexperienced and folded in the late minutes. The following is an excerpt of the account of the game as written by then Mt. Vernon Signal sportswriter Lyle Underwood:

"An underdog Tyler Quintet upset the Livingston Blue Devils Friday Night in the season opener 59-57. The Tyler cagers surprised the Blue Devils from Livingston in the

season opener as they came from behind to clinch their second game of the season. Leading throughout the entire game, but not by more than six points at any time, the Livingston team fell short of victory. Despite the 30 point effort of freshman guard Paul Sturgill. The Tyler cagers rallied in the last three minutes to hand Coach Parrett's boys a heart-breaking defeat. Sturgill, making spectacular shots from the top of the free throw circle, gave the hometown crowd something to cheer about. Just a freshman, Sturgill promises to be one of the key men in the Livingston line-up.

Mr. Underwood's forecast of the future rang true as Sturgill went on to become the team's leading scorer averaging a hefty 18.8 points per game. During the first ever Livingston Christmas Invitational, the freshman eventually wound up as high scorer of the tournament averaging 29 points per game, not bad for a freshman.

Ironically, the Blue Devils finished their season as they began it with another loss to Tyler. This time the score was 71 to 59 with Sturgill setting 34 points. They finished with a losing record but things looked bright for the young Blue Devils' future—they would have all five starters returning with Sturgill emerging as the team leader.

But how did this boy wonder get started? According to Paul himself in an interview with Mr. Underwood he had been a devotee of the roundball sport since he was knee-high to a bleacher seat. Sturgill recalled that he first practiced the sport while in the third grade, when he nailed a bottomless sock bucket to a shed behind his house and used an ordinary rubber ball for shooting practice. The following year he became a reserve on the midwest team and stayed there a year before becoming a regular. By the time he was a seventh grader he was routinely beating the varsity starters in games of horse so Coach Lehigh played him on the varsity team where he remained till he graduated.

Typical examples of his devotion to the sport are supplied by Coach Parrett who recalled they were both just starting their careers at Livingston High School. "We would

have long workouts each day after school, each Sunday, and every holiday. Whenever the rest of the boys left the gym, Paul would come up to me and ask, "Coach can I stay and practice some more?" A typical day of practice for Paul was to workout with the team and finishing up with shooting one hundred free throws and then running one hundred laps non-stop around the gym after the others were gone."

Things were different for the 1957 opener as the Livingston Blue Devils' downed Shoptville 73 to 53. Behind in their flashy guard Paul Sturgill, who played only part of the game. He scored the nets in the first and third quarters for 22 points and handled the ball as though it were a guided missile. The Blue Devils went on and showed much improvement that season while gaining experience and finishing at an even 11-11 mark. Sturgill continued to bloom into a shooting phenomenon while teammate Timon Owens was developing into a defensive stopper. Coach Parrett was looking forward to special things to come in 1958 and they did.

When the 1958 season opened, the Blue Devils returned and went on an impressive ten game winning streak before losing to Onieda (Sturgill was unable to play due to a car accident) on February 15th by one point. During the streak Sturgill scored over 40 points four times and over 30 three times. He was becoming the most feared shooter in southeastern Kentucky.

One night during the stretch Lyle Underwood was attending a Livingston game and noticed the Livingston star had several visitors there to witness his athletic abilities. He commented the following in his weekly article entitled The Fifth Quarter: "If you weren't too crowded to look around perhaps you saw such distinguished notables as Harry Lancaster of Kentucky, Ed Diddle, Coach at Western State College, Bowling Green and his very capable assistant Mr. Hodges, scouts from Wake Forest College and scouts from Eastern State College in Richmond and many other there to witness Livingston's Sturgill."

In speaking of Sturgill, fellow teammate Jerry Mullins said, "He was the best player I ever saw at Livingston or anywhere we went." Going on to add, "When we didn't stop his any kind of one-on-one, it didn't matter. If they put on a press he could bring the ball right up the court. He was our captain and floor leader. Teams would double and triple team him but we still banked on him when we needed a shot." Timon Owens, the team's defensive specialist, was also a valuable team member and he stated that, "Coach Parrett built the whole offense around Paul cause he could do short shots and when defenses went out to get him he could get the ball to any of our other guys. People remember that he scored a lot but he could pass and rebound great too."

Another former teammate Amos Owens, Jr. said, "Paul was cool as a cucumber. I remember one time at Brodhead, time was running out, the score was tied and we had the ball. Everybody knew Paul was going to be the one to shoot and Brodhead tried to keep him from shooting by fouling him. Brodhead called time-out to ice him and Coach Parrett waved the team over to the bench but Paul, standing at mid court, just winked at Coach Parrett. He knew he would hit 'em and Coach Parrett knew he would hit 'em and he did. I remember him doing things like that several times that year."

Paul led his team to a fine 25 and 6 regular season record and was considered a strong contender for the District Crown along with Sanford, which was led by six foot nine inch first-team all-state Josh Powell, who had signed a letter of intent to play basketball for Georgia Tech. If Livingston was going to be led to the promise land by its star player that was the year. The district was played at Brodhead that year and Livingston had won its last four games there.

Livingston received a bye in the first round but had to play the district favorite the Sanford Wildcats in the quarter-finals. In a knook

down drag-out affair Sturgill and Powell put on a two man show.

Powell taking the games scoring honors with 39 points coupled with 14 rebounds while Livingston's star pulled a triple-double, scored 36 points grabbed 16 rebounds and had 10 assists leading his team to a hard fought 64 to 60 victory. After the game Powell approached Sturgill and asked, "Why don't you come to Georgia Tech with me?" Paul's reply, "I've still got another year to play."

