Benton and Margaret Doan's family lost everything after fire destroyed their mobile home on Menifee Hill on Friday afternoon. The above photo shows what is left of a back bedroom where the electrical fire apparently started.

## Fire destroys home on Menifee Hill

The family of Benton and Margaret Doan lost everything in fire that broke out in their mobile home at Menifee Hill Friday afternoon.

Mt. Vernon and Brodhead firefighters responded to the fire, which apparently was caused by faulty wiring in a back bedroom of their trailer. The Doans, and their children Christa, 14 and Megan, 9, lived in the trailer along with their dog, Tiko and guinea pig, Sparkle.

Family members said the dog and guinea pig perished in the 2 p.m. fire. The Doans did not have any insurance.

Brodhead firefighter David Witt hooks up a hose in order to get water from the fire truck he drove to the scene of a mobile home fire Friday afternoon. Brodhead assisted Mt. Vernon firefighters at the scene of the fire, which happened around 2 p.m.

## Small crowd attends open forum about annexation

By: Richard Anderkin

Only 15 people attended an open forum, sponsored by, and held at, PD3 in Industrial Park #1 last Thursday night, where a recent annexation of property by the city of Mt. Vernon was discussed at length.

But the only person in attendance who could answer any questions on behalf of the city was engineer Luther Galloway, who has done extensive work on the annexation plan.

Rex McDonald, president of PD3, said his company had sent out invitations to city and county officials, well in advance of Thursday night's forum.

The main concern of the small crowd was whether or not an effort to have the annexation placed on the ballot would be in vain, because those circulating the petitions do not have enough information and therefore possibly not enough signatures for that to happen.

McDonald and others had a list of 146 property owners the city says will be effected but several questioned whether or not signatures from 50 percent of those property owners would be enough.

Property owner Connie Riddle, who is also a registered voter in the area being annexed, told the crowd she was the author of the petition and that two petitions were currently being circulated.

Riddle said signatures were being collected from property owners and from registered voters in the annexation area.

Riddle said that before petitions were circulated she had asked Mt. Vernon Mayor Clarice Kirby to look over them so there would be no questions as to whether or not the Mayor would certify the petitions.

Riddle said she had not

talked to Mayor Kirby, but that city employee Jill Medley told her the Mayor had looked over the petition and had asked that each signer of any petition give their current address.

McDonald said he only wanted the issue to go on the ballot so it could be voted on by those affected. He told the crowd his main concern was for his 26 employees who would be required to pay city payroll taxes and not receive any more benefits.

He also said the city should have to show how much more revenue would be generated by the annexation ordinance and how it would be spent.

Don Jones, who is a candidate for Mt. Vernon City Council in next month's general election, asked Galloway if, after a new council was seated

## Criminal case against Mayor Kirby continued

The criminal case against Mt. Vernon Mayor Clarice Kirby was continued Monday by District Judge Scott Lawless until December 22nd.

Local attorney Jerry Cox, appeared for Mayor Kirby in court on Monday and asked that her arraignment be delayed because of current health problems.

The Mayor was charged with official misconduct on September 22nd, after Rockcastle School Superintendent Larry Hammond obtained a warrant for her through County Attorney Billy Reynolds office. The Mayor, who has said she is innocent of the charges, has continued to conduct the duties of Mayor, while she is free on a \$500 cash bond.

## Brodhead man jailed for threats against Principal

A Brodhead man was arrested Tuesday afternoon, after making threats against Brodhead Elementary School principal Caroline Graves.

The threats made by Thomas Bullens, 23, of Silver Street, prompted the principal to lock down her school for just over an hour on Tuesday afternoon, just as a precaution.

Graves said the threats were made against her over the phone and that Bullens was never on school property.

The principal said Bullens called the school seeking information on a child that he is not related to and that when he was denied the information because of school policy, he began to use very vulgar language and threatened the principal with

bodily harm.

Graves called police who arrived at the school before school let out at the normal 3:30 p.m. time.

"I never laid eyes on Mr. Bullens and if anyone had seen him in the area, we wouldn't have let school out," Graves said.

Thomas Bullens was released from jail on Wednesday morning.

## McConnell to be at Hall of Fame next Thursday

Incumbent Republican U.S. Senator Mitch McConnell will be at the Kentucky Music Hall of Fame and Museum in Renfro Valley, next Thursday for a campaign rally.

Organizers announced Wednesday that the four term incumbent, who is in a tight race with Democrat challenger Bruce Lunsford, will arrive in the Valley around 10:30 a.m.

McConnell's stop in the county is part of a state-wide bus tour.

Senator McConnell is the Republican Minority Leader in the United States Senate.

## Brodhead Trick or Treat night is Oct. 31st, Mt. Vernon's 30th

Rockcastle County trick or treaters are in for a double dose of fun this year because would-be ghosts and goblins, princes and princesses are invited to go door-to-door in the cities of Mt. Vernon and Brodhead on two separate nights.

Brodhead will have Trick or Treat Night on the traditional day of October 31st from 6 to 8 p.m. and Mt. Vernon will let the youngsters go door to door, the night before on Thursday,

October 30th at the same time.

Brodhead officials said they had already reserved inflatables for their Halloween in the Park, for the traditional night and Mt. Vernon officials said they were trying to avoid a conflict with the RCHS football game.

Brodhead's Halloween in the Park is scheduled for 5 to 8:00 p.m. on Friday the 31st

Caught Flat footed.  
Caught with your pants down.

Left the barn door open and the cows got out.

Etc.

There are any number of old sayings about getting caught off guard when one thing seemed obvious and something else happened.

So what I want you to do is email me or snail me and let me know any of those old saws that you remember and we'll put em right here in your family newspaper in a week or two just so you can further describe the fool that I have been over the last few days. Contact information is at the bottom of this column.

So here's what happened last week-end that has me walking around with my tail between my legs when it isn't dragging my tracks out.

Last Saturday night UK played Arkansas in a football game that I really wanted to watch. But I couldn't afford tickets to the game at Commonwealth Stadium because I have to purchase food and make a house payment and I was un-

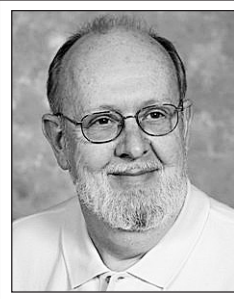

willing to take out a second mortgage on my place to raise enough cash to go to the game.

And it was only available, televised, on ESPN signal 43 divided by the square root of 11 multiplied by pie or something like that. And we don't get that station even on pay-per-view with a satellite. Some people obviously do but they pay big \$ for cable not available in Paint Lick. So I put on my hat and my UK letter jacket and huddled up in the cab of my pickup which I bought from son-in-law Kevin Ochs a year or so ago and tuned in 98.1 because Kevin has good taste in sound systems and the one he had installed when he bought the truck will literally make the tires tremble if you turn it up loud enough.

Surround Sound. When the wildcat growls it will lift the hat right off your head and suspend it there on the ceiling of the cab. When the crowd roars you hear it way better than if you were right there in the stadium. It's like being blind but at the game.

And, so, I sat there, last Sat-

## The Willow Whistle

A few days ago I was leisurely strolling through an antique mall, and I noticed a small, vintage willow whistle like one that my grandfather Gene Stokes made for me when I was a little boy.

Pop grew up in the Great Depression and was used to "making do" with whatever he could. As a result, he learned to make a variety of items out of the most common objects.

Pop took great pride in teaching me that human ingenuity is a valuable resource. One afternoon when I was about 7 years old, he took me into the woods near our house in order to find a piece of willow. He wanted to show me how to make a whistle. I was excited to learn anything from him because he was my hero. The only tool that he carried into the woods that day was his trusty pocket knife, which he used for a wide variety of uses. That same knife was used to peel an apple, dig out splinters, cut rope, and make his grandson several toys.

After he located a straight piece of willow, he hollowed out the pith in the center and began to carve the openings that would allow the wind to pass over his design to make the whistle sounds. We were sitting on a log as I witnessed the transformation of a small piece of wood into what I thought was the most awesome whistle I had ever heard. Finally, he took a small piece of leather out of his pocket and made a lanyard so that I could wear my new whistle around my neck. It was very cool, too, but the most important thing was that he had made it for me. Today, I would give a king's ransom for that little whistle.

The whistle was not the only item that Pop designed and constructed for his grandson. One day he showed me how to make an Elderberry pop-gun. We went back into the woods and found a small Elderberry shrub, and he cut a small, straight branch about a foot long for the barrel. He then located a hickory twig in order to push the pith out of the barrel as well as to use for the ramrod.

He proceeded to teach me which berries should be used as ammunition for my new popgun. After loading the berries into the barrel, he showed me how to position the ramrod - so that when it was forced through the branch, the berries "fired" out of the tube with a loud bang. Of course, I was quite impressed with his knowledge of woodworking skills.

As I became older, Pop showed me how to construct many other items from wood. There is one particular day that I will never forget. Early on a Saturday morning he came into my bedroom and told me to get out of bed because we were going to build a house for me to use as a "playhouse." I was stunned.

He had been planning this day for several weeks, because all of the items needed for this small building were lying inside the garage. Two by fours, nails, shingles, hinges, locks, and even a light for the ceiling were carefully placed there.

