The home of Junior and Sharon Monk on Low Gap Road in the Blue Springs area of the county, was completely destroyed by fire on Sunday night. (Front page photos by: Richard Anderkin).

Blaze destroys home Sunday on Low Gap Road

A Rockcastle County family lost everything in a Sunday night fire at their home on Low Gap Road.

According to Mt. Vernon Volunteer Fire Department Capt. Bryan Hansel, Junior and Sharon Monk and their two sons lost everything after a fire broke out in their mobile home around 10 p.m.

Hansel said Mrs. Monk told him a chair inside the home had apparently caught fire after someone accidentally dropped a lit cigarette in it, but didn't realize it.

Mrs. Monk, her husband, and a friend, Jimmy Robbins had already gone to bed when Mrs. Monk woke up and realized the mobile home had smoke in it.

Junior Monk tried to get the chair out of the home, which was two single wide trailers put together, but couldn't get it through the door because it had too much fire in it, according to Hansel.

The Monks were able to get

out of the trailer, but Robbins was trapped in a back bedroom.

Robbins said his friend, Junior, broke out a window to get him out of the burning trailer.

Robbins said Monk cut his hand rescuing him from the burning trailer and that he had to be taken to the Rockcastle Hospital for treatment.

Hansel said Mrs. Monk called 911 after she got to the emergency room at Rockcastle Hospital.

"It was basically gone when we got there," Hansel said.

The Monks' two boys, ages 16 and 13, were staying with other family members on Sunday night and were not at home when the fire broke out.

Heat from the fire also damaged one of the Monk's vehicles.

The Monks are currently staying at the Days Inn in Mt. Vernon and the Red Cross, among other agencies, are attempting to help them after their loss. The Monks apparently had no insurance.

Donna McClure, left, Field Representative for United States Senator Mitch McConnell, is shown presenting a U.S. Flag, which has flown over the United States Capitol in Washington, to the Rockcastle Kiwanis Club last Tuesday. The flag was auctioned off during the club's annual radio auction on Friday and Saturday and was bought by Cody Kirby for \$75.00. Kirby then donated the flag to the City of Mt. Vernon where his grandmother, Clarice Kirby, is Mayor. The flag will be flown at City Hall. Accepting the flag from McClure were: Kiwanis Lt. Governor Tammy Cox, Kiwanis members Teresa Vanzant, Betty Bussell and Vicki Cox, and Juanita Davis, County Republican Party Co-Chairman. The annual radio auction, which is the Kiwanis' largest fundraiser of the year, netted \$5,600.

Clocks go ahead this Sunday

At 2:00 a.m. Sunday morning, Rockcastle County residents along with the rest of the United States will set their clocks ahead one hour.

This is the second consecutive year Daylight Savings Time is three weeks earlier than it used to be.

The Energy Policy Act of 2005 changed the start of Daylight Savings Time in the U.S. from the first Sunday in April to the second Sunday in March, in an effort to save energy.

Daylight Savings Time will end on the first Sunday in November.

Rockcastle County Sheriff Mike Peters is asking that motorists be much more cautious after the time changes because most students who ride the school bus will be boarding in the dark.

At Trace Branch

Local family loses everything in Wednesday fire

The family of Delbert and Brooke Slusher lost everything in a Wednesday morning fire at their Trace Branch home.

Livingston Fire Chief Sam Stallworth said Delbert Slusher told him he awoke around 3:30 a.m. and one end of his family's mobile home was on fire.

"I think they barely got out," Stallworth said.

Slusher, his wife and three children—two boys and a girl, were in the home at the time of the fire, but the father got all of them to safety.

The boys are in school at Mt. Vernon Elementary. One is in pre-school and the other is in kindergarten. The little girl is not school age.

Stallworth and other members of the Livingston Fire Department had been on a transformer fire at Red Hill and were

returning to the fire station when they got the call. Stallworth cut through the country and was the first firefighter at the scene.

"When I got there the structure was already falling in," Stallworth said.

The fire chief said the cause of the fire had not been determined.

Regina Hull-Brown, Director of the Family Resource Center at MVES said Wednesday that she and others at the school were involved with helping the family replace essential items, such as clothing.

Hull-Brown also said that someone had offered to let the Slushers remodel an old house and someone else had offered to do the work, free of charge.

But, Hull-Brown said the

Christmas gift thief pleads guilty

Commonwealth Attorney Eddy Montgomery announced Wednesday that a Rockcastle County man has pled guilty to second degree burglary.

According to prosecutor Jeremy A. Bartley, Assistant Commonwealth Attorney for Rockcastle County, Terry Montjoy, 35, pled guilty to charges that stemmed from a burglary just before Christmas.

Montjoy was indicted along with Christopher Spoonamore, 27, of Berea, by the Rockcastle Grand Jury in January on bur-

glary and theft charges.

According to police reports, Richard Damrell and his family discovered that someone had broken into their home and stolen over \$2,000 in Christmas gifts on December 9th.

Circuit Judge Jeffery T. Burdette accepted Montjoy's plea and Bartley recommended a sentence of eight years in prison on behalf of the state, with the stipulation that Montjoy cooperate in the prosecution of Spoonamore.

Montgomery said that Sheriff Mike Peters' office investi-

gated the case in a manner that allowed for a quick resolution.

"It's bad enough to break into somebody's home, but what these guys did at Christmas time, of all things, cries out for prison time," Montgomery said.

Final sentencing for Montjoy is expected in April and Spoonamore is scheduled to be arraigned next week.

Montjoy will remain in the Rockcastle Detention Center until sentencing when the Department of Corrections shall determine which penitentiary

he should be placed in.

Spoonamore remains in jail under a \$35,000 full cash bond.

Republican precinct caucus set for this Saturday at 10 a.m.

The Rockcastle County Republican Party Precinct Caucus will be held this Saturday at 10 a.m. on the second floor of the Rockcastle County Courthouse.

Local man jailed after threatening to shoot police, social workers

A Mt. Vernon man was arrested Wednesday afternoon and charged with three counts of intimidating a witness in a legal process after threatening to shoot anyone who might take his children.

Rockcastle County Attorney Billy Reynolds, said Kenneth Yauger, 37, of Ramsey Trailer Park, threatened two social workers, and State Trooper

Staci Walker after they went to his mobile home on a referral to check out the living conditions.

Reynolds said Yauger threatened to "put a slug in them" or anyone else, who tried to "mess with his children".

Reynolds said it was his un-

47th District Champions

The Rockcastle County Lady Rockets won their fifth straight district title on Thursday night when they defeated the Casey County Lady Rebels, 66-57, in the championship game of the 47th District. Members of the team and some young supporters are shown above, front row from left: Ethan Mattingly, Kelsey Mattingly, Carson Noble, Sarah Rowe, Katy Mattingly, Nicole Locklear, Angie Lawrence and Chelsea Hensley. Second row, from left: head coach Chrysti Noble, assistant coach Brandy Smith, manager Katie Linville, Mary Saylor, Kristen Abney, Jillisa Lay, Morgan Collins, Sasha Bullock, Ashley Robinson and Megan Mazurek. Back row, from left: assistant coach Ken Mattingly, Sara Hammond, Cheyenne Hensley, Jackie Alexander, Sarah McKinney, assistant coach Jaelyn Cook and assistant coach Derek Dotson. The Lady Rockets also defeated Danville in the first round of the 12th Regional Tournament at Lincoln County on Tuesday night, 69-47. The Lady Rockets play Mercer County on Friday night in the semi-finals of the region at approximately 7:30 p.m.

Preliminary hearing is Wednesday for Shannon Griffith

A Rockcastle County man was arraigned Monday in Rockcastle District Court on charges of first degree rape, first degree sodomy and incest.

Shannon Lewis Griffith, 35, of Sand Springs Road, was arrested last Wednesday after a family member under the age of 16 told police Griffith had sexually abused her over a two year period.

Special District Court Judge Mike Henry scheduled a preliminary hearing for Griffith for next Wednesday, March 12th and appointed him a public defender.