Many people thought however emerged the winner of the Sanford-Livingston match would be the district champion and probably the region crown bearers as well.

The surprising Mt. Vernon Red Devils who had finished with a losing regular season record and were ranked 9th in the eleven team field first beat a good Stanford-Lincoln Lions team 70 to 58 in the opening round. Next they played Middleburg in the quarter-finals defeating them while put them in the semi-finals bracket against Sturgill's Blue Devils.

Although tired from their knock-down-drag-out game with Sanford the Livingston Blue Devils were excited and ready to play their old rivals the Red Devils of Mt. Vernon. Sturgill just seconds later, on Livingston's first possession of the ball, Sturgill was called for a charge. Less than two minutes into the game and he had three fouls. This all coming on a player who was not very foul prone. For some reason not now known the decision was made to leave Sturgill in. He eventually received his fourth and fifth fouls, fouling out early in the first half. This was the only game he ever fouled out of in his career.

Walter Ballinger, the Blue Devils' fleet footed point guard, in a recent interview on why Coach Parrett left him playing in the game collecting fouls was, "I really don't know. I think he really saw the handwriting

You can't get
BLOOD OUT OF A TURNIP...
...but you CAN get
MAXIMUM AUCTION RESULTS
with a **FORD BROTHERS, INC.**
MULTI-PAR* AUCTION!

WHAT IS 'MULTI-PAR'?
The Multi-Par system is the newest and most advanced method for marketing multiple-parcel properties at auction.

WHY MULTI-PAR?
It's the **FAIREST** Way!
Everyone has the opportunity to bid on the tract or combination of tracts they want and can increase their bids all the way to the end of the auction.

It's the **COMPETITIVE** Way!
Traditionally, once a combination of tracts had been created at a bid higher than the sum of the individual tracts, that combination could not be broken up. This has deprived buyers from purchasing that they wanted even if they were willing to pay more than their original bid. The Multi-Par system gives purchasers the privilege of buying what they want by allowing them to increase their bid on any tract or combination of tracts at any time throughout the sale. When purchasers have the freedom to bid in any way at anytime, nothing limits the seller's potential returns.

It's the **PROFITABLE** Way!
We've seen the results. Since the implementation of the Multi-Par system at our auctions, we've seen multiple parcel properties achieve higher results for the seller than through traditional methods.

IS MY PROPERTY IDEAL FOR THE MULTI-PAR METHOD?
Virtually any property that is divided into 3 or more tracts will benefit from the Multi-Par method, whether it be farmland, subdivision lots, commercial parcels, and more.

WHO OFFERS THE MULTI-PAR METHOD?
Ford Brothers, Inc. Auctioneers - Realtors is the only auction company in the area to be offering this new and innovative method of marketing your property. This is just another way we are continuing to work hard to be the leader in the auction market.

GOT QUESTIONS?
Call us today with your questions about our new Multi-Par method of marketing.
We'd be glad to discuss the advantages of this new system for both buyers and sellers!

Do You Know? What Causes Thunder?

One of the ingredients of a hot summer day is the late afternoon thunderstorm. Sometimes thunderstorms are violent, but usually they just provide a few rumbles of thunder and drops some rain and then the sun comes out again and the afternoon goes on. Sometimes there is no rain at all, but you hear the rumble of thunder rolling around the mountains and echoing through the valleys. What causes thunder?

Thunder is caused by lightning. The bright light of the lightning bolt represents a great deal of energy. This energy heats the air to above 50,000 degrees F in only a few millionths of a second. The superheated air has no time to expand, so it starts out at a very high pressure. The high pressure air then expands outward into the surrounding air compressing it and causing a disturbance that propagates in all directions away from the lightning bolt. The disturbance is a shock wave for the first 10 yards, after which it becomes an ordinary sound wave, or thunder.

The obvious next question follows: What causes lightning?

Lightning originates around 15,000 to 25,000 feet above sea level when raindrops are carried upward until some of them convert to ice. For reasons that are not widely agreed upon, a cloud-to-ground lightning flash originates in this mixed water and ice region. The charge then moves downward in 50-yard sections called step leaders. It keeps moving toward the ground in these steps and produces a channel along which charge is deposited. Eventually, it encounters something on the ground that is a good connection. The circuit is complete at that time, and the charge is lowered from cloud to ground.

The return stroke is a flow of charge (current), which produces a luminosity much brighter than the part that came down. This entire event usually takes less than half a second. It is this return stroke that we view as the lightning bolt. Lightning comes from a parent cumulonimbus cloud. These thunderstorm clouds are formed wherever there is enough upward motion, instability in the vertical, and moisture to produce a deep cloud that reaches up to levels somewhat colder than freezing. These conditions are most often met in summer. Lightning does not always strike the ground. Flashes that do not strike the surface are called cloud flashes. They may be inside a cloud, travel from one part of a cloud to another, or from cloud to air.

Lightning is one of the most dangerous threats from a thunderstorm. Just one bolt can be deadly. Cloud-to-ground lightning can kill or injure people by direct or indirect means. The lightning current can branch off to a person from a tree, fence, pole, or other tall object. It is not known if all people are killed each year by lightning are directly struck by the lightning bolt itself. In addition, flashes may conduct their current through the ground to a person after the flash strikes a nearby tree, antenna, or other tall object. The current also may travel through power or telephone lines, or plumbing pipes to a person who is in contact with an electric appliance, telephone, or plumbing fixture.