We carried all of the materials into the yard, and he asked me where I wanted my playhouse to sit. I showed him a shady spot near a large oak tree, and then we went to work.

As he carefully constructed my house, he described each step and explained exactly why he was doing each process. Not only was he building me a small room, but he was teaching me how houses were constructed. Carefully, the walls went up, and the roof was nailed into place. I assisted him with each step by measuring the wood and helping him saw each piece. I will never forget what I learned that day.

We only stopped for lunch. By the end of the day, my playhouse was neatly standing near the oak tree. It was now ready for me to begin the job of painting the walls and decorating inside. Pop had even purchased the white paint for the clapboard outside!

The last job was to hang the door and install the lock. He gave me the only set of keys for my house. The inside dimensions were approximately 4 feet by 4 feet with a small attic in the roof with just enough room for me to lie down. He even shingled the roof so that I could put my personal belongings inside without fear of them getting wet.

For the next few days, I carried my toys, books, and my BB gun to my own little house by the oak tree. I have never been so proud of anything in my life. Once again, Pop was my hero, and I loved him for taking the time to show me how buildings were designed and constructed. I was only eight or nine years old at the time, but that little house was still standing when I left for

## Exercise to Lose Weight

Presented by James Messer, MSPT

Losing weight and staying at an ideal weight is a lifelong battle for most of us. Everyone wants to lose weight, and everyone thinks that exercise is a quick, though not easy, way to do it.

Actually exercise is a relatively slow way to lose weight. There are 3500 calories in each pound of fat, and this is more than enough to run a marathon. A full marathon! If you run five miles a day every day of the week, you would burn up only one pound of excess fat each week.

The weight loss is even less on the scale because the training will increase your muscle mass. This is good, of course, but the number on the scale is what a person looks at. The good news is

that the increased muscle mass burns more calories, even at rest.

Even if it is a slow process, exercise is still the key to any weight loss program. Your eating habits usually improve right along with increased fitness. One of the most beneficial results is that a person tends to cut out snacks and other "empty" calories that would otherwise be eaten. An ounce of potato chips is the equivalent of walking almost two miles or biking five miles. Exercise can even help suppress hunger pains.

Exercise also promotes a healthier life style. A person may take the stairs rather than the elevator, or walk or bike to the post office rather than take the car. Over time, these small improvements in a person's physical activity, as well as his eating habits, can make a big difference in his weight and health.

Life style changes are the most effective way to control weight, and regular exercise is the foundation for many of the necessary changes.

## Cards of Thanks

### Lydia Rogers

The family of Lydia Janice Rogers would like to convey our deepest appreciation to everyone for their kind and caring expressions of sympathy during the recent loss of our mother. We wish to thank Marvin Owens Home for Funerals for their professional and dignified services. Thank you to Donna Roberts, Martha Hamm and the ladies at Northside Baptist Church for helping with food as well as the Quail Fire Station for use of their facilities. Thank you to the many friends and neighbors who brought food, sent flowers, called, visited or ministered to us in any way

during this difficult time.

We especially thank you for remembering us in your prayers. Thanks also to Bro. Chad Burdette and Bro. Charles Carter for their kind words of comfort and honor. We would also like to recognize the special and tender care given to our mother by the Hospice Care Plus team, especially Teresa Hopkins and Liz Baker. Thank you for everything you did for Mom.

May God bless each and everyone of you.

### Chassie Sargent

The family of Chassie Sargent would like to thank everyone for the many acts of kindness shown to our family during the time of her illness and passing. Words could never express how much we appreciate all that was done for us through this difficult time. Thanks for all the calls, visits, comforting words, food, flowers and, most of all, the many prayers which were offered on our behalf.

Thank you to Marvin E. Owens and his staff for the professional and caring job they did.

A special thank you to all the grandchildren and their spouses and to Bro. Darren Cupp, her pastor, for the beautiful funeral service for Mom.

We will never forget the concern shown by mom's neighbors, friends, members of our church family. The delicious meal prepared by Hickory Grove Pentecostal Church was very thoughtful. Your love and support will never be forgotten.

# Sand Hill Baptist Church was established in 1911

The United Missionary Baptist Church at Sand Hill was organized on December 16, 1911 with 13 charter members.

Some of the original members of the church were Isaac Clouse, Mary Clouse, J.A. Parrett, Mary Parrett, Asia Stokes, Martha Stokes, Bill Rash, Dora Rash, Rhymin Bullock, Rachel Bullock, Billie Sams, Jaley Parrett and Martha Ball.

Other Christians from Hope Well, Pleasant Run and Fairview helped establish the first church. The current building was built in 1950.

Like many small churches in

the county, Sand Hill's attendance varies from 30 to 50 people each week, with their attendance on Sunday, October 12th being 42.

Tommy Miller was elected pastor by the congregation on October 3rd of 1999.

Also in 1999, new bathrooms were built in the church and, in 2007, the church underwent major renovations.

That year a new fellowship hall, which included a kitchen, was built on the side to the church and the inside of the church was also remodeled.

Other recent renovations at the church include a new roof,

new siding and a new bell tower.

Teddy L. Mink is the only deacon at the church and his wife Sharon serves as secretary.

Alice Mason is the song leader and the church's treasurer is Sharon Miller, the pastor's wife.

Benevolence is important at Sand Hill Baptist, last month alone the congregation was able to help some less fortunate people by donating approxi-

## Pay increase for ERWA board questioned...

Dear Editor,

All but one member of the Eastern Rockcastle Water Association (ERWA) board of directors voted themselves a huge increase in pay at their last monthly meeting, Tuesday, October 14th. The only action by Murphy Martin, ERWA vice president, during the entire meeting was to introduce a motion to increase payment of board members from \$35 to \$50 per month, a whopping 43 percent increase.

David Ballinger, a recently elected board member, jumped on this proposal with several other board members like a starving dog on a big juicy bone. Ballinger seconded Martin's motion and there was an attempt to approve it in a mad dash even before there could be any discussion.

Only June Whitler, ERWA board member, objected and did not vote to approve this increase. She questioned the justification for paying members of a voluntary board and asked how in the world such a large increase could be merited.

Randy Corry, ERWA general manager, jumped into the loud and excited rabble in an attempt to explain why ERWA board members should be paid and why the large increase was justified. He said ERWA board members had been paid for quite some time on a quarterly basis and that the large increase was justified because of high gas prices. He said that Martin had to meet with him frequently to sign papers an do other tasks.

Murphy Martin, and other board members who were licking their chops at the thought of getting a Wall Street type pay increase, chimed in that Corry's explanation was correct.

However, Corry and these board members obviously failed to comprehend their flawed logic, that is justifying a big pay increase because of high gas prices at the very time gas prices had a record decline and are predicted to fall further.

It should be recalled that Corry does not have a sterling record for providing sound rationales. In the last few months, Corry was involved in a showy dismissal of a staff member, repeating variations in public of a vague claim that the employee either threatened him with a gun or inappropriately had a gun in the former ERWA business office. Corry then rehires this staff member, first on a temporary and then regular full-time basis. Right on the heels of these seemingly irrational acts, Corry claimed there was a Judas-betrayal of him, which was mysteriously and conveniently revealed by board member David Ballinger just in

time to keep Corry from being fired in a specially called board meeting in which another staff member was unexplainably terminated from employment.

While it is impossible to fathom some of this nonsense, it is not difficult to conclude that members of a voluntary water association board should not have their pay raised from \$35 to \$50 a month. If the board wants to compensate members for travel expenses, have them submit mileage reports and pay them per mile, based on approved IRS rates. We already pay some of the higher water rates in the state and do need to have our limited resources further squandered by a board that does not seem to care about its users or their own fiduciary responsibilities. ERWA water users should contact Dell Ponder, the ineffectual ERWA board president, and demand that he introduce a motion at the next meeting to rescind the insulting pay increase. If Martin, Ballinger, and other board members who voted themselves a \$50 monthly welfare payment, do not want to serve as voluntary board members, let them all be replaced. There are plenty of competent and honest ERWA water users who are ready to step in and provide better leadership.

Respectfully yours,  
Kristen Harper

## We need a new Congress regularly...

Dear Editor,

I watched my first debate last night (Oct. 15th). I want to know why we need to vote for a President? Congress votes everything in or out. I guess they need someone to blame things on so they stay out of the heat.

Some in Congress have been in office for 20, 30 even 40 years. I think Congress should be like the President, they should just serve four years, eight at the most, and then should have to leave Congress.

We vote for a President every four years. We hear all the lies and mud throwing and when they do leave office, our tax dollars pay for someone to protect them for the rest of their life.

I say we stop voting for a president and vote new people into Congress every four years -- not let them stay 20, 30 or 40 years.

We do need a change -- New people in Congress. We need answers and the government is not giving us any. All we get is he did this or she did that. They do not want the blame on them.

People talk about the economy being so bad. The government is to blame for that. They keep letting people into the United States, give them a

Green Card, free housing, free medical care, no taxes, while the people of the United States lose jobs, homes, everything. I say put an electric fence down the border, stop them from coming into the United States and hunt down the ones that are already here and send them back.

The government sends millions overseas to help rebuild from the war. Do you think they would help us rebuild? I don't think so. I say keep the money here. We need jobs, homes, medical care. I'm sick of hearing it's good for the economy. Whose economy? Not ours. We have thousands of homeless people here in the United States because the government keeps helping other country's economy. No ours!