Henry also left Griffith's bond at \$250,000 cash or property and he was returned to the Rockcastle Detention Center.

Opinion Editorial

A tale of two communities 12 simple steps to failure

By County Judge-Executive
Buzz Carloftis

Think of a family – any family. Now think of two families. The members of both families are equally bright and intelligent – even good looking and pleasant to be with. Neither family is better than the other. But one family has been successful getting jobs, creating businesses, making a living. The other family has suffered unfortunate economic failures.

So what has made the differences in these two families? Why has one been successful while the other has been financially disadvantaged – often for generations?

Now think of a community – your community. Compare it with another community. Why has one been successful in creating an environment for jobs and businesses, while the other must send its citizens to find work in a distant community? Again, there is no difference in the intelligence of the two different communities, but one has been financially successful in building a strong local economy, while the other has not.

Why? It is because the financially failing community (and family) has followed a very clearly marked pathway to economic downturn. The trails they followed clearly led to failure:

SIGN OF THE OSTRICH When faced with changing conditions, they adopted the “Ostrich Syndrome”. Instead of facing new conditions and the challenges they bring, they refuse to make changes, relying instead upon old “tried and true” methods of getting things done. (The problem with this is that every day’s challenges are often different from yesterday’s challenges. Just as every day brings different weather, it also brings different challenges. Old methods don’t always clearly address today’s problems.) Don’t address any new problems. Continue to keep your head low. Maybe the problems will go away.

DON’T SHARE THE WEALTH Shop as often as possible away from home. You will often save a few dollars and, at night, rest assured with the knowledge that your neighbors will not enrich themselves from your labors. And by doing this as often as possible, you will assure that your neighbors’ local businesses will have less and less to invest in their property and any new business ventures they might have wanted to start locally. Dollars spent

elsewhere will move around in that community instead of your home community. A smart move.

DON’T BE A CHRISTIAN STEWARD OF PROPERTY After all, repairs cost money – money that could be better spent elsewhere. Leave the bridge, roof, road, water, sewer, and other repairs to the next generation. After all, they learn from you. You are the point man on the trail. You lead; they follow. Another brilliant move.

DO NOT INVEST LOCALLY In other words, make no investment in things that can bring future prosperity to your community. After all, this is your money – not your neighbor’s, children’s, or grandchildren’s. Let tomorrow take care of itself. Today think only of yourself. Make no investments in your community, even though your grandchildren will have to try making a living in it. Another wise decision.

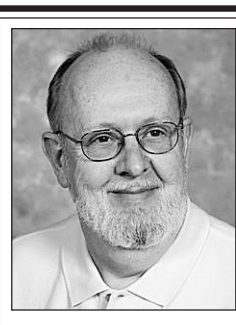

JUST SAY ‘NO’ When approached with a new idea, remember that not all ideas are, indeed, good. Bad ideas are often placed before you. How to tell the difference? Remember that good ideas are thought-provoking, progressive, and hard to argue against. Nevertheless, argue regardless. Don’t offer any workable alternatives or options to the plan presented. Just say ‘No’, and say it with pride. After all, you want to be heard above those who see a need for change.

BUILD WALLS – NOT BRIDGES – TO OUTSIDERS Do everything possible to prevent new ideas from taking root. Make certain that you erect barriers to stop forward movement. One easy way to do this is to allow property under your stewardship to fall into disrepair; it easily discourages new investment and visitors who might have otherwise found your community attractive. A great move.

POOR MOUTH YOUR COMMUNITY / HAVE NO PRIDE Never be found guilty of trying to build up your community with the words you speak to others. Criticize your neighbors, businesses, and local government as often as possible. Be sure to fail to recognize what your community’s potential really is. Let others define you. Don’t define yourself. It’s easier that way. Doesn’t take nearly as much work.

Rockcastle Memories

By David J. Griffin

How many of you remember the Big Little Book series of American heroes and comic characters? One of the most popular fictional cowboys appeared in the Big Little Books – Red Ryder and his companion, Little Beaver. The duo first appeared in 1938 in a nationally syndicated comic strip that apparently was developed from the book series. The strip ran in 750 newspapers with a readership of more than 14 million readers.

In addition to the Big Little Books and comic strips, Red Ryder starred in countless western movies, movie serials, and radio programs. He is also the figure that appears on the Daisy Red Ryder model air rifle – which remains the longest continuous license in the history of the global licensing industry.

Sitting astride his mighty steed, Thunder, Red was a tough cowpoke. Along with his sidekick, Little Beaver, he lived on Painted Valley Ranch with his aunt, who was known as the Duchess. Red is probably the most successful western hero ever to come out of the comics.

His companion was a cute little Navaho tyke, who was played by Robert Blake. The character of Little Beaver coined a phrase that became famous in all of the Red Ryder media – “You betchum, Red Ryder.”

I will always remember Pop taking me to the Vernon Theatre to see the Red Ryder movies. Even Pop thought Red Ryder was cool. In those days, a person could attend the Saturday afternoon matinee for 26 cents (15 cents for a ticket – 5 cents for a Coke – and 6 cents for a bag of popcorn).

The Daisy Red Ryder BB gun first appeared in 1938 (apparently as a promotion for the release of the comic strip). It became so popular that it is still in production today – despite the fact that the comic strip was cancelled in 1963. It has been called the most famous BB gun in American history.

I acquired my Daisy Red Ryder for Christmas in 1952 when I was only eight years old. My grandfather (Pop) took me into the woods behind our house to teach me how to safely use the rifle.

His first lesson has stuck with me through all my days: “We never kill anything that we

are not going to eat.” He also taught me that we did not ever shoot toward the house or at our farm animals.

My grandparents ordered my Daisy from Montgomery Ward and paid a whopping \$2.79. Today the same air rifle costs \$44.99. It is a lever action, spring piston, air gun with adjustable iron sights. It holds 650 BBs.

T.J.’s Journal

by: Tonya J. Cook

Dear Journal:

Last Monday was my Uncle Junior’s birthday. It has been a long-standing tradition in our family for someone to bake him a pineapple upside-down cake for the occasion. I called around to see who was going to bake it this year. It seemed that nobody had made any definite plans, so I decided I would be the one to do it.

I went to the kitchen to start the baking, but soon realized that there was no pineapple to be found. This really put a

wrench in the works, so to make a long story short, I’ll bake the cake in a few days and take it to him later.

Every year that I make him a pineapple upside-down cake or even at other times when I make one, I recall the time that Mom made him this traditional cake when I was about nine or ten years old. It still is one of the most hilarious memories that I can recall.

One morning, the day of his birthday, she had baked the pineapple upside-down cake and wanted to serve it to him for lunch. It came out of the oven golden-brown, and looking good, but it should have due to all the work that she had put into it. Of course, the cake was all made from scratch. For the “sauce,” she usually used a stick of butter, about a cup of brown sugar, a can of crushed pineapple, and the secret ingredient – about a can, more or less, of applesauce, depending on how much “sauce” you wanted to have on the bottom of the cake. This was always stirred up right there on top of the stove on a hot burner, then the homemade batter was poured in. As you can imagine, it ran over in the oven quite often. Did I forget to mention that the cake was made in an old cast-

H.O.P.E. Support Group Meetings are held Thursdays at 7 p.m. at Northside Baptist Church. HOPE is a support group for anyone who has a friend or family member dealing with addiction or alcoholism. Please come join others who are or have gone through the agony and frustration you are experiencing. Do not suffer alone. It helps to talk with others who understand. Any discussion is kept confidential. Call 256-5577 for more information.

Please join us in welcoming Drs. Giordani and Lattermann to our medical community

In partnership with UK HealthCare, Rockcastle Hospital is pleased to welcome Dr. Mauro Giordani and Dr. Christian Lattermann.

Dr. Giordani and Dr. Lattermann are fellowship-trained orthopaedic surgeons and provide complete orthopaedic care.

Dr. Giordani completed his fellowship at New England Baptist Hospital and specializes in joint replacement and reconstruction surgery. He was one of the first surgeons in Kentucky to offer Birmingham Hip® resurfacing, an alternative for younger, active patients.