Similarly, objects can be directly struck and this impact may result in an explosion, burn, or total destruction. Or, the damage may be indirect

when the current passes through or near it. Sometimes, current may enter a building and transfer through wires or plumbing and damage everything in its path. In urban areas, it may strike a pole or tree and the current then travels to several nearby houses and other structures and enter them through wiring or plumbing.

The best defense is to plan ahead and avoid exposure to lightning when a thunderstorm occurs. Know where safe shelter is located and leave enough time to reach safe shelter before your danger level is high. Don't be an isolated tall object, and don't be connected to anything that may be an isolated tall object. If you can hear thunder, you are within range of being struck, either by direct or indirect means. It does not have to be raining, or you do not have to see the actual lightning bolt. You should stay inside safe shelter until 30 minutes after you hear the last rumble of thunder.

September is: Sign-up for a Library Card Month

Rockcastle County Public Library
40 Ford Drive
Mt. Vernon, KY 40456
Tel: 606-256-2388
Web site: www.rockcastlelibrary.com
E-mail: sign@rockcastlelibrary.com

The library staff would like to encourage you to come on down to the library and sign-up for a card. There is absolutely no fee for signing up. All you need is identification for proof of address. There are so many free resources at your disposal as a library patron. Public internet access, research materials, genealogy information, Kentucky authors, books, audio, video, magazines, newspapers, etc. The library also houses a copy machine and a laminator for a small fee, we also have a die cut machine. There are hearing books available for check-out in several areas, music, art, language are made, music on. There is a special area just for children, and a career room which houses college and career information. Take advantage of what your library has to offer.

FIVE NEW STORIES.

ONE GREAT TEAM.

LEADING THE WAY TO BETTER HEALTHCARE.

You are invited to the grand opening of the region's newest and most technologically advanced healthcare facility.

Our new patient tower includes: The Heart and Lung Institute of Lake Cumberland, The Neurosciences Institute of Lake Cumberland, Telemetry Care Unit (TCU) and a state-of-the-art inpatient Rehabilitation Unit.

The patient tower offers spacious public areas and with our new three-level garage, ample parking for the entire hospital.

The \$55 million investment represents more than just a new hospital...It is a new level of healthcare for the entire Lake Cumberland Region.

Our grand opening will be held on September 6, 2005. There will be a 10:00 a.m. Ribbon Cutting and a Keynote Address by Congressman Hal Rogers. We'll feature refreshments, tours of the new tower, and a health fair from 11:00 a.m. - 2:00 p.m.

Agricultural News

By Wanda Alexander, FSA Director

Crop Disaster Program Deadline

Farmers who suffered 2003 or 2004 crop losses from damaging weather can sign-up at their local USDA Farm Service Agency office to receive assistance under the Crop Disaster Program (CDP) through September 9, 2005. Producers have the choice of receiving payment from crop losses for either the 2003 or 2004 crop year.

Eligibility for the Crop Disaster Program (CDP) is similar to that of the 2001-2002 crop disaster programs. Producers suffering a greater than 35-percent production loss and/or more than a 20-percent quality loss are eligible. Under the current program, the payment rate for CDP has been increased to 65 percent of the established commodity price for insured crops and noninsured crops, and 60 percent of the price for uninsured commodities.

Producers may apply for CDP for a crop that is eligible for coverage under the Federal Crop Insurance or the Noninsured Assistance Program. Tobacco is included as an eligible crop for this disaster program. The payment limitation is \$80,000 per person for all 2003/2004 payments. Additional information is available at the local FSA office and on the FSA's Web site: www.fsa.usda.gov.

REMEMBER: SEPTEMBER 9, 2005 is the deadline to sign-up for CDP.

Spousal Signatures

A husband and wife may sign FSA and CDC documents on behalf of each other UNLESS written notification is on file in the FSA office denying a spouse this authority. Spouses may sign most documents, except promissory notes, CRP easements, and certain security agreements.

Account Changes

If you make any changes in your bank account or change banks notify FSA immediately to ensure payments reach your account timely. Payments can be delayed if we are not aware of changes to your account or routing numbers.

Sales and Purchases of Land

Producers who have purchased or sold land should inform the FSA office of the change. A copy of the deed or land contract sales is required to update FSA records with correct ownership.

Producers are also reminded to inform the FSA office of any change of address.

REMEMBER: FSA's records are only as current as producers provide.

Rural Development

The Rural Development Representative with concern to low income housing loans will be in Rockcastle County at the Rockcastle FSA office the second Tuesday of each month from 9:00 a.m. to 11:30 a.m.

Offices Closed

The Rockcastle County USDA Service Center, FSA and NRCS, will be closed Monday, September 5th in observance of Labor Day. The offices will reopen Tuesday, September 6th at 7:30 a.m.

Important program dates September 9, 2005-Final date to apply for Crop Disaster

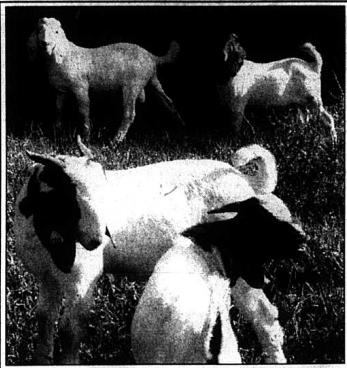

Farm Storage Facility Loan Program sign-up continues

Farm Storage Facility Loan interest rate for August 2005 is 4.0%

Grassland Reserve Program Continuous sign-up continues

Milk Income Loss Contract (MILC) Program-signup continues

The US Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or familial status. Persons with disabilities who require alternative means for communication (Braille, large print, audiotape, etc.) should contact USDA's Target Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination write USDA, Director, Office of Equal Opportunity, 1493 Jefferson Davis Highway, Suite 1204, Washington, DC 20202-4302 or call (202) 720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.