Our prisons are so full now and still the government keeps letting them into the United States. I say if someone is put on death row, don't keep them on it for 10, 20, 30 years. If they are on death row for a year, put them to death. No, they kill people and we keep them alive with free medical care, free training, let them write books and we, the taxpayers, are paying for all of it. If the prisons are so full, and they are, take all the one on death row and put them on an island with no way off or anyone that has a life sentence, send them too. Why should we, the taxpayers, have to keep taking care of them.

All my life I've heard 'if you can't do the time, don't do the crime.' They don't care to do the crime because they know with the time comes free medical care, training, etc. The only thing they the don't have is

freedom -- the freedom to go out and kill or rape again.

And, another thing, people on SSI. Some people really do need it. Then you have the drunks and the druggers. The government should put the drunks and druggers into rehab for one year, then into some kind of training. Not give them a check each month to go buy the stuff that put them on SSI to begin with.

I know people that are really sick that have been turned down for SSI.

One more thing I want to talk about -- seat belts. We have to wear them when we drive. We have to seat belt our children. Would someone please tell me why school buses have no seat belts? You take 30, 40, 50 children on a bus, they should have to wear seat belts. If it's a law we have to wear them in our car, it should be a law that children have to wear them too.

Teachers are always saying they don't get paid enough. I think pay should be based on passing grades. If the children are not doing good in school, cut that teacher's pay. I had teachers tell me when I was in school, 'I don't care if you learn or not, I get paid any way.'

Sincerely,  
Linda McWhorter  
Mt. Vernon

## Fourth graders thank local leaders and business owners...

Dear Editor,

The fourth grade students and teachers at Brodhead Elementary would like to express our appreciation to some of the

local leaders and business owners in our community. Recently, the fourth grade students needed t-shirts for a program that they are involved in; the program is Too Good For Drugs. We were amazed by the support from our leaders and businesses in the county when we asked for donations to help purchase these shirts. As a result of donations the students received their shirts at no cost to them. We want to thank the following leaders and businesses for donating money to buy our shirts: Margaret Offutt, Citizens Bank, Norma Houk, Teresa Vanzant, Marlene Lawson, Singleton and Associates, James Miller, Buzz Carloftis, and Jeff Bradley. By donating, you support not only the effort to keep kids off drugs, but show that you support what we are doing in our schools. We truly appreciate

the support that you have shown us, and are grateful for it.

Thank you,

Brodhead Elementary 4th Grade Teachers and Students

## Should the courts decide issues, or should Americans...

Dear Editor,

Voter fraud and voter disenfranchisement have taken on a prominent role in the upcoming election during the past few weeks. Concerns about unverified Ohio voter registrations should be a concern to everyone who favors fair and free elections. Much more well known is the string of fraudulent voter registration issues involving ACORN, an organization that Barack Obama be-

urday night, surrounded by the sound and the gathering chill and listened to UK get soundly whipped by the Razorbacks until the score was 21-7 (Ark) and there were five minutes left to play and Arkansas had made another interception. At which point I froze out, came into the house, told Loretta that UK had been ruined and went to bed. I even called my brother Steve, and left a message on his machine that I was sorry for the loss, even though it was not my fault.

In the meantime, I completely forgot about my late tomatoes. There was no frost in the forecast in the newspaper but I was so poed that I didn't even watch the nightly news.

So I woke up Sunday morning, looked out the window and my heart sank. We had frost that looked like snow-fall. For the first time in at least a decade, there will be no home grown fresh tomatoes at our place come Thanksgiving dinner. Even my green tomatoes were fried or boiled or whatever you call ruined on the vine. As were my late peppers, tomatillos, basil, lettuce and cilantro.

I was on the verge of crying and then I fetched the paper to discover that between my turning off the radio and going to bed, UK had miraculously won the football game. And I missed it!!! According to the announcers, way more than half the fans had left the stadium when I tuned out. The Razorbacks were due to score another touchdown or two and it was time to go to bed. I couldn't stand more bad news.

In retrospect, I should have

watched the late news. In which case Loretta and I could have beat the frost to our veggies and picked some buckets full and covered the ones we couldn't get to with heavy plastic. I could have gone to sleep with joy in my heart that UK had actually won even though I had not been part of the experience.

But the bottom line is that I was left flat footed, with my pants down, and I'm rather embarrassed by the experience.

gan his career with as a “community organizer” although fairness requires noting that Senator Obama was not personally involved in any of the fraud. When ACORN registers the deceased, several members of the Dallas Cowboys and community leaders named Mary Poppins, Dick Tracy and Jive Turkey, why would anyone allow the group to continue the abuse, much less give a blatantly partisan group \$31 million tax dollars? However no subject exemplifies the issue of voter fraud better than asking voters to verify their identity by showing a photo ID. This simple common sense protection has repeatedly been challenged in court by National Democrats and the ACLU.

Yet there is a type of voter disenfranchisement that makes even the above seem minor. Consider, for example, voters who acknowledge what a horrendous crime child molestation is and feel that society should protect children by allowing the death penalty for repeat child rapists. Should voters who feel this way, including a majority of voters in Louisiana, have their votes

counted? Not according to the Supremacists on the U.S. Supreme Court who have decided that they do not agree with the voters' opinions. Instead of having the voters decide this controversial issue 5 of the 9 justices on the Court feel they should decide [Kennedy v. Louisiana, 2008]. And, as in the case of the death penalty for juveniles, they barely even try to pretend they are following the Constitution. Instead they point to things such as laws in foreign countries, and a so-called “consensus” which does not contain even half of voters [Roper v.

Simmons 2005]. Similarly consider the voter disenfranchisement of Americans who feel that private property should forcibly taken by the government only for public use. Should these Americans have their votes counted? The constitution allows eminent domain only in cases of “public use,” but the Supremacists on the supreme court do not like the clear language of this requirement. Instead, they reinterpret “public use” to mean taking the house that you built and raised your family in and giving it to a private strip mall developer. Once again your

vote, and the vote of all other citizens, is trumped by the Steven Breyers and Ruth Bader Ginsburgs of the world [Kelo v. City of New London, 1985].

As you go into the voting booth you should consider civil right number 1A: the right of Americans to decide controversial issues through the democratic process. Barack Obama favors judges who legislate from the bench and “outvote” all other Americans time after time. John McCain favors letting you decide.

## DAR October Meeting...

The Rockcastle Chapter of Daughters of American Revolution met at First Christian Church on October 14th. Regent Onna Kay Owens presided at the meeting. Nine members were present.

The program - a short history of Cassius M. Clay and his family - was presented by Betty Lindblom. She shared pictures and oral history passed to her from family members. Betty's

son owns property adjoining the White Hall estate which is believed to be part of the original Clay estate.

On November 11th the members of Rockcastle DAR will participate in the Veterans' Day Celebration at the Rockcastle Middle School.

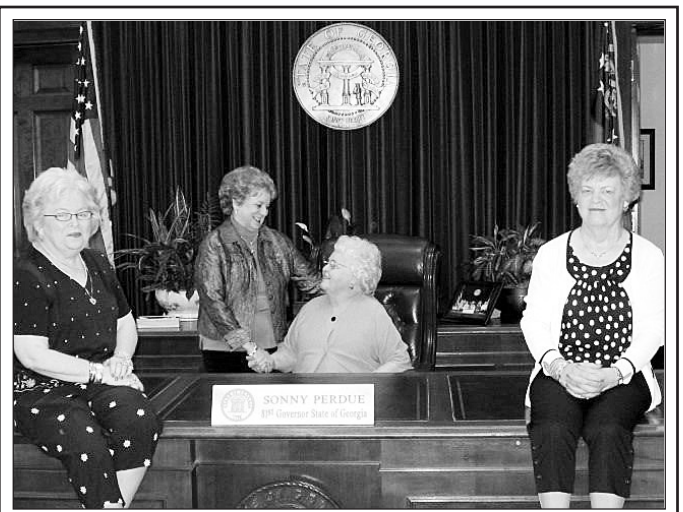

Any person who is interested in joining the Rockcastle Chapter DAR is invited to contact the Regent, Onna Kay Owens or any member.

Betty Lindblom

Onna Kay Owens

On a recent visit of Georgia's State Capitol, Rockcastle DAR members Ms. Mary Alice Hunt, Mrs. Kathleen Hunt, and Mrs. Virginia Darst were led on a tour of the Governor's office by their cousin, Mrs. Esther Gustafson Williams. Mrs. Kathleen was invited to "sit in the Governor's seat" for the picture. All four of these ladies are seriously involved in American history and visiting state capitols is a hobby of Mrs. Kathleen Hunt.

Motorists should be aware of a huge hole on Church Street in Brodhead, which has not been repaired. According to Mayor Walter Cash, a Bee Garbage truck got stuck in the hole recently, after the pavement collapsed while it was picking up a garbage dumpster. Church Street runs into Main Street, along buildings which house, Collins Respiratory Care and Marsha's Florist.