Dr. Lattermann completed his fellowship at Rush Presbyterian Hospital and specializes in sports medicine and cartilage repair. He serves as director of the UK Center for Cartilage Repair and Restoration, which offers the most advanced cartilage repair and transplantation techniques in the state.

GOVERNMENT POOR By keeping taxes so low that your government can't provide the infrastructure for roads, new jobs creation, and many other things with which you often compare your community to others, you will absolutely assure that your community keeps falling behind. In simple language: Don't allow your local government to work on your behalf to make the community more attractive to entrepreneurs.

CRITICIZE When faced with something new, just criticize it. Don't offer a truly workable solution to what has been suggested.

KEEP HOME AND LAND VALUES LOW Keep your community's property values lower than those in neighboring communities. By keeping your community poorer in jobs and commercial activity than others – and thereby forcing your property values lower – you will attract 'refugees' from other communities. You know who they are: They are the ones who didn't have a job or try to start a business in their community, and they will do the same in yours. But they do find your community attractive. They can 'afford' living in yours.

NO RULES / NO REGULATIONS Let anyone (whether a local person or someone from outside the community) do what they please. After all, whose business is it to tell a landowner he can't put, for example, a foul-smelling, loud, or otherwise unsightly enterprise next to homes that have been built by local folks who have gone into heavy debt to have their homes?

DON'T ACT – JUST REACT When seeing problems looming on the horizon, circle the wagons and hope they don't totally engulf you with superior forces. Make no plans to meet the future. Don't attempt to shape it to your home community's benefit.

mentia has set in. Once the talk of the town, so sleek and pretty that men would drive many miles just to be around her and engage her in conversation, she has aged into a being that nobody envies. People yell at her and loudly ask why she is behaving so badly.

Her demise is eminent and pitiable as she may be, she gets little understanding and very little sympathy now that her time has come to enter that final resting place.

She won't even have a gravestone. No flowery epitaph singing praises of her heyday.

All memory of the wonder that she was will be erased and life will simply go on without any attention being called to the fact that she was ever here.

I speak here of old Hilda, the personal computer that has set atop my desk for lo these recent seven years.

Three times she has had to have open heart surgery (hard drive crashes) and three times she has had transplants (bigger and better RAM). She is now on a life support system (external hard drive) else she would not speak at all.

She cost me nearly \$1,000 new and had the fastest of everything on the market.

She has had every possible upgrade that can be added to her frame. And in only seven years, she has become essentially obsolete.

Actually seven years is a remarkably long life for anything computer. All the technology that is now available to average consumers such as me, like warp speed processors, Vista operating systems, 300 gigabyte hard drives, huge video and sound cards, etc. were available to the manufacturers when I bought Hilda but the computer industry works in not so mysterious ways.

The trick is to introduce the technology a little bit at a time. About the time consumers get used to the newest thing on the market, the industry pulls out a chip that is at least ten times faster than the one they came out with a couple years back and people stand in line to purchase more speed.

If Microsoft, for example, had put all it's technology on

the market way back when, the company would be obsolete by now. They operate on the same principal as addictive drug dealers. They start the junkies out on a small dose, but as time goes by it takes more and more dope to satisfy the user.

And so, as Hilda, without much grace and fanfare, quietly makes ready to join her host of sisters in the recycle bins, (actually I'm thinking about bronzing her and turning her into a huge book end.) I am in touch with some kids at the University of Missouri who are building me another young and beautiful, state-of-the-art, companion ten times more powerful than Hilda was in her prime.

I will wait until she's actually here and pray daily that Hilda will hold out another week or two, but, unless I change my mind, I'm thinking that my new girl will be named Cathy.

Many of my friends had BB guns, and we played cowboys and Indians with them throughout my childhood. Kenneth Hansel and I tamed the West (Big Fill Cave area of Rockcastle County) for several years.

We actually became very good shots with our rifles. And, as most adults have done, Pop reminded us that, “You'll shoot your eyes out if you are not careful.”

To play the role of the Indians, Kenneth and I placed empty tin cans all around the area in which we were playing. The sound of a BB hitting a tin can meant that we were in control of the mighty Indians. After all the cans were overturned, we gathered them up and moved into another area to conquer a different tribe. We were bad!

One afternoon while walking near the woods behind Pop's house, I spotted a large Blue Jay sitting on a tree limb. I was acutely aware that I was not supposed to shoot anything living; however, I took aim and with one shot killed the bird. As it fell to the ground, I remembered what Pop had told me. I was instantly ashamed of myself. I can't remember feeling so bad in my young life.

I knew that Pop would be disappointed in me if he found out, so I tossed the bird into the woods and walked home. That night my guilt built up, and I confessed to Pop what I had done. He explained that the Jay might have had a family and how the young baby birds could be hungry because I had not followed his instructions. I cried for the Jay. That was the one and only time that I killed a bird with my BB gun.

The Red Rider comic strip ended in 1963 when I was in college, so I did not even notice its demise. Over the years, I have fondly remembered how I enjoyed my relationship with Red Ryder. The fictional character is an important part of my childhood memories. He was my hero!

You can reach me at mtmnan@mis.net I appreciate your comments and suggestions.

iron skillet? I've heard that in some parts of the country, it's against the law to fix anything such as pineapple upside-down cake, cornbread, fried chicken, and a good many other things in anything else.

As I was saying, she had taken the cake out of the oven, looking all tasty and golden-brown. Then she decided she wanted to turn it out onto a big, round plate. She did about all she could do to get it out of the skillet...shook, tapped the bottom of the skillet, everything

short of dynamite.

I was watching this event from a “front-row seat” in our living room. From where I was sitting, I could see the whole kitchen. I guess I should add, before I go any farther, that Mom was still wearing her robe and slippers. The robe was a long chenille that tied around the waist, and she had on a pair of those extra-furry pink house-shoes.

About five minutes later, she was still shaking and tapping, and had even loosened it from the sides of the skillet with a knife. Thinking that she would have more success at the kitchen table, she decided to transport the cake, still holding it upside-down in the skillet, to the table. About halfway between the stove and the table, the cake let go, slick as a ribbon.

Now it was truly an upside-down cake. It was upside-down in the floor, and its “sauce” had left a sweet and gooey trail all down that furry chenille robe, and was in a crumbly pile around those furry slippers. That kind of thing can really bring about a burst of laughter from a kid, and probably any other spectators.

In a few days, I'm sure I'll be thinking of this incident again, and chuckle a little here and there. By the way, I usually do my baking barefoot, and in some kind of lounge-wear.

Induction ceremony should be held in county...

Dear Editor,
Was reading the article on the Kentucky Music Hall of Fame Induction Ceremony.

Seen where some of our county leaders and city leaders attended as well as some local people. My question is why has this ceremony always been held out of town all the way to Lexington? I have my thoughts on why its not. I think the people over the the museum should try and find a way to hold the ceremony here in the county where its located. Think it would be a cool way to spotlight our county and Renfro Valley and the museum. I've been in the museum, and it is nice. Think it is a shame all the money that has been spent and probably very few people even know about it or where it's located.

Thanks,
Libby Ramsey, Brodhead

The Rockcastle County Middle School Musical Theatre and the Rockcastle County Public Library Story Hour present "Aesop's Fables" on Tuesday, March 18, 2008 at 1:00pm at Rockcastle County Middle School in the library. Story hour will take place at the middle school instead of here at the library. The program doesn't cost anything and refreshments will be served afterwards.

The Books for Bikes Social will be Thursday, March 13, 2008 at 4:30pm. All reading logs are due Saturday, March 8, 2008. The participants who will be put into the drawing for a bicycle will be contacted by the library staff to make sure they are coming. You must be present to win. During the

reading social the story of how the books for bikes program began will be told, Ms. Griffith will be drawing names for the bikes, and refreshments will be served afterwards. If you have any questions concerning the "Aesop's Fables" program or the Books for Bikes Social please contact the library at 256-2388.