Rockcastle County goat producers may apply for Phase I cost-share sheds starting Tuesday, Sept. 1, 2005, through Sept. 30th. The Rockcastle County Goat Producers Association will be conducting a cost-share program for doe purchase, kidding pens, or remodeling sheds for kidding and weather protection. This is a 50/50 cost-share program with limits of \$500 per farm operation. Applications are available at the County Extension Office located on West Main Street. Applications contain details on eligible items as well as requirements for reimbursements. Funds of \$10,000 are available, which may limit the number of applications accepted. For more details, contact Jeff Whitaker at 256-3261 or Tom Mills at 256-2403.

In and Around Mt. Vernon

By Vallie Burton

By Vallie Burton

Mr. and Mrs. Johnny Eaton, II and Pauline Eaton visited Mr. and Mrs. Kevin Coulter and children Sunday. Mrs. Mark Eaton and mother, Katherine White, were in Knoxville, TN recently.

Mrs. Linda Eaton and mother, Patricia Holland, visited Angie Eaton in Lexington Monday.

Vallie Burton has returned home after spending a few days with Mr. and Mrs. Danny Petrey of Somerset.

Mr. and Mrs. David Holland of Kingston, TN visited his mother, Patricia Holland, recently.

Angie Eaton spent the weekend with her grandmother, Patricia Holland.

Mr. and Mrs. Leroy York of California visited his mother, Mrs. Ora York last week.

Viola Robinson of Ohio visited her mother, Mrs. Ora York, recently.

Mrs. Harris Burton underwent surgery at the Patten A. Clay Hospital in Richmond last Friday. We wish her a speedy recovery.

Mr. and Mrs. Stanley Burton of Ohio visited his parents, Mr. and Mrs. Harris Burton last week.

Bobby Anglin celebrated his birthday August 30th. We wish him many returns of the day.

Mr. and Mrs. Danny Petrey of Somerset visited her mother, Mrs. Vallie Burton, Saturday.

Mr. and Mrs. Tommy Burdette and Mr. and Mrs. Danny Petrey of Somerset visited Mr. and Mrs. Harris Burton Sunday afternoon.

Deepest sympathy is extended to all who have lost loved ones recently. May the Lord comfort each one. Charlie Parsons underwent open

heart surgery at the St. Joseph Hospital in Lexington last week. We wish him a speedy recovery.

Harris Burton and son, Stanley, visited Vallie Burton a while Sunday evening.

Cub Scout Pack welcomes new members

Pack 409 would like to take this opportunity to welcome 13 new boys. Our new Tiger Cubs (1st graders) are Cameron, Thomas, Paul David, Eldon, and Nathaniel. We would like to welcome Hal and Leigh Ann as our new Tiger Cub leaders. Our new Wolf Scouts (2nd graders) are Austin, Tyler, Dylan, Christian and Dustin. Our new Webelos (5th graders) are Rylan, Robert and Joshua. We are looking forward to a new year of fun with each of you.

Happy birthday to Nathaniel, Kyle, Zachary and Rylan!

Our August pack meeting was a roaring success. Thanks to Arthur and Mary Jo for allowing us to invade their turf. We had a campfire and roasted hot dogs and made s'mores. I think we have several budding chefs in our midst! Thanks to Ms. Caroline at BES for letting us use the school for our school night recruiting. Thanks to Ms. Jelea for sitting with us that night.

Any boy in 1st thru 5th grades in the Broadhead area that wants to join can call 758-0025.

Tim Lake to perform at KY Hall of Fame and Museum

By Chris Mullins

Contemporary banjo virtuoso, Tim Lake will perform at The Kentucky Music Hall of Fame & Museum on September 10th, 1:00pm. Widely known as an acoustic artist, songwriter, and composer of the highest order, Lake's music is considered boules and refreshing by audiences the world over.

As a banjo player and guitarist, Lake has been a professional musician for over 20 years. After earning a doctorate in music from the University of Kentucky in 1991, he was honored with the school's 2002 Distinguished Alumni Award. In 1993, he performed and recorded the world premiere of his award winning doctoral work, "An American Concerto For 5-String Banjo And Orchestra," with the Atlanta-Emory Orchestra in Atlanta, Georgia. He has received Kentucky's prestigious Al Smith Fellowship (1995) and Professional Assistance Award (2003) in Music Composition and recognition from

ASCAP's Standard and Popular Awards panel ever from 1994 through 2004.

Rounder Records released Lake's first recording entitled "Same Old Roadside Inn" and in 1993, he started his own company, Padraic Records, which has since released six compact disc/cassettes recordings. His recording efforts are very diverse in scope, often considered an "eclectic folk" and Americana category in that they are unique banjo related efforts. On his visit to the Museum, Lake will be promoting his newest collection of original songs and studio recordings, entitled "We All Need Heroes," which features a fascinating assortment of instruments, including piano, woodwinds, fiddle, mandolin, guitar, double bass, tuba, and percussion.

Performance time is at 1:00pm, at The Kentucky Music Hall of Fame & Museum. As with many of the performance showcases at the Museum, there will be NO ADMISSION CHARGE.