Ben Caldwell and Hank Kidwell of Thoroughtruck wait for police to arrive, so they can remove another wrecked vehicle from U.S. 25 at Brindle Ridge on Thursday afternoon. The B&H Tool Works truck, shown above, collided with another vehicle close to Hwy. 1505, where another wreck had occurred earlier in the day. At least two people were hurt in the first wreck, but no injuries were reported in the one shown above.

Mt. Vernon firefighters were called to the apartment complex on Carter Drive in Mt. Vernon on Monday morning, around 9:30 a.m. The fire did very little damage to apartment #114, after the electrical components on a dryer shorted out. Firefighters were able to put out the blaze with only fire extinguishers. Shown above are firefighters, Brandon Reynolds, Darrell Smith, police officers Nathaniel Swartz and Eddie Delaney and Housing Complex Director, Anita Vance. There are 20 apartments in the complex. ## Emergency Conservation Program

Farms experiencing severe drought conditions may be eligible for cost-share assistance under ECP. Rockcastle County has been approved to start a 20 day sign-up period to implement practice EC6, Drought Emergency Measures for damage due to drought in the county and EC7, Other Emergency Conservation Measures – Hauling Water for

Livestock. Sign-ups will begin on October 9, 2008, and will end on October 29, 2008.

EC6: The estimated cost share that will be entered for the request will be 50 percent of the amounts listed for permanent and 75 percent of the amounts for temporary measures.

Permanent measures include: pipeline installed, watering facility installed, spring developments (permanently installed) and water well deepening or installed.

Temporary measures include: dugout/seeps, tank/trough fountain and pipeline.

EC7: The estimated cost share for Other Emergency Conservation measures will be 75 percent. Examples of these measures include: emergency pipeline, hauling tank, storage basin and equipment cost of truck or tractor and wagon.

An onsite inspection must be made by FSA to collect data that will allow a practice eligibility determination to be made. Persons requesting approval

are subject to payment eligibility and limitations.

**Bank account changes**  
If your bank account number changes or there is a change in your banks name notify FSA immediately to ensure payments reach your account timely.

This is very important to those receiving FSA payments as payments can be delayed if we are not aware of changes to your account or routing numbers.

Halloween Party at Rockcastle County Public Library will be Tuesday, October 28 at 4:00-5:30pm. All ages are welcome. Enjoy games, contests, and plenty of treats. Please remember to wear your costume to the party. The library encourages everyone to come out to the library and enjoy the Halloween party.

This past week at story hour the children made sunflowers and read about "The Sunflower House". Next week Tuesday October 28 there will be a story hour Halloween party for younger children ages birth-4 at 1:00pm. You can bring treats if you would like and don't forget to dress up! The kids at crafts this past week made ghostly footprints by painting

their feet then turning it upside down to make a ghost. Next week on Tuesday October 28 there will be no craft time for kids at 5:00pm because of the Halloween Party.

Teen Read Week books will continue to be on display until Saturday, October 25. There is a limit of two books per patron.

The library has just received a gift of 100 new children's books, ranging from pre-kindergarten through early readers. These books were a donation from the Brownstone Book Fund, a private foundation in New York City, interested in fostering early reading, a love of books and encouraging parents and children to read together. Come to the library to explore and enjoy our new collection.

# Students at RCMS say, "NOse to the Flu"

Parents, now is the time to protect your child from the flu. The flu season can begin as early as October. The peak months for flu season are usually in February and March. For the first time, all Rockcastle County Students will have the opportunity to say, "NOse to the flu".

The Rockcastle County Health Department, in partnership with the Rockcastle County Board of Education,

will be offering free FluMist vaccinations to all students. Each school will have dates that nurses are available to administer the vaccine.

Students may like this new vaccination. Instead of being administered by an injection, The FluMist is an intranasal vaccine which is inserted in the nose much like a nose spray product.

Vaccination is the best way to protect your child against the

flu. Influenza or flu is a very serious illness. Each year in the United States there are more than 200,000 hospitalizations and 36,000 deaths related to the flu (CDC, 2008). In addition to the flu vaccination, there are some easy ways that you can protect you and your child from the flu and other respiratory viruses:

- Wash your hands often
- Avoid touching your eyes, nose or mouth
- Cover your mouth and nose when coughing or sneezing, preferably on your upper sleeve or arm rather than your hands
- Avoid close contact with people who are sick
- Stay at home when you are sick or keep your child at home when they are sick

Each student has had information sent home to their par-

ents regarding the FluMist vaccine and a Student Vaccination Consent Form. Students will be able to receive the vaccine only if the school nurse receives a signed consent form from the parents. If you have questions about this service, please contact your child's school or the health department at 256-2242.

The flu vaccine is not in short supply this year, so all adults are encouraged to be immunized. In addition to the flu vaccine, the Department for Public Health is strongly encouraging all adults 65 years or older or individuals with a chronic disease such as asthma, diabetes, heart disease or hypertension to also have a pneumonia vaccination.

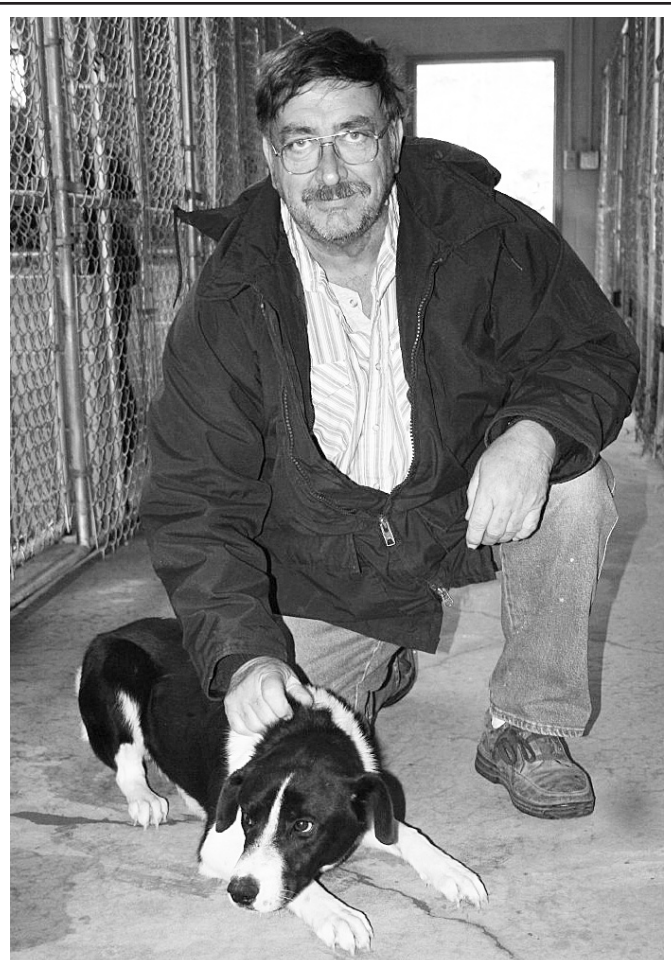

The health department is providing flu and pneumonia vaccinations daily in the clinic.

## Give an Animal a new "Leash" on life

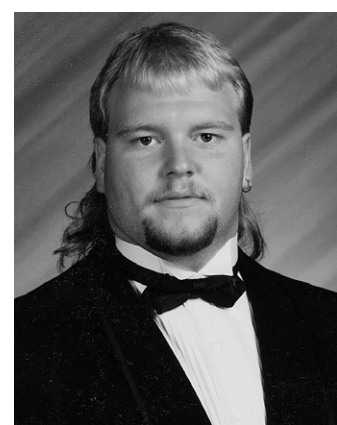

Several dogs and pups are ready for adoption at the Rockcastle Animal Shelter, including the above part Shepherd. The dog is about a year old. The animal shelter is located on Deep Hollow Road, off Old Sigmon Road at Roundstone. Hours are Monday through Friday, 8 a.m. to 4 p.m. For more information call Shelter Director James Kidwell at 256-1833. Adoption fee is \$20.

Lewis Mink of Mt. Vernon earned the coveted "Wally" trophy and the "King of the Track" title at London Dragway on Saturday, October 18 with a win over Robby Mayne of Barbourville in the special runoff.

# Rockets beat Harrison County 17-0 on Friday

The Rockcastle County High School football Rockets improved their season record to 6 and 2 overall with a 17-0 victory over Harrison County in a home contest on Friday night.

The highly-touted Rockets were favored against the now 4 and 4 Thoroughbreds, who put up a better fight than many originally expected.

The Rocket defense held Harrison County to 100 yards on offense, but allowed the Thoroughbreds to stay in the game with costly turnovers and dropped passes.

The Rockets forced four turnovers on the night, with two fumble recoveries and two interceptions, however they gave away two fumbles and an interception of their own.

Once again, the defense carried the load for Rockets, recording seven sacks on their way to their first shut-out of the year.

The first score for the Rockets came late in the first quarter when senior tailback Casey Hayes broke away from the Harrison County defense to score on a 58 yard run. An Andre Swertle extra point made it 7-0 in favor of Rockcastle.

Later in the second quarter, Swertle, an exchange student from Germany, knocked down his first career field goal at the ROCK with a convincing 24 yarder, at the 5:39 mark, to put the Rockets up 10-0, a lead they would take into the half.

Only one more score would be recorded during the game and it would come with 5:33 left in the fourth quarter.