At story hour this week Jamie Sutton read "Oink, Moo, How do you do?" to the children. Afterwards the children made a little chick out of some pieces of paper and a paper plate. The library is glad to have the students from the high school to come and visit the story hour. The children really enjoy having and the library does also.

Hi, my name is Isaac Steele Richards and I just celebrated my first birthday on February 24, 2008. Besides turning one year old me and my parents also celebrated the birth of my new sister. Abigail Jean Rose Richards was born February 12, 2008. She weighed 7 lbs. 7 ozs. and was 20 inches long. Also helping us celebrate were our paternal grandparents, Henry and Jean Richards of Orlando, our maternal grandparents, Lester and Rose Steele of Boone County and two favorite aunts and uncles, Stacy and William Thomason and Sara and Adam Stallworth.

A World of Plenty

Hear them pray.
This is what they say.
"Lord send us manna today."
They fed us every day, but we turn our heads away.
They are old and hungry, and go to bed each night, alone and frightened in a world of plenty, where you and I live.

Gail Livesay

Tempermental Lady

She's so pretty and fair, temperamental, like some ladies are. She chases away the cold and flirts with us. Plays with a yellow ball and brings pretty flowers. In a dark mood she dresses in gray and chases us away. Her name is spring; we all pray she'll come back to stay, dressed all pretty and gay.

Rockcastle Co. awarded federal funds under emergency program

Rockcastle County has been chosen to receive \$11,032.00 to supplement emergency food and shelter programs in the county.

The selection was made by a National Board that is chaired by the Federal Emergency Management Agency (FEMA) and consists of representatives from the Salvation Army, American Red Cross, United Jewish Communities, Catholic Charities, USA, National Council of the Churches of Christ in the U.S.A. and United Way of America which will provide the administrative staff and function as fiscal agent. The board was charged to distribute funds appropriated by Congress to help expand the capacity of food and shelter programs in high-need areas around the country.

A local board will determine how the funds awarded to Rockcastle County are to be distributed among the emergency food and shelter programs run by local service organizations in the area. The local board is responsible for recommending agencies to receive these funds and any additional funds available under this phase of the program.

Under the terms of the grant from the national board, local organizations chosen to receive funds must: 1) be private voluntary nonprofits or units of government, 2) have an accounting system, 3) practice nondiscrimination, 4) have demonstrated the capability to deliver emergency food and/or

shelter programs, and 5) if they are a private voluntary organization, they must have a voluntary board. Qualifying organizations are urged to apply.

Rockcastle County has distributed Emergency Food and Shelter funds previously with Ashlee's House and Daniel Boone Community Action Agency, Inc.

Public or private voluntary organizations interested in applying for Emergency food and Shelter program funds must contact Tamara Cox at Daniel Boone Community Action Agency at 606-256-5315.

WHAT IS WRITTEN

We have many in the religious world that teach that we inherit the sin of Adam. Is this doctrine true? No beloved, we do not inherit sin, consider Ezekiel 18:20, "The soul that sinneth, it shall die. The son shall not bear the iniquity of the father, neither shall the father bear the iniquity of the son: the righteousness of the righteous shall be upon him, and the wickedness of the wicked shall be upon him." This text plainly denies the doctrine of inherited sin. And what shall we say about Jesus being born of a woman, born into tabernacle of flesh, did he inherit the sin of Adam? What about babies that are supposedly "born sinners", do they need to be saved from sin? What happens to them if they should die in their infancy, will these "totally depraved sinners" be lost in their sin which they are supposed to inherit? You can see that this erroneous doctrine of "inherited sin" creates all kinds of problems with the scriptures, and which has also led to all sorts of other erroneous doctrines, to prop it up. Be not deceived by the doctrines and commandments of men, Col.2:8, Matt.15:9.

110 volunteers take part in Roadside Pride competition

**By: James Renner,
Solid Waste Coordinator
and Rockcastle County
Pride Coordinator**

I would like to take this opportunity to thank everyone that participated in the 2007 Roadside Pride Competition. A total of 110 volunteers picked up 17 miles of roadway on 7 different roads in Rockcastle County. These volunteers worked a total of 268 hours and picked up 304 bags of trash and 7 tires (these numbers do not include the cities of Livingston and Mt. Vernon). These impressive numbers are what allowed Rockcastle County to take home a 2nd place trophy at the Roadside Pride Awards held in Somerset recently.

Congratulations! You, the volunteers, are making a difference!

I also want to say Congratulations to the cities of Livingston and Mt. Vernon for taking home 1st place trophies at the recent Roadside Pride Awards. Keep up the good work!

The people that participated are as follows: Luke J. Mullins, Sandy Lanham, Briana Lanham, Rodney Mullins, Vaughn Rasor, Luther Isaacs, Angela Mullins, Jonathan Poynter, Gideon Coffey, Caleb Coffey, Adiah Coffey, Victor Coffey, Deb Coffey, Luke Coffey, Bob Coffey, Samuel Coffey, Kevin Mullins, Elaine B. Friends set up fund to help tornado victims

The friends of Kim Rumble and Jeremiah Faulkner, formerly of Sand Hill, have established a fund to help the couple who were in the tornado that struck Castalian Springs on February 5th.

According to the family, they lost everything. They have no health insurance and many injuries. Rumble's back is broken in five places, they say and Faulkner's left leg is shattered among many other problems.

They have ongoing

health issues, friends told the press. They are out of the hospital and staying with Rumble's parents.

Donations can be made to any branch of Bank of American in the name of Kim Rumble.

Helping to keep track of auctioned items and items to be auctioned at the Rockcastle Kiwanis Club Radio Auction on Friday and Saturday were from left: club member Jenny Bray, Circuit Clerk and member Teresa Vanzant and Kiwanis Club President Rose Brown. The Kiwanis Club raised about \$5,600 through their efforts, but several items have yet to be paid for and picked up. Those items can be picked up Vanzant's office on the first floor of the Rockcastle Courthouse. (Photos by: Richard Anderkin).

Rockcastle Kiwanis Club members, Rockcastle Circuit Judge Jeff Burdette, left, and Robert Lawson, right, were busy working at the club's radio auction on Saturday morning at the Rockcastle Courthouse. Looking on is Rockcastle Jailer James Miller, also a Kiwanis Club member. In the center of the photo is Charles Saylor, beside Judge Burdette, owner of WRVK Radion Station, which put the auction on the air. Helping Lawson to auction off the items was Bob Randolph, former WRVK employee. About \$5,600 was raised.

Bullock reaffirmed Outstanding Citizen

Mt. Vernon City Councilman Charles Wayne Bullock has been reaffirmed as an *Outstanding Citizen of the Commonwealth*, by State Representative Danny R. Ford.

Besides being a Mt. Vernon City Councilman for several terms, Bullock is also a member of the Pride of Directors, the Unite Club Coalition and president of the All-American Club. He has successfully obtained grants for the Lake Linville area and lends his time and talents on behalf of the Rockcastle Litter Abatement program, serves as litter coordinator for the Rockcastle Fiscal Court and is an active member of the Rockcastle County Adopt-A-Road program.

Minds in the Middle

The RCMS Leadership Team has been hard at work again. This time the group has been focused on fundraising efforts for the Kentucky Organ Donor Affiliation. Eighth grader Jordan Powell, who has received two kidney transplants and will be facing another in the future, has been working with the team to educate our students and staff about organ donation. The team would also like to thank Mrs. Lavada Sowder for sharing her story regarding her son's need for a kidney transplant. As usual, RCMS students are responding with great support.

We would like to congratulate the members of the RCMS Band who performed with the 2008 District 11 Middle School Honors Band Program this past Saturday. The group was under the direction of Mr. Troy Stovall, Director of Bands at Muhlenberg North High School and performed in concert on Saturday night at Madison Middle School. Members from RCMS included Matthew Gonzalez, Mary Weaver, Megan Martin, and Quenton Bishop.

The RCMS Book Fair will be held March 11-14. Students will have opportunities to visit the fair during the encore blocks. All proceeds will go to the RCMS Dance Team.