Winter quilting retreat

Family and Consumer Sciences

Hazel Jackson
Rockcastle County Extension Office

Plan to escape from winter boredom this coming January by attending the Jabez Quilt Seminar. The Seminar will be held at the Kentucky Leadership Center from January 25-28, 2006. Professional quilter, author, and instructor Bonnie Browning will be the featured teacher. Bonnie Browning has published 8 quilting books and appeared on numerous quilting programs. She is presently the Executive Show Director at the American Quilt Society in Paducah.

Half day and full day workshops will be taught by talented teachers from Kentucky, Indiana, and Ohio.

A variety of classes are being offered for quilters of all skill levels - beginners, as well as advanced. Some of the techniques include basic machine piecing, foundation piecing, hand and machine applique, quilt-as-you-go, and raw edge piecing.

Plan now to get together with other quilters at the Jabez Quilt Seminar. Registration information and workshop photos can be seen on the internet at www.caquilt.edu or you may visit your Cooperative Extension office. For further information contact Hazel Jackson at 606-256-2403, or email: hjackson@uky.edu.

Words of Hope

There is a common unrealistic expectation for a Christian's walk with God. Many believe that they should sense God's presence all the time, and if His presence cannot be detected then there is something wrong. We learn from Hebrews 13:5 that He will never leave us or forsake us. We can't escape God's presence, even though we may not be feeling His presence. Don't be afraid if for some unknown reason you are not sensing God's presence. Take heart. He is near and has promised to remain with you.

Minds in the Middle

Student Council nominations began on Monday. The teams will elect their representatives later in the week. We have had some excellent campaigning going on this week and are very proud of all of the candidates.

Congratulations to Mrs. Brenda Ballinger's homeroom for winning the attendance race last week with 92% Mrs. Dale Whitaker's homeroom placed second followed by Mrs. Franklin's homeroom in third. We would also like to recognize the Entrepreneurs for having 100% attendance on Monday. They know how important it is to have good attendance!

Last week the Voyager Team Estimation Contest involved guessing the number of grains of rice in a small bottle. There were 8,350 grains in the bottle. Zach Reams won with the closest estimate of 7,800. Great work Zach.

If you happen to be visiting our building, please stop by the library to check out two awesome sculptures made from objects found in nature. The sculptures were made by A.J. Vanwickle and Brent Downs. Great

creativity in the middle! Congratulations to our 8th grade Lady Rockets on winning the "Back to School" tournament at Berea High School over the weekend. The girls defeated two teams of 346 and Somerset 37-31; and Berea 26-16. The girls will play next Tuesday at home against North Laurel.

Poor mediation training will take place this Thursday for the newly elected 6th grade mediators. The 7th and 8th grade mediators will have refresher training on Friday. We greatly appreciate the effort that these students put forth in keeping our school a peaceful place.

The RCMS Academic Team is now recruiting members. Students do not have to be straight A students in order to be members. The team is looking for students with dedication and leadership skills. The first meeting will be on September 6th from 3:00-4:30.

The regular meeting of the SBDM council will be on Wednesday, September 7th at 4:00 p.m. Remember that school will not be in session on Monday due to the Labor Day holiday.

The CAP Corner

Family Life Child and Family Development Center/Head Start

Back To School Stress
It's that time of the year again! How stressed are you and your child with this new school year? This is the ideal time for parents and students to develop strategies to reduce the stress and anxiety that comes with the start of a new school year so you have a few ideas to help you set up a happy school year.

Establish firm household routines. "Make sure your children are getting the needed hours of sleep per night."

Review safety and school rules with your children to avoid any confusion.

Designate a space in your home specifically for doing homework.

Have children complete homework before playtime.

Children are more likely to complete homework when an adult is involved.

Purchase a set of brightly colored file folders for notes sent home from teachers.

Have your children clean out their backpacks on Sunday night in a special box that you decorate together.

Post important dates and telephone numbers on the refrigerator.

Consider developing a contact with someone that contains rules about dating, extra-curricular activities, use of the family vehicle, and

expectations for school nights versus weekend curfews. Be sure to include the consequences that you have negotiated with your teen for violations of the contract.

Have a backup for after-school care and list of competent babysitters from which to choose.

Get teens to the table for a family meal by allowing them to invite a friend and help plan dinner.

Set a time each day to talk with your child about their school day. This conversation can take place during dinner, in the car or right before bedtime.

Say a cheerful goodbye and leave promptly when the bus comes or bell rings.

Make sure all school forms have been completed and returned to school.

If you have a home computer, make sure it is ready to be used for schoolwork.

Attend an open house or "get acquainted" school event with your child.

Call the school immediately if you have any questions or concerns.

Most important, be enthusiastic. Acknowledge your children's concerns about the challenges of a new school year, but help them get excited about learning and making friends.

Family Life Child Development is a program of the Christian Appalachian Project. Contact Sarah Dixon at 256-5613 for information.

Tiger Pause

The Broadhead Elementary SBDM (Site Based Decision Making Council) members for this school year are: Charles Bullen, Carla Carpenter, Cindy Ellington, Caroline Graves, Kristi Reynolds, and Tammy Stevens. The SBDM Council is a group of elected parents and teachers whose job is to make policies that affect the school. Their goal this year is to inform of the various decisions that BES currently has in place.