With great blocking from the offensive line, senior Cody Mize burst through the Harrison County defense to run for a 30 yard touchdown. The extra point would make it 17-0.

Junior quarterback Dustin Bishop and his receivers had trouble getting in sync from the beginning of the game with batted balls, tipped passes and dropped receptions that stymied three touchdown drives.

"I guess the biggest disappointment for our offense was the dropped passes this late in the season - we've got to do better than that if we expect to advance in the playoffs," said head coach Scott Parkey.

The Rockets had 187 yards of total offense -- 148 on the ground and 39 through the air.

Hayes led the team in rushing again this week with 112 yards on 25 carries and a touchdown. Mize ended up with 60 yards on 9 carries and a touchdown. Bishop finished the night six for 12 for 39 yards and one interception.

Only three different receivers caught passes on the night with Dustin Bullock leading the way. Bullock had two receptions for 36 yards while junior Matt Bullens and Mize each had a catch.

Defensively, the Rockets had an outstanding night. hold-

ing Harrison County to 21 rushing yards and 79 passing yards, with four takeaways and seven sacks.

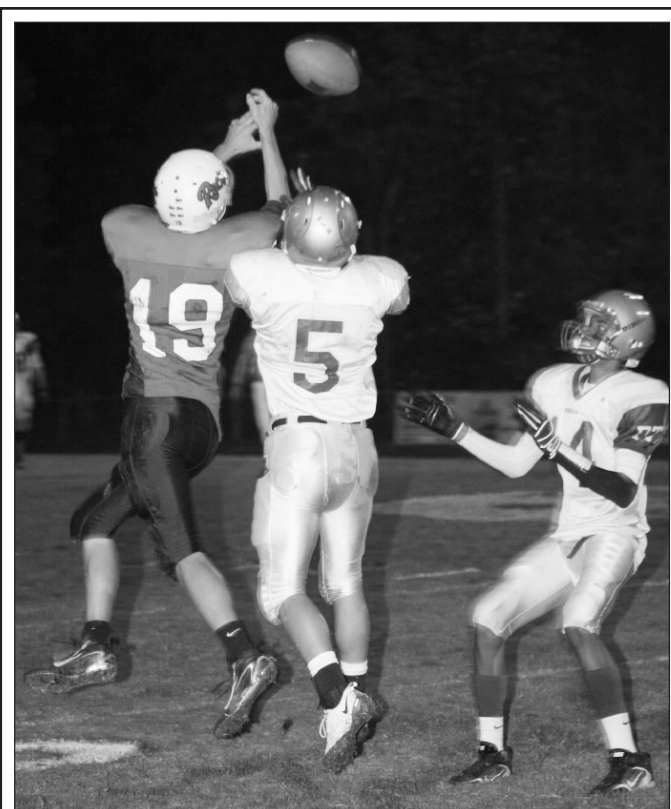

Hayes had a great game on both sides of the ball, leading the defense in tackles and assists with 11 which complimented his good night on offense.

Senior defensive back Steve Trimble intercepted two passes on the night to go with his six solo tackles and Cole Abney and Bullens both recovered

Senior Cody Mize looks for running room against Harrison County on Friday night. Mize had 60 yards on nine carries and he scored a touchdown in the 17-0 win over the Thoroughbreds. Also in the photo is #74 freshman offensive lineman Ben Lake. The Rockets are off this week.

Senior Rocket Logan Kincer #19 attempts to catch a pass in the Rockets 17-0 win over Harrison County on Friday night. The Rockets are off this week and will return to the field on October 31st when they host Mercer County.

RCHS senior football player Casey Hayes is shown picking up some of his 112 yards against Harrison County on Friday night. Hayes had one touchdown to help the Rockets defeat Harrison County 17-0.

RCHS volleyball player Natalie Haarman serves the ball against Whitley County during semi-finals of the 13th regional tournament, held at Corbin High School on Monday and Tuesday. The Lady Rockets lost in the second round of the tournament.

Rocket defensive coordinator Josh Martin talks to Dustin Bullock and Matt Bullens during a time-out on Friday night. The Rocket defense allowed Harrison County only 100 yards in the 17-0 shut-out of the Thoroughbreds. Bullens recovered a fumble in the game.

RCHS senior volleyball player Megan Mazurek puts the ball over the net in the Lady Rockets match with Whitley County on Tuesday night. The Lady Rockets lost to Whitley County 26-24 in overtime in the first game and 25-14 in the second game of the match, in the semi-finals of the 13th regional tournament. Also in the photo is #28 Kara Canterbury.

# Mt. Vernon Fire and Rescue Activity Report

**October 14-20**  
**Tuesday October 14th** – Dispatched to a mobile home fire on Cove Branch Road above the race track. Eight firefighters responded with a pumper and tanker. Upon arrival observed heavy fire inside a vacant mobile home. Fire units knocked down fire from outside then made entry. Fire was extinguished. Due to dry conditions, remaining water was used to soak area around mobile home to prevent fire from spreading to woods and brush. There was no electricity at the residence. The cause of the fire is suspicious in nature and is being treated accordingly.

**Friday October 17th** – Received report of a mobile home fire on Menifee Hill just off of Old Brodhead Road. Seven firefighters responded with pumper and tanker and were assisted on the scene by Brodhead Fire Department which responded with four firefighters and tanker. Upon arrival, observed heavy amount of fire in most of the trailer. Fire was extinguished using approximately 4200 gallons of water. Cause of the fire is suspected to be electrical.

**Saturday October 18th** – Dispatched to a dumpster fire at Ramsey's Trailer Park in Mount Vernon. Three firefighters responded with pumper. Upon arrival, observed thick dark smoke coming from dumpster. Filled dumpster with water to ensure fire was out and would not rekindle.

**Monday October 20th** – Dispatched to Carter Drive Apartments in Mount Vernon to a structure fire. Six firefighters responded with two pumpers. Upon arrival, firefighters could hear fire alarm sounding. Rear door of the unit reported to feel on fire was extremely hot to the touch.

After making entry, firefighters observed a heavy amount of thick smoke and fire coming from dryer and surrounding area. Fire was extinguished using a fire extinguisher. Fire units then used a positive pressure fan to ventilate smoke from apartment. Then used a thermal imaging camera to ensure there were no more hot spots. Firefighters were assisted on scene by Mount Vernon Police Department.

**Monday October 20th** – Brodhead Fire Department was dispatched to a vehicle fire on Hwy. 1505. BVFD units requested assistance from Mount Vernon Fire Department. MVFD responded with three firefighters and a pumper. Before their arrival, and upon arrival of BVFD, Brodhead command advised fire was under control and assistance was not needed.

hopefuls, Don Jones, Darrell Smith, Ronnie Hurd and Jackie W. Weaver in the race for the six seats on the council. Sheilga's and Burdette's names will not appear on the ballot but in order for their votes to count, they must file. The other eight candidates will appear on the November 4th ballot.

Those interested in running as a write-in candidate for council seats in any of the three cities or for school board, must do so by this Friday, October 24th at 4 p.m. in County Clerk Norma Houk's office.

Candidates for city council must be at least 21 years old and have been a resident in the city they are seeking office in, for at least one year. The filing fee is \$20.

## Annex Forum

(Cont. from front)

January 1, 2009, the annexation ordinance could be rescinded by a majority vote of the council.

Galloway told Jones that it was his understanding that at any time the council could rescind such an ordinance.

Galloway also told the group that it would actually cost the city more to take in landowners in the annexed area than it would receive in property taxes.

He said the only revenue benefit to the city would be an increase in revenue from those affected by the city's one percent payroll tax.

Some of those businesses affected by the annexation ordinance would be PD3, Plasticware LLC, B&H Toolworks, SourceCorp and all other businesses located in the county's two industrial parks.

A petition or petitions seeking placement of the annexation question on the ballot must be received in Mayor Kirby's office 60 days after the ordinance was published in the *Signal* on September 25th.

According to state law, if 50 percent of resident voters, or owners of real property within the proposed territory to be annexed, petition the Mayor in opposition to the proposal, the annexation question would be placed on the ballot in 2010.

If not enough signatures are certified on either petition by November 24th, the annexation ordinance would become law on November 25th.

Those areas being annexed by the city include all property between Freedom School Road, including Hanson Aggregates, Countryside Estates and much of the property on Sand Springs Road and White Rock Road.

At Thursday's meeting, Galloway agreed that the proposed annexation would almost double the size of Mt. Vernon's City limits.

## Threats

(Cont. from front)

Rockcastle Deputy Sheriff Shannon Franklin arrested Bullens at 3:15 at his home on Silver Street, after Graves obtained a warrant for him for second degree terroristic threatening.

Bullens was released from the Rockcastle Detention Center on Wednesday morning after he filled a \$5,000 cash bond. He will be arraigned on November 26th.

As a condition of his release, Bullens can have no contact with Graves or her family members and he must remain at least 500 feet away from Brodhead Elementary School at all times.

## Rockets

(Cont. from A14)

fumbles for the Rockets. Abney also had three tackles and Bullens was credited with two. Other Rockets picking up tackles and assists on the night were: John L. Saylor 8, Jared Smith 6, Devon Mason, Patrick Kirby and Mize all with 5, Derek Thacker 4 and Dustin Bullock 3. Defensive starters Dalton Dillingham and Jamie Todd did not play due to injury, but are expected to be back for the next game.