The deadline for the 4-H Variety show is this Friday March 7th. Students can register for the show by calling the Rockcastle Extension office at 256-2403.

Students at RCMS celebrated Read Across America on Monday with a reading event in the library. Every student was able to choose a new book to keep and share

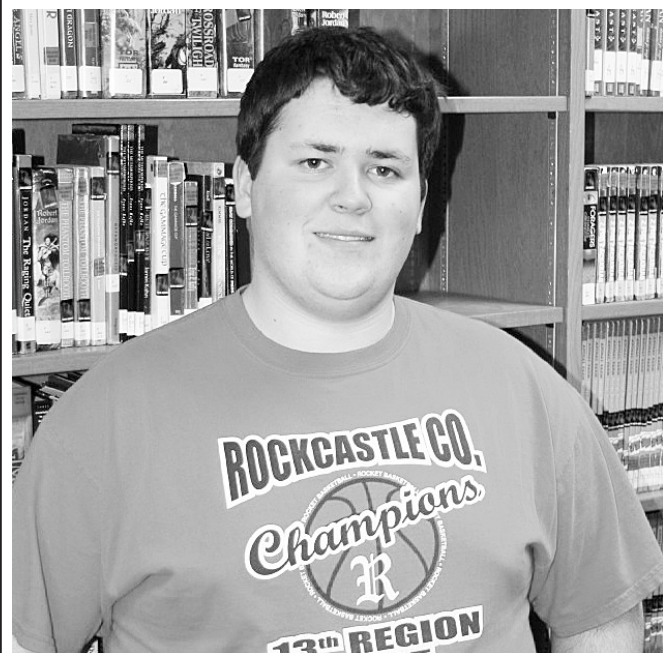

with friends. We thank Gear-Up for helping to make that event possible.

Monday, March 3rd, was mid-term. Mid-term reports

will be sent home later in the week.

There will be an RCMS Unite meeting next Thursday, March 13th, after school until 4:45 p.m. Students may ride the ESS bus home if transportation is needed.

RCHS Academic Honor Roll

Rockcastle County High School Senior Tyler Vaughn, has a 4.02 GPA and is currently ranked 10th among the 204 seniors at RCHS. Tyler is the son of Janet Vaughn and the late Earl Vaughn and lives with his mom in Conway. Tyler plans to attend Cumberland College where he will seek a degree in Chemistry before moving onto pharmacy school. Tyler is the Field Commander for the RCHS Band and has been a member of the band for four years. Tyler is also a member of the National Honor Society and Beta Club and he serves as Secretary for the Technical Students Association at RCHS. Tyler has been a member of Chorus at RCHS for two years and is a member of the all-state chorus for this year.

In championship game of 47th district

Lawrence comes off bench to lead Lady Rockets to win over Casey

Lady Rocket freshman Angie Lawrence saved her best varsity game of the year for the post season and boy it was it her best.

Lawrence, who had started on Monday night, came off the bench on Thursday night to score 24 points, leading the Lady Rockets to a 66-57 win over the Casey County Lady Rebels in the championship game of the 47th district.

The Lady Rockets have won the district each of the three years since joining the 47th district and five years in a row.

"It was a total team effort and no doubt much of the credit for this win goes to the bench," said head coach Chrysti Noble.

"I think the girls played with a purpose on Thursday night and were in no way going to let Casey County beat them three times this season," she said.

Although the Lady Rockets won by nine points, it could have been a lot worse for the visiting Lady Rebels.

In the fourth quarter alone, the Lady Rockets turned the ball over six times and missed nine free throws.

"There is always something you've got to work on, I don't care if you win by 25 every game. I think the next couple of days we are going to work on free throw shooting," Noble said.

Although the Lady Rockets' two leading scorers on the season, Sarah Rowe and Sara Hammond, scored a combined 17 points, Rowe had 13 and Hammond managed only 4, six other Lady Rockets, including Lawrence, took up the slack.

Junior Ashley Robinson turned in one of her best performances of the season with 14 points and several key rebounds.

Other Lady Rockets getting into the scoring column were: Morgan Collins 5, Mary Saylor 3, Katy Mattingly and Jackie Alexander 2 each.

Coach Noble has led her teams to six district titles and

three second place finishes in the district in her 18 years as head of the Lady Rocket program.

Beat Danville 69-47 Lady Rockets advance in 12th region

The Rockcastle County Lady Rockets never looked back on Tuesday night after leading 8-0 early in the first quarter against Danville, beating them 69-47, in the first round of the 12th Region.

The Lady Rockets, now 21-8 on the season and fresh off another 47th district title, led by 11 at the end of the first period and by 17 at half-time before winning by 22, over the Lady Admirals.

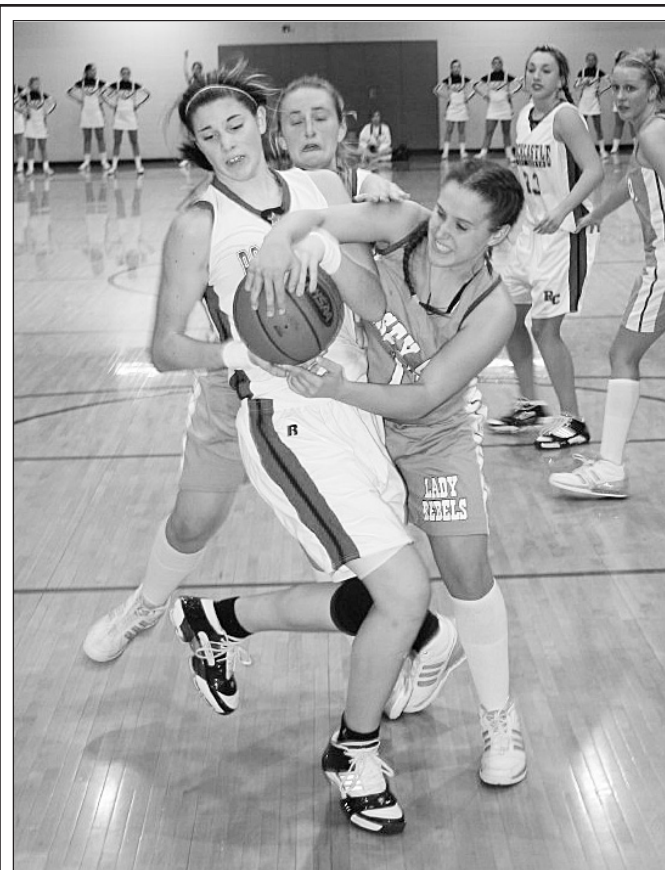

Senior Sarah Rowe scored 12 points in the first half and 12 in the second to lead her team in scoring with 24.

Sara Hammond avoided foul trouble for the first time in post season play, and turned in a stellar performance on both ends of the floor, especially on the defensive boards.

Lady Rocket Mary Saylor drives to the basket against Casey County on Thursday night. The Lady Rockets beat Casey County 66-57 and Danville 69-47 on Tuesday night in the first round of the 12th regional tournament at Stanford. Saylor had three points against Casey, but scored seven points, all in the second half, against Danville.

RCHS freshman Lady Rocket Sara Hammond fights for a rebound against Casey County on Thursday night. The Lady Rockets won the 47th district title Thursday and then defeated Danville in the first round of the 12th region on Tuesday.

The Lady Rockets leading scorer, Sarah Rowe, puts in two of her 13 points against Casey County on Thursday night in the championship game of the district. The Lady Rockets beat Casey and then easily defeated Danville on Tuesday night in the region. Rowe had 24 points against the Lady Admirals.

Soldier Tyler Strunk presented Lady Rocket freshman Angie Lawrence with the Kentucky National Guard Player of the Game trophy, after Thursday night's championship game against Casey County. Lawrence came off the bench to score 24 points. Strunk is a member of the Mountain Warriors National Guard Unit. Senior Sarah Rowe won the award on Monday night, when the Lady Rockets defeated Somers.