IGA supports BES. Shoprite IGA of Broadhead will donate twenty-five cents for every case of Pepsi products purchased Sept. 2nd thru 5th. The sale price will be \$5.00 per case with no limit. Help IGA support BES! PTA needs volunteers to help load the Pepsi products. Students may help, but must be accompanied by an adult. Sign up to help in the office. PTA thanks IGA, volunteers, and all who participate in this special event.

Full fund raiser. The last day of the fall fund raiser is September 7th. The money earned from this fund raiser will go to purchase new computers for the classrooms and to purchase a reading program. PTA thanks everyone that participated!

Important dates. Monday, Sept. 5, Labor Day-no school; Wednesday, Sept. 7, school picture; Thursday, Sept. 15, SBDM 3:30, PTA

and book fair 7:00; Friday, Sept. 16 & Monday, Sept. 19-book fair during special classes. Teacher of the Week. This week's teacher is Mrs. Beth Jones. She teaches 3rd grade in the campus pod. Mrs. Beth lives in Broadhead with her husband, Mike, and their two children, Lucas and Lindsey. Her pets are Rambo, a Labrador retriever, and two turtles, Hatter and Speedy. Mrs. Beth's favorite food is pizza, her favorite show is Survivor, and her favorite color is blue. This is her 5th year of teaching. She likes to read and play cornhole, a bean bag toss game.

Mrs. Beth Jones

Youth Yak at RCHS

Rockcastle County High School Youth Service Center

Welcome back! We are glad to be back and looking forward to the achievements to come in the year 2005-2006. We welcome the new class as well as several new staff members: Ms. Lesley Buckner, Mr. Marcus Repper, Ms. Jennifer Scott, Ms. Becky McNabb, and Ms. Dana Hurt who is substituting for Ms. "C" Childress while on leave of absence.

Things have gotten off to a smooth start. All paperwork, emergency cards, computer permission forms, lunch forms, and YSC information forms etc., should be turned in. If you or your child has not turned these forms in, please do so immediately.

We want to remind you that RCHS does have a dress code and it will be enforced. We have already had several dress code violations. School has been in session long enough that students and parents should know the dress code and if no offense has been noted in the student handbook, which was handed out to each and every student the first day of school or enrollment. Attendance is a very important factor in RCHS attendance procedures. Ms. Becky Saylor, attendance clerk and staff will be monitoring attendance and enforcement will be made. So, STAY IN SCHOOL! Parents are encouraged to participate with questions regarding their child's education. Calls or visits can be made (606-256-4810) from 8:00 AM until 3:00 PM while school is in session. Someone will do their best to help you.

The Youth Service Center offers several services to the students at RCHS. YSC is located in the front lobby area. This year, a new processing student ID's and will be handed out this week. New pictures for ID's have been taken of freshmen and new students. All others will be using previous pictures. ID's with no charge unless student wants another picture taken to replace old picture. The charge will then be \$5.00. A charge of \$5.00 will be assessed for the first lost ID. Students are encouraged to hold on to their ID's. We can help with most problems encountered during student's high school careers. Our funds are limited and we do accept donations of clothing, school supplies, mesh or clear backpacks, and shoes are a much needed supply.

Just a reminder that the Rock Shop is now open and purchases of school tee-shirts etc., can be made during 3rd block (11:15AM until 1:10 PM). Ms. Connie Riddle and staff will be available for all your ROCK needs.

The sports teams are well on their way this season. The football team has already played 2 games and is 1 and 1. This Friday's football game is at Harrison County. Our volleyball team plays North Laurel this Tuesday night. So far, we are 7 wins, 5 losses and 2 ties. Volleyball placement 2nd at Southwestern Tournament. The best weather has caused cancellations for the golf team.

State Fair was a success for FFA! Daniel Baute (State High Individual), Matt Dyehouse, and Matthew Whitaker came home with

Small Power Equipment Team State

at The Horticulture Team (Chris Hurt, Jerria Poynter, Emily Whitaker, and Hillary Proctor-5th high individual in state) placed 4th. Nursery Judging Team (Derek Adams, Karen Mink, and Tyler Shearer) placed 5th.

The Rockcastle County 4-H junior division captured 6 of the top 9 placing at the State Fair. RCHS freshman Jeffery Albright placed 3rd. He was the only RCHS student competing.

To all seniors—now is the time to be planning for the future with secondary education. Schedule your meetings with Mr. Dale Whitaker (guidance counselor) to discuss majors and potential colleges. Schedule interviews with prospective colleges and make a list of application requirements and deadlines for each school. Teachers and advisors are happy to assist with letters of recommendation. If application essays are required, begin work on those. Determine the total cost of applications and consider the opportunity for scholarships. Your guidance counselor will be able to discuss scholarship availability. EKU will be visiting RCHS Wednesday (08-31-05) during lunch. Other colleges and universities will be visiting later in the year.

Staying on top of your grades is of dire importance. Scholarships are more readily available if grades are good. If the grades are sliding, tutoring may be a good idea. Tutoring will begin Thursday, September 8th and will meet Tuesdays and Thursdays from 3:05 PM until 4:45 PM. Transportation is provided. Keeping good grades will help with the ACT's.

Commonwealth of Kentucky 28th Judicial Circuit Rockcastle Circuit Court - Division I Civil Action No. 03-C1-00058

Plaintiff vs. Defendant

James E. Miller, Shelby Gay Miller, Unknown Defendant, Occupant, County of Rockcastle, Hume Richardson and Ann Richardson Defendants

NOTICE OF SALE

Pursuant to a judgment and order of sale entered in this action on August 8, 2005, for the purpose of satisfying the judgment against the defendants in the amount of EIGHTY THREE THOUSAND EIGHT HUNDRED THIRTY THREE DOLLARS AND 15/100 (\$83,833.15) plus interest, costs and attorney fees, I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

At the Courthouse on East Main Street Mt. Vernon, Kentucky on Friday, September 16, 2005 Beginning at the Hour of 11:45 a.m.