This week the Rockets are off and this will only benefit the injured players and give head coach Parkey more time to prepare his team for Mercer County, a team they lost to a year ago.

The Rockets will play host to the Titans on October 31st, which will be senior night at the ROCK.

The first ever class of the Rockcastle County High School Football Hall of Fame will be honored at halftime.

## Trick or Treat

*Hit and run driver has not been caught*

## Auto accident changes 5-year-old's life forever

**By: Kevin Canterbury**  
Little Brianna McClure's life was changed forever on April 6, of this year when she was involved in a horrific accident along Hwy. 150 near the Mt. Vernon Quarry.

Because of the accident, the 5-year-old will never fully recover from her injuries.

The family says the accident occurred after a hit and run driver, who has yet to be identified, caused Brianna's mom, Mindy, to lose control of her car and flip it several times.

The driver that caused the accident never stopped and McClure said: "They must have been drunk to not want to turn around and check on us. They simply didn't care or want to accept responsibility for the crash."

A large tree stopped McClure's Toyota Camry from continuing down the embankment and falling 90 feet into the train tunnel at the bottom of the hill.

But while the wreck was in process, Brianna's booster seat came loose and hit her fifteen-month-old brother Hunter in the head, which led to a fractured skull. Hunter was not responding or even breathing when Mindy got to him.

Mindy flagged down preacher Bill Slaybaugh, who was the first to pull over to help, and he performed mouth-to-mouth resuscitation, which revived the toddler at the scene, of the 7:45 p.m. accident.

Barry Edwards also pulled over to help and kept a watchful eye over Brianna, who was complaining about neck pain, while Slaybaugh and McClure attended to Hunter.

Mindy said doctors at the University of Kentucky Children's Clinic assumed Brianna was just suffering from whiplash but later found she had a bruised lung and liver. Both children were kept in the hospital until April 8th.

It wasn't until a check-up two weeks later that they gave Brianna an x-ray as a precaution and found liga-

ment damage in her neck. She was immediately taken into surgery to repair the damage. Doctors used some of her own bone marrow to fuse the ligaments back together.

Mindy was then given a halo to help keep her neck completely still for three months but, just two months later, she began complaining of headaches and her grandmother, Betty Weaver, found four screws, from the halo, had fallen out.

The family then called the University of Kentucky to tell them what had happened. The clinic told them to come up right away to have the problem fixed but, shortly after hanging up, the last four screws had ripped from her head separating the halo from her skull.

An ambulance was called and Brianna was taken to the Rockcastle Hospital for immediate analysis. The family returned to UK shortly thereafter and a C-Collar was put in place instead of the halo. The C-Collar gave Brianna a little more freedom and didn't restrict her in the way the halo originally had.

Because the C-Collar gave her more flexibility, there was also a higher risk of her being paralyzed and put on a ventilator if she fell down.

The family thought things would begin to turn around for them but, a month later, another check-up proved otherwise. The entire time Brianna wore the C-Collar, her ligaments were not reacting to the bone marrow and not fusing together like the doctors thought they would.

Another halo was put in place and she continues to wear it today but it may be removed November 12th if the ligaments have fused satisfactorily. Brianna must sleep face down to keep from injuring her neck again and can only take baths in a few inches of water. According to her grandmother, Betty Weaver, "It's a true miracle of God that these kids are still alive."

Should the ligaments continue to reject Brianna's

bone marrow, doctors will have to place a steel rod into her skull and all the way down her spine, limiting her body to only half of its potential mobility.

This is unlikely but still a very dangerous reality the family may have to face in the near future. Brianna's mother said, "My boyfriend Scotty (Winstead) and my family have been every-

thing to me and they are the ones that have gotten me through this."

Brianna is home schooled for now and hopes to return to school as soon as she can get the halo removed.

She enjoys receiving cards through the mail so please take a moment and send them to:

**Brianna McClure**

**P.O. Box 738  
Mt. Vernon KY 40456**

The entire family would like to thank the following for all the love and support that they have been blessed with: Dr. Carter Cassidy, Scotty Winstead, Bill & Janet Slaybaugh, Barry Edwards, Nana Hayes, Uncle Jay & Aunt Marie, Papa Steve, all of the cousins & grandchildren, the

staff at UK Children's Clinic and the entire community.

The family also wants to remind everyone that a life can be changed in a second by reckless driving. "We all should be more aware of the way we drive or the state we drive in because no child should have to go through what Brianna has had to go through," said Mrs. Weaver.

### She is still all smiles

Grandmother Betty Weaver, left, and mom, Mindy McClure, are shown with Brianna McClure and little brother Hunter, at Weaver's home in Mt. Vernon. Brianna has had extreme difficulty overcoming injuries she sustained in an April 6th accident in Mt. Vernon, which was caused by a hit and run driver. Brianna's injuries has changed her life forever and her family simply wants people to be more aware of the enormous problems reckless driving can cause. At right, Brianna, who still wears a halo, is shown with some of the numerous get well cards she has received since the accident.

Brianna McClure was a passenger in the above Toyota Camry, which was wrecked on April 6th of this year. The wreck, which was apparently caused by a hit and run driver, has changed the 5-year-old's life forever.

Several people attended the annual Candlelight Vigil at the Rockcastle Courthouse on October 13th, which honored victims and survivors of domestic violence. Sherie Jones, shown at right, is a survivor of domestic violence and was the featured speaker at the vigil. Rockcastle County Attorney Billy Reynolds, left, and Shan Goggins, Victim's Advocate from the Family Life Abuse Center, at Renfro Valley, also spoke. It is estimated that 835,000 men and women in the U.S. are victims of domestic violence each year. (Photo by: Richard Anderkin).

Marching Rockets

# A night for the Rockets, a night for Rockcastle

Submitted by A. B. Sharpe

A long, grueling week of rehearsals, including several hours of working on fundamentals, paid off as the Marching Rockets delivered a monumental show this weekend, scoring a DISTINGUISHED rating for their performance at the Pirate Classic Marching Contest in Powell County. This is the second time that the band has received an overall distinguished rating—the first was for their 2004 show, La Nouba.

The Marching Rockets began their weekend early Friday evening at the Rocket Football game, playing pep music in the stands, including singing a rendition of "Hey Baby" for the crowd as they cheered the football team on to victory over Harrison County. The Marching Rockets also entertained the crowd with their show, NIGHTSCAPES, at halftime. The Band Boosters were kept busy in the concession stands all through the football game, serving up gallons and gallons of hot chocolate to take the chill off the evening.

Saturday afternoon was also quite cool as the band rehearsed and then boarded the bus for the trip to Powell County High School. They were able to run through the show again after arriving before performing at 7 PM. The Marching Rockets' presentation of NIGHTSCAPES was awesome! They were serious contenders and gave their best performance of the season. Though the Marching Rockets came in third in class AAAA competition, behind former state finalists Boyle and Rowan Counties, the judges were so impressed with the Marching Rockets' performance that they received a distinguished rating, scoring 82.40, compared to the Class AAAA winner, Boyle County, which scored a mere 6 points ahead at 88.50. Awards and accolades are always so gratifying when received for herculean effort and tenacious perseverance. We are all proud of their

accomplishments for Rockcastle County!

The distinguished rating gave the Marching Rockets a much needed confidence boost as they head into the final week of rehearsals before the Class AAAA Regional Quarterfinals in Morehead this weekend. Performance order is decided by a "draw." The Marching Rockets drew a number 8 seed and will perform at 8:15 pm. Class AAAA Quarterfinals begin at 6:15 pm at Rowan County High School and end at 9:15 pm with an exhibition performance by the Morehead State University Marching Band—of special interest to the Marching Rockets as one of their very own alums, Matt Durham, will be performing with the Morehead State University Band.

Marching Band finals are quite different from other sports finals in that the Marching Rockets must compete against up to 13 other bands at the same time instead of just one other team. Bands that score in the top 8 from each region (East/West) will move on to State Semifinals the following week (sports fans would call semifinals the "Sweet 16"). At the time of this writing, six other bands in Class AAAA East have scored overall distinguished ratings, including Paul G. Blazer High School, Mercer County, Grant County, Boyle County, Rowan County and West Jessamine. The 2008 Marching Rockets have an excellent chance of placing in the top 8 this Saturday and thus moving on to the Sweet 16! As everyone knows, excitement and energy from the crowd can play a key role in the performance of any group or team. So, come out and support your Marching Rockets at Regional Competition this Saturday at Rowan County High School! And, be sure to congratulate the students on their excellent performance so far!

In addition to an extremely intensive rehearsal schedule this week, in preparation for Saturday's contest, the Marching Rockets will be performing musical selections from their show, NIGHTSCAPES on Thursday night, October 23rd, as part of "Fall into Arts Night" at RCHS. The public is invited this annual event.

*A Salute to the Commanders*  
The Marching Rockets have an especially gifted leader in Mr. Greg Daugherty, but no Band Director can go it alone. Football coaches have quarterbacks, basketball coaches have point guards, and band directors have Field Commanders. They help the show succeed. Field Commanders are not more important than other band members, they just have more responsibility. Being the Field Commander is about the band and how he or she can effectively help to lead them to greater heights and achievement than they have previously reached.