Freshman Angie Lawrence drives to the basket in the Lady Rockets' 66-57 win over Casey County in the championship game of the 47th district on Thursday night. Lawrence had 24 points on Thursday and six on Tuesday against Danville.

Lady Rocket Morgan Collins goes around a Casey County player as she heads to the basket on Thursday night. The Lady Rockets beat Casey in the finals of the district and Danville in the first round of the region. They will play Mercer County on Friday night at Lincoln County High School.

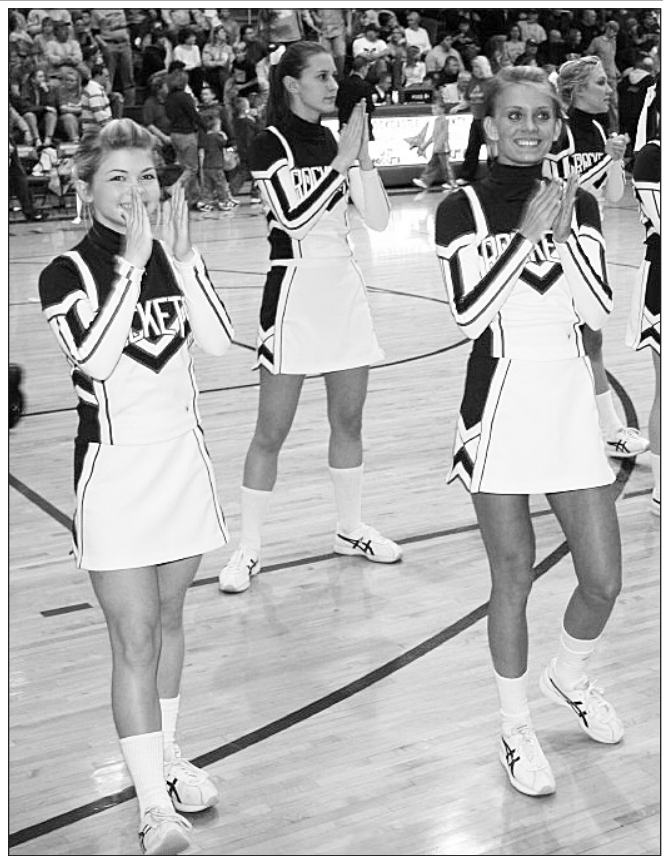

Junior Lady Rocket Katy Mattingly was back in the starting line-up on Thursday night against Casey County, after coming back slowly because of a broken nose earlier in the season. The Lady Rockets won the district and advanced in the first round of the region on Tuesday night.

Lady Rocket junior Ashley Robinson gets ready to go up for a shot against Casey County on Friday night. Robinson had 14 points against Casey and 10 on Monday night against Danville.

As always, the RCCHS Pep Band was on hand to help bring the crowd to life at last week's 47th district tournament at RCCHS. Some members of the Pep Band are shown above, front row from left: Jarrett Hamm, Tony Potter and Seth Cain. Back row, from left: Christy O. Napier, Samantha Bullen and Catherine Hounshell.

Girls look for 3rd straight title

Track teams prepare for State Championships

The RCHS track and field teams had their final tune-up this indoor season this past Saturday at Mason County. The meet marked the end of a very successful indoor season thus far, as the teams prepare for the Mason-Dixon Games Class 2A Indoor State Championships in Louisville this weekend.

The RCHS girls' team closed out the regular indoor season with a 2nd place finish at Mason County with nearly 30 teams present. The girls' missed several key team members due to illness and were defeated by Louisville Ballard, the overwhelming favorite for the Class 3A Indoor State Championship.

The girls were led by senior Morgan Thacker and sophomore Samantha Smith, who

both enjoyed many outstanding performances. Morgan finished 3rd in the 55-meter dash in 7.68 seconds, while Samantha placed 5th in a close 7.69 seconds.

Morgan took top honors in the long jump competition, placing 1st with a great effort of 17'0.5". Samantha finished a strong 3rd with a terrific jump of 16'3", the second best of her career. In triple jump, Morgan finished 2nd with an exceptional season's best effort of 33'10". Samantha had a great effort as well, finishing 3rd with a jump of 32'8.5".

Samantha also ran a spectacular race in the 400-meter dash. She finished 5th overall with an exceptional time of 1:06.79.

Morgan will look to repeat her double indoor state wins in long and triple jump at the Mason-Dixon Games, while also seeking her first indoor title in the 55-meter dash and anchoring the defending state champion 800-meter relay team.

Samantha will run lead leg on the 800 and 1600-meter relay team, and will also be a favorite for the indoor state title in the 400-meter dash. She ran lead leg on last year's 800-meter relay indoor state championship team. As with Morgan, Samantha is capable of winning the 55, long jump, and triple jump and provides RCHS with a perfect back-up for those events should the need arise.

Freshman Jessica Albright ran exceptionally well in both the 55-meter hurdles and the 400-meter dash. In the hurdles, Jessica finished 8th overall with a sensational time of 10.3 seconds. Jessica also finished 8th in the 400-meter dash with a solid effort of 1:07.66. Jessica's versatility will be on display at Mason-Dixon as she competes in the 800, 1600, and 3200-meter relays.

Sophomores Laura Dollins and Deana Gabbard, along with 7th grader Michaela Hunter, competed in the distance events with great success on Saturday.

Laura led the way in the 800-meter run, finishing 5th in an incredible time of 2:40.41. Laura, in her first full indoor season, has established herself as a perennial state title contender in the distance events - particularly the 800, her best event. She will be a strong favorite for the indoor state title at Mason-Dixon.

Michaela finished 12th in the event in 2:52.23, while Deana placed 25th in 3:02.47.

In the 1600-meter run, Michaela led RCHS with a 3rd place finish overall in a stellar 5:52.14. Michaela, last year's outdoor state champion in the mile, will run the 1500 and 3000-meter runs as Mason-Dixon, with an opportunity to pull off a difficult indoor double.

Laura finished a strong 5th in the 1600 with a great time of 6:02.03. Deana placed 12th in a solid 6:28.27.

Laura, Michaela, and Deana will join Jessica Albright at Mason-Dixon in the 3200-meter relay. At Mason County, the girls finished 3rd in 11:14.

Freshman Amber Hines finished 9th in the shot put competition with a great effort of 25'6.5". Amber will look to have a career best performance at the indoor state championships in the event.

Amber and freshman Ashley Partin, along with Michaela and Jessica, finished 8th in the 1600-meter relay in a time of 4:54.52. Jessica and Samantha Smith, along with 8th grader Chelsea Payne and freshman Kayla Howard will likely run the event at Mason-Dixon. Both Chelsea and Kayla missed the Mason County meet due to illness.

The RCHS boys' team placed 15th overall with many outstanding individual performances.

Freshman Justin Smith led RCHS with three great performances. In long jump, Justin leaped an incredible personal best 17'10" and placed 9th overall. In the 400-meter dash, Justin placed 14th in an impressive 59.22 seconds. He had an amazing indoor performance in the 800-meter run, finishing 4th in an exceptional time of 2:17.98. Justin will compete for state titles in the 400, 800, and long jump at the indoor state

championships, as well as the 1600-meter relay.

Senior Dakota Smith got things underway with a great 55-meter dash race. Dakota placed 18th overall in 7.08 seconds. Dakota also placed 18th in the 400-meter dash with an exceptional effort of 59.71 seconds. He also finished an impressive 9th in high jump with a leap of 5'4" and 11th in long jump with a nice jump of 17'2". Dakota will be a state title favorite in the 55 for the boys' team at Mason-Dixon and will also compete in high jump and the 1600-meter relay.

Junior Michael Thomason and freshman Charles Alcorn will run on the 1600-meter relay and 800-meter relay teams at Mason-Dixon.

Eighth grader Ben Lake will compete in the shot put competition for RCHS, while eighth grade teammates Nathan Alcorn and Dustin Cromer will compete on the 800-meter relay team.