Said property being more particularly bounded & described as follows:

Beginning at a point on the West Side of a 30 foot right of way that leads to the Flat Gap Road and corner of Billie Bishop; thence with said right of way to a point, corner of Chester Baker; thence S 12 1/2 W 108 feet to a point; thence S 28 W 50 feet to the Northeastern corner of a lot this day conveyed to grantee; thence N 60 W 305 feet to a point in the edge of said right of way; thence with the Eastern edge of said right of way N 35 E 150 feet to the point of beginning and containing 0.95 acre.

There is excepted from the above following described real property, to-wit: Beginning at a point on the West Side of a 30 foot right of way that leads to the Flat Gap Road and being 30 feet North of the corner of James Miller and Billie Bishop; thence with said right of way N 35 E 120 feet to a pole; thence in a westerly direction 100 feet to a point in the line of Hume Richardson and James Miller; thence in a southerly direction 100 feet to a point, being a new corner to grantee; thence in an easterly direction 100 feet to the point of beginning, containing one half (1/2) of an acre, more or less.

The grantee are also conveyed an easement for ingress and egress over and under the Lewis Linville property to the East of and adjacent to the land herein described and leading to the Flat Gap Road.

One half (1/2) of all minerals, rights, and gas on the above described real property have been reserved in a prior deed and are not now conveyed.

Being the same real property which James E. Miller and wife, Shelby Gay Miller obtained by deed dated May 24, 1999, executed by Hume Richardson, et ux, and recorded in Deed Book 175, page 86 in the office of the Rockcastle County Clerk. Further, Hume Richardson and Ann Richardson obtained their interest in the real property by quitclaim deed dated December 2000, executed by James E. Miller, et ux, and of record in Deed Book 182, page 376 in the Office of the Rockcastle County Clerk.

The property shall be sold on the following terms & conditions:

1. The real property shall be sold for cash or upon a credit of thirty (30) days with the purchaser required to pay a minimum of twenty five percent (25%) of the purchase price in cash on the date of sale and to secure the balance with a bond approved by the Master Commissioner.
2. The bond shall bear interest at the rate of twelve percent (12%) per annum until paid in full. The bond shall have the force and effect of a judgment and shall be and remain a lien upon the property sold as additional security for the payment of the purchase price.
3. Unpaid taxes of record at the time of entry of judgment shall be paid out of the proceeds of the sale.
4. The purchaser shall pay the 2005 local, county and state property taxes.
5. Full satisfaction of the lien in favor of the plaintiff shall be paid out of the proceeds of the sale.
6. The purchaser shall have possession of the real property upon compliance with the terms of the sale.
7. In the event that the plaintiff is the successful bidder and the sale price does not exceed the amount of the co-plaintiff's judgment, no deposit or bond shall be required.
8. The sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise and shall be sold as is.

Willis G. Coffey, Master Commissioner Rockcastle Circuit Court

Plaintiff vs. Defendant

JP Morgan Chase Bank formerly known as the Chase Manhattan Bank, Successor by merger to Chase Bank of Texas National Association, formerly known as Texas Commerce Bank, N.A., as Trustee and Custodian by: Saxon Mortgage Services, Inc. Meritech Mortgage Services, Inc. as its Attorney-in-Fact Plaintiff

NOTICE OF SALE

Pursuant to a judgment and order of sale entered in this action on March 18, 2005, for the purpose of satisfying the judgment against the defendants in the amount of SEVEN THOUSAND SIX HUNDRED SEVENTY FIVE DOLLARS AND 45/100 (\$7,675.45) plus interest, costs and attorney fees, I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

At the Courthouse on East Main Street Mt. Vernon, Kentucky on Friday, September 16, 2005 Beginning at the Hour of 11:45 a.m.

Said property being more particularly bounded & described as follows:

Beginning at a steel pin and cap (1/2" rebar with cap stamped L.S.670) at a corner and new line dividing the lands of Teri & Goldie Kirby (D.B. 173, Pg. 357), and in the line of Randle Hise (D.B. 124, Pg. 177), thence leaving the new line dividing the lands of Teri & Goldie Kirby (D.B. 173, Page 357), with the line of Lewis Lambert (D.B. 178; 29 deg. 23'34" E 248.47 feet to a found steel pin L.S.670; in the line of Wm. Lambert (record deed not found) with the line of Steve Hammond (D.B. 123, Pg. 178) thence leaving the line of Randle Hise (D.B. 123, Pg. 178) with the line of Wm. Lambert (record deed not found) two calls 541 deg. 30'00" W, 19.25 feet to a found steel pin L.S.670; thence S 47 deg. 03'21" W, 66.99 feet to a found steel pin L.S.670 to a corner of Steve Hammond (D.B. 123, Pg. 178) thence leaving the line of Wm. Lambert (record deed not found) with the line of Steve Hammond (D.B. 123, Pg. 178) three calls N 64 deg. 28'32" W, 77.66 feet to a found steel pin L.S.670; thence N 80 deg. 52'48" W, 69.51 feet to a found steel pin L.S.670; thence N 27 deg. 35'25" W, 126.46 feet to a set steel pin and cap (1/2" rebar with cap stamped L.S.670) to the new line dividing the lands of Teri & Goldie Kirby (D.B. 173, Pg. 357), thence leaving the line of Steve Hammond (D.B. 123, Pg. 178) with the new line dividing the lands of Teri & Goldie Kirby (D.B. 173, Page 357), 155.93 feet to the point of beginning and containing 3.93 acres as shown on a plat prepared by Charles E. Beck dated 3/2/99.