The Marching Band Field Commander, or Drum Major, is a position of leadership, instruc-

tion, and group representation. The Field Commander can come from any section of the band: percussion, winds, brass or colorguard and is chosen based on musical abilities, leadership qualities, attitude, and passion for the sport. The position of Drum Major originated in the British Army with its' Corps of Drums in 1650. Military groups performed mostly duty calls and battle signals during that period. A fife and drum corps, directed by the Drum Major, would use short pieces to communicate to field units. With the arrival of military concert bands and pipe bands around the 18th century, the position of the Drum Major was adapted to those ensembles. The Field Commander is responsible for providing commands verbally, through hand gestures, or with a signal baton regarding where to march, what to play, and what time to keep. In addition to memorizing the music (between six and nine minutes of music is typical for high school marching bands) a drum major must memorize dynamics as well as tempo in order to provide proper direction and cues. In the absence of the Band Director, the Field Commander carries the authority of the director or instructor and assumes complete leadership over the band.

In some bands, Field Commanders occasionally may serve in other capacities such as performing a solo. Field Commanders have also become more elevated over the years, having moved off of the field over the course of the 1970s and 1980s and onto small podiums, which in recent years have often become some eight feet in height or larger. There may be supplemental podiums for additional Drum Majors, usually smaller in stature. High School marching bands generally have anywhere from one to four Field Commanders or Drum Majors who are responsible for conducting and leading the band. The Field Commander's podium is set on the 50 yard line. Any other commanders are placed on yard lines closer to the end zone or to the rear of the band for about-face maneuvers.

The salute from the Field Commander is traditionally the beginning of judging in a competition, and also signals the end of a band's show. The dropping of a salute usually involves making the hand into a fist just above or in front of the face, and bringing the hand down by the side. The Field Commander is also responsible for calling the band to attention, beginning, ending and conducting the show. As conductors, they use a sort of musical sign language made up of hand, arm and facial gestures rather than speech to communicate with the musicians on the field. This musical sign language often reflects almost as much of the personality of the conductor as it does the music being played. Thus, no two conductors ever conduct in precisely the same way. A high school Field Commander

usually wears a uniform different than the rest of the band. It is designed to help the commander stand out when coming onto the field and to give distinction to the leader of the band.

The 2008 Marching Rockets Field Commander, Regina Rice, is a junior at RCHS. This is her third year with the band. Last year she was section leader for the clarinets. Her favorite song to play on the clarinet is Hey Baby. Regina told me that "the family atmosphere" is what she likes best about being in the band. "It's like the band is one big family. Also, I love music. It's a major part of my life." She loves being Field Commander because it provides "really good exposure. I get a great opportunity to grow as a person. It's a responsibility, but the rewards from helping others are great." When asked about future plans she said, "I am going to UK as a Robinson Scholar, which I won in eighth grade." She plans to major in either music or com-

puter engineering but is definitely planning to be part of UK's marching and concert bands. Regina said that she thinks NIGHTSCAPES is "really cool. It's different from anything we've ever done. It's really original." In addition to her band commitments, Regina also clogs and is involved in many clubs at school, FBLA, NHS, Student YMCA, and FCA. She credits her grandparents, James and Helen Rice, with giving her the opportunity and encouragement to succeed. "They've raised me. They always told me I could achieve anything I set my mind to." During the winter concert season she will again play her clarinet under the direction of Mr. Daugherty.

Michael Browning, also a junior, is the Assistant Field Commander of the Marching Rockets this year. This is his fourth year in the band and he was section leader for the flutes last year. His favorite song to play on the flute is Sun Dance

by Frank Ticheli. The best part of band for Michael is "being with all the wonderful people." His least favorite aspect of band is "witnessing the bad attitude of others who are negative about the band." He is enjoying his command position this year. "It's been a really great experience from Drum Major camp to being in the field now. It's great to be able to help the program grow." He is hoping for a music scholarship, possibly to EKU or UK to help him achieve his dream of becoming a band director.

About NIGHTSCAPES he said, "Best show we've had in a long time. It really has good potential." When not active in band, Michael enjoys reading, especially classic novels like Catcher in the Rye by J. D. Salinger. He credits Mr. Greg Daugherty, Rockcastle's band director, with mentoring his vocation. "Mr. D. has been my biggest influence in choosing music as a career." This winter Michael will be playing his flute in the concert band.

# Education Station

Submitted by  
Casey Dillingham

The Christian Appalachian Project's Adult Learning Center would like to give their utmost thanks to the McDonald's in Mt. Vernon, for allowing us to set up a booth inside their restaurant last week. It was greatly appreciated! Christian Appalachian Project's Adult Education program appreciates the support it receives from the community! We're striving to help increase educational opportunities, and therefore employment opportunities for adults in our community. Hav-

ing area employers and businesses, like McDonald's, host a location for informational booths demonstrates support and a willingness to invest in our community's economic and educational future.

As a non-profit organization, the Adult Learning Center encourages businesses and employers in Rockcastle County to seek out the greatest educational opportunities and employability options for their employees. We offer free services within our community, in hopes of encouraging a better, stronger work force among ru-

ral Kentuckians.

If you are an adult who wants to improve your education or employability skills, or if you are an employer who would like to learn more about what Adult Education can do for you, please call (606) 256-5307, or stop by our classroom, which is located at 4192 N. Wilderness Road in Mt. Vernon (at the top of the hill above Renfro Valley Entertainment Center). All of our services are FREE and a FREE shuttle to and from our classroom is available within Rockcastle County.

McDonald's in Mt. Vernon hosted an informational booth for the Christian Appalachian Project's Adult Learning Center.

### FRC News

FRC Adult Computer classes are each Monday from 6:00 until 8:00. FRC/CAP GED classes are each Tuesday from 1:00 until 2:00.

Rockcastle County Judge-Executive Buzz Carloftis recently signed a proclamation declaring Friday, October 24th as Wear Red Day for Rockcastle County. This proclamation recognizes the visual efforts of the UNITE Clubs of the county, along with the UNITE coalition in fighting drug abuse and promoting awareness of the danger of drugs while promoting drug abuse awareness. Wearing red this Friday makes known our community's awareness of the problem with drugs and our continuing commitment to fight such abuse. Shown in the photo behind Judge Carloftis are UNITE Club officers from RCHS, RCMS and MVES from left: David Gabbard, Tanner Collins, Kelsey Mattingly, Lauren Burton, Ashley Robinson, Emily Childress, Douglas Nicely, Amelia Berryman and Avery Bradshaw.

# Brodhead fourth graders enjoy day at Sigmon Farms

The fourth grade students at Brodhead Elementary recently attended a field trip to Sigmon Farms. The students really enjoyed the time that they spent at the farm. Upon return to school from the farm the students wrote thank you notes to Mr. and Mrs. Sigmon. We have included a few of the student's thank you notes to the Sigmon's. We all enjoyed our trip and really appreciate the Sigmon's for allowing us to come to their farm.

Thank you for letting us come to Farm Field Day. I liked that we got to ride the wagon to the different stations. I also liked that we got to pick our own pumpkins. I learned how important Lake Linville is to Rockcastle County. Thank you for letting Brodhead Elementary Fourth Grade come to Sigmon Farms.

Thank you,  
Arie-Anna Lawson  
Dear Mr. and Mrs. Sigmon,  
Thank you for letting the BES 4th grade come to Farm

Field Day. I especially liked learning about farm life, getting to ride on the wagon and getting to pick out a pumpkin. I learned all kinds of things from the demonstrations at the stations. Thank you for your kindness and letting Brodhead Elementary come to Farm Field Day at Sigmon Farms.

Thank you,  
Mackenzie Alexander  
Dear Sigmon Farm,  
Thank-you so much for allowing the fourth graders, to enjoy your marvelous fields, for "Farm Field Day." We had a great time with the fun fields, and a lot of excitement. I learned how hard it is to run a farm. Growing crops, feeding animals is a lot harder than it seems! It was a wonderful experience for me because none of my family farms. I enjoyed walking through the rows of pumpkins, gourds and german sweet potatoes. Finally finding the perfect one to take home; I chose a large sweet potato.

I know why to never leave garbage or other food sources out. Thanks to Sigmon's Farm.

Alyssa Bustle  
Dear Sigmon Farm,  
My trip to Sigmon Farm is a trip I will never forget. From this trip I learned that in the United States that only 1 percent of the people are farmers. Because of this, the farm land is being used for building lots in this country. Then on the other hand those 1 percent of people still farming have to feed the other 99 percent of the people in this country. If this don't change then people are going to go hungry. Thank you for this valuable information.

On Monday, October 20th, the Mount Vernon Fire Department was at Mount Vernon Elementary School teaching fire safety to the students. Firefighters Brandon Reynolds, Darrell "Moody" Smith, and Assistant Chief Jack Weaver took Mount Vernon's City fire truck as well as their rescue truck, in order to show the students the different types of equipment used.