The RCHS girls' team will seek its 3rd straight Mason-Dixon Games Class 2A Indoor State Championship title after winning the crown the two previous years. This year's contest will be difficult with last year's runner-up Lloyd Memorial looking strong this indoor season, as well as eight-time defending outdoor state champion Paducah Tilghman who will be as strong as ever. The boys' team will look to just a few competitors to put together a great team performance and make a bid for the top ten.

The RCMS track teams also had their last tune-up before their own state championships this Friday. The girls' team finished 2nd and the boys' team 3rd.

The girls' were led by sixth grader Kelsey Bullock who won both the 55-meter dash and long jump. Kelsey is undefeated so far in three 55-meter races at Mason County and has a shot at the indoor state title in both events, along with teammate Chelsea Payne. Chelsea did not attend Mason County, but enters the Mason-Dixon Games as the top-ranked long jumper in the state.

Eighth grader Makayla McFerron placed 3rd in both

the 55-meter hurdles and long jump.

Seventh grader Crystal Reddington won the shot put competition. Crystal along with seventh grader Amy Johnson, who missed the meet due to illness, are favorites for the indoor state crown in the event.

Makayla, eighth grader Breanna Copenhaver, seventh graders Brooklyn Blanton, Bryonna Cromer, and Harley Riddle, along with sixth graders Lacey Gastineau, Alyssa Allen, and Holly Bradley also hope to add to Rockcastle's point totals with some great performances.

The RCMS boys' team was led by eighth grader Nathan Alcorn. Nathan won both the 400-meter dash and long jump with career best performances. He will be a strong contender for the state title in both events at Mason-Dixon.

Seventh grader Brady McClure had career best performances in the 400 and long jump. Brady will also have a great shot at the indoor title in both events.

Eighth graders Ben Lake and Jadon Brock had career best throws in the shot put competition. Both boys look to have an excellent opportunity to win the event at Mason-Dixon, with Ben entering the competition as the top-ranked thrower.

Eighth graders Jay Patel and Dustin Cromer also look to add to the Rocket's team performance with great individual performances.

The RCMS girls' team has won the Mason-Dixon Games Indoor State title three times in the past eight years and has finished as outdoor state runner-up three times in the last four years, while finishing 3rd two years ago. The RCMS boys' team finished seventh at last year's Mason-Dixon Games, while the girls placed 10th.

The Mason-Dixon Games Middle School Indoor State Track Championships get underway at approximately 5:00 this Friday. RCHS begins its title defense on Saturday with Class 2A Indoor State competition beginning at 12:00.

Sewer line project around Lake Linville underway

Several grants applied for by Mt. Vernon Mayor Clarice Kirby have been approved, including one that will provide sewer service to residents around Lake Linville, and which will also improve the

quality of water in the lake - the city's water source.

"Several things are coming together, as far as grants for improvements in the city are concerned," Mayor Kirby said, at the council's last monthly

meeting, "but there's still a lot to be done."

The Lake Linville sewer project is being funded with a \$750,000 grant from PRIDE and, Kirby said, bids for the project came in lower than expected which will enable the city to extend the sewer line to other roads along the lake.

Two informational meetings were held Monday for residents affected by the sewer line extension at the VFW Club at the lake.

A total of 44 people attended the two meetings which were held to show residents exactly where the sewer line would run and explain how to sign up for the service. The project budget includes free connection for homeowners who sign up within the time frame of laying the sewer line.

"Caucus"

(Cont. from front)

county, who are registered to vote, are urged to attend the meeting.

The county-wide precinct caucus is being held to elect precinct captains, co-captains and youth captains for each precinct.

The Rockcastle County Republican County Convention has been scheduled March 15th, also at 10 a.m. on the second floor of the courthouse.

Precinct officers will elect a County Chairman, Co-Chairman, Secretary, Treasurer and Youth Chairman.

Currently, John Ford is Chairman, Juanita Davis is Co-Chairman, Brenda McKnight is secretary, Janet Vaughn is treasurer and Travis Burton is Youth Chairman.

family needs any type of building supplies, such as 2x4s, sheet rock, singles, plywood, etc.

Anyone interested in helping should contact the Resource Center at (606) 256-9526.

Stallsworth said the Slusher's had no insurance. The family is currently staying with Brooke Slusher's brother, Albert Carpenter.

The next meeting for landowners affected by the sewer line project around Lake Linville will be Tuesday, March 18th, also at the VFW, where the state will require landowners to pay a \$35 fee for their property to be inspected by the smoke test.

Kirby said that landowners who have faulty septic systems will be required to hook on to the sewer line.

That meeting is scheduled for 10 a.m. to 12 noon and several people will be on hand to help fill out the needed paper work.

Upon completion of the sewer line project around the lake, Kirby said residents of Rose Hill Road will also get sewer lines laid, financed with a \$1,000,000 direct state appropriation.

Another grant received by the city is a T-21 80-20 grant for new water, sewer and drainage system on Main Street. The city will have to put up \$96,000 in money and in-kind services for the \$480,000 grant but there is a problem, Kirby said.

"We will have to tear up the sidewalks on Main Street to replace these lines and we have no money to replace them."

Mayor Kirby has, for some time, been looking for grant money for the estimated half a million dollars needed for new sidewalks, extra handicap access ramps and new lighting. "We can't have the public walking in mud on our sidewalks but we have to find funds soon."

Another project recently bid was for another sidewalk project. Bids were let for replacement of the existing sidewalks out Richmond Street and a new one from the end of the existing sidewalk to Rite Aid.

Another project due to go up for bids this week is for a new sidewalk on Lovell Lane to the four-way stop. The \$54,000 project will provide for the ditches to be closed in and handrails to be installed where needed. \$42,000 of the funds were procured for the city by the county from coal severance funds and \$12,000 came from

the Cumberland Valley Area Development District.

A direct appropriation of \$50,000 from the Transportation Cabinet will pay for resurfacing of Newcomb Avenue, new sidewalks and placement of a cluster mailbox.

A new storm drain system was recently installed on the street, also with funds from the Transportation Cabinet.

And, restrooms will soon be installed at the city park, in part with \$9,000 in funding from

coal severance money from the county and city funds and workers making up the difference.

Kirby said there will be a block building built to house the two restrooms.

Besides money for new sidewalks on Main Street, Mayor Kirby said she was actively pursuing the several million dollars needed for a new sewer plant. In the summer, particularly, the plant often runs near maximum capacity.

Beware of callers asking for credit card numbers

Mt. Vernon City Police Chief Terry Jackson is warning local residents to be aware of people, who are trying to get your credit card number over the phone.

Jackson said one local insurance company has received complaints from customers who say they have been notified by phone that their insurance has been canceled and in order to keep current coverage they must supply a credit card number.

Jackson said the caller is posing as a collection agent for the insurance carrier and is a fraud.

The Chief said that if any local resident receives such a call they should contact their local insurance agent to verify the information.

Jackson recommends that residents never give any information to anyone that calls them, especially a credit card number.

Jackson said the Attorney General's office had also made him aware of another scam, where the caller is posing as a credit card company representative, who tells people they are going to get a lower interest rate because of the call.

"Of course they ask for the card number," Jackson said. "If you would like to learn more about current scams go to your search engine on the computer and type in current scams. There are hundreds or thousands of scams to read about on the Internet," Jackson said.

If you have received such a call, contact the Rockcastle Sheriff's office at 256-2032 or the Mt. Vernon City Police at 256-5372.

“Rally in the Valley” held to benefit UNITE

The 2008 season at the Renfro Valley Barn Dance kicked off on Friday night with a benefit for the Rockcastle UNITE Coalition. The Barn Dance cast had a dress rehearsal for their “Spring in the Valley” production of “High School Reunion”, which runs through April 12th. Above, local members of the UNITE Coalition, Bruce Ross, left and John Hale, right, talked with Carlos Cameron, Lake Cumberland Director for UNITE. Approximately \$3,000 was raised for UNITE’s fight against drugs.

Mt. Vernon Mayor Clarice Kirby plays a retired English teacher in Renfro Valley’s Spring production of “High School Reunion”.