Being the same real property which Melody Clark obtained by deed dated April 8, 1999, executed by Teri Kirby, et ux, of record in Deed Book 174, page 95 in the Office of the Rockcastle County Clerk.

The property shall be sold on the following terms & conditions:

1. The real property shall be sold for cash or upon a credit of thirty (30) days with the purchaser required to pay a minimum of ten percent (10%) of the purchase price in cash on the date of sale and to secure the balance with a bond approved by the Master Commissioner.
2. The bond shall bear interest at the rate of twelve percent (12%) per annum until paid in full. The bond shall have the force and effect of a judgment and shall be and remain a lien upon the property sold as additional security for the payment of the purchase price.
3. Unpaid taxes of record at the time of entry of judgment shall be paid out of the proceeds of the sale.
4. The full satisfaction of the lien in favor of Plaintiff.
5. The purchaser shall pay the 2005 local, county and state property taxes.
6. The purchaser shall have possession of the real property upon compliance with the terms of the sale.
7. In the event that the plaintiff is the successful bidder and the sale price does not exceed the amount of the co-plaintiff's judgment, no deposit or bond shall be required.
8. The sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise and shall be sold as is.

NOTICE OF SALE

Pursuant to a judgment and order of sale entered in this action on August 9, 2005, for the purpose of satisfying the judgment against the defendants in the amount of FORTY TWO THOUSAND SEVEN HUNDRED NINETY THREE DOLLARS AND 68/100 (\$42,793.68) plus interest, costs and attorney fees, I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

At the Courthouse on East Main Street Mt. Vernon, Kentucky on Thursday, September 8, 2005 Beginning at the Hour of 11:15 a.m.

Said property being more particularly bounded & described as follows: Beginning at a split Locust tree in the fence line which marks the boundary between the Gantner and Julia Abney (there is a fence between the property herein conveyed and Julia Abney in the westerly direction approximately 125 yards to a Poplar tree; these continuing with the fence in an easterly direction with the line of Abney to the Todd Branch Road and a White Oak corner; thence in a southerly direction with the road approximately 125 yards to a White Oak corner; thence in a straight line in a westerly direction to the point of beginning, containing three (3) acres more or less.

Being the same real property which Allie L. Brooks, single, obtained by deed dated November 25, 1989, executed by Harold B. Brooks, single, and recorded in Deed Book 138, page 390 in the Office of the Rockcastle County Clerk.

The property shall be sold on the following terms & conditions:

1. The real property shall be sold for cash or upon a credit of thirty (30) days with the purchaser required to pay a minimum of ten percent (10%) of the purchase price in cash on the date of sale and to secure the balance with a bond approved by the Master Commissioner.
2. The bond shall bear interest at the rate of twelve percent (12%) per annum until paid in full. The bond shall have the force and effect of a judgment and shall be and remain a lien upon the property sold as additional surety for the payment of the purchase price.
3. Unpaid taxes of record at the time of entry of judgment shall be paid out of the proceeds of the sale.
4. The purchaser shall pay the 2005 local, county and state property taxes.
5. Full satisfaction of the lien in favor of the plaintiff shall be paid out of the proceeds of the sale.
6. The purchaser shall have possession of the real property upon compliance with the terms of the sale.
7. In the event that the plaintiff is the successful bidder and the sale price does not exceed the amount of the co-defendant's judgment, no deposit or bond shall be required.
8. The sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise and shall be sold as is.

Willis G. Coffey, Master Commissioner
Rockcastle Circuit Court

Rockcastle County Schools Destruction of Public Records Notice

In accordance with district procedures and records retention guidelines, the following special education records housed at Rockcastle County Schools will be destroyed: Special Education Due Process Records for students who attended Rockcastle County Schools prior to School Year 2001. Parties desiring a copy of his or her records before destruction must contact William J. Parsons, Assistant Director of Special Education, at 606-256-2125 no later than October 31, 2005.

Request for Proposals (RFP) Formal Bid For Electronic Voting System

The County of Rockcastle, Kentucky is soliciting proposals from qualified vendors to provide an integrated voting system inclusive of hardware, software and services. It is the intent of the county to seek a fully integrated "county wide" voting system and not have to format tabulation hardware from two separate manufacturers. The county desires to replace all existing hardware but may retain old systems as conditional backup.

The RFP provides qualified vendors with the bid specifications required to submit proposals meeting mandatory requirements. Vendors are encouraged to provide additional information that elaborates on their products and service deliverables. All equipment must be delivered and available to the county election office prior to January 1, 2006.

The County reserves the right to reject any and all bids and accept any bid which may be deemed best for the interests of Rockcastle County. Final acceptance of any bid will not be based solely on the lowest cost provider.

RFP bid responses should be sent to the following address: Buzz Carofino, County Judge/Executive, P.O. Box 755, Mt. Vernon, KY. 40456. Sealed bids must be clearly marked ELECTRONIC VOTING EQUIPMENT BID and are due before Sept. 13, 2005 at 1 p.m. Bids will not be accepted after this designated time. Complete bid specifications can be obtained by calling Rockcastle County Clerk 606-256-2831.