## "What Is Written"

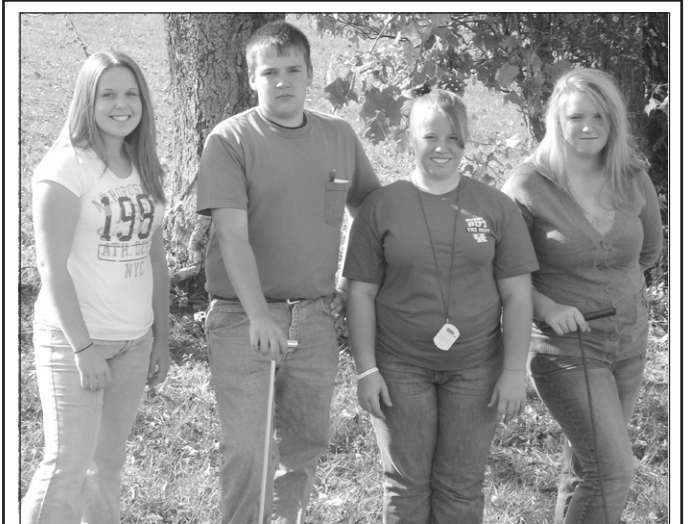

In Hebrews 12:14 we read, "Follow peace with all men, and holiness, without which no man shall see the Lord." Holiness signifies a separation to God and a separation from the world - the domain of darkness, which Satan is the Prince of. Holiness demands that we shun the evil, denying ungodliness and worldly lusts, and holiness also demands that we seek to live right in this world. A lot of folks are preaching a "cheap" grace, that demands nothing of it's hearers. God's grace is costly! It cost God, the life of his Son on the cross! And God's grace teaches us, yea, compels us to live a godly and holy life! Even in Jude's day men were "turning the grace of God into lasciviousness," Jude 4. Men are saved by grace through faith (Eph.2:8), but real faith that saves, moves men to obey the gospel, and live a life of holiness. 2Cor.7:1, "Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God." In passages like Gal.5:19-26; Eph.4:17-5:12; Col.3:1-16, we have a list of some of the "filthy" garments that need to be cast aside, and the wonderful fruits of righteousness and holiness that is to be put on. So few are willing to walk the highway of holiness. What about you, are you willing to walk the way of holiness? It all begins by becoming Christian first; Ac.2:36-41. Remember dear friends, without holiness no man shall see the Lord.

Thank you, Carson Noble  
Dear Sigmon's Farm,  
How do you make learning so fun? While I was having Big fun I was also learning that black bears aren't carnivorous freaks! That's right, you heard me. Black bears aren't ferocious, meat-eating, big balls of furry danger! They are really afraid of us just as much as we are of them. Now, you must be thinking, if black bears aren't carnivores then they must be herbivores, WRONG! Now you're thinking, "Well, if they're not carnivores or herbivores what else is there?" There is one more thing. Black bears are...omnivores! Black bears are "anything" eaters! Eaters that eat anything they come across! I thought this was mighty interesting. Now

Members of the Rockcastle County Fiscal Court

**Independent Auditor's Report**

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the former Sheriff of Rockcastle County, Kentucky, for the year ended December 31, 2006. This financial statement is the responsibility of the former Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the former Sheriff's office prepares the financial statement on a regulatory basis of accounting that demonstrates compliance with the laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the former Sheriff for the year ended December 31, 2006, in conformity with the regulatory basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated July 15, 2008 on our consideration of the former Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we have presented the accompanying comments and recommendations, included herein, which discusses the following report comments:

2006-01	The Former Sheriff Should Have Deposited Receipts Intact On A Daily Basis
2006-02	The Former Sheriff Did Not Consistently Issue Receipts For All Transactions
2006-03	The Former Sheriff Should Have Maintained And Properly Monitored The Financial Records For The Fee Account
2006-04	The Former Sheriff Should Have Properly Maintained And Monitored The Drug Awareness And Resistance Education (DARE) Fund
2006-05	The Former Sheriff Should Have Properly Maintained And Monitored The State Asset Forfeiture Account
2006-06	The Former Sheriff Should Have Properly Maintained And Monitored The Federal Asset Forfeiture Account
2006-07	The Former Sheriff's Office Lacked Adequate Segregation Of Duties
2006-08	The Former Sheriff Should Have Instructed The Financial Institution To Not Accept Any Checks Made Payable To Cash
2006-09	The Former Sheriff Should Have Submitted An Annual Settlement To The Fiscal Court
2006-10	The Former Sheriff Should Have Submitted Quarterly Financial Statements To The Department for Local Government On A Timely Basis
2006-11	The Former Sheriff Expended \$334 In Disallowed Expenditures From The Drug Awareness And Resistance Education (DARE) Fund
2006-12	The Former Sheriff Participated In Related Party Transactions
2006-13	The Former Sheriff Expended \$7,319 In Disallowed Expenditures From The Federal Asset Forfeiture Account
2006-14	The Former Sheriff Should Have Complied With Bidding Requirements
2006-15	The Former Sheriff Should Have Required The Depository Institution To Pledge Or Provide Sufficient Collateral And Enter Into A Written Agreement To Protect Deposits

This report is intended solely for the information and use of the former Sheriff and Fiscal Court of Rockcastle County, Kentucky, and the Commonwealth of Kentucky and is not intended to be used by anyone other than these interested parties.

**Independent Auditor's Report**

We have audited the former Rockcastle County Sheriff's Settlement - 2006 Taxes for the period May 27, 2006 through December 31, 2006. This tax settlement is the responsibility of the former Rockcastle County Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Sheriff's Tax Settlements issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Sheriff's office prepares the financial statement on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the former Rockcastle County Sheriff's taxes charged, credited, and paid for the period May 27, 2006 through December 31, 2006, in conformity with the modified cash basis of accounting.

In accordance with Government Auditing Standards, we have also issued our report dated August 27, 2008 on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. ## Transylvania sets enrollment record

Transylvania University set an all-time enrollment record this year, with 1,158 students. The former record was set last year with 1,153.

The record enrollment is attributed to an excellent retention rate of returning students combined with a full class of new students and 12 transfer students.

Two Rockcastle County residents currently attend Transylvania.

Senior Aaron Cash, an exercise science major, is the son of Clayton and Debbie Cash of Brodhead.

Freshman Holly Brown is the daughter of Michael and Patricia Brown of Brodhead.

Transylvania, founded in 1780, is the nation's sixteenth oldest institution of higher learning and is consistently ranked in national publications as one of the top liberal arts colleges in the country.

The Rockcastle UNITE Coalition Poster Contest winners at Brodhead were: 1st place, Hailey Harper; 2nd place, Madison Stewart; and 3rd place, Kaleigh Noel. (Also pictured is Mrs. Skyler Bradley, AmeriCorps Worker and UNITE Club advisor)

The Rockcastle UNITE Coalition Poster Contest winners at MVES were: 1st place, Tanner Collins; 2nd place, Lucas Cotton; and 3rd place, Samarah Lovins. (Also pictured is Mrs. Billie Jo Tankersley, AmeriCorps Worker and UNITE Club Advisor)

The Rockcastle UNITE Coalition Poster Contest winners at RES were: 1st place, Madison Navarre; 2nd place, Christina Hensley; and 3rd place, Ashley Damrell. (Also pictured is Mrs. Sandy Allen, UNITE Club Advisor)

Jeremy Ridener Plaintiff

v.

Joshua Robbins, Cindy Robbins,  
Felicia Paul and Jeffrey Paul Defendants

and

Joshua Robbins, Cindy Robbins Third-Party Plaintiffs

v.

Unknown Defendant Third-Party Defendants

**NOTICE TO UNKNOWN DEFENDANT**

Notice is given that a civil action lawsuit was filed on September 18, 2008 in which it is alleged that on September 10, 2006 an unknown defendant driving a white sedan stopped suddenly and unexpectedly in the middle of the road on U.S. 150 in Rockcastle County, causing multiple severe injuries and damage to the Plaintiff. It is alleged that the accident on September 10, 2006 was caused by the negligence of the unknown driver driving the white sedan.

Plaintiff and Third-Party Plaintiff are seeking a monetary judgment for damages. You are required to make a defense by filing a responsive pleading no later than thirty (30) days from the publication of this notice. Failure to file a timely pleading may result in a judgment being entered against you.

**Daniel Boone Community Action Agency, Inc. Low-Income Home Heating Program**

The cost of home heating is a problem for many low-income Kentuckians.

Your Community Action Agency, Daniel Boone Community Action Agency, may be able to help. If you live in Rockcastle County, you may apply at the Daniel Boone Community Action Agency located at 105 Main St., Mt. Vernon, Ky. for the Home Energy Assistance Program (HEAP). Applications will be taken by the last name of the head of the household from November 3 through December 11, 2008. See the list below for your assigned day.

You will need to bring with you **(1) Social Security numbers for everyone living in the household; (2) proof of your household's income for the preceding month. You must present award letters, copies or checks etc.; documentation from the local DCBS office will not be accepted, with the exception of zero income households receiving food stamps (3) Your most recent heating bills or verification from your landlord that the heating expenses are included in your rent. All customers that apply for assistance must present an electric bill at the time of application.** All eligible households that apply will receive assistance. Gross monthly income must be within the guidelines listed below, and with limited liquid resources. Households not receiving food stamps with no income will be required to fill out a self-declaration form prior to sign up date. DBCAA will assure that persons who are working or commuting during the agencies typical business hours may apply for LIHEAP. Call 256-5315 for more information. DBCAA does not discriminate because of race, religion, color, national origin, sex or age.