Renfro Valley Entertainment Center hostess, Vivian Pennington, takes tickets from Roger and Linda McClure, as grandson Eli Price looks at the camera. Eli’s mom, Gail, is in the background.

The Shermans—David and Delores, Jeff Watson, Pam Perry Combs and Ethan Eversole, performed a gospel song on Friday night.

Senate Week in Review...

By Ed Worley
State Senator

More than 22,000 Kentuckians are diagnosed with cancer each year, and nearly 10,000 Kentuckians die from the dreaded affliction. It is a terrible human toll, but one that can be reduced through early detection and treatment. The Senate passed two bills this week aimed at making sure every Kentuckian is able to get the tests and treatment they need for some of the most common and deadly forms of cancer.

Senate Bill 96 would require all health insurance plans to cover colorectal screenings for those over 50, as well as anyone at increased risk. These preventive screenings, including colonoscopies, can detect colon cancer in its early stages, saving lives and money. Kentucky men have the highest rate of colon cancer in the nation, and Kentucky women are not far behind. Once this legislation is enacted, we are hopeful our citizens will take advantage of these opportunities.

Senate Bill 98, meanwhile, would make sure that all Kentucky women have access to breast and cervical cancer treatment. The bill allows Medic-

aid to cover cancer therapies for uninsured Kentuckians, even those not otherwise eligible for Medicaid.

As we continue to examine ways to help Kentuckians, we approved legislation that will help improve our veterans' access to benefits. Senate Bill 142 would create a database of programs available to veterans and their families. The bill would also create a database of information on veterans themselves so that eligible veterans could be contacted about programs for them. As it stands now, the state has no way of letting our veterans know directly about the benefits for which they qualify. As much as we have tried to expand their opportunities, they do no good if our brave men and women cannot take advantage of them. SB 142 would also increase the number of veterans' benefits field representatives and regional administrators to help make people aware of what is available to them.

This week's session came to a somber close with the commemoration of the 50th anniversary of the Prestonsburg School Bus Crash of 1958, still considered the deadliest highway accident involving children in the United State's history. Only the Carrollton school bus crash of 1988 equals the accident as the deadliest in the nation.

En route to school that cold, cloudy February morning, a school bus loaded with 48 students never arrived. The bus collided with a tow truck, swerved and hit a parked car, and then plunged into the icy water of the Big Sandy River. Twenty-six children, ranging in age from 8 to 17, and the bus driver died in what is still remembered as one of the deadliest school bus crashes in history.

The incident touched not only residents of Prestonsburg and Floyd County, but also residents across the Commonwealth. Because of this tragedy, we have enacted stiffer school bus regulations and have emergency and rescue squads across the state. After a search for children that lasted 69 days, Floyd County was prompted to establish the state's first emergency and rescue squad, which was recently honored with a national award.

As we enter the third month of the session, the nights will be longer in Frankfort as we work together for a better Kentucky. Please follow the action of the General Assembly online at www.lrc.ky.gov, and if you have an opinion on any bill before us, call our Legislative Message Line at 1-800-372-7181 or e-mail me at ed.worley@lrc.ky.gov.

Legislative Update...

By Danny Ford
State Representative

House Wraps Up February
With A Demanding Schedule

With the deadline for requesting new bill drafts and the eighth week of session behind us, legislative committees and the House of Representatives acted on a number of bills the last week of February.

House Bill 182, passed by the House Appropriations and Revenue Committee, would require Property Valuation Administrators to update their address records in order to retain the in-care-of address, or appropriate address, of the taxpayer. The Property Valuation Administrator would also be required to consider returned in-care-of address notices as undeliverable and recognize a deed to real property including a statement indicating the in-care-of address to which the property tax bill may be sent.

The House Banking and Insurance Committee voted to expand the two-year state health insurance subsidy program ICARE. House Bill 533 would establish the program permanently and extend ICARE coverage to businesses with less than 50 employees. Employers who cover high-cost health condition employees would be provided an enriched coverage plan and flat monthly subsidies would be given to all ICARE employers. ICARE coverage would be limited to available state funding and, over the next two years, cost an estimated \$5 to \$6 million.

Legislation that would offer an additional measure of protection for individuals who choose to take part in charitable donations won approval from the House Labor and Industry Committee. House Bill 539 would require collection boxes that are used by for-profit organizations to be labeled identifying the organization as one that is for-profit. This would protect consumers from including this donation as a tax deduction and from unknowingly donating for a capitalistic gain. Any organization found in violation would be issued an in-

junction for the first offense and, if the violation is not corrected, would be subject to a fine up to \$20,000.

The House Health and Welfare Committee passed House Bill 540 which would allow a medical professional to inform a patient of a positive result, after conducting the rapid HIV test. Treatment would not start until after receiving a positive result from the confirmatory test, except in the case of a newborn baby whose mother has tested positive. The newborn, with parental consent, would receive immediate treatment to decrease their chances of developing HIV. Currently, a patient cannot be informed of a positive HIV test until the results of the second, confirmatory test are received two to four days later.

In House Floor action, House Bill 179 was approved 94-0 and would direct insurance agents or companies to notify the Kentucky Department of Insurance when a life insurance policy is paid in full. The insurer must also forward the Department of Insurance the policy holder's full name and last known address.

The importation of lower-cost prescription drugs from foreign countries for resale in Kentucky could be provided under House Bill 7 which was approved 95-0. The Governor and Secretary of the Cabinet for Health and Family Services would ask the federal Food and Drug Administration (FDA) to report on whether drug importation poses an additional risk for consumers and if the imported medication would lower the cost of prescription drugs. Additionally, the Cabinet would be prohibited from creating a state drug importation program unless the FDA certifies the drugs' safety and low-cost advantage.

Approved 95-0, the Kentucky Medal of Freedom Award would be established by House Bill 65. Any military service personnel who died while serving their country after January 1, 1991 and was a Kentucky resident would be eligible for this award.

House Bill 134 would establish new regulations pertaining to state non-merit employees. A new state employee mediation program would be created to resolve workplace issues. Additionally, more former non-merit appointees who become merit system employees would be required to serve a one-year probationary period to eliminate the practice of "burrowing." This legislation, which passed the House 95-0, also seeks to limit compensatory time earned by non-merit appointees, improve the employee suspension process, and

allow merit employees to seek nonpartisan elected office.

Health insurance benefit plans would be required to provide coverage for colorectal cancer screenings under House Bill 162. This legislation, which passed 96-0, would take effect January 1, 2009 and move our Commonwealth towards cancer prevention rather than cancer treatment.

Much along those same lines, House Bill 415 would create a colon cancer screening program. Approved 94-0, this program would provide screening services to uninsured individuals age 50 to 64 and others who are identified as "high risk." However, the number of screenings would be limited to available state funding.

Legislation aimed at reforming Kentucky's public employee retirement systems passed the House 96-0. Under House Bill 600, future state employees would have to work an additional three years, 30 rather than 27, before becoming eligible for full retirement. The cost of living adjustment (COLA) raises for state employees and classified school employees would be reduced by half to 1.5 percent and employee contributions to the retirement system would be increased by 1 percent. The COLA benefits that retired state lawmakers receive would be reduced to match the 1.5 annual COLA that state employees would receive. Additionally, lawmakers would be required to make the additional 1 percent contribution to retiree health care that would be required of state employees.

On Wednesday, House Bill 366 was sent to Governor Beshear to be signed into law. This legislation relates to self-contained storage units and will prohibit the use of a unit as a place of residence. Also included are provisions that define the owners' rights of any leased self-contained storage unit, and the rules and procedures to be used in a lien holder's sale of personal property that was stored in a non-residential leased space.

Over the next few weeks, I will continue to update you on our progress as the 2008 General Assembly continues its work. In the meantime, I hope you will never hesitate to contact me to voice your opinion on an issue or receive more information about any of the bills before us this session. I can be reached at home anytime, or through the toll-free message line in Frankfort at 1-800-372-7181. If you have internet access, you can e-mail me at danny.ford@lrc.ky.gov or keep track through the Kentucky Legislature Home Page: <http://www.lrc.ky.gov>.
